## Red Cross Will Raise Huge War Relief Sum

Washtenaw county's drive for funds to aid in the American Red Cross campaign to raise \$10,000,000 for European war sufferers was launched at a meeting of the directors of the Washtenaw county chapter, held in Ann Arbor on Tuesday night.

This county's quota is \$3,200.00. Local Red Cross officials ask that everyone be generous in their support of this worthy cause and that contributions be taken to the Chelsea State Bank.

Gilbert W. Fletcher, chairman of the county chapter, received the following wire from Norman H. Davis, national chairman of the Red Cross, relative to the drive for war relief funds:

"With the invasion of Holland, Belgium and Luxembourg, the war has entered a phase which will inevitably and at once bring widespread and appalling suffering to millions of helpless men, women and children.

"In order to inaugurate widespread relief measures, the American Red Cross is at once launching a campaign for a minimum war relief fund of ten million dollars. Your chapter quota is \$3,200.

"Please at once mobilize the entire leadership of your chapter and community in order that your quota may be raised and exceeded without delay."

## Bones of Pre-Historic Monster Unearthed

While Verne Combs was plowing on the Methodist Old People's Home property Monday he unearthed several bones and teeth which are believed to be the remains of a pre-historic monster which have worked up through the marsh where they were discovered.

A number of vertebrae, long bones believed to be ribs, and other pieces were among the find. The crown of a large rough tooth, with the appearance of highly polished ivory, measuring about 6x8 inches, is on display at Burg's Corner Drug Store.

Dr. H. A. Leeson, superintendent at the Methodist Home, expects to notify the University of Michigan and it is probable that some excavations will be attempted in an effort to determine the nature of the monster.

NORMAN MAYER INJURED  
Norman Mayer is in St. Joseph's Mercy hospital, Ann Arbor, as the result of injuries received early Wednesday morning, when his automobile collided with a truck of the Hays Cartage Co. on US-12, between Hart's Garage and the Joan-Ligbeck home, southwest of Chelsea. The truck was traveling west, while Mayer was driving east. Mayer received a broken leg, cuts about the face, and possible internal injuries.

Mrs. F. W. Merkel underwent a major operation at St. Joseph's Mercy hospital, Ann Arbor, on Wednesday.

## Funds Collected At Tag Day Saturday Go To Uniform Fund

By permission of the Village Council, Saturday, May 18 will be "Tag Day for Band Uniforms." After several meetings of the Band and Orchestra Parents' Association, it has been decided that the Chelsea High School Band must have new uniforms. The old uniforms which are now being used are not only worn out but completely outmoded. This type of suit-cape, sweater, and white skirt or trousers—were in style fifteen years ago but have been displaced in most schools by the military type of band uniform.

In many communities the school board buys the uniforms for all members of the band without question, just as it buys athletic uniforms and equipment. The Chelsea Board of Education has informed the Parents' association that because of the cost of the new addition to the school, they cannot assume this expense. The Parents' association therefore is undertaking to raise \$520 to outfit the school band so that it may take its place among the schools of the League and before the citizens of this community with pride and confidence.

This is a very large undertaking, but with what is already in the treasury, the association will have at least half of this fund before school is out in June, and the members of the band will be measured and the uniforms ordered for fall use.

The uniform will consist of a double-breasted, semi-fitted military jacket in a fine quality wool, with navy blue cap, both trimmed with braid. For the first year white duck trousers will be worn by both girls and boys with this jacket and cap. The Parents' association plans to buy trousers to match as soon as possible financially.

The Band and Orchestra Parents' association is confident that the citizens of Chelsea and environs will be most generous in their donations on "Tag Day, for Chelsea enjoys its band in the parades, in festivals and concerts, as well as at athletic games.

## Passing of a Landmark

By Miss Lillie Wackenhut  
One of the oldest landmarks of Chelsea, the "Little White School House" at the rear of St. Paul's Evangelical church, on East Summit St., has been sold to Robert Lantis and is being wrecked this week to make room for a modern new hall to be built on its site.

The schoolhouse was built shortly after the erection of St. Paul's church, which was dedicated in 1868. It is a frame structure, heated by a stove, the furniture including the first organ used in St. Paul's church and the old walnut desk used by all pastors for confirmation instructions. About 12 years ago a piano was purchased.

Wrecking of the school closes about 70 years of youthful service, where confirmation instructions were given to 525 children by the following pastors: Rev. G. Robertus, Rev. C. Haag, Rev. G. Eisen, Rev. L. Keelbing, Rev. A. Schoen, Rev. G. Krause and Rev. P. H. Grabowski.

The Beginners' department, which held its meetings in the schoolhouse, was organized in 1909 by Miss Lillie Wackenhut, who has been superintendent and teacher continuously since that time; and Mrs. J. N. Stricker, who assisted as organist, still holds that position—which brings regret and heartache at the fazing of the school.

A farewell program was held Sunday morning in connection with Mother's Day, and a special feature was the celebration of three birthdays: Duane Satterthwaite, Donna Hinderer and Gerald Lofman. Candy was served to the children. The assisting teachers are Mrs. William Beach and Mrs. O. Walker. Through the kind hospitality of Mr. and Mrs. P. G. Scheible, the Beginners' class will hold their meetings at their home while the new hall is being built. The class has an enrollment of 27 members.

Other features that took place in the school were the choir rehearsals for 30 years under the direction of Paul Niehaus, and the Junior choir, recently organized, under the direction of Mrs. Dora Kayser.

Many other functions have taken place in that Little White School, the memory of which will never be forgotten.

## Plans Are Outlined for Local Softball League

Managers of the softball teams in Chelsea met at the Chelsea public school on Thursday evening to outline plans for the season. Some of the teams originally announced as entering the League have withdrawn and others have been added, which leaves six teams in the League. The teams and managers are as follows: Chelsea Spring Co., R. King; Spaulding Chevrolet, R. Spaulding; Hanked Hi-Speed, E. Hanked; Federal Screw Works, J. Parsons; Cassidy Lake Tech, Hubert Johnson; Cassidy Lake Faculty, Mr. Prime.

The following rules were agreed upon by this group:  
Games are to be played on Monday, Tuesday and Thursday nights, with playoffs on Friday nights.

All games are to start at 6:30 p. m., with 7:45 as the deadline for any game to start. Any team not having seven players on the field by this time will forfeit the game.

The season is to be 15 weeks in length with the Shaughnessy playoffs at the end of the season. Teams are limited to 15 players and no additions can be made after June 1. Players starting with one team cannot change to other teams.

Umpires will be furnished by non-participating teams.  
Spikes not over 3/8 inch and rounded points can be used.

Each team is to furnish one ball which must meet with the approval of the umpire.  
All games are to be played according to the 1940 softball rules.

There will be a meeting of the managers above Kolb's Restaurant at 8:00 p. m. Monday night.

The season was not opened Monday evening on account of rain, and on Tuesday night the Federal Screw Works and Cassidy Lake Tech teams were forced to call their game on account of darkness in the seventh inning, with a tie score of 14 all.

The schedule of games for tonight and the next week are as follows:  
Thursday—Cassidy Lake Faculty vs. Hi-Speed.  
Friday—Spaulding Chevrolet vs. Chelsea Spring (postponed game).  
Monday—Cassidy Lake Tech vs. Chelsea Spring.  
Tuesday—Cassidy Lake Faculty vs. Spaulding Chevrolet.

**Glider Has Test**

The aviation group and a number of supervisors gathered at the Jackson Municipal Airport on Tuesday morning, May 7, to witness the testing of the Michigan National Youth Administration's new Bowlius sailplane, "The Spirit of Youth."  
 The sailplane was piloted through its tests by Ted Bellak, world famous glider and sailplane enthusiast. "The Spirit of Youth" took the aeronautics class of Cassidy Lake Technical school, approximately six months to build. Government inspectors said that the ship was a masterpiece of craftsmanship.

A jig was first constructed for the purpose of holding the wings in proper alignment. This had to be accurate, each piece in its exact position, nailed and glued, to insure strength and accuracy. Each piece was carefully examined; the work passed inspection.

With the wings completed, the work moved smoothly along and was ready for final inspection which was done by a Civil Aeronautics Authority inspec-

The flying test was passed Tuesday with flying colors at Jackson. Ted Bellak was complimented on the expert guidance he had given.

After instruction on a primary glider, the students themselves hope to fly the ship they built. Bellak tested the sailplane for horizontal, vertical and longitudinal stability. The ship was towed behind an automobile with eight hundred feet of launching cable until it reached the approximate altitude of five hundred feet. Bellak stated that the ship reached the maximum speed of fifty-five miles per hour. Mr. Bellak piloted "The Spirit of Youth" on several other flights on Tuesday.

Among the spectators present at the field were such prominent men as Orrin W. Kaye, State Administrator, National Youth Administration, Detroit; Kirby, from Lansing, NYA officer; H. Hulbert, president of the Audubon Society; and Fred Beach of the NYA State Engineering office; Donald L. Miller, director of Cassidy Lake Technical school and several newspaper and state reporters and photographers.

Bellak, who gained national fame with his flight last year over Lake Michigan, was loud in his praise of the glider. "The boys followed instructions well and did a good job. I've been in gliders that were not constructed as well as this one. I think it is an excellent job in every way."

Thursday, April 25 was the opening day of Cassidy Lake Softball League. Mr. Miller threw the first ball to start the two games which were featured in the opening. "B" group took "A" in a real thriller, the "B" group, behind the fine pitching of Johnson finally winning out by the score of 12 to 11. The batteries for this game were Dains and Yaw for the losers, with Johnson and Somerville working for the winners.

In the other game of the evening "G" group showed power in taking "H" group by the basketball score of 27 to 16. The batteries for this game were for "G" group, Breckner and Bease; for "H" group, Baumgras and Dean.

In what proved to be the best game

played this season, "B" group lost a heartbreaker to "C" group, 2 to 0. This game was a pitching duel between Satterlee of "C" group and Johnson of "B" group. Both pitchers had exceptionally good support in the field. "C" group scored both of their runs in the first inning. The catchers in this game were Gurney for the winners and Sommerville for the losers. Both were outstanding for their teams.

**Radio News**

Dash-dot-dash-dot—soon these familiar signals will be broadcast to all parts of the country by the Cassidy Sky Rider Club's station. George Klais received his amateur license and his call number is WSUTH. He is the trustee of the station and will be in full charge of the station at all times. All the boys are inspired by George's fine work and are working hard so that they can get their license in a short time. In order to receive an amateur license the boys must pass difficult qualifications set by the Federal Communications Commission. A license is issued for three years. The new receiver that will be used at the station has arrived during the past week. It is a Sky Rider Super De-fiant and covers all important broadcast bands. The antenna, which is a very vital part of the station, is expected to be constructed and erected in a short time.

This Thursday, immediately after the regular afternoon program is completed the boys will go to Lake

Winnewanna where they will have a steak supper and initiate the new members. The program committee has been working during the past week to make a success out of the outing.

Harold Ivins and Sam Bailor attended the ham-feast which was held in Ypsilanti. They saw many new developments in the field of radio and heard talks by well known men in radio. The club's next meeting will be held Thursday, May 16, in the radio shop. Anyone interested is welcome to attend.

Youth Hostel Charter Granted At Waterloo

The Waterloo Youth Hostel has received its official AYH charter for 1940 from the national headquarters of American Youth Hostels, at Northfield, Mass. Members of the committee sponsoring the hostel are: Rev. Darwin Clupper, chairman; Mr. and Mrs. L. L. Gorton. Mr. and Mrs. Gorton Rietmiller, houseparents of the hostel are preparing for a busy season. This hostel is one of 52 hostels in the Great Lakes region, in which were registered 2934 overnights during 1939, according to Justin J. Cline, the AYH fieldworker for this region. Neighboring hostels are located at Ann Arbor.

Hikers, bikers, skiers, boaters—all who travel under their own steam, are welcome at youth hostels, which are generally situated about 15 miles apart along hiking or biking trails and waterways. Hostels are, for the most part, located on farms where the farmer and his wife have converted a barn or extra space in the house into bunkrooms and recreation rooms, and act as "houseparents" to the traveling youth. Besides the AYH pass, the hosteler need bring only a sheet, sleeping sack, and plate, cup, knife, fork and spoon. The hostel provides beds, blankets, and heavy cooking utensils. The charges are twenty-five cents for overnight and five or ten cents for fuel. Most hostelers budget themselves to one dollar a day for food and overnights. The AYH pass, which is recognized by 4700 hostels in 18 countries, costs \$1 for those under twenty-one, \$2 for those over twenty-one.

The founder of the youth-hostel movement was Richard Schirrmann, a school teacher in Central Europe. He took his students out of the smoky city to the clean beauty of the hills and countryside, where he made arrangements for them to stay overnight in neighboring schools and farms. In this way the idea of youth hostels was born. The first European hostel was opened in 1910 in the Castle of Aletsch, a twelfth-century castle. It was not long before hostels were spreading to other countries, gathering recognition and commendation. Educators led the way; peace leaders saw in hosting a practical way to build international friendships.

Youth hosting came to America in 1934, when Isabel and Monroe Smith established the first hostel in Northfield, Mass. Each year has shown an increase in the number of hostels and hostelers, and 209 hostels in 11,146 passholders, and 209 hostels in which were registered 34,782 overnights. Nearly 80 per cent of these young travelers were cyclists; the remaining 20 per cent were hikers, horseback riders, falconers and skiers. "Safe Cycling" is the motto of hostelers who travel by bicycle, and it speaks well for them and for American Youth Hostels, which educates them to the rules for safe cycling, that there were no major accidents throughout the country during the past year.

The year 1940 promises increased hosting in many new areas, for the movement is spreading gradually through orderly national development. It is the hope of American Youth Hostels to make hosting available to all who love the out-of-doors and enjoy the simple and rugged living of youth hosting.

**CONTINUE LOSING STREAK**

By Wayne Van Orman

After losing to Romulus, 8 to 3, last Friday, Chelsea came back to throw quite a scare into Belleville. Although Chelsea was defeated, 4 to 1, she made her best showing of the current season. Up to the fifth inning Belleville failed to get a hit, but in the sixth inning they pounded out 8 singles and a double for a total of 4 runs. Policht was in trouble and only once before the sixth inning and a double play, Rademacher, S. Policht, to White pulled him out of this.

A. Policht was the leading batter for Chelsea, pounding out 2 hits in 3 times at bat. Schneider's double was Chelsea's only extra-base hit. Chelsea will play Saline, here, on Friday.

Little Douglas Sorg, as ring bearer, carried the ring on a satin pillow and Dawn Curtis of Grand Rapids, attired in imported batiste, was flower girl.

A background of ferns and garden flowers formed a setting for the ceremony, flanked with candelabra bearing white tapers. "O Promise Me" was sung by Mrs. Floyd Clum of Hastings, aunt of the bride, who also played the wedding march from Lohengrin.

For her daughter's wedding, Mrs. Dancer wore dusty pink crepe with navy accessories and a corsage of pink and white roses, while Mrs. Hoek, mother of the groom, wore poudre blue crepe and a gardenia corsage.

Edited By The PUPILS OF THE CHELSEA PUBLIC SCHOOL

## Baseball

Friday, May 10, Chelsea boys played at Romulus. The final score was: Chelsea 3 and Romulus 8. Stanley Policht played his first game, getting 3 hits in four times at bat. Chelsea played its best game of the season and we are hoping that the team starts winning.

## Hi-Y Serves Banquet

The meeting of Washtenaw County, Michigan Educational Association was held May 9 at Chelsea high school gymnasium. Dr. H. W. Henderson of the U. of M. delivered an interesting speech to the 100 persons attending the banquet. Dr. Henderson spoke on the rights and wrongs of democracy. The Hi-Y club served the banquet, with the fine cooperation of their mothers.

## Last Day Decisions

Today I saw small groups gathered in various corners, and from their chatter I gathered they were discussing plans for class picnics. The Freshmen, chaperoned by their adviser, Mr. Bust, will journey to Wamples Lake amusement park, where they intend to participate in every available concession. The Sophomores, escorted by Miss Pawloski, are going to Walled Lake. They, too, intend to enjoy the amusements, especially the roller-coaster. The Juniors are as yet undecided, but they hope to salvage enough money from the Junior-Senior Reception to finance a picnic. The Seniors are going to Niagara Falls on a SSS boat, operated by the Youth Organization. I express the wish of all the underclassmen, when I say I hope they have the best time ever.

## Confucius Say

"Gret" Miller has been overtaking her Jr. girlfriends by enjoying the nite-life with L. K. George "Bill" Knickerbocker has finally made known his date for the Jr. Sr. Hop with none other than the president of the Junior class. "Oddity of the week": Nancy F. was at the Jr. play at 8:00 o'clock, while Don was seen hurrying towards Washington St. at the same time. Did they meet or not? There were several church rallies over the week-end and Peg A. blushed every time you mention the one at Clinton. Why, Peg? We would like to know if those "gals" by Carl were friends of his or his sister's? Not bad! Arlene K. had to look cross-eyed to see the play and keep an eye on him. I never saw such good looking stag men in my life as there were Friday

night and I still can't see why they remained so! Martha B. did some high stepping Saturday at a formal at Ypsi. Just ask her!

## CARD OF THANKS

The family of Aelia P. Hopkins gratefully acknowledge and thank their many friends and neighbors for the beautiful floral offerings and their kind expressions of sympathy shown during their recent bereavement—the loss of a dear mother.

## LIMANEERS MEET

A meeting of the Limaneers was held on Thursday at the home of Mrs. George Chapman, with a pot-luck dinner at noon. Readings by Mrs. W. J. Beutler and Mrs. Amy Gentner featured the program and a mixed word contest was won by Mrs. Dorothy Chapman. Ringo was played.

## MORRIS HAMMOND

Morris Hammond, lifelong resident of Grass Lake township, died Friday, May 10. The son of John and Hannah Hammond, he was born August 29, 1860 and was married August 7, 1882, to Anne Plowe, who died January 7, 1932.

He is survived by a grandniece, Mrs. Robert Schulz of Ann Arbor. Funeral services were held at 2:00 o'clock Sunday afternoon at the residence. Rev. Henry W. Lenz officiated, and burial was in East cemetery, Grass Lake.

## SCOUTS RESERVE CABINS

With the opening day of Scout Camp, the weeks away, several Troops have already reserved cabins for their special use for certain weeks during the summer. A group of Scouts from the Rotary Club Troop 46 of Milan have made reservation for the Exchange Log Cabin for the week of July 7 through 12.

A group of Scouts from Troop 62 of Howell have reserved the Howell Rotary Cabin for the week of July 14 through 19. Troop 75 of Ann Arbor has reserved the Howell cabin for the week of July 21 through 26.

It is expected that a large number of Scout Troops will attend camp as groups, although it is possible for individual Scouts to enroll and to be grouped into an artificial patrol.

Scout groups going to camp may choose to bring their own food, paying the small fee of \$2.00 per week or may choose to pay the camp fee of \$3.00 and have all food furnished.

Lansing—Democratic government is like "Alice in Wonderland." It is marked by conditions both contradictory and inconsistent. Little wonder that the average citizen becomes confused. For example—

The State of Michigan collected \$124,037,881 in twelve months ending last June 30 which it promptly turned over to 83 counties. Whose money was this? State or county?

State payrolls totaled \$2,372,681 more in the past fifteen months than in the same period of 1937-38, yet the increase in payrolls can be traced largely to state functions which receive substantial federal aid. Were it not for federal aid requirements, the state payroll would show a decline for 1939 compared with 1938. The increase of payrolls in federal aid departments in this period was \$904,011, unemployment compensation alone was responsible for \$1,250,000 of the \$2,372,681 payroll increase in the past fifteen months, while employment service added \$1,478,000. Only retrenchments in non-federal aid departments kept the increase from being more than it was.

Real Estate Relief

The situation whereby the state returns to local governments such a staggering large sum of money did not develop overnight.

According to Auditor General Vernon J. Brown, the 15-mill tax limitation amendment, adopted in the depression year 1932, is largely responsible for the trend to shift tax responsibility from counties to the state. Convinced that home owners were deserting of tax relief, the legislature enacted a moratorium on foreclosure of mortgages and upon passage of the tax limitation amendment, withdrew all claims to real estate taxation.

A sales tax was adopted as a substitute.

This little tax on transactions became a "hidden tax" because it was merely added to the consumers' purchase price. The consumer paid it in small dribbling amounts, a few pennies here and a few pennies there. The total was never apparent, and not one person in 100,000 ever took the trouble to ascertain how much those tax payments meant to his budget in a year.

Obviously unfair because it imposed an equal burden on all consumers, regardless of their ability to pay, the sales tax nevertheless has become popular with public officials because it has been productive of high revenue, fairly painless to the consumer, and reasonably simple to compute and collect.

"Most Serious Problem" In the judgment of the auditor general

eral whose department has an outstanding record for economy. "The most serious problem which the 1941 legislature must face will be that of either curtailing these grants—or to seek some new source of revenue for support of the ordinary functions of the state, leaving present revenue to be distributed to local units of government."

In Ingham county alone, the home county of the capital city, the state turned over to local governments the astounding total of \$3,281,000 in the following allocations: Schools, \$1,203,000; welfare, \$1,193,000; highways, \$681,000; health, \$171,000; liquor-license revenue (ostensibly for enforcement use) \$29,000.

The obvious difficulty arises when pressure groups cry for more money to be returned to local governments for local services and when the state government seeks more funds to meet growing needs.

Thus, the state builds additions to hospitals but permits the additions to stand idle and unused because it lacks money to buy equipment, employ more attendants and pay higher operation expenses.

And then there is the familiar case of old age pensions for which state officials propose to add a minimum of 25,000 deserving persons to the assistance roll.

If more money could be spared, additional sales taxes could be collected by the state, so recent experiments have shown. Uncollected tax claims totaled \$6,950,000 on March 1 for all state departments, and only a lack of enough auditors to investigate the cases prevents the state from getting more of this revenue for public use. Figure that one out!

## Crippled Children

In 1939 the state legislature, motivated by a belief that a lower ceiling had to be placed on medical expenditures for crippled children (probate judges having formerly had the power to authorize bills which the state was to pay), curtailed appropriations for this purpose.

Immediately the cry was raised that the administration was pursuing economy at the cost of children's lives.

The governor's office for months defended the legislative action. Only this month was a change of heart evidenced following an annual report of the Couzens-endowed Children's Fund of Michigan in which the legislature was charged with "failure to appropriate adequate funds for the treatment of indigent afflicted and crippled children."

ment of indigent afflicted and crippled children."

Here was another illustration which probably had in mind when he declared that the 1941 legislature must either resist demands of local governments for more tax money—or must tap new sources for additional public revenue to meet its own pressing needs.

With a bookkeeping deficit of around \$80,000,000 (the state having borrowed this amount from its own special funds in order to pay operating bills), the situation at Lansing is complicated further. No matter what is done, someone is sure to complain.

**Sales are hitting new highs... so Buick dealers are ready to make swell deals.**

# Wouldn't it be tragic if you missed it!

Buick prices begin at **\$895\*** for Business Coupe (Illustrated)

**JUST** suppose that down the street a dealer had an automobile so close to your heart's desire that it might have been made to your own specifications.

Suppose it had the room you've been wanting—the big, strapping size you'd like—the imposing style and good looks and soul-satisfying luxury of appointment.

Suppose it had all the life and zip and action you could ask for and a big, durable, thrifty power plant that could match even fine watchworks for smoothness.

Suppose you knew that car set the standard for real modernity and value—but just assumed that it must be out of your reach because it was so obviously good!

Wouldn't it be tragic if you passed up that honey—just because you didn't inquire what the prices actually were?

Here and there that's happening, we fear. Happening because people who want Buicks aren't getting the actual facts.

Maybe you didn't know that there are five 1940 Buicks at five different price ranges.

That every one of these has a big, husky, straight-eight engine electrically balanced after assembly by Buick's own exclusive process.

That soft, stout coil springs are found on every one—that every one has recoil-mounted Knee-Action, finger-flick transmission, bona fide Buick styling—features literally counted by the dozen.

Maybe you didn't know, above all, that for Buick SPECIAL models, current prices\* begin as low as \$895. \*for the business coupe, delivered at Flint. That even when you add transportation based on rail rates, state and local taxes (if any), and optional equipment and accessories, delivered prices are the lowest ever on such value.

But all that's true. You can prove it any day by asking for a demonstration that costs nothing, and involves no obligation.

So why take a chance of missing something gorgeously great that could be yours for the trying? Do something, and do it now—go see your Buick dealer!

\*Prices subject to change without notice.

Recently the commercial airlines of the country had completed a year without an accident, injury, or death to the flying public.

What a remarkable record! What an achievement for safety!

Our congratulations go out to the fine pilots, the ground crews, the mechanics who keep these large ships in tune...

Would that our driving public would take notice. Day after day and hour after hour we are smashing cars and injuring people through our own thoughtlessness.

We should strive to equal the record set by the commercial airlines and conduct ourselves in our own cars in such a way that will bring a maximum of safety to all people.

Children In Court

Adults Provide Their Own Entertainment.

Law enforcement officials in a certain city have repeatedly complained that they are unable to suppress the rising amount of juvenile crime within its borders.

An athletic field, which was fenced off and securely locked, except on Saturday afternoons when the high school football team played home games, served as the children's whole source of recreation.

This city prides itself upon the lovely grounds which surround the high school. In fact, the local citizens always point out the school grounds to visitors, with a great deal of civic pride.

Rigid Air Safety Code Benefits U. S. Aviation

One reason for the supremacy of American aviation over foreign rivals is supplied by the fact that the country's commercial air transport companies spend 600 per cent more each year on research, maintenance and inspection than all the rest of the world's airlines.

Rigid safety standards are applied to even seemingly minor items of air equipment by aviation inspection crews. An example of their unusual requirements is found in a report on the development of a new type of plane retaining hose now in use by major air companies having retreating contracts at airports from coast to coast.

Five years of research by scientists of the B. F. Goodrich laboratories went into the perfecting of the new hose which incorporates safeguards against two peculiar aviation problems. An special compound of synthetic rubber was developed for the hose to prevent the natural rubber which has a tendency to disintegrate in contact with gasoline from passing into the motor. The new compound is said by technicians to be completely gas-tight.

Stranded stainless steel wire was used to bind the hose in order that it might resist the high temperatures generated by the friction of air on the plane's surfaces in flight. The hose is conducted harmlessly to the ground through the wire, which is attached to couplings on the tail.
