

VFW Auxiliary Celebrates Third Anniversary of Local Institution Monday Evening

Delegation from Ann Arbor Post Helps with Program

The Chelsea VFW Auxiliary celebrated the third anniversary of its institution with a birthday party at St. Mary's hall Monday evening, July 28.

About eighty-five ladies attended the event. This number included twenty-three guests from the Graf-O'Hara Auxiliary of Ann Arbor, and ten Chelsea guests. In the Ann Arbor group were seven past presidents of the Auxiliary; the Department president, Augusta White, who instituted the Chelsea Auxiliary July 10, 1945, while she was District president; Shirley Jean Strubley, Department assistant; and Lucille Stollmeier, past president of the Graf-O'Hara Auxiliary.

Other guests at the celebration were the Sixth District president, Esther Williams, and junior vice-president of the district, Glenda Berger.

The birthday celebration began with a dinner served by the month's committee with Eva Schiller as chairman. Gloriel Frayer was chairman of the dining room committee. The tables were beautifully decorated with garland flowers and in addition, the guest table was centered with an oblong-shaped birthday cake twelve by eighteen inches in size. The cake was decorated in red, white and blue colors, and bore the VFW Auxiliary emblem and the date of the institution of the Auxiliary.

Mrs. Mary Kniss welcomed the members and their guests and prayer was offered by the past chaplain of the Auxiliary, Mrs. Clara Hutzler.

The two Gold Star mothers present, Mrs. Anna Dvorak and Mrs. Lulu Kenig, were each presented with a corsage of bronze-colored snapdragons tied with gold ribbon, and during the program which followed, the VFW Auxiliary presented them with gold-framed copies of a poem, "Gold Star Mothers," written especially for this occasion by Edgar Guest. The three verses of the poem were lettered in gold on parchment by Barbara Tobin, a recent graduate of the U. of M. The framed poems were presented to the Gold Star mothers by members of the VFW Junior Girls Auxiliary, who also took part in the program as follows:

Piano solo, "Beautiful Dreamer," by Shirley Rihimajki.

Recitation, "The Vacuum Sweeper," by Margaret Mary Dull.

Song, "I Had a Dream," by the Hoffman sisters, Mary, Yvonne and Joanne.

Recitation, "An Event," by Mary Margaret Anderson.

Song, "God Bless America," by the Junior VFW girls, accompanied on the piano by Mrs. Magdalena Weber.

This was followed by a quiz contest on "Spices," with Mrs. Anna Werner receiving the prize.

Mrs. Hal Kester of Ann Arbor, was awarded the guest prize.

White, Esther Matthews and Lucille Stollmeier. The latter, at the conclusion of her talk on behalf of the Ann Arbor Auxiliary, presented the Chelsea Auxiliary with a beautiful leather brief case. Imprinted in gold letters on the case is the number of the local organization, "Auxiliary No. 4078."

Mary Kniss, president of the Chelsea Auxiliary, accepted the brief case for the Auxiliary and thanked the Ann Arbor group for the gift and for their thoughtfulness in presenting it.

The birthday celebration proved to be such an enjoyable occasion that it was suggested it be made an annual event of the Auxiliary's calendar.

JUNIOR BASEBALL

Chelsea's "A" team playing in the Junior Baseball league defeated Stockbridge by the score of 16 to 9 Wednesday, July 21.

Alfred Knickerbocker and Bruce Hoffman pitched for Chelsea. Emerson "Skip" Wheeler made a spectacular one-handed catch in center field to drag down a long fly ball.

Chelsea had sixteen runs, five hits and four errors; Stockbridge had nine runs, six hits and three errors.

Junior Baseball team league standings are as follows:

Team	Won	Lost
Manchester	3	2
Chelsea "A" Team	3	2
Stockbridge	2	2
Chelsea "B" Team	0	3
Chelsea "C" Team	0	3

Manchester, at Manchester, July 28.

SYLVAN EXTENSION GROUP PICNIC

A most delightful time was enjoyed by members of the Sylvan Extension Group and their families at a picnic held at the home of Mr. and Mrs. Emerson Lessey at Crooked Lake, Sunday, July 25.

A bounteous pot-luck dinner, together with ice cream, was served at noon and was followed by games during which almost everyone present received a prize.

A tour of the lovely new place of the Lessers was an added pleasure.

Gas Tax Payments to Local Govts. Is Being Prepared

Vouchers totaling \$1,275,000, representing the first half payment of gas tax money to the various counties and cities of the state for construction and maintenance of local roads and streets, have been prepared by the State Highway Department and sent to the Auditor General's office for payment.

All of the weight tax money collected by the State is returned to the counties, as provided for in Act No. 302, Public Act of 1915, for use on roads and streets. The counties distribute a portion of this money to the cities and incorporated villages.

The total \$29,824,011.02 collected by the State in weight tax for the first two quarters of this year is nearly five and one-half million dollars in excess of that collected in a like period during 1947. The increase is due largely to the fact that owners of commercial trucks and trailers are required to buy full-year license plates before March 1, whereas in 1947 they had the option of buying half-year plates.

Washenaw county will receive \$22,881.53, while Jackson county will get \$21,518.67, as their shares of the total amount.

Under this Act \$2,550,000 of gas tax money is returned annually to the counties, which turn over part of the money among the cities and incorporated villages for expenditure on local road and street improvements. An additional \$4,200,000 of gas tax collections also are returned to the counties and cities under other state laws, making a total of \$6,750,000 annually deducted from the gas tax for local expenditure. After deduction of collection costs and refunds to non-highway users, the rest of the gas tax is turned over to the State Highway Department to meet maintenance, construction and administrative costs.

**Miss Skentelbury
Will Return from
Panama Canal Zone**

Rev. and Mrs. W. H. Skentelbury have received word from their daughter, Miss Ruth Skentelbury, advising them that she planned to leave for Peru this week. Miss Skentelbury, who was employed by the government in the Panama Canal Zone for two and one-half years, resigned her position and is traveling in South America before returning to her home here in the fall.

She spent the past month in Ecuador and made her headquarters at Quito where she found lodging at a school taught by two American teachers from Detroit. Although situated on the equator, the nights there, she said, were as cold she found it necessary to wear woolen socks to bed and use heavy woolen blankets for covering. The cold is the result of the high altitude there.

After spending some time in Peru, Miss Skentelbury will go to Buenos Aires to board ship in September for the return to the States. The ocean voyage will take about a month, she states in her letters, so she will probably reach here late in October.

**Nearly One Million
Trout Planted by
Conservation Dept.**

The latest trout season closing in many waters Sept. 12, a week after the usual Labor Day ending—may give conservation department fisheries men the margin they need to plant a full one million legal-size trout.

The planting of one million brook trout, brown and rainbow trout, seven inches long or longer has been the goal of the fish hatchery men for three years. Last season they came nearest reaching that goal, with the total stocking of adult trout short of the mark by a mere 20,000.

Weather conditions permitted an earlier start in stocking operations this season. Trucks and boats that could not be obtained in the war years have helped speed the work this summer, and hatchery men believe that this time they may reach the million mark.

Each keeper-sized trout of this year's plant is marked, for the fisherman's information, by clipping the fin with the initials R. L. on the last just ahead of the tail. The 1947 plant was marked by clipping the big dorsal fin. In 1949 the trout planted will go into the lakes and streams unmarked, as in the years before the two-year test began to show anglers the proportion of wild to hatchery fish in their catch.

**FOE Civic Service
Award Given Tonight**

Tonight (Thursday, July 29), at 8:30 o'clock, at the Eagles' Home on Main street, the FOE Civic Service Award for outstanding service to the community will be presented to the Chelsea Chamber of Commerce for its promotion of Lloyd Heydlauff, Chamber of Commerce president, is to accept the award and the public is invited to attend the presentation ceremony.

Golf Tourney

Tuesday, July 20—Rain stopped in time for the weekly golf tournament to be held. Deane Rogers and Fred Kary won the trophy and Warren Eisenbeler and Harley Prudden came in second.

Tuesday, July 27—Good weather favored the golf tournament players this week as first place went to Dudley Holmes and K. R. McMannis with low scores, and second-place honors went to John Kousch and Lyle Haselwerdt.

It Might Be True . . .

"It's within the realm of possibility" is all conservation department fisheries men will say of the summer's best fish story circulating in Boyne City.

According to the version heard here, Mrs. Hudson Robinson of Boyne City lost an ear ring two years ago on a visit to Oden fish hatchery. Last week she got it back—from the stomach of an 11-inch fish clipped hatchery-planted brown trout her husband caught at the Boyne river power dam.

Elmer Lindemann, who was a patient at Foote hospital in Jackson for nine days, returned to his home here Tuesday.

PUBLIC HAM SUPPER

North Lake church will hold a Public Ham Supper, Saturday, July 31. Serving from 6:30 to 9:00 p.m.

Allocation Made to Counties on Weight Tax Return

Washenaw county is to receive \$55,530.89 as its share of the second quarter weight tax return, according to an announcement this week by the Michigan State Highway Department. Jackson county will receive \$53,463.87 as its share. Vouchers have already been prepared and sent to the Auditor General's office for payment.

All of the weight tax money collected by the State is returned to the counties, as provided for in Act No. 302, Public Act of 1915, for use on roads and streets. The counties distribute a portion of this money to the cities and incorporated villages.

**Tri-County
All-Stars Win
State Tourney**

Win Five Straight Games at Marquette; To Play Ohio Champs

By "BILL" SCHATZ

The Tri-County All-Stars made themselves known in Marquette during the past week, where they have been playing in the National Baseball Congress state tournament.

For Friday's opponents, their first of the tournament, the All-Stars drew Gladstone as their opponents. Big Slim McClanahan, our local fireball pitcher, received his batting assignment, coupled with his second mate, Leon Marshall, who was playing in the National Baseball Congress state tournament.

The All-Stars played fine, head-up ball behind McClanahan's brilliant pitching, winning 7 to 1. Keeping six hits well scattered, striking out 14 and walking none Mac put on quite a performance. The All-Star attack was sparked by Bill Kuhn who got a home run, three singles, drove in three runs and scored three himself (nice dessert).

In Saturday's games, the Tri-County All-Stars drew Humboldt for their second opponents and Marquette for their third.

Marquette's attack against Humboldt the All-Stars started Bob Price with Marsh as catcher. Price had to be lifted in the fifth with two out and Humboldt leading 5 to 4. Gus Ledwidge went in as relief pitcher and allowed only two scratch hits during the remainder of the game while the All-Stars banged out seven runs in the sixth to deepfreeze the bats.

Although the success of the All-Star attack with two homers for a total of five hits. The boys collected three more in the seventh, two in the eighth, and two in the ninth to snow the northerners under by a score of 19 to 5.

In the third game, behind the fine pitching of Hank Green, the All-Stars surrounded Marquette to win 14 to 1. Green was credited with 14 strike-outs, walking none. Beaman and Marsh paced the All-Star attack with three hits each. Marsh, stringing catcher for our local Chelsea Independents, was again behind the plate.

The All-Stars' explosion in the second stanza resulted in six runs which was more than enough as the final score read All-Stars 14, Marquette 1.

Sunday's games were rained out and play was to be resumed Monday. These stellar performances are being watched all over Michigan, and in particular by our local fans who have watched these players throughout the season.

In the final games played Monday evening, the All-Stars drew Ishpeming for their first opponents and Munising as their second. McClanahan and Marsh were again called out to face Ishpeming as the All-Stars went to work on them to the tune of 8-4. Marsh collected a single and a triple in his three trips to the plate, while Bill Beaman also banged out a lousy triple.

In the second game Monday evening "Hank" Green and Leon Marshall made up the battery for the combination which downed Ishpeming by the score of 11-3 to keep the All-Stars unbeaten in five games of tournament competition. Bill Beaman was the leading hitter of the series, coming out of the fringes with a total of three home runs and an average of .476.

According to members of the team, they plan to play the Ohio champions at a date to be set later. The winner of this district competition will have the opportunity to compete in the national play-offs which will be held in Wichita, Kansas.

**All Park Beaches
Are Reported Safe**

Water pollution testers, on guard at Michigan's three-state park beaches, report all park beaches continuously safe for swimming. The column past the season's half-way point.

Record crowds on the beaches on hot week-ends have made the frequent examination of beach waters for traces of pollution an especially responsible task this season, according to Arthur C. Elmer, chief of the conservation department's parks and recreation division. Stream control commission engineers and state health laboratories also test water frequently, especially after storms which can cause sewers to overflow.

New Michigan Legion Paper Is Best In U. S.

The Michigan Legionnaire, official publication of The American Legion, Department of Michigan, is the 1948 winner of the Legion's national newspaper contest.

The Michigan paper, an 8-page tabloid published monthly at Detroit, was awarded top place among 75 contestants. The Legionnaire was launched Jan. 1, 1948, with C. S. Clark, Jr. of Ann Arbor, former St. Johns, Michigan, newspaperman, as editor. Clark, who also serves as public relations director for the Michigan Legion, will be presented with an award at the Legion's national convention at Miami in October.

According to reports given to Frank Reed, Chelsea police officer, the young man was a visitor at the camp, and with several companions was on a raft about 75 feet from shore shortly before he disappeared. The others with him had started swimming for shore and when his disappearance from the raft was noticed, they rushed to the spot, where the water is said to be about 30 feet deep, and tried to locate him by diving. When this was unsuccessful officers who had been called, began dragging the lake for the body which was located about 3:30 o'clock Monday afternoon. The drowning occurred about 5:30 o'clock Sunday afternoon.

Relatives of the 21-year-old youth said he was unable to swim.

**Kiwanis Told
of Freedom
Train's Visit**

County-Wide Week of Rededication Will Precede Local Visit

Twenty-one Kiwanians from Ann Arbor and Ypsilanti were guests at Monday night's regular Kiwanis club meeting in the Municipal building here, when Ralph Keyes of Ann Arbor, general chairman of the Ann Arbor committee for the Freedom Train program in August, spoke to the group, giving information in regard to the planned county-wide program and enlisting the support of the people of Chelsea in making the project a success.

M. W. McClure, as president of the village, was appointed chairman of the program here. He plans to appoint chairmen of committees representing all church groups and societies and all clubs, lodges and veterans' organizations of Chelsea to work with him for the success of the undertaking here.

Friday noon Mr. McClure is to attend a luncheon meeting of all mayors of the county to be held at the Allen hotel in Ann Arbor. At this time outlines of plans will be discussed for the week-long program which builds up to the Freedom Train's actual visit to Ann Arbor on Thursday, Aug. 19.

Friday afternoon, at four o'clock, there is to be a citizens' meeting at the Legion Home in Ann Arbor when plans will be made preparatory to local organization.

The purpose of the Freedom Train's visits to communities and the programs of preparation for its visits, is to promote a rededication of the principles of freedom and democracy and reawaken in the hearts and minds of the people of the United States a sense of appreciation for the heritage which is theirs through the sacrifices and efforts of their forefathers.

The Freedom Train with its exhibits of historic documents and relics is expected to draw a huge crowd of people to Ann Arbor, Mr. Keyes stated.

The Ann Arbor Kiwanians at Monday's meeting were F. H. Colvin, George Meader, Murray Wandy, Herb De Groot, Mac E. Waterhouse, John Mueser, Jay Howard, Bill Malecki, Erwin Klages, Howard L. Spedding, Ray Hutzler, Ralph Keyes, P. J. Olin and J. F. McNutt.

Ypsilanti Kiwanians present were Earl Willoughby, Bill Durant, Pete Evans, Mike Loessell, J. H. Hopkins, Andrew D. Smith and Henry D. Arkansas.

It was announced that the Dexter Kiwanis club will meet here with Chelsea next Monday evening and dinner will be followed by a return softball engagement between Dexter and Chelsea at the local athletic field.

Mr. and Mrs. Charles Loomis spent last week vacationing at Houghton Lake. Their children Philip and Karen, spent last week with their grandmother, Mrs. J. M. Hale, at St. Louis.

Miss Lillie Wackenhut and her cousin, Mary Ann Gage, were guests at the home of the former's sister, Mrs. Adolph Eisen, in Detroit, from Saturday until Wednesday.

**Newest Invention Makes Radios Play
Instantly Without Use of Vacuum Tubes**

Radios without vacuum tubes and which play instantly when turned on are now a possibility with the invention of an entirely new electronic device by the Bell Telephone Laboratories at New York.

In announcing the device known as a "transistor," N. J. Pranken, manager here for the Michigan Bell Telephone Company, said it works on a new principle of physics discovered by the laboratories in the course of fundamental research into the electrical properties of solids.

"It is an amazingly simple apparatus hardly larger than a shoe lace tip," Pranken said, "yet it efficiently performs nearly all the functions of an ordinary vacuum tube plus some that the old-type cannot."

"The laboratories have used several transistors to activate a radio receiving set, and also to amplify electrical speech waves traveling between two telephones—jobs now handled by vacuum tubes."

The transistor is a tiny, hollow cylinder housing two hair-thin wires touching a pinhead of germanium, a semi-conductive metal.

The device has no vacuum, glass covering, grid, plate, cathode, or any parts which move or wear out. It is energized by dry-cell batteries and consumes less than a tenth of the power used by an ordinary flashlight bulb.

"Electrical current is amplified when it moves from one wire through the germanium to the other wire," stated Pranken. "The wires themselves are only two-thousandths of an inch apart. Tests have shown that the transistor will amplify at least 100 times."

Four Auto Accidents Involve Local Residents Last Week; Detroiters Drown in Lake

Youth Disappears from Raft on Visit at Camp Norcom

Fatalities Averted Though Two Cars Completely Wrecked

Automobile accidents investigated during the past week by Officer Floyd Gentner of the Chelsea Police department included one which occurred Wednesday evening; one Thursday evening and another late Saturday night.

In the first one, about 7:45 Wednesday evening, Dean Humphries of Ann Arbor, a salesman for Basso Wholesale Fruit Distributors of Ann Arbor, received numerous cuts and bruises when his car skidded and landed in a cornfield about 200 feet east of the intersection of US-24 and Michigan.

The second accident occurred Thursday evening, when a car was involved in a collision with a truck on the highway as he turned out to pass another car. He was taken by ambulance to St. Joseph's Mercy hospital, Ann Arbor.

Thursday evening the front end of Robert Dorner's car was considerably damaged when he collided with the rear end of a truck owned by Lloyd Heydlauff and driven by George Heydlauff.

The police report states that the truck had halted momentarily on Cavanaugh Lake road while several young people were talking to the driver and that the truck showed no tail light. When Dorner came upon the truck and saw the young people in the road he dared not turn around for fear of striking them, according to statements made to the police officer.

Robert Schanz and his brother Richard, together with Stanley Weir, were cut and bruised when their car went out of control as it struck loose gravel at the side of the road after skidding on the curve of Cavanaugh Lake road at the intersection of Garvey road along the New York Central tracks. The car struck and cracked off one telephone pole and cracked a second pole before catching on fire and burning completely.

Johnny Meehan, who lives with Mr. and Mrs. Julius Reule at 418 Wilkinson street, suffered cuts and bruising of the head and legs early Saturday evening when he was struck by a car in front of the Reule home.

According to Officer Frank Reed's report, the car which struck him is the property of Floyd King of 108 South Main street, and was being driven by Norma Pierson of 138 North street, who was learning to drive.

Mr. Reed's report states that the boy, who is five years old

Fire of undetermined origin on Sunday night destroyed the Hofer flour mill at Manchester. A. D. Baldwin finished cutting 23 acres of wheat on his farm in Lima Tuesday. It required 75 pounds of twine to bind the crop. Mr. and Mrs. R. R. Waltrous attended the annual Jewett family reunion held Saturday, July 26, in Lansing. Mrs. Waltrous was elected vice-president. Mr. and Mrs. O. T. Hoover returned Friday from their two week's visit at the home of their son, C. G. Hoover, and wife, of Cumberland, Md. Sugar Lake won over North Lake Sunday at Mohr's by a score of 13-8. Guinan of Sugar

Loaf secured a home run. Sugar Loaf's battery consisted of Rowe and B. Brocasie; North Lake's, Hamker and West.

Lynn W. Kern has been appointed successor to Frank Cole who for several years has been the Chelsea agent of the Detroit, Jackson and Chicago electric line. Mr. Kern has sold his auto truck and cartage business to Howard Walz. Mrs. Fred Kanteleher passed away at her home on South Main street, Tuesday, July 29, aged 83 years. Born June 10, 1841, in Eisenfeld, Ost. Freudentadt, Wartenberg, Germany. Eva Mary Bauer was reared an orphan and lived the early days of her life during the famine years of Germany from 1840 to 1856, experiencing many hardships. At the age of 24 she immigrated to America, and after 49 days crossing the Atlantic arrived at New York on June 10, 1865. She spent one year in Waterbury, Conn., before coming to Chelsea in July, 1866. On Aug. 23, 1870 she was united in marriage to Fred Kanteleher. To this union were born six sons and one daughter. They are: John A. and Walter F. of Chelsea; C. Emil and Geo. F. of Detroit; Wm. O. of Lansing; R. L. of Jackson, and Mrs. Minnie Glenn, of Highland Park, all living. She is also survived by her husband.

County Clerk Beckwith has issued a marriage license to Joseph C. Knoll of Sylvan, and Miss Ruth A. Dwyer of Jackson.

Married, Wednesday evening, July 29, 1914, at the home of the bride's parents, Mr. and Mrs. O. G. Gushman, Misses M. Gushman, of Chelsea, and Raymond Jones of Grass Lake. Rev. A. W. Fuller officiated.

At the home of Mr. and Mrs. Ehlert Notten in Sylvan last Friday, the frame for a modern dairy barn was raised. Over 100 men assisted in the raising. The evening was given over to a social time and it is estimated that about 250 persons were present. Twelve members of the Chelsea band were present and also the Waterloo band and both organizations presented a number of musical selections.

In connection with the opening of the Panama Canal, which will occur on August 15, it is interesting to note that one of Chelsea's citizens crossed the Isthmus in the days before the railroad had been built. Jay Everett crossed the Isthmus of Panama in the early winter of 1852. In company with Michael Heydauff of Waterloo, and Henry Weir of Manchester, Mr. Everett left his home in Sharon in December, 1851, going to Adrian where he took the train to Toledo. From the latter place he traveled to New York City via train and stage. In New York City he was unable to secure a through ticket to San Francisco, but upon the payment of \$250 was able to obtain passage, which included meals and berth, to Colon on the sidewheel steamer "Georgia." At Panama Mr. Everett finally secured passage on the steamer "Monumental City," the fare being \$100, which included meals and berths. After a day out the boat sprang a leak, which put out the fires under the boilers and the water in the hold was 16 feet deep before the leak was finally stopped, causing a twenty-four hour delay. Then food ran short, and for several days the passengers subsisted on turtle soup. Mr. Everett landed in San Francisco on March 4, having spent 87 days in making the trip. In 1856 Mr. Everett, accompanied by his wife, son Howard and daughter, now Mrs. Coe of Seattle, Wash., returned from the Pacific coast, but a railroad had been built across the Isthmus and they traveled over it from Panama to Colon.

cool cooking
ROPER
✓ Automatic lighting...no matches
✓ Automatic clock control...turns Gas on, cooks oven meal, turns Gas off
✓ Automatic heat control...no guessing at oven temperatures
✓ Smokeless broiler...stays cleaner
✓ Simultaneous baking and broiling
✓ Super-speed...instant high heat, instant turn-off
✓ Flexible flame broiling...your choice from char-type to "done through"
✓ Better baking...air-circulated Gas oven assures even browning
✓ Thrifty simmer-burners...save food, time and money
✓ Easy to use...no need to change your cooking habits
Here are some good reasons why you should replace your present range with a new automatic gas range built to CP standards. Clock controls turn the oven on and off and cook an entire meal deliciously while you are out on the cool porch. The oven is scientifically insulated to retain the heat and keep the kitchen cooler. All gas burners can be extinguished instantly—no slow cooling off process to heat up the kitchen. High speed top burners cook faster. For cool cooking, see the new automatic gas ranges in the stores and at the Gas Company.

Service wherever you go

In just two years we've built and sold more fine cars than any other new manufacturer in automobile history.

Why? Because America fell in love with the KAISER and the FRAZER on sight. Folks are streaming into Kaiser-Frazer showrooms and learning from present owners how dependable these two great cars are. They're learning—from people who drive them—how soundly they are built... how economical they are... how much enjoyment there is in owning one.

THESE ARE THE MOST-COPIED CARS IN AMERICA, road-proved by 250,000 owners in two billion miles of driving. Because plenty of Americans insist on comfort, convenience, style and value, traditional leaders had to "move over"—as Kaiser-Frazer became the fourth largest manufacturer of motor cars in the world in two short years.

Why wait? Enjoy your new car this summer. You'll get fair treatment and highest trade-in allowance.

Things Every Insurance Buyer Should Know

IT'S THE SPIRIT THAT COUNTS...

This agency offers its customers only one "product" - PROTECTION AGAINST FINANCIAL LOSS.

When a policyholder has a loss we believe it our responsibility to convert his protection into dollars promptly and equitably; or if for some reason his claim does not appear to be valid, to explain our position in clear, understandable and courteous terms.

BIRTHDAYS CELEBRATED

Mrs. W. R. Guest entertained at a family picnic at Clear Lake Sunday in honor of her husband and their son, Buddy, whose birthday occurs on the same day, July 23. Out-of-town guests present were Mr. and Mrs. Hubert Berg and Paul Green, of Detroit.

ATTENDING CONFERENCE

Miss Cora Feldkamp and Mrs. P. G. Schaible are attending the Summer Conference of the Women's Guild of the Evangelical and Reformed Church which is being held this week at Elmhurst College in Elmhurst, Illinois. Miss Feldkamp is a representative of the local Women's Guild of St. Paul's church while Mrs. Schaible, as president of the Ann Arbor Regional Guild, is representing that body at the conference.

BIRTHDAY SURPRISE

Mrs. Anna Kalmbach, who is staying at the home of her daughter, Mrs. Norman Schmidt, where she is recuperating from a recent illness, was honored on Sunday with a dinner given by Mrs. Schmidt in celebration of her birthday. Guests at the dinner included Mr. and Mrs. Carl Ashfal of Dexter, Mrs. Arthur Derby of Grass Lake, Mr. and Mrs. Harvey Earl of Royal Oak, Mr. and Mrs. LaRue Shaver and Mrs. Kalmbach's mother, Mrs. John Ashfal, who at present is spending some time at the Shaver home.

BROWN REUNION

Mr. and Mrs. William Brown, Sr. and Mrs. Charles McDaniel and son Eddie and Mr. and Mrs. Lionel Vickers and daughter Doris, were the Chelsea members of the Brown family who attended the annual family reunion held Sunday, July 25, at the home of Mr. and Mrs. Marvin Martin in Williamston. Others of the fifty present for the day were from Ann Arbor, Detroit, East Lansing, Okemos, Webberville and Howell. Next year's reunion is to be held at the home of the Lloyd Leonards in Okemos, the last Sunday in July, 1949.

New officers elected for next year are Harry Wainright of Detroit, president; Lionel Vickers, Chelsea, vice-president; and Mrs. Stanley Vickers, East Lansing, secretary-treasurer.

RETURN FROM WEST
Mr. and Mrs. M. W. McClure and daughter, Jean, returned home Sunday evening from a two-week vacation in the Pacific northwest. They visited Glacier National Park, Mt. Rainier, Victoria, B. C., and Seattle, Wash. While at Seattle, they went to Bellevue, about fifteen miles away, where they visited former Chelsea residents, Mr. and Mrs. A. K. Richards and Mr. and Mrs. Ray Krontz. The Richards family, who moved west in 1939 and the Krontz's who left several years later, are now neighbors. They were very much interested to hear news of their many friends in Chelsea, and also of the changes here since they left.

MISCELLANEOUS SHOWER

Miss Irene Stoffer of North Lake, who is to be married early in the fall, was honored on Saturday evening with a miscellaneous shower given by Mrs. Lynn Eisenbeiser, Mrs. Leslie Eisenbeiser and Mrs. Warren Eisenbeiser at the home of the latter.

About forty-five guests were present, including Mrs. Ed. Wise of Toledo, a former North Lake resident.

Games were enjoyed during the evening and then the bride-to-be was presented with many beautiful gifts.

Refreshments were served at the close of the evening by the three hostesses.

U. of M. Research Hints Humans Are Spreading Polio

Present evidence indicates human beings are the main transmitters of polio, according to research at the University of Michigan's School of Public Health.

But three researchers, Dr. Thomas Francis, Jr., who is chairman of the Department of Epidemiology, and Drs. Gordon C. Brown and Lawrence R. Penner, admit that the seasonal occurrence of epidemics readily suggests other ways in which the disease could be spread.

"One cannot rule out weather conditions, animals and insects," Dr. Francis asserted, acting as spokesman for the trio. "But there is more evidence that men, women and children are the main reservoir and participants in the transmission of the disease."

"Although polio virus has been found on flies, the number of times it has been found is small," Dr. Francis pointed out. The doctors have found it is possible for flies to pick up the virus from infected human excreta and that the virus could be recovered from the flies for several hours afterwards.

But these flies were blowflies, prevalent in areas containing refuse, the researchers point out, with evidence to date not seriously incriminating the housefly, at least in the northern states.

"A high rate of polio already has been reported in Texas, North Carolina, California and the Northwest," Dr. Francis said. He joined with his research colleagues in suggesting that the following of simple health rules be followed: Don't get overtired or chilled, avoid crowds, be as clean as possible, and see your doctor at once if you do not feel well."

Top Profits too!

You can't get sustained milk production... nor top profits... from your cows unless they're in top condition. To safeguard their condition, they need the full nutrients balance that Larro Dairy Feed provides. It builds strength and vitality... it helps cows develop husky calves and produce their full inherited capacity of profit milk. Thousands of actual Herd Check Profit Records prove that Larro fed the Larro Way, pays a handsome profit over feed cost. Let us show you how to get these extra dollars from your cows.

British vs. U. S. Workers

British "working party" committees, sent to the United States to do on-the-job studies comparing American factory methods with those of Britain, agree that productivity per American worker exceeds that of his British counterpart in each of the industries surveyed.

DEATHS

Mrs. Katherine E. Messner

Mrs. Katherine Elizabeth Messner, who has made her home the past five years at the home of Mrs. Florence Howlett, 221 Railroad street, died there suddenly early Saturday morning.

Mrs. Messner was a daughter of John and Katherine Thalmier Smith and was born in Lyndon township Feb. 19, 1869. On March 10, 1896, she was married to Henry Messner who died Feb. 8, 1925.

Mrs. Messner was a member of St. Paul's church and of the St. Paul's Women's Guild.

Funeral services were held at the church Tuesday afternoon at 2 o'clock following a short service at 1:30 at the Staffan Funeral Home. Rev. P. H. Grabowski, pastor of St. Paul's church, officiated and burial was in Oak Grove cemetery.

Survivors of Mrs. Messner are a daughter, Edith Messner, of Newberry, and a son, Paul, of Chelsea. Also surviving are two grandchildren, Shirley Ann and Paul Messner, Jr., of Chelsea, and a sister, Mrs. J. J. Bares, of Chelsea.

First Sleeping Car

The first sleeping car in the world was operated on the Cumberland Valley railroad, between Harrisburg and Chambersburg, Pa., in the winter of 1838-37. It was a remodeled day coach, and the berths or bunks were very crudely built along one side of the car.

French Fort Was Built in July 1701 on Site That Later Was to Be Detroit

Erected on a spot where a cannon could shoot across the broad Detroit River, an acre-square French fort was constructed in July of 1701 on the site of what later was to become Detroit.

Called Fort Pontchartrain du Detroit, the stockade was erected to increase French strength in opposing the British invasion of the Great Lakes area and to take advantage of the profitable fur trade with the Indians, according to the Michigan Historical Collections, at the University of Michigan.

The fort's name was derived by taking the name of the French prime minister of the time and adding the "du Detroit" which was French for "of the Strait."

Antoine de la Mothe Cadillac and about 100 Frenchmen from Montreal built the fort at the site of the present city of Detroit. Larned and a line between West Jefferson and Woodbridge. The location was a natural one for a fort as the spot had water on three sides. In front was the Detroit River. On two other sides was the Savoyard River, which since has disappeared.

Once it was in operation, hundreds of Indians flocked to the little wilderness outpost by canoe and Indian trail to trade their hard won furs for the Frenchmen's goods.

Added indication of the fort's importance was seen a few months later when Madame Cadillac, her son, and the wife of Cadillac's next in command arrived by canoe to live there. This was a joyful occasion for the Indians, too. Arrival of the white women indicated the fort was permanent, and that the savages always would have a place to trade their goods.

But while trade boomed, Cadillac's enemies were using political pressure to get him out of the place. Some didn't like the way he was running the fort. Others

were envious of the profits to be made there.

In 1710 their political maneuverings caused Cadillac to be relieved at Fort Pontchartrain to become Governor of the vast territory of Louisiana.

Cadillac lost the buildings and large land holdings he had in the fort and its area as succeeding Frenchmen appropriated them for their own in his absence.

Cadillac's dream of making the settlement a thriving community was not realized during the French regime. In 1760, at the end of the French and Indian War, Major Robert Rogers took command of the fort for the British and it became Fort Detroit.

Under British, and later American rule, Detroit's growth continued to be slow. But finally Detroit became the metropolis of Michigan, a development far beyond the fondest dreams of Cadillac when he selected the spot for his fort.

The MARRIAGE of CLAUDIA By Rose Frauke

This is a new story of Claudia David and their family. A story of things that inevitably happen to any average family. It is also part of a larger pattern of a woman and man seeking to establish a lasting philosophy of living.

Reading Preferences

Librarians report a great demand for travel books. South American countries usually are high on the list of desired places to visit. While war fiction lies practically untouched on library shelves, historical fiction is widely read, both old and recent titles. Novels concerned with race and social problems are much in demand. Movies, as always, bring a flood of requests for the book which has been filmed.
