**Williams Says
State Needs
More Money****Advocates Either
Corporation Profits
or State Income Tax**

Gov. G. Mennen Williams, in a 15-minute address at Tuesday evening's special Chamber of Commerce dinner meeting in St. Mary's hall, predicted that in the next five or six years the state will have passed the necessary legislation for private income tax or a corporation profits tax, or both, as a means of wiping out the state's huge deficit.

The governor, in his opening remarks, said he was going to speak of some unpleasant facts and then explained that the "unpleasant facts" pertained to the state's finances.

He said that in his attempts during the last four years to "build Michigan" he has become convinced that "economizing alone is not enough and that the only way to reconcile state revenue and expense is to increase revenue. He claimed that the way to do this is by levying the additional taxes he advocates. He said taxes are "always an unpleasant subject."

He stated that the state's mental health program and support of the state's educational facilities are two of the state's projects that need to be increased rather than cut down as an economy measure.

He quoted statistics showing the increasing numbers of persons needing mental health care and also cited ever-increasing enrollment in secondary schools which will mean a greatly increased enrollment in the state's institutions of higher learning. He said funds for these two projects simply cannot be cut back.

The governor claims the corporation profits taxes "would not be unfair" as charged by the opposition and that charges that taxes would drive business out of the state have been "disproved by facts." He said a considerable number of business firms from Michigan have moved into states where such corporation profits taxes are in force.

The governor was introduced by William Rademacher, local attorney, who was general chairman of the dinner meeting. Gov. Williams was late in arriving here and left immediately after he finished speaking.

Senator Blair Moody was introduced by Rademacher after the governor left with his party of other state Democratic nominees who were touring the county with him.

Senator Moody outlined what he declared are the principal issues of the present political campaign.

John Dawson, Democratic candidate for congressman, also spoke briefly. He was introduced by Dr. Alexander Ruthven, former president of the University of Michigan.

Approximately 130 men and women were present at the dinner meeting.

**Blood Donor Plans
To Be Explained
at Monday Meeting**

Monday, Nov. 10, Dr. O. T. Mallory, Jr., of Ann Arbor, chairman of the Washtenaw county American Red Cross blood program, will be in Chelsea to explain the new blood program which is planned to take care of the entire blood needs of this county.

While the blood program is not a Kiwanis-sponsored project, Dr. Mallory is being given the opportunity to explain the program at a regular Kiwanis meeting as one of the club's community service projects.

Because committees in charge of the coming blood donor clinic here wish to acquaint all Chelsea people with the new program, interested persons are invited to attend the dinner if they will make reservations by Friday, Nov. 7, with Anthony Nielsen.

Those who cannot attend the dinner at 6:15 are urged to come at 7 o'clock, without making reservations, and hear Dr. Mallory's talk.

The meeting will be held in the social center of the Methodist church.

Hope, Solum Grove, and Napoleon Methodist churches, United Brethren church of Waterloo, and Cassidy Lake Technical school. The group was comprised of 110 voices.

Each choir sang a selection and the massed-choirs sang the concluding number, Wagner's "Requiem and Sing," an arrangement of "The Pilgrims Chorus" from Tannhauser. William Finni, music instructor in the Grass Lake schools, directed the massed choirs.

The Chelsea Methodist church choir sang John Stainer's "Grieve Not The Holy Spirit." Members of the Chelsea choir are Mrs. D. L. Gaddery, Mrs. L. H. Wacker, Mrs. Robert Geer, Mrs. Clinton Stevens, Mrs. Charles Cameron, Mrs. William Storey, the Misses Howman, Lentz, Barbara Staar.

**Plans Told
for County
PTA Council**

The Junior-Senior High School PTA met at the school Monday evening with 62 parents and teachers present. Mothers of 12th grade pupils were hostesses for the evening and served pumpkin pie and coffee when the meeting was concluded.

The High School Chorus sang several numbers including "Old Soldiers Never Die," "They Never Know I'm Afraid," "Fireflies," and "The Heavens Are Telling."

Connie Ann Steinbach played the accompaniment for the chorus and also for a solo, "Are You Lonely Some Tonight?" sung by Leona Hitt. Connie also played a piano solo, "Matagorda," by Lecuona.

Philip Broad, of the Department of Public Instruction, gave the talk pertaining to secondary education methods, which was scheduled by Glenn Smith.

He stressed the need for keeping detailed records of all past-school work of students in order to help students select college work most suited to their abilities.

Mrs. Donovan Sweeney, PTA president, was in charge of the business session during which it was decided to sponsor candy sales at school again this year.

John Griffin, high school principal, and Mrs. Mac Packard, Mrs. Harvey Ho and Mrs. Clinton Collier made plans to attend a meeting of PTA representatives from the entire county which was held at Manchester High school last night. The purpose of the gathering was to acquaint the representatives with plans to set up a county-wide PTA, presumably for officers or special delegates of local groups. A county-wide group such as the one planned would help improve local PTA programs and afford other advantages.

**Five Lettermen
Returning To Aid
Basketball Hopes**

Chelsea will have five lettermen returning for the coming basketball season. Three of these have had a great deal of experience in game competition. The returning lettermen are Robert Bertke, junior; Bob White, sophomore; Joe Greenwood, Alfred Knickerbocker, and Richard Baris, seniors.

With many reserve players and freshmen, this year should be a rebuilding year for Chelsea.

The services of Richard Merkel and David Bertke will be greatly missed. Last year they were leaders as playmakers and rebound men.

Flat Rock, Milan, and Roosevelt appear to be the teams to beat in the Huron League. The large part of the remaining teams will likely be "dark horses" this year.

A new Huron League rule goes into effect this year. All league games will start at 6:45 p.m.

The Chelsea team's schedule for the coming basketball season is as follows:

Dexter at Chelsea, Tuesday, Nov. 25, 7 p.m.
Manchester at Chelsea, Friday, Dec. 5, 7 p.m.
Ypsilanti Lincoln at Ypsilanti, Friday, Dec. 12.
Dundee at Dundee, Friday, Dec. 19.
Albion Invitational Tournament, Dec. 20, Jan. 1 and 2.
Milan at Chelsea, Friday, Jan. 9, 7 p.m.
Flat Rock at Flat Rock, Friday, Jan. 16, 7 p.m.

**Halloween
Party To Be
Held Friday****Cider, Doughnuts
Will Be Served
Around Bonfire**

The annual Kiwanis-sponsored Halloween celebration for youngsters of the community will take place tomorrow night. The observance will include the traditional parade, followed by refreshments of cider and doughnuts served around a large bonfire on the school grounds. In addition to this customary part of the observance, the Kiwanis club has planned a dance in the gymnasium for after the football game. The dance is to be open to anyone who wishes to attend. An orchestra will furnish music and refreshments are to be served at the dance, also.

The parade is to begin promptly at 6:30 p.m. and all participants are to assemble in the gymnasium at least 15 or 20 minutes before that time to receive the noise-makers which will be distributed by Kiwanians under the direction of William J. Rademacher, Charles Lancaster, James Daniels and James Liebeck.

The parade will form on East street, in front of the gymnasium, and the line of march has been planned as follows: East street to Orchard, Orchard to Main, Main to East Middle, East Middle to East, and East to Harrison. On Harrison street the marchers are to line up single file and then pass over the steps on the east side of the High school building where the judging is to take place.

Prizes are to be awarded for costumes judged to be the neatest, spookiest, most original, funniest, and most typical of Halloween. First, second and third prizes of \$3.00, \$2.00 and \$1.00, respectively, are to be awarded in each of the classes.

After the refreshments have been served around the bonfire, there will be movies and other entertainment in the gymnasium. Don Alber is general chairman of the Kiwanis club's Halloween party.

**Grid Team
Loses Friday
to Roosevelt**

There was very little to cheer about last Thursday night as the Chelsea Bulldogs were crushed by Roosevelt's powerful Roughriders. Roosevelt started the scoring in the first quarter with a 60-yard dash by Kidd. On the play, Kidd appeared to be stopped at the line of scrimmage, but broke away for the TD. Schiska's try for extra point was wide.

During the second quarter, most of the play was at mid-field. However, with less than three minutes left in the half, Roosevelt took over on their own 35, and moving by passes, scored again before the half. The TD came on a pass from Williamson to Kidd who was all alone behind the Chelsea defense when he caught the ball. Schiska's kick was good for the extra point.

The second half turned into a complete rout for Roosevelt. Time and again Roosevelt's backs simply ran through and past Chelsea's defenders. It was the poorest display of defensive football staged by the local team in many years.

Roosevelt's ball carriers, seemingly caught at the line, scrambled, broke away for long gains time after time.

The only bright spots displayed by the Bulldogs were Denny Murphy's passing and Jack Hummel's 50-yard touchdown run, with an intercepted pass in the last quarter.

Final score, Roosevelt 40, Chelsea 6.

**Bullpups Defeated
by Lincoln, 33-0**

The Chelsea High Bullpups traveled to Lincoln Monday night only to be defeated 33-0.

Lincoln scored in every quarter, their first TD coming with Ed. Persell smashing through center for one yard to his 34 yard line. Beckett converted and Lincoln led, 7-0.

The next score came with Don Young sweeping end for 10 yards and another six points. Beckett missed the try for the extra point and at half time the Railsplitters led, 13-0.

In the opening minutes of the third quarter Bob Sampson ran off tackle for 30 yards and another TD. Beckett again converted and the third quarter ended Lincoln led, 20-0.

In the last quarter Essenburg scored twice on line runs from the 5- and 40-yard lines. Beckett converted the first extra point and the second hit the goal post and bounded back, so the game ended with Lincoln leading, 33-0.

Next Monday night Chelsea will play at Milan. Game time will be 7:30.

Bernard Herrst of Deep Run Farm, Ypsilanti, caught 10 raccoons in his corn crib last Thursday. The coons reportedly weighed a total of 150 pounds.

Perhaps there is little that can be said or written to make a man cast his ballot Republican or Democrat. This is as it should be. Could eloquence of tongue or pen sway the voter, that party with the federal treasury at its disposal could hire the most skillful orators and the more facile pen. It could perpetuate itself in power. In a democracy, however, the people develop a hard core of awareness. Under self-government, a people can strip aside the veneer of words and half-truths and lies. A free people vote not alone for themselves; they vote for their children, and indeed, for their children's children. They vote for the future. But most important of all, THEY VOTE! Don't YOU be the one to find an excuse for staying away from the polls Tuesday, Nov. 4. Your country needs your vote more this year than ever before in history.

**Protestant Women Will Join
for World Community Day**

Mrs. Walter Harper, of the Methodist church, is to preside at the Protestant Women's Day service to be held in St. Paul's church at 2 o'clock Friday afternoon, Nov. 7. She will introduce Miss Core Simpson, of the Methodist Home, as the afternoon's speaker and will lead the responsive readings which are an important part of the observance of the national project. World Community Day is sponsored by United Church Women, a general department of the National Council of Churches. The observance is a part of the Christian Woman's Action Program for World Peace. Locally, it is sponsored by the three Protestant churches.

Miss Simpson was a missionary worker in China for 40 years and the stories of her experiences, told in a witty and often humorous manner, have proved of great interest wherever she has appeared before local groups. It has been said that she never repeats herself and many who have heard her before are looking forward to her talk next week.

During the opening devotional service, Mrs. Frederick Belser, accompanied on the organ by Mrs. Carl Mayer, will sing "O Divine Redeemer," by Gounod.

The program will be followed by a tea in the church hall.

Contributions of clothing for infants and children up to six years of age are to be brought to the service. The clothing will be dedicated and sent to central distributing points. The contributions are being designated as "Packets for Peace" and are sent to parts of the world where the need is great.

**Garage Burns
Sunday Afternoon
at Mohrlock Home**

The Chelsea Fire department answered two calls Sunday afternoon, the first at 2:30 and the second at 5:30.

The earlier call was to the Walter Riemenschneider farm at Vananah Lake where a grass and brush fire threatened the house and other buildings.

The 6:30 call was turned in when the garage on the property of Mrs. When Mohrlock, 510 Taylor, was discovered to be on fire. The blaze had burned out the inside of the wooden structure and flames had begun to envelope the roof and the doors when the firemen arrived.

The absence of wind at the time and the quick work of firemen helped to keep the blaze from spreading to a neighboring garage and to the Mohrlock house.

Between 8 and 10 cords of wood was burned. The wood was the Riemenschneider's winter supply which was all ready for the wood sawers.

Wednesday noon the fire department made a run to the John G. Sterling farm on North Territorial road, where a grass fire was spreading and it was feared that the barn might catch fire. The barn is across the road from the house.

**Fate of New County
Building Will Be
Decided by Electors**

Next Tuesday's election, generally conceded to be of the utmost national importance, is also of special interest on state and county levels.

In addition to the election of new national, state and county officials, Washtenaw county voters will decide whether the county will have a new courthouse to replace the present outmoded building and will also state their choice on proposals for amendments to the state constitution which call for reappointment of the legislature. The reapportionment proposals are designated as No. 2 and No. 3.

It has been pointed out that it is important to vote yes on one of the proposals and no on the other because if both proposals should receive a majority of yes votes, the one having the highest number of yes votes would win. If both proposals lose, the present plan of apportionment will remain.

Under Proposal No. 2, which is the CIO-endorsed plan, Washtenaw and Monroe county would share a senator between them. Oakland county, which now shares a senator with Washtenaw county, would gain two senate seats. Washtenaw would retain its two representatives but one of these would be representing also a small section of northern Monroe county.

Under Proposal No. 3, Washtenaw's two representatives would be retained but the county would have a senator of its own. Proponents of the No. 3 proposal are the Farm Bureau and industrial-civic groups.

Present apportionment gives Michigan 32 senators and 100 representatives. Proposal No. 2 would give the state 33 senators and 90 representatives. Proposal No. 3 would increase the number of senators to 34 and the number of representatives to 107.

Proposal No. 2 would apportion the legislature on the basis of population, while Proposal No. 3, would apportion the representatives by population and the senate by geographical districts.

Proponents of Proposal No. 3 claim that the five industrial counties in the southeastern part of the state would rule the entire state if Proposal No. 2 should win out.

The Courthouse question requires yes votes on the bonding proposition as well as on the tax-rate limitation increase proposition if it is to carry.

Electors will cast their votes in the presidential election on a separate ballot this year. Voting a straight party ticket will not include the presidential vote.

**C of C. To Sponsor
Christmas Party
for Area Children**

The regular October meeting of the Chelsea Chapter of Commerce was held in St. Mary's hall Tuesday evening, Oct. 21.

During the business session, following the dinner, several timely matters were discussed and decided upon. Among these was the decision to have the annual Ladies' Night Christmas dinner at the regular meeting on Dec. 16.

It was also decided to repeat the children's Christmas party on the downtown streets, the date to be announced later. Santa Claus and gifts for every child are popular features of the party which will take place on a date which will not conflict with the children's Christmas parties arranged by other organizations here.

Pfc. David J. Shane, former Chelsea High school football player, is now playing with a U. S. Army team in Germany, known as the Nuerbern Tigers. David now weighs 185 pounds, according to a letter received recently by his parents, Mr. and Mrs. Charles P. Shane. He said the team has won 30 games and lost only three during the present season.

Revolving Corruption

By Congressman GEORGE MEADER
2nd District, Michigan

"We were on a regular rat race. Sometimes we were running through doors bumping into each other. When you get into one of those spirals you just can't get out of it." (Theron Lemaire Caudle, former Assistant Attorney General in charge of the Tax Division, testifying September 18, 1952 before the House Judiciary Committee on the failure of the Justice Department to prosecute the Kansas City vote frauds.)

The Democrats in this campaign have tried a variety of defenses, excuses and explanations. They have tried to separate themselves from the corruption of the Truman administration. They have claimed their corruption is not as bad as that of the Harding administration. They have claimed that the scandals exposed involve only a very small fraction of the employees of the administration. They have tried to place the Republicans in the position of condemning all federal employees as dishonest. They claim they have forthrightly exposed and punished wrong-doers. And they argue that the Republicans would probably be just as bad any-where as the Democrats.

These dodges will not deceive any one. The evidence of breaches of public trust and the instances of use of public power for private profit reveal a rotteness so far-reaching that the American people will not again trust the New Deal grafters even though Truman's face has been changed for Stevenson's.

Stevenson protests he is an honest man. Truman has not been shown to be personally dishonest. Stevenson, unlike Truman, was not the choice of his rank and file Democrats in a free primary. He was the hand-picked choice of Truman and the machine bosses. Just as Truman owed his political life to the Pendergast Kansas City machine, Stevenson owes his to the Arvey Chicago machine. Stevenson can no more separate himself from the characters who make up the big city machine, his friends to whom he owes his election, than Truman could

separate himself from his friends. Indeed, there is grave doubt whether Stevenson can separate himself from Truman's administration. They have friends. The defenses and explanations of the Democrats fall flat. It is true that only a small fraction of the 2½ million employees of the government bureaucracy built up by this administration has been shown to be dishonest. But the exposures of graft have been in the top positions—the granting of RFC loans, the prosecution of criminal offenses generally, the sale of government tankers, the storage of government grain, the settlement of tax assessments, the prosecution of tax evasions and the granting of favors of one kind or another—all of which require higher echelon decisions.

Only a fraction of the corruption has been exposed so far. The administration has done everything in its power to keep the stench bottled up. Truman called the Fulbright RFC re-borrowing "asinine" and asserted his associates were honorable men until he was forced to eat his words. After admitting corruption in his administration Truman promised to clean it up. Newbold Morris was appointed. After a few weeks of headlines and no clean-up, McGrath fired Morris and Truman fired McGrath. He replaced him with a political hack, McGraw. The "clean-up" was buried.

The only exposure of corruption has been by Congressional committees. The Democratic members of these committees have gone no farther than they

Sawdust found excellent for cattle bedding

Sawdust or shavings will make warm, absorbent bedding for dairy cattle, according to reports from Michigan State College's Upper Peninsula Experiment Station at Chatham. Folks there have found that, under controlled conditions, sawdust or shavings have no harmful effect on soil when the manure is later applied to fields. Bedding the herd on sawdust will also mean savings in liquid manure. Northern Michigan dairymen usually find shavings easy to obtain; in other sections, good supplies can be picked up from nearby sawmills. For more information, call your nearby County Agricultural Agent.

Rockets and telephones have much in common

To reach its target, this guided missile depends on an "electronic brain" developed by Bell Telephone Laboratories and produced by Western Electric, the manufacturing unit of the Bell Telephone System. Western Electric production techniques also turn out electronic controls and firing systems for Army and Navy guns and Air Force bombing planes. Did you know these same techniques are used to make the "electronic brain" that guides your Bell telephone calls to the right number? Thus modern research and facilities give you better telephone service at the lowest possible cost.

Students registered by grades in the gym. Voting is to be done in regular voting booths in the halls. Those who did not register cannot vote.

Members of the American Government class are taking the parts of the leading national and state candidates. These students are giving campaign speeches at an assembly and are making "whistle stop" speeches in the different class rooms. Their speeches are on important measures such as: foreign policy, agriculture, corruption and waste, and labor.

A get-out-and-vote campaign is being put on to urge everyone to vote. Posters were made and put in the main halls, and slogans were written on the blackboards. This is good experience for everyone and the students realize the importance of good citizenship and good leadership.

"COURT HOUSE FACTS"

The best evidence we can give to the taxpayers of Washtenaw County of the cost to them of the proposed new County Building is to quote from a letter received by us from the firm of Miller, Canfield, Paddock & Stone—the special legal counsel employed by our Board of Supervisors to handle details of the financing proposals. We quote as follows—

MILLER, CANFIELD, PADDOCK & STONE
DETROIT, MICHIGAN

July 2, 1952

... In order to give taxpayers of Washtenaw County an idea of the cost to them of the County Building under this plan, including the safeguards itemized, we submit the following, based upon a constant county equalized valuation of \$234,000,000 and a bond interest rate of 2% per annum. It must be remembered that valuations may increase, or decrease, and the interest rate may be higher or lower, depending on conditions, which would require an adjustment of these figures:

- A rate of one and one-quarter mills on each dollar of assessed valuation, as equalized, will be levied for 3 years commencing in 1953. In dollars this amounts to \$1.25 on each \$1,000 of valuation but it may be slightly more or less in various areas of the county to individual taxpayers because of the process of equalization.
- A rate of slightly under 1 mill on each dollar of assessed valuation, as equalized, will be levied for the remaining 15 years, commencing in 1956. In dollars this amounts to under \$1.00 on each \$1,000 of valuation as equalized.

If valuations in Washtenaw County increase as they have in the past few years, and tax collections remain constant, the rates could be substantially reduced below those listed above after the bond reserve is established. I trust this answers your inquiry.

Yours very truly,

Miller, Canfield, Paddock and Stone
By John H. Nunneley.

Study the facts! The cost to the individual taxpayer is small! The need is great! Support our Board of Supervisors! They know what is good for Washtenaw County!

Mary Anne Wade, Donna Fowler and Nancy LaPrell, and Edward Benjamin, Charles Miller and Robert Gear.

The Salem Grove choir, directed by Walter Kaimbach, sang "Beautiful—Road," and the Waterloo United Brethren choir, with George Pluck directing, sang "Creation Hymn."

The Cassidy Lake choir, under the direction of Mr. and Mrs. Forrest Cook, sang "Bless This House."

The program was given in honor of Mr. and Mrs. Cook, in appreciation of many years of service in religious work. Mr. Cook served as pastor of the Norvell Baptist church for 19 years. He and Mrs. Cook have been conducting services at Cassidy Lake the past six years and the choir they conduct has sung in many communities during that time.

Offerings received at these programs have gone toward financing the construction of a chapel at Cassidy Lake. The chapel is now almost completed, lacking only the doors, lighting fixtures and heating system and paint for the walls.

The offering at Sunday's service was turned over to the Cooks for the work at Cassidy Lake.

Third, re-election of Gov. G. Mennen Williams will assure a continuation of the state legislature whereby the average legislative revenue bill, other than a state corporation profits tax, is automatically assured of a governor's veto.

Like all elections, however, the Nov. 4 election is complicated by having many issues, some relevant and some not. Political observers at Lansing are crossing their fingers on the Nov. 4 outcome in Michigan. The election is just that close. Not for a generation have the odds been so even five days before the election. And not in that time has Michigan been so vital to the hopes of both parties.

Michigan has enjoyed the experience of being a pivotal presidential state.

The same finest-of-all results... but now with a higher degree of palatability. The new Larro Dairy Feed is coarse-textured, bulkier and moistened. Cows readily eat their full allowance of new Larro in addition to the hay they require. And with new Larro, protected by farremin, there's no worry about mineral deficiencies, or lack of supplementary minerals.

AND TOES...

... can you count the factors entering into your prescription. Pharmacy deals with a multitude of details, and the many thousands of items in your pharmacist's stock prove the point.

Your prescription specifies drugs, amount, strength, size, and dosage. Add to these the order of mixing, compatibilities, and hundreds of procedures and diversities within the knowledge of your pharmacist. They multiply the selective factor of medicines, and establish pharmacy as a most complex profession. All of these skills are employed to serve you when we fill your prescription.

If ever there was a time to call a halt to wasteful, heedless government spending, that time is now. Every dollar wasted in Washington or Lansing means higher taxes for you, higher costs of food and clothing, less "buying-power" in your pay envelope.

Here is why we are mad—and why you should be too. In just five short years the cost of food... clothing... all the things you buy have gone up over 47%! The dollars you earn have dropped in value to where they buy only what 53c would buy in 1939.

AND THE DEMOCRATS KEEP RIGHT ON RAISING YOUR TAXES AND SPENDING YOUR TAX MONEY ON MANY FOOLISH WASTEFUL SCHEMES TO "BUY" YOUR VOTES.

You can't afford to lose much more in this fantastic, socialistic game of cheap donkey-dollars.

YOU CAN STOP IT... NOW...

Ray Knickerbocker
 Receives Award for Employee Suggestion

Ray Knickerbocker has been awarded a check of \$250 from the Detroit Edison company for an employee suggestion for saving money for the firm. Knickerbocker suggestion was turned in during January, 1952.

His suggestion followed when he got the idea that many repeat calls could be avoided on delivery of exchange light bulbs if they would simply leave the new bulbs on the first call, even if the customer wasn't at home, and forget the old bulbs which were supposed to be picked up. Much time and expense had been entailed under the former plan of making repeated calls if contact was not made the first time. Just a simple observation that, saved the firm money and incidentally made a nice reward for an alert employee.

Knickerbocker was at that time employed by the Detroit Edison company in Detroit.
