**CIDER VINEGAR**  
**Clear**  
as a  
**Crystal**

**Bigger Profits.**

SPRAYING can no longer be considered by the up-to-date farmer or grower as an expense. It is rather an investment. The man who sprays his orchard systematically and with the proper materials is sure to have a larger crop and more perfect fruit than the man who does not spray.

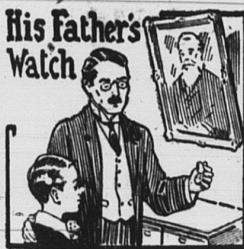

**SHERWIN-WILLIAMS LIME-SULFUR SOLUTION**

is a universal fungicide and insecticide for destroying San Jose Scale and other sucking insects and mites. As a Fall spray it should be used 10 days after the leaves have dropped, and as a Spring spray it should be applied just before the trees come out of their dormant state. The Spring spraying is effective against the Peach Leaf Curl as well as the scale. The proper use of this solution at the right time will increase the proportion of perfect fruit in your crops many times.

With a clean, clear cut flavor that adds a zest to appetite. One of the most necessary of ingredients in the perfect mince pie. Not always to be had for the asking, but we make it a point to constantly carry it in stock.

SEND IN YOUR JUG TODAY before you forget it. 25c per gallon.

**HENRY H. FENN COMPANY**

**Family Pride**

One of the strong elements in our national character is reverence. We perpetuate family pride in keepsakes. Elgin and Waltham Watches are known to have been handed down from father to son for many generations and are still doing duty. If you haven't one of these watches in your family now come in and let us show them to you today. We have many attractive designs.

A. E. Winans & Son

**Bank Your Surplus**

WITH THE

**Farmers & Merchants Bank**

Which combines capital, confidence, consistency and courtesy. The big man with the big roll and the little man with the little roll are alike welcome. Our doors are open to borrowers and depositors alike. Our purpose is to make our bank a mutual benefit to the community in general and its patrons in particular. We invite you to start a checking account with us.

**Farmers & Merchants Bank**

**Now is the Time**

to see about putting in that New Furnace, or to have that old one repaired. Do not wait until cold weather is here and then want it in a minute. We have the best

**Hot Air, Steam and Hot Water Furnaces**

that are made, and when we install a Furnace for you it is sure to give the best of satisfaction. We guarantee all of our work.

**Now is the Time Don't Delay.**

Call and see us and get our prices.

**Bean Pullers and Potato Diggers**

**HOLMES & WALKER**  
WE WILL ALWAYS TREAT YOU RIGHT.

**Bahnmler-Harris Wedding.**

A beautiful wedding took place at the pleasant farm home of Mr. and Mrs. V. Bahnmler, of Sharon, at 1 o'clock Wednesday afternoon, October 9, 1912, when their daughter, Augusta Helen became the wife of John W. Harris, a young business man of Chelsea. Only the immediate relatives witnessed the ceremony which was performed by Rev. A. A. Schoen, of Chelsea.

The bridal party stood beneath an arch of autumn leaves, banked by potted plants, and took their places while Miss Ivy Ellis rendered the wedding march. The bride wore a beautiful gown of silk poplin trimmed with Irish lace and carried a shower bouquet of white roses. She was attended by Miss Rose Harris, of Pontiac, a sister of the groom, who wore a gown of white chiffon over pink silk and carried pink roses. The groom was attended by Oscar Bahnmler, a brother of the bride.

After congratulations the guests set down to a four course dinner, the tables being trimmed with an over-hanging festoon of smilax and carnations. The happy couple received many gifts including money, silverware, linen, furniture, china and cut glass.

Mr. and Mrs. Harris left for a wedding trip to Detroit and Pontiac, and will be at home to their friends after November 1, at the corner of South and Grant streets.

**Mrs. C. E. Bowling.**

Word was received here Saturday afternoon announcing the death of Mrs. C. E. Bowling at 9 o'clock that morning in Buffalo, New York. Mr. Bowling received a telegram Friday afternoon announcing the serious condition of his wife and he had about eighteen minutes to catch a fast east-bound train at Ann Arbor. Cone Lighthall took the touring car of W. S. Lowry and tried to make the train but missed it by about two minutes. Mr. Bowling reached the bedside of his wife before she passed away.

Mr. Bowling has charge of a portion of the ball department of the Flanders Mfg. Co., and the family have made their home in Chelsea for about one year and one-half. The employees of the department out of respect and sympathy for the afflicted family, contributed a purse of \$35.75 for flowers that they forwarded to the family at Buffalo.

Mrs. Bowling is survived by her husband, one son, and two daughters.

**Democratic Rally.**

The first rally of the democrats of this part of the county was held on the corner of Main and Middle streets between 12 and 1 o'clock Tuesday afternoon. Seven automobiles loaded with democratic candidates for congressional, state and county offices came here from Dexter making a tour of the county.

Geo. J. Burke, of Ann Arbor, introduced as the first speaker Edward Frensdorf, of Hudson, who gave a short talk on the tariff issue. Hon. Woodbridge N. Ferris was the next speaker and he devoted his time to the general issues of the day from the standpoint of his party.

A good crowd was present and the addresses of both speakers received considerable applause. At the close of Mr. Ferris' address the party left for Manchester.

**He Appeared in Court.**

Theodore Asch, the Salem farmer accused of incest, who failed to appear with other defendants when the criminal docket was called in the circuit court Monday morning. He was notified to appear in court at once by Deputy Sheriff Eldert Monday afternoon. Asch drove his horse to a lather to get into Ann Arbor in time to prevent his bail from being forfeited. He declared that he had no intention of not appearing but was waiting for his attorney, who happens to be sick, to notify him. He was allowed to go on \$1,000 bail until November 9, when the rest of the criminal cases are to come up for trial.

**A New Pest.**

A new pest which threatens the apple orchards of Michigan, has been discovered near Grand Rapids. The insect is brown in color, very small and has two sets of wings. It bores a fine hole in a tree beginning its work at sundown, and always on the south-east side near the base, and sips the sap. Various poisons have been tried, but without effect. The matter will be taken up by Lansing and Washington experts.—Ex.

**Card of Thanks.**

I wish to thank all my friends in Chelsea, and especially the employees of the Flanders Mfg. Co. for their kindness and sympathy during my sad bereavement.

CHAS. E. BOWLING.

**Washtenaw Corn Contest.**

Evan Essery, school commissioner, has recently written to the boys and girls who enrolled in the spring to ascertain how many expect to exhibit corn. To date 40 have replied favorably. The date and place of exhibition will be announced in a short time.

The following premiums will be awarded on corn grown by boys and girls of Washtenaw county under the 18 years of age. Best ten ears yellow or white dent:

- First premium.....\$10 00
- Second premium..... 8 00
- Third premium, a plush rug... 6 00
- Fourth premium..... 5 00
- Fifth premium..... 4 00
- Sixth premium..... 3 00
- Seventh premium..... 2 00

There will be twenty \$1.00 premiums, twenty-seven in all. It is very likely that other premiums will be offered, but the above are sure.

Each contestant furnishes his or her own corn and after the ground is prepared, plants and does all the work. Not less than one-eighth of an acre must be planted.

**Premonition Of Harm.**

That Ross Clark, of Ypsilanti, D. J. & C. conductor, who was killed when knocked from the rear platform of his car four miles west of Wayne, Saturday afternoon, had a premonition of death, is the declaration of fellow employees at Ypsilanti to whom he confided his fears Saturday morning before going out on his run.

"I've a strange feeling," he said, "that something is going to happen to me today. I wish I did not have to go out today. I don't know what it is, but something keeps telling me I am in for some bad luck."

Clark had noticed something wrong with his car and went to the back platform and leaned over and over to look under it, when his head struck the iron railing of a bridge which comes close to the track, and was crushed.

Clark had been on the road since last December and was conductor of one of the cars in the wreck last April at Steinbach hill, in which a number from Chelsea were injured.

**New U. of M. Scholarship Fund.**

Two new funds have been presented to the regents to be used for scholarships, one for establishment the present year, with the probable continuance through other years of the Henry Strong scholarship provided for in the will of Henry Strong of Lake Geneva, Wis., who was a student here in 1851. It provides \$500 yearly for two scholarships, with the understanding that not only good scholarship but strong character shall be demanded of the recipients of these gifts. The other fund was \$1000 raised by the alumni of Marquette high school in honor of Miss Anna Chandler, for many years superintendent of the Marquette schools. The income of this fund is to be used in assisting through the university students who might otherwise be forced through lack of finances to discontinue their studies.

**Chelsea Forfeited Game.**

Chelsea high forfeited Saturday afternoon to Ypsilanti high at the close of the third quarter when Donald Bacon, captain of the Chelsea team, who were in Ypsilanti, and playing fullback, was taken out of the game with a badly wrenched back and neck. As Ernest Wagner and Walter Runciman, were both injured, all available backfield material was exhausted, and Bacon had called signals, nothing remained but forfeiture. Bacon had carried the ball in two-thirds of the plays. When the game closed, the score stood 6 to 0 in favor of Ypsilanti.

**Princess Theatre.**

The Princess offers for its feature attractions tonight Thursday, the great western drama "The Arizona Land Swindle" said to be the greatest western picture ever put out in one reel. Countless numbers of cowboys, Indians and horses go to make up a high class picture. The Animated Weekly of current events is also on the program.

The Princess offers three big features for next week. Owing to an error in bookings these features come on successive nights, with no increase in price. On Tuesday evening the great dramatic success "Human Hearts" featuring King Bagott, the Imp star. On Wednesday evening Warner's big feature "Redemption" a three reel production. It is a story of a girl of the under world with 500 people in the cast and in 50 big scenes. On Thursday another two reel production, "The Victims of Ingratitude" a Milano picture produced in the old country.

**Tuberculosis Sunday.**

Churches and religious societies, to the number of at least 100,000, will be urged to give special attention to the prevention of tuberculosis on Sunday, October 27th, or on some day during the week preceding or the week following that date. This season has been set apart and designated as the Third National Tuberculosis Day by the National Association for the Study and Prevention of Tuberculosis, which makes this announcement.

Tuberculosis Day was originally set on April 29th, but was postponed because of a conflict with Conservation Sunday with the Men and Religion Forward Movement, which was held on that date. The observance of Tuberculosis Day in the fall this year will be utilized by anti-tuberculosis workers not only for the general education of churchgoers on consumption, but also for the purpose of interesting them in the sale of Red Cross Christmas Seals.

Every one of the 600 and more anti-tuberculosis associations allied with the National Association, will be urged to promote Tuberculosis Day in their respective communities. While last year over 50,000 churches observed this occasion, it is expected this year that the number will be doubled. Millions of circulars and other forms of literature will be distributed. The support of every religious denomination will be asked for.

**Probate Court Notes.**

George Blaich of Ann Arbor has been appointed administrator of the estate of David Blaich of Sylvan. The hearing of claims will take place December 7 and February 7.

Mary E. Childs of Ypsilanti has been appointed by Judge Leland executrix of the will of Carlos W. Childs of Ypsilanti. The hearings will take place December 7 and February 7. J. G. Pray of Whitmore Lake has been appointed administrator of the estate of Irene Stilson. Hearings December 7 and February 7.

Edgar Housel of Boulder, Col., has been appointed special administrator of the estate of William C. Housel of Ann Arbor who was killed in a collision with an automobile last week.

Petition has been filed for the administration of the estate of Catherine Gallagher of Dexter. Also for the admission of William Davis of Ypsilanti to an insane asylum and for the appointment of a guardian for Ethel and Vera Clarke of Ypsilanti.

**School Notes.**

The total enrollment of the public schools is now four hundred and thirty, of which one hundred and thirty-two are in the high school.

The commercial course is proving very popular. There are thirty in the Business, English and Bookkeeping courses, sixteen learning Typewriting and eight Stenography.

Dean Hall entered school Monday. He has just finished harvesting his crop of onions before coming back. He reports that he realized about two hundred and sixty dollars for his summer's work.

Report cards were sent out last week in all the grades. On the whole the work for the past month was unusually good but there are some who could have done better work. Did you sign your children's report cards?

During the past week four lantern lectures were given by Supt. Hendry. The pupils and teachers are delighted with these lectures and the effects are already being realized in the work in geography, language and composition.

Supt. Hendry is planning to give a free lantern lecture in the near future, to which the parents are to be invited. He wishes the pupils to become acquainted with the place the lantern has in school work. The announcement for this lecture will be made later.

The football team plays in Jackson Saturday, against the Jackson high school team. The first home game will be played Friday, October 18th, at 3 o'clock against the Plymouth team. The boys have been rather unfortunate so far this season but several old players have recently come out for practice and coach Schenk hopes to develop a winning team.

**The Danger After Grip.**

Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by L. P. Vogel, H. H. Fenn Co., L. T. Freeman Co. Adv.

ATHLETES, OLD AND NEW.

The athlete who is gone is like the song that was sung before the days of the phonographs—a memory only.

Our ancestors of a few generations back did not hold stop watches, nor carry around rulers and notebooks.

Daniel Webster delivered a speech in the United States senate which was once celebrated and which is not yet forgotten.

One of the rich men of the country, one of our foremost financiers, who is now an octogenarian, was asked how it came about that he carried his 80 years as though they were but half the number.

From Berlin it is reported that they do not swat the flies there. There is a reason. The authorities have so effectively cleaned up the breeding places for flies that no flies are left to swat.

A boy in Philadelphia found \$250 and promptly restored it to its owner, who rewarded him with a dime.

We are surprised to hear of the controversy over the status of the old maid. We were under the impression that she had developed into a bachelorette.

A genius in Pittsburg has invented an anaesthetic bullet, but the ordinary every day bullet may generally be depended upon to put a man to sleep.

A Russian editor has been fined \$250 for criticizing the government, but if America were to adopt that policy, it would kill the nation's most popular sport.

Vacation and Christmas are powerful magnets to draw metal from father's pockets.

King Alfonso is said to be quarreling with his mother-in-law, and this despite his reputation for eccentricity.

\$200,000 STOLEN FROM U. S. MAIL BAG

CASH WAS CONSIGNED TO NATIONAL PARK BANK, NEW YORK CITY FROM HAVANA, CUBA

STEAMSHIP MEN IGNORANT OF THE THEFT.

Secret Service Men and Burns Detectives Searching for the Money—Package was Registered.

Postoffice inspectors of two countries, secret service men and the W. T. Burns Detective agency are investigating the mysterious disappearance of a registered mail package containing \$200,000 consigned from Havana to the National Park bank of New York.

The loss was discovered when the registered mail pouch from Havana was opened in the New York postoffice. When and where the package disappeared, whether in Havana, aboard the ship or train which brought it, or thereafter, no one has been able to discover.

The postoffice authorities are working zealously on the case in the two republics as a matter of course, while the private detectives have been set to work by the shipper, whose name is not revealed.

The National Park bank has no more than a moral interest in the case, as by no possibility can the loss fall upon it.

The money was a remittance from a financial institution to the big bank in adjustment of an exchange balance.

State and Court Differ on Tax. The attorney general's department is receiving many inquiries from banks, city and township treasurers regarding the application of the new laws regarding recording of real estate mortgages and the taxation of municipal and school bonds.

In many places, notably Bay City, the treasurers have refused to accept the taxes of the banks under the new laws. The banks refuse to pay on their real estate mortgages because of the provision which exempts the mortgages from taxation if a recording fee is paid. They also refuse to pay on the municipal and school bonds.

In a similar case of the Detroit Trust Co., the supreme court has held that the banks are entitled to exemption on the mortgages. However, the attorney general's department has written an opinion for the Bay City treasurer which advises him differently.

Government and State May Trade Land. W. B. Piper, superintendent of government lands in Michigan, is in Lansing to confer with the domain commissioner regarding the exchange of government and state lands.

The monthly report of the state treasurer shows a balance in the general fund of \$2,341,264.58. This makes a general balance of \$2,508,200.57 in the treasury.

While walking in his sleep, Albert Peterson, 21, of Calumet, fell from the deck of the steamer America, bound from Port Arthur to Duluth, and was drowned.

Sixty thousand barrels of winter apples is reported to be the crop of Genesee this season, and it is not a full one. The fruit is selling at \$1 a barrel on the trees.

Mayor Ellis has appointed a committee of nine citizens and civic employees to make a study of the Grand Rapids street railway system with a view of a vote on municipal ownership.

One passenger was killed and several fatally injured when a train of the Bay of Quinte railway jumped the tracks four miles from Kingston, Ont. and plunged over a 15-foot embankment.

The private bank of D. Hammel & Son, at Gladstone, has closed its doors following the filing of a petition in bankruptcy in which the officials list liabilities at \$175,000 and assets of \$111,200.

An appeal has been taken in the case of the 123 Koreans recently sentenced to long terms of imprisonment on the charge of conspiring against the life of Count Terauchi, governor-general.

2,000,000 Red Cross Seals for Mich. Michigan's consignment of 1912 Red Cross Christmas seals has been received at the office of the Michigan Association for the Prevention and Relief of Tuberculosis in Ann Arbor.

At a meeting of 300 Bulgarians and Macedonians in Battle Creek A. Z. Zopoff was appointed to secure all information possible about the war situation in the Balkans.

JAMES H. BRADY

James H. Brady, former governor of Idaho, has been elected president of the Trans-Mississippi Commercial congress.

New York Gangster Killed. Big Jack Zelig, the east side gang leader who is said to have "passed the word along" to the gunmen of his gang to kill Herman Rosenthal last July, was shot as he was riding in a northbound Second avenue car at Fourteenth street by an east side fruit dealer named Philip Davidson and died in a Bellevue ambulance while being taken to the hospital.

Davidson claimed Zelig had held him up, beat him and robbed him of \$400.

Turks Accept Italy's Offer. That the Turkish cabinet voted to accept Italy's latest proposals for peace was the announcement made from an authoritative source in Constantinople.

Peace between Italy and Turkey was signed at Ouchy, Switzerland, according to a news agency dispatch received in London from Paris.

Angry Subscribers Throw Out Phones. Operators in the Rockford exchange of the Citizens' Telephone Co. were startled, when three hundred lights on their multiples flashed in a bunch.

The reason was soon made clear. Three hundred subscribers, angry over an increase in phone rates had quietly gotten together and decided to disconnect their instruments simultaneously by pulling the receivers from the hooks.

STATE BRIEFS.

Fire destroyed the Grand Trunk freight shed in Ovid and damaged the plant of the Charles Cowan Seed Co., nearby.

Sir Francis Taylor Piggott, formerly chief justice of the supreme court at Hong Kong, has been appointed legal adviser to President Yuan Shi Kai.

Falling more than 20 feet when the cable of an elevator broke at the new plant of the O. & W. Thum Co. three workmen sustained serious injury.

The monthly report of the state treasurer shows a balance in the general fund of \$2,341,264.58. This makes a general balance of \$2,508,200.57 in the treasury.

Sixty thousand barrels of winter apples is reported to be the crop of Genesee this season, and it is not a full one. The fruit is selling at \$1 a barrel on the trees.

An appeal has been taken in the case of the 123 Koreans recently sentenced to long terms of imprisonment on the charge of conspiring against the life of Count Terauchi, governor-general.

2,000,000 Red Cross Seals for Mich. Michigan's consignment of 1912 Red Cross Christmas seals has been received at the office of the Michigan Association for the Prevention and Relief of Tuberculosis in Ann Arbor.

At a meeting of 300 Bulgarians and Macedonians in Battle Creek A. Z. Zopoff was appointed to secure all information possible about the war situation in the Balkans.

NEWS FROM ALL PARTS OF MICHIGAN

ASSISTANT SECRETARY OF INDUSTRIAL ACCIDENT BOARD ALLOWED ONLY \$800 A YEAR.

LIVELY ROW IN PROSPECT AS \$1,500 WAS PROMISED.

Ten Thousand Michigan Oddfellows From All Parts of the State Are Expected in Detroit October 14.

State Auditors Cut Down Salary. Price Prince, formerly managing editor of the Hancock Journal of Hancock, and now assistant secretary of the state industrial accident board, seems to be one of the unfortunates who will have to bow to the will of the state board of auditors.

Prince gave up his job in the upper peninsula to come to Lansing and accept a position as assistant secretary of the board, with the understanding that he was to receive \$1,500 a year.

The case is very likely to start another merry row between the governor and the board of auditors.

Auditor General Fuller said: "The law is plain; the clerks in the new board come under the graded salary act. They are paid accordingly, and that is all there is to it."

Oddfellows Convention in Detroit.

During the week of October 14, Detroit, for the first time in twenty years, will be the scene of the annual convention of Michigan grand lodges of the Independent Order of Oddfellows.

Ten thousand or more Oddfellows are expected besides large delegations from the allied orders. All the meetings will be held in Harmonie hall.

The co-ordinate branch of the Order of Daughters of Rebekah will meet in Detroit during the same week at the Moose temple. This branch has a membership of 35,000 in the state and will send about 500 delegates.

U. of M. Leads in Foreign Pupils. The unparalleled number of foreign students entering Michigan university at Ann Arbor this fall, places it in the lead among American universities in this respect.

Nearly 200 have registered this fall, so far, according to Corda Fratres Cosmopolitan club, and these men hail from every civilized country.

The Chinese are here in larger numbers than in any other American university, and it is thought their enrollment will be over 60.

There are 12 Japanese students, an increase over the number of Japanese here last year, and among them, there is one young lady. There are 12 Armenians, more than were ever here from that country at one time before. They admit they were attracted to the U. of M. because of her excellent technical teaching.

Last year there was but one Philippine carrying work in the university, and there are eight this fall. There are five British South Africans who came here this fall for the first time and other students are here from Russia, Porto Rico, Canada, Hawaii, South America, Germany, England, France and Poland.

Kills Wife in Drunken Frenzy.

In a drunken frenzy B. Wass, a sugar beet tender, living a mile north of Colwood, Bay county, shot and killed his wife. Wass had been drinking throughout the day, and toward afternoon commenced quarreling with his wife. He drew a revolver and shot her in the chest, just above the heart.

Sheriff Hutchinson, of Tuscola county, assumed charge of Wass and he was removed to the county jail at Caro.

It required the assistance of 20 men to raise a traction engine from Henry Tracey, a farmer, who was "pinned under the machine when it fell through a bridge near Bay City. He will recover.

Andrew Smith, who shot and killed Norman Breze, a Jackson county farmer, Aug. 10, was found guilty in Lansing of manslaughter. Smith admitted the shooting, but said the trouble was over Mrs. Smith.

It has been proposed to the council of Flint that the city build the proposed street car extensions instead of granting a franchise which has twice been voted down, and lease the extensions to the company.

A unique event occurred in Saginaw when the cornerstone which was taken from the old Germania school built in 1868 was replaced in the new school building now being constructed. A new cornerstone was laid above the old.

MICHIGAN NEWS IN BRIEF

Kalamazoo Cuts Taxes to Affect State Boost.

Kalamazoo has found a way to get around the tremendous increase in the valuation made in this city by the state tax commission.

The commission, which is drafting the charter, has decided to change the tax rate from 1 per cent to six-tenths of 1 per cent. While this will benefit the city taxpayer to a certain extent, it does not relieve the farmer from having taxes on the increased valuation of his property.

This action does not mean that the committee appointed to secure a just valuation of the city will stop its fight against the state tax commission.

Six Injured in P. M. Wreck.

Six persons were injured, two probably seriously, and 40 passengers were more or less shaken up when Pere Marquette westbound passenger train from Detroit, sideswiped an extra eastbound freight near Fox Station.

The train was traveling at about 60 miles and hour. Seeing no light at the station the engineer did not slow up. The freight train was entering the siding when the crash occurred. The baggage car was telescoped, and the engine and tender of the passenger train, one day coach and the smoker were thrown from the tracks.

Ten Detroit Aldermen Held.

Justice Jeffries held Eddie Schreiter and ten aldermen to the recorder's court for trial and dismissed seven other aldermen in the cases in which Schreiter and 17 aldermen were charged with conspiring to obtain bribes in connection with the closing of Brooklyn avenue for the Wabash railroad. Ald. Joseph Theisen, who was included in the blanket conspiracy warrant but whose illness prevented his examination with the others, will have a hearing Oct. 15.

State Will Defend Militiamen.

According to a statement issued by Gen. P. L. Abbey, plans will be made in the next few days for the defense of the two Jackson troopers held for murder as the result of shooting a Michigan resident. Gen. Abbey declared that the troopers were ordered to Jackson by the highest authority in the state and as the shooting resulted from obeying the order of the state it will be up to the state to defend Capt. Blackman and Private Jackson.

STATE NEWS IN BRIEF.

Grover Wendorf, a deaf mute, was found guilty in Traverse City of a serious offense against a little girl.

B. Wass, a sugar beet worker, while in a drunken frenzy, shot and killed his wife at Colwood, near Bay City.

Hugo Lange, a painter, fell from the roof of the State bank at Gladwin and was killed. His neck was broken. Fully 2,500 visitors attended the county fair opening in Berrien Center. The directors have voted to make it permanent.

Robert Hunter, nominee for sheriff of Arenac county, on the Republican ticket, has withdrawn, declaring he is too busy on his farm to make the run.

Mayor Mott, of Flint, proposes the appointment of a commission of five women to study problems of civic concern and to direct necessary improvements.

An extension of time to Dec. 2, has been asked by the state in the taking of testimony in the action against the D. G. H. & M. Ry. for \$2,000,000 back taxes.

The new \$400,000 filtration plant at Grand Rapids has started in operation. Everything worked perfectly, and the board of works will formally accept the plant next week.

James Purdy, of Au Gres, was examined before Judge Elwell in Standish on a charge of killing William Marlow and was bound over to the circuit court for trial.

Joseph Konecny of Bay City drank the contents of a bottle of carbolic acid, mistaking it for whiskey, and died a few minutes later in the presence of his 10 children.

Four prisoners escaped from the county jail at Gaylord by sawing the bars with a steel kitchen knife which they converted into a hack saw. Officers are now searching for the men.

N. Gardner, of Kalamazoo, who pleaded guilty before Judge McPherson in the United States court in Daventry, Ia., to the charge of white slavery, was sentenced to two years in prison.

It required the assistance of 20 men to raise a traction engine from Henry Tracey, a farmer, who was "pinned under the machine when it fell through a bridge near Bay City. He will recover.

Andrew Smith, who shot and killed Norman Breze, a Jackson county farmer, Aug. 10, was found guilty in Lansing of manslaughter. Smith admitted the shooting, but said the trouble was over Mrs. Smith.

It has been proposed to the council of Flint that the city build the proposed street car extensions instead of granting a franchise which has twice been voted down, and lease the extensions to the company.

HOCKIN REVEALS DYNAMITE PLOT

"HAS DOUBLED-CROSSED McMANIGAL, UNION AND DEFENDANTS," PROSECUTOR SAYS OF HOCKIN.

PERSONALLY DELIVERED EVIDENCE AGAINST FRIENDS.

Ortie McManigal Declares Hockin Was Inventor of Machine That Blew Up the Los Angeles Times.

Herbert S. Hockin, formerly of Detroit, Mich., acting secretary-treasurer of the International Association of Bridge and Structural Iron Workers, has supplied the government with evidence against his fellow defendants in the "dynamiting conspiracy" cases, according to the statement in court in Indianapolis by District Attorney Chas. W. Miller.

According to Ortie McManigal, Hockin was as bold as were the McNamaras in causing explosions against employees on non-union labor and was an "inventor" of the alarm clock scheme by which the Los Angeles Times building was blown up some time after the bomb had been lighted and J. B. McNamara had escaped.

Hockin was in the court room with the other defendants. He had just been severely arraigned by Mr. Miller as a prime mover in the dynamite plots.

"Hockin has been double-crossing everybody," said Mr. Miller. "He not only double-crossed McManigal but he even double-crossed the union. He has been double-crossing it and double-crossing these defendants ever since."

"I will not stop to tell you now just how he personally delivered evidence at the federal building, this evidence tending to incriminate all the defendants. I will tell you all about this later."

Hockin's Record in Detroit.

Herbert Hockin was much better known in Detroit a dozen years or more ago than he is at present. There were many mysterious attacks on women then and suspicion pointed toward Hockin. He was arrested, tried twice, once the jury disagreeing and once acquitting him.

Dynamiter Confesses His Guilt.

Edward Clark, of Cincinnati, former business agent of the Iron Workers' union, changed his plea from not guilty to guilty at the opening of the federal dynamite conspiracy trial in Indianapolis.

As soon as court opened District Attorney Charles W. Miller addressed Judge A. B. Anderson.

"If it please the court the defendant Clark, of Cincinnati, wishes to change his plea of not guilty to guilty," Clark then stepped forward.

"Do you plead guilty?" asked Judge Anderson.

"I plead guilty," said Clark.

FOUR U. S. MARINES SLAIN.

Killed in Battle in Storming Rebel Fortifications in Nicaragua.

Four United States marines were killed, seven others, including one officer, were wounded in an engagement with rebel forces in Nicaragua.

The battle took place when the force of 900 marines and blue jackets under command of Rear Admiral Southern stormed the rebel fortifications known as the Barranca, near Masaya, in pursuance of the admiral's instructions from Washington to keep open communication in Nicaragua.

Gen. Zeledon, commander of the rebel force, who lost his life as a result of the engagement, had been previously notified by the American naval officer that he must withdraw from his position menacing the line of railroad communications or take the consequences. He was given until 8 o'clock yesterday morning to evacuate the Barranca, and upon his failure to do so the American advance began.

The fight lasted but 37 minutes and ended with the Americans in possession of the Barranca. The rebels suffered heavy losses, roughly estimated at 100 killed and more than 200 wounded.

6,400 American Greeks Sail for War.

The four steamers of the National Steam Navigation Company of Greece have been chartered by the Greek government to transport from New York about 6,400 Armenian Greeks, volunteers and reservists of the Greek army to fight the Turks.

The first of these steamers, the Macedonia, heavily laden with ammunition and stores, was anchored off the Brooklyn water front this morning. It carries 1,000 fighting men as passengers.

The other three ships will sail on Oct. 17, Oct. 28, and Nov. 10, respectively, each carrying about the same number of men.

Richest in Healing Qualities FOR BACKACHE, RHEUMATISM, KIDNEYS AND BLADDER. FOLEY KIDNEY PILLS

The Greatest Woman. Who was or is the greatest woman in all history? Two hundred leaders answered the question and with enthusiasm and unanimity the judges awarded the prize to the one who made this reply: "The wife of the farmer of moderate means who does her own cooking, washing, ironing, sewing, brings up a family of boys and girls to be useful members of society, and finds time for intellectual improvement."

Significant. "He proposed to her in a canoe—'Did she accept him?' 'I presume so.' The canoe capsized."

BREAKING OUT ON LEG

Hilltop, Kan.—"About two years ago I began to notice a breaking out on my leg. At first it was very small but soon it began to spread until it formed large blotches. The itching was terrible and almost constant. Many nights I could not sleep at all. After scratching it to relieve the itching it would burn so dreadfully that I thought I could not stand it. For nearly a year I tried all kinds of salves and ointment, but found no relief. Some salves seemed to make it worse until there were ugly sores, which would break open and run.

"One day I saw an advertisement of Cuticura Remedies. I got a sample of the Cuticura Soap and Cuticura Ointment and began by washing the sores with the Cuticura Soap, then applying the Cuticura Ointment twice a day. I noticed a change and got more Cuticura Soap and Ointment and in a few weeks I was cured. It has healed so nicely that no scar remains." (Signed) Mrs. Anna A. Lew, Dec. 17, 1911.

Cuticura Soap and Ointment sold throughout the world. Sample of each free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. L, Boston, Adv."

WOMEN AS NATURAL ENEMIES

Writer Advances Some Good Reasons Why This Unfortunate Condition Must Exist.

"The average woman now begins that study of society which will merge ultimately with the marriage campaign. She makes many discoveries which she admits frankly to herself. She comes to many conclusions," says Inez Haynes Gillmore in Harper's Bazar, "which sink unnoticed into her subconscious mind. It marriage, for instance, is her natural career, these men are her natural prey.

"But unfortunately there are not enough men in her world to go round, and of those from whom she may hope to choose some are much more desirable than others. Naturally she prefers the desirable ones—i. e., the 'eligibles.' But—and here she runs against her first obstacle—every other single woman in her circle has come to the same conclusion. From the instant she realizes this she must declare war on every other member of her sex.

"Men must often wonder at that minute and merciless examination to which, on a first meeting, every woman submits every other woman. Men must often marvel at the power of quick observation which women always develop in these circumstances. This is only the swift interrogation with which a warrior surveys the arms of his opponent. Women are forever discovering new and complex weapons in the possession of rivals. And, perhaps, the most terrifying element in the situation is psychological—her sense of bafflement, in that she cannot judge of women for men any more than they can judge of men for her. Every other woman becomes her enemy. To succeed in her world she must play a lone hand and a cut-throat game.

IT'S THE FOOD. The True Way to Correct Nervous Troubles.

Nervous troubles are more often caused by improper food and indigestion than most people imagine. Even doctors sometimes overlook this fact. A man says:

"Until two years ago waffles and butter with meat and gravy were the main features of my breakfast. Finally dyspepsia came on and I found myself in a bad condition, worse in the morning than any other time. I would have a full, sick feeling in my stomach, with pains in my heart, sides and head.

"At times I would have no appetite. For days, then I would feel ravenous never satisfied when I did eat and so nervous I felt like shrieking at the top of my voice. I lost flesh badly and hardly knew which way to turn until one day I bought a box of Grape-Nuts to see if I could eat that. I tried it without telling the doctor, and liked it fine; made me feel as if I had something to eat that was satisfying and still I didn't have that heaviness that I had felt after eating any other food. I hadn't drunk any coffee then for five weeks. I kept on with the Grape-Nuts and in a month and a half I had gained 15 pounds, could eat almost anything I wanted, didn't feel badly after eating and my nervousness was all gone. It's a pleasure to be well again."

Name given by Postum Co., Battle Creek, Mich. Read the book, "The Road to Wellville," in pkgs. "There's a reason."

Ever read the above letter? A very interesting story, and full of human interest. Adv.

**Keeps Your Stove "Always Ready for Company"**

A bright, clean, glossy stove is the joy and pride of every housekeeper. But it is hard to keep a stove nice and shiny—unless Black Silk Stove Polish is used. Here is the reason: Black Silk Stove Polish sticks right to the iron. It doesn't rub off or dust off. Its shine lasts four times longer than the shine of any other polish. You only need to polish one-fourth as often, yet your stove will be cleaner, brighter and better looking than it has been since you first bought it. Use

**BLACK SILK STOVE POLISH**

on your parlor stove, kitchen stove or gas stove. Get a can from your hardware or stove dealer. If you do not find it better than any other stove polish you have ever used before, your dealer is authorized to refund your money. But we feel sure you will agree with the thousands of other up-to-date women who are now using Black Silk Stove Polish and who say it is the "best stove polish ever made."

**LIQUID OR PASTE ONE QUALITY**

Be sure to get the genuine. Black Silk Stove Polish costs you no more than the ordinary kind. Keep your grates, registers, fenders and stove pipes bright and free from rusting by using Black Silk Air-Drying Enamel. Brush free with each can of enamel only. Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily, and leaves a brilliant surface. It has no equal for use on automobiles.

**"The Irish Piper."**  
This makes the third season of the above funny Irish comedy, and millions of people have laughed at this matchless, side-splitting Irish comedy. This splendid company of fun makers is well recommended wherever they appear and is beyond doubt the funniest Irish comedy on the road. Three long acts of constant laughter and mechanical surprises. At the Sylvan theatre, Friday, October 11.

**Died Suddenly.**  
Adolph Kempf was found dead at 5 o'clock Tuesday evening at the home of his mother, Mrs. John Stellmeister, of Scio. He had been at work on the farm in the forenoon, but after eating his dinner he complained of not feeling well and went to his bed. His mother visited his room during the afternoon and he appeared to be resting. The deceased was 31 years of age and was unmarried. His death was due to apoplexy.

**CORRESPONDENCE.**

**DEXTER VILLAGE**

John Devine, a senior in the Dexter high school, sprained his ankle while engaged in a practice game of football.

**FOR THE KIDNEYS**

**A Guaranteed Treatment. Money Back if It Fails.**

Kidney diseases are more prevalent than is generally supposed, and are not always recognized as such. What was at first but a slight derangement of the kidneys often results in indigestion, rheumatism, anaemia, chronic and very painful headache, neuralgia, eye weakness, and other diseases of a most aggravating type. Therefore it is highly important and absolutely necessary that the kidneys and the urinary system be kept in an active and healthy condition.

After a thorough experience with the most successful forms of kidney treatments, we are confident that the one remedy which embraces the most desirable, safe and efficacious curative qualities, so necessary to the successful treatment and positive eradication of kidney diseases in general, is Rexall Kidney Pills.

We are so positive that Rexall Kidney Pills are unexcelled, and that they will do all we claim, that we sell them with our own personal guarantee that they shall not cost the user a cent if they should fail to give entire satisfaction.

We particularly recommend Rexall Kidney Pills for kidney ailments that resist ordinary treatment. We believe, if taken according to directions with regularity and persistency for a reasonable length of time, they will positively remove all symptoms and effect permanent relief.

Surely we could not more strongly demonstrate our faith in Rexall Kidney Pills, and our generous guarantee should convince the most sceptical that we would not dare make such a statement except we knew what we are taking about. We urge you to try Rexall Kidney Pills at our risk. Price 50c. Sold in this community only at our store, —The Rexall Store, L. T. Freeman Co. Advertisement.

**YOU GET YOUR Money's Worth Here**

That's why you ought to buy a suit, ready-made by HART SCHAFFNER & MARX, the kind of a stylish suit you see in this picture. You can dress just as well as any man if you wear all-wool clothes of authoritative styles.

## The Kempf Commercial & Savings Bank

Don't Cast Your Money To The Four Winds

PUT IT IN THIS BANK WHERE IT WILL GROW FOR YOU AND DO SOME VISIBLE GOOD NOW AND IN THE FUTURE.

"As ye sow, so shall ye reap." That is why the farmer plants his corn in fertile ground; that is why hundreds of people place the money which they have, in the bank, be the amount large or small. They see the advantage of having their money in a place where it will grow for them.

There is no pleasure so wholesome in later life as that which is felt in reaping the reward of an early effort in starting a bank account.

NOW IS THE TIME

**The Kempf Commercial & Savings Bank**

### LOCAL ITEMS.

Don Roedel and Algernon Palmer have resumed their studies at the U. of M.

Rev. J. W. Campbell will preach to the young people next Sunday morning at 10 o'clock.

It is reported that Thomas Leach, of Sylvan, has sold 1,000 shocks of corn at the rate of 42 cents per shock.

S. A. Mapes has had his hearse and casket delivery wagon painted. The work was done in the shop of A. G. Faist.

The annual convention of the Michigan State Sunday School Association will be held at Lansing November 13 to 15.

Martin Eisele, sr., suffered a slight stroke of apoplexy Sunday. At last reports he was improving as rapidly as could be expected.

Jacob Walz while gathering apples on the farm of John Clark of Lyndon fell from a tree this forenoon and fractured two of his ribs.

Wm. Doll has carpenters at work building an addition and putting up partitions in the cottage building that he recently moved on his North street property.

The Ann Arbor Gas Co. will move into the building now occupied by L. C. Kelly's restaurant, while Mr. Kelly moves to the Alber building, recently occupied by Geo. Washington.

Miss Winifred Bacon has been engaged as soprano for the Presbyterian church quartet choir of Ann Arbor for the coming year. Miss Bacon is a teacher in the Chelsea public schools.

Henry Wilson of Lima was in Detroit Tuesday where he attended the rally of the progressive party, and occupied a position on the platform. The address was made by Col. Roosevelt.

The officers of Washtenaw Chapter, O. E. S., of Dexter, were installed last week by Worthy Grand Matron Mrs. Emma Boise of Jackson. Mrs. Chas. Martin, of Chelsea, acted as Grand Marshal.

Professor Webster Pearce, teacher of mathematics at the Normal College, Ypsilanti, will speak on "Equal Suffrage" to the citizens of Chelsea on Saturday, October 12, at 8 p. m. If the weather permits the lecture will be held on the street.

The Michigan Portland Cement Co. are making arrangements to have the exterior of the brick buildings of their plant plastered with cement. When this work is completed all of their buildings except the office and warehouse will be finished with a cement coat.

Dr. F. W. Gonsaulus, of Chicago, delivered his lecture on "A Chapter in the Age of Liberty," at the Congregational church Wednesday evening, before an audience that filled the auditorium. While in Chelsea Dr. Gonsaulus was entertained by Mr. and Mrs. D. H. Wurster.

The Michigan crop report, issued Monday, estimates the yield of wheat in this state at 11 bushels per acre. The estimated total yield for the state is 5,714,544 bushels. The estimated average yield per acre of barley is 24, oats 32, corn 31, potatoes 105, beans 14, sugar beets 10, and buckwheat 22.

Owing to the absence of Senator Wm. Alden Smith the republican county committee was obliged to cancel the auto tour of the county as announced for Tuesday of this week. Senator Smith is with a senate committee making an investigation in Mexico, and he was unable to reach this county on the date as announced.

James Wade informs The Standard that last Friday night someone entered the orchard on the Wilkinson place, and carried away a pile of five bushels of Steele red apples that he had gathered that day. This is not the first offense as recently numerous visitors have been helping themselves to fruit without his permission. The guilty parties had better desist or a warrant may cause them considerable trouble.

John Fletcher spent Sunday with his sister at Belleville, and late in the evening discovered that a neighbor's barn was on fire. The night was unusually dark and in making his way about to notify the owners of the building he ran into a tree, striking his head a severe blow, which dazed him for some time. He was able to be at work Monday, with a few decorations on his face. He says that he didn't know that there were as many stars in the universe as he saw when he struck the tree.

Geo. Seitz has had a new roof placed on his residence on Park street.

Regular meeting of W. R. C. Friday evening, October 11, at 7 p. m.

The infant child of Mr. and Mrs. W. J. Baxter is reported as being quite ill.

Mr. and Mrs. Benjamin Bacon are moving into the B. Steinbach house on west Middle street.

A. G. Faist last Saturday delivered to John Finkbeiner, of Lima, a five passenger Overland auto.

The Bay View Reading Circle will meet with Miss Nina Crowell next Monday evening, October 14.

Mr. and Mrs. Theodore Bahmiller have moved into the residence of Tobias Stipe on south Main street.

Mrs. Emily Boynton has moved from her farm in Sylvan to the O. C. Burkhardt house on Adams street.

I. F. Rademacher, of Detroit, has accepted a position in the Chelsea freight office of the Michigan Central.

Glenn Bossard, who has been employed by Fred Klingler for the past year, has accepted a position in Marshall.

A number from here attended the Moose festival that was held at the grove of M. Icheldinger in Lima last Sunday.

Geo. Smith, who has been at the hospital in Ann Arbor for some time, is reported as recovering from his recent operation.

Mr. and Mrs. Burr have moved from the B. Steinbach residence on west Middle street to the Lehman house on Congdon street.

McLaren & Freeman the last of the past week delivered to Ed. Vogel the five passenger Oakland touring car that they recently sold to him.

Mr. and Mrs. John Pate and family have moved from the Jackson house on west Middle street, to the H. I. Davis residence on Jefferson street.

Patrick Smith, of Sylvan, left at the Standard office last Saturday a quantity of cranberries that were grown on his farm. The berries were exceptionally fine.

Geo. Louder, who has been employed as tinner at Holmes & Walker's store for several months, has accepted a position at Dexter, and left for that place the first of the week.

Mrs. Louis Hauser, who underwent an operation for appendicitis Tuesday of last week at the hospital in Jackson, is reported as recovering as rapidly as could be expected.

Several from here attended the football game between Michigan and Case school of Cleveland at Ferry Field in Ann Arbor, Saturday. The score being 34 to 0 in favor of Michigan.

Mr. and Mrs. E. E. Wood have shipped their household goods to Detroit where they will be placed in storage. Mrs. Wood expects to spend the coming winter at her former home in the east.

The Western Washtenaw Farmers' Club will hold their next meeting at the home of Mr. and Mrs. Albert Widmayer, of Lima, on Friday, October 18. A good program has been prepared for the occasion.

Rally Day services will be held at the M. E. church Sunday, October 20, at 10 a. m. Rev. Dr. Ramsdell, district superintendent, will give the address, which will be followed by a program by the Sunday school.

At a meeting of the Washtenaw County Bar Association held Monday forenoon in Ann Arbor at the court house suitable resolutions were presented in honor of the late M. J. Lehman, who was a member of the association.

Mr. and Mrs. Geo. Norlman have issued invitations announcing the marriage of their daughter, Miss Hazel M. and Mr. Charles H. Bycraft which will take place at 8 o'clock Thursday morning, October 24, 1912, in the Church of Our Lady of the Sacred Heart.

Mrs. John R. Gates was a guest at the home of Mr. and Mrs. Wm. Gray, of Lima, last Friday. For dinner there were served red raspberries that were gathered in the garden that day, and for a second crop they were fine. Several branches were left at the Standard office and they were all well filled with ripe fruit.

Miss Esther Chandler met with an accident Monday evening that will confine her to the home of her parents, Mr. and Mrs. E. H. Chandler, for the next few weeks. She was on her way home from playing basket ball and was walking quite fast when her ankle turned. The accident happened near the M. E. church. After she arrived home it was found that her left ankle was broken.

SERIAL STORY

EXCUSE ME!

Novelized from the Comedy of the Same Name By Rupert Hughes

Copyright, 1914, by H. E. Fry Co.

And now there was a small commotion in the smoking room. Through the glass along the corridor the men caught sight of the girl who had got on at Green River. Ashton saw her first and she saw him.

CHAPTER XXVIII—Continued.

Marjorie was overwhelmed, but she felt it becoming in her to be a trifle coy. She said: "But you won't want me for a bride now. I'm such a fright."

CHAPTER XXIX.

Jealousy Comes Abroad. There was an air of domestic peace in the observation room, where Marjorie and Marjorie had been left to themselves for some time.

And now there was a small commotion in the smoking room. Through the glass along the corridor the men caught sight of the girl who had got on at Green River.

Both said: "I beg your pardon." When Marjorie lowered the paper, both stared till their eyes almost popped.

"I don't know yet," she said. "Don't ever do that. You are just beautiful in brass buttons."

CHAPTER XXX.

Money in Growing Willows. A Chicago merchant advertised for 1,000,000 willow clothes baskets which indicates that the willow-growing industry is very much neglected.

Then she changed the subject. "Do come and meet mamma. It would cheer her up so. She is so fond of you. Only this morning she was saying: 'Of all the boys you were ever engaged to, Kathleen, the one I like most of all was Edgar—I mean Clarence—er—Harry Mallory.'"

So there he sat, sweating his soul's blood, and able only to spar for time and wonder when the gong would ring.

Boxing, Ancient and Modern. Although boxing and pugilism, occupying much attention at the present time, were popular in classic Greece, they seem to have died out in the middle ages, and it is not until the end of the seventeenth century that we find references to boxing as a regular English sport.

CHAPTER XXXI.

Money in Growing Willows. A Chicago merchant advertised for 1,000,000 willow clothes baskets which indicates that the willow-growing industry is very much neglected.

MISS VERE'S VACATION

And the Sort of Husband She Selected.

By DELLE MANIATES.

"Girls, Vere says she is going to the country for a rest!" Helen poised her paint brush reflectively in mid-air, while Margaret stopped in the act of squeezing a depleted tube of vermilion.

"I am of the opinion," resumed Constance, "that she is not fleeing the confines of art, but from Cary Warborough."

"I Am Going to the Country."

young companion during the next few weeks. Unlike them she made frequent incursions into a gay life, and brought an occasional flash of color into the drab of their life.

CHAPTER XXXII.

Better Idea. Orville Wright was recently prevailed on to try a new revolving motor of the Gnome type, the invention of a San Franciscan.

HOUSEHOLD QUESTIONS

If your floor matting has faded, but is not worn, give it a coat of varnish in any desired shade of varnish stain, and it will wear longer and look fine.

To take out the mark sometimes left after cleaning a garment with gasoline, lay over the place a piece of clean white tissue paper, and press with a hot iron. This will at once remove all trace of the stain.

If the bedstead is really brass, a piece of flannel moistened in salt and vinegar will clean it. Slightly touch the entire surface of the brass, using a little whitening on a dry flannel as a final polish.

Don't pass hours each week blacking your stove. Ten cents' worth of stove enamel, which can be applied in a few minutes, will last six months, and all it needs is a daily wiping off with a damp cloth.

Bolled Potatoes With Onion Sauce. Boil potatoes in their jackets with bacon and onion sauce. The potatoes are cooked soft in boiling water and sent to table smoking hot, still in their skins.

Treat Your Feet Right

Do you know that a large portion of the ill of mankind result from improper care of the feet? Exceptional care should be taken at this time of the year to clothe the feet properly and avoid unnecessary exposure.

Rouge Rex

The upper stock is cut from a tan colored veal skin of the very best quality. In the course of tanning, this leather is put through a process which softens and at the same time toughens the fiber, and it is then thoroughly filled with a waterproofing compound which makes No. 478 an ideal wet-weather boot.

The vamp of this boot extends clear through under the cap on the toe, giving double wear at that point. The hollow tongue serves to completely exclude the dirt and snow.

Wrong Guess. Nan—I've seen your young man, and I should call him a diamond in the rough. Nan—Well, he's susceptible of some things, I'll admit, but you haven't classified him correctly; he's a Jasper.

To Renovate Historic Castle. Loch Dochart Castle, which was built in the thirteenth century on an island in the loch of the same name and is associated with the famous Rob Roy, has now been taken in hand by the Scottish Historical Antiquarian Association, and is being renovated so as to insure its permanency.

Vegetable Fiber for Shoes. A Haverhill (Mass.) shoemaker has patented patents giving him the right to make vamps and tops of vegetable fiber which he has invented and patented to be used in the manufacture of shoes. A few cases of shoes have been made of this material, which appears to be a good substitute for leather. The fiber is said to be particularly suitable for warm weather wear because, being of a woven material, air can penetrate the vamp and top. The inventor also claims that a shoe made of this material is waterproof.

He Knew. "Where there's a will there's a way," says Taylor Holmes, appearing in "The Million." "The way, however, varies, as in the case of a certain pickpocket, who was convicted promptly fined. The lawyer of the pickpocket took \$25 imposed upon his client very much to heart. "Your honor, where is this poor, unfortunate man to get \$25?" "His honor did not know, or if he did he refrained from saying so, but the prisoner was less discreet. "Just let me out of here for ten or fifteen minutes," he said, "and I'll show you?"—Young's Magazine.

The Food Tells Its Own Story. It's one dish that a good many thousand people relish greatly for breakfast, lunch or supper.

RECLAIMING CUT HARDWOOD TIMBER LAND

By R. S. SHAW, Dean and Director Michigan Agricultural College.

Such Land Could Easily Be Made to Produce More Pasture by Scattering Grass Seed and Piling Loose Logs.

In order to reclaim hardwood stump land and prepare it for the production of farm crops, action must be taken quickly after the timber has been removed to prevent a second growth from starting up and greatly increasing the cost of clearing year after year. This is particularly true where maple seedlings are abundant.

The only practical way to clear such lands consists in producing conditions which will hurry the rotting of the stumps in the ground and the debris on the surface. In order to do this a fairly good job should be made of the piling and burning, and there are always opportune times to do this work.

It can be so arranged. To pile the brush and partly decomposed logs and pull all small snags entails a large expense. On the other hand if too much debris remains it diminishes the returns from pasturage.

As soon as the burning has been done a mixture of grasses and legumes should be sown, consisting of timothy, red clover, alsike, alfalfa

(if conditions are suitable) and some orchard grass. This mixture should be sown broadcast over logs and stumps, covering the entire area. If the season is moderately wet and the seeding is made early no attempt to cover may be necessary, but if conditions demand it the brush drag is the only thing that will avail except where the clearing has been clean enough to permit of the use of an A-shaped drag.

The following season after the grass and clover has become established the area should be pastured by sheep, which will not only keep the grass down, but will destroy all sprouts, weeds, etc., much more effectively than cattle or horses. Under these conditions, with all attempts at growth completely checked, the hardwood stumps will rot out in a few years, leaving the land in condition easily prepared for cultivation. A good seeding is essential to success and a good percentage of timothy is particularly desirable.

over the land shortly before sowing the seed:

Sulfate of ammonia, 25 per cent. 200 pounds  
Burdock seed, 25 per cent. 200 pounds  
Cotton seed meal, 25 per cent. 200 pounds  
Acid phosphate, 25 per cent. 200 pounds  
Muriate of potash, 50 per cent. 400 pounds

3000 pounds

The seed should be sown as early in the spring as the soil can be brought into the best possible condition. The hand drills which sow one row at a time are extensively used but larger growers use a gang of drills which seed five or seven rows at once.

Where hand cultivation is to be practiced the usual distance between rows is 12 to 14 inches. For growing the standard market onion 10 rows 14 inches apart, about four and one-half pounds of seed will be required per acre. Thinning should be done at the first weeding to a uniform stand of eight to ten plants to the foot. It is always well, however, to allow for considerable loss of plants, and unless the plants are so thick as to actually crowd, the thinning will not be necessary.

The cultural requirements of the onion are frequent shallow stirrings of the soil and freedom from weeds. As soon as the plants are up and the rows can be followed, the cultivator should be started to loosen the soil, which is always more or less compacted during seeding. There are many wheel hoes and hand weeders on the market, which greatly assist in the tedious weeding and thinning of onions.—Farmers' Bulletin 254, United States Department of Agriculture.

HOW TO CAN CORN

By Mrs. MYRA BOGUE, Michigan Agricultural College.

Select young, tender ears of sweet corn, husk and silk, then with a sharp knife shave off the outside of the kernels and scrape the inner juicy portion from the cob. Fill the cans, add one tablespoonful of salt, then pour in sterilized water from the tea kettle until it runs over. Put on rubbers and tops but do not seal. Set cans in the boiler, which has been equipped with a wooden bottom, pour in the cold water, place the cover on, and boil for one hour. Remove the cover and when the steam escapes screw or clamp the tops so as to prevent the air from entering. The next day loosen the tops and repeat the boiling. Fasten the tops as before and cool. The third day repeat the operation. Then when cool seal and put in a cool, dark place. The repeated boiling will kill all the bacteria and make "assurance doubly sure." Do not put too much water in the boiler and be sure the cover is on tight, as it is the steam that does the sterilizing.

Feed the farm flock well in the fall. The success of the lamb crop depends, in a great measure, upon the health and condition of the ewes at the time of breeding and at the time of entering the feeding pens in the fall.

Some succulent pasture should be furnished them at the time when pastures are usually dry in the fall. Rape is sometimes seeded in the corn at last cultivation or in the oats to furnish pasture for this purpose.

OLD-FASHIONED IDEAS WILL NOT DO IN PACKING FRUIT FOR HIGHEST PRICE

By Careful Attention, Absolute Honesty and Judicious Advertising Farmer Can Create Demand for His Particular Variety of Garden Produce.

(By C. M. SCHULTZ)

A New York business man who was forced to a New Jersey suburb on account of broken health, is making a splendid living by repacking fruit and vegetables which he buys from farmers and truckers, repacking them and selling direct to the consumer. He drives on an average 20 miles, and the outdoor life has completely restored his health.

Three years ago this man commenced business with a one-horse wagon. He repacked his fruit and vegetables with the aid of a small son, drove his own wagon, and conducted the entire business practically alone.

He now owns two double-team wagons, two single-horse wagons and a light auto truck, covering four routes, each from 12 to 15 miles long. This man is simply doing what the farmers and fruit-growers from whom he buys his supplies ought to do themselves if they would make all the profit there is to be made in the business. Growing the crop is not all of the game. Marketing is a good

men, dumped into barrels regardless of size or condition, mixed with dirt, leaves and twigs, all tending to lower the value of the fruit, a condition which the commission men are quick to take advantage of.

All over the great market district in the basements are men and boys constantly engaged in dumping these apples on huge tables, where they are sorted according to size and color, and repacked in boxes or barrels. In the former the layers are ranged in rows with the stem-side up. When packed in barrels the top layer is made up of selected fruit all of the same size and color; and the rows are uniform, so that when the cover is removed the appearance of the barrel is pleasing.

A commission man on South Water street, Chicago, in a burst of confidence said: "Does it pay to repack fruit and vegetables? Well, I should say it did. I pay expert fruit-packers three dollars per day and their work nets me in profit at least three times their wages, and often four and five times. The way shippers send their stuff to market is a fright, and we people who see it coming in here every day by the hundreds of carloads can understand why fruit growers do not make more money than they do. Too many of them lack common business 'gump.' That's about all there is to it."

In packing apples in barrels the first process is to place the barrel with top down with the bottom removed. The grower's label and a paper pad is first placed on the top and then the apples are laid in layers with the stems down and so arranged as to fit in snugly, leaving as little space between the apples as possible.

The next layer is also placed in the same way, great care being taken to get fruit of the same color for both layers so that the second layer will show through the first when the barrel is opened. The barrel is then filled with fruit and gently shaken until nearly filled, when the last few layers must be so laid that the bottom will bear evenly upon it all. The last layer should be about level with the top of the staves, or just a little higher.

The bottom cushion should then be placed on the fruit and the head laid on and forced down with a press for the purpose, the head and hoops then being nailed in place.

A barrel, so packed, can be shipped long distances, and stored a considerable length of time without injury to the fruit. The more closely the fruit is packed the tighter the heads are pressed down—provided the pressure is not great enough to cause bruising—the better will the fruit stand shipping and handling.

It must be borne in mind that a plant in a pot is trying to develop itself under unnatural conditions and it must be assisted in every possible way, and the conditions under which it labors should be made as nearly natural as possible. It must be supplied with fresh air in liberal quantities as frequently as the weather will admit. It must be given the benefit of all sunshine furnished by the short winter days, if it is a sunshine-loving plant, as most flowering plants are.

If it is not particularly fond of sunshine it will require good light in liberal amount. And in order to make development as thorough as possible, and lay the foundation for future good work in the production of flowers, it must be supplied with all the nutriment it can make use of, for no plant can do itself justice unless it is well fed. And water must also be given in proportion to the needs of the plant at this season.

Alfalfa. Alfalfa is one of the best of all forage plants, both for the land and for stock food. It requires a certain species of bacteria on the roots to cause the plants to grow and this is not present in all soils, but must be applied in soil that comes from a field where alfalfa or sweet clover (mellilotus) is growing well. The same bacteria live on the roots of these two plants. It is good for orchards if cut down and the hay allowed to rot on the ground. Alfalfa or any of the clovers should be plowed under after standing two or three years.

Women

From Forty-Five to Fifty Are Much Benefited by Lydia E. Pinkham's Vegetable Compound.

The "change of life" is a most critical period in a woman's existence, and the anxiety felt by women as it draws near is not without reason.

When her system is in a deranged condition, she may be predisposed to apoplexy, or congestion of some organ. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

These symptoms are calls from nature for help. The nerves are crying out for assistance and the cry should be heeded in time.

Lydia E. Pinkham's Vegetable Compound is prepared to meet the needs of women's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

There being no further business it was moved and supported to adjourn. Carried.

H. E. COOPER, Village Clerk. Notice. All electrical supplies are now carried in stock at the office of the superintendent of the Municipal Light and Water plant, power house, North Main street. Adv. J. A. DANTON, Supt. MUST BELIEVE IT When Well-Known Chelsea People Tell It So Plainly. When public endorsement is made by a representative citizen of Chelsea the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following: Charles H. Hepburn, Washington St., Chelsea, Mich., says: "I can recommend Doan's Kidney Pills as an excellent kidney remedy. My kidneys troubled me for some time and I was subject to dull, heavy pains in the small of my back. It was hard for me to stoop or lift and morning upon arising, my back was lame and weak. I tried several remedies, but did not receive relief until I commenced taking Doan's Kidney Pills. They not only removed the pains and soreness, but strengthened my kidneys and regulated the passages of the kidney secretions. You are welcome to use my name as a reference for Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Advertisement. Puts End to Bad Habit. Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try them. Let the joy of better feelings end "the blues." Best for stomach, liver and kidneys. 25c. L. P. Vogel, H. H. Fenn Co., L. T. Freeman Co., Adv.

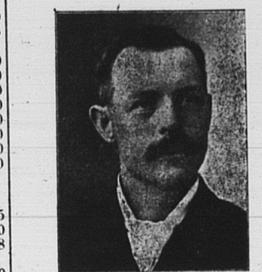

George J. Burke.

George J. Burke of Ann Arbor is the Democratic candidate for Prosecuting Attorney of Washtenaw County. He was born on a farm in this county and has been a resident of the county ever since. He obtained his education through his own efforts and started in the practice of the law in 1907.

Mr. Burke has been Prosecuting Attorney for one term and his campaign is for re-election. His record in the office is such that his friends throughout the county feel that he will have the support of all citizens who believe in impartial law enforcement.

Mr. Burke never held office or was a candidate for office before his election as Prosecutor. Advertisement.
