

JCC Speaker To Appear Before C. of C.

Entertaining Speech
Designed To Promote
Good Americanism

JACK LA VANWAY

Jack La Vanway, chairman of the speakers' bureau of the Jackson Junior Chamber of Commerce, will speak at the Chelsea Chamber of Commerce meeting next Tuesday evening on the topic, "Slavery Next?"

The talk is described as a constructive comparison of the American way of life with that of other countries, both contemporary and historical, and is in line with the national JCC project of promoting Americanism.

La Vanway has given his talk 95 times during the past year in the central Michigan area, and it has always proved entertaining, informative and interesting, according to all reports. It is the joint effort of six or seven Jackson Junior Chamber of Commerce members who worked out its presentation. A "slip board" technique is used, involving the use of an easel with a felt face which holds in place the various facts and figures the speaker "slaps" on to emphasize his points.

Suggestions are offered, during the talk, on ways in which the American people can keep what they have and improve on it.

Anyone wishing to attend the meeting may arrange to do so by contacting any of the local Chamber of Commerce officers.

FOE Auxiliary Entertains Ladies at Colonial Manor

In observance of Mothers' Day the FOE Ladies' Auxiliary entertained the ladies at the Colonial Manor. Convalescent Home and served ice cream and cake. The committee in charge of the project included Mrs. Cora Lett Miller, the president; Mrs. Helma Franklin, secretary; and Mrs. Dorothy Lentz, conductress, of the local Auxiliary.

The FOE Lodge and Auxiliary emphasizes annually the part played by the organization in the movement to set aside a day for a national observance of Mothers' Day. FOE records show that Frank E. Hering, in an address at an Eagle memorial service, Feb. 7, 1904, at Indianapolis, Ind., made the suggestion for a national observance of the day. Eagle calendars, the records state, had listed the second Sunday in May as Mothers' Day two years before Congress officially designated it as the date for the observance.

Allen, 30, who was a tenant in the Stacey home, and the shooting occurred during a drunken brawl involving the accused woman and her tenants.

Allen's death was said to have been almost instantaneous after he was shot in the abdomen at close range with a 12-gauge shotgun.

Sheriff's officers who investigated the shooting, reported that the suspected slayer was seen leaving her home carrying the shotgun a few seconds after the shot was fired, and neighbors reported that they saw her break open a door and discard an empty shell which was later recovered by officers.

Allen's wife who denied having any part in the slaying, was in the house with the body at the time officers arrived on the scene, but was too intoxicated to make a coherent statement.

The murder warrant against Mary Stacey was ordered Friday by Assistant Prosecutor John De Vine. She has denied the charge.

Supervisors Put OK on Ann Arbor Site for New Court House

Bond Issue To Finance Construction
Will Be Referred to Voters on Fall Ballot

Construction of a new Court House on the present site in downtown Ann Arbor was approved Tuesday afternoon by the Washtenaw county Board of Supervisors. Supervisors voted 28 to 7 in approving the proposal.

It was also voted to place on the November ballot a proposal for a bond issue to finance the construction of the proposed building. Amount of the bond issue is still to be determined, but it is believed it will be approximately \$3,000,000. Tentative plans for a Court House, designed by R. S. Gerganoff, estimate the cost of a proposed U-shape design on the present site at approximately \$2,650,000.

Clyde Donald, Grand Chaplain of the Grand Lodge of Free and Accepted Masons of Michigan, memorial crosses will be placed at the graves of several other former members of the Commanderies.

After the services, the Commanderies will return to the Chelsea Masonic temple where refreshments will be served by a committee under the direction of Paul P. Belser, who is a Past Commander of the Ann Arbor Commandery.

Mother-Daughter Banquet Held by Salem Grove Group

An estimated 90 mothers and daughters attended the Salem Grove Mother and Daughter banquet held at the church Saturday evening. Mrs. N. F. Kennedy, children's worker of the Ann Arbor district of the Methodist Church, was the speaker.

The toast to mothers was given by Leah Jane Wahl and Mrs. Leonard Loveland responded with a toast to daughters.

A corsage was presented to Mrs. Carrie Richards as the oldest mother present. Potted plants were given to Mrs. Nina Wahl, who, with four daughters present, was the mother with the most daughters, and to Mrs. Walter Bauer, the youngest mother. Mrs. Bauer's daughter, Marilyn, shared honors as the youngest daughter present and received a pair of milk mugs inscribed with Bible passages.

Other program numbers were as follows: a song composed of rounds, by Leah Jane Wahl, Mrs. Robert Robbins, Marjorie Wahl and Jean Schweinfurt, directed by Mrs. Leonard Loveland; an exercise, "I Love My Mother," by Joyce Colvia, Loretta Wahl, Judith Panzer and Joan Wahl, under the direction of Mrs. Irene Hartman; community singing directed by Mrs. Robbins and Jean Schweinfurt; a reading, "With Mother in the Garden," by Mrs. Robbins; and acclamation selections by Janet Loveland.

Mrs. Harold Wahl was program chairman and introduced the toastmistress, Mrs. Glenn Rentschler.

Plate Glass Shatters Early Hour Stillness as Lamp Post Topples

The large plate glass window in Winans' jewelry store was smashed about 7:15 a.m. Tuesday when a backing truck broke off a lamp post causing it to fall against the window. There was no damage to any of the jewelry or glassware on display in the window.

The truck, owned by Finkbeiner Lumber company, was being driven by Fred Prinzing. According to an account of the accident, Prinzing was attempting to back into the alley next to the store when the motor stalled and the truck rolled back slightly, striking the lamp post.

The 72x144-inch plate glass was replaced shortly after noon.

Proponents of the new Court House project say that if the bond issue does not carry, necessary repairs to the present outmoded Court House building will cost the county increasingly large sums which, they say, will only be wasted money as a new building will eventually have to be constructed anyway.

Leigh Beach, Lima township supervisor, was given special credit for the outcome of the vote by M. G. Taylor, chairman of the Ann Arbor Citizens committee. Taylor was quoted as saying that Beach was a logical leader for the project because of his reputation of being right and doing right during the past 25 years.

Supervisor Rugh and Ann Arbor Supervisor Paul Proud, Jr., presented the report calling for construction of a building on the present Court House site and for following through with the bonding proposal.

This report was added as an amendment to one signed by Supervisors Emory Mulholland of Superior township, Donald Silkworth of Ypsilanti, and William K. Kelly of East Ann Arbor which called for unity so as to insure passage of a bond issue.

Kelly later urged an advisory vote by electors of the county on the site question but his motion was defeated. Such an advisory ballot was labeled by opponents as "a way to delay the question."

Thor Marsh, of Ypsilanti, who headed the opposition, headed the Washtenaw Avenue site.

He reportedly expressed his willingness to bow to the majority decision of the Board of Supervisors.

Authorization of a millage increase, as well as authorization of the bond issue must be approved by electors of the county at the November election if construction of the Court House is to become a reality.

Voters of the county defeated a Court House proposal in April, 1950.

Square dancing was the evening's entertainment following the business session Monday evening. Don Johnson, county agricultural agent, was caller for the dances.

Health Department Explains Need for Additional 'Shots'

During the recent immunization clinics sponsored by the Washtenaw County Medical Society and held in the Chelsea schools, 166 children were vaccinated against smallpox, and 201 children were inoculated against diphtheria and tetanus.

The County Health Department wishes to remind parents that those children who received a tetanus inoculation for the first time, need two more "shots" for full protection from "lockjaw." One "shot" should be obtained from the family physician one month after the clinic inoculation, and the other two months after the clinic inoculation.

The single injection given at the clinics will restore protection in all children who have received a full tetanus immunization course or a booster tetanus dose within the past six years.

INSTANT HOT WATER

What's more annoying than to find somebody has used all the hot water
when you are set for a bath — or to have to wait for more water to heat
when you are in a hurry to wash the dishes?

This spring is the time to replace your old-fashioned water heater
with a new, guaranteed automatic GAS water heater that will give you
plenty of Instant Hot Water for all your family and household needs
every minute of the day and night.

No modern convenience in the home costs less or is appreciated more
than automatic hot water. And remember, GAS heats water faster and
at less cost than any other automatic method.

Your plumber, dealer or the Gas Company will deliver and install an
automatic gas water heater for a small down payment. Balance can be
spread over two years.

MARTIN STEINBACH, OWNER

You can swing it if you try

HAVE you, by any chance, been casting eyes at a Buick, and promising yourself that someday you will take the Big Step and have one all your own?

Let us whisper something to you. The "big step" isn't big at all.

We know that's true, because such a high percentage of present Buick owners traded in a car tagged as belonging in "the low-priced field."

So why not set your sights on this star performer?

Why not enjoy big-car comfort—big-car power—big-car prestige for your money?

There's one of these lively lovelies waiting for you to come in and try it.

Get the feel of its mighty Fireball 8 Engine, that's a gas-saving high-compression valve-in-head. You could pay \$300 to \$400 more for a car that doesn't match its horsepower.

Get the feel of Dynaflo Drive*, that lets you ride relaxed—feels a silken flow of power—and at the same time cuts down on upkeep costs, by protecting the engine, the rear end, and even the tires, from driving strains.

Get the feel of a ride that cost a million dollars and more for

controls of end-sway and side-roll and vertical "throw"—for X-bracing the frame and V-bracing the torque-tube keel—for a total of 15 ride-engineering features.

One thing you'll know for sure when you've tried it. This car wasn't "built to a price." It's a Buick through and through.

But the fact remains that—when you check the price of a Buick SPECIAL against the price tags on so-called "low-priced cars"—you'll find out you can swing it if you really want to.

And brother, will that make your family happy!

Let us show you how good baled hay can be

The best way to judge hay quality is to examine it in the barn this time of year. Here are some things you will notice about rolled bales:

- The hay is bright and green — just like it was baled.
- Leaves are sealed inside the bale — almost no leaf loss during handling.
- Bales that have been rained on are still good — they shed the showers.
- Rolled bales handle without waste — won't buckle, break or fall apart.
- Rolled bales are easy to feed — rolled out, cut open or fed whole.

Let us show you why hay in rolled bales is winning blue ribbons for quality at leading shows. Your livestock needs the best.
