PLANT MICHIGAN WEEK DISPLAY ARRANGED FOR MONDAY:

CHELSEA INDUSTRIES' PRODUCTS TO BE SHOWN

CHS Choirs Will Present Joint Concert

Junior and Senior High school choirs will present a joint concert Monday evening, May 21, at 7:30 p.m., in the auditorium at Chelsea High School.

Jaycees Win Total of Seven State Awards

Chelsea Jaycees received a total of seven state awards Saturday at the Jaycees state convention in Flint; this was the first time the Chelsea chapter had ever received a state award.

School-Age Census Will Get Underway

State census workers in the Chelsea School District received materials this week to begin a census of all children from young people under the age of 18 years.

Friends of Library To Elect Officers At Monday Meet

Friends of McKune Memorial Library will hold the spring meeting Monday, May 21, at 8 p.m., at the library and an invitation is being extended to area residents to attend.

American Legion Making Plans for Memorial Day

Plans are being completed by Herbert J. McKune Post No. 31, American Legion, for the annual Memorial Day observance here on May 30.

Home from Hospital

Leon Chapman, who suffered a severe hand injury May 5, returned to his home here Monday after being a patient at St. Joseph Mercy Hospital, Ann Arbor, since the accident.

Council Briefs

At the May 15 Chelsea Village Council meeting there was some discussion of the sewer construction in the newly-annexed area at the south of the village. Construction began Tuesday.

Friends of Library To Elect Officers At Monday Meet

Friends of McKune Memorial Library will hold the spring meeting Monday, May 21, at 8 p.m., at the library and an invitation is being extended to area residents to attend.

TWISTED-PAPER-THREAD—Jack Dunn, at right, and Donald Bacon, chairman of the board of Central Fibre Products Co., are shown above beside a 30-foot-long machine installed at the plant recently for experimental purposes. The equipment shown "spins" paper yarn, twisted into the desired size from strips of wet strength paper as it is unwound from the large overhead roll. The paper, which is 12 inches wide in the roll, is slit by the machine into 64 ribbons 3/16 of an inch wide and these strips are fed into 64 spindles at the opposite side where they are twisted into yarn. The twisted paper yarn is then transferred on bobbins to knitting machines nearby where it is woven into a surprisingly durable and attractive fabric. Endless patterns are possible by means of combining colors. The Carthage Cord Co., Carthage, Mo., is co-operating with Central Fibre in the project.

KNITTED PAPER FABRICS—The engineering department of Central Fibre Products Co., in co-operation with the Carthage Cord Co., of Carthage, Mo., has set up an experimental department in the Chelsea plant. Purpose of the department is to develop uses and applications for knitted paper fabrics. This revolutionary new material is made from wet strength paper which is slit and twisted in one continuous operation on one machine and then transferred on bobbins to this knitting machine where it is woven into what is known as "jersey-type" material—a tubular knit fabric. The roll at the bottom is the finished material as it leaves the machine. Jack Dunn, standing at the knitting machine, is a representative of the Carthage Cord Co. and is working on the project here. The equipment was installed at the plant about eight weeks ago.

Grass Fires Still Occur Along Railroad
Grass fires continue in the area, another occurring Tuesday evening along the New York Central railroad track near the Four Mile Lake crossing and extending west for some distance.
The Chelsea Fire Department was called to extinguish the blaze.
Mrs. Paul Kaimbach and daughter, Ann, spent Monday and Tuesday at home as guests of Mrs. Kaimbach's brother and sister-in-law, Mr. and Mrs. William Geddes.
Mr. and Mrs. Elba Gage and Miss Lillie Wackeloh were Sunday guests of Don Barden at his home at South Haven. Mrs. Barden is a patient at General Hospital at South Haven.

Main Street Exhibits Planned in Connection With Mayor's Exchange

State Unites in Telling World About Michigan

Everything is in readiness here and throughout the state for the ninth annual Michigan Week which opens Sunday.

Charles Winans is Chelsea chairman for the observance of Michigan Week in Chelsea.

Principal Chelsea observance centers on Mayor's Exchange Day and Dr. Louis J. Paul, village councilman, was appointed chairman of that project.

While the annual observance officially opens with a Spiritual Foundations Day program on the state capital steps in Lansing at 12:30 p.m. Sunday, many functions will be held in advance of that date.

Four of Michigan's agricultural queens will depart Friday morning from Willow Run airport on a tour of the Pacific Coast where they will make numerous television appearances. On Saturday there will be a Michigan Week kick-off at Sturgis with a huge parade, festival, and many other events.

Everywhere citizens of all ages and from all walks of life are working together to focus attention on their own communities and the state, carrying out the objectives of Michigan Week.

The objectives of the state observance as adopted by the Greater Michigan Foundation, sponsor of Michigan Week, are:

1. To give Michigan citizens greater knowledge and appreciation of their state.
2. To present the state's assets and resources for industry, business, education and recreation, and to afford the nation and the world an inspired view of Michigan's advantages.
3. To foster a spirit of co-operation among all communities and people to the end that all of Michigan will work together to make the state even more livable and attractive.

"Michigan Marches Forward," slogan for the celebration, will be seen on posters, placards, place mats, television screens, in newspapers and scores of places.

The special emphasis subject of this year's observance is Science and Technology, and in many areas special programs will focus attention on resource facilities of private industry and education institutions.

In this connection, Chelsea has planned special industrial exhibits Monday in the downtown area; all Chelsea industries are co-operating.

Each day of Michigan Week has a special designation. These are: Sunday, May 20, Spiritual Foundations Day; Monday, May 21, Government Day; Tuesday, May 22, Hospital Day; Wednesday, May 23, Our Livelihood Day; Thursday, May 24, Education Day; Friday, May 25, Our Heritage Day; Saturday, May 26, Our Youth Day.

General chairman for the 1962 Michigan Week is Edwin O. George, vice-president of the Detroit Edison Co. He has two deputy chairmen: Woodward C. Smith, vice-president of Central Michigan University of Mt. Pleasant, for the northern counties and Kenneth Robinson, Grand Rapids, regional director of the UAW, for the southern counties.

Examinations Set For St. Paul's Confirmation Class

Examination Sunday for the 1962 confirmation class at St. Paul's Evangelical and Reformed church is scheduled for Sunday, May 20; confirmation is to take place on Pentecost Sunday, June 10.

Electors OK 2 Extra Mills For Schools

A total of 954 electors of the Chelsea School District voted on the operational millage proposal Monday, approving the 2-mill levy by a vote of 522 "yes" and 432 "no," a majority of 90 votes. Nine of the 954 ballots were listed as spoiled for various reasons.

Voting was steady, averaging about 100 per hour from 1 p.m. until 7 p.m.; however, the number stepped up to approximately 200 during the final hour from 7 p.m. to 8 p.m.

The total number of votes cast was approximately 750 less than the 1961 record vote which approved a similar operational levy of two mills.

Kindergarten Round-Up Is Tomorrow

Tomorrow (Friday) the annual kindergarten "round-up" for children who will be entering kindergarten in the fall is to take place at South Elementary school.

Parents of children who will be five years old on or before Dec. 1, 1962 should bring the children to South school tomorrow to be registered.

Rural children and parents should be at the school at 9 a.m. while prospective kindergartners in town and their parents are scheduled to come to the school for the afternoon session beginning at 1 p.m.

Present kindergartners will not attend school tomorrow.

Arrangements are complete for registration of the children with Mrs. Evelyn Haab, the school secretary. Mrs. Haab will need information for health forms which must be filled out and will be particularly concerned with the matter of the exact location of the child's residence. The latter information is necessary for the arrangement of school bus routes.

All four kindergarten teachers will participate in the day's program. They are Mrs. Lucile Kelly, Mrs. Bernice Packard, Mrs. Joyce Cannel and Mrs. Helen Hunter.

Also scheduled to be present to explain to parents the various functions of their respective positions as related to kindergartners will be Wayne Brismann, visiting teacher of the Washtenaw county special education department; Rosemary Irving, speech correctionist for the school district; and Mrs. Ellen Abbe, public health nurse with the Washtenaw county Health Department.

Three Seek Election to School Board

A third name was added this week to those who will seek election to the two posts which become vacant next month with the expiration of the terms of Chelsea School Board members, Howard Flintoft and Luther Kusterer.

Kusterer is a candidate for reelection; Flintoft, however, completing nine years of service, has indicated he will not run.

Mrs. Gerald Heydlauff (Shirley) is the new name added this week. The remaining candidate, for whom a petition was circulated, is Donald Alber, former Chelsea village president, whose candidacy was announced last week.

The deadline for filing petitions to have candidates' names placed on the ballot for the June 11 election is 4 p.m. Tuesday, May 22.

Bargain Days Set To Climax Week's Activities

The ninth annual observance of Mayor's Exchange Day, the chief activity of Michigan Week in Chelsea, will take place Monday, May 21, and plans have been completed for an outstanding program for the day.

In addition to the customary visit of the mayor of another community which Chelsea's village president spends the day in the exchange city, Chelsea is going "all out" for an extra big celebration which is expected to bring many people to the downtown area.

All of Chelsea's industries are cooperating in arranging exhibits to be placed along Main St., in the downtown area showing the varied products manufactured here.

Committees in charge of this phase of the day's observance said it is their opinion that "many Chelsea residents will be amazed" when they see the numerous products that are made in Chelsea. Committees believe Chelsea people will have new pride in their community when they view the array of exhibits.

They point out that fostering pride in one's own community and state is the principal aim of the Michigan Week observance and they are hoping that Chelsea people will take advantage of this opportunity to show interest and appreciation for the efforts of Chelsea firms in making the downtown display possible.

In addition, the committee says, the industrial exhibits will serve to focus attention on the fortunate situation in which Chelsea and its people find themselves—living in a community where industry is a real part of the daily lives of all of its residents.

It was pointed out that the best way to show appreciation to industry and to officials and committees who planned the bigger-than-ever celebration is "to come uptown Monday and have a big crowd out for the event."

The day's activities here begin at 9 a.m. when Mayor and Mrs. Robert Rea of West Branch, are met at Pierce Park by Chelsea Village Council members and their wives, riding in convertible cars provided by people of the community.

They will be joined by the Chelsea High School Band and Chelsea Fire Department trucks who will escort the party to the Municipal Building where the visiting mayor will be presented with a "key to the village." Dr. L. J. Paul, of the Village Council, who is chairman of the Mayor's Day program, will make the presentation.

Charles Winans, of Federal Screw Works, is Chelsea chairman of Michigan Week and is credited with setting into motion the plans for the additional activities which are creating special interest in the observance of Mayor's Exchange Day.

A tour of the village and Chrysler Proving Grounds in the morning; a Chamber of Commerce noon luncheon at St. Paul's church; a tour of the new high school and Chelsea Milling Co. in the afternoon; a "rest period" for the visitors and others in the party at the home of the J. V. Burges on Wilkinson St.; and the dinner meeting of the Kiwanis club of Chelsea at the Methodist church in the evening, are on the agenda for the day's activities.

Committees have arranged to have out-of-town cars stopped as they come into the village and invite both people to be guests of the Chamber of Commerce at the noon luncheon and stay for the day's celebration, if possible.

Guests of an additional out-of-town cars stopped during the day will be invited to share in the day's program and these people will be presented with packages of Jiffy Mix products manufactured at Chelsea Milling Co.

Other gifts will also be distributed among out-of-town visitors; those are being contributed by Chelsea merchants.

In addition to the downtown industry exhibits by 17 area firms, (Continued on page six)

Flash Gordon's Fabled Death Ray Gun Now Begins To Seem Possible

Many persons who were awed by Flash Gordon and his ray gun, which could melt anything in its path, may be more amazed upon learning that such a gun is now under development. The possibility of such a gun was disclosed by recent demonstrations of the "Laser" which is a very small device that has opened up a vast array of potential uses for light beams.

Demonstrations have been carried on by a number of companies who are now in the experimental stages with the Laser device. Within two thousandths of a second, the light beam burns a tiny hole through a thin sheet of steel and the beam still has enough power to ignite a piece of paper fourteen feet away.

Light is energy and the Laser devices, which are small, can take ordinary light, greatly increase its strength, and shoot it out in a tiny compact beam. The immense energy generated can be crammed together for various purposes. The beam, if focused by a lens as a magnifying glass focuses the sunlight, can vaporize the most heat-resistant materials known, producing temperatures greater than the sun's.

The major break through in Lasers came as a result of tests by Dr. C. H. Townes, of Columbia University, and Dr. A. L. Schawlow, of Bell Laboratories. With scientists of Hughes Aircraft Company, these men in the 1960's demonstrated the practicability of the use of Laser.

Lasers at this time are still in the experimental stage. But scientists and researchers have speculated on many uses for which the device may be used. It is reported that the Pentagon is now interested in a Laser-carrying satellite which might focus its intense rays on an enemy missile or satellite and destroy it at great distance. This would be invaluable as a defensive weapon.

Can It Really Be True That U.S. Is Worried USSR in Foreign Affairs?

The Soviet Union appears to be afraid that the United States is outstripping the Communist nations and making friends in Africa. An indication of this fear is seen in a long article which appeared in the Soviet propaganda organ, Pravda. The article stated:

"Prominent American diplomats, the military students, and even stars of the art world, as for instance the Negro musician, Louis Armstrong, are drawn into this campaign which at times resembles a pompous theatrical show."

"Ships of the United States Navy are sent to the shores of Africa on good will visits."

"The State Department selects Negroes for its African missions. The noisy and deceitful publicity of the American way of life is assuming an enormous scale with radio, press and carefully organized visits of Africans to the United States being used for these purposes."

The Soviet concern with our progress in Africa may be coupled with a number of reverses for the Russians. For example, in the Congo, pro-Soviet leader, Antoine Gizenga, has lost power. In Guinea, the Soviet Ambassador was asked to leave the country last December as a result of left wing outbursts and riots. In addition, the Soviet Union has been rebuffed by President Nasser of the United Arab Republic by his refusal to release communist political prisoners.

While our own foreign policy is not meeting with the success that we desire, it is interesting to note that our policies are of concern to the Soviet Union and that they too are failing in many areas.

A college president says students have changed very little in the past 30 years. This is why parents who have sons or daughters in college worry.

It's good news for new car buyers, when they learn about low-cost Bank Auto Loans that are easy to arrange. For details, stop by and talk it over.

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

The Constitutional Convention is running into the first signs of opposition to its proposed product.

Plans are progressing to present the document to the people as a single unit in November, if possible. The single unit feature of the Con-Con report likely may severely lessen its chances for approval.

Several organized groups, attacked portions of the proposed Constitution even before the convention took its third and final vote on the provisions.

Supporters of the one package idea contend with some logic that the Constitution is a single entity and must be considered this way, if government is not to become confused.

They stress that most (an estimated 85 percent) of the sections have near unanimous approval of the Con-Con delegates; the state will gain a great deal by the new document.

First big gain is financial: Experts believe citizens will save \$15 million a year from changes in election laws and other efficiencies.

First to vocalize its opposition to the Convention proposals was the State AFL-CIO, which aimed its chief dislike at the recommendations for legislative apportionment.

Sarah Robinson, chairman of the State Civil Service Commission, came forth quickly with a blast at the Convention move to give the legislature power to change or reject Commission-approved pay scales for state employees.

Legislators, many of whom were opposed to the calling of the Convention, joined in the chorus when they saw the document propose to eliminate their retirement system. This, plus a salary spelled out in dollars in the Constitution, brought the lawmakers to nearly

unanimous bipartisan agreement that they would oppose the document if it was left this way.

The legislature is composed of 144 persons whose vote-raising power has been demonstrated. The Civil Service Commission represents some 31,000 state employees. The State AFL-CIO involves many thousands of people.

These three groups alone, each opposing a different provision of the several to be lumped onto one ballot, could play a major role in the determination of whether the seven months of work in Lansing produced a good basic law or wasteful \$2 million.

Several Convention delegates opposed the single-unit presentation of the document to the people. They were unsuccessful, however, in their attempt to have the proposal broken down into several questions with separate votes on some of the most controversial sections.

It was generally conceded when the Convention started last October that it would never be able to please every one. There was certainly to be at least one section which would draw opposition from one group to another.

Battle lines for the 1962 fall election are drawn; or at least the commanding generals have been designated.

George Romney, likely GOP candidate for Governor, has named many of his troops for his campaign against incumbent Democratic John B. Swainson. It is unlikely either will face competition in the primary. Swainson is expected to call out many of the same troops who helped him win in 1960.

In the No. 2 spot will be Lt. Gov. T. John Lesinski seeking a second term as presiding officer of the Senate. He faced tough

primary competition in 1960 and likely will have it again. State Senator John H. Stahlin, Belding businessman, wants to have the second spot on the Republican ticket. Others are very likely to seek this nomination.

The Democratic field generals will be the same as they are now: the office-holders on the Administrative Board. Republican nominees for these posts apparently are all still in combat training.

While lawmakers have been trying in vain for several years to come up with a tax program that will meet the state's needs, one small voice in the House of Representatives has repeatedly offered a \$100 million solution in a single tax.

The objects of the tax proposed by Rep. Edwin A. Fitzpatrick, D-Detroit, are illegal under the provisions of the Constitution. However, they are bingo, lotteries, sweepstakes and off-track race betting.

Fitzpatrick has offered the same tax to Michigan's tax and fiscal problems for several years. No one seems to take him seriously although he insists he means to continue fighting for his proposal. Everyone else has paid little heed to his lone voice while they have been busy talking about income taxes or nuisance taxes.

Constitution prohibitions could be removed by a vote of the people, thus legalizing the gambling means, Fitzpatrick says.

"Gambling is a big business in Michigan now, but it is done illegally, and the state does not reap any tax benefits from it," he said. "Bookmakers are reaping more than \$100 million a year illegally."

"If you don't play, you don't pay," Fitzpatrick says is the best measure of equitable taxation. "I think we should pass this type of legislation which would permit control of the gambling industry, raise money for the government, and lessen the number of violators among our people."

JUST REMINISCING

Michigan Traffic Up Nearly 3%

Lansing—State-wide traffic for the first three months of this year increased nearly 3 percent over those for the corresponding period last year.

State Highway Commissioner John C. Mackie said an "expected" increase of 30 percent was noted on the new US-27 on US-27 in Northern Michigan was due largely to one of the best ski seasons in recent years.

"We feel part of the success this year's ski season may be attributed to our new freeways—our winter maintenance program which enable more skiers to north more often (during the winter months)."

An analysis of traffic volume during the first three months this year shows week-end travel volumes were up nearly five percent over the same period last year, while week-day volumes were about the same as they were last year.

The week-end increases were predominant on freeways, ranging from nearly 22 percent in Interstate 75 north of St. Ignace east of Grand Rapids.

Mackie said traffic on all highways increased nearly 10 percent in the eastern half of the Peninsula during the first three months of the year, while travel was down one percent in the western half of the peninsula.

Traffic increases ranged from 3.5 to five percent on highways in the band of southern Michigan counties stretching from Detroit to Lake Michigan. Traffic down about three percent in most eastern Lower Michigan.

The Michigan Prison cement plant at Four Mile Lake is running at full capacity and is shipping 28 carloads a day to various places where the State Highway Department is building roads.

Deaths this week—Howard E. Canfield, son of prominent early residents of Lyndon township, Charles and Elvira Clark-Canfield; Mrs. Barbara Weber, Chelsea area resident since 1887.

COMING EVENTS IN MICHIGAN

MAY

16-19—Tulip Festival, Holland.
18-19—Armed Forces Days, St. Marie.
19—Michigan Week, Sturgis.

20—Annual Red Horse Show, Shopt, Marley.
20—Rough Fish Carry (bows and spears), Hastings.
20-26—Cereal City Festival, Ber Creek.

20-26—Michigan Week.
21-26—Spring Perch Run, Tawas.
21—Opening of Walleye Fish Season, Escanaba.

21-27—Perch-O-Rama, Charlevoix.
23-25—Clara B. Ford Garden Party, Dearborn.

24—Miss Muskegon Contest, Muskegon.
25-27—National Kart Show, El Guard Armory, Detroit.
26-27—Wheel-to-wheel Sports, Race, Grayling.

30—Opening of Hillbilly Cadeaux (thru Labor Day).
Blessing of the Blossoms, Traverse City.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

You reporters claim it's news when the man bites the dog. If that's still the rule, then I got some page one stuff for you this week. A Washington column writer reported last week the Government had saved \$9,215 in 1961 by making workers at the U. S. mints take a on-the-job shower bath every day afore they quit work.

The piece said the men and women that makes coins and gold bricks in the mints collect fine silver and gold dust on their bodies. By making 'em take a shower and straining the run-off water, they got back \$9,000 in gold dust and \$215 in silver last year.

I aim to get a letter off to my Congressman immediate and congratulate him on this fine piece of Federal economy. If I recollect correct, this is the first economy noted in Washington since Cal Coolidge swapped his Government saddle horse for a milk cow.

I couldn't wait to get to the country store Saturday night and bring these glad tidings to the fellow. I got a big disappointment. Mister Editor. They wasn't impressed. Ed Doolittle claimed it wasn't nothing but another case

of them Federal agencies mountain-climbing over mole hills. And he then proceeded to read off some figgers from a newspaper clipping where Congressman Gary of Georgia was talking to the press the other day.

According to the clipping, the Congressman explained that the interest on our \$300 billion national debt next year will be \$2.3 billion per year. He allowed as how this one interest item alone was more'n the Federal Government spent from 1900 till the beginning of the first World War. He said this interest was more'n the whole Federal budget for the year 1940, and claimed it comes to \$17,700 ever 60 seconds around the clock.

Clem Webster said he wasn't worried none over the \$300 billion debt, that public debts ain't made no more to be paid by the generation making 'em. He says the system now is to renew till Dooms Day. But Clem allowed as how that \$17,700 interest per minute had to be paid prompt on the barrel-head to the investors. He claims we got to come up with a plan to renew the interest or Dooms Day is closer than we think.

Zeke Grubb said the financial figgers coming out of Washington looked about like in the old days. The only difference, says Zeke, is they keep moving the decimal point a few notches to the right.

But anyhow, Mister Editor, them on-the-job shower baths last year paid the interest on our national debt for better'n 30 seconds and ever little bit helps.

Yours truly,
Uncle Lew.

SPAULDING CHEVROLET SALES & SERVICE
CHELSEA, MICHIGAN

Its reliability is probably its greatest single asset

When you build a quality truck, the inclination is to run around asking users what they think of it. We do quite a bit of this.

It's a funny thing. You'd think people would talk mostly about the mechanical features of the vehicle—the good ride, its power, the double-wall construction, cab comfort, or tough tailgate.

These things get comment, of course, but they're consistently outnumbered by expressions of satisfaction with the dependability of a Chevrolet truck. Its greatest single asset seems to be the fact that it does its job well day after day without a lot of fuss or attention—and that's what impresses people the most.

Quality is the key to reliability. The next time you have to buy a truck, call your Chevrolet dealer and make your money go farther.

CHEVROLET

CD Units Will Spread Storm Alerts

All Civil Defense directors in communities throughout the county are receiving word this week of changes in some areas of warning procedures and in this connection the county Civil Defense office is requesting that a warning signal exercise be held in all communities at noon Saturday.

Washtenaw County Civil Defense Director Gerald Miller has announced that effective immediately, Civil Defense units are to disseminate tornado forecasts and tornado warnings, using the same warning procedures as for attack warning messages.

Civil Defense personnel in communities are being advised that weather bureau forecasts mean that weather conditions are such that a tornado could possibly occur. A message of "warning" signifies that a tornado has been detected. Those responsible for disseminating the information locally are being told to be careful not to use the two words interchangeably but use the exact wording as received.

Tornado messages are seldom the same, since each will describe the area covered, time and estimated wind velocity, and in the case of warning, the direction of travel.

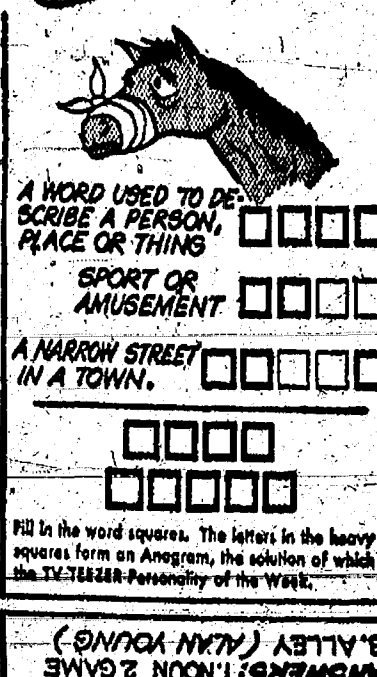

Speaking of attack warning messages, Civil Defense Director Miller said the effectiveness of dissemination of an attack warning message can only be determined by testing the system.

The Ann Arbor office will periodically select widely separated points to more accurately test the effectiveness of the new system.

In making his announcement to local Civil Defense officials, Director Miller said, "We recommend that you do not, as a normal procedure, sound public warning devices (sirens, whistles, bells) on receipt of 'test' messages. In order to test outdoor warning devices and to inform the public, it is requested that each village, city and township fire department and other installations, sound all sirens, bells and whistles at a one time test at 12:00 noon Saturday 19 May, 1962. These signals, representing an attack warning, should be blown steadily for a period of not less than three minutes and not more than five. Four to five minutes is recommended in order that residents may have an opportunity to differentiate between an attack warning signal and that of passing fire trucks and ambulances, or normal fire signals.

In order to further inform the public, it is requested that these same devices be sounded at 12:15 p.m. Saturday, May 19, using a wailing sound, rising and falling or series of short blasts. This signal means 'take cover,' and must be sounded for three minutes, thus differing in both sound characteristics and length of time, from the attack warning signal.

TEEZERS

Excess Wheat Disposal Date Set for June 10

Wheat growers who have received notices of excess wheat acreage have until June 10 to dispose of the acreage in accordance with program provisions. Max Kalmbach, chairman, Washtenaw County Agricultural Stabilization and Conservation Committee, has announced: If this is not done, the excess wheat will be subject to marketing quota penalties which, for 1962, are much larger than in former years.

The chairman stressed the fact that many more wheat growers will be subject to marketing quotas this year for the former 15-acre marketing quota exemption does not apply to the 1962 wheat crop. Farms subject to marketing quotas under the 1962 wheat program are those on which the average of wheat exceeds the smaller of (a) 13.5 acres, or (b) the highest acreage the farm has for harvest in the three-year period 1959, 1960 and 1961.

When the wheat acreage exceeds the farm wheat allotment, or the wheat quota exemption, if this is larger, marketing quota penalties will apply to the excess wheat production. Farmers may avoid this penalty, however, by adjusting their wheat acreage to the allotment (or the exemption, if larger) by the stipulated deadline, or by storing or delivering the excess to the Secretary of Agriculture in accordance with regulations.

Kalmbach points out that the penalty on excess 1962-crop wheat will be 65 percent of parity as of May 1. Formerly, it was 45 percent. The amount of wheat subject to penalty will be twice the farm's normal yield on all the excess acres. However, this amount may be reduced if the proved 1962 actual yield is less and a request is filed by a stated deadline.

Price support on the 1962 wheat crop will be available only to wheat growers who participate in this year's wheat stabilization program.

School Board Briefs

S. R. Booker, secretary of the Board of Education, reported at Tuesday's meeting on insurance costs for the over-all school property. The matter was tabled for additional information.

A request from the Recreation Council for the use of school buses was "regretfully" denied, the reason being liability of the School District in case of accident.

A request from the Chelsea High School Student Council for use of buses for high school picnics was also rejected for the same reason.

In both cases the parties requesting the use of the buses offered to pay costs but it was pointed out that once the School Board accepted rental charges the School District buses would become so-called "common carriers" and not protected under present insurance policies.

Class of 1962 was granted permission to place a plaque at the side of the publications room at the high school as a memorial to Miss Mabel Fox.

On recommendation of the administration the Board of Education approved all coaches' requests to be free for one season of athletics each year; over-all cost to the district to be \$100 higher than in the past.

Members of the Board of Education will tour all the school facilities of the district, Wednesday, May 23, according to plans completed at Tuesday's meeting.

Diane Forner of Francisco was the guest of her grandmother, Mrs. Bertilla Forner, at St. Mary's mother-daughter banquet Sunday morning. The breakfast was held at South Elementary school. Mrs. Forner was a dinner guest of her son and daughter-in-law, Mr. and Mrs. Robert Forner, of Francisco. Her callers at her home here included Mr. and Mrs. Joseph Steele and family of Ann Arbor and Mr. and Mrs. Keith Boylan.

Salaries of two school secretaries—Mrs. Erma Bertke at Chelsea High school and Mrs. Evelyn Haub at Elementary—were increased \$100 each, bringing the total annual salary of each to \$3,000.

Board Secretary Booker was instructed to write a letter of thanks and appreciation to Donald Bacon and Central Fibre Products Co. for the "fine support of the millage proposal."

Discussion of a request to show a movie, "Death on the Highway," to the student body at Chelsea High school, it was decided to permit its showing in spite of the fact that so-called "gory details" might result in causing some students to leave the room. It was pointed out the over-all effect for good (seeing the results of care-

ONE-MINUTE SPORTS QUIZ

1. What Major League team won its first 10 games?
2. What Major League team lost its first nine?
3. What player hit six home runs in his first eight games?
4. Who won the Ortiz-Brown fight?
5. Who is Dick Richardson?

(Answers on page four)

"Electronic-eye switches" are playing an important part in many commercial poultry houses. They turn the lights on and off during the day when the daylight drops below the desired level as on cloudy or rainy days.

Girl Scout Council Plans Open House At New Building

Mrs. Casper-Enkemann of Ann Arbor, president of the Huron Valley Girl Scout Council, announced today that Council Headquarters plans to have an open house for the public Sunday, May 20, from 2:30 to 5 p.m. at their new building at 310 S. Huron St. in Ypsilanti.

Each of the four districts in the Council—comprising Washtenaw, Wayne and Livingston counties—will send seven girls as their representative hostesses.

Officers and members of the board will greet the public, as will the professional advisers and leaders.

A unit planned for the international encampment in July, at Button Bay State Park, Vermont, will be set up in the yard behind the building.

The new building will serve as headquarters for the 9,000 girls and 2,100 adult leaders active in Scouting in the Huron Valley Council.

Legion Auxiliary Holds Mother-Daughter Banquet

The annual mother and daughter banquet of Herbert J. McKinnon Unit No. 31, American Legion Auxiliary, took place Wednesday, May 9, at the Legion Home at Cavanaugh Lake.

Mrs. Lynn Kern opened the banquet program with a table prayer. Rhonda Kern gave a toast to the mothers and also played a selection on the piano. Mrs. Eldon Gorton gave the toast to the daughters. Janet Boylan gave a recitation, "Mothers' Day." Patricia Knickerbocker gave one entitled "Mother's Kiss" and Pamela Boyle and Susan Blaes together gave one called "Mother."

Jean and Susie Parker entertained with dances and the program was concluded with the presentation of flowers to honored mothers and daughters by the Auxiliary president, Mrs. Mary Boyle.

Those who received flowers are Mrs. John Hummel, oldest mother present; Mrs. Sylvester Parker, mother with the most daughters (three); Mrs. Earl Guenther, youngest mother; Mrs. Guenther's daughter, Judy, as the youngest daughter; and Mrs. Henry Bergeron of Ironton, as the one who traveled the longest distance to attend the banquet. She is the daughter of Mr. and Mrs. Grant Scholay.

Also remembered with flowers from the banquet was Mrs. Howard Wulz who was unable to take part in the program as planned, because of illness.

Approximately 55 mothers and daughters were present.

One of the greatest research and development projects is the vast General Motors Technical Center near Detroit. This huge complex of 27 ultra-modern buildings on 900 acres, cost in excess of \$100,000,000 and is the workshop of more than 5,000 scientists, engineers, researchers, stylists, designers and mechanics. It is the world's largest industrial concentration of research facilities.

Michigan has 13,432 manufacturing establishments with 809,890 employees.

Mrs. Clark Attends Funeral of Only Remaining Aunt

Mrs. Mary Clark received word Sunday of the death of her only remaining aunt, Mrs. Sadie Behm, 83, of Dansville.

Mrs. Clark attended funeral services for her aunt at 2 p.m. yesterday at the Vogt Funeral Home at Dansville. Burial took place at the Dansville cemetery.

Check Flag Now Before Holidays

As May, June and July bring a series of patriotic holidays, we should have a flag ready to fly.

The following days are when flags should be flown: Armed Forces Day, May 19; Memorial Day, May 20; Flag Day, June 14; Independence Day, July 4.

Let's get ready now to show our colors on the patriotic days ahead. Our free way of life is being challenged and our nation endangered by the continuing aggressions of Communism. By displaying freedom's flag we will be showing that we are devoted Americans determined to keep that flag flying over our land in its full meaning.

This is a good time to check the condition of the family flag and make sure it's ready for display. Families which do not have flags still have time to buy them before the spring and summer holidays. Flag sets which include flag poles and necessary fixtures are widely available.

Six Observe May Birthdays Tuesday At Methodist Home

Six ladies who are residents of the Methodist Home observed their birthdays at a joint celebration during the noon dinner hour Tuesday at the home. Their birthdays occur during May.

The six honored women are Mrs. Mae Russell, Mrs. Grace McCarty, Mrs. Virginia Shavely, Mrs. Florence Sowers, Mrs. Mary H. Scherwerdt and Mrs. Edith Schultz.

Each received a spring corsage as a gift from the Chelsea Home.

Friends of the Methodist Detroit Conference.

Table decorations at the dinner were May baskets and flowers.

State Police Plan Open House for Michigan Week

The State Police will again observe Michigan Week by holding open house on "Hospitality Day," Tuesday, May 22, at all posts, according to Sgt. Wayne N. Jusila, commanding officer of the Ypsilanti post.

Visiting hours at the Ypsilanti post will be from 10 a.m. to 7 p.m. A special welcome is extended to the public to examine the equipment and facilities and find out how the department operates. Visitors will be escorted by officers. "Visitors are always welcome at the post, but open house provides a special opportunity to find out what we have and how we operate," said Sgt. Jusila. "They will learn how a post functions and about the services we perform. Questions are invited and there will be an exhibit."

To those who may not know the location, the Ypsilanti post is situated at 280 E. Michigan Ave., Ypsilanti, and is easily identified. We'll be waiting to see you."

St. Clair Metropolitan Beach near Mt. Clemens is the world's largest fresh water beach.

DEATHS

Frank LeMaitre Burial at Sylvan Center for Mount Clemens Resident

Frank H. LeMaitre, 73, died Sunday in Mt. Clemens after a short illness.

Born Nov. 5, 1888, in Rollin, Mich., a son of Francis and Alice LeMaitre, he married Ruthie West Hammond on Nov. 27, 1913, at Jackson. Mrs. LeMaitre died Oct. 24, 1961. Mr. LeMaitre had lived in Macomb county for the past 40 years.

He is survived by a sister, Mrs. Benjamin (Mae) Titmus of New York, N. Y., a brother, Carl LeMaitre of Sylvan, O., and a niece, Mrs. Gerald (Gloria) Tought of Mt. Clemens, with whom he lived.

He was preceded in death by two brothers, George and Leo; and a sister, Grace.

Funeral services were held at 8 p.m. Tuesday at the Will and Schwartzoff Funeral Home at Mt. Clemens and the body was brought to the Staffan Funeral Home Wednesday morning.

Funeral services were held at the Staffan Funeral Home at 2 p.m. Wednesday afternoon and burial followed at Maple Grove cemetery, Sylvan Center.

Mrs. Grace Elliott Sister of Local Woman Dies at Belleville

Mrs. Grace A. Elliott, 62, of 103 Emerick St., Ypsilanti, died Saturday in the Ridgewood Osteopathic hospital, Superior township.

Mrs. Elliott was born June 1, 1899, in Sumpter township, Wayne county. She was the daughter of William and Patience Galloway. Survivors include three sisters, Mrs. Ethel McConnell of Chelsea, Mrs. Lena Pitcher of Belleville and Mrs. Mina Bailey of Dexter; three brothers, Hawley and Daner Galloway of Waltz, Mich., and Frank Galloway of Iowa; several nieces and nephews.

Funeral services were held at 2 p.m. Wednesday at the Roberts Brothers Funeral Home in Belleville. The Rev. William R. Shaw of the First Baptist church in Ypsilanti officiated. Burial was in Hillside cemetery, Belleville.

Long-Time Summer Resident of Clear Lake Dies in Pennsylvania

Miss Nina Greening received word this week of the death of Samuel Wyman, Ralph of Alden Park, Germantown, Pa., who will be remembered by many Chelsea area people as a summer resident for many years at Clear Lake; in fact, he was among the first to build a cottage at the lake. He was 73 years old.

Active in civic and community affairs, he was the retired president of the Electric Storage Battery Co. and the Franklin Institute of Germantown, Pa.

Mr. Ralph's death occurred Saturday, May 5.

His survivors include his widow, the former Viola Hopf; a son, Samuel Wyman, Jr., and two grandsons.

Mr. and Mrs. Philip Vogel and daughters, of Grand Rapids, were week-end guests of Mrs. Vogel's parents, Mr. and Mrs. Milton Hoffman and visited Mr. Vogel's mother, Mrs. L. P. Vogel, and other relatives on Sunday.

Mrs. Josie C. Goltra Dies Early Tuesday At Home of Son

Mrs. Josie Carter Goltra, who had made her home with a son and daughter-in-law, Mr. and Mrs. Judson C. Goltra, 608 Arthur St., died there early Tuesday. She was 82 years old.

Born in Greenbush township, Clinton county, Mich., Dec. 12, 1879, she was a daughter of Charles W. and Lucy Rush Carter. She was married Nov. 15, 1903, at St. Johns, to Judson E. Goltra. He died Sept. 27, 1955.

Mrs. Goltra was a member of the Order of Eastern Star.

Survivors are four sons, Judson C. of Chelsea, Charles C. of Union Lake, Elmer O. of Long Beach, Calif., and Laurence P. of Compton, Calif.; three grandchildren; five great-grandchildren; and a sister, Mrs. Nella Currie of Romeo.

Funeral services will be held at 2 o'clock this afternoon at St. Barnabas Episcopal church with the Rev. John R. Snucker officiating. Burial will take place at North Lake cemetery.

Friends may call at the Staffan Funeral Home.

Bargain Days...

(Continued from page one)

A Bell Telephone company truck will display electronic equipment; car dealers have been invited to display new cars; Chrysler Proving Ground officials have indicated they will have six units on display including a 600 h.p. sports car; and all stores will make a special effort to create a gala appearance with attractive window displays.

There will be no parking on Main St. Monday in order to have sufficient space for displays.

Another special feature will be the WPA radio station's mobile unit which will be on the street broadcasting happenings of the day directly from the scene.

While Chelsea is busy entertaining the West Branch mayor and his wife, Chelsea's Village President and Mrs. Robert Daniels and Councilman and Mrs. Merle Barr, Jr., will be spending the day at West Branch. They will leave Chelsea Sunday afternoon.

As a grand finale to Michigan Week promotion here, Chelsea merchants are planning a bargain days event for Friday and Saturday, May 25 and 26.

Personal Notes

Mother's Day guests of Mr. and Mrs. Walter Vicary were Mr. and Mrs. Annabelle Woolley were Mr. and Mrs. Fremont Boyer and son, David Carl.

Mr. and Mrs. Leo Merkel returned Wednesday of last week from Lake Worth, Fla., where they had spent the past four months.

Mrs. Frank Reed was honored at a Mother's Day dinner Sunday at the home of her daughter and son-in-law, Mr. and Mrs. James Schilz of Island Lake Rd., Dexter. Assisting at the dinner was her daughter-in-law, Mrs. Robert Reed. Those present were Mr. and Mrs. Frank Reed, Mr. and Mrs. Schilz, their sons, Donald and Timmie, Mr. and Mrs. Robert Reed, Joyce, Chuck and Jeffrey Reed, Miss Marie Schilz and Miss Jackie Short of Dexter, Ronnie Perry, Howard Dorr, Richard Reed, Miss Frances Reed, Alfred Titus and Walter Shook of Chelsea.

Proving Grounds Executives Guests at C. of C. Meet

Executives of Chrysler Proving Ground who were guests of the Chelsea Chamber of Commerce at a dinner meeting Tuesday evening at the Congregational church were unanimous in expressing appreciation for "the opportunity to appear before the Chamber of Commerce, extend greetings from the Chrysler Corporation and tell members of the Chelsea group that they, themselves, were happy to be a part of this community."

Three of the special guests spoke at the meeting, each briefly outlining the particular phases of operations for which he is responsible at the grounds.

The three speakers, introduced by the program chairman, John Thomson, were B. J. Ludwig, assistant chief engineer in charge of passenger car testing; B. R. Thomas, department head in charge of the truck division; and J. C. Gillie, department head in charge of building maintenance and grounds.

The three men introduced the other Chrysler men who also had been invited to be guests of the Chamber of Commerce. R. G. Rajala, department head in charge of engineering development and evaluation; H. R. Halliburton, department head in charge of mechanical and data service; R. Chapman and R. Lutovsky, company department heads in the over-all truck department; and J. M. Sturn, department head of performance.

During the business session, at the meeting the Chamber of Commerce voted to send a letter to the Village Council commending the Public Works Department for the cleanliness of the streets in the community.

Narcotics Division Chief Addresses Kiwanis Club

Kiwanians heard a talk at their meeting Monday on the problems facing law enforcement officers of the narcotics division. Guest speaker at the meeting, held in the social center of the Methodist church, was Detective Sergeant Walter Sokol of the narcotics division of the Michigan State Police.

Sokol was introduced by James Daniels, program chairman for the evening. Guests at the meeting included George Prinzing and Ren Hutzler. Raymond Steinbach was inducted as a new member with the Rev. E. J. Weiss acting as inducting officer.

During the business session Floyd Fowler, flower sale chairman, reported net proceeds of the Mothers' Day flower sale for the club's community service fund as \$124.

An inter-club meeting at South Lyon in observance of the South Lyon club's 25th anniversary was attended by seven Chelsea people—Mr. and Mrs. William Collins, Mr. and Mrs. Lloyd Heydlauff, Mr. and Mrs. Anton Nielsen and Paul F. Nicholas.

The South Lyon meeting took place Monday evening.

Personals

Howard Harkness of Munnith was a recent caller of his cousins, Mr. and Mrs. Walter Vicary and Mrs. Annabelle Woolley.

Warren Geddes is a patient at St. Joseph Mercy hospital, Ann Arbor. He entered the hospital Tuesday, May 8, for treatment.

Mr. and Mrs. Thomas Bear and sons, of Lowell, Ind., spent from Monday until Wednesday here as guests of Mrs. Bear's parents, Dr. and Mrs. L. J. Paul.

If the world had no fanatics, eccentrics and partisans, life might be rather dull and tiresome.

ALWAYS BETTER BUYS AT GAMBLES

Dreadnaughts Give Bulldogs 9-4 Drubbing

After winning four out of their last five games, the Chelsea Bulldogs ran into a hard hitting Dexter team and were defeated, 9-4. Senior pitcher Dave Rossbach started the scoring in the first inning by hitting a long home run to give Dexter a 1-0 lead. In the second Rossbach bettered his first inning performance by hitting an even longer home run, but this time with the bases loaded. Dexter went on to score another run in the second inning, one in the third, and two more in the fourth. Chelsea scored twice in the third inning, once in the fifth and again in the sixth.

Dennis Stoffer was Chelsea's leading hitter with two singles in three at-bats to the plate. The only other Chelsea batsmen to hit safety were Jack Crawford, Gary Cattell, and Gary Drench all with singles to their credit.

The line score was Chelsea: 4 runs on 5 hits and 6 errors; while Dexter had 9 runs on 7 hits with 2 errors.

University of Michigan employees number in the hundreds, in and near Ann Arbor; the U-M is one of 74 of Michigan's institutions of higher learning and leads as one of the foremost educational institutions in the nation. More than \$30,000,000 was spent in research at the U-M in 1961 on everything from space ships to the human mind.

Young People Tour Olivet College Campus Facilities

Tuesday 15 young people of the Congregational church, accompanied by the Rev. Philip Rusten and two other adults, spent the day at Olivet College.

They left Chelsea at 9:30 a.m. and returned at 3:30 p.m. in time to permit students to catch their school buses.

The day is planned to give seniors and undergraduates of high schools an opportunity to tour the Olivet College campus, attend classes, talk with the administrators, visit the dormitories, and in general, become acquainted with the school, its personnel and facilities.

The high school students who attended are Sue Lofquist, Cheryl Lehman, Beverly Windell, Velma Wiseman, Bill Coltre, Don Brooks, Tom Penhalligon, Don Dickelman, David Frisinger, David Runciman, James Perry, Victor Parks, Mike Scholten, James Knott and Barry Visel.

One of those in the group, Sue Lofquist, had previously made application for admittance to the college. She is a senior at Chelsea High school.

Bulldogs Give Roosevelt First Defeat

On Tuesday, May 8, Chelsea High's Bulldogs handed Roosevelt their first defeat of the 1962 track season as they downed the Roughriders, 100-49, in a close meet.

Chelsea was paced by Dave McLaughlin, as the big senior picked up 20 points, on firsts in the shot put, broad jump, high hurdles and low hurdles. Larry Cattell followed in the point scoring with 14 points on a first place in the pole vault, and seconds in the broad jump, 100-yd. and 220-yd. dashes.

Jim Maynard added 13 points to the victory as he tied for first in the high jump and finished second in the shot put, and both hurdle races.

Junior Don Wilson added the Bulldogs' other first place as he won the half mile in the time of 2:10.8 to establish a new school record for the Bulldogs.

Mike Schrader picked up a second in the 440 while Keith Haab did likewise in the mile run. Sophomore Dave Winans placed third in the mile and Charles Schumacher placed third in the pole vault to round out the Bulldog scoring.

Baseball Team Wins, 5-3, Tuesday At Manchester

Playing at Manchester Tuesday afternoon Chelsea defeated the Dutchmen, 5-3.

The Bulldogs got their five runs on eight hits and four errors, while the Dutchmen got three runs on the same number of hits and errors.

Chelsea hit safely in every inning except the fifth. Two players—Jack Crawford and Orin Wareman—had two hits each.

Chelsea led off with a triple for the run in the first inning. Chelsea scored one in the fifth, two in the sixth and one in the seventh inning.

Manchester scored all three runs in the third inning.

Chelsea's standing is now five wins and four losses for second place in the League.

Manchester had four wins and five losses after their defeat by Chelsea Tuesday.

There is one more league game scheduled.

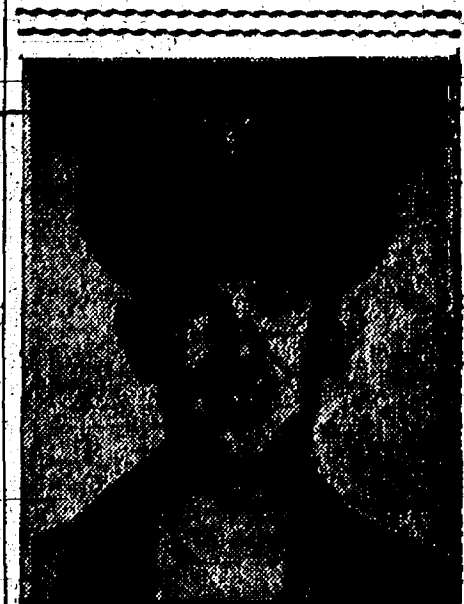

Thinclads 4th at Tecumseh Relays; Head for Regional

Saturday, May 16, the Bulldogs will compete in the Class "B" Regional meet to be held at Ann Arbor High's track. Those who finish third or better in the Regional meet qualify for the State meet to be held in East Lansing, Saturday May 20.

Then on Tuesday, May 22 comes the highlight of the track season—the Washtenaw Conference championship meet. All Conference teams compete and the winner is declared the Conference champion. The meet will be held on Eastern Michigan University's track at Ypsilanti. Preliminaries in the hurdles and dashes, along with finals in the shot put and broad jump, begin at 4:30 p.m. Finals in all other events begin at 7:00 p.m. The Bulldogs have strong hopes of winning the meet and bringing Chelsea the school's first track championship. Saline, U. High, Roosevelt and Pinckney should provide the Bulldogs with the most competition.

Local athletic fans would certainly enjoy the meet so are urged to come out and cheer the Bulldogs on to a hoped-for victory.

Track Team Scores First Milan Victory

On Thursday, May 10, the 1962 Bulldog track squad gained a new first as they defeated Milan's "Big Reds" for the first time in history.

The meet was very close and the final event, the mile relay, decided the final score in Chelsea's favor.

Prior to the last event the score was Chelsea, 53 1/2; Milan, 50 1/2. The mile relay counts five points for the winners and none for the losers. The Chelsea relay team, knowing they had to win, to win the meet, turned in a time of 3:52.4 to win by 10 yards and establish a new school record for Chelsea. Members of the mile relay were Bill Dettling, Paul Schramm, Don Wilson, and Warren Porath.

Previously, Dave McLaughlin had earned 10 points for Chelsea on firsts in the shot put, both hurdle races, plus a second in the broad jump. Larry Cattell added 16 points as he won the pole vault and broad jump and 220 and took second in the 100-yd. dash.

Jim Maynard had seven points on a tie for first in the high jump, second in the high hurdles, and third in the shot put and low hurdles.

Mike Schrader ran a fine 440 to win by two steps in the time of 55.7 seconds. Vic Parks picked up a third place in the same event.

Keith Haab saw his finishing kick one step short and the improving junior had to settle for second place in the mile.

Don Wilson finished out the Bulldog scoring with a third place in the 880.

Final score: Chelsea, 58 1/2; Milan 60 1/2.

Thinclads 4th In Tecumseh Relays Meet

Last Saturday Chelsea's track squad finished fourth in the 12-team Class B field at Tecumseh. The Bulldogs picked up 32 team points and in so doing established three new Tecumseh relay records.

Big Dave McLaughlin had a hand in all three records. In the shot put Dave's effort of 48 ft. 7 in. broke the old record of 48 ft. 4 in. set by Kananel of Bedford in 1960.

In the 120-yd. high hurdles Dave ran the distance in 14.9 seconds to break the record of 15.3 seconds held by Joe O'Donnell of Milan since 1959.

The third record to fall to the Bulldogs was the shuttle hurdle relay, as the team of Jim Maynard, Larry Cattell, Mike Schrader, and McLaughlin turned in a winning time of 1:01.5 to break the record of 1:01.7 set last year by Grosche.

Beside the record breaking efforts, the Bulldogs picked up points as vaulter Larry Cattell claimed second place in his specialty as he won 11 ft. 6 in.

Jim Maynard ran the best time of his career as he finished second in the high hurdles in the time of 15.7 seconds.

The Bulldogs scored two points on the fifth-place finish of their two-mile relay team consisting of Jim Schneider, Bill Dettling, Keith Haab and Don Wilson.

The 880-yd. relay team of Larry Cattell, Warren Porath, Mike Schrader, and Dave McLaughlin also finished fifth in the time of 1:37.4 to equal the school record in the event.

Richard Preston Named President of County Hairdressers Association

At a meeting of the National Hairdressers and Cosmetologists Association of Washtenaw county held at Ann Arbor Tuesday, May 8, Richard Preston of Chelsea was elected president.

Preston also received a special citation membership on the roll of honor "for special service and devotion to the profession in and of the county and the interests of its national professional association in the national Beauty Salon Week membership and promotion program."

Other officers elected to serve with Preston are Bonnie Burg, vice-president; Carol Harkins, corresponding secretary; Mary Ann Horning, secretary; and Shirley Boos, treasurer.

All officers except Preston are from Ann Arbor.

By NICK PRAKKEN, Manager

NEXT WEEK IS MICHIGAN WEEK
—May 20-26. What better time for each of us to learn more about our great state? Here are a few facts we thought you might find interesting:

"INDUSTRIALLY YOURS" would make an appropriate sign-off for a letter to an out-of-state friend. Nearly all the different types of industrial operations in the country can be found right here in Michigan. Close cooperation among industry, our more than 200 industrial research laboratories, and our outstanding educational institutions has been a key factor in developing this industrial diversification. Working together, they continually explore new products, new ideas and new techniques—providing new opportunities for us all.

"SELF-SUFFICIENT" is the word for Michigan in food production. When it comes to variety of farm products, we're second in the nation. We're first in the production of navy beans, pie cherries and cucumbers for pickling. Michigan's modern farmers are busy farmers; more than 45% of our land area is agricultural. And agriculture is a big factor in Michigan's expanding economy. Our state's annual farm income is currently more than \$750 million!

MICHIGAN IS VACATIONLAND—year round. Our many resort and sport attractions make Michigan one of the leading vacation areas in the nation. There's something for everybody's vacation fun here: water sports at our 11,937 inland and four bordering Great Lakes, snowtime fun at our more than 80 winter sports centers... not to mention hunting and fishing, for which we issue more licenses than any other state. More than \$650 million was spent last year in our tourist, resort and travel business, and the figures should grow in the future.

KEEPING UP WITH OUR GROWING STATE'S communications needs—in industry, for the farm and home, and for our busy tourist trade—keeps us busy at the telephone company, too. But we're proud to have a part in helping our state grow even stronger, as Michigan Marches Forward.

MICHIGAN MARCHES FORWARD

MICHIGAN WEEK MAY 20-26

MERKEL BROTHERS

Four Proving Ground Employees Watch Sunday Speedway Trials

Four men who are employed at Chrysler Proving Ground took off early Saturday in a private plane owned and piloted by one of the group, spent the day watching the speedway trials for the Memorial Day races at Indianapolis, Ind., and returned home early Saturday evening.

Owner and pilot of the plane is William McNulty, of Chelsea. Those who accompanied him are Warren Welton, also of Chelsea, Eric Morse of Ann Arbor, and Harry Simpson of Portage Lake. The party left the Ann Arbor airport at 7:30 a.m. and landed there on the return trip approximately 12 hours later.

An Act to provide for a state library in Michigan was approved March 21, 1937.

Mr. and Mrs. Claude Deatrick's Saturday guests were Mr. and Mrs. Harold Wolfe of Battle Creek. Mr. and Mrs. Claude Bay Deatrick and family and Mr. and Mrs. Wesley McClain and family, Mrs. George Sawyer and children returned home with her parents.

Mrs. Mary Clark and son, Dean, were Sunday evening callers of Mr. and Mrs. Clarence Bott of Battese Lake.

Club and Social Activities

CHAT 'N' SEAU

Chat 'n' Seau, with 18 members present, held a regular meeting Tuesday evening at the home of Mrs. M. W. McClure. Co-hostess for the meeting was Mrs. Rex Miller.

Mrs. Miller conducted the opening devotional period and members responded with appropriate verses and readings.

During the business session election of officers resulted in naming all officers to succeed themselves for the coming year.

Officers are Mrs. Lucille Olson, president; Mrs. M. W. McClure, vice-president; and Mrs. Walter Plettemier, secretary-treasurer.

It was decided to clean the church Thursday May 24, as an all-day project with work bringing a sack-lunch for the noon meal.

Presenting birthday offerings for the month were Mrs. Bernice Prentice and Mrs. Donald Hall.

Hostesses for the June meeting will be Mrs. Nelson Prentice and Mrs. Bernard Prentice.

Lunch was served at Wednesday's meeting by Mrs. Cassie and her co-hostess, Mrs. Charles Akins.

The report stated that new officers elected at the convention included Mrs. Beth Clary of Redford, president; Mrs. Mary Beard of Taylor, secretary; Mrs. Carol Colgrove of Milford, treasurer; and Mrs. Beverly Nelson of Tecumseh, district vice-president.

Plans were discussed at Tuesday's meeting for the Jaycee Auxiliary's coffee and doughnut stand in the downtown area on Mayors Exchange Day Monday, May 22. The Auxiliary is taking charge of the stand for the sponsoring Chamber of Commerce.

The Jaycee Auxiliary also announced plans to sponsor a teen dance at the Junior High school, June 15.

JERUSALEM FARM BUREAU

Nine families attended the Jerusalem Farm Bureau meeting Thursday evening at the home of Mr. and Mrs. Walter Beutler, 14.

Reports were given by Minister David Pastor and the Farm Bureau Women

CUB SCOUT NEWS

Scouts of Den VI were morning visitors at the science education materials at Ann Arbor.

Cub Scouts in the group were: Farley, Lee, Dickelman, Novess, Bruce Parks and Hepburn.

Also in the group as guests of the den were Andrew Soule and Vernon Thomson.

David Conklin, a member of Den VI, was unable to attend. Adults who accompanied the den are Mr. and Mrs. Vernon Novess and Mrs. Curtis Farley.

A family den picnic has been planned for June 2 at a park. In case of rain, it will be held from 2 to 5 p.m. at the Congregational church.

Scouts of Den 8 met May 14. They collected dues and rolled up their den records. They discussed the picnic which will take place in June. At the last meeting, they elected officers as follows: David West, president; Roger Runk, vice-president; Don Runk, treasurer; Jack McClear, secretary. The den will meet next week. Mr. Runk is to bring refreshments.

WEDNESDAY HONORED

Mr. Leonard Loveland was honored Sunday at a combined birthday and Mothers' Day dinner held at St. John's church hall at Farmington.

Decorations included a number of plants which were gifts presented to Mrs. Loveland by members of her family, and a beautifully decorated birthday-cake. The dinner was served by Mrs. Ralph Loveland and daughters, of Monroe; Mr. and Mrs. Dale Loveland and daughters; Mr. and Mrs. Darrel Vinton of Ann Arbor; Mr. and Mrs. LeRoy Loveland and family; Mr. and Mrs. Arley Loveland.

The list continues with Mr. and Mrs. Harold Spink and family, of Farmington; Mr. and Mrs. Gale Loveland; Mr. and Mrs. Dillman Wahl; daughter, Mr. and Mrs. Gerald Wahl and children; Mr. and Mrs. Ron Rentschler; and Miss Mac Notten.

Afternoon callers included Mrs. Davis of Lansing, Mrs. Callender of Four Mile Lake, Mrs. Alvin Wahr and children of Farmington.

The Rev. Albertus C. van Ralte, a minister and a physician, moved to this state in 1846 the group of Calvinists from the Netherlands who established Holland on the shore of Lake Michigan.

Mr. and Mrs. Charles Patrick

Charles Patrick's Honored Saturday On 25th Anniversary

Mr. and Mrs. Charles Patrick of 228 North St., were guests of honor Saturday evening at a surprise celebration of their 25th wedding anniversary. A reception, planned by their family, was held in the Municipal building during the early part of the evening and later, the family took the honored couple out to dinner in Ann Arbor.

Guests at the party, here were relatives and friends from Ann Arbor, Ypsilanti and Chelsea. Approximately 50 were present.

Assisting at the reception were Mrs. C. W. Stephens who cut the silver and white anniversary cake; Mrs. Ivah Hanker who served punch; and Regina Eder who poured coffee.

The Patricks were presented with a "money tree" of silver dollars as an anniversary gift.

Mr. and Mrs. Patrick were married May 15, 1937, at Paintsville, Ky. Mrs. Patrick is the former Arizona Castle. They have been Chelsea residents the past 23 years.

Mr. Patrick is with Central Fibre Products and Mrs. Patrick is employed at Colonial Manor Nursing Home.

The Patricks' family includes two daughters and a son; also a son-in-law and a daughter-in-law and three grandchildren. They are Mr. and Mrs. Don Wood and children, Penny Sue and Kimberly Ann; Mr. and Mrs. Jack Patrick and daughter, Pamela Irene; and the daughter Mary Patrick, at home.

Como To Honor Michigan on TV Network Show

Perry Como, popular television personality, will present a special television program, "Salute to Michigan," Wednesday evening, May 23, when he will show interesting segments of Michigan Consolidated Gas Company's public service film, "The Michigan Story."

"The Michigan Story," which Como selected to promote Michigan Week, tells the story of the great resources of this State from the time of the fur traders through its iron and copper mining, lumber, agriculture, automobile and technological booms.

In honoring Michigan, Como's nation-wide telecast will outline to millions of viewers across the country the many outstanding opportunities in the State for businessmen and citizens of tomorrow. Watch your newspaper for the TV listing of Perry Como's Show, May 23, over the NBC network.

Attending National Assembly of Methodist Women in New Jersey

Mrs. Raymond Schairer of Chelsea Methodist church, who is vice-president of the Ann Arbor District of the Methodist Women's Society of Christian Service, and Mrs. Bruce Love of Howell, district president, are in Atlantic City this week attending the sixty National Assembly of Methodist Women. The Assembly meets once every four years.

Mrs. Love, who will be remembered here as the former Grace Riemenschneider, is the official delegate of the district and Mrs. Schairer is the alternate delegate.

Mrs. Schairer and Mrs. Love left Monday with a group of 100 women of the Detroit Conference of the Methodist Church. The Detroit Conference includes Methodist churches of the entire upper peninsula and the eastern half of the lower peninsula of Michigan.

Approximately 3,000 women from all over the United States, including Hawaii and Alaska, were to be present for the assembly.

Theme of the sessions—Tuesday, May 15 to Friday, May 18—was "The Church in the World."

A highlight of the assembly is the commissioning of new missionaries of the women's division of the Methodist Church.

Prominent speakers, special music, pageants and many other features of particular interest are included on the four-day program.

The Michigan group will return home Saturday.

The first Baptist church in Michigan was started by Elton Galusha, a missionary of the New York Baptist Convention, in a crude cabin 36 miles northwest of Detroit where the city of Pontiac now stands.

Two days after Antoine Cadillac landed at Detroit in 1701, he established St. Anne's Church, Michigan's first church and next to the oldest parish that has been maintained continuously in the United States.

150 Guests Attend St. Mary's Mother-Daughter Breakfast

Originally scheduled to take place at the Junior High school gymnasium, a mother-daughter breakfast for women and girls of St. Mary's Catholic church and their guests was held instead at South Elementary school Sunday morning. Approximately 150 women attended.

The Rev. Fr. Francis Maliszewski gave a brief talk and a program was carried out under the direction of the program chairman, Mrs. Norbert Merkel.

Miss Gertrude Young, president of St. Mary's Altar Society, welcomed the mothers and daughters present.

"Origin of Mothers' Day" was read by Mrs. Edward Orlovski; a toast to mothers, entitled "Why I'm Here," was given by Denise Albert; and Janet Boylan gave a recitation, "Every Day is Mothers' Day."

The final presentation was a question and answer reading entitled "Who?" by Janice Wong, assisted by Mary Wood and Kathy Mary and Donna Clark.

Gifts of geranium plants were distributed to the oldest mother, the youngest mother and three mothers who tied for the honor of having the most daughters.

Oldest mother was Mrs. Howard Canfield; youngest mother, Mrs. Deane Walz; and mothers with the most daughters (five each), Mrs. Vincent Harper, Mrs. William Clark and Mrs. Wilson West.

With Patricia Guest at the piano, the program closed with the hymn, "On This Day, O Beautiful Mother."

At the close of the program an announcement was made of the Washington County Deane meeting which is scheduled for May 20 at 2 p.m. at St. Louis school with St. Mary's Altar Society as hostess group.

Some of the nation's most picturesque water falls are located in Michigan's Upper Peninsula.

Mother-Daughter Dinner Held Saturday In Salem Grove Church

Saturday evening 105 mothers and daughters were present for a banquet in their honor at Salem Grove Methodist church. The dinner committee general chairmen were Mrs. Rudolph Rohde and Mrs. Clarence Lehman.

The program, in charge of Mrs. Truman Lehman, was opened with group singing and the customary toasts to mothers and daughters.

Joyce Colvia gave the toast to mothers and Mrs. Alda Lehman responded with a toast to daughters.

Mrs. Oscar Kalmbach and Mrs. Glenn Kalmbach sang "Gather Some Roses for Mother" and this was followed by an appropriate address by Emilie Hability of Lebanon, a student at the University of Michigan.

The oldest mother present was Mrs. Holton Bush; the youngest mother, Mrs. William Hoppe; the youngest daughter, Mary Beth Wahl, daughter of Mr. and Mrs. C. W. Wahl; and the mother with the most daughters present, Mrs. Nina Wahl, each was presented with a gift.

Present for the banquet with Mrs. Wahl were four daughters, a daughter-in-law and eight granddaughters.

The diary of the Rev. Nathan Bangs, a Methodist minister, states that when he crossed over to Detroit from Sandwich, Ontario in 1804, he found Detroit "almost abandoned place." After three visits which he found unprofitable he "shook off the dust of his feet as a testimony against them and took his departure." But a Methodist group established Michigan's first permanent Protestant church at Dearborn in 1818.

The first bishop of Marquette, Bishop Baraga, who ranks as one of the foremost writers in American Indian literature, was the author of the first Chippewa grammar and dictionary.

Family Dinner, Reception To Honor Waterloo Couple on 50th Anniversary

Mr. and Mrs. George Young of Waterloo will observe their 50th wedding anniversary Sunday at a family dinner at 1 p.m. at the Waterloo school house and at an open house reception at their home, 15730 Waterloo Rd., from 2 p.m. until 5 p.m.

Mr. and Mrs. Young have been Waterloo residents the past nine years. They are members of the Waterloo Village church and Mrs. Young is a member of the church's Women's Society of World Service.

Mrs. Young is the former Florence Hummel. She and Mr. Young, both of Columbia City, Ind., came to Waterloo in 1943.

They were married at Salem, Ore., May 19, 1912, and made their home there for four years.

They had made their home in Wayne, Mich., for 37 years before moving to Waterloo in 1953.

Mr. Young is a retired automobile mechanic. Mrs. Young was a school teacher in Oregon and Indiana and for 16 years prior to her retirement she was employed as a practical nurse at Wayne County General Hospital.

Their family includes two daughters, Mrs. Willard Kuhn (Louise) of LaPorte, Ind., and Mrs. Frank Kelley (Janice) of Wayne; and a son, Richard Young of Phoenix, Ariz.

They also have seven grandchildren, Sharon and Nancy Young of Phoenix, Robert and Janice Kuhn of LaPorte, and Kathleen, Billie and Betty Kelley of Wayne.

Michigan's greatest contribution to the theater was the famous stock company operated in Detroit by Jessie Bonstelle from 1925 until her death in 1932. From it came such famous stars as Katharine Cornell, Ann Harding, Frank Morgan, Melvyn Douglas, William Powell and others.

State Police Show Sharp Decrease in April Traffic Toll

April traffic deaths totaled 102 in Michigan, a sharp decrease of 36, or 26 percent, compared with 138 in the same month a year ago, according to State Police provisional figures.

This was the eighth month in a row showing a reduction compared with the corresponding previous months. The April average for the five-year period of 1957-61 was 115.

The provisional death toll for the first four months of this year is 374, a drop of 80, or 18 percent, compared with 454 in the same period last year.

The Seventh Day Adventists established their national headquarters in Battle Creek, in 1857, and this city is still the headquarters for that faith.

Biggest News Since Hybrid Corn

When modern hybrid corn first replaced open pollinated varieties, every farmer remembers the yield increases that resulted—bringing the average number of bushels per acre to a new high. Today, agricultural authorities report that the same type of result has come about from the use of modern herbicides. Without weed competition yields have increased anywhere from 16 to 25 bushels, and a new and higher yield average seems inevitable.

The new herbicides responsible for boosting yields are really in the news. Most of them resulted from years of laboratory research, testing and proving before they were released for sale to the modern farmer. In addition to weed control ability, the safety features of these weed control chemicals are often outstanding. For example, two widely used herbicides, Atrazine and Simazine are not only safe to corn, but safe to humans and animals, nonirritating to skin, but still lethal to weeds.

So progress continues with dramatic yield increases—first with the introduction of hybrid corn seed, and now with modern weed killing chemicals. What development will be next in this chain of progress? Modern farmers can hardly wait to find out. Meanwhile, valuable information may be obtained by writing Galley Agricultural Chemicals Department, W.N. Saw Mill, River Road, Ardsley, New York, for their free manual on weed control in corn.

Ann Arbor YM-YWCA Planning for Summer Day Camp Sessions

The Ann Arbor YM-YWCA operates an annual camping program for boys and girls. Boys' Day Camp is held at the Dexter Unit of Dexter-Huron Park for 7 through 11-year-olds; Girls' Day Camp for girls ages 7 through 9 is located at the Delhi Unit of Dexter-Huron Park.

This type of camping provides a variety of wholesome outdoor activity for younger boys and girls who do not want to be away from home overnight.

Skills in campcraft, handcraft, sports, nature lore and swimming instruction are a part of this program. Some indoor sports programs and both instructional and recreational swimming are held at the YM-YWCA building.

The Y-Y transports the children from the building to the camp site and returns them to the "Y" each day at 4 p.m.

The Day Camp periods begin June 26 and end Aug. 17. The program runs Monday through Friday of each week. A child may enroll in one or more periods at a fee of \$9.00 per five-day session.

In addition to Day Camping, "Y" operates an established residence camp at Clear Lake in Jackson County. There are four two-week sessions for girls beginning June 24 and ending Aug. 17, and one two-week session for boys beginning Aug. 19. Any boy or girl, 9 through 15 years of age is eligible. Activities at Camp Takona include campcraft, swimming instruction, canoeing, sailing, archery, handcraft, field sports, nature study, dramatics, and trips.

The fee for residence camping is \$48 for Washtenaw county residents and \$50 for those living out of the county.

The primary purpose of the "Y" camping program is symbolized by the "Y" triangle—development of Spirit, Mind, and Body. Camping sets the stage for growth of the individual.

Camp staffs are composed of trained young adults who have a special interest in children and enthusiasm for camping. "Y" camps are members of the American Camping Association and meet the high standard of excellence established by this association for staff qualifications, program and facilities.

Iron Mountain is the home of the world's highest artificial ski jump.

This Week In History

Indians massacred 300 Colonists in Virginia, May 18, 1644. The Panama Canal opened to regular traffic, May 18, 1914. The first immigration quota was passed by the U.S. Congress, May 19, 1921. Prime Minister Winston Churchill addressed U.S. Congress, May 19, 1943. The U. S. Army's first pilot school opened at College Park, Maryland, May 20, 1911. Charles A. Lindbergh took off on the first solo trans-Atlantic flight, May 20, 1927. Lewis and Clark left St. Louis for a journey up the Missouri River, May 21, 1804. The American Red Cross was founded, May 21, 1881. The treason trial of Aaron Burr opened at Richmond, Virginia, May 22, 1807. President F. D. Roosevelt vetoed a soldiers' bonus bill, May 22, 1935. The German battleship "Bismarck" was destroyed, May 23, 1940. The Anti-Saloon League was formed, May 24, 1893. The Brooklyn Bridge was opened May 24, 1883.

Reception To Honor Teacher Completing 41-Year Career

Mrs. Helen Klumpp Gross, third grade teacher at Pleasant Lake school, is being honored Sunday, May 20, at an open house reception at the school prior to her retirement at the end of the school year after 41 years of teaching in this area.

The Pleasant Lake RTA honored her at the group's regular meeting Tuesday, May 8, and children in her class joined in the special recognition. Because of her interest in growing African violets, she was presented with a plant.

Friends interested in planning the reception in her honor have compiled a resume of her 41 years as a teacher and listed names of pupils on the school census records in the districts where she taught. They are hoping that many of these will make an effort to attend the open house Sunday afternoon.

Mrs. Gross began her teaching career at the McLaren rural school in Lima, township in 1921 when she completed the term of Blanche Cronin who resigned.

School Board members of the district at that time were Fred Bahmiller, Philip Seitz, Jr., and Louis Eschelbach.

Listed on the school census during the time Mrs. Gross taught at McLaren school were Helen Sias, Beta Zahn, Esther, William and Frieda Bahmiller, Carl, Harold and Ruth Barth, Harold, Loren, Roland, Mildred, Martha, Esther and Lucile Guenther, Alton, Hilda, Luella and Norman Diable, Alvin and Rudolph Eschelbach, Anna, Bertha, Frank, Joseph, Mary and

Rita Honeck, Mabel, Marie and Walter Rothfuss, and Irene, Lorena and William Henry Seitz. The names include all children in the district whether they were in school or not.

Other schools at which Mrs. Gross taught included Jeddah school and Dold school in Lodi township; Kuebler school in Freedom township; Mooreville school in York township and Kuebler school in Freedom township a second time.

She taught 16 years at Dold school and has been at Pleasant Lake school since the district was consolidated several years ago.

After studying at summer school classes for 10 years Mrs. Gross received her teacher's life certificate in 1931.

In addition to her hobby of growing African violets, Mrs. Gross has her own orchestra known as the Helen Gross orchestra. The group has become well known throughout the area for their playing at square dances.

Mrs. Gross, herself, plays the violin.

She and her husband, Rudolph Gross who is Lodi township clerk, live at 7385 Noble Rd., Saline.

Open House Planned At Homestead Acres Theatre Day Camp

Sunday, May 20, Homestead Acres Theatre Day Camp, located at 18450 Jerusalem Rd., Chelsea will be open to "all who would enjoy its friendly farm atmosphere," according to an announcement by the owners, the George P. Frisingers.

An open house is planned from two to four o'clock. A group of youngsters will present a creative dramatics play in the barn theatre and a puppet theatre will be on display.

Mr. and Mrs. George P. Frisinger are again offering their 130-year-old farm as a day camp for young people ages 9 to 17 to enjoy this summer. In addition to camp activities special plans have been set up for creative dramatics and dance, theatre and puppetry. Arts and crafts are planned to accompany the other projects.

Shirley Madrano who has directed Childrens Theatre in schools, churches and recreational programs, will direct the camp.

Senator Thayer Announces Candidacy for Re-Election

State Senator Stanley G. Thayer (R), of Ann Arbor, has announced his candidacy for re-election.

In making the announcement, Senator Thayer said, "Since assuming office as State Senator from Washtenaw county, I have attempted to judge public questions on the basis of what is the most responsible answer for the best interests of all our people."

"Michigan has many hard, knotty problems for which there are no easy or simple answers. Today, as never before in our state history, we must have responsible action in the legislature as well as all other branches of government if Michigan is to progress successfully in the future."

"My concern is for the growth and progress of this state. According to many studies, we have been falling behind the national average of economic growth in recent years. This is translated into lack of opportunity for thousands of our people, particularly among our youth."

"Our Michigan problems can be turned into opportunities for progress if we take positive and constructive action to correct the situation."

"While many steps have been taken in the fields of financial reform, education, mental health and other areas of public service to make this a better state, with greater opportunity for all, much still remains to be done."

"Actually, there is nothing wrong with Michigan that can't be cured by positive thinking and positive action. There has been in the past entirely too much negativism and refusal to face facts realistically."

"I see this situation changing and an era of positive political action emerging for the benefit of our entire state."

"If I am re-elected to the State Senate, I pledge to continue to examine public issues on the basis of finding responsible answers and developing responsible programs to make Michigan a state for individual opportunity and a greater state in which to live, to work and to raise families."

Senator Thayer, 38, was elected to the Senate in 1960. He is chairman of the Public Utilities Committee and a member of the committees on Appropriations and Health and Welfare.

He also has served as a member of the Senate's interim study committees on community health services and administrative rules and regulations and chairman of the interim study committee on penal code revision.

During his term in the Senate, he has sponsored legislation to aid higher education and mental health, and modernize laws governing commerce and medical practices. In addition to these areas, he has supported the movement for tax reform and stronger civil rights features in the law.

Senator Thayer has been an Ann Arbor resident since 1941. He received an AB degree in political science from the University of Michigan in 1948 and an LL.B. degree from the University's Law School in 1950. He was a member of the University's Concert and Marching Bands.

He served as an officer in the Army Medical Service Corps during World War II and the Korean campaign.

A practicing attorney in Ann Arbor since 1950, he was appointed Justice of the Peace of Ann Arbor township in 1957 and served as Acting Municipal Judge in both

SENATOR STANLEY G. THAYER

Ann Arbor and Ypsilanti. Thayer has also served on the County Board of Supervisors as a temporary appointee.

He was chairman of the Washtenaw County Republican Committee from 1958-1960.

Senator Thayer is a member of the Economic Club of Detroit, the Ann Arbor Lions Club, Ann Arbor Lodge No. 544, P&AM, Ann Arbor Moose Lodge, University of Michigan Club of Ann Arbor, Ann Arbor YM-YWCA, American Bar Association, State Bar of Michigan and the Washtenaw County Bar Association. He is director of the Washtenaw County Tuberculosis Association and a past director of the Delta Dautemon Alumni of Phi Sigma Kappa fraternity.

Senator Thayer lives with his wife, Marie, and their three daughters, Gwen, Bobbi and Victoria, at 1706 Glenwood Rd., Ann Arbor.

He was born in Grand Rapids and attended public schools in Sparta, Okemos, Fremont and South Haven, where he was graduated from high school in 1941.

Did You Know...

That tourist business in Michigan is estimated at \$650 million dollars with 30,000 individual businesses employing 100,000 people? Dexter enjoys some of the revenue and employment resulting from the tourist industry.

First-Time Job Seekers Reminded To Obtain Social Security Card

The time for summer vacation from school is rapidly approaching. For some, school closing will mean a summer of care-free existence at the beach, swimming, fishing, and boating. To some, it will mean going to the mountains and the more rugged sport of mountain climbing. To most, however, it will mean summer work and the satisfaction of earning money and all of the personal gratification even a limited amount of financial independence brings.

If you are one of the vast number of students who will be working for the first time this summer, there are a few important things you should know. You will need a social security account number. You may get an application from your Post Office or from the local social security office listed in your phone book.

After you receive your number, be sure to show it to your employer so that he may record it in his records. This is of equal importance to the summer-time worker and to the graduate who will be starting his career. All employees are credited under the individual's account number. You should have only one number throughout your lifetime.

If you lose your number be sure to apply for a duplicate of your original number. If you will remember these points, you will be starting your working career with the least possible difficulty.

New Parks Permits Issue To Replace First Lot with Defective Glass

Lansing—If you bought a parks entrance permit, that was stuck to your windshield, the Conservation Department has news for you.

Later this month, possibly the third week, you will be able to replace your permit at no cost presenting it at any state park recreation area where permits are sold. Some 2,000 of Michigan's permits will have new permits sold, but they will not be set up to make replacements.

Approximately 20,000 permits have already been sold and more if not all of them, may need to be replaced because of a blue defect discovered recently.

A new order of permits is now being run off by the vendor at charge to the Department. The color is changed from green-orange.

Green permits will be honored all state parks and recreation areas during the 1962 season, provided they are sticking to windshield with their own adhesive.

The first Catholic paper in United States was founded Father Gabriel Richard in Michigan in 1809, and in 1823 he was elected to represent the Michigan territory in the House of Representatives, the only Catholic priest who has ever served in Congress.

SUMMER THEATRE WORKSHOP AT HOMESTEAD ACRES FARM

A Theatre Workshop in the Out-of-Doors

A creative and theatre learning experience combined with summer fun on a farm. For Boys and Girls 9-17.

SESSIONS 5 DAYS A WEEK—9 A.M. to 4:30 P.M. SEASON—JUNE 18 THROUGH JULY 13

For information or Brochures Phone GR 9-4161 Mr. and Mrs. George P. Frisinger, 13450 Jerusalem Rd., Chelsea

To Keep Your Car Operating Efficiently

A periodic lube-and-grease job is an absolute necessity. Regular lubrication means parts wear longer and engine troubles decrease.

An apple or applesauce?

"Something for nothing from the federal government, Senator? That's applesauce!"

Politicians like to give the impression that you get something for nothing just to get votes.

Take for example, the statement of Senator McNamara on the King-Anderson bill now before Congress. He said:

"If this bill is passed, a total of 575,570 Michigan residents, 65 and over, will be eligible for benefits immediately and automatically—at no further cost to them."

"Something for nothing, Senator? That's applesauce!"

"Why not tell the whole story, Senator?"

Why not tell the people, Senator:

—That Michigan employers would pay over \$100,000,000 more per year in taxes to make these Michigan residents eligible:

—That this amounts to added taxes of nearly \$350 per aged couple—much more than what it would cost for Blue Cross Comprehensive hospital coverage:

—That the "benefits," for which these folks would be eligible has a joker in it; for they would have to personally pay \$10 per day for the first nine days of hospital care and \$20 for diagnosis and not get doctors' bills paid at all!

Why not tell them that:

—Any person over 65 years of age who is earning less than \$1,500 or a couple earning less than \$2,500, can get both medical and hospital care at governmental expense and do so without endangering their home ownership, their insurance, or a reasonable amount of money which they might have in the bank?

Why not tell them that this is because:

The Michigan legislature passed the Michigan Aid to the Aged law in 1961 for the purpose of protecting those people who have saved their money, and who are living on low incomes, from being hurt badly, financially, should serious illness strike them?

Why not tell them that the present program costs about \$11,000,000 a year in Michigan?

Why not stick to the "APPLE" of fact instead of making "applesauce" out of the facts, Senator?

Every taxpayer has a stake in this obvious free-spending move to take his money to give away "something for nothing."

Write your Congressman today and tell him you want to keep your country safe and sound and to forget this vote getting King-Anderson applesauce.

Attend Meet Of E & R Synod At Grand Rapids

The Rev. Paul M. Schnake of St. Paul's church and the Rev. T. W. Menzel of Bethel church attended the spring meeting of the Michigan-Indiana Synod held from Tuesday until today at Grand Rapids. Theodore Faist, official delegate of St. Paul's church, and Mrs. Louis D. Vogel, a delegate from the Bethel congregation, attended in their official capacity, and Mrs. Paul G. Schaible, Sr., of St. Paul's church who is a member of the Executive Council of the United Church of Christ, attended as a visitor.
The Congregational Christian Church also held the state meeting at Grand Rapids this week and both church groups held the Congregational Christian and Evangelical and Reformed Church bodies have merged as United Church of Christ and are in the process of concluding various final details.
A Presbyterian clergyman, the Rev. John Monteth, organized the First Protestant Society of Detroit in October 1816. A few years later the Society became the First Presbyterian Church of Detroit. Interestingly enough, checks issued by the treasurer of that church still carry the original incorporated name, the First Protestant Society of Detroit.

Public Panel Program Stated on Alcoholism

Interested citizens of Chelsea are invited to attend a public panel program Wednesday, May 23, at 8 p.m. at the YM-YWCA in Ann Arbor, sponsored by the Washtenaw County Committee on Alcoholism. Title of the panel program is "Alcohol and the Family."
Panel members are to be Circuit Court Judge James R. Breakey; Robert O. Blood, associate professor of sociology at the University of Michigan; Dr. Robert A. Moore, assistant professor of psychiatry in the University School of Medicine; and Dr. Jack C. Westman, assistant professor of psychiatry in the University School of Medicine.

Michigan is rich in Indian lore. Longfellow's "Song of Hiawatha" has immortalized legends of the Chippewas and other Upper Michigan tribes. Its Gitche-Gumee locale is the Lake Superior area of northern Michigan. The Upper Peninsula is known as the Land of Hiawatha. Longfellow drew his information for the poem, published in 1855, from Henry Schoolcraft, Indian historian and scientist, who lived at Sault Ste. Marie.

Math Champs—This three-man mathematics team from State University finished first in a national mathematics competition participated in by more than 125 Canadian and U. S. students and universities. Others in the top five were, in order of place, Massachusetts Institute of Technology, California Institute of Technology, Harvard University, and Dartmouth College. Left to right are: Robert E. Greene, sophomore in mathematics from State, Tenn.; Frederick J. Gilm, senior in physics from East Bay; and Richard D. Freeman, Jr., senior in mathematics from Midland.

Kiwanis International Establishes 1st Club Outside Canada, U.S., in Mexico

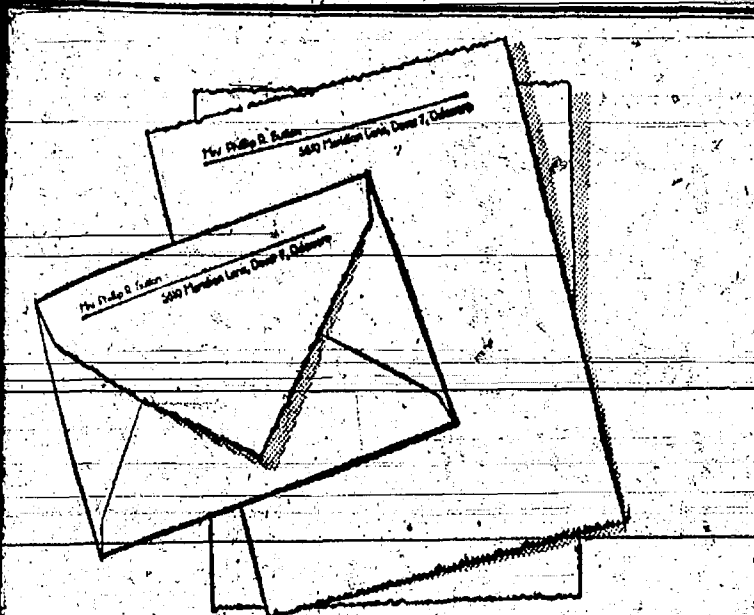

Kiwanis International has just made its first club outside the United States and Canada. A new club, the Club of Tijuana, has been organized in Tijuana, Mexico. The club was organized by a delegation of Kiwanians from the San Diego area crossed the border into Tijuana for a permanent organization meeting. Formal charter presentation was made to the local authorities. In announcing the move into Mexico, Wittmann said, "This is no spur-of-the-moment action on our part. Kiwanians have long been eager to spread their concept of the service club and its ideals into lands other than the United States and Canada. Now the time is propitious. Establishment of the Kiwanis Club of Tijuana comes less than a year after the delegate body approved a resolution calling for extension outside of the United States and Canada."

The BIG Difference...

Major, home and business, insurance is the continuing attention you get from an independent insurance agent. As a self-employed business man in your own community, your independent insurance agent serves you in many ways.
He helps you choose the right protection.
He recommends only strong, reliable companies known to pay claims quickly and fairly.
He keeps your protection up-to-date.
He works on your side when you have a loss—follows through to see you get prompt, fair payment.
An independent insurance agency, ready to give you continuing attention—The Big Difference in insurance today. Let us show you how much The Big Difference can do to solve your insurance problems.

The first Congregational church in Michigan was organized at Rochester in 1824 by a circuit rider, the Rev. L. M. Rogers. The Rev. Nathan Barker, Methodist minister, first visited Detroit from Ontario in 1804. The first permanent Protestant church was established by a Methodist group in 1818 at Dearborn. A Presbyterian, clergyman, the Rev. John Montiel, organized the first Protestant Society of Detroit in October, 1818, and a few years later, the Society became the first Presbyterian church.

Hi-Light copy was submitted too late for publication this week. Sorry.

Brighton-Made Rocker Panel Named Area's Michigan Week Product

Ann Arbor—Top Michigan Week products and achievements in the four-county region have been announced by Michigan Week regional chairman John B. Meadows and products chairman Harold B. Cogman.

Named best 1966 product for the May 20-26 observance in Livingston, Lenawee, Monroe and Washtenaw counties is the snap-in automobile rocker panel manufactured by Chapman Manufacturing Co. of Brighton.

Top achievement award went to the Adrian Area Chamber of Commerce for its successful efforts to retain the industrial capacity which ultimately was taken over by Harvey Aluminum, Inc.

Runners-up in the competition were American Chain and Cable, Inc., of Adrian for its product, Steel Master, a new type of steering device for motorbikes of all size, and Ann Arbor Chamber of Commerce for development of Ann Arbor Research Park.

Four Children Baptized At Methodist Church

There were four baptisms Sunday morning during the worship service at the Methodist church, with the Rev. S. D. Kinde officiating.

Baptized were Elizabeth May, daughter of Mr. and Mrs. Jack Pfeiffer; Jane Elizabeth Lindsay, daughter of Mr. and Mrs. David Lindsay; and Joyce and Janice Stephens, twin daughters of Mr. and Mrs. C. W. Stephens.

A LOOK TOWARD THE LIGHTER SIDE—Whatever the topic was under discussion, it apparently furnished a much-needed light moment for those Constitutional Convention delegates. From the left are David Upton (R-St. Joseph), Dean Doty (R-Grand Ledge) and John McCauley (D-Wyandotte), who is newly-elected chairman of the Wayne County Board of Supervisors.

Prof. Henry Bretton To Seek State Representative Post

Professor Henry L. Bretton, of the Department of Political Science at the University of Michigan, announced Saturday that he will seek election as State Representative from the First District of Washtenaw county on the Democratic ticket.

The First District comprises the city of Ann Arbor, and the townships of Ann Arbor, Northfield, Salem, Scio, Superior and Webster.

In making the announcement he gave two reasons for his decision, one having to do with the crisis facing the state, the other with civic responsibilities in general.

"As most of my fellow citizens, I have been concerned over the evident inability of our state legislature to come to grips with the fundamental crisis of the state for so long. I believe that there has been too much foot-dragging, too much political hedging on the part of too many people in Lansing. If elected, I would consider it my duty to promote realistic fiscal reform and would vigorously seek appropriations for higher education in step with our expanding society, to cite but two of the most pressing tasks. The future of higher education is, of course, a matter which is integrally related to the overall economic interests of every man, woman, and child in Washtenaw county."

"I also feel strongly that it is the duty of every qualified citizen to participate actively in the processes of government. For years, in the classroom and elsewhere, I have urged people to take an active part in politics. I believe that I can hardly continue to urge others to do what I am not prepared to do myself. I firmly believe that professors should not and cannot claim exemption from taking an active part in democracy."

Professor Bretton obtained his BA from Yale in 1947 in international relations. In 1951, he obtained his PhD in political science at the University of Michigan where he now holds the rank of Associate Professor of Political Science. He has published on a variety of subjects within the general area of government and politics, much of his work based on field research in Europe and in Africa. From 1956-1957 he served as liaison officer between the US Embassy in Vienna and the Austria-American Institute at Innsbruck, Austria. His most recent study tour was concluded in February, 1962 when he returned

PROFESSOR HENRY BRETTON

from his third trip to Africa. He has taught courses and delivered lectures in virtually every section of the state of Michigan.

Professor Bretton is a member of the American Political Science Association, the Michigan Chapter of the Society for International Development, and other professional organizations. He also is a member of the Ann Arbor Citizens' Council and is vice-president of the Ann Arbor Community Center.

Before entering Yale, Prof. Bretton served with the U.S. Armed Forces in the European Theater of War. He was a member of Military and Counter Intelligence, the Office of Strategic Services and was decorated for meritorious service.

Professor Bretton who has lived in Ann Arbor since 1947 resides with his wife, Marian, and their two children at 1660 Westfield Ave. The Brettons are members of the First Presbyterian church of Ann Arbor.

A missionary from New York Baptist Convention started the first Baptist church in Michigan near Pontiac; he was Elihu G. Lusha. In 1846, the Rev. A. C. Van Rantle from the Netherlands led the Calvinists who established the city of Holland on Lake Michigan.

Kalmbach Urges Less Government Control To Aid Economic Growth

Government's most constructive role in the free enterprise system lies in creating and maintaining the economic and political conditions under which freedom thrives, Leland J. Kalmbach, chairman of the board of the Massachusetts Mutual Life Insurance Company said Friday at Ann Arbor.

"And," he added, "we should never forget that without economic freedom we cannot long have political freedom."

Kalmbach, who is a native of Chelsea, a son of the late Mr. and Mrs. John Kalmbach, was speaking at the 32nd Annual Conference of the School of Business Administration at the University of Michigan campus. He is a graduate of the University. During the ceremonies he was presented the school's Business Leadership Award by U-M President Harlan Hatcher, Dean Floyd A. Bond presided at the program.

"Maintaining a satisfactory rate of economic growth," Kalmbach declared, "is not only a serious challenge, but a necessity at this point in our history." To spur this growth he called for greater efforts "to stimulate and provide investment in new plant and equipment. To accomplish this end, we urgently need a higher level of corporate profits."

A recent study indicated, he said, that corporate profits after taxes had shrunk from 5.3 cents for every dollar of sales in 1950 to an estimated 3.1 cents in 1961. "Reducing profit margins have caused uncertainty which, in turn, are resulting in a lack of adequate business expansion and modernization," he said. "Business would be spending more money for new plant and equipment, thus providing more jobs, if it could see a possibility of increased profits."

The need for expansion of our industrial plant is great, he warned. During the 1950's an estimated 13.5 million will be added to our national labor force. Average investment of at least \$20,000 is required in plant and equipment for each new job. "On this basis," he stated, "a new industrial capacity must be created at a cost of at least \$270 billion while the investment of additional billions will be required to modernize existing plant and equipment."

"In order for industry to have the financial ability to modernize or replace plant and equipment to the extent necessary, changes in our tax laws affecting depreciation, and drastic changes, are needed."

The major share of required investment capital will come from corporate profits, Kalmbach stated, but "we also need a tremendous increase in savings by individuals if we are to finance growth-pro-

ducting expenditures without reviving inflationary pressures."

There has been a decline in the rate of national saving, he said, with one of the main deterrents the "harmful—in fact, highly dangerous—growing impression that saving is an activity which commands itself to the fearful and old-fashioned, instead of the sound respectable average citizen." Part of the reason for this, he felt, is that many needs for which past generations provided through savings are now being met by governmental programs.

Social Security he described as "a desirable program if confined to proper limits." But an increase in benefits, he feared, "would make the entire program highly dangerous from the standpoint of our ability to maintain a sound economy."

Kalmbach also called for close review of our current federal income tax laws which, he felt, "may be an important obstacle to growth because of their chilling impact on individual initiative. Our federal income tax laws make it 10 times as important for an individual in the highest income bracket to save a dollar in taxes as to earn an additional dollar of income."

"I think it is significant," he continued, "that the tax structure of most of the other rapidly growing free industrial nations of the world gives the incentive of considerably greater financial gain than is available in the United States for outstanding individual performance."

Kalmbach branded as "a misconception" the belief that "we can have higher wages and shorter hours without seriously jeopardizing our competitive position and continuing economic growth. It is elementary that we cannot be com-

petitive and work less and get paid more—all at the same time."

Fixed-dollar savings play an important part in our economic growth, he said, and for this reason everything possible must be done "to avoid fear of inflation and to create confidence in the value of the dollar."

"I, for one," he said, "do not believe that inflation is inevitable. The industrial nations of the world now have excess productive capacity in practically every area, and most commodities are in heavy world supply. Therefore, in my opinion, the natural laws of supply and demand will make it possible for us to avoid inflation if the federal government follows sound fiscal and monetary policies."

"We cannot legislate economic growth," Kalmbach declared, "but we can have such growth if we will give our free enterprise system a chance to work without tinkering with it and offer adequate incentives for financial gain to both individuals and corporations."

Mr. and Mrs. Kalmbach arrived in Chelsea Thursday evening and spent the week-end at the home they maintain at 415 East St.

Evangelist Meetings Delayed One Week

The Rev. and Mrs. John Higginbotham, evangelists from Cleveland, O., who were scheduled to begin a series of special meetings at the First Assembly of God church Tuesday evening, have postponed their arrival here for one week. The series of meetings is now scheduled for May 22 until May 27.

Kalamazoo has one of the most active public lending museums in the nation, where over 50,000 loans of exhibits are made annually.

Everything right . . . ready to roll!

You know your car is RIGHT, when we check it out after any oil change or lube job.

Because we take particular care on every job, you can drive off without a care . . . confident of safe, smooth motoring.

NOW...MORTGAGE AND HOME IMPROVEMENT SERVICES FOR ALL OF WASHTENAW COUNTY

To meet the increasing demands of our rapidly growing area, Ann Arbor Federal is pleased to announce the extension of its lending services to all Washtenaw County. The Association is prepared to finance the purchase or construction of homes in and around Milan, Saline, Manchester, Dexter and Chelsea. As well, money is being made available for the refinancing of land contracts and financing for major improvements or repairs to existing properties. For information on any of these lending services, contact an Ann Arbor Federal mortgage officer either in person or by calling Ann Arbor, 662-6594.
