

CHELSEA DAYS ATTRACTS HUGE CROWD

Independents Gain Fifth Straight Win

Humble Saline Nine to Tune of 13 to 2 on Local Field

By "BILL" SCHATZ
Chelsea Independents humbled the humble Saline Nine, Sunday afternoon, 13 to 2. Weeping weather threw a wet blanket over our crowd holding the attendance down, but those who braved the threatening weather, saw a fine and exciting ball game.

Manager Leon Marsh again selected "Bill" McClanahan to handle the pitching assignment and his faith in the "Big Boy" was justified as Mac kept the opposing batters off balance.

To our loyal supporters, here is a little data of interest to you as staunch boosters for your team and village. We have scored a total of 64 runs in five games, against 14 runs for the opposition. We are the only team in either division to boast a record of no defeats. You, the citizens of Chelsea, and surrounding country, should be proud to point to the fact that your "Champs" of last year are on top of the heap again this year.

In the third inning of Sunday's classic the Independents turned on the heat, netting 7 runs, and that was the end of the game. The brilliant running catch in left field by Lefty Barth, plus his snap relay to shortstop Stan Policht, to Jack Miller, resulted in a double killing of what looked like a sure double and score.

It was a honey. Plays like that plus fine fighting team spirit, working in combination, produce a top flight ball club.

Freight Train Wreck in Town Delays Rail Traffic Tuesday

Several freight cars were derailed about noon Tuesday just east of the Main street crossing of the New York Central railway here. The cars were part of an east-bound freight train enroute to Detroit and were being pulled by two engines.

None of the cars turned over and no one was injured, but rail-way traffic was tied up for more than two hours before a wrecker sent from Jackson got the cars back on the tracks and the train continued on its way.

Milling Team Loses Game to Pinckney

By DWIGHT GADD
Chelsea Milling ran into a red-hot Pinckney outfit last Sunday as they lost, 13-4, on the winners home grounds.

Walks and errors hurt the "Jiffs" cause considerably, as Pinckney got only 10 hits off the offering of Albert and Stan Policht.

Pinckney jumped into an early lead as they got 5 big runs in their half of the first inning on four singles and three walks, and they were never headed after that.

Milling got all four of their runs in the first half of the second inning on three doubles and a walk, but Pinckney kept adding to their total throughout the game.

Don Alber attempted to get back on the mound last Sunday, but his arm went bad again and it appears that he is done for this year. Rest is about the only cure for it.

Next Sunday, Milling goes to Saline for the holiday game and if they continue to hit as they did last Sunday, perhaps a few of them won't be right at the fields, as was the case in Pinckney, where the outfielders made 15 of the games 27 putouts.

Pinckney—13 runs, 10 hits, 4 errors.
Milling—4 runs, 6 hits, 6 errors.

Summer Story Hour Planned by Library

Each Wednesday afternoon at 3 o'clock, the children of Chelsea are invited to appear at the library to participate in the story hour to be conducted by Miss Dorothy Beane.

For the fifth consecutive year, the library will sponsor the weekly story hour in an effort to help solve the recreation problem, to stimulate interest in the library, and to develop the habit of visiting the library regularly.

While the stories told are aimed particularly at the early elementary group, all children from four to eight years of age are invited to attend.

This summer's program will begin with the story hour on Wednesday, July 7, 3 to 4 p.m.

Mrs. Watson Hart returned home Tuesday night after spending four days with her sister, Mrs. C. Martin in Detroit, and attending the funeral of a friend at Flint on Saturday. On Sunday Mr. Hart, with Mr. and Mrs. Roland White and Mr. and Mrs. Glen Hart and son joined them and were dinner guests at the Martin home.

Mr. H. G. Armstrong and Mrs. E. J. Scott of Milwaukee, Wis., are spending the summer at their cottage on Cavanaugh Lake.

NOTICE!

Because of the stores being closed next Monday in observance of the July Fourth holiday it will be necessary for advertising whose copy is normally prepared on Mondays to have their copy in our office Friday evening if possible, or no later than Saturday morning. We request the cooperation of all concerned in order that our usual publication schedule may be met. The Publishers.

Legion Aux. Holds Dues Luncheon

The annual Dues luncheon of the American Legion Auxiliary was given by the Executive committee at 6:30 o'clock on Tuesday, June 22, on the third floor of the Municipal building.

Following the delicious luncheon which included mock chicken salad, coffee, rolls and relishes, with a dessert of ice cream and strawberries, a business session was held. At this time, Mrs. Edwin Eaton announced that she had completed plans for the entertainment to be given for the veterans at the Ypsilanti hospital, Tuesday, July 6, at 2 p.m.

She asked that any not desiring to go along that evening should contact her.

Mrs. Lyle Christwell was appointed as chairman of the wheel chair project and Mrs. Roxie Maroney, Mrs. Agnes Hummel and Mrs. Luella Rogers were named as a nominating committee.

It was voted to donate five dollars for the picnic, June 27, at the Otter Lake Billet for children, and five dollars for the Crusade for Children fund.

Mrs. Lyle Christwell reported that Donna Kalmbach, who attended Wolverine Girls' State as the Auxiliary's representative, had been elected lieutenant-governor of Girls' State and, in addition, had been selected to attend Girls' Nation in August, at Washington, D. C. She also reported on the pajama party given for the girls and committee members at Girls' State by her local committee.

Announcement was made that all those desiring to donate gifts for the Veterans' Gift Shop are to bring them to the September meeting.

At the conclusion of the business session, Betty McCullough of Blissfield, president of District No. 11, of the American Legion Auxiliary, who attended the meeting accompanied by the district secretary, Ellen Bettis, also of Blissfield, addressed the group.

The district meeting is to be held Sunday, July 11, at the Blissfield 1000' hall, beginning at 3 p.m. "fast time." The banquet is to be held at the Legion Home on US-223 at 7 p.m. and reservations for this should be made by calling 5054 or 7091.

Mary Christwell, who was injured recently when struck by a hit-run driver in Detroit and had since then been a patient at Grace hospital, was brought to the home of her mother, Mrs. Lyle Christwell on Saturday.

Rev. Skentelbury Injured in Auto Crash Sunday Nite

Rev. W. H. Skentelbury suffered a fractured jawbone and cuts about the face Sunday night in a head-on collision involving his car, which he was driving, and one driven by George Thurlof of Jackson. The accident occurred between 10:30 and 11 o'clock on US-12, about six miles east of Jackson.

Reverend Skentelbury was alone in the car and was returning home from South Haven after taking six young people of the Congregational church to the summer camp meeting which they are attending there this week.

A passing motorist brought Reverend Skentelbury to the office of a local physician where his injuries were treated.

Chelsea Products Workers Out on Strike Since Mon.

Following a strike of plant workers at Chelsea Products on Monday morning of this week the following statement was issued by E. W. Eaton, vice-president of the firm, in an attempt to help clarify the management's position.

"Commencing with a meeting held on June 31, Chelsea Products, Inc., and the UAW-CIO have had several meetings at which they have negotiated in the usual manner concerning a contract to cover working conditions and wage rates. All but a few of the contract matters were worked out prior to June 17. On that date, wage rates were discussed in detail for the first time."

"The parties agreed tentatively on June 17 to increase certain rates already being paid to employees so as to remove inequities which the Union claimed to exist. This amounted to an average cost to the company of five cents per hour per employee. In addition, they agreed tentatively to add three cents per hour to each employee's hourly rate in lieu of six paid holidays per year. These two items thus amounted to an average increase of eight cents per hour per employee and a corresponding additional cost to the Company."

"In addition to such increases, the Union demanded a further general increase of fifteen cents per hour for all employees. The Union demanded that all increases be made retroactive to June 1, 1948."

"In response to such fifteen-cent general increase demand, the Company proposed a general increase of seven cents per hour to all employees. It further proposed that all of such increases would become effective at the commencement of the first work week after an agreement between the Company and the Union is signed and finally adopted. In order to settle other unresolved demands of the Union, the Company offered to grant a so-called broad form of maintenance of Union membership provision and to recognize one Union steward in each shift for employee representation purposes."

"Thus, the Union's demand amounted to an average of twenty-three cents per hour per employee, and the Company's offer amounted to fifteen cents per hour per employee."

"The Union rejected the Company's fifteen-cent offer on June 17 and immediately the employees quit work for the balance of that day. They returned to work on June 18 and worked until Monday morning, June 22. On June 17 the Union filed notice of dispute with the State Labor Mediation Board. No mediation has taken place and the Union has asked for any further negotiations to be suspended."

"The Chelsea office of the General manager of the Michigan Consolidated Gas Company in Ann Arbor, announces that the company is making plans for the opening of a branch office in Chelsea to take care of customer's needs here."

Mr. Henderson also states that M. W. McClure, former publisher of The Chelsea Standard, will serve as the company's branch office manager when the new office is opened.

The Chelsea office of the General manager of the Michigan Consolidated Gas Company will be located at 103 North Main street in the building now occupied by the Chelsea Restaurant. It is anticipated that remodeling operations will begin in approximately thirty days, and that the new office will be ready by September 1.

Michigan Consolidated has leased the building from M. W. McClure, who recently purchased the property from G. W. Doe.

Library Is Planning Children's 'Cruise'

How would you like to go on a cruise? You may, you can, and at no cost. Just go to the Chelsea Public Library and enroll in the summer reading program.

This year, the program will take the form of a cruise on the River of Imagination. Participants will stop at various ports enroute, ports of adventure, beauty, and romance, full of excitement and of thrills.

Each young captain will be supplied with his own book, and the rate at which that boat travels will be determined by the number of books the child reads. After each book is read, the boat will be moved along the River of Imagination, and will put in at one of the ports.

The cruise will start on Friday, July 2 and will end Aug. 18. All hands on board, first stop Pirates Cove.

Mrs. Carl H. Swickard is spending several weeks at the home of Mr. and Mrs. Charles McDermott of Fall River, Mass. Her son, Vincent Swickard, and family of Ann Arbor, will join her there about the middle of August and all will return home together.

Nancy Davis of Ann Arbor is spending some time at the Pleasant home with her grandfather, Albert Pleasant, and other relatives.

Union Official Says...

Julius L. Herman, chairman of the negotiation board of UAW-CIO Local No. 437, said Wednesday morning that the strike which began Monday morning, June 28, at the Chelsea Products plant was still on and employee members of the Union planned on staying out on strike until the wage dispute, which caused it, is settled satisfactorily and a contract with the company is signed.

Mr. Herman said picketing was still going on twenty-four hours a day and no material or personnel was being allowed to enter or leave the plant. He said that the workers were entirely peaceable at all times.

Mr. Herman said that demands of the Union were for a 25-cent per hour increase in pay, which later was reduced to 18 cents. This represented an hourly increase of 15 cents plus three cents to take care of holiday pay.

The management, he said, offered only a 7-cent increase which was refused by the Union and a protest walk-out of employees took place immediately, on Thursday, June 17. A strike vote was taken that afternoon and passed unanimously, Mr. Herman said, and the State Mediation Board was advised of the decision to go on strike in 48 days. The workers returned to work Friday morning, June 18, and continued on the job until Monday, when the 10-day period was up.

The exhibits of manufactured products in the fire hall at the Municipal building were a decided attraction as was the factory tour on Friday afternoon.

The street show, put on by Barth and Meir were much enjoyed and the Variety Floor Show presented under the lights at the Athletic Field at 9:30 Saturday night after the stores closed drew one of the biggest crowds ever to attend any event in Chelsea.

Entertainers in the crowd were Violet and Art Barber, Gloria Warner, Boyd and Susan, Carolyn Wiles, Dianne and Bettye Ricardone, Velma Gage, Rosemary Lemmon, Janis Shaak and Shirley Annis, with Barbara Vitale at the piano. The troupe was in charge of Mrs. Edna Annis of Detroit, who has presented the show for the past four years at veterans' hospitals in Dearborn, Battle Creek and Grand Rapids. Rex Billings very entertainingly announced the numbers on the program as follows:

Continental, opening, Janis, Bettye and Dianne; Tom number, Velma; Art and Louis, St. Louis Blues; Acrobatic, Rosemary; Boyd and Susan, Waltz; Spanish, Dianne, Bettye, and Janis; Shirley, songs, Love Somebody and Happy For Love; Carolyn and Velma, Challenge Tap; Dianne and Louis, Adele; Rosemary, Tom number; Carolyn, Rumba; Baton, Dianne and Bettye, Encore, Boogie; Oceanna, Roll, Art, Louis and Don; Boyd and Susan, Russian Gypsy; Fine, Group, China Town.

The dances were very well done and the team of girl-baton twirlers was exceptionally good, and all were generously applauded by the crowd estimated to number about three thousand persons.

Names for the prizes were drawn by members of the troupe of entertainers from large cans into which each merchant's cards were dumped separately and thoroughly shook up before the drawing was made.

Following is a list of the merchants and business places who donated the prizes, the names of the winners and the prizes won by them:

Coach Newkirk Attends Coaching School Recently

Douglas Newkirk, Chelsea High football coach, attended the first annual Kalamazoo College football coaching school held on the college campus from Monday, June 14, through Wednesday, June 16, at which the instruction was headed by Paul Brown, coach of the championship Cleveland Browns of the All-America professional football Conference, and two members of his staff.

The school, first ever held in Southwestern Michigan, was under the direction of Bob Nulf, Kalamazoo College Athletic Director, and attracted coaches mainly from the Midwest, but including representatives from states as distant as North Dakota, New York, Ontario, Canada, and New Mexico to this first post-war appearance of Brown at a coaching school other than his own clinic.

The sessions got under way Sunday evening, as the coaches were arriving, with a promotional movie of the Cleveland Browns and film of one of the Browns' games last fall with the New York Yankees. Sessions continued through Wednesday afternoon's final lecture on team defense by Paul Brown.

The three-day clinic went at length into high school football, a year around program for it and a junior high school set-up for high school athletics, which Brown illustrated with his experiences at Massillon, Ohio, where his grid teams won 61 games, lost 7 and tied 2 over a nine year period; and it covered virtually every phase of the "T" formation and defensive systems used by the Cleveland Browns.

Brown led the discussions of high school football programs and gave the coaches present a general knowledge of his "T" formation theories and philosophy. Blanton Collier, backfield mentor of the Browns, talked on the "T" quarterback and about his specialty, pass defense. Fritz Heisler, diminutive guard coach of the Cleveland team, lectured on offensive line techniques and individual line defense.

Miss M. Schairer, Donald Duncanson Wed Friday Evening

Miss Marilyn Schairer, daughter of Mr. and Mrs. Elmer Schairer of 121 Crest avenue, Ann Arbor, former Chelsea residents, was married Friday evening to Donald A. Duncanson of Ann Arbor, in a double-ring ceremony performed by Rev. W. P. Lemon in the First Presbyterian church at Ann Arbor. Mr. Duncanson is the son of Mr. and Mrs. Dugald Duncanson of Ann Arbor.

Before the ceremony, Erwin Schairer of Ann Arbor, sang two solos, "Because" and "Through the Years." Frieda op' Holt Vogan of Ann Arbor, at the organ, played the accompaniment and also the wedding march.

The bride was given in marriage by her father.

White starched sheer over net and tulle was the material chosen by the bride for her gown which was fashioned with a hooped skirt having a long train. Two rows of lace, extending from the waist to the hem-line, trimmed the front of the skirt. The bodice was made with a high round neckline and a y-shaped lace ruffle over the shoulders. Her lace-edged fingertip veil was held in place with a heart-shaped bonnet of lace which matched the edging on the veil. The bonnet was trimmed with a white satin bow and long streamers. The bridal bouquet was of white roses and white delphinium centered with a corsage of pink rosebuds. A double strand of pearls completed the bride's costume.

White sheer, made with a sweetheart neckline and puffed sleeves on the fitted bodice, and with a

tiered floor-length skirt, was worn by the maid of honor, Miss Helen Cristoff of Ann Arbor. With this she wore an orchid-colored net brim and matching elbow-length net mitts. She carried an arm bouquet of deep red roses and violet delphinium.

Miss Ruthmary Thurber, Miss Suzanne Trice and Miss Joyce Duncanson, sister of the bride, groom, all of Ann Arbor, and Miss Marjorie Schairer of US-12, cousin of the bride, were the bridesmaids. They wore dresses of white sheer identical to that of the maid of honor. Their brims and mitts were of light green net and their arm bouquets were arrangements of several shades of pink roses and orchid delphinium.

Neil Duncanson of Ann Arbor, brother of the bridegroom, was best man and Robert Wagner and James Bryant and R. George Sandenburgh of Ann Arbor, with Ronald Schairer, the bride's brother, served as ushers.

A reception was held in the church parlors immediately following the ceremony. Mrs. Arthur Schairer and Mrs. Herbert Schairer, assisted by Mrs. Verry Stein away of Ann Arbor, cut the wedding cake; Mrs. Valbert Keiser of Ann Arbor, Mrs. M. Frederick Singer of Gregory, and Miss Betty Jane Hohlkamp of Ann Arbor, presided at the punch table and Miss Lois Jane Safel of Ann Arbor

Three hundred guests attended the wedding and reception. Among those from Chelsea were Mrs. David Beach, Mrs. D. E. Beach, Mrs. Otto Luick, Mr. and Mrs. Wilbert Breitenwischer, D. H. Wurster, Miss Nina Belle Wurster and Miss Nina Crowell.

The bride's going-away outfit was a powder blue suit with navy accessories accented with the corsage of pink rosebuds from her bridal bouquet.

The bride is employed as a typist by Edwards Brothers of Ann Arbor. She graduated from Ann Arbor High school and attended Michigan State Normal college for one year.

Mr. Duncanson, a student at Michigan State Normal college, is also a graduate of Ann Arbor High school.

After July 3 when they plan to return from a trip to Ontario, Canada, Mr. and Mrs. Duncanson will be at home at 715 South Forest avenue, Ann Arbor.

Mr. and Mrs. R. K. Braund and daughter Susan of Pasadena, Calif., arrived Saturday night to spend some time here with Mrs. Braund's parents, Mr. and Mrs. Herman Dancer.

Washtenaw County Lags as Security Loan Progresses

Michigan boasted its individual bond sales during the first week of June by \$9,000,000, drawing close to 50 per cent of its quota of \$100 million, Frank N. Isbey, state chairman, announced last week. Total bond sales reported in the Security Loan Campaign as of June 5 stood at \$49,080,806, with little more than three weeks of the drive remaining, only six counties have bettered 50 per cent of their individual quotas.

Against the State quota of \$63 million of E Bonds, total sales up to June 5 amounted to \$31,080,747 or 49 per cent of this figure. Only nine counties have reached 50 per cent of their individual E quotas. Washtenaw county has completed only 49 per cent of its quota.

Buying of E Bonds by salaried employees and wage earners through the Payroll Savings Plan is rapidly increasing in the State's industrial and commercial concerns as the drive progresses, Isbey pointed out. Because of the threat of labor-management unrest in May, many of the plants in the industrial centers of Michigan were delayed in re-establishing this method of bond buying for their employees. More than 50 out-of-state plants have reported reactivation of the Payroll Savings Plan for employees during the first week of June. Returns from bond sales through payroll deduction channels will contribute materially to later bond sales totals, Isbey stated.

Michigan War Plant Investment May Be Liquidated By June 30

The government's billion-dollar investment in Michigan war production facilities will be 95 per cent liquidated by June 30, according to Robert F. Haggerty, district director of War Assets Administration.

By that date the job of disposing of more than \$58,000,000 worth of production equipment and supplies, and approximately \$300,000,000 worth of real property in Michigan will be virtually complete, Haggerty said.

WAA activities in Michigan after June 30 will be confined to a customer service center at 15000 West Eight Mile Road, Detroit, present headquarters, and staffed by less than 100 persons. At one time personnel in the Detroit office numbered 2100. Layoffs on June 30 will affect 600 employees.

In the 27 months during which the Detroit office of WAA operated it conducted 951 separate sales offerings and programmed goods which originally cost the government \$539,925,000. Disposal peak was reached in September, 1947, when goods costing \$40,425,000 were sold. Cash return to the government on these sales, Haggerty reported, will reach \$120,000,000 by June 30, a figure considered highly satisfactory since Michigan surplus inventories consist chiefly of machine tools, many of them specially built for war production.

In recent months, Haggerty pointed out, thousands of items of strategic production equipment have been taken out of surplus inventories for stockpiling for national defense. Many plants in Michigan are also being kept busy in stand-by condition for any national emergency.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about.

This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflow Drive* — where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a toe-touch.

Here you let your left foot idle comfortably wherever you wish — there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift — no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high gear sequence of conventional transmissions.

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets — once your lever's set, you simply step on the gas — and take them all in liquid-smooth luxury!

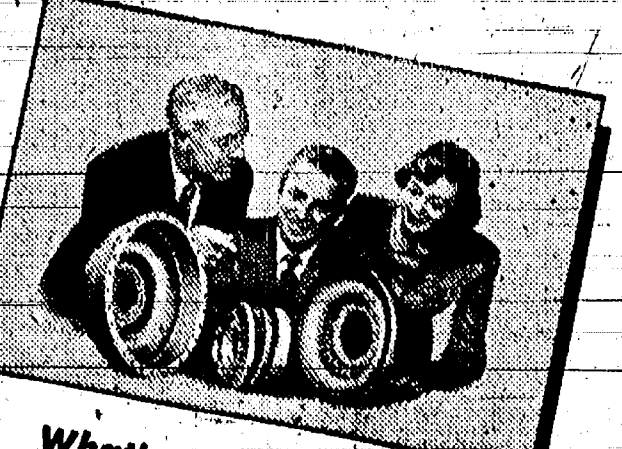

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

*Optional at extra cost on Roadmaster models only.

What's different about DYNAFLOW DRIVE?

To an efficient new pump (left above), Buick engineers have added a true turbine (right) in hand which produce a torque-boosting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

5,006 dealers have gone to Standard Oil schools to give your car better service

Add more mileage to your gas supply

HERE'S HOW TO DO IT:

Keep your speed moderate — high speeds mean fast fuel consumption. Avoid "jack rabbit" starts — come to a gradual stop — don't idle your engine unnecessarily. See your Standard Oil Dealer for other ways to save gas — his training can help you. Standard Oil Company.

Anxious to serve you even better than ever before, Standard Oil Dealers eagerly attend our schools for advanced training. 5006 already have completed the course. 250 more start the course every two weeks at the 80 schools we operate. The course features one central idea, "Personalized Service" — for you the personal service you enjoy, for your car the individual attention it needs.

When your Standard Oil Dealer has mastered this training, and daily puts it into practice, he is awarded our Service Specialist emblem. When you see it hanging proudly inside his station, expect a little extra "pep" in his windshield cleaning, a little extra promptness and courtesy, a little extra attention to clean rest rooms. Expect your car to be handled with additional know-how and skill.

is in good running order," said Alger. "And it's worth something to know your own car is able to stop at a reasonable distance in an emergency."

What is the highway traffic problem in Michigan?

State police report that traffic accidents climbed to a new high in 1947. The accident total alone was 26 per cent over 1946. Not so many people were killed. Property damage was up 29 per cent.

All in all, the highway toll ran into many millions of dollars in property damage and hospital bills, to mention the tragic snuffing out of human lives and the suffering of survivors.

All these facts were reviewed recently by a group of Michigan newspaper editors. The editors agreed to study ways to arouse the public to the need for better law enforcement, a high school driver education, and periodic vehicle inspection. The legislature in 1947 raised the age of drivers from 14 to 16.

As shown by a reduction of highway death in 1947, much progress has already been made in Michigan. But there is still much left to do, in the opinion of Secretary of State Alger and the newspaper editors' committee.

It is significant to note that New Jersey cut highway deaths 30 per cent in one year by requiring the driver to keep his car in safe condition," said Alger. "New automobiles are potentially more dangerous than ever before. They run faster. My assistant, Charles Creedon, went to New Jersey and investigated the reason there. He reported that motorists were well pleased. The inspections served as a double check for their safety."

A uniform code of Michigan traffic laws is now under consideration by the state legislature for the 1949 general session at Lansing. Centralized licensing of drivers has also been proposed. Plates, licenses and mechanical inspections would be handled at one location under direct supervision of the State of Michigan through the Secretary of State's office.

One formidable barrier to periodic mechanical inspection is the initial heavy investment in equipment to check the automobiles. A substantial appropriation of state money would be needed, and the State of Michigan faces a deficit in the new fiscal year.

And yet a rise in the cost of highway accidents, as shown by the 1947 toll, is costing someone—the other driver, now and then—far more in the aggregate than the amount required to buy the inspection equipment.

Here is another problem that affects everybody.

Health Dept. Warns of Fatal Dangers on July Fourth

"Think thrice about the Fourth," the Michigan Department of Health forewarned Michigan residents and visitors today.

"Think especially about the dangers of heavy traffic, of drowning, and of falls, but give a thought also to other hazards which can spoil your holiday."

Fourth of July weekend accidents took 49 lives in Michigan last year. Holiday over-exertion and over-excitement doubtless took the toll.

Automobile-traffic took 22 lives; drowning and boating, 14 lives; and falls, 3 lives. Burns, suffocation, firearms, electrocution, gas poisoning, fainting and train accidents accounted for the other accidental deaths on the three-day weekend.

Mr. and Mrs. David Colquhoun were week-end guests of Mr. and Mrs. Bill Goodrich at their home in Detroit.

Mr. and Mrs. Henry Torrance and son of Birmingham, spent Sunday here with the former's mother, Mrs. Isabel Torrance, who accompanied them home for a week's visit.
