Hoffmaster Outlines Plans For Recreation

About one hundred farmers from this area attended a meeting at Sylvan town hall Friday afternoon to hear P. J. Hoffmaster, Director of the Michigan Department of Conservation, outline plans for development of the Southeastern Michigan recreational area, which includes a portion of Washtenaw county.

Mr. Hoffmaster explained the need for such a program to provide much-needed recreation for residents of the Detroit metropolitan area who must now go to the northern part of the state for outdoor recreation.

The speaker stated that purchase of productive farms is not planned by the conservation department. He also stated, in answer to questions, that his department has the power to condemn land it wishes to acquire, but that during the past 25 years only two parcels of land have been condemned and that no such action is contemplated in this area.

Contrary to the general belief that a ceiling price has been placed on the land to be purchased, Mr. Hoffmaster said that there is no ceiling, but that an effort will be made to pay all the land is worth, at prices prevailing in the community where the land is purchased.

Development of the Waterloo area was also discussed and Mr. Hoffmaster said that numerous picnic grounds will be ready for public use this summer. Equipment from state parks in the northern part of the state will be brought here, as curtailment of travel has caused a decrease in the number of people using parks in that part of the state.

State Representative Jos. E. Warner of Ypsilanti was also present at the meeting and spoke briefly on the controversial issue of returning a portion of state tax receipts to local governments. Rep. Warner said that at the present time more than 60 per cent of taxes collected by the state are returned to communities for support of schools, and other grants, and he does not favor further refunds.

Supervisor Fred G. Broesamle was in charge of the meeting and introduced the speakers.

Selective Service Will Reclassify Farm Boys

All farm boys having 2-C and 3-C agricultural deferments are to be reclassified by the county Selective Service Board. This will be done on the basis of data in their files together with their farm programs for 1943 and 1944.

Blanks for this purpose were distributed at the meeting held in their honor at Hill Auditorium, Ann Arbor, on Wednesday night. These are to be filled out by the registrant and taken to one of the places most convenient for them. Here they will be checked for completeness, signatures, etc. and will then be submitted to the county agricultural war board who will review them and then file them with the county selective service board.

The meeting hours are 10 to 12 a.m. and 1 to 3 p.m. on the following dates and locations:

Monday, February 21—Manchester, council rooms.
Tuesday, February 22—Chelsea, town hall.
Wednesday, February 23—Lincoln Consolidated school.
Thursday, February 24—Saline, council rooms.
Friday and Saturday, February 25 and 26—Ann Arbor, supervisors' room.

Chelsea's Bond Sales Approach Half-Million

Sales of bonds in the Fourth War Loan Drive continue at a very healthy rate, and Chelsea is well on its way to the half-million mark. The total sales to date are \$440,806.00.

As the emphasis is on "E" bonds, we continue to show the daily figures, as well as those for the early weeks of the drive. They are as follows:

Jan. 1 to 17—224 sales	\$ 7,081.25
Jan. 18 to 24—316 sales	28,487.50
Jan. 25 to 31—430 sales	89,856.25
Feb. 1 to 7—298 sales	30,062.50
Feb. 8 to 14—316 sales	15,152.50
Feb. 15 to 21—316 sales	2,982.50
Feb. 22 to 28—316 sales	3,150.00
Feb. 29 to 3—316 sales	2,888.75
Feb. 4 to 10—316 sales	2,925.00
Feb. 11 to 17—316 sales	9,180.75

Total—1641 sales \$141,077.00

Adding to this the previously reported sales to corporations of \$299,729.00, we have a grand total to date of \$440,806.00 and if you will note the record of daily sales as given above you will recognize that the bond purchasers and Gallants are as active as ever.

The official drive ended on February 15, but all purchases made between January 1 and February 29 will count in this drive, so continue to report to the Gallant who solicited you, the serial number of any bond you purchase between the above dates.

Gallants will hold their report until the end of the month but their reports are to be sent in on or before February 29, so give them your serial numbers as early as possible.

The figure for the number of sales made is especially interesting, and makes one wonder who has not bought a bond. 1641 sales for Chelsea seems like a very healthy figure, certainly averaging well above one bond for each household in this area.

We are not through yet—let's see what we can do between now and the end of this month.

Chelsea War Bond Committee.

Chelsea's Quota \$4000 In Red Cross Drive

Charles R. Henderson, of Ann Arbor, General Chairman of the Campaign Committee, has announced that the 1944 American Red Cross War Fund Drive will begin on March first. The total quota for Washtenaw county is \$92,500.00. Of this amount, Ann Arbor's contribution is set at \$61,500; Chelsea, \$4000; Ypsilanti, \$16,000; Manchester, \$2000; Milan, \$2000; Saline, \$1000; Dexter, \$1000; and rural townships, \$5000.

Through its nation-wide drive the American Red Cross hopes to raise two hundred million dollars. Of this two hundred million, approximately ninety per cent will go directly for service and assistance by the Red Cross to members of the armed forces. Among other things the money will be used for Red Cross service in Army and Navy hospitals at home and abroad, for service in Army and Navy camps and in combat zones, for Red Cross emergency financial assistance to Servicemen, for Servicemen's Clubs overseas, and for service and assistance to U. S. prisoners of war.

7 ways you can help

So great is the demand for Natural Gas in war plants that the government is requesting every family to use it wisely in the home. Here are suggestions for conserving this fuel:

1. Do not heat unused rooms.
2. Turn down thermostat when no one is to be at home.
3. Keep fireplace damper closed when not in use.
4. Push a rug in front of your bedroom door at night before opening the window.
5. Do not use the gas range oven for heating the kitchen.
6. Repair leaky faucets which waste hot water.
7. Do not leave the hot water faucet running while washing your hands.

We promise

At the top of every War Bond you buy are these words:

"The United States promises to pay..."

Those may not sound like such brave words. But actually they are the hope of the world!

THEY ARE a promise by the country to its citizens, but also a promise by the citizens to the country and to the people of the world; a promise that obligations recognized and accepted will be paid in full.

The millions of us who buy those Bonds, do proudly and solemnly promise:

... that partial victory shall not breed the kind of weakening over-confidence which can rob us of complete victory;

... that unity shall rise above all squabbles, and differences;

... that this war shall be fought through to a finish with all that we have and all that we are;

... that the sacrifices of today, and the larger sacrifices of tomorrow, shall be accepted willingly, in the hum-

ble knowledge that they are small when set beside the sacrifices of our men who are fighting;

... that we will not turn our backs on the rest of the world after victory is won; but will reach out the hand of friendship, and assume our proper share of responsibility in seeing that freedom, equality, and orderly justice become possible for all people, everywhere;

... that neither our own fighting men nor any of our allies shall be let down in any way whatsoever now, or in the hard-fighting days to come, or in the peace that will follow victory;

... that we, the people, will dig into our pockets, purses, and savings to make the success of the War Bond program a symbol of our determination.

These things we subscribe to. These things we believe in. These things we promise.

"A DOUGHBOY SPEAKS"

I'm full of damned malaria,
I shake the whole day long;
The quinine's ringing in my ears,
I'm anything but strong;
Mosquito bites all over me,
You'd think I had the itch;
My ears are full of Guinea mud,
My bunk a muddy ditch.

I'm living in a jungle,
It's hot as merry hell;
C rations is my menu,
No cooking can I smell;
For this I get two bucks a day,
And a chance for a little ground
That measures four by six by four,
And a covered grassy mound.

My pal who came down here with me,
The lad was just eighteen,
Got himself a bed he'll never leave—
The coverlet is green.
Another lost an arm;
And hundreds more I do not know,
And now are safe from harm . . .

But when I heard a bunch of guys
Who are safe and far away
Refuse to work because they want
Two dollars more a day,
I only wish we had them here
For just a week or two,
To live in Guinea jungles
And there we'd let them stew.

We'd give them all malaria,
Let mosquitoes have a feast;
We'd make them bury many a lad
From North, South, West and East;
We'd make them sleep in fox holes,
We'd feed them from a can;
We'd let a hot sun blister them,
't would be no "Palm Beach Tan."

We'd let them hear the wounded
moan,
We'd let them see theft die,
With snipers' bullets whizzing close,
With star shells in the sky;
And then we'd send them home again
To their ten bucks a day—
To tell the others what they saw
Way down New Guinea way.

I'll bet this guy would have enough—
At home he'd gladly stay;
No strike he'd start right soon again,
"For two more bucks a day."

Written by Cpl. James W. Buck's
buddy, somewhere in New Guinea.

CARD OF THANKS
I wish in this way to thank my friends for their gifts, flowers, cards, and other acts of kindness while I was in the hospital and since my return home.

Scholarships Offered By Michigan State College

Sixty-four undergraduate scholarships having a total value of \$7,680 will be offered graduates of accredited Michigan high schools this year by Michigan State College alumni. It was announced this week by Glen O. Stewart, alumni secretary.

There will be a minimum of one award made in each of the state's 32 senatorial districts. The individual scholarship amounts to \$120 or \$40 a quarter, and represents a waiver of tuition by the college, exclusive of matriculation fee. If scholastic standards are maintained, the grant may be continued through the entire college course of 12 quarters.

Applications for scholarships will be handled by alumni committees in the districts. Each may choose a maximum of six candidates and to be eligible applicants must have been in the upper one-third of their class and their economic status must warrant financial aid. April 15 is the deadline for filing applications with district chairmen, whose names are available from high school principals. Scholarships will be designated by a college faculty committee after an examination of contestants early in May at five places in the state.

MORE CHELSEA PEP!

School spirit is something everyone likes to see and the only ones that can give us this are those persons themselves. Praise can be given in this school for the students' grand school spirit as a whole, but we can still stand more. Everyone must co-operate in all activities in which enthusiasm is needed to pep up the team and let the fellows know that the entire student body is behind them, and pushing them forward toward victory. They have their duty to perform; that is, to get in and win the game, but we too have an important position in the grandstand or somewhere on the sidelines, to cheer and really give our support to them. It seems kind of late to publish a thing on spirit because basketball season is just about at a finish, but don't forget that baseball is coming soon and they could use just as much pep. Just your attendance at the game will back the team.

Remember, you are the school spirit itself! You make up what the school is and has. So get in and pep things up!

OFFICE NEWS

The members of Student Council visited University high school and the Lincoln Consolidated school on Tuesday.

The girls' basketball team will play Saline Friday at 5:30. The Athletic Board is sponsoring a pot-luck supper at 6:30 after the game.

The boys' teams will play Grass Lake. The first game starts at 8:00. The Copeland District Boy Scout Court of Honor will be held in the gym on February 29 at 7:30.

Thirty-five high school girls have received their Red Cross Standard First Aid Certificates. Chelsea high school is among the first of the high schools of its size to offer this course to its students. The Chelsea Branch of the Washtenaw County Chapter of the Red Cross made this possible by sending one of the teachers to a Red Cross school last summer to become an authorized First Aid and Accident Prevention instructor.

STUDENT COUNCIL

The meeting was opened by the president.

The Student Council bought ten new records. Leota Kohsman, Leroy May, Ray Knickerbocker, Tom McClellan and Jim Gaken were chosen as representatives from this school to visit the student councils at Lincoln Consolidated and University high schools.

Leota Kohsman will type a report of all parties and assemblies, also the dates and sponsors for these parties.

The committees for the All-High party given by the student council are as follows:

Advertising—E. McClellan and R. Knickerbocker.

Decorations—D. Burman and D. Perkins.

Entertainment—M. Whipple and L. Kohsman.

Refreshments—J. Gaken, T. McClellan and Bragdon Barlow.

The Student Council voted to help the Athletic Board pay for the basketball suits.

The meeting was adjourned.

SENIOR CLASS

Donald Alber was elected as Student Council representative to fill the place of Andrew Modak, who was called into the armed service.

The Annual Staff has now been selected. Those chosen are: Co-Editors, Don Schanz and Bob Eaton; assistant editor, Anna Brueckner; first assistant, Peggy Hooker; business manager, Mary K. Weber; advertising manager, Tom Rademacher; assistant advertising manager, Dick Poor; sports editor, Tom Alber and Virginia Lucht; picture editor, Joyce Foster; art editor, Jack Collins; assistant art editor, Jack Rademacher; activities editor, Marjorie Whipple; typist, Leota Kohsman; Ruth Gaken, Pat Burg, Virginia Rademacher, Esther Niemelä, Eleanor Harper and Mary Rademacher. Work on the Year Book will begin immediately.

JUNIOR CLASS NEWS

The Junior class is working hard to make their play, which they are putting on in May, a success. Many committees have been selected and are already at work.

The class received an invitation to the Junior prom at Flat Rock.

WAR COUNCIL

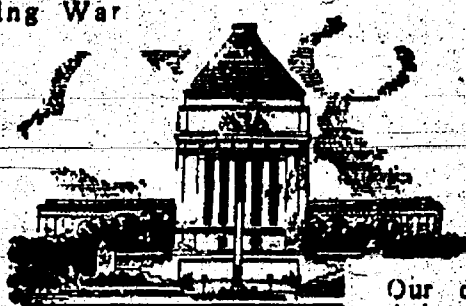

Because only a few members of the War Council were present for the meeting Friday, little was discussed. Those who were present thought about having one more bond auction during the year. This bond auction, if held, would be a White Elephant auction. The War Council has also decided upon selling plaques.

FFA

The FFA went to Ann Arbor to Hill Auditorium on Wednesday night to a banquet for all of Washtenaw county honoring deferred farm workers. The Michigan Band played, and a soldier from Guadalcanal gave a talk. Pictures were shown about "Soldiers of the Soil."

BONDS OVER AMERICA

Paying tribute to its fighting men who fell on foreign fields during World War I, Indiana has erected at its capital of Indianapolis this striking War Memorial.

Our dead have left their own memorials; the starved and wounded people of captive Europe can do little more than hope and pray, but to free Americans is left the choice of their own future.

CLASS OF '44

Nedra Ann Moyer, one of the tallest Senior females, stands 5 ft. 9 in. and weighs 140 lbs. She was born on Jan. 18, 1926 near Stockbridge. Nedra has hazel eyes and medium brown hair. She likes blue better than red and prefers fried chicken to other foods. Nedra has a different ambition from most girls, and her's is to join the A. Corps.

Henry Errol Orthing was born on May 13, 1925 in Lima township. "Hank," his nickname, measures 6 ft. and tips the scales at 193 lbs., which means he has no favorite food, but just eats all food. He has light brown hair and blue eyes. Henry likes Chorus, but this doesn't help him prepare him in any way for his future position in the State Police. His favorite colors are blue and gold which are, in a slight way, connected with his favorite sport, football.

ATHLETIC BOARD

The meeting was opened, and reports were given by the secretary and treasurer.

The GAA will not take charge of the pot-luck supper tomorrow night because the girls are not having their game until 5:30. The boys on the Athletic Board will have charge of the supper. The committees consist of: Menu, J. Gaken, B. Eaton, H. Orthing, D. Alber and D. Poor. The second team will be in charge of cleanup and Dick Poor is in charge of the announcements.

POT-LUCK

On Friday, February 18, the Athletic Board will take charge of a pot-luck supper. The students will bring dishes of food which will be placed on tables in the main hall. The supper will be served buffet style and the students will eat in various classrooms. It will be at 6:30, after the girls' basketball game with Saline.

Bulldogs Tie Ypsil, 30-30

The best game of the season was played here last Friday, when Roosevelt and Chelsea played to a 30-30 deadlock.

Roosevelt, on season's play, went into the game a slight favorite, but Chelsea kept fighting all the way and gained a tie.

The game was close throughout, with Chelsea leading at the end of the first quarter, 9 to 8, but Roosevelt tied it up at the half, the score being 18 all.

Chelsea got the lead again at the end of the third quarter, 22 to 20, and led most of the time until it was deadlocked at 28 all. Then Bob Eaton sank a basket for the local lads with about 45 seconds left to play. Roosevelt came back and Mooreman sank a basket to tie it up. It was a clean, hard fought game, with both teams using only five men.

The second team won another victory by the score of 20 to 26. Led by Knickerbocker, who collected 13 points, Chelsea was behind most of the first half but came back to win. Bates of Roosevelt collected 10 points for his team.

This Friday when the Bulldogs are at home for the last time, let's have an extra large crowd on hand. Don't forget the return game at

Manchester on Feb. 22. You don't want to miss that game!

Here's a schedule you should keep: Grass Lake vs. Chelsea, Feb. 18. Chelsea vs. Manchester, Feb. 22. Chelsea vs. Pinckney, Feb. 25. V for Victory.

Chelsea 16—Saline 11
On last Thursday the Chelsea girls journeyed over to Saline to play their fifth game and Saline's first.

The starting line-up for Saline: forwards, Rita Steiner and Little; guards, Owen, Kohler and Feldkamp. Starting at forward for Chelsea were Lucht, Loeffler and Vail; at guard, Harper, Clark and Spaulding.

The local girls were at a disadvantage, but they were in there fighting and at the end of the first quarter the score was 2-2. With the second was luck for Saline and so when this quarter was at an end the score was 8-6 and not in favor of Chelsea girls. The game wasn't over yet, and neither team had lost their fight. In the third quarter the Chelsea girls succeeded in raising the score to at least a tie. As all good things must come to an end this game had to come to one too. With the final bell the score was 16-11 in favor of the Chelsea girls.

Lucht was our outstanding forward with 8 points to her credit, while Vail and Eisenbeler each got 4.

Tomorrow the Saline girls come here for a return visit with play scheduled to start at 5:30; so what do you say, folks, why not see a girls' game if you have never seen one.

There is always plenty of excitement and even a few laughs. If Saline can have a big crowd why can't we show them that we are out there cheering our own girls on!

SEVENTH GRADE NEWS

(Ellen Jane Goddes)

Our stamp sale this week was \$116.50, made possible by the purchases of sixteen people, or 47 per cent of the enrollment.

Joyce Crawford, Helen Jarvie and Doris Downer made our Valentine box, and we think it is very pretty. We had a party on Valentine's day, at which we had refreshments, a program, and lots of Valentines.

Our afghan was mailed to us from Dearborn by Mrs. Stewart, who sewed it together for us. Now Beverly Fielder is crocheting around the edge of it, but she is discovering that it is a long way around it. We'll be glad to get it finished and turned in.

The seventh and eighth grades played basketball after school last Friday. Our girls won easily, ten to four. Girls' team is made up of Joyce Hughes (who made all the points), Beverly Booker and Joanne O'Dell, forwards; Myrna Roberts, Mae Slane, and Helen Jarvie, guards. Thelma Joseph, one of our good guards, fell during practice and wrenched her knee, so that she couldn't play, or even come to school. The boys lost by a decisive score as that by which the girls won.

SIXTH GRADE NEWS

(Betty Jean Osborne)

We had a bond auction Friday. We bought \$64.15 worth of defense stamps. David and Bob Vogel were chairmen.

Mr. Johnson is having the pond flooded for the school children.

In our room we are studying a nice poem called "H."

Our clock has stopped. It has been 11:15 for over a week.

We also had a debate. The kids in this room can sure argue.

Game Funds To Be Used For Park Area Purchase

Lansing—Michigan's Game Protection Fund, made up of fees paid for hunting and fishing licenses will contribute \$200,000 toward the purchase of park and recreational lands in Southeastern Michigan for every \$1,000,000 appropriated by the legislature from the General Fund. The Conservation Commission's action in offering contribution of funds was made in connection with a Department proposal being submitted to the 1944 special session of the legislature to buy 100,000 acres in southeastern Michigan to relieve an acute need for public recreational lands.

The program would cover a seven-year period with an eventual appropriation of \$8,000,000. The Department is asking for \$1,500,000 this year with which to begin acquisition.

The Southeastern Michigan Recreation Area project is designed to provide all types of outdoor recreation for the more than 3,000,000 people living in the 18 counties in that part of the state. The proposed purchase of 100,000 acres includes property in 26 parcels lying along the moraines from Lapeer to Hillsdale county.

With the help of prorated refunds from the federal tax on hunting arms and ammunition, the Conservation Department, in the past few years, has purchased about 50,000 acres of low priced land in southern Michigan as public hunting grounds. They are also available for other public recreation

uses. These lands are now being acquired at the rate of from 6,000 to 10,000 acres a year.

Registration Notice

For Village Election

MONDAY, MARCH 13, 1944

To the Qualified Electors of the Village of Chelsea, County of Washtenaw, State of Michigan.

Notice is hereby given that in conformity with the "Michigan Election Law," I, the undersigned Village Clerk, will, upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Village not already registered who may Apply To Me Personally for such registration. Provided, however, that I can receive no names for registration during the time intervening between the Twentieth Day before any regular, special or official primary election and the day of such election.

Notice is hereby further given that I will be at Sylvan Town Hall on MONDAY, FEB. 21, 1944, the twenty-first day preceding said election (the 20th day preceding being a legal holiday), as provided by Sections 2767, and 2822 Michigan Election Laws, Revision of 1941, from 8 o'clock a.m. until 8 o'clock p.m. on each said day for the purpose of reviewing the Registration and Registering such of the qualified electors in said Village as shall properly apply therefor.

In any village in which the clerk does not maintain regular daily office hours, the village council of such village may require that the clerk of such village shall be at his office or other designated place for the purpose of receiving applications for registration, on such other days as it shall designate prior to the last day for registration.

Notice is hereby given that I will also be at Sylvan Town Hall on February 12 and February 19, from 8 o'clock a.m. to 8 o'clock p.m., for General Registration by Personal Application.

The name of no person but an actual resident of the Village at the time of said registration, and entitled under the Constitution, to remain such resident, to vote at the next election, shall be entered in the registration book.

Notice—Absent Voter Must Be Registered

Although Sec. 2774, Laws Relating to Elections, Revision of 1939, still provides that an absent voter may apply for registration at time of applying for ballot, and gives form of Affidavit he should make, Act 68 of P. A. 1939 stipulates that an absent voter's application for ballots he must state that he is a "duly qualified and registered elector."

Opinion of the Attorney General is that Acts 66 and 68 "must be construed to repeal the inconsistent provision of Sec. 2774 permitting absentee registration at the time of making application for an absent voter's ballot."

Thus the Absent Voter's application and affidavit for registration are useful only in cases where voter may mail these in, then make application for ballots later, after registry has been completed.

The portion of application shown herewith enclosed in brackets should be crossed out when applying for registration.

Form of Affidavit

I, . . . being duly sworn depose and say that I am a citizen and duly qualified elector of the . . . precinct of the village of . . . in the county of . . . and State of Michigan; that my postoffice address is No. . . . street or R.F.D. No. . . . P. O. . . . ; that I am not now registered as an elector therein (and that I am voting by absent voter's ballot at the election or primary election to be held upon the . . . day of . . . 19 . . . the application for which ballot accompanies this application) that I make this affidavit for the purpose of procuring my registration as an elector in accordance with the statute: That I make the following statements in compliance with the Michigan Election Law: Age . . . ; Race . . . ; Birthplace . . . ; Date of naturalization . . . ; I further swear or affirm that the answers given to the questions concerning my qualifications as an elector are true and correct to the best of my knowledge and belief.

Signed

Taken, subscribed and sworn to before me this . . . day of . . . 19 . . . My commission expires . . . 19 . . .

Notary Public in and for said County, State of Michigan.

Upon receipt of such affidavit in the time specified herein, the clerk shall write in the registration book the name of the applicant together with the other information required by this chapter and such applicant shall thereupon be deemed to be duly and properly registered.

By GENE ALLEMAN

Whether the State of Michigan is to have an adequate post-war planning program during the next five years will depend, to a large degree, on what the state legislature does or does not do—during the next few weeks.

General reception of the program has been favorable by legislators and the public, due chiefly to the careful preparations made by the state planning commission in consultation with key legislative leaders. But the big test is to come.

Auditor General Vernon J. Brown sums up the situation in these words: "The program as developed and adopted by the State Planning Commission is based upon the assumption that the experience of the State of Michigan in the matter of finance over the past five years will be matched by a period of equal affluence during the next five years."

In other words, the sales tax revenues will remain high and the State Treasury will be able to accumulate and retain a surplus annually.

Of course not even the auditor general can determine with accuracy to day what the economic trends will be during the next five years. He cannot foretell whether the present high level of sales tax revenue will continue to permit, during the next five years, a continuation of the annual surplus that has blessed the state treasury.

But assuming that the inflationary period will continue for several more years, then the next hurdle before the post-war planning program is already discernible. It is the pressure of local governments—cities, counties and townships—for a greater share of the state's surplus.

The township supervisors have already informed the governor that they want some of the Lansing plums, and the governor has informed them that the state's need should have priority.

Actually the records for 1943 fiscal year show that local governments received 62.5 per cent of all state-collected revenue.

The Kelly administration has adopted the following program for use of the surplus state funds:

1. To create a reserve fund for post-war contingencies. As Auditor General Brown explains it, "the program of expenditures is based upon retaining at all times approximately half of the total accumulated surplus as an emergency fund against any contingency which might arise." This is a bread-and-butter insurance for a post-war unemployment period.

2. To spend the remainder, or one-half of anticipated surplus funds, for a state building program plus acquisition of lands for recreation and conservation. This is the state's own responsibility to its citizenry: Adequate building facilities for hospitals, educational institutions, state departments, and prisons and penitentiaries. Fire hazards would be removed; rentals for state offices would be saved through a new office building.

The state's building program, which is spread over five years, began with an inventory by the planning commission of the state's 1200 buildings throughout Michigan, representing an investment of \$500,000,000 and utilizing 20,000 acres.

Here is big business—YOUR business.

Amazing to state elective officials was the discovery of disgraceful fire hazards actually fire traps worthy of immediate condemnation—through an inventory made by A. N. Langhans, acting director of the planning commission. These records alone have meant a substantial saving to the taxpayers in annual operating expenses.

For the first time in its history, Michigan possesses a complete technical file of the networks of pipes, provided by law for the registering of electors preceding such election or primary election; then the name of such person shall be registered, and he or she shall then be permitted to vote at such election or primary election. If such applicant shall in said matter, wilfully make any false statement, he shall be deemed guilty of perjury.

Section 2790, Compiled Laws—All the provisions relative to registration in townships and cities shall apply and be in force as to registration in villages.

Dated Feb. 8, 1944.

Olen W. Hart, Village Clerk.

Funds Are Sought For Recreational Outlets

Lansing—State acquisition of 100,000 acres of land in Southeastern Michigan to provide outdoor recreational outlets for three-fifths of Michigan's population, and of approximately 46,000 acres in the Porcupine Mountains area in the far western end of the northern peninsula, is being sought by the Department of Conservation in a bill now before the special session of the Legislature.

The bill provides for an appropriation for 1944-45 of \$1,500,000 to begin purchases in Southeastern Michigan and \$500,000 with which to start acquisition of the Porcupine Mountains. The bill has been given the endorsement of Governor Harry F. Kelly and the Michigan Planning Commission.

Plans for the acquisition of a large area of land in Southeastern Michigan to be used for all types of outdoor recreation have been in the process of formulation by the Department of Conservation for more than a decade. As finally presented to the legislature it is being recommended that the State buy about 100,000 acres lying along the moraines in a northeast-southwest direction from the southern part of Lapeer county to northern Hillsdale county. Within 50 miles of the areas are about 3,500,000 people.

"It has been recognized for a long time that the metropolitan area of Michigan has far below the minimum requirements necessary to permit the people any degree of outdoor recreation," said P. J. Hoffmaster, Director of Conservation. "They must travel at least 150 miles north to find any

conduits, tunnels, sewers, and electrical cables, existing under the ground of every state building. This technical file permits intelligent and economical planning for future needs.

Governor Kelly's policy was expressed by these words in his message to the legislature: "It seems self-evident that it is unwise to reduce taxes in good times and later be called upon to increase taxes in hard times."

It is interesting to note that the New York state legislature, under leadership of Governor Thomas Dewey recently adopted, with only one dissenting vote, a bill impounding a \$140,000,000 surplus in the New York state treasury to be used for a post-war program of the state government.
