State-Wide Tid Bits

Michigan's 1954 Legislature, now heading into the home stretch, has had its full share of hot issues. Hardly a week has gone by since the Jan. 13 opening day, that a highly controversial subject hasn't popped up.

First it was a bill to change the name of Michigan State College to Michigan State University. Although a non-political issue, it put many lawmakers on the spot. They breathed a sigh of relief when the bill was sent back to committee for "more study."

On the heels of the MSC-MSU controversy came a hot political issue — Fair Employment Practices (FEPC) legislation. Democrats tried to discharge the House State Affairs Committee from further consideration of the bill, but Republicans blocked the move. When shouting died down, everyone thought FEPC was out of the way for another year. Next day, two more FEPC bills were introduced, one in each chamber of the legislature. Eventually, the Senate bill was reported out to the floor, and the same arguments heard all over again.

As one Capitol observer put it: "It is just like seeing an old movie over again. The only trouble is that I usually like to wait a little while before sitting through a repetitious performance."

Biggest battle was fought over another non-political but highly controversial bill — one that was reported out after most members gave it up for dead. In an 11th hour move, the House Liquor Committee, tossed out the McCune bill which would censor beer, wine and liquor on television. It immediately pushed unemployment legislation into the background and temporarily took its place in front of the lights.

Tremendous pressure was put on the Liquor Committee to report out the bill. Chairman Ed (Continued on page five)

Father-Daughter
Program Planned
by Girl Scouts

The Chelsea Girl Scouts will celebrate the 42nd birthday of Girl Scouting in this country on Friday evening, March 12, at 7:30 p.m. in the Municipal building (third floor), with a party to which each girl may invite her father, older brother (over 18), or any other male relative or family friend.

On March 12, 1912, the first Girl Scout troop in the United States was started by Juliette Low in Savannah, Ga. On her death, the Juliette Low World Friendship Fund was started. This fund is used to help Girl Scouts all over the world and is also used to support the Chautauque in Switzerland.

The program will conclude with the reading of a birthday poem written by all the members of Troop I, and the cutting of the birthday cake.

The cake, with punch and coffee, will be served to Girl Scouts and their guests at the conclusion of the program.

Harold Spaulding
Named President of
Rod-Gun Club

Election of officers for the coming year took place at the Rod and Gun club meeting at the Legion Home at Cavanaugh Lake Tuesday evening.

Named as president was Harold Spaulding, while other officers elected are Calvin Summers, first vice-president; Carl Hanke, second vice-president; Ralph Brackner, treasurer; and Richard Korn, dog warden.

The annual meeting of MUCC District II was also held after the election of local club officers. Approximately 20 representatives of MUCC District II were present, including District Chairman A. R. Smith.

Principal theme of the discussion at Tuesday's meeting was the promotion of recommended legislation for state action requiring non-fishing in the Great Lakes, as well as the lakes of states bordering the Great Lakes.

A report of the recent appearance of a "Moose" in the Michigan newspapers, columnist called the program was well received. It was hoped that the program would be made to book him for another program during the coming year.

Two False Alarms
Cause Costly Runs
by Fire DepartmentOfficials Seeking
To Apprehend
Guilty Persons

Two false fire alarms were called in at approximately the same time Friday morning, one being received by an Ann Arbor telephone operator and relayed to the Chelsea Fire department operator and the other going directly to the Chelsea operator.

Locations of the alleged fires were given as "6950 Clear Lake road" and "George Webb's house at North Lake."

The fire truck was dispatched to the Webb farm because the call was considered genuine after a woman's voice reported "The whole attic is on fire," giving the correct house number and identifying herself as "Mrs. Webb."

The operator knew it was not the voice of Mrs. George Webb who has been ill, but assumed it was one of the Webb's daughters-in-law.

Because of the deep snow, following Wednesday's blizzard, the fire truck could not enter the Webb driveway but firemen went to the house and found that there was no fire and that no call for the fire department had been sent in from the Webb telephone.

The call relayed by the Ann Arbor operator was also believed genuine at first. Called in by a child who appeared to have been excitedly forgotten to give his name, the house number was found to be that of the Gene Ramp home.

Receiving a busy signal when she tried to call the house after the operator traced the telephone calls, the police car was sent out to check the fire report.

It was found the Ramp telephone had been busy because of a long distance call and the telephone had not been used to call the fire department.

Cost of the run to the Webb home, which is in Lyndon township, is \$100 and the person who called in the false alarm, when apprehended, will be liable for that amount, according to Fire Chief Ted Balmer.

Chief Balmer said also that parents of children who call in false alarms are liable for the cost of any runs uselessly made.

Chief Balmer said parents should impress upon children the seriousness of calling in a false alarm. In addition to the cost of the run, there is the danger of having fire equipment out on a

Public Library
Receives Original
Disney Drawings

The Chelsea Public Library Board is proud to announce the hanging of two reproductions of original celluloid drawings which were actually used in the Walt Disney productions of "Bambi" and "Peter Pan."

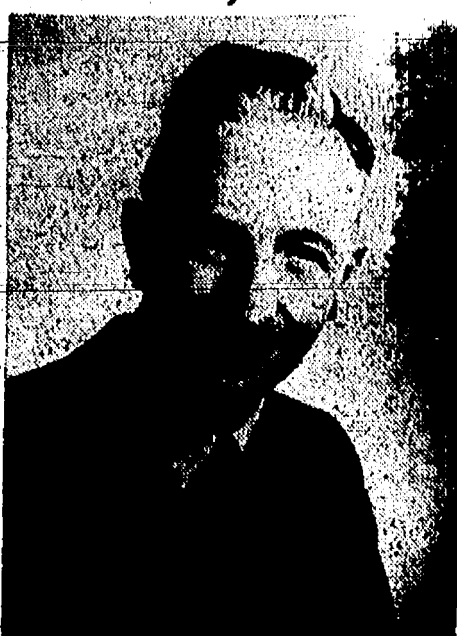

The pictures, hung in the children's room, are among a select few that have been released.

For each slight movement in the action of a character in a Walt Disney animated picture, a celluloid drawing must be made. This is the work done by Mr. Hale. He did all the work on Mr. Schner, the little fat character in a blue and white striped sweater in the "Peter Pan" production.

These celluloid paintings are then photographed in succession over master backgrounds, producing on the motion picture film, numerous pictures, each with its minute change in movement. When projected on the screen in rapid succession, these pictures create the illusion of motion.

Celluloid paintings are the final step in the creation of a Walt Disney animated picture. They are preceded by story sketches and animation drawings. Walt Disney originals are included in many important museums and private collections, consequently the local library is extremely pleased and proud to possess two of the very limited reproductions.

Maryellen Moore was home from Michigan State College to spend the week-end with her parents, Mr. and Mrs. H. T. Moore.

Walter Wolfgang Re-Elected Director
in DHIA, ABA at Annual Meetings

WALTER WOLFGANG

Walter Wolfgang was re-elected a director of the Washtenaw-Chelsea Dairy Improvement Association at the third annual meeting held in Pittsfield Grange Hall Friday evening.

Floyd Fowler was named a delegate to the state DHIA meeting to be held March 25 at Michigan State College.

DHIA officers will be elected at the next meeting, scheduled for May 6 at the Floyd Fowler home here.

There were 58 people present at Friday's meeting.

George Parsons, Dairy Extension specialist from Michigan State College, showed pictures of German agriculture and an agricultural fair held in the southern part of the American zone in Germany during his recent six-month tour there.

The pictures he obtained and which he showed at Friday's meeting, were described as exceptionally beautiful. The pictures of the fair, it was reported by people who saw them, indicated that German farmers show great interest in their fair without the inducement of carnivals and other forms of entertainment which are so much a part of American fairs.

Bulldogs Defeated by Saline
in District Tourney Finals

On Friday, March 5, the Bulldogs defeated Ann Arbor's St. Thomas by a score of 64-61, and on Saturday, March 6, the Bulldogs lost to Saline by a 48-44 score in the finals of the Ypsilanti class "C" district tournament.

In the St. Thomas game, the Bulldogs took an 18-12 first quarter lead. Neil Buehler paced the local team in this period with seven points.

With Bruce Hoffman scoring nine points in the second quarter, the Bulldogs outscored St. Thomas 20-12 in this period to make the score read 38-24 in favor of Chelsea at the intermission.

St. Thomas outscored the Bulldogs, 20-11 in the third period to cut the Bulldog margin to five points at the three-quarter mark. Score: Chelsea 49, St. Thomas 44.

In a very exciting fourth period, the Bulldogs outlasted the Irish of St. Thomas to come out on top by a 64-61 score, according to Mrs. John Fischer, chairman of the drive here.

The Saline Hornets stunned the Chelsea Bulldogs in the district finals to qualify for the regional tournament play this week at Ann Arbor. This is the second straight year that the Bulldogs have been defeated in the district finals. Last year Chelsea lost to Wayne St. Mary's.

The Bulldogs took a one-point lead in a very close, and tense, first period. The score at the end of the first quarter was 11-10. The Saline Hornets and the

Bulldogs each scored eight points in the second quarter to make the score read Chelsea 19, Saline 18, at the intermission.

The Bulldogs outscored the Hornets 15-11 in the third period to take a 34-29 lead at the three-quarter mark. Then the Bulldogs' floor leader and captain, Bud Ringe, sprained his ankle and was forced to leave the game.

Sparked by seniors Wally Larson and Earl Feldkamp, the Saline Hornets outscored the Bulldogs 19-10 in the fourth period to win by a 48-44 score. The Bulldogs changed hands several times in this period. Without their floor leader, Bud Ringe, the Bulldogs attacked really bogged down.

The Hornets' tight man-for-man defense and the inability of the Bulldogs to move around the floor cost them the ball game.

The brilliant play of senior Bob Bertke in the fourth quarter was the only bright spot in this season's play for the Bulldogs. Bob scored seven points in this quarter.

In the two tournament games, Bob White scored 29 points, Neil Buehler 25, Bruce Hoffman 21, and Dave Elkin 6.

The Bulldogs won 16 games while losing only two this season. Chelsea and Dundee shared the Huron League championship.

75 Women Attend
World Day of
Prayer Service

Mrs. Ben R. Donaldson of Dearborn, vice-president of Michigan United Church Women and the organization's Christian social relations committee chairman, told women who attended the union World Day of Prayer service Friday afternoon that Christian women should be concerned with civic and political activities of the present day as well as with local church activities and personal religious life. Religion should be put into everyday practice in all phases of community and home life, Mrs. Donaldson said. Her talk proved very interesting, according to reports of the service which was held in the Congregational church and attended by 75 women of the community.

The service was sponsored by women of the Congregational, Methodist and St. Paul's Evangelical and Reformed churches. On the committee in charge of arrangements were Mrs. John Fischer and Mrs. William Storey of the Methodist church, Mrs. William Eliaess and Mrs. Louis Burghardt of St. Paul's church, and Mrs. W. J. Grossman and Mrs. Chandler Rogers, of the Congregational church. The latter was chairman of the committee.

Readers who took part in the service included Miss Cora Simpson, Mrs. Howard Flintoft, Mrs. John Hale, Mrs. Dudley Holmes and Mrs. William Storey.

Miss Simpson told interesting anecdotes of her contact with the family of the late Miss Sarah Chakko, noted Christian leader of India, who prepared this year's World Day of Prayer service shortly before her death early this year. Miss Simpson became acquainted with the story of Miss Chakko's family during her 40 years as a missionary in China. She said the Chakko family has handed down the legend that they have been Christians since their forefathers were converted by St. Thomas, the apostle, 1,900 years ago.

Mrs. Donaldson was introduced by Mrs. Storey who also presided while the offering was brought forward. A total of \$34 was received at the service which will be forwarded for the home and foreign mission projects of United Church Women of the National Council of Churches of Christ in America, which sponsors World Day of Prayer services in the United States.

Tea was served in the church parlors following the service. Mrs. Louis Burghardt and Mrs. John Fischer poured.

Chairman of the tea was Mrs. M. W. McClure of the Congregational church.

The lace-covered tea table was centered with a bouquet of daffodils and Japanese iris.

To be eligible to vote in the village election it is necessary to register with the village clerk, Robert Devine.

Optometrists Start
Nation-Wide Study of
Labor Eye Care

In cooperation with labor union officials, the American Optometric Association has announced a nation-wide study aimed at raising the standards of eye examinations for union members.

An AOA release pointing up "Save Your Vision" week, observed this year between March 7 and 13, stated that the program is aimed at eliminating the danger in some unions of looking upon glasses as a commodity.

The release quoted Dr. James F. Wahl, president of the optometric association, a national professional organization of which the local Huron Valley Society of Optometrists is an affiliate.

Wahl said that a thorough vision examination takes at least 45 minutes, and that many so-called "cut-rate" services offered unions can offer "at best superficial" service.

BOY SCOUT NEWS

Scoutmaster Edwin Dickelman passed several boys in their tests on Morse code and other skills at Monday's Boy Scout meeting in the Municipal building. He also had a demonstration of the items which should be taken along on an overnight camping trip.

Final plans were completed for the overnight camp at Green Lake which twelve Boy Scouts and three leaders will attend the coming week-end. The leaders are John Weber, Dr. E. J. Sutter and Paul Morley.

Campers are to meet at 8:30 a.m. Saturday at the Municipal building with all their camping gear.

The boys will be brought to town for church services of their choice Sunday morning and the camp will break up at 3 p.m. Sunday for the return to Chelsea.

At Monday's meeting Flaming Arrow patrol had charge of the opening ceremony while Flying Eagle patrol arranged for the games and Owl Patrol closed the meeting.

What you want most
Chevrolet gives you first

See how Chevrolet stays ahead of other low-priced cars in all the things that mean the most to you. See how much less Chevrolet costs you—it's the lowest-priced line of them all. Come on in and let us show you how you can have the things you want and be a good many dollars ahead with a new Chevrolet. That's promising a lot, but we welcome the chance to prove it!

OUT AHEAD with that bigger, lower look. Only Chevrolet and leading higher-priced cars have Body by Fisher with that big, smooth, low-slung look.

OUT AHEAD with the highest-compression overhead valve engines. Chevrolet's great engines have the highest compression ratio of any leading low-priced car.

OUT AHEAD with that smooth and solid big-car ride. Chevrolet's the only low-priced car with Uniflex Knee-Action—one reason for its finer road-smoothing, road-hugging ride.

OUT AHEAD with bigger brakes. Chevrolet brakes are largest in the low-price field for smoother, safer stops!

OUT AHEAD with automatic power controls. Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as extra-cost options.

OUT AHEAD with zippy, thrifty Powerglide. It's the first and most advanced automatic transmission in the low-price field. Acceleration is instantly responsive and as smooth as silk. Optional on all models at extra cost.

MODERN MOTHERS CLUB

The Modern Mothers Child study club held a business meeting Tuesday evening at the home of Mrs. Jack Musser, with ten members present. Mrs. John Dettling was accepted as a new member.

Principal business was a review of the club's constitution and by-laws after which there was a general discussion on current child problems.

Refreshments were served by Mrs. Musser and Mrs. Wilbur Werner.

For the March 23 meeting the club has been invited to attend the Chelsea Child Study club's program, "Panel of Americans," in the Methodist Church social center.

Twenty-five members were present for the meeting, held at the home of Mrs. William Geddes.

Book reviews were given during the program period in charge of Mrs. Walter Pielmeier. Mrs. Pielmeier reviewed "The Lady of Arlington," by Harriet Kane; Mrs. Elsie Hill Gott, "The Gown of Glory," by Agnes Turnbull; and Mrs. Sallie Smith, "Education For All American Youth."

The latter was compiled through the joint efforts of the National Education Association, the American Association of School Administrators and the Education Policies Commission. The book explains the aims of the modern trend of education "for all American youth."

MICHIGAN MIRROR
(Continued from page one)

ward A. Borgman (R-Grand Rapids) received upward of 1,000 letters a day from persons supporting the bill. Other committee members averaged 500 a day.

When the bill's title appeared on the calendar, House members braced themselves for a flood of mail. The dike's broke!

● The McCune bill had support of temperance groups, better known as "drys," and they went all out. It was their first solid issue in several years. If nothing else, the bill gave "drys" a chance to strengthen their organization.

● Television stations were slow to move against the bill but once they did, it turned into a battle royal.

● Snack in the middle were 100 members of the House.

"If I vote for this bill, I'll lose votes back home," one member moaned. "And if I vote against it, I'll lose voters. I can't win. And this is election year, too!" Most other members felt the same way.

● As a result of the MSC-MSU, WCTU-TV controversies, many lawmakers are wondering whether it is wise to allow any subjects except financial matters to be taken up during the short (or even) sessions.

There is an increasing amount of talk of limiting even year sessions to a few key subjects such as appropriations, taxes and certain judicial questions.

Before 1952, only special sessions were held in even years and subjects taken up were limited by the Governor. At first, everyone thought annual sessions would be a very good thing.

But now there are many people wondering.

● More and more people at the Capitol are predicting that Gov. Williams will seek a fourth term.

Williams, while keeping Republicans guessing on his plans, will find little consolation if he reads about former Michigan governors who tried for a fourth term.

Michigan has had three governors who served three terms: Govs. John S. Barry (1842-46 and 1850-51), Fred M. Warner (1908-11) and Alexander J. Groesbeck (1919-27).

Barry, a Democrat, tried for a fourth term in 1854—the year Michigan elected its first Republican governor—and again in 1860, and lost both times.

Groesbeck went for a fourth term in 1926 and lost in the GOP primary to Gov. Fred W. Green.

and again in 1930 but was defeated in the primary by Gov. Wilbur M. Bruce by 4,161 votes.

● If he is reelected, Rep. Andrew Bolt (R-Grand Rapids) is favored to succeed Rep. William S. Broomfield (R-Royal Oak) as speaker pro tem of the House. Broomfield will give up his House seat to run for the state Senate in Oakland county.

Manchester Couple Observes Golden Wedding Date

Mr. and Mrs. Ben Marshall observed their golden wedding at a reception at their home in Manchester Sunday afternoon attended by 135 friends and relatives. Mrs. Marshall is the former Julia Bahnmiller, a sister of Mrs. E. J. Weinberg and Emanuel Bahnmiller. She and Mr. Marshall were married at the Sharon township home of her parents, the late Mr. and Mrs. Velt Bahnmiller. The officiating clergyman was the late Rev. Jacob Graber who at that time was pastor of the former Sharon Evangelical church.

The Marshalls have made their home in Manchester since their marriage. They have a son, Paul, and a daughter, Mrs. Laurel Brutenwischer, of Manchester, and another daughter, Mrs. James Bentley of Pontiac. They also have three grandchildren.

Relatives and friends from this vicinity who attended the open house are Mr. and Mrs. Emanuel Bahnmiller, Miss Amanda Koch, Mr. and Mrs. E. J. Weinberg, Jana Lou and Doris Weinberg, Louis Dreyer, Elden Weinberg, Mr. and Mrs. Robert Foster and children and Mrs. Theodore Bahnmiller.

Also attending with the Chelsea relatives were Mr. and Mrs. Jack Weber and family of Ferndale. Attendants at the wedding 50 years ago were Emanuel Bahnmiller and Mrs. Arthur Strahle, both present at Sunday's reception.

INSIDE THE CAPITOL

By Lieut. Gov. Clarence A. Reid

One of the important questions before the Legislature is that of four-year terms for major State and County officers.

A proposed constitutional amendment providing for four-year terms has passed the Senate and is before the House. If the House approves by a two-thirds (67) vote, the issue will go on the ballot in November for you to approve or disapprove.

In effect, it means this: If people should vote on the question and the constitutional amendment is adopted, whoever is elected on Nov. 2 will serve four years instead of the present two years. It means that the election in 1956 would be limited to President of the United States, Vice-President of the United States, Congressmen, non-partisan judicial offices and some local offices.

Those who would be affected by the four-year term proposal are the members of the Legislature, Governor, Lieutenant Governor, Secretary of State, Attorney General, Auditor General, State Treasurer, and Superintendent of Public Instruction on the State level and County Clerk, County Sheriff, County Treasurer, Prosecuting Attorney, and Register of Deeds on the county level.

Those who favor the proposed constitutional amendment say that it would provide more stability in government and give officials a better chance to develop and carry out their programs.

Opponents declare that elected officials should go before the people every two years on the basis of their records and that the people won't know next November whether the men and women they elect will serve two years or four years because the four-year term proposal will be up for consideration at the same time.

This is a very important question for the people and I am sure that your Representatives at Lansing would be pleased to hear from you on it.

It is estimated that 12 per cent of the weight of a beet is sugar.

No. 8: Watch Out For That Umbrella

Motorists riding around in nice comfortable waterproof gear sometimes fail to appreciate what it's like to be a pedestrian walking on a wet street with the rain coming down. Holding an umbrella in the position where it will do the most good seems the most important thing to do at the time. The fact that the umbrella makes it impossible for the pedestrian to see oncoming traffic is lost sight of in the urge to keep out of the rain. And if there is a high wind, keeping the umbrella from turning inside out is a full time job.

So on rainy days motorists can hardly expect pedestrians to do as good a job of looking out for themselves.

The Look of Tomorrow
Is In every '54 BUICK Today

With completely new "years-ahead" styling—marked by the dream-car design of the panoramic sweep-back windshield.

Take it Easy*you don't have to prove a thing!*

LET's be sensible about this subject of horsepower.

An all-American tackle doesn't go around tackling people in everyday life.

A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks.

The better you are, the less you have to prove it.

And that's how it is with a Buick CENTURY.

Of course it's a spectacular performer—a car with instantly responsive action. It has to be, for it combines a high-compression 200-horsepower V8 engine with a nimble weight of only 3866 pounds as it comes off the assembly line.

That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever reached before.

It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber?

If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY.

The real pride of owning such a car is simply this: You know so well what it can do that you never have to prove it.

That lets you enjoy the tireless ease of its

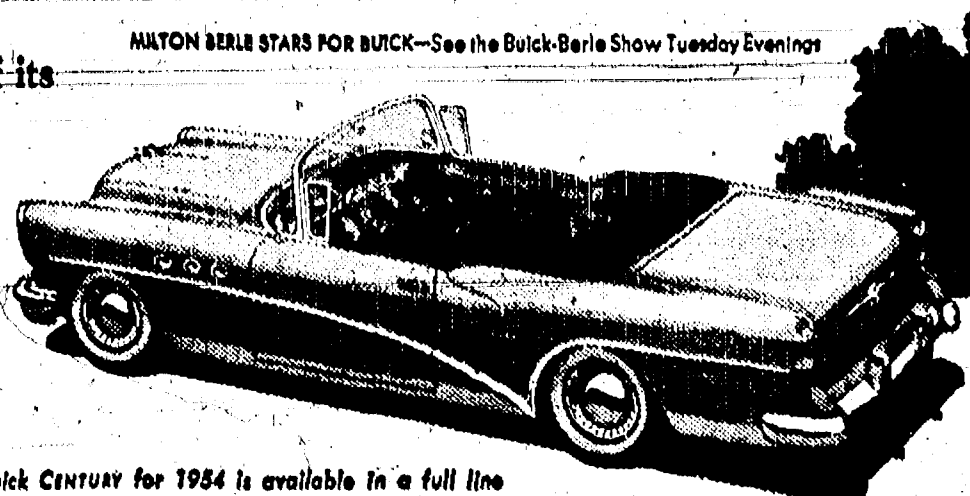

gait in ordinary driving, when only a fraction of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency.

Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a CENTURY than you get in any other car in America.

Washtenaw Chosen as Test
County for Polio Vaccine

According to announcements made by Dr. Albert C. Heustis, state health commissioner, Washtenaw county is one of 12 counties of Michigan in which special tests with the new Salk polio vaccine are to be conducted in 1954.

Children in the first, second and third grades of schools in the test counties will be involved, with approximately 8,000 affected in Washtenaw county.

As explained by health officials, the program calls for administering shots of the new polio vaccine to half of the children in a given group and administering the same number of shots of a harmless, ineffective substance to the remaining half of the children in the group.

The individuals receiving the shots and even the doctors who administer them will not be told which are the Salk vaccine shots and which are the ineffective substance. Carefully coded identification cards are to be kept by the National Foundation for Infantile Paralysis which sponsors the test program. The information as to identity and evaluation of the test will be known only to those concerned with studying the vaccine's effectiveness.

The test vaccine was developed by Dr. Jonas E. Salk of the University of Pittsburgh, formerly a member of the University of Michigan Medical School faculty. The tests are to be given on a nation-wide basis and the Salk vaccine had been described as the most promising of any of the preventives tested to date.

The vaccine contains small amounts of the virus which causes polio and works in about the same way that diphtheria and typhoid vaccines do, causing the blood to form antibodies to combat the virus and thus set up at least a temporary immunity. "Booster"

shots to reinforce the immunity may be needed later.

No shots will be administered to children unless their parents have signed a form requesting that the children be included in the test.

Counties of Michigan where the tests will be given, in addition to Washtenaw, are Bay, Calhoun, Kent, Lenawee, Monroe, Muskegon, Oakland, St. Clair, Ingham, Ottawa and Macomb.
