Studebaker

Safety At Any Speed

In both Series "18" FOUR and Series "18" SIX, Studebaker has concentrated in refining, perfecting, and strengthening one of the best full-floating axle systems ever put under a car, regardless of price.

In qualities of steels; in development of design; in accuracy of manufacture, Studebaker could not improve on its construction, even if it manufactured a car to sell for \$5000.00.

The weight of the car; the strain of stopping, starting and driving the car; the strain of side-thrust in turning corners at high speed, are all absorbed by the giant strong axle housing, and all of these strains and the weight of the car, are carried on this housing on big Timken bearings.

WHO WERE DRAFTED
FOR ARMY SERVICE

Listed by Townships, and in Order in Which They Were Drawn.

Below is published a list of draft numbers in the order in which they were drawn for the several townships in this vicinity. The list is incomplete and covers only those drawn in drawings numbers 1 to 3,250 inclusive, but probably covers more men than will be asked to report for examination. The list is not official, but is correct as far as we have been able to verify it, to date.

On page two of this issue will be found a complete list of the numbers as drawn in Washington last Friday, from drawings 1 to 3,584 inclusive so that men who have their "red ink" numbers, previously published in the Tribune, can determine for themselves the order in which they were drawn unless they were drawn after the 3,584th drawing, in which case they will probably not be called for the first draft.

NERVY BASE STEALING

Avery and Swigert Make Sensational Double Steal at Clark's Lake.

Dr. H. H. Avery of this place and Charles Swigert of Cincinnati, Ohio, a popular wholesale jeweler who frequently visits Chelsea, distinguished themselves on the baseball diamond at Clark's lake, Sunday, and incidentally won the game for the Eagle Point team from the strong and seasoned Pleasant View veterans.

Their particular stunt was a sensational double base stealing play with acrobatic accompaniments, which saved the day for the Eagle Pointers.

SCHENK - BELSER.

Miss Esther Schenk, daughter of Mr. and Mrs. W. P. Schenk, and Mr. Paul Belser, son of Mr. and Mrs. F. H. Belser, were married Saturday evening, July 21, 1917, at six o'clock at the home of the bride's parents, East and Orchard streets, Rev. P. W. Dierberger officiating.

The attendants were Miss Leona Belser, sister of the groom, and Mr. Herbert Schenk, brother of the bride. Only the immediate families and near relatives of the bride and groom were present.

Following the ceremony and congratulations, a wedding dinner was served, after which Mr. and Mrs. Belser drove to Ann Arbor where they took a Michigan Central train for Detroit, where the groom is employed by the Ford Motor company.

Both Mr. and Mrs. Belser are graduates of the Chelsea high school and very popular in Chelsea and vicinity and have the best wishes of a large circle of friends.

SWIPED RAILROAD'S MONEY.

Two Mexicans, who have been working in the sugar beets hereabouts, were arrested Saturday afternoon in connection with the alleged theft of slightly over \$11 from the Michigan Central ticket office. The ticket agent was checking up his cash and left that sum on the inside ledge of his window while he answered a telephone call. When he returned to the window the money was gone, also the Mexicans who had previously been in the waiting room. The money was returned and the two suspects released upon payment of costs.

REMARKABLE OLD AGE.

Edwin L. Richards and his daughter, Miss Effa, from Hastings, are visiting at the homes of his brothers, F. E. and Geo. W. Richards.

This is quite a remarkable family gathering of aged people. Mr. E. L. Richards is in his 95th year, and still a very capable and able man. Mrs. Fyler, the sister, has just passed her 92d birthday. F. E. Richards passed the 83d milestone last April, and George W. Richards his 78th year the same month.

CASSIDY - PETERSON.

Miss Kathryn Cassidy and Mr. Leo J. Peterson, both of Jackson, were married Monday, July 23, 1917, at St. Mary's church in that city. The bride is the daughter of Mr. and Mrs. Pierce Cassidy, former residents of Lyndon, and well known to many in that vicinity.

The apportionment is as follows: Ann Arbor, \$1,159.20; Ann Arbor city, \$27,950.40; Augusta, \$3,211.20; Bridgewater, \$2,059.20; Dexter, \$1,159.20; Freedom, \$2,080.80; Lima, \$1,540.80; Lodi, \$1,548; Lyndon, \$1,015.20; Manchester, \$3,296; Northfield, \$2,131.20; Pittsfield, \$1,857.60; Salem, \$1,634.40; Saline, \$3,420; Scio, \$2,671.20; Sharon, \$1,627.20; Superior, \$1,915.20; Sylvan, \$4,559.60; Webster, \$1,058.40; York, \$5,464.80; Ypsilanti, \$1,749.60; Ypsilanti city, \$11,865.60. Total, \$84,952.80.

BAND CONCERT AUG. SECOND

Program Includes Both Classical and Popular Selections.

The Hollier Concert band will give its next free open air concert on Thursday, August 2d. The concert last Thursday evening drew a large audience, proving that the people of the community appreciate good music and the liberality of the Chelsea business men who contribute freely for each concert.

The program for the next concert follows:

Opening selection—America
March—Greater Jackson L. F. Boos
Katinka Friml
Martha Flotow
Waltz—Impassioned Dreams Rosas
Overture Shaggs
Poor Butterfly Hubbell
Arrah Go On, I'm Gonna Go Back
to Oregon Irwin
From Here to Shanghai Irwin
Let's All be Americans Now Irwin
Down in Iowa Meyer
March—National Emblem Bagley
Star Spangled Banner.

INCREASE MILL CAPACITY.

An industry of steadily increasing importance in Chelsea is the Chelsea Roller Mills operated by the William Bacon-Holmes company with Howard Holmes as manager of the milling department.

The capacity of the mill has just been increased from 75 to 125 barrels per day by the addition of new bolting equipment, and it is now possible to turn out 250 barrels per day if the plant is operated continuously.

A new 40 barrel capacity rye and buckwheat mill has also been installed, and "will do its bit" in grinding these grains and helping to solve the h. c. l. problem.

Great Draft Lottery Continues
for 16 Hours Before Final
Number Is Drawn.

Washington, July 21.—America's great army of democracy has been drafted. At 9:40 o'clock on Friday, morning Secretary of War Baker, blindfolded, drew from a big glass bowl the first capsule and the number in it was announced as 258. Other distinguished officials in turn drew out numbers, and then the task was turned over to the regular tellers, who worked steadily at it until early Saturday morning, when the final capsule was drawn.

The beginning of the draft was participated in and witnessed by a company of notables as large as could be accommodated and was surrounded with all due solemnity. After Secretary Baker had drawn the first number, seven others were drawn by Senator Chamberlain of the senate military committee, Congressman Dent of the house military committee, Senator Warren and Representative Kahn, ranking minority members of the senate and house military committees; Maj. Gen. Tasker H. Bliss, acting chief of staff of the army; Maj. Gen. Enock Crowder, provost marshal of the army; and Major General McCain, adjutant general of the army.

More than a million men were represented by the first 1,000 numbers drawn, according to an official statement, and it is likely that only the first 2,000 drawn will be called before the exemption boards for the first army. The numbers above a few thousand will not affect registrants except in a small number of the largest districts. Of the 4,557 registration districts throughout the country the largest has something over 10,000 numbers, while the smallest has only about 185, and the average is about 3,000. As the drawing proceeded, 157 numbers were withdrawn before one low enough to affect the smallest district came out. It was 126, placing 4,557 men numbered 126 on their local lists as 15th in order of liability.

The following list shows the numbers in the order in which they were drawn. The first number in each case represents the order in which the second, or red ink, registry, number was taken from the bowl. Four numbers are given in each line, beginning with the first number, which was drawn by Secretary Baker.

Poultry Flocks Smaller.

Reports recently gathered concerning 5,208 flocks of poultry on farms and in small towns in all parts of the country show that the average number of hens per flock this year is 107, as compared with 146 in 1914. This information, which was obtained by an incubator manufacturer in the middle West, indicates that shortage of supply has been an important factor in producing present high prices for poultry and eggs. It appears that a very considerable number of poultry raisers have sacrificed many of their hens for the sake of immediate profits—a policy the effects of which are now being felt by the entire country.—Popular Mechanics Magazine.

Funny Big Boy Scouts.

Two Ohio members of the officers' reserve corps at Fort Benjamin Harrison were walking along East Tenth street, near the technical high school campus, two weeks ago. They passed a group of small boys, who gazed, so the men thought, in tremendous admiration and awe. Just as the near-officers maybe puffed out their chests in just pride, one of the young irrepressibles shouted:

"Oh, Jimmy, look at the funny big Boy Scouts."—Indianapolis News.

WAY OF DRAFT EXEMPTION NO EASY WAY

Provost Marshal General Makes Public Steps to Be Taken by All Registered Men—Claims for Exemption Must Be Made in Person.

Washington.—Persons subject to exemption, either because of physical disability or included in the president's proclamation of those who are automatically to be released from the draft, must themselves establish their claims. Some fine distinctions, too, are drawn in setting forth a valid claim.

The rules given out by the war department follow:

1. **LOCAL BOARDS**—In every county in the United States and for every city of over 30,000 there are one or more local exemption boards. Each of such boards is in charge of the registration cards of persons registered in the area, over which the board has jurisdiction, and has jurisdiction of all claims for exemption, except those based on industrial grounds. FIND OUT WHAT BOARD HAS YOUR CARD AND WHERE THE OFFICE OF THAT BOARD IS.

2. **DISTRICT BOARDS**—In every federal judicial district there are one or more district boards, having appellate jurisdiction over a number of local boards and having original jurisdiction of claims for exemption on industrial grounds. IF YOU INTEND TO MAKE A CLAIM ON INDUSTRIAL GROUNDS, INCLUDING AGRICULTURE, LEARN WHAT DISTRICT BOARD TO APPLY TO.

3. **RED INK SERIAL NUMBERS**—Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction. Lists showing the names of persons in the jurisdiction of each board and the red ink number of each are open to inspection at the office of each board. INSPECT THE LIST AND INFORM YOURSELF OF YOUR RED INK SERIAL NUMBER.

4. **ORDER OF LIABILITY**—These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is complete lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board. GO TO YOUR LOCAL BOARD AND FIND OUT THE ORDER IN WHICH YOU STAND FOR CALL.

5. As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself when you are called.

6. Physical examination—you must report for physical examination on the day named in your call.

If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

If you are found physically qualified and file a claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

7. **EXEMPTION OR DISCHARGE**—No claim or discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV, below.)

8. **WHETHER YOU FILE A CLAIM OF EXEMPTION OR NOT, YOU MUST PRESENT YOURSELF FOR PHYSICAL EXAMINATION ON THE DAY NAMED IN THE NOTICE.**

From the day notice that you are called is mailed and posted you have seven days in which you may file a claim of exemption or discharge. The form for filing this claim is simple. If you wish to file such a claim—

Go to the board and get Form 110 for exemption or Form 121 for discharge.

charge. If the board has not the printed form to ask to consult the form pamphlet and copy the form shown there.

Fill out the proper form and file it with the board.

Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

That you are an officer, legislative, executive or judicial of the United States, a state or territory, or the District of Columbia.

That you are a regular or duly ordained minister of religion.

That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.

That you are in the military or naval service of the United States.

That you are a subject of Germany, whether you have taken out papers or not.

That you are a resident alien who has not taken out citizenship papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are the only grounds for discharge by a local board:

That you are a county or municipal officer.

That you are a custom-house clerk.

That you are employed by the United States in the transmission of mails.

That you are an artificer or workman employed in an armory, arsenal or navy yard of the United States.

That you are employed in the service of the United States (under certain conditions). See paragraph (c) of section 20, Regulations.

That you are a licensed pilot regularly employed in the pursuit of your vocation.

That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

That you are a married man with a wife or child dependent on you for support.

That you have aged or infirm parents dependent upon your labor for support.

That you have a widowed mother dependent upon your labor for support.

That you are the father of a motherless child under sixteen dependent upon your labor for support.

That you are a brother of an orphan child or children under sixteen dependent upon your labor for support.

That you are a member of any well-recognized religious sect or organization organized and existing May 17, 1917, and whose then existing creed or principles forbade its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

These are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

8. **Proof of claims**—Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple, but it is rather exact. If you follow the rules given below you will have done what is required of you:

(a) Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

(b) Ask the board for the blank affidavits that are necessary in presenting your proof; if the board has not the forms, ask to consult the pamphlet of forms.

(c) Have the affidavits properly accomplished and return them to the board within the time limit assigned you—ten days from the filing of your claim.

Remember:

(a) You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit all the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits, unless the board calls for other proof, which it will do in only a limited number of cases.

9. **WHEN CLAIMS ARE DECIDED**—Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

10. **CERTIFICATES OF EXEMPTION OR DISCHARGE**—If your claim is allowed, a certificate of exemption or discharge will be issued to you.

Remember:

(a) This certificate may be recalled at any time.

(b) If it is temporary or conditional it becomes of no effect when the time or the condition named is fulfilled.

(c) You have been drawn for military service and when the condition that has postponed your posting to the colors ceases you may be recalled at any time.

(d) Remember that your case may still be appealed to the district board by the government, and on this appeal your certificate may be withdrawn at once. When so withdrawn you stand precisely as though you had

been selected for military service by the local board.

11. **ADVERSE DECISIONS ON CLAIM**—If your claim is disallowed by the local board your name will be certified and sent by the local board to the district board as one who has been called for military service and not exempted or discharged. Within two days thereafter, if practicable, a list of those so certified to the district board will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public view, and notice will be mailed to the address on the registration card.

Therefore, if you have filed a claim for exemption and proof in support thereof watch the notices in the office of the local board, beginning about five days after you have filed your proof, to see what disposition was made of your case and make arrangements for the prompt receipt of mail.

Carrying Up Appeals.

12. **HOW TO CLAIM APPEALS TO DISTRICT BOARDS**—Claims of appeal may be made by a person within ten days after the day when notice has been posted and mailed that such person's name has been certified to the district board as one who has been called for service and not exempted or discharged.

Therefore if you desire to appeal—

(a) Go to the local board and get or copy form 153 or 154 for filing your claim of appeal.

(b) Get or copy also form 151 or 152 for notifying the district board of appeal.

(c) File your claim of appeal (153 or 154) with the local board.

(d) Send your notice of appeal (form 151 or 152) to the district board.

(e) Do this within ten days from the day when notice that your name was certified to the district board was posted and mailed.

Remember:

(a) You can only appeal the final order of the board exempting or discharging or refusing to exempt or discharge you. You cannot appeal other orders or actions of the local board.

13. **PROVING YOUR APPEAL**—You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence additional to that filed by you in the local board, but all such evidence must consist of affidavits.

14. **DECISIONS ON APPEAL**—The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

15. **CLAIMS FOR DISCHARGE ON INDUSTRIAL GROUNDS**—Only the district board can receive claims for discharge on the ground that they are engaged in industry, including agriculture, found to be necessary to the maintenance of the military establishment, the effective operation of the military forces, or the maintenance of national interest during the emergency.

If you desire to file such a claim:

(a) Get a copy at the local or district board of form 161 or 161a.

(b) Fill the form out properly.

(c) File it with the district board within five days after the mailing and posting of notice that your name has been certified from the local board to the district board. See section 41, regulations.

16. **PROOF IN SUPPORT OF INDUSTRIAL CLAIM**—Only affidavits can be used in filing proof before the industrial board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

17. **DECISIONS ON INDUSTRIAL CLAIM**—Within five days after the closing of proof in any industrial claim the district board must decide the claim.

If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district boards will so notify you.

18. **APPEALS TO THE PRESIDENT**—Only decisions of district boards on industrial claims for discharge can be appealed.

If you desire to appeal the decision of the district boards to the president, you may do so within seven days of the date of mailing to you of the decision of the district board. To perfect your appeal:

(a) Get or copy from the district or local board Form 163.

(b) Fill out the form and file it with the district board.

(c) Do this within seven days after the mailing of notice to you of the decision of the district board in your case.

19. **HOW YOU WILL BE NOTIFIED**—As soon as your case is finally disposed of, the adjutant general of your state will notify you by mail that you have been selected for military service.

Your local boards will post a list of all persons selected for military service in a place at the office of the local boards accessible to public view.

Notice that you have been selected for military service will not necessarily order you into service.

The notice to report for military service will come when the government is ready to receive you.

LIBERTY BONDS AND SAVINGS.

The habit of thrift so greatly encouraged in America by the liberty loan bonds which appealed strongly to patriotism and at the same time furnished such a splendid opportunity for saving, that it is believed that an era of economy and saving has been begun in this nation.

The American people are now thoroughly informed in the matter of the government bonds and it seems the consensus of opinion of authorities on such matters that the next liberty bond issue will sell more readily than the two billion dollar issue which has just been oversubscribed fifty per cent. Thrift joins with patriotism and humanity to make the next bond issue a success.

The opinion is also expressed that the savings banks deposits in this country will grow as this habit of thrift grows. The small purchasers of liberty loan bonds did not pay for their bonds with money drawn from savings banks, but are now paying for them out of new savings, and the habit of thrift thus brought about will increase savings bank deposits.

This has been the experience of England. Great Britain has sold since the war began over ten billion dollars in war bonds to her citizens, yet the savings banks deposits in England and Wales alone increased sixty million dollars in 1916.

The first issue of liberty loan bonds is not only as President Wilson says "America's endorsement of our entry into the war," it is evidence of our financial strength and our nation's solidarity and patriotism and also of American thrift.

CRAB TOAST.—Put a pint of boiled crab meat in a saucepan with melted butter, a teaspoonful of chopped celery, a pinch of flour, a gill of cream, salt and pepper to taste. Simmer till reduced to proper consistency for spreading on thin slices of toast. Garnish with a few oyster crabs on each slice. A dash of sherry is an improvement. Lobster toast may be made the same way.

Escalloped Lobster.—Boil the lobster, take the meat and chop it fine. Season it with pepper and salt and catsup. Add a tablespoonful of vinegar, small piece of butter and enough cream or milk to moisten it. Put this in a saucepan and let it boil, then put it in a buttered dish, sprinkle breadcrumbs or powdered crackers over it and bake it brown.

Deviled Turkey.—On the rump, gizzard and one leg put in salt and cayenne pepper. Let them be broiled and brought to the table as hot as possible. Cut them in small pieces and pour over a ladle of mustard or ladle of melted butter, a spoonful of sage, a spoonful of lemon juice and some of the gravy out of the dish. Mix quickly and serve.

Lobster Newburg.—Four tablespoonfuls of butter, two tablespoonfuls of vinegar, the meat of two lobsters, the yolks of two eggs, half a teaspoonful of salt and a half teaspoonful of pepper, a cupful of cream and a tablespoonful of sherry. Melt the butter in a chafing dish, add salt, pepper and vinegar. Beat the egg yolks, add cream to them, then add to other mixture. Serve as soon as it thickens.

Veal Souffle.—Two cupfuls of chopped cold veal, two cupfuls of white sauce, four eggs, a tablespoonful of onion juice, salt and pepper. The veal and seasoning are stirred into the white sauce while it is boiling and allowed to cook for about two minutes; then remove from the fire, add the yolks of three eggs well beaten and set away to cool. Fold in stiffly beaten whites and pour into buttered baking dish.

The Red Cross society acknowledges contributions of \$25 from the Masons and \$10 from the Maccabees. Recent new members are: James S. Gorman, Agnes H. Gorman, Mrs. J. T. Woods.

The William Bacon-Holmes company has placed an order for one of the Ford trucks and will operate it as a tractor with two trailing units, the front end of the trailer to be carried on the rear end of the tractor. While one trailer is out with the tractor making a delivery, the other unit will be loading in the company's yards.

CARD OF THANKS.

We wish in this way to express our thanks to the friends and neighbors who were so kind to us during the sickness and following the death of Mr. Monks.

Mrs. R. Monks and family.

Are You One of Them?

There are a great many people who would be very much benefited by taking Chamberlain's Tablets for a weak or disordered stomach. Are you one of them? Mrs. M. R. Searl, Baldwinville, N. Y., relates her experience in the use of these tablets: "I had a bad spell with my stomach about six months ago, and was troubled for two or three weeks with gas and severe pains in the pit of my stomach. Our druggist advised me to take Chamberlain's Tablets. I took a bottle home and the first dose relieved me wonderfully, and I kept on taking them until I was cured." These tablets do not relieve pain, but after the pain has been relieved may prevent its recurrence.—Adv.

OUR MID-SUMMER CLEARANCE SALE

Is Being Daily Taken Advantage of
By Hundreds of Wise Shoppers

DESPITE THE FACT that the present costs on so many staples are very high, we are still offering much merchandise, particularly staples, at the old prices, because our immense stocks were bought early, many of them last fall, and under the much lower prices than at present. So while these goods last we are offering them at particularly attractive prices.

Suits Are Especially Low-Priced

Cottons, yard wide Sheetings, ready-made Sheets
and Cases, Linens, Laces, Silks, Wash Goods, Lawns,
Voiles, etc.

In short—every department is offering special inducements to the buyers during this month only.

HORSES

Will sell 25 head of good Horses

AT AUCTION

At Charles Kulenkamp's Barn, in Manchester

Wednesday, July 25

Regardless of price, these are all good Indiana Horses, raised in the vicinity of Ft. Wayne. Good broke and sound and ready for work, these horses consist of Mares and Geldings. The Geldings were too thin for the mares. The government recently placed an embargo on Mares, realizing the shortage in horses, thus compelling the American people to keep their Mares for breeding purposes. This left us with these Mares on our hands.

You all realize that the horse industry is getting of vital importance to the American people, as there have been thousands of our horses shipped to foreign countries for army purposes.

We will exchange these horses for horses suitable for army purposes from 5 to 9 years of age.

Horses will be on inspection Tuesday, July 24, 1917. Horses must positively be as represented.

TERMS—Six months time on bankable notes at 6 per cent.
