

A key man in the Kim Sigler administration at Lansing is John A. Perkins, newly-appointed controller of the state department of administration.

Many of the governmental streamlining reforms, advocated unsuccessfully last spring by Governor Sigler, bear the stamp of Perkins and, through him, the blessing of political science experts at the University of Michigan. Principal achievement to date is the new state department of administration.

Perkins is the focal point of the reform movement at the state capital. Here are recent quotations:

"Several former governors of Michigan pointed in the direction of the new Department of Administration without reaching the sound conclusion of Governor Sigler. In his first inaugural speech of 1935, Governor Fitzgerald said, 'an important step in the reorganization of State Government is the elimination of the state administrative board... The many administrative duties now vested in the board can be handled better by state officers and their qualified assistants than by the present cumbersome board.' I have been a member of the state administrative board for four years, and I cannot recall a single accomplishment which could justify its existence."

"Two years later, Governor Murphy advocated a department of finance in which may be centralized and consolidated all accounting functions apart from auditing, budget preparation and financial control, and state purchasing."

"By 1943 the need had become so obvious that Governor Kelly, after noting that there were in excess of 100 agencies of state government, in his inaugural message stated that 'The constitution makes it clear that it is the duty of Governor to acquaint himself with the problems, accomplishments, and possible improvements of each one of these many and varied departments of state government, striving always to correlate their various activities into an efficient, economical working unit.'"

"In order to fulfill this duty it is my opinion that the Governor should be provided by law with a department to be known as the department of business administration, directed by a business administrator under the personal supervision of and directly responsible to the governor, and clothed with proper and adequate authority."

Perkins points out that this department, as created by the legislature, is the real tool for getting results—namely, budget control, accounting and purchasing. Hence its death was inevitable, and the legislature ordered it in 1945.

"By relieving the state administrative board of these important functions, which were being actually administered by administrative employees not responsible directly to the governor, the Sigler reform would permit the board to become the 'governor's cabinet,' according to Perkins."

As has been pointed out previously in this column, the new department will not result immediately in large dollar savings.

"In the first place, the department's own expenditures may actually increase slightly as it undertakes the long-neglected tasks of better servicing the line departments and institutions and requiring of them better operations... Business organizations have realized that it was wise to spend a dollar in order to save several dollars."

Perkins expresses some concern about the future of the new department.

"Unthinking resentment against increased tax burdens may bring bitter and unfounded criticisms against the department," he states. "Why 'increased tax burdens'?" Because the State of Michigan must seek new sources of revenue as a result, 'largely although not entirely' of the diversion to local units of a major part of its sales tax revenue."

Lessors To Open Remodeled Store This Week-End Under Skogmo Organization Name

Interior Completely Equipped with New, Modern Fixtures

Friday and Saturday of this week will mark the opening days of the new Skogmo store in Chelsea. Located at 108 N. Main street, it replaces what has been known as Lessor's for approximately two years.

Mr. and Mrs. Melvin Lesser, owners and proprietors of the local Skogmo store, have remodeled and redecorated and have installed modern fixtures throughout the store.

The Lessors, now affiliated with the Gable-Skogmo chain, state that they have made this change in order to take advantage of the tremendous buying power of the Gable organization.

The Skogmo stores in the chain are "soft-line" stores—handling men's, women's and children's ready-to-wear and accessories.

The Lessors emphasize that their new Skogmo store is a home-owned business, with Gables acting only as wholesalers to them. It is their desire, they state, to offer a modern store that will demonstrate their faith in the growing community that is Chelsea.

Mrs. Lesser was associated with the "soft line" branch of Gables store here in Chelsea when that store was owned by Don Martin. Approximately two years ago the Lessors bought out that branch of Martin, and have operated it independently since that time.

Mich. Bell To Extend Area

Base-Rate Area To Be Enlarged Here

The Michigan Bell Telephone company proposes to offer better types of service at attractive rates to areas, formerly rural in character, but now grown into urban areas.

Car Wrecked Sat. as Buck Deer Tries To Cross Highway

A 200-pound, eight-point buck was killed Saturday afternoon when it collided with a car on U.S. 12 near Grass Lake. The car, driven by Jack Vike, of Detroit, was wrecked.

The mishap occurred when the deer attempted to run across the road and ran directly into the path of the car.

Don Boyer, local conservation officer and sheriff's officers were called to the scene and the animal was taken to the County Farm where it will provide venison meals for the inmates.

It is thought the deer was one of a number that have been seen in this part of the state during the past year.

Plan Veteran Institute Here

Will Discuss Plans at Meeting Nov. 22

Definite plans have been made for establishing a Veterans Institute in Chelsea, for veterans on farms, providing there are enough veterans interested to make such a program possible, according to a statement made this week by Marshall Richards, teacher of Vocational Agriculture in the Chelsea High school.

Arrangements have been made with Dahue Riker to act as instructor. Marshall Richards will supervise the planning of the instructional program.

Mr. Riker has just completed a special 3-week intensive training course at Michigan State college, where he had an opportunity to study the work being done in many veterans institutes throughout the state.

Mr. Riker holds a Bachelor of Science degree in agriculture from Michigan State college, and has had broad experience in dairy, fruit and general farming. He has recently been connected with the U. S. Emergency Farm Labor office in Ann Arbor.

Any veterans interested in enrolling with a Veterans Institute are asked to meet in the High School study hall at 8:00 p.m., Monday, Nov. 22. The interest shown at this meeting will be an important factor in deciding whether or not an institute should be established at this time, Mr. Richards states.

Special Dinner at Methodist Home Honors Birthdays

The monthly birthday party for residents at the Methodist Home whose birthdays occur during the month, was held yesterday noon for those whose birthdays come in November.

Seated at the special birthday table were the five honored ladies, Mrs. Mary Berger, Mrs. Lillian Doyle, Mrs. Mary Glass and the Misses Rose Colby and Lottie Hankinson, whose combined ages total four hundred and six years. The table was decorated in the Thanksgiving-color scheme, carried out in nut cups, favors, and the centerpiece of fall flowers. The birthday cake, complete with lighted candles, was brought in on a musical cake plate which played the birthday song. Each of the five ladies was presented with a gift. The gifts and favors for the birthday table, as well as cake for the entire Home family, are provided through the thoughtfulness of the Chelsea Home Friends of the Detroit Conference.

Ice cream for all members of the Home for yesterday's dinner was a gift from a group of visitors from the Methodist church at Byron, who spent the day at the Home.

She spent Monday and Tuesday of this week with relatives in Detroit. Sunday afternoon guests at the Lindemann home were Detroit relatives, Mr. and Mrs. R. G. Young and Mr. and Mrs. William Schrader.

PFC. EARL KOCH

Funeral Services for Pfc. Earl Koch To Be Held Sunday

The body of Pfc. Earl Koch is to arrive at the New York Central station in Chelsea at 6:30 o'clock tomorrow evening, Friday, Nov. 19, according to a telegram received by the Staffan Funeral Home where funeral services are scheduled to be held Sunday afternoon, at 2:00 o'clock. He was one of the 7,129 war dead returned last week from Italy aboard the U. S. Army Transport Lawrence Victory.

Pfc. Koch was inducted into the Army in the fall of 1942, leaving to enter the service on Nov. 8. He trained at Camp Van Dorn, Miss., Camp Roberts, Calif., and Camp Carson, Colorado, before going overseas to Africa in July, 1944. From there he went to Italy with Company L, of the 382nd Infantry, and was wounded in action on Sept. 22. He died five days later, on Sept. 27, 1944.

A son of Christian and Bertha Seitz Koch, he was born Aug. 25, 1920. He attended the rural school and graduated from Chelsea High school with the class of 1938.

He was a member of St. Paul's Evangelical and Reformed church and of the Chelsea K. of B. Lodge. Survivors are his father, two brothers, Roy and Raymond, of this vicinity, and a sister, Mrs. Irene Knapp, of Iron Creek. His mother died four months after he entered the service, on Mar. 18, 1943.

Military rites at the funeral will be in charge of Chelsea's VFW Post No. 4076 and Herbert J. McKinnis, Post No. 31, The American Legion.

Rev. P. H. Grabowski will officiate at the services.

Child Study Club Hears Talk on Interior Decorating

The Chelsea Child Study club met Tuesday evening, Nov. 9, at the home of Mrs. Claude Bliss, on Lincoln street. Nineteen members responded to roll call with donations of used clothing to be used for Christmas projects of the club.

At the business meeting it was voted to bring the husbands of members to the next meeting. It was also voted to buy dishes and a basket for the club with the money received as a prize at the Kiwanis sponsored Halloween party on Oct. 30.

Miss Franke, of Goodyear's, Ann Arbor, was the guest speaker at the meeting, speaking on the topic "Decorating Children's Rooms." She emphasized that a child's room should be incorporated into the home in such a way that the child will feel himself a part of the family, and when redecorating, the child's interests should be kept in mind, by selecting his favorite color, providing space for collections, and installing fixtures at a low level for the individual child's convenience.

Following Miss Franke's talk, a special meeting was held and three new members were accepted, Mrs. John Alber, Mrs. Karl Koengert, and Mrs. Fred Schaff.

The meeting was concluded with refreshments served by the hostess, assisted by Mrs. Howard Flintoff and Mrs. Lawton Steger.

The next meeting will be held at the home of Mrs. Howard Flintoff and the speaker will be FBI Agent Casper Kast.

Many Attend Cancer Talk at St. Mary's

Dr. Philip Smith, U. of M. Surgeon Addresses Group

Members of St. Mary's Altar Society, together with their guests, members of other church and patriotic organizations of Chelsea, numbering almost one hundred, attended the Altar Society-sponsored meeting at which an American Cancer Society program was given. The meeting was held Wednesday evening, Nov. 10, at St. Mary's Hall.

The program chairman, Mrs. Norbert Merkel, introduced the county president of the Cancer Society, George Ennen, of Ypsilanti, who in turn, introduced Dr. Philip Smith, of the University of Michigan Department of Surgery, who gave an interesting and enlightening lecture, stressing the importance of seeking medical advice at the very earliest suspected appearance of symptoms of cancer.

He quoted statistics on the number of cancer cases now being reported and said it was his belief that the larger number of such cases in recent years was the result of more accurate diagnosis than was formerly possible. He said that while cancer is one of the principal causes of death in certain age groups, it should not be regarded so much with fear as with a sense of the possibility that certain symptoms could mean that cancer was present and that immediate medical assistance should be sought.

Dr. Smith substituted for the scheduled speaker, Dr. Frank L. Rector, who had an engagement in Boston and could not be here. Movies pertaining to the lecture topic were shown and a cancer exhibit was also shown. Explaining the exhibit were Mr. Ennen, Mrs. Madeline Kleeamp, registered nurse, and Mrs. Boyer Memorial hospital, Ypsilanti.

Mrs. Kenneth Heliker, of Ypsilanti, county commander, also was present and spoke briefly, expressing her pleasure with the good attendance and commending Mrs. William Weber, captain of the American Cancer Society in Chelsea, for her work here.

At the close of the program, refreshments were served from a daintily appointed table, with Mrs. Wallace Wood and Mrs. John Glick pouring.

Preceding the program, the members of the Altar Society held a short business meeting during which it was decided that next month's meeting of the Society will be the annual Christmas meeting with an exchange of fifty-cent gifts.

Farmers' Guild Plans for Election of New Officers

The regular Farmers' Guild meeting for November was held at the home of Mr. and Mrs. Carroll Ordway on Tuesday, Nov. 9. Twenty-five members were present.

The program for the evening included pictures shown by Dave Ford and Mr. Puke, a collection for the Murphy Food shop.

During the business meeting the following committees were appointed: nominating, Joe Merkel, Ford Atchison and George Bretschneider; auditing, Harold Widmayer and Clarence Lehman.

It was announced that Ford Atchison and Elmer Schiller, of the local club, were appointed at the state convention held the previous evening in Greenville, Minn. to be delegates to the national convention which will be held at Monticello, Ind., on Dec. 7.

Others from Chelsea who attended the state convention were Virgil Pabst, Ezra Lesser, Leo Merkel, Oscar Barrels and Carroll Ordway. Ford Atchison, Elmer Schiller and Virgil Pabst attended the full two-day session on Tuesday and Friday, while the others attended only on Friday.

At the close of the meeting refreshments were enjoyed.

Next month's meeting will include election of officers for the coming year.

Sponsored by the Michigan Consolidated Gas Co., this cooking school will be conducted by Arlene Aitken, Home Service Director for the gas company, and her assistant, Harriet Adams.

The grand prize will be a DeLuxe Detroit Jewel gas range, which will go to some lucky gas user in Chelsea; other prizes will include the food prepared and flour donated by the Chelsea Milling company.

1949 License Plates Will Be Black on White Background

Michigan's new 1949 automobile license plates, which will go on general sale Jan. 3, are to be black letters on a white background, according to an announcement made by A. D. Mayer, manager of the Chelsea branch office of the License Bureau.

Exceptions were made in the case of new automobiles and out-of-state registrations, for which plates can be purchased on and after Dec. 1.

Mr. Mayer said further that prepared application blanks, already filled out, will be mailed to the registered owners of all cars in Michigan, as well as done last year, and car owners are urged to use these applications to save time.

However, the Branch Office will not be able to accept any applications until Jan. 3, according to instructions from the Secretary of State.

At the close of the meeting refreshments were enjoyed.

Bulldogs Swamp Manchester To Close '48 Football Season; Cage Squads Starts Practice

First Game To Be Next Wednesday at Vandercook Lake

Chelsea High's basketball season starts next Wednesday, Nov. 24, as they open a 17-game schedule by traveling to Vandercook Lake for their initial start under new head coach John Magiera.

With the football season just finished last Friday, practice started Monday, but this will allow for only seven days practice before the opener. However, a few hopefuls have been practicing on Tuesday and Wednesday nights for the past few weeks.

Coach Magiera plans to build this year's team on three varsity letter-winners from last year's squad, and three outstanding reserves who moved up to last year's squad late in the year. The letter-winners are center Dave Myers, guard Stan Knickerbocker, and forward Bob Vogel. Marty Tobes, Dave Crocker, and George Heydauff are the other three. Two to four other boys will be added to these six for this year's varsity.

The one change in this year's schedule is the absence of an Alumni game. This has been an annual affair for many many years and will be missed by the local alumni. It was dropped this year in order to arrange another home and home high school game.

Sponsored by the Michigan Consolidated Gas Co., this cooking school will be conducted by Arlene Aitken, Home Service Director for the gas company, and her assistant, Harriet Adams.

Those persons who have not obtained their tickets at the local office of the gas company may get them at the theatre this afternoon. These tickets properly filled out, will be used for the drawings at the conclusion of the cooking demonstration, when many desirable prizes will be given away.

The grand prize will be a DeLuxe Detroit Jewel gas range, which will go to some lucky gas user in Chelsea; other prizes will include the food prepared and flour donated by the Chelsea Milling company.

Featured at the cooking school will be the preparation of seasonal foods, including, of course, a roasted turkey, which will be drawn by some lucky lady present.

First Successful Nimrod Returned Monday Afternoon

Albert Doll, Jr., was the first 1948 deer hunter to return to Chelsea with his kill, arriving here about four o'clock Monday afternoon with a six-point, 125-lb buck, he had bagged about three minutes after the season opened Monday morning. He was hunting near Baldwin and started for home as soon as he got the deer.

Another Chelsea hunter who got a deer the first day of the season was Donald Walz, hunting near Marquette. He telephoned his wife Monday night and told her he shot an eight-point buck at 8:30 a.m. However, he planned to remain in the north with other members of his party until later in the week.

Albert Notten, Jr., claims the distinction of being the first deer hunter to kill a buck in this vicinity, having bagged one near here Tuesday morning.

More than 250 hunters from the Chelsea area are out after deer this year. According to reports from the four license outlets here, 261 deer licenses were sold to hunters from this vicinity.

Mr. Mayer said further that prepared application blanks, already filled out, will be mailed to the registered owners of all cars in Michigan, as well as done last year, and car owners are urged to use these applications to save time.

However, the Branch Office will not be able to accept any applications until Jan. 3, according to instructions from the Secretary of State.

At the close of the meeting refreshments were enjoyed.

Flying Dutchmen Bow to Rivals in Annual Classic Here

Chelsea High's Bulldogs smashed their way to a 20-13 win over the Manchester Flying Dutchmen last Friday night at the local field to climb over the 500 mark for the season and with a very prized victory on which to end their 1948 campaign.

It was the seventh consecutive win for Chelsea over Manchester in their traditional series which is one of the oldest in this section of the state. The last time Manchester defeated Chelsea was in 1941.

With this win, Chelsea closed their books for the year, with a won-4 lost record, and with fine hopes for next year because very few will be lost from this year's squad.

Capt. Dave Knickerbocker ended his career by scoring two of the three Chelsea touchdowns and by playing his usual fine game on defense.

Chelsea drove to an early score in the first quarter and was never behind during the ball game. The Bulldogs took the kick-off straight downfield but the drive faltered on the Manchester 11 where the Dutchmen took over. Two plays lost ten yards, however, and Cannon, Manchester quarterback, punted out to the 42 where Stan Knickerbocker gathered it in and raced to the 16 before being run out of bounds. Three plays later Dave Knickerbocker smashed over center for the last two yards to score. George Heydauff's kick was wide to the right, leaving the score at 6-0.

The Bulldogs' second score came early in the second quarter and with an assist from the elements of the evening. Cannon punted from his own 32 and as the ball rose into the air an exceptionally hard-cutting wind caught it and blew it back almost from where it had been kicked. Chelsea downed it on the Manchester 28. Stan Knickerbocker raced around right end to the 22 and on the next play Bob Vogel took the hand-off and raced off left tackle to go all the way untouched. Heydauff's kick was good this time and Chelsea led, 13-0.

Manchester got back in the game later in the third quarter after Cannon intercepted one of Heydauff's aerials on the Chelsea 28. The scoring came on a 12-yard pass from Cannon to Leo Lents, passed from far placement Cannon passed to Wayne Croft for the point after, to make the score lead, 13-7, as the teams left the field at the half.

Neither team threatened during the third quarter, but just before it ended Chelsea got the break which led to their final touchdown. Cannon attempted to quick kick from the Manchester 35 but hurried too much and missed the ball completely and Chelsea recovered on the 36. As the fourth quarter got underway Chelsea smashed downfield and in six plays they scored their last quarter, as Dave Knickerbocker bucked over center from a yard out for the marker from 33 yards out for the second successful punt, to put Chelsea out ahead, 20-7.

The Dutchmen got their final touchdown with only a minute of the game left, and on a fine pass play that covered 50 yards. Manchester had the ball on Chelsea's 38 with third down and ten to go. Cannon dropped back to pass, evaded two Chelsea tacklers and finally threw from just behind the 50-yard line. Kryzaniak, Manchester left half, was behind the defense on about the 2-yard line, and when two defensive backs missed batting it down, he took it and stepped across for the score. Cannon's pass for the point after touchdown was wide, leaving the score at 20-13, and that's the way it ended.

Chelsea led in all departments of the game except passing, as they rolled up 10 first downs to Manchester's four and completed three out of four passes. While the Dutchmen completed eight out of 13. The Bulldogs' superior ground attack gained 180 yards to Manchester's 84, but the Dutchmen got 83 yards by passing to Chelsea's eight.

Besides Capt. Dave Knickerbocker, the Bulldogs lose only three other men from this year's squad. They are, Ted McClear and Robert Taylor, ends, and Robert Barlow, defensive back. All have been outstanding this year and will be missed, but it's fortunate that there are only four of them.

Next week this column will carry a complete summary of the 1948 Bulldog football season.

LAFAYETTE GRANGE held its regular meeting of the month at the Grange Hall at Lima Center, Tuesday evening, Nov. 16.

Forester Stresses Need for Public Aid To Prevent Fires

Washington, D. C. (Special)—Michigan forest fires during 1947 averaged slightly less than 15 acres each, according to a survey just released by American Forest Products Industries. The state has maintained a five-year average of 20.6 acres per fire. In 1947 the average forest fire in the United States burned over 119 acres.

The report, based on latest U. S. Forest Service figures for the nation, shows comparative effectiveness of forest protection in 47 timber producing states. Michigan is one of 23 states with all forest land under organized fire protection.

The AFPI forester stressed the need for full public support of federal and state fire control agencies. In 1947 forest fires, 90 per cent of them preventable, burned over 23,226,932 acres of wooded land in continental United States, an area larger than Maine and nearly as large as Indiana.

From where I sit... by Joe Marsh

It's Your Fight, Too!

Bing Crowley was "beefing" the other day about all that Our Town's doing in the way of sending food and clothes to Europe. Bing felt that those struggling democracies should look after themselves.

But most agreed with Judge Cunningham who said: "So long as any family or individual in Europe is helping hold the line for freedom—against the forces of intolerance—it's common sense, and common decency, to help 'em."

Because that's everybody's fight! To see that individual freedom is

preserved in every aspect, big or little—whether it's the right to vote, or the right to enjoy a temperate glass of beer or ale with friends.

And from where I sit, no liberty's too small to overlook. Because the minute one small freedom is threatened, all the others are in jeopardy—just as the minute one small country loses freedom, all its neighbors are in danger!

Preceding the meeting a dessert luncheon was served by the hostess.

Mrs. Walter Harper was in charge of the opening devotional service on the topic "Giving Thanks."

During the business meeting, Mrs. Marshall Richards was elected president of the group. Other officers elected are: Mrs. Roy Kalmbach, secretary and treasurer; Mrs. E. I. Gaunt, program and devotional chairman; Mrs. Lawton Steger, membership chairman; Mrs. Walter Mohrlock, project chairman and Mrs. Walter Wolfgang, publicity chairman.

Plans were made to continue working on rag rugs as the fund-raising project for the year.

The Philathea evening group held its regular meeting Wednesday evening at the home of Mrs. Donald Dancer.

Election of officers was held with Mrs. John Chaplin being elected president; Mrs. Albert Johnson, vice-president, and Mrs. Harvey Knickerbocker, secretary and treasurer.

The opening devotions were given by Mrs. Gerald Carr, and the program, which was an interesting review of the year's work, was given by Mrs. Charles Cameron.

The December meeting of the group will be held in the church basement and will include the families of members as guests at a pot-luck supper to be served at 6:15 o'clock, it was announced.

Refreshments were served at the close of the meeting by the hostess, assisted by Mrs. John E. Fletcher.

Fast Starts—Dependable Power are Yours with this New Fireball Engine

No point in struggling through another winter with a limping or balky motor. Not when the Buick factory is turning out brand-new Fireball engines—like the one pictured above.

You can have that engine in your prewar Buick—one or two days from now.

You can have exactly the same thrill you'd get from bossing around the power plant of a new 1948 Buick—because you'll have exactly the same engine that goes into new cars, right from the same assembly line.

This is your good luck, because engine production is running ahead of car production—so why not take advantage of it right now?

Bring in your old Buick—any model since 1937. We lift out the weary engine—put in a new one—ready to go. Read the full list of what you'll get, and you'll see how complete this power package is.

Better come in and talk it over. Get our prices. The installed cost varies a little from one model to another—but it's always low enough to make this the prize power bargain of the year.

School will be closed next Thursday and Friday for Thanksgiving vacation.

The second marking period ends next week and report cards will be handed out Dec. 1.

The first basketball game will be played at Vandercook Lake, Nov. 20.

Manchester will play here Dec. 6 for the first home game.

"Strictly Formal," a three-act comedy, will be presented by the seniors Dec. 10.

"MONEY IS THE ROOT OF ALL EVIL"

Through my high school years as a student in Chelsea, I have had many of the best and most enjoyable times of my life. This

"happiness" has been marred by one ugly thing—thrift. Not only myself, but many others have experienced this fact. Why must there be those who take what is not theirs?

In my Sophomore year, just two weeks before Christmas, four people besides myself missed money intended to purchase holiday gifts. This time and other times all through four long years students have complained about this.

Oh, yes, there have been "campaigns" to put an end to this. One year Robert Merkel made signs and placed them around the school. Some of them are still there. Have you noticed?

There seems to be one class of people who miss money. That class is we who work to earn our own way. This is not written to secure sympathy for us, for if we did not like working, I hardly believe we would do so; but I think it is a mean, low trick to take a working girl's money. Perhaps this tender subject should be handled subtly, but there is nothing subtle

about finding money gone. It's a plain fact.

One way to curb this is to carry no unnecessary money to school. But every day someone must bring money for some errand after school. Is it then, that money may be taken?

All Chelsea High students would like to free our school of this thievery. All must work together to do so.

Co-Editor,
Joyce Hughes.

THE SENIORS ADVISE

As a help to the underclassmen, the Seniors have freely given their advice on how to get along in school. Some of the suggestions may help you over the bump which bars your way to success.

Hughes—"Don't get discouraged and quit, because this is your only opportunity."

B. Merkel—"Work hard even if you aren't going to college."

M.A. Gage—"Get to understand your teachers—they're human too."

M. Jarvis—"Don't let the upper classmen put scares into you about different teachers."

B. Skof—"Boys, get your girls for the prom now, for the years fly pretty fast."

M. Slane—"Look smart and you will get along better."

A. Knickerbocker—"Don't skip and don't miss anymore than you have to."

B. Moore—"Get in early enough on school nights so you won't have to sleep during your next day's classes."

D. Kalmbach—"Study, work hard, and have fun."

A. Taylor—"Above all, cooperate in all class activities."

FRESHMAN PEP MEETING

With the gymnasium full to the top, the last pep meeting of the football season was presented by the feminine members of the Freshman class.

Jackie Hughes, acting as master of ceremonies, asked Mr. Magiera to speak to the crowd. For the first time this year Mr. Cameron came through with some humor. It has been such a long time since he had told any jokes that some of the students were a little slow in catching the drift of some of them.

A hardy cheer was next on the program. Then the mighty battle between the two rival teams was on. The Chelsea team seemed to have their players in much better condition than those of Manchester. The whistle blew for the end of the half. The crowd was entertained during half time by music from a band whose instruments were a little crude, but whose music was enjoyable. Then the two teams resumed play. The game ended with Chelsea far in the lead and cheer leaders calling forth cheers from the crowd. The spectators left the gymnasium singing the school song.

NO LAUGHING MATTER

If you were to stand near the locker rooms after school—or at noon, the chances that you would hear someone complaining that they had had something stolen would not be too slim.

A great deal of this is due to the fact that many of the lockers

are left unlocked. However, there is also a great deal of theft that is not due to that fact. Petty thievery is on the increase in our school. Things have been known to have been taken from locked lockers. Such things as books, pens and pencils, and large amounts of money have been taken. These are all things that are of value to the owners. Surely there is no excuse for unlocking someone else's locker and taking what does not belong to you. Can't we all try to make our school a better place and see if we can't find some way to do away with the increasing thefts here? I'm sure that we will agree it would be a great improvement.

PEPE AND THE PIRATES

"They went that a-way Podner."

Pope and the Pirates was a satirical comedy; more or less a burlesque of the comic strips which portray their heroes overcoming fire, storms, drownings, hangings, and bullet wounds.

Pope, the diminutive hero, is the embodiment of Hairbreadth Harry and Dick Tracy, as he casually survives shipwrecks, pirates and drowning to emerge calmly with the treasure in one hand and (as puppet shows are always unpredictable) with a seahorse in the other.

The marionette stage provided a perfect opportunity for beautiful scenery.

The Pled Pipers (Mr. and Mrs. Tait) had a lot of fun producing their new play and the High school as well as the grades, thought it a very delightful and humorous performance.

THE SENIORS

Set up a senior stand, for the last time, at a football game last Friday night. The stands have been successful through the cooperation of the public.

... chose by secret ballot the girls who will receive "Most Representative Girl" and the "DAR" awards. These honors will not be made known until they are presented on Class night.

... are becoming more formal and will be "Strictly Formal" on Dec. 10.

ARE YOU SAFE?

"A Word to the Wise," was the title of a movie shown to the Red Cross class. Everyone knows that a word to the wise is sufficient, but accidents still happen that could be prevented. This movie also contained material on fire prevention.

Some of the many things that cause fires are: defective electrical appliances, inflammable fluids, combustible rags, and smoking.

To help prevent fires, have a fire extinguisher in your home, check all fire hazards, and be safe.

The Red Cross class saw another movie about accidents and how to prevent them. Accidents in the home are numerous, but they can be prevented by using common sense, by repairing such things as broken steps, putting poisonous medicines out of the reach of small children, and keeping hallways cleared of articles.

On a nice warm day in June, the twenty-seventh to be exact, a baby girl arrived in Ann Arbor at St. Joseph's Mercy hospital. This little bundle of joy (7 1/2) was christened Mary Katherine Palmer, but is more commonly known to her fellow classmates and friends as Mary K.

This little girl grew and grew until she now stands about five feet seven inches, and weighs (?) enough.

For favorites she has many—food, peanut butter sandwiches; sport, basketball; recreation, swimming; costume, blue jeans and an old sweater.

Mary K's pet peeve is irresponsible people. On Saturday she

is employed, and this could also be considered a pet peeve.

While in High School, Mary K. has been active in girls' basketball, journalism, and Athletic Board, and each year has usually held the office of treasurer in some organization.

After graduation, she plans to enter college.

HI-Y NEWS
This year the club must pay for food served to the athletic teams after the games, or else have another organization combine with them, as the Athletic Board will not help them any longer on this project.

A committee was appointed at their last meeting to see about having a swimming party in Ann Arbor.

The Hi-Y again sponsored a dance after the football game with Manchester, Friday evening.

BAND NEWS

At the final game of the season, the band played during the half. Among the numbers they played were the Monarch and Booster marches and various other selections. Entertainment was also provided at the half by the drum-majorettes.

Is It Costing You Money to Save Money on Egg Mash?

A Lohgen hen eats about 40 lbs. of Larrs Egg Mash a year. Therefore, 1 ton of Egg Mash will normally feed 50 laying hens for 1 year. 50 hens x 1 more egg per month = 50 extra eggs per month. 50 extra eggs per month x 12 months = 600 extra eggs per year from 1 ton of mash. 600 eggs = 50 dozen x 45¢ per dozen = \$22.50 more income per ton of mash—
—actually \$1.12 per bag.

See how just one extra egg per hen per month wipes out a price difference of \$1.12 per bag of feed? See how much profit you can lose by being penny wise and pound foolish in buying egg mash? Get Larrs Egg Mash—watch results.

books on Europe, and science books on the moon. Some people think that if you travel right to the moon or Europe, you find out a lot more. That may be so, but in my opinion, a really good book can tell you or show you just as much as really actually seeing it.

The way that I have been taught properly to open a book is to take the book in both of your hands and bend the front cover of your book down on a flat surface. Take a few pages at a time, maybe five or ten, and bend them down; also toward the front cover of your books. Do this continually until you have done all of the pages in this manner.

I think taking proper care of a book is very important. When you damage or destroy books, it is the same thing as destroying a trip to the moon, maybe. You should always use a book mark or piece of paper to mark a place in a book, instead of bending down a corner. Before handling a book you should always have clean hands.
