General Election Will Be Held Next Tuesday

Michigan's general election will be held on Tuesday, November 8. Candidates for State, Congressional, Legislative and County offices are making their last-minute appeals for approval of the voters at this election, and a large vote is anticipated.

Chelsea has two candidates in the race, both on the Democratic ticket. James C. Hendley is candidate for circuit court commissioner, and John P. Keusch is candidate for the state legislature.

The complete list of candidates on the Democratic and Republican tickets is as follows:

Democratic
Governor—Frank Murphy.
Lieutenant Governor—Leo J. Nowicki.
Secretary of State—Leon D. Case.
Attorney General—Raymond W. Starn.
State Treasurer—Theodore F. Fry.
Auditor General—Geo. T. Gundry.
Representative in Congress—Walter C. Averill, Jr.
State Senator—John Brown.
Representative in State Legislature—John P. Keusch.
Prosecuting Attorney—Hubert Thompson.

Republican
Governor—Frank D. Fitzgerald.
Lieutenant Governor—Loren D. Dickinson.
Secretary of State—Harry F. Kelly.
Attorney General—Thomas Read.
State Treasurer—Miller Duncker.
Auditor General—Vernon J. Brown.
Representative in Congress—Earl C. Michener.
State Senator—George P. McCallum.

Circuit Court Commissioners—Lee N. Brown, Albert W. Hooper.
Drain Commissioners—Cornelius W. Tuomy.

Coroners—Dr. Edwin C. Ganzhorn, Dr. Bradley M. Harris.
County Surveyor—Paul Weimander.

There are four proposals to be submitted to the electors next Tuesday, as follows:

Proposal No. 1—Shall the Constitution be amended to provide for a four-year term of office for County Clerk, Prosecuting Attorney, Sheriff, Treasurer and Register of Deeds?

Proposal No. 2—Shall the Constitution be amended to provide for the non-partisan nomination and appointment of Supreme Court Justices for eight-year terms?

Proposal No. 3—Shall the Constitution be amended to guarantee that gasoline and motor vehicle license plate taxes paid by motorists be used for highways, roads and streets?

Proposal No. 4—Referendum on Act No. 267 of the Public Acts of 1937, being an act to provide for the transfer of the administration of certain existing state public welfare and relief matters, services and duties to the State Department of Public Assistance created by said act, and to abolish the various state departments, boards, commissions, and offices so transferred.

HENDLEY HEADS KIWANIS
Officers for next year were chosen by the Kiwanis club at their meeting on Monday evening. The new officers, who will assume their duties the first Monday in January, are as follows:

President—James C. Hendley.
Vice-Pres.—Henry C. Schneider.
Secretary and Treasurer—Jerry Niehaus.

Directors—Edwin W. Eaton, Peter M. Boehm, Russell A. McLaughlin, Carl J. Mayer, Warren R. Daniels, John L. Fletcher, Wesley C. Smith.

HONOR LATE SENATOR
Friends of the late Senator Royal S. Copeland have purchased a bronze tablet as a memorial to him and have had it placed in the Copeland auditorium in Dexter. The memorial services and unveiling of the tablet will take place on Sunday afternoon, Nov. 6, at 3 o'clock at the Copeland auditorium. The address will be given by Hon. Wirt H. Newkirk of Ann Arbor. The public is invited to attend this service.

Large Vote Next Tuesday Predicted By Lansing Writer

By Gene Alleman
Lansing—It's practically all over except for the shouting.

Which is to say that political observers here figure that the average Michigan voter has made up his or her mind about preferred nominees for public office and that the hub-dub of excitement between now and Nov. 8 won't change many votes.

Heavy registrations throughout the state point to an unusual interest in the ballot outcome. This, in itself, is a healthy sign for democratic government. Watch for a record vote next week.

Party leaders this week seek to maintain and augment enthusiasm among the organization workers, the men and women whose job it will be to get out the citizens next Tuesday. All current political activity and ballyhoo are planned more to get out a big vote than to influence the voters.

Amendments
Rather belatedly has come public interest in the amendments to the state constitution.

Three of these were initiated by petition, while the fourth is a referendum on a legislative act. Because all amendments had to meet the gauntlet of petitions, it is reasonable to assume that this democratic system of initiative and referendum makes for popular government. Yet the fact that there are FOUR questions confronting each voter at the polls is somewhat of a handicap. Like the long ballot, the larger number of issues tends to confuse the average citizen, and therein lies a danger of general indifference and apathy.

The initiative amendments propose four-year terms for county officers, appointment of supreme court justices by the governor upon recommendation of a non-partisan commission, and prohibit diversion of gasoline and vehicle license tax revenue. The referendum is on the state welfare reorganization act adopted by the 1937 legislature.

As the uninformed citizen tends to vote "no", thus "playing safe" on issues about which he knows nothing, (Continued on next page)

Annexation Proposal To Be Decided Tuesday

In conjunction with the general election to be held next Tuesday the village of Chelsea and Sylvan township will hold a special election at which time the annexation of several parcels of property located on Elm street will be approved or rejected.

Faulty descriptions have been discovered which shows that the parcels in question have never officially been a part of the village, although the owners, having believed their property was within the village limits, have always paid village taxes and have of course received village services. There apparently is no reason for opposing the annexation of this property and it is believed the proposition will carry without a dissenting vote.

In order that the proposition be approved there must be a majority in favor of the annexation in each of the three districts—Village, township, and people affected directly by the annexation.

Every voter in the village, including those voting in Lima township for the general election, will be entitled to vote on the annexation proposal. Village residents who live in Lima township are requested to vote on the east side of Sylvan town hall. Voters who reside in Sylvan will receive their special ballots with the regular election ballots.

The village council has appointed three men to work on the election board to assist the township board because of the extra work necessary in taking care of the special election.

FAUVER-HENNY WEDDING
The marriage of Miss Margaret Jane Fauver, daughter of Mr. and Mrs. John N. Fauver of Detroit, and Dr. Frederick A. Henny, son of Mr. and Mrs. Frank A. Henny of Ellettsville, was solemnized at 3:30 Saturday evening in the Wesley chapel of the Metropolitan Methodist church, Detroit, with Rev. Merton S. Rice officiating. A reception for 125 guests was held after the ceremony in the Fauver home, after which the couple left on a motor trip to New York and Washington. They will reside on Santa Maria Ave., Detroit. The bride is a former teacher in the Chelsea public school.

FARMERS' UNION DANCE
First dance of the season to be given by the Farmers' Union will be held at Lima Center Grange hall on Friday evening, Nov. 4, starting at 8 o'clock. Music by Prairie Ramblers. Pot-luck lunch. Please bring your dishes and the family. Adv.

Local Legion Post To Receive Special Plates

Members of Herbert J. McKune Post No. 31, The American Legion, have received word that 76 pairs of 1939 passenger car license plates are to be manufactured and designated especially for the use of the Post members.

The new license plates will be numbered 81 Vv 1 to 81 Vv 75. This is a favor being granted by the Secretary of State's office to the local Legion Post. The 81 preceding the Vv denotes the charter number of the Post; the Vv as heretofore for venerable veteran, and the numerals following the Vv for the actual license number.

For several years past Vv plates have been issued by the Secretary of State's office. However, this year a special favor is being shown to all Posts of The American Legion throughout the state requesting the issuance of this particular type of plate. No other Vv plates will be available and a letter to the local Legionnaires from the Michigan Department of State, in part, reads:

"These will be sent to our Ann Arbor branch office for issuance to members of your Post exclusively."

Any veteran in this vicinity desiring Vv license plates for his car for the year 1939, who is not a member of the Legion Post here should contact the Post Commander or Post Adjutant.

Report More Hunters and Fewer Violations

Lansing—More hunters were in the field during the first few days of the pheasant season this month than at any time in the history of the state, but game law violations were fewer comparatively than in previous years.

Col. W. A. Bergin, in charge of law enforcement for the state department of conservation estimates that the number of violations was approximately 20 per cent less than in the past.

The reduction in violations was established in spite of the fact that more hunters were inspected by conservation officers this season than in any previous season. By the first of last week, reports to Col. Bergin indicated that close to 150,000 hunters had been checked including more than 31,000 hunters in conservation district 17, which includes Wayne county, during the first two days of the season. Patrols in this district during these two days checked 8,703 automobiles.

A larger number of hunters were contacted by officers this season than in the past largely because of the system of "floating" checking stations employed this year. Stations were moved about frequently from one highway to another so that a larger area was under patrol than could have been covered had the checking stations been maintained at permanent sites through the season.

The regular force of officers whose districts are located in the southern part of the state was augmented by about 50 officers brought down from northern districts for special duty.

The same plan of automobile checking stations and the shift of officers is to be used during the deer season. Officers from the southern districts will be assigned to districts in the deer country for the 15-day season which opens November 15. In addition a number of fire wardens will be called upon for special deer patrol duty.

DR. WARD ADDRESSES KIWANIS
Dr. Menle S. Ward, president of Ferris Institute at Big Rapids, spoke before the local Kiwanis club Monday evening, on the subject of "Fellowship in Kiwanis."

Dr. Ward gave a very forceful address and pointed out that none of the attainments of mankind have ever been lost through adversity; that fire, speech, the printing press, science, mechanics, and education are among the accomplishments of man that form the foundation of our present civilization.

The speaker dealt at some length on the matter of education which he felt was the underlying factor in the strength of our democracy. Our public school system in allowing an education to everyone indiscriminately and without cost safeguards against fascism and communism. No other country in the world has surpassed the United States in the advancement of education for everyone. The system used in this country is one that tends to elevate the average man and bring about an equality between all men and in this way eliminates class distinction.

Dr. Ward praised Kiwanis in helping to bring about this equality by promoting a greater degree of understanding through fellowship.

Odell Lamb, assistant to Dr. Ward, accompanied him to Chelsea. It was through his assistance and cooperation that it was possible for Kiwanis to have Dr. Ward as a speaker.

DEXTER—Expenditures totaling \$55,000 or more will be made by the Michigan Bell Telephone Company on a project designed to provide Dexter and immediate vicinity with dial telephone service, according to N. J. Pranken of Ann Arbor, manager for the company in this area. Work on the project will be started shortly. The advance engineering has been completed, and the equipment has been ordered from the Western Electric Company, the manufacturing and supply division of the Bell System.—Leader.

GRASS LAKE—Mr. and Mrs. Wm. Stewart and Miss Ruth Foster spent the week-end in South Bend as guests of Mr. and Mrs. John Droegge. On Saturday they attended the Carnegie-Notre Dame game at which Frederick Snite of Chicago, the man in the iron lung, was also present watching the game through an adjusted mirror. He was accompanied by his nurses, doctors and police escort. Mr. Snite, a graduate of Notre Dame, was heralded, serenaded and received much honor.

BROOKLYN—Three squads of state police and conservation officers stopped all cars coming into Brooklyn on routine inspection of hunters and game on Saturday. The pleasant surprise of their day here was when they stopped the car of Henry Ford twice on his trip through town. They discovered no bad infractions of the law here, but took two colored men before a justice for carrying loaded shotguns in their car.—Exponent.

Fall weather is approaching and with it we can expect fog, rain, and sleet. Streets will be wet and slippery and windshields will be coated with ice. Driving under such conditions makes extra precautions essential.

In these articles I have tried to stress the importance of constant attention when driving—not one second should be given to any other matters while you are driving. Long strips of straight pavement encourage higher speed, driving becomes more or less monotonous and invites inattention. Just one moment of inattention, especially when weather conditions are not very favorable, may put you out of circulation forever. Don't let anything distract you! Pay attention to your driving!

Large Vote Next Tuesday Predicted By Lansing Writer

(Continued from page one)

It is unlikely that all amendments will be approved next Tuesday. At this moment it seems probable that two will pass, two will fail.

216 Millions

From the office of the budget director comes a 20-page booklet, "Finances of the State Government," that contains interesting statistics about how our money has been spent. Figures are notoriously dull, yet the spending of \$216,063,490 by the state government during the past fiscal year ending last June 30, 1938, is news. This sum represents an increase of nearly \$14,000,000 of which over \$4,250,000 was an increase in taxes and approximately \$4,330,000 in the state inheritance tax. The delinquent property tax also brought \$1,000,000 more revenue.

The second source of increased revenue was due to a rise in income from liquor sale profits, licenses, etc., from about \$11,500,000 to \$22,750,000, much of which came about from a reduction of liquor stocks on hand.

Local Governments

In the maze of figures is one apparent trend: local governments are getting more and more aid from the state treasury.

A total of \$96,279,000 was collected by the state and turned over to local governments—42 millions for schools, 25 millions for highways, 21 millions for social welfare (including workmen's compensation payments), nearly 2 millions for health and hospital services, nearly \$100,000 for conservation and agricultural work, and nearly \$5,000,000 general aid.

Where did the 212 millions come from?

Here is the budget director's accounting:

- Sales tax—52 millions.
- Gasoline tax—28 millions.
- Auto weight tax—18 millions.
- Specific taxes (inheritance, insurance, etc.)—21 millions.
- Corporation tax—5 millions.
- Delinquent property—4 millions.
- Other taxes—2 millions.
- Liquor control sales not apportioned to purchases—22 millions.
- Liquor sale receipts apportioned to liquor purchases—25 millions.
- State licenses, fees—11 millions.
- Federal aid—17 millions.
- Interest penalties—2 millions.
- Enterprises other than liquor control—5 millions.
- Non-revenue receipts—2 millions.

All of which means that state government is BIG BUSINESS. The above figures prove the point!

Can Taxes Be Lowered?

How to satisfy the public's appetite for more and more governmental services and benefits and at the same time avoid increased taxes will be one of the legislature's problems in 1939. Indirect, or "hidden" taxes, are paid by every citizen in Michigan often in the form of increased cost of living. If the public insists upon state benefits, it must be ready to pay the bill.

MRS. HAROLD WAHL

Mrs. Harold Wahl, 24, of Grass Lake township, died Sunday morning, October 30, of appendicitis. She was formerly Alma Brustle, daughter of John and Emma (Klump) Brustle, and was born March 21, 1914, in Sharon township. She was married December 9, 1933 to Harold Wahl, and they resided on the Wahl farm near Franciscan.

She is survived by her husband; her parents; two brothers, Emil Brustle of Pontiac and Harold of Ann Arbor; and two sisters, Mrs. Elmer Ahrens of Manchester and Mrs. Erwin Halst of Lima township.

Funeral services were held Wednesday afternoon at 2 o'clock at the Plankell funeral home. Rev. H. W. Lenz officiated and burial was in Sharon cemetery.

MRS. MARY H. RAFTREY

Mrs. Mary H. Raftery, widow of the late John J. Raftery, died Tuesday afternoon, October 25, at Mercy hospital in Jackson, following six months' illness.

She was born March 5, 1864 in Paris, Canada, the daughter of Mr. and Mrs. Michael O'Connor, and at the age of four moved with her parents to Marshall, later residing in Albion. After her marriage to John J. Raftery on November 22, 1884 they became residents of Chelsea and this had since been her home. The past three winters she had spent in Jackson.

Surviving Mrs. Raftery are four daughters, Mabel, at home, Mrs. H. D. Runciman of Ferndale, Sister M. deLellis of Bloomfield Hills; a son, Clarence A. Raftery of Detroit; seven grandchildren; two brothers, Charles O'Connor of New Buffalo and Edward J. O'Connor of Ripley, Wash.; and two sisters, Mrs. Alice Mollica and Mrs. Anna Glatzel, both of Albion.

Funeral services were held at 10 o'clock Friday morning at St. Mary church, Rev. Lawrence Dorr officiating at the requiem mass. Interment was in Mt. Olivet cemetery.

Attending from out of town were: Very Rev. Monsignor Wm. J. Kusella and Rev. E. J. Dowling of St. Philip Nevi parish, Chicago; Rev. Mother M. Gerald, Sr., Sister M. Hieronyma and Sister M. Fidelis of Adrian; Sister M. Gonzaga, Sister Michael James, Sister James Margaret and Sister Rose Marie, Thomas Ver Valin and Mrs. J. H. Ryerson of Chicago; Rev. J. Steffy, Mrs. M. L. Whiting, Mrs. Philip Heenan, Mrs. Oscar Schmitz, Mrs. Anna Murningham, Mrs. Christine Harrington, Mrs. Mary Slesinski, Misses Mina Weber, Catherine Connell and Esther Fleck and Mrs. Lila Cross of Jackson; Mr. and Mrs. A. C. Girard of Pontiac; Mr. and Mrs. W. A. P. John and Mr. and Mrs. B. T. Smith of Birmingham.

CHILDREN IN COURT

Judge Malcolm Hatfield

Why Punish Symptoms?

Too many parents punish symptoms such as "wool-gathering" and laziness, instead of attempting to discover the fundamental causes behind them. This is as unreasonable as whipping a girl because she has the measles.

Judges realize that delinquency frequently starts when parents resort to improper emotional training and give their children the wrong kind of assignments and duties. A personality improperly trained usually gets into mischief. If an ill-trained child can be persuaded to become interested in some worthwhile undertaking, he will usually work at it with all his sincerity.

The great majority of all parents whose children are brought into court usually have the best intentions in the world, but ironically enough, they are unable to execute them. Barely a day passes without some of these parents appearing in court. They are unable to realize that their own acts have caused their children to become delinquent. Instead of accusing themselves for the lack of training and understanding which they failed to give their children, they attempt to blame everyone else for their shortcomings. After the court psychiatrist points out the errors they have made, they no longer appear to be utterly bewildered and are consequently able to cope with the hidden influences which are causing their children to act in an antisocial manner. These parents, who formerly endeavored to shield the shortcomings of a child, now act on the recommendations of the psychiatrist. Fathers and mothers finally realize that the court is their friend, and that they can achieve the desired results by working together.

Today your voice can girdle the globe

Sixty years ago Michigan's service was limited to a few persons in a few scattered communities. If you were a subscriber you could call perhaps a score of folks in your own town or neighborhood. But you had no way of talking to the next town or across the State.

The change began in 1881, when a Long Distance line linked Detroit with Port Huron—considered a great thing in those days!

Today you not only can talk to almost any one anywhere in Michigan . . . but, due to continuous development and research, your telephone can connect you with 35 million other telephones in nearly all parts of the civilized globe.

Chelsea Held To Tie

Chelsea's undefeated football team opposed the Roosevelt Rough Riders at the Michigan Normal field at 8:30 last Thursday. The High School Band accompanied the team.

Chelsea received the kick-off and did not lose the ball until they had gained six points. Schneider scored by a forty yard run along the southern sideline. He failed to kick the extra point.

The Purple and Gold scored again in the first quarter with Schneider again going over after Bahnmiller had completed a pass to Stutler from punt formation for 55 yards. The attempt for extra point failed.

The second and third periods were scoreless. Then in the final quarter Roosevelt began breaking through Chelsea's line and Captain Young drove over the goal from the one-foot line. Their attempt from placement failed.

Captain Young again scored to tie the score after battling down the field. The local lads blocked the attempt for extra point.

Chelsea made a serious threat in the closing minutes of the final period but Schneider's pass to Hasek-schwerdt (which meant a touchdown) was incomplete. The gun ending the game sounded a few seconds later, Roosevelt being the first team to score against Chelsea so far this season.

The Chelsea eleven is new in first place in the Huron League as Dundee, our most threatening rival, was defeated by Belleville last week.

The game against Milan on Friday will decide the championship of the Huron League, so don't fail to see this game.

Are You On Honor Roll?

If on this card-marking you did not take home a "B" average you will be one of the few (?) who will not enjoy the privileges entitled an honor student. In case you are new, or haven't yet heard what they are I will state them again for your benefit. Aside from all the personal glory you derive from having your name read in study hall, the list is also published in the Hi-Light. Magazines and papers can be read in study hall by honor students only. If at any time you need to be excused from a class your name on the honor roll has much to do with your getting the teacher's consent. A rumor around school has it that our standards for the honor roll were low and that it should be at least two A's and two B's but as yet the usual B average is accepted. So come on everybody, if you didn't make it this time all the more reason for you to try for the next time. Remember, "If you never try, you will never succeed."

Thursday's Pep Meeting

Thursday a. m. the Freshmen thought that they would take charge of the pep meeting. So they called

everyone together at 11:15. Martha Barber was chairman. First we had some yells by the cheerleader, G. Koch and E. Brueckner. Of course, we helped them yell. Then we had two very important speeches from two highly distinguished gentlemen, namely, R. Dunstan and C. Cameron. Both were very interesting. And we must not forget that Dave Strieter told us all to come. The meeting was closed with another hearty yell.

Hi-Y News

As a cabinet meeting of the Hi-Y club last Thursday evening the officers made plans for the formal initiation of new members into the club. This initiation ceremony will be held on November 8 in the gymnasium at 7:30.

The club also made plans to conduct a leather-craft project in the school. A quantity of genuine leather of several attractive colors has been secured and the material necessary to make it up into purses, billfolds, book marks, scissors holders, and many other useful articles has been ordered. These articles will make splendid Christmas gifts and cost very little to make. Any pupil in school may take advantage of this opportunity.

Saved By the Bell

Sniff, Sniff, what was that faint but tempting odor floating around last Friday? It was well the three-thirty bell rang when it did or I'm afraid we wouldn't have been able to control ourselves much longer. Was that odor from the fudge sale given by the Seniors? Of course all the sweet-tooths recognized this odor and were all the more impatient. The closer I came to the table in the hall the stronger the aroma of the different kinds of candy came to me. There was brown fudge, white fudge, chocolate fudge, almond fudge, some pieces with coconut, others with hickory nuts and walnuts, and still others plain. So everyone should have been satisfied. There was quite a bustle around those parts for a few minutes. Believe me those girls were stepping fast. The next time you smell that enticing aroma you had better get all of those pennies out. Better still bring your dimes and nickels!

Frosh-Soph Party

Last Friday evening the Freshmen class returned the Sophomores' initiation party by giving a Halloween party.

As each guest arrived he (or she) received an animal cracker with a number on it. The boys drew out of one dish and the girls out of another so that there would be partners for the judging of costumes.

The gym was decorated with orange and black streamers, overhead, black cats, pumpkins, and bats on the sides and stage curtains, and pumpkins carved into Jack-o-lanterns were on the stage. Corn stalks were also placed in each corner of the gym. There was bowling and card playing

while waiting for everyone's arrival. About 9:00 p. m. came the costume awards. Mr. Downing acted as Judge. Grace Riemenschneider won first prize for the best costumed girl, Winfield Schenk for the best costumed boy, and Miss Brown for the best costumed member of the faculty. Then everyone unmasked. By the way, the prizes were silver (?) loving cups.

Following these awards began an evening of dancing and card playing. As an added attraction there was a fortune teller who told the "whole truth and nothing but the truth" (and were we surprised at our future lives). Then refreshments, consisting of cocoa and sandwiches were served.

More games followed and thus ended the Freshman-Sophomore party of 1938.

We think it was a pretty good party (how about it Sophomores, are we right?)

Elementary News

Kindergarten

This week we had several nice surprises. Tuesday Carl brought his little grey kitten to school for everyone to see. We read a story about four little kittens named Buzz, Suzz, Fuzz and Agamemnon. Then we learned how to sing "Pussycat."

Wednesday and Thursday we made orange pumpkins and black owls and decorated our room with them. We also learned a Jack-o-lantern song. Friday we had our Halloween party with games and refreshments. Our guests were Jackie's sister Beverly, and Lois' brother, Richard.

Third Grade

Upon walking into the third grade room Friday, Oct. 28 the elementary news reporters found many exciting things going on. By the door were three boys and Miss Bollore making delicious smelling pop corn in electric poppers and David Longworth was melting butter on a real doll stove. Others were busily making cats, pumpkins, witches, and bats out of black and orange paper. Two other girls were pinning a cat on the wall so that they can play "Pin the tail on the cat." They also were going to play the "corn guessing game" where each guest is asked to guess the number of kernels on an ear. Another game which was to be played was a "Witch Race" in which the contestants race about thirty feet "with fashion" on a broom. A prize was given for the people winning in each game that was played. There was also a parade in which the third graders all dressed up marched through the other grades starting at 1:00 p. m. Each guest was given a bag of pop

corn (and take it from us, it was delicious).

The third grade also composed a poem:

October's Halloween

October's Halloween's Jack-o-lanterns—bright-shining, On a cold black night made children run with fright, Witches and Goblins dancing at night, Bats, and black cats at their flight, Are seen on Halloween night. There were many appropriate pictures for Halloween night seen on the walls and we know their Halloween party was a success.

Fourth Grade

We now have 28 pupils in our class. Evelyn Sullivan from the Canfield school is our new pupil.

Our Junior Red Cross pins came last week. We are going to try to serve as our creed suggests. The creed is: "Serve."

"We believe in service for others, in health of mind and body to fit us for better service, and in worldwide friendship."

Bob Daniels has made the longest trip in arithmetic. He has traveled to Pine River, going through five cities. For our book reports we are using thermometers to keep a record of the books reported. Each degree represents a book read and reported.

We elected new officers at our meeting Thursday. Marcelline H. was elected president, George P. vice-president, and John W. secretary.

In our geography class we are studying about Rolf, who lives in Norway. We are learning that people live very differently in this mountainous country than they do in the tropical country where Bombo lives.

Sixth Grade

We have two new pupils: Mildred Lantis and Thomas Pickrell.

In Geography we have a fast moving class, and a slow moving class. The pupils that aren't in the fast moving class are trying hard to get in it.

We received our report cards Wednesday and some of them were not so good, but we hope to do much better next time.

We think we are going to join the Audubon Society. We also hope to get at least 25 members so we can get the "Bird Lore" magazine.

Standard Liners Bring Results

The Fords Tell Their Plans for 1939

IF WE KNEW anything better we could do for the country than make good motor cars, we would do it.

By every one doing his best in the job he thinks most useful, this country is going to regain its momentum. We have tried to do our best in our job.

When business was suddenly halted in its recovery more than a year ago, we determined that we should keep going anyway, if not at full-volume motor car production, then at getting ready for greater motor car values that would help future production.

EXPANDING FOR THE FUTURE

We began to build 34 million dollars' worth of new plants and equipment. We felt that if we could not employ all our men building motor cars, we would employ as many as we could building better production facilities.

We were told, of course, that this was no time for expansion, that a wiser business policy would be to "hold everything"—which means, stop everything. But no one ever got anywhere standing still.

Besides, we are not defeatists. We do not believe this country has seen its best days. We believe this country is yet in the infancy of its growth. We believe that every atom of faith invested in our Country and our People will be amply justified by the future. We believe America is just beginning. Never yet have our People seen real Prosperity. Never yet have we seen adequate Production. But we shall see it! That is the assurance in which we have built.

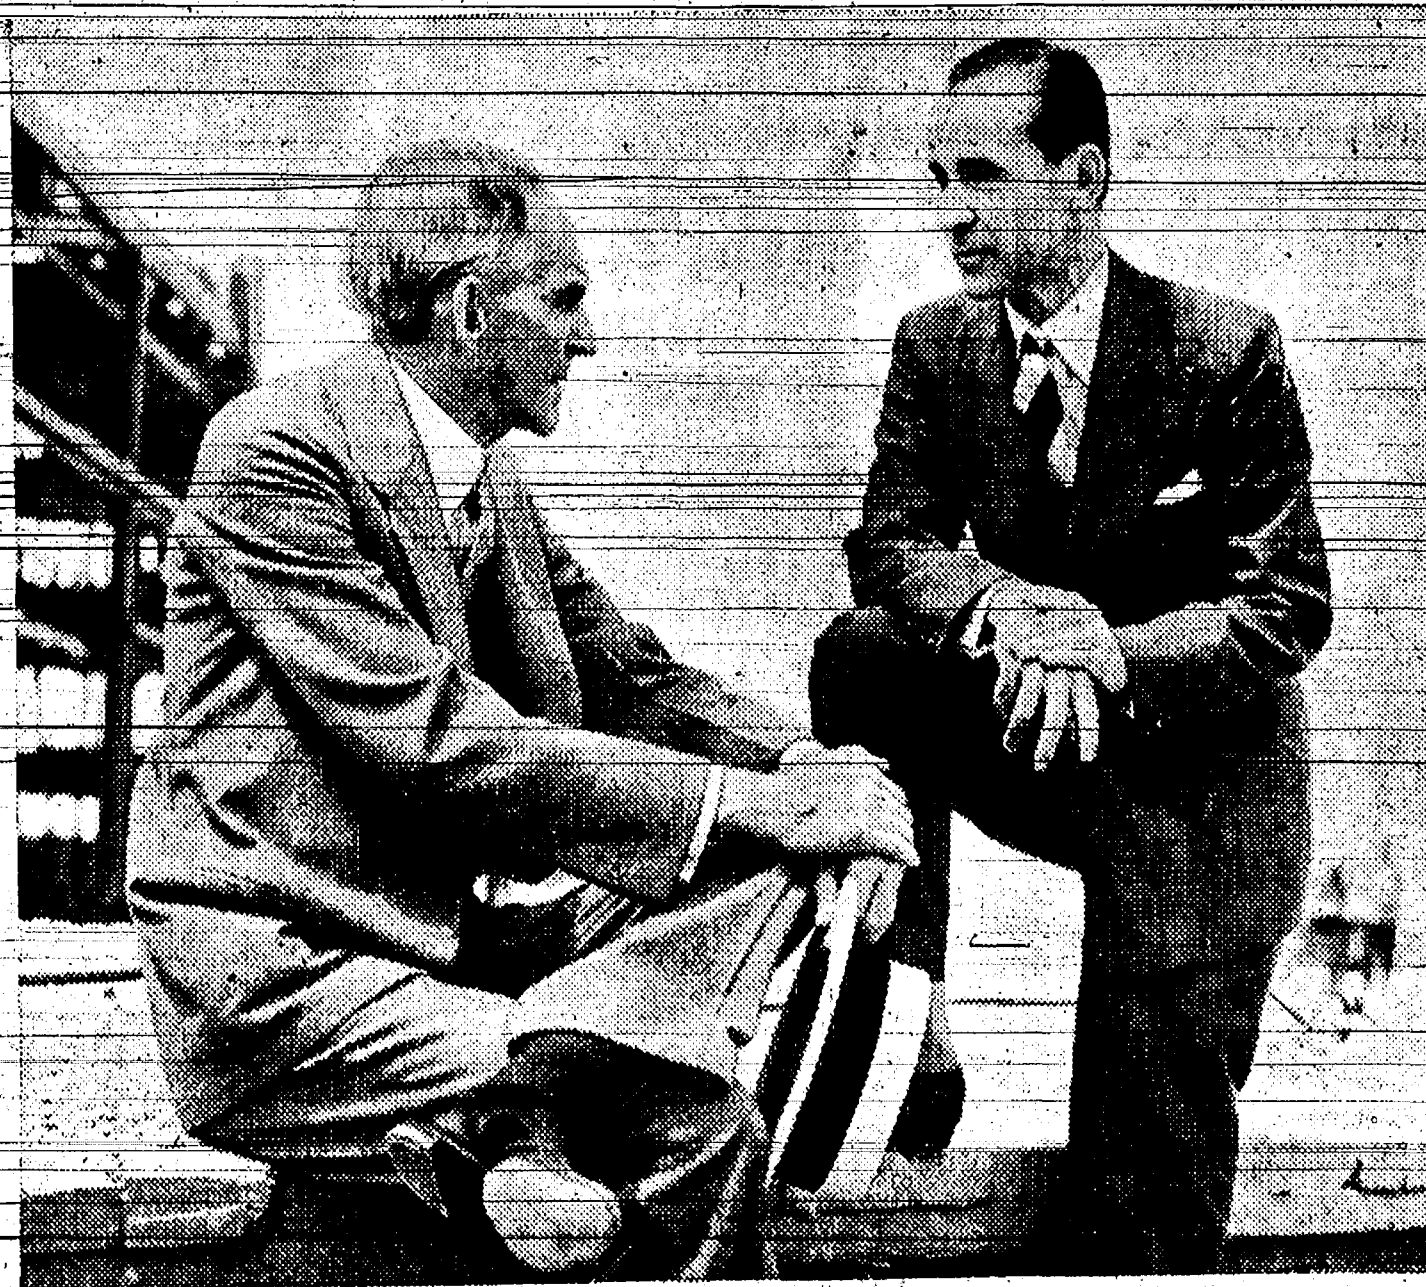

Business is not just coming back. It will have to be brought back. That is now becoming well understood in this country; for that reason 1939 will be a co-operative year. Manufacturers, sellers and buyers will co-operate to bring back the business that is waiting to be brought back.

This construction program is almost completed. It has increased activity and payrolls in a number of related industries. It has given us better facilities for building better cars and trucks, and eventually our new tractor which is being perfected.

THIS MEANS MORE VALUE

The current program has provided a new tire plant, which will turn out a part of our tire requirements; a new tool and die plant that will help us cut the cost of dies; and a steel-press plant that will enable us to make more of our own automobile bodies. These are in addition to the plants we already had for producing glass, iron, steel, plastics, and many other things.

We don't supply all our own needs, of course, and never expect to. The Ford engine is one thing

Henry and Edsel Ford, on the occasion of the 35th anniversary of the founding of the Ford Motor Company, June 16, 1938

that no one's hand touches but ours. Of nearly everything else we use we build some quantity ourselves, to find, if possible, better and more economical ways of doing it. The experience and knowledge we gain are freely shared with our suppliers, and with other industries.

We take no profit on anything we make for ourselves and sell to ourselves. Every operation, from the Ford ships which first bring iron ore to the Rouge, is figured at accurate cost. The only profit is on the finished result—the car or truck as it comes off the line. Some years, there is no profit for us. But we see to it that our customers always profit. A basic article of our business creed is that no sale is economically constructive unless it profits the buyer as much as or more than the seller.

Our new plants have helped us build more value into all our cars for 1939. That means more profit on the purchase to the purchaser.

We have not cut quality to reduce costs.

We simply will not build anything inferior.

NEW TESTING EQUIPMENT

While we were putting up new plants to produce cars, we constructed new equipment to test them. The first weather tunnel of its kind ever built for automobile research went into operation at our laboratories this year.

It makes any kind of weather to order. The weather it delivers every day would take months to find in Nature. Our cars are weather-tested to give you good service in any climate anywhere.

In other tests, every part of the car is punished unmercifully. Then our engineers tear it down to see if they can find abnormal wear or any sign of weakness.

The money we spend on tests saves you money on repairs. And your family car is safer and more dependable when we put it in your hands.

THE NEW CARS

We have two new Ford cars for 1939—better cars and better looking—but we also have an entirely new car.

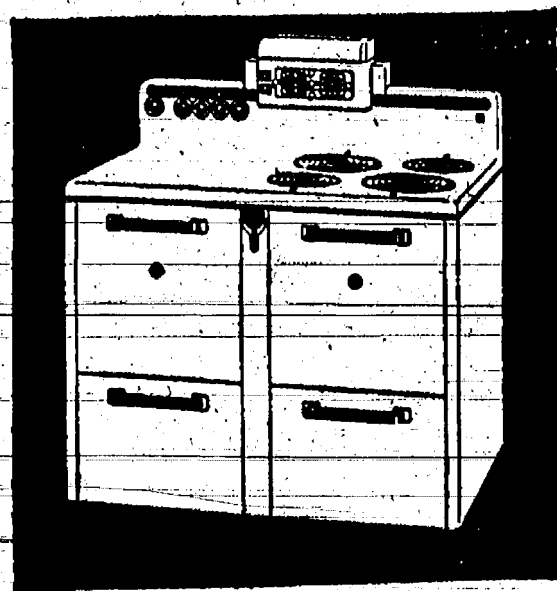

It's called the Mercury 8. It fits into our line between the De Luxe Ford and the Lincoln-Zephyr. It is larger than the Ford, with 116-inch wheelbase, hydraulic brakes, and a new 95-horsepower V-type 8-cylinder engine.

We know that our 1939 cars are cars of good quality. We think they're fine values in their price classes.

With new cars, new plants, new equipment, the whole Ford organization is geared to go forward.

Big and Little, When Essential Vitamins are Sealed in Their Food!

Your physician will tell you that old-fashioned cooking methods waste much of the health-giving elements in your diet. Electric cookery seals in the nourishing juices, so that food retains fully its delicious original flavor. It preserves the necessary vitamins and vital mineral salts which the body demands for proper development.

Another and equally important benefit is due to the fact that an electric range consumes no oxygen. For every cubic foot of fuel consumed by an open flame range, six cubic feet of air are de-vitalized. This robs your kitchen and the whole house of life-giving oxygen. With fuel cooking, the heat and fumes damage the complexion and militate against a healthy skin.

Rev. Wm. Schlotta and Robert Rhoads of Corunna came Monday evening with a generous supply of provisions.

Anyone having any doubts about the high grade ability with which the Home farm is managed should inspect the corn shocks which furnish fine Halloween decorations to our front lawn. The corn stalks are tall, the ears are large with well filled even rows of kernels, highly enticing to any mouth capable of eating them, and the pumpkins are gleaming masses of yellow beauty. Further evidence is furnished by the crop of sweet potatoes grown here, a specimen of

which, weighing one pound twelve ounces, is on display at the Chelsea State Bank.

Recreation Notes

Your Community Recreation Committee is making fine progress toward a recreation program in the village. As an outgrowth of the project started by the Young Mothers' Child Study club, this committee consists of a representative of each of the organizations in the village. Regular meetings have been held since Sept. 26 and will continue every second and fourth Monday of the month at 8:00 o'clock at the high school.

Various groups have been organized and others are in progress.

An athletic class for young women under 25 years of age has been organized by Mrs. A. C. Johnson and meets every Thursday evening at 8:00 o'clock at the high school gymnasium. This class is still open and anyone interested in an hour of good fun and healthy exercise is invited to join.
The boys are getting together at the gymnasium Thursday evenings under the direction of Supt. A. C. Johnson, Roy Wallis and Nick Panarites. School age boys meet at 7:00 o'clock and boys of post school age meet at 9.

A group of busy fingers is meeting with Mrs. G. Hopper on Wednesday after school for an hour of various kinds of sewing. These girls are of ages from 9 to 15.

Another sewing class of older girls is being organized by Mrs. Ray Krantz, Thursday, Nov. 3. All girls interested meet at the home of Mrs. Krantz immediately after school on Thursday.

Progress has been made to find space and equipment for a wood-working group. Dr. A. L. Brock has offered his workshop, North Main St., for the use of this group. John J. Wellnitz has volunteered his services in directing this group. Further announcements for this group will be made.

How many are interested in getting together with others who are fascinated in collecting novelties of one kind or another. You know what we mean: China figures, miniature toys, buttons, autographs, bookmarkers, etc. Mrs. A. A. Palmer would be glad to help you organize and exchange experiences. Call Mrs. Palmer if you are interested.

Stamp collectors, are you interested in organizing a club? If so, report to the high school office or to Ed. Eaton.

Come on, let's get together for a year of more wholesome fun and play and support your Recreation Committee for a better community recreation program!

—Recreation Committee.

IN MEMORIAM

In loving memory of our beloved son and brother, Elmer, who departed from us two years ago November the first:
Two years have passed since last we clasped Elmer's hands so kind and through his smile of love the while we watched the long night through.
Elmer saw though late the pearly gate and heard the invitation that comes to all of us both great and small of every tribe and nation; with peace Elmer rests on Jesus' breast.
Elmer is gone but not forgotten, he is gone through the open door to show us the way to Heaven; by faith and prayer may we meet him there through Jesus' Love forgiven.

Mr. and Mrs. Walter Trinkle and family.

FREER SCHOOL NEWS

Those neither absent nor tardy for the month ending October 28 were Dorothy Pashegoba and Mary Ann Gage.

This month we appointed our safety patrols. They are: Edward Pashegoba, Richard Schulze, and Captain Charles Walker.

Richard Schulze has been visiting with his parents at their former home at Oaktown, Indiana. We were glad to have him back, and he was glad to get back.

The pupils of Freer school enjoyed a Halloween party at school, Monday. It is reported that we received first prize and the trophy at the Community Fair recently held at Chelsea. One of our boys made an individual entry also.

We have had many contributions to our plant garden, but we are sorry that they must be taken to the homes as soon as cold weather arrives.

The second grade have some new expression notebooks which they enjoy very much.

We have covered two safety units; one on "Safety" in the home, the other on "Safety" for eyes. Our safety scrapbook is growing fine.

—Charles Walker.

P. T. A. MEETS

The Red School P. T. A., district No. 7, held their October meeting on Friday evening at the home of Mr. and Mrs. Walter Wolfgang, with about 45 in attendance. The evening was spent in playing euchre. Mrs. Lewis Helm and Joe Kesti won high prizes, Mrs. Melvin Lesser and W. C. Fritchard, low. A cooperative lunch was served.

EXTENSION GROUP MEETS

The East Lima Extension group met at the home of Mrs. Hattie Lindemann on Thursday, October 27. 15 members and guests assembled at ten o'clock to arrange a vase of flowers. A group picture was taken.

Following the regular business meeting plans were made for the year's work. A few songs closed the meeting. A delicious pot-luck dinner was served. In the afternoon the group were again called to order when the lesson on the selection and arrangement of flowers was given by the leaders, Mrs. Ruhlig and Mrs. Green.

The next meeting will be at the home of Mrs. Will Fidd on Tuesday, Dec. 6. The lesson will be on block printing of fabrics.

CELEBRATES 90TH BIRTHDAY

Mrs. Clarissa Kingsley, a resident of Chelsea for the past 20 years, celebrated her 90th birthday on Tuesday and her nephew, Frank E. Storms, and Mrs. Storms, with whom she resides, entertained at a reception in her honor from 2 to 4 o'clock at their home on South St.

Chrysanthemums, attractively arranged about the house carried out the color motif of yellow and white. Tea and cakes were served in the dining room, two-tiered birthday cakes being special features. The lace covered table carried bowls of yellow and bronze mums from the button variety to the shaggy daisy type, and yellow tapers in silver candlesticks.

With Mr. and Mrs. Storms in the receiving line were Mrs. John L. Fletcher and Miss Lillie Wackenhut; Mrs. Henry Steinbach, Mrs. Louis Eppler and Mrs. N. W. Laird assisted in the dining room, and Mrs. Warren R. Daniels and Mrs. Elba Gage poured.

The Central circle and Women's Home Missionary Society of the Methodist church, of which Mrs. Kingsley is a member, attended in a body.

Many beautiful gifts and a shower of birthday cards were received by the honor guest.

More than 100 were in attendance at the reception, including the following from out of town: Mr. and Mrs. W. S. McBride, Mr. and Mrs. E. J. Taylor, Mr. and Mrs. James Taylor, Mrs. Georgia Barton, Mrs. Nancy Laura, Misses Clara Bower, Ella Bower and Eloise Hambleton of Romulus; Mrs. Lillian Presti, Mrs. G. A. Hames, George Hames, Miss Carrie Kingsley, Mrs. A. Eisen and Mrs. Jas. R. Lee and son of Detroit; Miss Beulah Hamilton of St. Johns; Mrs. H. Steinbach of Dexter; Miss Clara Reynolds of Onondaga, Mrs. W. R. Mayer of Munith, Mrs. Eva Wood of Hart, Mrs. Anna Vogel and Miss Ruth Vogel of Ann Arbor, Mr. and Mrs. R. Raymo of Wayne, Mr. and Mrs. Edgar Wall of Jackson and Mrs. George Boyer of Little Valley, N. Y.

Mrs. Kingsley was born November 1, 1848 near St. Johns, and came to Chelsea from Romulus in 1918. She is very active despite her advanced age.

Mr. and Mrs. John Wenk and granddaughter of Rogers Corners spent Sunday at the home of Mr. and Mrs. Otto Goetz.

Miss Alma Ulrich is visiting relatives in Manchester this week.

Michigan Leads Union As Best Fishing State

Lansing—Michigan's position as the leading fishing state in the union is clearly established in figures just released by the bureau of fisheries of the department of commerce.

The tabulations show that more resident fishing licenses were sold in Michigan than in any other state, the total being 587,496 for the fiscal year 1936-37. Minnesota, closest to this state, sold 538,668 licenses. Other states among the largest purveyors of anglers' permits were Illinois with 416,700, Ohio with 394,269, Indiana with 392,813 and Pennsylvania with

359,528. New York sold 500,345 but they were combined hunting and fishing licenses.

Michigan also led in the number of non-resident fishing licenses sold, its total being 136,465, which included 43,597 of the \$2 annual permit and 92,298 of the \$1 permit good for 10 days. Wisconsin was second largest seller of out of state licenses with a total of 111,814. Minnesota and Maine also were among the larger distributors of permits to residents from other states.

Although Michigan was first in the number of licenses sold, its total revenue from the permits was only fifth largest, a number of other states charging higher fees than this state. New York took in \$1,059,187 net, from its sales. California, which ranked only seventh in sales, received the second largest total fees—\$629,581, gross. Pennsylvania was third with a net revenue of \$499,109 and Michigan fifth with a net of \$495,668.

Michigan's revenue, compared to its sale of licenses, was low in contrast to that of several states in which the sale of licenses was considerably smaller.

The number of regular resident fishing licenses sold in all of the states totaled 4,292,065 which brought in a total revenue of \$9,309,949. More than 89,000 anglers' licenses were sold to women and children although many states permit women and children to fish without a license.

In 1932-33 there were only 4,858,058 licensed anglers in the United States. Part of the increase in the number of licensed anglers since is due to the fact that more states are applying the license provision than did previously.

New License Plates To Stimulate Business

New 1939 license plates were placed on sale this year on October 27 by Leon D. Case, Secretary of State, for the express purpose of stimulating the sale of new and used cars.

The new 1939 plates of black lettering on buff, may be purchased for either new or used motor vehicles. The only restriction is that on cars already licensed, the owner must surrender the old plates before purchasing new ones. Case points out, that the collection of the 1938 plates, when new ones are purchased is required by law, as the statute allows only one registration for each motor vehicle; also, the old plates might get into the hands of someone who would cause serious trouble for the original owner, as these 1938 plates are good on the highways until March 1, 1939.

The 1938 plates may also be purchased for half price for cars that are going to be traded in or are not going to be operated after March 1, 1939.

Census Reveals More Deer In State This Year

Lansing—That there may be more deer in Michigan now than at any previous time in the state's history is indicated by results of census counts made in recent weeks by department of conservation officers with assistance of CCC enrollees.

I. H. Bartlett of the department's game division discusses some recent findings in a booklet just published and which is to be distributed among deer hunters during coming weeks. Present estimate of the size of the state's deer herd is approximately 1,750,000 and last year's reported kill by 157,349 licensed hunters was 40,637.

The pamphlet presents no conclusion other than that the increase in numbers of deer in certain territories is manifesting itself in a marked shrinkage of available food for deer. The history of the deer herd in Michigan, since the first white occupancy of the territory, is sketched.

Increase in numbers of deer, Mr. Bartlett shows, is linked with the more efficient protection against forest fires which, in recent seasons, has greatly reduced the acreage burned over.

Advice for Hunters
Game investigators of the department of conservation do not profess to be able to guarantee any hunter that he will bag his game, but they offer one word of advice in the matter of deer hunting.
The use of binoculars is recommended as an aid in distinguishing the quarry.

Although deer hunting in Michigan is fully as good if not better than in any place in the country, past records show that not more than 20 to 40 per cent of the deer hunters fill their licenses. Undoubtedly among those hunters who fail to get their buck are some who have been within range of one but withheld their fire because they were unable to distinguish whether the animal was buck or doe. Often a few twigs behind a deer's head may obscure legal antlers until it is too late for the hunter to shoot. Binoculars, the game investigators suggest, would help in such instances, at least, and perhaps also in locating quarry a considerable distance away.

Key, Noted Song Writer, Was Native of Maryland

Francis Scott Key was born August 1, 1779, on the family estate, Terra Rubra, then in Frederick but now in Carroll county, Md. He was of English ancestry, his great-grandfather, Philip Key, having come to Maryland from England about the year 1720. Key was educated at St. John's college, Annapolis, and commenced the practice of law in Frederick city. Subsequently he removed to Washington, where he was for many years district attorney of the District of Columbia. He wrote a number of songs, re-counts a writer in the Cleveland Plain Dealer, but is chiefly known for his lyric, "The Star Spangled Banner."

He was detained on board the British fleet during the bombardment of Fort Mifflin, near Baltimore, in the War of 1812, and while watching for the result of the attack, the idea of writing the poem "The Star Spangled Banner" occurred to him. It was partly written before he left the British ship. A collection of his poems was published in New York in 1857.

On January 19, 1802, Francis Scott Key was married to Miss Mary Taylor Lloyd, daughter of Col. Edward Lloyd of Annapolis, by whom he had six sons and five daughters. He died January 11, 1843, of pleurisy, at the home of his daughter, Mrs. Charles Howard, Mount Vernon Place, Baltimore. His body was placed first in the Howard vault in St. Paul's cemetery, Baltimore, then transferred in 1868 to Mount Olivet cemetery, Frederick, where the United States government keeps a flag floating continually over the grave.

Disasters Strike 41 States During Year

Red Cross Aids 420,000 Persons Following Catastrophes

That the past year has not been an easy one for the American Red Cross is shown in a recent report listing disasters necessitating Red Cross relief throughout the United States during the past twelve months.

The report reveals that 129 domestic disasters called for Red Cross aid in 247 counties of 41 states, and that assistance was given to 420,000 persons who were disaster victims.

"That this has been a very active year is obvious when one compares this year's operations with the average of 82 disasters requiring Red Cross aid annually for the past 15 years," Chairman Norman H. Davis said in commenting on the Red Cross Disaster Relief Service report.

These catastrophes included cloud-bursts, cyclones, epidemics, fires, floods, forest fires, hailstorms, mine explosions, a school bus accident, a shipwreck, tornadoes, typhoons, and wind storms.

"Disaster relief was the first humanitarian work of the American Red Cross after its organization in 1881," Mr. Davis said. "In the ensuing 57 years the flag of the Red Cross has flown upon every scene of major disaster in the United States. The Red Cross has carried relief—food, clothing, shelter, medical aid, rehabilitation of homes and families—to more than 2,200 scenes of disaster at home and abroad, and has expended over \$140,000,000 contributed by the American public in this work of mercy."

The Red Cross policies of relief, the national chairman pointed out, have been established over a period of years through actual experience of its workers in the field. Relief is given on the basis of need of sufferers—not of losses. Loans, he pointed out, are never made, but relief is a gift from the Red Cross in the name of its members and contributors to its work.

"It would not be possible for the Red Cross to carry out such widespread relief activities without the help of thousands of volunteer workers," Mr. Davis said. "Volunteers are the mainstay of the organization, and in the past year's work assistance from many cooperating agencies has made it possible for us to answer the many calls for help."

While relief was being given to victims of natural catastrophes, the Red Cross was not unmindful of the necessity for preparedness plans to meet emergencies that may arise in any American community. Red Cross chapters in hundreds of counties have organized disaster preparedness committees charged with responsibility to map relief plans in advance of need, and to organize resources of communities to prevent duplication of effort and waste of materials when calls for help are received.

These plans are proving especially advantageous in localities subject to frequent floods, tornadoes, or hurricanes, and actual tests of such planning have demonstrated the necessity for such measures.

"The administration of such relief for disaster victims is made possible by annual memberships of millions of Americans in all walks of life," Mr. Davis pointed out. "The extent of Red Cross aid to such sufferers is entirely dependent upon unselfish sharing on the part of all of us."

Red Cross Nurses Aid Million Sick

Red Cross public health nurses made more than one million visits to or on behalf of the sick during the fiscal year 1937-38.

The patients live in mountain communities, on islands off the coast, in isolated swamp regions, and in crowded industrial sections. During the same period the nurses inspected 599,187 school children for health defects in cooperation with local physicians, and gave instructions in home hygiene and care of the sick to 58,754 mothers and young girls.

Red Cross Volunteers Assist War Veterans

Red Cross workers in chapters, in hospitals and on posts of the Army, Navy, Coast Guard, and Marine Corps, assisted 122,355 active service men or veterans or their families during the past 12 months.

Red Cross service to these men included such personal help as letter-writing, shopping and recreational leadership, but it also included financial assistance to their dependents, help in locating missing members of their families, and assistance in filing necessary applications for pensions, disability pay, hospitalization, or for discharge from active service because of home needs.

The average number of men assisted by Red Cross workers each month was 18,790, according to a recent report.

GOOD ROADS mean everything to all of us. Michigan's top-ranking automotive industry depends upon good roads. Our second most important industry—the tourist business—could not exist without them. Agriculture thrives only when farm products can be rushed to markets over good roads. Business prospers as these basic industries prosper. On election day you will vote on Amendment No. 3, the Good Roads Amendment. Here's what a "yes" vote means to you: As a wage earner "yes" means more jobs; as a farmer "yes" means good farm-to-market roads; as a business man "yes" means more business; and as a taxpayer "yes" means a brake on your property taxes. To your family, Amendment 3 opens up new fields of safe and healthful recreation.

JERUSALEM SCHOOL NEWS

The school month of October closed for the Jerusalem school Oct. 28. The following were neither absent nor tardy during the month: Robert and Doris Trinkle, Zella Forshee, Joyce Hoffman, Joyce Eiseman, Loren Trinkle, Wilma Koenigster, Norman, Robert and Carl Koch, and Donald Barth.

We did not have school Oct. 20 and 21, because the teacher went to the teacher's convention in Detroit.

The president of our Civic Health club for November will be Joyce Hoffman, and secretary, Genevieve Valant.

We are enjoying our radio. We have heard several helpful musical programs. We are learning our festival songs and dances and the music appreciation work.

We have started our health scrap-

book. We have several clippings, stories, plays in it on the problems of light, eyes, teeth and safety. We are working on Safety now. It is a big problem.

We are trying to do more reading. The following have read three books: Joyce Hoffman and Joyce Eiseman; 2 books, Lottie Valant, Robert Trinkle, Robert Koch, and Zella Forshee; 1 book, Genevieve and Stella Valant, Donald Barth, Donald Koch and Norman Koch.

The beginners are getting along nicely. They are making a Home book, for which they are finding pictures, pasting them in, and telling stories about them to copy in.

The second grade have finished two seat work books and have put their work into a booklet.

The fourth grade are starting the Nile Region in their Geography. They enjoy finding pictures in connection with their work and adding them to their notebook.

The sixth grade enjoyed making two books in connection with Language and Art work on Home Life.

The seventh grade are enjoying their history work by adding to the Colonial map, Colonial book, comparison of colonies, and recalling stories of the colonies.

We have enrolled in the Red Cross. We have received our pins, a very nice calendar and every month we receive the Red Cross magazine which is very helpful to us.

We had a Columbus Day program when we had our health meeting October 14. We had a Columbus project in the sandbox. We added stories, poems and clippings to our Columbus scrapbook.

We have been making fall pictures for Art, also some Halloween greeting cards and pictures.

We are making plans for our 9th Annual Fair and Dance which will be held Nov. 10 at Mannie Sed's, Pleasant Lake. We are all anxious to make some donation. We are hoping to have a big crowd and make it a success.

On Monday we had a Halloween party. Our teacher brought us our dinner, which was hot dogs, jello, cakes, and sweet cider.

JUNIOR FARM BUREAU NEWS

The second meeting of the Junior Farm Bureau was held October 25 at the North Lake church. The meeting was opened by electing the following officers: Gordon Van Riper, president; George Brettschneider, vice-president; Elsie Mester, secretary and treasurer; and Virginia Van Riper, publicity editor. The constitution was discussed and voted on. The meeting was closed and games were played, and later a lunch was served. There were 25 present.

Saturday afternoon at one o'clock the following members went to East Lansing to talk over station WKAR: Gordon Van Riper, Robert Gilbert, Elsie Mester, Mrs. Katherine Brettschneider, Monica McKernan, Rose Mary Bollinger, Junior Colby, Alvin Rettig, Irene Stofor, Beatrice Hawkins, Virginia Gilbert, Geraldine Carr and Virginia Van Riper. The subject that was talked on was "The Junior Farm Bureau" and they were interviewed by "Elmer".

Saturday evening a party was held at the Lyndon town hall. Games were played and lunch was served to forty boys and girls.

There is to be a convention November 11 at East Lansing, sponsored by the Junior Farm Bureau. There will be an all day entertainment and banquet and dance in the evening. You may get your ticket from Gordon Van Riper before November 9.

The next Junior Farm Bureau meeting will be held November 8 at the North Lake church. All the young people from the age of 17 to 30 are invited to join. There will also be a pot-luck lunch. Come one, come all!

Here's one worth going after!

COMING at you, it looks like a million. Going away, it looks like good fortune you've missed. A lot of fussy care went into the way it looks from the rear—you know, that's the angle from which it's oftenest seen. Going or coming, it moves like a honey bee about its business. Better look quick if you want to see it—one sudden "two-o-o-sh!" and it's gone! How about it—is this stunning 1939 Buick really as lively as it looks? Well, just try it and see—you'll find it the car and the value of the year!

Maybe a bullet gets off faster. You'll see the world—lots of it—for this slightly Buick now parades the passing panorama through windows with up to 413 more square inches of outlook than before. Other things you'll like: A gearshift out of knee-way. Front wheels that "bank" the curves for you. Brakes that stop on a dime—and leave nine cents change. Go see this lovely lively traveler. Drive it—feel its

Maybe a rabbit can beat it on the jump or a skyliner lead it from point to point. But you'll never want a highway cruiser that answers quicker to the green light's "go"—that slips more deftly through the holes in traffic—that with keener relish eats up the miles. That bonnet houses a full complement of eight cylinders, and Dynaflex cylinders at that. All four wheels dance on Buick Coil springing of stout spiraled steel; no quiver or shiver shakes the luxurious body in its flight.

magic yourself, first-hand. You'll find it beautiful in action as in aspect—you'll go for the way it goes for you. You'll find it obedient and willing, a car that holds its marks in crosswinds, bears sharp around curves without slide or slew. In fine—we think you'll like all of it—from its looks to the way it lives up to them. Won't you try it out—and see?

IS MICHIGAN HEADED for BANKRUPTCY?

LET'S CONSIDER THE FACTS

(1) State payrolls increased more than \$9,000,000 in 18 months—the greatest boost of tax-supported wages in Michigan history. Lack of building space at Lansing for Murphy's job army has even forced several agencies to move to Detroit.

(2) Steadily mounting deficit in the state treasury. On January 1, 1937, the treasury had a cash balance of \$8,775,000. On June 30, 1938—18 months later, the officially admitted deficit was \$8,741,487—making a red ink total on June 30, of \$17,000,000 UPWARD. And this does not include, in any way, the millions appropriated by the legislature at the special session in August for welfare needs. TODAY the Murphy deficit is somewhere between \$20,000,000 and \$30,000,000, and mounting every day!

What are YOU going to do about it? Old Age pensions have been reduced because tax money has been squandered! Wouldn't it be better for the unemployed to have adequate state funds for their needs, and what is more important, honest-to-goodness jobs in industry and business?

Restore Sound Government to Michigan! Restore business confidence by the American way! Michigan workers are not satisfied with only the Dela; they are entitled to real jobs.

MORTGAGE SALE

Whereas, default has been made in the payment of the monies secured by mortgage dated May 6th, 1928, executed by Carl Stoll and Amelia B. Stoll, husband and wife of the City of Ann Arbor, Michigan, to Flora Duncan, of the same place, which mortgage was recorded in the Office of the Register of Deeds for Washtenaw County, Michigan, in Liber 182 of Mortgages on Page 407, on the 8th day of May, 1928, at 11:10 A. M.; and Whereas, the said Flora Duncan died leaving a Last Will and Testament and Codicil, and the same was duly admitted to Probate in the Probate Court for the County of Washtenaw, Michigan, and a certified copy thereof is recorded in the Office of the Register of Deeds for Washtenaw County, Michigan, in Liber 274 of Wills on Page 446;

And Whereas, said Estate has been duly administered and a certified copy of the order assigning residue including said mortgage, to William G. Duncan, Raymond E. Duncan, and William G. Duncan, Trustees of Flora Coldbridge Roth and Bessie Coldbridge, was duly recorded in the Office of the Register of Deeds for Washtenaw County, Michigan, in Liber 820 of Deeds on Page 151;

And Whereas, said default has continued for more than thirty days; and Whereas, the amount claimed due on said mortgage at the date of this notice, is the sum of Thirty-two hundred (\$3200.00) Dollars principal, and Two Hundred Forty-Five and 88/100 (\$245.88) Dollars interest to this date, and the sum of Thirty-Five (\$35.00) Dollars Attorney fee, provided in said mortgage, and the whole amount claimed to be due and unpaid on said mortgage, including Attorney fee, is the sum of Thirty-Four Hundred Eighty and 88/100 (\$3480.88) Dollars, and no suit or proceeding having been instituted at law to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative.

Now, Therefore, notice is hereby given that by virtue of the power of sale, and in pursuance of the Statute in such case made and provided, that said mortgage will be foreclosed by a sale of the premises therein described, at public auction, to the highest bidder, at the south front door of the Court House in the City of Ann Arbor, Washtenaw County, Michigan, that being the place where the Circuit Court for the County of Washtenaw, Michigan, is held, on the 25th day of November, A. D. 1938, at ten o'clock in the forenoon of said day; which said premises are described in said mortgage as all that certain piece or parcel of land, situate and being in the City of Ann Arbor, County of Washtenaw, State of Michigan, known and described as:

Lot number sixty-three (63) of White's Addition to the City of Ann Arbor, Michigan, according to the recorded plat thereof.

And it is part of the consideration of this deed that no part of any building to be erected on said described property shall stand nearer than 25 feet to the west line of Thayer Street, now White Street, providing however that this shall not prevent the erection of an open porch or steps of approach to such building on said Thayer Street.

Daddy of the Holidays

It is to King Edgar that we owe the holidays which fall at Easter, Whitsun, and Christmas, as well as our half-holidays, such as Saturdays, observes a writer in London-Tit-Bits magazine. King Edgar lived in the Tenth century and was responsible for many sane laws and reforms. In his day noon was about three in the afternoon, at which hour Nones were recited. Later Nones were moved to midday and periodically the people were given a half-holiday for the purpose of praying. Unfortunately in time religious observance gave way to boisterous revelry, and the authorities stopped the weekly half-holiday. It was not until the Nineteenth century that half-holidays and certain festivals were observed.

HOLD HALLOWEEN PARTY
The Junior and Senior Pilgrim Fellowship groups of the Congregational church held their annual Halloween party in the church dining room last Friday evening. A pot-luck supper was served to about forty members, at tables decorated in keeping with the Halloween season, and light was provided by lighted candles, tiny pumpkins being used for candleholders. Following the supper Matthew McGuffigan presided at the program, which included group singing, stunts, and discussion. Jane McGuffigan was in charge of games and contests which followed, and prizes were awarded the winners. At the close of the entertainment officers for the ensuing year were elected as follows: President—Doris Allhouse, Vice-Pres.—Kathryn Barber, Secretary—Mary May, Treasurer—Russell Olson.

Use of Glass Fiber
As far back as the Fourteenth century, the Venetians produced glass fiber. In 1892 an American glass company manufactured a dress of silk fabric interwoven with strands of glass thread, and exhibited it at the Columbian exposition.

AMERICA VOTES

● In every state but Maine, November 8 is election day; your chance to say "Yes" or "No" to the government.

Throughout the country, times like the above form each election day as America exercises its franchise. Few citizens appreciate this right: too many complain about government and then do nothing about it. The above picture was taken at a New York polling place, where election machinery must be geared to accommodate a gigantic vote.

To tabulate New York's 2,000,000 votes, a special corps of canvassers require 15 days. But this is only for the official count. By midnight on election day, thanks to mechanical voting devices, New York can tell who is winning. Similarly, in national elections, trends can be determined a few hours after the polls close. Newspapers and press associations work all night at a frenzied pace, and by morning their readers know the outcome. A hundred years ago, national election results were not known for weeks.

Despite elaborate mechanism in larger cities, the bulk of America's votes are cast in small towns. Some voting precincts are so small that the polls close within a few hours after opening. Others complete their ballot in a few minutes, taking delight in being the first precinct to report.

Gordon Setters Intelligent
Gordon setters are famed for their intelligence or, rather, completely understanding of humans. Many have stopped arguments by jumping between the quarrelers. The big black and tan dogs were developed by the Scotch duke of Gordon, says a writer in the Washington Post. They are used chiefly for hunting. In retrieving, they are more careful than any other dog, never mangle fallen game. Hard to anger, they are the fiercest of all fighting dogs when enraged. Facing danger, their courage is unwavering.

Indians as Filibusters
Filibusters must have inherited the practice from the Indians. It was custom among the redskins that when one of them began speaking at a meeting, he dare not be interrupted—no matter if he talked for hours and hours. Some of them were as longwinded as our politicians.

Early Description of Wrestling
The earliest written description of a wrestling match was probably that of the bout between Odysseus and Ajax in the twenty-third book of the Iliad.
