

Michigan
MIRROR

By Gene Alleman

Senator Arthur H. Vandenberg, who is now in Paris as a consultant to Secretary of State Byrnes, made an interesting comment in a recent letter to his son, Arthur H. Vandenberg, Jr., now in Grand Rapids.

"One of the things we are struggling over here in post-war Europe is to get the European countries into the hands of the United States," wrote the senator. "Upon our success in this regard may well depend the fate of several European countries. In our own democracy it is no less true that the fate of the nation depends upon free ballots in the hands of free electors. But these are no use unless the electors are free to vote. Funny, isn't it, how we Americans go off to war to protect freedom and then dilly-dally complacently when we possess the right to exercise that freedom—the right to vote?"

Don't be surprised if the old recommendation to reduce the state sales tax from 3 to 2 1/2 per cent is dusted off during the 1947 state legislative session. We understand that the proposal, once rejected by the state tax study commission, is being seriously considered. If so, the state would be given the right to levy a one-half cent local tax.

War is hell, of course, but how about Michigan traffic accidents? Believe it or not, figures August traffic deaths at 100. August 1945. A total of 553 more persons were killed in Michigan traffic mishaps in the 64 months preceding the national war emergency than the number of Michigan men killed in action during World War II. Every third car on the road is in an unsafe driving condition, according to recent tests. Actually it's safer, on a mile basis, to fly in a licensed airplane than to travel in an automobile.

Since rural sections showed the greatest percentage of accident victims, don't take for granted that you are approaching the next highway intersection. You may be mistaken, and then it'll be too late.

The writer's regret of the week: That we were unable to attend the George H. Bishop testimonial party in St. Louis last night. Bishop was a log cabin near Scottville in 1881. George set up housekeeping at Stambaugh as a modestly paid principal of a grammar school. Always a booster for Stambaugh township, he was chosen secretary-manager of a township development association. Bishop was given more responsibilities, culminating with appointment in 1921 as secretary-manager of the Upper Peninsula Development Bureau. Good Luck, George! We wish Michigan had more boosters like you.

Table-toppers in Michigan, seeking to increase profits through sale of liquor by the glass, took a smacking defeat in Battle-Greek the other day. At a special election, the plan was rejected emphatically two to one. Does this indicate that public opinion still supports Michigan liquor control system?

The most popular amendment to the state constitution appears to be Ballot Proposal No. 1, before Michigan voters November 5. Designed to correct a flaw in the law which now forbids local governments from spending a dime on airports, the constitutional amendment has been endorsed by about 70 per cent of the voters in the state. The list is lengthy, but among them are the Michigan Farm Bureau, Michigan Grange, Michigan Allied Dairy Association, Detroit Board of Commerce, Michigan Bar Association, and all four farm associations. Modern Michigan must have airports. It looks like everyone is going to benefit by adoption of this ballot proposal. Even the Michigan Survey of Public Expenditures, a taxpayers' organization, has given its blessing. And that's something!

"We don't want a bonus!" was the decision of American Legion delegates assembled in San Francisco recently for a national convention.

How much effect this recommendation will have on the proposed \$20 million veterans' bonus, is a matter for voters to decide. The bonus will add \$17,500,000 annually in tax cost to the state's general funds. The Michigan Farm Bureau has come out strongly against it. The \$50,000,000 veterans' fund, authorized by the state legislature, was originally proposed as a sensible substitute for the cash bonus.

Fire Destroys Barn
In Lima Township

The Chelsea fire department was called to the scene of a fire of undetermined origin, discovered about 6:30 Sunday evening, which destroyed the barn on the Joseph Hall farm on Lima Center road. Together with 50 tons of hay, 500 bushels of oats and 500 bales of straw that were stored in it.

David Hall, who works the farm for his father and his brother, Edward, of Jackson, suffered severe burns on his arms while removing farm machinery and tools from the burning building.

Romulus and
Chelsea Play
Tie Game

By Elden Moore
Last Friday, and a very rainy Friday it was, Chelsea traveled to Romulus to try for another victory in the Huron League. Both teams were undefeated and the game proved very exciting, ending in a tie, 1-1. The field was very muddy in the center, and near as to say, here was where most of the scrimmage was done.

Romulus kicked off to Chelsea and since they could gain no ground in the succeeding plays, they punted. For the remainder of the first half most of what happened was one team receiving the ball, making two plays, more or less, and then punting.

However, in the second quarter the Chelsea "bulldogs" showed that they could not be pushed around, and that they must be considered in the race for the Huron League championship. Romulus advanced to the Chelsea five-yard line, but with the enthusiastic fans telling them to "hold that line," they held their ground and took over the ball when Romulus lost the fumble but was unsuccessful in making any headway before the whistle blew, and the game ended, 0-0.

The boys deserve great credit for playing in such weather, and for holding out so well against an equally hard Romulus team. Next week Chelsea travels to Romulus again to try for another victory against another reputedly very tough team.

Adequate Supply
of Milk Is Questionable,
Says Assn. Official

With milk production dropping about three per cent and consumer demand increasing by five per cent in the Detroit market during September as compared with the same month last year, prospects for an adequate supply of milk for the rest of this year are questionable, according to Howard F. Simmons, secretary-manager of the Michigan Milk Producers' Association.

"Up to this time, the Detroit market has had a supply sufficient to meet demand," Simmons said, "but in this area has been maintained at a much higher level than in other major markets. But maintaining this high production has jeopardized the future supply, as farmers have for the past six weeks been feeding their cows on winter storage feeds because of lack of pasture due to the extremely dry weather," stated Simmons. "We are now entering the late fall and winter season and milk production is bound to decline sharply."

High School PTA
Hears Talk On Sales
Tax Amendment

The monthly meeting of the Chelsea High School P.T.A. was held in the Home Economics room at the high school on October 7, with thirty members present. There was discussion, led by Mrs. Paul Schabbe, on the type of program desired by the members.

Superintendent of Schools Albert C. Johnson gave a detailed report on a meeting discussing school finance held at McKenny Hall, Ypsilanti, on September 12. He listed and discussed briefly the chief points for and against the sales tax amendment to be voted on at the November 5 election. He also explained, by means of a colored chart, the local school income and local expenditures, the possibilities and necessities for increase.

It was decided to send three delegates to the Seventh Annual Parent Educational Institute which will be held at the Rackham Building in Ann Arbor on November 5, 6 and 7.

At the next meeting, on November 4, Mrs. D. D. Tewes of the University of Michigan Extension Service will be the speaker. It was voted also to hold a special meeting on November 11, when another very desirable speaker will discuss a cherished P.T.A. project, a youth center.

The balance of the evening was spent in dancing in the gym, under the direction of Mr. Colburn, who teaches the junior and senior high school dancing lessons.

Refreshments were served by Mrs. Lloyd Keeney, Mrs. Norman Eisemann, and Mrs. Paul Niehaus.

Memorial Services
To Be Held for Navy
Men Who Lost Lives

It has been announced by Chief Bernard D. Fair, Navy Recruiting Officer, that special flower memorial services in honor of all persons who lost their lives at sea in defense of this country in World War II, will be conducted again this year in connection with observances of Navy Day, on Sunday, October 27. The Navy League has again been named by the Secretary of the Navy to be the official sponsor of Navy Day.

Last year, in appropriate ceremonies, Navy planes and ships scattered flowers over the waters of the world to express the sentiments of a grateful nation.

To afford the people of the United States an opportunity to participate in this traditional ceremony for those who have died at sea, the Secretary of the Navy has designated various port cities within the continental United States to receive flowers for transport to sea on Navy Day.

All flowers received before midnight Saturday, October 26, will be put aboard naval vessels or planes. After appropriate all-faith memorial services, the ships and planes will proceed to a point out of sight of land and there the flowers will be scattered over the waters.

Those who wish to take part in these services should contribute only one flower, a blossom or bud, preferably wild or home grown. If flowers are purchased in no case should the money spent for this purpose exceed a modest sum.

A small wreath from an organization is acceptable, however individuals should limit their contributions to a single flower.

The flowers should be addressed to: Senior Naval Chaplain, Navy Recruiting Station, 321 Plymouth Court, Chicago 4, Illinois.

They should arrive prior to midnight, Saturday, October 26. Flowers from the United States will not be delivered to ports overseas.

However, various ports outside this country have been designated to receive flowers from adjacent areas, and memorial services will be held in many parts of the world. These ports are as follows: Anchorage, Alaska; Dutch Harbor, Alaska; Honolulu or Pearl Harbor, Guam; Manila, I. I. San Juan, P. R.; St. Thomas, V. I.; Pango, Samoa; Balboa, C. Z.

As stated above, the ports outside the continental United States are for local observances only, and no flowers from this country will be delivered to these localities.

Mannie's Bahmiller
Sells "Old Standby"

E. J. Bahmiller has sold his 30-60 Rumely tractor to parties in Chicago, where it will be used on a stone crusher. The tractor, which weighs nine tons, was loaded on a big semi-truck Friday by Mr. Bahmiller, himself, while a group of onlookers joked with him about shedding tears of farewell.

This tractor was used for threshing by Mr. Bahmiller for 25 years and was still in good condition. The separator of the threshing machine was sold last spring to a Mr. Kuebler of Bridgewater.

The sale of this outfit marks the passing of another milestone in the history of this area. "Mannie" had become a familiar figure during the past quarter century of driving his outfit from one farm to another during the threshing season, and although he has given up threshing, he, like his trusty old tractor, is still on the job every working day—he at his feed mill on Madison street at the railroad, and the tractor at its new crushing somewhere in Chicago.

ATTENDS REUNION

One of the Gruner sisters now resides in Chicago, another in Minneapolis, while the Moeckel sisters live in Jackson and Chelsea.

FAITHFUL PALS

THE shooting days are over. But USO will go on through 1947 serving the boys and girls who are still on Uncle Sam's roll-call. Here, at a YWCA-USO club at Jacksonville Beach, Florida, a volunteer checks in two of the boys for a dip in the Atlantic which is out in the club's yard. The boys are (left to right) Ray Bauld of St. Petersburg, Florida, and Dick Eckroste of Canton, Ohio. Their pal, the guy with his tongue hanging out, is "Yehudi." When the USO asks for a contribution, this over, are still serving Uncle Sam.

Scouts Have Many
Activities Under Way
For Fall and Winter

With the start of the fall season, Boy Scouts, Cub Scouts and Senior Scouts throughout the nation are meeting regularly outdoors, and indoors, for training and making plans for hikes, weekend camps, camporees, pilgrimages and other outdoor activities. Winter camps are scheduled for the Thanksgiving Day and Christmas holidays.

Plans are underway this fall for a "Nation-Wide Scout Round-Up" to enable more boys to get into the "game of Scouting." The Washington-Livingston Council of the Boy Scouts of America, which administers Scouting in Washtenaw and Livingston counties has 1,150 Boy Scouts in 56 Troops, 850 Cub Scouts in 32 Packs, and 40 Senior Scouts in two Senior Units.

Scouting nationally is reaching a high point of activity. Cubbing is for boys 9, 10 and 11, while Boy Scouting is for boys 12 and older. Senior Scouting, embracing Scout Scouting, Air Scouting and Explorer Scouting, is for young men 15 and up.

Many local Scout Units are holding "open-house" meetings to plan and launch a continuous program of activities for the entire year, coming to a climax with camping next summer at Camp Newkirk, Dexter, maintained by the Washington-Livingston Council.

This is the time of the year when hundreds of new Scout Troops and Cub Packs are established. Churches and parishes, schools and community centers, civic clubs and patriotic groups eager to offer boys and young men a fuller life experience may sponsor new units.

The "Nation-Wide Scout Round-Up" seeks to have existing Troops and Packs accept new members to fill up its ranks. The week of December 8 to 14 has been set aside to recognize all new members and new units.

PIN CHATTER

October 5, 1946
Well, the gals really "went to town" on the wild and woolly. There were plenty of splits, but they didn't hold the scores down. Irene Stoffer, picked up the 5-10, 2-7 and 9-10 in one game, making her final score a neat 194. Bea White-picked-up the 3-10. Ruth Lester, 3-10, Lily Paul, 8-10, and Nancy Weese the 3-8-7, a nice trick for any klegler.

Our high-score bowlers doubled this week: Mildred Breitenwischer rolled a 521 series, Kaiser had 483, Stoffer 373, Therese Lyons 468, and Edna Robinson 462.

Porter of Ann Arbor, and the late Mrs. Porter, and Robert James Bycraft, son of Mr. and Mrs. Charles Bycraft of Chelsea, were married at St. Mary's Rectory, Chelsea, with Father Lee Lange officiating, on Saturday, October 12, at 1:30 o'clock in the afternoon, in the presence of the immediate families of the couple.

The only attendants were Patricia and Louis Bycraft, sister and brother of the groom. The bride wore a gray pin-checked suit with ruschias accessories and an orchid corsage, and Miss Bycraft wore a pastel green suit with black accessories, and also wore an orchid corsage. A reception was held at the home of the groom's parents for about 70 relatives and friends, the refreshments being served from a

damaak covered table with the decorations carrying out the yellow and white color scheme. A low bowl of yellow and white mums was flanked on either side by twin-branched crystal candle holders holding tall white candles. The setting was completed with the four-tiered wedding cake topped with miniature figures of a bride and groom.

After a short wedding trip the young couple will reside in Ann Arbor, where the groom is employed at the Allen Hotel. He was discharged in June after almost four years in the U. S. Navy. The bride was formerly employed as an inspector at King-Seely, Ann Arbor.

Gracey-Rabley

Ruth Gracey, daughter of Mr. and Mrs. H. C. Gracey of Lima Center, became the bride of Joseph E. Rabley, son of Mr. and Mrs. Charles Rabley of Chelsea, at a reception evening at 8 o'clock at the Congregational Church, Rev. W. H. Skenebly officiating at the double ring service in the presence of 200 relatives and friends of the couple.

Baskets of white gladioli and mums with potted palms and four candelabra holding tall white candles formed a lovely setting for the bride party. Before the ceremony, Mrs. Henry Oettinger, Jr. sang "I Love Thee," and "Calm As The Night," accompanied at the organ by Mrs. Fred Hall, who also played the "Wedding March" from Schumann's "Bridal Chorus." The bride party entered and took their places, and Mendelssohn's Wedding March as they left the church after the ceremony.

The bride, who was given in marriage by her father, was gowned in white satin fashioned with a long train. The high-necked bodice had a tiny collar and a row of buttons to the waist; the sleeves were long and ended in points at the wrists. A short peplum across the front and sides of the gown ended in a bustle-effect bow at the back. Her fingertip veil was of white illusion and was held in place with a Juliet cap of rosebuds fashioned of white satin tubing, and her bouquet was a lovely arrangement of white mums centered with an orchid and had streamers of white satin ribbon with small clusters of bebe mums knotted in them.

Mrs. Willis Mayer, of Grass Lake, a cousin of the bride, was the matron of honor and wore a floor length gown of pale yellow nylon taffeta with tiny buttons down the front of the bodice to the waist and had a cap sleeve. With this she wore elbow-length mitts and her bouquet was of aqua colored mums, as were the flowers in her hair.

The bridesmaids were Marilyn Lyons of Ft. Wayne, Ind., Louise Breenbridge of Detroit, Mrs. Wm. Johnson of Wyandotte, and Virginia Lucht, Jeanette May and Dorothy McClellan, of Chelsea. They were all dressed exactly alike in aqua nylon taffeta gowns patterned after the one worn by the matron of honor and wore aqua mitts. They carried yellow mums and also wore yellow mums in their hair.

Little Mildred Wigle of Detroit, niece of the bride, was flower girl. She was dressed in a floor length gown of white nylon marquisette over satin and lace, and wore long white mitts. She also had white bebe mums arranged in her hair.

George Rabley served his brother as best man, and the ushers were the groom's cousin, Gerald Rackel, of Saginaw, Richard Hoelzer, Harley Prudden, Paul Schneider, David Strieter and George Winans.

A reception was held in the church parlors immediately after the ceremony. The color scheme of pale yellow and aqua was also carried out in the table decorations with a crystal swan vase filled with an arrangement of pale yellow mums centering the table while crystal candle holders with tall yellow candles were placed at either side. The napkins with the names of the bride couple, "Ruth and Bud," printed on each one in gold, added a pretty touch, and the wedding cake was also in aqua and white. The four-tiered wedding cake completed the setting very effectively.

The groom's sister, Mrs. Elton Hawkins of Alma, and his sister-in-law, Mrs. George D. Rabley, presided at the table, with the bride's sister-in-law, Mrs. Clifford W. Gracey, of Detroit, assisting with the wedding cake.

The bride's brother, Clifford W. Gracey, was in charge of the guest book.

The bride's mother wore a powder blue silk crepe floor length dress for her daughter's wedding. Her corsage was of white gardenias. The groom's mother also chose powder blue, wearing a suit of that color with black accessories, and a corsage of gardenias. The groom, who was discharged from the Navy, was a rank of Ensign last April, after four years of service, is employed at the Ann Arbor bank.

For their honeymoon the bride and groom went by plane to New York City where they expect to spend a week, and on their return they will be at home in the E. R. Dancer cottage at Cavanaugh Lake.

For going away the bride wore a raspberry wool suit with hat, shoes and purse to match, with which she wore a light grey top coat and gloves, and a corsage of the orchid from her bridal bouquet.

A pre-nuptial shower was given for the bride by Mrs. Charles Rabley, assisted by Mrs. Elton Hawkins and Mrs. George D. Rabley, and another by Virginia Lucht and Dorothy McClellan.

VFW Auxiliary Held Meeting On Monday

The V.F.W. Auxiliary held the regular business meeting Monday evening, October 14 at St. Mary's hall with 27 members and one guest present.

Petitions for membership of two new members were accepted, and Mary Parsons was initiated as a member.

Mrs. H. T. Moore spoke briefly on the subject of sponsoring a group of Girl Scouts.

It was announced that the annual Pow Wow will be held at Lansing on October 26 and 27, and that the \$75,000 Nursery Cottage which the National Auxiliary has erected at Baton Rouge as a memorial to veterans of World War II will be opened officially at 10 a.m. Sunday, October 27. This spacious cottage is now under construction and designed especially for children from infancy to five years old, and as all V.F.W. Auxiliaries have a part in building and maintaining this cottage, members are invited to be present at the opening ceremonies.

It was also announced that a new Auxiliary of colored women will be instituted in Ann Arbor, with installation of officers to take place at the Jones school on North Division street, Ann Arbor, on Sunday, October 20 at 2:30 p.m. All Chelsea members are urged to attend this installation.

November 11, being not only Armistice Day, but also "Hospital Day," it is fitting that all should again remember all hospital comrades.

CHAT 'N' SEAU MEETING

Lovely refreshments were served by the two hostesses to the 15 members present.

Our football team plays at Roosevelt tomorrow afternoon. Milan will play here October 25. Report cards were handed out yesterday.

LET'S CHEER!

Have you noticed what few people cheer at the game? The least that you could do, if you expect the team to do their part, is to cheer for them, loudly and often. For instance, at the Flat Rock game, did you notice the small amount of people they had, but what support they gave their cheerleaders? Many remarks have been made about the cheerleaders but how do you expect them to do their part when they have no backing whatsoever?

It has been suggested that a certain section of the athletic field be roped off for students who like to cheer and would cheer to support their team and cheerleaders. If you have any suggestions or ideas pro or con to this argument, why don't you bring them to the cheerleaders?

Getting Enough Eggs?

Maybe it isn't the hens' fault! It takes many different things in just the right amounts, to make eggs. If the feed intake doesn't balance to egg making needs, they can't complete enough eggs, and part of the feed is wasted.

VETERANS NEWS

From the OFFICE OF VETERANS' AFFAIRS LANSING

New Plan Provides Free Medicine Service

When a veteran is receiving outpatient treatment from a physician who has been authorized by the Veterans Administration, and it becomes necessary for the physician to issue prescriptions, the veteran may have such prescriptions filled at a local drug store without cost to himself under a new plan.

The Plan was formulated by the Veterans Administration in cooperation with the Michigan State Pharmaceutical Association and the Office of Veterans' Affairs. It is immediately effective.

The plan operates as follows: The physician writes the prescription on his regular printed prescription blank which must contain the statement, "I am authorized to treat and prescribe for the above named Veterans Administration patient." The veteran may then take the prescription to any pharmacy participating and have it filled at no cost to himself. Upon receiving the medication from the pharmacist, the veteran signs a receipt acknowledging delivery of the medication, which receipt also appears on the prescription blank.

The Pharmaceutical Association has contracted with the Veterans Administration whereby the individual pharmacists bill the state association, which in turn is reimbursed by the Veterans Administration. It is necessary that each individual pharmacist who participates sign a contract between himself and the Association, agreeing to the plan. More than two-thirds of the Michigan pharmacists have already entered into the agreement.

All medicines and drugs as well as such items as syringes, hypodermic needles, atomizers, hot water bottles, ice bags, bed pans, etc., are included in the list of medication which can be secured on this prescription plan. A uniform price schedule has been adopted. This plan eliminates the necessity for a veteran to pay for his own medication while receiving outpatient treatment. It makes it easy for the veteran to have prescriptions filled at the pharmacy of his choice in his home community.

Growing Blue Grass

Blue grass can seldom be successfully grown in dense shade. If sections of the lawn are in shade of buildings most of the day or under thick-growing trees, and if these areas have been given an application of plant food, and still blue grass makes no headway, then use a shade grass such as Poa Trivialis, or whatever your seedman recommends for shade in your locality.

Potato Bread Is Old-Fashioned Treat For The Family

Potato bread is an old-fashioned delicacy that many people like, but seldom get back to home-baking when store shelves were empty of bakery bread. Although flour is a little more plentiful now than during spring and early summer, potatoes are even more abundant.

Michigan State college home economists say the bread has been made to determine how much cooked potato can be used to replace flour in a standard bread recipe. One sixth, by measure, seems to be the ideal quantity. The potato should be boiled, put through a ricer, and packed well into the cup when measuring. If the rice potato is mixed with the milk, it will not form lumps in the loaf.

And just a word of warning—be sure you save out plenty of the flour called for in the recipe for kneading the dough. Here is the tested recipe:

Sauté one cup milk, add one-half cup boiled, rice potato, 1 teaspoon salt, one-half tablespoon fat and 1 tablespoon sugar. Cool to lukewarm and add one cup of yeast. Stir in 2 1/2 cups flour and mix well until blended. Reserve one-half to two-thirds cup of flour more for kneading. Sprinkle kneading board well with this flour. Turn out dough on board and knead until smooth. Let rise 1 1/2 hours, or until double in bulk. Punch down and let rise 1 hour. Knead lightly, shape and let rise in pan 1 hour. Bake 15 minutes at 375 degrees; lower heat to 350 degrees and continue baking for 45 minutes.

Best Buy For Your Dollar Today Is Payment of Debts

Your best buy for a dollar today is payment on a debt. That's the conclusion reached by Clare Becker, farm management specialist at Michigan State college, after studying how the Michigan farmer could make his best investment.

He arrives at his conclusions in this way:

Back in 1932 it took 303 bushels of corn to pay off \$100 in debts. From 1935 to 1939 it took 145 bushels, on the average, to pay that amount. In 1945, only 67 bushels of corn would bring \$100. In July, 1946, it took but 52 bushels of corn to pay \$100 in debts. In other words, Becker declares, a dollar does not go far in buying things today. But in paying debts, a dollar is still a dollar.

As another comparison, it took 2.5 beef cattle weighing 1,000 pounds to pay off a \$100 debt in 1932. In the period from 1936 to 1939, it took only 1.5 cattle of the same weight. But in July of 1946, the \$100 debt could be paid with .6 of one beef animal.

Back in 1932 it took 9,100 pounds of milk to pay off \$100. During the 1935 to 1939 period this amount of debt could be liquidated with 5,900 pounds of milk. But today it takes only 2,900 pounds of milk to pay the same amount.

Farmers who are debt-free or who have succeeded in reducing their debts to a safe level will be prepared financially for the period ahead when prices may be less favorable than the present," Becker concluded.

Protect Good Trees When Excavating for Building New Home

If the lot on which you plan to build a new home has good trees established, consult a tree specialist before excavating begins.

Karl Dressel, Michigan State college forestry specialist, says the spreading of subsoil from the basement excavation may eventually mean the death of priceless trees. The reason for the injury is that nature has placed the roots of the tree at a point where there is the proper balance between air and water. The placing of additional dirt over the tree roots disturbs this relationship and the tree suffers.

Even though trees survive building operations, many die in drought years because of a lack of available moisture. By hiring a tree specialist at the same time the contractor is engaged, the tree man is able to work out plans that may save the valuable trees.

Watering of trees during the drought periods is oftentimes necessary and Dressel advises that patience is needed. Let the water run into the ground slowly for a long period of time. Dig a small hole to check the depth the water has penetrated. Most tree roots are in an area from 6 to 12 inches below the surface and water must penetrate this area to benefit the tree.

Begin watering about five feet

or more from the tip of the branches on large trees and work towards the trunk. A large-sized shade tree on a hot day may give off into the air through its leaves more than 150 gallons of water.

That is one reason why trees require considerable moisture.

By Margery Sharp

This is the story, not only of an exceptional woman but of an English family over three quarters of a century—an account that ends only after the buzz-bombs have spent their fury over England.

St. Paul's Mission Club Met Thursday

St. Paul's Mission Club met Thursday afternoon at the home of Mrs. Adolph Duerr for the October meeting.

The president, Mrs. Louis Epler, opened the meeting with devotionals and then Mrs. John Osterle read a poem, "Sinners All," by Louis E. Thayer.

Mrs. Adolph Duerr read a very interesting German story taken from the "Friedenbote," called "The Sabbath Tools," in which a fine old Christian father demonstrated by chopping through the roots of a cherished old cherry tree, just what would happen to his thoughtless grown-up family if they persisted in cutting through the roots of the religion he had taught them, by their careless use of the Sabbath.

Mrs. Alvin Vail closed the program with a poem on the passage of the year, titled, "I Love 'Em All," and the rest of the afternoon was spent in continued work on the Christmas gift articles to be sent to the Ozark Mission field, after which the hostess served a lovely lunch in the dining room, with the table centered with an attractive arrangement of fall flowers, fruits and vegetables.

INJURED IN DETROIT

Mr. and Mrs. Mike Misalesides, Sammy and Malatoy, spent the week-end in Detroit, and while there visited the zoo. Upon their return trip to the city, Mrs. Misalesides and Malatoy were painfully injured when both of them were struck by a car driven by a colored girl, just as they were boarding a street car and were thrown a great distance. They were picked up by city officials and taken to General hospital in a Detroit police car, where they were treated for minor injuries. Malatoy received cuts and bruises about the head, suffering the loss of a front tooth, and his right leg and hip were also injured. Mrs. Misalesides' most serious injury was a badly bruised and sprained right leg. However, both were able to return to Chelsea after receiving treatment.

Mr. and Mrs. Henry Werner moved last Thursday from the Henry Schneider apartment on East Middle street to the home of Mrs. Werner's mother, Mrs. Wm. Merker, on South Main street.

Honored On 25th Wedding Anniversary

The "Ever Faithful" class of St. Paul's Sunday school, which is taught by Mrs. Wilbur Hinders, gave a dinner on Friday evening at St. Paul's church hall in honor of Mrs. Otto Lucht, celebrating her 25th wedding anniversary.

The table was lovely, with fall flowers, silver candelabra in crystal holders and the anniversary cake, baked and decorated by Mrs. Norman Schaudt, forming the appropriate and very attractive centerpiece.

The dinner, which was attended by 33 class members and three guests—Rev. and Mrs. P. H. Grabowski and Mrs. Lucht's mother, Mrs. Mary Faust, was prepared under the capable direction of Mrs. Will Beach.

After the dinner, games in the parlors and on the lawn were provided very enjoyable entertainment, with Mrs. Adolph Steinaway receiving the grand prize.

Mrs. Lucht was presented with a gift from the class as a memento of the occasion.

SURPRISED ON BIRTHDAY

Mrs. Olin Siegrist was very pleasantly surprised Monday evening when a group of eighteen people, headed by Mrs. Siegrist, surprised her on her birthday.

The guests came in a body and were ushered upstairs, secretly while Mrs. Siegrist was in another room at the rear of the house, whereupon at a given signal by Mrs. Siegrist, the group trooped down the open stairway, singing "Happy Birthday," much to Mrs. Siegrist's surprise.

The evening was spent in a social way and card games were also enjoyed. A pot-luck lunch was served, and Mrs. Siegrist was presented with gifts in memory of the occasion. Guests present were Mr. and Mrs. Paul Messner, Mr. and Mrs. Otto Eitel, Mr. and Mrs. Ardel Lantis and daughter, Mr. and Mrs. Arnold Hirschman, Mr. and Mrs. Donald Confer and son, Mr. and Mrs. Fred Snorr, Mr. and Mrs. Albert Hoch, Mr. and Mrs. Julius Reisinger.

The party was planned by Mrs. Siegrist with the cooperation of John Frymuth, at whose home the Siegrists live.

BIRTHDAY SURPRISE

The family of Mrs. Christina Nicolai surprised her on Sunday in celebration of her birthday, which occurred on Monday, October 14. Her daughter, Mrs. Harold Whipple, of Ann Arbor, brought two birthday cakes and the others brought the rest of the dinner which was enjoyed by Mr. and Mrs. Harold Whipple and family and Mr. and Mrs. Paul Seitz and sons, of Ann Arbor; Mr. and Mrs. Carl Maute and family and Mr. and Mrs. Clarence Nicolai, of Grass Lake, who are at home with Mrs. Nicolai. Mrs. Nicolai was presented with a number of lovely gifts in remembrance of the occasion.
