Dog Quarantine Will Be Effective April 1

The state commissioners of health and agriculture have released orders for a dog quarantine in the southern 47 counties of Michigan, to become effective April 1 and continue for an indefinite period, until the epidemic of rabies has subsided. The order covers only those units below the Manistee-Iosco line.

Commissioner Elmer A. Beamer explains that there is little rabies in the northern counties, most of it resulting from the importation of dogs from the south, and that the quarantine can be extended to the north or rules to prevent moving of dogs in the area can be established without quarantine.

Under terms of the declaration, all dogs in the southern area must be confined or muzzled and no dogs may be brought into or taken out of the area. It is believed six months of the quarantine may bring the disease well under control, so that the restrictions may be lifted in time for the hunting season.

Regulations for the quarantine have not yet been formulated, but it will undoubtedly be required that dogs be absolutely under the control of the owner when on home premises and on a leash when taken from the property. Also, strict rules will be made restricting the transfer of dogs into and out of the quarantined area.

Revised Statement of Village Is Published

A complete statement of the financial affairs of the Village of Chelsea from March 1, when the annual report was published, to March 16, when the new administration took over the business of the Village, is being published on another page of this issue of The Standard.

According to President Alfred D. Mayer, this action has been approved by the council in order to give taxpayers of the Village a true picture of the condition of the treasury when the administration changed hands.

After Easter, What?

By Rev. Ray W. Barber
Pastor Congregational Church
Easter now being past, some church members will undoubtedly act as though everything that is going to happen has already come to pass. They will drop back into the lethargy from which they wakened twice a year, at Christmas and at Easter.

There is a cartoon in the last issue of Newsweek, which shows a great church in the midst of its worship on Sunday morning. But only one worshiper is present. The usher is leaning over the lone attendant, and whispering in his ear, "Beg pardon, sir. Aren't you in the wrong church?" Easter was LAST Sunday.

This does remind us of some church members. Christmas begins their church year. Easter ends it. There is nothing in between. Either way. Certainly not between Easter and Christmas.

We are concerned just now with the period immediately following the Easter celebration. Easter does not end all. After Easter, what? Why, after Easter there are the innumerable common acts of worship, fellowship and service that go to make up the correct ordering of the Christian life. There are services of worship to be attended. There are acts of fellowship to be encouraged. There are deeds of Christian service to be performed. Indeed, Easter, which comes but once a year, has no meaning apart from the Christian life that is to be lived the year around.

After Easter, what? Why after Easter comes that part of the Church year reaching forward to Pentecost. Pentecost is the anniversary of the enabling act of God by which the Church of Jesus came alive with the power of the descending Spirit. Pentecost is the reminder that the Church is not helpless in a materialistic world. It can be the power of God unto salvation for men and the ways of men.

After Easter, what? Why after Easter, the Church. The Church is greater than any of its holy days. The Church is greater than any of its acts. The Church is greater than any of its parts. The Church is greater than its history. The Church is greater than its achievements. The Church, the living presence of God, is among us, waiting for our continued devotion and service. Waiting to lead men to God. Waiting to challenge the conscience to Christ-like action. Waiting to engage us in deeds of mercy and acts of righteousness.

After Easter, what? Why, after Easter, everything!

Large Shop Building Approved for Cassidy

By Cassidy Lake Tech. School Correspondent

Word was received Tuesday from Orin W. Kaye, State Administrator of the National Youth Administration, Lansing, that official approval has been granted our application for a new general shop building. Quite naturally, everyone here at camp is exceptionally elated. The addition of this new general shop will make Cassidy Lake this outstanding school of its kind in the country.

Work is scheduled to begin April 1, with the completion date set for July 1. It will be readily seen that we have set ourselves to no small task because this new shop measures approximately 180 ft. by 80 ft. This building is to be made of cement blocks with a full non-supported wood truss starting from a 12 ft. 6-inch "plate" height. The cement blocks, some twelve thousand, were made last fall and are ready for use.

The work will be done entirely by the youth here at camp with experts assisting only in a supervisory capacity.

Once again "Cassidy" feels particularly proud of its existence, proud of its aims and achievements, and proud of what it is doing to help the youth of Michigan.

Farmers Get Ag School Achievement Awards

The Chelsea high school agricultural evening class held its last meeting on Tuesday evening in the gymnasium of the high school.

This meeting was an achievement banquet held in cooperation with the Chelsea F. F. A. Eleven farmers had attended enough meetings to be eligible for achievement certificates issued by the State Board of Control for Vocational Education.

Farmers who received certificates are Roy Ives, Dwight Hays, George Brettschneider, Henry Heim, Cecil Galbreath, Max Hepburn, William Hepburn, Duane Rowe, Kenneth Proctor, A. N. Schweinfurth and Joseph Kastl. Besides these men 26 others have attended classes covering phases of farming of special interest to them.

Five F. F. A. boys were given awards for outstanding projects in vocational agriculture. The following awards were given: Donald Cook, best senior project program; N. H. Miles, best junior project program; Roy Broesamle, best crops project; Gerald Heurion, best dairy project, and Loren Koengeter, best livestock project.

The program for the banquet also included music by the swing band, introduction of officers of the evening school and the F. F. A. The program was concluded by a moving picture on the development of baseball. Roy Wallis of Durand, former agriculture teacher here, presided as toastmaster.

Michigan Leads In Sale Of Hunting Licenses

More hunting licenses are sold in Michigan, than in any other state in the nation, according to the U. S. bureau of biological survey, which has just completed its national compilation for 1939.

Michigan's national lead of 682,605 licensed hunters is followed by Pennsylvania's 661,443 and New York's 657,810. Ohio was fourth with 565,104, and Indiana fifth with 389,092.

Some 7,500,000 sportsmen in the country bought 1938 hunting licenses, and the income to the states, together with federal income from sale of more than a million duck stamps, brought to \$13,500,000 the revenue from this source. Returns reflect an increase in the number of hunters since 1935 of almost a million a year, the survey reports.

State revenue from hunting licenses in Michigan was \$932,660, a figure exceeded by both Pennsylvania and New York.

Michigan ranked fourth in the sale of hunting licenses to non-residents, with 3,680 sold. Pennsylvania licensed 7,584 non-residents; Maine, 5,106; and New York, 4,244.

PLYMOUTH—There has been but once during this entire winter when the mercury in thermometers in Plymouth dropped to a point below zero, and that was only for a short time and it did not go more than three or four below. But oldest inhabitants do not recall a time when the ice has been thicker on the lakes than this winter. On Newburg lake and some others, it has varied from 22 inches to 26 inches thick. Walled Lake is said to have been nearly 30 inches thick in places. Even now the ice is more than 20 inches thick on most lakes about here. The great thickness of the ice in this part of Michigan is explained by the fact that the weather has been below freezing most of the time and there has been an exceedingly small amount of snowfall to cover the ice.

HOWELL—The colored motion pictures and lectures on Finland and Lapland given in Howell and neighboring communities last fall by Francis R. Line of Ontario, California, have proved to be among the most sought after programs in California this year, according to the Hollywood Artists Bureau, which has been managing the Line's program in the west.

The Line's film was the last colored motion picture to have been made in Finland before the destruction of many of the buildings and cities which it depicts, and has been widely declared to be the most comprehensive picture ever made of Finland. One of their showings was before film executives and motion picture personalities at the Uplifter's Club, and as a result, a subsidiary of Warner Brothers Studios has just concluded a contract with the Lines for the national release of their Finnish motion picture, Line spent two weeks at the Warner Bros. Studios preparing a sound track for the film, to contain his commentary, incidental music, etc.—County Press.

Help Promote Safety—Dim Your Lights When Passing.

IN OTHER, blunter words, why be satisfied to trail?

Why buy a car that's content to follow along—when little, if any, more money will put you in a Buick up where the banners are flying?

For as five minutes on any busy street corner will show you, this year's automotive style pattern was cut by Buick a good twelve months ago.

This year's performance tempo was

Prices begin at \$895 for Business Coupe—Sedan prices start at \$955—

*delivered at Flint, Mich. Transportation based on rail rates, state and local taxes (if any), optional equipment, and accessories—extra. Prices subject to change without notice.

set two years back when the Buick Dynaflex engine appeared.

And this year's comfort standards still have some catching up to do to equal Buick's combination of four coil springs, recoil-mounted Knee-Action, the SUPER's five-foot front seat room and Foamtex cushions.

Eventually, perhaps, others may find a way to micropoise-balance engines after assembly in search of Buick's present silky smoothness.

They may get around to making Two-Way Direction Signals standard equipment instead of extras; they may heavy-up their frames, and generally seek to equal Buick's staunchness.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Meantime you'll have those Buick blessings to enjoy.

You'll step out front at the touch of an eager treadle, swing through the gear changes with light-and-easy finger-flicking, pilot a joyous traveler that's equally ready for work or play, and does everything with ease matched only by its smartness.

You'll drive the style-leader, the comfort-leader, the value-leader—a car full of things that will still be "new" a good two years from now.

And as a visit to your Buick dealer will show, you'll get it at prices like those you find on the sixes.

That gives you something real to look into. Start looking early — to get in on all the fun.

GOOD OLD SPRINGTIME!

The old saying "A Green Christmas a White Easter" was true this year. On Christmas day there was no snow and the thermometer was in the thirties. On Easter the thermometers registered about 6 degrees above zero and in the afternoon the highest was 24 degrees. A beautiful sunny day with a biting cold wind from the north. Last week there were two heavy snowfalls. The first was three and a half inches, the second three inches, and on Tuesday night of this week a four-inch fall. There has been more snow the past week than fell all winter. On Tuesday afternoon the low temperature of the past several days was broken when the thermometer reached the high thirties.

No Road Maps

In studying the problem of penetration of fog by means of various forms of light, a U. S. army officer, Lieut. Col. H. C. Davidson of the army air corps, had a first-hand glimpse of bird flight habits. Ascending in a captive balloon over London with a British officer, Colonel Davidson found that hundreds of birds were flying around the fog, which was only 1,600 feet thick. Strangely enough, those birds skilled in navigation, such as sea gulls, all seemed to know where they were going and headed in one direction. The others, such as starlings, were flying around in circles, greatly confused because the land was blotted out.

The Hi-Light

Edited By The PUPILS OF THE CHELSEA PUBLIC SCHOOL

Seniors

At last, the Seniors are getting into the excitement after the long and hard struggle in making the play a success. They are having a dance. It will be April 12 and this dance will be an invitation dance. If you are interested in coming, see a Senior.

We haven't as yet picked our orchestra to watch for further information on this.

WOOL MAN TO VISIT CHELSEA

Mr. Hitchcock, of the Michigan wool cooperative marketing association, will be at Chelsea sometime next week to work with the farmers of this vicinity on cooperative wool marketing. Mr. Hitchcock will visit the farmers at their homes.

The Chelsea F. F. A. will be the agents for the Michigan wool marketing association in the Chelsea district. The association makes three wool payments during the year.

MUSIC NEWS

Members of the fourth, fifth and sixth grades have begun work this week on "The Adventures of Pinocchio", a three-act operetta arranged by Grant Schaefer from the colorful Italian folk story of the same name by Collodi. The operetta will be presented on Thursday evening, May 23, in the high school gymnasium. Cast and chorus members have already been chosen and will be announced at a later date.

High school chorus members are busily engaged in the preparation of numbers both for the high school spring concert on Friday, May 10, and the district chorus festival on May 16. This necessitates the learning of two entirely different groups of selections and represents choral work accomplished by the girls' chorus, boys' chorus and mixed chorus since the Christmas holidays.

Home Ec. Club

At our last meeting we started out with some good news, pertaining to the high school day at Michigan State College. It is considered very important, and something full of fun and learning. If you want to find out more about this event come to the next meeting on April 8, after spring vacation. Also, we are going to pull some more good things from the bag that will interest you.

Another bit of news which was decided upon was our motto, "Good, better, best, we'll never let it rest until the good is better, and better best." Do you like it? The girls at the meeting thought it was grand.

One more important thing brought up in the meeting was a survey of the people in town who would like to have high school girls work for their board and room this year and next. If anybody is interested please let the school or the Home Ec. Club, sponsored by Miss Muzzall, know.

Model Convention

On Saturday, March 16 several Seniors went to a Model Democratic Convention at Kalamazoo. This is held every four years. It is carried on in the same way in which the regular National conventions are conducted. Each student was a delegate and there were approximately as many delegates in each state as in the regular National convention. The students from Chelsea represented the State of Michigan.

At nine o'clock in the morning registration began at Hoben Lounge, and at ten o'clock registration moved to Tredway Gymnasium. About 10:30 the morning session was called to order by the presiding officer. At 12:20 the convention adjourned for luncheon after which the convention was again called to order by the permanent chairman. At four o'clock the convention was adjourned.

After this there was a tea at Welles, Hoben and Trowbridge halls. This was followed by a campus tour.

At six o'clock the convention banquet was held and at 7:30 the evening session was again called to order. The convention adjourned at 9:00 o'clock.

The candidates who were up for nomination were Roosevelt, McNutt, Hull, Wheeler, Fairley, Mrs. Eleanor Roosevelt and Garner. One representative from each state could make a ten minute nomination speech which was followed by a five minute demonstration. After all candidates had been nominated, a five minute speech could be given by another state to second the nomination of a candidate. In the evening the candidates were

voted for with Hull receiving the nomination.

A very enjoyable day was spent by all who went and they also recommend that everyone who has a chance should go to the next convention.

Elementary News

Seventh Grade

(Last week's news)
On March 7 we voted to have a class president, vice-president, secretary, treasurer, and a jury. Reynolds Wals was voted for president, Marjorie Gilson, vice-president; Eva Geddes, secretary; and Ileen Loeffler, treasurer.

We held our first meeting on March 8. We voted to have class dues of five cents a week with check to pay our way to Greenfield Village at the end of the year. We also discussed the covering of our desks.

On Friday, March 8 a boy from our room had the experience of losing part of his dinner. His locker door had been opened and his bottle of milk fell out and broke.

Spelling Bee

The annual spelling bee was begun in Michigan on March 15, when spelling teams of ten members and a room champion were chosen by each grade from the fifth through the eighth. Fifth grade here has a champion in Robert Daniels, while Barbara Eaton, Eva Geddes and Mary Chriswell were selected from grades six, seven and eight respectively.

On March 29 at 3:15 a school champion will be chosen from the forty members of the four teams. At that time, we hope all of our parents will be present to hear us spell.

The winner of the school spelling bee will share in a district bee, the winner of which will go to the metropolitan bee to be held in Detroit. Substantial prizes go to all winners.

The seventh grade spelling team consists of Eva Geddes, Naida Olson, Phyllis Hopper, Ileen Loeffler, Marjorie Gilson, Yvonne Doolittle, Donna Barman, Robert Reed, Willard Eisenman, Mary Lou Platt, with James Gaunt, Donald Eisenman and Willard Carlson as first, second and third alternates.
