Production Started By Sterling Corp'n

Chelsea's newest industry, the Sterling Michigan Corporation, has started production and shipments are being made. They are manufacturing upholstery cushions for automobiles and railroad equipment, with their principal market in the Detroit area. They expect to start soon on the production of several types of insulation materials for use in automobiles and the building trades.

This company was formed about a year ago when the property known as the "L" building just north of the Michigan Central tracks on East St. was purchased. The building has been completely repaired, a new elevator installed, as well as new heating and sprinkler equipment, and a new roof was placed on the building, so that now they have one of the most modern manufacturing plants in this part of the country.

Fifteen carloads of machinery and equipment has been installed in the building and it has been necessary to utilize considerable time in the re-designing of the machinery to adapt it to the needs of their line of manufacture.

There is a total of 50,000 square feet of space in the building—15,000 on each of the three floors and 5,000 in the basement. The basement is being used for storage, with manufacturing operations on the three floors. Several men have been employed during the past several months in installation and re-designing work and the management states that they have adequate help for the present.

Senior Class Will Give Play This Week

The annual Senior play, "Fast Colors", will be presented in the Chelsea High gym tonight and Friday night, March 18 and 19. It is a three act comedy and is under the direction of Miss Josephine Gibson. The story centers about two young men whose names are Black and White. They are trying to set themselves up in business with their family names as an asset, declaring these colors will not run. The kidnapping of the pretty heroine supplies the mystery.

The cast is as follows:
"Pep" White and Steve Black—Harley Prudden and Harrie Blecker.
Herbert Green—Paul Fielemeyer.
Inspector Burke—George Prinzing.
Mrs. Whitney—Jane McGaffigan.
Violet Clifford—Muriel Martin.
Margery Aster—Doris Rogers.
Ethel Boggs—Elsa Baris.
Dixie Jones—Eileen Adam.
Louise Nevins—Ruth Unstead.
The play will begin at 8 o'clock.

Proclamation

To the People of Chelsea:

According to an ancient practice in Christian civilization, Christian people have reverently observed the anniversary of the death of our Lord. From time immemorial on the day called "Good Friday" they have reflected upon the truths connected with His death.

To make it convenient for all Christian people of Chelsea to attend their respective places of worship, and to lend encouragement to such a wholesome practice, I, Roy Harris, President of the Village of Chelsea, request that on Friday, March 26, in the year of Our Lord, 1937, all commercial enterprises discontinue business from twelve o'clock noon until three o'clock.

By Order of Village President,
Roy Harris.

Fun and entertainment for all! Spectators welcome Tuesday evening, March 30, at public school gym. The attraction is Tim Doolittle and His Pine Center Gang. From radio station WJR. Adv.

It Pays to Pay Your ELECTRIC BILL by the 20th of Month and Get 15% Discount! Why Most Homes Are Inadequately Wired Now

Up to the time of the World War electricity's chief use in homes was for light - - usually supplied by bulbs suspended from the ceiling of each room.

Only during the last ten years has electricity been employed in sizeable amounts for other purposes. Today, lighting comprises a relatively small proportion of the total electricity used in many homes.

In fact, the common uses to which electricity is put in homes today are amazing! With new uses developing so rapidly, and the cost of current diminishing, it is certain that electricity will be used still more extensively in the next ten to twenty-five years.

The Hi-Light

Edited By The PUPILS OF THE CHELSEA PUBLIC SCHOOL

All-Hi Party

For a change Chelsea High went out and had a good time at an All-Hi party. It was really amazing the way the many students of the upper five grades cooperated.

The first part of the evening was spent in giving a short program, in which each class presented a stunt. The Freshmen performed an operation as real doctors often do. The Sophomores gave a "Style Show" of fashions for 1940 but the clothes looked much more like those of the late nineties. An "Amateur Show" was given by the Juniors, which consisted of singing, dancing, clarinet and violin solos. The Seniors gave a three-act playlet (each act being 40 seconds long), dealing with the sorrows caused by the villain and the mortgage, and also presented Hollywood's original "Beef Trust". Last but not least of the program, refreshments were served by the Juniors, which consisted of ice cream and wafers. The remainder of the evening was spent dancing.

Have We a Date?

Thursday and Friday nights, respectively, the Senior class intends to stage the hit play of the season—"Fast Colors."

The cast has been working hard in order that they may put before the public a finished production.

The directors, Miss Gibson and Miss Allen, have put forth their best efforts to create a result that the Seniors are proud of and that the public will applaud.

Don't miss the comedy, mystery and excitement "Fast Colors" provides. For true enjoyment and just the right entertainment be at the gym at 8:00 o'clock either Thursday or Friday. Is it a date?

F. F. A. News

Thursday night, March 11 the F. F. A. boys held a meeting in Mr. Wallis' room. Plans were made for going to Ypsilanti to the annual district meeting. George Pinzing and Paul Bristle are on the nominating committee to name members from our chapter for district officers. Raymond Ives and Verly Hatley are candidates for office. After the meeting the boys wrestled and Mr. Wallis showed us some holds.

Editorial

Since September, week after week, we have been asking you, the student body, to cooperate and make the school a more pleasant and attractive place in which to work. The situations are much the same as they were in September. The students still throw paper on the floor and in the desks. There is still a great lack of courtesy among the students. Many students still do not believe in cooperating with the teachers. Classes are still extremely noisy. Half the students continue to tramp across the lawns instead of going around the walks. Hissing and booing is still heard at various assemblies and games.

Now that this list of shortcomings is set before you, it is your duty to correct them. We think that some of the students have taken our editorials to heart, but we are asking for one hundred per cent cooperation from each of you!

A FRESHMAN'S TRUE CONFESSION

Biology is not for me, For I know a tree's a tree, But in biology you choose between Dicotyled and evergreen.

Take algebra for instance, That darn stuff don't make sense, But it's better than learn'n English, With its past and perfect tense.

Now Civics to me is foolish too, With all its kind of tax, And Hargreaves is so hard on me, I never have time to relax.

Now all these facts I've given you, Just goes to show one thing, If you make a Freshman principal, School will let out in the Spring.

Knobbe led the tournament with 21 points scored. Niehaus scored 17 points to come in second. The Sophomores defeated the Freshmen and Seniors but faltered before the Juniors.

The Seniors, badly weakened by fouls, lost all of their games, closing their 36-37 basketball season and their high school career with no games won.

Elementary News

Second Grade

Wille Lankowski and Walter Osterle from Fifth Grade came down, took our Victrola all apart, reassembled it and now it plays quite well. We are so glad to be able to use it. Thank you, boys.

This month we are finding out about the Dutch boys and girls. They wear such funny shoes and hats. And for "Yes" they say "Ja."

These are marble days. Most every boy has a bag full, but if any roll on the floor we lose them.

Paul and George found some nice Dutch stories which they brought to school to share with us. We are hunting for Dutch pictures also, to put in our scrap books.

Fourth Grade

We have increased our number on the Honor Roll by four this week. Eva Geddes and Naida Olson had a perfect score on the written spelling test Friday.

Several people are painting Dutch scenes on the windows.

These people have at least four stars on the poem chart: Phyllis Hopper, Mary Koch, Naida Olson, Roland Roberts, and Phillip Tompkins.

During our club meeting Friday we chose Roland Roberts as our assistant helper. Some of us still need help in group cooperation.

We have begun our spring cleaning. Jimmy Gakon and Frank Langowski washed the windows. We appreciate it very much.

Naida Olson brought a pitcher plant to school. We learned that this plant secretes a digestive fluid and thus it can eat various insects.

June Novens brought some pictures of the Giant Panda which was captured by Mrs. Harkness. This baby Panda is now at Brookfield Zoo, Chicago.

Fifth Grade

We now have regular library day on Wednesday from the big library since we have read all the books in our room library. Esther Riemenschneider and Eleanor Harper still serve us as our librarians. We also have a fine reference library which everyone has enjoyed using this year. About two-thirds of the girls and boys in our room have been regular patrons of our public library. In general, everybody is interested in reading, for which we are happy.

Virginia Miller gave us the report on Arthur Schnabel which was the ninth number on the Choral Union concert.

We have some real mechanics we believe, in our room. They have repaired our Victrolas so they work again. Their names are William Langowski and Walter Osterle.

In Art we have been studying one masterpiece each month. This week we are making booklets to hold our stories and reproductions.

Sixth Grade

Dorothy Berry wrote us a letter. It was very nice. Miss Canfield read it to the class. We hope she will write again. Some girls have already written back to her. She likes the school in Detroit very much.

We have a new hectograph in our room.

Most of the class went down to Ann Arbor to hear the Martin lecture on Tuesday, March 16.

Our spring vacation starts April 2 and ends the following week. We are sorry it isn't during Easter. We had a Language, Arithmetic and a music test Monday, Nov. 15. We hope we all get high grades.

Miss Canfield put the Flag Salute on the blackboard. Donald R. found it.

Removing an
Unneeded Restraint

Congress is debating the Pettengill bill which, in substance, would permit the railroads to compete with intercoastal steamships.

The clause of the Interstate Commerce law which the bill would repeal was perhaps once beneficial, but has become restrictive.

No like prohibition governs the railroads' land, air and water competitors, and none is contemplated for them. It applies to the rails alone, with the original need for it non-existent—imposing a handicap on them while it confers advantages on their competitors.

Repeal of this clause will hurt no one; will make lower rail rates eventually not improbable; will create an additional 100,000 railroad jobs.

Nor will it reduce the ICC's powers; or enable the rails to charge rates that are unreasonable or unduly low so as to eliminate competition, or to raise rates if competition did disappear.

The bill is favored by great bodies of shippers, by trade organizations, by the railroads and railroad labor. It is opposed by steamship interests and coastal industries who would retain unfair advantages over inland competitors.

America's railroads face the most unprecedented competition in their history. Unneeded restraints, like this obsolete clause, should be removed that the lines may better be able reasonably, and legally, to compete.

Michigan, and its railroads, will benefit from the repeal. Support for the Pettengill bill should be asked of the State's delegation in Congress.

SEA SCOUTS NEED FUNDS

During the past week several meetings have been held by the Scout committee of the village with the officers and members of the Sea Scouts, because of the possibility that the Sea Scout organization may necessarily have to be discontinued because of lack of funds to hold the group of boys together.

Wilber Riemenschneider has acted as the Skipper of the crew of Scouts for three years and due to his resignation recently it was brought before the Scout committee that no funds had been at the disposal of the boys except what had been raised by themselves, and that the group are of the age when habits and morals of later life are being developed, they being between 15 and 17 years.

Being desirous of holding the organization together plans are being made to place another Skipper in Mr. Riemenschneider's position and to raise funds locally by some method such as a tag day for the benefit of the boys, in which case all money raised would remain in town for Scout use, which is indeed a very worthy cause.
