**Local Groups Will Observe National 4-H Club Week**

Members of the 4-H clubs in Washtenaw county are cooperating in many ways to make this year's observance of National 4-H week successful.

The dates for the week have been set from March 1-7. County 4-H Agent Thomas Bust, states that this county had 558 boys and girls enrolled in 4-H work last year. The major interest was in food preparation with 180 girls enrolled. Other important projects were tractor maintenance, dairy, livestock, food preservation, conservation and garden. Several others were enrolled in various other projects.

The theme of the 1948 4-H week is: "Creating better homes today for a more responsible citizenship tomorrow." During the observance, 4-H members will be given the opportunity to inventory their 4-H activities to date as a "check-up" on their own efforts in carrying out any 4-H programs already started. Parents will be invited to get acquainted with the work of 4-H members in the community.

Among the events planned by Washtenaw county 4-H boys and girls are: A county 4-H rally at Dexter High school gym Saturday night, March 6; window exhibits in each town in the county; 4-H sponsored farm machinery sale, March 6, at the Paul Cheney Implement store, and organization of as many new clubs or enrolling as many new members as possible.

Communities interested in organizing a 4-H group for summer work should contact their nearest 4-H club or the county 4-H agent.

**Life of Male Ants**  
Male ants live but a short time in the adult state. The workers exist only a few months. The average life of a queen is not more than 12 months although some queen ants have been known to live 6 or 7 years.

## More Than Half of Michigan Roads Need Repairs, Report Shows

Nearly half of Michigan's 106,000 miles of roads and streets have deteriorated to the point where \$1,400,000,000 must be spent during the next 12 or 16 years to bring them up to date and an additional \$700,000,000 is needed to pay for replacements and maintenance of thoroughfares which are presently adequate, the 18-month study of the Michigan Good Roads Federation revealed today.

Additional revenue in the form of increased gasoline taxes, motor vehicle fees, local property taxes or a combination of the three is necessary to correct the problem, the study found.

Many reasons for the present condition of the state's highways and streets were listed in the report, notably inequitable distribution of available revenues between the various units of government, curtailed construction during the last war, loss of local property taxes for road purposes, inadequate revenue during the depression of the 1930's and greatly increased traffic volumes.

The study marked the first time in the history of the state that all groups interested in good roads were able to reach an agreement as to the actual needs, and the survey was described as the "most thorough of its kind ever conducted in the United States."

See Voice Perform Oscilloscope, built into the cabinet of a phonographic recorder, permits voice of a singer or the tones of an instrument to be watched while the record is being made.

**Dates Set for 4-H Summer Camp**

Dates for Washtenaw county's 4-H summer camp have been set for July 13 to 23 at the Island Lake Group camp.

The club agents from the county participating in the Southeastern Michigan 4-H camp district met Friday, Feb. 20 at Northville to make plans for the 4-H camping season. Marie Wolfe of Wayne county was elected president of the camp committee while Thomas Bust of Washtenaw county was elected secretary-treasurer.

Changes that are being planned for the next camp include hiring of a full-time assistant cook, water-front director, nurse, and to clean up under growth and trash around the camp. The conservation department also plans to install a large refrigerator, paint and repair cabins and build a bathing beach on the river on the camp site. Campers will cooperate with the department in building a council ring.

4-Hers should plan their time to be able to leave for camp at week. Cost of the camp as yet has not been determined but with added personnel it is likely to be slightly higher than last year.

## Early Decision Is Seen on 'Extended Area' Phone Plan

Lansing—Michigan Bell Telephone company customers outstate may soon learn whether they will be able to call nearby exchanges with the same "community of interest" without paying long distance charges.

The Michigan Public Service Commission, following the completion of a four-day hearing, is expected to make an early decision on the company's application to provide extended-area service in most exchanges outside of Detroit, and to create district exchanges, similar to the Detroit system in the Grand Rapids and Pontiac areas. Chairman Stuart B. White, of the Commission, ruled repeatedly that the issue has no bearing on the company's main application for a \$10,400,000 annual rate increase.

## WESTERN WASHTENAW FARMERS' CLUB MEETING

The Western Washtenaw Farmers' Club met Friday evening, Feb. 20 at Salem Grove church with Rev. and Mrs. E. O. Davis entertaining. The assisting committee was Mr. and Mrs. Theodore Riemenschneider, Mrs. Philip Riemenschneider and Walter Riemenschneider. A fine dinner was served in the dining room where Mrs. Davis had arranged tables very tastefully in keeping with George Washington's birthday, using blue bands down the center of each table and marking each place with a cleverly fashioned hatched made of candy and placed on a paper lace doily. The centerpiece on each table was a large hatched and a bunch of cherries placed on a large doily flanked by red, white and blue candles.

The speaker, a representative of County Agent H. S. Osler, was Mr. Thorpe from MSC, who showed pictures on "soil conservation." This was followed by group singing and then Henry Notten read Lincoln's "Gettysburg Address," which concluded the evening's program.

At the business meeting it was decided to comply with a request from Mr. Osler to send a delegate (to be named later) to a district meeting in Ann Arbor on Friday, March 5.

## BUSY BEE 4-H CLUB

The Busy Bee 4-H girls of Rogers Corners met Tuesday evening for sewing.

The first-year girls, Audrey Haab, Marion Zinke and Norma J. Aiber have nearly finished their project. The second-year girls, Ruth Beuerle, Wanda Eschebach, Helen Eiseman and Arlene Loeffler are working on their blouses, having finished their dresses and skirts. Mrs. Alfred Kuhl is the leader.

## TWINS OBSERVE BIRTHDAYS

Elmer Weinberg and his twin sister, Mrs. Elma Webster, of Scotts, who is visiting relatives in Chicago, celebrated their birthdays on Wednesday evening at the Weinberg home Friday. Also present was their sister, Mrs. Effie Gage, and the Weinberg's grandson, Jeffrey Weber, of Ferndale.

## RETURNS HOME

Mrs. Fred Gentner arrived home on Sunday after spending about ten weeks in Ventura, Calif., at the home of her sister, Mrs. Fred Menninger. Mrs. Menninger, who underwent a major operation and was a patient at a hospital there for some time, is much improved and is able to be about the house now, Mrs. Gentner said.

Mrs. Gentner arrived in Jackson by train on Thursday and remained with her daughter, Mrs. Norman Klingler, at her home there until Sunday. Mr. Gentner, who accompanied Mrs. Gentner to California, returned home three weeks ago.

## SURPRISE BIRTHDAY PARTY

Mrs. Frances Alber was honored with a surprise celebration of her birthday at the home of Mrs. Karl Riegger Sunday evening. Cards were the diversion of the evening, two tables being in play, and later, ice cream and cake was served.

The honor guest was presented with a gift from the group.

## VFW AUX. SOCIAL MEETING

The VFW Auxiliary enjoyed a social meeting at St. Mary's hall Monday evening, Feb. 23. A combination of White Elephant and Robber games furnished the evening's diversion, the door prize being awarded to Mrs. Henry Werner.

After the games a very nice lunch was served by the month's committee with Mrs. Norman Schmidt as chairman.

## CHILD STUDY CLUB

The Chelsea Child Study club held a regular business meeting at the home of Mrs. Hugh Sorensen, Tuesday evening, Feb. 24.

Plans were made to hold Family Night at the Municipal building on Tuesday, April 6.

The next business meeting is to be held at the home of Mrs. Parker Sharrard on March 9.

## SURPRISED ON BIRTHDAY

Mrs. Lulu Thelen and Mrs. Charlotte Van Ness of Jackson, Mr. and Mrs. Herbert Hinderer of Rogers Corners and Mr. and Mrs. Alfred Lindauer surprised Mr. and Mrs. Philip Seitz by dropping in on them Wednesday evening in celebration of their birthday. Because of the fact that the Seitz house was in the throes of being redecorated, the party all went to the home of the Seitz son and daughter-in-law, Mr. and Mrs. William Henry Seitz nearby, where a very enjoyable evening was spent.

## FAREWELL PARTY

Mr. and Mrs. Elvin Meyer, who plan to move Monday from the Arthur Koengeter farm on Scio Church road to the William Zahn farm near Pleasant Lake, were honored with a surprise farewell party attended by about fifty of their neighbors. Present also were Mr. and Mrs. Arthur Koengeter and daughter, Joan, and Mr. and Mrs. Clarence Koengeter, all of Ann Arbor, and Mr. and Mrs. Waldo Horst of Chelsea. Euchre and Pedro were enjoyed during the evening and high prizes were won by Mrs. Ernest Schiller and Fred Bollinger. Joyce Eisemann and Rudolph Bollinger received second prizes.

Lunch was served after the games and the honored couple was presented with a beautiful table lamp as a farewell gift from the group.

## GUESTS OF STUDY CLUB

Patrons of the Lecture Series were guests of the Chelsea Study club at the Methodist Home Tuesday evening, Feb. 24, when W. P. Lemon of Ann Arbor gave his lecture, "Lent in World Literature, or The Classics of the Soul's Quest." Dr. Lemon's appearance here was sponsored by the Study club.

Dr. Lemon held the interest of his exceptionally attentive audience during an hour that passed all too quickly, according to reports of those who heard him. Stressed during the lecture was his opinion that "today's living, through present-day religious teachings, has taken on a qualitative rather than a quantitative aspect."

Following the lecture refreshments were served by the Study club committee, Mrs. Joseph Fisher, Mrs. Edwin Eaton, Mrs. Charles Meserve, Mrs. John Fischer, Mrs. Dor Rogers and Mrs. James K. Daniels.

## CRCT CLUB

The February meeting of the CRCT Club was held at the home of Mrs. Eleanor Shutes on East street with twelve members and two guests present.

Because of the lack of enthusiasm in regard to the pencil drive for the benefit of European school children; that is, in finding a particular school to which to send the pencils collected by the club, a motion was made and seconded that they be sent to Mrs. Reuben Sodt's daughter, a nurse stationed in Germany. It was felt that if this were done club members would be assured that the pencils will be distributed where they will do the most good.

Miss Mabel Fox and Carl Chandler, both teachers at Chelsea High school, were guests at the meeting

## Our Citizens of Tomorrow

Janice Wood is the little lady with the inquiring look in the upper left hand corner of the above group. She is the daughter of Mr. and Mrs. Clarence Wood of 18176 US-12 and was baptized at St. Mary's church by Father Lee Laige. She was just a year old when the picture was taken in December. In the center of the top row is Mary Frances, ten-month-old daughter of Mr. and Mrs. David Eaton, 319 Congdon street. She was baptized on October 12 at St. Paul's Episcopal church at Port Huron. In the upper right hand corner is pictured Cheryl, a nine-month-old daughter of Mr. and Mrs. Arnold Lehman of 421 West Middle street. She is listed on the Cradle Roll at the Congregational church and was baptized by Rev. W. H. Skentelbury. She was twenty months old when the picture was taken. Mr. Lehman

is employed by the Chelsea post office. In the lower left hand corner of the group is the daughter of VFW Commander and Mrs. Charles Ritter, 124 Grant street. Baptized Margaret May, at St. Mary's church by Father Lee Laige, she is called "Meg" by her family and friends. Seventeen-month-old Roger Houle, in the center of the bottom row is the son of Mr. and Mrs. Reynold Houle of 578 West Middle street. He also was baptized by Father Lee Laige at St. Mary's church. The remaining picture, in the lower right hand corner, is that of Barbara Jean Wenk, two and one-half years old, daughter of Mr. and Mrs. Norman Wenk of 2081 Fletcher Road. Like her baby sister, Marilyn, pictured in last week's Standard, she was baptized by Rev. M. W. Brueckner at Zion Lutheran church at Rogers Corners.

## PERSONAL NOTES

Richard Brooks of Albion college, spent Friday evening here with his grandparents, Mr. and Mrs. Howard Brooks.

E. E. Schumacher of Maplewood, N. J., stopped in Chelsea Monday for a short visit with Mrs. Lizetta Widmayer and other Chelsea relatives and friends, while enroute to Chicago on business.

Mr. and Mrs. Henry Schneider spent three days this week at the home of Dr. and Mrs. N. E. Phelps in Coldwater and then went to Rockford, Illinois, to spend ten days at the home of their daughter, Mrs. Don Bartlett and family.

Donna Lee Chapman spent the week-end with her aunt and uncle, Mr. and Mrs. Paul Klager at their home in Ann Arbor. She returned home with them on Sunday and they, with Mrs. George Satterthwaite, spent the afternoon at the Chapman home.

and spoke to the group on timely subjects.

Miss Fox explained the formation of the MEA and what it has done and mentioned that several bills are to be brought before the legislature soon which she felt were worthy of support. She spoke in particular of the bill to "extend limitation on the time for the payment of school building debts."

The two Federal bills were brought up for continued discussion and letters, which had been received from certain senators, were read.

Mr. Chandler spoke on the topic, "The Future Teacher Program," and suggested ways to interest more young people in preparing for the teaching profession, especially for the early elementary grades. He said that for the year 1948, there are only about one-fifteenth as many students preparing for this work as will be needed.

The next meeting of the club will be held at the Rogers Corners school with Miss Hildegard Fontana and Mrs. Gladys Feldkamp as hostesses. This meeting will mark the end of the club year and election of officers will be held, it was announced.

Lunch was served at the close of the meeting by the hostess and co-hostesses, Mrs. Clarence Breitenwischer.

Mrs. Anthony Topolka and son, Paul, visited Mrs. A. Topolka's mother, Mrs. George Scherer, Sunday.

Sunday afternoon callers at the home of Mrs. Herbert Snyder were Mr. and Mrs. John Blohm of Beulah and George Blohm of Lansing.

Rosemary Hummel, Mary Jane Eder, Barbara Tobin, Don Alber and Bob Tobin spent Saturday evening in Detroit at the home of Beverly Hovey.

Mr. and Mrs. George Atkinson and children were in Trenton Sunday to call on Mr. Atkinson's nephew, Carl Gieske, who is a patient at a hospital there.

Clifford Wolfe of Francisco, an employee at the Federal Screw Works here, entered Foote hospital in Jackson on Wednesday, for a major operation.

Mrs. Lawrence Hovey and daughters, Beverly and Nancy, and Mary Westlake and Margaret Craig, all of Detroit, spent Sunday at the home of Mrs. Henry Mohrlock.

Mrs. Harold Clark was admitted Tuesday afternoon to U. of M. hospital in Ann Arbor, where she underwent the second major operation in a month on Wednesday. Mrs. Clark, who went to California in December to attend the Golden Wedding celebration in honor of Mr. and Mrs. Fred Mensing, became ill while she was there and flew home, arriving on Jan. 28, and was taken to this hospital for a major operation the next day. She had been at home for two weeks before returning to the hospital for the second operation, which had been planned for this time because it was felt the two operations at the same time would have taxed her strength too severely.

Longer Lasting Teeth As a result of advances in human life expectancy, the average child of today will need his teeth 27 years longer than the average child born during the American Revolution, and 17 years longer than the child born in 1900, says Dr. J. T. O'Rourke, Boston dentist. Humans are far outliving the life expectancy of their teeth.

## GIRL SCOUT NEWS

Board Meeting—Directors of the Chelsea Girl Scout Board met Monday evening, Feb. 23, at the home of Mrs. Lyle Schlawerdt.

The need is still great for adult helpers with the scout and the Board would appreciate having anyone who could assist even occasionally in scout work to call Mrs. Russell Baldwin.

## Troop I—

The meeting was held Wednesday, Feb. 18, at the home of Gale Lindwall. The refreshments were delicious "Brownie" cookies baked and brought by Joan Merkel. Suggestions of things that the troop members might make for the bazaar were discussed in the business meeting.

Following the business meeting songs were sung, accompanied by Connie Ann Steinbach at the piano.

## Troop III—

The meeting, which was held Wednesday, Feb. 18, opened with the secretary's report. Norma Jean Morgan reported on the meeting which she had attended Feb. 11 in Ypsilanti. The troop worked on paper bowls. Mrs. Baldwin and Mrs. Guest were visitors at the meeting.

Leader—Miss Sobocinski. Scribe—Norma Jean Dull.

## Troop IV—

The meeting was called to order by the president at 7 p.m. on Thursday, Feb. 19. Plans were made for our group to attend the Senior Girl Scout conference to be held in Ann Arbor, Saturday, Feb. 21.

A letter of appreciation from the Methodist Home was read, thank-

ing the girls for the serving trays and Valentine favors they made for the Home. The meeting was adjourned and refreshments were served by Virginia Christwell. The balance of the evening was spent rearranging our furniture. Mary Ann Wheeler, Sec'y.

### Good Orchard Sites Have Special Needs

No single factor should be considered above all others when picking an orchard site, report N. L. Partridge and J. O. Veatch of the Michigan State college department of horticulture and soil science.

Soil, topography, and climate, as well as local market, are of great importance in the selection of an orchard site, the specialists declare.

In general, well-drained loamy soils, underlaid by till clay of gritty texture and relatively open structure rank first in soil considerations. Possibilities of erosion should be noticed because fertilization is seldom able to correct deficiencies coming from the loss of surface soil. Low temperatures and the chances of late spring frosts or freezes must be analyzed. The effect of these factors will vary with the kind of orchard to be set out.

The best orchard sites are those on broad ridges or upland plains bordering depressions. Loamy soils underlaid by gritty clays of relatively open structure, such as those located within three or four miles of Lake Michigan, are also good.

Maple Syrup Time Calls for Checking on Equipment, Supplies

Get your maple syrup equipment ready. That's the advice of Ira Bull, forestry specialist at Michigan State college.

Early runs of sap, which come when the weather warms, are worth collecting. Waiting until the mid weather to wash out equipment may mean that the first run is over before you can get the pails out.

An adequate supply of cans or glass containers and labels should be purchased. Felt filters should be examined to see that there are no holes in them.

The forester also advises that thermometers be tested in boiling water to see if it reaches 212 or 211 degrees. The boiling point of water will decrease approximately one degree with every 500 feet above sea level. If you use a hydrometer, see that it is in good condition.

An adequate wood supply is also a necessary part of syrup making. There is little time to cut fuel when the sap finally begins to flow.

Northville—Miss Martha Horton and her brother, Edward Horton of Pontiac, former Northville residents, have presented the Presbyterian church with a silver water pitcher and goblets. It is part of a large silver set originally given to Rev. and Mrs. James Dubuay by their congregation as they served the Northville church during the years 1851, 1868 and 1872-1875. This is the second set of old silver received by the church.

The original communion tankard and chalice was restored to the church by a gift of Mrs. Charles H. Paul. The set, dates back a hundred years when the common communion cup was used. When the individual glass cups were introduced and the silver set was to be sold, it was purchased by Mrs. Paul who was then Miss Camilla Wheeler. —The Northville Record.

Some authorities disagree. Some authorities claim that owls are dumb, others say that they are the geniuses of the bird world. They cannot see in the dark. The eyes of an owl are fixed in its head so that they cannot be moved and in order to change its line of vision the bird must change its position. No animal can see in the dark—owls can see in the moonlight or early dawn, apparently better than other animals of birds.

## SUDDENLY IT WAS SPRING

The temperature soars to forty-five degrees and spring fever sets in. The signs are infallible. The little girls leave their snowpants home and the boys run out to play without a hat or coat and whom do they pester? The little girls seem to be the attraction. But it's not just the little boys and girls. Who was that high school couple who were strolling hand-in-hand the other day? The high school girls forget to wear their babushkas and the fellows buzz around town in

their cars with the windows rolled down. Speaking of windows, when one walks into a classroom, the windows are all up—wide open—that is, until teacher comes in. In class everyone is so attentive—to the lovely weather outside. No wonder teachers get gray!

Then the first thing you know, attendance at school drops for everyone's home with a cold. Wonder why? That spring weather didn't last. It's winter again!

## CHEERLEADING

Say, remember all of those super basketball games during this year's season? Exciting, weren't they? The boys really worked hard, but so have our cheerleaders! Don't forget, they gave up their own plans and were at every game. We still have a few more games to play this season and we really should support them.

Let's support our second team also, for they will someday replace the present first team boys. Come on and actually finish up the season with plenty of pep and team support. We can show the team we're backing them—if we only try!

Did you know that Dinah Shore was a cheerleader in the high school she attended? Once she went "all out" on giving a cheer and (probably because of a little help from the spectators) she yelled so loudly that her voice

dropped to its present low tone! Most of our opponents more than support their cheerleaders by really coming forth with lusty yells, so why shouldn't we? They also often applaud resoundingly at the end of each cheer. Oh, yes, occasionally there is a faint attempt by our side.

Come on now—are we lazy or just too feeble? If you eat your "Wheaties" Friday morning, then let loose with that newly-acquired pep and energy at the game that evening.

Let's support our second team also, for they will someday replace the present first team boys. Come on and actually finish up the season with plenty of pep and team support. We can show the team we're backing them—if we only try!

## CHEMISTRY TRIP

The chemistry class with four members of the physics class, went to the Dexter Plastic Works. They saw the various ways of making plastics and the many different items that the plant made. Everyone enjoyed watching the machine making and molding plastic and learned much that was very interesting. A few little plastic cows have been seen around school.

It seems Mr. Richards was given a plastic cow.

## SMALL TALK

On the chemistry field trip to the Dexter plastic factory, Mr. Richards discovered one particularly fascinating cow.

It seems Doug Vogel and his teachers don't agree upon the way the Bulldog hats should be worn. Has anyone noticed Dorothy Howard lately? She has something new (?) in the way of costume jewelry.

Those weird little pieces of paper floating around in American History class fifth hour are rather distracting. Could Bob Merkel and Joyce Malotte be the cause of it?

How would YOU like a vacation from school? Some ex-juniors who have such a vacation declare it of doubtful value.

Betty Wolfe is definitely attracted to brunettes from the way it looked at the dance last Friday night.

Laverne Haffey looks like he's walking on air lately. My, my, what these Freshmen do to our football heroes!!!

Why doesn't someone tell Mary K. Palmer that the time to have a Valentine party was Feb. 14, not last Saturday!

The Freshmen boys show such great interest in the Sophomore class. Does anyone know why? Maybe George Heydlauff, Dave Crocker, or Stanley Knickerbocker have the answers.

## STUDENT COUNCIL NEWS

The Sophomores would like to get their class rings this spring instead of next fall. This matter was discussed and laid on the table until the next meeting.

It was suggested that a bus for the students be taken to the Dundee game and each one going on it bring a written permit from home.

## Here's Brand-New Power for your Buick

OUR men do a master job of keeping Buicks right up to Buick high standards. They can get everything out of them that there is to get.

But maybe you'd like the thrill of a brand-new engine in your car.

If so, we're ready to do that job too—ready to put a straight-from-the-factory engine in any Buick built since 1937.

You get an entirely new engine. It has a new carburetor and air cleaner. It has a new distributor with both vacuum and centrifugal spark control. It has new wiring and spark plugs—even a new smooth clutch that eases every

start and makes driving fun.

On top of all that, this engine brings you the latest Buick features you read about—such features as precision cylinder boring and Flex-Fit oil rings, Stratoflow cooling and all the rest.

We have these engines for you right now because Buick engine production is running ahead of complete car output.

So, in less time than a good overhaul would take—and frequently at less cost—you can have a car with everything a brand-new Buick engine can give you, and a car worth much more when you're ready to turn it in.

Good deal, isn't it? Worth looking into? Drop around and let us give you all the facts and figures.

## BAND ASSEMBLY

The Dexter band and the Chelsea band displayed much wonderful music in the Chelsea High School auditorium last Friday, Feb. 20. Everyone was tapping his feet and keeping time to the rhythm of the music. The students liked it very much.

"Buddy" Johnson and "Corky" Dreyer displayed some of their talent in a coronet duet, with Donna Kalmbach accompanying on the piano.

William Aldrich played a clarinet solo entitled, "Smoke Gets In Your Eyes," accompanied by Raymond Steinbach at the piano.

The students didn't seem satisfied after the last number, they kept yelling, "more!" Was it because they enjoyed the music or because they wanted to use up more class time?

## PEP MEETING

All of the Chelsea students can acquire that new look by buying one of those new creations, or Chelsea caps, as some call them," stated Bob Merkel at the pep meeting which was sponsored by the Juniors last Friday.

The meeting started with the school song. After talks from Mr. Cameron and Mr. Newkirk, there was a cheer led by the cheerleaders. Speeches were then made by Baldwin, Heydlauff and "Cannon Ball" Joseph. The cheerleaders then led the school in a cheer for victory over Romulus. The pep meeting was then dismissed.

## SEVENTH GRADE NEWS

Mr. and Mrs. Vet Bullis visited their daughter, Mae, at Munith, Friday.

Miss Lillie Wackenhut has accepted a position as trimmer in the millinery store of Miller Sisters.

Mrs. P. M. Brossamle has received word from her brother, Carl Mensing, who is making a business trip for his company to France and Germany. He sailed on the "Ma-jestic."

Several months ago a plot of ground bordering on Cedar Lake was acquired by the Starr Commonwealth for Girls. Last summer the building was erected and the cottage named "Mary Starr Cottage."

Floyd Starr, Albion, is the founder of the Commonwealth for Girls and Helen Clarke, Chelsea, is President and General Manager.

The marriage of Miss Cora Lesser, daughter of Mr. and Mrs. Garhart Lesser of Dexter township, and William Beach, son of Mr. and Mrs. Wm. J. Beach of Lima, took place Tuesday, Feb. 26, at St. Andrew's parsonage in Dexter.

Rev. J. H. Kreuger performed the ceremony. They were attended by Alton Lesser and Miss Esther Beach.

Withdrawal of original nominees of both village party tickets during the last week has made substitution necessary. On the Independent ticket, withdrawal of A. G. Hindelang and Geo. Seitz resulted in the placing of Roy Harris and Henry Hesselshwerdt on the list for trustees. The People's party is without a candidate, with the exception of committeemen Howard E. Canfield, Geo. Walworth, Jacob Lehman and Otto Hinderer having withdrawn. The two tickets are: Independent—President, Warren R. Daniels; Clerk, E. C. Maroney; Treasurer, Otto Hinderer; Assessor, John B. Cole; Trustees, Oscar Schneider, Roy Harris and Henry Hesselshwerdt; Committeemen, L. P. Vogel, C. Lehman and L. T. Freeman. People's party—no candidates for president, clerk, treasurer and assessor; Trustees, Jacob Hummel, Ellisworth Hoppe and L. B. Lawrence; Party Committee, R. D. Walker, Henry H. Fenn, H. D. Witherell.

The Bay View Reading Club gathered at the home of Miss Jessie Everett Monday evening. About fifty guests were present. Ruth Dancer and Robert Crawford impersonated Martha and George Washington, respectively, and greeted the guests at the door. The home was decorated in patriotic manner with flags and emblems in honor of Washington's birthday. Mrs. A. W. Fuller and Dr. H. H. Avery received prizes. An elaborate supper was served.

Last Friday an auction sale was held at the home of F. A. Glenn of North Lake. About 300 attended the sale which turned out to be very successful. E. W. Daniels was the auctioneer and three clerks, P. E. Noah, E. C. Glenn and Samuel Schultz, were employed. P. G. Schaible acted as cashier of the sale.

P. E. Noah purchased an automobile horn and some of his friends wondered if he was going to assemble an auto or had purchased the horn to assist the bass horn in the North Lake band.

In Sylvan about 25 of the neighborhood ladies met at the home of Mrs. J. W. O'Connor Saturday afternoon and gave her a farewell surprise party.

The box social given by the school in District No. 8 last Wednesday evening, was a highly successful affair. Leo Guinan, the teacher, reports that the receipts were \$45.00.

The following from this vicinity have been drawn as jurors at the March term of Washtenaw county Circuit Court: Homer Stoffer, Freedom; Albert Pfizmaier, Scioto; William Kaercher.

## 4-H Service Club Plans Program

Washtenaw county's 4-H service club is planning a 4-H week, March 1-7. The meeting will be held at the Dexter High school gym Saturday night, March 6, at 8 o'clock.

According to Raymond Schaler, president of the service club, quite an elaborate program has been planned. The early part of the program will consist of music and 4-H demonstrations while the latter part will be centered around an old time dance.

The purpose of the rally is to urge more people to become acquainted with 4-H club work. Local leaders are asked to bring prospective members and parents are especially invited to attend.

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They

may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like older and pop-corn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."

Where Does Your Money Go?

Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.

Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.

So it's only natural they put more into what means most to them and to their children: their homes. They

may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.

And from where I sit, that budget calls for some of the niceties of home life too—like older and pop-corn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."
