Music Program To Be Started for Grade Students

A basic music program is being instituted in the fourth and fifth grades of the Chelsea Agricultural School, following its approval at the meeting of the Board of Education Tuesday evening. In the fourth grade the instrumental medium will be the tonette, while fifth graders will study the piano by means of cardboard key-boards and music books. Pupils will be instructed by means of records. The regular instrumental program begins in the sixth grade. All three grades also have the regular vocal music program.

A school facilities program survey will be made in the local school area as a part of the total state school facilities survey to determine what facilities will be needed through 1950-1960. At the meeting Tuesday it was proposed that a lay advisory group should work with the school officials in making the survey. The project is sponsored by the State Department of Public Instruction.

Plans were discussed for a change in the school bus schedules on the two southern routes. The schedule will be announced as soon as arrangements are completed. The 30-passenger bus, now used principally for transporting kindergarten, will be put into use on the two routes. Report New Polio Cases This Week

Chelsea played hosts to Flat Rock last Friday night only to be defeated 21-2. Chelsea's lone two points were made in the first few minutes of the first quarter when Willie made a safety for Chelsea. Flat Rock made two of their TD's in the third quarter and a third TD in the fourth quarter.

Alfred Knickerbocker took the initial kickoff on his own 5-yard line and brought it back to the 20. Chelsea then moved it up to Flat Rock's 45, where on fourth down they had to kick.

Mittletat took the pigskin on his own 9-yard line and moved it to the 18-yard line. The Rams then moved the pigskin down to the 10-yard line where the ball was fumbled and Weddle recovered, turned around and ran 90 yards for a Chelsea safety. The first quarter ended, 2-0.

A fumble by Flat Rock and a penalty on each team were the only distinguishing features of the second quarter.

In the third quarter Flat Rock received the ball on the 13-yard line, with Parker moving the pigskin to the 38-yard line, from which they moved it to the 7-yard line. It was from here that Weddle went the remaining yardage for a TD. Weddle ran the extra point and Flat Rock led, 7-2.

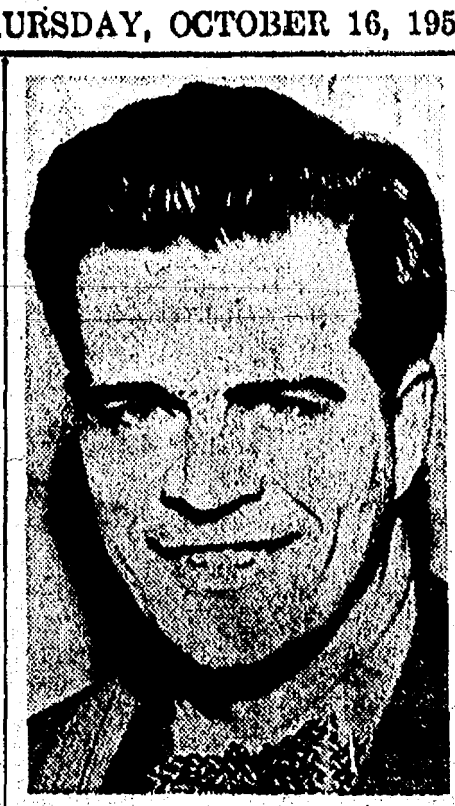

Knickerbocker took the kickoff on his own 19 and ran it back to the 33-yard line. The Bulldogs moved to the 45, where they were thrown for a loss. Flat Rock took over on their own 33-yard line and on a sustained drive going with Weddle picking up the last 12 yards for their second touchdown. Weddle ran the extra point and Flat Rock now led, 14-2.

In the fourth quarter Flat Rock took the ball on their 40-yard stripe. A pass from Mittletat to Goodhue went all the way for a TD. The extra point was good and the score stood 21-2. After Knickerbocker's pass was intercepted by Blue in the closing minutes Flat Rock moved to Chelsea's 5-yard line at the end of the game and the final score stood 21-2.

Tomorrow night Chelsea travels to Ypsilanti to play Lincoln Consolidated. Kickoff time is 7:30.

County 4-H Clubs Achievement Day

The county-wide Washtenaw Fall 4-H Achievement program will be held in the Michigan Union ballroom, Ann Arbor, Wednesday, Oct. 22, beginning at 8:30 p.m. Leaders' pins, certificates for completed summer projects of club members and other awards will be made at this annual event.

12,000 children in the schools of Washtenaw county are to be given a hearing test during the next three months, according to an announcement made by the Washtenaw County Health Department and the Washtenaw County Society for Crippled Children.

The program began yesterday with the Chelsea school as the testing center for the school itself and for the schools of the surrounding area. The first groups tested were the third graders who attend classes at Pumpkin College and Klemensneider schools. The two groups were tested at 8:30 a.m., before being transported to their respective schools.

At 10 a.m. pupils from the Beach, Canfield and Everett schools were brought here and at 10:30, Freer, Jerusalem and Jewett Stone pupils were tested. Lima Center, McLaren and North Lake pupils came in at 11 a.m., and in the afternoon, beginning at 12:30, grades four through six of the Chelsea school underwent the test.

This morning the program began at 9:30 a.m. when pupils of St. Mary's and Rogers Corners schools were to come in for their test. Beginning at 10:30 a.m. the test is being given students from the seventh grade, up. If it is impossible to complete the test today, the program will be continued tomorrow morning.

Dexter schools' tests are scheduled to begin Oct. 20 and Manchester's on Oct. 21.

The testing program will be carried out under the direction of the county Health Department in cooperation with the Washtenaw county schools and the county Medical Society and will be financed by the Easter Seal Agency, the Washtenaw County Society for Crippled Children and the county. This will be the most complete hearing survey ever undertaken in the county, according to Dr. Otto K. Engleke of the county Health Department. All school children in grades 3 to 12 will be included except those in the Ann Arbor system which has its own testing services.

Tests are being administered by Mrs. Howard Merritt of Ypsilanti, who has received special training for the project. Each child who shows signs of hearing loss on the initial survey test will be given a carefully supervised individual hearing test by consultants from the state Department of Health. These children found to have loss of hearing will be given a special examination which will be conducted by local otologists and hearing consultants from the Michigan Department of Health.

According to F. E. Lord, president of the Washtenaw County Society for Crippled Children, surveys in other counties have revealed that as high as 85 per cent of children with hearing losses who receive medical attention respond favorably to early treatment. The county program is designed to detect children in the early stages of deafness and to prevent permanent loss of hearing.

The hearing survey is being accompanied by an educational program for all the teachers of the county. Teachers have received special instructions in problems of detecting and assisting hard-of-hearing children.

The carpenters are working steadily hanging the outside and inside doors so the building will be enclosed. When the doors are installed the heat will be turned on. Installation of the acoustical tile and floor tile cannot be started until the building is heated.

The boiler for the radiant heating is all set for operation. Rough grading of the grounds has also been completed.

Federal Screw Works Warehouse Building Progressing Rapidly

The Federal Screw Works has started construction of its new one-story storage building located on its property on the west side of Congdon street across from the present office building.

The building will be used for the storage of shipping and plant supplies only. Completion and occupation of the building is scheduled for the end of November.

Thankfulness for unhesitating generosity goes to donors Raymond Johnson, C. H. Schweiger and George Lubahn.

As a result, donors from the membership of the Oddfellows and Rebekah Lodge were not needed, but their willingness to come to our assistance is just as deeply appreciated. Also, are offers by Mrs. Ida Nixon, Mrs. Bertha Hepburn, and Mrs. Lillian Messner, to stand by in case of further need.

Our Neighbors

Frankfort — Late last week a cold wave moved in that grew progressively colder until on Sunday a light snow fell. On Monday an even heavier fall of snow and hail blanketed the area and temperatures ranged in the low thirties.—Benzie County Patriot.

Manchester — Into the office Monday morning came the local deputy, Charles Schebor—and we noted that his usual jovial manner was somewhat changed. Seems he had been making numerous trips into town that morning—for one purpose. He was asking people to please, stop burning leaves while housewives' wash was hanging out to dry.

Summing up the grievances he came up with the following suggestion—had about everyone refraining from burning the leaves on Monday and Tuesday and giving the housewives a chance to do that washing.—Manchester Enterprise.

Dexter—Of interest to the people of Dexter and surrounding communities is the change in management at the Dexter Theatre.

The new managers are Mr. and Mrs. Glenn Clark. They formerly operated the Pines Theatre and 55 Hi Drive-In at Houghton Lake.

The theatre was built and operated since its opening, Feb. 29, 1948, by O. B. McLaughlin and his son, Cleland.—Dexter Leader.

Grass Lake—If General Eisenhower wins the election, Mrs. Harold Clark is one Grass Lake who will be able to say, "I shook hands with the president!"

The Clarks were among the many from Grass Lake who went to Jackson to view "Ike" on his recent trip there. As luck would have it, they were standing close beside the car which was to drive the general from the depot.

Observing "Ike" place his arm around Mrs. Eisenhower as they entered the car, Mrs. Clark spoke up with, "Atta Boy." The presidential candidate acknowledged her encouragement with a big grin and a handclasp.—Grass Lake News.

Northville—After a split vote by the Village Commission at its meeting last Monday evening, President Conrad E. Langfield instructed Village Attorney James E. Littell to ask the Oakland County circuit court immediately for an order restraining Glenn Long, plumber, from using the premises at 411 Baseline Rd. for commercial purposes.

This step followed receipt by the Commission of a formal report from Thomas R. Carrington, chairman of the planning and zoning commission, that it had unanimously rejected Mr. Long's petition to have his property rezoned for commercial use.—Northville Record.

Stockbridge—Action was taken at the Village Council meeting Oct. 6 to have the fire siren blow at 11:00 p.m. on Friday and Saturday nights, and at 10:00 p.m. on all other nights as a curfew warning, starting Monday, Oct. 13.

By taking this action the Council does not mean that a tough crackdown is to be made on all persons under seventeen who are found on the streets after the hours stated. Instead, this is a warning to those few who feel that nighttime is the time to prowl, tear around town, and in general make a nuisance of themselves.—Stockbridge Brief-Sun.

Pinckney — Paris Whetsel who owned a 40-acre farm on the north side of Patterson Lake died in Detroit in December, 1950, of a heart attack. His estate was probated and settled. Lucius Deple bought the farm and sold it to Wayne Ben-

THE CENTRAL IDEA

Things you'd like to know about your Railroad

The Schoolhouse that Track built

1. NEW YORK CENTRAL PAYS taxes on its tracks, bridges, stations and yards... just as you do on your home or business property. In Michigan, for instance, Central taxes totaled almost \$2,000,000 last year, most of it going to schools. That helped keep down your school tax.

3. LESSON IN TRANSPORT TAXES. Only railroads lighten your tax load. Big, inter-city buses and trucks... airplanes... all get direct or indirect government subsidies. And that means they actually increase by millions the tax burden on you and New York Central.

NEW YORK CENTRAL SYSTEM

2. AND WHAT A DIFFERENCE those New York Central tax dollars make. In district after district, they mean the whole difference between an out-of-date or cramped schoolhouse... and the kind of roomy, sunny, fireproof modern building you want for your youngsters.

4. YOUR GOOD NEIGHBOR, the Railroad, pays its way and pays taxes, too! Wouldn't it be fairer if all carriers had to do the same? You'd benefit. And New York Central would be better able to provide the constantly improving service which is always the "CENTRAL IDEA."

nett who has had a bulldozer here grading and pulling up stumps with the view of selling lots. Sunday his grandchildren were playing here with children of Detroit people who were at the lake, found a sum of money wrapped in a wax paper under a stump. The Bennett children brought home \$35. They said the Detroit children got the most of it. They returned to Detroit right after finding the money and have not been found. The money was in bills, the large kind which went out of circulation during World War I time.—Pinckney Dispatch.

Northville — An enthusiastic crowd of visitors and officials toured the Northville State Hospital on Seven Mile road, last Friday morning before the formal dedication ceremony at 2 p.m.

Visitors were shown facilities of the seven-story main building and

had lunch in the hospital's large cafeteria. Employees acted as guides and ambassadors of the hospital, of which they are all "very proud."—Northville Record.

Stockbridge — The Methodist Church of Stockbridge will celebrate its Centennial Anniversary of its founding, on Sunday, Oct. 19. The program will include a 10:30 a.m. service; 12 o'clock dinner for members and friends; 2:30 p.m., "Memories Hour;" 3:30 p.m., dedication service; 6:00 p.m., coffee hour; 7:00 p.m., organ recital; 7:45 p.m., pageant depicting members and events of former years.—Stockbridge Brief-Sun.

The state of Georgia ranks first in the U. S. in the production of amble, second in barite and third in granite. It is also the largest producer of kaolin.

NORMAN O'CONNOR HONORED AT PRE-INDUCTION PARTY

Norman O'Connor, who will enter the military service Oct. 28, was honored at a party given Friday evening by Marlene Schneider at the home of her parents, Mr. and Mrs. John Schneider.

Guests included Mr. and Mrs. Robert Robbins, Mr. and Mrs. Bruce Bycraft, Mr. and Mrs. Walter Bauer, Joe Greenwood, Duane Hall, Shirley Marsh and Kenneth Proctor of this vicinity and Jeanne Schütz and Gertrude Widmayer, of Ann Arbor.

Canasta and other games were the evening's diversion and refreshments were served.

● Battle lines are being drawn over who is to control the Michigan Legislature. CIO labor leaders of four counties or the citizens of Michigan in 84 counties.

And if you don't think the CIO is wheeling big guns into the fight, look at the battle-plans the labor bosses have chartered in Muskegon County alone.

● They've earmarked \$9,000 to be spent in that county — in fact, mainly in only 17 precincts within the cities of Muskegon and Muskegon Heights.

In as detailed plans as a general has drawn up its field strategy.

● They'll spend \$2,400 for workers in those 17 precincts in the final three days of registration for the general election. On election day they'll hire seven crews to distribute campaign literature, with supervisors getting \$15 per day and boys hired at \$5 a day.

● On election day they'll hire 180 field workers for \$2,880 to haul workers to the polls and will spend over \$300 just to pass out campaign literature.

That's just one county.

Figure out for yourself — by comparing Muskegon County to Wayne, Oakland, Genesee and Kent counties — how the CIO is willing to spend in this, their golden opportunity to capture the Legislature as they've captured the governor's post.

● Here's how the labor bosses plan to take over.

On Nov. 4, Michigan voters will choose between two amendments setting up a new system for allocating the seats in the State Legislature.

Amendment No. 2 is sponsored by the Michigan CIO. Governor G. Mennen Williams has given it his blessing; the Democratic Party put it into their state platform.

Amendment No. 3, sponsored by business, professional and farm interests, has the endorsements of Republican nominee Fred M. Alger, Jr., and Republican legislators.

● The CIO amendment would make population the key to the whole Legislature.

Reapportionment Plan No. 3 would follow the system of the United States Constitution whereby geographic areas as well as population assure against domination of our federal legislators by the sheer weight of population.

CIO labor strategy in backing Proposal No. 2 is crystal clear.

● A few populous counties would be able to dominate the Legislature by sending a majority of senators and representatives to Lansing. Four counties — just four — would be able to control Michigan.

● They'd Wayne, Oakland, Macomb and Genesee. All have heavy concentrations of CIO membership. Add Kent, with its big Grand Rapids industries, and Muskegon and perhaps Saginaw and the labor bosses have plenty of insurance.

Gov. Williams is sympathetic to the CIO to put it mildly. He sees the labor-dominated Legislature as a perfect solution to the impasse that has arisen when the GOP Legislature consistently opposed his corporation-profits tax.

● The CIO thinks the plan is swell. They'd like to have the lawmaking body sit up to their whistle.

The CIO's Walter Reuther demonstrated his power this Summer when he turned down Abe Barkley as a presidential possibility and approved the draft that made Adlai Stevenson the Democratic standard bearer.

He wouldn't be human if he didn't savor the taste of such power in national circles; he wouldn't be human if it didn't irk him to see his control of the governor go for naught because he can't control the Legislature the same way.

The Republican position is a cut-throat. "The Legislature should function for all citizens, all sections—not for any special class or area."

Any plan which would make 79 of Michigan's counties controlled by organized minority groups in four counties just couldn't give the state a Legislature that could equably represent the best interests of Michigan as a whole.

● Michigan's rural counties would be stepchildren of the auto workers under plan No. 3. So it's natural that the Michigan Farm Bureau should get into the fight. And it's a plenty hard fight facing out-state Michigan.

● According to the Constitution, the seats of the House and Senate must be reapportioned every 10 years. That has to happen in 1953.

● There must be some revision; everyone agrees to that.

The traditional solution of voting no to a puzzling amendment would be a mighty bad way out of the present situation.

The on-state voter must vote NO on Proposal 2 and YES on Proposal 3 to protect himself from UAW-CIO domination and assure reapportionment on a basis accepted as equitably through all Michigan's history.

● Because it is such a complicated issue, backers of Plan No. 3 will hit on a few major points such as:

● The whole Upper Peninsula and four Lower Peninsula Counties would have only two Senators.

● Fifteen areas will be "gerrymandered"; that is, their boundaries will waiver and wobble all

over the map to make labor unions dominate each voting area;

● The plan would destroy the basic American principle that the lower house should be set up to represent population and the upper house to represent areas;

● By giving labor the majority voice in the Legislature, union bosses could rewrite the Constitution to suit themselves. Delegates to a Constitutional convention which the legislature could call would be selected on the same basis as State Senators are ... again with the majority under union domination.

There are only three weeks before the election. Can backers of Plan No. 3 sell the voters on a "Vote No on No. 2; Vote Yes on No. 3" program in those short days?

On their success or failure rides the future of Michigan.

Junior Varsity Team Defeated Monday by Jackson Gridders

The Chelsea High Bullpups were hosts to Jackson St. John's Monday evening, only to be defeated, 14-0. Toward the end of the first quarter St. John's returned a Chelsea punt to the Bullpups' 20-yard line. They moved to a first down on the first play from scrimmage in the second quarter. St. John's scored on a touchdown pass only to have it called back. Three plays later it was third down and two yards to go for a TD when Tom Nastally carried the ball over on a line back, driving hard all the way. Dave Kelly ran the extra point and at the end of the half Jackson led 7-0.

In the third and fourth quarters Chelsea recovered four fumbles and intercepted a pass, but the farthest they could move was to the 20-yard line. Late in the fourth quarter, St. John's was threatening again when Chelsea intercepted a pass on their own 8. On the next play Chelsea fumbled and St. John's recovered on the 2-yard line. Tom Nastally went off right tackle to score and Dick Updike converted. As the final gun went off the score was St. John's 14, Chelsea 0.

Next Monday the Bullpups will play at Lincoln. Game time will be at 7 o'clock.
