## MICHIGAN DEMOCRATIC LANDSLIDE; COUNTY REPUBLICANS ELECTED

Although Washtenaw county elec-  
tors gave all state and national Re-  
publican candidates majorities Tues-  
day, the balloting in state senatorial  
and congressional races in this area  
was marked by the victory of a Demo-  
cratic candidate over a Republican  
congressman and the victory of a Re-  
publican over a Democrat in the race  
for a seat in the state senate.

Earl C. Michener, Adrian, Republi-  
can congressman of seven terms ex-  
perience, meat defeat at the hands of  
John C. Lehr of Monroe.

Republican candidates for county  
office proved the exception to the gen-  
eral rule of Democratic domination  
throughout the state in Tuesday's elec-  
tion, and elected the entire Republi-  
can ticket, except Claramon L. Pray  
for county clerk. As we go to press  
the latest returns show Harry H. At-  
well leads by a small majority.

## The East Lima Extension Group

A very enjoyable afternoon meeting  
of the East Lima Group was held at  
the home of Mrs. Geo. Savary, Nov.  
3rd. There were 10 old members and  
one new member present.

Mrs. Leigh Beach gave a very inter-  
esting talk on colors, what they are  
made of and how to combine them to  
the best advantage.

Each member was requested to wear  
a house dress on which the leaders  
and other ladies made suggestions as  
to whether the color and style were  
correct for her coloring or not.

Mrs. Charles Finkbeiner of Chelsea  
invited the group and their families  
to her home the evening of Dec. 3rd  
for the annual Christmas party. Each  
one present is to bring a 10-cent gift  
for the grab bag.

quired to bring for the January meet-  
ing is: The picture of a kimono sleeve  
type house dress pattern for herself,  
sample of material for dress, yard  
stick, tape line, 3 1/2 yards wrapping  
paper, at least 18 inches wide, note-  
book, pencil and scissors.

## THE AMERICAN LEGION COMPLETE PROGRAM FOR ARMISTICE DAY

With plans practically completed  
for the big event, it is the wish of  
the Chelsea American Legion that all  
dates for Friday, Nov. 11, be re-  
served for the public for a real Armis-  
tice Day celebration to be held in our  
home town!

At 1:30 p. m., sharp, the parade will  
start from the intersection of East  
and Park streets, headed by the high  
school band under the direction of W.  
Smith. The route of march will be  
Park to Garfield, south to Summit,  
east to Main, north to flag pole where  
the parade will be halted one minute,  
the flag lowered to half-mast and a  
salute fired for the departed com-  
rades. The parade will then proceed  
east to high school and disband.

The streets bounding the high  
school will be the area of concentra-  
tion. Floats are requested to face east  
on Harrison street, south on Madison  
and west on Park. A prize of five  
dollars will be given for the best com-  
mercial float, as determined by the  
judges, \$2.50 for second, and \$2.00 for  
the best private float. The judges are  
P. Schaible, Mrs. J. Cummings, H. D.  
Witherell, Mrs. E. Weber and Mr. Fern.

While private floats have not been  
solicited by the committee, individuals  
are urged to compete. It will be worth  
two dollars to you if you can show  
the judges.

Following the parade there will be  
a football game between the Manches-  
ter and Chelsea High Schools at  
Holmes' Field. This will give lovers  
of football a chance to see a fine game  
as rivalry between these two adjoin-  
ing towns is always keen.

At five p. m. the Legion, assisted by  
their ladies, will serve a delicious  
roast-beef and salmon-lobster supper with  
appropriate trimmings at the gym-  
nasium. The Chelsea Milling Compa-  
ny donated 22 sacks of cake and biscuit  
flour and other favors as door prizes.  
These prizes will be awarded by the  
committee.

The nominal price of 50 cents will  
obtain the supper. Tickets for chil-  
dren under 12 years can be secured at  
the door for 25 cents.

As a grand finale, after the banquet  
tables have been cleared away, an  
eight-piece orchestra, the famous  
Cates American Legion orchestra of  
R. F. Smith, Park St., 29 of Jackson,  
Mich., will render a program of mod-  
ern, ultra modern or old time dances  
as may be desired.

In providing this 8-piece orchestra it  
has been the desire of the Legion to  
give the patrons of the dance value  
received and to set high standard of  
entertainment, rather than to make  
money for themselves.

The prices are 50 cents for gentle-  
men and 25 cents for ladies.  
1918—Nov. 11—1932  
The tumult and the shouting dies—  
The Captains and the Kings de-  
part—  
Still stands Thine ancient sacrifice,  
A humble and a contrite heart.  
Lord God of Hosts, be with us yet,  
Lest we forget—lest we forget.  
—Kipling.

## TO STRAIGHTEN BRIDGE

L. D. Townsend, engineer-manager  
for the county road commission, re-  
ports that one of the projects that will  
be done in the very near future is to  
widen and straighten the bridge on  
the Chelsea-Dexter road near the cem-  
etary plant. Several accidents have  
occurred at this place and the people  
of Chelsea and vicinity will be glad  
to know that this road hazard will  
soon be removed.

## ENTERTAINS TACHEZ

The Tachez club was entertained at  
the home of Mrs. Agnes Hummel on  
Monday evening. Four tables of five  
hundred were in play. Honors were  
awarded to Mrs. Celia Sullivan and  
Mrs. Loretta Doll. Dainty refresh-  
ments were served.

## HUNTERS SHOULD BE CAREFUL

About two weeks ago, Charles  
Young of Sylvan township discovered  
that one of his horses had been shot,  
apparently by hunters. Buckshot was  
found in one leg and under the chin.  
The horse is improving but will not  
be of much use. It is not known just  
when the horse was shot.

## U. K. CLUB MEETS

Mrs. Charles Mohrlock entertained  
the U. K. club at her home on South  
Main street on Wednesday afternoon.  
Two tables of euchre were in play and  
honors were awarded to Mrs. Albert  
Nicola and Mrs. J. P. Cook. Lunch  
was served.

## PICK STRAWBERRIES HERE

Mr. and Mrs. Clarence Ulrich are  
enjoying freshly picked strawberries  
from their garden on East street.  
They recently picked three quarts  
which were the equal of any berries  
picked in June.

Changing tires is also dangerous

## WEEKLY NEWS BULLETIN

Frank D. Fitzgerald  
Secretary of State

Lansing, Mich., Nov. 2.—Voters on November 8 will receive the largest ballot in the history of the state. So large is the ballot that two sheets of paper, both nearly the size of a newspaper page will be handed each voter who enters the voting booth.

The general election will contain the names of the candidates of the 10 parties which have entered in the state campaign. These parties are the republican, democrat, socialist, prohibition, American, socialist labor, communist, proletarian, liberty and farmer labor. They will appear on the ballot in the order named.

This order is determined by the

secretary of state, first place being given to the party, by law, whose candidate for secretary of state receives the largest vote at the last election. If the party's candidate for that office received no vote at the last election, then the department of state is given authority to designate the place where the party will appear on the ballot.

Only the republican and democratic parties have complete tickets. The American party has no candidates for any office except in Wayne county. Two parties, the American and proletarian have not named candidates for president or vice president. The communist, proletarian, liberty and American parties are new to Michigan, these names never having appeared on ballots in the state before.

The eight governmental questions and referendums will require a ballot 45 inches in length. In order to make the huge sheet easier to handle, many counties have printed the referendum ballot in two columns. This is the first time in Michigan's history that this has been done.

Lansing, Mich., Nov. 2.—The last desk occupied by Major Albert Dunham during the 38 years he had been employed in the department of state, is draped with an American flag and mourning crepe.

Employees of the department also are continuing their custom of placing a vase of flowers on the major's desk as they did during the years he acted as the department's executive clerk and keeper of the Great Seal of Michigan.

Major Dunham's death at the age of 87 followed the first day that he had been absent from his duties because of illness during his entire term of service to the state. Never before, department records show, was he absent from work because of illness. He was unable to report for work after being stricken early one morning but later in the day sent word to Secretary of State Frank D. Fitzgerald.

that he would "be on hand in the morning."

Major Dunham's other two interests in life were the Grand Army of the Republic and the Soldiers' Home in Grand Rapids of which he was a trustee following his appointment early in 1931.

Lansing, Mich., Nov. 9.—Michigan elected a governor Nov. 8 for the 50th time in its history, a state, according to archives of the Department of State.

But although Michigan has been a sovereign member of the United States for less than 100 years, records show that the territory comprising the state has been under the executive direction of a governor for 329 years. The first governor on record was M. Chauvin, commander de Chastres and M. de Monts. His was a military control starting in 1603. He was the first of 25 French-Canadian governors whose regime lasted until 1760 when British-Canadian forces took control.

The British control of Michigan saw eight different men placed in charge of the territory, and during the end of the British regime Michigan also was claimed by the United States and was declared to be under the Governor of the Northwest territory. John Graves Simcoe, appointed in 1792 was the last British executive while archives show that General Arthur St. Clair as governor of the Northwest Territory took the reins of government from 1787 to 1800. In that year, Michigan became a part of the Indiana territory under General William Henry Harrison as governor.

Five years later Michigan became a separate territory and General William Hull took office as the first Michigan territorial governor on March 1, 1805. During the period to November 3, 1835, eight governors and acting governors controlled the territory. There is some conflict as to the exact date on which Michigan became a state. Stevens Thompson Mason was inaugurated as first governor of Michigan on November 3, 1835. But the act of Congress admitting Michigan to statehood was not approved by the President until January 26, 1837.

Lieutenant governors, secretaries of state, state treasurers, auditors, general attorneys general and superintendents of public instruction were appointed until 1850 when these offices became elective positions. The office of state land commissioner was listed as a state official and continued as an elective branch of the state government from 1851 to 1914.

The first highway commissioner was appointed in 1905. In 1913 this office was changed so that the highway commissioner was elected.

The state records show that since Governor Robert McClelland resigned in March 1853 to become Secretary of the Interior of the United States, every governor has served out the terms for which they were elected. Twice before that time, two other governors resigned to take seats in the United States senate to which they had been elected.

## FRANCISCO

When Charles Kalmbach returned from Chelsea Saturday evening he found his home invaded by his neighbors and friends who had come, in his absence, to do him honor on his birthday and to extend felicitations. ## METHODIST HOME

Mrs. Carrie Gowing, who spends her spare time redecorating and finishing cards to send to the Sunday school children in far away Burma, says she cannot get hold of sufficient number of cards for her uses and asks friends of the cause to send her their used birthday, holiday, picture and miscellaneous cards. No matter if they have been used and have writing on them, she can make them suitable. She asks for a generous supply as the holidays are coming on. Some child will enjoy them.

Dr. W. J. Palmer, Pierce Holt and John Lowe were in attendance at the mammoth temperance rally Saturday of the allied youth gathering in Lansing.

The 20 radios in the Home have been kept busy the past fortnight listening to political addresses. The old folks have not lost their interest in politics. They all show the habit of comparing these days to "days of yore." They have been trying to decide which days are the best, but at the present time no decision has been reached.

Mrs. Harvey Alger of Napoleon was a caller on Mrs. Margaret Bliss, Sunday.

Mrs. Edna Cooper of Munnich was a caller on friends in the Home Saturday. She is a cousin of the late Mrs. Ella Baldwin.

Mrs. Franklin Sanford and Mrs. Elvira Green enjoyed a visit from Mrs. George Gorden of Ann Arbor Wednesday.

Mrs. Mary Howe entertained on Friday her niece, Mrs. Shoemaker and daughter, Betty June, and Harry Cowell and son, Henry, all of Detroit.

Mrs. Sarah Griffith of Howell spent Thursday with Mrs. Dora Davis.

Mrs. Ione Gorton has been confined to her room the past few days.

Sunday afternoon a company of young people from the Manchester and Napoleon churches visited the Home and an interesting program and services were held in the auditorium. They were accompanied by their pastor and wife, Rev. and Mrs. W. A. Johnson.

Saturday afternoon Miss Emma Leeman enjoyed a visit from her brother's wife, Mrs. J. C. Leeman and granddaughter of Sharon.

Mrs. Gerardin of Detroit is expected this week to join the family circle. The Young Peoples society of the Methodist church in Northville are expected here Sunday afternoon. They will have charge of services in the auditorium at 8:00 o'clock.

## What Is

## ATHLETE'S FOOT

Over 30 Million Americans Now Have It—Is This Dreaded Disease Becoming a Plague?

Athlete's Foot is a fungus germ which appears on the feet in the form of a little yellow blister, causing severe irritation and itching, especially between the toes. This disease is very contagious and is spreading with alarming rapidity among all classes of people. The future of the athlete's foot is a matter of concern to the public, as it has been due largely to the fact that these germs subsist in the pores of the shoes. Salves and liquids applied only to the feet DO NOT PREVENT THEM FROM THE PORES OF THE SHOES. Medical Science has recently de-

## Question And Answer Dept.

Que.—When were matches first invented?

Ans.—The first friction match was invented in 1827 by John Walker, a druggist living at Stockton-on-Tees in Durham, England. His matches were made of a compound of chlorate of potash and sugar mixed with powdered gum arabic to make it adhesive when applied to a splinter of wood. They were ignited by drawing them rapidly and under considerable pressure through a piece of folded sandpaper. Such matches first appeared on the market in London under the name lucifers.

Que.—I wish to ask in your question department what the salary is of the Mayor of New York?

Ans.—At present the salary of the Mayor of New York City is \$15,000 a year. Recently, the new Mayor, Joseph McKee, voluntarily cut his own salary from \$35,000 a year to \$15,000.

Que.—Can you tell me what the "Postpile" are, I see mentioned in some of the popular magazines?

Ans.—The Devil's Postpile, located in Madera county, California, is one of the most remarkable geological formations on the North American continent. It is a spectacular mass of basalt columns, resembling an immense pile of posts and ranking among natural wonders with the Giant's Causeway on the northern coast of Ireland. In 1911, President Taft, recognizing it as a unique example of columnar basalt, set aside the Devil's Postpile and 800 acres of land as a national monument. Although the entire mass is more than a mile in length, about half a mile in width and four hundred feet in height, only in places are the columns distinguishable to the observer. A portion in the center forms a magnificent tower of long, dark and glistening prisms that have been the wonder of scientists for generations. The columns are not uniform in size throughout, ranging from 14 inches to three feet in diameter. Some of them are eight-sided, others seven, while the majority are hexagonal.

Que.—To settle an argument will you please answer if earthworms grow to be longer than 12 inches?

Ans.—An earthworm native to southeastern Australia, attains extreme lengths of 10 or 12 feet and diameters of three-fourths of an inch, although the average specimen is only three or four feet long. It belongs to the same animal as our common earthworms. The progress of these gigantic worms through the soil is attended by gurgling and sucking sounds clearly audible to persons walking on the surface. Their eggs resemble large olives. Related species which attain a length of several feet are found in parts of South America, Java and other parts of the world.

Que.—Will you kindly answer in your question column which was the first state to adopt prohibition?

Ans.—Maine led all other states in the Union as a pioneer in the regulation of the liquor business and in 1846 she adopted what may be regarded as the first prohibition law in the United States. This act drastically restricted the sale of liquors, but it proved inadequate and a new and stricter law was passed in 1851.

Que.—I am curious to know why hunters are termed "Nimrods." Will you please answer soon?

Ans.—Hunters are called Nimrods from Genesis 10:9 where Ham's grandson Nimrod, is referred to as "a mighty hunter before the Lord." The preceding verse says that Nimrod "began to be a mighty one in the earth," a passage which John Skinner, the Bible commentator, interpreted as "the originator of the idea of the military state, based on arbitrary force." In the context it is stated that "the beginning of his kingdom was Babel," which was Babylon, and in Genesis 10:10 "the land of Nimrod" is mentioned as being in the "entrances" of Assyria. Although these references to Nimrod are undoubtedly derived from some ancient Babylonian saga, and many attempts have been made to identify him with various historical or legendary personages known through other sources, no equivalent of the name has ever been found on any of the cuneiform records excavated in Assyria. Bible scholars are not agreed as to just what is meant by Nimrod's being "a mighty hunter before the Lord." Some commentators accept this description in the literal sense of one who hunts animals, because many of the ancient Assyrian kings were noted for their prowess in the chase of wild beasts. But "gibbor," the Hebrew word translated hunter in the Scriptures, also means hero, and therefore some authorities interpret the phrase as signifying simply that Nimrod was a great warrior. At any rate, Nimrod has become the romantic name for any hunter.

Que.—I would like to know if Mr. Roosevelt, presidential candidate on the democratic ticket, is a millionaire. Please answer in your question and answer department as soon as possible.

Ans.—We cannot answer this question. However, Mr. Roosevelt is reputed to be a wealthy man.

## \$34,000,000 Reduction in Michigan Tax Levies

A reduction in the Michigan property tax levies for 1932-1933 of over 18 per cent is indicated by reports covering 128 millions or over 50 per cent of the total levy, as received and tabulated by the Economy League of Michigan.

This reduction in the tax burden was accomplished at the recent annual meetings of the various county boards of supervisors. It compares with a decrease of nearly five per cent in the previous fiscal year.

Combining the League's estimate with the official records of the State Tax Commission results in the following table:

Michigan Tax Levies State and Local Fiscal Years	
1929-30	\$284 Millions
1930-31	266 Millions
1931-32	254 Millions
1932-33	220 Millions

This new trend in the burdens of property owners which vitally affect every resident of the state, including all business and employment, is the direct result of (1) the reduction in the state tax, (2) the state's return of automobile taxes to displace county and local road taxes and assessments, (3) reduction in number and compensation of public employees, (4) elimination of various tax-supported activities, (5) improved methods in caring for the indigent and dispensing aid to the unemployed, (6) wider application of the rule that every dollar from taxation should be justified by public necessity, (7) growth in number and influence of the organizations devoted solely to the aim of economy and efficiency in public service, leading to further reductions in the cost of all government, including Federal, State and local.

Conditions which affect the various local totals from year to year and also impair inter-county comparisons, include the operation of revolving funds, past or present use of surplus and trust funds, emergency loans for welfare activities and other credit operations, tax delinquency varying from four to perhaps 40 per cent as between counties.

Counties now reported in sufficient detail for preliminary computation of percentage of reduction in 1932-1933 levies are: St. Clair, 41; Iron and Barren, 36; Tuscola, 33; Jackson, 32; Muskegon and Calhoun, 31; Lenawee, 30; Houghton, 27; Delta, Manistee, Cass, Marquette and Mason, 26; Kalamazoo and Washtenaw, 24; Lapeer and Macomb, 23; Gogebic, 21; Hillsdale and Ionia, 20; Ottawa, 17; Allegan, 15; Clinton and Gratiot, 14; Dickinson, 13; Wayne, 6.

Tax rates being determined by the two factors of levies and assessed values, it should be noted that the latter have also been reduced very materially.

## Downey Starring In "Mother's Boy" Scores With Fans

The popular Irish tenor, Morris Downey, heralded in musical circles as another John McCormack, will be seen in a new role at the Princess Theatre, Sunday, where he heads the cast in "Mother's Boy," a drama of song, love and tears.

"Mother's Boy" lives up to its interesting title and its famous star, Downey acts and sings, walking away with honors in every bit of action of which he is a part. The story deals with the fortunes of the O'Day family on the lower East Side of New York. The cast is made up of prominent players, such as Osgood Perkins, Barbara Bennett, wife of Downey, Lora Baker, Robert T. Doyle, Brian Donlevy, and others. The picture, which has been elaborately produced, was directed by Bradley Barker.

## SIXTY DISASTERS IN 1932 ADD TO NATION'S DISTRESS

## Red Cross Spends \$2,760,000 To Help Victims of Catastrophes.

In a year of great misfortune and by economic depression, in which the American Red Cross assumed the burdens of relief for the unemployed, the organization also responded to emergency needs in 60 disasters in the United States and its insular possessions.

During the twelve months ending June 30, 1932, the Red Cross gave aid to 75,000 families totalling 338,000 individuals, with expenditures of \$2,760,786. These people were in distress because of drought, flood, forest fire, tornado, snowstorm, mine explosion, or other similar great disaster.

Prolonged drought caused the Red Cross to go with help to 58,000 families in the northwest. Here in 14 counties in North and South Dakota, Montana, Nebraska, Washington and Iowa the Red Cross spent \$1,980,000 from its own treasury to feed and protect people through the winter and spring.

Other grave disasters were floods in southern states, where the organization spent \$192,000 from its treasury and \$66,000 local contributions to help 13,000 persons.

More than 50,000 people were homeless from floods in tributaries of the Mississippi river and again the Red Cross faced a long relief task, aided these people. The national organization gave \$108,000 and local contributions were \$10,000.

The Red Cross always maintains a state of readiness to meet these sudden emergencies, and funds and other essentials to this work are supplied in part by the annual roll call, each year from Armistice Day to Thanksgiving Day. Every citizen can support this worthy activity through joining as a member in the local Red Cross chapter.

THE PERFECT CAVALIER

He eats salad.

He does not wear his hat at all.

He does not walk off with all the matches.

He has never seen any of the plays you haven't.

He knows that flowers or the house are more desirable than coarseness.

He never has a hard day ahead of him at the office on the morrow.

He is never in town "just for the night" and therefore without evening clothes.

He doesn't subscribe to the fallacy that there is a double standard in manouering.

He always has plenty of dollar bills, so that he does not have to touch up temporarily for the taxi fare.

He has heard of Edna St. Vincent Millay, Beiga caviar, Manet, rose point, the "Rhapsody in Blue," Mrs. James Corrigan, the shorter cat-chism and the burning of the Paris opera house.—Kansas City Times.

FROM THE APOCRYPHA

It is better to give alms than to lay up gold.

Help the poor for the commandment's sake, and turn him not away because of his poverty.

Help thy neighbor according to thy power, and beware that thou thyself fall not into the same.

Do good to the godly man, and thou shalt find a recompense; and if not from him, yet from the most High.

He that requiteth good turns is mindful of that which may come hereafter; and when he falleth, he findeth a stay.

If thou hast abundance, give alms accordingly; if thou have but a little, be not afraid to give according to that little; for thou layest up a good treasure for thyself against the day of necessity.
