

Independents Win Decision over South Lyon as Milling Team Drops Game to Saline

Last Home Game To Be Played Sunday Against Milling Club

By "BILL" SCHATZ
Chelsea Independents won by a photo finish, leading the South Lyon hopefuls, 7 to 6, in Sunday's slug fest. The Independents were just too tough when the going was rough, bearing down hard to break up South Lyon rallies.

Lefty Barth, patrolling the left field garden, saved the old ball game when he made a marvelous running stab of a line drive. Lefty also connected for a boisterous triple, the longest safety of the day.

"Fire Chief," Stan Policht, belted one far, far into right field. This ball was really tagged, the fielder making a long sprint, soaring into the air, snaring the Chief's effort. Oh, what a bingo, what a robbery. (I should molder the bum.)

South Lyon greeted us with a nice turn out and Chelsea was also supported by a fine gang of rooters. Going into the ninth with a 7 to 3 lead, it looked like a clinch, but the Lyonians took up a couple of notches in their belts, pushing three runs across to cut our margin to a narrow one. A long fly to center, however, was grabbed by fleet footed Bob Barth to end the inning and the ball game. Close boys and girls, plenty close.

The line-up follows:
Independents South Lyon
Birch, 2b. Brangle, 3b.
B. Barth, cf. Schmidt, 2b.
S. Policht, ss. Wren, 1b.
A. Policht, 1b. C. Cash, ss.
E. Miller, p. D. Murr, 1b.

Next Sunday, Aug. 29, we play our last game here at the home park before the play-offs. Closing our regular season against Chelsea Milling. It is our honest belief that we have shown you a fine caliber of baseball entertainment by playing our entire season without a loss.

Yes—the Detroit promoter explained, everyone had been busy fixing up things. Union plumbers were forgetful, you know, and the island was miles off the mainland. So the Detroit business men had been wielding a paint-brush, hammering nails, sawing wood and installing plumbing. Gradually the farmhouse was being transformed into a snug lodge. The barn was to become a clubhouse.

A stone's throw from the farmhouse was a beach of Lake Michigan, strewn with drift wood. The lake breeze was invigorating. Wild raspberries nearby grew in profusion.

We beheld the farm scene with its happy city colony and we marvelled at the zeal of these Detroiters who were revelling in the isolated pastoral simplicity of a half century ago. No telephones, no automobile traffic, no factory or railroad whistles, no gadgets, no evening papers with black headlines—this could be impelling attraction—many protest against modern complex living.

Barrett smiled in contentment. South Manitou, Robinson Crusoe haven of nostalgia, had waited years for him.

The island was his answer, in complete reverse, to a promoter's prayer.

Frequent Errors, Unearned Runs Spell 9 to 6 Defeat

By DWIGHT GADD
In a highly controversial and argument-filled ballgame, Chelsea Milling bowed to Saline, 9-6, here at the local field.

Both pitchers, Drew of Saline and Alber of Chelsea, went all the way. Drew was tagged for nine hits, walked four and struck out an even dozen, while Alber allowed seven hits, eight walks and struck out nine. However, eight errors hurt the Milling cause to the tune of six of Saline's runs being unearned.

The league umpire failed to show up Sunday and this had much to do with all of the "fubars." After waiting for the official for 45 minutes an attempt was made to get someone in the crowd, but no one would volunteer. Finally an elderly man in the Saline rooting section took the job with another Saliner on first. All in all, it proved to be a lot of fun.

Chelsea got their runs mostly in the second and third innings. In the second, three runs scored on a double, one in the sixth, three in the seventh and two in the ninth.

Chelsea got single runs in the second, third and fourth innings and two in the seventh, but lost golden scoring opportunities in other innings as they left a total of nine stranded on the bases.

Drew was the leading pitcher for Saline with four out of four, while D. Ewald paced Milling with three for five.

Next Sunday, barring any unforeseen measures, Milling and Independents, Chelsea's two teams, will tangle for the second time this season at the local field. The first meeting was a good game so everybody come out this Sunday, Aug. 29, at 2:30, to the local field.

Local players on the squad are Leon Marsh, Blane McClanahan and Bill Beeman from the Independents, and Jim Carragher from the Chelsea Milling. The rest of the team was made up of players from Fowlerville, Webberville, Ann Arbor, Brighton and Stockbridge.

In the opening game last Friday, the Collegians faced the Phoenix. The Collegians were out of their first inning and went down to defeat, 4-0, as Bob Robins, a big, lanky right-hander, threw a one-hitter at the Collegians. He was fast with a hop on his fast one, and a very good curve. Ferd Gillis got the only hit and only two Collegians got as far as second base.

Phoenix got a run in the first on a walk, an error and a hit for the only run they needed to win. However, in the third they added two more unearned runs on one hit and three errors and then got their first earned run in the eighth on two singles and a stolen base. Without all the errors it might have been a little different.

Conroe, Texas, was their second opponent, and errors again hurt the Collegians as they lost, 4-0. McClanahan started on the mound and his opponent was a young right-hander, Ernie, with no such array of "stuff" as Robins, but with enough to get to one hit on his hard-throwing ball.

Conroe got five hits which were good for five runs, with the help of two very costly errors, off "Mac." Ledwidge came in as relief in the fourth, but the roof fell in on him in the fifth. On five hits, four errors and two passed balls, Conroe got eight runs and that was the ball game.

Marsh caught the first game and all but the last inning of the second one and Beeman was in right field. The whole outfit was just a bundle of nerves, which deflected their fielding and hitting both, and that is the main reason to their two quick, decisive defeats.

Mrs. Harlan A. Davis of Port Huron, sister of E. W. Eaton, and daughter of Mrs. Van W. Eaton, died Sunday, Aug. 22 in Port Huron. Mrs. Davis was the wife of the late Harlan A. Davis who held the position of Superintendent of Port Huron public schools for many years before his death.

Survivors of Mrs. Davis are her two sons, Dean E. Davis of Detroit, and Neil H. Davis of Port Huron; her brother, E. W. Eaton, of Chelsea, and her mother, Mrs. Van W. Eaton, who is making her home here with her son and daughter-in-law.

Mr. and Mrs. E. W. Eaton and Mrs. Van W. Eaton attended the funeral services held in Port Huron Wednesday.

Mrs. John Wahl, with her son, Lewis, and Mrs. Sophia Boos of Lansing, called Monday evening at the home of Mr. and Mrs. Dillman Wahl and family of Clear Lake, who, with Mr. and Mrs. Glenn Rentschler and son, had just returned from a trip to Niagara Falls. Mrs. Boos, who has been visiting at the home of Mr. John Wahl since a week ago Sunday, plans to return to Lansing today.

Mr. and Mrs. E. W. Eaton and Mrs. Van W. Eaton attended the funeral services held in Port Huron Wednesday.

The announcement was made following a notice that many Regular Navy recruiting stations were turning men away because of filled quotas.

"We still have over a hundred openings at Grosse Ile," Walker said, "and Naval Reservists on full-time active duty have the advantage of being permanently stationed here at Grosse Ile."

St. John's Church Will Hold Mission Festival Next Sun.

St. John's church at Rogers Corners is celebrating its annual Mission Festival next Sunday, Aug. 29. There are to be two services that day, the first at the regular morning worship hour, at 10 a.m., and the other at 8 o'clock in the evening.

Rev. T. W. Menzel of Bethel church in Freedom township and Rev. H. H. Schowe of St. Andrew's church in Dexter are to speak at the morning and evening service respectively.

Both pastors are comparative newcomers to this area, the former having come to Bethel church in February from Elmhurst, Illinois, where he had been professor of religion at Elmhurst college and the latter coming about the same time from a charge in Texas.

People of the community will welcome the opportunity to hear these two men.

The offerings to be taken at both services are to be used for missionary work and for foreign relief.

The public is invited to attend both services. Rev. John Fontana, pastor of the church, will have charge of both services.

RURAL CHILD HEALTH and nursing needs are two of the health problems to be discussed at the second annual Michigan Rural Health Conference sponsored by the Michigan State Medical Society and 39 other organizations, and being held in East Lansing, Sept. 16-17.

Under the Honorary Chairmanship of Governor Kim Sigler, the Conference will feature addresses by leading rural health authorities, discussion groups and panel discussions with audience participation.

This Conference, which has been acclaimed by farm and medical leaders as "being of vital importance to the health of rural people" is sponsored by the Michigan State Medical Society and co-sponsored by thirty-nine other organizations which are actively working to better the health of rural people.

Planned as a "working conference," the two-day session will make plans to improve health standards and expand medical facilities in farm areas and outlying districts, according to Dr. Ziemer.

The program will be divided into four main sections. Section I, "Planning for Healthy Communities" will include such topics as community health councils, health programs of rural organizations, local health department activity, and disease control programs. Section II, "Modern Medicine in Rural Michigan" will discuss bringing and holding physicians in rural areas, mental health in Michigan, and nursing and other medical associates. Section III, "Dollars and Disease" embraces subjects such as voluntary prepaid group medical and hospital service, the hospital survey and construction program, aid to the medically indigent, and contributions of voluntary health organizations. Section IV, "The March of the March of Health" will deal with dental care, child guidance clinics, prevention of children's diseases, and school health programs.

Local Branch Office of Mich. Consolidated Gas Opens for Business Next Wednesday

Sylvan Registering for Sept. Primaries Is Only 'Average'

When asked whether registrations for the coming Primary election had increased this year, W. F. Kantlehner, Sylvan township clerk, stated that he believed registrations were about average in comparison with the last few years. He said an average of twelve or fourteen registrations have been received at his office during the past week and he expected a larger number on the last day (yesterday) when registrations were to be made at the Sylvan Town Hall.

A number of voters registered on the previous Wednesday at the Municipal building after having been minded to do so by the VFW Junior Girls Auxiliary and Girl Scouts during their canvass of all homes in the community.

Mr. Kantlehner mentioned the misunderstanding that seems to exist in the minds of many voters in connection with registration for voting. Official registration notices for the Sept. 14 Primary in Lima and Sylvan townships were published on pages eight and nine of the Aug. 19 issue of The Standard, giving full instructions on the procedure for registering. However, according to Mr. Kantlehner, many people do not understand that if they have registered in the township in the past two years since re-registration was necessary, they continue to be registered and do not have to re-register.

Plans are being formulated to notify people whose registrations have lapsed, possibly by postcard, which, if signed and returned to the clerk, would continue the registration in force.

Another cause for confusion in the minds of many voters is the fact that registration with the township clerk does not permit the registrant to vote in the village election. Registration for the village elections must be made with the village clerk, Carl Mayer.

Mr. Kantlehner emphasized that registrations for the coming fall election will still be accepted after yesterday's closing date for the Sept. 14 Primary election, and all eligible voters who have not yet registered are urged to do so.

Registration for the fall election will be accepted up to the regular 20 days before the election date. Mr. Kantlehner also stated, for the benefit of those who are in doubt about their registration, that as long as they remain residents of the same precinct and continue to vote there, they continue to be registered if they have registered within the last two years since re-registration was necessary. It is not necessary to re-register each year as some persons seem to believe, Mr. Kantlehner added.

GAS COMPANY

Ann Arbor housewives think the new CP automatic gas range is wonderful, and say it many different ways. "It's so dependable." "It's a perfect baker." "I can cook a whole oven meal without watching." "It's so clean and easy to keep clean." You too will spend less time in your kitchen if you replace your pre-war stove with a new CP automatic gas range.

Yes, you CAN get cleaner eggs the Jamesway, and the more clean eggs you get, the more you profit!

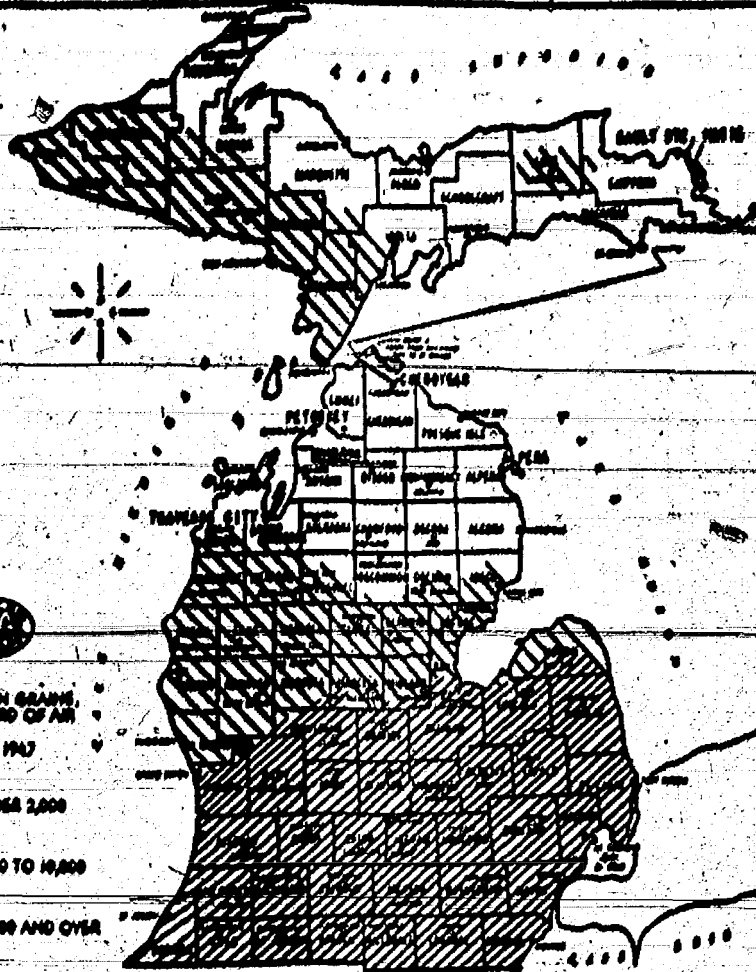

Jamesway Vermin Proof All Metal Nests are the finest nests you can buy. Proof of this is found in the fact that hens will leave wood nest boxes and actually crowd to get into Jamesway Metal Nests.

NEARLY HALF OF MICHIGAN is free of ragweed pollen in any irritating quantities. Automobile Club of Michigan's travel manager Harry Rogan pointed out to hay fever sufferers today. Unshaded areas of the map above contain all portions of the state where pollen count in 1947 was consistently low. Lightly shaded areas offer relief to those whose hay fever allergy is relatively mild. Heavily shaded areas in 1947 had large concentrations of ragweed pollen. Michigan State Health Department has conducted extensive research on pollen counts. How far from darkly shaded areas victims have to go for relief can be determined only by experiment, Rogan stated. High on the list of spots recommended for sneeze sufferers are St. Ignace, Sault Ste. Marie, Cheboygan, Charlevoix and Rogers City. All these cities had total State Health Department pollen counts of less than 1,000 last year.

PONTIAC
Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you

are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

ORDERS FILLED BY PRIORITY

A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. Otherwise, all orders will be filled on the basis of the time when they are received.

YOU PAY FACTORY-SUGGESTED PRICE

Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only the factory suggested price on your model—which will be shown in a published list of local prices.

YOU SPECIFY ACCESSORIES

While most of our customers order their cars equipped with accessories, we do not force accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but none will be added.

REGARDING TRADE-INS

Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is always a thoroughly good car, and a thoroughly good value, this year, next year, any year.

SHORT STORY

Wonderful Woman

By RUTH K. KENT

ANN STANTON watched her husband's newspaper for signs of annoyance after she told him. Yes, he was lowering it slowly. "What did you do that for?"

Ann buttered her toast. "Why not? I always took Elsie Olson to lunch when she was your secretary."

Harry gulped his coffee. "But Elsie was . . . well . . ."

Ann leaned back in her chair. Yes, Elsie was 38 and wore cotton stockings. Tess Barclay, the new secretary, was 20 and Harry could tuck her in his pocket. Ann remembered when Elsie Olson resigned and the boss hired Tess for Harry. "Sunny little girl taking Elsie's place," he'd announced. "No bigger than a minute."

"Pretty," she'd said. "He'd shrugged. 'Didn't notice,' and that was when Ann took warning."

Harry was 30, and after seven years of marriage maybe he was getting a little tired . . . maybe of her. Ann had seen the little new girl one day when she stopped in the office to see Harry.

It was a few days later when she announced at breakfast, "I'm taking Miss Barclay to lunch today."

Ann walked into the Mayfair ahead of time. She sat studying the wall paper. Yes, things were working out right. That young lady would have to answer some questions. Nice subtle questions, of course.

Tess came right on time. Ann held out her hand. "Sit down, Tess," she smiled. "Everyone calls you that, don't they?"

Tess sat primly. "Yes, Mrs. Stanton."

"It was good of you to come," Ann said. "I'm sure you had something more interesting to do."

Tess picked up a fork and turned it over and over. "I . . . was supposed to do something else," she said. "But . . . I'm glad you asked me. I've . . . been wondering how I could talk to you."

Ann's senses prickled up. "You did? Was there something special you wanted to say?"

Tess twisted her napkin. "I . . . don't know how to begin. Mrs. Stanton, I . . . I want to talk about Mr. Stanton. But . . . maybe you won't understand."

Ann braced herself. "I'll try to understand."

The big blue eyes looked into Ann's . . . begged. "Is . . . does Mr. Stanton have good health?"

WELL! So now Ann knew. And this innocent-looking youngster had figured all the angles. Even to Harry's health. No doubt Harry seemed pretty old to her and she

The new secretary was 20 and Harry could tuck her in his pocket.

wanted to be sure he wouldn't turn senile the minute she caught him. Ann's voice was cold. "He's perfectly healthy."

"I . . . I thought maybe he was sick. That would excuse him. I mean . . ."

Mrs. Stanton's a nice man but . . . Tess looked almost frightened. "His is impudent. I simply can't work for him any more. I make . . . mistakes, and he . . . really Mrs. Stanton he makes me work as soon as to fix them. Oh dear, I hope you aren't hurt."

"Hurt?" All the buds on the wall paper seemed to burst into bloom for Ann. She could almost smell their fragrance. Impulsively she put her hand over the small one drumming nervously on the table. "Of course I'm not hurt, my dear. You mustn't be either. Harry's been accustomed to Miss Olson . . . she was there years and years and was sort of a machine. Don't quit, Tess. Ann found herself begging, "You can take it. And you'll have a good position. I'll walk back to the office with you when we finish."

Harry was puzzling over some invoices when Ann and Tess came into the office, arm in arm. "Here's your secretary to do that," Ann smiled.

She slipped out and smiled at the girls in the outer office, but was almost ashamed to face them. Ann knew they would say, "That Mrs. Stanton is such a wonderful woman. Not the least bit jealous of Mr. Stanton's secretaries."

Make these 4 comparisons before you buy any car

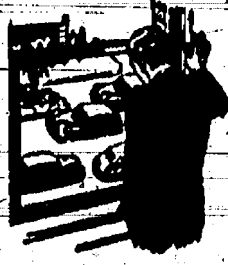

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet continues to be first in value, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Uniltized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for tasteful beauty; and Fisher Unisteel Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR

William G. Lewick was severely injured last Thursday and has been confined to his home since the accident. Mr. Lewick and other carpenters were at work putting a new roof on the residence which P. C. Maroney recently purchased of the Hooker estate. The scaffold gave way and Claude Munroe fell on Mr. Lewick.
The marriage of Miss Clarissa Emma Lewick of Chelsea, and Elmer J. Schairer of Selo, took place in South Haven, Mich., on Monday, Aug. 25. Rev. P. W. Dierberger, a former pastor of the Chelsea Congregational church conducted the ceremony. The bride is a daughter of Mr. and Mrs. Wm. G. Lewick.
Fire, which for a time on Tuesday evening looked dangerous to the business section of the village, broke out in the barn at the rear of the Mast residence on West Middle street. Quick response from the fire department prevented considerable damage being done, the names being confined to the Mast barn and one side of the Rose barn immediately to the south of it. Sliding and a portion of the roof burned from the latter building. The fire was first discovered by Miss Lizzie Mast.
A quiet home wedding took place at the home of Mr. and Mrs. John W. VanNatter, Tuesday afternoon, when the sister of Mrs. VanNatter, Miss Evelyn E. Weir and Clarence J. Widmayer were united in marriage in the presence of relatives and friends of the bride and bridegroom. Rev. C. S. Risher, pastor of the Chelsea M.E. church, conducted the ceremony. The couple were attended by Miss Jessie Harris and Harold Widmayer. The couple left in the afternoon for a trip to Toronto.
Will Stowe, with his wife and five children, former residents of Unadilla and son of Rev. George Stowe, who was pastor of the Methodist church of Unadilla for many years, plan to travel from Michigan to Texas on foot. All equipment is carried in small packages on the backs of members of the party, while the baby is carried in a small wagon.

More than 100 friends and neighbors gathered at the home of Mr. and Mrs. Chas. H. Young to assist in raising the frame of a new barn which he is having built on the farm.
Forty years ago: Townsend and Dixon formed a partnership in the boot and shoe business and opened a store next to Winans drug store. An old landmark is gone. The old building occupied by Mr. Leach as a boot and shoe store has been removed to make room for the erection of Mr. Brockway's brick block.
Unadilla—Members of Unadilla and Plainfield churches held a congregational meeting last Sunday and voted to build a Presbyterian church in Unadilla to replace the one destroyed by the cyclone. They also elected a building committee in Unadilla, which held its first meeting at the home of the treasurer of the Presbyterian church, Carmi Webb, on Wednesday evening. They expect to build a church the same size as the old one—30x46 feet, 18-foot ceiling, belfry 10x12 feet. It has not been determined whether they will build frame, cement block or brick. About \$1,400 has been subscribed, with Chelsea and Stockbridge contributing liberally.
The primary election Tuesday was a very quiet one. The vote was a light one, but 327 ballots were cast. On the party heads, 204 Republican, 5 Progressive, 110 Democratic, 1 Socialist, 2 Prohibition, and 5 who did not designate any party. The following were elected as delegates to attend the Republican county convention: J. Wilburn Van Riper, William Bacon, John Kalmbach, Jacob Hummel, J. Howard Boyd, Harmon S. Holmes, John Farrell, George W. Gage and Orrin H. Hoover. The following delegates were elected to attend the Democratic county convention: James Taylor, George W. Beckwith, Tobie Stripe, H. D. Witherell, William Schatz, George A. Runciman, Manfred Heppie, J. E. McKune, George P. Stafran, J. Edward Webber, Conrad Lehman, Chas. H. Young, Peter Maske, and C. W. Maroney. Chas. S. Osborn is running for governor on Republican ticket and Woodbridge N. Ferris is running for governor on the Democratic ticket.

Fort in Copper Country at Tip of Keweenaw Peninsula Built in 1844

Ann Arbor—A fort at the tip of the Keweenaw Peninsula once guarded white men's interests in the one-time fabulously rich copper mines there.
Named Fort Wilkins, the stockade was established near the present Copper Harbor, May 28, 1844. Manuscript records in the Michigan Historical Collections at the University of Michigan indicate the fort was abandoned sometime in the fall of 1846 when its troops were ordered to Mexico. It was reoccupied from Sept. 26, 1867 to Aug. 30, 1870.
The fort since has been restored and now is part of the Fort Wilkins State Park.
Although copper had been known to be in the region since about 1680, its extent was not revealed until Douglass Houghton, Michigan's first official geologist, explored the area in the 1840's.
Mining was not attempted, however, until after the United States-Chippewa Indian treaty of 1842 by which the U. S. obtained the western part of Michigan's upper peninsula and islands in Lake Superior.
So eager was the U. S. to promote the mining and to help settle the region that immediately after the treaty it sent a special government agent there to aid miners. Added evidence of the government's intense interest in the copper was seen when Fort Wilkins was constructed.
The Fort's purpose, as pointed out by the government, was to guard from the Indians the miners and settlers in the area and along the south shores of Lake Superior and to govern commerce on the lake. There is no evidence that the troops ever had to fight Indians. In fact, as it turned out, the Indians were in greater need of protection from the rough and unruly miners than the miners were from the Indians.
The only known contemporary picture of the fort is a small water color painting contained in a rare four-page handwritten newspaper issued at the fort April 1, 1846. Entitled "The Agate," the newspaper is in the possession of the Michigan Historical Collections.
The picture shows the fort on the strip of land between Lake Superior and Lake Panny Hooe, which was named after the sister of one of the fort's commanders. Entirely of a feculent nature, the paper states it is "devoted to men, mind, matter, pneumatic and finance; to adventures, advertisements, accidentals, and wonder-tales."
During the Civil War when complications with the British were at their height the government was quite concerned about the safety of Fort Wilkins as it guarded the country's only large source of copper. As a result of this anxiety, a road was constructed to the fort so that the garrison could be reinforced by land in event of a siege by water.
Busy for a time, the need for Fort Wilkins waned quickly as the region became more settled. So it was that the fort, which never fired a shot except in practice was deserted Aug. 30, 1870, and permitted to become a part of the wilderness from which it had been cut.
THANK YOU NOTE
I wish to thank my friends, neighbors and relatives and the North Sharon Community church for the lovely flowers, cards and gifts and the visits paid me during my stay at the hospital and since my return home.

CHURCH BELLS RING

Hourly peals of church bells on
Sunday, Aug. 22, observed the
opening of the first Assembly of the
World Council of Churches to be
held at Amsterdam, Holland, Aug.
22 to Sept. 4. It was announced
by W. Y. Pohly, president of the
Buchanan Council of Churches.

100-TURKEY BUZZARDS

A flock of about 100 turkey buz-
zards were seen Sunday morning
about half mile northeast of Water-
loo on fence posts and tamarack
trees. The dead tamarack stood in
the edge of a marsh along the
fence of a pasture field where cat-
tle and horses were feeding in the
early morning. One tree held ap-
proximately 25 birds, and each bird
was standing still on the bare
limbs and posts with their wings
spread wide.—The Grass Lake
News.

among the prize winners at the
4-H fair last week.

She is Loretta Hecht, 12, of 127
Taylor avenue. Although confined
to her bed since May 16, Loretta
prepared both cooking and garden-
ing exhibits for the fair. She re-
ceived two second-place prizes.

TO CONSOLIDATE

Three of the six school districts
proposing to consolidate here have
filed the necessary petitions seek-
ing an election on the question.
The first to file was the Fuller Dis-
trict to the north of Williamston.
Whitcomb, to the south, filed next,
and now the Meridian District, ly-
ing to the west of the Akers Dis-
trict has filed a petition with the
required number of signatures.

Only two other rural districts
now remain to be heard from and
no particular obstacles are antici-
pated there. They are the Akers
and the Podunk, to the west and
east of Williamston respectively.

Petitions are either available now
in these two districts or will be at
once.—Williamston Enterprise.

"Jiffy" Products

Rated as Tops by Consumers Union

Subscribers to "Consumer Re-
ports," a monthly bulletin pub-
lished by Consumers Union, are
this month learning what proud
Chelsea residents have long since
known—that "Jiffy" flour mixes

manufactured here in Chelsea by
the Chelsea Milling Company and
marketed on a nationwide basis,
are the best available. "Consumer
Reports" is making this informa-
tion known in the August issue of
the bulletin. The following is re-
printed from the current issue.

"When CU's shoppers through-
out the nation had bought all of
the types and brands of mixes con-
taining flour (except pancake
mixes) which they found on the
market, they had 76—more than
three times as many as were avail-
able in 1944 when CU last tested
these products.

"How good are they? The value
of any mix to a housewife is based
on the quality of the finished prod-
uct—how good it is to eat—plus
ease and convenience of prepara-
tion, and cost. CU consultants
subjected all products to actual
baking tests, following directions
given on the packages. The scores
for cake, gingerbread, biscuit, muf-
fin, and hot roll mixes were based
on flavor, volume or amount of
rise, texture or tenderness of

crumb to feel and taste, aroma
while warm from baking, grain or
physical structure of the crumb
and color of crust and crumb."

Of the total number of brands
tested, "Jiffy" Biscuit Mix was
rated not only No. 1 in order of
acceptability, but also first under
"Best Buy" classification. "Jiffy"
Pie Crust mix was also listed high
on the list of acceptability.

Mr. Chapman says the display
will include everything from self-
propelled combines to the latest
types of hay balers, and self-pro-
pelled corn pickers.

All existing types and sizes of
new tractors, frost protectors, and
designs of steel buildings, which
can be used for granaries, corn
cribs, or tool sheds will be included
for the public to view. The latest
in modern construction of silos will
be obtained for the display.

Miss Shirley O'Hara spent the
week-end in Pontiac.

Mr. and Mrs. J. A. Park, who
have been residents of Chelsea for
more than 25 years, are leaving
next Thursday for Dunedin, Fla.,
where they will make their home
in the future. Mr. and Mrs. Park
will be accompanied by Miss Phyllis
Wedemeyer, who plans to make
her home there with them.

The Parks came to Chelsea from
Boston and Mr. Park has been con-
nected with the Steadler-Kemp
company for many years and will
continue his connection with the
company here although residing in
the south.

Mr. Park has been active in sev-
eral organizations in Chelsea, be-
ing a member of the Rod and Gun
Club, the Chamber of Commerce,
the Masons and the O.E.S. Mrs.
Park is a member of the American

Legion Auxiliary and the O.E.A.
The Parks have sold their home
on Pierce street to Mr. and Mrs.
Kenneth Leader and with Mrs.
Wedemeyer are staying at their
Cedar Lake cottage where they
plan to spend about three months
each summer.
