## AS OTHERS SEE US

**Special Writer for the Detroit News Pays Chelsea Pretty Compliment.**

Sunday's Detroit News contained an article regarding Chelsea by Cyril Arthur Player, author of the "Thumb Nail Sketches," in that publication. Cyril Arthur is real lavish in his praises of the town in general, and true to his name, almost playful at times, but criticises the "general store idea," which is so prevalent here. The article follows:

"If there were modern chroniclers of heroic journeys, as in the classic days of Aeneas and his fellows, Chelsea would be one of those pleasant ports in which the driven bark came to rest and the captain and crew pulled themselves together after the rigors of the seas.

"Not that there is much of Chelsea itself; but it forms the gateway to a *pleasantland—Washtenaw county and* comes beautiful and serene, after the unspeakable dreariness of Jackson county. Any motorist will tell you that the International Highway running through Jackson county is paved with good intentions, laid badly. Moreover, the villages along the highway have an air of studied pessimism, and take no pains to set an interesting front to the wayfarer.

"Thus, after being tossed for thirty *miles or so, and* almost cast away, the motorist glides with grateful heart and the remains of his tires into the easy approach to Chelsea.

"The wise traveler, with a strain of posey in him, will make this port at twilight or a few minutes later; he has had a hard day, and is pleasurably surprised by the sudden change in road-building; he glides into Chelsea and, to his grateful spirit, its shadows give a touch of mystery, soften a few stubborn chimneys in a canopy of gloom which may be trees, if he likes trees, or may be hills, if he prefers hills, or may be void of night, if he has a fancy for voids.

"As a matter of fact Chelsea is merely the welcoming outpost of the pretty country which fills Washtenaw and Livingston counties, and does not need to possess others charms. Its central square, literally a cross roads, with its four short stretches of stores, is conventional to the point of primness, yet that is the suitable guise for the keeper of the gate, plain, business-like, modest.

"There is nothing seedy or down-at-the-heels about Chelsea. The stores are fresh, the windows carefully arranged, and, on an evening and especially Sunday (he probably meant Saturday evening) it is busy mart for the countryside. If Chelsea has a weakness, it is for those stores which begin with a display of mouth-organs and end with a bale of dry goods, or start out to be a cigar counter and wander off into the background to a china and earthenware salesroom.

**Finds Toys in Grocery Store.**

"You can find toys in a grocery-store at Chelsea; has anyone ever thought of that before? Who can deny the charm of shopping where you cannot definitely tell the contents of a store until you have explored it from window to alley?

"Standing, in the dusk, in the center of the village, you marvel at its frank, business-like air, its closely-built stores, and the amount of trade they represent. No gaps of closed fronts, or shuttered houses, everything opens wide to the passer-by. Chelsea, in fact, has the instincts of a metropolis in a doll's house community.

So much for Chelsea; leaving it there is a pleasant road to Ann Arbor and the garden of Michigan; a little to the north and there is the chain of lakes on the Huron and, so into Livingston county, Island Lake, Brighton, Howell and bending northeast, Walled Lake, Orchard, Cass and Union Lakes and all their hundreds of associates.

"The remarkable thing about Chelsea is that the bright little village does its very best to whisper all of this; you can feel quite distinctly that there is a good time coming, that the village would never be so confidently hospitable if it did not know that it had a right to promise fine things. Chelsea could not deceive, if it tried. It is an honest little place.

"Although what is the message it has for the persons coming the other way and leaving its pleasant streets for, the sorrows of Jackson County has not yet been ascertained."

## CHELSEA HIGH LOSES

**Football Team Defeated by Ypsilanti Central High, 56 – 0.**

Chelsea High school lost the first football game of the season, Friday, in Ypsilanti to the Central high team of that place. The score of 56 to 0, looks like an overwhelming defeat for the Chelsea lads, but is really a creditable showing considering the fact that Chelsea has not developed a team before for four years and is even now struggling along without the services of an experienced coach. Also, it was *their first game of the season, while* Ypsilanti had played two previous games.

The Ypsilanti coach complimented the Chelsea team on its plucky fight and said that it has the material for a star aggregation.

This week Friday the Chelsea boys will play Stockbridge high on Alber field, out North McKinley street. The game will be called at 3:45 o'clock.

### WANTS NEW SCHOOL BUILDING

**Supt. Walling, Formerly of Chelsea, Hustling for New Building in Eaton Rapids.**

W. L. Walling, ex-superintendent of the Chelsea school, and now head of the Eaton Rapids school, is campaigning for a new building in that city. The Journal of that place says:

Superintendent Walling is planning an auto trip to Hastings next Tuesday with the board of education and as many of our good people as can possibly spare the time to inspect the beautiful high school building that has recently been erected in that city.

The time has come when it seems absolutely necessary that our school district provide something adequate for our rapidly increasing school population. More and more it is evident that the demand for more room in our local school is imperative and we can't defer the matter. More room was needed ten years ago; and it's a shame that the requirements couldn't have been met at that distant date; but it wasn't, and now we must pay twice the price for our folly. Should we wait even two years more, there is nothing to indicate that we could build at less cost than now.

We admire Mr. Walling's energy and enthusiasm in the matter and would like to see at least a hundred men and women who are interested in school matters and the welfare of our future generations, get into the band-wagon and join in the trip to Hastings next Tuesday.

Miss Cecelia Eder and John Eder, Jr., cousin and brother of the bride, were the attendants. The bride wore a brown serge suit with hat to match, while the bridesmaid wore a dark blue serge suit and black hat.

Following the ceremony a wedding *breakfast was served to the immediate* families at the home of the bride's parents, 748 Taylor street.

## LEARN TO USE FINGERS

**Kindergarten Room of Chelsea School Is An Interesting Place.**

Are you interested in the little folks? If you are visit the Kindergarten some morning or afternoon. They will sing for you, or tell you an interesting story in dramatization. Some of the grown-ups think they only play in Kindergarten, but really, that is not all they do. They like to work too, and build houses and engines and bridges with large blocks, which are put neatly away, when they are thru—and that is hard work, for each block, large and small, has its place.

They're learning to use their fingers with pasting and coloring and cutting, and their minds with observing and thinking. They are learning many interesting facts concerning every day things, that they just took for granted before. This week, seed disbursal is proving an interesting study. They thought everything was going to die in the fall of the year, but instead, they have learned of the new lie of every tiny seed. Especially is the truth of *life manifest in the knowledge that* our collection of caterpilars, which now seem so life-less in their ugly cocoons, are not dead at all, but sleeping until spring, the time for butterflies.

The kindergarteners are anxious for mothers to visit them often, for they know she will like Kindergarten too.

## Was Laid Up In Bed

**Doan's, However, Restored Mrs. Vogt to Health and Strength. Hasn't Suffered Since.**

"I had one of the worst cases of kidney complaint imaginable," says Mrs. Wm. Vogt, 4315 Audrey Ave., Wellston, Mo. "And I was laid up in bed for days at a time.

MRS. VOGT.

"My bladder was inflamed and the kidney secretions caused terrible pain. My back was in such bad shape that when I moved the pains were like a knife-thrust. I got so dizzy I couldn't stoop and my head just throbbed with pain. Heads of perspiration would stand on my temples, then I would become cold and numb. My heart action was affected and I felt as if I couldn't take another breath. I got so nervous and run down, I felt life wasn't worth living and often wished that I might die so my suffering would be ended. Medicine failed to help me and I was discouraged.

"Doan's Kidney Pills were recommended to me and I could tell I was being helped after the first few doses. I kept getting better every day and continued use cured me. My health improved in every way and best of all, the cure has been permanent. I feel that Doan's saved my life." *Sworn to before me.*

## THE "BLUES"

Caused by

## Acid-Stomach

Millions of people who worry, are despondent, have spells of mental depression, feel blue, and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Nor is it to be wondered at. Acid-stomach, beginning with such well defined symptoms as indigestion, heartburn, sour risings, bloat, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC that brings oh! such quick relief from your stomach miseries—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. # PACT AMENDMENTS KILLED BY SENATE

FIRST DEFINITE ACTION ON TREATY RESULTS IN VOTE AGAINST CHANGES.

## BOTH SIDES CLAIM VICTORY

**Several Senators Who Voted Against Amendments Favor Reservations Without Endangering Treaty.**

Washington.—At last reaching the stage of action in its consideration of the peace treaty the senate on October 2 swept aside in quick succession 36 of the 45 amendments which had been written into the document by the foreign relations committee.

The smallest majority recorded against any of the committee proposals was 15, and the largest was 28.

All of the amendments considered had been introduced by Senator Fall, Republican, of New Mexico, and were designed to curtail American participation in European settlements resulting from the war.

Throughout the voting the Democrats presented a solid front against the amendments, except for Senators Gore, of Oklahoma, and Thomas, of Colorado. Seventeen Republicans, on the other hand, lined up against the first committee proposal to be considered, and most of them stood with the Democrats on all succeeding roll calls.

Many of them announced they were for reservations which they believed would cover the same ground without endangering the treaty.

Under a special agreement, speeches on the amendments were limited to five minutes and nearly half the senate membership got into the running debate. Only a few senators were absent and many of the house crowded into the rear of the chamber to see the first actual action on the treaty.

Treaty advocates declared themselves elated in the result of the first test of strength while the opposition leaders also claim victory on the showing made.

Of the nine amendments to be acted on this week six relate to the Shantung section, two propose to equalize voting power in the League of Nations, and one would limit American representation on the reparations commission.

## NOTED GANGSTER MEETS FATE

**Giannola, Detroit Feudist Leader Killed—28 Bullets Pierce Body.**

Detroit.—Sam Giannola, Detroit's most noted gangster, was shot and killed at 2:30 p. m. Thursday, Oct. 2, at Monroe avenue and Russell street, by three feudists, 28 shots entering his body.

The slayers escaped and no trace of them was found.

Giannola had just left the branch of the American State Bank at 368 Monroe avenue when the shots were fired.

Sam Giannola had a long police record and had been arrested many times on charges ranging from murder to bootlegging. In each case, however, he escaped through lack of evidence.

He was believed to be the head of a gang that numbered murder, motor car thefts and liquor running among its accomplishments. He is said to have been in constant fear that he would be killed by a rival faction of gangsters.

His brother, Tony, was killed Jan. 2, this year, while walking through the East Side Sicilian district.

## REST ORDERED FOR PRESIDENT

**Wilson's Illness More Serious Than At First Reported.**

Washington.—President Wilson, said to be "a very sick man" by his physician, Dr. Cary T. Grayson, last Friday entered on a period of absolute rest which it is said will be necessary for some time for his recovery from the attack of nervous exhaustion which interrupted his speaking tour.

This course of treatment was announced by Dr. Grayson after consultation with Dr. F. X. Dercum, a Philadelphia neurologist, and two Washington physicians.

The physician called in for consultation, it was said at the White House, agreed thoroughly with the diagnosis and the method of treatment outlined by Dr. Grayson.

The decision to call in a nerve specialist, Dr. Grayson said, was made as a precautionary measure.

**$250,000 Estate Left By Mitchell.**

White Plains, N. Y.—John Mitchell, former president of the United Mine Workers of America, left an estate of $250,000, mostly in stocks and bonds, according to a petition for letters of administration filed in the surrogate's court of Westchester county. In a will written in his own hand shortly before his death, but believed to be invalid because it lacked witnesses, the labor leader bequeathed all but $10,000 of his estate to his wife and children.

## BELGIUM'S RULER NOW TOURING UNITED STATES

KING ALBERT OF BELGIUM.

New York—The king and the queen of the Belgians, with Prince Leopold, heir apparent to the throne, are the guests of the United States. They arrived here last week.

They have come, as his majesty expressed it, to voice their gratitude and that of their people for the generous aid given them by this country in years of direct need when their nation was threatened with extermination.

According to this announced plan the royal party will depart for home the latter part of this month.

## AGITATORS BLAMED FOR RIOTS

**Promise Negroes Big Price For Cotton —Federal Troops Called.**

Helena, Ark.—With federal troops patrolling the village of Elaine, detachments on duty at Melwood and other centers of population in the southern part of Phillips county, and a company of soldiers stationed in Helena as a precautionary measure, the situation due to race rioting in the vicinity of Elaine seems to be well in hand.

Before the arrival of the troops 11 negroes and 5 white men were known to have been killed.

According to information for some time past, Negroes of the county have been organizing secretly, providing themselves with rifles and holding semi-weekly meetings to drill and prepare for the day when, according to the promises made by the organizers, they were to be called upon by the government to join in demanding 50 cents a pound for their cotton.

Under the mystic plan, according to information obtained by local officials, the Negroes were promised that the government was to pay them for their cotton direct and they in turn were to settle with the land owners.

## WON'T DROP ANARCHIST CASES

**Immigration Commissioner Says Postponement Just Matter of Procedure.**

Washington.—The government has no intention of side-tracking the cases against Emma Goldman and Alexander Berkman, anarchists, held under $15,000 bond each pending decision regarding their deportation as undesirable aliens. A. E. Caminetti, commissioner of immigration has declared definitely that the postponement of Emma Goldman's hearing at Ellis Island was ordered by the government as a matter of procedure, and does not mean abandonment of the action against the woman.

It was suggested that if deportation of the two radicals is obtained by the secretary of labor, it may be found difficult to carry out the order. Both are Russians and it may not prove an easy task to return them to Russia.

## NO COMPROMISE, SAYS GARY

**Refuses to Consider Arbitration of Steel Strike.**

Washington—"No compromise and no arbitration" of the steel strike will have his consent, Elbert H. Gary, chief executive officer of the United States Steel Corporation, declared before the Senate committee investigating the steel strike.

He refuses to meet or confer with the A. F. of L. leaders on any phase of the strike or any proposal for its settlement, Mr. Gary announced, because they represent a minority of the steel workers."

**Mexican Schools Are Idle.**

Washington.—Education in Mexico seems to be going backward instead of forward on the basis of reports received here through official channels. The bureau of education in the federal district of Mexico has announced the closing of 224 schools, 116 of which are in the capital and the others in municipalities of the district, because of a shortage of funds. It is estimated 150,000 children have been deprived thereby of educational facilities.

New York.—"Count" Max Lynar Louden, a former German agent, who included among his exploits a plot to kidnap President Wilson and invade Canada with 150,000 German reservists, was sentenced to three years in Sing Sing prison for attempted forgery. The "count" recently was released from the same prison, where he has spent his time since April, 1916, serving an indeterminate sentence for bigamy.

**Endowment Reaches $1,000,000.**

New York.—Nearly $1,000,000 was raised in two days for Harvard University's $14,000,000 endowment fund, a large part of which is to be used in increasing the salaries of professors and instructors, it was announced. *Your New Home*

should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

**Alabastine**

***Instead of kalsomine or wallpaper***

How much better, when you have a new home, to *start right* than to have to correct errors afterward from former treatment with other materials, when you come to the use of Alabastine, as does nearly every one sooner or later.

Once your walls are Alabastined you can use any material over it should you desire, but having used Alabastine you will have no desire for any other treatment.

Alabastine is so easy to mix and apply—so lasting in its results—so absolutely sanitary—and so generally recognized as the proper decorative material in a class by itself that it is becoming difficult to manufacture fast enough to supply the demand.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. *Every package of genuine Alabastine* has cross and circle printed in red.

# Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil.)

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.

Let us send you a "Swift Dollar." It will interest you.

## DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.—Adv.

## CONDUCTOR HAD HAD ENOUGH

Little Controversy With Passenger Became a Trifle Personal and He Shut It Off.

"Fare please?"

"My fare is in the box."

"Nix on that stuff. You went right by."

"Bet your life I did. I been waitin' two hours for a chance to get inside."

"Forget it. Pay your fare and cut out the bull."

"Get off your foot. I dug up once."

"Where'd you get on?"

"Water street."

"Yes, you did. What happened at at River street, just now?"

"Well, at River street, for one thing, a woman handed you a quarter and you bluffed her out of the change: at Hill street four people got on and you rang up three fares; at Prairie street, when you changed that $5 gold piece——"

At this point the conductor decided he had enough.

"Move on!" he shouted. "There's plenty of room up front. Don't be blockin' the gangway."—San Francisco Chronicle.

## A SUMMER COLD

A cold in the summer time, as everybody knows, is the hardest kind of a cold to get rid of. The best and quickest way is to go to bed and stay there if you can, with a bottle of "Boschee's Syrup" handy to insure a good night's rest, free from coughing, with easy expectoration in the morning.

But if you can't stay in bed you must keep out of draughts, avoid sudden changes, eat sparingly of simple food and take occasional doses of Boschee's Syrup, which you can buy at any store where medicine is sold, a safe and efficient remedy, made in America for more than fifty years. Keep it handy.—Adv.

She was hit by a sulky while hundreds looked on, sustaining a broken leg and serious injuries to her head and arms.

Cheboygan—Orders received here discontinue mail service to points on Bois Blanc island October 15. For many years there were four postoffices there. Walkers Point, Point Aux Pines Bois Blanc station and Sand Bay. Under the new ruling Point Aux Pines alone remains, and will receive mail only when the postmaster sees fit to send to Cheboygan for it.

Pontiac—When the case of Oscar Dickinson, accused of theft of hides from the Pontiac Packing company, was called in municipal court it was learned that Dickinson had already been sentenced to from seven to 10 years in prison in the Lenawee circuit court. Pontiac—Automobile thieves broke into the store of the Cook Mercantile Co., at Farmington, and loaded shoes and other goods estimated worth $1,500. Balch, was the forewoman of the jury in each case.

The area of the building is roughly estimated at two city blocks.

Muskegon—Howard F. Managan, returned soldier, used his uniform to take liquor away from bootleggers at the Crosby boat dock by saying he was a member of the state constabulary, the police declare. He had gone no farther than the end of the dock, however, when he was met and searched by two local police officers, who arrested him. He was sent to jail in default of $500 bail.

Holland—Officials of Holland Aniline Dye works, which was partially destroyed by fire here at an estimated loss of $150,000, announced that the plant will be rebuilt at once. The plant was built here shortly after the European war started and the supply of chemicals from Germany to the United States was cut off by the English blockade of the North sea. It was doing a profitable business.

Coldwater—The trial of Paul Haciak charged with killing Henry Waite, in Bronson, Mich., came to an unexpected end when he pleaded guilty. He was sentenced to the Michigan State prison from one to 25 years, with recommendation for one year, by Judge Knowlen. The judge imposed a light sentence, he said, because of Haciak's good reputation and because, he was intoxicated when he shot Waite. The trial has dragged along since April 1917, because an important witness was with the Army in France.

# Too Ill to Work

## Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

**Here is a Notable Example**

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."
—Mrs. TIMOTHY GRANEY, 426 Connor Ave., Joplin, Mo.

**And Another**

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."— Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it.

Womens' complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

## DEATH VISITS VALLEAU FAMILY

The body of Mrs. Merlin Valleau, daughter-in-law of the bewhiskered street-speaker who was in Chelsea, September 16th, was found by Jackson county officers Sunday morning on the shores of Brown lake, Summit township, a few miles south of Jackson city. Death was probably due to diphtheria and Valleau and his family probably will be prosecuted for having failed to call a physician to attend the woman.

The Valleaus are vegetarians, and subsist chiefly upon milk and fruits. They also have no faith in medicines and for that reason did not call a physician.

The entire party, including Merlin Valleau and wife, their two grown sons, Merlin, Jr. and Law, and three small children, are being held at the contagious hospital in Jackson.

The Valleaus had been travelling about Southern Michigan all summer in two automobiles, preaching their doctrines of the simple life.

## SAVE PET SQUIRRELS.

Several subscribers have spoken to the Tribune regarding the pet squirrels which are rather common in some parts of town, and also quite tame. The law protecting the little animals is off the 15th of this month, but we believe hunters with proper ideas of decency will refrain from molesting the pet squirrels in Chelsea. Anyway there is an ordinance regarding the use of firearms within the corporation. Let's save the village squirrels!

JACKSON COMMUNITY SERVICE BUREAU

**"A Community Can Prosper Only By The Support of Its People"**

**The World Takes What Jackson Makes**

**Jackson Industries Form a Magnet that Attracts Dollars From Every Quarter of the Globe Where Civilization Attains**

The industrial developement of the city of Jackson is of vital importance to the entire district of which it is both the industrial and commercial center. This district, embracing a radius of 50 to 75 miles is unsurpassed from an agricultural standpoint, and is productive enough to furnish food materials for many times the number of people living within it's borders.

MOTHER EARTH IS THE FOUNDATION OF ALL WEALTH. In some form or other she must produce the very means of sustenance, as well as the luxuries for the whole people of the entire world.

Employees of Jackson industries are producers for the world and consumers for the district.

The more industries we have the larger the consumption of District products.

The more industries we have the more dollars produced by "Mother Earth," in other districts, than our own, will come rolling into Jackson.

OUTSIDE MONEY WILL COME INTO THE DISTRICT. In addition to the various manufacturing industries we already have, there is about to be located in Jackson an Autobile tire plant that will employ at the start about 1,500 people. To house these employees there will have to be erected 600 houses, representing an outlay of more than $2,000,000. This means the immediate developement of at least 225 acres of land.

99 per cent of the money required for the purchase of this land, the erection of the factory buildings and houses for employees, also the wages for employees both at present and in the future will also come from outside our District through the world distribution of the finished product of this factory.

EVERY DOLLAR OF THIS MONEY WILL BE VELVET TO OUR DISTRICT. It's up to us as to just how much we will be benefited by this additional revenue. If we immediately carry or send it away the benefits accruing to the district will be very small, where if we spend it with our own business interests it becomes a permanent asset to the community for all time. The only way in which we can reap the greatest benefit from industrial developement is by BUYING EVERYTHING IN OUR DISTRICT THAT WE USE OR CONSUME.

BUY IT IN THE DISTRICT—EVERY DOLLAR YOU SPEND IN YOUR OWN DISTRICT INCREASES THE VALUE OF YOUR PROPERTY AND LABOR.
