### 5 Charter Members Are Still Active in Work of Local Club

The Kiwanis club's 28th birthday was the occasion for a turkey dinner served in the Methodist church social center Monday evening. Guests present, in addition to wives of members, were Kiwanians from Ann Arbor, Brighton, Dexter, East Ann Arbor, Westmore Lake, Ypsilanti and Jackson. Among these were Mr. and Mrs. Robert Allen of Jackson, who have attended all of the 28 birthday observances of the Chelsea club.

George M. Fulton, president of the Jackson club which sponsored the Chelsea group when it was organized, and Robert Lyndon, president of the Dexter club, which was sponsored by the Chelsea club, each spoke briefly during the after-dinner program.

John E. Hoey, of Dexter, past lieutenant-governor of Kiwanis District No. VI, was toastmaster and was introduced by Charles Lancaster, Kiwanis club president. Rev. W. H. Skentebury gave the invocation.

The address of the evening was given by Rev. Robert Richards of the Plymouth church. His topic was "What Price Freedom?" and he brought out in interesting fashion what he meant in his own life to be really free as an American. Rev. Richards is a native of Wales.

Carol Ann Mayer entertained with several vocal selections, accompanied on the piano by her mother, Mrs. Carl Mayer, and Joan Robinson, of the U. of M. School of Music, presented several numbers. Miss Robinson calls her accomplishment "dual-control throat whistling." She also played a special piano arrangement of "Tea for Two."

Niehaus, the three charter members present, were called upon to sing "Mary Lou," one of the songs which was popular in the early years of group singing at Kiwanis meetings. Wilkinson on Old US-12 Tuesday evening to hear Miss Esther Middlewood, head of the educational division of the State Department of Mental Health give an interpretation of children's behavior. Her explanation of the reasons for children's "naughtiness" put much of the blame on the adults who are in charge of the children because they are the ones who have given the children their behavior patterns.

A very short business session was held after the meeting opened and following Miss Middlewood's talk, refreshments were served by the committee which included Mrs. Leigh Palmer, Mrs. Herbert Sanborn, Mrs. John Hale, Mrs. Leon Fox, Mrs. Charles Cameron and Mrs. Paul Maroney.

## Parents Are Advised on Disciplining

### Judge Breakay Says Good Parental Example Is Best

Judge James R. Breakay, Jr., spoke at the Junior-Senior High School PTA meeting Monday evening on the problems of parents in the discipline of their children. He said one of the most important factors in the proper upbringing of children is for parents to attend church regularly with them.

Sending children to church and Sunday school is not enough, he said, because it is the active participation of parents which provides the good example. Parents should also actively participate wherever possible in school activities to further cooperation between the school and home, Judge Breakay stated.

Judge Breakay was introduced by Charles S. Cameron, Chelsea High school principal.

The Junior High chorus entertained the 50 members and guests present with a half-hour program of music and jokes arranged as a minstrel show. The show was presented preceding Judge Breakay's talk.

The business session was opened with the PTA prayer, read by Mrs. William Geddes.

A letter from the Chelsea Recreation Council in regard to support for the coming summer's work was tabled until the next meeting. John Magiera, Mrs. Russell Baldwin and Mrs. Olive Weir were appointed to act as nominating committee for the coming election of officers, and Miss Marilyn Nanny, Mrs. Carl Mayer and Joan Robinson, of the U. of M. School of Music, presented several numbers. Miss Robinson calls her accomplishment "dual-control throat whistling." She also played a special piano arrangement of "Tea for Two."

Mr. W. McClure, P. G. Schabale and P. F. Niehaus, the three charter members present, were called upon to sing "Mary Lou," one of the songs which was popular in the early years of group singing at Kiwanis meetings. The remaining charter members are John L. Fletcher and Warren Daniels, neither of whom was present at the birthday party.

**New Hybrid 125  
Boosts Sugar Beet Yield 13%**

Michigan Agricultural Experiment Station has developed male-sterile and normal flowering strains of sugar beets that were crossed together to increase the yield of this valuable crop. The result is the new Hybrid 125, showing an average tonnage increase of 13 per cent over ordinary commercial sugar beet varieties. Researchers used careful selection and inbreeding for several generations from varieties with valuable characteristics. For further information, telephone, write or visit your County Agricultural Agent.

**Telephones in "Shirtsleeves"**

All telephones are mechanically about the same. But special uses call for special "work clothes" for some telephones. Michigan Bell supplies these instruments where needed. Shown here are: (1) telephone for four mills, gasoline storage plants, etc., with operating parts sealed so no spark can set off an explosion; (2) portable telephone with a cord that can be plugged into outlet boxes; (3) wall type, used near shelves, etc.; (4) outdoor telephone. These telephones do special jobs more efficiently—and that means better service all along the line.

## What's Your Notion of Magnificent Motion?

WE'll admit that we're taking in a lot of territory when we use a word with the definition shown above.

But no lesser term can do justice to all the things that make a Buick such a joy to drive and to own.

Splendor and sumptuous adornment you'll certainly find in its rich interior—grandeur you'll certainly find in the mighty flow of its power.

But this is only background for what is justly termed its Million Dollar Ride.

Yes, sir, magnificent is the word for this majestic beauty in motion.

There's such an earth-hugging, mile-skimming feel to it, as it bullets along the highway.

It holds a straight course without weave or wander—seems to snug down to the road on curves.

A massive X-braced frame gives it solidity. A torque-tube firms its keel. End-sway and side-roll are neutralized. The engine is Hi-Poised mounted on rubber pillows—and big, soft-acting coil springs on all four wheels soak up the jars and jolts, float you over road-ripples, "washboard gravel" or weather-pocked macadam as if they weren't there.

Even its Dynaflo Drive\* contributes to the smoothness of its forward motion by cushioning the transmission of its power.

How about taking one of this year's Buicks—SPECIAL, SUPER or ROADMASTER—on a cruise of discovery all your own?

Touch off its Fireball 8 Engine that's a gas-saving high-compression valve-in-head—head it out for the roads you know by past experience—and let it speak for itself. Even the price tag is eloquent proof that this is the car for you.

Equipment, accessories, trim and models are subject to change without notice. \*Standard on ROADMASTER, optional at extra cost on other Series.
