BREWSTER PEABODY

**Fund Started
To Provide Aid
for Smith Family**

Though Chelsea residents were stunned and saddened by the depth of the tragedy which Saturday evening struck a local family, that of Claire Smith, 115 1/2 South Main street, they nevertheless turned immediately to the task of aiding and comforting the survivors.

Sponsored jointly by the Chamber of Commerce and the Kiwanis club of Chelsea, a fund called simply the "Smith Fund" has been set up, proceeds of which will be presented the survivors of the quadruple tragedy. General treasurer of the fund is Robert Foster, any business establishment in Chelsea will accept contributions for the fund. Those who prefer may mail contributions to the Smith Fund, Chelsea, Michigan.

No one would presume to suggest that a substantial cash collection would assuage the grief, nor alleviate the sense of loss under such circumstances. It would, however, do much toward making life less worrisome and more endurable. Their loss is sufficient burden, without having to be additionally burdened for years to come with the heavy debt resulting from the accident.

C. Smith Children**

VIRGINIA SMITH, 16

Virginia was born Dec. 16, 1935. She was in the tenth grade at Chelsea High school. Three award certificates she was to receive at the end of the present school year were put in her casket with her. They were a first-year High School Chorus certificate and GAA awards in bowling and volleyball.

CLAIRE SMITH, 12

Claire Smith was born in Ann Arbor, July 21, 1939, and was a student in the seventh grade. She would have observed her thirteenth birthday in a little less than two months. She attended services, and Sunday school at the Chelsea Methodist church with her sisters.

GERALD SMITH, 10

Gerald, the only boy in the family, was a Cub Scout and was very much interested in the activities of his den. Leader of Den 5, of which he was a member, is Mrs. Alfred Mayer. He said "Jerry" loved Cub Scouts and regularly attended all meetings. He was intrigued by machinery of all kinds and regularly stopped to watch the presses in the composing room of The Standard. His tenth birthday was March 27. He was in the third grade.

Little Linda attended kindergarten and was looking forward to the first grade next year. The youngest of the family, she was born Oct. 4, 1946. Ann Arbor was her birthplace, as it was for all of the children.

**Parents Survive
Pleasure Ride
in New Automobile**

An automobile crash at Beck and Ecorse roads, at 9:21 p.m. Saturday took the lives of four children of the Claire Smith family and resulted in injuries to both parents.

The tragedy, one of the worst ever to strike this community, occurred while the children and their parents were enjoying their first ride in their new Pontiac car.

Of the four children who lost their lives, five-year-old Linda and Claire, 12, were pronounced dead on arrival at Wayne County General hospital where all the crash victims were taken. Gerald, 10 years old, died at 3:15 a.m. Sunday, and Virginia, 16, died an hour and a half later, at 4:45 a.m.

Virginia was the daughter of Mrs. Smith by a former marriage to Alfred Titus, of Chelsea, a brother of Mrs. Frank Reed. Following her mother's marriage to Mr. Smith, Virginia became Mr. Smith's daughter by adoption.

A fifth child, 14-year-old Monica, was not with the family at the time of the accident as she had remained in Chelsea to do some work for Miss Mabel Fox, one of her teachers.

The father, Claire Smith, at first believed more seriously injured, suffered a cerebral concussion, fractured right thigh and multiple bruises. He was removed Monday to St. Joseph's Mercy hospital, Ann Arbor.

Mrs. Smith, the former Jenny Wagner, daughter of Mrs. Martha Wagner, was released from the hospital Monday. She had sustained leg injuries.

The scene of the accident is just across the eastern Washenaw county line in Van-Buren township, Wayne county. The Smiths' car was struck broadside by a car in which three Ypsilanti area men were riding. The three men, all reported to have been critically injured, are Elroy Abeid, the driver, Richard Bloom and Thomas Burns.

A witness who was driving behind the Abeid car, reported to sheriff's deputies that the car was traveling at about 70 miles an hour at the time of the crash.

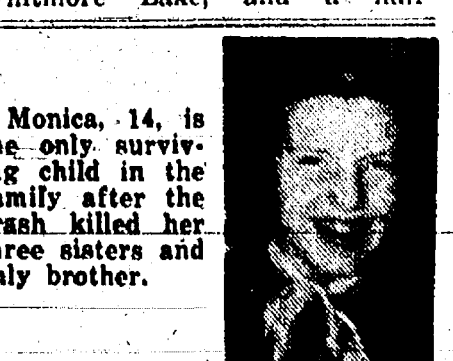

Mr. and Mrs. Smith and the children were returning home from Belleville where they had visited the James Schilz family, former Chelsea residents. Their new car had been driven only 47 miles at the time of the crash.

Funeral services for the four children were held at the Methodist church at 2:30 Wednesday afternoon, with Rev. Vern Panzer, pastor of Salem Grove Methodist church, and Rev. David Bryce of Chelsea Methodist church, officiating.

Chelsea business places closed from 2:15 until 3:15 during the services and high school classes in grades seven through twelve were dismissed at 2:20 to permit pupils and teachers to attend the services. Cub Scout groups, of which Gerald was a member, also attended.

The Chelsea Chamber of Commerce and the Kiwanis Club of Chelsea have taken action to sponsor a fund to assist the Smith family in meeting the heavy financial burden resulting from the accident.

The children, are survived by their parents; the sister, Monica; their maternal grandmother, Mrs. Martha Wagner; two half-sisters, Mrs. Herman Reed, of Chelsea, and Mrs. Bernard Withey, of Whitmore Lake, and a half-

brother, Byron Smith, of Avon Lake, Ohio, the three children of Mr. Smith by his former marriage; four uncles, Erwin Wagner, of Willow Run, Elijah Reed, of Indiana, and Frank and Herman Reed, of Chelsea; and three aunts, Mrs. Sylvester Hamilton, of Plymouth, Mrs. Lewis Kimball, of Wellston, and Mrs. Lawrence Willett, of Manton. Mrs. Frank Reed, of Chelsea, is a surviving aunt of Virginia.

The street repair contract was awarded to the T. F. Flynn company of Detroit, and the sidewalk work to Andersons, of Grass Lake.

**Dr. J. V. Fisher
Named Recreation
Council Chairman****BULLETIN**

John Maciver and Mrs. Basil Shell were appointed directors of the Summer Recreation program for 1952 at the Recreation Council meeting last night. The summer program begins Monday, June 16.

Dr. J. V. Fisher has been named chairman of the Chelsea Recreation Council for 1952. A meeting of the Council was scheduled for last night at which time, it was believed, a decision would be reached on the selection of a director for the summer's activities. Council announcements stated that Mr. and Mrs. Robert Harvey, who were in charge of the program the last two years, will not be available for the work this year.

Last night's meeting was to be held at the school.

Officers of the Recreation Council, in addition to Dr. Fisher, are Mrs. Charles Winans, co-chairman; Mrs. Stephen Slane, secretary; and Harold Sopper, treasurer.

Mrs. Lawton Steeger has been named as a member of the board of directors. Also on the board of directors is John Alben.

**Registration Date
Extended for Fluoride
Dental Treatment**

The Elementary PTA committee in charge of arrangements for the dental fluoride treatment for prevention of tooth decay among school children, met Friday evening at the home of Mrs. P. E. Harward, committee chairman. Present for the meeting were Miss Belle McKinney, Washenaw county health nurse, and Miss Ruth Rogers, dental health consultant from the Michigan Department of Health.

The registration deadline has been extended to June 10, and it was emphasized that all children of Chelsea and the surrounding rural area may apply for the treatment. Payment of a registration fee (\$3.00) must be made when application is made, but the fee will be refunded if for some reason it is found later that the child will not be taking the treatment. The committee decided Friday that 50 more applications can be accepted.

The date for the beginning of the treatments was set for Friday, July 12. Children who should take the treatments this year are those entering the kindergarten next fall and those now in the second, fifth and eighth grades.

Elementary PTA Penny Carnival Was Huge Success

Penny Carnival, held April 25, in the Chelsea Agricultural school, was declared to be a "huge success" by Mrs. Alfred Weimann and Mrs. Fred Seeley, Jr., chairmen of this year's annual event which is sponsored by the Elementary PTA. Reports of the carnival were given at Wednesday's PTA meeting.

The outstanding success of the undertaking was made possible by the volunteer help of parents and teachers, and assistance by local merchants; it was stated by the chairmen.

Mrs. John Chaplin, the newly-re-elected president of the organization, assisted the general chairman with the carnival.

Financial profit earned from this yearly money-making project has in past years purchased a movie projector, a slide projector, two record players, films and records.

The Elementary PTA sponsors the Brownies and has bought uniforms for the leader scouts; helped buy the basketball uniforms for the Junior High school boys team; for the past two years has given \$100 each year to the summer recreation program; purchased 1,000 bottles of milk to be used by needy children in the milk program. They also pay for outside speakers at PTA meetings. Although no money will be involved, this organization will also assist in the fluoride dental treatments to be given again this summer for the benefit of Chelsea children. The clinic begins this year on Friday, July 18.

Prizes given each year in the grades as an incentive for an excellent parent participation at the annual Parents' Night event are also purchased by the Elementary PTA. They were won this year by Mrs. Stadler's fifth grade section and Mrs. Gadd's second graders.

Mrs. Chaplin complimented those who assisted and those who contributed to the success of the carnival.

Other reports given at the meeting included one by Mrs. P. E. Sharrard on the fluoride dental program this year, and one by Mrs. Mac Packard, giving final totals of the savings stamp program.

Mrs. Packard's report stated that 21 completed bonds (\$25 denomination) were included in the sales which amounted to \$1,152.90. The number of children participating was given as 140.

The PTA voted to contribute \$100 to the summer recreation program providing the project is carried out this year.

The program for the evening was in charge of Mrs. Albert Johnson and Mrs. Lewis Bernath. Awards for a variety of humorous contests were presented Basil Shell, Mrs. Claude Biles, Mrs. M. The car that wears its own Sun Glasses

2-door, 6-passenger Super Riviera.

YOU may have to look twice to see it—but a lot of the new Buicks have a soft blue-green tone in all glass areas—plus a slightly darker band which shades down from the top of the windshield.

And you have no idea what comfort all this adds to hot-weather driving.

Its name is "Easy-Eye Glass"—which tells only half the story. While it filters out 18% of the glare (and tones down the dazzle of oncoming headlights at night)—it also cuts down sun-heat as much as 50%.

So it's the best cure we know for hot laps in summer driving, when the sun beats down on the windshield.

Maybe you'd like to try this out before you buy your next car.

And while you're trying it out—you can also discover how it feels to boss around a Fireball 8 Engine, that puts its own exclusive added wallop into a high-compression valve-in-head power plant.

You can sample the sure-footed way a Buick settles into a curve—the way the front wheels seem to seek their course automatically—the smooth surge and falterless ease with which Dynaflo Drive* feeds the power—the level confidence of Buick's million dollar ride.

You can get an idea also of the room, the comfort, the smartness, the thrill

that your dollars buy in this brilliant performer.

So why not arrange for a demonstration soon?

Helicopter rotor helps control orchard frost damage

This 22-foot helicopter rotor, spinning atop a 20-foot tower at a Michigan State College test installation at Beulah, Michigan, was found to reduce danger of frost damage under certain conditions. Night temperatures at 300 feet are sometimes 20 degrees warmer than those nearer the ground, and the helicopter rotor pulls down the warmer air and mixes it with the cooler ground air. In one test, the ground temperature 40 feet out from the machine rose from 28 to 35 degrees within a half hour after the rotor started. When orchard heaters were used with the wind machine in the same test, the temperature went from 28 to 38 degrees. For more information on this new weapon against frost damage in fruit orchards, write or telephone your County Agricultural Agent.

Efficiency speeds rural telephone service

In telephone work as in farm work, experience generally adds up to newer, better, faster ways of doing things. The men you see adding more telephone wire and cable in rural Michigan have plenty of telephone experience behind them. Last year alone they used that experience to increase by 9,000 the number of telephones in Michigan's rural areas. Today, 3 out of 4 establishments in Michigan's rural territory have telephones. And we're adding more just as fast as we can.

KIDS Love It!

It's no laughing matter when youngsters don't get plenty of Vitamin D—Vitamin D deficiency can be a cause of defective teeth and rickets, a disease which causes poor development of bone structures. And, it's so easy to get plenty of Vitamin D from Weinberg's Vitamin D Milk—every quart contains 400 U.S.P. units of Vitamin D, the recommended daily amount for every growing child. Make sure you have plenty on hand.

David Bertke Wins Second in State 880

David Bertke placed second in the 880-yard run in the Class C state contests at Ann Arbor Satur- day.

He had placed first in the re- gional contests at Ypsilanti. Because the date for the regional meet was the day the seniors were to return from their cruise, Da- vid's parents, Mr. and Mrs. Roy Bertke, went to Detroit with the intention of meeting the boat and getting him to Ypsilanti in plenty of time for his run. But the boat was two hours late, so David got off at Port Huron and caught a bus to Detroit. A hurried trip to Ypsilanti got him there with 20 minutes time to dress and get ready for the run in which he won first place.

Other Chelsea youths who placed in the regional meet are John Bauer, 880-yard run, and his brother, Jim Bauer, in the mile.

The number of votes sent by postcard to the program by today will determine the winner in her division.

Most of Carol's friends here believe she will win and if she does, she will appear on the pro- gram again next Sunday to receive an award.
