

Michigan MIRROR

By Gene Allman

Newspapers of Michigan each year salute Michigan agriculture through a "All-Michigan Dinner" sponsored by the Michigan Press Association, Inc., in cooperation with the Michigan Department of Agriculture.

This annual climax to the State Convention was held Saturday evening, Jan. 21, and again newspaper editors learned new facts about the remarkable and varied history of modern Michigan.

For example, a baked potato was served to dinner guests as a reminder that Michigan holds the national championship potato record for 1949, if not for all previous years, in the remarkable yield of 1,038 bushels per acre on the Van Damme county farm of Paul Van Damme.

D. L. Clananan, farm crops extension specialist at Michigan State College, has searched American records of high yields on unirrigated land and can find no previous claim of such heavy production.

Van Damme reported his high yield in late September, 1949, and it was checked by R. H. Kaven, Marquette county agricultural agent. The yield of 1,038 bushels of potatoes was secured from a six acre plot of recently cleared land on the Van Damme farm.

Thus a Michigan farmer again has established a remarkable food record of high production.

A half century ago Michigan was recognized as a leader in the potato production of the United States. With the growth and new developments in this culture in other parts of the nation, Michigan now ranks 10th.

During the past year 17,160,000 bushels of potatoes were produced; most of this production being in the upper half of the lower peninsula and the upper peninsula.

Twenty-five years ago considerable of Michigan's supply of potatoes was produced in the southern half of lower Michigan. This acreage has almost disappeared and judging by the acreage now in the upper peninsula, it appears that most of it has moved up there.

It may not be news to readers of the "Michigan Mirror" but Michigan represents over 90 per cent of the navy bean crop of the nation. As usual more than likely shipments will be made to every state east of the Rocky Mountains and an important supply will go abroad to meet foreign trade needs.

The rich Thumb area is the navy bean country of the United States.

Special Notice!

The meanest person in town has at last come to the public's attention—or at least it won't be long before his identity is known if he is so desirous it.

Someone applying to this lowly little entered the room of the Electric Light and Water company Saturday night, broke the glass windows on the "March of Dimes" canister and took what change it contained.

Like all supposedly "perfect crimes," the sneak left a perfect set of fingerprints on the canister.

Local police have a few hunches as to who the guilty party may be, and are requesting that the sum of money be repaid immediately. All this worlds of trouble is to package "Polio" in care of the Chelsea Police, and leave it in the waiting room of the Light and Water office before midnight Saturday.

Let a word to the "not-worried" be sufficient.

Cagers Win Game from Flat Rock

Bound Back Nicely After Defeat by Milan Last Week

By DWIGHT GADD

Chelsea High's basketballers vaulted back into the league title picture last Friday night as they subdued the Flat Rock Rams, 30-19, to partially redeem themselves after a very dismal and disappointing showing the week before when they bowed very meekly to the name Milan, 46-30.

Your reporter missed the Milan game on Friday the 18th, so an eye-witness account of that game isn't forthcoming, but from all we have heard about it, they were beaten by a name before they were by a team. Chelsea got only seven points during the whole first half, while Milan was getting 21—and that's the whole story of the defeat. During the intermission the boys discovered that they hadn't been bitten, scalped, or even scratched, remembered that during the whole first half they had seen none of the Big Reds with more than two legs or two arms, and decided that it was safe to play basketball after all—but by then it was too late.

During the second half it was bucket for bucket as the Bulldogs netted 23 points to Milan's 25, and apparently if the team had decided on the bus ride down to Milan what they decided at halftime, the outcome might at least have been close.

Scoring honors went to the victors John Taylor with 12 points, while Marty Tobin meshed 10 in the losing Bulldog cause. Incidentally, Milan's 46 points were the most made against Chelsea's usually efficient zone defense. Other nights this year when the offense sagged, the defense filled the gap, but the name Milan butchered both.

Last Friday night it was a much different team, and consequently, a different and more satisfying ending, as the Bulldogs throttled a fine Flat Rock quintet, 30-19, in a fine defensive show. The same team scored in 45 minutes against Lincoln a week before and was considered a title threat, so the Bulldogs had to play ball to win as convincingly as they did.

The game was close for the first quarter, but it was all Chelsea after that. Flat Rock jumped to an early 4-0 lead but by the end of the period the score was knotted at 8-8. However, midway of the second quarter the Bulldogs broke out in a rash of quick points. With the score 12-11 in Bulldogs' favor Crocker started the spurge with a foul shot, and three quick buckets by Vogel, Tobin, and Heydauff boosted the lead to 19-11 where it remained until just before the half-time horn when Blue Ram center, hooked one in to tie the score at 19-13 for the intermission.

Chelsea's defense never looked better than in this last half against the Rams, and that was the game. In the third quarter the visitors netted only one foul shot while Chelsea dropped in another five points, and in the last period the Rams finally got a field goal alone with three foul markers for five points, but the locals edged them with six to make the final score read, 30-19.

Little poker-faced Bobby Vogel led all scorers for the night as he "southpawed" 11 points through the hoop. Marty Tobin contributed eight points to match the Blue Ram man, Center Denny Boush, who poured in 22 points against Lincoln, so completely that he garnered four fouls and was a very disillusioned and disgruntled young man at the final horn.

Tomorrow night the Bulldogs travel to Ypsilanti to tilt with Roosies, a team of local and all recreation, leadership, administrative, membership, and other subjects related to 4-H clubs. The school is conducted as a workshop whereby the delegates learn by doing. Panel discussion method is used extensively to teach by audience participation.

**State Association
of Supervisors
Meet in Lansing**

The Michigan State Association of Supervisors concludes a three-day meeting today in Lansing. Approximately 600 supervisors from all points in the state were at the meeting.

Liam township supervisors, Leigh Beach, chairman of the County Board of Supervisors, was Washtenaw's delegate at the meeting. He left for Lansing early Tuesday morning and attended the entire three-day session.

Frederic Broesman, Sylvan township supervisor, attended on Wednesday, and Elmer Mayer, Sharon township supervisor planned to attend yesterday or today.

Supervisors Edwin Schable, of Freedom, and Homer Stoffer, of Lyndon, did not plan to attend.

Among the items of business to be brought up at the meeting is the resolution passed at the Ninth District meeting recently in which the supervisors went on record as being in favor of setting the tax assessment date back to April 1, instead of keeping it Jan. 1, as provided by the new law which just "gone into effect. The townships in this area are a part of the Ninth Supervisors' district.

Earle Schumacher of Maplewood, N. J., enroute to Chicago, stopped here to visit relatives on Friday and Saturday.

Grade PTA Gets Advice on Children

Educational Psych. Professor Gives Tips to Parents

William C. Morse, assistant professor of educational psychology at the University of Michigan and director of the University's Fresh Air Camp, gave parents at the Elementary P. T. A. meeting last Wednesday some very fine advice on dealing with problems of their pre-adolescent children. He said parents must rise to the challenge of making the right thing the child should do much more attractive than the wrong thing he is inclined to do.

During a short business session a discussion of the subject of a supervised play program for the summer brought out the fact that there is a definite need for such a program in the community.

It was reported that the U. S. Savings Bond stamp program recently instituted at the school by the Elementary P. T. A. is proving very successful. Mrs. Alfred Lipphart is chairman of the project and stamp sales are held at the school each Wednesday.

Mrs. Carl Mayer and Mrs. Howard Plintoff were named to act on a committee to assist the grade teachers in mapping out a program for the annual school Parent's Night to be held on March 31.

Thirty-five parents and teachers attended the meeting which was held in the Home Economics room at the High School.

Refreshments were served at the close of the meeting by the P. T. A. officers, Mrs. Cecil Bernhart, Mrs. Arlene Larson and Mrs. Mac Packard.

Bowling Tourney Is Scheduled

The Chelsea Bowling Association held its annual meeting Wednesday, Jan. 18, at the bowling alley. Elected to office for this year were the following: Carl Schneider, of Chelsea, president; Homer Kappeler of Manchester, vice president; Max Peterson of Chelsea, secretary and treasurer; Earl Kalmback of Grass Lake, and Harold Dresselhouse of Pleasant Lake, were elected as the remaining members of the executive committee.

The coming bowling tournament was discussed. This is the third annual tournament of the Association. It will begin Sunday, Feb. 19, at 1 p.m. and will continue each Sunday afternoon until completed. Shifts will start at 1 p.m., 3 p.m., and 5 p.m.

Seventy-five per cent handicap will be used, based on mean averages of 1000 for teams, 400 for doubles and 200 in singles. Bowlers must have a nine-game average of Feb. 17 or bowl from scratch.

The new alleys will be used for the tournament only.

An entry blank will be found on page three of this paper. Blanks may also be obtained at the bowling alley. Midnight, Friday, Feb. 17, has been set as the deadline for accepting entries.

**Sale of 1950 Auto
License Plates
Is Still Lagging**

A. D. Mayer, manager of the Chelsea branch of the Department of State, was notified today that there are 2,153,645 automobile owners in Michigan who have not obtained 1950 license plates for their vehicles.

At this time, last year, an average of 11,000 people daily were securing their plates, while this year the average has been less than 8,000. Making the job of licensing even more difficult is the fact that there are 170,000 more motor vehicles owned in Michigan now than in January of last year.

Disregarding the revenue from the sale, which reverts to the counties of the state on a quarterly basis and which is not adversely affected by the delay of motorists, there are nevertheless two very good reasons why we urge the public to secure plates early. First, such action will enable them to secure more rapid service, and second (Continued on page ten)

**Plan Parent-Teacher
Conference for Tues.**

A Parent Teacher conference is being planned to be held at the Chelsea public school on Tuesday, Jan. 24, from 7 until 8:30 p.m.

No special program is to be given but all teachers in the grades and in the High school will be in their rooms to give parents an opportunity to meet them.

The date for the Parent-Teacher conference was selected as an opportunity one, coming just after the beginning of the second semester which opened on Monday.

The Newlyweds . . . Fifty Years Ago.

GOLDEN WEDDING—Mr. and Mrs. James Dann, the first Chelsea couple to celebrate their golden wedding anniversary in this year of 1950 are shown as they appeared on their wedding day on Jan. 10, 1900 with their attendants, Joseph Liebeck (Mrs. Dann's brother) and Myrtle Weber Seckinger, now of Clark's Lake. They are also shown in a picture taken at the family open house held in observance of their 50th anniversary on Sunday, Jan. 8, 1950. The latter picture was taken in their home on Wilkinson street where they have lived for 48 years. A party was given Jan. 13, in honor of Mr. and Mrs. Dann by members of a euchre club to which they formerly belonged and on Friday, Jan. 2, a group of neighbors surprised them with a party at their home. They also presented them with a gift. Mrs. Dann is the former Mary Liebeck. She and Mr. Dann are members of St. Mary's church and were married there by the late Father William Considine.

Delegation of Local People Visit New Elementary School in Comstock

Twenty-five local people and school officials went to Comstock last Thursday afternoon to inspect two new elementary schools which are of a similar type of construction as the one for which approval has been sought here last fall.

Comstock is divided by the river running through the center of the town and a new school has been erected on each of the two sides of the town.

One school has eight classrooms and the other nine rooms. Neither has a gymnasium at this time but plans are included for their addition later, the Chelsea delegation was told.

Cost of the new schools was approximately \$150,000 each and the district was bonded for \$350,000. The valuation of taxable property in the district is in the neighborhood of \$7,000,000. The school census at Comstock lists 1400 persons of school age while 1200 pupils are actually attending school.

For purposes of comparison it was noted that Chelsea's property valuation is almost \$6,000,000; the bond issue sought for the proposed 17-room school with 40x80 foot all-purpose room and stage, a kitchen, showers and rest room facilities, visual arts room, library, office space and health unit and for necessary work on the present school was for \$350,000; the school census here is 800 with 675 attending school.

Visitors at the Comstock school said they were impressed with the class-rooms which are built with the same directional lighting and radiant heating that were part of the Chelsea plans.

A light meter was used in the class-rooms by the Chelsea visitors. Between 3:30 and 4 o'clock it was found that in no part of the rooms was the light less than 15 foot-candles (a foot-candle is a unit of light measurement, being the amount of light given by a standard candle at a distance of one foot). Lightest parts of the room measured as high as 75 foot-candles. It is said that 10 foot-candles of light is considered good reading light.

A representative of Lewis C. Kingcoast and Associates, Inc., of Kalamazoo, was at the Comstock school when the Chelsea people were there. He told them he had shown the proposed Chelsea plan to the head of the U. S. Department of Education who declared

Polio Funds Campaign Is Lagging

Mile O' Dimes Board To Be in Place Saturday

Chelsea's March of Dimes campaign is moving rather slowly according to Mrs. Walter Mohrlock, local chairman. Factories and organizations have been personally contacted by Mrs. Mohrlock in an effort to spur contributions. Generous contributions are needed if Chelsea is to equal amounts raised here in former years. Response on the "Mile O'Dimes" board in front of the Chelsea State Bank last Saturday was gratifying, Mrs. Mohrlock said. The board is to be in place again on Saturday of this week.

According to figures of the National Foundation for Infantile Paralysis, 41,000 cases of polio were added in 1949 to the previous toll of four severe epidemics within a period of six years.

Of the more than 41,000 people stricken in this past year, 80% needed help, in whole or in part, from the National Foundation for Infantile Paralysis. This national wide organization, supported entirely by money that is contributed to the March of Dimes, has helped meet the cost of care and treatment for more than 150,000 polio victims in the past twelve years.

Its 2,800 chapters in every part of the nation form a great bulwark of resistance against the ravages of polio. Your own chapter stands ready at any time to help you and your family, if polio should strike. It stands ready with funds contributed to the March of Dimes to see that no person ever goes without the best available care and treatment because of lack of means. It does not ask that you be destitute. It does not ask that you drastically reduce your standard of living or go into debt. It asks that there be a real need—and that need is met quickly and efficiently.

March of Dimes funds paid for patient care for hospitalization, for special equipment and appliances, for dozens of items of expense necessary to treatment of patients. The dimes and the dollar contributed opened special polio wards—paid for beds, chairs and mattresses, for medical supplies, respirators, and hot pack machines, for crutches, braces and wheelchairs. They paid the salaries and maintenance of physical therapists and nurses, and financed the recruitment of medical personnel from all over the country to serve in hard-hit areas.

Demand for assistance in this record-breaking epidemic wiped out the local treasuries of National Foundation chapters in 44 states. But even when local funds were gone, service continued with additional March of Dimes money poured into the fight from the epidemic emergency funds of the Foundation's national office.

**County Chairman
Named for 1950
Red Cross Drive**

Herbert P. Wagner, business manager of the University Food Services, has been named chairman of the Washtenaw county 1950 Red Cross campaign for funds, it was announced today by Cecil O. Cren, chairman of the Red Cross Board of Directors in Washtenaw county.

Mr. Wagner served the Red Cross in the same capacity last year.

The goal for the county this year, according to Mr. Wagner, will be \$56,580, which is approximately the amount contributed last year.

The national quota for 1950 is \$67 million, which is slightly larger than last year's quota because there are now less reserve funds to apply than were available last year.

This amount, it was pointed out, will enable the national chapter to meet the increased demand of the national blood program and the need of service men and veterans and their families, which are continuing at a uniform rate.

All possible reductions have been made in the budget of the local chapter, Mr. Wagner explained, but it now takes more dollars to buy the same degree of service than it did a few years ago. The local chapter also has a smaller amount of reserve funds, contributed during the war, to apply to the current budget.

The chairman of the various branches in the county, and the quotas, will be announced next week, according to the county chairman.

First Robin Reported

The first report of a robin being seen in the community this year was given by Mrs. Cora Beisak yesterday morning. She said the robin was perched in a maple tree in front of her home on McKinley street and was singing a way as though he were trying to say "spring's here!"

MISS ALMA J. PIERCE

Miss Pierce Dies Last Thursday

Funeral services for Miss Alma Jane Pierce, who died at her home Thursday evening after a short illness, were held at the Staffan Funeral home at 2 o'clock Sunday afternoon. Rev. W. H. Skentelbury officiated and burial followed in Oak Grove cemetery.

Miss Pierce, who was 93 years old on September 16, 1949, was the sole surviving member of a family of eleven children, all of whom were born on the Pierce farm, just south of Chelsea, which had been owned by the Pierce family since 1832. The farm was sold last month. The land grant deed, assigning the farm to Miss Pierce's grandfather, Nathan Pierce, was signed on August 1, 1833, by President Andrew Jackson. Her parents were Hiram and Catherine Cassidy Pierce.

When Miss Pierce was about 20 years old she taught school for a short time in the Merkel school on Heim road. Following the death of her parents, Miss Pierce with a sister and brother, Miss Mary and Max Pierce, operated the farm until 1916 when the sisters moved to the present home at 115 Pierce street. The brother left for the west at that time. He has not been heard from since May, 1918, and is presumed to be dead. The sister died about 20 years ago.

Two years ago Miss Pierce gave to the village a portion of the farm, land adjoining South Main street, now being improved as a site for a public park to be called Pierce Memorial park.

She was a member of the Congregational church.

Survivors include cousins, nieces, nephews, grandnieces, grandnephews, great-grandnieces and great-grandnephews. The nieces and nephews residing in this vicinity are Elmer, Charles, Paul and Miss Alta Pierce, Harry Prudden, Mrs. Charles Wortley and Mrs. E. M. Eismann.

**Henry Musbachs
Celebrate Golden
Wedding Date**

The golden wedding anniversary of Mr. and Mrs. Henry Musbach was celebrated in the basement of the Chelsea Methodist church on Sunday, Jan. 22.

Relative, numbering in all, nearly 130, partook of a delicious dinner at 1 p.m. The guests assembled at the tables while Miss Marjorie Mitchell played the wedding march. Before being seated, the honor guests were presented with a corsage of yellow roses for Mrs. Musbach and a yellow rose for Mr. Musbach.

The bride's table was centered with a bouquet of yellow daffodils. A three-tiered wedding cake also adorned the table. Among the guests at the bride's table were Mrs. Carrie Klinker, sister of Mrs. Musbach, and Mrs. Lizette Beeman and Mrs. Martha Harvey, sisters of Mr. Musbach.

Guests were present from Curtiss, in the upper peninsula, Ypsilanti, Ann Arbor, Woodland, Jackson, Wayne, Stockbridge, Manchester, Dexter, Munith, Grass Lake and Chelsea.

After the dinner, the following program was presented: song, "Silver Threads Among The Gold," by the assembly; Solovox music, "I Love You Truly," and "Because," by Miss Marjorie Mitchell; reading, "Life," by Mrs. Lona Beeman; solo, "Love's Old Sweet Song," by Wilbur Beeman; remarks by Rev. O. W. Morrow; recordings, "Life Is Tenuous," and "Life Is Funny," by Lawrence Haschke; reading, "I Go Back Fifty Years," by Mrs. Nina Lehmann; presentation of gifts, by Mrs. Mae Beisak; response by Mr. and Mrs. Henry Musbach; song, "Blest Be The Tie That Binds," by the assembly.

Mr. and Mrs. Musbach have spent their entire lives in this vicinity. They lived on a farm in Sylvan township for many years before moving to their present home in Chelsea in 1918.

Mrs. Musbach who was formerly Mary Goodrich, was born Aug. 10, 1877. Mr. Musbach was born March 4, 1873. They were married at Salem Grove parsonage by Rev. Katterhenry on Jan. 24, 1900.

Mr. and Mrs. Musbach are members of the Chelsea Methodist church, Cavanaugh Lake Grange, and the Western Washtenaw Farmers' club.

POLIO AFTERMATH COSTLY

In the wake of an epidemic thousands are left who must receive medical care for months and years. This has caused an alarming drain on March of Dimes funds. The load is heavier today than it ever has been. Give generously to the 1950 March of Dimes, Jan. 16-31, to meet the tremendous need.

Attend Conference for Church Leaders

Mrs. Herbert Sanborn and Mrs. O. W. Morrow who attended the vacation church school leaders' training conference in Ann Arbor from Tuesday until Thursday last week reported that nine denominations were represented by the sixty participants present. Mrs. Sanborn, who was director of the Union vacation Bible school held here last summer under the sponsorship of the Congregational, Methodist and St. Paul's churches, is to act in the same capacity this year. She plans to call a meeting of committee chairmen of the three churches within the next few weeks to begin plans for the coming summer. Mrs. Sanborn said this week that she is hoping to get teachers lined up early enough so they can attend institutes to be held at key points throughout the county. At these institutes ideas gained by leaders at last week's meeting will be passed on to local workers. A number of the workers last year were enlisted too late to attend any of these helpful meetings. A nominal fee of 75 cents per person is charged for the first five representatives of a church attending the institutes and all over five from the same church may attend free of charge. These non-denominational meetings are sponsored by the Christian Education department of the Michigan Council of Churches.

Polio Funds

(Continued from page one)

In this one year, the National Foundation and its chapters paid out \$31,000,000 just to care for victims of infantile paralysis. That amount—\$31,000,000—is more than the entire nation contributed to the 1949 March of Dimes. "Is it any wonder," headquarters spokesmen ask, "that your National Foundation has gone broke in keeping up with its obligations to the stricken?"
 They continue as follows:
 "What is to be done? Shall we cut off help to many of those who depend upon us for assistance? Or shall we continue to fight this disease with our weapons at our command? The answer is obvious. We cannot neglect a single call

for help. We must raise more money.
 We must have money to train polio specialists, and to educate the public against fear and panic. There is no easy way out. If we want to win this fight we cannot stop giving. So, when you join the 1950 March of Dimes please give more. Give more than you have ever given before."
CARD OF THANKS
 We wish, in this way, to thank our friends, relatives and neighbors for the gifts and cards we received in observance of our fifth wedding anniversary. These many thoughtful remembrances and the good wishes extended to us helped to make the occasion a very happy one.
 Mr. and Mrs. James Dann.

Report cards were handed out
yesterday. All teachers will be in
their rooms from 7 to 8:30 p.m. on
Tuesday, Jan. 31, for consultation
with any parents who wish to see
them.
Pumpkin College school will pre-

sent a program over radio station
WPAQ at 1:45 p.m. Jan. 30.
There will be a basketball game
at Roosevelt tomorrow night.
The next home game will be
with U. High on Feb. 3.
There will be a girls' basket-
ball game Jan. 26 at 4:00 p.m.

GOSSIP COLUMN

One of the Chelsea girls missed
a long shot in the basketball game
with Stockbridge and a few by-
standers were heard to say, "It

isn't her fault; Heydlauff didn't
teach her any better."
We thought the teacher was
supposed to be carrying gasoline or water to
put out the imaginary fire in Mr.
Chandler's room during the pep
meeting last Friday?
Did you hear the poem Bob Vo-
gel wrote for English class? It
went like this:
"The wind went through a town,
Knocked two men and a woman
down,
The conductor's hand stuck through
the window
To see which way the wind
blew."

OTTER ASSEMBLY
Emil E. Liers presented an as-
sembly in the Chelsea High School
gymnasium Tuesday, Jan. 17. The
first part of the assembly was a
movie made by Mr. Liers showing
a long shot in the basketball game
and raised them. He also told how
helpful, harmless, and playful the
otters are.
Mr. Liers narrated the movie and
told how he discovered that the
common belief, that otters eat
mostly fish, is very wrong. Through
his research and observations he
found that the diet consists mostly
of crayfish which eat fingerling
bass and small trout. The otters
also kill water snakes which eat
large quantities of small bass and
trout.
After the movie Mr. Liers placed
two otters in a small tank and
they swam around in it with ease,
turning very quickly and floating
on the surface. While the otters
were swimming, he spoke of some
of his experiences with them.

saw a movie entitled "Dear Miss

the buying points to consider in
selecting sheets and pillows for
the home.

of sheets, pillow cases, linens,

SENIOR REVIEW
If you like bowling, or the
movie "The Best Years of Your
Life" or the song "It Makes
No Difference Now," you should
be able to get along with Jeanie
Schultz very well. In fact most
anyone should be able to, because
Jeanie says "Do unto others as
you would have them do unto you."
Jeanie has a friendly and very
well by the "Golden Rule" because
she is very well liked. Jeanie is
16 years old now and a hard-
working senior at Chelsea High.
She was born April 25, 1933 in the
city of Jackson. If you would like
to please her there is nothing she
likes better than a nice hike and
a chocolate bar, or anything choco-
late, for that matter. For a closing
thought, to keep on the right
side of this blue-eyed girl, by all
means do not call her "Eanie
Ultz."

PEP MEETING
The marriage of Chelsea and
Victory was portrayed in a pep
meeting given by the Journalism
club Friday. The "preacher" of-
ficiated at the ceremony, reading
from a "Seventeen" issue. The
club sang some appropriate
songs such as "Oh, What a Lovely
Bunch of Nuts," "Mule Train," and
"Chelsea Will Shine Tonight."
Flat Rock rushed onto the stage,
claiming Victory to be his bride,
but naturally, he was beaten by
Chelsea. At the end of the cere-
mony Pat Murphy, who had been
constantly walking slowly across
the stage, carrying a glass of
water, explained that Mr. Chan-
dler's room was on fire. Cheers
from the cheerleaders, speeches
by Mr. Stuits, Mr. Cameron, Mr.
Magers and Dave Crocker, and
the singing of the school song
completed the pep meeting.

can't help it. I just haven't had
time to study. What's more, I
don't like math; and I don't know
what the teacher is talking about
most of the time." Is there any-
thing you parents can do about
this situation? Did you check
your student's report card last
period and find a D or a period be-
fore with a C? Are you providing
for and insisting on some time at
home for study?
It is quite natural for high
school boys and girls to be more
interested in social activities and
sports than in their other school
work. If parents would keep a
close check on their children and
see that they allot time in their
busy schedules for study, many
heartaches over failures could be
avoided.
Next Tuesday, Jan. 31, from 7
to 8:30 p.m. is set aside for "con-
sultation day." This is when the
parents can consult with school
and talk with the teachers about their
students. Come on parents, let's
develop interest in your high school
boy or girl!

some time in the spring.
The band is also preparing for
a night-reading section of this

Movies ...
The Biology classes saw two

movies this week. The first one
was entitled "Digestion." It ex-
plained the process which starts in
the mouth when the food is mixed
with saliva. Then certain muscles
force the food downward into the
stomach where it undergoes fur-
ther digestion. When the food
leaves the stomach it goes into the
small intestine where it completes
th digestive process.
The second movie, "The Eyes
and Their Care," explained how
the eyes function. It also showed
how blindness or had eyesight
might result if infection entered
the eye.
The two ninth grade home rooms
and the tenth grade English
classes were shown a movie about
table manners. It demonstrated
some of the "do's and don'ts" of
table etiquette. The movie also
showed the various pieces of table
silver ordinarily used.

ONE of the grandest things about your Buick is the
way you can ignore the season—chew your way
through gravel and dust alike, splash through the wet
stretches, snug and secure even on slippery pavements.

But bear this one thought in mind...

Rough road conditions call for special attention to
your lubricants. Tires should be checked for correct
inflation—for deep, clean tread that bites on a
slick surface. Brakes won't stop you with a sure
and gentle touch if the master cylinder needs more
fluid, or if an air-bubble has worked itself into the
line. These things, and more, should be checked to
keep your Buick at its best.

If that sounds like more than one thought to bear
in mind—just drive into our shop and tell the man,
"LUBRICARE, please."

Our winter Lubricare treatment covers all these points
—with specially trained mechanics following factory
specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is sur-
prisingly low. The peace of mind is priceless.

Mr. Magiera's seventh grade history class saw a movie which dealt with the transportation problem in South America. This movie told how the ships were built and loaded, how goods were delivered to other countries, and how the ships were unloaded. It also told a little about the picking and drying of coffee.

SENIOR DOINGS

At a recent class meeting an agent was present to discuss with and help the seniors to select announcements for commencement.

The class is in charge of the March of Dimes campaign which is being held this week.

Class News...**NINTH GRADE**

The ninth graders recently saw a movie about table manners. This movie was in keeping with "Good Manners Week" which the Home Economics girls are sponsoring.

ELEVENTH GRADE

The eleventh graders have completed the menu for the all-high supper preceding the U. High game. The menu consists of meat loaf, salmon loaf, scallop potatoes, Polish plate, rolls, butter, Jello and cake.

The committee has met and the food has been assigned to each student.

JUNIOR HIGH NEWS**SEVENTH GRADE**

The boys' basketball team defeated the seventh grade team 16 to 14, but lost to Dexter, 60 to 21.

The seventh graders spent two hours at the Chelsea library trying to learn how to use the card catalog, reader's guide, encyclopedia, biographical data, almanacs and atlases.

EIGHTH GRADE

The eighth graders went to the library to learn how to use reference books.

This semester they are having home economics and shop instead of science.

From where I sit... by Joe Marsh

Give Us Back Our Sidewalks, Slim!

I wrote that over an article in the Clarion last week, but I didn't like doing it. After all, the man it was aimed at—Slim Henderson—is a good friend of mine.

Slim came into quite a windfall last month, and bought the old Clarke place. The deed gave him title to all the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim comes around and wants to know what I mean—get-

ting folks riled against him. I felt ornery myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd cooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalk should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!

Cleans 20-COW Barn in 10 MINUTES!

FLIP A SWITCH . . . SAVE AN HOUR A DAY

You save at least an hour a day over hand shoveling . . . and you save your back! Twenty-four hours produce over HALF TON of manure in twenty-four hours. Save all that time and labor with a Jamesway "Shuttle Stroke" Barn Cleaner.

This cleaner is entirely different from any other. There are no chains, sprockets or other messy plunder in the gutter mechanism. Just a smooth drive rod with streamlined paddles attached. The Jamesway Barn Cleaner can be used in barns where the gutters are of uneven length, in single gutter barns or two or more gutters. No cross gutters are needed.

The outside conveyor and elevator dump the manure directly into spreader. You simply snap a switch, go on about your other chores and in a matter of minutes the job's done. We'll be glad to give you an estimate on a Jamesway "Shuttle Stroke" Barn Cleaner for YOUR barn. Better investigate soon.

License Plate Sale

(Continued from page one)

and, the last minute rushes are exceedingly costly to the state. To complete the sale by Feb. 28 in the 34 week days remaining, more than 63,000 people must apply daily, and unless the average daily sales pick up very soon, indications are that in the last few days of the sale we will be faced with the almost impossible task of handling hundreds of thousands daily. ad28

Certainly there are many, many cases where for various reasons motorists must postpone licensing, but if the great majority of those with whom delay is not mandatory will "shop early," a great deal of difficulty to the public and to the state can be eliminated. ad28

Rev. Major's New Iowa Church Is Nearly Completed

Chelsea friends of Rev. and Mrs. Everett R. Major will be interested to learn that the new Willard street Methodist church at Ottumwa, Ia., of which Rev. Major is pastor, is now nearing completion. The 87-foot steeple, with its copper-covered cross, rising 92 feet above the ground, was hoisted into place two weeks ago today, on Jan. 12. ad28

The new \$200,000 church replaces the church building which was destroyed by fire two years ago, shortly after the Majors arrived there. Rev. Major had been pastor of the Chelsea Methodist church from 1944 until 1947 when he took charge of the Ottumwa church. ad28

Rev. Major is hoping to hold the first service in the completed church on Easter morning. An added feature of the program was singing by the self-styled "Terrible Trio," which included Mrs. Kayser, Mrs. Riemen-schneider and Willard Pearson. Group singing was also enjoyed. ad28

The church is of colonial-style architecture with tall white columns at the front entrance. The wooden chancel is to be white also, in keeping with the colonial theme, while the sanctuary will contain 40 pews of limed oak finish. Most of the pews are being purchased by individuals and families as memorials and will bear memorial plates. ad28

nearly one-third of the total agricultural income, was represented by a dairy snack bar presided over by the 1949 dairy queen, Miss Jane McKimmy, 17, "Beaverston" high school student. ad28

Approximately 140,000 farmers in Michigan have one million cows daily producing milk supplies for use as a health-giving beverage, butter, cheese and other dairy products. ad28

Last December 19 a four year old Holstein cow, "Minnow Creek Eden Repeat," completed one year lactation period during which time she produced 35,243 pounds of milk. This set a new national record for volume of milk production, and it gave to Michigan another championship honor in the field of agriculture. If all of the butter fat produced by this one cow had been processed into butter, it would have totaled 1,530 pounds! ad28

Member newspapers of the Michigan Press Association, Inc., most of which are in small towns and rural areas, take great pride in the 1949 achievement of 170,000 farms which produced more than \$600,000,000 of agricultural products. ad28

In volume this record exceeded previous yields, but in value, due to decline of commodity prices in 1949, it was somewhat below the previous year's high. ad28

These achievements are taken from a miniature newspaper front page which was distributed to newspaper editors and their guests at the dinner. Co-sponsors of the "All-Michigan Dinner," was the Michigan Department of Agriculture, administered by the Michigan Agricultural Commission. ad28

Two Acquitted on Hunting Charges

The trial of Julius Haydue on charges of hunting without permission in Sylvan township last month was held in Municipal court in Ann Arbor, on Jan. 19. Haydue had pleaded not guilty at a hearing held Dec. 24 and posted a \$25 bond for appearance for trial on Jan. 19. ad28

At the trial he waived a trial by jury and won a verdict of not guilty before Judge Francis L. O'Brien. Haydue is a Detroit resident. ad28

Similar charges against George Marko, also of Detroit, were dis-

missed on motion of Conservation officer Don Lee Boyer, it was reported.

"MEDICAL MEETING"

By Mildred Walker
"Medical meetings are to doctors and their wives what picnics are to children," Liz Baker says early in the story. But the medical meeting in Chicago to which Liz and her husband journey in high hopes and at which Dr. Henry Baker presents his paper on his discovery of a new life-saving drug, microcycin, is far from being a picnic. ad28
