YOUNG MAN MET WITH A FATAL ACCIDENT

Albert Langowski Was Thrown From Motorcycle To Pavement And Was Instantly Killed Thursday Night

Albert Langowski (commonly called Lang) was instantly killed about ten o'clock Thursday night while riding a motorcycle on U. S. 12. The accident happened when he took his hands from the handlebars and the motorcycle wheel buckled and he was thrown to the pavement. He received a broken neck, three fractures of the jaw, his arm was broken and some of his ribs were fractured.

Langowski was accompanied by George Griswold, Jr., who was riding on the rear of the machine. Griswold was thrown in front of an approaching truck, the driver of which succeeded in stopping the machine within about three feet of where Griswold lay. Griswold was somewhat bruised, but was able to return to his home without assistance.

The accident happened between the homes of Mrs. William Stedman and Mr. and Mrs. Harry Padden.

Justice of the Peace H. E. Brooks was called to the scene as acting coroner and after learning the facts decided that an inquest was unnecessary. The body was taken to the St. Paul funeral home on Park street.

He is survived by his parents and several brothers and sisters. The funeral was held from the family home on North street Sunday afternoon, Rev. A. E. Potts officiating. Burial took place in Mt. Olivet cemetery.

CLOSED CAMP SATURDAY

Ginsburg Camp at Lehman Lake, erected and conducted by the Jewish Center of Detroit was closed last Saturday and the director, Mary Kaplan, and her assistants left for their homes in Detroit. During the summer the camp has afforded a resting place for a good many mothers and children from the city and it is expected that the camp will be enlarged next year to accommodate many more.

All connected with the camp regretted their departure because their stay has been a pleasant one and they expressed themselves as being well pleased with the manner in which they have been treated by the people of this community.

The expenses of the camp have averaged \$1,200.00 a week during the season and nearly all of this amount found its way into the stores and business places of Chelsea.

MRS. FRED SCHMIDT DIED SUNDAY

Miss Elizabeth, daughter of Philip and Elizabeth Fallenberg, was born in Bridgewater March 24, 1864, and died in the U. of M. hospital Sunday, September 9, 1928, following an illness of several weeks. Most of her life had been spent in Bridgewater.

She was united in marriage with Fred Schmidt, December 4, 1884, and they have made their home in Chelsea since 1924. She was a member of St. John's church and the ladies aid society of her native birthplace.

She is survived by her husband. The funeral was held at the family home at 10 o'clock Wednesday forenoon and in St. John's church at 2 o'clock in the afternoon. Rev. M. Phillips conducting the services. Burial was in Bridgewater cemetery.

MRS. JAMES VAN ORDEN

Mrs. James Van Orden, 52, died Wednesday afternoon at the home of her parents, Mr. and Mrs. William Exinger, 509 North Ashley street, Ann Arbor, after a lingering illness. Before her marriage Mrs. Van Orden was Mildred Exinger. She had been a resident of Ann Arbor 40 years. After her marriage to Mr. Van Orden she was a resident of Chelsea. She is survived by her husband, one son, William, of Detroit, her parents, two sisters and a brother. The funeral was held at 9 o'clock Friday morning in St. Thomas church, Ann Arbor.

DEMOCRATIC COUNTY CONVENTION FRIDAY NIGHT

A democratic county convention will be held in the court house, Ann Arbor, Friday evening, September 14. Delegates are to be chosen to attend the state convention which will be held in Grand Rapids on Friday, September 21.

The county committee will be re-organized and plans made for the conducting of the campaign.

FORMER RESIDENT DIES

Prof. Wilbur P. Bowen, 65, head of the physical education department of the Ypsilanti State Normal, passed away suddenly at St. Joseph's hospital on Tuesday of last week. He was born near Chelsea in 1863, and graduated from Chelsea High school.

FOOTBALL PRACTICE STARTED BY HIGH SCHOOL GRIDDERS

The First Game Of The Season Will Be On Home Grounds With Howell—Good Team Again This Year

On Wednesday, Sept. 4th, the High school football team appeared for its first practice. New equipment of the latest type, recently purchased, enabled twenty-five boys to report this season. This year's team will be composed of practically all experienced men. Among them will be Steger, Weber, and Fahrner, along with Adrian, who is back on the squad. These four men comprise the very able backfield.

The eleven promises to be the strongest team Chelsea High has put on the field in a good many years. It possesses speed, brains and weight, three elements necessary to make a good squad.

The grid men are guided by Coach Spaulding of Chelsea and Coach Dugan of the U. of M.

Chelsea's first game with Howell promises to be very exciting, since Howell has one of the strongest teams in this vicinity.

Help the boys beat Howell by rooting for Chelsea at this first game.

The following is Chelsea's schedule to date:

Sept. 21--Howell at Chelsea.
Sept. 28--Open.
Oct. 5--Chelsea at Ann Arbor.
Oct. 12--Tecumseh at Chelsea.
Oct. 19--Chelsea at Tecumseh.
Oct. 26--Ann Arbor at Chelsea.
Nov. 2--Open.
Nov. 9--Open.
Nov. 16--Chelsea at Brooklyn.
Nov. 23--Chelsea at Manchester.
Nov. 29--Manchester at Chelsea.

CHELSEA IS REPRESENTED AT KIWANIS CONVENTION

Eleven Couples Are Enjoying The Program Arranged For The Convention

The members of the Chelsea Kiwanis Club held a very enjoyable meeting at the Inverness Country Club on Monday evening at 6:30. Members who arrived early spent a delightful half hour strolling about the spacious grounds in admiring the wonderful display of flowers about the gardens. The coloring of the many varieties of flowers in bloom was most gorgeous and well-kept beds indicate that some one had given them a great deal of care.

A fine dinner was served to thirty members and necessary business was transacted. It was voted to meet at that delightful place during the remainder of this month.

At the district convention being held at St. Joseph and Benton Harbor the local club is represented by Messrs. and Mesdames L. P. Vogel, A. A. Palmer, George P. Staffan, L. G. Palmer, P. G. Schaible, John S. Cummings, Howard Boyd, M. H. Gaffigan, Conrad Lehman and O. D. Schneider.

RECEIVED LARGE SUM FROM PRIMARY FUND

Sylvan Township Treasurer E. B. Hammond on Saturday received a check from the county treasurer for the primary school money and the library funds for the seven schools in the township. The amount received includes the five per cent that was deducted for the years 1925 and 1926. The gross amount of the primary fund is \$11,079.69 and the library money is \$450.80. This is the largest amount that has ever been received by the schools in the township from the state primary fund and the penni fine money is from the county.

FORMER CHELSEA MAN MARRIED AT LANSING

The marriage of Miss Margaret Josephine Tower, of Jerome, and Milo M. Shaver of Lansing, took place in Lansing, August 25, 1928, at the home of Rev. Kingdon. The couple will make their home in Lansing. Mr. Shaver is a native of Chelsea. Mr. and Mrs. Shaver were guests over the week-end at the home of his brother, LaRue Shaver and family of West Middle street.

POMONA GRANGE MET TUESDAY

The Washtenaw county Pomona Grange held its regular meeting at the pleasant farm home of Mr. and Mrs. N. W. Laird on Tuesday evening. A pot luck dinner was enjoyed at 6:00, and during the afternoon and evening a most enjoyable program was given. George F. Roxburgh, master of the Michigan State Grange, and Hon. Joseph E. Warner of Ypsilanti, were the speakers. Several musical numbers were given by Wesley Smith's orchestra.

Mr. and Mrs. W. K. Guerin of Chelsea and Mrs. Reuben Lillabridger of Detroit, were entertained over the week-end at the summer home of Mr. and Mrs. Ashley Holden in Sharon.

CHELSEA BOYS ENJOY A CANOE JOURNEY

Accompanied Battle Creek Manufacturer On Canoe Trip Into An Unknown Land

From a recent issue of the Battle Creek Enquirer and Evening News we are permitted to take the following interesting account of a trip in which three Chelsea boys were fortunate enough to take part:

"Travelling by canoe through virgin territory never before visited by white men, without guides other than the stars and a compass, is certainly the most thrilling trip one can imagine," stated J. Arthur Redner, who has just returned from such a trip into the Canadian wilds with a party of 12 Y. M. C. A. boys from various parts of Michigan, including Dudley and Howard Holmes and Mahlon Dunkel of Chelsea.

"When we left Camp Hayo-Went-Ha, on Torch Lake, we went by train to Sault Ste. Marie, then east 190 miles, and north 200 miles to Biscotasing, where we took to our canoes.

For the first seven days along the lakes and rivers, we never saw a human being, but did see a number of moose and other wild animals of the 'bush' as they call the forests. The first day out we caught 19 large pike and found exceptionally fine fishing all the way.

The wild life was of much interest to the young men. Moose, bear, several species of fox, many porcupine and mink were seen. Carl Handel, of Newark, Ont. while taking the picture of an eagle's nest of a high bluff of the Mississauga river, they explored, stumbled upon a mother bear and her cubs crouched in a hollow log.

The bear charged and the scared youth retreated and in the collection of moving pictures taken of wild life by Mr. Redner is minus one chapter. The night life was enlivened by listening to the howling of wolves, the sounds of bear, porcupines, and other intruders stealing rations. The young men slept upon beds of blankets spread over pine boughs on rock and ground.

Later on during the trip they met occasionally with some of the Canadian Rangers and learned from them what these hardy men have to go through in their efforts to combat the great forest fires. One chief ranger told of a fire a few years ago which burned over 1,000 square miles of timber and which 800 men fought for over six weeks.

They visited a large lumber camp, and were shown all the workings including the felling of several large trees, one of which was a large white pine five feet in diameter at the base, over 100 feet tall, and whose rings showed it to be 253 years old.

"It was really remarkable the way these boys averaging but 14 years of age, hardened to this life," Mr. Redner stated. "Packs of one hundred pounds were soon carried over the portages easily, besides the weight of the canoe balanced on their shoulders. And even on the hardest portages when the boys would be found stretched out flat on their backs from exhaustion, only to get up after a few minutes' rest to trudge on again, we never heard one bit of complaint, nor one word of swearing. They were wonderful boys."

The hardest portage was about a mile and a quarter, half of which had to be made in three trips to get all the equipment over. The twelve boys and two men carried 800 pounds of food, five canoes at 75 pounds each, and 400 pounds of personal equipment. They made 93 portages during the entire trip.

Moving pictures were taken of the entire trip and these were shown to the boys and a group of local friends at a big banquet at the Sanatorium on Labor Day. Besides this, most of the boys carried kodaks, and have a host of fine stills as remembrances of the trip, besides such souvenirs as moose horns, snow shoes, etc., which they picked up at an abandoned Ojibway village and other points along the route.

The boys all took a pledge to meet again five years from the date the trip was completed. The trip, sponsored by the State Y. M. C. A., was undertaken primarily to give the boys a more accurate picture of the hardships and experiences of the early American pioneers and settlers, as a part of their education in history and anthropology.

Mr. and Mrs. H. S. Holmes, Jr., and Mr. and Mrs. M. J. Dunkel had the pleasure of seeing the pictures as they were shown for the first time at Battle Creek.

Dr. and Mrs. A. L. Steger and Miss Laura Heber were guests Sunday at the home of Dr. and Mrs. H. E. Defendorf and family of Grand Blanc. George T. English brought to this office Tuesday afternoon a peach gathered in his orchard which weighed 11 ounces and was ten and a half inches in circumference.

THE AGE OF GOOD ROADS

The present era in the United States might aptly be called the "Age of Good Roads."

There has never been a country to which highways were so necessary, or where the need has been so rapidly supplied.

Not a great many years ago the amount spent for building roads and maintaining them was negligible. To-day it is one of the outstanding items in governmental budgets.

The time is within easy memory when paved highways were practically unknown and even passable dirt roads were rare. Particularly in rural sections were conditions bad. The farmer brought his produce to market over roads that were all but impassable.

To-day it is difficult to find a community without paved streets and highways. In agricultural districts asphalt and oiled market roads are being built rapidly, and the farmer can haul his goods over comfortable smooth surfaces.

American has made an investment of hundreds of millions of dollars in providing highway facilities. And it is an investment that has paid dividends in attracting industries, residents and tourists.

TEACH THE CHILDREN

At a recent convention the Georgia Association of Insurance Agents' fire prevention activities were disclosed. They have done an important part in a praiseworthy manner.

The most outstanding part of the prevention program, perhaps, was the offering of prizes for the best fire-prevention essays by school children. Hundreds of essays, many of them showing a real understanding of the subject were turned in. As a result an instinct to be careful about fire was inculcated in the young mind.

It is safe to say that a generation which is trained in this manner will, when it comes of age, do much to astraddle fire waste, and it would be a fine thing if all children in all schools were given such training. Fire is one of the greatest enemies of progress and prosperity we have; the child who learns adequately of its destructiveness will be an adult with knowledge and the desire to prevent it.

WHY PLAY WITH DEATH?

The distressing accident which occurred on U. S. 12 last Thursday night served to call attention of the public to a practice that has been prevalent here for some time past—that of riding a motorcycle about the streets of the village at a high rate of speed without due regard for the safety of the riders or the general public. Some of the young men have been seen speeding over our streets with hands folded, letting the machine guide itself, a very foolhardy and dangerous practice.

A motorcycle is a deadly machine at best when not under control and just why young men desire to play with death is a mystery. Official action ought to be taken to prevent this dangerous practice from being carried further.

FARMING IS A PROFESSION

In a recent address, H. M. Atkinson, chairman of the board of Georgia Power Company, characterized agriculture as the greatest industry in our country today.

He stated that there are over 10,000,000 people engaged in farming, three times more than in any other industry; that there is \$27,000,000,000 invested in agriculture, more than twice the investment in any other industry; and that the value of farm products is over \$17,000,000,000 a year.

"We are now at the threshold of the machine and mass production era in agriculture," said Mr. Atkinson. "Farming will become a scientific profession."

EIGHTY-TWO YEARS AND STILL ACTIVE

Matt D. Blosser, editor of the Manchester Enterprise, greeted his 82nd birthday with a smile on Monday, September 3, 1928. The eventful day was observed by a dinner party at the Farm Hotel, Wampler's Lake, planned by Mr. Blosser. Twenty-six of his relatives and old friends partook of the viands that had been especially prepared for the event. Matt founded the Enterprise sixty-two years ago and has been the directing head of the plant ever since the first paper was issued and he is quite a "boy" yet even if he is 82 years young.

The person who cannot afford to save is spending for things he cannot afford to have.—Exchange.

Muskegon—Franchise granted West Michigan Consumers Power Company to supply gas to industries of this city.

THE BAND CONCERTS HAVE BEEN ENJOYED

The last of the band concerts for this season was given on the streets Wednesday—given to take the place of one cancelled on account of rain. In all ten concerts have been given and it can be said with truth that they have been greatly enjoyed by the people of the village and surrounding country. Some have driven long distances to be here on Wednesday night to enjoy the music and to meet and to greet old friends with whom they have been able to visit each week during the season.

No one came expecting to hear a Sousa's or a Gilmore's band, but take it all in all the concerts have been very creditable and the manner in which the programs have been given reflects credit upon the director of the band and each individual member of the organization. To some of the members it has meant a good deal to do a day's work on the farm, do the chores and be in town to play at eight o'clock, but the members of the band have enjoyed their part in this local enterprise.

If the fellows constituting the local band this season were able to play in Sousa's great organization Chelsea would not have had a band this season and we would have lost from this community a lot of good farmers and good citizens.

The community at large is grateful to the business men of Chelsea who have made the concerts possible by their liberal contributions to the fund, to H. S. Grove for the time he has spent in promoting the enterprise and to our genial and faithful village marshal, William Atkinson, for the time he has spent in making the weekly collections.

It was a community effort in which all may take some just pride and the success of the enterprise emphasizes the value of co-operation.

JUMPING FROGS IN CALIFORNIA

They do a lot of funny things out in California, the newest tad being jumping frogs. "Babe Ruth" is the state champion, having recently vanquished all comers, when he made a mighty leap of four feet, six inches at a recent jumping contest.

Having shown his prowess by making bigger and better hops than any other frog in the county, "Babe Ruth" is now intent upon winning the International Amphibian Olympic to be held in conjunction with the Days of '40 celebration at Sacramento next summer.

Mark Twain had no idea his story about the Jumping Frog of Calaveras would cause so much disturbance in the frog world 75 years later. Yet that's exactly what is happening.

GREGORY YOUTH KILLED IN PLANE CRASH SUNDAY

Lieutenant Joseph Soper, Gregory, was killed when his pursuit plane fell into Lake Erie near Camp Perry, Ohio, during maneuvers Sunday afternoon.

Reports indicate that Lieut. Soper was flying in formation with five other machines when his plane fell. He was unaccompanied.

The flyers were attending the National Rifle Matches at Camp Perry. Lieutenant Soper was the son of Mr. and Mrs. Claude Soper of Gregory.

Lieut. Soper, whose home was in Gregory, Mich., was one of eight Selfridge flyers who were giving an exhibition as part of the program of the National Rifle Association matches at Camp Perry. Flying in formation, the planes swooped down from an altitude of 3,000 feet. Seven of the planes leveled off but Soper was evidently unable to pull his plane out of the dive and crashed in three feet of water.

The body was recovered from the wreckage and taken to Gregory, escorted by an officer of the pursuit group. Funeral services were held there.

The flyers left Selfridge Field Saturday afternoon, participating in the formal opening of the Walkerville Airport and left after the ceremonies for Camp Perry. The group returned to Selfridge Field Sunday afternoon.

Lieut. Soper, one of the most skilled of the First Pursuit Group pilots, was seriously injured last year when he was struck by a propeller blade at Selfridge Field. He was assigned to Selfridge Field after completing a training course at San Antonio, Tex., nearly two years ago. He leaves his parents, Mr. and Mrs. Claude Soper; three sisters, Mrs. Ezra Plummer, Evelyn and Lucy Soper; and four brothers.

Lieut. Soper was a nephew of Messrs. G. W. Palmer and Agnes Runckman of Chelsea and other relatives reside in this community.

The funeral was held Wednesday from the home of his parents. Burial was at Grass Lake.

WASHTENAW COUNTY 4-H CLUBS WON MANY HONORS

The Showing-Made By County Club Members At The State Fair Last Week Most Creditable

The 4-H clubs of Washtenaw county made a wonderful showing at the state fair in Detroit last week and carried off many of the honors of the show.

Washtenaw county livestock exhibitors were given \$50.00 by the state fair association toward paying the expense of transportation of livestock to the state fair. The Washtenaw county boys who took care of the livestock at the state fair won \$10.00 for keeping their stalls in the neatest and most attractive order throughout the week.

Dean Gordon was awarded a gold medal for being the best pig club member in the showmanship contest. John Haab won the bronze medal for being fifth in the sheep club members showmanship contest. Max Ross won the gold medal in the cattle club showmanship contest and Cyril Spike won the bronze medal for being third in the cattle contest.

The book cases exhibited by the DeWitt Hamner and Needle club, made by James Cornell and Kenneth Schinner, won second at the fourth-year exhibit of handicraft club work.

Ellen Nixon, Delhi, won eighth place on her fourth-year clothing club exhibit, and Dorothy Downer, Delhi, won tenth on her third year exhibit of clothing.

The fifth year clothing club exhibit from the Dorcas Sewing club of Saline township could not compete because the state fair premium book had omitted the classification in that department.

The third year canning club exhibit by the Industrial Three in Onq club, Lyndon township, won second place. The first year canning club exhibit by the Saline Junior 4-H club of Saline township won fifth place.

The poultry club exhibit by Washtenaw county won second. John Montoyne, Washtenaw county, won first on his pen of White Rocks. The Washtenaw county potato club exhibit won fourth place. Olney Outwater won first on his exhibit of potatoes, Kenneth Outwater, second and Walter Kock, second. The food study posters exhibited by the Lima 4-H food study club won first. The food study posters exhibited by Dorothy Zimmerman, Korrekt Kave Klub, won second.

Cyril Spike won first in the boys milking contest and champion in the championship contest, which carries with a silver loving cup.

Washtenaw county 4-H clubs won \$1,074.00 in premium money in 4-H classes at Michigan State fair, September 2-7. Beside this some of the boys and girls exhibited their animals in open classes which brought them approximately \$50.00, making a total of approximately \$1,125.00 won by Washtenaw 4-H clubs.

After showing his steer in the Michigan Beef Production Special, and winning third place, Waldemar Buss sold his animal at public auction to Al Fineman, meat wholesaler, at 26c per pound, which is about 10c over market price. The grand champion steer, which was produced by Michigan State College, was sold to the Statler hotel for \$86 a pound.

The food study demonstration team, composed of Louise Pilemeier and Katherine Outwater, Lima township, won first place in home economics demonstration teams and will be awarded a free trip to the national club congress at Chicago during the latter part of November by the Michigan State fair. Theodore Helzerman, Lincoln 4-H club, Augusta township, won second place in the crops judging contest and will also be awarded a free trip to the national club congress.

The team representing Washtenaw county poultry judging contest, composed of Doris Cole and Dudley Radak, won second place as a team but this does not carry an award with it. The same is true of the poultry demonstration team composed of Howard Barrett and Peter Radak of the Sunset 4-H club, near Milan.

Washtenaw county continues to hold its superiority in the 4-H club Jersey show at Michigan State fair, having won both first and second on herd in 4-H classes. They took every blue ribbon for which they competed except one in the Jersey show. They also had the grand champion female. They also held their same position in the Guernsey show, winning first on herd and grand champion Guernsey female.

They bettered their standing in the Holstein show over previous years by winning third place in herd competition where six herds were entered, and also won two second place ribbons and one first place ribbon in the Holstein show with strong competition.

The Washtenaw county club sheep exhibit held their usual position in the front ranks by winning champion ewe and first on breeders' young flock, first on Delaine Record Association Special and five firsts on individuals.

The Durac Jersey and Poland China pig clubs again were considered the best of the show, winning practically all of the firsts and seconds in those classes and firsts on both herds.

Washtenaw county club members won more money than they did last year with about the same amount of exhibits and with twice as much competition from other counties in the state.

Cyril Spike was superintendent of the Washtenaw county cattle club division, Raymond Giback of the pig club division and John Haab of the

sheep club division. Other boys who took care of livestock were Erwin Steeb, Ann Arbor township; Webb Harwood, Pittsfield township; Gregory Seckinger, Manchester; Alton Horning, Freedom; Curtis Bradbury, Lima; Robert Farrell, Webster; Dean Gordon, Saline; Herbert Teachout, York; Edmund Stuart, Superior; and Max Ross, Ypsilanti; Alice Randall, Bridgewater township, and Mrs. A. E. Hagen, served the meals for the Washtenaw county boys.

Other 4-H club members who took part in the state contests at the state fair were Doris Cole and Dudley Radak of the poultry judging team; Mrs. Coda Savery, leader; food demonstration team, Louise Pilemeier and Katherine Outwater, Lima township, leader; Katherine Outwater; crops judging team, Stanley and Theodore Helzerman, August township; and Bruce Spike, Ypsilanti township, leader, Robert Steere. Poultry demonstration team, Howard Barrett and Peter Radak of the Sunset 4-H club, near Milan, leader; Earl Cosner; general livestock judging contest, Olney Outwater, Alton Horning; and Dean Gordon; dairy judging contest, Melvin Hartman, Lowell Spike and Edmund Stuart, leader, Hugh Austin.

WILL ASK FOR MANY CHANGES IN GAME LAWS

The state conservation commission will advocate changes in the game and fish laws in the 1929 legislature which would materially cut season bags, outlaw existing generous pan-fish regulations, may attempt to regulate the taking of game birds by a tag system, and revive coon hunting in Michigan.

The commission decided to investigate an entirely new system of regulating the bag of game birds. Commissioner Harold Titus proposed the issuance of tags and the removal of the day limit. He recommended letting hunters take their season limit in one day, if possible, and when their tags, serially stamped, are exhausted, they would be through for the season. He claimed that under the present system of so many game birds a day and so many for the season it is impossible to enforce more than the day bag, whereas the tag system would definitely limit the number taken at any time.

The commission will recommend cutting the season of trout from 25 to 15, of large and small mouth black bass from 10 in possession to five, and of walleye pike to five in possession.

This will make the number allowed in possession the same as a day's take. Under existing laws fishermen may take 25 or more each of the so-called pan-fish—blue gills, perch, rock bass and so forth—or a total of more than 100 a day. The commission will advocate a blanket limit of 25 pan fish a day.

For the first time an effort will be made to limit game pike. The proposal will be 10 in a day and 10 in possession. The legal length of wall eyes now 10 inches, probably will be increased to 12 or 13 inches.

After a long discussion, in which the merits of a proposed season starting five days earlier were discussed, the commission decided to recommend the present season with no changes relative to the bag. The bag on partridge, when the season is reopened, possibly in 1929, would be cut from 20 to 15 for the season, if the commission's recommendations are carried out.

The other important game recommendation was that the legislature remove the ban on coon hunting for a certain season each year. None of the changes would become effective before 1929 if the legislature accepts them.

GRASS LAKE MAN IS FOUND DEAD IN BED

A. O. Cady, 75 years old, was found dead in bed Sunday morning by his wife when she went to call him for breakfast. He had apparently been in this usual health and had not complained of feeling ill.

Mr. Cady was born on a farm four miles southeast of the village and had been a resident of Grass Lake the greater part of his life. For a number of years he was employed as a keeper at the Michigan State Prison. He was a member of Jackson Lodge No. 50, R. & A. M. Chapter No. 3, and R. & S. M. No. 32. His first wife died in 1923 and in 1924 he was married to Mrs. Martha McDonald of Port Huron. The widow, a sister, and one brother, Dwight, of Leslie, survive him.

AMERICANS PRAISE EUCARISTIC MEET

Americans and other visitors Monday were loud in their praise of the Eucharistic Congress which closed Sunday.

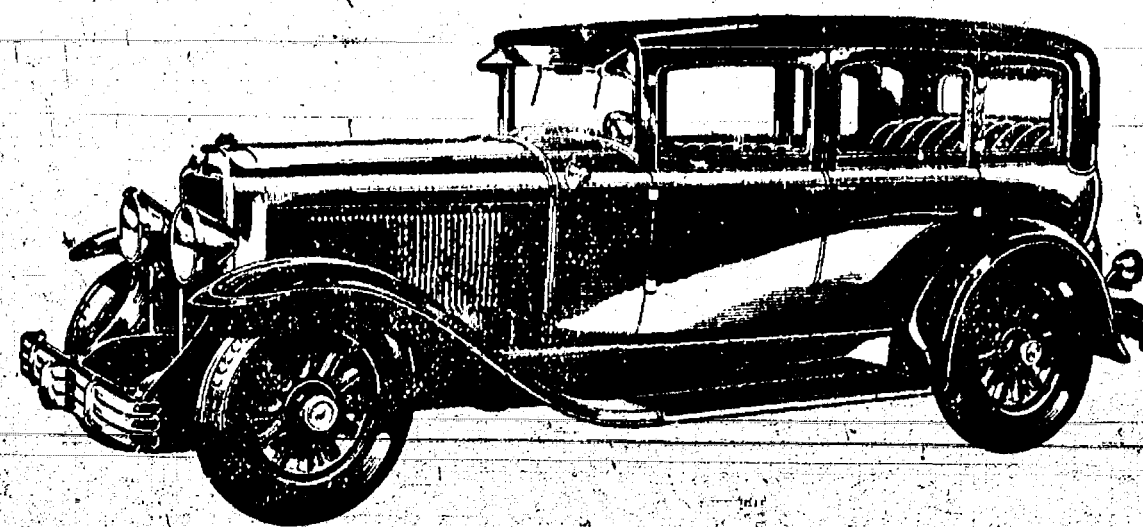

Archbishop Hanna of San Francisco, said it was the most perfectly organized, soul-stirring spectacle of faith and devotion in which it had been his privilege to participate.

Bishop Dunn of New York, declared that for grandeur, reverence and respect he had never seen anything like Sunday's procession.

The unforgettable scenes in many respects surpassed the congress at Chicago, said Archbishop O'Connell of Victoria, British Columbia.

Ann Arbor city officials have been advised by the state department of health that they must show some speed in providing a suitable sewage disposal plant. The department will not permit the city to dump its sewage into the Huron river much longer.

The new Buick is the New Style

Gracful contours instead of straight lines... the gleam and sparkle of brilliant colors and chrome plating instead of drab effects... the most beautiful bodies ever built... Buick's masterpiece bodies by Fisher

At a time when motor car beauty was practically standardized—when imitation was the vogue—when there was a glaring lack of originality in body design—Buick has swept far beyond the commonplace and achieved a style which the entire country is acclaiming as the most distinctive and beautiful ever shown!

Fisher, the world's foremost builder of automobile bodies, has cooperated with Buick, the world's foremost builder of fine cars, to create a new mode—a new fashion—and so luminous is the result and so eagerly is the public welcoming it that Buick's great factories have reached new

production levels in an effort to keep pace with an ever increasing demand!

Inside and out, the new Buick bodies by Fisher are the most beautiful ever built. Together with the wonderful new standards of performance introduced by the Silver Anniversary Buick, they are winning the greatest demand and the greatest preference ever enjoyed by any fine car!

The new Buick is the new style! And by that is meant, not merely a new type of beauty—not merely a thrilling turning point in body design—but a great countrywide vogue!

TO HAVE HIGH SCHOOL ENTERTAINMENT COURSE
Three Especially Good Numbers Have Been Secured For This Season

Chelsea will have an entertainment course this winter consisting of three especially good numbers to be given under the auspices of the High school. The course will consist of Edward Reno, the magician, who will appear here on October 18th. The Accordion Novelty Company, which will appear on November 8th, and which organization is to appear for the second time on the Masonic Temple course in Detroit, and the Jackson Plantation Singers who appeared here last March in a program that greatly pleased all who attended the concert. These singers will also appear in the Masonic Temple course again this season.

The course will provide splendid entertainment for our people and the public is urged to patronize them liberally.

SEE BILLY SUNDAY, THE BIG CIRCUS-ELEPHANT

Billy Sunday is an eight-foot elephant and is the most pleasant animal that can be found. He likes company almost as well as people do and the peculiar thing about it is that he seems to prefer children. See him in the Seils-Sterling circus.

Herr John Diefenbach's trained bears are another European importation. Herr Diefenbach comes highly recommended by the press of Europe and the performance of his huge grizzly Siberian bears range from comedy to sensationalism.

Prof. John Duneander is without doubt Europe's best horse trainer with his great troupe of five white Arabian horses, showing the same of equine skill and intelligence, performing unparalleled feats at the trainer's command.

Capt. Herbert's herd of trained seals and sea lions, have no equal. All work speedily, performing tricks that but few men could do. They do high diving, juggle firebrands, ride bicycles and play musical instruments.

Madame Duneander and her beautiful white Arabian horses in magnificent statue display are one of the most fascinating pictures ever conceived. A series of living pictures presented with surprising correctness as to art and the minutest details will appear in Chelsea on the Beasley lot Saturday, September 15th, afternoon and evening.

Rev. D. E. Birch and wife of Trenton, V. G. Birch and L. P. Birch of Detroit, visited their mother, Mrs. L. A. Birch, last week.

Miss Mabel Collins is confined to her room by sickness.

John Lowe is spending some time in Detroit.

Mrs. Frances Suter is spending some days with friends in River Rouge.

Joseph Weller passed away Saturday morning. He was born in Macomb county, July 4, 1831. He and his wife joined the Home circle Sept. 19, 1919. She died Dec. 16, 1924. He always lived in that county until he came here. In earlier years he, with a brother-in-law, were engaged in the lumber business. He was born in the territory of Michigan six years before it had inhabitants enough to entitle it to statehood. The year before he was of age, when Elias Howe invented the first sewing machine, and all the improvements and inventions have been made since then. Wonderful changes have come to this state and country during the span of his life. Services were held in the parlor Tuesday afternoon. In the absence of the superintendent at his annual conference the Rev. A. E. Potts of the Congregational church officiated. Interment was in Romeo cemetery.

BOYS, YOU'LL GET IN TROUBLE

One night last week several Chelsea boys raided the melon patch on the farm of George T. English in Sylvan. They plucked and destroyed about 100 watermelons. Monday night of this week several boys visited the grape arbors at the home of several residents on East Summit street and gathered grapes that were green. As the boys are known several arrests may be made for destroying the grapes and melons unless this practice is stopped.

HELD ANNUAL MEETING

The Ladies' Aid society of the M. E. church held its annual business meeting on Thursday, September 6th. The society reports a very profitable year. The following officers were elected:

President—Mrs. Agnes Runciman.
1st vice pres.—Mrs. A. L. Steger.
2nd vice pres.—Mrs. Ed. Weiss.
Secretary—Mrs. John Jensen.
Treasurer—Mrs. Ed. Koebbe.

It was voted to hold the annual chicken pie supper and fair November 15th.

DEXTER COMING SUNDAY

Having defeated the C. R. Club so overwhelmingly last Sunday the Chelsea All Stars decided to "take on" some faster company next Sunday and have arranged with the Dexter Independents to play on the home grounds, the game to be called at 3:00 p. m. Dexter has only lost three games this season and as the All Stars are feeling pretty cheerful the fans may expect a fast game. Chelsea will have a colored battery, and a good one.

INGERSOLL, DOLLAR WATCH MAN, DIES IN DENVER

Born in Delta Township, Eaton County, His Remains Brought To Greenville For Burial.

Robert Ingersoll, watch manufacturer and originator of the Ingersoll dollar watch, died September 4th, at a sanitarium in Denver, where he had been a patient since June 17th.

Robert H. Ingersoll, 68, world famous manufacturer of dollar watches, who made a big success before his company crashed in 1921, was born at Delta, Eaton county, Michigan, and received his education in that neighborhood.

Fifty years ago he left his home in Greenville, Michigan, and found his way to New York city. The idea that a utility watch could be made and sold for \$1 made him famous and wealthy. He left his big concern in the hands of others in later years and it failed. Since then he had developed other successful business enterprises.

His wife committed suicide in 1927 and her remains were brought to Greenville for burial.

Mr. Ingersoll had been in poor health for several years. He spent several months this spring with his niece, Mrs. John Lewis, Greenville, and left there in June to receive treatment at the Colorado sanitarium.

A sister of Mrs. Ingersoll, Mrs. Clara Linquist, widow of Cong. F. O. Lindquist, lives in Greenville. Mr. Ingersoll is survived by two brothers, Charles H. and Arthur, both of New York city. Both have been associated with his business enterprises in recent years—Charlotte Republican.

PRESIDENT COMMENDS KIWANIS FOREST PROJECT

President Calvin Coolidge, attracted by the gigantic reforestation project of Michigan Kiwanis in the Huron National Forest, has written Harry B. Black, of Flint, lieutenant governor of Michigan, a letter of commendation. Colonel R. Y. Stuart, U. S. forester, Washington, D. C., plans to attend the dedication of the 5,000 acre forest and the initiation of the planting September 21 and 22.

Allen Peek, district U. S. forester, Denver, Colorado. Representatives of the state conservation department and the forestry schools of the University of Michigan and the Michigan State College, together with men and women interested in Michigan's reforestation problems have accepted invitations to attend the two-day meeting.

President Coolidge in his letter says: "In underwriting the planting of 5,000 acres of Federal land you have made a substantial contribution toward the solution of one of the most urgent problems before the American people today, the maintenance of adequate supplies for the needs of the nation. I am informed that you propose to continue the good work and next year to underwrite the planting of a second 5,000 acres. It is very gratifying to me to know of this."

"I wish that you would convey to the members of your organization my appreciation of the work they have done and the spirit in which it has been undertaken. It will serve as an example and encouragement to all who are giving thought to our forest problems and who seek a way to give expression to that thought in practical useful accomplishment."

DOGS RAISE HAVOC IN COUNTY SHEEP FLOCKS

Evidently A Whole Lot Of Dogs Ought To Be Killed Speedily—Costs Are High

Dogs with sheep-killing tendencies again cost the county a neat sum last month, according to a report of the county auditors for their September meeting, which shows that \$400.03 was the amount it took to reimburse farmers for loss of stock.

For a time last summer the activities of vicious dogs running at large through the county seemed to be curtailed and few sheep claims were paid. But beginning with July, the claims began to reach large proportions. The amount paid out for sheep claims in July was \$101.47.

When dogs run a flock of sheep and kill or maim some of the animals, an appraisal is made of the loss and a claim presented to the county. If the auditors find the claim reasonable, they allow the claim, the money coming from the fund created by the payment of county dog taxes.

The largest single claim paid by the auditors at the September meeting for losses incurred in July was \$115.00 and the smallest was \$7.16. A claim of \$144.72 was the largest paid at the August meeting of the auditors.

HUNTERS MUST WEAR BUTTONS

With the hunting season approaching, seekers of game are looking forward to donning the new license buttons that the Department of Conservation is issuing. The buttons, about 480,000 in number, have all been shipped out to distribution points so that all is in readiness for the license rush. Conservation Department officers predict that the button plan will materially cut down the number of hunters who fail to secure licenses. The badge is large enough to be seen from a distance.

GRAIN YIELDS BEAT OLD TIME HARVESTS

Old time tales of grain yields in Michigan do not sound so imposing when the list of winners in the production classes at the Michigan State Fair is examined.

Warner E. Ramsey, who placed first in the wheat production class, harvested 52.4 bushels of Berkley Rock wheat to the acre, and his crop was computed to be worth \$79.00 per acre. The late Ira H. Butterfield, long time friend of Michigan agriculture, sponsored the production classes at the State Fair.

Another high yield of wheat was 45.2 bushels of American Banner per acre, grown by J. H. Porrel, Chautauque, and other winners in the class were: John English, Breckenridge; Fritz Mantey, Fairgrove; M. E. Parmelee, Hilliards; Roscoe Peterson, Eaton Rapids; R. V. Beardslee, Owosso; and R. V. Tanner, Jackson.

A yield of 92 bushels of oats to the acre won first place in the oat class for Charles Heckrath, Caseville. Prizes in this class were also won by Alfred Graeber, Frankennuth; Ralph Collins, Mt. Pleasant; Verness Wheaton, Charlotte; Roy Wright, Butternut; Joseph Oeborg, Montague; E. N. Kurtz, Grand Blanc; W. R. Kirk and Sons, Fairgrove; Fritz Mantey, Fairgrove; and G. P. Phillips, Bellevue.

The highest yield of barley, 62.5 bushels per acre, was grown from pedigree Spartan seed by P. A. Lundy, Coleman. Second place in the barley class went to W. R. Kirk, Fairgrove, with a yield of 61.2 bushels.

Other ribbon winners: Ralph Collins, Mt. Pleasant; John English, Breckenridge; C. E. Shafley, St. Johns; Elmer Stockley, St. Johns; Fritz Mantey, Fairgrove; and J. H. Porrel, Charlotte.

ENOUGH MOTORISTS NOW TO RELIEVE FARMERS

There are enough motorists on the country roads now to bring relief to many farmers who have a fair share of business, Frank Bestmann, of Des Plaines, Ill., believes, and he showed bank deposits of \$10,000 to prove it.

Bestmann declares that he has a steadily growing list of more than 400 Chicago people who drive to his farm regularly, in addition to those who stop while passing a roadside stand he has erected. His \$10,000 earnings last year were entirely from his roadside stand and excluding the remainder of his farm.

"The growth of good roads and the increasing number of automobiles are bringing more people right to our farm gates," he writes in Farm & Fireside. "It is up to farmers to take advantage of the opportunities that are offered by this plentiful number of customers. The consumers are anxious and willing to trade direct with the farmer but they will not stand for any gouging. I have seen many stands on well traveled roads fail because the owner took the attitude that the season was short and the prices ought to be sky high. My policy is to split the difference between wholesale and retail prices, plus good measure."

"Any product a day over goes to the wholesale market and in this way our customers who go to the trouble to come to us are assured of quality."

CIRCUS PARADE SILENCED TELEPHONES IN ST. PAUL

The telephone service of St. Paul was once suspended by a circus parade.

This happened over forty years ago, when telephone service was comparatively new and when St. Paul was served by less than a half dozen operators. Today, 744 operators are required to give service throughout the entire city, which is never interrupted by circus parades.

When the telephone operators heard the circus parade approaching and saw the elephants and listened to the calliope, the attraction proved too much for them and St. Paul subscribers who wanted to make a telephone connection were compelled to wait until the parade was over. One of these five operators was Miss Elizabeth Good, who has remained in the service ever since and who is now one of the oldest operators in the Northwest in point of service. Since 1870, she has served as operator, chief operator, superintendent, and now is in charge of all toll lines.

11,200 GRAHAM-PAIGE CARS BUILT IN AUGUST

Graham-Paige built 11,207 cars in August, more than half the total factory production for the entire year 1927. August was the sixth month in succession to establish a new production peak for Graham-Paige, a record passing July by 2,200 cars, an increase of 24 per cent.

Total production of the new line of cars, which were presented last January to mark the entry of the three Graham brothers into the passenger car field, now stands at 88,780.

The City Motor Sales, local dealers for these popular cars, are placing a good many of them in Washtenaw county. W. F. Kantschler, the jeweler, is driving a new Paige.

WAY OUT WEST

"Out here they plant a row of potatoes and then a row of onions and so alternately through a field. This is for irrigation purposes, because when the onions begin to grow they make the potato's eyes water and thus produce the required moisture."

THREE INJURED NEAR LEONI MONDAY MORNING

Charges of reckless driving will be preferred against William R. Warner of Detroit, by Carl Durkee, 1109 South Jackson street, as the result of an auto crash early Monday morning two miles east of Leoni, on U. S. 12, in which three persons were injured.

Mrs. Donald Bull, 19 years old, 923 Williams street, sustained severe lacerations on her scalp, right hand and foot and a severely bruised back that is being X-rayed to determine the seriousness.

Miss Gladys Kidwell, 23 years old, 302 South Giorham street, sustained broken collar bone and many cuts and bruises.

Donald Bull, 23 years old, slightly cut and bruised and shaken. After treatment taken to his home, Durkee Warner were slightly cut.

According to Durkee, the Detroit man was driving on the wrong side of the road. Both cars were badly damaged and Warner's machine is held by officers at Grass Lake.

The injured were brought to the hospital by a passing motorist who reported the accident to the police, Jackson Tribune.

Sharon—Mrs. William Tisch taken ill with appendicitis Saturday evening and on Sunday was removed to Mercy Hospital, Jackson, where she submitted to an operation. She is doing as well as can be expected.

Build new fences - Repair old ones - Now!

MANY farmers in this section were unable to get fences built last spring. Maybe next spring will be a repetition of 1928. Better do your fencing now—this fall—while you have time.

You can do it with RED TOP Steel Posts. One man with the RED TOP Driver can drive 200 to 300 posts a day through hard, dry soil and align them perfectly. By driving 50 to 100 posts in an afternoon you can sandwich your fence work in-between other jobs and soon clean up.

With a few RED TOP Posts you can repair weak spots in your fence lines—keep stock from breaking in and save both growing crops and valuable animals.

Red Top Steel Fence Posts

Come in and see the old reliable RED TOP post that has earned its reputation through long years of service in the fence lines of America. Let us show you how, by keeping a few bundles of RED TOPS on the place you can handle your new fencing and repairs in an easy and economical way.

A SUCCESSFUL SIX NOW WINNING EVEN GREATER SUCCESS

SPECTACULAR SUCCESS

is proving it 'Chief of the Sixes'

In the tremendous success which Pontiac Six is enjoying is ample reason for designating this great General Motors car "Chief of the Sixes."

Never has any new car risen so rapidly in the estimation of motor car buyers for during the first six months of 1928, over 136,000 Pontiacs were sold—the largest volume ever achieved by any car during the first half of its third year in production! This great public acceptance tells more of what Pontiac offers at \$745 than even the most complete listing of such features as Fisher bodies, 186 cu. in. engine, the G-M-R cylinder head, cross-flow radiator, look-controlled headlights, coincidental lock, etc., etc. Come in for a ride today and learn why its sales sweep ever upward.

2-Door Sedan, \$745; Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$775; 4-Door Sedan, \$825; Sport Landau Sedan, \$875; Oakland All-American Six, \$1045 to \$1265. All prices include delivery, check Oakland-Pontiac delivered prices—they include license handling charges. General Motors Time Payments Plan available at minimum rate.

Thirty-four Years
Ago

September 13, 1894

The number of pupils in the seventh grade, Miss Florence Buchanan, teacher, is so large that another teacher has been employed. H. L. Stinson will take the position Monday.

The democrats of the second congressional district have placed Thobias, Hawkworth of Jackson as their candidate.

Sunday night a wind storm passed over the northern part of Sylvan township, blowing down fences, wrecking wind mills, moving small buildings and scattering the natives out of nearly a year's growth.

Mr. and Mrs. Charles Stinson of Parma, are moving into the H. W. Beals house on Gravel street.

Rev. C. L. Adams has been appointed as pastor of the Chelsea M. E. church by the presiding officer of the Detroit conference which was held at the Soc. Rev. L. N. Moon, who has served the church for the last two years, has been transferred to South Lyon.

The republican senatorial convention for the tenth district will be held in Jackson on September 24th.

Another row of telegraph poles adds to the "beauty" of Main street. The Postal Telegraph Co. have planted them and strung wires to their office in the Chelsea House.

The market has been steady the past week and arrivals light. Wheat, 50c for white and 49c for red; rye, 44c; oats, 30c; barley, \$1.10 per hundred. Some new beans are offered and bring \$1.30 to \$1.40. More than half of the crop is still out and badly damaged by the fall rains. Potatoes, 50c; tomatoes, 40c; apples, 50c for choice and 25c for windfalls at the evaporator; pears, 25c to 50c; peaches, \$1 to \$1.50; cabbage, 8c each; melons, 5c each; poultry, 6c; eggs, 15c; butter, 17c. No wool is being offered.

N. W. Laird went to Kalamazoo Tuesday where he will attend college.

Unadilla—Two lads were arrested Monday by Constable Pyper for coining watermelons. They were 10 years of age and were residents of Plainfield. Justice Watson imposed a fine of \$5 each and costs. One of them being unable to pay the fine was sent to the reform school at Lansing until he is 18. It does not pay to coin watermelons in Plainfield.

Waterloo—At the annual meeting of the school district after the usual quarrel about a new school house, it was decided to displace the town with the old one for another year. D. Finch was elected director. A resolution was passed to keep all stock from running on the grounds. It would be a good place to keep the stock off the church property. H. Vickney of Leslie and Mrs. Lizzy Quigley of Detroit were married at the home of the bride's parents, Mr. and Mrs. Peter Finch, Wednesday, September 6.

WILL YOST AGAIN
WEAR THE UNIFORM?

The first real football news of the year is the report from the University of Michigan that Fielding H. Yost will again assume the direction of the Wolverine eleven after a year's absence.

Yost had been a dominant factor in the development of great Michigan teams over a period of 26 years, but stepped aside last fall to become the director of athletics at the university. Elton Wieman, who at one time played under Yost, became the head coach.

This year the situation at Michigan is not what it might be. Many of last year's stars are lost through graduation, and the outlook is none too bright. This makes a perfect setting for the return of Yost. Not that Wieman was a failure, but Yost is a known quantity and has faced such a situation before, making a powerful team from almost entirely raw material. It is almost a certainty that he will do the same this fall. There may not be many players on the squad who look like All-American prospects when the season opens but there will be before it closes.

Yost's career as a coach has been a long and colorful one. He played his first game at West Virginia in 1894. He later entered Lafayette and was a member of the first Lafayette team to defeat Pennsylvania. During those years he developed a great liking for the game and on completing his studies started out on what was destined to become a great coaching career. After coaching at Ohio Wesleyan and Nebraska he came to Michigan in 1901, and from the very start produced powerful elevens.

DODGE SHIPMENTS FOR
AUGUST SHOW GAIN

August shipments by Dodge Brothers from the plants in the United States and Canada, in both passenger car and truck and motor coach divisions, showed an increase of approximately 40 per cent over July.

August shipments were exceeded in only one month in 1928—in March. They were greater than any 30 day period during the first eight months of 1927.

Shipments of both passenger cars and trucks are running heavy. Dodge Brothers entered September with large banks of carry-over orders in all divisions and the flow of orders from dealers shows no let up.

Ann Arbor—Work nears completion on new public golf course in this city. Ann Arbor—Hanger being erected at Ann Arbor flying field.

OUR NEIGHBORS

Ann Arbor—The University School of Music will begin its fall term on September 24th. A faculty of distinguished music masters will be in charge, headed by Earl V. Moore, musical director, both of the School of Music and of the University of Michigan.

Dexter—The remodeling of the Masonic temple here is progressing quite favorably. The masons are at work laying the brick for the addition to the temple.

Gregory—Rev. and Mrs. L. S. Slaybaugh have moved to this village, where Rev. Slaybaugh will have charge of the Baptist church. The family moved here from Brooklyn where they formerly had charge of the Baptist church.

Ingomar—The county road from Clinton to the Short schoolhouse has been resurfaced and auxiliary gravel piled beside the road, which has made a great improvement in that much-traveled highway.

Manchester—Monday forenoon a man driving on M-11 west of town called to Henry Heimerdinger that dogs were chasing his sheep. Henry does not brag of being a crack shot with a gun, so his neighbor, Will Bass, maneuvered for close-up where two dogs were having great fun chasing the sheep, but as yet had not bitten any of them. Will took aim and down went a white dog, the other one probably ran home at the noise of the gun. The men were surprised to find the dead dog was owned by a neighbor. Enterprise.

Brooklyn—Rev. Fred Ambler was given a call to preach here. The new church building is approaching completion and will be a structure of pleasing appearance and proportions. The inside of the church is being plastered, the outside having last week received the ground coat of plaster over the cement blocks. It is now in readiness for the finishing coat. Enterprise.

Pinckney—The new bridge over Reeves creek just this side of Hi-Land Lake has been completed and is now open to traffic. The bridge is of regulation width, of cement and steel construction and was built by the county. Lawrence, McClellan, of Gregory, did the work. This will be good news to the people owning homes at Hi-Land and Patterson Lakes who have been forced to detour around by the road past the Catholic cemetery. Dispatch.

Saline—So well did the Community Choir and the group from Milan acquit themselves at the county fair, the judges could make no distinction and called it a tie. The choir was asked to sing in front of the grandstand in the afternoon, much to the delight of the people assembled. Observer.

Ypsilanti—Bids received for paving three miles highway west of here.

Detroit—Ford plant to increase production of tri-motor Ford airplanes.

Grass Lake—Announcement was made this week of the sale of the farm property of Mrs. Alma Dwell Hartz, just west of Grass Lake, to Mr. and Mrs. Thurlo-H. Grey of Ann Arbor, and Mr. and Mrs. William Durand, of Marshall, who are planning to start a nursery. They took possession Sept. 1.—News.

Ypsilanti—George Kaupp, aged 41, who wandered away from the Washtenaw county farm early last week, was found in Dexter, according to the chief of police here Friday by Mrs. Eugene Heller, of Dexter.

Williamston—Among other notable events Williamston can boast of having the oldest voter in Ingham county. Mrs. Louise Allen, 98, voted at the primary election Tuesday, by means of the absent voters ballot. Mrs. Allen has been remarkably active, in spite of her years, until the past year, during which time the infirmities of old age have confined her to the bed. Enterprise.

Ann Arbor—William J. Miller, after 33 years service as mail carrier from the Ann Arbor postoffice, retired from active duty last Friday. He was appointed as the eleventh carrier, February 1, 1895. For the last 19 years his route has been the main street business section.

Brighton—The Cork-Cedar Products Co. of Harrisville, will move into the old Brighton mill building and will manufacture all kinds of rustic furniture, such as lawn swings, settees, hall trees, etc., also rustic bridges, cabins, cottages, bird houses, rose arbors, and many other things required to beautify a summer colony such as Woodland Shores, north of Brighton. There is a possibility of the company becoming a permanent industry at Brighton.

Pinckney—The 18th annual convention of the Order of Eastern Star of Livingston county will be held here on Tuesday, September 18.

Howell—The holy sacrament of confirmation was administered to a class of fifty children and converts, by the Rt. Rev. Joseph C. Plagens, D. D., Auxiliary Bishop of Detroit, on Wednesday evening, Sept. 12th, at St. Joseph's church. A number of visiting clergymen assisted in the ceremony. Livingston County Press.

Penton—A gypsy woman, blessed the cash in the cash register of a Kroger store at Penton not long ago and departed with \$96. She was one of a band travelling in five automobiles, which included 18 babies and small children.

Northville—The Mexican government purchased six big six-passenger monoplane from the Stinson Aircraft Corporation at Northville. Two officials from that country were in Northville the other day making arrangements to take the planes to Mexico City.

WHAT IT COSTS
TO GOVERN US

By PROF. M. H. HUNTER
Dept. of Economics, Univ. of Illinois

The Federal Budget

BEFORE the adoption of the budget, the management of the finances of the federal government could be characterized as extremely unsystematic. Appropriation and revenue bills were drawn and modified in haphazard ways, with no correlation between them, and with no one really responsible. Millions of dollars were spent in needless federal buildings and "improving" rivers and harbors where such could scarcely be found. Secretary Glass portrayed the condition by saying that "Congress votes with a haphazard, uncoordinated, and unbusinesslike spirit."

While the President is responsible for the budget, the direction of the director of the budget, his estimates are based on a careful study of the needs of the departments. No department can request congress for an appropriation except at the request of the senate or house. In addition to preparing the budget, the law authorizes the President to require the director to make investigation in order to secure greater economy and efficiency in the public service and in the business methods of the government.

Much has been accomplished in the six years of the operation of the budget. Chairman Warren of the senate committee on appropriations said: "The budget law has demonstrated its worth. It helps separate the chaff from the grain. It gives accuracy, as well as integrity, to estimates, which results in less work on the part of congress."

MORTGAGE SALE

Default having been made in the payment of the money secured by a mortgage dated the 11th day of June, 1926, executed by James W. McFadden and Ethel M. McFadden, husband and wife of the city of Ann Arbor, Washtenaw County, Michigan, to Fred C. Wheeler, as trustee, or to his successors in the trust, created by court orders duly made in the Circuit Court for the county of Washtenaw, Michigan, in Cause No. 1,288 ch., entitled "In the Matter of the Estate of Charles M. Albino and Matilda Albino for Leave to Sell Real Estate," which said mortgage was recorded in the office of the Register of Deeds, of the county of Washtenaw, in book 171, on page 225, of mortgages, on the 11th day of June, 1926, at 4:05 o'clock p. m.

And whereas, Fred C. Wheeler, Trustee of the Albino Trust Funds, assigned said mortgage to James E. Helber by assignment dated March 8th, 1928, and recorded in book 23 of assignments, on page 317, in the Register of Deeds office, Washtenaw County, Michigan, and the further sum of thirty-five dollars and no cents, or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative. Now, therefore, notice is hereby given, that by virtue of the said power of sale, and in pursuance of the statute in such case made, provided, the said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder at the south front door of the court house in the city of Ann Arbor, Washtenaw County, Michigan, on the 27th day of October, A. D. 1928, at ten o'clock in the forenoon of that day, eastern standard time, which said premises are described as follows, to-wit: A certain piece or parcel of land situated and being in the Township of Salem, County of Washtenaw and State of Michigan, and described as follows:

The southwest one-quarter of the southwest one-quarter of section eight, town one north, range seven east, township of Salem, Washtenaw County, Michigan.

What's the Thought After a Fire?

Insurance, of course. If the owner's coverage was complete his worry is not nearly so great as if he were only partially insured.

Being fully protected is a matter only of looking forward and making sure now that you have all the insurance you need in the event of any emergency. We will gladly estimate your needs.

Drive A Whippet then decide!

The Whippet Four has a heavy, rigid crankshaft which is drilled for full force-feed lubrication. The Whippet Six has a 7-bearing crankshaft, also drilled for full force-feed lubrication.

No one can fully estimate the worth, or superior performance ability of a Whippet or Six until he has actually sat at the wheel and put one of these cars through its paces. The extreme ease of handling is perhaps the first and most striking superiority. A Whippet steers easily, turns in a small radius, parks readily and is strikingly responsive to accelerator and brakes. It has ample power for steep hills and heavy going, it picks up rapidly or idles down to a crawl in slow-moving traffic. We want you to drive a Whippet before you select any light car. We'll gladly make arrangements.
