

Grand Champion Steer Sold at Fair Auction for 45¢ per lb.

GRAND CHAMPION — This Angus steer was judged the grand champion at the Chelsea Community Fair. Entered by Richard Haist (right), the prize animal was sold at the fat stock sale Thursday to Farmers' Supply Co. for 45 cents per lb. It's weight was 900 lbs. Shown with Richard and his champion is Anton Nielsen, owner of Farmers' Supply Co.

CARL SCHNEIDER stands behind the 975-lb. Angus, the Chelsea Community Fair reserve champion, which he bought for Schneider's Grocery at the fat stock sale Thursday. His bid was 34 cents per lb.

The reserve champion was exhibited by Donald Koenigeter, 11-year-old son of the Loren Koenigeters, who is shown at the right. Donald won the grand champion award at the 1960 Community Fair.

BOBBIE KOENIGETER, nine-year-old son of Mr. and Mrs. Loren Koenigeter, proudly shows his Hereford steer which was the first-place winner at the Chelsea Community Fair. It was sold to Merkel & Little Feeder yards of Leslie for 30 cents per lb. The steer weighed 840 lbs. Robert Kushmaul who represented Merkel & Little, is shown with Bobbie and his prize steer.

Vote on School Millage Set for Next Monday

Board Asking Two Extra Mills For 1961 Only

Monday, Sept. 11, from 1 p.m. to 8 p.m., qualified electors are asked to approve the School Board's request for a two-mill operational levy for a period of one year. The board's request for a millage levy for a three-year period was defeated by a vote of 484 "no" and 363 "yes" on Aug. 22.

Because of the urgent need for funds to meet the current minimum budget requirements without drastic cutbacks, and to offset an accumulated deficit of \$33,000, the School Board decided to re-submit the millage proposal at once. If the election is approved before the Sept. 15 deadline for certification by the School Board it may be placed on the tax roll in December, the tax money thus would become available with payment of township taxes for the year.

In explaining all phases of the situation the School Board, for several weeks prior to the Aug. 22 election, gave detailed information in a series of articles published in the Standard.

It was stated that the major reason for the need for additional operational funds is the fact that the number of students has increased from 964 in 1954 to an estimated 1,700 in 1961.

Cut-Back Will Drop School from Accredited List

The Chelsea School District is accredited by the North Central Association of Colleges and Secondary Schools. The Chelsea School District has met the rigid requirements of this association and has been on the approved list of secondary schools for many years.

None of the schools bordering the Chelsea School District were on the approved list of this association in the 1960-61 school year. (By name—Dexter, Manchester, Stockbridge, Grass Lake, Pinckney.)

According to the criteria of the North Central Association, "a school shall be judged, insofar as possible, in terms of its stated philosophy, provided its philosophy is in harmony with the educational needs of its students, of its community and of the nation."

The criteria of this association requires the educational program, program of studies, philosophy of education, instruction, extra-classroom activities, guidance services, type of school organization, qualification and preparation of teachers and administrators, class size, library services, clerical and custodial services, instructional material and equipment, supervision, school records and reports, school plant, school year, pupil-teacher ratio, etc., to meet the rigid standards to

Kindergarten Registration Totals 204

Total registration in Chelsea School District schools on the opening day Tuesday Sept. 5 was 1,708, an increase of 70 over last year's first-day total of 1,638.

Kindergarten enrollment, expected to be approximately 190, according to pre-registration figures, reached a first day total of 204, 31 more than the 1960-61 figure.

There are six sections of kindergarten again this year, each section having an average of 34 pupils per class, an average which educators say is "far too many pupils" for a kindergarten class. They state that a well-rounded kindergarten program is an advantage to children in preparation for entering the first grade the following year. It is difficult for any teacher to do justice to the individual child where such a large group is involved in one kindergarten class, the child's first experience in school.

Grades 2, 4, 5, 8 and 12 have lower enrollment figures than last year but increases in all others more than offset this.

The total figures for the first day customarily need revising after the first week or two; however, the present figures give an idea of the size of each of the classes in the kindergarten and the other 12 grades.

The number of pupils in each grade, with last year's and this year's listed for comparison are as follows:

	1960	1961
Kindergarten	173	204
First grade	141	143
Second grade	144	130
Third grade	120	144
Fourth grade	138	127
Fifth grade	136	129
Sixth grade	120	135
Seventh grade	120	134
Eighth grade	142	115
Ninth grade	124	140
Tenth grade	98	116
11th grade	79	97
12th grade	93	79

NANCY CARTER... Queen of the 1961 Fair

Nancy Carter Is Chosen Fair Queen

Nancy Carter, who rode on the Chelsea Fire Department's first place winning float in the parade's senior division Saturday, was selected as the Chelsea Community Fair Queen of 1961.

The daughter of Mr. and Mrs. Julius Blaess, of Fletcher Rd., she is a senior this year at Chelsea High School.

She was "crowned" Saturday at the closing program of the fair, with Margot Murphy, the 1960 queen, and Robert Daniels, village president, officiating.

On behalf of the Fair Board, Jaycee Auxiliary members presented her with a number of gifts including a sweater, slip, evening bag, jewelry case and perfume.

The Jaycee Auxiliary, in line with a custom of several years standing, presented the "queen" with a rhinestone tiara.

Sophomore, Fire Dept. Floats Win

The sophomore class float, with Laurel Hanson as the queen candidate, won first place in the youth activities and school category of Saturday's Community Fair parade.

Second and third place winners in this category were the floats of the Wide Awake 4-H club and the Junior class, respectively.

In the senior category for industrial and adult groups the winning floats were those of the Chelsea Fire Department, Chelsea Chamber of Commerce and Junior Chamber of Commerce, first, second and third, respectively.

Judges also made special mention of the Bollinger family entry—Pa and Ma and the Kids Going to the Fair—with its team of burros and two-seated top buggy.

Con-Con Delegates Will Be Chosen in Election Next Tuesday

Contracts Let On Mill Creek Drain Work

John Flok, Washtenaw county drain commissioner announced yesterday that contracts have been awarded low bidders for the work to be done in the Mill Creek Consolidated Drain District.

Section II of the project includes the so-called Palmer-Baldwin drain at the east edge of Chelsea.

Bids on this section ranged from a high of \$11,100 to the combination low bid of \$9,500 which was accepted.

The bid includes tile cleaning of 3,030 feet for \$1,544, the successful bidders being Doetsch Brothers of Detroit, and open ditch work, a total of 11,000 feet, for \$2,016, the latter contract going to Clyde Buntin & Son of Willis.

The bids on the main drain ranged from a high of \$38,770 to a low of \$23,100, complete.

Limbaugh & Campbell of Moroni, low bidders, were awarded the contract.

Flood said work is to be begun on both projects as soon as possible with priority given to the Palmer-Baldwin drain here.

This is the part of the drainage system which has caused flooding and a stagnant water problem in the eastern part of the village.

The bids were submitted on Aug. 30.

Mr. and Mrs. R. W. Heller of Loviston, Ida., are spending some time here visiting relatives and friends.

Washtenaw County Residents Also Asked To OK Plan for Parks System

McKune Library Begins Regular Fall, Winter Hours

Fall and winter hours at McKune Memorial Library went into effect this week after the curtailed summer hours of June, July and August.

Beginning Sept. 1, the hours are as follows: Monday, Thursday and Saturday, 11:30 a.m.-5 p.m.; Tuesday, Wednesday and Friday, 2-5 p.m.; and evening hours, 7-9 p.m., on Mondays, Wednesdays and Fridays.

The Chelsea library has 350 books on loan from the state library on a plan whereby the books may be exchanged at a central location in the county for a similar number now being used elsewhere in the county. A total of 3,000 books from the state library are available to Washtenaw county libraries on this basis for an entire year.

These state library books are in addition to the regular additions of new books at McKune Library.

Mrs. Margaret Dietle and Mrs. Leora Noll leave tomorrow by plane for a seven-week tour during which they will visit points of interest in 10 European countries.

Ellen Merkel and Carol Hepburn attended the State 4-H Show, Monday and Tuesday of last week, in Lansing.

On the ballots for the Sept. 12 election to select constitutional convention delegates from the Chelsea-Dexter area will be candidates from—Democratic, Republican and Socialist Labor parties.

On the Democratic ticket are Allan W. Grossman, county candidate; and E. Eugene Sutter, Second District candidate.

Republicans for the Second District are Roscoe O. Bohlsteel, Sr., county and J. Don Lawrence, Second District candidate; while on the Socialist Labor party the candidates are Joseph Pinter, Jr., county, and Joseph B. Pinter, district.

In the First District which includes part of the Dexter area the county candidates are the same but district candidates are Robert W. Carr, Democrat; James K. Pollock, Republican; and Ralph W. Muncy, Socialist Labor party.

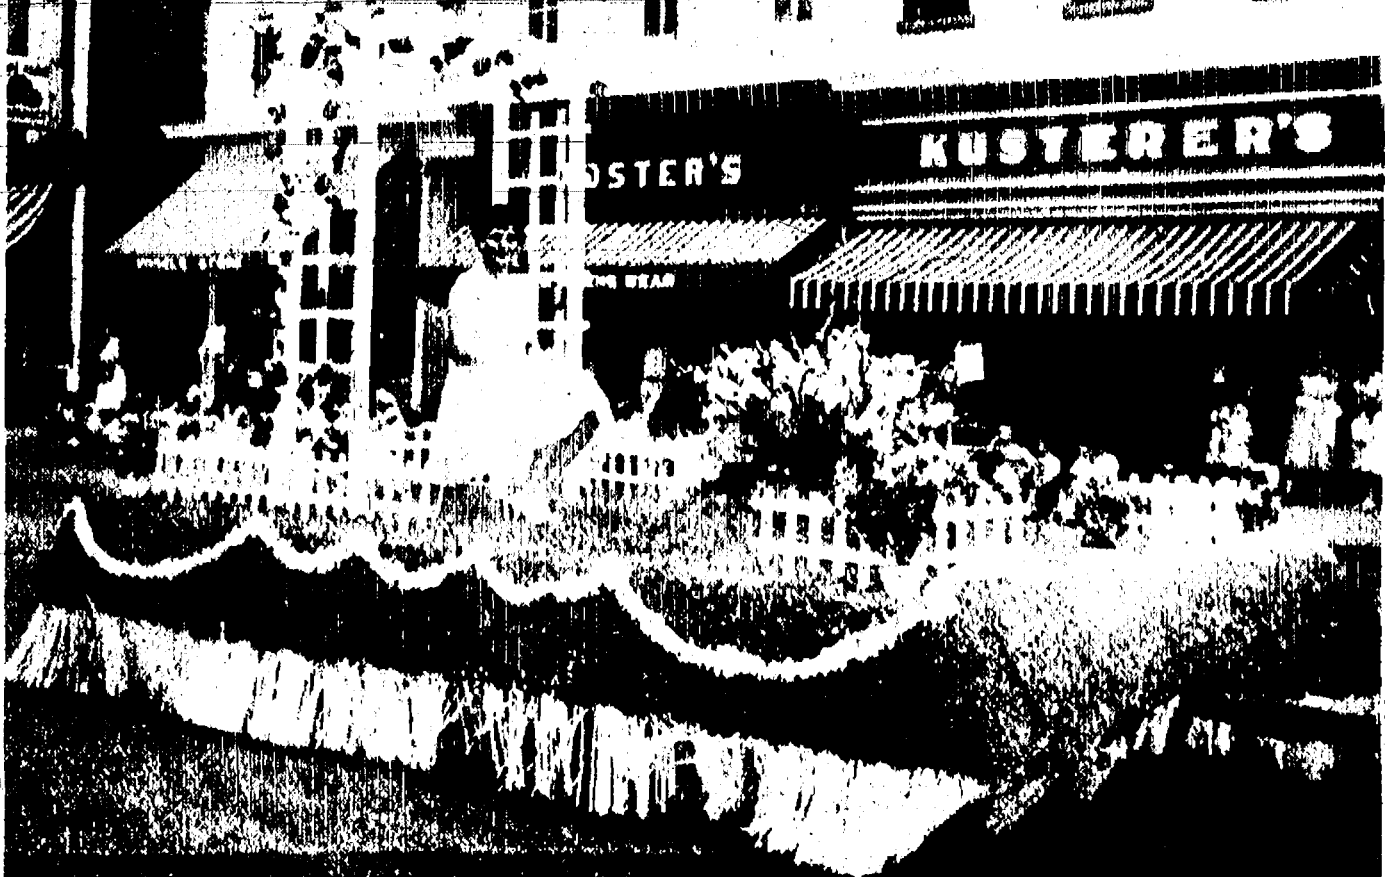

In addition to the constitutional convention election, Washtenaw county residents will be asked to approve the Board of Supervisors' proposal for an increase in the tax limitation and the levy of a one-quarter mill tax to finance development of a county parks system.

The proposal to develop a parks system in Washtenaw will be on the Sept. 12 ballot in two questions. One, on which all voters can ballot, concerns authorization to increase the tax limitation. The second, on which only registered taxpayers can vote, would authorize actual collection of the proposed quarter mill.

(Continued on page eight)

CHELSEA HIGH SCHOOL SOPHOMORES athletes "Do It Again" in relation to winning the all-sports trophy. Laurel Hanson rode on the float as the queen candidate for the class. Her "court" included Nancy Luick, left, and Marilyn Smith.

IN THE CIVIC ORGANIZATION and industrial category, the float entered in the Community Fair parade by the Chelsea Fire Department won first place honors. Their queen candidate, Nancy Carter, also won top honors in the Community Fair Queen contest. She is the daughter of Mr. and Mrs. Julius Blaess of Fletcher Rd.

Truck 'Driver of the Year' Gives Sound Advice We Can All Heed

When a man has driven more than 2,000,000 miles in 28 years without an accident, the advice he offers other drivers deserves to be listened to with respect.

Melvin O. Griffith of Big Spring, Texas, recently named "Driver of the Year" by the trucking industry, declares that the first rule for safe driving is to pay attention to signs.

"First of all, pay close attention to your road signs," he says. "A lot of people don't seem to realize that they are there for a purpose. If the sign says 'Sharp Curve Ahead—Slow Down' do just that."

In stating that many persons pay too little attention to signs, the Driver of the Year calls attention to a failing common to all of us. Driving the same familiar routes every day, we become so accustomed to seeing the same signs that we often fail to pay attention to them until we find ourselves in danger of an accident.

Signs are designed to guide traffic smoothly at speeds consistent with safety. If we follow their directions closely, we get to where we are going with a minimum of trouble, Griffith says. When we ignore them, sooner or later, we find ourselves inviting an accident.

When we are driving in unfamiliar territory, we realize how important signs really are. This is particularly true at night, when we often find ourselves watching for reflective signs that glow brightly in our headlights to guide us along our way or warn us of danger ahead. Too often, unfortunately, such signs do not exist.

The next time we go for a drive, even on familiar routes, we'd all do well to keep in mind the advice offered by the Driver of the Year: "Pay close attention to your road signs. They can save your life."

The Rugged Individualist . . . A Fable

A young man lived with his parents in a public housing development.

He attended public school, rode a free school bus, and participated in the free lunch program.

He entered the army and upon discharge kept his national service life insurance. He then enrolled in the state university under the G.I. Bill, working part time for the state to supplement his G.I. check.

Upon graduation he married a public health nurse and bought a farm with an F.H.A. loan, then obtained an R.F.C. loan to go into business. A baby was born in the county hospital. He bought a ranch with the aid of a G.I. loan, and obtained emergency feed from the government.

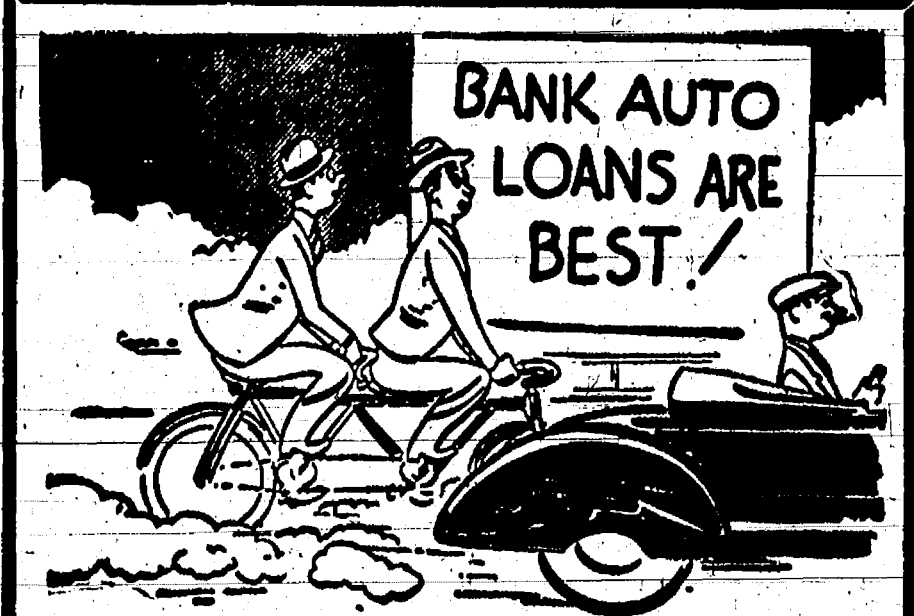

Later he put part of his land in the Soil Bank, and the payments helped him pay off his debts. His parents lived very comfortably on the ranch with their Social Security and old age assistance checks.

The County Agent showed him how to terrace it, then the government paid part of the cost and stocked it with fish. The government guaranteed him a sale of his farm products.

He signed a petition seeking federal assistance in developing an industrial project to help the economy of his area. He was a leader in obtaining the new federal building and went to Washington with a group to ask Congress to build a great dam costing millions of dollars so that the area could have cheap electricity.

Then, one day, he wrote to his Congressman a letter of protest:

"I wish to protest excessive government spending and high taxes. I believe in rugged individualism. I think people should stand on their own two feet, without expecting handouts. I am opposed to all socialistic trends."

FOLLOW THE POPULAR CHOICE.

The Light Dims

★ MICHIGAN MIRROR ★

By Elmer E. White, Secretary, Michigan Press Association

Like Topay, Michigan's Department of Aeronautics just grew. And unlike many other agencies of state government, the Aeronautics arm had to attain its maturity in a relatively short time.

While many functions of government were young when the state of Michigan was young, aviation itself was only born a few short decades ago.

The state took a hand in the development and management of Michigan aeronautics in 1929 when the Board of Aeronautics was created by legislative action.

This agency presided over the birth and infancy of flying in Michigan, so to speak, and was still in operation through the adolescence of the new and precocious child.

It wasn't until the post-World War II boom in flying, 1945 to be exact, that the present Department of Aeronautics was organized.

In that year, the Legislature passed what later became known as the Michigan Aeronautics Code. An Aeronautics Commission, expanded to eight members from the original five appointees plus the Highway and State Police commissioners by the addition of the Director of Conservation, is the governing body of the Department of Aeronautics.

The Aeronautics Department is perhaps unique among state agencies in that it has had close connection with the federal government since the department was established by the Legislature.

Pilots, from private airmen who fly tiny single-engine jobs to the captains of mighty airliners, are licensed from Washington.

But they are registered with the Michigan department, and one of the major functions of the state agency is providing an enormous amount of services to the men and women who fly.

These range from preparing charts and publications used as aids in planning and executing a trip in Michigan to helping organize such things as "dawn patrol" where private aircraft fly into one or another of Michigan's airports, breakfast together and enjoy other entertainment before flying home again.

A great deal of the department's work is in helping local communities and their airport operators plan and make arrangements for airport construction, expansion or improvement.

It also helps administer some of the programs of, and cooperates closely with, the huge and complex federal agencies which regulate and control aviation.

If somebody asks you where the greatest concentration of state government workers is located, think twice before answering in what would seem to be logical fashion, "the Capital City of Lansing."

True, Lansing and Ingham county have more state workers than any other county in Michigan, on a head-count basis.

But in little Luce county, a total of 8 percent of the population is on the state payroll. In Ingham county, only 3.3 percent of the total population works for the state.

The catch is that in Luce county there are only 650 or so men and

women on the state payroll while in Ingham there are more than 7,000 people working for the State of Michigan.

This interesting comparison of where the state's work force is located came to light when the Civil Service Commission released statistics along this line recently.

If Ingham has the most state employees, and Luce has the greatest percentage, there is no county among Michigan's 83 without a single state worker.

Other significant figures in the information released by Civil Service included:

There are six counties with more than 1,000 state workers stationed there. Wayne, which has most, except Ingham, has more than 4,500 workers for the state. Other 1,000-plus counties are Oakland, Kalamazoo, Washtenaw, Jackson and Lapeer. Fewest state workers work in Missaukee county, which had only four, the Commission said.

Naturally, the greatest number of workers were in counties where large state institutions are located. Total number of state workers is something over 31,500.

A little-known though decidedly obvious police arm of the Michigan Highway Department is the Weighmaster section.

A clarification of its role in the over-all law enforcement picture of the state came recently from the Attorney General. The state's lawyers say a weighmaster's jurisdiction extends over the whole state for purposes of performing his specific duties.

While the weighmaster stations along Michigan highways are a familiar sight to most motorists, they probably get little more than passing attention from anyone but truck drivers.

The Highway Department

wanted to know if weighmasters had statewide jurisdiction to enforce the vehicle code.

Weighmasters are assigned to specific posts, but might sometimes be sent to another sector. The Attorney General said weighmasters can operate anywhere in Michigan, but can only enforce provisions of the vehicle code which concern their specific duties.

There are five new teachers in the Chelsea school system with the opening of school today: Jane Kompass, Virginia Betley, Eleanor Sobocinski, Douglas Newkirk and Bertram Gable.

Two tons of marijuana weed were cut Friday by a crew of three officers, two farm hands and three county jail trustees on the Lindley farm in Lyndon township. The farmer was innocent of any wrongdoing—he thought the marijuana was just another weed.

In the 34 Years Ago column (Sept. 3, 1903): Public schools here open Sept. 8 with the following faculty—Supt. T. E. Wilcox; Preceptress Edith Shaw; Idaline Webb, Vinona Beal, Kittle Pickett; Mabelle McGuinness, Stella Miller,

only reward you got was to take her home, set under the shade of a tree and squeeze the lemonade out of her—the gal, not the tree. I doubt if the national debt was more'n \$32,000 at that time.

More than 1,000 persons have received certificates in real estate from the University of Michigan during the past 13 years.

The clinical pastoral training program at the University of Michigan Medical Center is in its 25th year.

My office kept count last week, and on a typical August day we had more than 175 Michigan visitors stop by. I always welcome the opportunity to say hello to our visitors whenever I can. Most of them like to have passes to the Senate gallery and some help and advice on what to see and do while they are here. Many take the tour of the historic capitol building.

WASHINGTON AND

'SMALL BUSINESS'

By C. Wilson Harder

"It is about time we recognize that we have a genuine crisis in our country and to follow policies which go beyond the realm of being a generous free world leader which will ultimately weaken the strength of the free world."

This statement, made by Rep. John Ashbrook of Ohio, was part of his remarks on his observations so far as a member of the House Special Committee on the Impact of Imports and Exports on Employment in the United States.

He reports that the State Dept. gets too many people to listen to them when it is brought out that restricting imports of residual oil will help employment in the coal mines of America. State Dept. says this will create a crisis in Venezuela. But crisis that exists in American coal communities is not, presumably, supposed to be recognized.

Rep. Ashbrook points out that we allow Canada to ship gas and oil into the U. S. duty free, but if we ship coal to Canada, the Canadians charge 50 cents per ton duty.

He also takes a broad swipe at the bureaucratic news releases that say the balance of world trade is in favor of the U. S. If that were true, he points out, we would not be continually losing gold reserve.

As a matter of fact, Rep. Ashbrook says, in 1900 our give away items, counted as part of world trade, not only knocked out \$1 billion dollars, but National Production of Industrial Building

balance favoring U. S., but left deficit of \$3.8 billion.

In addition, the U. S. under the farm programs is selling cotton abroad for 30 to 40% of the world price, last year shipped 600 million bushels of wheat with a subsidy of 60 cents per bushel. Without the half billion dollar subsidy on these two products alone, there would not have been \$2 billion worth exported. Thus, figures on American import-export trade are fallacious.

Here is Rep. Ashbrook's answer: "Congress would never appropriate this sum for such folly so that takes \$5 million from the President's contingent fund and \$10 million from the gives it away to aid our enemy. Congress has already appropriated these amounts, so we have no check on them. A logical question, however, is just who is obligating us to help pay the communist's share. Again we see a sign of our national weakness. We should insist that the Reds pay up or get out but instead the communists make mockery of the U. N. and we blithely make our own beleaguered taxpayers the fall guys once more. In effect, this means we are financing both sides of the Congo operation."

This all seems to add up to one thing. America's future appears to depend on an aroused Congress.

JUST REMINISCING

Items Taken from the Files of The Chelsea Standard

4 Years Ago . . .

Thursday, Sept. 5, 1937—Among top award winners at the State 4-H Show are Earl Heller, livestock judging and member of state team to compete at International Livestock Show in Chicago; David Wolfgang, Jersey showmanship; Peter Spike, dairy judging; Olive Ann Reddeman was runner-up in state-wide achievement competition.

The first day of school showed a total enrollment of 1,511-247 in elementary grades and 564 in grades 7-11.

Mr. and Mrs. John Langowski celebrated their 16th wedding anniversary at a party at their home Saturday evening.

The Russians may have a word for it but practically nobody at an international conference has ever heard them say, "yes."

14 Years Ago . . .

Thursday, Sept. 4, 1927—Official reports of the school election held Thursday, Aug. 26, to determine whether a Rural Agricultural District should be formed show the following results: Rural districts: 241 yes and 199 no; Chelsea district, 202 yes and 200 no. The total, 603-399. The next step is the election of a new Board of Education.

Thunderstorms the end of the past week resulted in damage to light and power lines, hampering the operation of village water pumps and leaving a large number of homes without current for several hours. A large transformer at the Consumers' Power substation at Federal Screw Works burned out after being struck by lightning and the bluish light could be seen for miles.

There are five new teachers in the Chelsea school system with the opening of school today: Jane Kompass, Virginia Betley, Eleanor Sobocinski, Douglas Newkirk and Bertram Gable.

Cleary College Moves To Permit Social Fraternities

For the first time in the year history of Cleary College, social fraternities will be permitted. The first to be organized under the new rule adopted by the administration will be the Tau Kappa Delta Fraternity whose charter was approved Sept. 1 during ceremonies held in the executive office.

Walter Greig, executive vice president of the college, was chosen by the group as its administrative sponsor and member. He was presented with the official patch symbolizing the recognition of a new fraternity by the college.

Officers of the new fraternity are Tom W. Lawson of Ypsilanti president; Charles Watkins, Jr., Wayne, vice-president; Richard Martin, Jr., of Grosse Pointe, secretary; William Brown of Warren, treasurer; and Ronald Funk, Livonia, sergeant-at-arms.

Plans are now being made for the pledging of new members to the student body at the beginning of the fall term.

It seems to me that we got nationwide conspiracy going in this country to crush the man with high-faluting words, a complicated red-tape, take, for instance, the liability insurance policy I carry on that old beat-up car of mine. I never drive more than 25 miles a hour on account knowing what kind of forms have to fill out if I have a accident.

Well, Zeke Grubbs' president by the store for a few minutes again Saturday night. He couldn't stay long on account of being on his way to perform wedding ceremony. But he stayed long enough to give the fellow a few tips on matrimony. He looked as how wedding rings now getting so small it took magnifying glass to see 'em. claims a preacher has to wear bifocals at the ceremony to see when the ring is put on. The ain't meant to last more'n a few years, he says, on account of changing wives and husbands often. Back in the old days he made 'em thick and heavy because they was meant to last lifetime. What we need today, claims, is a old style wedding ring, a heavy one that keeps the wife down in the home. He talks mighty brave, Mister Editor, for a fellow that's got a small house and a wife.

Yours truly,
Uncle Lew

How Valuable Is Local Newspaper Advertising To Local Business People?

Here's What the American Bankers Magazine Has To Say:

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half, or even a quarter page advertisement in each issue of the paper, but your name and address should be mentioned, if you do not use more than several inches of space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town . . . it's the best possible town advertiser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

Start an advertising schedule for yourself!

US-23 Freeway Between Dundee Milan Now Open Lansing—Nearly nine miles of US-23 freeway between Dundee and Milan were opened to traffic Monday, the State Highway Department has announced. The new section, built at a cost of \$5.5 million, including right-of-way, will give motorists a continuous miles of freeway from Michigan-Ohio line near Spring O., to the Monroe-Washtenaw county line at Milan. This section of freeway is part of the 330-mile Ohio-to-Mackinac Bridge superhighway which was scheduled to be completed by end of 1962, enabling motorists to drive non-stop from the state to the Straits of Mackinac. S. J. Groves Sons of Ann Arbor was the contractor on the tire-section—which included interchanges, grade separations, bridges. Construction of this section started in May of 1960. The bound lanes have been in use since July 4 in order to maintain traffic over the route while work is done on old US-23 which becomes a service road. Among the people who get most out of old age, children to head the list.

Real Estate for Sale

The list continues with Mike Hamm, Nancy and Craig Clark, Knott, Tommie and Lynn Smith, Dan Wenk, Mollie Foster, Jody and Jody Daniels, Jim Pfeiffer, Sharon Suter, Lloyd, Bonnie Hoger, Mike Giken, Fulk, Curt and Chuck Bell, and "The Wild Cat Kids."

Castor Beans Can Kill Child, Warns Doctor

Ann Arbor—If you have castor beans in your yard or garden, the fruit should be picked and destroyed as soon as it appears, says a pediatrician at the University of Michigan Medical Center. The beans, which begin to appear this time of year, can cause serious or even fatal poisoning if eaten by children.

Dr. George H. Lowrey, associate professor of pediatrics and director of the Hospital's Poison Control Center, declares that while no serious cases of castor bean poisoning have ever been treated at the center, the plant's bean-like seed can cause fatal poisoning if thoroughly chewed.

If swallowed whole, however, poisoning is unlikely because the hard seed coat prevents rapid absorption. Symptoms of castor bean poisoning appear within one to three days after the bean is eaten and consist of vomiting, stomach pain, drowsiness and stupor. Death may occur within 12 days.

Many gardeners grow the castor bean plant because of its decorative appearance and large leaves. Because it is a quick growing plant, it is often used as a substitute for shrubs before more permanent bushes can be established around new homes.

NATIONAL OUTLOOK

By RALPH ROBEY

★ One Issue Is Sealed

At last it is positive that we shall not have a general overhaul of our tax system by this session of the Congress. This has been made clear by a statement issued by the Democratic members of the House Ways and Means Committee, through Chairman Wilbur Mills. The explanation given is that there is not enough time remaining to perfect a bill and carry it through. This, at best, is only part of the reason for not trying to have a bill introduced.

President Kennedy sent his tax message to the Congress last April 20, and the House Ways and Means Committee started hearings on May 3 with Secretary of the Treasury Dillon as the first witness. He supported every one of the President's recommendations, and so did other spokesmen for the Administration. But with practically no exceptions all other witnesses objected to the program.

The particular point which aroused the greatest opposition was the so-called proposal of greater aid—a means for stimulating greater investment in plant and equipment by business. This was not a change in depreciation laws, which is badly needed, but a tax credit the amount of which was to be determined by its relation to the flow of funds from existing depreciation schedules. Had the suggestion been adopted the loss of revenue, according to the estimate of the Treasury, would have been \$1.7 billion, and this was to be made up by closing various so-called loopholes.

Even the Ways and Means Committee refused to buy this fantastic proposal, and in its place tentatively adopted a plan for giving a credit of 8 percent across the board for investment in tangible personal property. This was an improvement, but still left much to be desired and most organized business still opposed it.

The Administration's recommendations for offsetting the revenue loss from its tax credit on investment were extremely broad and varied. One was to place a top dollar limit that business could deduct as a legitimate expense. Another was to repeal the present modest dividend credit. Still another was elimination of the provision that a business does not have to pay taxes on foreign earnings until they are brought back to this country.

The Committee refused to accept any of these three suggestions, but it did agree tentatively to certain measures which would yield about \$900 million, as a partial offset to the estimated \$1.2 billion loss from its 8 percent investment credit. Since these proposals are not to be formally presented to the Congress this year, there is no point in even listing them.

So ends in dismal failure one of the principal programs of President Kennedy. Why should this be the outcome?

The main reason is that the program that was offered never made any sense. It was a hodge-podge thrown together by a group that has almost no real knowledge of our tax system, nor what needs to be done about it. Even the proposals had not been thought through, and time after time the Administration spokesmen were forced to give ground and, in effect, admit that they had been wrong. Wilbur Mills, chairman of the Ways and Means Committee, is much too smart to be taken in by such shenanigans, and some of his fellow committee members both Democratic and Republican go right along with him on this.

What of the element of time? This is important only in the sense that Senator Byrd had announced that he also would hold hearings, and that would have meant further delay. But the overriding issue is that this was a bad program to start with, and it deserved to fail.

Fire Dept. Will Operate Fallout Center

Chester Fire Department is one of four fire departments in Washtenaw County cooperating with the Washtenaw County Civil Defense office in establishing stations for a nation-wide network for measuring radioactive fallout in the event of nuclear strikes on the United States.

In addition to the four fire stations in Chelsea, Ypsilanti Township, Manchester and Whitmore Lake, a station will be located at Ypsilanti State Hospital and in the Washtenaw County Building.

The ultimate objective is to have stations in each county in the country, thus providing the source of radio-active fallout information in order that appropriate actions may be co-ordinated throughout the United States.

The six Washtenaw County locations are such as will utilize personnel who are normally on duty or who are available for duty around-the-clock.

The Federal government is providing the instruments gratuitously on a grant basis. Six monitoring kits have been requested, and shipping documents have already been received by the county Civil Defense office.

All other fire departments, County Sheriff's Department, County Road Commission, and all hospitals will be supplied with instruments at county expense from funds already allocated.

In order to read the instruments and report the findings, a 10-hour training course is necessary. This course will be taught locally by the County Radiological Defense Service.

Advantage to Washtenaw County is that there will be first-hand information regarding fallout as opposed to being dependent on state or neighboring counties.

A minimum of six men from each unit, to which instruments will be issued, should be qualified by attending the 10-hour course. Nine to twelve men from each unit is advisable.

A short refresher course for instructors will be held during the week of Sept. 25-26. The instrument reading course for firemen, police, County Road Commission and hospital personnel, scheduled for the issuance of Radiological Defense monitoring instruments, will be conducted October 2 through 6. This course consists of 10 hours, which will be presented at 7:30 p.m., Room 6, County Building, covering the five nights, Monday through Friday, the first week in October.

Attention is invited to the requirement for completing the Basic Civil Defense Course Sept. 11-15, as a prerequisite for this advanced training. Col. Gerald Miller, County Civil Defense director, pointed out.

Inverness Women Name Officers, Golf Winners

Members of Inverness Country Club held their annual meeting Wednesday of last week at the cottage of Mrs. Max Frisinger, North Lake, after their weekly golf event at the club. New officers were elected and the annual trophy winners were named.

Mrs. Tom Del Prete was named chairman with Mrs. Harry Simpson as co-chairman. Mrs. Robert Dancer is the treasurer and Mrs. Robert Fitzsimmons, secretary. Other new officers are Mrs. David Dolg, golf chairman; Mrs. David Carver, co-chairman; Mrs. William Cox, bridge chairman; Mrs. Carl Lewis, co-chairman; field activities, Mrs. David Longworth; and publicity, Mrs. Robert Grove. Mrs. Jules Eder and Mrs. Jack McLeod.

Annual golf winners for low finger score are Class A, Miss Tish Preuss; Class B, Mrs. Fred Briggs; and Class C, Mrs. Don Snyder. Low finger putt winners are Class A, Mrs. Eder; Class B, Mrs. William McGinn; and Class C, Mrs. Don Hackney.

Mrs. Simpson had the most improved score and Mrs. George McCormick was the low net winner. Winners for yesterday's golf events were Mrs. William Robertson, Miss Preuss, Mrs. Alden Cook, Mrs. Curt Patterson, Mrs. Arthur Wilde, Mrs. Longworth, Mrs. Larry Lindemer, Mrs. Albert Logan, Mrs. Richard Smith, Mrs. Simpson, Mrs. Hackney and Mrs. Robert Matier.

The bridge winners were Mrs. Josephine Rogers, Mrs. Fitzsimmons and Mrs. Del Prete.

THANK YOU

We wish in this way to express our gratitude to all who made donations and those who assisted us at the Chelsea Community Fair Restaurant. We appreciate the wonderful co-operation which helped make the project a success.

Ruth Wenk
Caroline Eisenbeiser
Maxine Kuschmal
Lulu Sweeney

THANK YOU

On behalf of the JCC Auxiliary and myself, I wish to express appreciation to the JCC members and the Fair Board for their co-operation; the Chelsea Greenhouse who provided the beautiful flowers for the queen candidates and judges; the Chrysler Proving Ground for providing cars; Patty Ann Shoppe and all others who helped in any way with the 1961 Community Fair Queen Contest. Norma Popovich, chairman.

THANK YOU

My heartfelt thanks for the cards, flowers and other remembrances during my long stay in the hospital and since my return home; also Rebekah Lodge for their thoughtfulness and my debtors for their kindness and helpfulness throughout my illness.

Mrs. Donald Knoll.

Waterfalls? Michigan Has Many of Them

Munising—You don't have to go to Niagara to see water fall. Michigan's Upper Peninsula offers a fine series of waterfalls from Tahquamenon through the Munising area, surrounded by spectacular land formations.

The face of antiquity stares out at the tourist along the beautiful Lake Superior shoreline, most spectacularly in the brightly colored Pictured Rocks near Munising, according to John A. Dorr, Jr., associate professor of geology at the University of Michigan. "Tahquamenon Falls, Miner's Falls, Munising Falls, Au Train Falls and the Pictured Rocks—these are all places where north-flowing streams fall over an escarpment of stratified Cambrian sandstone," the geologist says.

In less scientific terms, he explains that the multi-colored rock formation was laid down up to 600,000,000 years ago as beach sand at the southern margin of an ancient sea—a great body of water not to be confused with the modern Great Lakes. Fossil remains of sea-dwelling animals testify to the marine origin of the sandstones.

"The ancient rock strata, tilted upwards as much as 200 feet above the lake, are exposed to wave action which has carved intriguing patterns and caves," Dorr points out.

Some of the more spectacular formations are "Lovers' Leap" Rainbow Cave, Chapel Rock and Miner's Castle, the latter rises like a feudal castle some 100 feet above the waves. This cliff is part of Pictured Rocks State Park, reached by highway from Munising. But all the formations are best seen from the lake. Boat trips through the area can be made from both Munising and Grand Marais.

The surf booms in huge caverns, some of them five or six acres

Fire Dept. Will Operate Fallout Center

Chester Fire Department is one of four fire departments in Washtenaw County cooperating with the Washtenaw County Civil Defense office in establishing stations for a nation-wide network for measuring radioactive fallout in the event of nuclear strikes on the United States.

In addition to the four fire stations in Chelsea, Ypsilanti Township, Manchester and Whitmore Lake, a station will be located at Ypsilanti State Hospital and in the Washtenaw County Building.

The ultimate objective is to have stations in each county in the country, thus providing the source of radio-active fallout information in order that appropriate actions may be co-ordinated throughout the United States.

The six Washtenaw County locations are such as will utilize personnel who are normally on duty or who are available for duty around-the-clock.

The Federal government is providing the instruments gratuitously on a grant basis. Six monitoring kits have been requested, and shipping documents have already been received by the county Civil Defense office.

All other fire departments, County Sheriff's Department, County Road Commission, and all hospitals will be supplied with instruments at county expense from funds already allocated.

In order to read the instruments and report the findings, a 10-hour training course is necessary. This course will be taught locally by the County Radiological Defense Service.

Advantage to Washtenaw County is that there will be first-hand information regarding fallout as opposed to being dependent on state or neighboring counties.

A minimum of six men from each unit, to which instruments will be issued, should be qualified by attending the 10-hour course. Nine to twelve men from each unit is advisable.

A short refresher course for instructors will be held during the week of Sept. 25-26. The instrument reading course for firemen, police, County Road Commission and hospital personnel, scheduled for the issuance of Radiological Defense monitoring instruments, will be conducted October 2 through 6. This course consists of 10 hours, which will be presented at 7:30 p.m., Room 6, County Building, covering the five nights, Monday through Friday, the first week in October.

Attention is invited to the requirement for completing the Basic Civil Defense Course Sept. 11-15, as a prerequisite for this advanced training. Col. Gerald Miller, County Civil Defense director, pointed out.

Shocking Increases Reported In Water Accidents, Deaths

Shocking increases of 40 percent in water accidents and deaths and 80 percent in swimming and wading fatalities so far this year compared with the same period in 1960 have prompted the State Police to re-emphasize the urgent need to follow water safety rules during the remainder of the summer season.

The provisional totals to mid-August, compiled by the State Police from reports submitted by

sheriff and state and local police departments, show 169 persons drowned and 176 injured in 372 water accidents, compared with 110 deaths and 162 injured in 267 mishaps in the same period last year.

There were 136 fatal accidents, 122 personal injury and 114 property damage only. The respective 1960 figures were 105, 98 and 64. Of the drownings the biggest increase was in swimming and wading, 60 as against 33, a rise of 27, or 80 percent. There were 37, or 11 more deaths of persons who fell into water from bridges, banks and piers, and 28, or six more boat passenger drownings.

Other drownings were: Boat operators, 18; fell through ice, 7; attempting to rescue another, 5; and skin or scuba diving, 2.

For water enthusiasts the State Police repeat these safety tips: Swimmers are advised not to swim alone or in unfamiliar or unauthorized waters and to avoid over-exertion or horseplay. Boatmen are cautioned to avoid negligent or reckless operation and not overload or overpower their craft. Boat passengers and water skiers should wear life jackets or belts. Finally, parents are strongly urged to keep vigilant watch whenever their small children are playing in or near the water.

Motorists Reminded of Law Requiring Stop for Halted School Bus

In 1960 Michigan school bus accidents which caused death or recorded injuries reached 86. Of these, 72 occurred on rural roads and 14 in urban areas.

With the new school year starting soon, James M. Hare, chairman of the Michigan State Safety Commission, reminded motorists drivers to come to a complete stop 10 feet in either direction when the bus is halted to take on or leave off passengers, and that they must not resume movement until the bus gets under way or the driver signals approval to proceed.

Scenic Shoreline Highway Studied by State Officials

Lansing—A study of 11 possible Great Lakes shoreline scenic highways for Michigan has been proposed by the State Highway Department.

The report calls for "serious public discussion" on the establishment of 850 miles of scenic shoreline routes in northern Michigan and the Upper Peninsula.

Total cost of the 11 scenic routes is estimated at \$97.1 million.

State Highway Commissioner John C. Mackie said the Highway Department "has long expressed an interest in the development of shoreline scenic routes to make more available to the public the beauty and natural wonders with which our state is so richly endowed."

"These scenic highways would rank with the Mackinac Bridge in terms of tourist interest and provide Michigan with new shoreline routes of national reputation and importance," Mackie said.

Mackie said the 11 possible routes would stimulate Michigan's tourist industry.

"The tourist industry is one of Michigan's major industries, providing employment for thousands and bringing more than \$650 million into the state each year," he said. "Scenic highways can play an important part in the further development of the tourist industry."

The 11 possible routes, their length and estimated cost include the following:

DeTour-Village to Sault Ste. Marie to Munising, 187 miles. This route, which would be along the St. Mary's River, Whitefish Bay and Lake Superior, would cost an estimated \$31.8 million.

Along the east shore of Keweenaw Peninsula on Lake Superior from Hancock to the Port Wilkins area, 96 miles. Estimated cost, \$11.3 million.

Marquette to L'Anse along Lake Superior, 83 miles. Estimated cost, \$13 million.

Around Garden Peninsula on Lake Michigan and Big Bay De Noc west of Manistique, 65 miles. Estimated cost, 18.6 million.

Houghton to Ontonagon along Lake Superior, 49 miles. Estimated cost, \$8.6 million.

Alpena north along Lake Huron to a point near Thompsons Harbor in Presque Isle county, 40 miles. Estimated cost, \$6.1 million.

Along Lake Michigan from the

vicinity of Gulliver in Schoolcraft county to Nausbay in Mackinac county, 38 miles. Estimated cost, \$5.7 million.

Five sections of M-22 along the shore of Lake Michigan from Manistique to Empire in Leelanau county, 30 miles. Estimated cost, \$4.5 million.

M-131 from Cross Village to Mackinaw City along Lake Michigan, 22 miles. Estimated cost, \$2.7 million.

Ludington to Manistee along Lake Michigan, 22 miles. Estimated cost, \$2.8 million.

Charlevoix to Eastport along Lake Michigan, 18 miles. Estimated cost, \$1.6 million.

Pantomime Act Wins in Talent Show

First-place winners in the Chelsea Community Fair talent contest Thursday evening were Wanda Braun and Bonnie Burkhardt of Manchester who presented a pantomime act. Their joint prize was \$15.

Winner of second prize of \$10 was Arlene Loretta Crites of Albion for baton twirling. Arlene, another baton twirler, won third prize of \$7.50. Pamela Fier and Rosemary Wellhoff of Manchester placed fourth for a \$5 prize with their tap dance; and Sandra Ann Neal of Willis, another tap dancer, was awarded \$3 for fifth place.

Other participants, each of whom received \$2, were Sue McClain of Chelsea; CeCe Ritter and Debbie Hoffman, vocal duet; Jeanette Swihart of Jackson, modern dance; The "A" Sisters—Audrey, Arlene and Anne Wengron of Chelsea; vocal trio; Douglas Spikes, piano; Joann Woodside and Jan Parker of Ann Arbor, vocal duet; and Jolly Farmerettes 4-H club, novelty act.

Keith Klies, Robert Reed, John Harmon, Jeff Spaulding and Richard Freeman took part in a greased pole act for children over 12 for \$5 prizes.

Judges for the talent show were Mrs. Wilbur Beeman, principal of Munnich High School; John Hite of Marshall Clothing Co. of Chelsea; and Alfred Gross of Gross Ford Sales & Service at Dexter.

Assisting—Paul F. "Jerry" Niehaus with the talent contest were Mrs. Patricia Salonen, Thomas Sharrard and Paul J. Niehaus of Genesee, N.Y.

During the intermission, Mrs. Helen Goltra played the piano and John Hale the mandolin guitar for duet selections.

Mrs. Goltra also played the selection "Twenty Years Ago," written by Mrs. Edith Slane of Chelsea and Mrs. Slane was presented to the audience. Her song was published during the past year.

Use of the University of Michigan's IBM-704 computer was formally requested by faculty members for nearly 100 regularly scheduled courses last year.

It is surprising how well you can get along with others if you keep your mouth shut and let somebody else do the talking.

Harold Owings, Jr. Is Promoted to Detective Sergeant

Harold J. Owings, Jr., a sheriff's uniform deputy the past three years, has been promoted to detective sergeant with the Washtenaw County Sheriff's Department, according to an announcement by Sheriff George A. Petersen. The appointment became effective Sept. 1.

Owings' appointment fills the vacancy caused by appointment of former Detective Sergeant Charles F. Cook to the new position of training lieutenant.

Owings was graduated in 1954 from Chelsea High School. He worked as a mechanic before joining the Ann Arbor Police Department in 1957. The following year he resigned his patrolman's post and was appointed a uniform deputy by former Sheriff Lillie.

As a deputy, Owings has served on road patrol duty, as a desk officer both at the County Jail and the Willow Village substation and as a turnkey at the jail. He was one of a half dozen uniform deputies who served a two-week indoctrination period in the department's Detective Bureau earlier this year.

In his new position as a detective sergeant, Owings will handle investigation and major criminal cases under the direction of Under Sheriff Shaw.

Also announced by Sheriff Petersen this week was the appointment of two new deputies to the uniform division of the department.

Robert C. Britton, 46, of 16 Donegal Ct., Ann Arbor, and Duane A. Troitz, 26, of Manchester were named by the sheriff as the new officers.

Deputy Britton, a native of Pontiac, attended schools in that city. He moved to Ann Arbor 16 years ago and most recently has been employed as a machine operator at Industrial Tectonics, Inc., 3086 Jackson Rd., in Seio township.

Deputy Troitz was graduated in 1955 from Manchester High School and prior to entering the army worked at the Ford Motor Co. He served as a paratrooper with the 504th Airborne Infantry unit, completing 12 air jumps before discharge in 1956.

Following service, Troitz worked at the Tecumseh Products Co. He served as a fee deputy and a part-time village marshal in Manchester for the past year.

The intelligence of a democracy cannot exceed the average intelligence of its voters.

RICHARD HAIST of Chelsea (right), one of four 4-H club members who won a trip to the National 4-H club conference in Washington, D.C. to be held in April 1962, was selected to present a 4-H citation award to Worth Kramer, president of Radio Station WJR of Detroit, at the state 4-H Show Thursday at Lansing. The citation noted that Kramer and his staff have given enthusiastic support to Michigan 4-H activities. Station WJR has featured 4-H leaders of the month on a radio program for nearly 15 years. Haist, 16-year-old son of Mr. and Mrs. Erwin Haist of Haist Rd., was one of 14 Michigan 4-H members who were named at the state show as 1961 Achievement winners for their leadership and all-around 4-H achievement. Ten of the 14 were awarded trips to the Canadian National Exposition in Toronto for the Labor Day week-end and Haist and the remaining three won the Washington trip. The three are Suzanne Garner, 18, of Yassar; Diana Phillips, 18, of Augusta, and Lee Sheridan, 17, of Conklin.

BIRTHS

A son, Steven Gerard, Tuesday, Aug. 29, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Edward Hafner, 8134 Baker Rd., Dexter. Mr. Hafner, formerly of Chelsea, is a son of Mr. and Mrs. George Hafner.

A son, Anthony Robin, Thursday, Aug. 31, at St. Joseph Mercy hospital, Ann Arbor, to Mr. and Mrs. Robert Fischer of Ann Arbor.

Con-Con Delegates

(Continued from page one)

If the two proposals are approved—and both must be approved for the parks program to be authorized—the county will begin a \$2,000,000 parks program that will extend from 1961 through 1970.

On the constitutional convention election, three delegates will be named from the entire county—one from District I, another from District II and the third to represent the entire county.

A total of 144 delegates are to be elected throughout the state. Those elected will convene in Lansing to begin the constitutional convention on Oct. 3.

Elections will be held in the customary locations for all township elections. Official notice of the election appears elsewhere in this issue of The Standard.

Mr. and Mrs. Donald E. Rowe and children Katrina and Mike, are spending this week at Roanoke Rapids, N. C., visiting Mrs. Rowe's parents, Mr. and Mrs. W. W. Wayne.

Rev. Meppelink
Named To Pioneer
New Church

The Rev. Harvey J. Meppelink who was the pioneer pastor of the Chelsea Assembly of God church for six years prior to becoming associate pastor of Calvary Temple in Springfield, Mo., a year ago, has been selected by the 20th General Council of the Assemblies of God to "pioneer" a new church in Norwalk, Conn.

The new congregation, the first of the denomination in Norwalk, is being sponsored and financed by the biennial business convention of the Assemblies of God in session the past week in Portland, Ore. During the Home Missions rally more than \$21,000 in cash and pledges were raised to begin the project.

Besides funds made available to buy property and begin construction, money was also pledged and given for the support of the Rev. and Mrs. Meppelink and family while they are getting the work started.

At Calvary Temple, the Rev. Meppelink also served as director of music and youth activities. The Meppelinks are moving to Norwalk this month.

If you are past retirement age, don't guess on how your earnings may affect the payment of your social security benefits. Ask your social security office for your free copy of Booklet No. 23.

Over 80,000 grades are posted each semester by the University of Michigan Office of Registration and Records.

Michigan Colleges
Face Another Big
Enrollment Surge

Ann Arbor—If past trends continue, Michigan will have three potential college students in 1965 for every two on campus today.

This projection is made in "College Enrollment Potential in Michigan, 1960-1975," a new publication of the University of Michigan Institute for Public Administration and Department of Sociology.

Based on data from the U. S. census and Office of Education, it shows that total enrollment in Michigan's public and private colleges grew 88 per cent in the past decade, while the state's college-age population actually declined three per cent.

If this enrollment pattern prevails in the future, the number of students seeking admission to college will double by 1970 and possibly triple within 15 years, according to David Goldberg (PhD), author of the U-M study.

During the 1950-60 decade, Goldberg points out, Michigan moved somewhat faster than the rest of the nation in providing college education for its children. Virtually all of this increase came between 1950 and 1957, however. Since then, the state's progress has been just about the same as the rest of the U. S.

School Enrollment

(Continued from page one)

Thus, total enrollment this year in elementary grades, kindergarten to six is 1,018 while last year's figure was 981.

Grades seven and eight show a total of 285 for the 1960-61 year and 249 for 1961-62, the only age group which is lower this year.

In the high school grades, 9-12, total enrollment this year is 441 in comparison with the 1960-61 figure of 394, an increase of 47 students.

THE "BOLLINGER FAMILY" enroute to the Chelsea Community Fair in a two-seater top buggy with a clothesline stuck on behind for "dad's long-handled underwear" and children dressed in potato sacks following on foot brought chuckles all along the parade line of Judges gave the parade entry honorable mention saying it added considerable interest to the

CHELSEA, MICHIGAN, THURSDAY, SEPTEMBER 7, 1961

PAGES 9-16

Open House Set Sunday at Michigan Feed Milling Plant

Michigan Feed Milling Co. at Blues Elevator Co. Four Mile Lake, will hold open house from 9 a.m. until 4 p.m. Sunday, for people of the Chelsea area and others interested in the new plant located here by General Mills, Inc., for the purpose of manufacturing General Mills SureFeeds.

William and Julius Blaess, owners of Blues Elevator, invite all interested persons to visit the plant Sunday.

A grand opening of the plant for dealers of the area served by the General Mills plant here—Michigan, Ohio and northern Indiana—is scheduled for Saturday and Michigan's Governor John Swainson and State Secretary of Agriculture, George McIntyre, will attend. Between 1,500 and 2,000 dealers are expected, the Blaess brothers said yesterday.

Officials of General Mills, Inc., made an inspection visit to the newly-completed plant Wednesday, Aug. 16, and at that time E. E. "Gene" Woolley, GMI vice-president and general manager of the national feed division, said he was "impressed with the new facility and the quality of feeds now in production."

A total of 51 different types of feed are already being manufactured as well as special medicated and a variety of textured feeds

including pellets and crumbled products.

Feeds manufactured at the plant are specially prepared for the production of beef, pork, milk, poultry and eggs. Approximately 25 employees are already engaged in the plant's operation.

The mill is equipped with new, modern facilities with a capacity of 100 tons of finished feeds during an eight-hour shift.

Construction of the new, modern, "push-button" animal feed manufacturing plant was begun three months ago. It is the first national feed company to locate in Michigan, the Chelsea site being chosen by GMI because of the easy access from the new Interstate 94 and from the New York Central Railroad which passes the plant and has a side track there.

Michigan's continued agricultural growth was a factor in the decision of General Mills to establish a plant in the state, the Blaess brothers said. Needed feed grains are conveniently available as well as shipment by truck and rail direct to retail outlets or individual farms at a minimum of transportation cost.

All Chelsea area people are especially invited to attend Sunday's open house at the plant, William and Julius Blaess said yesterday.

GRAND CHAMPION LAMB—Virginia Meyers, who never lived on a farm before she and her husband, Bob, bought the Hadley farm at 11497 Hadley Rd. in 1957, was the successful bidder on the grand champion lamb at the Chelsea Community Fair fat stock sale Thursday evening. Mrs. Meyers has become interested in raising registered sheep and adds to her flock at every opportunity. The grand champion was one of a pair of three Hampshires entered by Dean Schairer, 323 Parker Rd. It weighed 88 lbs. and sold for 40 cents per lb.

The University of Michigan Museum of Art acquired 22 paintings, 42 drawings, 77 prints and seven pieces of sculpture last year.

Fair Livestock Sale

Victor Cronk of Adrian was the auctioneer at the annual fat stock sale Thursday evening at the Chelsea Community Fair.

The grand champion, an Angus shown by Richard Haist, brought 45 cents per pound and weighed 900 pounds. It was purchased by Farmers' Supply Co.

The reserve champion, also an Angus, was exhibited by Donald Koengeter, weighed 975 lbs. and was sold for 34 cents per lb. to Schneider's Grocery.

The grand champion hog, a Chester White weighing 200 lbs., was sold to Merkel & Little Feeder Yards of Leslie for 32 cents per lb. It was exhibited by Richard McCalla.

McCalla's remaining two hogs in his pen of three were sold to Michigan Livestock Exchange for 22½ cents per lb. Total weight was 442 lbs.

Carol McCalla had the reserve champion, also a Chester White. Sold to Napoleon Livestock Co. for 23 cents per lb., it weighed 205 lbs.

Carol McCalla's remaining two hogs from her pen of three weighed a total of 420 lbs. and sold for 22 cents per lb. to Michigan Livestock Co.

The grand champion lamb was picked from a pen of three Hampshires exhibited by Dean Schairer. It weighed 88 lbs. and was sold to Virginia Meyers of Hadley Rd. for 40 cents per lb.

The other two lambs in the pen weighing a total of 173 lbs., were sold to Michigan Livestock Co. for 22 cents per lb.

A heavy pen of three Hampshires hogs, shown by Robert Kuschmaul, Jr., weighed 560 lbs. and sold for 22 cents per lb. to Napoleon Livestock Co.

A total of 27 steers were sold at the fat stock sale including Haist's grand champion and Donald Koengeter's reserve champion.

Buyers of the remaining steers,

together with the breed of animal, its placing, weight, price per pound and the name of the owner, in that order, are as follows:

Merkel & Little Feeder Yard, Leslie—Hereford, first place, 840 lbs., 30 cents, Robert Koengeter. Chelsea State Bank—Shorthorn, first place, 890 lbs., 28½ cents, Earl Heller.

Merkel Appliance Co.—Angus, third place, 1,100 lbs., 29½ cents, Loren Heller.

Al Gross of Dexter—Hereford, second place, 940 lbs., 29 cents, Steve Bristle.

Chelsea Milling Co.—Shorthorn, second place, 865 lbs., 26 cents, Charles Schauer.

Frigid Products—Angus, fourth place, 1,050 lbs., 28½ cents, Ed Keeler.

A. D. Mayer Insurance Agency—Hereford, third place, 910 lbs., 29 cents, Douglas Trinkle.

John Keusch—Shorthorn, third place, 1,050 lbs., 26½ cents, Donald Wenk.

Anderson Department Stores—Angus, fifth place, 870 lbs., 28½ cents, Carol McCalla.

Drs. Papo, Botsford and Shadon—Hereford, 955 lbs., 27½ cents, Douglas Young.

Chelsea Drug—Angus, sixth place, 985 lbs., 27½ cents, Charles Wenk.

Stop & Shop—Hereford, fifth place, 935 lbs., 26½ cents, David Hargrave.

Bruce Bycraft—Angus, sixth place, 805 lbs., 28 cents, Howard McCalla.

E. G. Mann & Sons, Manchester and Bridgewater—Hereford, sixth place, 925 lbs., 27 cents, Carl Loefler.

Schneider's Grocery—Angus, eighth place, 885 lbs., 28 cents, Judy Lindow.

W. R. Daniels—Hereford, seventh place, 910 lbs., 26 cents, Jerry Manzel.

Carl Mayer—Angus, ninth place,

Ridley Commission Co., Detroit—Angus, 10th place, 920 lbs., 27 cents, Joe Merkel, III.

Blaess Elevator Co.—Hereford, ninth place, 915 lbs., 27 cents, Ronald Koch.

Merkel & Little Feeder Yard, Leslie—Angus 11th place, 970 lbs., 27½ cents, Nancy McCalla.

Merkel Hardware—Angus, 12th place, 945 lbs., 27 cents, David Young.

Jule Elder—Angus, 13th place, 955 lbs., 28 cents, David Clark.

Frigid Products—Angus, 14th place, 930 lbs., 27 cents, Malcolm Reinhardt.

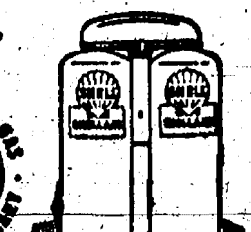

Wallace Wood Insurance Co.—Angus, 15th place, 910 lbs., 28 cents, Kenneth Reinhardt.

Jimmie Kramer spent Labor Day with Larry and Stevie Bott.

Mr. and Mrs. Devo Wilcox of Millville were Sunday afternoon callers of Mrs. Mary Clark and son, Dean.

Miss Mary and Katherine Ecklin and Robert Ecklin of Royal Oak, were Tuesday afternoon guests of Frances McIntee.

Mrs. Donald Murphy, David and Mary of Fitchburg, and Mrs. Irene Collins and grandson, Mark, spent Wednesday with Frances and Herbert McIntee.

Mr. and Mrs. Howard Boyce were Sunday guests of her daughter and family, Mr. and Mrs. Robert Lehn of Jackson.

Dr. and Mrs. T. I. Clark and

daughter, Mary, of Jackson called Friday on Mr. and Mrs. John O'Connor and Dr. Clark spent the holidays with them.

Mrs. Howard Clark and daughter, Julie, Mrs. John Clark and daughter, Mary Lee, were Tuesday callers of Mr. and Mrs. John O'Connor.

Mr. and Mrs. Robert Annis of Mason, and Mr. and Mrs. Bruce Whitman were Labor Day guests of their parents, Mr. and Mrs. Samuel Whitman.

Mrs. Fred Hadley and granddaughter, Judy, spent from Monday until Saturday with her daughter and family, Mr. and Mrs. Frank Schryer of Alpena.

Mr. and Mrs. Frank Schryer, daughter, Debbie, and Mr. and Mrs. Will Schryer, all of Alpena, spent Labor Day week-end with Mrs. Frank Schryer's parents, Mr. and Mrs. Fred Hadley.

Mrs. Fred Hadley, Frank Schryer and daughter, Debbie, called Sunday afternoon on Mrs. Ralph Collings at the home of her daughter, Mr. and Mrs. Raymond Clark.

Mr. and Mrs. Wesley McClain and family spent the holiday week-end with his mother, Mrs. Stella McClain in Paulding, O., and attended the wedding of his nephew, Jerry Knapp, Saturday evening at St. Paul's Lutheran church in Paulding. Sunday afternoon they called on Mr. and Mrs. Robert Sinn of Middlebury, O.

Mr. and Mrs. Harold Balmer and family, of Lansing, Joe Youk and Mrs. Evelyn Cadillac of Detroit, spent Labor Day with Mrs. Austin Balmer and all called on Mr. Balmer at Cedar Knoll Rest Home.

Mrs. Doris Look of San Bernardino, Calif., left Saturday afternoon spending two weeks with her cousins, Mr. and Mrs. Lawrence Noah.

Mr. and Mrs. George Sawyer (nee Dinah Grate) of Battle Creek spent the holidays with her grandparents, Mr. and Mrs. Claude Deutrick, Sr.

Red Cross Has Positions Available

Opportunities for career positions with the American Red Cross are available immediately for both men and women interested in the social welfare fields. This announcement was made by James M. Davis, chapter chairman of the Washtenaw county chapter of the Red Cross.

As a result of the expanding military strength of the nation, men are needed to fill assignments as Red Cross assistant field directors at military installations in the midwest with the possibility of a later transfer to an overseas station. Women case-workers are needed to provide a wide range of social work services to patients in military hospitals.

Assistant field directors may handle communications between servicemen and their families, give financial assistance where needed, and co-ordinate Red Cross volunteer services at the military installation where they are based. These men play an important role in the lives of servicemen, helping them with personal and family problems. They often furnish help in obtaining government benefits, and co-ordinate various Red Cross health, recreation, and safety programs, interpreting Red Cross services to military personnel and the community.

Women recreation workers are needed for Red Cross staff in military hospitals. The positions call for workers who can handle group recreation, as in musical or dramatic activities—or help to keep ward patients busy and happy with games and other programs. This work deals with groups and individuals.

Both men and women in these fields are first assigned to military installations in this country to learn how the Red Cross functions in serving the armed forces. They then may be assigned anywhere in the world where our troops are stationed.

Further information may be obtained by contacting St. Aubin at the Red Cross Chapter office at 211 Nickels Arcade, Ann Arbor. Normandy 2-5546.

Rapid Progress Reported in Drive On Cattle Disease

After 20 years of work to eradicate brucellosis, a highly contagious disease of cattle, from the state, six Michigan counties recently were certified by the U.S. department of agriculture as being brucellosis-free. Only 60 counties in the nation have been so designated.

For the state as a whole the number of herds infected with this incurable disease has been reduced from 7,055 to about 230 within the last six years. During the past year the disease was reduced 18 percent over the previous year as a result of the eradication program operated jointly by the State and Federal agricultural departments.

Only one serious pocket of infection remains in the state. This is a four-township area in Menominee county where infection is high. This is rapidly being brought under control by more frequent testing and closer check on the sale and movement of cattle.

As a part of the program more than 100,000 calves were officially vaccinated during the past year.

115 PARK STREET CHELSEA, MICHIGAN
PHONES: OFFICE GR 5-7131; RES. GR 5-4201

NOTICE OF Special Election CHELSEA SCHOOL DISTRICT

Washtenaw and Jackson Counties, Michigan

SEPTEMBER 11, 1961

TO THE QUALIFIED ELECTORS OF SAID SCHOOL DISTRICT:

Notice is hereby given that a Special Election of said school district will be held on

MONDAY, SEPTEMBER 11, 1961

in the Junior High School Gymnasium, in the Village of Chelsea, Michigan

The polls of said election will be open at 1:00 p.m. and will close at 8:00 p.m., Eastern Standard Time, on said day.

The following special matter will be submitted and voted upon at said election:

Shall the limitation on the total amount of taxes which may be assessed against all property in the Chelsea School District, Washtenaw and Jackson Counties, Michigan, for all purposes except taxes levied for the payment of interest and principal on obligations incurred prior to December 8, 1932, be increased, as provided by Section 21, Article X of the Constitution of Michigan, by two-tenths of one percent (0.2%) (2 mills) of the assessed valuation, as equalized, of all property in the School District for the year 1961, for the purpose of providing additional funds for operating purposes?

Each person voting at said election on the proposition to increase the total rate limitation must be a citizen of the United States, above the age of twenty one (21) years and have resided in the State of Michigan at least six (6) months and in the school district at least thirty (30) days next preceding the election.

This notice is given by order of the Board of Education of Chelsea School District, Washtenaw and Jackson Counties, Michigan.

Your Social Security

Your old-age, survivors, and disability insurance system is self-supporting through social security taxes and interest of its trust funds, according to Robert A. Kehoe, manager of the Ann Arbor district office of the Social Security Administration.

If you have wondered what your contributions have been, based on maximum wages from 1937 to 1960 inclusive as an employee, this

amount would be \$1,290. Your employer has contributed the same amount. This makes a total contribution of \$2,580. Your wages over this period would have been \$82,800.

These contributions, not only from employees but also from self-employed persons, make up the trust funds. Money not being used to pay for benefits to retired workers, survivors, and disabled

people are placed in the trust funds and invested in U. S. Government securities. The interest from the investment is added to the reserve fund. Interest now being received is much greater than the total administrative expense of operating old-age and survivors insurance.

Kehoe explained that social security is "not something for nothing." In the long run, the value of the worker's contributions, will just about equal what he will get back in payments. In the meantime, he has had not only protection

against possible death but also disability protection. At present the trust fund has a balance of about \$22 billion, with interest on securities being over one-half billion a year. This, along with future income from covered workers, is expected to be sufficient to meet all expenditures.

"Toward Peace," a series of 119 radio programs produced by the University of Michigan Broadcasting Service (WJOM) is scheduled for international release by the Voice of America.

STATE AND SPECIAL ELECTION

To the Qualified Electors:
NOTICE IS HEREBY GIVEN, That a State and Special Election will be held in the Township of FREEDOM

PRECINCT No. 1 — STATE OF MICHIGAN
AT
FREEDOM TOWNSHIP HALL
Within said Township on

TUESDAY, SEPTEMBER 12, 1961

FOR THE PURPOSE OF ELECTING THE FOLLOWING, VIZ:
CONSTITUTIONAL CONVENTION DELEGATES ONE FROM STATE SENATORIAL DISTRICT
ONE FROM STATE REPRESENTATIVE DISTRICT

AND ALSO TO VOTE ON THE FOLLOWING TWO COUNTY WIDE PROPOSITIONS

1. ACQUIRING, DEVELOPING, MAINTAINING AND OPERATING PARKS AND RECREATION AREAS UNDER THE COUNTY PARK SYSTEM PROPOSITION.

Shall a tax of up to but not to exceed one-quarter mill be spread in Washtenaw County for the years 1961 to 1970 inclusive to finance the acquisition and development of land for parks and recreation areas and to defray costs of operating and maintaining the County Park System?

2. COUNTY PARK SYSTEM TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be assessed against all property in the County of Washtenaw, State of Michigan, for all purposes, except payment of obligations incurred before December 8, 1932, be increased as provided by Section 21, Article X of the Constitution of the State of Michigan by up to but not to exceed one-quarter mill on each dollar (\$0.25 on each \$1,000.00) of the assessed valuation, as equalized, of all property in the county for a period of ten years, being 1961 to 1970 inclusive, for the sole purpose, if authorized by the qualified electors of said county, of defraying the cost of acquisition and development of land for parks and recreation areas and to defray costs of operating and maintaining the County Park System?

QUALIFICATIONS OF ELECTORS
Only those registered electors of the County having property assessed for taxes, or the lawful husband or wife of such person, may vote on Proposition No. 1: ACQUIRING, DEVELOPING, MAINTAINING AND OPERATING PARKS AND RECREATION AREAS UNDER THE COUNTY PARK SYSTEM PROPOSITION.

All properly registered electors may vote on Proposition No. 2: COUNTY PARK SYSTEM TAX-RATE LIMITATION INCREASE PROPOSITION.

COUNTY TREASURER'S STATEMENT
I, the undersigned, duly elected County Treasurer of the County of Washtenaw, State of Michigan, do hereby certify that according to the records in my office as of July 21, 1961, the total of all voted increases in the tax rate limitation above the 15 mills established by Section 21, Article X of the Michigan Constitution affecting taxable property in the County of Washtenaw is as follows:

THE LETTERBOX

Personal Grudges Guide Your Thinking?

To whom it concerns:

I hesitate in writing this letter, first of all because of the nature of the subject involved, and secondly because of the future personal inconvenience it might cause me and my family as a result of expressing publicly certain positive attitudes that I have acquired concerning education and the financing thereof, rather than assuming the seemingly current popular negative viewpoint.

My family and I have lived and worked in this community a number of years now. We like the people here. The community spirit is more than heartening at times. We are proud to call this our home. Yet it appears that a minor crisis has been slowly developing for the past few years over the constant problem of how our children are to be educated, and is now coming to a slow boil.

What dismays me more than anything is to see good-intentioned people—people basically for sound and improved education—guided in their thinking by a few people who have developed negative attitudes as a result of personal axes they have to grind. Don't get me wrong—I am not against people with negative attitudes toward aspects of education. Healthy criticism develops in this way and people are kept on their toes. What I am talking about is the people who have developed negative attitudes as a result of listening to half-truths and by allowing themselves to be entirely guided in their decisions by the noisy pseudo-leaders instead of assuming the responsibility of thinking the problem through for themselves.

Too many people who long ago developed near-sightedness as a result of holding the dollar sign too close in front of their eyes thereby shutting out the rest of the world around them, are shaping the thought in this and in other communities. That is not to say that we should not be extremely thrifty—especially in times such as these. What we do need is people to face up to the facts as they are—not as we would like them to be. The point is that we need the money now in order to do a good job in educating our young people. If we want details, ordinarily we go to the people whom we delegated to take over that headache when we selected them to serve on the board of education. We had confidence in them then—we should have confidence in them now.

I have enough common sense to also realize that most of the board members stand to lose more than I dollar-wise (since I merely consider myself an average taxpayer) through the possibility of increased taxation as well as through risk of losing prestige.

Not that we should not become informed citizens. More than anything, people at this time need to make a supreme effort to know and understand the facts. Some of this information has aptly been presented in previous issues of The Standard. Other information can readily be sought through a little effort. Some people seem to have the idea that someone is purposefully hiding information, or shielding someone, or that school funds are being grossly mishandled. If these people sincerely believe this, let them likewise study the facts and inform themselves before they make positive suggestions exercised in a cool and level-headed manner. Heated and emotional negative reactions coupled with abusive tongues have never yet settled any problems. After the storm is over the problems still remain.

Bitter factions have only served to split communities wide open. It takes adults to co-operate. Petty wrangling is kid-stuff. Let's keep the issue straight—we are not playing personality conflict games in the millage election—we are playing with the future of our younger set, with the future of a community that thus far has given many much of which they can be proud. Not that we haven't made mistakes. But let us profit by them. Let us look ahead. Let us

get informed. Let us make ourselves useful instead of being a nuisance while there is still time left.

We have a wonderful public school system here. Most of the people of our community are more than proud of it—some, needless to say, are not. (When I say school system I am not only speaking of buildings.) We do need money to operate it in order to give our children an education. An intelligent informed citizenry doesn't vote against its children in order to get even with an administrator or teacher with whom there is or has been a personality conflict, or even because of social pressure brought to bear on an individual for not voting a certain way. We didn't learn to act in that manner when we went to school—we aren't taught to live that way from our pulpits. Why then should we teach our children to act that way through the example of our behavior?

I am a high-school teacher here and proud of it. Despite this fact I believe I have tried to be as objective and even-minded on this subject as most people sincerely interested in education are. However, these same "leaders" (to whom I earlier referred) with a definite type of negative attitude would have me as a teacher feel guilty for being a teacher in the first place, feel guilty for the salary I receive, and undoubtedly feel guilty for exercising a few of my democratic rights by open remarks such as found in this letter, especially since I am a teacher.

Many who read these things will be shocked, some will still not want to accept the facts, others will be bored or even amused in a removed sort of way. Some will even use what is written here to get more worked-up and emotionally involved. To all of you who do

Worsted Wool Flannels

Now...

PERMANENTLY CREASED

We've tested them! We've worn them! And we assure you the trousers created will never crease, rain or shine. All the traditional "greatness" of 100% pure wool has been retained—plus the new greatness of the permanent crease. And Haggis styles them for perfect fit with a youthful, slender look. Your size in your favorite fall color.

1295

Strieter's Men's Wear

The Place To Go
For Brands You Know

feel this way, this letter was not particularly addressed. I have written these things merely to start some people thinking for themselves if they already haven't. Perhaps now some will have a little more courage to take a more definite stand. Regardless, however, it seemed that these remarks had to be made, and in order to be made someone had to make them. I have tried to make them with bitterness in my heart toward no one. I have no doubts that I have lost some friends by openly declaring a few of my here-

fore personal opinions—on the other hand I feel that perhaps I have gained some new ones. I realize that some people will shout abuse and threats in some scandalous or petty manner for awhile. Some will also praise. I am not seeking friends. I am not seeking praise—nor am I seeking abuse. All that I am seeking is more people to follow suit to express their own opinions in whatever way they choose, and to go to the polls and vote next Monday after careful consideration of what is involved, and perhaps after a thoughtful prayer. Maybe then there will be peace and quiet for awhile again and things will start getting back to normal in this regard.

Thank you,
Alfred Smith

TUESDAY, SEPTEMBER 12, 1961

FOR THE PURPOSE OF ELECTING THE FOLLOWING, VIZ:

CONSTITUTIONAL
CONVENTION DELEGATES

ONE FROM STATE SENATORIAL DISTRICT
ONE FROM STATE REPRESENTATIVE DISTRICT

AND ALSO TO VOTE ON THE FOLLOWING TWO COUNTY WIDE PROPOSITIONS

1. ACQUIRING, DEVELOPING, MAINTAINING AND OPERATING PARKS AND RECREATION AREAS UNDER THE COUNTY PARK SYSTEM PROPOSITION.

Shall a tax of up to but not to exceed one-quarter mill be spread in Washtenaw County for the years 1961 to 1970 inclusive to finance the acquisition and development of land for parks and recreation areas and to defray costs of operating and maintaining the County Park System?

2. COUNTY PARK SYSTEM TAX-RATE LIMITATION INCREASE PROPOSITION

Shall the limitation on the total amount of taxes which may be assessed against all property in the County of Washtenaw, State of Michigan, for all purposes, except payment of obligations incurred before December 8, 1932, be increased as provided by Section 21, Article X of the Constitution of the State of Michigan by up to but not to exceed one-quarter mill on each dollar (\$0.25 on each \$1,000.00) of the assessed valuation, as equalized, of all property in the county for a period of ten years, being 1961 to 1970 inclusive, for the sole purpose, if authorized by the qualified electors of said county, of defraying the cost of acquisition and development of land for parks and recreation areas and to defray costs of operating and maintaining the County Park System?

QUALIFICATIONS OF ELECTORS

Only those registered electors of the County having property assessed for taxes, or the lawful husband or wife of such person, may vote on Proposition No. 1: ACQUIRING, DEVELOPING, MAINTAINING AND OPERATING PARKS AND RECREATION AREAS UNDER THE COUNTY PARK SYSTEM PROPOSITION. All properly registered electors may vote on Proposition No. 2: COUNTY PARK SYSTEM TAX-RATE LIMITATION INCREASE PROPOSITION.

COUNTY TREASURER'S STATEMENT

I, the undersigned, duly elected County Treasurer of the County of Washtenaw, State of Michigan, do hereby certify that according to the records in my office as of July 21, 1961 the total of all voted increases in the tax rate limitation above the 15 mills established by Section 21, Article X of the Michigan Constitution affecting taxable property in the County of Washtenaw is as follows:

TAXING UNIT	VOTED EXTRA-MILLAGE	YEARS EFFECTIVE	TAXING UNIT	VOTED EXTRA-MILLAGE	YEARS EFFECTIVE

Notice Relative to Opening and Closing of the Polls

ELECTION LAW, ACT 116, P. A. 1954

SECTION 720. On the day of any election, the polls shall be opened at 7 o'clock in the forenoon, and shall be continuously open until 8 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote.

THE POLLS of said election will be open at 7 o'clock a.m. and will remain open until 8 o'clock p.m. of said day of election.

Duane Haselschwerdt, Township Clerk

Women's League for Peace, Freedom to Hear Address by National President

The annual fall conference of the Michigan branch of the Women's International League for Peace and Freedom will be held at the Lake home of Mrs. Ben R. Donaldson, the president.

The morning sessions will be devoted to reports of the National WILPF meeting in St. Paul, Minn., and will cover some of the varied work with which this organization has been concerned since its inception in 1915. In April, 1955, the WILPF was reorganized and its only American member who has received the Nobel Peace Prize—Jane Addams and its present national chairman, Hon. Elise Biberstein, is a member of the Danish parliament, and the honorary chairman of the WILPF of India, Madame Pandit, sister of Prime Minister Nehru.

Mrs. Donaldson said that residents of the Chelsea community are cordially invited to join the members of the Michigan branch for the highlight of the day—a public meeting at the Educational Unit of the Chelsea Methodist church at 2 p.m., when the national president of the League will speak on the subject, "Peace and Freedom—1961 Challenges."

Mrs. Dorothy Hutchinson, the newly-elected president, is widely known in the peace movement here and abroad. A graduate of Mt. Holyoke College, with a Ph.D. from Yale University, she has traveled extensively in Europe and Asia. At present, she is a member of the speakers' bureau of the United World Federalists, the American Friends' (Quakers) Service Committee, and the World Affairs Council of Philadelphia. She also contributes regularly to several periodicals. Her husband is on the faculty of Jefferson Medical College, Philadelphia.

"The nine local branches which comprise the Michigan WILPF are proud to present this remarkable woman at this particular moment in history when the very existence of the civilized world is in danger," Mrs. Donaldson stated.

UNADILLA

The Women's Missionary society will meet Wednesday, Sept. 13, with Mrs. Clyde Purchase, Mrs. Orin Young, will conduct the devotion and Mrs. Celine Olson will lead the discussion topic.

Mrs. and Mrs. Floyd Hopkins of Jackson were Sunday visitors of Mr. and Mrs. Emory Pickell.

Miss Orene Habermehl of Farmington spent the holiday week-end with Mr. and Mrs. Ralph Wright.

The annual Pickell family reunion was held Monday at the home of Mr. and Mrs. Wilbur Lee.

Miss Lucille Cooper of Ann Arbor was a Sunday dinner guest of Mr. and Mrs. Melvin Richmond. Mr. and Mrs. William Poyer attended the Michigan State Fair in Detroit, Saturday.

Mrs. Marguerite Hadley, who recently had a heart attack has gone to the Sparrow Hospital in Lansing to the home of her daughter, Mrs. Howard Campbell, 2409 Kawan Way, Okemos.

Mrs. Hugh Weinberg

Kay Jean Vogel, Hugh Weinberg Wed Saturday in Congregational Church

The Congregational church was the setting for a double-ring wedding ceremony Saturday evening uniting Kay Jean Vogel and Hugh Weinberg, with the Rev. Philip Rusten officiating. Approximately 225 guests were present.

Parents of the couple are Mr. and Mrs. Clarence Vogel of 6916 M-92 and Mrs. Mildred Weinberg, 644 West Middle St., and Eliden Weinberg of Chelsea.

Soloist for the occasion was Richard Fogel of Detroit, who sang "Because" and "The Lord's Prayer."

The bride's choice for her wedding gown was the one which her sister, Mrs. Richard Ringo, had worn. In princess style with a court-length petal train, it was fashioned of white pure silk organza, style features being a high scoop neckline, outlined with open work trimmed with seed pearls and iridescent sequins; long, tapered sleeves; and appliques of roses on the skirt and train. Her veil, of French illusion, was held in place with a crown of iridescents and seed pearls. She carried a white orchid on a white ribbon.

Mrs. Ralph Wurster was her sister's matron of honor, wearing a gown of pink silk organza over taffeta. The skirt featured unpressed pleats while the bodice was of lace and was finished with three-quarter-length sleeves. Her ensemble was completed with a headpiece of matching pink organza in the shape of a large bow and trimmed with butterfly, yellowing. Her colonial bouquet was of pale pink sweetheart roses encircled with deep pink nylon tulle.

The four bridesmaids were similarly gowned; their bouquets, however, were of deep pink roses and pale pink tulle, reversing the colors of the bouquet carried by the matron of honor.

The bridesmaids were Mrs. R. A. Ringe of Sager Rd., sister of the bride; Mrs. Clayton Lewis and Mrs. James Cumming of Ypsilanti, and Sandra Buehler of Elm St.

For her daughter's wedding Mrs. Vogel wore a beige dress with avocado green and beige accessories and an orchid corsage.

The bridegroom's mother wore beige and brown print, beige and brown accessories and had a corsage of Orange Delight roses.

Susan Vogel, wearing pink in keeping with the pink and white theme of the wedding, served as flower girl and her brother, Robert, served as ringbearer. They are a niece and nephew of the bride—children of Mr. and Mrs. Douglas Vogel of Detroit.

The satin pillow on which the rings were carried was made by the bride's great-great-aunt, Mrs. Alice Roedel, and was used originally at the wedding of the bride's sister, Mrs. Ringe.

Assisting the bridegroom as best man was his cousin, Jack Weber of Jackson. Ushers were Ralph Wurster, brother-in-law of the bride, R. A. Ringe, also a brother.

The bridegroom's mother wore beige and brown print, beige and brown accessories and had a corsage of Orange Delight roses.

Legion Auxiliary Names Committee Chairmen for Year

A regular meeting of Herbert J. McKune Unit No. 31, American Legion Auxiliary, was held Tuesday, Sept. 5, at the Legion Home with 17 members responding to roll call. This was the first meeting of the 1961-62 season.

Reports, both annual and monthly, were given by the officers and chairmen.

Mrs. Hilda Kern, Mrs. Ruth Walz, and Mrs. Ruth Christwell reported on the state convention which they attended in Grand Rapids in July and Mrs. Myrtle Schooley, and Mrs. Christwell, reported on the district meeting held in Monroe in June.

The president, Mrs. May Boyie, and Mrs. Elaine Spencer and Mrs. Ruth Christwell reported on the installation and memorial services held in Jackson in August, at which time a deceased auxiliary member, Mrs. Susie Rules, and Legion member, William Kolb, were remembered.

Elaine Pearson, the Auxiliary's first state representative gave a short report on her stay at Girls' State and thanked the Unit for sending her.

Committee chairmen for the coming year were announced by the new president as follows: rehabilitation, Ruth Christwell; nappy, Hilda Kern and Cleotae Prager; remembrance, Alma Eisele and Alma Rahmiller; Americanism, Eleanor Shutes and Ottila Guenther; sewing, Ruby West and Mary Schrader; constitution and by-law, Ruth Walz.

Others are community service, Ethel Buehler; Girls' State, Geraldine Bless and Gladys Klump; membership, Ruth Walz and Ruth Christwell; child welfare, Agnes Boyan and Loretta Duff; finance, Evelyn Rowe and M. Weber; national security, Hazel Spaulding and Cora Wright; scrap book, Elaine Spencer; Gold Star, Roxie Maroney; education of war orphans, Florence Fox and Florence Mckel; legislative, Margaret Birch and H. Smith; Civil Defense, Myrtle Schooley and Alice Miller; patriotic, Matilda Hinder; Unit activities, September, Barbara Weston, and October, Geraldine Bless; program, Norma Popovich; music, Mary Burg.

Announcement was made of the District Meeting to be held in Dexter, Oct. 1. Delegate and alternate delegates are Mrs. Christwell and Mrs. Roxie Maroney.

Acting as a refreshment committee were Mrs. Spencer, Mrs. Ruby West and Mrs. Eleanor Shutes.

Tractor Pull Results Listed

In the "Powder Puff Derby" a tractor pull for women, Olive Beeman won first prize of \$15 and second prize of \$10 while Sherry Thilo and Dorothy Van Riper tied for third place prize of \$5.

Winners of the men's tractor pull were as follows: 4,001-5,500-lb. class—Donald Dumble of Ann Arbor, first, \$25; Kenneth Proctor, Jr., of Mason, second, \$15; Richard Fowler of Dexter, third, \$10.

In the 5,501-7,000-lb. class—Eugene Wahl of Chelsea, first, \$25; Gary Carr of Chelsea, second, \$15; Ned Heydlauff of Chelsea, third, \$10.

In the 7,001 and up class—John Mirron of Saline, first, \$25; Norman Lambarth of Saline, second, \$15; Albert Weisenrader of Saline, third, \$10.

Thieves Hit Home On McKinley St.

Week-end reports of numerous thefts throughout the county included one which occurred in Chelsea.

James Rohards of 436 McKinley St., Saturday reported the theft of two milk cans valued at \$21 and an undetermined amount of gasoline from the yard at his home.

Thieves broke into a gasoline pump to steal the motor fuel. The theft apparently occurred the previous night.

Horse Show Features 10 Events

The Horse Show Saturday afternoon at the fairgrounds, following the Community Fair parade, featured 10 events including the grand entry which opened the show.

First, second, third and fourth place ribbons were awarded in all but one of the events. The "rescue race" provided for only first, second and third place, won by Lawrence Asquith, Fred Ward and Jerry Asquith, respectively.

Other events and placings were as follows: Western Pleasure class for entrants 18 years old and over—Sherry Thilo, first; Lawrence Asquith, second; Sharon Line, third; and Susie McLeod, fourth.

Pony Under Saddle—Linda Van Riper, Gordon Beeman, Tom Kern and Darleen Beeman, 1st, 2nd, 3rd and 4th, respectively.

Cloverleaf, open class—Lawrence Asquith, 1st; Linda Arntz, 2nd; Sherry Thilo, 3rd; Carl Arntz, 4th.

Western Pleasure class for entrants 15 years old and under—Nicki Shotta, 1st; John Schneider, 2nd; Sharon Sexton, 3rd; Pat Walker, 4th.

Speed and Action for those 16 years old and over—Lawrence Asquith, 1st; John DeLand, 2nd; Fred Ward, 3rd; Lee Knepper, 4th.

Ride and Lead, combination—Lawrence Asquith, 1st; Pat Walker, 2nd; John DeLand, 3rd; Sherry Thilo, 4th.

Bending class for entrants 15 years old and under—Pat Walker, 1st; Linda Arntz, 2nd; Linda Van Riper, 3rd; Carl Arntz, 4th.

The final event was the ever-popular "Musical Chairs" in which the following won first, second, third and fourth place in that order: Lawrence Asquith, John DeLand, Linda Van Riper and Pat Walker.

Arrangements for the horse show were made by Erwin Walker, Carroll Ordway and Herman Koenn.

Eight Youths Successful in Pig Scramble

Chelsea FFA boys who were successful in catching a pig at the annual Community Fair "pig scramble" are Douglas Rowe, James Patterson, Lloyd Walz, James Walter, Richard McCalla, Gregory Kuhl, Gerl Rust and Danny Eder.

There were two Yorkshire pigs and six Landrace pigs. Customarily, 14 pigs are included for the scramble, the 14 being a continuing number since the first group was provided by Chelsea businessmen to begin the FFA program some years ago.

The rules require that FFA boys who catch a pig may keep it as their own, providing only that they give one of the pig's offspring for the next year's scramble.

The eight boys were the only ones so far to have indicated interest in raising pigs this year; however, Stephen Hayden said yesterday that there are indications several new members of the chapter will want to be included in the project after school opens.

If all 14 pigs are not needed this year, the cost of a pig is contributed by those of last year's members who did not need to provide a pig for the 1962 scramble and the money will be used for additional pigs another year.

More than 68 engineering courses at the University of Michigan involved use of computers to solve class problems.

Harvey E. Brazer, University of Michigan economist, has been appointed director of the Office of Tax Analysis in the U. S. Treasury Department, effective Sept. 1.

Among the wonders of the world are the "modern life" plots hatched up in Hollywood.

CHELSEA VILLAGE COUNCIL PROCEEDINGS

August 15, 1961
Counll Room

Regular Session:
This meeting was called to order by Pres. Daniels at 8:00 p.m. Trustees present: Baldwin, Barr, Chandler, Clark, Lixev and Paul. The minutes of the Regular Session of August 8, 1961 were read and approved.

A discussion was held with Mr. Robert Wilping of Finkbeiner Pettis and Strout, regarding the amount of flow in the sanitary sewer system at maximum usage. Most areas in the Village are very adequate at the present time.

Motion by Chandler, supported by Clark, to authorize the installation of a dehumidifier and pressure switch to alleviate the operational problems in the Flanders Street pumping station. Roll call: Yeas all. Motion carried.

A discussion was held with Mr. Grossman and Mr. Knickerbocker regarding Civil Defense and the Chelsea Aux. Police. The Council has assured Mr. Grossman and Mr. Knickerbocker of their full cooperation in any plans they feel are necessary to account the people of this area with the whole complex picture of Civil Defense.

A discussion was held with Mr. Silkworth regarding the completed survey of the Village electrical system. Mr. Silkworth recommends that the Village enter into a two-year program to improve the existing system, and to provide for the future expansion of the system.

Motion by Barr, supported by Baldwin, to grant a variance of seven feet on the North Lot Line of the property located at 765 Howard Road to construct an addition. A letter was submitted by Mr. Robert Walz expressing no objection to this variance. Roll call: Yeas, Baldwin, Barr, Clark, Lixev and Paul. Abstain, Chandler. Motion carried.

Motion by Paul, supported by Clark, to authorize and direct the Clerk to issue checks in payment of the bills submitted: Roll call: Yeas all. Motion carried.

General Fund \$8,624.05
Sewage Treatment Fund \$1,600.10
Parking Meter Fund \$ 108.00

Motion by Chandler, supported by Baldwin, to adjourn. Roll call: Yeas all. Motion carried.

Meeting adjourned.
Approved: Sept. 5, 1961.
Robert L. Daniels, President.
George L. Winans, Clerk.
