Label Fox Student Loan Fund Set Up

A student loan fund to be used by Chelsea High school students to further their education has been set up in memory of Miss Label Fox and is to be known as the "Label Fox Memorial Loan Fund."

Miss Fox, who was killed in a car accident Dec. 23, 1950, had been a teacher for almost 37 years and was always interested in encouraging students to continue their education in colleges and universities after their graduation from high school.

Knowing this to be true, members of the faculty at Chelsea High school as well as her many friends in the educational field decided to perpetuate her name and decided on the loan fund as a method of "continuing her unending efforts to further education."

Members of the faculty whose names appear on a letterhead sent to people who might be contributing to the fund are the following: Isabel Wanda Finch, Lucille Kelly, Lane and David Sanborn.

The letter states, in part, "In the hope that we are doing something that will not last just a short period of time and then be forgotten, a student loan fund has been set up in Miss Fox's memory."

The teachers here at Chelsea are asked to "pledge" each year to the fund. It is hoped that outside groups and individuals interested in education will do likewise.

The fund, rather than an outright scholarship grant, is in the name of Miss Fox's own philosophy of "helping people to help themselves."

The fund, too, will benefit more students, being a perpetual fund with the addition of contributions and the payment of loans.

Those who wish to make contributions to the fund should make checks payable to Mable Fox Memorial Fund and send the checks to Chelsea Lane, Principal, Chelsea High School.

DISTRICT CHAMPS—Chelsea High school's basketball team defeated the "ever dangerous" Dexter Dreadnaughts Saturday night in tournament play at Dexter and became for the first time in 10 years, the district champions! The championship makes the Chelsea Bulldogs eligible for Class "C" regional play at Ypsilanti this week. Coach Robert Taylor described Saturday's game "one of the best games" played by his team this year. Final score was 63-48. With Coach Robert Taylor at left and Assistant Coach Alan Conklin at extreme right, the basketball players who appear in the photo are, front row, Charles Keen, Daryl Keezer, Don Blacklock, Ed Lauson, Larry Cattell and Dan Mayer. At rear, from left, are Don Sexton, Jim Maynard, Alton Nixon, Mike Marsh, Dave McLaughlin and Homer Nixon.

Advance to Regional Series After Defeating Dexter Saturday Night

Final Community Lenten Service Set Wednesday

The fifth and final United Community Lenten service of the current Wednesday evening series sponsored by Chelsea Protestant churches, will be held Mar. 22 at the Congregational church. The service begins at 8 p.m.

Speaker for this service will be the Rev. S. D. Kinde of the Methodist church. His sermon, "One Mission—The World," is listed as a sub-topic of the theme of the entire series: "That They All May Be One," taken from the Scripture passage, John 17:21.

The Mar. 15 service was held at St. Paul's church with the Rev. Harry Pyscher of Salem Grove and North Lake Methodist churches speaking on the sub-topic, "One Power—Faith."

There will be no Wednesday evening service during Holy Week. Each church will hold its own services that week but will join the Good Friday service at the Methodist church, Mar. 31 at 1:30 p.m.

The Rev. Philip Rusten will deliver the Good Friday sermon "One Lord—Jesus Christ."

Win First District Title In 10 Years for Chelsea

For the first time in 10 years, the Chelsea Bulldogs emerged District Tournament Champions last Saturday night by defeating the "ever dangerous" Dexter Dreadnaughts, 63-48.

Getting a fine performance from everyone, the Bulldogs came up with one of their best games of the season which netted them the privilege of advancing into Class "C" regional play at Ypsilanti this week.

The story was the same as in many of their previous games, that of an excellent team effort with balanced scoring and good rebounding.

The Bulldogs broke out with an early four-point lead, but then found themselves trailing, 17-13, at the end of the first period of play.

In the second quarter Chelsea came back to outscore Dexter, 15-10, and take a one-point lead at half-time, 28-27.

When the third period started it was apparent that the Bulldogs were determined to have things their way, and proceeded to outscore the Dreadnaughts to the tune of 18-10, out-rebound, and out-shoot 35-21 during the second half.

All boys contributed greatly to this championship effort, including those who get less opportunity to play but play a very important part in preparing the regulars during pregame workouts. Without these men it would be impossible to adequately prepare for any of the games.

The scoring was led by Homer Nixon with 24 points. Alton Nixon with 14, Mike Marsh, 11, Daryl Keezer 8, Dave McLaughlin 4, and Ed Lauson 2.

Friday night saw Chelsea down Pinckney, 63-42, with 11 men playing in the game and 14 of them contributing to the scoring.

The Bulldogs took an early lead and were never in danger. They

Eliminated By One Point Heartbreaker

Although in Coach Bob Taylor's words, "Chelsea Bulldogs played a wonderful game" in last night's tournament at Bowen Fieldhouse in Ypsilanti, the Wyandotte St. Patrick's basketball team eliminated them from further tournament competition, defeating the Chelsea team by the heartbreaking score of 63-62.

Described as a close game all the way, the Bulldogs took the lead in the first quarter, but by half-time, the score was tied, 21-21.

The Wyandotte team had gained a five-point lead by the time they went into the fourth quarter and although the Bulldogs managed to narrow that lead they were still one point behind at the final whistle.

Comments from the judges included many bouquets such as: "Fine spirit and deportment; excellent lightness of style; good work on cornet; you sense the dramatic quality of this music very well; you show fine imagination, concept and style; the balance of the band seems to be very well thought out and controlled, certainly not accidental. Congratulations."

Jaycee officers elected are Daniel Maroney, president; George Winchester, Jr., first vice-president; Raymond Steinbach, second vice-president; Blaine Lyle, treasurer; Ronald Branham, secretary; and Charles Gelman, Gene Shoemaker and Duane Layher, directors.

Kiwanis Club Ladies' Night Set March 20

Announcement was made at Monday night's Kiwanis club meeting that the annual birthday party and ladies' night will be held Monday, Mar. 20. The dinner, to be served in the customary meeting place in the social center of the Methodist church, is scheduled for 6:30 p.m.

William Cook, director of public relations for Ypsilanti State Hospital was the guest speaker at the Mar. 13 Kiwanis club meeting. Introduced by the program chairman, Loring Bates, Cook related details about the operation of the hospital and its facilities.

He explained that the hospital serves Washtenaw, Wayne, Jackson, Lenawee, Monroe and Hillsdale counties.

Cook stressed the importance of volunteer work, particularly in the area of providing entertainment and personal attention—such as birthday, Mother's Day and Christmas—remembrances—to patients who have no close relatives and friends. He mentioned that many organizations and groups have become interested in providing this volunteer assistance and that the Red Cross is active in the work. An invitation was extended for Kiwanians and others to visit the hospital on Sunday, April 30 from 1 p.m. until 3:30 p.m.

Guests at the meeting were Dennis Tallant and Dr. James Shadoun.

Carolyn Wilkerson and Pat Wireman made the box in which members will put their pennies for the Juliet Lowe Fund.

Mr. and Mrs. Grant Schooley returned home Monday from a six-week trip to points in the southwestern states and then went to Lincoln for a celebration of the fifth birthday of their granddaughter, Linda Bergeron. They remained as overnight guests at the home of the Henry Bergerons and returned to Chelsea Tuesday. During their vacation trip they spent some time at Phoenix, Ariz., and visited Galveston, Texas, Colorado Springs, Colo., and other points of interest.

Mrs. Donald Dancer is a surgery patient at St. Joseph Mercy hospital, Ann Arbor.

EVEN THIS! No wonder the unopposed Independent Party candidates received more than 100 votes each at the March 13 village election. This "backing" (apparently) from A. D. Mayor, staunch member of the People's Party and former village president, probably helped. The sign appeared Sunday morning on the front window of Mayor's office on Park St. in plenty of time for everyone to get the message before election day.

(Continued from page one) led, 15-7, at the end of the first period, 29-19 at half-time, 42-29 at the three quarter mark, and won going away, 62-49.

The starters played the first quarter, and then watched as their teammates showed that they too could very adequately handle the Pirates, by outscoring them, 48-35, in three periods of play.

Charles Koenig led the scoring for the Bulldogs with 16 points, followed by Don Sexton with 10 points, Larry Cattell with 7, Dave McLaughlin 6, Jim Maynard, Ed Lauson, and Alton Nixon each collecting 5 points, Mike Marsh getting 4, Jack Howard 3, Danny Mayer and Bob Riemenschneider each getting one point.

By now the results of Wednesday night's game with last year's regional champion Wyandotte St. Patrick are known, and all that can be said is that win or lose the Chelsea Bulldogs are a fine bunch of young men for all to be proud of, and we know that they gave their best.

Easter Seal Letters Have Been Mailed

Easter Seal letters are now in the mail to Chelsea-area residents as well as to all residents of Washtenaw county. A total of 65,000 letters have been mailed in the county.

Returns from the sale will be used to help crippled children and adults in the county. It will give a number of crippled children camping experience this summer which they wouldn't otherwise get.

Easter Seals provide the sole financial support for the work of the society, which has no administrative expenses because everything is done by volunteers.

Dean E. Lidgard, president of the Washtenaw county chapter, said special events will be held throughout the month to raise money and to inform Washtenaw county residents of the group's activities and services.

Lidgard said the amount of money contributed will determine the chapter's program for the coming year.

Paul F. Niehaus is the chairman for the Easter Seal campaign in Chelsea.

Harold Trinkle Busy in Combined Dairy, Stock Feeding Operation

Harold Trinkle, with his wife, Lois, and their sons, Steven, 15, Douglas, 13, and Dennis, 9, live on the farm which was shown in the Mar. 9 issue of The Standard as "Mystery Farm No. 141." Mr. and Mrs. Trinkle have lived there since their marriage 17 years ago, and they own the farm themselves for six years. Trinkle formerly operated the place for his father, Wilbert Trinkle. The Harold Trinkle place, 9970 Trinkle Rd., after identification in the Mar. 9 issue of The Standard.

The attractive brick home on the Harold-Trinkle place was built 10 years ago after the former home was destroyed by fire.

All the barns are also practically new, having been built following a disastrous fire 13 years ago which destroyed other barns which were almost new.

The Trinkle Rd. farm of 150 acres formerly was owned by Trinkle's grandparents, Mr. and Mrs. John Bauer and prior to that was known as the Nordman farm. In 1874 Edward Nordman was listed as the owner. Prior ownership records were not immediately available.

In addition to the buildings shown in the photo, Trinkle recently added two pole barns behind the larger barn—one 26'x60' and the other 18'x50'—for his 40 dairy cows. He sells milk to the Cloverleaf Dairy.

In addition to the dairy cows, Trinkle's stock includes 60 steers on feed; 240 lambs; 100 ewes; 70 head of young cattle; and 118 hogs.

With mechanized equipment operated by himself and three hired men, Eddie Buku, Donald Luter and Larry Boyer, he works land on his Trinkle Rd. farm and eight other farms in the area.

He also buys and sells hay and straw; sells fertilizer; and has the dealership for Funk's "Q" seed corn.

The three Trinkle sons also help with the farm work. They attend school in Dexter.

The Trinkles are members of St. Andrew's United Church of Christ at Dexter.

First to call in the correct identification of the Trinkle farm were the men at Bigess Elevator Co.

Others who called soon after were Paul Rothfuss, Mrs. Harold Wahl and Charles Curtis.

'Traditional American System' Is Not One of Government Hand-Outs

Uncle Sam is going into the health business in a big way if President Kennedy can sell Congress on his six-point proposal for Federal intervention in the fields of medical and nursing services and education, hospitalization, medical research, vocational rehabilitation and "Youth Fitness."

The most controversial item is a revival (with some revision) of the medical care for the aged program that was rejected by Congress last year. Under the new specifications, the estimated cost of \$1.5 billion to be met by a hike in Social Security taxes.

The five other programs to be paid for with increased outlays of tax money are loosely figured to cost something over \$56 million for the first year and \$170 million the second year and include construction of nursing homes and medical and dental schools, Federal medical and dental scholarships.

The health plan for the aged, if passed this year, would be available on July 1, 1962 to 14.2 million Americans over 65 and provide up to 90 days of hospitalization (\$10 deductible for the first nine days), up to 180 days of nursing home care and up to 210 days of visiting nurse service.

The President insisted in his message that: "This is not a program of socialized medicine." It "guaranteed," he said, freedom of choice of doctor and hospital and is "in accordance with the traditional American system of placing responsibility of the employee and the employer rather than on the general taxpayer, to help finance retirement and health costs."

We had somehow felt the "traditional American system" involved looking out for oneself and one's kith and kin. Nor is there any "freedom of choice" regarding payment of the increased Social Security taxes—even among those who are providing their own health insurance. Nor can we conceive of the Government barging into the health business in any large way without regimenting the medical profession and entailing the customary extravagance, inefficiency and bureaucratic arrogance.

Michigan Is Education

The key to Michigan's future leadership and greatness lies in education.

This significant observation is pointed out in a public service industrial promotion advertisement which appears today in The Standard.

The importance of education to industrial development is recognized by leaders in our business communities, by government and particularly by our people who, from the beginning of our State and before, have supported our school system.

The Constitution of the State of Michigan sets forth: "Religion, morality and knowledge being necessary to good government and the happiness of mankind, schools and the means of education shall forever be encouraged."

Our educational system trains our boys and girls, our young men and women to be good citizens. It teaches them the sciences, the professions and the arts. They are equipped, on leaving our colleges and universities, to take their place in today's advanced world of commerce and industry. Our schools of higher learning provide facilities in research that will encourage even greater industrial progress in this age of the atom and the space vehicle.

Our schools provide for the families of our workers and management personnel the opportunity for the finest education. Our schools educate people to the extent that they are among Michigan's finest assets.

An outstanding educational system is important to industrial development. Our facilities place our State in a foremost position because truly, Michigan is Education.

An Old Fever

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

"The only answer to unemployment is more jobs," a legislative leader said not too long ago.

This observation, which may seem perfectly obvious to some and downright superfluous to others, may in reality contain more truth than fiction.

The Michigan economy has been studied, prodded, poked, diagnosed, examined and analyzed by almost anyone who could find an excuse to do so.

The results of these investigations, in a nutshell, are that Michigan needs more jobs. Recommendations, most of them intricate and detailed, and having to do with industry incentive taxes, needs, advantages and sites, have been made.

Now comes a legislative committee to study the studies. It hopes to analyze the analyses and come up with the best of the lot, then translate it into specific legislative action to improve the state's much-maligned economic climate.

This, perhaps, is what Michigan needs most. That is, less talk and a program of action.

The latest study, proposed by freshman Rep. Gilbert Bursley, Jr., Ann Arbor, if it comes up with the needed action, could put the state on the road it seeks.

Other studies have laid out for all to see what is wrong and what is right in Michigan. It is in the hands of lawmakers to lay out a program of action to correct the wrongs and take advantage of the rights in the complicated economic situation.

Just how much does the weather influence driving?

More specifically, does good weather cause bad driving, and vice versa?

Obviously, more cars on the road when the sun is shining and many of them are going faster because of dry pavement. Is it possible, however, that good weather can cause a frame of mind that will

lead to violations of the reckless driving variety?

Secretary of State James M. Hare thinks people's driving often gets worse as the weather gets better.

He says conviction abstracts, which are sent to his office for each offense chargeable under the state's point-system law of determining when to take away a driver's license, showed a decline early this year that would reflect periods of bad weather during the winter.

If this indicated "better driving" in bad weather, it contradicts the statistics on traffic deaths. These usually follow a different pattern. Deaths are high during the winter months when there are more hours of darkness.

Hare says that as the snow and ice disappear, spring time friskiness infects too many drivers, causing them to take chances they normally wouldn't, and consequently receiving a violation.

Still unexplained, however, are the periods of atrocious traffic records and the periods of very safe driving by Michigan motorists which occur without rhyme or reason throughout the year.

Colorful fall festivals in Michigan, the well-known county fairs, can get money from the state Department of Agriculture for putting on their show if they qualify under a rule recently established.

Matching funds up to \$2,500 from the state to any one fair are available annually, the department has announced.

The new system works this way: Duly authorized officials of the fair have to contact the director of agriculture requesting that the matching funds be furnished. After preliminary approval is given, the fair organizers must furnish any additional information that the director of agriculture might ask for.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

A feller come by my place the other morning and from the way he talked, I figured he was a Government man from some of them farm bureaus. I was patching up one of my fences when he walked up and introduced himself. He said he had my area, whatever that means. On account of me paying taxes on it for 40 years, I was thinking it was my area, but maybe they've moved the new frontier over to take in my pastures.

Anyhow, I could see right off that this feller didn't like the way I was fixing my fence. I had a couple holes dug and was putting in the cedar posts, like my ancestors has always done. This feller said the proper way was to get a posthole digger for my tract. Or, but he allowed as how a metal fence or stone bought posts would be better. He said them cedar posts would rot down to the center and cause my fence to wobble. As a matter of fact, he said, I ought to get me a electric fence like it was advised in Pamphlet F-309 put out by the U. S. Department of Agriculture in 1951.

It used to be when a farmer or rancher had a problem like this, he'd work it out himself. But now when folks has got a problem they just set down and write their Congressman. I aim to write to mine today. I reckon he'll recommend I sell my cattle and barn and get me a electric fence. I don't know where I'll go from there. Maybe go out and set on the fence. When the Government turns on the electricity they'll be a move one way or the other.

Speaking of Congress, I was interested in a item in the paper

yesterday about the attendance at the Ringling Circus in the various cities. Washington, the report said, always had the lowest attendance of any city in the country. In fact, the item allowed, Ringling was thinking about skipping the nation's capital this spring. I reckon on the people in Washington, having the Congress in session most of the time, ain't interested in outside attractions.

I see where some organization is suggesting we have a "Say What You Think Week." If they do it'll be about the most confusing "Week" we've ever had. They ain't enough peace officers, judges, doctors, nurses, hospitals and ambulances to take care of the situation if everybody would go around for a week saying what they think. Personally, I'm sorter in favor of it. I got a neighbor down the road that needs the benefits of this week mighty bad. It would be worth a week in the hospital just to tell that low-down onery varmit what I think of him. You got anybody like that in mind over in town, Mister Editor?

Yours truly,
 Uncle Lew.

Challenger Shocked by Procedure at Poll

Listening to Detroit election officials testify in Lansing last week that a cleanup is needed in the voter registration system in that city, I was reminded of young Mary Jo and her disillusioning experience as a Republican challenger in the last election.

Mary Jo is sweet and charming and not far above college age, and she is a dedicated Republican. She is the daughter of a prominent Port Huron attorney, and she was a secretary for an important Detroit public relations firm. Having been overseas for a couple of years for the State Department, she really was not as naive as she sometimes appeared.

But Mary Jo had been taught that the ballot is sacred and that election laws were written to be observed.

She sure raised a lot of hell in Detroit last election day when she discovered she had been misled. At one point during her adventurous day she was surrounded by emissaries from the UAW, the Democratic Party and the City Election Commission. Everyone was saying:

"Shush, Mary Jo."

But she couldn't understand why police whistles weren't penetrating the city; why grand juries weren't being called; why prosecutors weren't issuing warrants left and right.

For Mary Jo had discovered the election was not strictly following the rules.

Being dedicated to a cause, Mary Jo joined the Young Republicans when she arrived in Detroit. She was the willing kind of young voter who attended all meetings, organized rummage sales to raise funds and toured her neighborhood in an attempt to convert Democrats to a better way of life as she saw it.

For many years, the Republican Party has been missing a bet by not sending challengers to the east side precincts where Republicans are almost as scarce as American flags in the Kremlin.

But there are 1,742 precincts in Wayne county. Enlisting even a couple of hundred volunteers has been difficult. So the Wayne County Republican Committee turned for aid last November to the Young Republicans.

And Mary Jo, of course, was as willing as ever to serve.

By some twist of fate this conscientious, dedicated young woman was assigned to an east side precinct in the 1st Congressional District where a Republican challenger had not been seen since 1928.

Although Democratic election veterans were surprised by her arrival shortly before 7 a.m. at the polling place, they quickly regained poise when they discovered that Mary Jo was acting as a GOP challenger for the first time. "Until the poll opened, every-

one was polite and gentlemanly," Mary Jo said afterward.

Mary Jo soon discovered the practice of the allegedly "bi-partisan" election board was to ask each voter whether he or she knew how to operate the voting machine. Invariably, the voter said instruction was needed.

"These Democrats would take the voter into the machine, close the curtain and show the citizen how to vote," explained pop-eyed Mary Jo next day.

Well, she blew the whistle. She screamed so loudly and often, she finally reached the ears of Detroit Election Director Louis Urban, an honest and dedicated official. He sent a couple of investigators.

The rule was established in that precinct that the election board members could not close the curtain before explaining the intricacies of the voting machine to the citizen.

But when the precinct board be-

gan letting improperly registered citizens use the machines, Mary started an earthquake. In the the Democrats and the UAW the Election Commission had investigators in on the scene. "Only 18 men and women on the board, they did not need instruction to use the voting machine," said Mary Jo. "That there were exactly 18 Republican votes—and 284 for the Democrat in the new instructions to the board for the April election, 3 days in bold type: 'Use the eyes only, not hands.'"

The admonition is repeated in Rule 6 and Rule 11 says: "Make a note, not a sign."

As Urban testified about a of the voters in one Detroit not being properly registered, they cast ballots; I wonder whether Mary Jo was responsible for the new instruction challenges.

Michigan's annual investment of nearly one billion dollars in education has resulted in an educational system, from kindergarten to college and beyond, unexcelled anywhere in the world.

For industry in Michigan, this educational system

Our congratulations to the Chelsea Bulldog Basketball Team of 1960-61 for their splendid record and winning of the District championship for the first time in 10 years. Our appreciation also goes to the coaches who helped make this feat possible. On this team are 9 Seniors and 3 Juniors who have played together for four years—Junior Varsity and Varsity—and also won the Chelsea Holiday Tournament for 1960. The remaining Juniors on the Varsity team and the Junior Varsity squad show promises for another championship team next year. The Chelsea area community praises you and is proud of you. Even though these 9 Seniors are completing their high school basketball careers, there is still plenty of talent left and we expect a winning team again next year!

Editor
The Chelsea Standard
Chelsea, Michigan.

Dear Sir:
A recent display of poor sports-
manship on the part of out-of-
town adult spectators at a Chelsea
High school basketball game called
to my attention, by contrast, the
fine conduct of our own Chelsea
townspeople.

Chelsea athletic teams and fans
have long held a reputation for
good sportsmanship, and as a stu-

dent, I feel I am expressing the
opinions of several others at Chelsea
High school when I thank the
townspeople for helping to keep
this reputation sound.

We trust that you will continue
to set this fine example for us to
follow when you attend our future
athletic games.

Sincerely,

Carol Cameron

Kiwanis International
Wins 10th Freedoms
Foundation Top Award

Kiwanis International has won its 10th top award in the annual Freedoms Foundation citizenship contest, it was announced today by James Liebeck President of the Kiwanis Club of Chelsea.

The high honor, specified as the Distinguished Service Award, came to Kiwanis on Feb. 22. It was presented at the annual Freedoms Foundation awards ceremony at Valley Forge. The award was made for Kiwanis' CQ—Citizenship-Quotient project which encouraged citizens to determine the extent and kind of their individual citizenship activity (citizenship quotient) and to take steps to correct any deficiencies noted. Kiwanis has won a top award in all but two of the twelve annual Freedoms Foundation citizenship contests.

According to Liebeck, "The Freedoms Foundation Award has long enjoyed the same stature in the community service field as the 'Oscar' in the motion picture field, and the 'Emmy' in the television field."

About 1,200 Kiwanis clubs in the United States and Canada are currently operating CQ programs, and several hundred organizations of other types, including manufacturers, other service organizations, trade associations, etc. have also started CQ programs.

Approximately 800 awards were made on Feb. 22 by the Freedoms Foundation, Liebeck said.

FAMILY VOTE
Pick a pet that fits the whole family. Even though the six-year-old will be "owner" of the puppy, bird or cat, the whole family will live with it and probably help care for it. Home economists suggest the choice of the pet should be a family decision.

Chevy
gentles rough roads
with a Jet-smooth ride

Presto! Chevrolet changes old roads to new! Does it with a ride so smooth, handling so sure and going so sweet that it's almost magic.

Chevy owes its Jet-smooth ride to some mighty ingenious engineering . . . things like Full Coil suspension, precision balanced wheels, unique chassis cushioning and a superlatively insulated Body by Fisher. Nor does Chevy's ingenuity stop with ride. Take performance, for instance. You've a choice of 24 power teams ranging all the way up to the mighty 348-cubic-inch Turbo-Thrust V8's with shift-free Turboglide transmission.*

More ingenuity: When you check Jet-smooth Chevy prices with your dealer you'll discover that nothing so easy riding was ever so easy to own.

Hice-Boyce Vows Spoken Saturday at St. Paul's Church

Mrs. Elaine J. Hice and Ellis C. Boyce exchanged marriage vows at a ceremony performed at 2 p.m. Saturday at St. Paul's Evangelical and Reformed church by the Rev. Paul M. Schnake. Present for the service were the immediate families of the couple.

The bride is a daughter of Mr. and Mrs. Norman Schmidt. Mr. Boyce is the son of Mrs. Floyd Boyce and the late Mr. Boyce.

For the wedding, the bride chose a jacket dress, fashioned of silk print in shades of blue with white and black. Her accessories included a white hat and a pink camellia corsage.

The couple's attendants were Mrs. Duane Hall, sister of the bride, and Stanley LaSavage of Detroit, brother-in-law of the bridegroom.

Mrs. Hall wore a beige sheath dress with mint green accessories. Her corsage was of pink carnations.

The bride's mother wore for the wedding a lavender print dress while the bridegroom's mother wore a green print. Both chose black accessories and a gardenia corsage.

A reception for 30 members of the two families was held immediately following the ceremony at the home of the bride, 19212 Old US-12, East, where the couple will reside after their return from a two-week trip to Florida.

Assisting at the reception were Mrs. Richard Schmidt, sister-in-law of the bride, and Diane Ward, niece of the bridegroom, who poured, and Mrs. Stanley LaSavage, sister of the bridegroom who cut the wedding cake.

The cake had been baked and decorated by another sister of the bridegroom, Mrs. Eric Stewart.

Can Home Calories
When you want to trim calories from meals, slice a few from desserts. As an example, home economists at Michigan State University suggest replacing apple pie and whipped cream with a baked apple. Add interesting flavors with cinnamon, nutmeg, small bits of candied ginger or chopped dried figs or dates. For a topping, try whipping chilled evaporated milk flavored with a little lemon juice and sugar.
