WEEK-END AUTO CRASHES TAKE HEAVY TOLL OF LIFE

Two Men Dead and Six Injured on M-17 Within Two Miles of Chelsea Over Week-End

A head-on collision between a passenger sedan and an oil truck on a curve about a mile and a half east of Chelsea Saturday noon nearly cost the lives of six persons, two of them local residents, when the passenger car and truck driven by Leon Wenk smashed up. Four men, passengers in the sedan, were considerably cut and bruised, while Wenk and Paul Barbour, who was riding with him in the cab of the truck also suffered severe cuts and bruises. For a time it was thought Wenk had suffered internal injuries due to being violently thrown against the steering wheel of his truck. All were brought to local physicians—offices where first aid was given and later the passengers car occupants were taken to a hospital in Ann Arbor where they were discharged Monday. They were:

Jack Salomon, Jose Neves, Ezra Costa and John Meia, all of 82 Elizabeth street, Pontiac, and employes of the Wilson Foundry Co., of that city.

Both the truck and sedan were considerably demolished. Eye witnesses state that the passenger sedan was attempting to pass another truck going the same direction and was unable to either get around or get back of the truck again when they crashed into Wenk, who was traveling east and had the right-of-way.

Reports about the streets Tuesday that one of the men had died in the hospital were unfounded, all having recovered sufficiently to go to their homes on Monday.

Two Detroit men, Sam Povec, 30, and Albert Porman, 32, are dead as the result of an automobile crash about two miles east of Chelsea Tuesday morning about six o'clock, when it is believed the driver went to sleep at the wheel and crashed into a tree on the north side of M-17. The men were employes of the Ford Motor Company, according to cards found in their clothing. Povec died before medical attention could be given and Porman died shortly after he reached the hospital in Ann Arbor.

According to reports given by passengers in another automobile, it was said the men had driven from Chelsea, probably driven all night and in the early morning hours had momentarily dropped asleep, crashing into a tree and finally landing over near the interurban tracks which run parallel to the highway. The car was almost a total wreck.

Reports of a collision of automobiles which had occurred near the Francisco-M-17 road crossing west of Chelsea, were being circulated about Tuesday, although no facts relative to the accident could be secured. Some reports said one person had been killed and another severely injured, but these could not be verified.

SOLDIER LEAPS FROM TRAIN AND DIES FROM INJURIES

Funeral services were held at Lansing Tuesday for Robert McNanamon, 25, private in the United States army, who leaped from a fast passenger train near the cement plant, east of Chelsea, Thursday evening. McNanamon was being transferred from San Francisco to Mason, Mich., via the Panama Canal in charge of Sargeant Banton. He was seen to leap from the train by Chas. Moore, car inspector. He was taken to a hospital in Ann Arbor where it was discovered he had suffered injuries about the head and a broken collar bone. Death occurred Saturday afternoon.

McNanamon's home was in Lansing, where a sister resided.

IN THE INTEREST OF GOOD GOVERNMENT

To the citizens of Washtenaw county:

Two of the greatest institutions in the state of Michigan, if not in the United States, are the University of Michigan, located at Ann Arbor, and the State Normal school at Ypsilanti. The daughters and sons of the best people in every county in Michigan attend these schools and we who live in this county should do everything in our power to keep the surroundings where these institutions are located clean, and free from the taint of vice, and protect their health from the menace of bootleg liquor. We of Washtenaw have a duty to perform. And the other counties of the state expect us to do our duty and send their children back to them in the same wholesome condition that they came to our county. We also have the welfare of our own children to think of in addition to the safety of our citizens.

With these facts in view we heartily recommend the nomination and election of George V. Cook as sheriff of Washtenaw county knowing that he will keep our county in a condition that will reflect honor and respect on the citizens of Washtenaw.

STANDARD WILL CONTINUE TO ISSUE ON THURSDAY MORNING

Patrons of the Standard are requested to note that we will continue to publish on Thursday morning instead of Thursday afternoon as was the custom before the Thursday afternoon closing. Publication on Thursday morning makes it possible to get the Standard in the mails by Thursday noon and consequently out-of-town subscribers as well as those in town receive their paper earlier. This will especially help those folks on routes of nearby towns who have been receiving their paper on Saturday. In most instances they will get their paper on Friday. Advertisers and others please take notice. Early submission of copy will be of great assistance to the publishers.

MISS STELLA COX WEIS ROYAL OAK MAN HERE

A pretty wedding of late summer was solemnized last Saturday evening when Miss Stella Elizabeth Cox became the bride of Clarence James Thorne, son of James Thorne, Sr., of Royal Oak at the home of the bride's parents, Mr. and Mrs. Walter Cox, Washington street.

The marriage service was read by Rev. C. S. Risley, pastor of the First Methodist church, before an embankment of gladioli, hydrangea, ferns and pine boughs. The house was decorated with baskets of gladioli. The wedding march was played by Robert Banfield, of Detroit.

The bride was lovely in a gown of white satin. The skirt was draped and caught up in the front with a pearl ornament. Her tulle veil was edged with red-pearls, a piece being caught to form a head dress which was held in place by ornaments of pearls. She carried a shower bouquet of white roses.

Miss Luella Cox, the maid of honor, was charming in a gown of apricot crepe de chine, made with a cape and side flares of orchid. Her bouquet was of pink roses.

Louis Cox, brother of the bride, served Mr. Thorne as best man.

A wedding dinner was served immediately following the ceremony to guests from Cincinnati, Royal Oak, Detroit, Battle Creek, Carp Lake and Ann Arbor.

Mr. and Mrs. Thorne left for a wedding trip to Niagara Falls and Scranton, Pa. They will be at home to their friends in Chelsea, after September 15th.

OSWALD EISENMAN TAKES DETROIT GIRL AS BRIDE

Mr. Oswald Eisenman and Miss Elsie Lottie, both of Detroit, were quietly united in marriage at St. Mary's Catholic church at 8 o'clock Saturday morning. Rev. Father Dilwerz performing the ceremony. They were attended by Miss groom, as bridesmaid, and Leo Kelley of Detroit, as best man.

Following the church ceremony a wedding breakfast was served at the home of Mrs. Kate Eisenman, mother of the groom, at which places were laid for eighteen-guests. Mrs. H. E. Canfield, Misses Katherine Canfield, Virginia Wheeler and Mary Miller assisted with the serving.

The groom of Saturday's wedding is well known here among a wide circle of friends. He is at present employed in a responsible position as foreman in a department at the Cadillac automobile factory in Detroit. Mr. Eisenman has also been employed in the same factory. They will make their home in Detroit.

MISS OLIVE PARSONS WEDS SPRING LAKE MAN

Miss Olive Parsons, daughter of Mr. and Mrs. Daniel Parsons, North street, and Mr. Harry Salzbeder, of Spring Lake, Mich., were quietly united in marriage at the Methodist parsonage Saturday afternoon at 2 o'clock. Rev. C. S. Risley performing the ring service. Attendants of the couple were Miss Marian Page, bridesmaid, and Jesse Parsons, best man.

Mr. and Mrs. Salzbeder left immediately for Spring Lake where they will make their home.

W. C. Freeman and family of Kalamazoo, spent the week-end at the home of Mr. and Mrs. E. J. Notton, West Middle street. Mr. Freeman's mother, Mrs. Helen Freeman, returned to Kalamazoo with them for a visit at their home there.

D. U. R. CROSSING ACCIDENT FATAL TO LUCIEN BROESAMLE

Chelsea Young Man Loses in Two Day Fight With Death; Funeral Saturday, at 2:30

Lucien Broesamle, 18, son of Mr. and Mrs. John Broesamle, South Main street, passed away Wednesday afternoon at about 3 o'clock, at the U. of M. hospital as the result of a collision Monday evening, when the 4:50 limited D. U. R. interurban crashed into a small ice truck driven by Broesamle, on the South Main street crossing of the D. U. R. The victim suffered a fractured skull, compound fracture of the hip and lungs pierced by a broken rib.

Funeral services will be held at the Methodist church Saturday afternoon at 2:30 o'clock, Rev. C. S. Risley officiating.

A local physician was called to the scene and after first aid had been given Lucien was placed aboard the interurban and pushed to the hospital at Ann Arbor for examination and treatment. His parents were in Jackson for the day and could not be reached. They did not learn of the accident until their arrival home late in the evening and immediately rushed to the bedside of their son. All the medical skill available failed in its effort to save the young man's life and after lingering for two days between life and death, the latter won during mid-afternoon Wednesday.

Inasmuch as many versions of the cause of the accident are being circulated it is difficult to arrive at facts in the case. Lucien was approaching the track from the south and it is said he was looking toward the station and did not notice the warning bell ringing on the west side of the street. Charges have been made that the interurban, which was the first section of a double-header, was running at an excessive rate of speed as it approached the crossing and was unable to stop in time to avoid hitting the car. It has been generally understood that motormen were under orders to approach the crossing at a speed not to exceed four miles per hour. Whether the car had reduced to this speed and was under control is also being questioned quite generally about town. The truck was struck on the crossing and carried to the telephone booth opposite the waiting room before the motorman had brought his car to a stop. Broesamle was thrown clear of his truck, striking the ground with a terrific impact, according to eye witnesses. The truck was reduced to a mass of wreckage.

Lucien has been in the employ of Evert Benton delivering ice about town for several months. He had been engaged in this capacity during the day Monday, but at the time of the accident his truck was without a load.

FAREWELL FOR PASTOR IS ATTENDED BY 200

The following is taken from a Lansing newspaper:
More than 200 guests attended the reception given Wednesday evening in the parlors of the Mayflower Congregational church for the pleasure of Rev. A. E. Potts and Mrs. Potts who are leaving soon for Chelsea.

A pleasant social evening was enjoyed and short talks were given by Trygve Navesen, who brought greetings from the Y. M. C. A., Fred Weisinger from the Exchange club, and Rev. Caldwell of Pilgrim Congregational church, for the Congregational churches of Lansing.

J. W. VAN RIPER PURCHASES A. G. FAIST COAL BUSINESS

Consummation of a deal which has been hanging fire for several days conveys ownership of the A. G. Faist coal yards and business to J. W. Van Riper. The new owner assumed management of the business on Tuesday.

Mr. Faist has conducted the coal business here in connection with his wood working shop and in the future will confine his efforts to the latter business only. The new owner, Mr. Van Riper is not new at the business, having been associated with the former Chelsea Lumber & Coal Company for a good many years. His acquaintance with the business is a safe forecast of the success he will merit in the future.

METHODIST CHURCH WILL HOLD RE-OPENING SERVICES

Members and friends of the Methodist church will be pleased to learn that Dean Robert Williams, of Albion college, has been secured to deliver the sermon at the morning service on Sunday, when re-opening and home coming services will be held in the newly decorated church. Other speakers for the afternoon service include Dr. Dunning Riley, a former pastor, and Dr. J. E. Martin, district superintendent.

Special music by choir and orchestra is promised to augment the day's program.

Re-opening follows a redecorating program which has meant closing of the church for several weeks and a considerable outlay of money. With its new interior finish the church presents a beautiful appearance and should be enjoyed by everyone who attends.

"We should always have secret agreements with ourselves to do certain important things from day to day," says George Matthew Adams, the noted journalist. "And these agreements should be kept to the letter. WE CAN'T HANDLE AN ADVERSARY UNTIL WE HAVE LEARNED TO HANDLE OURSELVES."

If you're beginning to slip on that good resolution you made on New Year's, take a fresh start today. Say to yourself that it will be easier this time—you've covered some of the ground before and you know what the pitfalls are. Don't think that it's weak to make resolutions. ITALY SEIZES CREDITS?

News from Italy is to the effect that the government, under the orders of Mussolini, has seized the \$100,000,000 industrial loan, subscribed in this country for Italian industry. The matter has been kept a secret, it is asserted.

From time to time we have expressed the opinion that no banker has any right to lend any money to any European country, and more particularly to any country that has settled for a small sum on the dollar of other war debts, or have failed to recognize their war debts.

Such loans are bad banking; and the chances are largely in favor of the money being irretrievably lost to this country. American industry, commerce and agriculture need every dollar of American money, and it is a financial crime to be lending any part of it to Europe.

We do not stop to consider that our money is dreadfully—even dangerously inflated, and that in making foreign loans which are of an extremely doubtful character, we are endangering the whole fabric of our financial system, and denying, or at least putting ourselves in the position of denying to our own commerce, industry and agriculture, the capital needed for expansion.

NO WONDER WE ARE WICKED.
The American people—male and female—smoked 76,000,000,000 cigarettes in 1925. That accounts for our "going to hell in a handbasket," as Henry Waterson would say.

We might as well get used to it—we seem destined, by all the signs, to smoke hereafter.

DR. ELIOT PASSES ON
Dr. CHARLES W. Eliot, president of Harvard for forty years, died last week. In the newspapers there was just enough about him to tell where he was born, how long he lived, the place he occupied, and that he died aged 92. Very little else. Unless you were a close reader of the daily papers you would have missed the story of his death. Yet, Dr. Eliot was one of the greatest men of his period. He contributed more to humanity and to civilization than any man of his period. He passed on, and there was no daily newspaper excitement. About the same time Rudolph Valentino, movie actor, reputed chiefly for his excellence in sensual roles, died in a New York hospital. The daily press fairly shrieked the story of his life. The publicity given him ranged all the way from five columns in the Herald-Tribune, to three or four pages in the American! That is one of the signs of the times that has an evil porten for our so-called civilization.

AMERICA'S WEALTH
The Year Book of the Department of Commerce, just published at Washington, places the wealth of the United States at approximately 400 billions of dollars. This is greater than the wealth of England, France and half of the continent of Europe, and the growth of our wealth is increasing so rapidly, that it has the appearance of some Aladdin rubbing a lamp, and causing the genii to appear with oceans of riches of every description.

Much of the increase in national wealth is attributed to the increase in efficiency in manufacturing. For instance, a quarter of a century ago, it took one man fourteen hours to make a ton of pig iron. Now one man does it in two hours. Twelve years ago it took one man 1200 working hours to make an automobile. Now it takes the average of one 230 hours to make an automobile—and it is a much better automobile than was made twelve years ago. In 1900 it required 5.4 pounds of coal to create one kilowatt hour of power. Now it requires 2.06 pounds to do the same thing. Secretary Hoover predicts that soon efficiency in the use of coal will be so marked that but one pound of coal will be required to do the work that it takes 2.06 pounds to do now, and that it required 5.4 pounds to do in 1900.

These things ought to be a source of great satisfaction to the American people, and it ought to be encouragement to the manufacturers of the country to raise wages rather than lower them—for, after all, the workman and his family constitute the nation's buying power.

Paris tried to lengthen the skirt. The skirt refused to be lengthened. Now Paris has made the skirt shorter, with a fancy device for veiling the knee-caps. Paris need not be so careful—there has been nothing left to the imagination for some years.

"U. S. to split fines with informers,"—newspaper headline. If the enforcement department really wants to accomplish something, make an offer to split the combined captured. The majority of the United States would turn detective.

NO LIMIT TO LINE
Electrical engineers now say there is no limit to the length of a line to carry super-power. Current can be carried over great areas, and distributed where most needed.

This makes it all the more important to develop the water power of this country and convert it into electric current to be distributed where needed.

THAT MAN FORD
Henry Ford is always an interesting subject. Now, the news floats out from Dearborn, that the filver magnate contemplates entering politics.

Mark Sullivan, writing of him in the New York Tribune says he has the largest income of any man in the world. He says, furthermore, that thirty years ago, Ford didn't have enough money to pay his railway fare from Detroit to Chicago, to witness an automobile race. Twenty-five years ago, next Christmas, the Fords could not afford a turkey for Christmas; they were so poor!

All of which proves that it pays to make something that is popular with the public.

KEEP GERMANY OUT!
All indications point to the rejection of the application of Germany for membership in the council of the league of nations. The worst possible thing for the league. Don't forget Germany was a great power in Europe, and she will be again. The attitude of the nations controlling the league may drive Germany to an active alliance with Russia, and it would not be a far cry from that to the militarization of the Muscovite country, once again by Germans—and trained by technicians, educated in the mysteries of chemistry, and the breeding of a world war far worse than the one they recently finished.

The league was formed for the purpose of promoting peace. That purpose should not be forgotten nor overlooked.

FEARS FOR CANADA
The Bishop of London wants to populate Canada with pure British stock. Otherwise, he says, Canada may be annexed by the United States.

The Bishop need not worry. Canada doesn't want to be annexed—and we have troubles of our own, without taking on Canada and her troubles, just now.

FRENCH OPPOSE
The French government is said to be opposed to another naval parity. So are we. For once we find the French favoring something that is worth while.

We are definitely and everlastingly opposed to any more arms parleys or naval parleys. The last one we had resulted in our losing our naval eye-teeth.

NEW FRENCH ARMY PLANES
The French plan increasing and elaborating their army, rather than reducing it according to the latest information from Paris. The French need no American sympathy. They are planning to control the world through a war of conquest. They are more dangerous today than was Germany in 1913.

Captain Rene Fonck, who is to attempt a flight across the Atlantic, tried out his airplane, and it functioned perfectly—over Mineola, Long Island. It will be another story if it doesn't function when it reaches the mid-Atlantic in the long flight.

Queen Marie of Rumania, coming to visit us, has had her hair bobbed before coming. That shows how far an evil influence will travel.

VARE AND SMITH ATTACKED
Already the rights of Congressman Vare of Pennsylvania, and Captain Smith of Illinois, republican nominee for the United States senate, are being attacked, on account of the vast amount of money spent to nominate them.

The next United States senate promises some battles for party control, that will make the battles of the past appear pale as—as—moonshine.

LOWER OUR TARIFF?
One suggestion is coming out of Europe that will not stand much show of popularity in America—the suggestion that we lower our tariff to let European goods to our markets, as one of the conditions upon which we may enter the world court. Another very excellent reason why we should withdraw our first step in the direction of entry into the world court.

NOTICE OF MORTGAGE SALE
Whereas, Arthur L. Lowry, a single man, of the Township of Sylvan, County of Washtenaw and State of Michigan, made and executed a certain mortgage, bearing date the thirteenth (13th) day of May, A. D. 1924, to Lewis Lambert and Iva B. Lambert, husband and wife, of the same place, which was recorded in the office of the register of deeds of the county of Washtenaw on the 26th day of May, A. D. 1924, at 3:25 o'clock in the afternoon, in Liber 167 of mortgages, on page 53:

And whereas, the amount claimed to be due upon said mortgage is the sum of Five Thousand Two Hundred Fifty eight and 38-100 (\$5258.38) dollars, and no suit or proceeding has been instituted, at law to recover the debt now remaining secured thereby, or any part thereof:

And whereas default has been made in the payment of the money secured by said mortgage, whereby the power of sale contained therein has become operative:

Now, therefore, notice is hereby given that, by virtue of said power of sale, and in pursuance thereof, and of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises, at public vendue, to the highest bidder, at the south front door of the court house, at the City of Ann Arbor, in said county of Washtenaw, that being the place of holding the circuit court within said county, on the 12th day of November A. D. 1926, at 10 o'clock in the forenoon—Eastern Standard Time; the description of which said premises contained in said mortgage is as follows:

All those certain pieces or parcels of land situate and being in the Township of Sylvan, in the County of Washtenaw and State of Michigan, and described as follows, to-wit:

The north west quarter, of the north east quarter, and the north west fractional quarter, of Section seven (7), Town two South, Range three East, excepting thirty one acres and eighty nine rods off the south end of the north west fractional quarter of said section seven. Also excepting and reserving about one-fourth of an acre of land, now used for a burying ground on the north

west corner of said north west fractional quarter.
Dated August 16, 1926.

What Is a Diuretic?

People Are Learning the Value of Occasional Use.

EVERYONE knows that excessive stimulation of the kidneys is active stimulates the kidneys. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendations. Scarcely a community but has its representation. Ask your neighbor!

BREVITIES

MANCHESTER—The attendance at opening of the school August 30, 278 pupils, 157 in the high school; 119 being in grades from 9 to 12; 49 in the 9th grade, and 68 non-residents.—Enterprise.

ANN ARBOR—A roof fire caused \$2,500 damage at the Hoover Steel Ball Co. plant at 6:30 Friday morning. The blaze started when a spark

ignited the false roofing above the furnace room.

GRASS LAKE—Robert Hagadon has purchased a lot facing on M-17 just west of the Marrinane building of Mr. Ed. Marrinane and is building a store room for his meat market. Mr. Hagadon was a former resident of Chelsea.

STOCKBRIDGE—Labor Day was celebrated here with a baseball game in the forenoon, a barbecue with sandwiches and coffee at noon, and in the afternoon band concert, street sports of various kinds, a ball game and a dance in the evening.

DEXTER—The members of St. Joseph's church held their Labor day picnic Monday in the Richard-Smith woodland park. The ladies of the parish served a dinner followed by a program of addresses, ball game and other amusements. There was a good attendance.

MILAN—Rev. and Mrs. C. L. Adams arrived home Monday afternoon from their trip to the Pacific coast and report a delightful time visiting their friends, seeing new sections of this continent, viewing the

wonderful things in our country. For four weeks the four "Adams Boys" were together and renewed their youth as they talked of their boyhood days, their pranks, and more serious experiences.—Leader.

SALINE—Every once in a while some one drops into town with a show wagon, displaying a few of the freaks of the animal world.—Saturday one of these menageries stopped for the day. This one had a three-legged duck, six-legged pig, five-legged calf, etc. The price of admission was so low that one hardly could resist the temptation of getting stung. It seems that the old saying still holds true: one is born every minute.—Observer.

CLINTON—The new traffic light, which has been in operation for the past week, is proving to be far more effective than the small light that was first tried out. The present light is more easily distinguished in the day time as it is built to fit the corner. The light first used was made for a right angle corner. The bell, which warns the driver that the signal is to change, is a help in reminding the absent-minded driver that there is a stop-light on the corner.—Local.

BROOKLYN—In grading for the improvement of the shore at the Clarks Lake county park last week the remains of what was probably an Indian were uncovered. The body had apparently been buried in a sitting posture. No clothes or trinkets were found.—It is known that all this territory was the hunting ground for the Indians, and that they had many camps around the lake long before the white man took up the same form of pleasure. On the W. E. Randall farm on the south shore piles of old clam shells have been found with the remains of charred wood, indicating that these old timers enjoyed a clam bake.—Exponent.

PINCKNEY—Monday evening of last week, Mr. and Mrs. Arthur Deierlein of 526 Garland Ave., Detroit, who have been spending some time at Lakeland with their two children, Stanley aged three years, and a six months old baby, started for their home in Detroit, in their car. In making the sharp turn near the Clarence Carpenter farm at Chilson they almost collided with another car. In order to avoid it Mr. Deierlein turned out too far and overturned his car. Stanley was asleep on the rear seat, his parents and little sister being in the front one, and as the car overturned he was thrown out the open window underneath the falling car and instantly killed. The other man, who was from Ann Arbor, stopped and rendered what aid he could. The Deierlein car is said to be uninjured, not even a window being broken.—Dispatch.

THE NORTHVILLE FAIR IS TEN YEARS OLD

The tenth annual fair of the Northville Wayne County Fair association will be held this year on September 21, 22, 23, 24 and 25th, and every day will be crowded full of entertainment with fireworks each night. This year there will be four days of racing—Tuesday, Thursday, Friday and Saturday, while Wednesday will be given over to the saddle horses and riding clubs. There will be the usual ball tournament, starting on Tuesday and continuing all the week, three big free acts, band concerts, large and varied exhibits in all departments attractively arranged. There will be an A. K. C. licensed dog show this year and in every department an effort is being made to excel any previous display. Friday will be children's day and the better baby contest will also take place that day. Thursday will be Plymouth day, Friday Redford and Farmington day and Saturday home coming and Detroit day. The program of entertainment will be varied enough to please all, the young as well as the old, and the various exhibits will be worth while.

Discovery an Accident

Charles Goodyear, who discovered the process of vulcanizing rubber, expended all his means in experiments with various mixtures and processes which should remedy the fatal defects of India rubber in its natural state, since it is brittle in cold weather and sticky in warm weather. The great secret of vulcanizing, a process in which the two substances, submitted to a high temperature, are converted into elastic, enduring, heat and cold-defying material, now in use, was an accidental discovery made by Goodyear while standing by a stove and idly subjecting a mixture of rubber and sulphur to its heat.

Belief in Toad Stone

W. J. Rolfe in his notes on "As You Like It," says: "Better naturalists than Shakespeare believed in the toad stone, the 'precious jewel' of the text. Fenton, in his 'Secrete Wonders of Nature' (1566), says that there is found in the heads of old and great toades, a stone which they call borax or stelon; it is most commonly found in the head of a hee toad, of power to repulse poisons and that it is a most sovereign medicine for that stone." Allusions to it are frequent in the literature of that day.

The Real Sinner

"A gentleman called me handsome yesterday," said a rather elderly lady to her minister. "Do you think it is sinful of me to feel a little proud of the compliment?" "Not at all, ma'am," replied the minister. "It's the gentleman who is the sinner, not you."—Yonkers Statesman.

Cultivate Right Posture

Posture is a dynamic rather than a static thing; it is a by-product of well-balanced and vigorous muscular health and activity. The wild animal and the savage are commonly lithe, supple and quick, yet they have no disciplinarians constantly taking them to task for their slovenly habits of standing and sitting.

COLLEEN MOORE RE-ENACTS PHASE OF HER OWN LIFE

"Ella Cinders" in a General Way, Resembles Star's Beginnings in Film World

Ten years ago, between misgivings and hope, Colleen Moore stood tremblingly in the presence of David Wark Griffith as his cool eyes measured her and sought to penetrate beyond her indefinite adolescent exterior. Her uncle, Walter Howey, noted editor, had just introduced her and suggested the possibility of a screen career for her.

Griffith observed vivacity, intelligence, temperament, in her features—and a marked photographic value. His decision was quickly made. Colleen Moore, at fourteen years of age, boarded a train at Chicago for Hollywood. Her career had begun.

In a general way, Miss Moore's role in her latest First National starring vehicle, "Ella Cinders," an engagement at the Princess theatre

Colleen Moore in Ella Cinders

Wednesday and Thursday, September 15 and 16, resembles her own beginnings in the cinema. The heroine is pitched into a picture environment at an early age, has the struggles that were Colleen's and in the end wins the laurels she has dreamed about.

It is interesting to trace the career of this piquant personality of the screen. Her youth was almost as kaleidoscopic as the changing environments provided for her subsequent screen appearances.

After three lusty years in Port Huron, Mich., her birthplace, Colleen lived a year at Hillsdale, in the same state and then her folks settled in Atlanta, Ga., remaining there four years. Here she attended Sacred Heart convent. For a year she continued her studies at St. Joseph's convent, Warren, Pa. Her last years of schooling occurred at Convent of the Holy Name in Tampa, Fla., where she lived five years.

In 1916 Colleen migrated to Chicago, where she met Griffith and was engaged by him for her first picture work. She was sent to Hollywood and soon was seen in such pictures

as "Little Orphan Annie" in which she played the title role; Charles Ray's "Egg-Grate Wallop," Marshall Neilan's "Dinty," Frank Borzage's "The 11th Commandment," Rupert Hughes' "Come On Over," and "Thru the Dark."

Since her affiliation with First National, she has been seen in "The Huntress," "Flaming Youth," "Painted People," "The Perfect Flapper," "Flirting With Love," "So Big," "Sally," "The Desert Flower," "We Moderns," "Irene," and "Ella Cinders."

Not Attractive

An odd simile was used recently by a young motorist in speaking of a very homely girl. "She looks," he said, "like seven miles of bad road."—Boston Transcript.

Spiders Bred for Webs

The large hairy spiders known as tarantulas are bred in America for the sake of their webs, the filaments of which are made into thread for balloons. Each tarantula yields from twenty to forty yards of filament, of which eight pieces twisted together form a single thread of sufficient strength and durability, and it is lighter than silk.

Formal Call to Prayer

The minarets of Mohammedan mosques are the towers from which the officer whose business it is, issues the muezzin, or call to prayer, at which signal all true Mohammedans face toward the east and engage in devotion.

A Small, Desirable Community---Less Than 300 Lots at Inverness Country Club

This is a small and restricted community of summer homes, that's one of the reasons why Inverness Golf and Country Club, located on the shores of North Lake, are so popular. Here the entire family will find rest and recreation—safety for the children, peace and comfort for the grown-ups, missing all the objectionable features of the average summer colony. All forms of summer sports are possible here. There's fishing, swimming and boating for those who enjoy the water. Now playing 6 holes of the nine-hole golf course. A 12-room club house, which the members of the community will own, is already on the property. You'll be as enthusiastic as those who have already purchased here, when you see this community. A membership in the Club goes with every lot.

LONG DISTANCE TELEPHONE SERVICE CHANGES

Effective October 1, 1926

Reductions in Long Distance Rates to Points Outside Michigan
To points outside Michigan that are 150 miles or more distant, Long Distance rates will be reduced substantially—the greater the distance, the greater the reduction. For example, from Detroit to St. Louis the basic station-to-station rate will be \$2.30 instead of \$3.00; to Denver, \$5.25 instead of \$7.40; to San Francisco, \$9.30 instead of \$13.45; to New York, \$2.40 instead of \$3.15. Reductions in rates from this city will be in like proportions. Rates for distances between 24 and 110 miles will be adjusted, in many cases, to make the schedule consistent throughout, but in these cases any increase of the basic station-to-station (Anyone) rate will be only five cents.

Reversed Charges on Station-to-Station (Anyone) Calls
Heretofore the reversal of charges has been available only on person-to-person (Particular Person) calls. As a further convenience to the public, this privilege will be extended to station-to-station (Anyone) calls where the rate is 25 cents or more, both to points outside of Michigan and between points within the state.

Longer Reduced Rate Period
Reduced rate hours for station-to-station (Anyone) calls, both to Michigan points and to outside points, will begin at 7:00 p. m., instead of 8:30 p. m. as formerly. Between 7:00 p. m. and 8:30 p. m., the discount will be approximately 25 per cent of the day station-to-station (Anyone) rates; from 8:30 p. m. to 4:30 a. m., the discount will be about 50 per cent of the day rates. These discounts will apply where the day station-to-station (Anyone) rate is 40 cents or more, with a minimum reduced rate of 35 cents. Because of the unsatisfactory service conditions which it brought about, the midnight discount still in effect on calls to points outside Michigan will be discontinued.

The net result of these rate changes will be a saving to the telephone users of the United States of approximately \$3,000,000 a year. The service changes are made in the interests of public convenience, to relieve the burden now imposed by the congestion of business at midnight and to furnish still better long distance service.

Reductions and adjustments in long distance rates between points within the state became effective July 10.

Dorothy Canfield's widely discussed novel

"The Home Maker"

featuring ALICE JOYCE and CLIVE BROOK

Here is a picture that will create a red hot discussion. Every one who sees it will be moved—whether to love it or hate it! For it fights all standpat conventions, for it destroys some silly delusions we all hold about the home and its obligations. It comes to you direct from a sensation-ally successful New York Broadway run, where it was un-animously acclaimed by all critics.

Copy A. Case, Thura I. Case, and Alida Case, Plaintiffs, vs.
The unknown wife of William McKaleb, the unknown wife of Isaac T. Horton on September 19th, 1886, and the unknown wife of David Lawrence, and their and each of their unknown heirs, devisees, legatees and assigns.

At a session of said Court held at the Court House in the City of Ann Arbor in said County of Washtenaw on the 18th day of August A. D. 1926. Present, Hon. George W. Sample, Circuit Judge.
It appearing to the Court from the bill of complaint duly verified and filed in the above entitled cause that the unknown wife of William McKaleb, the unknown wife of Isaac T. Horton on September 19th, 1886, and the unknown wife of David Lawrence, and their and each of their unknown heirs, devisees, legatees and assigns, are necessary and proper parties defendant herein and it further appearing that after diligent search and inquiry the said plaintiffs have been unable to ascertain the names and whereabouts of the said persons included as defendants without being named: Therefore, on motion of Frank E. Jones, attorney for said plaintiffs: It is Ordered, That the appearance of the said defendants, the unknown wife of William McKaleb, the unknown wife of Isaac T. Horton on the 19th day of September 1886, and the unknown wife of David Lawrence, and their and each of their unknown heirs, devisees, legatees and assigns shall cause their appearance to be entered in said cause and notice thereof given according to the rules and practice of this court within three months from the date of this order and that in default thereof the said bill of complaint be taken as confessed against them; And it is further ordered that within forty days from the date of this order plaintiffs cause a copy thereof to be published in the "Chelsea Standard," a newspaper printed, published and circulating in said County of Washtenaw and that such publication be continued therein once in each week for six successive weeks.

Attest: A true copy.
Claramon L. Pray, Clerk of said Court. (Seal of said Court attached.)
To: The unknown wife of William McKaleb, the unknown wife of Isaac T. Horton on September 19th, 1886, the unknown wife of David Lawrence, and their and each of their unknown heirs, devisees, legatees and assigns, Defendants above named and to such other persons as are or may be interested in the said lands.
Take Notice: That the bill of complaint in the above cause is filed to quiet and confirm the title of the plaintiffs and to correct and reform certain deeds in said bill of complaint mentioned and set forth and of the right of plaintiffs to deed and convey the said premises as of the 24th day of April A. D. 1926; Said premises situate and being in the township of York, County of Washtenaw and State of Michigan, described as follows: To-wit: The west half of the west half of the west half of the south west quarter of Section number thirty-five.

ORDER FOR PUBLICATION
STATE OF MICHIGAN
In the Circuit Court for the County of Washtenaw, in Chancery.
John Tubbs, Plaintiff, vs.
Mary Tubbs, Defendant.
Suit pending in the Circuit Court for the County of Washtenaw in Chancery, at Ann Arbor on the 23rd day of August A. D. 1926.
In this cause it appearing from affidavit on file that the defendant Mary Tubbs, is not a resident of this State, but resides at Village of Chancery in the State of New York, on motion of Carl A. Lehman, complainant's solicitor, it is ordered that the said defendant Mary Tubbs, cause her appearance to be entered herein, within three months from the date of this order, and in case of her appearance that she cause her answer to the complainant's bill of complaint to be filed, and a copy thereof to be served on said complainant's solicitor, within fifteen days after service on her of a copy of said bill, and notice of this order, and that in default thereof, said bill be taken as confessed by the said non-resident defendant.
And it is further ordered, that within twenty days the said complainant cause a notice of this order to be published in the Chelsea Standard, a newspaper printed, published and circulating in said county, and that such publication be continued therein once in each week, for six successive weeks, or that said plaintiffs cause a copy of this order to be personally served on said non-resident defendant, at least twenty days before the time above prescribed for her appearance, or otherwise serve a copy of this order as provided by statute.

ORDER OF PUBLICATION
STATE OF MICHIGAN
In the Circuit Court for the County of Washtenaw, in Chancery.
Leotha F. Corrigan, Plaintiff, vs.
John J. Corrigan, Defendant.
Suit pending in the circuit court for Washtenaw County in Chancery, on the 22nd day of July, A. D. 1926 at Ann Arbor in said county of Washtenaw.
It is satisfactory appearing to the court by affidavit on file that a chancery summons has been duly issued

out of and under the seal of said court, for the appearance of said defendant therein, and that the same could not be served on said defendant because that after diligent search and inquiry the whereabouts of said defendant could not be learned and that said chancery summons has been returned by the sheriff of said county with his certificate thereon endorsing that after diligent search and inquiry he was unable to find the said defendant within the State of Michigan on or before the return date of said summons, on motion of Cavanaugh & Burke, attorneys for said plaintiff, it is ordered that the said defendant, John J. Corrigan, cause his appearance to be entered in this cause within three months after the date of this order, and in case of his appearance that he cause his answer to the plaintiff's bill of complaint to be filed, and a copy thereof served upon the plaintiff's attorneys within twenty days after service on him of a copy of said bill and notice of this order, and that in default thereof said bill be taken as confessed by said defendant.
And on like motion, it is further ordered that within twenty days after the date hereof the plaintiff cause a notice of this order to be published in the Chelsea Standard, a newspaper printed, published and circulating in said County of Washtenaw, and that such publication be continued at least once in each week for six weeks in succession, or that she cause a copy of this order to be personally served upon said defendant, at least twenty days before the time above prescribed for his appearance.

And on like motion, it is further ordered that said plaintiff cause a copy of this order to be mailed to said defendant, at his last known post office address by registered mail and a return receipt demanded at least twenty days before the date herein prescribed for his appearance.

The name of the candidate for delegate to the county convention primary election ballot, but one or shall not be printed upon the official more such names may be placed on such ballot by printed or written slips pasted thereon by the voter, or the names may be written in by the voter.

Delegates to the Fall county convention shall be elected by election precincts and the county clerk shall notify by mail each person elected as such delegate.

The required number of electors to receive the highest number of votes for delegates to the Fall county convention of any political party shall be declared by the board of election inspectors to be elected.

The board of primary election inspectors shall certify to the county clerk the names of the electors so elected, as delegates, naming the political party upon whose ballots such electors were elected. The county clerk shall notify each delegate so elected of his election as such delegate, and shall certify to the chairman of the county committee of each political party of the county, the delegates elected by such political party as delegates to the full county convention.

Suggestions Relative to Voting—Separate Ballots for each political party will be provided. The elector must name the political party of his choice when asking for a ballot and in marking his ballot must make a cross in the square to the left of the name of each candidate for whom he desires to vote, and can vote for only one candidate except where two or more candidates are to be nominated in which case he should vote for two or the number to be nominated.

The Polls of said election will be open at 7 o'clock a. m. and will remain open until 5 o'clock p. m. of said day of election, unless the Board of Election Inspectors shall, in their discretion, adjourn the Polls at 12 o'clock noon for one hour. Dated August 20, A. D. 1926. GEO. S. DAVIS, Clerk of said Township.

CHEVROLET TO BUILD 1000 ADDITIONAL CARS PER DAY

Preparing facilities for manufacturing 1,000 more cars per day in 1927, the Chevrolet Motor company is proceeding rapidly with additions to its plants and equipment in the United States.

These additions are being made under the \$10,000,000 expansion program announced recently by W. S. Knudsen, president and general manager of the company.

The addition to the huge motor plant at Flint is now well under way. New shafts and small parts are arriving daily and extensive enlargements are being made at the Flint sheet metal division. A building 200 feet long by 184 feet wide is under construction to increase production of the Toledo transmission plant. Enlargement of the heat treat department of the Bay City small parts plant will provide additional facilities there.

In Detroit the building known as General Motors Truck Company plant No. 7 has been purchased for manufacturing axles and small parts and will be merged with the gear and axle plant.

New buildings and the erection of 97 steam-forging hammers at the Detroit forge plant will make this plant one of the largest forging centers in the United States.

Chevrolet factories at Cincinnati, Janesville and St. Louis will be extensively enlarged under the program. Fisher body plants at these cities are to be augmented, providing manufacturing facilities for 750,000 closed bodies and 250,000 open models. A proportionate increase in employees will follow the completion of these plant additions.

M. S. C. HORSES WIN HONORS AT OHIO FAIR

Horse entries from the Michigan State College made a clean sweep of leading prizes in the Belgian and Percheron classes at the Ohio State fair last week, according to word just received from R. H. Hudson, superintendent of the M. S. C. farm.

Competing against the leading horse herds of the country, the college animals upheld the reputation of Michigan by pulling down no less than 25 prizes in the various events. Every one of the 12 horses entered at Ohio won at least one ribbon. It is said to be the heaviest winning ever made by the college in big-time competition.

Peryenche, for three years grand champion Belgian mare at the Chicago International, continued her winning ways, taking first place with her colt in the "mare and colt" class. Among other outstanding Belgian winnings were: reserve junior champion, junior champion, and grand champion Belgian mare; first and second place two year old mares; first prize filly foal; and first place herd, in the Belgian division.

Percherons did fully as well in bringing ribbons back to Michigan, a dozen awards being won in this section. First prize futurity stallion; first filly foal; reserve junior champion stallion, and other high places fell to the Percherons.

A carload of sheep, entered by M. S. C. at Ohio, won a total of 19 ribbons. Four breeds, Rambouillet, Shropshire, Oxford, and Hampshire were included in the entries, a number of places being won in each. The M. S. C. horse string was shipped back from Ohio over the weekend, and is being shown this week at Detroit in the Michigan State fair.

STATE POULTRY MEN TO MEET AT M. S. C.

Poultrymen of Michigan will gather in force during the week of September 13 to 18, at the Michigan State College.

A special Hatcherymen's Short Course and the second annual meeting of the Michigan Poultry Improvement Association are both scheduled for that week. Many of the delegates are expected to attend all sessions of both gatherings, which are planned to run consecutively.

During the Hatcherymen's course, which starts on Monday, September 13, problems of the poultrymen, ranging all the way from disease control to egg laying contests will be discussed. Members of the faculty of the poultry department at M. S. C. and leading country specialists of the state are listed to lead discussion during the school.

The special meeting of the Poultry Improvement Association will be called on Friday morning, September 17, with Dr. L. E. Heasley, of Zeeland, president of the association, in the chair. In addition to technical matters on the program, a number of addresses by agricultural leaders and poultry experts are listed.

Prof. H. A. Bittenbender, of Iowa State College; Reese V. Hicks, of Kansas City, Mo., managing director of the International Baby Chick Association; President Kenyon L. Butterfield of M. S. C.; Clark L. Brody, manager of the Michigan State Farm Bureau, and others are listed to appear on the program during the meeting.

Old Colonial Fort

Fort Frederick was erected under the personal supervision of Gov. Horatio Sharpe. He obtained a grant of \$10,000 for the purpose from the legislature May 16, 1756. It was named in honor of the sixth Lord Baltimore. It is situated on a knoll 100 feet above the Potomac, one-quarter mile north of Hagerstown. It is a rectangle of 240 feet. British prisoners were confined here December 20, 1777, from General Burgoyne's army. It was sold by the state September 5, 1791, and purchased again by it after having been in other hands for 131 years, December 30, 1922. During the Civil War it was garrisoned by the United States troops. It is probably the best preserved fort of the period in the United States.

READJUSTMENT OF PHONE RATES IS UNDER WAY

General readjustment of long distance telephone rates between points in Michigan and points outside the state and in the evening and night period during which reduced rates apply, are announced by C. H. Adler, manager here for the Michigan Bell Telephone, the changes becoming effective October 1. Mr. Adler states that these changes were made in the interests of public convenience and to eliminate service difficulties encountered under the present schedule of rates to points outside the state. Readjustment of long distance rates between points within the state were made effective July 10.

According to the telephone official, the net result of the readjustment in rates will be a saving to the telephone users of the United States of approximately \$3,000,000 a year.

To points outside the state 150 miles or more distant, rates will be substantially reduced, as they already have between points in Michigan. The reduction will become greater with increased distance. For example, from Detroit to St. Louis the basic station-to-station rate will be \$2.30 instead of the present \$3.00; \$5.25 instead of \$7.40 to Denver, to San Francisco, \$9.30 instead of \$13.45. These reductions are made possible partially through the use of long distance cables, vacuum tube repeaters and other improved devices and methods resulting from the continuous scientific research and development applied to the telephone business.

Many rates for distances between 24 and 110 miles will be adjusted to make the schedule consistent throughout, but in these cases the increase of the basic station-to-station anyone rate will be only five cents.

The reduced rate night and evening period has been lengthened one and a half hours, under the proposed readjustment and will affect service between points within the state as well as that between Michigan cities and outside points. Reduced rates on station-to-station anyone calls will begin at 7 p. m., instead of 8:30 a. m. formerly, the discount to be approximately 25 per cent of the day station-to-station anyone rates, increasing to a discount of approximately 50 per cent of the day station-to-station anyone rates between 8:30 p. m. and 4:30 a. m. These discounts will apply on calls on which the station-to-station anyone rate is 40 cents or more, with a minimum reduced rate of 35 cents. Because of the unsatisfactory service conditions encountered under the discount still in effect on calls to points outside Michigan between midnight and 4:30 a. m., that discount is to be discontinued.

By lengthening the period of the reduced rates on this class of calls, Mr. Adler says, it is expected that complications of service after midnight which have resulted in delays and have placed a heavy burden on the facilities and the employees, will be eliminated very largely. The midnight reduction, he states, has made it necessary, particularly in the larger centers, to retain on duty large forces of operators to care for merely a brief rush of calls. It is anticipated that with the longer reduced rate period, many of these calls will be spread over other hours.

The extension of the reversed change privilege to station-to-station anyone calls, both day and night rates, is another advantage to the

user of the long distance service included in the proposed changes. This will apply on all calls of this classification of service on which the rate is 25 cents or more. In the past, this privilege has been applied only to person-to-person (particular person) calls. With the ever-increasing use of the long distance service, however, and with many occasions arising in which reversing of charges would be an advantage to the customer, who calls for a certain number, the company has decided to extend this privilege.

CHAMPION AUTO RACES TO CLOSE STATE FAIR

A championship 100 mile automobile race, with America's leading speedway drivers entered to pilot the roaring cars in their quest for national honors, will close the entertainment program for this year's state fair, on Saturday afternoon, September 11.

The race is being referred to by automobile race authorities as the greatest long distance event ever held on a dirt track. The state fair banked oval is in wonderful shape this year, according to Chester M. Howell, superintendent of the automobile race section of the fair, and record breaking time is expected. All cars in the race will have the

new "vest pocket" speedway motors, of small piston displacement—the same cars which have been making such phenomenal time around America's speedways this summer. It will be the first time that these speedway motors have ever raced on a dirt track.

Frank Lockhart, winner of the 1926 Indianapolis 500 mile race, will head the list of 14 national champions who will pilot cars. Earl Devore, "Red" Shafer, Ben Jones; Dr. W. F. Shattuck, and other famous drivers are included. The race is limited to 14 cars.

The state fair is planning to handle a crowd of 40,000 people for the races Saturday. Thomas E. Henry, of Detroit, president of the American Automobile Association, and a member of the board of managers of the state fair, is managing the races, with Mr. Howell as his superintendent. The state fair itself is the promoter of the event, which is sanctioned officially by the A. A. A.

Expedition "in the Dark"

On this voyage, starting out in 1922, Knold-Amundsen got stuck in the ice near the North pole for several years. The only light they had during the long winter months was furnished by two small electric lamps.

COMPETITION IN WORDS

One who goes into the market to buy a motor car today is naturally confused.

He has read the words best and greatest so often that they have ceased to be convincing. Where all is best, he reflects, there can be no best.

Thousand-dollar cars have been described to him in ten-thousand dollar language. And vice versa. He finds himself the target in a war of adjectives; the helpless victim in a gigantic competition of words.

And so he is forced to rely on chance—the advice of friends—or his own limited experience.

Dodge Brothers, Inc., have never participated in this verbal competition.

They are content with the position they have long maintained in the far more vital competition of honest value.

They have continued steadily to improve their product, not only in comfort and beauty, but basically—beneath the body and hood where fundamental values lie.

Yet they have not unduly stressed each betterment that has marked the steady progress of their motor car toward a higher perfection.

And when economic conditions or greater sales have permitted them to reduce prices without reducing quality, they have announced the fact without excessive emphasis.

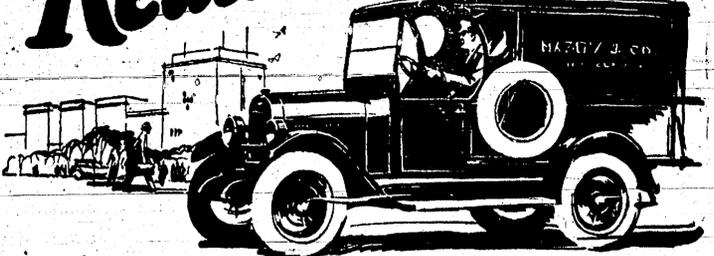

Unexaggerated truth is not spectacular. But in the long run, implicit public confidence has been Dodge Brothers reward, and this they propose to preserve forever by continuing to build just a little better than they tell.

The True Buffalo The American bison, the true buffalo, do not have the hump above the shoulders, says Nature Magazine. Although this typically American animal has been displaced from most of his original range, he bids fair to survive in the flesh when many of his associates have passed on.

Beef Simply Preserved Jerked beef is beef in long strips dried in the air, with or without being previously immersed in brine. The original jerked beef was unsalted. The word "jerked" comes from the Spanish-American "charquear." The industry originated in Uruguay, where the beef so prepared is tassa.

CHURCH CIRCLES

METHODIST EPISCOPAL. Rev. C. S. Ripley, pastor. Sunday is our big day. Home coming and re-opening of our church after a thorough renovating. You will want to see it.

Services begin at 10 o'clock. Special music and address by Dean Robert Williams of Albion College. Subject, "The Geography of the Kingdom." This is the Dean's first appearance here and you should hear his address.

The Ladies' Aid will serve dinner at 12:30. A free-will offering will be received and applied on indebtedness. The afternoon services at 2:30. Dr. Dunning, of Ypsilanti, former pastor will give an address. Dr. J. E. Martin, district superintendent, will also be present and give an address. Special music and orchestra. We hope every member of the church will be present and many former parishioners and friends. This is the last Sunday of the conference year. If you are in arrears, either with local church or World Service, would be pleased to have it handed in at this service. Let us look forward to a good day, and long to be remembered. Conference meets next Wednesday at Metropolitan church, Detroit, Mich.

ST. MARY CHURCH. Rev. Fr. T. J. Fallon, pastor. Low Mass at 8 a. m. High Mass at 10 a. m. Baptism at 11 a. m. Mass on week days at 8 a. m.

CONGREGATIONAL. Rev. A. E. Potts, Pastor. Morning worship 10:00. Sermon subject: "The Church." Sunday school 11:15. Evening worship, 7:30. Sermon subject: "The Bible."

ST. PAUL'S CHURCH. P. H. Grabowski, Pastor. German service at 10:00 o'clock. Rev. F. H. Kraft of St. Louis, Mo., will occupy the pulpit at this service. Rev. Kraft has preached at St. Paul's before and has always found a large audience. We hope that Sunday's audience will not be an exception. Come to church. Sunday school at 11:15. Our attendance at Sunday school last Sunday was somewhat of a disappointment. Only a little over half the enrollment was present. Let's do better next Sunday. Tuesday, Sept. 14th. Confirmation instructions at 4:00 o'clock. As this is the first session for the coming year all prospective confirmands are urgently requested to be present. Instructions will take place in the school house at the rear of the church.

Banishes Insomnia. An inventor in Cheshire, England, has produced a machine which is said to be a sure sleep producer. The machine throws a series of 12 different colored light rays across the insomnia victim's face, putting him to sleep in 15 minutes, the inventor claims.

Might Be Either. We are told of a man reading a news dispatch from London of a display of cakes, pies and sweets which had been made by boys at the Liverpool institute and over which it was found necessary to put up a sign, "Please do not eat the exhibits" and the quiet remark of his wife, "Request or warning?"

A COLUMN OF INFORMATION ON TOPICS OF INTEREST

Test of Cream. High testing milk yields cream of a higher test than does low testing milk when run through a cream separator under the same conditions. Don't Make Bees Waste Heat. Comb honey that is left on the hives after the honeyflow is over becomes soiled and discolored. It should be removed as soon as finished. When the honeyflow is over, all empty supers should be removed, so that the bees will not have empty space to keep warm during the winter.

Money in Trees. "A stand of merchantable timber is a liquid asset and a stand of young timber increases in value each year," says E. H. Thompson, president of the Federal Land Bank of Springfield, Mass.

"Farms with good woodlands sell readily, but after the merchantable growth is completely removed, their value will apparently be depreciated considerably more than the actual stumpage value of the timber removed. A well timbered farm that will sell for \$3,000 would not bring over \$1,000 if completely stripped of timber that has a present stumpage value of \$1,000."

Keep Bees Better. Even if a colony of bees is strong at this time, it cannot be expected to go through the winter well in the north unless it now has a good young queen, so that plenty of young bees will be reared to live through the winter. All old bees which have worked through the summer will soon die. Any colony which does not have at least 30 pounds of honey and the hive full of young bees when cool weather comes should be united with some other colony of the same kind, or with a stronger one. Most winter loss is caused by poor fall management.

"Inside" Information. Sauce naturelle is made by thickening the water in which a vegetable was cooked. It may be made in connection with many kinds of vegetables, and will also provide the basis for a good vegetable soup, creamed or otherwise.

Don't boil string beans a long time with ham or pork merely to flavor them. The vitamins will be destroyed and most of the other valuable ingredients extracted. Instead, add bacon fat or crisp bacon at serving time.

Add a tablespoon of horseradish to sweet-sour sauce for bees.

Try potatoes cooked in tomato juice instead of water. Slice or dice them for quick cooking.

Finely chopped raw celery improves many dishes, such as creamed beef, fish, crabmeat, oysters, potatoes, cabbage, or hard-cooked eggs. Try it in cream sauce for serving on croquettes; with creamed canned peas and lima beans, stewed tomatoes and other vegetables. Add just a few minutes before serving time.

Slacking Butter. To keep butter from sticking to paddles and other wooden utensils these should be thoroughly rinsed immediately before using, first with hot water, then with cold water. This fills the pores of the wood with water and prevents the butter from sticking to it. Wooden utensils should be cleaned immediately after using so that the fat will not have an opportunity to get into the pores of the wood.

Smother Fire With Sawdust. Sawdust is a good extinguisher of oil fires especially if the oil is in a deep container. Sawdust poured on burning oil floats and smothers the fire by shutting off the oxygen. Care must be taken that the sawdust does not become oil soaked and as hazardous as the oil itself. Two or three pounds of common soda mixed with a bucketful of sawdust renders it almost entirely incombustible. When this mixture is used on a very hot fire the soda gives off a gas which aids in smothering the flames. Coarse sawdust should be used and care needs to be taken that the dust does not form a cloud as fine sawdust or wood flour suspended in the air may explode if ignited.

Better Than Removing It. While some of the dirt in milk comes from the air, the hands and clothing of the milker, and clean strainers, pails, cans and other utensils, the greater part drops from the body of the cows during milking. Straining removes the coarse particles of dirt but eliminates neither the fine dirt nor bacteria. The process improves the appearance of the milk but may give a false impression of the real cleanliness of the milk if the results are used as the sole guide.

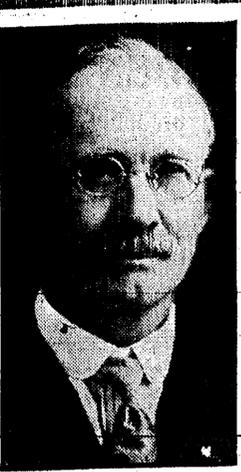

Cheese Cloth and Wire Strainers, because of their coarse meshes, are unsatisfactory for straining milk. Absorbent cotton and filter cloth, which can be bought from drug stores, or dairy supply houses at comparatively moderate cost, remove most of the sediment from milk.

Since the body of the cow is the chief source of dirt in milk she should be groomed frequently. In addition the flanks, udder, and adjacent belly should be cleaned with a moist cloth just before milking. These parts if kept clipped are much easier to clean.

The use of a hooded or small-top milking pail also aids materially in preventing dirt from falling into the milk.

School Lunch Surprises. Think back to your own school days and recall how delighted you were when you opened your lunch basket and found a "surprise" there. You will immediately want to pull your "thinking cap" on a little more firmly and see what you can do to relieve the monotony of the same old sandwiches in Johnnie's or Mary's box. The United States department of agriculture has a few suggestions to make that may help you.

To begin with, you can't do entirely without sandwiches, for they are the most convenient method of combining several substantial foods in a small space, and they are easy for the children to handle without tableware. But you can make sandwiches of different kinds of bread—graham, rye, raisin, nut, date, prune or fig

bread, and breads made from cooked cereals with combinations of dried fruit and nuts. Then there are the quick breads—rolls, biscuits, corn bread, muffins—which are not necessarily served hot, although we are apt to prefer them that way. Once in a while use one of these different breads, either for sandwiches, or without filling so they do not seem like the same old thing. Save all the little jars that have tight lids—peanut butter and salad-dressing jars and jelly glasses. Fill these jars with such favorite foods as honey or preserves, apple sauce, stewed fruits, cottage cheese, or anything that can not be spread in the ordinary way.

Origin of National Game. The modern game of baseball originated with the Knickerbocker club, organized in New York city in 1845. The first person to prepare a diagram of the playing diamond was Abner Doubleday of Cooperstown, N. Y., in 1837.

Origin of "Bits". The term "bits" comes from the frontier practice of having Spanish dollars into eight pieces or bits to provide change, as small-minted coins usually were lacking.
