Independents
Team Wins
Third GameOverflow Crowd
Sees Locals Gain
Easy 13-8 Victory

By BILL SCHATZ

Chester Independents added a big scalp of the Pinckney team to their local success Sunday with a 13-8 victory.

Pinckney drew first blood in their half of the first inning but that was all, brother, until the sixth. Your Independents collected 8 runs in their section of the first and from there never was any doubt in the minds of the overflow crowd, regarding the final outcome.

Slime McClanahan was lifted at the end of the fifth, when the lead was 11 to 1, being followed by A. Wengren and B. Slane, who teled successfully on the mound. T. McClanahan going behind the plate for Manager L. Marsh, giving our reserve strength a chance to season under fire.

Pinckney gathered 7 more runs against the reserve strength, for their total of 8, while your Independents grabbed off a couple more, just to keep the margin safe. S. Koneski and Stan Polich, each suffered a turned ankle, forcing Koneski out of the line-up.

One of the many features of the game was a comedy of errors act put on out in right field by two of our worthies. A looping fly sailed out right field way and then started out the "you first, my Dear Gaston," "no, you first my Dear Alfonso," "no, you first drops safe and again "you first, my Dear Alfonso," etc. until the ball was finally located under a four leaf clover, then leisurely tossed around while the run scores. But that, boys and girls, is what makes the old ball game.

Student Day Program
at Methodist Church

Two sophomore students from Adrian College are to take part in the Sunday morning service at the Methodist church as part of the annual Student Day program. David Sundah-Singh of India, a very talented speaker, is to speak on the topic, "Methodism in India." Warren Harding of Roseville, Mich., is the other student who will participate in the program.

In addition to his talk, Mr. Singh will demonstrate and explain a number of musical instruments from his native country, which he will bring with him.

While Rev. O. W. Morrow, pastor of the church, is to attend the Detroit annual conference which is being held at the Nardin Park church from Wednesday until Sunday, he will be here for the Sunday morning church service although there is to be no sermon.

Mrs. E. H. Dancer returned Friday from Grand Rapids where she had spent the last two months at the home of her daughter, Mrs. Victor Hook and family. She made the trip home with another daughter, Mrs. Edward Leila Dancer, who with her son Dickie, had spent the day in Grand Rapids.

Chelsea Milling
Team Loses Game
to South Lyon, Sun.

By DWIGHT GADD

In the knee-high grass of the South Lyon pasture-bailpark, Chelsea Milling lost last Sunday, 13-2, in a game marked by poor officiating on the bases and many heated arguments.

Chester outthrew the winners, 8 to 7, but the locals couldn't hit them into the right spots in the outfield as did South Lyons. Nine of South Lyons' 13 runs came on three balls hit into the grass—one only about 50 feet behind second—which went for two home runs and a triple.

With Don Alber still laid up, Jim Ewald took the mound for the "Jiffys" and pitched a fine game. Without those three "flukes," it would have been a fine game. Carraher relieved Ewald in the sixth and pitched good ball the remainder of the game.

Grass League here at the local field, starting time 2:30. It is hoped that Alber will be back on the mound, so come out for an afternoon of baseball next Sunday.

Youth For Christ
Anniversary Rally
Saturday Night

Young people of "Chelsea Youth For Christ" are looking forward to their third anniversary with great enthusiasm.

The rally will be held by the Lake on the Sterling farm at 12870 W. North-Territorial road, which is located three and one-half miles west of Portage Lake road and one mile east of North Lake; seven miles northeast of Chelsea, Saturday, June 19, at 8 p.m. Daylight Savings Time.

The speaker will be Dr. Gordon D. Northrop of Osego, Michigan, who served for a time as a missionary with the Crow Indians of Montana and has held pastorates in Pennsylvania, Connecticut and Michigan, as well as holding evangelistic meetings, speaking at business clubs, Christian business clubs, etc.

The Detroit Edison company will furnish facilities, making it possible to have a public address system as well as lights for this Rally.

A men's quartet composed of David Linebaugh, Robert Patch, Harold Brown and Elmer Hieber, will sing for the occasion. George Moore will play the violin, accompanied by his sister, June, Alto from Ann Arbor. George Festian of Detroit, will also bring a special treat in instrumental selections.

All are invited to share in this celebration.

Sylvan Farm Bureau
Meets at Czapl Home

Mr. and Mrs. Joseph Czapl were hosts for the regular meeting of the Sylvan Farm Bureau held Friday evening, June 11, at their home on Rank road. Beginning as it did at 8:30 p.m. Daylight Savings Time, those who attended made use of the extra daylight hour by inspecting the flower gardens which were at their prettiest and which Mrs. Czapl proudly displayed as her own handiwork.

Dividing the group into four small discussion groups, Gordon Van Riper, the discussion leader, called for suggestions for improvements and aids to Farm Bureau members by the Bureau. Most important of the resultant suggestions was one that a Farm Bureau elevator in Chelsea would be welcomed by the members.

There is to be no business meeting next month; instead, there will be a Sunday picnic and the Czapls invited the group to hold it at their home.

At the close of the meeting, sandwiches, cake and coffee were served by the hostess.

Friday, Saturday, June 25-26Sign 1,000 Boys
For Legion's 11th
Annual 'State'

One thousand Michigan high school boys representing more than 300 communities will enroll in the 11th annual Wolverine Boys' State to be held June 17-25 at Michigan State College.

Herbert J. McKune Post No. 31 of the American Legion is sponsoring Ted McClellan, son of Mr. and Mrs. Mark McClellan, at the annual event.

There they will receive intensive training in the theory and practice of democratic government. They will form political parties, organize and conduct city, county and state governmental units, establish courts, pass laws, hold caucuses, conventions and elections, and carry out all the duties and functions of official city, county and state governments.

This project, founded and sponsored by the American Legion, is carried out annually, not only in Michigan, but in 44 other states as well, with a total of 25,000 boys enrolled over the nation. Here in Michigan, as elsewhere, the boys are carefully selected on the basis of scholarship and potential leadership.

The Legion has obtained the services of competent lawyers, judges, city, county and state officials, and college instructors who will comprise the faculty for the 1948 Wolverine Boys' State.

On the next to the final day, Thursday, June 24, the entire group of 1,000 boys will march to the state capital at Lansing where they take over the functions of the legislature, supreme court, and all the other departments of the state government.

Over the years this project has won the admiration and respect, as well as the financial support of the general public.

Meet To Discuss
Community Fair

There will be a meeting on Tuesday evening, June 22, at 8:00 o'clock, at the home of Anton Nielsen, 217 Harrison street, for the purpose of planning a Community Fair. If there are enough interested persons who will work on the project, definite plans will be made for a Fair to be held about the middle of October.

Marshall Richards states that "anyone who has ideas or time to help is urged to attend the meeting."

Officers and the Board of Directors for the Chelsea Community Fair are as follows: Joe T. Merkel, president; John Glick, vice-president; Marshall Richards, secretary; Carl Mayer, treasurer; Charles Downer, Paul Niehaus, Darwin Downer, Mrs. K. Riemen-Schneider and Mrs. Stanley Beal.

Mr. Richards states that FFA and 4-H clubs will take an active part in the project, if one is planned.

The last Community Fair was held for two days in October, 1941, at the Chelsea High school, and proved very successful.

Affair To Be Topped
with Big Fireworks
at Athletic Field

Members of the Chelsea Chamber of Commerce meeting Tuesday evening at the Legion Home on Cavanaugh Lake, approved final plans for the big "Chelsea Days" event which is to be held Friday and Saturday, June 25 and 26.

All merchants, businessmen and factories of the community are cooperating wholeheartedly to make this two-day event one which not only will provide a veritable paradise for shoppers, but one which will also provide fun and enjoyment for everyone.

To start off the festivities a team of trapeze artists will entertain on Main street about 4 o'clock, with their act. For those who are unable to witness the act at that hour repeat performances will be given Friday evening about 8 o'clock and again Saturday afternoon and evening.

Saturday evening the main show will be presented at the lighted Athletic Field on Washington street, where a stage will be erected in front of the bleachers. A troupe of 15 artists will start the show with a series of acts consisting of acrobatics, dancing and singing. After the floor show has finished a giant fireworks display will be shown.

A final and crowning feature of the evening will be the drawing held to determine winners of the door prizes offered by merchants. Although the nature of the individual door prizes is not yet made public it can be disclosed, without giving away any secrets, that the combined value of these prizes will be at least \$1,000 and probably considerably more when the complete list is tabulated. To be eligible for the door prizes one need only go into any store and sign his name and address on a card furnished by the merchant, and deposit the card in the box in the store. No purchase is required and no obligation is incurred. At the drawing Saturday evening names will be drawn from the separate boxes of each business house for the prizes offered by that particular concern. It is not necessary to be present at the drawing to win.

Next week's edition of The Standard will be larger than usual to accommodate the many bargains being listed in the merchants' advertising and the complete and detailed story of all events. In order to complete the heavy edition on scheduled time it will be necessary for an absolute deadline of 4 p.m. Tuesday to be observed. No items for next week's paper can be accepted after that time and everyone is urged to cooperate by turning his news into us as early as possible.

Am. Legion Auxil.
Sends D. Kalmbach
to Girls' State Week

The American Legion Auxiliary is offering another service to the community in its Girls' State program.

Herbert J. McKune Post No. 31, American Legion Auxiliary is sponsoring Donna Kalmbach, a Junior in High school, to Girls' State, which is being held in Ann Arbor June 15 to 22.

A few changes have been made this year in the program pertaining to the political or governmental program. The girls have graduated from colonies to towns and governmental offices will be used, such as governor, lieutenant governor, secretary of state, etc. The girls will have an opportunity to use regular voting booths, and their election will be conducted exactly "according to Hoyle."

The American Legion Auxiliary recognizes the need of counseling teen-age girls in their selection of a profession or career. In presenting this program, the girls attending will be able to enjoy the many privileges and facilities of our great University. Regular members of the University's large and well-trained staff will offer guidance, instruction and demonstrations. It will give the girls an opportunity to see, hear, know and work with people who have been successful in the fields they have chosen.

Instructional programs presenting the opportunities open to girls in the fields of homemaking, household arts, nursing, radio, dramatics, photography, merchandising, journalism, dietetics, and the fundamentals of government, are given so that they may have a better idea of selecting a life work in a profession or vocation.

Games and contests for the children and visiting among the grown-ups helped make the affair an enjoyable one for the 80 members of the family present from Manchester, Saline, Ann Arbor, Ypsilanti, Marshall, Detroit, Dexter and Chelsea.

Receiving credit as the oldest man present was 79-year-old Thomas Zahn, of Saline. His wife, who is 74, was honored as the oldest lady present, and Jennie Reed of Saline, three months old, and Frederick Gebhardt of Ann Arbor, four months old, were the youngest girl and boy present.

Officers elected to arrange for next year's reunion to be held the second Sunday in June at the same place are: John Haab of Ann Arbor, president; Alfred Weber, of Ann Arbor, vice-president; Mrs. Carl Mayer of Chelsea, secretary and treasurer; Esther Fiegel of Lodi township, historian; Mrs. Irma Schenk of Ann Arbor, sports and program chairman; and Mrs. Rose Edwards and Mrs. Ernest Lutz of Ann Arbor, and Mrs. Julius Eisele of Chelsea, refreshments committee.

SEITZ REUNION

The annual Seitz reunion is to be held last Sunday this month, June 27, at the Saline County Park. Instead of the customary evening supper, a pot-luck dinner at 1:30 p.m. is to precede the afternoon program, giving farmer members of the family an opportunity to attend without hurrying home to feed to their evening chores. Committees in charge feel this change will help increase the attendance, which, in the last year or two, has not been as large as desired.

All members of the family, which has representatives in Saline, Dexter, Chelsea, Ann Arbor, Ypsilanti, Manchester and other points, are urged by the committee to make a special effort to attend the reunion this year and help make it one of the "good old-fashioned Seitz reunions."

Following the devotional service in charge of Mrs. Mary Beal, a business session was held during which plans were made for an ice cream social to be held on the church lawn the evening of July 17.

The remainder of the evening was spent in finishing the costumes for the Children's Day program after which the hostesses served ice cream and cake. The chapter will not meet again until September.

Fifteen members and one guest attended the Harmony Chapter luncheon meeting held at 1:30 o'clock Friday afternoon at the home of Mrs. Lawrence Wacker. Assisting hostesses were Mrs. D. A. Riker, Mrs. M. J. Baxter and Mrs. T. J. Riker.

Mrs. Elmer Lindemann presented the devotional program on the topic, "Prayer and Prayer Hymns." She gave a very interesting reading on "Prayer," and asked a number of the members present to read short outlines of the origin of a number of prayer hymns

after which Mrs. Wacker played the hymns on the piano.

The next meeting is to be held July 2 at the Cavanaugh Lake home of Mrs. D. L. Rogers and will begin with a pot-luck luncheon at one o'clock.

Plymouth Chapter met Friday afternoon, June 11, at the home of Miss Nina Belle Wacker for its June meeting. Miss Nina Crowell was the assisting hostess and there were 18 members and four guests present.

During the business meeting plans were made for a pot-luck luncheon in July at the Otto Hindler cottage at Cavanaugh Lake.

Mrs. Rex Miller led in the devotion service and the month's topic for "The Open Door" was discussed, with articles being read by various members.

Refreshments served by the hostesses concluded the meeting.

A poem, "There Are Loyal Hearts," from the book, "Heart Throbs," was read by Mrs. Fred Seitz and was dedicated to Mrs. George English, whose birthday occurred on Tuesday. Mrs. Seitz closed her reading with "An Evening Prayer."

Miss Mabel Fox was the guest speaker and gave an interesting resume of her recent trip to Washington, D. C.

Opening and closing songs, sung by the group, were "Bud in Bloom" and "I Love the Dear Old Farm."

The serving of refreshments concluded a very enjoyable meeting.

Jackson Midget Auto Races To Continue with New Talent

Jackson—A "new deal" in midget automobile racing here was announced last week by Promoter Bill Jay after a scheduled Memorial day program at the fairground was canceled when only 12 cars and drivers were present.

Some 2,000 persons waited almost two hours before Jay announced the postponement without holding time trials. A 50-lap feature race had been booked. Jay blamed the Great Lakes Racing Assn. for not having cars here in compliance with their agreement with him. Great Lakes has furnished nearly all the talent here since midget racing started last fall.

The promoter said he would immediately enter into an agreement with the American Automobile Racing Assn. (commonly known as Three A) to furnish the talent from now on.

The AAA invaded midget racing this season and immediately grabbed up most of the top stars who had performed here last year, Ralph Pratt, Carl Forberg, Art Hartsfield, Ray Doby, Neil Carter and others. That the AAA was anxious to land the Jackson track to complete a "weekly" circuit for its drivers has been no secret.

Jay has said in the past that he would go with the organization that could get him the best cars and the drivers, feeling that his only hope of success here is to have these—Jackson Citizen-Patriot.

Veterans' Facility Addition To Be Opened Soon

The second 250-bed domiciliary building of the Michigan Veterans' Facility's modernization and expansion program is scheduled for completion next month. This unit will be similar to the R. V. Gay Memorial building, now occupied, in design and interior furnishings with floors decorated in a different color tone and a different type of furniture in the rooms on each floor. These 600 new beds will enable the Grand Rapids Facility to care for 1,100 disabled veterans in its general hospital and domiciliary divisions.

The facility has enlarged its reciprocal exchange of patients arrangement with the Dearborn, Marine, and Percy Jones hospitals with a continual transfer of patients between these institutions. No other veterans' care facility in the state of Michigan offers domiciliary care for the disabled veteran unable to follow a gainful livelihood.

The bill to increase federal aid paid by the United States Veterans Administration from \$300 to \$500 per year was signed by President Truman May 19, and went into effect on June 1. This increased participation by the Federal government in financing will continue to be more important as the facility's population increases.

Governor Sigler has appointed Joseph W. Mann of Detroit, past department commander and present state service officer of the Veterans of Foreign Wars, to the Board of Managers of the Facility to fill a vacancy created by the resignation of Thomas S. Higgins, Lansing, whose health condition would not permit his further service on the Board.

SAVAGE SCHOOL 4-H CLUB

The meeting of Savage School Dairy 4-H Club was held at the home of Betty and Otto Riegger Wednesday, June 9.

The meeting was called to order by President Sara Geer with the group repeating the Flag pledge. Minutes of the last meeting were read and approved. The treasurer's report was then given.

All members were present and honored by the presence of County Club Agent, Thomas Bust. Mr. Bust discussed this year's projects with us. It was settled that the club members will take projects as follows: President Sara Geer, Holstein calf; Vice-president Betty Riegger, Moscow ducks and Shropshire sheep; Secretary Otto Riegger, Holstein calf and cats; Treasurer Robert Geer, Angora calf; and club reporter Shirley Williams, Guernsey calf and a pig.

The leader, Alfred Williams, asked and it was approved that the meetings begin at 8:30 instead of at 8:00 clock. Due to the fact that the heaviest season in 4-H is starting there will be two meetings a month instead of the usual one. They will take place every other Wednesday.

The next meeting will be held at the home of Sara and Robert Geer Wednesday, June 30.

After the meeting refreshments of pop and cake were served and a further discussion of projects was held with Mr. Bust.

FOR the answer to that, just ask any man who drives a Dynaflo Buick.

He'll tell you, you haven't seen anything yet — until you slip behind a Dynaflo wheel and see for yourself what this new drive does.

It isn't merely that it's easy—though all you do in normal driving is set a lever, press the gas treadle, and steer.

It isn't merely the "stunts" you can pull, such as coming to a dead stop on a steep hill, then moving smoothly away, just by the way you manage the gas treadle.

The important thing is that Dynaflo Drive marks a basic change in the way power is delivered from the engine to the rear wheels.

The idea of passing through a series of gears in fixed stages, either manually or by mechanical means, is gone entirely.

Instead, spinning oil is so cunningly directed and controlled in the Dynaflo unit that it instantly shapes engine power to fit any normal driving need.

When you start, it steps up engine "torque" like a low gear to give you swift, surging getaway.

When you accelerate or climb, it fits the pull of the engine to that particular job.

When you cruise on the level open road, it delivers power with a flowing smoothness that is far silkier than the normal high.

You have manual control of direction simply by moving a lever. You have reserve braking power instantly at your command—and extra power for emergency pulls.

But there is never any clutch-work—there is no clutch-pedal. And never any gearshifting in the old sense—your power plant does what the forward gears used to do.

Right now, of course, Dynaflo Drive is available only on Buick ROADMASTER models.

Go find out about it, at the nearest Buick dealer — and be ready to put your order in, whether or not you have a bar to trade.

Rural Tele-news

HITCH HIKE: Telephone conversations "hitch" rides on an electric power line near Crystal Falls in the Upper Peninsula, by arrangement with the power company serving the area. This new system supplies telephone service for farms that have electric power but are far from telephone lines. Most farm families, however, will still be served by regular telephone lines.

POLE PASTURE: Bell Telephone Laboratories have "planted" hundreds of telephone poles in an experimental field for exposure tests of 10 to 50 years. Soaked in various preservatives, the poles are tested for reactions to earth dampness, hot sun, frost and damage by fungi and insects. Findings help preserve the life of the more than 15 million poles now in service in the U. S. A.

WORKING DOLLARS: Americans in all walks of life, who invest their savings in telephone securities, make it possible for us to give you more and better telephone service. Their money is used to expand the telephone system . . . increasing the value of your telephone by providing more telephones that you can call.

Supt. and Mrs. F. Hendry gave a reception to members of the Senior class of the Chelsea High school at their home last Friday evening. Special musical selections were presented by Winifred Bacon, Ruth Irwin and Grace Wals.

Anna Mary Berning, only daughter of Mr. and Mrs. Wm. Herker, and Henry W. Werner of Ann Arbor, took place in the Church of Our Lady of the Sacred Heart at 7:30 Tuesday morning, June 16. The wedding mass was celebrated by Rev. Father Marker of Dearborn, a relative of the bride.

Miss Clara Johnson and Herbert W. Riemschneider of Dearborn were married at the home of the bride in Port Huron, Monday, June 15. The bridegroom is a son of Mr. and Mrs. Ed Riemschneider and graduated from the Chelsea High school with the class of 1911. The couple left on a boat trip to Duluth where they will spend a few days. They will make their home in Detroit.

The Juniors gave the Senior class a reception at the Welfare building Tuesday evening. Scenes from "The Tempest" by Shakespeare, were given by members of the Junior class. The characters were portrayed by Leon Mohrlock, Esther Chandler, Everett Benton, Leon Shutes, George Naekel and Helen Anderson. The program was directed by Miss Mildred Greening. "The Juniors" was discussed by Donald Bacon.

The annual graduating exercises of the Class of '14 of the Chelsea High school were held in the M. E. church Wednesday evening. The following were on the program: J. Dole, Emma Gage, Ruth Irwin, Clara Riemschneider, class history; Frieda Wedemeyer, Oscar Schettler, "1914 in the Lime-light," James B. Barch, vocal solo; Vaedictory, Earle Schumacher; address, "Talking to One's Self," Robert W. Gammon, D.D.; vocal solo, Winifred Bacon, presentation of diplomas, Supt. F. Hendry; benediction, Rev. A. W. Fuller.

The waterworks system of Chelsea is to be extended and new fire hydrants will be added on the new lines. The proposed extension will be south of Congdon street from Summit street west to Lincoln. A line of water mains will be laid on Lincoln street which will supply all of the residences on that street. On Taylor street the extension will be carried south so that all of the residences on that street will be accommodated with water. The contract for the extensions has been awarded to Geo. P. Staffan at 73 and 47/100 cents per foot. Mr. Staffan is to furnish all material and do all of the work at this price.

Date Is Important In Planting Beans

June is an important month for the bean crop since most planting is done then. But Herbert Pettigrove, bean specialist at Michigan State college, says that plans must be made carefully before planting is done.

Beans can be planted in May but they usually make a set of pods rather early. As they are maturing, a rain can cause the plant to send out new growth and make a new set of pods. The new growth makes harvest difficult and creates a problem most growers are not anxious to face.

Pettigrove lists the following rates and dates for planting various types of beans:
Pea beans (Michelle variety)—Plant the first week or ten days of June in rows 28 inches apart at the rate of 40 pounds per acre.

Cranberry beans—Plant the first ten days of June, preferably as near the first as possible, in rows 28 inches apart at the rate of 60 pounds per acre.

Kidney beans—Plant June 15 to 25 in rows 28 inches apart at the rate of 80 pounds per acre.
If beans can be dropped four inches apart in the row in a uniform manner, the spacing will be excellent. If the drill does not drop the beans uniformly in the row, enough seed must be used to avoid wide spaces between plants. Distances of 12 to 15 inches in the row without plants will reduce the yield.

The 28-inch row is standard. However, narrower spacing of the row may be used and an increase in yield obtained. The extra yield may not any more than compensate for the extra work of caring for the extra rows but there may be a convenience in the use of equipment.

A centennial picnic is to be held in Ann Arbor July 4, 1924, in commemoration of the founding of Ann Arbor, 100 years ago by John Allen and Elihu Rensselaer.

Businessmen, headed by Kent Walworth, and others of the village subscribed enough funds to guarantee the appearance of the Smith's band each Wednesday evening for a period of ten weeks during the summer.

M. J. Dunkel is installing an Oil-O-Matic burner and equipment in the furnace at his home on South Main street. The burner takes the place of coal and will use fuel oil fed by a 1,000-gallon tank installed in the yard adjacent to the house. The new device is the first of its kind in town.

Miss Florence Delphine, only daughter of Mr. and Mrs. Henry H. Fenn, was united in marriage with Theodore W. Rhodes of Ann Arbor, at the home of the bride's parents at 4 o'clock Tuesday afternoon. The ceremony was performed by Rev. F. Fallon; the bride and groom were attended by Miss Margaret Foster of Grass Lake, cousin of the bride, and Cecil Rhodes of Detroit, brother of the bridegroom.

Farm Labor Program Now Part of Michigan Employment Service

This is the time of the year when farmers are thinking seriously about their farm labor problems and how to solve them.

Farmers are reminded that the 1948 Farm Labor Program is now the responsibility of the Michigan State Employment Service. Farmers needing seasonal or year round farm help should contact their nearest MSSES office. Each office has an experienced staff member to assist farmers in their farm labor problems.

John R. Vloch, who conducted the farm labor program in Wayne county for the past five years under the Extension Service Program, is now with the MSSES, acting as Farm Labor Specialist for a seven-county area.

He supervises and coordinates the farm labor activities in Monroe, Wayne, Washtenaw, Lenawee, Hillsdale, Jackson and Calhoun counties. He maintains his headquarters at the MSSES office, 3139 N. Washington, Wayne, telephone 3725.

Vloch suggests that farmers visit their nearest local Employment Service office and meet the Farm Placement Specialist. This FPS is free to farmers and any criticisms or ideas from farmers which might tend to make the program better are welcome. Local offices and farm labor personnel in this area are as follows:

Jackson county: Michigan State Employment Service, 227 S. Mechanic street, Jackson, Telephone, Jackson 2-8247. Farm Placement Specialist, Earl White.
Washtenaw county: Michigan State Employment Service, 312-14 E. Huron street, Ann Arbor, Telephone, Ann Arbor 2-4491. Farm Placement Specialist, D. A. Riker.

Ann Arbor Woman Author of Article in Farm Magazine

Mrs. George Parker, Ann Arbor, is featured in an article in the July issue of Capper's Farmer entitled "Mother Takes a Vacation." A photograph of Mrs. Parker accompanies the article which appears in the Rural Home department of the farm magazine.

"It takes someone with experience to tell the story of a summer vacation camp," says the story. Such a one is Mrs. George Parker, who for 15 years has spent an August vacation with friends at Washtenaw Farm Women's Camp. "Mrs. Parker heartily recom-

mends it as a place to go for good food, fun, rest and relaxation. Camp has been my only vacation for a number of these years. It is great to be served such good meals, and to enjoy stimulating programs," Mrs. Parker says.

Programs at the camp are planned in advance by a committee representing home economics extension groups and farm organizations. Records show the Washtenaw camp, started in 1924, is the oldest of its kind in Michigan. It's a real vacation for women for there isn't a "must" in the schedule. Women can take part in the activities or just rest and relax.

From where I sit... by Joe Marsh

How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wears out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And

when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work.
