Bulldogs Win From Saline, Manchester

Meet-Pinckney Pirates Friday in District Tourney Semi-Finals

Last Friday night the Chelsea Bulldogs handed the Saline Hornets their only conference loss of the season, and at the same time made 10 consecutive victories on their home floor, as they defeated Saline, 58-56.

The Bulldogs took an early lead and never trailed, in avenging an earlier defeat at the hands of the Hornets, 70-60, which was scored at Saline.

Leading 11-5, after one quarter play, Chelsea went on to lead, 20 at half-time. But the Hornets, in not finished, and outscored the Bulldogs in each of the remaining two quarters, 18-12, and 14-10, in the third quarter.

The Bulldogs were not to be denied, they repeatedly met the challenge and came back strong.

The point separation was from 20 to even points most of the game, with the Bulldogs winning just two.

Good defense and rebounding played a very important part in the victory as the Hornets were forced to take many off-balance, poor percentage shots.

The victory was especially sweet to the seniors, who were playing their last home game.

Like Marsh and Homer Nixon for game scoring honors by leading in points each, Davey scored 19 points, Alton 17, and Ed Lathen 4. Davey, who had been out of action for several days with the flu, played only a few minutes.

The Junior Varsity finished a season by winning number 13.

Defeat Dutchmen in Tourney Play

After losing to the Manchester Bulldogs, 45-43, just 11 days ago, Chelsea defeated them, 57-45, Friday night at Dexter, in the opening round of District Tournament play.

After hustling their way to a 2-1 first quarter lead, the Bulldogs increased their lead to 14 points midway through the second half, only to see it cut to four.

(Continued on page two)

Council Briefs

Meeting opened with prayer by the Rev. Paul M. Schmale of St. Paul's church, "that we may bear one another's burdens."

Resolution presented by William Bloss recognizing the observance of the 42nd anniversary of the American Legion, Village President Albert J. Smith proclaimed designating Mar. 12-18 "American Legion Week."

Oil again upsetting the works at municipal sewage treatment plant. Samples of the oil presented at the meeting as analyzed by Dave Benty. The oil has been tracked to one specific village block through use of dyes added to sewer lines. Superintendents of local industrial plants to be invited to next Council meeting for discussion and to hear explanation of how oil adversely affects bacteriological action at sewage plant.

Emergency and Improvement Fund for the Village electrical system to be built up by means of \$10,000 annual addition to the present sum of \$85,000 toward ultimate goal of \$100,000.

Finkbeiner, Pettis & Strout, engineers, requested for proposal of a plan of periodic inspection of the new sewage plant facilities as protection measure for the \$350,000 investment made by residents of Chelsea this past year.

Wilson Silkworth of Brooklyn, contracted by Council to make survey of entire village electric power system and draw up maps indicating exact position of primary, secondary and street lighting lines; and all equipment and installation. The survey, estimated to require six months for completion, is expected to prove its value in future planning and expansion.

Two Chelsea residents, registered complaints at the Mar. 7 Council meeting regarding their 1st month's electric light bills—one bill had jumped from a normal average of \$10 to \$30 and the other had dropped from a normal of approximately \$30 to only \$10.

Note: Official minutes of the Mar. 7 meeting will be published in two weeks after they have been read and approved at the Mar. 21 Council meeting. Residents of the Village are welcome to attend any.

(Continued on page three)

PLANNING COMMUNITY CHOIR—Mrs. Fredrick Bolser, left, Mrs. George Palmer, David Lindsay and Claude Isham (at organ) discussed plans, following Sunday morning's service at the Methodist church, for the first rehearsal of a community choir to take place at 8:45 this evening (Thursday). Lindsay, who is instrumental music director in Chelsea schools, will direct the newly-formed community group and Isham will serve as organ accompanist. Mrs. Bolser and Mrs. Palmer have been active in recruiting singers to participate in presenting two anthems at the United Community Good Friday service to be held at the Methodist church at 1:30 p.m. March 31. The two numbers selected are "Jesus the Crucified" from "The Crucifixion" and "Open Our Eyes," by MacFarlane. Mrs. Bolser or Mrs. Palmer may be contacted for additional information if desired; however, they have extended an open invitation to all singers in the community to be at the Methodist church for the first 45-minute rehearsal this evening. Additional rehearsals are planned for March 16, 23 and 30 in preparation for the community Good Friday service.

Discussion Set At PTA Meet

A panel discussion on the topic "Problems and Procedures in Marking and Progress" will be presented by a group of five Chelsea school teachers at a PTA meeting scheduled for Wednesday, March 15, at 8 p.m. The meeting will be held at North Elementary school.

Philip Smith will act as moderator and members of the panel will include Mrs. Francis Smyser, Jack Good, Mrs. Elizabeth Gillen and Donald Bussler.

Audience participation will be invited during a question and answer period following the panel program.

Dexter Township Wins Reduction In Assessment

Warren Eisenbeiser, Dexter township supervisor, commenting this week on the state equalized valuation in Dexter township, stated that a study of lake and farm property in August and September, 1960, has resulted in a reduction of approximately \$1.5 million in the state equalized valuation in the township.

He commended the people of Dexter township for their co-operation during the time he and George Kostishak, Washtenaw county equalization advisor, were conducting the study which led to this substantial reduction of the valuation.

New Tractor Ordered for Land Fill

Delivery within approximately two weeks of a Hough Payloader—four-wheel drive, rubber tired, front loader to use as a compactor and covering machine—will pave the way for Chelsea to begin operation of its new land fill project for the disposal of garbage and rubbish.

The Village Council decided on the Hough Payloader, Model H-30 as the one best suited for use at the land fill site between Old US-42 and I-94, east of Chelsea, and also for various Public Works Department uses within the village. It is equipped with a "four in one" Drott bucket, hydraulic operated.

Cost of the new piece of equipment is \$12,016.

Robert Daniels Heads Village Election Ballot For Independent Party

Kiwanians Are Methodist Home Guests

Chelsea Kiwanians and a dozen guests were present for a dinner meeting held Monday evening at the Methodist Home.

Following the dinner served in the Home dining room, the Kiwanians and guests convened in the main lounge where residents of the Home were gathered.

Paul F. Niehaus, program chairman for the evening, presented David Lindsay, instrumental music director in Chelsea schools, and a junior brass quartet—Barry Visel, David Frisinger, Tom Johnson and Dick Lathen, who played several numbers.

This was followed by group singing led by Niehaus.

Guests at the meeting, in addition to the Home residents, were Ed Pulich of Jackson, Tex. Colvin, Jim Chip, Glen McDowell, Hoover Rupert, Loren Campbell, Don Naylor, Walter Kner and Jim Campbell, of Ann Arbor; the Rev. George Stanford, chaplain at the Home, Lawrence Wycker and W. Scott Westerman.

Robert Daniels
For President

Daniels Running With Unopposed Incumbent Slate

Monday, Mar. 13, is election day for the Village of Chelsea, and while there is no opposition for the full independent party slate of candidates, the candidates themselves have expressed the hope that citizens will go to the polls as an indication of approval for work done by the past year's incumbents seeking re-election and as a gesture of confidence for the new candidate for the office of village president, Robert Daniels.

Daniels who has always lived in Chelsea, will be 32 years old tomorrow. He is a third generation candidate for the office in which his father, Warren Daniels, and his grandfather, the late Frank Storms, also served.

A 1947 graduate of Chelsea High school, he received a bachelor degree in business administration from the University of Michigan and served 38 months as a lieutenant in the U. S. Navy on the east coast and in the Korean area.

He is co-manager with his brother, James, of Chelsea Lumber Co., is a member of the Methodist church where he currently serves as auditor and a member of the Commission on Education; and is a committee member of Boy Scout Troop 70.

Seven Children Are Baptized at Methodist Church

The Rev. S. D. Kinde administered the Sacrament of Christian Baptism to seven children during the 10 o'clock worship service Sunday at the First Methodist church.

Those baptized are Sherry Anna, Larry Richard, Donna Ann and Pamela Kay Blackwell, children of Mr. and Mrs. Andy Blackwell, 414 West Middle St.; Bruce James Spencer, son of Mr. and Mrs. Charles J. Spencer, 754 Planders St.; Sherry Jean Clark, whose parents are Mr. and Mrs. Glen Clark, 129 South St.; and Deborah, Faye Gordon, daughter of the Eldon Gordons, 765 Taylor St.

Easter Seals Give Crippled Children Help

Paul F. Niehaus, Chelsea chairman for the Kiwanis-sponsored Easter Seal project in the Chelsea area, attended the 1961 "kick off" at the Michigan League in Ann Arbor Tuesday evening.

This is the 40th anniversary of the Easter Seal sale which provides funds for the work of the Society for Crippled Children and Adults, Inc. and chapters are now located throughout the United States.

Letters containing the Easter Seals are to be mailed simultaneously, Mar. 15, to all Washtenaw county residents. It was announced at Tuesday's "kick-off" program.

Mrs. Wesley Morrison is a pneumonia patient at St. Joseph Mercy hospital, Ann Arbor, having entered the hospital Thursday evening. She is in room 7008.

He is at present second vice-president of the Kiwanis club and in 1960 served as publicity chairman for the Chelsea Community Fair.

Other candidates are George Winans, clerk; Wallace C. Wood, treasurer; Merle S. Barr, Jr., Dr. Louis J. Paul and William Chandler, judges; and Jean Eaton, Mrs. E. W. Paul and John Thomson, library board members.

All are incumbents with the exception of Thomson, library board candidate.

Thomson graduated from high school at Newberry in the Upper Peninsula and received a bachelor of science degree from the University of Michigan.

(Continued on page six)

CHARLES POPOVICH, SR. (center), who had been employed at Federal Screw Works for 21 years and four months was retired Tuesday, Feb. 21, under the company's retirement plan. He had earned compulsory retirement age—68 years—on Friday, Feb. 27. His fellow employees gave him a watch as a special retirement gift, with Dona Popovich, chairman of Federal Screw Works Division Local 437, UAW-CIO, making the presentation.

Other members of the stock processing department were present to extend good wishes to Popovich. Sunday, his daughter and her husband, Mr. and Mrs. A. J. Hale, held open house in his honor at the family home, 228 Buchanan St., guests attending from points in Ohio and from Wyandotte, Flint and the Chelsea area. Shown in the photo, from left, are Arthur Faber, Walter "Shorty" Hattcock, Popovich, Dona Joseph and Foreman John Ford with Lushin Salyer behind Joseph.

Explanation Given For Location of Street Stop Sign

Why the stop sign at the top of the hill at the East St. end of Washington St. for traffic headed south and downhill?

That is what a number of people have been asking.

According to the Village Council there is a perfectly valid reason and one in which the Council feels most people will be in accord once they understand why it was decided to put the sign at that spot.

First and foremost reason is the protection of children on their way to and from school. Children coming along Van Buren St. and starting up the hill at East St., might be unnoticed by drivers until too late to stop after starting down the hill and preparing to turn on Van Buren. The stop at the top of the hill alerts the driver and also gives children time to get out of the way.

An additional sign indicating that children cross there will more fully indicate the reason for the stop sign.

Stop signs are customarily associated with automobile traffic right-of-way in the minds of drivers. This sign, however, is primarily for the safety of pedestrian traffic.

No New Cases Of Hepatitis Found in Area

No new cases of infectious hepatitis have been reported from the Chelsea area for the past two weeks it was learned in checking with the Washtenaw County Health Department office yesterday.

The absence of new cases here reflects conditions throughout the county and gives rise to the hope that further outbreak of the disease has been halted.

Six cases of the disease were reported in the first six weeks of this year in the Chelsea-Dexter area, causing considerable alarm among parents of school children.

Doctors point out that precautions against hepatitis, as in any other infectious disease, include adequate rest, proper diet and normal cleanliness, including frequent washing of the hands.

Health Department officials have explained that hepatitis can be prevented in many instances. Since the virus which causes the disease is commonly associated with sewage, contaminated water and food, or with close, intimate contact with an infected person.

MYSTERY FARM No. 141—Here is another attractive farm photo for readers to identify for us, if they can. It is the 141st in the series published in The Standard each week without identification. If you recognize the place and can tell us where it is located, please call The Standard office, GR 5-3381. The owner will receive, as a gift, a mounted photo of the farm if he will call The Standard office on or before Saturday.

The Hi-Light

Edited by Students of the Chelsea High School Journalism Club

Co-Editors
Barbara Irwin - Nancy McCalla

Mar. 17—Future Nurses dance.
Mar. 24—Latin club dance.

GAA members are busy making posters to promote the pep of the school. These signs, placed all over our school building, do much to encourage school spirit.

Future Farmers of America under the supervision of Mr. Hayden enjoyed a fun night Monday, Feb. 28. A crowd of them played a fast-moving game of basketball. Others were in the balcony engaged in a knock-down, drag-out wrestling match on the mats. Still others played ping-pong and lifted weights. Afterwards light refreshments were served to the exhausted boys.

Future Homemakers are planning to have an Easter egg hunt at Veterans Park on Mar. 25 for the underprivileged children of the

community. The eggs will be dyed by the FHA girls at one of the fun nights, and each child will receive a little gift at the end of the hunt.

Also planned was a dance to be held on April 21, and various committees were chosen to help plan this.

FHA pins and guards are being ordered for the girls who would like them. The pins will cost 65 cents and the guards 60 cents each.

Thursday, Mar. 2, four representatives from the Army, Air Force, Navy, and Marine came to Chelsea High to talk to any students interested in a military future. These men rotated talking to both girls and boys, all classes were welcomed.

Mrs. LaGoe's sophomore English classes and Mrs. Sharp's speech classes went to Michigan State University in Lansing to see a play. Classes met at the Junior High school at 8:30 a.m. and returned at 5:30 on Mar. 4.

Art I classes have been working on several projects. They have just completed soap carvings, and are putting the final touches on

their clay pots. Each student is responsible for making either a coil, slab, pinch or a toll pot. Now they are also working on copper wire. Some are making jewelry and bowls. They have learned to fire in the kiln and many fine copper pieces have been finished.

Junior and senior high bands held their Winter Festival Concert Feb. 27 under the direction of Mr. David Lindsay. The Junior High Band played "Activity Mazur," "Little Classic Suite" and "Medallion Overture." A brass quartet by Barry Visel, Tom Johnson, Dick Lauson, and David Frisinger played "Sailor's Song" by Edvard Grieg. David Frisinger also narrated a novelty "Crime Does Not Pay."

The Senior Band opened with "Gay Vienna March" by Schramm. A cornet solo was played by Gordon Beaman. Also Kathy White played a clarinet solo by Bach-Arisos. The concert was very enthusiastically received by the audience and an encore of folk songs followed. The concert was very successful and the band members are looking forward to their spring concert.

The Junior play committee has narrowed their play choice down to two plays: "Good Night, Ladies," and "Lock, Stock, and Lipstick." The class is eager to begin work on the play. At the last class meeting a survey was taken on how many members would like to try out for the play. Over half of the class responded. Try-outs were held last night and tonight.

New journalism assignments were given out by co-editors Nancy McCalla and Barbara Irwin so as to get the final bits of information in before the publication of the Bulldog.

Members of weight-lifting club have been studying the techniques of the art and afterwards enjoying themselves by working on the Trampoline, wrestling or playing basketball.

GAA met and chose a week as "Sponge Week." April 24-25 was chosen as the week, and a committee of Lynn Elphart, Mary Ann Hanson, Virginia Levan, and Penny Beyer will plan the dance which will be held Apr. 28. They will also choose the various other committees which are needed.

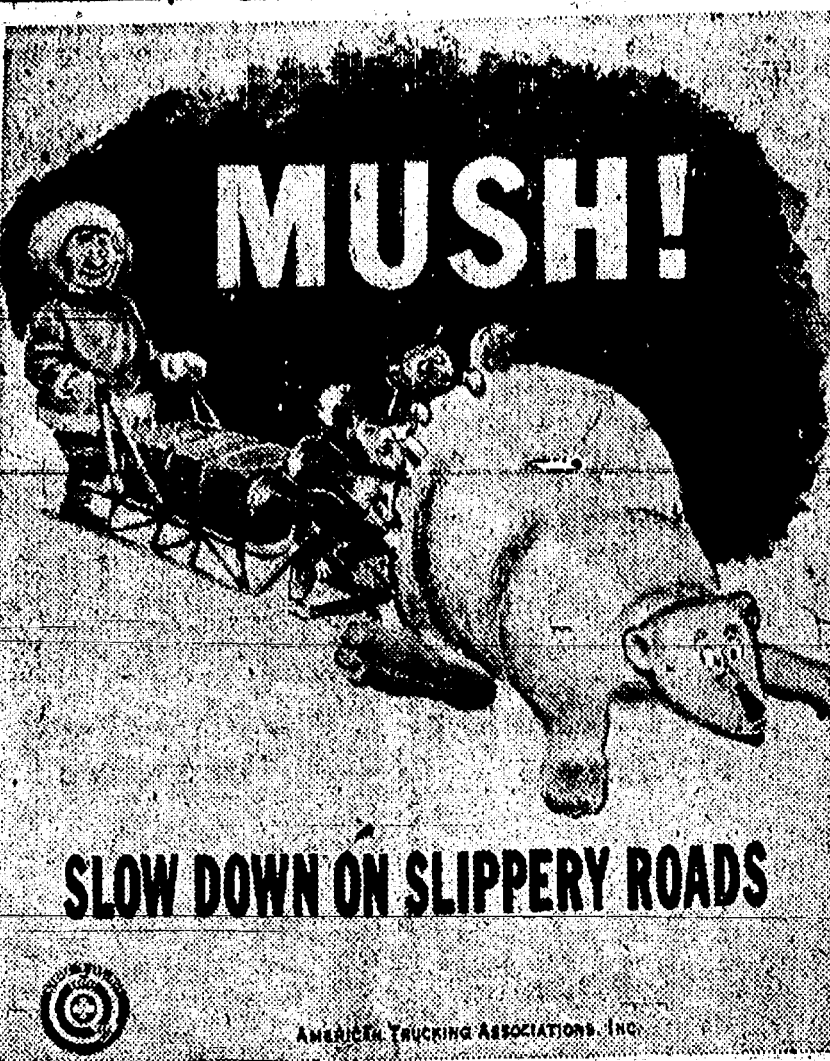

Cage Tourney...

(Continued from page one) in a few minutes. They then gathered their forces and went on to lead by 7 points at half-time, 35-28. In the third period the Dutchmen closed the gap to 45-41, but the Bulldogs hung on in the fourth quarter and won going away.

It was Homer Nixon showing the way in the scoring column with 23 points, but he received plenty of help from Mike Marsh who collected 13. Alton Nixon 8, Daryl Keezer 7, Ed Lauson 2, and David McLaughlin 4.

Alton Nixon, Mike Marsh and Homer Nixon rebounded very well, while Ed Lauson and Daryl Keezer played outstanding floor games. David McLaughlin, still a little weak from the flu, was used sparingly, but is expected to be ready for Friday's game against Pinkney.

At 8:30 tomorrow night the Bulldogs will be going against Pinkney in the second round of tournament play, with the winner taking on the winner of the Dexter-Grass Lake game for the district championship. Dexter and Grass Lake play at 7:00 p.m. Friday. The Saturday night championship game will begin at 8:00 p.m.

Contest Now Underway To Locate 'Mrs. Michigan'

The next "Mrs. Michigan" may well be from Washtenaw county if the local women's groups have their way.

The groups were guests on Thursday, Feb. 16, at a desert given by Michigan Consolidated Gas Co., which annually sponsors the "Mrs. Michigan" contest, and heard details of the event which could bring a local woman fame and fortune as "Mrs. America."

Herman A. Deal, Ann Arbor district sales manager of Michigan Consolidated Gas Co., pointed out that the contest seeks to find the state's outstanding homemaker to represent Michigan in the "Mrs. America" contest.

All levels of competition will be judged on the basis of the contestant's accomplishments and skills as a homemaker and mother, civic and church activities, poise, personality and attractiveness. A film, "Homemaker's Holiday," produced by Michigan Consolidated, showing the current "Mrs. Michigan," Mrs. Geraldine Scott, of Traverse City, at home and competing in the state and national finals, was shown.

Mrs. Audrey Levy, current "Mrs. Ann Arbor Area," gave a brief resume of her experience in the "Mrs. Michigan" contest.

Women's Groups were invited to sponsor a candidate in the local contest to select a homemaker to represent this area in the "Mrs. Michigan" finals in Detroit, June 7 and 8. The local finalist is sponsored by one of the women's groups; its treasury will receive \$50.

The lucky woman named "Mrs. Ann Arbor Area" will receive a gas range and outdoor yard light, and an expense-paid trip with her husband to Detroit where she will compete in the "Mrs. Michigan" contest.

Should she be selected "Mrs. Michigan" she will also win a 10-day all-expense-paid trip with her husband to Fort Lauderdale, Fla., where the 23rd annual "Mrs. America" contest will be held Nov. 27 through Dec. 9.

She will also receive an expense-paid trip with her husband to the Grand Hotel, Mackinaw Island, and a host of other prizes.

Any married woman, 21 years or older, who is a citizen and permanent resident of the United

Famous Dairyman To Speak At County Dairy Banquet

Will Foster of Scarsdale, N. Y., known throughout the United States as an outstanding dairyman, will be the guest speaker at the annual Washtenaw county Dairy Banquet to be held at Saline High school, Saturday, Mar. 18.

Foster is credited with launching the idea of the modern dairy bar when, in 1921, he rented space at a county fair in Wisconsin and sold milk and buttermilk by the glass.

He also organized the first county-wide program to acquaint producers of milk with the food value of their product.

These pioneer promotion adventures attracted the attention of dairy industry leaders and in 1922 he was appointed manager of the Northwestern Division of the National Dairy Council in St. Louis.

For 34 years, beginning in 1925, he was with the Borden Co. in executive sales and advertising responsibilities in Michigan and California and, after 1940, at the national office in New York.

Since his retirement in 1959 he has served as a consultant in the field of public relations for the American Dairy Association.

He has spoken to more than 2,800 audiences in the United States, Canada and Europe and taken part in many radio and television interviews. When he appeared on the Groucho Marx TV show "You Bet Your Life," as a

WILL FOSTER

contestant who expounded on the merits of the cow, Groucho called him "the Billy Graham of the dairy industry."

In spite of the many honors earned, Foster still prefers to be known as an "Ambassador from the Court of Her Majesty, the Dairy Cow."

Donald Johnson, Washtenaw county extension director, in announcing the Mar. 18 Dairy Banquet, predicted it would be "the best ever held in the county."

In addition to the prominent speaker, highlights of the program will be the county dairy princess contest and recognition of dairymen for outstanding production.

The 1961 County Dairy Princess will be chosen and crowned at the banquet. Eligible to enter the contest are girls with a dairy farm background who are between the ages of 16 and 25. All such girls are urged to enter the contest, Johnson said. He pointed out that all contestants receive awards.

The production achievement awards to be presented at the banquet will go to dairymen of the county who qualify for what is called the "400-Pound Club." This requires that a farmer must show a five-year or more production average of 400 pounds of butterfat per cow per year.

The banquet is sponsored by the Washtenaw County Dairy Council and the Co-Operative Extension Service and tickets are available from members of the Dairy Council and at the Extension office in the County Building at Ann Arbor.

PERSONALS

Mr. and Mrs. Claude Spiegelberg left Sunday for a four-week vacation trip to Florida where they will join the former's mother, Mrs. John Spiegelberg of Ann Arbor, and his sisters, Mrs. John Mellett of Ann Arbor, and Mrs. Ross Corroll of Marine City, who are spending some time at Fort Meyers Beach, Fla.

Pvt. Matayos A. Missalides who is now stationed at Fort Jackson, S. C., talked by telephone with his mother, Mrs. Mike Missalides, shortly after his arrival there last week. He also called his sister, Mrs. Chrysoula Hofmanian of near Manchester. Pvt. Missalides made the trip by plane from his former station, Fort Leonard Wood, Mo.

Sunday dinner guests at the home of Mr. and Mrs. Walter Trinkle were Mr. and Mrs. Fred Hieber of Seco township, Edward Grannan of Pinekey, Harold and Alfred Lutz of Freedom township, and Mrs. Martha Hildinger and George Walz of Lodi township. Afternoon callers were Mrs. Catherine Rausser and children, Linda and Gary; and Mrs. Caroline Thaler of near Ann Arbor. Sunday evening the Trinkles visited Mrs. Blanche Barkley and Ernest Hutzler.

Pvt. Charles Miller, son of Mr. and Mrs. Victor Miller, 711 West Middle St., arrived here Friday on convalescent leave from Fort Hood Tex., where he is to report back March 16. Pvt. Miller suffered a broken bone in one foot about four weeks ago and gets about on crutches.

February Traffic Deaths Increase Over Last Year

February traffic deaths in Michigan totaled 84, an increase of eight, or 10 percent, compared to 78 in the same month a year ago, according to provisional State Police figures.

The accumulated two-month toll so far this year is 100, which is 23, or 11 percent, less than the 213 fatalities in the same period in 1960. January deaths totaled 108. Despite the increase in deaths, the February toll was under 100 for the fifth year in a row. This has also been true for that month in 18 of the 20 years since record keeping began in 1933, giving February the best record of the months in this respect.

Delayed deaths are expected to increase the February total somewhat and bring it closer to the 20-year average of 94. The high toll for February was 136 in 1958 and the low was 51 in the war year of 1943.

State Police Adopt New Style Uniform

Michigan State Police will shortly be outfitted with dark blue wool and dacron shirts and a contrasting light blue-gray tie, the first change in the uniform since 1947.

ing light blue-gray tie, the first change in the uniform since 1947. The change is being made because of the increased wearability of the shirts, making them less expensive in the long run, and because they give the officer a better military appearance than the light blue poplin shirt and navy blue tie now in use.

Prior to 1947, State Police officers wore white shirts with the blouse during the winter months and a navy blue wool shirt without the blouse for summer.

These were replaced in that year by the light blue poplin shirt, which has been worn with and without the blouse.

Major industries which will bargain in 1961 include automobile, rubber, trucking, meatpacking, machinery, and maritime, according to the U. S. Labor Department's Bureau of Labor Statistics.

ANDERSON'S

MICHIGAN IS ELECTRIC POWER

Power? Michigan, in all its industrial history, never has been hampered by electric power shortages. With everything that industry needs, Michigan stands high in the ranks of the industrial states. It's a fact to be proud of, for even in this nation of plenty, most states are not as fortunate.

Michigan has an abundance of electric power and skilled workers, a combination which has made Michigan a mighty industrial empire.

What about electric power costs? Michigan, cradled by the Great Lakes, enjoys economical

rates for water transportation of coal, the source of most of the state's electrical energy. Soon there will be electricity flowing from two Michigan nuclear energy plants to provide an even greater source of power to meet the needs of the state's growing industrial community.

Help carry Michigan's message to the nation. Clip these ads and mail them to people in other states with your own comment. Let's talk up Michigan and its advantages for industry. Together, we can assure a greater future for all of us.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

Sunday afternoon visitors at the home of Mr. and Mrs. Will Barber were Mr. and Mrs. Harold Parks of Jackson, Billy Barber of Stockbridge and friend, Sharon Stoffer of Gregory.

Mrs. Glenn Rentschler was a caller at the home of Mrs. Gordon Richmiller, Jr., on Thursday afternoon.

Lenten services will be held at the Village church next Sunday evening at 8 o'clock.

Callers at the home of Mr. and Mrs. Gottlieb Rothman on Sunday were their daughter and family, the Minor Brands of Metamora, O., and Mr. and Mrs. Glenn Crandell of Vassar, Mich.

LIMA TOWNSHIP

Erwin Herrst, the young son of Mr. and Mrs. Bernard Herrst, returned home Saturday after being a patient at St. Joseph Mercy hospital, Ann Arbor, since Feb. 17.

Mrs. Eva Dancer returned home Sunday after spending two weeks in Detroit with her daughter and family, Mr. and Mrs. Edward Leja and sons, Dick and Jan. Sunday the Lejas and Mrs. Dancer were dinner guests of her son and daughter-in-law, Mr. and Mrs. Lynn Dancer of Base Lake.

THANK YOU

I wish to express my heartfelt thanks to my relatives, neighbors and friends for all the nice things they did for me during the long illness of my daughter, Mrs. Lucile DePuy, and at the time of her death; also, for all the calls, cards and flowers I received. All these things will always remain in my memory. They were all very much appreciated by my family and myself. Again, I thank you.

Mr. J. D. Wright

THANK YOU

Many thanks to my friends, relatives and neighbors for their numerous kindnesses to me and my family while I was hospitalized and since my return home—for the flowers, cards and food brought in. Everything is deeply appreciated.

Sincerely,
Doris Knott.

CARD OF THANKS

Many thanks to our children, relatives, old and new friends and neighbors, in remembering us with gifts, cards and calls in honor of our wedding anniversary. We enjoyed them all.

Mr. and Mrs. Walter Vicary.

THANK YOU

Band Mothers of Grass Lake wish in this way to thank all the Chelsea merchants for prizes and gifts they donated for the Hoplin' Tootin' Fair held Feb. 18 at George Long school, Grass Lake.

Mrs. Walter Hoffman.

CARD OF THANKS

We wish to sincerely thank everyone who was so very thoughtful and kind to us during the long illness and following the death of our loved one. Your words of comfort and acts of kindness at such a difficult time will help us to carry on.

Family of William G. Kolb.

THANK YOU

Many thanks to my friends and relatives for cards and gifts sent me while I was in the hospital and since my return home. I am grateful for these acts of kindness and remembrance.

William Beach.

THANK YOU

I wish to thank relatives, neighbors and friends, and Pastor Schnake, for the many cards and visits while I was at the hospital and since my return home.

Harold Widmayer.

CARD OF THANKS

My heartfelt thanks for the many, many kindnesses extended and for the sympathy expressed in so many thoughtful ways by friends, relatives and neighbors following the death of my wife. The cards, flowers and memorial gifts; the assistance of St. Paul's Willing Workers Circle; the comforting words of the Rev. Paul Schnake; and everything done for me and my family at this time will always be gratefully remembered.

LaVerne Hafley.

Milk Production

Average Told for Burmeister Herd

The Holstein-Friesian Association of America has announced a new lactation average for the registered Holstein herd of Leonard Burmeister, Ann Arbor, has 17 completed production records averaging 14,073 lbs. of milk and 520 lbs. of butterfat.

Lactation averages are calculated on the commonly-employed two-milkings a day, 305 day, mature equivalent basis. This provides a uniform basis for comparison and selection in registered Holstein breeding programs.

Michigan State University supervised the weighing and testing of production.

CARD OF THANKS

The family of Josephine E. Walker wishes in this way to express gratitude to friends and neighbors for their many kindnesses to her during her long illness and to members of the family following her death. These thoughtful acts are deeply appreciated.

IFYE Program

Designed To Promote International Friendship

During National 4-H Club Week, March 4-11, the International Farm Youth Exchange program gets some attention. It is an example of a people-to-people program.

Each year, Michigan sends five or six young people to other countries around the world where they live with families and learn a new way of life.

Jeff Arnold of Ithaca will be the first Michigan IFYE to leave in 1961 when he travels to Brazil in April. During the year, Michigan families play host to young people from other lands.

When IFYEs return home they share their opportunities by visiting community groups, giving talks and showing colored slides and native visuals.

The program aims to promote international understanding and is sponsored through the National and the Cooperative Extension Service.

Dr. Russell Mawby, state 4-H Club leader, was Michigan's first IFYE in 1948 when he visited the United Kingdom.

MERKEL BROTHERS

CUB SCOUT NEWS

DEN XII

Wednesday afternoon, March 1, Cub Scouts of Den XII and their den mother, Mrs. Genevieve DeSmither, went to Chelsea Lanes for a first session of bowling.

Roy Holiday was high scorer with 74.

Others in the group were Daniel Scott, Michael Bower and Lawrence DeSmither.

Kirk Haas, the fifth member of Den XII has been ill since January and was not yet well enough to attend.

DEN IX

Cub Scouts of Den IX with their den mother, Mrs. Richard Smith, and Den VI with den mothers Mrs. Curtis Farley and Mrs. Vernon Parks went to the home of Mrs. Richard Hoelzer, den mother of Den 5, Wednesday, March 1, and joined Cub Scouts of Den 5 in viewing colored pictures on "Railroading."

The pictures illustrated, among other interesting facts, the signals used by railroad engineers.

Each den had held its own business meeting and refreshments before joining the group to view the pictures.

The joint meeting closed with a "living circle" formation and repeating the Cub Scout Promise, followed by a brief prayer by Den VI.

OLD HOAX CAUSES FIRE HAZARD

The American Foundation for the Blind warns the public to beware of being taken in by an old hoax which does no good and may cause a fire hazard. Every year hundreds of well-meaning Americans save tons of useless cellophane bands from cigarette packs in the belief that they thereby can help blind people get guide dogs. No guide dog agency has ever honored this hoax and legitimate means of help are available for blind people who can't afford dogs.

COLONIAL HOUSE DINETTE

42-inch round table with maple Formica top, extends to 60 inches with leaf. 4 bronze chairs are upholstered in durable, easy-care vinyl with pleated skirt. The quaint print is in tones of beige, brown and orange.

Olive Chapter No. 140, RAM, Thursday, March 9, 7:30 p.m.

North Lake WSCS Thursday, March 9, 12:30 p.m., at the Methodist Home with Mrs. Laura Eger. Fräzer a Home resident and WSCS life member, as honored guest.

Edna Earl Montgomery returned Wednesday to her home at Grand Junction after spending four days here with her grandparents, Mr. and Mrs. Walter Trinkle.

49 County
Residents
Rehabilitated

49 Washtenaw county people were rehabilitated into jobs during the last fiscal year, according to John C. Walton "Rehab" coordinator in this county for the Division of Vocational Rehabilitation, Department of Public Instruction, who has released the information.

Walton reported that 131 disabled persons have received service aimed at preparing them to hold jobs. These services cost \$20,360 in Washtenaw county during the year.

DVR expenditures in Washtenaw county, Walton explained, were for the following services: Medical examinations and diagnosis, \$1,330; treatments, including medical and surgical services, \$1,130; appliances such as artificial limbs, braces and hearing aids, \$3,775; hospitalization, for correction of defects, \$3,600; training, in school or on-the-job, \$7,800; other services, such as tools and transportation, \$2,720.

The Washtenaw county area received benefits far greater than the amount of "Rehab" funds spent. Walton pointed out that the average weekly earnings of people rehabilitated in Michigan last year were \$57.15. Before rehabilitation they earned \$15.33. Applied to this county, it indicates an estimated annual increase of \$107,800 in wages earned by the 49 persons rehabilitated here. The average cost per rehabilitation in Michigan was \$671.

According to Dr. Lynn M. Bartlett, State Superintendent of Public Instruction, it is estimated that the Department's Division of Vocational Rehabilitation actually rehabilitates about 30 per cent of those who need the service each year.

Dr. Bartlett stated, "Michigan is 60th among the states in the per capita amount appropriated for rehabilitation. The national average is 40.4 cents per person. Michigan spends 24.8 cents."

"The federal government is encouraging every state to rehabilitate more of their disabled citizens into employment," Dr. Bartlett added. "It offers federal money to the extent it is matched with state funds. This year, close to \$900,000 of the federal funds allotted to Michigan were not claimed. If this amount had been matched with state funds, it would have been possible to provide 50 per cent more service in Washtenaw county."

Let Paint Help
The right color can help hide the hall radiator. Home economists say the radiator is less noticeable when it matches the wall than when painted a contrasting color.

PROCLAMATION

WHEREAS, The American Legion, dedicated to service for God and Country, has become one of the great bulwarks of the American way of life through its leadership in all movements designed to promote a dynamic conviction of Americanism for the preservation of our freedoms and free institutions; and

WHEREAS, The American Legion, whose members have served in the Twentieth Century's three wars, will celebrate the 42nd anniversary of its birth, March 15 to 17, 1961, marking the completion of 42 years of patriotic labors which have had a great and beneficial impact on the welfare and security of America;

NOW, THEREFORE, I, Donald C. Alber, President of the Village of Chelsea, do hereby proclaim the week of March 12 to 18, 1961, as AMERICAN LEGION BIRTHDAY WEEK, and do call upon all citizens and all organizations to join in paying as a token of the public appreciation of the wartime and peacetime services of local Legionnaires.

In Witness Whereof, I have hereunto set my hand and caused to be affixed the Seal of the Village of Chelsea at the Village Hall on this 7th day of March in the year of our Lord 1961.

(Signed) DONALD C. ALBER
President

Special Program Honors
Girl Scouts, Adult Leaders

Plans for Girl Scout Week here, Mar. 12-18, include a special program honoring the Girl Scout volunteer workers who founded the Chelsea Girl Scout program and those who were active in the program and carrying out of the program during the years from 1932 until 1961.

That year Chelsea Girl Scouts joined the newly organized Washtenaw County Girl Scout Council which included Chelsea, Dexter, Whitmore Lake, and Ann Arbor. The present Huron Valley Girl Scout Council, of which Chelsea is now a part, was formed in 1958 by uniting the Washtenaw County Council and Lane Troops and Councils of Washtenaw and Livingston counties and the western part of Wayne county.

Chelsea Girl Scouts were organized as Lane Troops in 1932 under the sponsorship of the present Woman's Club of Chelsea, then known as Chelsea Child Study club. The first leader, at that time designated by the title of "captain," was Mrs. Lawton Steger. Later, a Girl Scout Council of five women governed the activities of the growing number of Girl Scouts; still, however, under the sponsorship of the Woman's club. Other clubs and organizations began sponsoring troops in 1946. Among these were the Young

Mothers Child Study club, now the Chelsea Child Study club; also, the American Legion Auxiliary (Unit No. 31), and later, the Chelsea PTA.

Among those to be honored at a special birthday founders' day program scheduled for Mar. 17 at the Junior High school are five women, including Mrs. Steger, who served as captains from 1932 until 1939. The five women and the dates they served as captains are: Mrs. Steger, 1932; Mrs. Carl Mayer, 1933; Miss Gertrude Hindeland, 1934-35; Mrs. John Fletcher, 1936-37; and Mrs. Albert Johnson, 1938-39.

Others to receive recognition at the Mar. 17 program are Mrs. W. R. Daniels as first president of the Woman's club which was founded in 1931; Mrs. P. G. Schallie, Sr., who will be presented with a gift as a representative of the Woman's club and for her "staunch support of Girl-Scouting and generous assistance in research" in preparation for Founders' Day; and Mrs. Lewis Bernath, Mrs. Jay Weinberg, Mrs. Alfred Mayer and Mrs. H. T. Moore, who earned 10-year pins for service in various capacities in the years prior to 1958. Mrs. Bernath is currently serving as Girl Scout camp promoter.

A memorial citation is to be read honoring the late Miss Mabel Fox as the first camp director at Cedar Lake Girl Scout Camp in 1946.

Girl Scouts of Troop 48 made the invitations which were sent to the specially invited honor guests.

Leaders of Troop 48 are Mrs. Kenneth Wilkerson and Mrs. Ray Johnson.

All Girl Scouts and Brownies are to attend the church of their choice Sunday, Mar. 12, in observance of Girl Scout Sunday. The girls are to wear their Girl Scout or Brownie uniforms.

Young Republicans
Meet in Ann Arbor

The March meeting of the Washtenaw County Young Republicans club was scheduled to be held last night in the basement meeting room of the Ann Arbor Public Library with three special guests present—Wilbur Durkee, a past state secretary of the Citizens for Michigan; Gilbert E. Bursley, state representative for the First District; and James Zeder, candidate for the Board of Regents of the University of Michigan.

Durkee was scheduled to speak on arguments pertaining to the "Con-Con" issue and present documents supporting his view that this may be Michigan's last opportunity for making reasonable revisions in the state constitution.

No Hepatitis...

Prizewinners
At Livestock
Banquet

Washtenaw County Extension Director Don Johnson this week made announcement of the list of people who were awarded prizes at the Feb. 22 county livestock banquet held at Saline High school following the annual county beef tour.

Those from Chelsea who received prizes are listed as follows with the name of the winner, the prize awarded and the donor of the prize, in that order: Mrs. Irven Weiss, hammer, Chelsea Gamble store; Elmer Bristle, gift certificate, Ted's Oliver Service, Saline; Gene Sheemaker, shovel, Farmers Supply Co., Chelsea; Mrs. Glenn Wiseman, hammer, D. E. Hoey, Dexter; Leslie Eisenbeler, gift certificate, W. T. Young, Saline; Mrs. Arthur Kuhl, saw, D. E. Hoey, Dexter; and Edwin Horning, ham, Haarer's Meat Processing, Saline.

Dexter winners included Norwin Lesser who received a gift certificate from Saline Mercantile Co., and Ezra Lesser who received a gift certificate from the Washtenaw Farm Bureau Store, Ann Arbor.

Charles Hagen of Britton was awarded a bushel basket donated by E. G. Mann & Sons of Manchester and Bridgewater.

Saline residents, the gifts they received and the donors are listed as follows: Art Heininger, syringe, etc., Blass Elevator of Chelsea; Mrs. Ray Weidmayer, gift certificate, Gross Farm Equipment of Saline; Herbert Dible, wrenches, Morke Brothers, Chelsea; and Ted Hill, gift certificate, Ann Arbor Implement.

Those with Ann Arbor addresses are Elmer Dible, heat lamp; Dexter Co-Op; E. H. Brock, gift certificate, H. I. Johnson, Saline; Bill Dexter, hammer, D. E. Hoey, Dexter; and George Pierson, wrench, Gambles of Saline.

Victor Grossman of Manchester, was the remaining prizewinner of the 18 listed. He received seed corn donated by Herbert Dible of Saline.

About 340,000 Michigan school children were given screening tests last year to find undetected hearing loss, according to the Michigan Department of Health. Children found to have hearing losses are referred to private physicians for examination and care.

Village Election

(Continued from page one)

States Merchant Marine Academy, Long Island, N. Y. His home is at 634 Flanders St. He is a member of St. Mary's Catholic church and the Holy Name Society; is active in PTA work and is the father of nine children. He is employed at Chrysler Proving Ground.

Monday's election will be held at Sylvan Town Hall, with polls open from 7 a.m. until 8 p.m.

Before you criticize the old folks, remember that even though a clock is run down, it's right twice a day.

BIRTHS

A daughter, Sharon Belle, Wednesday, March 1, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Robert Curtis, 3399 Shon Hollow Rd.

To Mr. and Mrs. Gerald Hoot a daughter, Robin Louise, Feb. 27 at Fodge Hospital, Jackson.

Mr. and Mrs. George Knoll from Saturday until Monday, Middletown, O., where they visit their daughter and family, Mr. Mrs. Bascher Riser, Jr., and children.

Burghardt To Serve As Chairman of Local Businessmen's Group

Announcement of the appointment of Louis H. Burghardt of the Burghardt Funeral Home, 214 E. Middle St., as chairman of the Chelsea chapter of the National Federation of Independent Business, was made today by Norman R. Shimp, district manager of the Federation in this area.

Each business and professional man member of this organization maintains a voting membership, and is polled by ballots regularly throughout the year on bills and issues that affect independent enterprise at the national and state levels.

In an effort to do everything possible to maintain the American way of life and keep our free competitive system of business, the businessmen express their own personal opinion on the ballots each month and turn them over to Burghardt, who makes tabulations of the total number and the manner in which they voted.

These tabulations are sent, with the underlying signed ballots, directly to the desk of Congressman George Mander, at Washington, D. C., and to State Senator Stanley G. Thayer. They are the only means whereby independent business and professional people can keep in continuing, organized, personal, direct contact with their national and state legislators on measures that affect locally and nationally, free enterprise opportunities.

For the past several years Marion Longworth has taken care of the tabulation and forwarding of all Chelsea members' votes.

The National Federation of Independent Business is a non-profit organization that has the largest individual membership of any business organization in the United States and independent business and professional men of every vocation participate with voting memberships, regardless of their other civic or trade affiliations.

BED-PUSHING PAD

Lansing, Mich.—It seems that the latest collegiate kick—"like swallowing goldfish or crowding in telephone booths"—is pushing beds. The pushing of a bed along a road—any road—is the idea. Michigan State police are on the alert to deal with any highway bed pushing.

1LT. ROBERT C. CUMMINGS

Pvt. Robert Cummings Graduates from Airborne Division Jump School

Army Pvt. Robert C. Cummings, 18, son of Mr. and Mrs. Merle L. Cummings, 9492 Grossman Rd., Manchester, Mich., recently was graduated from the 101st Airborne Division Jump School at Fort Campbell, Ky. He received his parachute wings after completing three weeks of intensive ground and aerial training which included five parachute jumps. The 101st, a major Strategic Army Corps (STRAC) unit, maintains a constant state of readiness to move any time, anywhere in case of national emergency.

Cummings entered the Army last July and completed basic training at Fort Knox, Ky. He is a 1960 graduate of Manchester High School.

State Inspectors Check for Honest Quantity by Seller

Consumers of a whole host of products may be accepting delivery of less than the quantity represented unless purchasers remember the old legal maxim "let the buyer beware," according to weights and measures men in the Michigan Department of Agriculture.

This agency, headed by Director G. S. McIntyre, has the responsibility for enforcement of all weights and measures laws through its Foods and Standards division. Chief of the division is J. L. Littlefield.

The department has recently received complaints that consumers were receiving less than the quantity represented in the sale of various commodities. Many consumers may be paying too much because of this misrepresentation unless they exercise caution.

Littlefield's division recently prosecuted the owner of a trucking firm for delivering less sand to a construction firm than was represented. Truck drivers were buying eight cubic yards of sand for each truck and then making out another invoice and charging for 10 cubic yards.

Considering that in one day a driver delivered 60 yards short a profit of \$2 a yard, there was an overcharge of \$32 per day. Similar cases of misrepresentation have been uncovered and corrected by Foods and Standards inspectors in such items as firewood, topsoil, peat moss, lumber and related items.

One precaution purchasers may take is to make certain they deal with reputable firms, and that they have an understanding of what they are buying, on what basis quantity is determined, and how much it will cost.

If weights and measures are involved, citizens may complain to district Foods and Standards inspectors or at the Lansing headquarters of the division in the Michigan Department of Agriculture.

The first salute to the Stars and Stripes by a foreign power French Fleet when the USS Ranger commanded by John Paul Jones was given on Feb. 14, 1778, by the anchored at Brest, France.

State Vehicle Tax Funds Allocated

Chelsea is to receive \$5,430 and Dexter \$2,033 from Michigan's motor vehicle highway fund collections for the final quarter of 1960, according to an announcement by the State Highway Department.

Washtenaw county will receive \$201,799, while Ann Arbor will get \$109,733 and Ypsilanti, \$28,054.

Funds to be distributed to other area incorporated cities and villages include: Brighton, \$4,615; Ginton, \$2,288; Manchester, \$3,700; Milan, \$6,228; Pinckney, \$1,883; Saline, \$3,580; South Lyon, \$2,701; and Tecumseh, \$11,932.

The state's 83 counties and 510 incorporated cities and villages will receive a total of \$22,900,000. State Highway Commissioner John C. Mackie said net receipts of the fund for the final quarter of 1960 amounted to \$43,238,399, an increase of \$610,095 over the same period in 1959.

The fund, which comes from gasoline, weight and diesel fuel taxes and miscellaneous fees, is distributed on the basis of 47 per cent for use on state highways, 35 per cent to counties for use on county roads, and 18 per cent to cities and villages for street construction and repair.

Building Permit Refused by County Board of Appeals

At a meeting of the Board of Appeals of Washtenaw county at 8:15 p.m. Thursday, Mar. 2, the board rejected an appeal by Mr. and Mrs. Walter Mohrlock of 600 Taylor St., to allow the building of a dwelling on a piece of land in Sylvan township along the south shore of Cavanaugh Lake.

The Board of Appeals action upheld a Board of Health denial of the building permit in January.

The original request for a building permit was refused by a Health Department sanitarian on the grounds that the parcel of land was not suitable for the installation of a private sewage disposal system or septic tank.

During the course of the board's deliberation it was pointed out that the Health Committee of the Board of Supervisors, which constitutes the Board of Health for Washtenaw county, had denied the request because of the fact that the construction of the necessary sewage disposal system would be in violation of the county-wide sanitation code and was apt to hazard the water supply or otherwise endanger the public health.

By unanimous vote, the Appeals Board ruled that the building permit be refused.

Pledges Fraternity

Charles S. Cameron has just been pledged to Delta Sigma Phi, national Greek letter fraternity on the Albion campus, according to an announcement made by Professor Walter B. Sprandel, dean of men at the college.

Cameron, a freshman at Albion, is the son of Supt. and Mrs. Charles S. Cameron of 615 Freer Rd.

ROBERT HARPER, center, who had been employed more than 15 years at Chelsea Products, was officially retired Tuesday, Feb. 28. He began work with the company in December, 1945, and was one of 19 company workers who received 15-year service pins, presented by the firm's president, Robert Wagner, Thursday, Feb. 16. Harper, who lives at 132 Water St., Grass Lake, was presented with a check as a gift from the Employees' Benefit Fund, the presentation being made by Donald Houle, at right. At left is Joseph Doering, Harper's foreman.

Special Education Class Attends Flower Show At Cobo Hall

Thomas Hemminger, special education teacher at Chelsea High School, and a group of his students attended the Flower and Builders Show at Cobo Hall, Detroit, last Thursday.

Students in the group were John

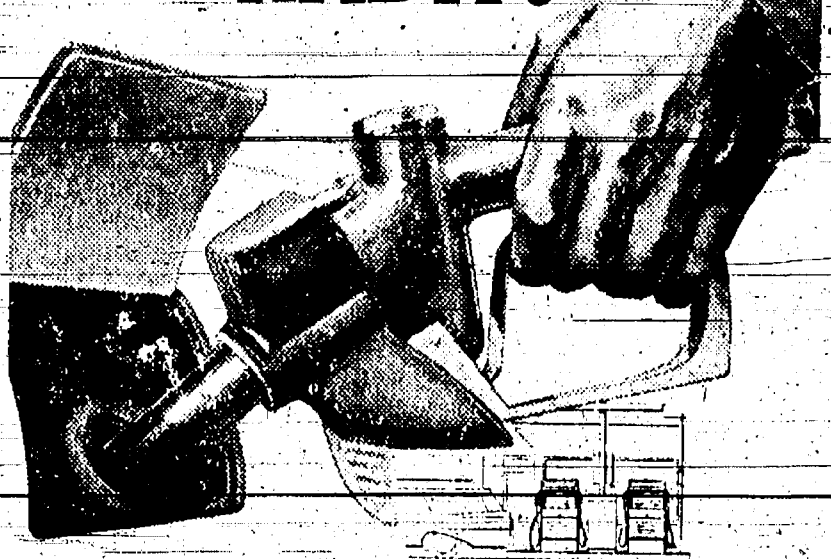

Shrugg, Barbara Reiner, Jack Brown, James Quigley, Lloyd

Shickleton, James Reed, Kathleen Tuttle and Kurt Howe of Chelsea; Glen Wheeler and Helen Price of Dexter; Ray Rohr of Whitmore Lake; and Dorothy Smith of Manchester.

Chaperons who accompanied them were Glen Oleson of Ann Arbor, Mrs. Herman Reed and Mrs. Leo Tuttle of Chelsea, and Mrs. Wheeler of Dexter.

President Kennedy Takes Firm Stand Against Russia Intervention in Congo

Those who have been worried about President John F. Kennedy's dealings with the Soviet Union certainly should have been reassured with the President's recent statement on the Congo.

It was a strong statement and a very clear warning to Nikita Khrushchev. It was—in some ways—a tougher statement than any which had come out of the White House in some time.

It was put carefully, however, and with dignity, but it was a smart and tough appeal to the small Asian and African nations. Kennedy said, in one vital part of the statement:

"The United States can take care of itself, but the United Nations system exists so that every nation can have the assurance of security."

"Any attempt to destroy this system is a blow aimed directly at the independence and security of every nation, large and small." This was certainly a shrewd appeal to the sense of self-preservation of the weak Asian and African nations.

At another point, Kennedy said:

"I am seriously concerned at what appears to be a threat of unilateral intervention in the internal affairs of the Republic of the Congo."

"I find it difficult to believe that any government is really planning to take so dangerous and irresponsible a step. Nevertheless, I feel it important that there should be no misunderstanding of the position of the United States in such an eventuality."

"The United States has supported and will continue to support the United Nations' presence in the Congo."

It will be recalled that shortly after this clear warning, the Soviet bloc in the U. N. yielded and permitted Security Council approval of a resolution authorizing the United Nations to use force if necessary, to prevent civil war in the Congo.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Taxes has got me skinned down to one pair of pants and my vote but as long as I can hold on to that vote I aim to make a few observations about the situation from time to time.

For instance, I see where the American taxpayers has advanced \$20 million to the United Nations to keep it from going broke. Russia advanced nothing.

The same piece went on to show that we've paid 48 per cent of the U. N. Children's fund and Russia 2 per cent. We paid \$30 million into the fund for U. N. Technical Assistance and Russia paid \$2 million. We give \$23 million to help get clothes and food for the Arab refugees and Russia wouldn't give a dime.

In the last 10 months, the piece showed the American taxpayers has put, not counting the Congo, \$116 million in the United Nations program and Russia has put \$17 million.

I ain't again the United Nations, Mister Editor in fact I'm strong for it, but it looks to me like considering we're footing most of the bills, we could make ole Khrushchev keep his shoe on and quit beating up the furniture with

it at the next session. The chances are we paid for the furniture—and maybe the shoe.

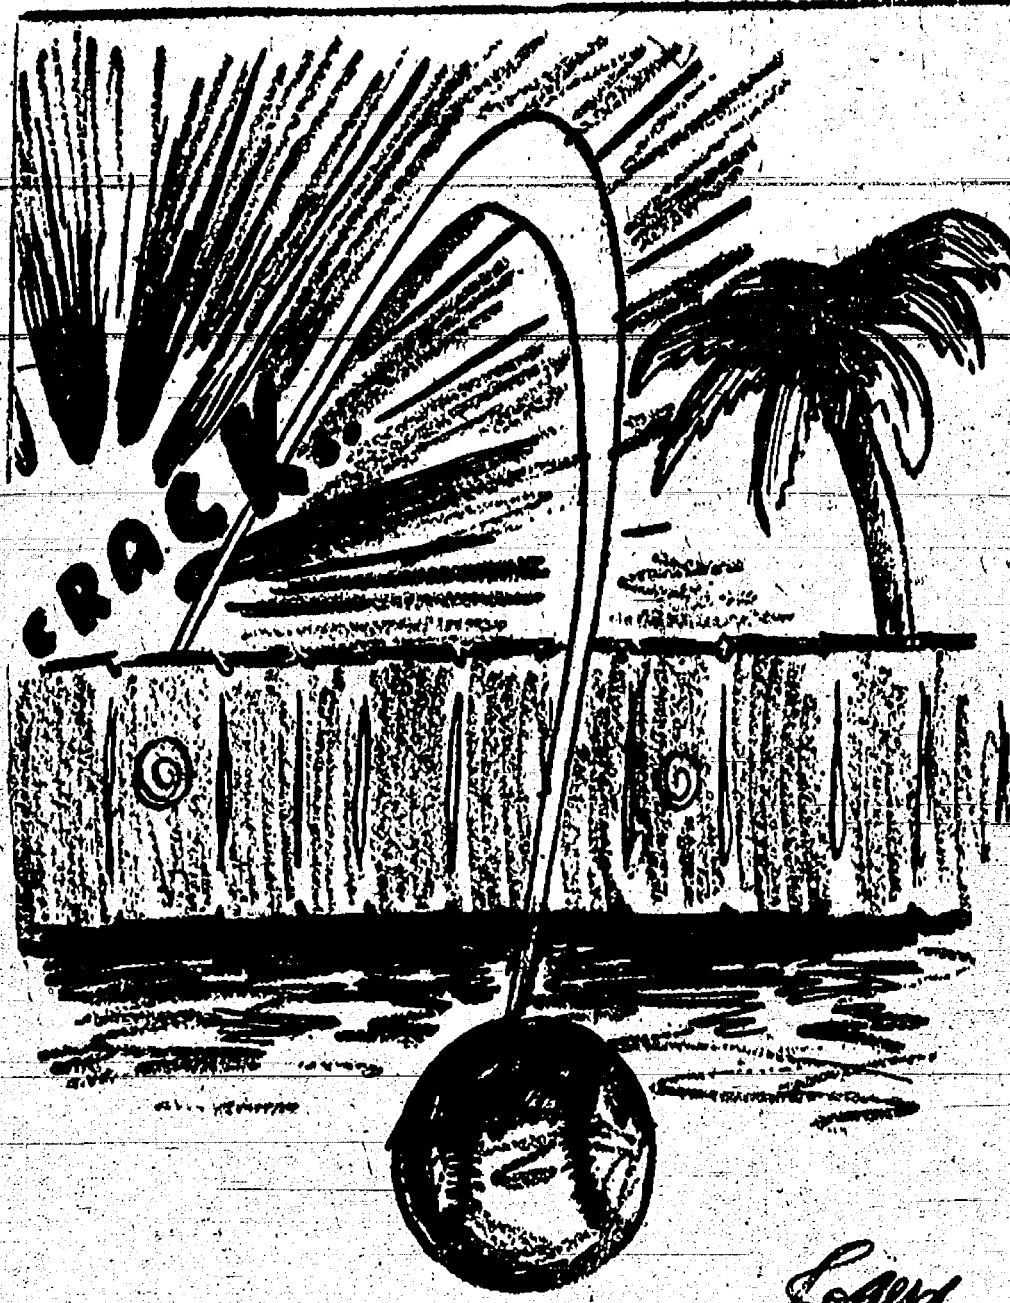

Along them same lines, I'm glad President Kennedy has started giving away our farm surplus to starving people in other lands. It ain't doing nothing here but rotting away and costing us millions for storage rent. But they is one great trouble with it. Just as soon as the surplus starts rotting away, our bread they start fermenting which side is buttered and who buttered it. I wish they was some angle to the deal-making 'em put the butter on the right side.

Ed Doolittle says he was reading where some farmer in Maryland allows as how he ain't going on Daylight Saving Time this Summer, claims it's too hard to get his roosters set up in the Summer and back in the Fall. With farm products running 81 per cent of parity and living costs up 27 points, farmers is now 40 points down. If you add the fact we're living in a semi-military age and using a 50-cent dollar, that farmer in Maryland is in for a long spell of difficulties and it ain't all going to be about his roosters.

I see by the papers where politicians, in some countries don't

have it so good. To get back in the good graces of the Sultan, the Pasha of Marek, whatever that is, had to kiss the Sultan's foot. Over here, the politician that says the wrong thing just announces he has been misquoted by the newspapers.

Sign Of Spring

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Michigan voters every other spring get a chance to take a hand in the future of their sons and daughters.

All too many of them don't even realize what is at stake.

In the biennial spring election, coming up April 3 this year, two members of the Board of Regents of the University of Michigan; two members of the Board of Trustees of Michigan State University; and a member of the State Board of Education, which supervises other higher education institutions, will be elected.

Other positions will be filled April 3 also.

State-wide, two justices of the Supreme Court will be chosen, and a Highway Commissioner and Superintendent of Public Instruction will be elected. Many offices in local government units are to be contested in the spring election.

Changes are the duties of all of them, from "Supreme Court" Justice to local constable, are better known to most Michigan citizens than the duties of the members of state educational governing boards.

Membership on these boards is not merely an honorary position. Nor are the Regents, Trustees, Governor and members of the State Board of Education mere watchdogs over the teaching and administration in Michigan's state colleges and universities, though

have it so good. To get back in the good graces of the Sultan, the Pasha of Marek, whatever that is, had to kiss the Sultan's foot. Over here, the politician that says the wrong thing just announces he has been misquoted by the newspapers.

Yours truly,
Uncle Lew.

This is a part of their responsibility for when so much is at stake.

There is much talk in Michigan of taking numerous offices out of the least of which are associated with education, out of the partisan arena. Some people and groups even advocate making many of the positions appointive.

These ideas are valid subjects for debate. In the meantime, ballots must be cast in a partisan election to pick the Trustees, Regents, Governors and a member of the Board of Education.

Each voter who knows about the vast responsibilities of these positions and cares about the educational future of all the children of Michigan will make his decision with the utmost thought.

Each person elected as a Trustee, Governor or member of the Board of Education serves for six years. Each Regent serves for eight.

Politics have their place in the Michigan scheme of things. But maneuvering for partisan advantage has no place in the deliberations of Michigan educational governing boards.

In order to keep it so, the voter should ask himself before he casts his ballot: Am I voting for the man who will make the right decisions about education, taking into consideration only the factors involved in the issue and the benefit of all the youth to be educated?

Political parties nominate the candidates for these offices. The state has been fortunate that in most instances over the years well motivated, high principled candidates have been presented to the voting public.

But since the educational future of virtually every Michigan child is touched by the actions of the top educational governing boards, each voter should make his decision on the person he wants for each job on the best possible evidence of knowledge and qualifications of the candidates.

Blind partisanship is no basis for a judgment on who to vote for.

683 times "around the world" they pounded the pavements and proved that concrete outperforms asphalt these ways...

17 million miles of test traffic in 2 years... loads up to 54 tons

Sponsored by the American Association of State Highway Officials (AASHO), the 27 million dollar National Road Test was set up to establish basic facts of design and construction for concrete and asphalt pavements.

Test pavements were built on the same soil, to carry the same vehicle loads to designs currently used in various states. 99 loaded trucks—pickups to semi-trailers—pounded them 19 hours a day for 2 years. Millions of scientific measurements were made.

The test has demonstrated concrete's superiority for streets, roads and Interstate highways!

PORTLAND CEMENT ASSOCIATION 2108 Michigan National Tower, Lansing 8, Michigan
A national organization to improve and extend the uses of concrete

1 Concrete is more durable! A count after 2-year test showed concrete outlasted asphalt 3 to 1! Concrete gives you more for your tax money.

2 Concrete rides easier! In rideability measurements, concrete won decisively over asphalt. Only concrete can give you lasting driving comfort.

Your state helped finance this test to bring you better roads, full value from tax dollars.

By FRANK C. MORRIS

Lansing School for Blind Not To Be Slighted

Every time Republican legislators talk about economy, something happens in the state government like the incident last week when members of the finance committees of the House and Senate answered a cry for help from the Michigan School for the Blind.

Two new cottages are under construction at that Lansing institution as a result of a \$300,000 appropriation in the current budget. Each cottage will house 30 blind children who have been sleeping on that third floor of an 80-year-old building.

Having approved plans for modern cottages with ample recreational facilities, legislators thought the project was progressing satisfactorily.

But since they arrived in Lansing in January, Republican lawmakers have been digging into government expenditures in an attempt to cut the budget to fit the revenue resulting from the four-cent sales tax. They are determined to slash taxes by eliminating the nuisance levies on June 30, as promised by the legislature when the package was adopted on a temporary basis.

They want to cut real and personal property levies by enabling the debt-ridden cities to reduce assessments and adopt local specific measures like a payroll tax or a sales tax on services.

The Republican drive toward realistic economies in the Lansing government became an emphatic pledge a couple of weeks ago when Senator Lynn O. Francis, of Midland, the GOP floor leader, made an effective speech keynoting the program. He declared that Gov. Swainson's income tax, added to the one-cent increase in the sales tax, would be a ruthless betrayal of the people.

When Senator Francis started talking about slashing expenditures, Democrats pleaded in vain for Democratic Lieutenant Governor Lesinski to rule him out of order.

The word "economy" has been unpopular with Democratic lawmakers since former Gov. Williams initiated his spending policies in 1950.

Maybe it was happenstance, but the first reaction within the government was a plaintive cry from the School for the Blind. Plans for the new cottages were being changed on grounds that the state could not afford to complete them.

So the members of the House and Senate finance committees went together to the school and were amazed to learn that the Department of Administration had ruled that the new buildings must be cheapened.

The school was informed by this Democratic department that costs had risen since the appropriation of \$300,000 was voted last year by the legislature.

The one fireplace in the main room of each cottage must be eliminated, the school was informed. And the two structures would be pushed together into one structure, thus eliminating a covered breezeway intended as a playground.

Remembering that the universities and colleges get \$103 million this fiscal year and are asking an increase of more than \$20 million for next, the lawmakers were flab-

bergasted by this picaresque economy that would save \$42,000 at the expense of blind children.

They could foresee headlines accusing Republicans of disgusting heartlessness in an attempt to save the taxpayers' money.

As already stated, maybe the incident was a happenstance. But there have been similar "economy" orders by the Democratic administration in past years.

This time it will not work. Republicans were in a dangerous mood when they got back to the School for the Blind. The order re-instating the for the covered play area and fireplaces went out next day.

VILLAGE OF CHELSEA AUDIT REPORT

December 31, 1960

February 28, 1961

To the Honorable, the Village Council
Village of Chelsea, Michigan

We have examined the statement of financial condition of the Village of Chelsea as of December 31, 1960, and the related statement of receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying statement of financial condition and statement of receipts and disbursements present fairly the financial position of the Village of Chelsea at December 31, 1960, and the results of its operations for the year then ended, in conformity with generally accepted governmental accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,
Iermain, Johnson & Hoffman

COMMENTS

STATEMENT OF FINANCIAL CONDITION (Exhibit A)

Unpaid property taxes at December 31, 1960, amounted to \$1,494, representing \$843 due for 1960 and \$651 due from prior years. Special assessments unpaid at December 31, 1960, amounted to \$1,876. Of this amount, \$1,285 represents 1960 unpaid assessments and \$591 represents unpaid assessments from prior years.

The amount of the 1960 tax levy for the Chelsea Public Library was \$4,414. This amount was paid by two warrants drawn on the General Fund from initial tax collections.

Increases to the Capital Fund consisted of an air compressor in the amount of \$850 and a radio in the amount of \$243 purchased for the Fire Department. The Police Department purchased a radar timer in the amount of \$1,162, and the Parking Meter Fund purchased radios for the Police Department, costing \$803. An insecticide unit was purchased for Pierce Park at a cost of \$300, and the Village required a public address system for \$505. The remaining additions were a certificate of deposit in the amount of \$2,000 to be used to build a garage for public works vehicles and purchases from the Public Works Equipment Fund.

The Parking Meter Fund constructed a parking lot at a cost of \$55,519. Most of the cost of this parking lot was financed by the sale of \$10,000 worth of 4 1/2% revenue bonds. On December 31, 1960, there were \$37,000 of these bonds outstanding. In addition, \$1,000 was loaned to the General Fund and \$803 was expended to purchase radios for the Police Department. Ordinances 57 and 57-A should be examined for required transfers to the bond and interest reserve account.

The Sewage Disposal Fund started building a sewage disposal plant during 1960. As of December 31, 1960, construction costs totaled \$151,987. The total cost of the sewage disposal plant will be financed from the proceeds of a 5 1/2%, \$235,000 general obligation bond issue sold during 1960. (The amount of \$472 represents money owed by the Chelsea Electric and Water Department for interests on investments made by the Sewage Disposal Fund, the proceeds of which were credited to the Chelsea Electric and Water Department in error.)

The Fire Truck Fund received \$1,000 from the General Fund and \$158 as interest from the Chelsea State Bank.

The Public Works Equipment Fund received \$2,000 from the General Fund and \$100 from occasional sales of supplies. During 1960, additions to the equipment fund consisted of an arc welder—\$197, a battery charger—\$86, fire extinguishers—\$105, and a cyclone fence—costing \$225. These purchases were added to the Capital Fund.

RECEIPTS AND DISBURSEMENTS (Exhibits B, C, D, and E)
During 1960 General Fund receipts totaled \$180,167, while disbursements totaled \$187,831, resulting in a net decrease of \$1,664 in the cash balance. The principal reason for the decrease in cash was a non-budgeted payment of interest on the Sewage Disposal Fund bonds in the amount of \$7,118. Receipts included transfers of \$35,000 from the Electric and Water Department and a reimbursement for employee fringe benefits of \$5,077 from the Electric and Water Department. Collections of 1960 property taxes amounted to \$87,543, representing 97.47% of the total assessments. A comparison of the actual receipts and disbursements with the budgeted amounts is presented in Exhibit D.

Note B—For details of the amount \$6,804, see Exhibit B.

VILLAGE OF CHELSEA ELECTRIC AND WATER DEPARTMENT AUDIT REPORT December 31, 1960

February 22, 1961

To the Honorable, the Village Council
Village of Chelsea, Michigan

We have examined the statement of financial condition of the Electric and Water Department of the Village of Chelsea as of December 31, 1960, and the statement of income and retained earnings for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We did not confirm the accounts receivable by correspondence with the debtors but satisfied ourselves by other means that the accounts were valid.

In our opinion the accompanying statement of financial condition and the related statement of income and retained earnings present fairly the financial position of the Electric and Water Department of the Village of Chelsea at December 31, 1960, and the results of operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,
Iceman, Johnson & Hoffman

COMMENTS			
The net income realized for the year ended December 31, 1960, amounted to \$42,844 (Exhibit B). The 1960 income increased the net income accumulated since March 1, 1923, to \$811,214. During this period, \$605,208 has been contributed to the General and Parking Meter Funds of the Village of Chelsea, of which \$10,000 has been repaid by the Parking Meter Fund. The contributions of the current year, 1960, amounted to \$35,000.			
A comparison of operations for the years ended December 31, 1960, and 1959 follows:			
	1960	1959	
Sales:			
Water	\$ 35,552	\$ 36,899	
Electricity	107,484	161,890	
Merchandise	5,943	22,158	
Sewage	13,720	8,603	
Water tapes	1,150	1,200	
TOTAL SALES	\$228,704	\$230,250	
Expenses:			
Cost of sales	\$102,802	\$ 97,188	
Maintenance and general	73,943	68,884	
TOTAL EXPENSES	\$176,745	\$166,072	
Net operating income	\$ 47,459	\$ 64,178	
Other income and expenses	(4,815)	927	
Net income	\$ 42,644	\$ 65,105	

At December 31, 1960, the accounts receivable totaled \$37,654. Of this amount, \$30,508 were December billings due in January and \$7,146 were unpaid billings prior to December.

The 1960 additions to plant and equipment were to water mains and equipment in the amount of \$18,348 and electrical equipment in the amount of \$7,800.

During 1960 the expenditures for the water expansion program totaled \$151,185. The initial retirement of bonds in the amount of \$5,000 was made October 1, 1960. Interest payments in the amount of \$7,988 were made in April and October.

Village employees were accorded retirement benefits under the State of Michigan Employees' Retirement Fund during 1960. Employer contributions totaled \$2,208 for 1960, while employee contributions amounted to \$1,111.

NOTICE BOARD OF REVIEW MEETING

Notice is hereby given to all persons liable to assessment for taxes in the
VILLAGE OF CHELSEA
County of Washtenaw, State of Michigan

That the Assessment Roll of said Village as prepared by the undersigned will be subject to inspection at
MUNICIPAL BUILDING
In the said Village, on
MONDAY, MARCH 13, 1961
and on the following day
TUESDAY MARCH 14, 1961

At which place, and on said days, said Board of Review will be in session at least six hours, from 9 a.m. to 12 noon, and from 1 p.m. to 4 p.m., and upon request of any person who is assessed on said roll, or of his agent, and upon sufficient cause being shown, said Board of Review will correct the assessment as to such property in such manner as will in their judgment make the valuation thereof relatively just and equal.

After said Board shall complete the review of said roll, a majority of said Board shall endorse thereon, and sign a statement to the effect that the same is the assessment roll of the Village for the year in which it has been prepared and approved by the Board of Review.

THOMAS C. SMITH
Village Assessor
Dated February 24, 1961

Interest income from U. S. Treasury bills in 1960, amounted to \$2,194 and from U. S. Government bonds 1960 was received.

Your Income Tax

Federal income taxpayers, faced at tax time with large additional payments to satisfy their indebtedness to the "tax man," because of underwithholding, have a way out in future years, District Director R. J. Nixon of the Internal Revenue Service pointed out today.

Additional sums may be added to taxes withheld by the employer in cases of this kind, Nixon said. "There are various ways of doing this," he added. "If a taxpayer finds himself owing an additional \$100 or more of tax at year's end, he may reduce the number of exemptions or dependency claimed by one or more for withholding purposes.

"This will automatically increase his withheld tax payments over the year by \$120 or more without affecting his right to claim these exemptions when he fills out his return."

"Taxpayers who find themselves owing lesser sums can, in most instances, arrange with their employers or disbursing offices to increase their withholding \$2 or \$3 per pay period or whatever amount."

has proven so popular with blind users of Talking Books that a new edition is being recorded to take advantage of newer methods developed since the early edition in 1942. Arthur Helms, Production Director for the American Foundation for the Blind estimates the new edition will run to 65 records against 120 for the earlier version. The average book recorded today, however, usually requires only 10 records.

10:00 a.m.—Sunday school and Bible study.
11:00 a.m.—Morning worship.
6:00 p.m.—Evening worship service.

3,150 Deer Killed By Autos on State Highways in 1960

Lansing—Michigan's whitetails fared poorly on the highways in 1960 as 3,150 were killed by automobiles, the Conservation Department reports. Last year's toll is the highest registered since the Department started keeping records of highway deer kill in 1954. Since then, more deer have been killed each year on the highways than in the woods by archers. Although a final tally is still being made on the archery kill, it appears that Michigan bowmen took less than 2,000 deer in 1960. The state's heaviest highway deer losses took place in the lower peninsula last year. Some 1,207 deer were killed in the northern lower peninsula as compared with 998 in 1959. Automobiles claimed 1,183 deer on southern lower peninsula highways, nearly 800 over the previous year. Motorists in the Upper Peninsula killed 760 whitetails, lowest figure on record for this part of the state.

GUNMAN CHANGES MIND
Philadelphia—Mrs. Mary Allen, 82, was alone in the luncheonette operated by her son when a youth with a pistol entered and ordered her to "get the money out of the drawer." Mrs. Allen looked at the bandit and said, "God bless you, son." The youth mumbled, "I am only fooling" and ran away empty-handed.

THIEF WORKS IN DAYLIGHT
Birmingham, Ala.—In broad daylight, a man double-parked car and lifted the hood of the alongside. He courtously waited for traffic around, took something from under the hood, then drove down the street. Sometime later, John Key police his battery and carburetor were stolen from his car while it was parked downtown.

NOW...FOR 3-INCH WELLS a REDA Submersible DEEPWELL PUMP!

provides MORE WATER PER DOLLAR

- For depths to over 175 ft.
- Capacities to over 600 GPH
- Only 2 wires—1/2 H. P., 115-v
- FULLY WARRANTED

Now, you can have all the advantages of a submersible pump in your 3-inch well! Reda Submersible Pumps are safe from freezing, fire, floods or vandalism. They will provide more water per dollar of electricity than other types of pumps!

CHECK THESE OUTSTANDING REDA ADVANTAGES:

- Low Maintenance Cost — lifetime lubricated oil-filled motor.
- Corrosion-Resistant all-metal construction.
- Low Installation Cost — no pump-house or pit required.
- Only one moving part

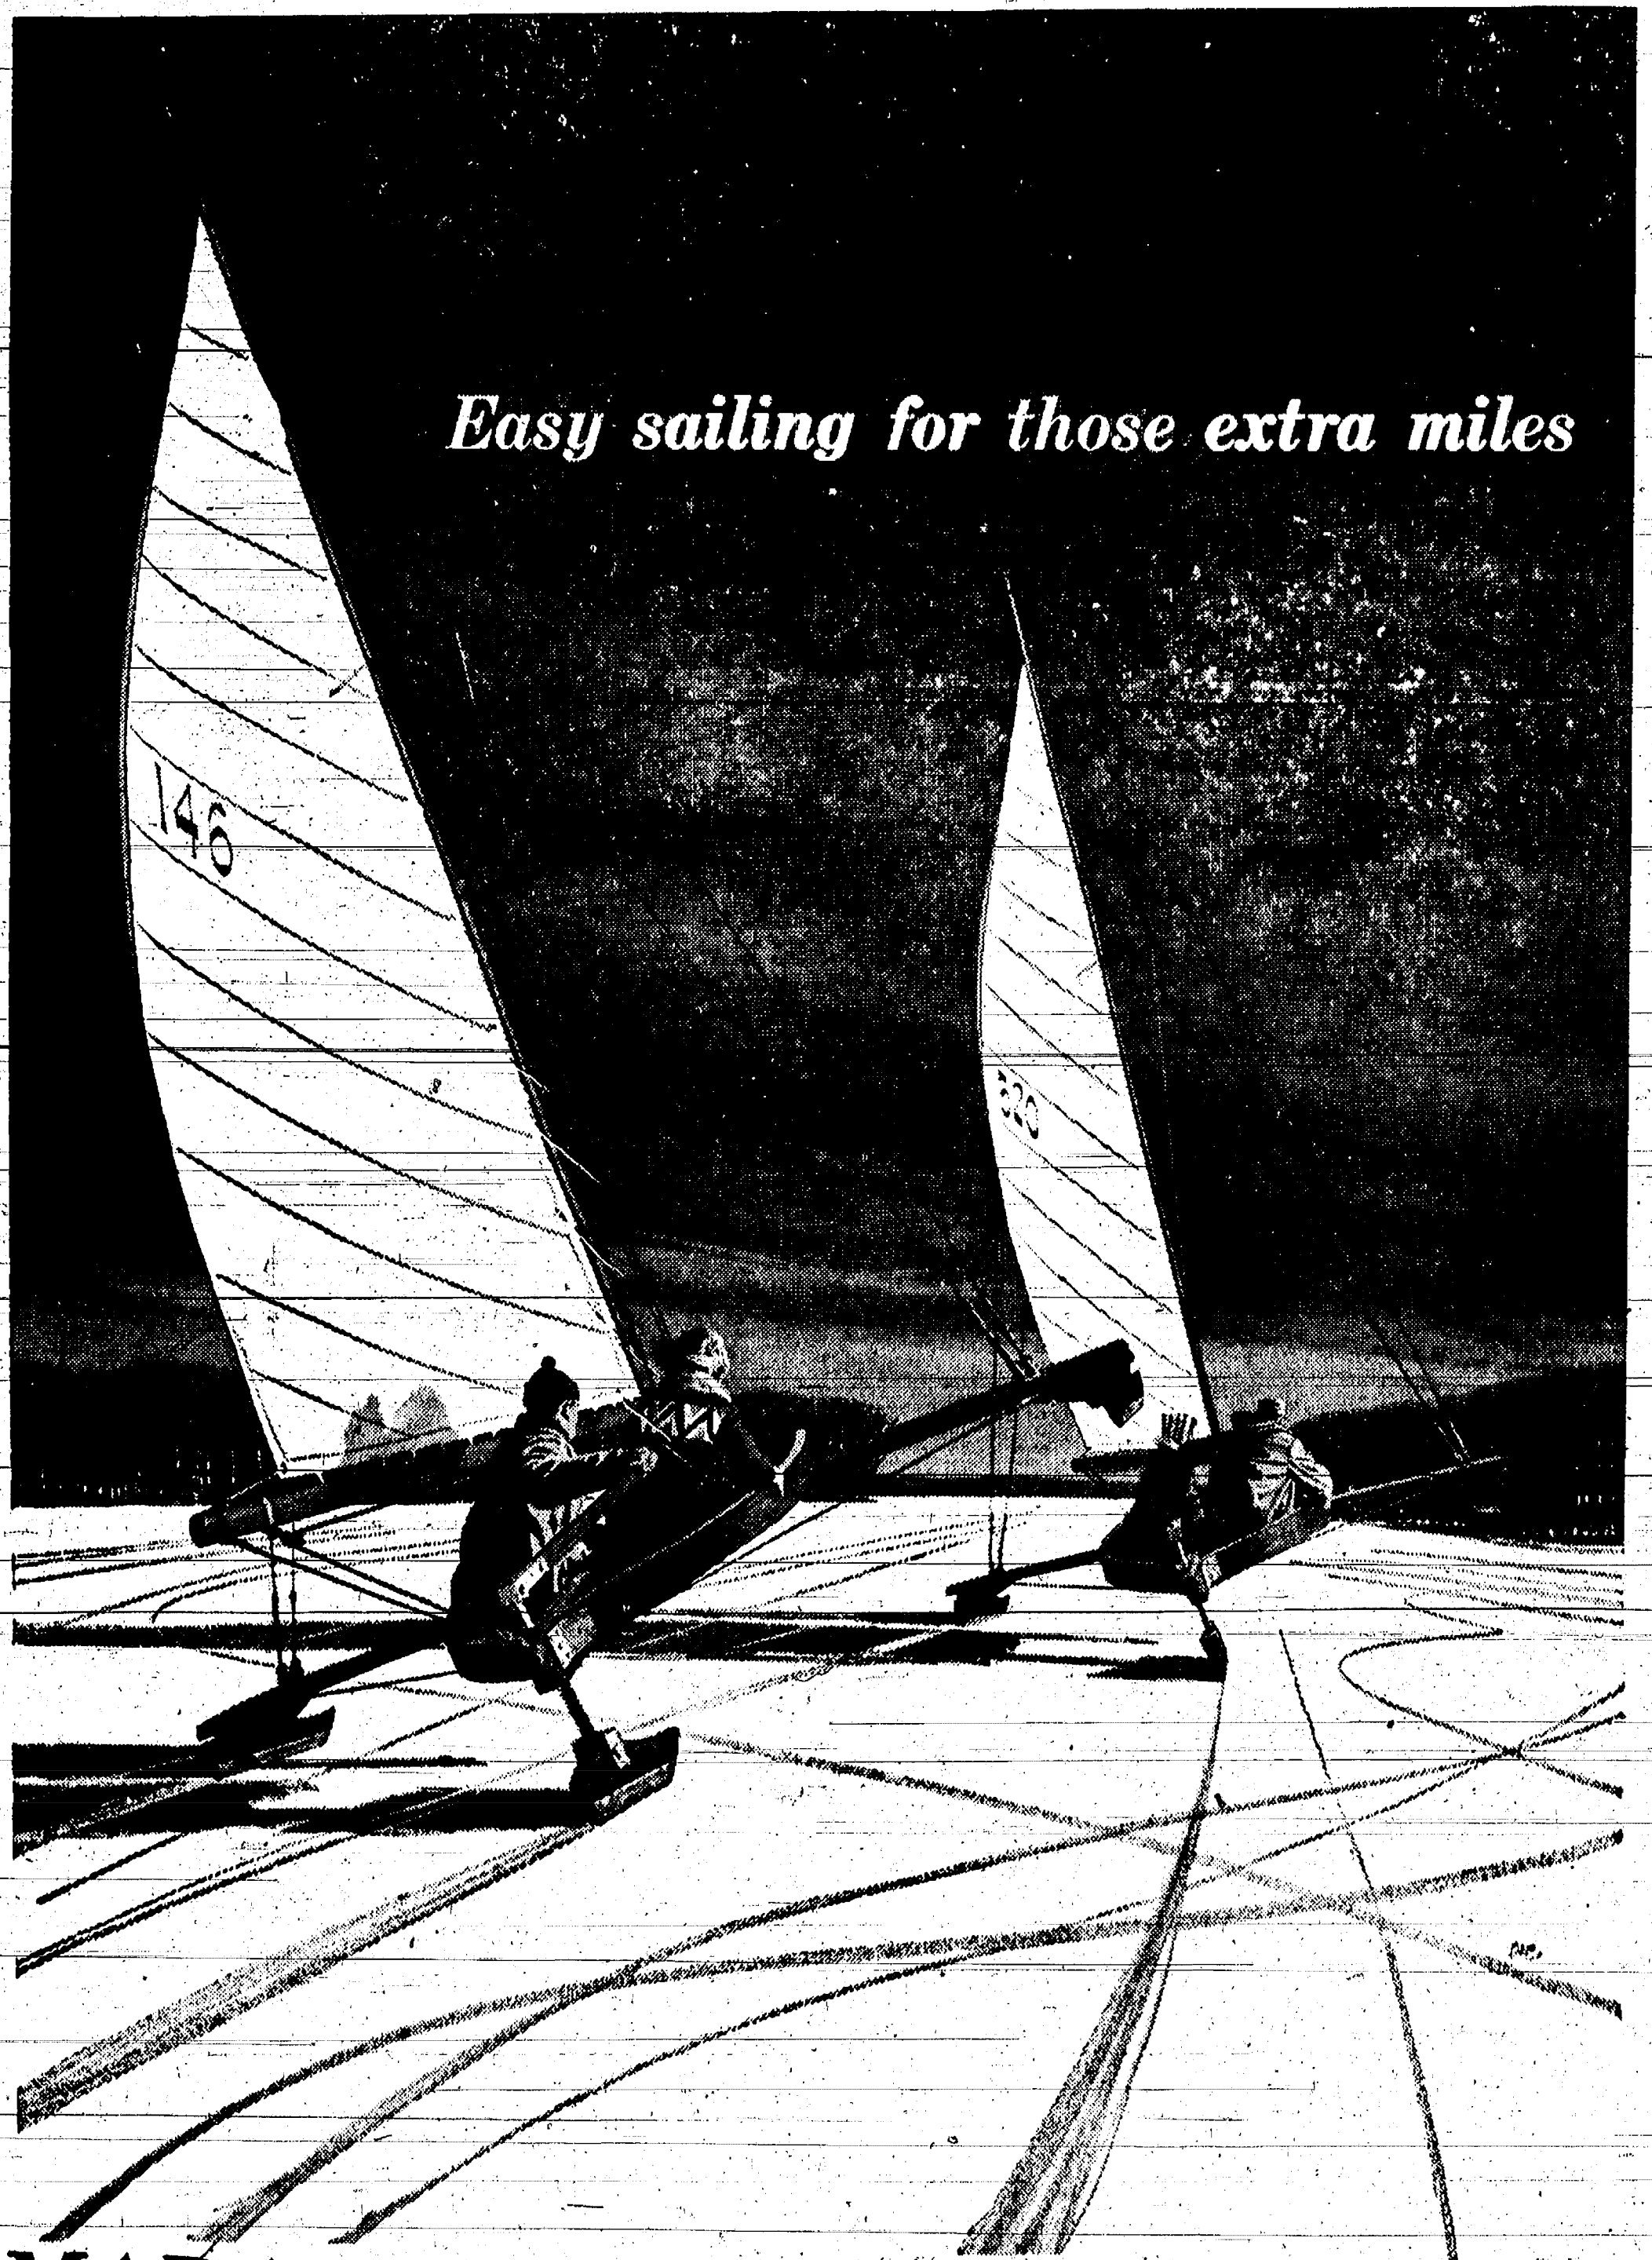

Other Reda models available for 4" and larger wells, to over 1,000 gpm, and to over 1,000 ft. heads. Over 100,000 users depend on Reda for home, farm, industry and municipal water supplies.
