## SITE FOR PROPOSED DISPOSAL PLANT IS BOUGHT BY VILLAGE

Five Acres Fronting On McKinley Street Acquired By Council; No Definite Plans Considered.

A deal which will give the village an ideal site for the ultimate construction of a sewer disposal plant was consummated last Saturday when the common council authorized an appropriation of \$400.00 for the purchase of five acres of land on McKinley street from Howard J. Gilbert.

The property lies on the east side of the street and runs to the Sylvan-Lima township line. Bordering McKinley street the property line begins at the north village limits and runs to Mill Creek.

Although no definite time or plans have been considered so far for the construction of a disposal plant, the village officials deemed it advisable to take advantage of the opportunity to purchase this site, for the state will require construction of a disposal plant before many years. At present, local authorities have received a permit from the state to empty sewage into Mill Creek at the point adjacent to the property purchased.

Both trunk line sewers will join and empty at this point. The sewer serving the east part of town will traverse Madison street to East Middle, follow East Middle to McKinley and north on that street. The one serving the south and west parts of the village will follow Grant street, cutting across to North Main, north to Dewey and then east on Dewey, joining the other sewer at McKinley.

The contractors who were the successful bidders for the sewer construction are expected to start work as soon as the frost is out of the ground this spring.

## Dexter Independents Forfeit To St. Mary's

With about five minutes to play, the Dexter Independents forfeited their game with St. Mary's Alumni Sunday afternoon at McKune Memorial hall.

The Dexter boys had the advantage during the first half of the game and seemed well satisfied with the way things were going.

At the whistle starting the final period the Dexter boys launched one of their sensational drives for points, scoring six points in less than three minutes. This was too much for the Dexterites who elected to leave the floor rather than finish the encounter, thereby forfeiting the game.

## County Brotherhood Will Meet Sunday

The next regular meeting of the Washtenaw County Brotherhood will be held Sunday, February 17, at the Evangelical church, Sharon township. The program will consist of business and reminiscences at 4:30 p. m., lunch at 6:00, and song service and good speaking at 7:30.

The Washtenaw County Brotherhood is an interdenominational organization and has been trying to help churches of any denomination anywhere in the county for several years. A very delightful Brotherhood has been built up in many of the churches of the county.

## MISS EDITH PARKER

Miss Edith E. Parker, 24, passed away on Saturday night at her home, 1008 West Huron street, Ann Arbor, following a brief illness. She had been employed in the office of Secretary Shirley Smith of the University of Michigan for the past three years.

She was born in Scio township on October 1, 1904, and had been a resident of Ann Arbor for the past 11 years. She was a graduate of the Ann Arbor high school of the class of 1924.

The funeral was held Tuesday afternoon at 3:30 o'clock from the late residence with Rev. Theodore Schmaltz in charge. Interment was made in Clemens cemetery.

She is survived by her mother, Mrs. Clara Parker, and one sister, Mildred Parker. Her father, Clifford Parker, died a few years ago. J. B. Parker of Chelsea is an uncle.

## INDEPENDENT PARTY CAUCUS

The Independent party of Chelsea will hold a caucus in the Sylvan town hall at 7:30 o'clock Tuesday evening, February 19, 1929, for the purpose of placing in nomination candidates for the offices of President, Clerk, Treasurer, three Trustees, Assessor and for the transaction of such other business as may properly come before the caucus.

## "—And Great Was The Fall Thereof"

Alexander the Great wept because there were no more worlds to conquer—the American Legion volleyball team also shouted for more opposition. Napoleon met his historic defeat at Waterloo, but the above named organization met its first stinging defeat Monday evening at the Chelsea Hi-Lights.

Just as the English soldiers of the American Revolution thought when they first began that memorable struggle, so the Legion men began the valiant contest with the point of view that it would be only a small matter, and that it would soon be settled. Nevertheless they were greatly surprised when an up-start team which goes by the name of the Chelsea Standard Hi-Lights took from them the honor of being the undefeated champions of Chelsea.

The Hi-Lights, after losing two of the seven games to find themselves in the sport, set to work and beat their opponents four of the remaining five.

The Legion volleyball team has had a clear and clean record with five straight contests to their credit, winning every game. The Hi-Lights organization is as yet a dark horse aggregation, but if its present ability to play the game holds out, it will soon be in the limelight of the public eye.

The Legion men play the Masonic team at the high school gymnasium next Monday night, and the Chelsea Standard Hi-Lights will take on the Legion again the following Monday. The public is invited to these games. No admission charge.

## BETTER SEED TRAIN WILL VISIT CHELSEA TUESDAY, MARCH 12

Record Crowd Expected To Attend Demonstration; M. S. C. Specialists Will Be On Board Train.

Does it pay to use good seed? This question may exist in the minds of many farmers in this vicinity. In order to show that it does pay, the "Better Seed Train" will be operated over the New York Central Lines in cooperation with the Farm Crops Department of Michigan State College.

This train, which will consist of three cars of exhibits, will convey a message on the use of better seed, such as certified seed, clean seed, seed of known origin, and adaptable varieties. All kinds of seed, including both small grains and potatoes, will be included in the exhibits and specialists will be on the train to discuss and demonstrate seed cleaning, seed treating, and the use of good seed.

The itinerary of the special train has been announced which will call for a two weeks' operation beginning on March 4 and ending March 17. The schedule calls for the Chelsea demonstration on Tuesday, March 12, from 6:30 to 9:30 p. m.

The Better Seed Train is not a new venture on the part of the New York Central Lines and Michigan State College. They have conducted the demonstration at different times, and such gratifying interest has been manifested upon the occasion of the visit to the towns along the route that they consider it a worthwhile educational project. An average of 350 have been in attendance at demonstration points on some of the former tours.

Inasmuch as the schedule brings the train to Chelsea in the evening, it is expected a record crowd will be in attendance.

## Consumers Power Co. Ask For Franchise

The Consumers Power Company is in correspondence with the Sylvan township officials and expect to make an application in the near future for a franchise to furnish electricity for the use of the residents in the rural districts. The first line to be built will be on the Chelsea-Manchester road and will probably be extended to the village of Manchester.

## WEST LIMA HOME ECONOMICS CLASS MEETS

Mrs. Jacob Alber was hostess Thursday, February 7 at the meeting of West Lima Home Economics class. There were ten members and two visitors present. Following the business meeting Mrs. Walter Beutler and Mrs. Harry Prudden presented the new lesson on "Selection of Upholstery."

The March meeting will be held at the home of Mrs. Fred Kennedy. The third subject, "Making Chair Slip Covers" will be given by the class leaders at this time.

## LOCAL MEN AWAITING SENTENCE FOR THEFT OF CHEVROLET COACH

Joseph Policht and David Reed Confess To Charge Of Illegally Driving Away Automobile.

Joseph Policht and David Reed, negroes, are lodged in the county jail at Ann Arbor awaiting sentence for the theft of a Chevrolet coach belonging to Mr. Schrok, which was taken from in front of the Princess Theatre Sunday evening, February 3, while Mr. Schrok and family were attending the show.

David Reed was arrested on suspicion in Ionia Tuesday, after the robbery of an oil station in that city had been reported to police. After investigation Reed was exonerated on this charge, but upon further questioning he admitted theft of the car, which he was driving at the time of his arrest, which was identified as the one belonging to Mr. Schrok, implicating Policht in connection with the theft.

Before the arrest of Reed, young Policht had started for Chelsea, walking most of the way, arriving here Thursday morning. He was placed under arrest by Deputy Sheriff Wm. Atkinson Thursday evening and held for county authorities who took him to Ann Arbor that night. Reed was brought to Ann Arbor Friday.

The two men were taken before Justice Reading Friday, and after pleading guilty to the charge, were bound over to circuit court for sentence. The date for passing sentence has not yet been disclosed.

## Harold Gueutal Joins Chevrolet Sales Force

Harold Gueutal, one of the best known salesmen in the automotive field in this vicinity, has become associated with Sylvan Chevrolet Sales & Service, Inc., assuming his new duties Wednesday of this week.

In commenting upon the appointment of Mr. Gueutal to their sales force, Irvin Breithaupt, local manager of the Chevrolet agency, states that he considers the addition of Mr. Gueutal to their personnel a valuable asset to the organization, inasmuch as his wide acquaintance and varied experience in the automobile line should help materially in increasing the volume of their sales.

Mr. Breithaupt is very optimistic over prospects for 1929, stating that sales are increasing satisfactorily, and that the outlook for this year points to a record for Chevrolet sales.

## Local Lady Leaves For Mediterranean Cruise

Miss Mildred McDaniels left Wednesday for New York City to sail Thursday, February 14 at noon, on the S. S. Calgarie for a 68 day Mediterranean cruise. The first stop will be February 23 at Funchal, Madeira Islands.

From there the cruise will continue to Casablanca, Morocco, then to Gibraltar with several days stay in Granada and Malaga, Spain, short stops in Algiers, Tunisia, Malta, Athens and Constantinople.

There will be an eight day tour of the Holy Land, five day tours of both Egypt and Italy. Arriving in southern France March 6, the tour will include France, Belgium and England.

## JOHN MICHAEL KAERCHER

John Michael Kaercher, a life-long resident of Lima township, died suddenly Saturday afternoon at the home of his son, Edwin Kaercher.

Mr. Kaercher was born in Lima, August 30, 1844, the son of John and Barbara Kaercher. He was united in marriage to Wilhelmina Wacker, who died in 1911.

He is survived by three sons, Edwin of Lima township, Reuben of Ann Arbor, and Ottmar of Scio township, six daughters, Mrs. Robert Toney and Mrs. William G. Luick of Lima township, Mrs. Edward Gross of Saline, Mrs. Emanuel Lambarth of Lodi township, Mrs. Carl Gelenius of Ann Arbor, and Mrs. Clarence O. Bahn-miller of Chelsea, and twenty grandchildren.

Private funeral services were held at one o'clock Tuesday afternoon at the residence of his son, Edwin, in Lima township. Rev. W. G. Bodamer officiating. Interment was in Bethlehem cemetery, Ann Arbor.

## PEOPLE'S PARTY CAUCUS

The People's party of Chelsea will hold a caucus in the Sylvan town hall at 8:00 o'clock Tuesday evening, February 19, 1929, for the purpose of placing in nomination candidates for the offices of President, Clerk, Treasurer, three Trustees, Assessor and for the transaction of such other business as may properly come before the caucus.

#### TIME

"If time be of all things most precious, wasting time must be the greatest prodigality, since lost time is never found again; and what we call time enough always proves little enough. Let us then be up and doing, and doing to a purpose; so by diligence shall we do more with less perplexity."—Benjamin Franklin.

#### SAFETY MEANS SAVING

These two words are really the same word. Safety from accidents means putting more money in the bank and not having to draw any of it out to pay the doctor. Along with the habit of safety in one's work goes the habit of caution and good judgment in all one's affairs—the habit of putting one's money in a safe place and watching it grow, rather than risk it on a wild-cat speculation, in which the only man who makes anything is the glib promoter.

It is the legitimate and proper ambition of every American to earn a comfortable living, have a steady job, enjoy a happy, healthy family life, and make some provision for his old age. Every one of these things is more likely to come to the man who accepts the principles of safety and who practices safety every day and hour of his life.

#### THE TENANT FARMER

Michigan has many abandoned farms. Especially is this true in certain sections of the state, where a journey over side roads will reveal hundreds of empty farm homes.

Most of these farms could be secured for a nominal rental. Most of them could be made to pay good returns on a tenant basis. Most of them could be made to provide more prosperity and more happiness than the average factory job in the city where work is seasonal and living expenses high.

We believe there is a slow but sure returning to farm prosperity. Here in Michigan, with so many large industrial markets at our very doors, farming—even by the tenant farmer—should prove a profitable venture during the next ten years.

The tenant farmer is assured year-around returns, provided he applies a little plain, everyday intelligence to the problems that confront him. During the months when fields lie barren and unproductive, cows and pigs and chickens can be made to provide a steady income.

We need the tenant farmer back on Michigan's abandoned farms. We need his presence and the presence of his family in the neighborhood life of our rural sections. We need his help in the work of reopening country churches, in the rehabilitation of our rural schools.

Out in the country there is work, good, clean, healthy work for him to do. Out there where the fields—and the morning skies hold communion there is health and happiness for him and his loved ones.

#### STATE BUILT HOMES

A measure has been introduced in the present session of the legislature which, if enacted into law, would provide for the creation of loan districts, "with power to raise moneys on the credit of the districts and advance said moneys to local non-profit, state supervised housing associations on such terms as the legislature may direct."

We are not so certain that the state is ready at this time to enter into this kind of a paternal agreement. Most assuredly not until a thorough investigation of its feasibility has been made, as the proposed legislation entails an amendment to the state constitution which, as now written, prohibits the raising of money by taxation for such purpose.

Everybody wants to encourage more home-owning. The average home owner makes a better worker, a better citizen who is more interested in the affairs of government than the man who has no financial responsibility and is content to drift from place to place.

Owning of homes by families having small incomes is a splendid thing for society, and should have the encouragement of every citizen who delights in social and industrial progress. But if this state building of homes has been devised to allow an orgy of home building in the industrial centers of the state by associations formed to unload second mortgages onto the already over-burdened taxpayer through legislative enactment, then we should approach the matter with a great deal of caution.

#### HINTS FOR LEGISLATORS

The legislature has entered the second month of its deliberations with a record of having used enough hot air to keep eleven of the largest counties in the upper peninsula at summer temperature, with enough left over to heat Detroit and Grand Rapids.

Up until the present time it has been word-word-words, with nothing much in the way of legislation, which after all may not be a calamity. Michigan now has about all the laws of which any state should stand pos-

essed, and with a few to helping out the legislators we might say the state at this time is not in need of legislation which—

Regulates the house canary birds may sing;

Regulates the hours between darkness and dawn when fish worms may be taken with spears;

Makes it a felony for men to wear red bathing suits on any highway in the state;

Makes it a misdemeanor for a husband to sass his mother-in-law, or wife ditto;

Makes it a felony to scent handkerchiefs with pre-war bourbon;

Makes it a misdemeanor to hit the man with a wrench who greets you with a slap between the shoulder blades;

Makes it a felony for women to talk about their operations at a bridge game;

Makes it lese-majesty for a news-

paper to poke fun at dam-phool legislation.

And lastly, 10,000 new laws will be about enough for this session.

And don't forget that the majority of the folks are pleased when the session begins, and are delighted when it adjourns sine die.

#### Wait and See

"If hear you are not going to marry Mr. Newcomer after all. Why is that?" "Oh, father thinks his position isn't good enough and mother thinks he is too old for me. My nuns think he is too good-looking to make a satisfactory husband, and my Uncle Jim says he has heard rumors about him. My cousins tell me he is a flirt and I—"

"Yes, and you—what do you think about it all?"

"Oh, I think I ought to wait until he asks me."

### The GREATER HUDSON

### and Motordom calls for LARGEST HUDSON output of all time

Already in response to the public's demand, production of the Greater Hudson has been increased, and then increased again — by far the largest schedule Hudson ever found necessary.

In their own words, by their marked and recorded ballots, motorists by tens of thousands are telling us the Greater Hudson is truly the greatest of all time.

Voting in every Hudson salesroom in the country, these enthusiastic multitudes have piled up the most convincing endorsement in Hudson history. Perhaps even more important, they have bought these beautiful new Hudsons in such numbers that we must make thousands more of them to insure prompt delivery.

### Hugo's Super-Picture Coming To Princess

The third great Victor Hugo classic to reach the screen, the Universal Super-production, "The Man Who Laughs," is to be shown at the Princess Theatre, Tuesday, Wednesday and Thursday, February 19, 20 and 21. Remembering the screen popularity of the two previous Hugo-Universal masterpieces, "Les Miserables" and "The Hunchback of Notre Dame," Managers Geddes & Weber of the Princess left no stone unturned in their efforts to secure "The Man Who Laughs" for showing here at the first available opportunity. They promise a film sensation.

"The Man Who Laughs" surpasses the previous Hugo-Universal films in magnificence of setting, dramatic intensity and heart-grIPPING qualities. The story of the mutilated mountebank's life-long devotion to the beautiful blind Dea is as human as the background is lavishly worldly. Paul Leni, the director, is said to have showered a wealth of detail in his reproductions of the England of Queen Anne's reign. The replicas of the Court, Parliament, the Duchess Jossiana's boudoir, Southwark Fair, London's street scenes, and other colorful settings, are promised as elaborate and faithful.

Against this rich background, a distinguished cast contributes some of the finest acting that has yet reached the screen. Conrad Veidt and Mary Philbin play the roles of Gwynplaine and Dea, while in the supporting cast are Olga Baclanova, Brandon Hurst, George Siegmann, Sam De Grasse, Stuart Holmes and Cesare Gravina.

One of the most remarkable features of "The Man Who Laughs" is the excellent work of the principal characters in expressing the most severe and also the tender emotions, despite the unusual limitations of their roles. Conrad Veidt registers pain, despair, joy and love by means of his eyes and the muscles of the upper part of his face. His mouth is a grinning mockery. Mary Philbin conveys the blind Dea's tragic need in spite of blank, unseeing eyes. Brandon Hurst portrays the craftiness and sly humor of the court jester from behind a network of wrinkles and a mask of sheer ugliness. Olga Baclanova, however, exerts her seductive charm unhampered by anything more substantial than powdered ringlets and some of the most alluring costumes that have ever graced a picture.

John Schieferstein received a letter a few days ago from Ed Weiss informing him that he paid a visit recently to an uncle of Mr. Schieferstein, who resides on the family homestead in Germany, and that the members of the family are in good health.  
John Simmons was taken into custody last Thursday evening by Deputy Sheriff Wm. Atkinson, charged with being drunk and disorderly. He was taken to Ann Arbor, where he pleaded guilty to the charge before Justice Reading Friday morning. He was fined \$50 and costs and placed on probation for two years.  
Mrs. George P. Staffan and son G. L., accompanied by Mrs. Ella McNamara and son Guy, of Detroit, and Mr. and Mrs. F. W. Staffan of Ann Arbor, attended the funeral of Jennie Dancer Sunday afternoon in Stockbridge. The deceased was a son of W. J. Dancer, a former Chelsea resident.

The final score was Chelsea 23, Milan 18.  
In a very close game played in Milan last Friday evening, the Chelsea High girls took their second defeat of the season. During the first part of the game the Chelsea girls were leading, but due to the fact that one of the "regulars" was off duty, the team couldn't get up to perfect form.  
Tuesday evening on the local floor the Reserves easily took the game from Michigan Center. The first string men piled up 13 points and then Coach Dagwell sent in his subs. Six more points were added before the half. The score was 19-8, Chelsea, at the half.  
In the second half Michigan Center scored 1 basket and 2 free throws. The Reserves scored 5 baskets. The boys played a fine game and earned every point. The final score was 29-12, Chelsea.  
The Purple and Gold warriors again showed the spectators a fine brand of ball when they trimmed Michigan Center Tuesday night. They got a perfect start and the score at the half was 8-1, Chelsea.  
However, in the second half the scoring increased and the game became more interesting. The local boys piled up 11 more points and Michigan Center folded in 9.  
The boys were fighting hard and came through victorious. The final score was 19-10.  
Friday night the boys play the Ann Arbor Reserves. This promises to be a fast game because the high school have two defeats of last year to avenge.  
In honor of Lincoln's birthday, assembly was held Tuesday morning at the regular chapel hour. The period

Matt and Carl Swickard, Sunday.  
Ervin Spiegelberg, who has resided on the M. B. Jones farm in Lima for the past two years, will move March first to the Henry Esch farm in Freedom.  
Lloyd Lantis is announcing an auction sale which will be held Thursday, February 21. Mr. and Mrs. Lantis expect to move to Chelsea in the near future.  
John Kalmbach made a business trip to Detroit on Monday.

was opened with several songs by the student body. This time, instead of getting outsiders to provide the entertainment, the material was furnished from the students.  
First, the high school orchestra rendered two selections. The story of Abraham Lincoln's life was given by Janette Naekel, and Dorothea Steiner. The well-known poem "Captain, My Captain," was rendered by Frederic Steiner. The group again sang a selection, closing the hour.

EYESIGHT

Eye Strain

Many people engaged in tasks requiring constant use of the eyes on "near" work find considerable difference between their vision in the morning and midafternoon.

The reason for this is eye-strain resulting from the constant involuntary muscular effort of the eyes to focus at a near point.

Even normal eyes are benefited by wearing glasses which help to relieve this strain while those having defective vision should have special spectacles for this particular purpose.

If you will call at our office, we will gladly discuss your eye needs with you.

In The Realm Of  
C. H. S. Basket Ball

The Chelsea boys traveled to Milan last Friday night and brought home another victory. The boys fought hard the whole game and kept the lead through all four quarters. Milan fought hard but was lacking in basket shooting skill. They scored five field goals and 8 free throws to 9 field goals and 5 free throws for Chelsea. The score at the half was 12-9, Chelsea.

In the second half both teams played fine basket ball. The game was close and hard fought, but the Purple and Gold warriors came through on the long end of the score.

## Records Eclipsed For Farmers' Week

All Farmers' Week attendance records were eclipsed by the crowds which thronged the Michigan State College campus, February 4 to 9, for the annual rural conference.

The Thursday night feature program at the new armory was attended by more than 5,000 people, and the same evening, 900 guests were served at the State Farm Bureau banquet. The new armory, supposed to care for the crowds, which would come to the college for many years in the future, did not provide space enough for people, exhibits, and features on Thursday night. In the attempt to obtain positions to watch the program, the spectators wrecked a portion of the prize-winning exhibits of corn and wheat which filled the ends of the big building.

Shows, prize competitions, association meetings and the general program of the visitor's attention. The program of the week has left few people who did not get a complete picture of Michigan's farm industry as displayed during Farmers' Week.

A general spirit of optimism pervaded the meetings, and even the discomforts of standing in line for meals did not seem to lower the spirits of the record-breaking crowd.

## Methodist Home

Rev. Mr. Palmer was in Detroit Monday in attendance at the regular monthly meeting of the Board of Managers.

Mrs. George Robertson of Romeo, and her daughter Elizabeth, a student at the U. of M. called on the Home circle in the Home Saturday.

Mrs. W. H. Taylor, nee Mrs. Cecil Welch, of Trenton, called on friends here last Friday.

E. R. Rygel, who has been on the invalids list the past month, is around again. He has no further use for the flu.

Mrs. Dorothy Colegrove, daughter of Rev. and Mrs. Palmer, was made exceedingly happy Saturday by the receipt of information she had secured a contract to teach in the Jackson schools next year. She expects to be assigned either to the kindergarten or second grade rooms. The nearness to her parents will make weekly meetings possible. The Home circle all unite in giving her hearty congratulations.

Miss Nellie Hall called on her many friends in the Home last Saturday. She has many well wishes among the family.

During the absence last week of the superintendent and matron, the sickness of those of the family who usually acted as mail carriers, the Rev. P. I. Walker volunteered to supply the vacancy, and the whole family acknowledge their indebtedness for the service. It is by such acts of kindness that both he and his wife have endeared themselves to all members of the Home circle. The scribe man wishes that they long may be stationed here.

Mrs. O. Brook and H. W. Chapin of Ypsilanti visited the latter's mother, Mrs. Alice Chapin, last Saturday.

Mrs. Lillie Padewell and daughter, Alma Kappler, called Sunday on Mrs. Clara Fayram and Miss Abbie Carey. Mrs. Minnie Wilson entertained her daughter, Miss Ruth Wilson of Ypsilanti, last Sunday.

Clarence Corbett and sister, Mrs. Dasher of Ypsilanti, visited with their aunt, Mrs. Fanny Davenport, last Sunday.

Mrs. Louise MacAdams was pleased by a visit from her son and family, A. B. MacAdams of Pontiac.

The family circle includes several members who came from the church at Tecumseh. Recently the members of the Sunday school class of that church of which our members were originally connected sent a letter well expressing remembrance and well wishes. It is a pleasure to all of us to know that we are remembered by friends of long ago.

Rev. Wm. Harding and brother Arthur, of Tecumseh, called on Mr. and Mrs. George Hings and Mrs. Amelia Lewis last Saturday.

The visit of Dr. and Mrs. Palmer to Chicago in attendance on the National Methodist Hospital and Homes Association convention was an occasion of great interest. About 300 were present at the banquet served in the gold hall of the Congress hotel. Bishop Hughes and Bishop Blake each addressed the convention. Dr. G. J. Nutson of Sioux City, Iowa, was the presiding officer throughout the two days sessions. Rev. John Grant Strick of Blair, Nebraska spoke on "Our Obligation to the Aged." This address stressed the supreme wisdom of this timely venture of the church, and made us feel that the church can best take the place of the home when our aged members are left alone. In the group conferences representing the departments of hospitals, homes and convalescent work, opportunity came to compare experiences, needs and methods, after which final recommendations were presented to the entire body for the general improvement of the work.

### Decision Would Be Felt

## Twenty-four Years Ago

Thursday, February 16, 1905

L. Freeman has purchased the Bank Drug store of Glazier & Stinson and will continue the business at the corner of Main and Middle streets. The store was established in 1885 by Noyes & Glazier and since the day it was started to the present time the name of Glazier has been connected with the Bank Drug store. Mr. Freeman has sold his half interest in the grocery business to his brother and the business will be conducted by Ralph and Chauncey Freeman in the present location.

Monday morning when the residents of the village started for their places of business or to go to their work in the factories it was to face a severe wind from the southwest and the mercury from 16 to 20 below zero. The four rural mail carriers started out from the postoffice but none of them were able to cover their entire routes. The highways in all directions were blocked with snow drifts. The electric line had two of their cars snowbound within two blocks of the waiting room and it took more than a half day for the snowplow to get here and release the stalled passenger cars.

Charles Riemenschneider of Sylvan has been drawn as a juror to serve at the March term of the Washtenaw county circuit court.

Mr. and Mrs. Matt. Hatt celebrated the 50th anniversary of their marriage at their home in Francisco last Saturday. A large number of their relatives and friends gathered at the home of the couple and the day was an enjoyable one for those who were present to honor the happy couple.

August Kuehl, of Waterloo, is having timber placed on the ground for a new barn that he will have built to replace the one that was burned.

James Sweeney moved his household goods from the M. C. Updike farm in Sylvan, to the Warner farm in Dexter Township Monday.

The farmers in this vicinity report that the snow is fully two feet deep. R. B. Waltrous sold a span of matched horses to C. C. Bloomfield, of Jackson, Wednesday. The horses are to be delivered to Mr. Bloomfield April 1st upon his return from Florida.

Conrad Lehman has sold his billiard and pool tables to Detroit parties and they were shipped to that city the first of this week.

## FRANCISCO

Mrs. Mary Willy is recovering nicely from her recent illness and the burns she suffered a couple of weeks ago.

Mr. Seid is not as well as usual. It is thought he has suffered another slight stroke. His first, nearly two years ago, left him quite feeble. At present he is experiencing considerable trouble in trying to talk—his memory failing after he starts a sentence. Mr. Seid is nearly 85 years of age.

Mrs. Martha Keeler and son were in Grass Lake Monday, on business.

Mrs. Louise Siegrist of Jackson spent a day last week with her mother, Mrs. Martha Taylor.

Rev. P. H. Grabowski of Chelsea, made a ministerial call at the Home the first of the week.

Miss Lemoine Scherer was among the Grass Lake young people who attended the Grass Lake—Springport basket ball game.

The fishermen are not reporting "big" catches from the lakes in this locality of late. Only small pike have been gathered in.

Mrs. Gladys Notten has taken Mrs. Mary Willy to Chelsea a number of times lately, for dressings of her burns and for treatments for her recent illness.

Mrs. Frances Hatch and Mrs. Chloe E. Bayliss of Jackson, visited Mrs. Etta B. Frey, Monday.

Mrs. Minnie Belle has recovered from a nose infection following the flu.

Mr. and Mrs. E. B. Lambert, and Mr. and Mrs. Wilson of Flint, Mr. and Mrs. Olin McCurdy of Grass Lake, Miss Stella Bohne and Mr. Cleveland of Jackson were Sunday guests of Mr. and Mrs. Herman Bohne.

Miss Lemoine Scherer attended the birthday party in Grass Lake, given for Miss Ruby Walker.

Jess Riser has purchased the Chevrolet coach owned by Mrs. Jennie Diefendorf who, with her husband, moved to the Henry Seid farm a couple of months ago. Both Mr. and Mrs. Diefendorf are ill at the home of Charles Beebe and sister, Mrs. May Hatt, where Mrs. Hatt is caring for them.

Herbert Rank has purchased a new Tudor Ford sedan.

## AGE NO BARRIER 70-YEAR OLD MAN PRAISES KONJOLA

Two Bottles of This Master Medicine Enabled Him to Start Work Again.

MR. JOHN FLASHER

The records of Konjola, the super-medicine, fairly overflow with splendid experiences. Success is possible because Konjola goes to the very source of the ailment. Konjola aims first to root the cause, not the effect.

Take, for instance, the case of Mr. John Flasher, 502 Jackson street, Big Rapids, Michigan, who sent in the following endorsement:

"For the past few years I have suffered intense agony from rheumatism. As I am 70 years old I little thought I would ever get any relief from my pains. My legs and arms were aching and it seemed that my entire body was a solid mass of aches and pains. Because of this I was unable to work."

"I heard about Konjola and decided to give it a trial. Two bottles put me back to work and after completing the third bottle, all my aches and pains had disappeared. I was once feeble but now I am strong as ever. To all who suffer as I did I say: take Konjola."

Konjola is sold in Chelsea at Burg's drug store and by all the best druggists throughout this entire section.

## Question And Answer Dept.

**NOTICE**—If your question does not appear below, it is because it is awaiting its turn, and will be published eventually.

**Ques.**—Can you tell me how many planets there are in the solar system? Also whether or not the Moon is a planet? Are they inhabited?  
**Ans.**—There are eight planets revolving around the sun. They are as follows: Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune. Mercury is nearest the Sun, while Neptune is farthest. Unless there is a different kind of life on the other planets than that which is manifest on Earth, it is not probable that any of them are inhabited, except Mars. The heat on Mars is but slightly cooler than that which exists on Earth and therefore could sustain about the same kind of life. While there is no positive proof of life existing there, scientists are pretty well agreed that some form of life exists there. The Moon is not a planet.

**Ques.**—I am a girl seventeen years old and I believe I am considered attractive by men, but recently I had a very distressing experience. In the midst of a petting party I had with a young man I was astonished to find he had dropped off to sleep. Will you please tell me if you think he was merely tired out or whether he is tired of me? I will be pleased to see your answer soon.

**Ans.**—In the olden days when a young man was kissed by a lovely maiden the thrill he got out of it threatened to make his heart jump out of his mouth. But in this generation it seems to be no longer a novelty. No doubt you and he had indulged in the kissing exercises aptly and he was just plain sleepy.

**Ques.**—I am writing to ask you what Pope Pius XI's family name is? Also what does B. P. O. E. stand for?

**Ans.**—Pope Pius XI is Achille Ratti, born at Desio, Italy, May 31, 1857. The initials "B. P. O. E." stand for "Benevolent and Protective Order of Elks." The words "and" and "of" are eliminated when the initials only are used.

**Ques.**—Is it a fact that Massachusetts passed a law legalizing light wines and beer after the 18th amendment to the Constitution went into effect?

**Ans.**—Soon after the 18th Amendment went into effect and after the Volstead wict had become a law, the Legislature of Massachusetts passed

a bill legalizing the manufacture and sale of light wines and beer, but President Coolidge, the governor of Massachusetts at that time, vetoed the bill on the ground that it could never become effective. As there was not enough strength in the Massachusetts Legislature to pass the bill over Coolidge's veto, the bill never became a law.

**Ques.**—I would like to ask in your interesting question department if Alexander the Great was killed in battle? If so, what battle was it and in what year did it occur?

**Ans.**—Alexander the Great was not killed in battle. He died in Babylon in 323 B. C. while planning a second invasion of Arabia.  
**Ques.**—Will you be kind enough to explain how "bear" and "bull" came to be used on the stock market? I never quite understood it, and will thank you for a little information.

**Ans.**—"Bear" and "bull" were first used in London with reference to two parties having entered into a contract—one to deliver and the other to take—stock at some future time at a specified price, and in the intervening time the party to deliver sought to depress the price and the party to receive sought to raise the value. In this circumstance the former came to be called a bear in allusion to the habit of the animal to pull down with its paws and the latter a bull from the custom of that animal to throw up its horns.

**Ques.**—I have often wondered why parents in the human family were invariably called "Daddy," "Mamma," "Papa," etc. Can you tell me in your worthy question column?

**Ans.**—When a baby begins to develop the art of articulation, invariably the sound is like one of the other of these parental appellations. The parental love instinctively construed them as directed to them personally. This is true also as applied to the savages.

**Ques.**—Was John Brown executed by the Conference officials? What was the charge against him? I am told it was for treason, but how could it be treason when John Brown was a Union man?

**Ans.**—On the morning of October 17, 1859, John Brown collected a small force and captured the arsenal at Harper's Ferry, Va., with the purpose of providing the slaves with arms in a general uprising. He made the principal men of the town prisoners and then awaited the uprising of the slaves which did not materialize. Robert E. Lee, who was then a Captain in the U. S. Army, recaptured the arsenal on October 18 and took Brown prisoner. He was taken to Charles town where he was convicted by the U. S. government for treason and murder and was condemned to be hanged. This sentence was carried out on December 2, 1859. In the following Spring the Civil War broke out when the Confederates fled on Fort Sumpter.

## Asks Higher Tariff For Farm Products

An adequate tariff for the protection of the agricultural products of Michigan and other states was asked by several speakers at the Farmers' Week program at Michigan State College.

A resolution passed by the 200 sugar beet growers in session at the college asked for a tariff of \$3.50 a hundred pounds on sugar imported from Cuba.  
 The 600 delegates to the annual farm bureau meeting unanimously passed a resolution calling for adequate tariff protection against all foreign agricultural products which directly compete with American production. Sugar beets were specifically mentioned in this resolution as one crop which does not receive enough protection.

Dr. John L. Coulter, president of North Dakota Agricultural College, said, "If tariff rates were adjusted to encourage the production of those imported articles at home insofar as these articles can be produced economically and so far as the United States is adequate to the production of these items, it would require the use of nearly 20 million acres of land which are now used to produce our surplus crops or which are now idle."

G. F. Roxburg, Reed City, master of the State Grange, advocated an increase in tariff rates on agricultural products as a means of solving the present farm problems.

## Sweden In History

The place names of Sweden, many dating as far back as the Bronze age and from viking times, are now being specially studied and it is expected that much light will be thrown upon many linguistic and historical problems in other parts of Europe, as the population of Sweden has remained practically homogeneous for thousands of years. The language spoken has always been Swedish, although Swedish literature cannot be said to have existed earlier than the Thirteenth century.

## Japanese Art

One of the most famous pictures of Japan, now in the royal palace at Tokyo, is made up of four panels, three of which are blank. The fourth depicts a crow in flight just disappearing over the horizon. The painting was made at the command of a former emperor, and is considered a masterpiece, following the imaginative Japanese school of art in composition and movement. The single crow represents the last of a flock flying in a direction away from the center of the picture.

## OUR NEIGHBORS

Saline—An effort is to be made to organize a Rotary club in Saline this Thursday evening, at the Tavern, at 6:30. The governor of the state organization will be present, and it is hoped that a representative of each firm or business of town will be present. Of course, one of the rules of the society is that but one member of a firm, professional or organization can be a member, but that will not bar many here.—Observer.

Fowlerville—James Graham of Terrace, British Columbia, visited at the George Allen home Wednesday of last week. Mr. Graham had not seen his people for 45 years. He is a brother of Mrs. T. B. Fear, Jacob Graham of Williamston, Arthur Graham of Bell Oak, and Mrs. Eliza Daniels of Pentecost, Lenawee county. The youngest of the five is 74 years old and the oldest 84. Their combined ages are 396 years.—Review.

South Lyon—Given the privilege by W. J. Warby in flooding the lot back of his garage for a skating rink, the young folk of town have been carrying out the effort only to find that the snow does not hold. They have given up the attempt.—Herald.

Ann Arbor—Webster Pearce, state superintendent of public instruction, with headquarters in Lansing, will be the principal speaker at the annual meeting of the County School Officers and Patrons' association on Friday, February 22. The sessions will take place at the court house.

Brighton—It is claimed that English Starlings are appearing in this section. They are about the size of our common blackbird, but have a much plumper body and long formidable beaks. They exterminate some of our best birds and are all around pests like the English sparrow.—Argus.

Ann Arbor—Acceptance of the architect's plans and the appointment of a committee to confer with the designer mark another step in the project launched by the Labor Temple association, which will culminate in the erection of a structure to be used for headquarters for organized labor of Ann Arbor.

Tecumseh—Tecumseh may have a new lighting rate to go into effect March 1, for five years. The schedule offered by the Lenawee Light & Power Co. provides: For a charge of five cents per kilowatt hour for the first 50 kilowatt hours; three cents for the next 150 and two and one-half cents for all in excess of 200, plus a delivery charge of \$1 per meter, per month.

per month. The rates are new and are subject to an additional charge of 10 per cent if bills are not paid within 10 days after their date.

Manchester—President Waters is trying to keep a close tab on the project of paving M-11 from Napoleon to Saline, the coming season. A letter recently received says that at least part of it may be finished, but evidently no promises are being made until the legislature fixes a way for the expenses to be paid.—Enterprise.

Saline—Arthur J. Lutz, Saline, is the 1928 champion corn grower of Michigan by virtue of producing a crop which yielded 112 bushels of shelled corn to the acre in the 5 acre corn growing contest conducted by the farm crops department of Michigan State College, in which the winners were announced Farmers Week.

Dexter—Mr. and Mrs. Chas. A. Jewell arrived home Tuesday from an auto trip to Florida. Mr. and Mrs. Jewell spent a few days in St. Petersburg and called on Mr. and Mrs. G. S. Francisco, who are spending the winter there.—Leader.

Pineknob—Sheriff Wimbles has notified L. C. Rogers that James Frickie wanted for robbing the Rogers home here last summer is now lodged in the Howell jail. He was arrested at Elk Rapids some time ago for passing worthless checks. Later this charge was dropped and he was turned over to Livingston county officers. He is a dope fiend and is now out of his head from being deprived of it. Just what disposition will be made of his case is not known.—Dispatch.

Howell—Several years ago there was considerable talk concerning a paved highway which was to run from Saginaw to the Dixie Highway. Several routes were considered and one of these was the road running from Howell to Ann Arbor via Pineknob and Dexter. The project was allowed to languish but has come to the front again. Rep. Lynn Gardner is working hard to the end that Howell-Pineknob route be the one selected. The state has already taken over that part of the route, extending from Dexter to Ann Arbor and is preparing to pave it.

Milan—E. W. Mackey, superintendent of the Milan school has been retained for the coming year, according to information given out early this week by members of the school board. Mr. Mackey is completing his third year in Milan this year and has been very successful in the administration of the affairs of the local school.—Leader.

The Happy Miserable

Joys of Self-Sacrifice

"Husbands should share the housework with their wives," says a woman's paper. We despise those selfish husbands who want to leave all the housework to their wives.—Aitchison Globe.

ELVIRA CLARK-VISEL

**'Round Home**

by CHAS. S. KINNISON

**Anchored Down**

A home in which no children are  
Is like a sky without a star,  
Or so it seems to me.  
But, I suppose, the man and wife  
Who live, by choice, a childless life,  
Rejoice to be so "free."

"No kids for us," they likely say,  
"To have to watch through night and  
day."

No, Boy—they're too much "fuss!"  
And furthermore, it costs too much  
To buy their clothes and food and such—  
No, SIR—no kids for us!

"We like to roam about the town—  
But kids, of course, would hold us down,  
Like chains around our feet.  
YOU raise the kids—WE'LL have the  
fun!"  
YOU stay at home from sun to sun—  
WE'LL live the life that's sweet!"

But, oh, the joys of life they miss,  
Who do not know the baby's kiss,  
And smiling, sparkling eyes!  
And oh, how empty life will grow,  
As down the years they slowly go,  
And Youth behind them lies!

WE'RE anchored down, I must confess,  
But anchored, though, with Happiness,  
And all that makes life fine!  
Ann Arbor live the life that's fancy-free,  
But a child—but as for me,  
I'll keep the kids for MINE!
