

Stunning news of Blair Moody's death brought renewed public interest in the primary election Aug. 14.

It was a tragic loss to the Democratic party. One that was felt deeply and personally by many party leaders.

There also was a loss that presented some practical political problems. There seemed little chance, Patrick V. McNamara, Moody's only opponent, seemed almost certain of nomination. There was some talk about a possible sticker candidate, but Gov. G. Mennen Williams refused to make any statement about this subject for several days after Moody's death.

Michigan law is not clear about such cases as Moody's. According to one section, the Democratic State Central Committee could pick another candidate and order his name placed over Moody's on the ballot. Another section mentions that voters can write in names.

Relations between Williams and McNamara had been formal, almost to a point of being stilted. In early stages of the campaign McNamara had accused Williams of making a "vest pocket" candidate of Moody. He had made bitter statements about favoritism by Democratic Chairman Neil Steuber. He has been associated with "the present ADA, CIO boss and egghead leadership."

Democratic leaders gave silent thanks that their relationship with McNamara had improved since the candid comments at the beginning of the campaign. Their problem would have been infinitely more complex if the relationship had been one of open warfare as exists in the Lieutenant Governor race.

The first I know about it was what I read in the papers," said the Governor when asked about this report that Moody had tried to withdraw from the race because of ill health.

The story was quickly and vehemently denied by Blair Moody Jr. He said that his father wanted nothing more in life than to continue the campaign and that he never considered withdrawing. Neil Steuber said: "The implication that Mr. Moody wanted to withdraw from the senatorial race was prevented by party leaders. It is completely untrue. It defames the integrity of a great senator."

Harmony in the Republican camp, on the other hand, was so much in evidence that the campaign could be considered dull. As one capital reporter put it: "All of them are in favor of good roads, good schools, lower taxes, etc. I don't hear much talk about how these things will be paid for, or specific steps candidates expect to take."

This is a new situation for Republicans who consider they lost recent elections because such vigorous campaigning took place in primaries that the party could not unify itself behind the winning candidate.

And it presents different problems. Much less campaign money has been made available to candidates than in other years. "Every one seems to feel it doesn't matter which of the men is nominated," said a GOP figure. "They don't see much advantage to backing any of them now—or risking the support of one who might not win the nomination."

Expectations are that once the primary is over, much support will materialize.

Something else is expected to materialize when the primary is over: maneuvering for positions on the state administrative board. Candidates for these offices are selected by state convention of each party. Democrats hold their get-togethers at Grand Rapids on Aug. 14; the GOP meets the same place a week later on Aug. 21.

Much speculation can be made about both elections, but the more interesting is the GOP.

Positions open include: secretary of state, treasurer, attorney general, auditor general and superintendent of public instruction.

Owen J. Cleary, present secretary of state, could make another bid at the position if he were unsuccessful as a candidate for governor. D. Hale Brake, present treasurer, could do the same. Will Donald Leonard want another post if he loses?

Not to be forgotten is George Higgins. He is the ablest lawyer from Royal Oak who withdrew from the governor's race and announced himself as a candidate

Wheat Price Support OK'd Nationally

Washtenaw Farmers Vote Against Issue By Large Majority

Although Washtenaw county farmers voted overwhelmingly 1955 crop in the wheat referendum against marketing quotas for the last Friday, the issue carried on the national level with 73 per cent of farmers voting approval. A vote of 66 per cent was necessary to carry the issue.

National approval of the wheat program means there will be a continuance of marketing penalties on any "excess" wheat produced outside the acreage allotment—and the full level of price support will be available for those who comply with their allotments.

Last year 87 per cent of the voters approved the program. Lyndon and Sylvan townships, voting at Sylvan Town Hall voted 13 "No" and 7 "Yes"—a total of 20 votes out of a possible 37.

Lima and Scot townships, where one-third of the eligible voters bailed, voted 12 "No" and 10 "Yes," and Sharon, Freedom and Manchester townships, with 73 eligible voters, polled 22 "No" and 11 "Yes."

Of the 598 eligible voters in the county only 231 cast ballots and expressed the proposition, a 16.1 per cent turnout. Four votes were challenged.

Three Injured in Second Crash in 10 Days at Corner

Thomas Smith of 250 East Hancock street, Detroit, suffered compound fractures of the left leg and internal injuries in an accident which occurred at 8 p.m. Wednesday, July 21, U.S. 12, approximately 150 feet west of M-92.

According to sheriff's deputies' reports, Smith's car was traveling east on U.S. 12 when it was struck by a car driven by Beecher Osborne. Osborne had reportedly pulled out of the parking area in front of Truett's Inn and headed directly across the highway and into the eastbound lane, striking Smith's car. Both cars were severely damaged.

Maxine Martin was riding in Osborne's car. Smith, Osborne and Miss Martin were taken to St. Joseph's Mercy hospital, Ann Arbor. The latter two were treated for cuts and bruises and released from the hospital but Osborne was held by the sheriff's department on a charge of felonious driving.

The second serious accident at this intersection within ten days. Frank Riedel of Manchester died last week following injuries in a crash at the same intersection on Wednesday, July 14.

Washtenaw Ag. Council Is Formed

There has come into being within the last few months a new organization known as the Washtenaw County Agricultural Council. This organization was formed to help farmers to become better acquainted with their farm organizations and for the farm organizations, in turn, to better help the farmers.

The group expects, through a concerted effort, to be able to bring more benefits to Washtenaw County's farmers than would be possible otherwise.

The group meets on the third Wednesday of each month and varies the meeting place so that all will travel an equal distance.

The group consists of the following members: Frank Gendron, 4-H club agent; Donald Johnson, county agricultural agent; Andrew Campbell, Agricultural Conservation Committee; Robert Hall, National Farm Loan Association; Plummer Sawyer, Production Credit Association; Patrick J. O'Malley, Farmers Home Administration; Donald Mauer and Lon Sherman, Soil Conservation Service; Ed Henry, Veterans Institute; and Ray Pfeiffer, District Forester.

Also members are the vocational agriculture teachers, Glen Welsh, Saline, Ira Jump, Manchester, Phil Smith, Chelsea; Richard Larson, Dexter; and Mel Sheppard, Milan.

Regional Civil Defense Head To Speak at County Meeting

Wilbur B. Pettigrew, regional Civil Defense director of the Joliet Region, will be one of the principal speakers at a county-wide Civil Defense meeting called by Washtenaw county CD Director Thomas A. Fitzgerald. The meeting will be held at 8 o'clock, tonight in the Rackham lecture hall in Ann Arbor which seats 1,500 people. The general public is invited to attend.

Directors of Washtenaw county's seven zones are expected to be present as well as all members of local and county Red Cross disaster personnel, auxiliary police unit volunteer firemen. Directors of Wayne, Monroe, Jackson, Livingston, Oakland and Macomb counties and all Washtenaw county municipal officials have been invited to be present, also.

Others invited to send representatives are all veterans organizations and women's clubs.

The meeting was arranged, according to Fitzgerald, to co-ordinate the seven zones with the county-wide program since the entire group has never been called together before.

Regional Director Pettigrew will speak on the subject of Civil Defense on a national level. The Joliet Region he heads includes Michigan, Minnesota, Wisconsin, Illinois, Indiana, North and South Dakota and Iowa.

Other prominent speakers will be Brig. Gen. Lester J. Matland, Michigan state Civil Defense director, and Gen. Clyde E. Dougherty, Civil Defense director of Detroit and Wayne county.

Central Fibre Employees Hold Family Picnic

Central Fibre Products' employee-management family picnic was held Saturday at Silver Lake with 200 present. Baked ham and ice cream for the dinner was provided jointly by the management and the UAW-CIO of the plant. Each also paid half of other expenses of the affair. Those who attended brought their own dishes served.

Children under 10 years of age were presented with games and toys as gifts and those over that age were given silver dollars.

Foot races for children and adults, with prizes for the winners, and boat rides for the children in the cabin cruiser made available by Earl Gebott, were the afternoon entertainment.

Miles Smith, UAW-CIO plant chairman, on behalf of the employees presented Donald Bacon, company president, with a yachting cap, also a box of personal stationery for Mrs. Bacon. Because of conflicting appointments, Mrs. Bacon was unable to be present.

Diane McClanahan was general chairman of committees in charge of arrangements for the picnic.

Mr. and Mrs. Howard Plunkett of Florida and Altoona, Pa., are spending some time as guests of Mr. and Mrs. Henry Ahnemann here and the Ray Whipples, in Jackson.

Crash Near Hilltop Service Station Injures Three

In a two-car crash Friday on U.S. 12 at the Hilltop service station west of Chelsea, Theodore Riemschneider and Dr. LaVerne Riemschneider of this vicinity, and Chester Robertson, of 715 Kendall street, Detroit, were injured.

Theodore Riemschneider's injuries were listed as cuts on the side of his face and five cracked ribs, while Dr. Riemschneider sustained forehead cuts, injuries to his right eye and right arm and bruises on both legs.

All were taken to St. Joseph's Mercy hospital, Ann Arbor. Theodore Riemschneider was released Monday but Dr. Riemschneider was kept there for further observation. Robertson had been released after treatment for minor injuries.

Sheriff's deputies reports indicated that Theodore Riemschneider, accompanied by Dr. LaVerne Riemschneider, was on his way to Chelsea to have a prescription filled for his wife, who was ill, and was attempting a left turn into the gas station drive-way when his car and the car being driven west by Robertson collided. Both cars were badly damaged.

Cleary Supporters Making Plans for Rally Next Monday

Planning of a Washtenaw county Cleary-for-Governor rally neared completion Tuesday as co-chairman George Weins of Ypsilanti, and Rally Chairman Herb Estes of Ann Arbor, announced jointly that gubernatorial candidate Owen J. Cleary would conclude his nomination campaign here in his home county.

The committee reveals that a rally caravan is scheduled to leave Ypsilanti in the late afternoon Monday, August 2, and pick-up supporters in Ann Arbor, Dexter, Chelsea, Manchester, Saline, Milan and East Ann Arbor, bringing candidate Cleary to Ann Arbor's West Park about 8:30 p.m.

Entertainment and refreshments will be provided for those attending the rally at West Park. Cleary, who announced his entry into the race for the Republican nomination for governor last February in Ypsilanti, is a lifelong resident of Washtenaw county.

Wheat Crop Lower in Yield, Quality Than Last Season

Wheat harvesting in this area is practically completed, according to local elevator operators. Howard Holmes, at Chelsea Milling company, estimated the harvest 90 per cent completed Saturday, which was the 12th day that grain had been coming in.

Julius Blass, at Blass Elevator, also receiving wheat for the 12th day of the present season, said he believed Tuesday of this week would see the entire 1954 wheat crop harvested.

Holmes and Blass both stated that this year's crop is smaller, both in quantity and yield per acre, while quality was not up to last year's crop, much of which was premium wheat.

Government controls on acreage and less yield per acre because of unfavorable weather conditions were the principal reasons for the smaller wheat harvest in this area this year, both elevator men said.

Kiwanis Club Entertained at Cassidy Lake Camp

Kiwanians held their Monday meeting this week at the Cassidy Lake Technical school and after the dinner served in the chapel basement, adjourned to the baseball diamond for a game with the Cassidy Lake youths. The latter won by a score of 6-5.

At a brief after-dinner program, short talks were given by Rev. Forrest Cook, Captain C. D. Miles and Henry Prin, of the Cassidy Lake school, who were introduced by H. T. Moore, Kiwanis program chairman for the evening.

Guests of the club were Edgar Wood and J. Edgar Alderson, of Lansing, and Lt. Robert Daniels, who is home on leave from the U. S. Navy.

Paul Mann, the club's athletics chairman, announced the baseball schedule of the coming weeks and Maxwell C. Sweet announced that the next meeting, Aug. 2, will be a Ladies' Night and a picnic dinner is to be held at the Russell McLaughlin cottage at Cavanaugh Lake.

Herbert Sagers Injured in Two-Car Crash Near Howell

Herbert F. Sager, of Ann Arbor, son of Mr. and Mrs. Fred Sager, reportedly suffered a possible broken jaw and severe head and knee injuries in an automobile collision on U.S. 16, near Howell early Saturday afternoon. His wife, Mabel, was treated for cuts and bruises and their 14-year-old son, David, suffered severe head injuries and body bruises.

They were treated at McPherson Memorial hospital in Howell, and Mr. Sager and his son were later brought to St. Joseph's Mercy hospital, Ann Arbor, while Mrs. Sager was released.

The accident occurred as the Sagers were returning to Ann Arbor from Indian River.

Hudson Covert, Jr., of Milford, in the other car involved in the crash, was killed.

Tuesday's Primary May Set New Mark For County Voting

Gen. Herbert Vogel May Become New TVA Chairman

Washington newspapers have stated in articles printed during the past week that information from Congressional sources indicates that Brigadier General Herbert D. Vogel is almost certain to be appointed chairman of the Tennessee Valley Authority board by President Eisenhower. His nomination was expected to be sent to the Senate during the Senate Emergency Act revision bill debate sessions.

General Vogel's presence in Washington for a conference with President Eisenhower was cited as one of the factors leading to the belief that he will receive the appointment, although he, himself, refused to make any comment.

Reports from Washington indicate that General Vogel has the support of House members from Tennessee in addition to the backing of several other powerful Republicans.

Those who are advocating him for the TVA chairmanship, a nine-year job with an annual salary of \$15,000, have declared that his appointment is not "political" in any sense that it would be involved in the present dispute over proposed private construction of power facilities in the Tennessee Valley Authority area. He is described as a highly regarded career expert on soil and water conservation, although "comparatively unknown in civilian or congressional circles."

General Vogel is a son of Mr. and Mrs. L. F. Vogel, of Chelsea. He is a Chelsea high school graduate, received a civil engineering degree from the University of Michigan; a master of science degree from the University of California; and a doctor of engineering degree from the Berlin Technical College at Berlin, Germany.

He also studied at the Army Engineering School, the Command and General Staff School, and the Army and Navy Staff College. He graduated from West Point in 1924.

The past two years General Vogel has been in charge of the Dallas, Texas, headquarters of the Army Engineers Southwest Division and in 1949-50 he was Panama Canal maintenance engineer. For the following two years he was lieutenant governor of the Canal Zone. He has also served on the board of engineers for rivers and harbors control.

During World War II he served principally in the Pacific theater. President Eisenhower announced at a recent newspaper conference that he would appoint a successor to Gordon R. Clapp before Congress adjourns. Clapp's term on the TVA board expired in May.

Several men had reportedly been recommended to the White House, in addition to General Vogel, but his congressional backers seem confident that he is the president's choice for the post.

Local Masons, OES Members Enjoy Picnic

The second district also was honored in the Legion Auxiliary election in which Mrs. Lee Taylor of Brooklyn, was elected department president.

Official delegates of the Chelsea Legion Auxiliary at the convention were Mrs. Ruth Christwill and Mrs. Susie Hulse.

Others from Chelsea who attended are Mrs. Charles Spencer and Mrs. Paul Maroney, of the Auxiliary, and Claire Fenn, of the Post.

Safety Campaign Points Out Dangers Of Excessive Speed

Chief George W. Doe urged the motorists of Chelsea to be especially careful in passing cars out on the open highway. He pointed out that most of the motorists killed on highways are people who live in cities and that many of them on vacation trips do not drive frequently enough in the country to become accustomed to high speed travel—especially when highways are over-crowded with tourist travel.

According to Chief Doe, the safety message "Share the Road—Keep in Lane," being emphasized this summer, is one of the most important of advice for opening highway driving. "Going faster than the other fellow and having to get on the wrong side of the highway to pass him sets the stage for disaster if the car being passed moves over or speeds up—or if that oncoming car arrives too soon. And if someone else pulls out on the highway during this passing maneuver, almost anything can happen," the Chief said.

"Very high speed further complicates passing because when any one of the three drivers makes an error it is many times more difficult to recover from the emergency that results—and naturally a crack-up is much more likely to be fatal," the Chief added. He pointed out that if you are going 10 miles per hour faster than the car you are passing, and there is an oncoming car, it will require almost twice as much safe passing distance as if you are going 10 miles per hour faster than the car you are passing. He pointed out that if you are going 4,480 feet (almost the length of 15 football fields) to complete the pass safely while at 50 you need only 2,400 feet (only the length of 8 football fields).

In conclusion Chief Doe urged all motorists to adapt their speed to each highway to the speed at which most other drivers are traveling. This will delay fewer people, result in less passing and provide greater safety for everyone.

Lyndon Residents Form Goodfellowship Club Saturday Eve

A group of Lyndon township residents, calling themselves the Lyndon Goodfellowship Club, held their first meeting Saturday, July 24, at Lyndon Township Hall. Among the guests were representatives of Lyndon township Democratic and Independent voters and taxpayers, another meeting has been planned for Saturday evening, Aug. 7.

Purpose of the club, as outlined by members, is "to sponsor good government, good roads and improvements in Lyndon township" as well as to form a social group to help residents to "meet, know and enjoy" their neighbors.

At Saturday's meeting a motion was made and supported that petitions for road improvement be available for signatures at the Aug. 7 meeting.

All interested people of the community are invited to attend the meeting.

**Roof Repair Started
On Methodist Church**

Pointing up the stone work on the Methodist church has been completed and roofing crews were to be at work yesterday or today to begin laying the new shingles. The roof is the second part of a triple improvement project estimated to cost approximately \$5,000.

Attorney General

MOON-LEY-SEELY CASE

In the fall of 1953 grave questions arose as to certain land deals engaged in by the State Highway Department in western Michigan, and in Muskegon county in particular. It became quite apparent that Mrs. Lela P. Moon-Ley, a real estate broker in the city of Muskegon for many years; and G. Palmer Seely, Chief Buyer of the Grand Rapids office of the State Highway Department, were involved in questionable transactions.

The case was turned over to the Attorney General. The Auditor General assigned one of his state agency auditors to this office, and after added another. The State Police gave us the services of some of their detectives, and during a substantial period we had two of our staff of investigators.

On Saturday, February 27, a complaint was made and warrant issued for the two defendants above named. They obtained counsel and indicated a desire to waive examination and plead guilty. Before the warrant was issued, we took exhaustive examinations from owners who had sold their property to the State for highway purposes on what is known as the Harvey street project, in which any criminality appeared.

Shortly after the warrants were issued, Mrs. Ley identified the State warrants, the options and deeds to which she had forged the names of others in each case. This statement was taken under oath. On examination, both defendants waived examination. An information was filed charging the defendants with conspiracy to defraud the State of Michigan of \$10,000 and upwards, and on April 20 both defendants appeared in circuit court, waived the reading of the information and entered pleas of guilty.

The court imposed sentence in this case on June 18 and sentenced Mrs. Ley to serve from 18 months to 5 years in the Detroit House of Correction at Plymouth, and Mr. Seely to serve from 2 1/2 to 5 years at Jackson.

Negotiations were entered into on several occasions in an attempt to secure restitution of some \$90,000. The defendants were unwilling to meet the State's claims and did not make restitution in the amount claimed by the State. On the day that these two defendants were sentenced, they were served with the summons and bill of complaint as well as an injunction. The bill of complaint asks for a full accounting of the proceeds of this conspiracy and a decree for the difference between what the State paid and what it should have paid for the properties, as well as for the value of houses which were appropriated by the defendants and disposed of.

The bill asks for an injunction restraining the defendants from disposing of any of their property in any way, and also ties up their assets. It seeks to set aside fraudulent conveyances which have been made with intent to defraud the State of Michigan and asks that a receiver be appointed to administer the assets of the defendants and to preserve them. Other remedies are also sought in the bill of complaint.

The State was defrauded by means of a conspiracy and understanding between these two defendants by which options were altered after they were signed, calling for more money for the property than the option originally called for. The land owners received checks for what they expected to get and the two conspirators divided up the second checks. The options were also altered so that the conspirators could appropriate the buildings on the land and sell them without the State's knowledge. Sometimes options were altered showing buildings on the land, whereas there were no buildings at all. This was done so that the value of the property could be inflated.

The investigation of the land deals is not yet fully completed.

TAKE a look, if you please, at the car
and the styling that are changing his-
toric sales standings.

Take a look at the beauty and the buy
called Buick—the car that is forging ahead
to new sales heights in the 1954 market.

Take a look at the new best-seller that has
moved into the "Big Three" of the nation's
top sales leaders—into that very exclusive
circle that for two decades has held only
the so-called "low-price three."

For today, as national sales figures for the
first five months reveal, Buick is outsell-
ing all other cars except two of these "low-

price three." And each month firms
Buick's new position.

It takes solid worth to bring this about—
a lot more automobile per dollar in Buick
than in other cars.

But it also takes the glamorous new tomor-
row styling that is Buick today. It takes
the highest V8 horsepower, Series for
Series, in all Buick history. It takes the
room and comfort and ride and handling
that are Buick's proud tradition.

And it takes a range of cars to satisfy a
wide range of people—with prices that
most people can well afford. So you find

THE MICHIGAN PLAN— A BLUEPRINT FOR THE FUTURE

● Michigan needs roads. Every county, city, township and village must have improved highways. These roads can be met ONLY with real executive leadership. Tomorrow's road requirements must be met today!

● With continued increase in our population, Michigan faces the added responsibility of supplying new schools and personnel. Leadership and co-operation between local and state government can solve urgent school problems.

● Reduce Michigan's annual highway death toll.

Offer state-sponsored driver-training in every high school.

● Give youth a helping hand. Build child guidance clinics to make useful citizens out of mentally disturbed children before they become mental patients.

● Modernize our tax program. Encourage state, county and township officials to overhaul tax procedures by giving local officials strong, delegated powers.

Life-Long Resident

Six feet from the flames

At 6:50 o'clock on a below-zero Sunday morning, a lone signal light glowed on the Bad Axe telephone switchboard. It was the United Missionary Church's line. Operator Maxine McLeod plugged in, thought she heard a sizzling, crackling sound... like FIRE! Immediately she rang that number.

Mrs. Marcus Krake, the minister's wife, came from the rear of the parsonage, which adjoined the church, to answer the telephone. She was horrified to see the church basement ablaze... six feet away!

The call had come just in time. Both church and parsonage were on the same

telephone line. Fire eating into the wiring in the church caused the operator's switchboard light to come on. Right after Mrs. Krake gave the address to the operator, the line went dead.

Miss McLeod rang the alarm siren. As volunteer firemen all over town called in, she told them where the fire was. Thanks to the alert operator, firemen were able to save the minister's home and nearby houses.

The affair will be held at the Floyd Fowler home, on Sibley road, and transportation may be arranged by contacting Mrs. Clair Smith.

Eugene Shroyer, band director, has arranged to have the Chelsea High school band give two concerts during the evening.

Plans were also discussed for a proposed minstrel show to be given next winter. Proceeds of the ice cream social and the minstrel show are to be used for the benefit of the band and for the band uniform fund.

"Specs" Johnson, who thinks it's a real treat to spend an hour or so browsing in a bookshop found his idea of heaven up in Centerville last week.

"Just inside the door," Specs says, "there's a tray of bright blue buttons. If you want to look around without having someone suggest you buy the latest best-selling novel, or maybe a history of Africa, you pin a button on your coat lapel."

"You can poke around all you like. Then when you've found the book you want, take off the but-

ton, and someone's right there to take care of you."

From where I sit, everybody likes to make his own choice. It doesn't matter whether it's books, or preferences in clothing or makes of cars. And it's no surprise that folks have personal preferences in beverages, too. So if your neighbor orders a glass of beer while you're having coffee, remember he's entitled to his choice, too.
