

The prospect of a multi-million dollar deficit in the state treasury, due to a diversion of 76 per cent of the 3-cent sales tax back to home governments, is the A-1 top problem of the Sigler administration.

A major part of my day, from early morning to late at night, is being devoted to this matter of finances," said Governor Sigler. "I am now working on the budget message to the legislature. We're going to meet the issue frankly. The people must realize the seriousness of the financial situation which today confronts the State of Michigan."

The governor said he was concerned over the impression, still prevalent in the minds of many citizens, that the sales tax amendment diverted one cent of the 3-cent tax back to local governments. The loss of 39 per cent of the state's major source of revenue is one thing; the loss of 76 per cent is something else. Simple arithmetic will reveal that the difference is 43 per cent which on an annual budget of \$400,000,000 would mean a loss of \$152,000,000 of additional revenue diverted from the state treasury.

A variety of solutions have been advanced by members of the legislature.

Senator Haskell L. Nichols of Jackson proposes a referendum in April on whether a state constitutional convention should be called. Nichols feels that the present constitution has been amended to the point where a brand new charter should be adopted. The need for such revision has been recognized by Lansing for many years, but state officials have been reluctant to risk such a convention at a time when the voters' temper was subject to drastic fluctuation.

Economic stress in Michigan, coupled with other reasons, contributed to a change in the governorship every two years from 1890 to 1942. Prior to the adoption of the civil service amendment, this brought a biennial turnover of department heads and thousands of employees. The commissioners of agriculture, education, and other departments, who were appointed by the governor, have been acquainted with the official and became accustomed to where he was to hang his hat before a new appointee was announced.

This fluctuation at Lansing did not make for intelligent and orderly thinking on the problem of the state constitution. Perhaps the 1947 financial crisis at Lansing may overcome the usual objections.

Representative Elton B. Eaton of Plymouth introduced a resolution proposing that for sales tax issue be re-submitted to the voters at the coming April election. Eaton was named chairman of the house taxation committee, and he is fully convinced that many citizens were unaware of the consequences of the sales tax amendment. He pointed out in favor of it last November. Senator G. Elwood Bonine of Vandalla has introduced a bill which would solve the problem of how to finance the \$270,000,000 veteran's bonus. Bonine's measure would mark three mills of the 15-mill property tax for the bonus. It would produce around \$22,000,000 each year, based on present valuations. This is about enough to cover the cost of interest and bond retirement.

Senator Harold D. Tripp of Allegan would whittle down the prospective deficit by returning to the state the liquor license fee rebates which are now given to cities and villages for enforcement of liquor laws.

Other schemes to whittle down the deficit would be to divert the state tax on income from corporations and thereby make them eligible for state school aid; would dip into the \$50,000,000 veterans' trust fund to help finance the \$270,000,000 veterans' bonus. All these have the weakness that they only alleviate the problem; they do not solve it.

It is likely that the financial problem will come to a head soon at the legislature, together with the governor and state officials, may arrive at some conclusion.

With the financial problem at the top of his list, Governor Sigler has been disturbed by recent developments which have focused public attention on the personal needs of the governor and his family. We refer to the so-called "governor's mansion," a high-faluting "white house" in Ferris Park for the governor, his family, and a staff of servants including the governor's bodyguard who is assigned annually by the Michigan State Police.

The "mansion" idea is not Sigler's creation. It popped up in 1946 when the state legislature decided that the State of Michigan should provide suitable housing facilities and business offices for the governor and his family and others who are needed to maintain the building.

The state board of auditors in 1948 engaged Alden Dow, famous Midland architect, to design a building which was to be built shortly after January 1, thereby focusing the public's attention on the whole matter.

The governor is a public figure of major importance; his job does not end daily at 5:00 p. m.; the office imposes upon him unusual responsibilities and duties.

The proposed official "white house" at Lansing would include business offices where the governor could attend to official business in (Continued on page three)

Sports-Boat Show Opens On Saturday

Although snow and ice will cover the outdoors and the frigid air will make most persons hasten to their homes, dreams of spring and summer will fill the mammoth Convention Hall from Jan. 25 to Feb. 2, when the annual Detroit Sports and Boat Show will be staged.

And the 175,000 persons expected at the show will see many of their dreams realized as they inspect the latest in sports equipment. The fisherman will be keenly interested in the new glass fishing rod; the boatman will take plenty of time in looking over the \$500,000 worth of boats, from 42 foot cabin cruisers to the small row boat and canoe on display and will be happy to learn that there are plenty of boats and new models of guns on the market.

In addition to the 115 exhibits of these articles on display there will be popular out-door acts and contests. Perry Greene, the famed Maine guide who recently was the subject of a story in the Saturday Evening Post will be there with his Chinook dogs. Viola Paul, the only woman dog roller and her fellow Nova Scotia guides will entertain with stunts in the 72-foot pool. Chapley Frank, the Detroit trainer of the Detroit Tigers, will bring his beautiful Springer Spaniel, Ted Allen of Colorado, the world's champion horse shoe pitcher, will bring cheers with his mastery of this ever popular game and Chief John Turner, Ojibway Indian from North Bay, Canada, will have a special exhibit on Ojibway life. The program will be blacked, the tall, thin, Lewis Bohan and Jumbo the seal, and Bob Perry, the hilarious comedian.

The show will be open daily from noon until 11 p. m. William H. Blau, who conducted the sports show in Detroit for the last ten years, is again manager of the exhibition.

Record Onion Crop Can Be Used In Tempting Menus

Onions are one of the most adaptable and most plentiful foods on the market right now. So let's make use of the flavor, good quality and low cost of this record crop by trying them in a variety of ways.

Evelyn Craig, foods and nutrition specialist at Michigan State college, says that her favorite recipe for onion soup makes a perfect opening for dinner or luncheon. To make this soup, cook two cups of onion in butter until lightly browned. Sprinkle with three tablespoons flour and stir. Add 1 1/2 quarts hot meat broth, made by cooking a soup bone, and stir until smooth. Season with salt and pepper and simmer until the onions are tender and the flavor blended. Serve in bowls with toast and grate a little dry cheese over it.

If you decide to serve boiled onions, cook them from 30 to 40 minutes. They will remain snowy white if you add a few drops of vinegar or lemon juice to the cooking water. Cook in plenty of water with no lid on the cooking pan if you like a milk flavor. Serve with melted butter, drippings or a white sauce to which cheese has been added.

Onions make a very attractive combination served with carrots—either raw in salads or cooked. They combine well with tomatoes, too. And for seasonings they are indispensable in meats, soups, salads—just about everything but dessert.

In baked stuffed form, onions are an excellent way to use up leftover meat. Remove the centers from large boiled onions. Stuff with a mixture of bread crumbs, seasonings, the chopped onion centers and diced meat. Top with bread crumbs and minced parsley before browning in the oven.

Egg Grading School Will Outline New Federal Standards

Michigan poultrymen, processors and distributors will have an opportunity to acquaint themselves with methods of grading and marketing quality eggs this month.

An egg grading school will be held in Lansing, January 27 and 28. The school is sponsored jointly by the Federal-State Egg Grading Service, Michigan State college and the Michigan Department of Agriculture.

The purpose of the school is threefold, according to J. M. Moore, extension poultryman at MSC. First, to acquaint poultrymen with the actual grading and marketing of eggs. Second, to discuss the methods to produce and handle eggs so that they reach the consumer in best condition. Third, the revised U. S. Standards for Grades will be presented to the poultrymen. These new grades became effective December 1, 1946.

Monday, January 27 will be devoted to problems relating to production and marketing distribution of eggs.

Tuesday and Wednesday, January 28 and 29 will be occupied in the actual grading and marketing of eggs according to the new standards.

Because of the heavy enrollment of students at MSC, some of the meetings will be held in Lansing. However, the grading and marketing work will be done at the college.

Moore urges all persons interested in the school to attend. Those expecting to attend should notify J. M. Moore, poultry department, MSC, East Lansing, as soon as possible.

4-H Members To Assist In Annual Sale

Washtenaw County 4-H Club members are again planning to cooperate with Ann Arbor Kiwanis sale on January 30, 31 and Feb. 1. Over a period of years they have made contributions of farm produce for sale at this annual event. The 4-H Club Council believes it is a very worthy cause and the most realistic way to support the work the Kiwanis Club is doing for the crippled children at the University hospital. These children come from all sections of Michigan and many from rural areas.

Notices have been sent to all 4-H members and leaders. Certain members of the 4-H Council will collect this produce and bring it to Ann Arbor. The 4-H Council plans to have the contributions assembled at the home of the leader or some 4-H member where it will be picked up by the 4-H Council member assigned to that area.

According to the county 4-H Council, contributions may include any salable produce or materials including all kinds of fruit, vegetables, canned and baked goods, dressed poultry, eggs, etc.

4-H Council members must have a booth in which to display and sell this material. It will be in charge of regular 4-H members or Service Club members. The Council members making these plans include: Ruth Oakes, Shirley Miller, Durwood Mulreed, Evelyn Feldkamp, Dean Coy, Jane Downer, Helen Sias, Jack Bradbury, John Lewis Haselwerdt, Edwin April, John Beal, Raymond Schaefer, Ernest Leland, Ralph Leland, Mrs. Walter Zeeb.

These hatcheries are inspected for control of pullorum disease and chicks are produced from approved flocks.

Chicks should be ordered for early delivery to take advantage of early laying during late summer and early fall. When chicks have been ordered, farmers should then begin making ready a sanitary, warm and roomy brooding house to bring the chicks along in a method that will insure healthful growth.

AN OPEN LETTER

A reading of the "Explanation On Taxes," which appeared in last week's issue of The Standard, prompts the following:

Those in authority should realize that the "Explanation," as given, does not answer in this situation, especially in these days when so many things are happening to confuse the people.

With the previous year's expenditures for schools known, and the present year's needs estimated, a budget was prepared and presented to the electors last July. This budget showed what amount of money was needed to operate the schools according to their intentions. They should state definitely that they intend to use for the present year, only the amount they asked for in the budget, and will apply the surplus to reduce the taxes next year so far as the new budget will allow.

The elector should in no sense be taken as a complaint about taxes, because there is almost no dollar for which one gets so much value as is obtained from the dollar spent for taxes in our small communities. It is written in the interest of democratic government that the people should have been taken into their confidence the instant the authorities learned that the new valuation would compel the people to increase their tax-payment by almost two-thirds.

Orders For Chicks Should Be Placed, Poultry Men Advise

Will I buy chicks this year or will I carry my yearling hens over the second year?

That's a question that Michigan State college poultry department specialists often get this time of year from farmers throughout Michigan. Howard C. Zindel, extension specialist, says it's established fact that pullets lay more eggs than hens, and lay them when eggs are selling at the highest prices.

July to December is usually the season of highest egg prices. Early hatched pullets produce more eggs from August through December than will older hens. Older hens hit the production peak in January and June when egg prices are usually at their lowest.

Heavy breed yearlings should not be kept over for market eggs alone according to the recommendation of the poultry specialists.

Orders for new chicks should be placed immediately. Soon copies of a list of hatcheries operating under the national poultry improvement program will be available from county agricultural agents and the MSC poultry department. These hatcheries are inspected for control of pullorum disease and chicks are produced from approved flocks.

Chicks should be ordered for early delivery to take advantage of early laying during late summer and early fall. When chicks have been ordered, farmers should then begin making ready a sanitary, warm and roomy brooding house to bring the chicks along in a method that will insure healthful growth.

Chelsea Wins One Game At All-Star Night On Thursday

In the City League All-Star basketball games played in the public school gymnasium here last Thursday night, the first game was taken by the Polish Falcons of Jackson, the final score being 52 for the Falcons and 41 for the Chelsea All-Stars.

The Chelsea team won the second game from the Beer Coolers of Ypsilanti, by only two points; the score being 31 to 29.

Both games were well played and both teams seemed closely matched, making the games very interesting all the way through.

The sponsors and players appreciate the interest of the people who attend the games and hope this week's games between Cassidy Lake and Grass Lake, and Chelsea Products and Miller Funeral teams will be well attended. The first game will be played at 7:30 and the second at 8:30 tonight (Thursday) at the public school gymnasium.

Chelsea Wins One And Loses One As Basketball Season Starts In Earnest

On Tuesday, January 14 Chelsea beat Grass Lake by a decisive score of 45 to 33.

The first quarter ended with Chelsea out in front by a safe margin, 13-7, but in a quick spurt the second quarter ended with Chelsea only leading by four points, 22-18.

The third quarter ended with Chelsea hitting the loop for 17 points while Grass Lake had a hard time even picking up the four they got. Grass Lake managed to pick up 8 points in the final quarter while Chelsea got but six. Final score, 45-31.

In the preliminary game, Bob Vogel and Oscar Hansen paved the way to victory with 13 and 12 points respectively. Final score, 34-19.

Last Friday the Chelsea Bulldogs lost a well fought ball game to Romulus, 38-50. It was a fast-moving ball game throughout.

The first quarter ended with Chelsea holding the lead by the slim margin of 14-12. The Romulus lead really cut loose in the second quarter by scoring 17 points to 3 for Chelsea. At half-time the score rested at 20-17.

The third quarter ended at 30-25 with Romulus still way out front. The fourth quarter ended with the Bulldogs fighting all the way. The game ended 38-50.

If the Bulldogs would have held their own in the second period the game would have ended in a tie.

Keeping Records Of Farm Business Easy and Profitable

Five minutes a day keeping farm accounts is the best time in all farming operations according to Michigan farmers who have had experience with simplified farm account books.

E. B. Hill, head of the farm management department at Michigan State college, reports an increasing number of farmers using the farm account system developed by MSC specialists. "Farmers who once get in the habit of keeping the book say it is an easy task. They say the time spent keeping farm records is the most profitable five minutes of the day's work," Hill explains.

The start of the new year is an excellent time for farmers to begin keeping records. Many farmers have found their wives so interested in the farm account plan that they keep the records, keeping the books handy to the dining room table, makes possible the making of entries each day after the evening meal.

The real value of farm account books is that the farmer knows what phases of his farming operations are paying a profit. Also of importance is the fact that figures are available to accurately figure income taxes. Records generally improve the efficiency of farming operations and add to the interest in the farm business.

The Michigan Farm Account Books are available from county agricultural agents or from the farm management department at Michigan State college. They are available to farmers at the cost of printing. There are two types of books. The brown book is especially adapted for those who have found it difficult to keep records in the past. The blue book, which is smaller, is especially helpful for the farmer who desires to make a farm business analysis.

OFFICE NEWS

Report cards were handed out yesterday.

University high school basketball teams will play here tomorrow night.

The F.F.A. boys are sponsoring a paper drive this afternoon.

HOW'S YOUR PENMANSHIP?

One of the things brought to our attention recently was the fact that several teachers have been receiving papers that require a thorough course in deciphering to figure out.

It would seem that teachers have enough to do without that added work.

A person who has reached high school age should be able to write at least as well as a fourth or fifth grader. However, from the looks of some of the papers most people would think a second grader had written them. Some students (?) have become so careless that their papers look like a pre-kindergarten child had scribbled them.

The next time you hand in a paper, have a little respect for your teachers and some self-respect and spend a little extra time trying to make your handwriting legible. If you keep on doing this you will be surprised how rapidly your writing improves. Soon you will have a paper you'll be proud to hand in instead of dashing in and giving teacher your paper, then dashing out again as if you were afraid she might make you do it over again.

Try this once and let's see if the teachers can have a few hours more sleep at night.

MARCH OF DIMES

We all know the Infantile Paralysis Drive is on January 14-30. It is a very worthy cause and we urge you to support the March of Dimes. Your money may some day help you or some member of your family if the disease should strike in your home. During the last two years the funds of the Foundation have been almost completely exhausted as the result of epidemics.

Infantile Paralysis has never struck heavily in this community but this does not mean that it can't. The germ that causes Infantile Paralysis has been discovered, but more money is still needed for research.

Chelsea High has always had an excellent record for its contribution.

We cannot let this cause down. Support the March of Dimes.

SEE YOU AT BOX SOCIAL?

Flash! Kids, here's your chance to see all of the away-from-home games. The P.T.A., by chartering a bus, would like to make this possible. If they can set an exact price for each child so that you will always know exactly how much that you will have to pay, regardless of how many people go, it should be easier to fill the bus. If not enough children go to pay for the price of the bus, the P.T.A. will pay the difference. In order to do this, they are staging one of those grand old-fashioned box socials, to raise money.

Please urge your parents to go. They will have a wonderful time, and at the same time will be promoting a good cause. If you want this chance for your friends and yourselves, urge your parents to keep February 17 open for this occasion.

AFGHAN SQUARES NEEDED

The Red Cross in Ann Arbor has requested that Chelsea high school start knitting afghans again. Those in charge would very much appreciate volunteer knitters, as any

six-inch squares are acceptable. Someone is needed to sew the afghans together after the squares are knit. In the last few years twenty-one afghans have been completely finished. Carl Lake is the Chelsea High representative of the Red Cross.

PEP MEETING

The pep meeting for the Romulus-Chelsea basketball game was

sponsored by the Sophomore class. The pep meeting started with a poem, a parody on "The Night Before Christmas," read by D. Knickerbocker, followed by a cheer led by cheer leaders. Loren Munro gave a little talk regarding Chelsea's chances with Romulus which preceded a well supported cheer led by the "Eager Beavers." Mr. Cameron gave a short pep talk. M.

An Acre of Dishes ... and 3 Miles of Clothes

Seems like an awful lot of clothes and dishes to wash. You'd hate to wash THAT many, you say? But you DO, say statisticians—every year you wash an acre of dishes and 3 miles of clothes.

But it's not such a terrific job when you have plenty of hot water, as many Ann Arbor housewives know. With an automatic gas water heater, there is ample hot water AT ALL TIMES—not just certain hours—for laundry work, dish washing, cleaning, cooking, baths and other needs. See your plumber about this No. 1 home convenience.

 evening hours; several apartments
 to house the governor's bodyguard,
 members of the staff and their fam-
 ilies—all of whom are needed to
 prepare meals, tidy up the rooms,

tend to the fire, and otherwise be
 on hand for a variety of needs in-
 cluding state official functions.
 We recall hearing Mrs. Harry F.
 Kelly tell about the 32-person staff
 which the State of New York pro-
 vides at the residence of Governor
 Thomas E. Dewey—who, incident-

ally, was re-elected in November
 by a smashing majority. Mrs. Kelly
 felt that such a staff should be un-
 der civil service and that the wife
 of the governor should be relieved
 of the chores of presiding over
 brooms and pans.
 By contrast to the New York of-

Eight were the rural-line neighbors

Of selfish Penelope Twee.

She lacked good telephone manners

Though proud of her family tree,

She kibitzed their calls and snorted:

"Are you going to talk ALL DAY!"

Yet Penelope's calls were long-winded—

"But I pay for the privilege," she'd say.

Penelope's calls were in series

That lasted from nine until nine.

She'd forget to hang up the receiver

And tie up the whole rural line.

Good rural-line neighbors are thoughtful

For it's better to share, they agree;

Then all of them get better service—

When they need it the line is left free.

social residence, the Michigan plan
 is fairly modest. It is extremely
 unlikely that more than \$160,000
 (even at today's highly inflated
 costs) would be needed.

When we asked Governor Sigler
 about the "mansion," he expressed
 himself with considerable feeling.
 He didn't approve of the idea of a
 "mansion." He was living in a
 small apartment at a Lansing hotel
 and the governor's term, as every-
 one knows, is for two years only.
 "There are more important things
 before me," he said, wearily. "It
 was already six o'clock then, and
 many members of the executive
 staff had left for the day."

PIN CHATTER

January 14, 1947
 Could it be the weather? Some-
 thing is holding the girls down—
 at least very few of them are
 bowling their very best. Mildred
 Breitenwischer certainly has no
 complaints this week, not with a
 529 series. Dorothy Eiseman came
 through with a 470 and Gert Thom-
 sen with a 458. A few others came
 close to the 450 mark, but not close
 enough. "C'mon, girls, let's get in
 there and pitch for some really
 high scores next week—and every
 week thereafter."
 Schell picked up the 7-5 split;
 Guest the 9-7, and Novess the 5-10.
 I know there were other good splits
 picked up, but they weren't written
 on the slips. How about a little
 more cooperation?

Unprotected Forest Land
 In 1945, one-fifth of the forest land
 was classed as "unprotected." This
 20 per cent of the area accounted
 for 59 per cent of the number of
 fires, 88 per cent of the area burned,
 and suffered 78 per cent of the esti-
 mated damage caused by forest fires.

WEDDINGS

May-Winans

At a candlelight ceremony in the Congregational church on January 18, Jeannette May, daughter of Mr. and Mrs. Owen G. May, became the bride of George Winans, son of Mr. and Mrs. Elmer E. Winans.

The bride, who was given in marriage by her brother-in-law, Richard Hoelzer, wore a wool street length dress of winter white with matching plumes in her hair. A bouquet of white carnations and white snapdragons completed her attire.

Mrs. Richard Hoelzer, her sister, was matron of honor and wore a white gown with a long train and a long veil. Her bouquet was of pink carnations and pink snapdragons.

Joseph Rabley was best man, and the groom's brothers, Robert, David, Charles and Jack Winans, acted as the bridesmaids.

Following the reception, which was held in the church parlor, Mr. and Mrs. Winans left on a trip to Florida and upon their return will make their home at Carver Park.

BEACH SCHOOL NEWS

We are beginning the second semester of the year. We hope to have a better record than before. Richard and Philip Barais have been present every day this period and we have had no tardy marks. We are sorry because Blanche McVay is still out of school and also because Francis Rettig has left.

The pupils of our school got a new football with which they are much pleased. On December 19 we had our Christmas party. We had two plays, songs, and recitations. Santa Claus came and passed out treats and the gifts. We had lots of fun.

We want to thank the people who came to our Christmas party; also Perry Stanley for bringing more chairs.

Rose Ann Ball, Billie Mae Stanley and Marion Moore have spelled every word correctly the first semester. Also Irvin Knickerbocker, Rosemary Marshall, Thomas Ball and Arlene Moore have a perfect score for the entire six weeks.

We received pamphlets about steel, from the Coca-Cola Co., which we thought very interesting. We want to thank many people for loaning us records to play on our phonograph.

Mrs. Wm. Freiermuth of Fitchburg and Mrs. Clare Tisch, with her daughter, Connie Ellen, of Munith, spent Thursday afternoon here with their sister, Mrs. Elton K. Musbach.

JUST A THOUGHT
FOR THE WEEK
FROM THE CHELSEA POLICE

WARNING TO ALL MOTORISTS
Double parking is specifically prohibited. In the past there has been some confusion about stopping at a stop sign. The sign or red light has only one meaning under the new act, and that is to stop. It is a violation to coast through such a sign or light into an intersection. A stop means bringing all four wheels to a complete stop. It is also a violation to have only one headlight or no tail light. These laws are to be enforced in all cities and villages in the State of Michigan in an effort to prevent more accidents. If you are stopped for any of these violations do not blame the officer—it is your own fault.

BIOGRAPHIES

Among the new sophomores at Chelsea High is Audrey Knickerbocker, who came to Chelsea from

Manchester High. She made her entrance to the world at Chelsea on January 7, 1931. At the present she is sixteen, five feet five inches tall, has blonde hair and blue eyes. "To make the better best" is her favorite motto. She rates "The Old Lamp Lighter" as her favorite song, "Night and Day" as her favorite movie, and basketball is

her favorite sport. Her favorite food is "all foods." Audrey says Chelsea is all right and that it has a lot more advantages than Manchester High. One of the new members this year is Charlotte Otte. She first viewed this world at Detroit on April 26, 1931. She has been blessed during her fifteen years with five feet seven and one half inches of height, blonde hair and hazel eyes. She'll go to any Abbot and Costello movie, and she'll be very content to listen to "The Old Lamp Lighter." Her favorite dress will be aqua and she'll sport it with chocolate ice cream.

Charlotte came to our school from Clawson High. She says that she likes Chelsea very much and that the kids are all swell and lots of fun.

Another of the new sophomores at Chelsea High this year is Clara Salts. Ann Arbor welcomed her presence on February 25, 1932. Her fourteen years have resulted in giving her five feet five inches of height, black hair, and blue eyes. "To Bach His Own" ranks first on her Hit Parade of Songs. She would, no doubt, be happy at any basketball game eating her favorite food which is potato chips. She goes by her favorite saying, "always do your best."

Clara came to Chelsea from Saline High and says Chelsea is "strictly OK!" Among the new students at Chelsea High this year is Dick Cobb. He first announced his presence in the big city of Detroit on July 16, 1929. Seventeen years have blessed this boy with six feet and one inch of height, blonde hair, and blue eyes. He'll go gaily walking down the street in his brown suit, singing "Without You" to see the show "Make Mine Music." After a big dinner cooked by Mrs. J. Cook he'll settle down to listen to a football game.

Dick came to Chelsea from Sullivan High in Chicago. He says Chelsea High is one of the nicest schools he has been in, that the students and teachers are friendly and helpful, that the school spirit is good and that he likes it here and hopes to graduate from here.

BASKETBALL

The girls' basketball team went to Dexter for their first game of the season Friday, Jan. 17. Chelsea's starting lineup was as follows: forwards, W. Paul, H. Hankard and N. Gordon; guards were J. Weir, D. Manville and B. Luick. Chelsea was leading at the end of the half. Substitutes were: forwards, M. Slane, J. Hughes, P. Scott, and guard, P. Schable. The final score was 11 to 6 in Chelsea's favor.

The girls' basketball team will play the girls' team from University High school at 4 o'clock on Friday, January 24. The girls of Chelsea will serve a lunch to their guests and invite them to attend the boys' game.

PARTIES

Dance was held after the Romulus game Friday night. These dances following the games on Friday nights are sponsored by the Hi-Y. So far they have been well attended and those who are there apparently have a good time.

PEP MEETING

David Knickerbocker was master of ceremonies and so witty he was! He called on Professor Weber who related a wonderful poem. Donna Manville enlightened the students as to the schedule of the triumphant girls' team. Nice work, Donna! Loren Munro gave a spur-of-the-moment speech, telling of his desires for a victory over Romulus. Just for a bit of originality Dave called on Mr. Cameron, who gave another of his well organized talks. The cheerleaders led the students in several cheers. The school song closed the pep meeting.

SOPHOMORE NEWS

The Sophomores put on the pep meeting last Friday afternoon. It was for the game between Chelsea and Romulus. The master of ceremonies was the president of the class, David Knickerbocker.

The Student Council sent a delegation of Ray Knickerbocker, Don Baldwin, Jack Merkel, and Junior Niehaus to the faculty meeting Monday to present the students' points of view on certain school practices. The matters will be taken under consideration.

7TH AND 8TH GRADE PARTY

(By Jana Lou Weinberg and Evelyn Woods)
Seventh and eighth grade pupils from local and rural schools enjoyed a Junior High party at the Municipal Building Saturday night, January 18, under the auspices of the P.T.A.

Since there was no music available in the building, George Heydlauf provided a phonograph. Other pupils provided the records. Refreshments were ice cream and cup cakes. The ice cream was the hardest most of us had ever had. When we removed the lids from the dixie cups the paper stuck to the ice cream.

The evening was spent entirely with dancing. Chaperons were Mrs. Vickers, Mrs. Eisemann, Mrs. Steinbach, and Miss Fox.

FIRST GRADE NEWS

The first grade has one case of whooping cough.

Everyone in the third grade were present last Wednesday for the first time since Christmas.

Reuben Edick has left the room. They are studying grains for social studies, they are making charts and writing reports, for science they are studying the fox. They are also making a third grade story book.

ans' care program, now in operation throughout Michigan, was designed to help relieve demands upon the regular veterans institutions. Under the arrangement made between the hospitals and the Veterans Administration through the Michigan Hospital Service, veterans may go to a designated voluntary hospital for care or treatment in a veterans hospital, as convenient.—The Northville Record.
