Roosevelt High in Cage Game
Here Last Friday Evening****University High's
'Cubs' in Ann Arbor
Are Next Opponents**

By DWIGHT GADD

Cheelsea High school's "Bulldogs" thrashed Ypsilanti Roosevelt last Friday night on the home hard-wood, as they mercifully pulled their punches, for a 43-32 win over the hapless "Roughriders."

Led by Stan Knickerbocker and Dave Crocker, the Bulldogs jumped to an early lead and were never seriously threatened after midway of the second quarter. The Roughriders pulled to within three points on four occasions, at 5-2, 13-10, 14-11, and 16-13, but after a strong Chelsea finish in the second quarter and an equally potent third period outburst, the outcome was never in doubt.

Crocker opened the scoring for the evening and Knickerbocker followed suit to give Chelsea an early 4-0 lead, and at the end of the quarter they were on top 9-4. Roosevelt made its only bid of the evening in the second quarter when they cut Chelsea's lead to three points and matched their bucket for bucket, until late in the period when the Bulldogs finally pulled away to a 19-13 half-time lead.

It was all Chelsea in the third period as the local hoopers poured in 16 points to Ypsilanti's eight for a commanding 14-point lead at 35-21, at the quarter's end. Knickerbocker and Crocker paced this uprising with six points each.

In the last quarter Coach Magiera cleared the bench to keep the score down and give his reserves some experience. Roosevelt outscored them 11 to 8, but it was only a little consolation.

Knickerbocker garnered 15 points, honors for the night on 15 points, while Crocker clicked for 11, as did Leland, Roosevelt center.

Cheelsea's "Bullpups" made it a clean sweep for the night, as they won a thriller, 31-29, on a "long ton" shot by Arden Musbach with less than a minute to go. Musbach and Pierson, with 10 and 9 points, respectively, led the "Bulls" and scored points for Chelsea with 13.

Tomorrow night the Bulldogs invade the Cubs' lair at University High in Ann Arbor, in what should be a fine game. The first game is at 7:00 o'clock. Let's have a large crowd at this one tomorrow night. See you at game time!

Mr. Ziegler will be here most of the day on Tuesday and it is planned to take him on a tour of nearby roads.

**Earlybirds May
Keep Warm in
Municipal Building**

For the convenience of bus patrons and others who find it necessary to wait on downtown streets early in the morning, the Municipal building waiting room is to be kept open twenty-four hours a day.

This action is taken in answer to many requests from people who find it very uncomfortable waiting around on the streets these cold mornings before the bus station is opened.

The Municipal building waiting room is located on the ground floor in the front part of the room where the Electric Light and Water department maintains its office.

Allowing the room to remain open as an accommodation to those who need a warm, comfortable place to wait for varying periods of time is an experiment. If proper, orderly use of the room is made, it will be kept open as long as necessary; however, if the privilege is abused and it becomes a nuisance to have the place open at all times, a change will necessarily have to be made, according to village officials.

**Lafayette Grange

Cavanaugh Lake, North Sylvan, and Pleasant Lake Grange members have also been invited to be guests of Lafayette Grange that evening.

All interested persons in the community are urged to be present. Those who attend are being asked to bring a few sandwiches, cookies or fried cakes, for refreshments to be served after the program.

Petitions are now being circulated for candidates for the Charter Commission whose duty it will be to draft a charter for the City of Chelsea if the voters of the village elect to make Chelsea a Home Rule city in the election to be held Mar. 14.

Petitions are available at the Chelsea Light and Water Department office for those who desire to circulate one for some candidate. Petitions must be submitted to the village clerk before March 1, 1949.

During the noon hour, twenty-two of his fellow employees at the plant surprised him with a dinner in his honor served on a long table in their department. A feature of the dinner was a beautifully decorated birthday cake.

He was presented with the gift of a box from the group.

Monday evening Mr. Frymuth entertained a number of old friends at his home on East Middle street. Cards were enjoyed during the evening and then his niece, Mrs. Olen Siegrist, who, with her husband, lives at the Frymuth home, served refreshments.

**Local Union
Picks Officers****Lambert Mepfans
Chosen as President**

Election of officers in Amalgamated Local 437 UAW-CIO, held in the Union Hall Tuesday, Feb. 3, resulted as follows: president, Lambert Mepfans; vice-president, Joe Stanley; recording secretary, Joe Stanley; treasurer for three years, Tom Vall; sergeant-at-arms, Walter Schrader, Sr., and guide, Jimmy Klotz.

The post of financial secretary will be decided upon at an election to be held Thursday, Feb. 17, from two until six o'clock in the afternoon. This "run-off" election was necessitated because of a ruling that 51 per cent of the votes cast must be received by the winning candidate. As there were three candidates, no one received the required number of votes, so those receiving the highest number in the Feb. 3 election, Wallace Wood and Pete Boatman, are to run for the office at the Feb. 17 election.

The Federal Screw Works division of the union will hold its election of officers on Monday, Feb. 14, also at the Union Hall.

The Chelsea Spring company's Union officials, elected on Feb. 2, are: chairman, Olie Conley; vice-chairman, Jolly Gullett; recording secretary, Eileen Mackinder; day chief steward, Robert Youcum, and committeemen, Bruce Hopkins and Eldon Katz.

George William Lubahn was elected steward of Dept. 10-10, but a tie for night chief steward, between Bill Adams and George Lawrence, and for day steward, Dept. 9, between Bruce Hopkins and Orville Mock is to be decided at an election tentatively set for Feb. 14.

**Miss Elsa Hertler
Dies Sunday from
Auto Crash Injuries**

Mrs. Elsa Hertler died early Sunday morning at St. Joseph's Mercy hospital, Ann Arbor, where she had been a patient since she was injured in a hit-run automobile accident on US-12, near Lima Center, on Sunday, Jan. 25.

Miss Hertler, an Ann Arbor resident and driver of the car in which she and three others were riding, when injured, was thought to be convalescing when death came as the result of an embolism in the blood stream, according to Mrs. Fred Seitz, of Chelsea, a cousin, at whose home Miss Hertler and the other three had visited the day of the accident.

The driver of the hit-run car, reported to have been a woman, had not been apprehended at the time of Miss Hertler's death. A reward of \$500 was being offered for information leading to the arrest and conviction of the guilty driver.

Miss Hertler, who was 51 years old, had been employed at the Oswald A. Herz store in Ann Arbor, for more than 30 years. Her parents were Mrs. Mary Illi Hertler and the late Fred Hertler, of Ann Arbor.

She was 91 years old. Funeral services were held yesterday afternoon at 2 o'clock at the Miller Funeral Home with Rev. O. W. Morrow officiating. Burial followed in Oak Grove cemetery.

Mrs. Johnson is survived by her sister, Mrs. Millie Chamberlain, with whom she had made her home for several years, at 809 West Middle street; brother, Herschel Watts, of Chelsea; two nephews, Floyd Watts, of Ferndale, and Gaylord Watts, of Lansing; two nieces, Mrs. Harold Stewart and Mrs. Charles Hatch, both of Jackson; four great-nephews, and two great-nieces.

'As God Gives Us to See Right'**American Legion To Sponsor Drive for
Funds in Fight Against Heart Disease**

Bright red plastic hearts, big enough to hold many a coin and bill, are appearing on store counters and in public places, telling Chelsea people that the Heart campaign is just around the corner. The heart-shaped collection boxes are being distributed by the H. J. McKune Post No. 31, American Legion, which next Monday, Feb. 14, opens a campaign to help raise a portion of the \$5,000,000 being sought in the national campaign for 1949, of the American Heart association.

A major portion of the funds collected here will be spent in Michigan for the development and expansion of the cardiac program of the local association. The remainder is to support a national program of research and education of the American Heart association which reports that diseases of the heart are the nation's leading cause of death. The plastic heart collection boxes are appearing simultaneously in communities throughout the United States.

Schools in the community will be supplied with coin box "Hearts" the beginning of next week.

Plans for community-wide participation in National Heart Week were announced this week by David Strieter, chairman of the Heart Week committee of the local American Legion Post which is sponsoring the drive here. Others on the committee are Richard Kern, Les Bennett and David Winans.

"Heart disease" has been a dread phrase for as long as most can remember. There is hardly a family in this or any other community from whom some member or friend has not suddenly been taken by what has been customarily called "heart disease." The conditions known as high blood pressure and hardening of the coronary arteries, two of the leading causes of heart disease, are sadly familiar. And in recent years people have become constantly more aware of that third major cause, rheumatic fever, whose concomitant heart disease is the leading fatal disease of youth and a major cause of disability and death in later years.

Yet, thanks to medical advances, it is no longer valid to say that these things have always been, so they must continue. Thanks in particular to the American Heart association, the strong light of research and education is being turned upon the heart diseases and there is real hope among men of medicine that ways of prevention and cure can be found, probably within the lifetime of most people of today.

The American Heart association embraces the heart specialists of the nation, the men of medicine who have made the significant advances, the men in whose hands have been placed the tools for further research. Associated with them are the nation's leaders of science, of business and industry and education, devoted to the association's program to combat the heart diseases. The program calls for not only support, but cause, for the public welfare comes so close to all of us and so surely merits the grateful backing of every member of the community, committee members state.

They ask that when the "heart" program is brought to you this month, you count the cost of America's number one killer and—"Open your Heart—Give to fight heart disease!"

**Rod-Gun Club Plans

Final plans for the annual Ladies' Night banquet to be held Tuesday, Feb. 22, were completed at the Chelsea Rod and Gun club meeting Tuesday evening. The meeting, held at the K. of C. Hall, was attended by 58 members and ten guests.

A nominating committee was appointed for the election of officers to be held at the March meeting. This nominating committee includes Carl Mayer, Leon Chapman and Roland Spaulding.

After the business session, a talk was given by Charles Shick, district game manager of the Michigan Conservation department, and also by Bill Ryder, game biologist at Lansing, who is in charge of the game habitat restoration program. The latter showed pictures to illustrate his talk.

Refreshments were served at the conclusion of the evening's program.

Mrs. and Mrs. Carl Butler, accompanied by Mr. and Mrs. Donald Dancer and daughters, left last Thursday morning for a three-weeks' vacation in Florida.

**Methodist WSCS Members
Hear Mrs. Bromage Discuss
Plight of Displaced Persons**

Wednesday, Feb. 2, members of the WSCS of the Methodist church, with their guests from Ann Arbor, Highland Park and North Lake and from St. Mary's, St. Paul's and the Congregational churches of Chelsea, gathered for a luncheon in the dining room of the Methodist church.

After a social hour and the luncheon, which was served by the Central Circle of the WSCS, Mrs. Warren Daniels, the president, welcomed the group, stressing the value of "unity" in working together.

Mrs. Walter Harper presented the devotional service which was concluded with a prayer by Mrs. Beth Hollidge.

Mrs. O. W. Morrow, program chairman, introduced the speaker, Mrs. Mary Bromage, of Ann Arbor, a member of the Michigan committee on Displaced Persons, who spoke of her work with the committee.

Mrs. Bromage said the eight million displaced persons can be divided into five groups—the persecuted, the evacuees, prisoners of war, expellees and slave laborers. These are made up of all ages except the very old, she said.

She explained that after the war, about a million of these eight million refugees returned to their homes because of the fear of being persecuted for their religious beliefs or for political reasons. Because of this refusal to return to their homelands the Displaced Persons committee was needed, resettlement being the only answer to the problems of the homeless people.

Mrs. Bromage went on to say that the United States has been slow in answering the needs of these people and that at present there is an inadequate law which provides that a quota of only 205,000 immigrants (or displaced persons) is to be allowed to enter this country, 80 per cent to be farmers, 40 per cent to come from countries annexed by a foreign power, and all having been in a camp prior to 1945. This law, she contends, has proved to be unworkable and a new one is in the process of enactment to replace it. This new law would provide for entry of 400,000 displaced persons, which, in the committee's opinion, is more nearly a fair share to be taken by the United States in comparison with the quotas assigned to other allied countries.

Mrs. Bromage told of the late Mayor LaGuardia's deep concern for displaced persons, saying that he asked at one time, "Are you going to leave them in the deep-freeze of human existence?"

Saying that the United States was originally founded by "displaced persons" (persons persecuted because of their religion and also slave laborers) and mentioning that there were no restrictions, Mrs. Bromage asked "Should more be expected now than health, loyalty and able displaced persons with a specific job and a place to live?"

She ended her talk with the quotation of the Duke of Wellington, "One thing harder to take than a great defeat—a great victory."

On March 3 the WSCS will join the Fellowship club for an evening meeting. Dr. Marvin is to be the speaker.

Cheelsea Boy Scouts were the guests of the Kiwanis club at the regular meeting held Monday evening at the Municipal building. The occasion was the celebration of the 39th anniversary of Boy Scout activities which is being observed this week as "Boy Scout Week."

Members of the Planning committee and any other electors interested in affairs pertaining to the schools, are invited to attend.

E. W. Eaton is chairman of the Planning committee which is divided into four sub-committees. These committees are: (1) Study of the annexation of additional districts; (2) Educational Planning committee; (3) Finance committee; and (4) Publicity committee.

The increased birth rate in the district has brought forth the need for thorough planning to avoid difficulties and Mr. Clapp has been invited to meet with the committee to assist and advise in the solution of these problems.

**Scouts Mark

Local Troop No. 25
Exhibits Handicraft**

Tuesday, Feb. 8, marked the 39th birthday of the Boy Scouts of America. Scouts of the district are celebrating the entire week of Feb. 6 to 12 as Boy Scout Week.

Local troop, Number 25, sponsored by the Kiwanis club of Chelsea, has a display of handicraft in the Market store window, showing the results of some of the activities of the troop. The display was arranged by Scouts Dick Merkel and Dave Hoffman with the help of the rest of the troop.

The troop is making plans now to join with other Scouts in the new two-year program—Strengthen the Arm of Liberty.

Calling the "Strengthen the Arm of Liberty" program a "crusade," the chief Scout executive said its objectives were three-fold.

The first goal seeks a higher quality in each of its three age level programs: Cub Scouting for boys 9, 10 and 11 years of age; Boy Scouting for those 12 and over; and Senior Scouting for young men of 15 and older.

Better programs, say executives, will provide more fun and adventure. Boys will stay longer in the organization, they say, acquiring more "know how" to face the problems of manhood.

The Boy Scouts of America seeks to make its programs available to all boys who need and want it. The second goal of more membership will be accomplished as the quality of the programs improve, according to Scout officials.

The third goal of the crusade is more volunteer leaders with proper training in Scouting techniques so that they can furnish necessary leadership to meet the first two major objectives.

Cheelsea's Troop 25 now has 20 members between the ages of 12 and 15 years, and hopes to raise this number to 30 before long. Interest is being shown in organizing both Cub packs and Senior Scouts here, and anyone interested is asked to contact Scoutmaster James D. Nutt.

Troop 25 is planning to attend the Scout Carnival at Bruin Lake on Saturday, Feb. 12, and are to meet at 12:00 noon at the Municipal building.

Two Scouts of Troop 25 received awards at the Middle District Court of Honor held at the University High school in Ann Arbor last Thursday evening.

David Hoffman's awards were in cooking, canoeing, swimming, personal health, first aid, public health and citizenship; while David Berke received his award in personal health.

Mrs. Winifred Coffron of Detroit, moved on Monday to her home on Park street here, which she recently purchased.

Cause Two Accidents**

During the heavy fog early Sunday morning, Donald J. Swanson, of Stockbridge, driving east on M-92, at Lyndon Center, lost control of his car on the icy road and it slid into a car parked in a yard nearby. The parked car belonged to Albert E. Ellis, of Marion, Mich. It had stalled during the night and was pushed into the yard and left there.

About one o'clock Thursday afternoon Mrs. John Metzger was painfully bruised about the face when she lost control of her car on East street near her home and crashed into a tree. The front end of the car was damaged, considerably.

**One More Chance To
Help Clean Up Park**

Businessmen of Chelsea are reminded by Walter Harper, chairman of the local Park committee, that providing the weather is at all suitable for outside work a "clean-up day" will be held in the Pierce Memorial Park site, beginning at 1 o'clock this afternoon.

Coffee and doughnuts will be made available to all who are willing to contribute a part of their free time that our community may realize its dream of a park.

Last Saturday, a special vent was planned for the afternoon when factories weren't working so that many factory workers who had previously had little opportunity to help on the park, might find it convenient to do their bit. Although the weather turned out to be exceptionally nice, not a solitary person made the effort to show up on the scene.

Do we all want a park, or don't we? If so, there should be greater cooperation on the part of everyone to be benefited.

Rural Tele-news

THESE NUMBERS PLEASE—In 1948, Michigan Bell made great strides in bringing more and better telephone service to the rural areas it serves. Last year, 23,000 more telephones were installed, 10,800 miles of wire were strung, in addition to many miles of buried wire and cable, and 23,000 new telephone poles were set.

INSIDE STORY—Installation of new central office equipment inside a number of telephone buildings during 1948 made possible the replacement of nearly 3,000 "turn the crank" telephones with dial or "lift the receiver" instruments. This also enabled Michigan Bell to reduce the number of other rings heard by subscribers on those rural lines.

MORE AND BETTER SERVICE—At the end of 1948, seven out of every ten families in rural areas served by Michigan Bell had telephone service. Seven out of eight rural telephone customers were on lines having eight parties or less.

Village of Gaastra, Population 775, Votes To Become City

Eight villages besides Chelsea are considering changing from a village to a Home Rule city this year.

Forty-three villages have made the change from a village to a Home Rule city since 1931.

The increase in the number of villages which are changing to become Home Rule cities is believed to be due to the fact that the villages which have made the change have proven its many advantages and more people are beginning to realize the advantages it holds for their own community.

Chelsea will vote on the Home Rule City Government issue March 14, 1949. If you are a qualified elector you may vote. You do not need to be a property owner.

Anyone who is eligible to vote for a village official can vote to make Chelsea a city.

Be sure to register with the village clerk.

If you registered with the township clerk at the presidential election you must still register with the village clerk for the village election.

Health Department Plans Series of Dog Vaccination Clinics To Eliminate Rabies

A death from rabies in a cow on the farm of Chester Martin at 4830 Warren road, Friday, Feb. 4, marked the reappearance of rabies in Washtenaw county. This is the first diagnosis of rabies reported to the Health department since June of last year, when county-wide immunization drives by veterinarians, The Ann Arbor Junior Chamber of Commerce, and the County Health department stopped an epidemic of rabies in dogs and livestock.

The diagnosis of rabies was made by Dr. Harold Wright of Ann Arbor. The Health department has been told that another cow is sick on the same farm. The dog suspected in this case has bitten at least four other cows in the neighborhood according to reports sent to the Health department.

The seriousness of last year's rabies was emphasized by the death of Carol Manor, a four-year-old girl resident of East Ann Arbor. In addition to the death of Carol Manor, several people were under treatment for rabies after having been exposed to mad dogs. These treatments are always painful and sometimes dangerous, but absolutely essential when human beings are bitten by or exposed to rabid animals. Each year rabies costs the citizens of Washtenaw county literally thousands of dollars in terms of damage to livestock and medical care to exposed persons. When an owner gets a dog vaccinated he protects his dog, himself, his family, his neighbors, and livestock from this dread disease.

Under a resolution passed by the County Board of Supervisors, dogs in this county will not be licensed unless proof of rabies vaccination is presented to the licensing officer. This action of the Board of Supervisors was a very progressive step in the elimination of rabies, but depends largely on citizen cooperation in getting all dogs vaccinated.

For the convenience of those who might not have had their dogs vaccinated by their veterinarian in time to meet the deadline for licenses on June 1, the Washtenaw County Health department and the County Veterinarian association have agreed to conduct dog vaccination clinics in most of the villages and cities of the county late in February or early in March. Places and dates of these clinics will be announced later. In view of the ever-present danger of rabies, the Health department urges that dog owners not wait for the clinics but have their dogs vaccinated by their veterinarian at the earliest possible opportunity.

Vaccination rate in the clinics has been tentatively set at \$1.50 per animal.

The decorations in the dining room featured the patriotic color scheme.

Following the dinner, a program was given in the upstairs auditorium of the hall. Included in the program was group singing in charge of Paul F. Niehaus, with Mrs. Niehaus at the piano; also, guessing contests in charge of Rev. P. H. Grabowski. Prizes in the contests were won by Mrs. Walter Seitz of Dearborn, and Ernest Fitzmaier.

Wilfred Clapp, Chief of the School Plant division, Department of Public Instruction, will meet with the school district Planning committee in the study hall at 8:00 p.m. tonight.

The basketball team will play University High school in Ann Arbor, tomorrow night.

The final home game of the season will be played on Feb. 18, against Saline.

The band will present a concert in the gymnasium next Tuesday evening.

DO YOU REMEMBER

When Stoffer made a basket for Manchester? When someone threw a paper wad at Mr. Cameron in 3rd hour study hall? When the Freshmen were "really" initiated? Economics class had field trips? Chelsea High school "actually" won a championship? When the Senior boys specialized in giving the Freshman girls a Big Thrill? Football games were played in the afternoon? The riots in typing class? When you could see the girls' knees? Miss Fox closed a door gently? The basketball girls and the cheerleaders weren't campaigning for new uniforms? The Hi-Y gave a funny play? When you could have a party in the library without the study hall teacher finding out? When there were "sticker" candidates for Student Council elections? Mr. Tewes' speech classes? When Helen didn't know "Summertime"?

The slam books the freshmen started? When someone let an egg cook in one of the lights in the Home Economics room? When the freshmen weren't always on clean-up? When the gym didn't leak? When the underclassmen didn't start working on the Juniors and Seniors around Prom time? When the cheerleaders and others got to ride on the team buses to and from games (wow)? When there were a speech club and a home ec. club? How Margie got the nickname "Muscle"? When everyone used to jitterbug? How easy it is to go on forever remembering?

GENIUS AT WORK

This poem is the last of three poems written by juniors to be accepted by the Anthology of High school poetry and was written by Virginia Quill.

"SEASONS"

The velvet robe of Spring is here, And tiny buds reappear; The world becomes bedecked with green.

As life, awakening, can be seen: And suddenly, the flowers bloom; A subtle fragrance fills the room.

The earth assumes a vibrant hue, As summer makes her shy debut.

Then Autumn, with her golden reign, Goes lightly tripping through the lanes;

And on her way into the leaves, An olio of color weaves.

But snow, like frosting on a cake, Drifts o'er the ground; and o'er the lake

Is ice a dazzling, glaring sheet— 'Tis winter that performed this feat.

WE APOLOGIZE!

Through misinterpretation of members of the publicity committee, an announcement was made that a prize would be offered to the most attractive box at the box social Monday night. It was intended to give recognition by popular vote. Even this was not successful, carried out because of the eagerness of the guests to open the boxes as soon as the sale was over. We therefore apologize to the girls who made the many attractive boxes.

CORRECTION:

We also apologize to Jeanette Berke, grade of, for omitting her name from the "Hi-Light" Honor Roll. She should have been there—she earned the place!

MY TRIP TO GERMANY

Betty Riegger, a ninth grade student, said this about her recent trip to Germany.

"My parents, my brother, and I went from Ann Arbor to New York by train. When we reached New York, we took the S. S. America to France. The boat stopped in Ireland and England.

It took us three hours to go by train from LeHarve to Paris, where we spent the night. The next morning we went by train to Germany; this took about 25 hours. Our entire family had a good time, not only visiting all of our relatives, but also touring the principal points of interest, including the ruins of many large cities, such as Ulm, Stuttgart, and Reiprecht.

JUNIOR PEP MEETING

What should happen and what actually does happen after basketball games was the theme for the pep meeting last Friday before the Roosevelt game. A peppy starting was made with a school cheer. Then a "typical" scene at the dance after a game was shown. Pushing and poor manners were prevalent. After this, Mr. Cameron gave one of his famous speeches. Again the students were flashed back to the dance—this time, a dance with the

Dear Valentine ...

authentic Harry "Corky" James and his orchestra. The students this time were very well-mannered.

Mr. Magiera then gave a talk stating the records of both teams, Chelsea and Roosevelt. The next scene was at a student hang-out. Agaily the students were very ill-mannered. At the end of the scene Marty Tobin was unexpectedly asked to give a speech. He did quite well, although he had not prepared anything. A snappy cheer was given. The last scene showed the students at their restaurant, hang-out again, but (surprise) they were very polite. Imagine, the boys actually said for the girls' sodas! Another cheer was given. The school song ended this excellent Junior class pep meeting. (Ed. Note: You can plainly see who wrote this article.)

THE FORTY-NINERS

Late in the evening of Sept. 16, 1931, a tired and puzzled messenger of mercy (stork to you) finally found the address in Federal Dam, Minnesota, for which he had been searching. As he reached the level of the roof tops, he was seen dropping a small bundle down the chimney of the U. S. W. W. household. Just what do you suppose was in that bundle? Why, of course, a baby girl! This little girl later became known as Erlamae, and since then, like any other girl, she has developed many favorites. She will never forget her favorite movie "Shepherd of the Hills" and doesn't know of a song she likes better than "Land of the Sky Blue Water." Erlamae, like many people, would be satisfied with a chicken dinner any day. She likes the "new look" if it is carried to extremes; especially if it is blue, her favorite color. Her plan after graduation is to attend a class in the doctoring of children stricken with polio, at Pontiac hospital. Everyone wishes you luck and success, Erlamae.

It was a tiny bundle the stork left at the home of Mr. and Mrs. Lloyd Heydauff on Aug. 23, 1931, right here in Chelsea. That was some time ago and one would think a child would grow! This one hasn't, at least not much! For today that young lady stands to the height of 5 feet 2 1/2 inches. Yep! Marlene Mae (the name finally given to her) is a small, but lively young lady. Her hair being just the right shade of blonde to go with her flashing hazel eyes.

Now for a little inside dope on this gal! Marlene craves for baked ham which tops her "favorite foods" list; girls' basketball also rates high with this petite femme, along with the movie "Homecoming." "You Were Only Fooling" is the only song she can be heard singing, and as you've suspected, it's her favorite! For recreation, Marlene enjoys watching football games, or dancing in a nice suit,

which she picks for a favorite costume. Marlene also has a pet peeve—it seems "two-faced" boys get on her nerves!

Throughout her high school career, she has belonged to GAA, Journalism, Chorus, and Student Council. In her Sophomore year and Junior year Marlene was class secretary and treasurer, respectively, of her class. She now holds an important school office—none other than Central Treasurer.

MOVIES

SHORTHAND—"It isn't easy," is a phrase that may be heard from almost any shorthand student after seeing the movie, "The Secretary's Day." This movie was shown to the shorthand students Tuesday. They say, "it isn't easy" because the movie showed the duties of a secretary. It told of her various important duties such as: taking dictation (which is not a simple job, many shorthand students think); arranging the boss's appointments and typing the necessary papers. One main point brought out was that no matter what happens, one should not become confused or nervous. The main thing is to keep calm and all will go well (which is wonderful advice to those students who try to hurry taking shorthand, and as a result get so mixed up they don't have the slightest idea as to what is going on.)

BIOLOGY—"The Alimentary Tract" is the name of the movie which the biology classes saw Friday morning. The movie dealt with the reaction of food in the alimentary tract. Reactions were recorded by placing a balloon in the stomach of a man. Food was eaten and as it passed through the stomach and intestines, all the reactions that took place were recorded by a metabolism machine and registered on a chart.

A second movie entitled "Digestion of Food" was shown. It contained about the same information as the first one except that it dealt primarily with the digestion of fruit juice.

HOME EC.—Home Ec. girls, I, II, and III, saw two movies entitled "The Balanced Way," about the seven basic foods, and another entitled "The Man Who Missed His Breakfast." Both of the movies were produced by the Sealtest Milk Corp. The Home Ec. girls are now studying about food, because they believe "that in order to win your man, you should learn how to cook, and therefore you can always get his heart through his stomach." How about that, girls?

- The only time that it makes sense to put food in a freezer, is when foods are in season - - and that means a year's supply.
- But it does not make sense to store a year's supply of food, if after several months some of it does not taste good.

Eight years ago we started to build 15 experimental freezers (no two alike), to attempt to radically improve the keeping quality of foods, basing our designs on laws governing chemical reactions in foods.

One freezer in use 7 years, within 5 miles of Chelsea,* has definitely established our basic principles.

Strawberries, Raspberries, Sweet and Sour Cherries, Sliced Peaches, Sliced Apples — ALL WITHOUT SUGAR — show a keeping quality, a flavor and freshness absolutely unmatched by any other freezer.

Pork, Beef, Chicken, etc., keep a year with no development of off-flavor or old taste, whatsoever.

Activities ...

FFA The Manchester club is visiting the Chelsea FFA boys tomorrow. They will watch a series of exhibitions on parliamentary procedure, public speaking and debating.

S. Robbins, K. Bradbury, J. Lantis, A. Musbach and W. Zeeb make up the demonstration team.

Part of the group went to Ann Arbor last Friday to visit Perfection Sprinkler company.

STUDENT COUNCIL

It was discussed and approved that the Senior High school have a valentine box. Student council will be in charge of decorating the box and passing out the valentines. The Junior class was appointed to be in charge of the entertainment for the dance on Parents' Night. It was also suggested that the grade having the largest percentage of parents present will be awarded five dollars.

A representative from the Athletic Board discussed with the Student Council the controversy over the stripes and letters on school sweaters. Stripes should be received for competitive sports and cheerleading only. A committee was appointed to discuss the problem further with the Athletic Board: B. Toney, J. Hughes, T. Slane and D. Knickerbocker were among the ones appointed. B. Toney was appointed treasurer of Student Council.

CHORUS

Operetta try-outs were held on Thursday, Feb. 8. The try-outs were held after school and many of the Chorus members participated. Mr. Gable, Mr. Fisher, Mr. Benjamin, and Miss Compass were judges.

BAND

The Senior High band is giving a concert on Feb. 15.

JOURNALISM

The Journalism club has ordered a new supply of mats to be used on special occasions in their "Hi-Light."

Members of Journalism had a chance to vote last week during their meeting toward the purpose of reorganizing their system of assignments. They are still undecided.

Journalism pins are being handed in for this year's redistribution. The system that members decided on was to have all the pins re-

turned so that each student may receive the highest pin to which he is entitled.

ATHLETIC BOARD

The Board is still busy writing their new constitution. The principle changes they have made are in the awarding of letters. They have decided that a boy shall be given a letter only the first year that he earns it in a sport, and thereafter shall receive only certificates indicating that he once again is eligible for a letter award.

Reserve letters will only be given in basketball.

The Board has decided to pay for the Saline basketball girls' dinners at the banquet the Juniors are giving on Feb. 18.

Members of the Board are meeting with Student Council representatives to decide what shall be done about the sweaters students are wearing with un-earned stripes.

Grade News ...

KINDERGARTEN—The Kindergarten class celebrated the birthday of Francis Laban on Feb. 2. They had refreshments of cupcakes and suckers. They had a very nice time at their party.

SECOND GRADE—The Second grade has been making valentines and they enjoyed doing it. They have their rooms decorated with these valentines. The Second grade also has a new set of Lincoln Logs and like them very much.

The Spelling Ivy plant has been growing very fast. There are quite a few "A's" in spelling.

THIRD GRADE—The Third grade celebrated five birthdays during the last two weeks. They were as follows: Lois Schiller, Jan. 19; David Nutt, Jan. 26; Karl Riemenschneider and Duane Carpenter, Jan. 30; and Barbara Williams, Feb. 1.

The Third grade is also studying Indians of America and have made notebooks about them. Many children have brought in real Indian things. They have also seen some very good films about Indians.

FIFTH GRADE—The Fifth grade has started making Social Science notebooks with maps of each section of the United States. They also have included a brief summary of each state.

Sharon Dancer is spending a month in Florida.

The Fifth grade has four birthdays during the month of February. Clara McGarry, Marie Munden and John and Robert Aldrich, are the happy children.

SIXTH GRADE—"Clean up the room" seems to be the policy of some of the Sixth graders who are vanishing desks.

Linda Walker will attain the ripe old age of 11 on Feb. 14. "Happy Birthday, Linda," Nerissa Klingler has been absent from school; everyone hopes she will be back soon.

Last, but not least, there is a new pupil in the Sixth grade, named Richard Dault, who comes from Alpena.

SEVENTH GRADE—Drivers who have volunteered to drive for our roller skating party are: Mrs. Lowell Davidson, Mrs. Russell Baldwin, Harold Widmayer, Mrs. Emma Honbaum, and Mrs. Wallace Franklin.

Jeanette Bertke and Janet Widmayer have written to the rink for information concerning prices.

Virginia Young lost the birthday game, Friday.

Hi-School News ...

FRESHMEN—Here's something new! The Freshman class is really looking after its members, or at least trying to cheer them up. Two of the Freshmen are out of school now, with prolonged illness.

A plant and a card have been sent to Judy Murphy and a card to Sammy Misalides.

Take heed, upper classmen, do you think of your absent classmates when they are compelled to spend a few silent and uneventful days at home?

ON THE AIR

Kenneth Proctor, Jr., representing the local FFA, is now in charge of a monthly radio program on an Ann Arbor station.

On Jan. 31, Keith Bradbury and Kenneth Proctor presented a half-hour program at 8:30 a.m. On this program they discussed the Junior Livestock club.

WINTER WONDERLAND

"School bells ring, are you listening? In the air, snowballs glistening. A gay, playful sight, they're happy tonight, dodging in a winter wonderland."

This seems to be the theme song of Chelsea High lately, for it looks as if Old Man Winter has caught up with us. Everywhere snowballs are flying—oops! one just went whizzing past, a little bit too close for comfort.

It seems those who throw snowballs have no respect for those at whom they are throwing. Some snowballs are thrown just in fun while others merely for the purpose of defense, not realizing the danger that could result. A person can easily have an eye or a tooth put out by carelessly thrown snowballs. Just a word of advice to people who throw snowballs—don't pack them hard with stones or other objects, and if at all possible don't throw them at all. One can have just as much fun in the snow without being destructive.

From where I sit ... by Joe Marsh

Duke Gets His Tractor

Duke Thomas bought a farm with the money he'd saved in the Service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.

"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Duke. "I'll just take my turn."

But old Peters mails out nine postcards. And the other day he tells Duke his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

From where I sit, it's that spirit of understanding that helps make our democracy so great. Understanding for the other fellow's problems and respect for the other fellow's rights—whether it's his right to earn a living, his right to cast his vote against your candidate, or even his right to enjoy a moderate, friendly glass of beer or ale—if and when he chooses. Let's always keep it that way!

THE CENTRAL IDEA

When a New York Central brakeman says he "puts down his guns"—he doesn't mean firearms. He means track torpedoes.

Generations of brakemen have been clipping these little red torpedoes to the rails whenever their trains made unscheduled stops. The next train along sets off the torpedoes with a loud report—warning the engineer to proceed with extra caution.

Perhaps it seems strange to you that torpedoes still bang out their warnings along New York Central's modern rail network—where many newer safeguards are on the job. For example, the block signals that set themselves the instant a train passes. Or the wonderful automatic train control that would actually apply the brakes and

stop the train if an engineer should fail to act on a caution or stop signal.

Yes, there are many more modern guardians of the rails than the little torpedo. But here's the point. Once a railroad safety device has shown its worth, New York Central may add new safety measures... but it's pretty sure to retain the proven and traditional one as well. Because SAFETY IS THE "CENTRAL" IDEA!
