## MOTHER AND DAUGHTER WERE INSTANTLY KILLED

Interurban Car Hit Auto Sunday Night With Fatal Results—Husband And Father Seriously Injured.

Mrs. William Kaercher, 40 years old, and her daughter, Hilda, 13 years old, of Scio, were almost instantly killed about nine o'clock Sunday evening, when the automobile in which they were riding was struck by an eastbound car on the D. J. & C. electric line at the driveway at the home of Mr. and Mrs. E. B. Reichert of Lima. The car was being driven by Mr. Kaercher, aged 53, who was seriously injured and after being given first aid treatment he was taken to the U. of M. hospital in Ann Arbor.

The Kaercher family had been guests at the home of Mr. and Mrs. Reichert and had started out to return to their home. As they were leaving Mr. Reichert went ahead to see if the track was clear, and as he saw the second section of the double-header, he turned to warn the on-coming auto of the approaching car, but it was too late, as the driver of the auto had the front of his car on the railway track and in attempting to escape the motor was stalled.

The interurban hit the auto just back of the front seat and the car was thrown against a telephone pole and it was a complete wreck. Mrs. Elizabeth B. Kaercher was born in Scio township, March 1, 1885. She was married October 12, 1905, to William Kaercher in Lodi township. She was a member of the Ladies Aid society of the Scio church.

She survived by her husband, two daughters, Helen and Della, at home, a son, Norman, at home, and a brother, Herman Ehni of Scio township.

Hilda Kaercher was born May 15, 1916, in Scio township. She is survived by her father, two sisters and a brother.

A double funeral service was held at 1:30 Wednesday from the residence and at 2:00 o'clock at Salem church in Scio. Interment took place in Scio cemetery. Rev. William Bodamer officiated.

Mr. Kaercher suffered a fractured skull, fractured ribs and punctured lung. Reports from the hospital on Tuesday indicated he was getting along as well as could be expected. He has spent his whole life in Scio, where his grandfather settled in an early day. The injured man is held in high esteem by all who enjoy his acquaintance and the sympathy of the entire community is extended in his great sorrow.

OFFICERS CHOSEN FOR  
LOCAL ENTERPRISE

William E. Brown, Jr., of Ann Arbor, is named president of the Sylvan Chevrolet Sales and Service, Inc., of Chelsea, in articles of incorporation which have been filed in the office of Claramon L. Pray, county clerk. The articles have been returned from Lansing where they were approved by the corporation division of the secretary of state's office.

The purpose of the concern, according to the articles are: To buy, sell and trade in automobiles, parts and accessories; and anything pertaining to and necessary for carrying on an automobile business; also to buy, sell and mortgage real estate and to buy, sell and deal in automobile commercial paper.

Other officers of the new firm are: Vice president, F. Marvin Greenwood; secretary, Homer L. Heath, and treasurer, Earl H. Cress, all of Ann Arbor.

The company is capitalized at \$25,000, the articles show. The amount paid in is \$5,500.

LOCAL PEOPLE FIGURE  
IN AUTO ACCIDENT

Late Sunday afternoon of last week, Mrs. Ralph Pierce, son Kermit, and Mrs. David Beatty met with a bad accident, when six miles this side of Vicksburg where they had been spending the day. A car from a cross road drove into them, throwing the car against a post which was set in cement. The impact turned the car once and half over, the four occupants being thrown through the top of the car. Mrs. Pierce was the most seriously injured, having suffered a break in her pelvic bone. The others escaped with minor injuries. Mrs. Pierce was taken to a hospital in Vicksburg, but later removed to the St. Lawrence hospital at Lansing.—Williamston Enterprise.

Mrs. Pierce and son and Mr. and Mrs. David Beatty were former residents of Chelsea and vicinity.

Russell T. Wheelock who was stricken with an attack of pneumonia last Friday was taken to the Chelsea private hospital Sunday. His condition is reported this morning as being rather serious.

## CHELSEA HUNTERS BROUGHT HOME BIG MOOSE

Messrs. M. J. Dunkel and Edward Vogel, who enjoyed two weeks hunting in the wilds of Canada, about 80 miles north of the Soo, returned home Saturday and they were fortunate enough to bring home a fine big moose which Mr. Dunkel shot. He shot another one but the animal was not fatally wounded and after trailing it through the woods for a mile or two the trail was lost.

The moose brought home was six years old, weighing about 700 pounds dressed. He shot the animal about 12 miles from camp and it was a difficult task to bring the big moose to the railway station for shipment home. The animal was taken to Leffler & Son's market where it attracted a great many people. It was a fine specimen with a wonderful spread of horns, a short, stocky body and a "bell" of exceptionally good proportions.

The outing was an enjoyable one and the two weeks away from business care did these two busy men a lot of good.

### FARMERS' CLUB TO ENJOY

#### THANKSGIVING PROGRAM

The Washtenaw Farmers' club will meet at the home of Mr. and Mrs. Fred Nott on Friday, November 23, 1928.

Opening Song by club.

Prayer . . . . . Rev. F. L. Walker

Reading of minutes of last meeting.

Roll call—Thanksgiving quotations.

Instrumental music.

Thanksgiving talk . . . Rev. A. E. Potts

Song

Question box.

Closing song by club.

### CHELSEA HI BOYS MEET

#### THEIR FIRST DEFEAT

A Wet, Muddy Field And Some Unfair Decisions Contributed to the Defeat Of The Local Team.

Chelsea lost to Vicksburg's eleven Thursday afternoon in a very hard fought battle.

The field was in terrible condition. Puddles of water were all over the field and the mud slowed up the team a great deal. The wet, slippery ball prevented any aerial attack on Chelsea's part.

Vicksburg's lone touchdown was made on the kickoff at the beginning of the second half. "Arn" Fahrner first kicked out of bounds and the second kick was received on the 40-yard line and one of Vicksburg's backs carried it 60 yards for the touchdown.

In the last part of the last quarter Chelsea began her goalward march. Fahrner received a punt on his five-yard line and carried it back to the 25-yard line. From here several passes were completed. McLaughlin playing his best game so far this season, was on the receiving end of most of these "heaves." The Purple and Gold warriors fought like tigers and the ball was advanced to Vicksburg's ten-yard line. The final whistle blew ending the touchdown march.

A minute more and the score would have been tied or beaten. However a protest has been sent in to the M. I. A. A. and the school is waiting the results.

The game was protested on the grounds of faulty officials, five down, incorrect timing, and interference with men receiving passes.

Chelsea has issued a challenge to all class "C" schools in the state to play on a neutral field.

Chelsea will play Brooklyn Friday afternoon at Brooklyn, and a good many local fans will accompany the team.

### HIGH SCHOOL COURSE PLEASING GOOD CROWDS

The Accordion Novelty Co., which gave the second number on the High school entertainment course last Thursday night, held the close attention of the good sized audience during the rendering of a most enjoyable program of well selected music. The program was varied and every number received hearty applause.

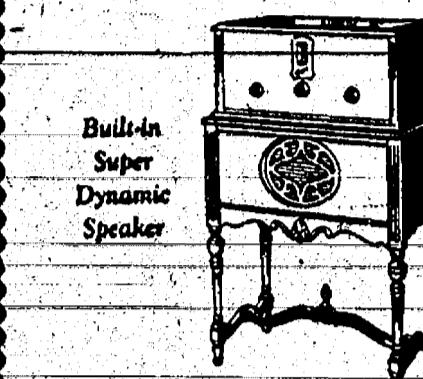

These programs are pleasing the public and drawing good crowds. If you have not heard the two already given do not fail to hear the third number, the date for which will soon be announced.

At the time of Gov. Fred W. Green's visit to Chelsea during the campaign he met an old comrade of the Spanish-American war—Charles I. Hyser. After the governor's return home he wrote Mr. Hyser a letter reciting some of their army experiences. Mr. Green was first lieutenant and Mr. Hyser was sergeant.

Mr. and Mrs. Frank Gates, of Detroit, were guests several days of this week at the home of Mr. and Mrs. J. Russell T. Wheelock who was stricken with an attack of pneumonia last Friday was taken to the Chelsea private hospital Sunday. His condition is reported this morning as being rather serious.

### THEY MADE A MISTAKE

Over in Eaton county the board of supervisors refused to vote funds for the employment of a county agricultural agent for the coming year and as a result the farmers of the county will not have the assistance of a trained man in the solutions of their farm problems. Eaton is a rural county having no large cities within its borders, and it would seem the supervisors, composed largely of farmers, are retarding their own advancement by their refusal to employ a county agent. Our observation has been that the money expended for county agents is a good investment, and especially if the county has sufficient funds to promote boys' and girls' clubs throughout the county.

The tendency of the times is to educate the boys and girls in the rural communities away from the farm, rather than to encourage them to love the farm and the fields, and the county club leader steps in to fill in some measure at least, this lack of proper agricultural training among the young people of the farms. The work being done in this county under the direction of County Agent Osler and Club Leader Arthur Hagen is certainly paying good interest on the investment. Any one who visited the boys' and girls' exhibits at our county fair for the past two seasons will be convinced we feel very sure, of the wisdom of employing a county agent and a county club leader.

### ENCOURAGING CRIME

Carelessness and stupidity on the part of the victims is responsible for much of the thieving and swindling which has reached such alarming proportions in this country, amounting to approximately two billions a year.

Some of the specific weaknesses of our "easy marks" are pointed out by leading criminologist, who enumerates cashing checks for strangers, leaving automobiles unprotected, carrying unnecessarily large sums of money, buying real estate without seeing it or investigating its title, investing in stocks and schemes without consulting a banker, trying to beat gamblers at their own games, lending money and extending credit to persons of doubtful honesty, and so on.

If people fail to exercise any caution whatever in these matters, no law or official action can effectively protect them from thieves, swindlers and deadbeats.

While punishment of criminals often occurs, it usually happens too late to do any good, so far as recovering his money or property is concerned.

Honest people have it in their own power to greatly reduce losses from the above mentioned causes, by merely exercising ordinary good judgment, instead of indulging in reckless practices which encourage crime.

### USING THE SCHOOL HOUSE

In many country communities it is becoming more and more the custom to make use of school buildings for a variety of helpful purposes, in addition to that for which they are primarily intended.

Where no other building is available, the school house affords a convenient place for pleasant and profitable gatherings, such as men's and women's clubs, boys' and girls' clubs, debating societies, singings, public speakings, entertainments and the like.

While practically every school house is utilized for some of these purposes, in many communities a complete winter program is planned; so as to make it a regular social center, around which all neighborhood activities revolve.

This tends to foster a spirit of cooperation and neighborliness, which is extremely beneficial. With the advent of radio, these gatherings may have musical and other special features of broadcast programs to enliven the evening, at little expense.

By systematically using these means so readily at hand, the country school house may greatly contribute to the attractiveness of rural life.

### GROWTH OF GAS INDUSTRY

During the span of a single lifetime, the amount of gas being used in the United States has increased 400 per cent. The industry, which in the past sold 90 per cent of its product for lighting, has changed to the extent that it now sells 92 per cent for heating.

Use of natural and manufactured gas in 1927 increased eight per cent over 1926 and amounted to the record total of 1,854,000,000,000 cubic feet. A total of 700,000 new users was added in 1927, bringing the number of customers to 15,434,000 and the estimated population served by the gas industry to be more than 73,000,000.

The manufactured gas industry last year paid \$49,000,000 in taxes, which was an increase of about 30 per cent since 1926, and represented more than 9.5 per cent of its operating revenues.

## FAVOR MAKING U. S.-12

### A SUPER-HIGHWAY

Meetings Have Been Held At Kalamazoo To Promote The Project—

Much Interest Shown.

Sponsored by the Chamber of Commerce of Kalamazoo, meetings are being held in that city which are being attended by similar organizations in towns and cities along U. S.-12 for the purpose of promoting a movement and for creating sentiment in favor of making the Michigan avenue a super-highway. Other meetings will not have the assistance of a trained man in the solutions of their farm problems. Eaton is a rural county having no large cities within its borders, and it would seem the supervisors, composed largely of farmers, are retarding their own advancement by their refusal to employ a county agent. Our observation has been that the money expended for county agents is a good investment, and especially if the county has sufficient funds to promote boys' and girls' clubs throughout the county.

The tendency of the times is to educate the boys and girls in the rural communities away from the farm, rather than to encourage them to love the farm and the fields, and the county club leader steps in to fill in some measure at least, this lack of proper agricultural training among the young people of the farms. The work being done in this county under the direction of County Agent Osler and Club Leader Arthur Hagen is certainly paying good interest on the investment. Any one who visited the boys' and girls' exhibits at our county fair for the past two seasons will be convinced we feel very sure, of the wisdom of employing a county agent and a county club leader.

It has been suggested that the right-of-way of the abandoned electric railway west of Jackson could easily be converted into a highway, especially for trucks and trailers and the suggestion is worthy of consideration. Either these heavy loaded vehicles must be kept off the highway or else laws must be enacted to control them more than they are controlled at the present time.

A great many of the drivers of these trucks are just common "road hogs" who show little concern about anyone else who has occasion to use the highway. They crowd the center of the road and instances have been known where drivers of passenger cars have been compelled to take to the ditch to avoid being hit by them.

As there is nothing to indicate that traffic, both passenger and freight, will become less as the years go by the state can well afford to grant the petition of those who are asking that this particular highway be widened from Ypsilanti westward across the state.

Hoover, Having again been found insane by a commission at a sanity hearing held in circuit court here Thursday, Mrs. Ruby Snell, of Fowlerville, who killed her six-year-old son, Paul, June 1 by holding his head under water in a bath tub, was ordered by Judge J. H. Collins to be committed to Ionia State Hospital for criminal insane and to remain there until no further trace of insanity existed.

"Every man elected to public office is entitled to a full, fair chance to make good. Herbert Hoover should have the co-operation of every public-spirited citizen."—Gov. Albert E. Smith.

## CARELESS MOTORISTS

The result of well directed, systematic safety education and practice and well illustrated by the fact that railroads have reduced fatal accidents to employees 37 per cent during the past 15 years.

While this is true of railroad employees, President Crowley of the New York Central Lines, points out that accidents at railroad grade crossings have greatly increased during the same period due to carelessness of automobile drivers. "Safety work was first undertaken on the railroads in 1913," says Mr. Crowley. "In that year 3,333 employees were killed and 170,289 injured. In 1927, after 14 years of earnest effort to prevent accidents, including constant urging of employees to be careful, 1,427 employees were killed and 83,883 injured. That is, by systematic effort, the number of employees killed was reduced 57 per cent and the number of employees injured 51 per cent, although the business of the railroads greatly increased during that time.

"In startling contrast with this encouraging showing is the fact that the number of persons killed at highway crossings on the railroads in 1913 was 1,125, while in 1927 the total had increased to 2,371."

The railroad companies have effectively reached their employees, while automobile drivers continue through sheer carelessness or disregard of adequate warnings and safety devices, to contribute to the list of grade crossing fatalities.

## THE REAL HOME

There is a sacred fire that burns in every real home; an altar to restfulness and forbearance and love. The man who can claim that altar, whether the shelter built about a mansion or only a single room, he it who owns his home.—Bruce Barton.

## TO FINE BLIND PIG PATRONS

A New York dispatch of Saturday stated that Miss M. Louise Gross, chairman of the Women's Committee for the repeal of the 18th amendment, announced she would seek the introduction of a bill in congress making speakeasy patrons equally guilty with bootleggers. In that way, she said, congressmen who vote dry and live wet may be made to taste their own medicine.

"Every man elected to public office is entitled to a full, fair chance to make good. Herbert Hoover should have the co-operation of every public-spirited citizen."—Gov. Albert E. Smith.

WANTED—Experienced servant for all around work. Come prepared to work day and night. Can pay only a few cents a day.

**"That's the job for me"**  
says the Hadley-Brown.

At last, an industrious, experienced servant who asks only a few cents a day and demands no afternoons or evenings off.

She is anxious to work in your home. This special heater will help you with your housework and laundry and add to the comfort of your shave and bath all for a trifling cost.

Piping hot water at all times of the day or night—that's the never failing service which this heater gives you.

30 gallon capacity  
\$80.00 installed

A small payment down and the remainder as you enjoy it coils and \$5.00 for your old heater.

## Achievement of the Century— An Oil That Will Not Dilute!

"We need oil in our crankcases that won't thin out," said the motorists of the country.

"Impossible," said lubricating experts a few years ago. "All oils dilute." It was true. They all did.

And then came Iso-Vis.

Iso-Vis was developed in the great research laboratories of the Standard Oil Company (Indiana) by men who have devoted their lives to investigating the problems of petroleum.

Iso-Vis has every characteristic of the highest grade lubricants and, in addition, the sensational property of constant viscosity.

Iso-Vis will not thin out.

Try it. You will be surprised at the improvement it will make in your car's performance.

### Prepare Your Car for Winter

Drain, flush and refill with the proper grade of Iso-Vis! At any Standard Oil Service Station and at most garages.

## Thirty-four Years Ago

November 15, 1894  
Sylvan has 674 pupils of school age and has received \$458.32 from the primary school fund from the state authorities.

Born, Friday, November 9, to Mr. and Mrs. W. P. Schenk, a daughter.

As a result of the recent election, Chelsea will lose two families. Wm. Judson and Peter Lehman will move to Ann Arbor.

The formers are busy getting their feedable crops in their cellars these days.

A resident of Lima township was in Jackson a few days ago and took a late train for Chelsea. He was in the smoking car and when his fare was taken up he asked the conductor to wake him when he got to his stopping place. He had several packages with him and when he was aroused he dropped one of them. As he was leaving the car he was informed that it was not the policy of the railway to allow the patrons to carry away their property. Imagine the disgust of the young man when he discovered that he had picked up the cuspidore instead of his parcel.

All leaders who have not sent in their enrollments, but who expect to lead clubs through the winter, are asked to report to this meeting.—Daily News.

Birmingham—Plans made for construction of new Sunday school building for Baptist church.

### STATE CLUB LEADERS PLAN MEETING IN ANN ARBOR

Miss Lola Belle Green and Nevels Pearson, assistant state club leaders, will be in Washtenaw county, Saturday morning, November 17, for a meeting with all of the leaders in clothing, handicraft, and hot lunch club work in the county.

The meeting will open at 9:30 in the morning in the assembly room of the Y. M. C. A. building, Ann Arbor. A general session of all leaders will be held for the purpose of discussing problems of a general nature. The leaders will then meet in special groups to receive instruction in the work which they are particularly interested.

At this meeting these specialists will announce any changes in the 1928 program from the outline of work last year. They also will assist the leaders so a high standard of work may be maintained in the county.

Competition is keen in the state, A. E. Hagen, Washtenaw county club agent points out and is becoming more so each year. In order to remain in the running, Washtenaw must at least keep abreast of the other counties. The meeting will be adjourned at 12 o'clock.

All leaders who have not sent in their enrollments, but who expect to lead clubs through the winter, are asked to report to this meeting.—Daily News.

Try Standard Liners, 25c.

JURY REPORTED FOR DUTY MONDAY

The jury for the October term of circuit court, which has enjoyed a respite of a month during the election campaigns, reported for duty at 9 o'clock Monday morning. The jury will be subject to call until the opening of the December term early next month.

No jury cases have been heard during the present term of court, it being the custom in election years to reverse the call and hear chancery matters before the law causes are tried.

Civil cases have been set for trial as soon as the jury returns but Prosecutor Carl H. Stuhberg still has the privilege of calling cases listed on the criminal docket and giving them preference over the civil suits.

NEW ALL-AMERICAN ATTRACTING MANY BUYERS

Four hundred and sixty orders for the new Oakland All-American Six have been received in Wayne county alone since the new car was first placed on view on October 13, according to figures given out by G. A. Richards, president of the Richards-Oakland company, in charge of distribution for Wayne county of Oakland and Pontiac sixes.

The Harper Sales & Service are the local dealers for the Oaklands and Pontiacs.

Want to sell something? Try a liner.

### SUPERSTITIONS OF COACH McMILLAN

Former Centre College Football Star Played Hunches.

Bo McMillan, the famous and colorful Centre college quarterback of a few years ago, who took Charley Baetimann's place as head coach of the Kalamazoo Argos, has a thousand and one football superstitions. At least he did them while he went to school. Perhaps, as a coach, he has found superstitions do not win games and has discarded them, but anyway he had them at one time. And how!

He had a blue-silky and a red necktie, for instance, that he never failed to wear whenever Centre went on a trip. He put them on when he dressed to leave town and kept them on, except for the time he wore his football suit, until he returned. Now Centre in those days took a number of long trips. The team played on both the East and West coasts. But even on trips that kept him on the road for a week he stuck to that old shirt and necktie though soot lined the wrinkles of both.

He also had an old belt he wore in high school days at Fort Worth. He kept it when he went to college and never went into a game without it. Oh, yes, quite superstitious. He even made over every pair of football pants he wore at Centre, if just to tear open the seams and sew them again himself.

Centre was a much photographed team in its winning years, and not the least photographed by any means of all the men was Bo. However, for all the insistent attempts of the photographers to snap him before a game, and insistent is right, they never could tell what would have none of it. After the game, all right, but before?

He insisted further on being the last man to enter the park—the last man to leave the dressing room and the last man to set foot on the field. Even Charley Moran, the coach, had to preface him.

Of superstitious nature, he naturally, played the wildest bunches. One night before a big game Bo decided he ought to put a pair of deer on the roof of a certain high building. No sooner dreamed than done. He got up the next morning, put on his sooty blue shirt and red necktie, picked out a high building and stuck the deer, "snake eyes" up, in a corner. Centre won the game.

### Golf Ball Strikes Tree and Is Holed Out in One

The 150 yard, No. 3 hole of the Highland Park course, in Birmingham, Ala., is an easy par 3 or a hard 5 and is famous as a place where freak shots are becoming the rule rather than the exception.

Joe Spain, Birmingham amateur, was trailing in a threesome when they reached No. 3. He pulled his mashie shot over the trees bordering the street and the ball landed on a concrete uphill driveway. Taking a kick-pickwick, the ball came through the boughs of the trees and landed a few feet off the green, from where Spain still using his mashie, chipped it into the cup for a birdie.

Col. Kurt Landendorff's hole in 1 on No. 3, however, still remains the outstanding freak shot of the course. With tremendous drive from the tee, the colonel sent his ball sailing down the fairway to the right of the green, where it struck a tree trunk, caromed to the green and rolled seven club-lengths into the cup.

### Timm Is Big Help

by the eighth grade. One teacher I recall had had a year or two of residence in an academy of mediocre grade, but he was an exception.

The best-educated man in our community, so far as formal training was concerned, was McMains.

He accepted no definite religious faith, but was, in fact, distinctly agnostic in his beliefs.

He married when approaching forty and had a large family of children. The two things that interested me in the bringing up of his children was first that he tried from the outset to inculcate in them very distinct and orthodox religious faith, and second that, although he was abundantly able to do so, he gave none of them an education beyond the elementary training which was afforded by the several schools.

"I want my children happy," he explained, "and religion gives one a sense of stability in this world and a definite assurance for the rest. It is a stability and an assurance which I do not myself enjoy. True to it all I can say I should rather they believed it and were happy than to live in the uncertain state of mind which I am in."

It wasn't truth he was after—it was happiness.

"As to education," he said, "the less you know, the happier you are. Knowledge makes men dissatisfied, he contented."

There was a man widely read, well educated, well rounded in the principles of the church but he and no faith he ever seen to vision as new ideas and new worlds opened up to him. To him knowledge was not power, nor religion an inspiration.

## PAINS AND ACHE GONE SINCE TAKING KONJOLA

Neuritis in Her Limbs Had Practically Made Her A Cripple.

MRS. EMMA RUSSELL

"Konjola has restored my health in such a wonderful way that I sometimes can not believe it is true, especially since I had neuritis in my limbs so bad that I was practically a cripple," states Mrs. Emma Russell, 219 Wealthy street, Grand Rapids, Mich.

"For many years I had suffered unexplained misery, which I believed started from the disordered condition of my kidneys. Backaches and night risings made it impossible for me to get the proper rest and the next morning I felt miserable all over. Then I began to suffer from attacks of neuritis. They came on me all of a sudden. My limbs would get so sore from the pain and swelling in the joints that I could hardly use them for days at a time."

"Almost as soon as I started with Konjola, a new feeling of life energy came over my whole system. In a few weeks every ache and pain was gone and my kidneys never gave me the least bit of trouble anymore."

Konjola is sold in Chelsea at Burg's drug store, and by all the best druggists in all towns throughout this entire section.

## ALONG LIFE'S TRAIL

By THOMAS ARKLE CLARK  
Dean of Men, University of Illinois

### RELIGION, IGNORANCE, AND HAPPINESS

It was an unusual thing in the community in which I grew up for anyone to have been to college. The education of our neighbors was pretty limited. Even the teachers who presided over the district school which I attended had seldom been farther in the pursuit of knowledge than the training afforded

by the eighth grade. One teacher I recall had had a year or two of residence in an academy of mediocre grade, but he was an exception.

The best-educated man in our community, so far as formal training was concerned, was McMains.

He accepted no definite religious faith, but was, in fact, distinctly agnostic in his beliefs.

He married when approaching forty and had a large family of children. The two things that interested me in the bringing up of his children was first that he tried from the outset to inculcate in them very distinct and orthodox religious faith, and second that, although he was abundantly able to do so, he gave none of them an education beyond the elementary training which was afforded by the several schools.

"I want my children happy," he explained, "and religion gives one a sense of stability in this world and a definite assurance for the rest. It is a stability and an assurance which I do not myself enjoy. True to it all I can say I should rather they believed it and were happy than to live in the uncertain state of mind which I am in."

It wasn't truth he was after—it was happiness.

"As to education," he said, "the less you know, the happier you are. Knowledge makes men dissatisfied, he contented."

There was a man widely read, well educated, well rounded in the principles of the church but he and no faith he ever seen to vision as new ideas and new worlds opened up to him. To him knowledge was not power, nor religion an inspiration.

—O. L. S., *Western Newpaper Union*

Fifty nations fly the Red Cross flag. For all it carries the symbolic meaning of help in time of distress; of health-preservation; disease prevention; and international cooperation in humane effort, which recognizes no frontier, no difference in language, but only merciful help.

CHELSEA, MICHIGAN

## Methodist Home

It is neither a new nor an entirely unusual thing for Dr. J. E. Jacklin of Detroit to generously remember the Home family, which is his especial pride, and the dinner of delicious white fish sent to them last week was only another proof of his abiding interest, a victory banquet.

Mrs. Wilcox visited relatives at Pleasant Lake last Friday.

Mrs. Webb Blackmer of Milan and

Mrs. Horton of St. Johns visited Miss Nellie Holmes on Thursday last.

The Misses Minnie and Elizabeth Fisher of Detroit called on Miss Holmes recently.

Miss Alice Bird of Detroit, well known here as a Cavanaugh Lake re-treater, will give us a talk in the assembly room along missionary lines. Although not a traveling missionary, she is supporting a bishop and his family in India and is actively interested in the work in general. Miss Bird visited Mrs. Danson on Saturday.

Dr. Bulmer is spending a few days with his daughter, Mrs. T. B. Gillam of Royal Oak.

Miss Kingsley and Miss Suding of Ann Arbor, old time friends of Mrs. Danson and Mrs. Park, were callers Sunday.

November 11, Dr. Defendorf entertained his son, Ed., and wife of Fowlerville. They are welcome visitors to the doctor who enjoys hearing about his old acquaintances in the home town.

It has been announced that the Busi-

ness Women's class of the Ypsilanti Methodist Sunday school will come to the Home on Sunday giving a program for the regular three o'clock services.

Mr. F. M. Roberts is a late member of the Home family arriving on Friday last from the Metropolitan church in Detroit.

Thursday brought four visitors for Mrs. Mabel R. Collins, her cousin Irene Collins, mother and grandmother of Stockbridge and a friend who brought them in her auto. Thanks for these friendly folks with their

## POPULAR PASTOR TO SPEAK IN CHELSEA

The people of Chelsea are offered a rare opportunity of hearing Dr. M. S. Rice in the local Methodist church, next Tuesday evening, November 20.

Dr. Rice is now in his 16th year as pastor of the great Metropolitan church in Detroit, which has come to be under his leadership, not only the largest church in Michigan, but one of the largest in the country. He has three times declined election to the high office of Bishop in his church.

The Christian Century, of Chicago recently, by popular vote of its readers, placed him as one of the ten most popular platform speakers of the United States. He is in great demand everywhere and we consider ourselves more fortunate in being able to bring him to Chelsea again. He will deliver one of his recent great lectures on "Our Need of Great Men." Let no one fail to hear him.

## CAVANAUGH LAKE GRANGE INSTALLS NEW OFFICERS

The November meeting of Cavanaugh Lake Grange was held Monday evening at the home of Mr. and Mrs. P. H. Riemenschneider with a good attendance.

With Mr. and Mrs. George T. English as installing officers, the newly-elected officers were installed as follows: Master, Fred Notten; overseer, Herbert Harvey; lecturer, Mrs. Bertha Notten; steward, T. G. Riemenschneider; assistant steward, Charles Riemenschneider; secretary, Mrs. Lydia Riemenschneider; treasurer, Harley Loveland; criers, Mrs. Kate Gieske; Pomona, Mrs. Jennie Miller; Flora, Mrs. Leenie Riemenschneider; lady assistant steward, Mrs. Ruby Heydlauff; organist, Mrs. Edna Love Land.

Nathan Bowen of Detroit, a member of the editorial staff of the Saturday Night, called on his cousin, Mr. and Mrs. Bowen Sunday.

Miss Odema Moekel of Waterloo spent Sunday afternoon with Miss Elsie Balmer.

Miss Dorothy Yocom spent Sunday afternoon with her parents, Mr. and Mrs. Ray Yocom at Stockbridge.

Mrs. Henry Dancer and daughter, Jean, of Chelsea called on Mr. and Mrs. C. E. Bowen Saturday.

After spending several days with relatives in Royal Oak, Mrs. Green is again with us.

After being confined to her room for about three months we are pleased to have Mrs. Wood in the dining room with us again.

Mr. and Mrs. Albert Paul and Jean Erwin of Chelsea were recent callers on friends at the Home.

## RED CROSS ROLL CALL STILL IN PROGRESS

The Red Cross roll call will continue until November 29th. If you did not join with the young ladies at the village last Saturday you may do so by calling at either of the Chelsea banks and leaving your dollar.

The officers of the local Red Cross are very greatful to all who have joined and they especially desire to thank the young ladies who received memberships last Saturday.

All you need to join the Red Cross is a heart and a dollar. There are a lot of people here who ought to join who have not done so. There is yet time.

## KALAMAZOO BUSINESS MEN TO VISIT CHELSEA

On Tuesday afternoon next at 3:30

a delegation of business men from Kalamazoo representing the chamber of commerce of that city will visit Chelsea for the purpose of arousing interest relative to the improvement of U. S. 12, and it is desired that they be greeted by the business men of Chelsea.

The purpose of the conferences which are being held in all towns along the highway is to arouse sentiment in favor of making U. S. 12 a super-highway extending from Ypsilanti westward across the state.

The receipts for freight which passed through the Chelsea station of the Michigan Central for October amounted to more than \$100,000.

## New Silk and Wool Hose

In fall colors of Mole, Grain, London Smoke, Misty Morn—Very fine line at \$1.00.

## Pointed Heel All Silk Hose

This graceful all silk hose featuring the pointed heel in fall colors at \$1.00.

Two special groups of Women's Flannelette Gowns, Sizes 16-17 at 89c. Sizes 19-20 at \$1.00.

Bloomers, created of finest rayon in pastel colors at \$1.00.

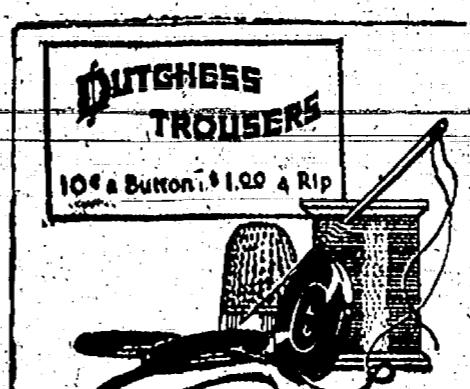

Fine Linen Lunch Cloths, 50x50 at \$1.59.

Special Priced Bath Towel, 40x22, in colors, at 50c

We carry a full line of the Nashu and Esmond Blankets—America's very best made

## The Farrell Hosiery & Novelty Shop

CHELSEA, MICHIGAN

"Button, button,  
who sewed the  
button?"

This is a question we always like to answer.

For Dutchess sews their buttons on so well—with twenty-one stitches thru each—that we stand back of every one with our unlimited Warranty.

If a button comes off, or a seam rips, just come in and tell us about it. We'll make good on the spot—ten cents a Button; \$1.00 a Rip.

Buying your underwear here assures you of the best fitting and best wearing, as nearly all are spring needle knit which assures you close fitting, more comfortable and warmer garments.

Prices \$3.50 up

Men's Work Trousers

\$2.50 up

## Union suits, \$1.50 up

Two-piece underwear in cotton, part wool or all wool. We are ready now with a complete line of Men's Leather and Sheep Lined coats. Heavy Footwear of all kinds made by the best makers all guaranteed to give satisfactory service.

**New Sales and Service****Station in Chelsea****Sylvan Chevrolet****Sales & Service****North Main Street****Please Try Standard Want Ads. For Results****Home Always Most Potent Force in the Formation of Character**

By DR. THOMAS ARKLE CLARK, University of Illinois.

**Y**OUNG people of today are better trained, more independent and more self-reliant than those of forty years ago. They are so radically different because in the home they have been given more privileges. They have more freedom, more luxuries. They work less and spend more.

They are, therefore, more selfish, more independent, less respectful and less polite. Too, they are more frank. They pull down the shades on nothing.

I do not overlook the effects of environment, but an experience of many years with tens of thousands of young men and women has brought me to the conclusion that young people are tremendously like their parents. Whatever traits we find in young people, if we look closely enough, we shall find them in their immediate ancestors.

If the young people are so different it is because of the economic and scientific changes in the home. Nobody is at home any more. Father and mother are riding, at the movies or their clubs. The children likewise.

Companions, the church, the schools, and the home influence our characters. But the most potent of all these is the home. Courtesy, ideals, truth, honesty—all these have their foundation in the home. We learn by precept and example.

Every parent should remember this, because a child's character is pretty completely determined by the age of fifteen.

**Sport Notes**

Anyway, Connie Mack has one doubt &amp; special in Jimmy Foxx.

The Haverhill franchise in the New England League was recently transferred to Worcester.

A former Uppings football star, Earl Pottenger, will coach the New York Giants pro eleven this year.

Earl Sande was paid \$1 for riding his first horse in a race when he started in the Middle West.

Arabella and Tillie are considered the best two-year-olds of the current racing season in Great Britain.

Hugo Bedzok, Jr., son of the Penn State director of athletics has registered at the college as a freshman.

In picking an all-star team for this year, Mount Airy College, Ga., began over Gordon Cochrane for that position.

Joe Leichter hit the door thirtytwo times in his flight with Sam McVey at St. Louis in 1926, yet managed to win the telethon.

Jess Sweetser and Elmer Collett have paired together four times to collect prizes and have yet to suffer defeat as a team.

Jack Dunn of the Baltimore Orioles has started building for 1929. He bought Ed Crowley, a third baseman from Washington.

William V. Dwyer is again president of the New York American Hockey Club. He purchased control and announced many changes.

The one-armed golf champion of Ohio is Baldy Webster, caddie master at the Bluffwood Country club. He won 3 in a Dayton tournament.

Andy Conkley, Columbia baseball coach and himself an old player, says Joe Dugan of the Yankees is the best third baseman he has ever seen.

Bea McMillin's coaching abilities will be given a more severe test this year at Kansas Aggies. He first coached at Contemporary and then at Givens.

The greatest number of home runs ever made in a major league game is ten, made by the Phillies (six) and the Cardinals (four). May 11, 1928.

Art Neft, left-handed pitching ace of the Chicago Cubs, is an accomplished piano organist. He also possesses a degree in electrical engineering.

Two men can put the shot 52 feet 11-1/2 inches. Beside John Knuck of Nebraska, the feat was performed by Emil Hirshfield in the meet in Germany.

Tex Rickard signed Paulino Uzcudun for three matches in which he will face such opponents as Knute Carlson, Jack Sharkey, Johnny Risko or W.H. Halli. Sterling.

Another University of Illinois baseball star has gone up to the majors. Fremont Cuinn, catcher on the Illinois nine last year, has been signed by the Cleveland Indians.

Bill McKechnie, manager of the Cardinals, has a fine singing voice and only this winter before last he sang a pillar in the Methodist church choir at Wilkinsburg, Pa.

Washington baseball fans are writing letters to the papers asking that Walter Johnson come back. But Walter is getting \$20,000 a year to manage the Newark Bears and his contract has a year to run.

Bill Jones, the Army football coach, was asked who he considered the greatest ball carrier within his expertise as a follower of football. Without hesitation, he named Jimmie Oliphant, the former West Point back.

**Athletes Get Too Much Attention, Says Teacher**

Too much time is wasted celebrating athletic victories by students, business men and the public generally while a lamentable lack of appreciation is accorded scientific attainments, Prof. Dr. B. Cross of the University of California believes.

Addressing the Lions club at Berkeley, Calif., the economics instructor criticized Berkeleyans who greeted members of the university crews, victors in the Olympic shell races, at Amsterdam. Only two men who rowed in the winning race arrived home but schools were given a half holiday.

If Doctor Millikan, discoverer of the cosmic ray, a truly wonderful feat, paid a visit to Berkeley, would he be given the welcome that these two "car jockeys" were accorded?" asked Professor Cross. "Of course not, he would hardly be noticed."

The professor also deplored Berkeley's attempt to attract industries, declaring that the city "cannot remain an intellectual center and also become a factory town."

**Captain of Navy Team****Chicago White Sox Were**

**Strong on Pop-Up Flies**  
Tommy Connolly, the veteran American League umpire, relays this one from Joe Berger, the shortstop of the Chicago White Sox some years back.

The White Sox were in a disastrous hitting slump and their turn at bat was just one pop-up after another. It was getting on the nerves of the play ers.

Berger was going to sit position in the field just after an inning in which three of his mates had popped up to the infield. He started a sigh as he passed Connolly. "Pommy," he said, "some day we're going to run across a room that's won on those pop-ups and we're going to beat them to death."

**Haskell Indians Living****Up to Nomadic Instincts**

The Haskell Indians will defend their title of the "most traveled" college football team again this fall. On a ten-day schedule only two will be played at the stadium of Haskell Institute at Lawrence while road trips will take the braces from New Orleans to Minnesota and east nearly to the Atlantic seaboard.

Fifty Indians, representing twenty-four tribes over twenty-two states, comprise the 1928 squad. Teams to be played include the University of West Virginia, Taylor of New Orleans, Mississippi University, St. Xavier of Louisville and Loyola of Chicago.

WASHTENAW COUNTY'S  
OFFICIAL VOTE ANNOUNCED  
A Total Of 24,932 Ballots Were Cast  
For President—Largest Vote  
Ever Recorded

November 17, 1904  
Last Friday evening a procession was formed at the stove works by one hundred men and headed by the Chelsea band. Torches, fireworks, red lights were displayed all along the march to the home of F. P. Glazier. Transparent pictures of Roosevelt, Gov. Warner and Mr. Glazier were distributed through the procession. At the Glazier home the crowd was invited into the residence and in a few brief remarks Mr. Glazier thanked the men for their act in coming to his home and for the street parade which was principally in his honor.

Novels tell of sweet potatoes growing wild in the South sea islands, but there is no final scientific evidence that they grew there in an original wild state, rather than escaping from cultivation to find friendly climates and soil in the fields and woods.

Many botanists have set the sweet potato down as a plant of American origin, due in part to the fact that over 15 varieties of the genus batatas, of which it is a member, 11 are found in America alone, while the other four are found both in America and in the Old world.

The geographer, Humboldt, quoted another authority as saying that Christopher Columbus, when he appeared for the first time before Queen Isabella, offered her sweet potatoes among the fruits and products of the New world, which he brought back with him. Oviedo, who wrote in the Sixteenth century, had seen the sweet potato cultivated by the natives of Sanlo Domingo and had himself introduced it into cultivation at Avila, Spain. Early writers said also that it was from Spanish America that the sweet potato was taken to Manila and other eastern islands, whence it spread into the Malay archipelago and the South seas.

It is also an argument on the side of those who see an American origin for this useful plant that no Greek, Roman or Arab name for it has come down to us from ancient history.

But there are also potent arguments that it was known long ago in the Orient. Brülschneider, the German scientist, discovered references to it in a book published in China as long ago as the Second or Third century of the Christian era. And there is about as much authority for saying that it was a native of Tahiti and other South sea regions as for the claim that it was introduced there by the Spanish.

The old argument that the plant would have been spread throughout the civilized world much sooner than it was, had it been a native of Asia, gives added support to the claim for American origin, as does the fact that its principal spread in Asia and Europe has come since the discovery of America.

As yet the true sweet potato has not been found in an undoubtedly wild state on the American continent. Yet its cultivation in Virginia and the southern part of North America began very soon after that region began trading with South and Central America.

Jackson—Marking the conclusion of his tenth year in the pastorate of the First M. E. church of this city, Dr. Frederick Spence and Mrs. Spence were tendered a complimentary banquet at the church last Thursday evening by the official board. The great basement dining room was filled to capacity with congratulatory friends—men and women of all denominations, all gathered with the one purpose of doing honor to a man and woman who have without doubt made a greater impress upon the community than have any others in the city's history. A delicious dinner was served by the Ladies' Aid society, and the church orchestra furnished excellent music before and during the banquet.—Tribune.

Spirit "Fake"

Primitive natives in Sumatra believe that the spirit of a dead tribesman returns a few months after death for one last night of celebration with his friends, and magicians help along the belief by manipulating a wooden dummy on strings in the semidarkness.

What's a Ha-Ha?

Webster's definition of a ha-ha is a sunk fence, wall or ditch not visible till one is close upon it. The brick ha-ha walls at Mount Vernon were so called because they were not visible from the house, being built on a terrace. They inclosed the field where the cattle grazed.

Indianapolis, Indiana	1.20	
Petoskey, Michigan	1.25	

The rates quoted are Station-to-Station Day rates, effective 4:30 a. m. to 7:00 p. m.

Evening Station-to-Station rates are effective 7:00 p. m. to 8:30 p. m., and Night Station-to-Station rates, 8:30 p. m. to 4:30 a. m.

A Station-to-Station call is one made to a certain telephone rather than to some person in particular.

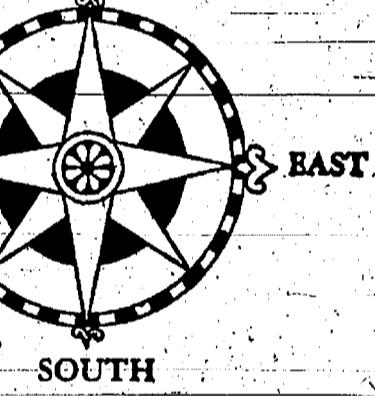

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.

Additional rate information can be secured by calling the Long Distance operator

The Silver Anniversary Buick  
unrivaled in performance

All are buying more Buicks than any other fine car...

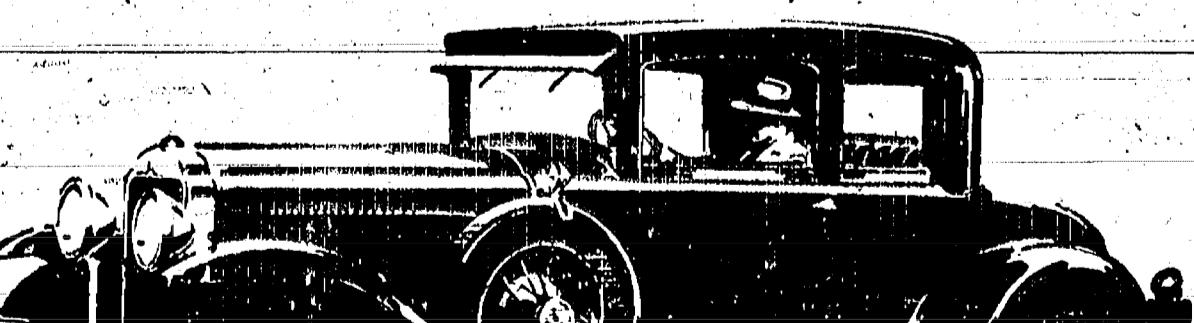

Fleet and powerful as well as fashionable—unequalled in performance as well as in appearance—the Silver Anniversary Buick is arousing an enthusiasm never before accorded any automobile! And no wonder!

No car ever revealed outstanding superiority in so many elements of performance—getaway power—

swiftness—smoothness—such remarkable ability to meet every test and task with ease and brilliancy!

Increased bore and stroke—improved carburetion—and other advancements in the world-famous Buick Valve-in-Head engine—

impart performance utterly new and unequalled!

**MICHIGAN ELECTRIC RAILWAY  
WILL BE SOLD DEC. 20TH**Claims Amounting To \$5,363,071 Past  
Due—D. J. & C. Railway Not  
Affected.

The Michigan Railroad Company, a concern operating electric cars and bus lines in six Michigan counties, was ordered sold in public auction by Judge Charles C. Simons in federal court Friday to satisfy a mortgage of \$5,303,017. The mortgage is held by the Equitable Trust company of New York and the Michigan Trust company of Grand Rapids.

W. S. Sayers, Jr., standing master in chancery, who carries out the judges' orders, announced the sale would take place at 2 p.m., December 20, in front of the passenger station at Battle Creek. The road will be sold either in whole or in parcels, depending on the choice of the bidders.

Since October 28, 1924, the road has been operated by a receiver, John of the state if this service had to be discontinued.

P. Howland, of Jackson, appointed by Judge Simons on petition of the Union Railroad Gas and Electric company and other creditors.

The original mortgage given on all the road's property and holdings was for \$4,500,000 on May 1, 1919. The sum was used to buy new equipment. More than two years after the road had been in the receiver's hands, the trust companies asked on April 2 of this year for foreclosure.

The Michigan railroad has lines in Allegan, Bay, Barry, Calumet, Jackson and Calhoun counties. Some cities served by it are Kalamazoo, Flint, Saginaw, Grand Rapids, Jackson and Lansing.

The D. J. & C. railway will not be affected by this sale. The service on the local line has been greatly improved during the past few months and it is hoped that it can weather the storm to come.

Mr. and Mrs. Heichel V. Watts of North Lake and Mr. and Mrs. Harold V. Steward of Jackson visited friends in Adrian Sunday.

**S. P. I. ENJOY  
INTERESTING PROGRAM**

A miscellaneous program was given at the meeting of the S. P. I. which was held Monday evening at the home of Mrs. Katherine Kusterer each member choosing her own subject. The following program was rendered:

**CHURCH CIRCLES****CONGREGATIONAL CHURCH**

Rev. A. E. Potts, Pastor

Morning worship at 10:00 o'clock. Sermon subject: "The Power of Speech."

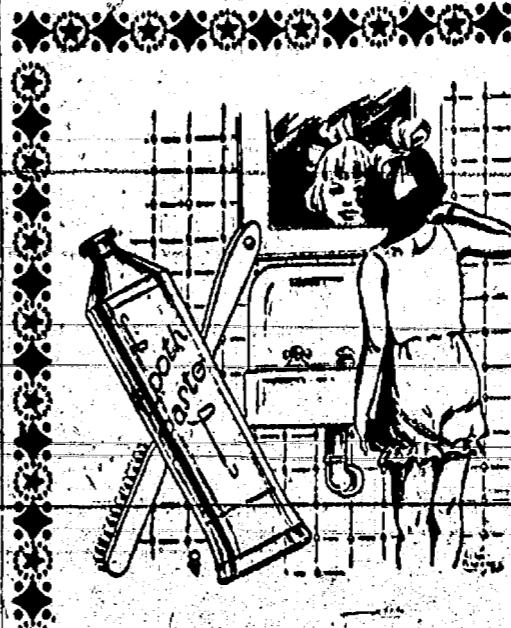

Sunday school at 11:15. Mrs. J. Bacon, superintendent.

Christian Endeavor at 6:00 o'clock. Leader, Miss Enid Freeman.

Dear Folks: The entire country is worried over the absence of the fear of the law on the part of the criminal world today. May I ask if it may not be (in part, at least) a reaction following the lack of fear and reverence for God's laws on the part of the respectable element of society? Ought we to set an example by manifesting obedience and reverence for God's laws? Our churches have great deal to do in keeping the decent citizen from becoming the bandit. We can all help. I think that true patriotism has a religious foundation.

Sincerely yours,

A. E. Potts, Pastor

**Keep Her Teeth Good**

The regular use of a good dentifrice such as Nayl's or Penslar's is a far step toward keeping your children's teeth in good condition. It also serves to preserve the gums. The pleasant flavor induces the children to use it often.

ST. MARY SCHOOL NOTES

Educational week was observed this year from November 5th to 11th. The purpose of this week is to encourage education, and to interest the public in the work of the school, its ideals, achievements and needs. It was instituted by the U.S. Bureau of Education in 1920 and since then has been sponsored by the American Legion and National Educational Association.

The spirit of National and Catholic Education Week manifested itself at St. Mary in the artistic posters and well written papers produced by the pupils. Albert Forney, Frances Visel, Armilla Wolff and Anna Doody are to be commended for their health posters. Other posters deserving honorable mention are: "The Crime of a Thoughtless Nation," by Joseph Lyons; "Why Housewives Should Vote," by Elmer Beissel; and "Education for God and Country," by Leah Schanz and Armilla Wolff.

Most interesting among them were: "Every Catholic Child in a Catholic School," by Anthony Juergens; "The Purpose of Education Week," by Margaret Liebeck; "Our Constitution, the Greatest Heritage of this Generation of Americans," by Beatrice Keusch.

The week was concluded with a short program of patriotic songs, recitations and readings.

The blue books were much more in evidence for examinations this week, this being the end of the first quarter. Everyone reports good marks so far.

St. Mary basketball teams will open their schedule away from home this year. They will play the fast Grass Lake High school teams at Grass Lake next Friday night, November 23, at 7:30. Come to the game and root for home-town team.

Some of the topics emphasizing various phases of Education Week were very well developed in reports by other members of the High school. The

State of Michigan, County of Washtenaw, ss.

At a session of the probate court of said county of Washtenaw, ss., the probate office in the City of Arbor, on the 13th day of November in the year one thousand nine hundred and twenty-eight.

Present, HON. JAY G. PRAY, Judge of Probate.

In the matter of the estate of Homer G. Brown, deceased.

On reading and filing the duly filed petition of Imogene Brown, it is ordered that administration of said estate be granted to your petitioner, and that other suitable person, and that

praisers and commissioners be appointed.

It is ordered that the 11th day of December next, at ten o'clock in the forenoon, at said probate office, be appointed for hearing said petition.

And it is further ordered that of this order be published three consecutive weeks previous to said date of hearing, in the Chelsea Standard newspaper printed and circulated said county of Washtenaw.

JAY G. PRAY, Judge of Probate.

(A true copy) Judge of Probate.

The annual meeting of the Washtenaw County Fair Association was held Wednesday.

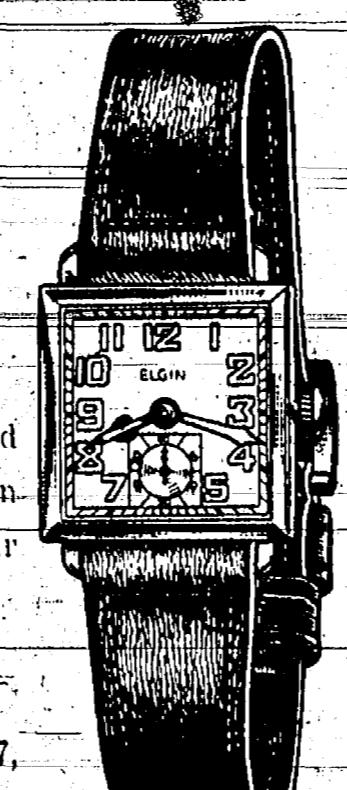

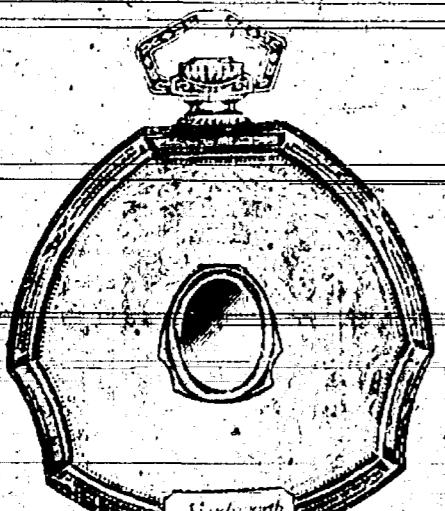

The Main street crossing of the said county of Washtenaw came pretty rough.

**ANNUAL CATHOLIC FAIR**

November 26, 27, 28th are the dates selected for the eighth annual Catholic

fair to be held at Herbert McKinney

memorial hall. A chicken dinner, the

kind for which the ladies of St. Mary

have become famous, will be served on

Monday evening from five to eight

o'clock. On Tuesday and Wednesday

evenings interesting programs will be

provided and a good time is assured

all who attend.

**SCHOOL NOTES**

The High school students had another privilege of being present at a very interesting chapel hour Tuesday morning. Rev. A. E. Potts was the speaker of the morning. He chose a very appropriate subject, "Americanism." He took as his examples, our three American heroes, Washington, Lincoln, and "Teddy" Roosevelt. He brought forth traits of their character that are essential in building our nation. The student body joined in singing. The school was divided into three groups to have another chapel hour.

The Goodband family is moving from the Riemenschneider farm to Michigan Center. Their son, Cevil, a second grade pupil attended this school.

Herber Sager was severely injured at school Tuesday when in playing, he was hit in the face, cutting big lip and loosening one of his teeth.

The following pupils were perfect in attending the last school month: Mildred and Ray Baine, Dorothy Andrews and Cecil Gandy and Howard Hegard.

**FRANCISCO**

Mrs. Martha Taylor is spending a few days with her sister in Jackson.

Otis Havens of Grass Lake is helping John Miller with his farm work.

Mrs. Nora Notten is home after

spending a few weeks helping at the James Richards home where there has been sickness.

Mr. and Mrs. Truman Lehman were Sunday visitors of Mr. and Mrs. Victor Moekel of Waterloo.

Gladys Bohne, Frieda Willy and Harry Henter are back in school again after being absent on account of illness.

The seventh grade in the public

school learned the poem "In Flunder's Field" by John McRae, for Armistice Day.

The Goodband family is moving from the Riemenschneider farm to Michigan Center. Their son, Cevil, a second grade pupil attended this school.

Herber Sager was severely injured at school Tuesday when in playing, he was hit in the face, cutting big lip and loosening one of his teeth.

The following pupils were perfect in attending the last school month: Mildred and Ray Baine, Dorothy Andrews and Cecil Gandy and Howard Hegard.

**THE TELEPHONE DOLLAR**

Fifty-four cents of every dollar used for telephone operating expenses goes into wages. Materials take seventeen cents out of every dollar, taxes eleven cents and rents three cents, leaving fifteen cents for miscellaneous expenses.

The annual meeting of the Washtenaw County Fair Association was held Wednesday.

The Main street crossing of the
