## 246 VOTES CAST IN VILLAGE ELECTION

Sticker Candidates Receive Sixty Votes in Last Minute Campaign Which Arouses Considerable Interest

An election in which interest had lagged almost to the point of nothing, created considerable commotion at the last minute Monday when it was noted around that sticker candidates were being pushed in opposition to candidates for village offices nominated at the independent party's caucus two weeks previous. As a result, 246 ballots were cast, the contest centering in the race between Schneider of the Independent party and Chas. Meserv as a sticker candidate for the office of trustee. In the final count Schneider polled 176 votes and Meserv 60. Other offices went uncontested, each receiving better than 230 votes.

Final results of the election showed Frank Storms for president, 231; P. C. Maroney, clerk, 238; A. E. Williams, treasurer, 237; O. D. Schneider, trustee, 176; Roy Harris, trustee, 233; H. R. Schenck, trustee, 236; Chas. Meserv, trustee, 60; John B. Cole, Assessor, 237.

## ODD FELLOWS, REBEKAHS, ENJOY ANNUAL BANQUET

Approximately One Hundred and Twenty Persons Gather at Fraternity Social Event.

An address by Francis A. Kulp, Grand Lodge Guardian, in which he extolled the virtues of Odd Fellowship and entertained his audience with an outstanding address, toasts and music, featured an excellent program on the occasion of the annual banquet of Odd Fellows and Rebekahs at Macosbee hall on Monday evening. Approximately 120 persons were seated to a sumptuous banquet served by ladies of St. Paul's church. Visitors from Ann Arbor lodges were also present.

Music by the high school orchestra proved an extra attraction, the musicians meriting much praise from their audience. Following the banquet and program an old-time dance was held, with Genter's orchestra furnishing music.

The program was carried out on Monday evening follows:

Invocation—Rev. C. S. Risley.

"America."

Welcome—Geo. Zeph. N. G.

Vocal Solo—Fred Barries.

"Fifty Years Backyard"—P. M. Brosamle.

"The Rebekah Sisters"—Mrs. Harry Servis.

Vocal Solo—Mrs. Emerson-Lesser.

Poem—"When Will Odd Fellowship Die?"—John Faber.

Poem—"Tim Joins the Lodge"—Stella Cox.

Vocal Solo—Fred Barries.

Address—Francis A. Kulp.

## CHELSEA SILVER BLACK FOX RANCH GROWING RAPIDLY

Fifteen Breeding Foxes Are Located at McManus Property West of Town on M-17.

Numbered among the younger of Chelsea's industries but promising to develop into an undertaking of major proportions is that of fox farming and fur raising by J. D. McManus, local photographer, who became interested in the industry about two years ago, and starting a year ago last fall with two breeding pair of Silver Black foxes has built the Chelsea Silver Black Fox Ranch and increased his stock to fifteen excellent specimens of the fur bearers.

Located about three miles west of town on M-17 on one of the best spots in the state for fox farming, the ranch contains 8 acres with one acre of grove—catapults and locust—set in rows and trimmed ideally to accommodate the fox family. A steel fence eight feet in height surrounds the enclosure, while pens within are of the Kant Clim type built of steel throughout. The ground slopes to the south, affording good drainage.

Residing at the ranch and in direct charge of the care of the foxes is Jas. Bain, a naturalist in every sense of the word, to whom Mr. McManus accords a great deal of the credit for the present success of the ranch. As a result of his efforts it is generally conceded that the Chelsea ranch is one of the cleanest and most sanitary in the state. Nothing

but clean wholesome food is fed. Four or five different kinds of meat, a number of cereals, pure cod liver oil, milk, eggs, etc., make up the animals' diet and after each meal the food dishes are all gathered, washed and scalded and kept immaculately clean. In the words of the caretaker, "You can't raise good foxes where filth and dirt abound." Fox pens are cleaned daily and both pens and kennels are kept disinfected.

Thoroughbred chinchilla rabbits also are raised for their fur at this ranch, a good sized building being used for this particular kind of farming. The use of rabbit fur is becoming more and more extensive and the market for first-class product is unlimited. This phase of the industry works in well with that of fox farming and will prove a profitable branch of the business.

The raising of fur-bearing animals is not altogether new to this country, for of recent years a good many of these furs have been established more so, by the man who has had plenty of money to invest, but it has now been made possible to start in a small way and grow as large as one cares to. The raising of fur bearing animals in captivity is a fur farming success. It is understood management of the Chelsea Silver Black Fox Ranch has a very attractive inducement for 1926 for those contemplating starting in the fur business.

The above picture is a view of the property of the Chelsea Silver Black Fox Ranch, located about three miles west of Chelsea on M-17 and owned by J. D. McManus, local photographer.

## GRANTED NATURALIZATION PAPERS IN CIRCUIT COURT

Five subjects of Greece, three of England, and one each of Russia, France, Canada, Turkey and South Wales last week Wednesday became citizens of the United States following hearings on their naturalization petitions before Judge George W. Sample of circuit court. O. T. Moore, chief naturalization examiner from Detroit, conducted the hearing.

A new rule made effective Wednesday was the cause of some cases being continued to give the applicants more time for study. Persons not able to read or write English, were not admitted to citizenship. There were but few cases of this nature.

Those naturalized and the countries from which they gave up their allegiance were: Eugenios Eugenides, Turkey; Evangelos Marinkos, Constantinople; Alex. Gotopin, Paul Kokinakis, Harry Hazymanstrillis, and James Katsakis, Greece; Mrs. Eva Trolley, William Young, Lily E. Goodhue, England; Harvey B. Murphy, Canada; Lila Pargment, France; Forentine W. Shaltis, France; and Robert Davis, South Wales.

## SUPERVISOR BOYD RECEIVES BACK TAX OF LEWIS CO.

Approximately \$13,000 Covering Unpaid Taxes for Four Years is Paid Into Treasuries of Township, Village, School.

Supervisor J. H. Boyd on Thursday of last week received a check for approximately \$13,000 from representatives of the Lewis Spring & Axle Co. in Jackson, as payment of back taxes due the township, village of Chelsea and the local school district, for the years 1920, 1921, 1922 and 1923. Taxes for 1924 have been paid.

As a result of receipt of this money Chelsea will receive approximately \$3700; the school district approximately \$3800, and the township approximately \$5000 after expenses incurred in collection of the money have been paid.

Action to recover tax money due the township and village was started about a year ago when ways and means were sought whereby the state could force sale of the property for tax payment. Attorneys employed by the township and village boards proceeded with perfection of the description of the property as required by the state so that sale could be made. However, sale of the Valfare building to the Wyandotte Rubber Products Co., necessitated a clear title to the property, an instrument which could not be delivered until taxes had been paid. With this argument to back his claims Supervisor Boyd has worked consistently for the past few weeks until receipt of the money last Thursday rewarded his efforts as well as those of G. W. Beckwith, under whose administration as supervisor last year, this action was started.

Township, village and school officials felt much elated at their success in collection of these funds and their relation is shared by their constituents who feel that an undue tax burden has shouldered by taxpayers because of failure of the Spring & Axle Co. to pay their assessments.

but clean wholesome food is fed. Four or five different kinds of meat, a number of cereals, pure cod liver oil, milk, eggs, etc., make up the animals' diet and after each meal the food dishes are all gathered, washed and scalded and kept immaculately clean. In the words of the caretaker, "You can't raise good foxes where filth and dirt abound." Fox pens are cleaned daily and both pens and kennels are kept disinfected.

Thoroughbred chinchilla rabbits also are raised for their fur at this ranch, a good sized building being used for this particular kind of farming. The use of rabbit fur is becoming more and more extensive and the market for first-class product is unlimited. This phase of the industry works in well with that of fox farming and will prove a profitable branch of the business.

The raising of fur-bearing animals is not altogether new to this country, for of recent years a good many of these furs have been established more so, by the man who has had plenty of money to invest, but it has now been made possible to start in a small way and grow as large as one cares to. The raising of fur bearing animals in captivity is a fur farming success. ## ESCAPED CONVICT TAKEN AT NORTH STREET HOME

William Sudomire, from Ionia Prison, Puts Up Fight When Officers Retake Him Here.

Wm. Sudomire, believed to be an escaped convict from the Ionia state prison, was captured by Constable Frank Leach on Wednesday morning after a hard battle in which Leach and his deputies narrowly escaped serious injury or death at the hands of the culprit. Sudomire was taken to the county jail in Ann Arbor.

Responding to a complaint of a young girl that a man at the Albert Langowski home on North street was making an effort to get a young school girl to elope with him and that he had admitted being an escaped convict, Officer Leach, with Sam Hagadon and Jack Foster went to the Langowski home where they encountered Sudomire. Instead of throwing up his hands when ordered to by the constable, the convict drew a gun and was in the act of taking aim when he fell, throwing his gun some distance from him on the slippery ground. At this the officers closed in on him just as he recovered his hold on his gun. After a several minute struggle in which Sudomire bit and clawed at the hands of officers handcuffs were placed on his wrists. In the meantime the officers state Mrs. Langowski and some children grabbed brooms and attacked the officers in an effort to assist Sudomire. Leach and Hagadon received badly chewed hands as a result of the affray.

Sudomire was immediately taken to Ann Arbor and lodged in jail to await officers from the Ionia prison.

## JOSEPH SOPER, GREGORY, INJURED IN PLANE CRASH

Victim is Student Airman Stationed at Kelly Field, Texas, and Believed to Have Fractured Skull.

Press dispatches printed in the Jackson Citizen Patriot on Tuesday evening, gave account of an accident at Kelly Field, Texas, in which an airplane occupied by Joseph Claud Soper, crashed to the ground and Mr. Soper suffered a fractured skull as a result. The accident victim, a cadet flyer at the Texas flying field, is a resident of Gregory. He graduated from the Stockbridge high school about two years ago and joined the aviation service, first being stationed in Michigan and later in Montana. From there he went to Galveston, Texas, where he joined the cadet flyers and would have completed his course next Saturday, March 13.

Mr. Soper is a grand nephew of Mrs. G. W. Palmer and Mrs. Agnes Rungman of Chelsea.

A dispatch to the boy's parents yesterday said their son was improving and in no immediate danger.

## MRS. LULA BOYD-GLENN PASSED AWAY SATURDAY

Mrs. Lula Glenn, aged 68 years, died Saturday, March 6, 1926, at the home of her daughter, Mrs. J. J. Lamb of Detroit, with whom she had made her home for the past few years. She was born in Lima, and was a former resident of Chelsea.

She was married twice, her first husband, Mr. Buchanan, died several years ago. Her second husband was Robert Glenn, a former resident of North Lake. Mr. Glenn died a few years ago. She is survived by two daughters, Mrs. Geo. Anson of Chicago, and Mrs. J. J. Lamb of Detroit.

The body was brought here and the funeral was held at 2 o'clock Tuesday afternoon in Maps' funeral parlors, Rev. Harvey Pierce of Flint, assisted by Rev. C. S. Risley, conducting the services. Burial in Oak Grove cemetery.

## ST. PATRICK'S DAY BANQUET PROMISES TO BE BIG AFFAIR

Arrangements are practically completed for the St. Patrick's Day banquet and program which will be held at Herbert J. McKune Memorial hall, Tuesday evening, March 16. An address by F. C. O'Meara of Detroit, and other excellent program features are promising a rare treat to the large crowd which is expected to attend. Mr. O'Meara has been heard here on other occasions and each time he has proven himself a real entertainer as well as instructor in the art of living.

## HUDSON-ESSEX PRICES ARE AGAIN REDUCED

A. R. Jones, of the Jones Garage, announces another cut in price made by the Hudson Motor Car Co. in its motor cars. The latest reduction lowers the Essex coach price at \$789; delivered; the Hudson coach at \$1209; the Hudson brougham at \$1464. The reduction amounts to approximately \$50 on each model.

## CARD OF THANKS

We wish to thank our many friends for the kindness shown us in our recent bereavement, the death of husband and father, John Greening.

Mrs. Catherine Greening, Nana M. Greening.

SYLVAN TAXPAYERS

Next Monday, March 15, is positively the last day for receiving the Sylvan taxes for the year 1925.

S. W. SCHENCK, Treasurer.

## The Electrical Age

In our homes we are just approaching the electrical age. Modern-rate structures enable the householder to obtain very cheap electricity for his electrical appliances. Only a few of our homes, as yet, carry a full electrical equipment though the number is constantly growing on the other hand, very few householders today content themselves with using electricity for lighting only. All of them have some electric appliances.

Electric cooking will become almost universal; only a few years ago the electric range was an experiment and today there are thousands of them in everyday use in the cities. Electric refrigeration is now becoming an important residence feature. In the future homes will be built with electric ranges and electric refrigerators as fixed standard equipment.

The washing machine, the vacuum, the ironing machine, the vacuum cleaner, toaster, percolator, etc., are recognized as practical home equipment though there are few homes where all of these articles are in operation. However, the time is coming when they will be considered as necessary as dining room chairs.

WE WILL SERVE YOU

## Chats

with your GAS man

FIFTY YEARS  
ON EXHIBITION

At the Centennial Exhibit, fifty years ago, your grandmother in shawl and bonnet, crowded up to the booth of one of the baking powder companies to get a glimpse of the new stoves in which cakes were being baked. These stoves required no coal or wood—the fuel came in through a pipe. There were no ashes to remove and no soot or black to clean up. Grandmother was interested in the cakes, of course, she was somewhat of a cake baker herself, but the gas cooking stoves were the real source of her wonderment. Would they ever be practical? Would women really be able to have them in their home kitchens?

Now, fifty years later, gas ranges appear at another exhibition. The National Apple Show was on in Spokane, Washington. The apple growers wanted to demonstrate new apple dishes, so they put a battery of gas ranges along the wall, with a young woman in charge of each range. The apple dishes were prepared and served over a counter as samples.

Nobody paid much attention to the gas ranges. They were such a commonplace at home, why should they excite any curiosity here? Fifty years had proved the practicability of gas for cooking.

## Editorial

### GOVERNMENT BUSINESS

The government of the nation, the state, the county or the municipality should be a matter of business. Every village in the country, along with every city, should look to securing the best government possible for the least cost in dollars and cents.

Every county, every state and every village as well as every city in the country ought to have good, substantial hard-surfaced roads and streets. Having these, they should have means of keeping them clear of snow and other impediments of traffic.

The matter of expense of snow removal, if it were properly and promptly done, would be cheap, at whatever the expense might be, if it permitted unimpeded traffic.

Every city and village in the country could make no better investment than to provide machinery and funds for keeping the streets and roads open for traffic uninterruptedly at all times.

Whatever the fair cost of doing that would be justified, no matter how much it might be.

It is not sound business to spend enormous sums to build roads, and then let such highways be blocked and out of use ten per cent of the time. This method simply destroys ten per cent of the public investment, and that is the best you can make of it.

### BIGGER BANKS

The National City Bank of New York City, has absorbed the Peoples Trust Company of Brooklyn, putting it still further in the lead as the largest banking institution in the world, with resources of \$1,291,000,000. The recent acquisition of other banks by the Chase-National Bank of New York City putting its resources above a billion dollars, probably prompted the National City to spread out still more, in order to retain its lead as the largest bank.

Other consolidations are discussed in New York, and it is believed that the Chase-National will soon absorb other banks, and bring its total resources up to or put them ahead of the City National.

### Chivalry Never Dead

Some say that the age of chivalry is past, that the spirit of romance is dead. The age of chivalry is never past so long as there is a wrong unredressed on earth. Kingsley

### STATE OF MICHIGAN

The Circuit Court for the County of Washtenaw, In Chancery.

Hattie Hill, Plaintiff.

vs.

Lawrence Hill, Defendant.

At a session of the said court, held at the court house in the City of Ann Arbor, in said county, on the 8th day of March, A. D. 1926.

Present: Judge Hon. George W. Sample, Circuit Judge.

In this cause, it appearing by affidavit on file, that the defendant, Lawrence Hill, is not a resident of this state and that it cannot be ascertained in what state or country he, the said Lawrence Hill, now resides.

On motion of John Kalmbach, attorney for plaintiff, it is ordered that the appearance of the said defendant, Hattie Hill, be entered in this cause within three months from the date of this order, and that in case of his appearance, that he cause this answer to the writ of complaint to be filed and a copy thereof served upon the attorney for plaintiff within fifteen days after service on him or his attorney of a copy of said bill, and in default thereof said bill will be taken as confessed by said defendant, Lawrence Hill.

And it is further ordered, that the plaintiff cause this order to be published in the Chelsea Standard, a newspaper printed, published and circulating in said county, and that publication be commenced within twenty days from the date of this order, and that such publication be continued therein once each week for six weeks in succession, or that the said plaintiff cause a copy of this order to be personally served on said defendant, Lawrence Hill, at least twenty days before the time above described for his appearance.

GEO. W. SAMPLE, Circuit Judge.  
Examined, countersigned and entered by me:  
Clarence L. Piny, Register.  
John Kalmbach, Atty. for Plaintiff.  
Business Address: Chelsea, Mich.  
(This is a true copy) 4-22  
Clarence L. Piny, Clerk.

### KING WOULD FLY

Alfonso, king of Spain, would fly from Spain to Argentina with Commander Franco, who recently piloted an airplane across the Atlantic. One doubts if King Alfonso would really risk his precious skin on such a dangerous voyage.

### TO SAIL FOR POLE

Lieut. Richard E. Byrd of the United States Navy, will sail this month for the arctic regions in search of the North Pole. In all the excitement and rush of explorers to the arctic region, it would be a real joke if it were a Dicky Byrd that found it!

### ROOSEVELT'S RETURN

Colonel Theodore Roosevelt and his brother, Kermit Roosevelt, accompanied by their wives, have returned from Central and Southern Asia, where they have been for nearly a year hunting big game. Interviewed in New York, Col. Roosevelt said he was still in politics but had no plans for this year. New Yorkers have taken bets laying odds of one to six that Col. Roosevelt will be the next Governor of New York.

### FRENCH CONQUER MEASLES

The French government health department claims to have found a cure for measles, and they claim that they now control this unpleasant, expensive and dangerous malady.

Medical science makes great progress when men devote their lives to the discovery of disease germs and agencies for destroying them. If the French people will devote their energies and their intelligence to destroying germs, and forget that the Germans ever existed, they will be a far happier and thrifter people.

### FINE NON-VOTERS

Assemblyman Phelps has a bill in the New York Legislature, which would assess a fine of \$10.00 against every legal voter of the state who fails to vote in any election in which he is eligible to cast a ballot. Perhaps the only criticism that could be urged against the bill is that the fine is too low.

Anything that will awaken the American people to the fact that their ballot is one of the important things they possess, is worth while.

### MUSCLE SHOALS LEASE

It appears that the United States Senate is almost ready to act in the case of Muscle Shoals. Here is a giant enterprise, begun, backed and completed by the Federal government. It was a war-time project to supply nitrates for our war needs.

When peace came, so much money had been expended upon it, that the government thought it wise to complete the work. Completion approaches, and the Senate has finally agreed to vote on leasing it. They propose that the government shall lease the shoals power plant to the highest bidder. That is the proper way to dispose of it.

### WATERLOO

Nelson, Premise and family spent Sunday at the home of N. D. Premise and family.

Mr. and Mrs. Arthur Walz, entertained Mr. and Mrs. W. Vicary and family on Sunday.

The Mt. Hope church will give an entertainment at the Gleaner hall on Friday evening, March 12.

Geo. Archibronn is ill at this writing. Mr. and Mrs. Chas. Vicary of Jackson, came to help care for him.

Mrs. Geo. Rentschler has returned home, after spending some time at the home of her daughter in Jackson.

Mr. and Mrs. Fred Durkee spent from Friday until Sunday with his brother, Mr. and Mrs. Fred Durkee in Detroit.

Mr. and Mrs. Loyal Broesamle and son of Detroit, spent Sunday with Mr. and Mrs. Ed Broesamle here.

Mr. and Mrs. Victor Moeckel and Leona and Odema Moeckel spent Sunday afternoon with Mrs. Carrie Schiller in Jackson.

Miss Laura Moeckel is this week in Detroit with Mr. and Mrs. Fred Durkee.

Daniel Emmons delivered a message for Archibronn Bros. Chelsea, Tuesday.

"Land of Little Value"  
Bad lands is a name applied to various arid regions of the West. The Big Bad lands of western South Dakota embrace an area of about 100 square miles.

# Ford

## For the First Time \$500 Buys a Closed Car

If you plan to spend over \$500 F. O. B. Factory for an automobile, you can get the year-round comfort and convenience of a Ford closed car.

The price advantage which the public enjoys in purchasing Ford cars is the result of volume production. In 1920, when the Ford Motor Company was producing approximately only a million cars a year, the Ford Touring Car sold for \$575. Today, with production on the basis of nearly two million cars a year, the Tudor Sedan, a high quality all-steel closed car, can be purchased for \$520—\$55 less than the Touring Car sold for six years ago. Open car prices are correspondingly low.

While this program of price reduction has been carried on, important refinements and improvements have been made in Ford cars. The latest improvements include new and attractive body lines—a lower center of gravity, closed cars in color, all-steel bodies, new brakes and new style fenders.

However, the basic features of Ford design have not been changed. Three point motor suspension, planetary transmission, dual ignition system, torque tube drive, multiple disc in oil clutch, splash lubrication, thermo-siphon cooling system—outstanding features of automobile design—have all been retained, regardless of cost.

FORD MOTOR COMPANY, Detroit, Michigan

(Third Floor)

"YOU ARE ENTITLED TO KNOW THE FACTS"  
DODGE BROTHERS, INC.

# Only STEEL

could meet a test like this!

A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all-steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

The car will continue to be a "four". No reasonable buyer will be distracted from the issue of QUALITY by mere CYCLINDER propaganda.

Outwardly, nearly all types of bodies appear to be all steel. In reality, however, most of them are simply frames of wood covered by a metal shell.

Dodge Brothers Motor Car bodies are steel through and through—steel reinforced by steel—battered and braced by steel—even the frames and running boards are steel.

And slender, stronger steel corner posts replace the customary bulky posts of wood, affording full, unhampered driving vision on all sides—a safety feature of the first importance!

Travel in safety! Powerful, quick-action brakes, a chassis world-famous for its sturdiness, and a body of steel—these explain the enviable reputation for safety enjoyed by Dodge Brothers Motor Car—and the enviable feeling of safety enjoyed by those who drive it.

**Stymied**  
"Father, I cannot get a lie," little George began, but Washington, senior, interrupted: "There's no use in your taking up golf then."

**Persistent**  
"Yes," said the beautiful heiress, re-actively, "I married for love; and I'm going to keep right on marrying till I get it."

#### BREVITIES.

**DEXTER**—There has been considerable activity in farming land in the locality the past few weeks, several farms having been bought by Detroit parties.—Leader.

**MANCHESTER**—The raging flood of the River Raisin the past week or more reminds us of other days when we watched the surging tide in fear that one or more of the dams might be unable to withstand the pressure, and be swept away. The concrete dams are built stronger than the old wooden-pile dams.—Enterprise.

**GREGORY**—The hand car house was broken into and tools taken recently. Dewey Brothers' Garage was robbed of goods to the amount of about \$450 one night last week. The stolen goods were mainly tubes, tires and batteries. This is the second time it has been robbed within a few months.

**MILAN**—Earl Oaks of Milan township reported to the sheriff's office in Monroe County that a hundred chickens had been stolen from his farm. One arrest was made by Deputy Sheriff, Edward Kinsey, but after examination at the county jail, the man was released. No further arrests were made and the thief has not been apprehended.—Leader.

**TECUMSEH**—The Lenawee County Poor Home leads all other like institutions in Michigan in the efficiency of operation. The cost per week for each inmate at the County Farm, aside from what was raised on the farm is 20 cents, or \$2.00 per week, according to I. L. Youngs, who is superintendent of the farm, located in Madison township some three miles south of Adrian.—Globe.

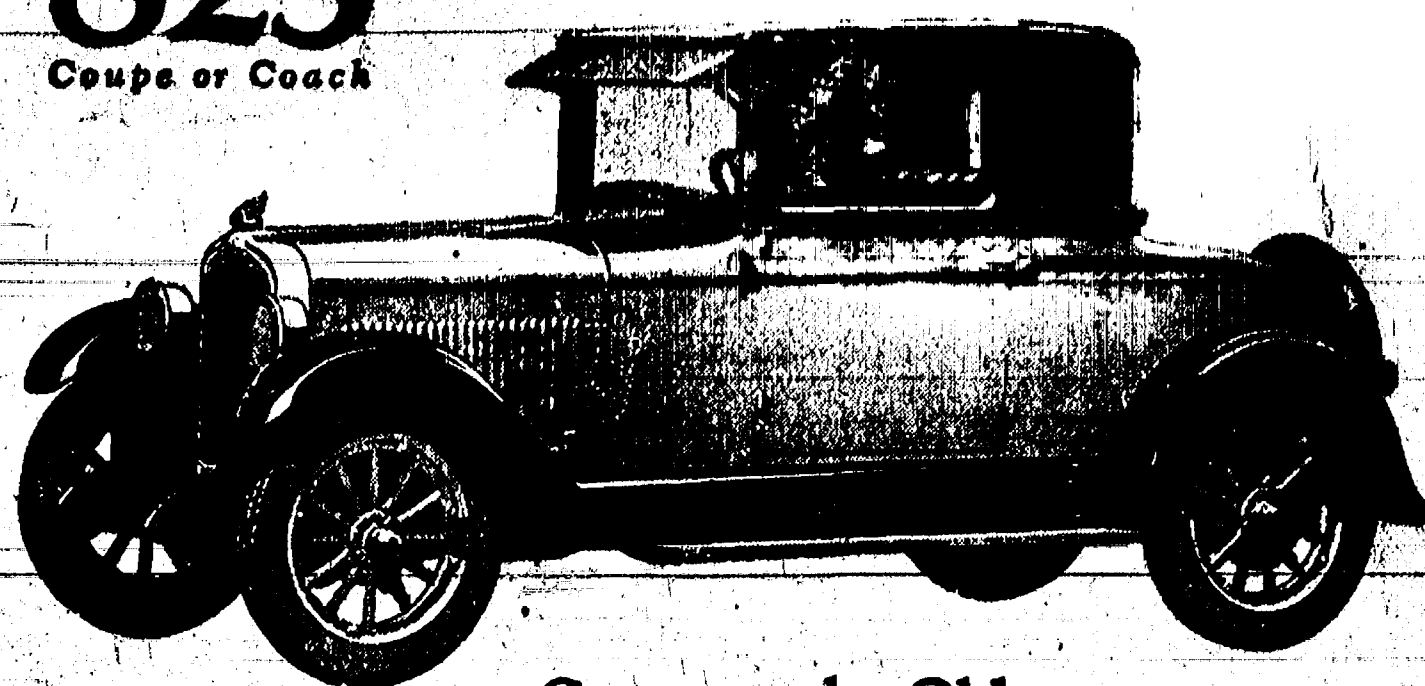

**GRASS LAKE**—During the heavy rain last week, the side wall of the old brick home occupied by Mr. Tom Horning and family on M-17, just east of the village, caved in. The bricks were the old-fashioned sun-dried kind and no doubt the thawing and freezing of many years weakened the wall. It is fortunate that no one was hurt. Mr. Horning and family have moved to Norvell.—News.

**WILLIAMSTON**—The village of Williamston closes its fiscal year in the best financial condition which has been reported in many years. The village owes no money to anyone, with the exception of some four hundred dollars on contract, which has not yet been satisfactorily fulfilled. It has all bills paid to date and money in the bank. In years past, it has been necessary to commence borrowing money in anticipation of taxes, several months before the end of the fiscal year, but such has not been the case this year. In fact, money has been loaned from the General Fund to the Paving Fund in anticipation of taxes already assessed but not due until next year.—Enterprise.

**FOWLerville**—Capt. Scavarda of the State Police, with his wife and two children had a very narrow escape from drowning in the Cedar river just west of this village Saturday afternoon. Just as they were crossing the river in the Cadillac on the ice, striking the bottom of the bridge and throwing the auto partially into the river, but very fortunately the front end of the machine hung to the bank while the rear plunged into the water and but for the heroic efforts of the Captain his wife and children would have drowned. He finally succeeded in getting them out and they were taken to Hotel Sumner and put to bed and warmed and the clothing dried and later were able to return home to Lansing.—Review.

Gone are the Old Penalties of Low Price

Until the new Pontiac Six was developed, it was literally impossible to buy a low priced six without accepting certain admitted penalties—those of ordinary beauty, ordinary performance, ordinary comfort and ordinary stamina.

Now the new Pontiac Six changes all that. Developed by engineers who could draw on the almost limitless resources of General Motors, it provides not only the economy of an unexpectedly low price—but every characteristic of high quality.

It provides the striking beauty of a

smart, roomy Fisher Body, complete freed from pitching, side-sway, and galloping; entirely new qualities of set-away, speed, smoothness and power; and above all, a stamina and long life that can be achieved only by the strictest standards of design, material, workmanship and inspection.

And because it gives all that it does at so low a price, the new Pontiac Six has won from the very hour of its public presentation a wild reception, the like of which no other new six has ever enjoyed before.

Oakland Six. Comparison to the Pontiac Six—\$975 to \$1295. All prices at factory.

### Old-Fashioned Ideas

The banking business like other things has progressed with the times, taking advantage of modern developments such as typewriters, telephones, adding machines, loose-leaf ledgers, etc., all of which greatly increases their efficiency and service.

This institution, while constantly on the outlook for modern improvements, still clings to the old-fashioned ideas of courtesy and hospitality.

We endeavor at all times to make our customers and friends feel entirely at home, and for that reason they like to conduct their business here.

We believe you would too.

#### NOTICE TO CREDITORS

No. 20358  
State of Michigan, County of Washtenaw, ss.

Notice is hereby given, that by an order of the Probate Court for the County of Washtenaw, made on the 18th day of February A. D. 1926, four months from that date were allowed for creditors to present their claims against the estate of Louise Crockett, late of said County, deceased, and that all creditors of said deceased are required to present their claims to said Probate Court at the Probate Office in the city of Ann Arbor, for examination and allowance, on or before the 28th day of June next, and that such claims will be heard before said Court, on the 28th day of April and on the 28th day of June next, at ten o'clock in the forenoon of each of said days.

Dated, Ann Arbor, February 18th, A. D. 1926.

JAY G. PRAY,  
Judge of Probate.

#### Her Objection

The doctor was called to attend little Audrey, who was ill. He prescribed for her a bottle of medicine which he insisted was pleasant to take. But Audrey steadfastly refused to imbibe it. She smiled slyly at the medicine man and declared: "Aw, you can't fool me, Doc! I am fully aware that it is not as good as peach ice cream."—Kansas City Star.

#### SIMPLE MIXTURE MAKES STOMACH FEEL FINE

Simple buckthorn bark, glycerine, etc., as mixed in Adierika, often helps stomach trouble in TEN minutes by removing GAS. Brings out a surprising amount of old waste matter you never thought was in your system. Stops that full, bloated feeling and makes you happy and cheerful. Excellent for chronic constipation. Adierika works QUICK and delightfully easy. Henry H. Fenn, Druggist.

From the way it makes motors perform you'd think summer was here . . .

Mrs. Elizabeth Runciman, who is spending some time in Jackson at the home of her daughter, Mrs. O. C. Miller, spent Tuesday at her home here.  
Adolph Duerl has purchased the residence on East street known as the C. E. Bowen home. Mr. Duerl is employed in the meat market of E. C. Klingler.

### SCHOOL NEWS

The 1926 Senior Reminder staff attended the Fifth Annual Convention of the Michigan Interscholastic Press Association at Ann Arbor last Friday and Saturday.  
The delegates were welcomed by Dean J. Effenger and Professor Scott at luncheon. In the afternoon they attended a lecture on "Leadership" by Prof. Brumm and Round Table discussion.  
Coach Yost and Prof. Hendricks were the speakers at the banquet held Friday evening.  
At the assembly Saturday morning two successful journalists spoke on the progress of journalism in schools and its reward. Round table discussions were then resumed.  
Saturday afternoon was spent in a tour of the campus. Election of officers and announcement of awards.  
The 1925 Annual of Chelsea was awarded second place in Class C, Charlotte winning first prize.  
At night the delegates were guests of the Athletic Association at the Ohio-Michigan game.  
Those who attended this convention feel that this was a very valuable experience.

### WILL RECEIVE BIDS FOR WORK ON COUNTY ROADS

Sealed proposals for the improvement of five county highways with a total mileage of 12.97 miles will be received by the board of county road commissioners at County building up to 2 o'clock Friday, March 12. The bids will be for the excavation and gravel work on the roads and contractors are required to give a certified check for \$500 with each proposal.  
All of the roads included in this program are in the northern section of the county. The longest is the Waterloo road in Lyndon township, 4.52 miles in length, which will require 43,600 cubic yards of excavation and 5,600 cubic yards of gravel.

The road commissioners believe that the improvement of this highway will have a beneficial effect on rural residents between Chelsea and Waterloo. At the present time there is no improved road between these two villages and during inclement weather Waterloo residents desiring to visit Chelsea are forced to use either M-17 or M-24, both long and indirect routes.  
In an effort to relieve traffic on the Dexter road between that village and Ann Arbor, the commissioners plan to improve the Dexter South road between Dexter and the M-17 pavement. The route is in Solo township and is 2.07 miles in length. With the completion of this project motorists will have their choice of two improved roads to Ann Arbor from Dexter.

## The Wolverine Cordovan Horsehide Shoe

(Formerly Known in Michigan as Rouge Rex)

The Wolverine Cordovan Horsehide Shoe is the only one we know of that is Horsehide thru and thru. It is made from the choice one-sixth of the hide, the shell cordovan section, from over the hips or rump. The horse is the only animal that carries this shell protection over the hips and for centuries it has been conceded that no other leather could wear with this shell if it is properly tanned. But special care and equipment has always been required to give this leather the proper tanning and this made the cordovan so expensive that, until the advent of the Wolverine Shoe & Tanning Corporation, it was used in army officers' boots and puttees, and fine saddlery.  
There are sound reasons why the manufacturers have been able to develop this wonderful wearing raw stock into a work shoe. Four generations of the same family have controlled the destinies of this concern. Nearly a hundred years of experience in the hide, leather and We buy these shoes direct from the manufacturer and price them low. For instance: a 9-inch top work shoe, all horse hide, \$3.45. (Exactly the same shoe we heretofore sold for \$3.95). We now also have a shoe so comfortable you forget you have feet—so soft and flexible, light and easy as a moccasin, and its all horsehide.

shoe business have been available to the operators. This experience brought about the perfection of the Wolverine double tanning process and has made the Wolverine Cordovan Horsehide Shoe the only shoe of the kind on the market today.  
For this double tanning process makes Wolverine leather as soft and pliable as buckskin—and keeps it that way. When you get your Wolverine Shoes soaking wet they will dry out soft as before. The double tanning gives protection against barnyard manures and a Wolverine Shoe will wear under such conditions one-half to two-thirds longer than leather not so prepared.  
You know from experience that horsehide leather makes the best gloves. Do you know why? It is because horsehide has a very fine fibre, and in just analysis it is the quality of the fibre as well as the tanning that makes the leather comfortable and gives the wear. This is why league players boast of their "horsehide" covers, no other leather can stand the hard knocks.

## STATE OF MICHIGAN

Circuit Court for the County of

Washtenaw, In Chancery.

Alberta Hammond, Plaintiff,

vs.

James Hammond, Defendant.

Suit pending in the Circuit Court

for the County of Washtenaw, In

Chancery, on the 28th day of Janu-

ary, A. D. 1926, at the City of Ann

Arbor, in said County.

It satisfactorily appearing to the

court by affidavit on file, that a

chancery summons has been issued

out of the court for the appearance

of the defendant herein, and that

the same could not be served on the

said defendant, because that after

diligent search and inquiry it could

not be ascertained in what state or

county the defendant reside, and the

said summons having been returned

by the sheriff of the said county,

with his certificate thereon indorsed

that after diligent search and in-

quiry he was unable to find the de-

fendant within the state of Michigan

on or before the return day of the

summons, on motion of Carl A. Leh-

man, Attorney for the plaintiff, it is

Ordered, that the said defendant,

cause his appearance to be entered

in this cause within three months af-

ter the date of this order, and that

in case of his appearance he cause

his answer to the Bill of Complaint

to be filed and a copy thereof served

upon the plaintiff's attorney, within

fifteen days after service on him of

a copy of said bill and notice of this

order, and that in default thereof

said bill be taken as confessed by

said defendant.

It is further ordered, that within

twenty days after the date of this

notice of this order to be published

in the Chesapeake Standard, a newspaper

printed, published and circulated in

the said County of Washtenaw, such

publication to continue at least once

in each week for six successive

weeks, or that cause a copy of this

order to be served personally upon

the defendant, at least twenty

days before the time above prescrib-

ed for his appearance. Also ordered

that the plaintiff cause a copy of

this order to be mailed to the defend-

ant at his last known post office

address by registered mail, and re-

turn receipt demanded at least thirty

days before the date herein pre-

scribed for his appearance.

George W. Sample,

Circuit Judge.

Carl A. Lehman,

Attorney for Plaintiff.

Business Address: Wadhama Bldg.,

Ann Arbor, Mich.

Custom Started by King

At the first performance of "The

Tenth" in Westminster Abbey, the

act produced upon George II. was

that he started to his feet and

stood standing until his confusion

was followed by the ex-

ecution of the act. It was

a year since he had not

been so excited.

## STATE OF MICHIGAN

In the Circuit Court for the County

of Washtenaw, In Chancery.

Chas. Dean, Plaintiff,

vs.

Helen Dean, Defendant.

At a session of the said court held

at the court house in the city of Ann

Arbor in said county the 28th day of

January, A. D. 1926.

Present, the Hon. Geo. W. Sample,

Circuit Judge.

In this cause it appearing by af-

fidavit on file, that the defendant,

Helen Dean, is not a resident of the

state, but is a resident of the state

of California.

On motion of Frederick C. Gillette,

one of the attorneys for the plain-

tiff, it is ordered that the appearance

of the said defendant, Helen Dean,

be entered in this cause within three

months from the date of this order;

that in case of her appearance that

she cause her answer to the bill of

complaint to be filed and a copy

thereof served upon the attorneys

for the plaintiff within 15 days after

service on her or her attorneys of a

copy of the said bill, and in default

thereof that the said bill be taken as

confessed by the said defendant,

Helen Dean.

And it is further ordered, that the

plaintiff cause this order to be pub-

lished in the Chesapeake Standard, a

newspaper printed, published and

circulating in said county, and that

such publication be commenced with-

in 20 days from the date of this or-

der, and that such publication be

continued therein once in each week

for 6 weeks in succession, or that the

said plaintiff cause a copy of this

said order to be personally served on

the said defendant, Helen Dean, at

least 20 days before the time prescrib-

ed for her appearance.

GEO. W. SAMPLE,

Circuit Judge.

Examined, countersigned and entered

by me,

Clarence L. Pray, Clerk.

## ORDER OF PUBLICATION

State of Michigan, In the Circuit

Court for the County of Washten-

aw, In Chancery.

Issac O. Ballingall, Plaintiff,

vs.

Christian O. Ballingall, Defendant.

Suit pending in the Circuit Court

for Washtenaw County, In Chancery

on the 30th day of January, A. D.

1926. At Ann Arbor in said county.

It satisfactorily appearing to the

Court by affidavit on file that the de-

fendant, Christian O. Ballingall, is

not a resident of the State of Michi-

gan, but resides at Leven, Fifeshire,

Scotland, on motion of Cavanaugh &amp;

Burke, attorneys for the plaintiff, it is

Ordered, that the said defendant,

Christian O. Ballingall, cause his ap-

pearance to be entered in this cause

within three months from the date of

this order, and in case of her ap-

pearance that she cause her answer

to the plaintiff's bill of complaint to

be filed, and a copy thereof to be

served upon the plaintiff's attorneys

within twenty days after service on

her of a copy of said bill, and notice

of this order, and that in default

thereof that said bill be taken as

confessed by said non-resident de-

fendant.

And it is further Ordered, that

within twenty days after the date

hereof, the said plaintiff cause a

notice of this order to be published

in the Chesapeake Standard, a newspaper

printed, published and circulating in

said county of Washtenaw, and that

such publication be continued once

in each week for six successive

weeks, or that he cause a copy of

this order to be served personally on

Ypsilanti, Mich.

No. 20317

## COMMISSIONER'S NOTICE

State of Michigan, County of Washtenaw,

The undersigned having been ap-

pointed by the Probate Court for

said County, Commissioners to re-

ceive, examine and adjust all claims

and demands of all persons against

the estate of Walter F. Carr, late of

said County, deceased, hereby give

notice that four months from date

are allowed, by order of said Probate

Court, for creditors to present their

claims against the estate of said de-

ceased, and that they will meet at

George Staffan's Office, in the Vil-

lage of Chelsea, in said county, on

Friday the 23rd day of April and on

Wednesday the 23rd day of June

next, at ten o'clock a. m. of each of

said days, to receive, examine and

adjust said claims.

Dated February 17th, 1926.

Chauncey Freeman,

George Staffan,

Commissioners.

No. 19786

## ORDER FOR PUBLICATION

State of Michigan, County of Washtenaw,

As a session of the Probate Court

for the County of Washtenaw, held

at the Probate Office in the City of

Ann Arbor, on the 18th day of Feb-

ruary, in the year one thousand nine

hundred and twenty-six.

Present, Hon. Jay G. Pray, Judge

## STATE OF MICHIGAN

Louise I. Douglas, George Anson,

Cornelius Shepherd, Noah G. Kelsey,

William Richards and their heirs,

deceased, and their unknown heirs,

deceased, legatees and assigns.

At a session of said Court held at&lt;/

for Economical Transportation

# World's Greatest Closed Car Values

These new low prices set a new record of achievement in automobile history—one that establishes a new basis of motor car value, beyond question the greatest in the world.

Think of getting a beautiful, four-door Sedan for \$735—a Coach for only \$645—and other closed models at equally amazing new low prices which include speedometer, balloon tires, Duco finish, Fisher bodies, Alomite lubrication, and countless other fine car quality features.

No other closed cars offer equal value—none at the price offer equal beauty, durability, comfort or performance, snap and power. Come in—once you will convince you.

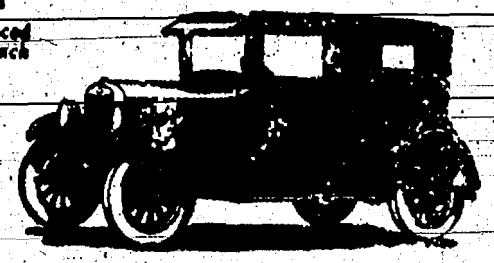

Ask for a Demonstration!

**New Low Prices**

## Gilbert Chevrolet Sales

PARK STREET, CHELSEA, MICH.

QUALITY AT LOW COST

MARCH 22, 1923

# 1,000,000

DECEMBER 16, 1925

# 1,500,000

On March 22, 1923, Buick celebrated the building of the millionth Buick. Approximately eighteen years were consumed in the accomplishment.

On December 16, 1925, Buick reached the million and a half mark. A million Buicks in eighteen years—the next half million in two years and nine months.

At the present time, public demand calls for more than 20,000 Buicks every month. This means the next half million in the hands of Buick owners, within two years.

These figures tell a graphic story of Buick's continuous advance in public regard. The great acceleration of demand, at the present time, speaks strongly of the increased value and desirability in the Better Buick.

Leadership belongs to Buick because a nation familiar with many motor cars has given it to Buick.

The American public wants "finer transportation at lower cost, and Buick provides it!"

**BUICK MOTOR COMPANY**  
FLINT, MICHIGAN  
Division of General Motors Corporation

**NORTH FRANCISCO**  
Mr. and Mrs. Leonard Loveland and son Leroy, spent the week-end at the home of their son, Ralph and family, of Wayne.

Miss Clara Riemenschneider and Miss Thelma Loveland attended a teachers' meeting at Chelsea, Saturday.

Mr. and Mrs. Ashley Holden and Vera Harvey of Detroit, spent Sunday at the home of Mr. and Mrs. Herbert Harvey.

Mrs. Eva Dancer and son, Lynn, spent the week-end at the home of her parents, Mr. and Mrs. Henry Notten.

Mrs. C. Weber, who has been ill, is slowly recovering.

Mr. and Mrs. Roy Miller are spending some time at the home of Mr. and Mrs. John Miller.

**Much Lumber in Log**  
A log estimated to contain 9,000 feet of lumber was taken to a mill in Longview, Wash., from Hyderwood. It was cut from a Douglas fir and measured 30 feet in length, 40 feet in diameter at one end and 6 feet 4 inches at the other.

**CAVANAUGH LAKE GRANGE PASSES RESOLUTIONS**

The following resolutions were passed at a recent meeting of Cavanaugh Lake Grange.

I. As not wanting the present system of local administration of the rural school by local boards, displaced by a centralized county system.

II. As not wanting the Advisory Teachers system.

III. Opposed to consolidated schools.

IV. As not wanting the state and county school officials to do all our planning and thinking for us.

V. As not wanting the literature which we receive from the state and county school officials propaganda.

VI. We believe it not advisable to consider now a revision of the tax system.

VII. That we heartily endorse the action of the Washtenaw Rural School Officers organization.

**EXTENSION WORK BRIEFS**

Four feeding schools have been arranged for the week of March 15th, being located as follows: March 15, Saline; March 16, Chelsea; March 17, Willis; March 18, Ann Arbor. Mr. Girbach of the Dairy Department of the college will be present in each of these schools. Different phases of feeding dairy cattle will be considered, feeding of minerals will be given special consideration. Every one interested in better feeding methods and more economical production of milk is welcome to attend these meetings. There will be two sessions each day, at 10 o'clock and 1:30 o'clock.

The next meeting of the local leaders in the Home Management project will be held the 18th, and 19th of March at Ann Arbor.

Representatives from the poultry department of the Michigan State College and Michigan Poultry Improvement Association are recommending the feeding of Cod-liver Oil to improve the vitality of baby chicks. It is an excellent feed for a flock producing hatching eggs during the first part of the brooding period. Particulars can be obtained through the County Agent's office. Care should be used in the kind of cod-liver oil used for this purpose.

The Lima Sheep club was organized Thursday evening at the home of Edgar Ortring. Erwin Halst was chosen as local leader for the boys who will belong to this club. The officers elected were: President, Wilbur Bristle; vice-president, Edgar Ortring; secretary-treasurer, William Kennedy. The next meeting of this sheep club will be Thursday, March 25th.

## New Way to End Dangerous Cough

The most stubborn cough is relieved with the first dose, and is very often broken up entirely in 24 hours by a new method based on the famous Dr. King's New Discovery for Coughs.

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. The prescription has a double action. It not only soothes and heals soreness and irritation, but also loosens and removes the phlegm and congestion which are the direct cause of the coughing. So with the cause removed, the severest cough usually disappears quickly.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

### CONGREGATIONAL

E. L. Sutherland, Minister  
Hours of worship: Preaching at  
10 a. m. Church school at 11:15 a.  
m. Preaching at 4 p. m.

The thought to be considered for  
the morning worship will be "What  
all the world is seeking," and in or-  
der that the world get this great  
thing they have made a code to suit  
themselves, such as, "Happy are  
those who claim everything, for they  
shall possess the earth," but our  
Master has a reversal of this world's  
code. Over against the judgments of  
the world God sets His Own.

For the afternoon worship, the  
theme will be "Our Anchors." Are  
they drifting, dragging or solid? We  
cast anchor to be held secure  
through the storm, but O how severe  
the storm sometimes and we cry  
out "My God, My God, why hast thou  
forsaken me?" Those are precious  
words. They awaken us. Those  
words express this thought and  
truth, that we once trusted God, but  
we have drifted—our anchors have

been dragging.  
Church school at 11:15. Let every  
one be present. By doing so you  
bring encouragement to your offi-  
cials, teachers and all concerned.  
Remember Easter Sunday, April  
4th. Make your plans to worship in  
some church. May there be many  
souls resurrected Easter Sunday for  
a more active Christian life. God  
needs you.

### METHODIST EPISCOPAL

Rev. C. S. Risley, pastor.  
We have for the subject Sunday  
morning, "Eternal Redemption." Do  
we realize the fullness of Christ's re-  
demption? This great work of re-  
demption is often lost sight of in  
this modern age. For this reason we  
speak on the topic. Do not miss  
hearing it. For our pleasant and  
profitable evening service, Rev. Fred  
Ross of the Salem M. E. church will  
preach the sermon, "Come and hear  
him. The Church school continues  
with much interest. If possible,  
bring in the amount for "organ  
fund" in envelope provided. We  
trust that you will be able to get  
to church Sunday.

### ST. PAUL'S CHURCH

P. H. Grabowski, Pastor.  
English service every 1st, 3rd and  
5th Sunday of the month.  
German service every 2nd and 4th  
Sunday.  
Sunday school all English.  
Services commence at 10 o'clock.  
Sunday school at 11:15.

### LIMA CENTER EVANGELICAL

A. E. Kurth, Pastor  
Preaching service, 9:30.  
Sunday school, 10:30.  
E. L. C. E., 7:30.

Topic, "How overcome the spirit of  
anger and revenge?" Leader, Mrs.  
Geo. Steinbach.  
Preaching service, 8:15.

The Lenten season gives us a fine  
opportunity to re-think our faith.  
The public worship services offer us  
a splendid opportunity to do this to-  
gether. Some say that they can do  
that at home; but the fact of the  
matter is that they aren't apt to do  
it. Come! Let us worship together.

### SALEM METHODIST EPISCOPAL

CHURCH.  
Near Francisco, Mich.  
Rev. Fred Ross, Pastor  
Sunday, March 14th.  
Sunday school at 10:00 a. m.  
Preaching service 11:00 a. m.  
Other services will be announced  
on Sunday morning services.

## WATERLOO

Wm. Arts was pleasantly surprised  
Sunday, when thirty-seven relatives  
came to help him celebrate his 50th  
birthday.  
The Mt. Hope folks bring their  
play, "Two Idiots," to the Gleaner

hall this Friday evening, March 12.  
Let's give them a full house.  
Verne Fowler and son Lawrence,  
of Jackson, were home for the week-  
end.  
There's hardly a home where  
someone isn't ill with the grippe.

## First Accordion

The accordion, a small free-reed  
wind-instrument, was invented in  
Vienna, the capital of Austria, about  
the year 1820, by a musician named  
Damlan. It was soon after intro-  
duced into England.

# Ford

## Two Per Cent Reduction in Tax

### EFFECTIVE NOW

We will absorb immediately on all  
Ford cars the two per cent reduction  
in tax which normally does not be-  
come effective until midnight March  
twenty-eighth. This means that you  
can have immediate delivery of a  
new Ford car and take advantage  
of the two per cent tax reduction.

## PALMER MOTOR SALES

Chelsea, Michigan

for Economical Transportation

---AND NOW

# TAX REDUCTION ALLOWED

Effective at once. The delivered price of all Chevrolet mod-  
els is reduced.

Chevrolet buyers will be given the benefit of the recent tax  
reduction, though it does not become officially operated until  
March 29th. Thus, for the third time, since the first of this  
year, Chevrolet emphasizes its supremacy in dollar for dollar  
value.

### Reduced Prices.

Early in January Chevrolet Announced Sweeping Price Re-  
ductions.

Then—The Improved Chevrolet.

Shortly thereafter the Improved Chevrolet was announced at  
these reduced prices. Instantly it met with such an increase  
in popularity that it became necessary to break all previous  
production records for January and February.

### And Now—A Further Saving.

Although the reduction in automobile taxes does not become  
officially effective for some time, the full amount of this re-  
duction is now passed on to Chevrolet buyers. Thus Chev-  
rolet again emphasizes that principle of value on which it has  
built the greatest success ever obtained by any manufacturer  
of modern gear-shift automobiles.

COME IN!  
SEE THE IMPROVED CHEVROLET!  
ONE RIDE WILL BE A REVELATION!

QUALITY AT LOW COST

# Thrilling speed

## —yet Unmatched Smoothness

Sixty miles an hour and more is not uncommon among able motor  
cars. But sixty miles and more with perfect smoothness and steady-  
ness is rare—so rare as to be virtually exclusive to the Oakland Six.

This unmatched freedom from vibration at all speeds is made  
possible by a new invention, The Harmonic Balancer, described by  
automotive engineers as the outstanding achievement in years.  
If you have not seen The Harmonic Balancer—if you have not tested  
its amazing effect upon car performance—drive the new Oakland  
Six and experience the new thrill of an unvarying smoothness.

OAKLAND SIX \$975 to \$1295—Pontiac Six \$825, Coach or Coupe  
All prices at factory
