**CELEBRATING 90TH BIRTHDAY:** Mrs. Mary Faist, her three daughters, all of whom live in this area, and her son, Arthur, of Lynwood, Calif., were together Sunday for an open house reception held at St. Paul's church hall in observance of Mrs. Faist's 90th birthday. Seated, from left, are Mrs. Otto Lucht (Esther), Mrs. Faist, and Mrs. Oscar Lindauer (Milda). Standing are Mrs. Robert Clarke (Ruth), and Arthur Faist.

## Mrs. Mary Faist Honored Sunday on 90th Birthday

Approximately 150 guests called Sunday afternoon at St. Paul's church hall to extend good wishes to Mrs. Mary Faist on her 90th birthday. The open house reception, honoring Mrs. Faist, was arranged by members of her family—Mr. and Mrs. Oscar Lindauer and Mrs. Otto Lucht of this vicinity, Mr. and Mrs. Robert Clarke of Jackson, and Mr. and Mrs. Arthur Faist of Lynwood, Calif.

Mrs. Faist is a life-long area resident. The former Mary Schulte, she was born in Lodi township, lived for a time in Lima township and then, until her marriage to Adam Faist, in Sylvan township in what is now the center of Chrysler Proving Ground.

Mrs. Faist, who died in 1931, owned and operated a carriage and wagon shop on W. Middle St. for many years on the site of the present Harper Sales & Service building. He discontinued the wood shop in 1912 when he opened a garage and agency for Overland automobiles in the building immediately west of the shop.

In addition to her son, Arthur and the three daughters, Mrs. Lindauer (Milda), Mrs. Lucht (Esther), and Mrs. Clarke (Ruth), Mrs. Faist has five grandchildren, Mrs. Robert Gillette of Jackson, Mrs. Vorell Stoinaway of Ann Arbor, Richard Faist of Lynwood, Calif., and David and Douglas Faist, of Ventura, Calif. The latter two are sons of the late Austin Faist who died six years ago.

Mrs. Faist also has seven grandchildren.

The Faist home for many years was at 440 Orchard St. for the past eight years, however, Mrs. Faist has made her home with her daughters.

She attends St. Paul's church regularly, is a member of the Women's Guild and a member of St. Paul's Mission club.

## IN THE OPEN

By Lee Smits

Now let's go away back in a review of Michigan's fish and game resources. French explorers (early in the 16th century) and the first settlers found a fantastic abundance of food and fur to be had for the taking. The French had difficulty in lifting their over-burdened note in Lake St. Clair. Even in the first part of the 20th century there were heavy fall runs of whitefish in the Detroit River. There was a government fishery on Belle Isle, about where the Dossin Marine museum stands today. Fifty years ago you could journey to Belle Isle and buy whitefish, dipped from a live box—10 cents a pound!

Brook trout were found mostly in streams flowing into Lake Superior, with the exception of the northwest corner of the Lower Peninsula. The Au Sable was, of course, grayling water. Brook trout were planted in all parts of Michigan so that by the turn of the century there were speckled trout in every spring fed creek in Michigan and lots of them.

When the first white men went inland in Michigan they found an incredible abundance of wildlife. What most impressed everybody were the clouds of passenger pigeons that literally darkened the sun. I've heard many a tale from eye witnesses of the pigeons and their slaughter.

It would be an interesting research job to map the game populations of Michigan as of a 100 years ago. We know there had been a few buffalo in the prairie patches of the southwestern border counties. Elk were hunted in the southern half of the Lower Peninsula before the Civil War.

We know that deer were not abundant north of the farming country before the big areas of pine forest were logged off. In fact, deer were few and far between in most parts of the Lower Peninsula as late as 1917. Now, of course, there are deer in every Michigan county.

I have some notes on way-back-when of special interest to me because the are about a region that I first visited more than 50 years ago, when it was true frontier.

Homier Smathers of Detroit was

## Firemen Assist On Auto Fire Near Logansport, Ind.

Fire Chief James Gaken and Fireman Claude Spiegelberg have received considerable publicity because of an out-of-state fire which they were prepared to extinguish; however, Gaken said, a highway truck on the scene managed to put out the blaze before the Chelsea firemen were required to go into action.

The incident occurred Monday about 30 miles from Logansport, Ind., as Chief Gaken was driving the Chelsea fire truck to the Universal Fire Apparatus Co. at Logansport for general overhauling and a new tank. Spiegelberg was following in a car in which he and Gaken later returned to Chelsea.

An automobile ahead of the fire truck caught fire and the Chelsea firemen stopped to assist; if necessary, the coincidence of the fire truck being on the scene so far from home was made much of in news stories of the incident.

**Vehicle Licensing Sets New High in Excess of 4 Million**  
Lansing — Michigan now has more licensed motor vehicles than ever before... and the record could climb to a staggering 4 1/2 million registered motor vehicles before the close of the licensing year, Oct. 31.  
In announcing the new all-time mark... which eclipses the record established only last year... Secretary of State James M. Hare predicted that Michigan would likely hit the 5 million mark in three or four years.  
As of Aug. 31, Hare said that 4,049,489 vehicles of all types had been licensed, nearly 25,000 over 1963's record.  
According to Hare's report, passenger licensing led the assault on the record, accounting for 109,000 more than in the similar nine-month period of 1963. However, he reported that all categories of license sales had shown substantial increases.  
Since the licensing year started on Nov. 1, 1963, 3,906,827 full-year licenses were issued, a hike of 217,000. This reflected itself in additional revenue, an increase of nearly \$3-million.  
Hare said that licenses totaled \$72,215,851 through July 31, describing it as "big business."

**Region 3 Teacher Conference Slated Oct. 15-16**

East Lansing—Schools in Jackson, Washtenaw, Lenawee and Monroe counties will close Oct. 15-16 for the annual Michigan Education Association Region 3 teachers conference. This year's conference, to be held in Ann Arbor, is expected to draw close to 4,500 area educators.  
Keynoting the conference will be Ashley Montagu, noted anthropologist and author of the best-seller, "The Natural Superiority of Women." Montagu will present the topic "On Being Human—The Nature of Human Relations" at the conference's general session, Oct. 15.  
The conference will also feature meetings on civil rights, teaching innovations and mental health. In addition, some 60 interest group meetings will be offered with topics ranging from international understanding to recent developments in mathematics instruction.  
One of 12 such conferences being sponsored this fall by the Michigan Education Association, the Ann Arbor meeting will bring the latest in educational theory and techniques to local teachers. The theme for the regional conference is "Leadership Through Professional Responsibility" and discussions will be held on this idea.  
Harold Schoch, Ann Arbor high school teacher, is executive secretary for the conference and David Stipe, a teacher at Ann Arbor's Forsythe Junior high, is chairman. Region 3 president is Beth Thomas, Jackson high school teacher.

**\* Unfilled Jobs and Unemployed People**  
The Department of Labor has announced that it is undertaking a series of surveys to determine, in certain labor markets, the number and character of job openings. This will, in a sense, be parallel to the Department's unemployment survey, which have been counting the people who can't find jobs and now they will count the jobs that can't find people.  
It is certainly appropriate to seek such information on a systematic basis. If the government is to spend money on training programs to help unemployed people, it had better know what kinds of skills employers are looking for.  
The new data on job vacancies should also help the agencies, government and private, who counsel young people on the prospects for careers in various fields.  
Question of Definition  
But statistics always have their limitations and we should be aware in advance of some of the problems of collecting and interpreting figures on job openings. A job vacancy, which is defined as an opening for which the employer is "actively seeking" an applicant. This is similar to the definition of an unemployed person as "one who is looking for work." But in both instances there are wide variations, from case to case, in the amount of effort put into the search. In practice considerable subjective judgment is involved in the decision as to whether or not to include marginal cases.  
The unemployment statistics give no information on whether those unemployed are suffering any hardship. In a similar way we will not know from a mere count of job openings, what their effect is on the employers' operations. Inability to fill a job may represent an emergency which seriously impedes production. Or it may be merely an inconvenience which is met by minor procedural adjustments.  
It is anticipated that the new job-vacancy data will help to settle arguments on the causes of unemployment.

**CHELSEA VILLAGE COUNCIL PROCEEDINGS**

September 1, 1964 Council Room  
Regular Session  
This meeting was called to order by Pres. Haselschwardt at 8:00 p.m.  
Invocation by the Rev. Paul M. Schnake, pastor of the St. Paul's Evangelical and Reformed church.  
Trustees Present: Bollinger, Burt, Chapman, Crouch, Weber and Wood.  
The Minutes of the Regular Session of August 18, 1964 were read and approved.  
A Public Hearing was held before the Village Council on the rezoning request submitted by Clifford and Lois Bolton. They requested the Council to rezone all the premises located in the northwest quadrant of the intersection of South Main Street and Old US12 from "Neighborhood Business" to "General Business." No objections were voiced to this rezoning request.  
Motion by Chapman, supported by Burt, to authorize and direct the clerk to issue checks in payment of bills as submitted. Roll call: Yeas all. Motion carried. General Fund \$6,889.24.  
Motion by Burt, supported by Wood, to adjourn the meeting. Roll call: Yeas all. Motion carried.  
Meeting adjourned.  
Approved: Sept. 15, 1964  
Howard Haselschwardt, President.  
George Winans, Clerk.

**BE IT RESOLVED, AND IT IS HEREBY RESOLVED** that it is hereby deemed desirable to enter into an agreement with Consumers Power Company for the purchase of certain electric distribution property, also an agreement with Consumers Power Co. for furnishing wholesale electric power, in accordance with the terms of the agreements heretofore submitted to and considered by this Village Council, and  
**BE IT RESOLVED** further, that the President and Village Clerk be and are authorized and directed to execute such agreement on behalf of the Village.  
Motion by Crouch, supported by Chapman, to approve the foregoing Resolution as read. Roll call: Yeas all. Motion carried.  
A discussion was held regarding the proposed rate change for electrical power from Consumers Power Co. A savings of \$2,000.00 per year will be realized by the village under the new rates if the village will install two banks of capacitors in the distribution system. The new rate will not be effective until the proposed contract and sales agreement has been approved by the Michigan Public Service Commission. Homer Nixon was instructed to proceed with the installation of the capacitors.  
A discussion was held with Mr. Elwyn Beach, Zone 6 Civil Defense Director, with no official action taken at this time.  
A discussion was held regarding a possible storm sewer survey for future planning for the village. Trustee Wood was instructed to advise Mr. Peter Kurzy to proceed with his proposal.  
Several complaints have been received regarding the dangerous use of bicycles on the village sidewalks. Many youngsters are perhaps unaware of the danger to pedestrians, and to themselves. It was pointed out that a Village Ordinance prohibits the riding of bicycles on the sidewalks in the business district.  
Bids were received for the installation of a new overhead door at the Public Works garage.  
Motion by Bollinger, supported by Crouch, to approve the low bid of Warren Booth in the amount of \$450.00. Roll call: Yeas all. Motion carried.  
A discussion was held regarding the salary rates required for an operator to qualify as superintendent of a Class "B" sewage treatment plant such as Chelsea.  
Motion by Crouch, supported by Weber, to establish the salary for Melvin Leach as a Class "B" operator at the Sewage Treatment Plant at \$8,000.00 per year effective September 1, 1964. Roll call: Yeas all. Motion carried.

**Airman Max Steger Assigned to Air Force Unit in Germany**  
Amarillo, Tex. — Airman Third Class Max J. Steger, son of Mr. and Mrs. L. J. Steger, 354 Washington St., Chelsea, Mich., has graduated from the technical training course for U. S. Air Force jet aircraft mechanics at Amarillo AFB, Tex.  
Airman Steger, who was trained to repair current Air Force jet fighters, is being assigned to a unit of the U. S. Air Forces in Europe (USAFE) at Ramstein AB, Germany. His squadron supports the USAFE mission of providing the major air contribution for defense of the NATO countries.  
**DRUG PROBE**  
Studies are being made on possible restraint of trade and unfair trade practices stemming from doctor-owned pharmacies and doctor-owned drug repackaging companies. Senator Philip A. Hart (D-Mich.) Subcommittee chairman said that it would seem not unlikely that restraints of trade might develop when a doctor stands to benefit financially.

## Tiger Fan Club Day Set Saturday

Detroit — Fan Club Day at Tiger Stadium this year will be a double feature.

It will be held Saturday, Sept. 19, with the Tigers playing the Cleveland Indians at 1:30 p.m. Members of bona fide Tiger fan clubs will be admitted free upon presentation of their fan club membership cards at Gate 8 on Trumbull Ave.

In a pre-game ceremony, the 16-and-older fan club leaders will crown "King Tiger" of 1964, their favorite player of the season, and honor two other players as runners-up.

Salute Manager Chuck Dressen on the occasion of his 48th birthday, which falls on the following day, Sept. 20.

Currently, there are about 50 fan clubs, embracing a total membership of approximately 2,500, affiliated with the Tiger Fan Club Association, of which Miss Sue Strobl, of Detroit, is president.

Miss Strobl and presidents of the various fan clubs whose players are being honored will take part in the Fan Club Day presentations.

Selection of a "King Tiger" was started three years ago, with Steve Boros and Mike Roark honored the first two years. Last season, the young fans named Bill Freehan "Rookie King" of the year.

The game selected for Fan Club Day also will be the final Ladies Day of the season at Tiger Stadium.

## Three Detroit Youths Fined on Hunting Charge

Three Detroit youths appeared Saturday before Dexter Township Justice of the Peace David Dole and pleaded guilty to charges of hunting without a license and were assessed fines and costs of \$18 each. The three are Robert D. Chamberlain, Thomas L. Wernet and Daniel C. Churan. All three are 17 years old.

They were apprehended shortly after 6 a.m. Tuesday, Sept. 8, on Bowditch Rd. in London township after Conservation Officer Donley Boyer had been called by area residents who heard shooting. A series of shooting incidents had been a source of harassment to residents since Aug. 27 when a bullet from a .22 rifle went through a screen door of a house and bullet holes were found in a car parked nearby.

Investigation at that time by Conservation Officer Boyer resulted in the discovery of empty boxes which were marked for shells for

In Michigan... after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Michigan...beer goes with fun, with relaxation

## County Clerks Urged To Help Register Voters

Lansing — Michigan's county clerks have been empowered and urged by Secretary of State James M. Hare to help register voters for the coming general election Nov. 3, a job heretofore handled by township and city clerks. The last day to register is Oct. 5.

In a directive to all county clerks, Hare, the state's chief elections officer, asked that county clerks and their duly authorized staff personnel help cities and townships in registering electors.

However, before county clerks may assume the responsibility of registrations they must be appointed as registration assistants by city or township clerks and file an oath with the appointing authority.

"I feel that county clerks can be of invaluable aid in getting our unregistered electorate on the rolls so they can cast ballots in the general election," Hare said. But he noted that it was strictly the prerogative of the city or township clerks of the various municipalities to initiate the program.

## SERVICE TOO FAST

Ephrata, Wash. — When two deputies were sent on an assignment, they assumed the Grant county sheriff wanted them to hurry. Riding in an unmarked car and without a siren, the officers sped through stop signs and red lights. They were chased by Soap Lake police officers who reported speeds in excess of 110 miles an hour. The deputies were fined five days pay for "unbecoming conduct."

## Pilgrim Fellowship Youth Planning Retreat Sunday

Sunday, Tom Sharrard, president of the Pilgrim Fellowship youth group of the First Congregational Church of Chelsea, called the special meeting of the cabinet to set the schedule for the annual Planning Retreat. Officers present were vice-president, Ralph Johnson; worship chairman, Arlys Wiseman; service chairman, Roger Frisinger; recreation chairman, Ed Windell; secretary-treasurer, Judy Wiseman and advisor, the Rev. Robert Livingston.

The Planning Retreat will begin at 1 p.m. at Frisinger's on Jarvis Rd. Plans for the year will be formulated and a schedule of topics and events and young people to have charge will be arrived at during the afternoon. President Tom Sharrard made it clear that such a program is not to shackle the group but to enable it to plan ahead and that if any important opportunity comes along the scheduled event may be postponed or cancelled by the group.

Retreat procedure will be as follows:  
1:00 p.m. — Decide what the Aims and Purposes of the group are. President Tom Sharrard in charge.  
1:30 p.m. — Survey possible topics and each youth suggest one or two. Ralph Johnson in charge.  
Survey possible projects (service to others) and each suggest one. Roger Frisinger in charge. Decide on frequency of meetings and regular meeting agenda.

2:30 p.m. — Recreation and Refreshments (bring 25 cents for cider and doughnuts).  
3:30 p.m. — Vote on suggested topics. Schedule them into meeting dates. Sign up volunteers for the topics, worship and recreation. Vote on suggested projects and schedule them.  
5:00 p.m. — Recreation.  
5:30 p.m. — Dismissal.

The Planning Retreat is open to all youth of the church of high school age and will determine what the group does this coming year. All youth are urged to have a good time and make their ideas and taste known.

### ★ Party Time . . .

"Now is the time for all good (and women) to come to the aid of their party."

That's the opinion of J. Delbert Wells, who heads the citizenship activities of the Michigan Farm Bureau.

According to Wells, the old typing exercise which contains most of the letters of the alphabet is much more than something to practice on your old upright. Coming to the direct aid of the political party of your choice is one best way to make sure that you have a real voice in an election.

Not that your actual ballot doesn't count — it does — but there are ways to make it count even more.

For example, suggests Wells, ground work for any political campaign must be laid months in advance if the party is going to be well enough organized to get its voters out on election day. "Getting the 'right' people to run for office and making sure that they are elected is party work," says Wells, and it involves manpower and money. He says that there are many jobs to be done by both paid and volunteer workers. There must be money raised for a long list of needs, and a voter registration index of every person in each precinct is one among many that must be done.

To be really effective as a citizen, Wells suggests this checklist:

- (1) Join a political party of your choice.
  - (2) Contribute money to that party.
  - (3) Volunteer for party work such as voter-registration, literature campaigns, etc.
  - (4) Meet and "measure" the candidates. Help provide platforms for candidates to appear before voters. Be informed.
  - (5) Help encourage people to go to the polls on election day.
  - (6) Cast your own ballot.
- Some people seem to shy away from closely identifying themselves with a political party, Wells notes. He says this is a basic error, in that good citizenship demands direct, personal political activity. To repeat: "Now is the time for all good men (and women) to come to the aid of their party."

## Harvest Events Top Michigan's Week-End Tourist Calendar

Lansing-Harvest-time activities are the center of attraction at many Michigan events scheduled for the weekend of Sept. 19-20. The Allegan County Fair at Allegan and the Fall Festival at St. Louis wind up several days of celebration Saturday, Sept. 19, according to the listings in the Michigan Tourist Council's Calendar of Events.

Sunday, Sept. 20, marks the end of the Mackinac County Fair at Alpena, and the two-day Posen Potato Festival at Posen.

Farm-City Week is listed for a full week at Mt. Clemens beginning Sunday. The St. Joseph County Grange Fair at Centerville opens a six-day run on Monday. Copies of the September-November Calendar of Events are available without charge from the Michigan Tourist Council, Lansing.

## Chelsea Ministers Begin Plans for Thanksgiving, I

Meeting at the Methodist Home for their first monthly breakfast, the Chelsea Ministers' Fellowship began to make plans for the coming year. They discussed and evaluated the Youth's Peace Caravan, the softball, and the meeting with the Village Council and decided that all had been valuable.

It was decided that the Lenten Services will be on Thursday evenings this year and climaxing in the Good Friday Service. This is to avoid the many Wednesday conflicts and they request that churches, schools, and organizations reserve these days before Easter so that these community-wide services are not in competition with other meetings. Probably the services will rotate among the various churches, and there was some discussion about having a variety of different types of service. The Methodist Home invited the group for one meeting and so did the various churches. President Paul Schnake appointed the Rev. John Fall and the Rev. James Craig to do some planning and bring recommendations to the next meeting.

The Rev. Robert Livingston, that each church send delegates to the first meeting of the Chelsea United Youth Council which will be called within a few weeks. The meeting will be in the library after school. These delegates will elect officers for the year. The Rev. Harold Bilotta asked to get more information on a Billy Graham film for that might be shown for inspiration of the youth of the community. UCYC might be this idea.

Thanksgiving services were discussed and after considering the service last year's schedule and another on Thanksgiving, the order of the next year's election of officers will be held at the next meeting which will be held at the Methodist church at 8:30 a.m. on Oct. 18.

Dauter, first vice-president; Mrs. Henry LaRose, second vice-president; Mrs. Keith Boylan, secretary; Mrs. Wayne Harvey, treasurer; Mrs. Leon Chapman, Mrs. James Gaken and Mona Dean Carpenter, board of directors; Nina Greening and Mrs. Arthur Patterson, Good Samaritan representatives; Mrs. Blossom Umstead, historian; Mrs. Joseph Ottomian, parliamentarian.

At the meeting, held Wednesday evening at St. Mary's school, the Rev. Fr. She also announced that the month's altar committee members are Mrs. N. L. Merkel and Mrs. Armin Schneider.

Among reports given at Wednesday's meeting was one by Gertrude Young stating that 120 Girl Scouts were transported from camps to Sunday and holiday church services.

At the close of the meeting refreshments were served by Nina Greening and her committee.

## Tourist Council To Produce New Autumn Film

Michigan's autumn wonders will be pictured in full color in a half-hour film to be produced this fall by the Michigan Tourist Council. It was announced this week by William T. McGraw, council director.

The film is scheduled to be ready for distribution next summer, McGraw said, replacing an autumn film produced 10 years ago and shown to millions of Michigan vacation prospects in the mid-west and Canada.

The Council has three other half-hour films: "Michigan-Winter Wonderland," "Fishing Fun in Michigan," and "Michigan-Water Wonderland." Copies are available for television stations, and civic, professional, fraternal, church and school groups.

Production of the autumn film was approved last week by council members during a two-day meeting at Birch Lodge, Higgins Lake.

Registration for this course may be made by abstracting Red Cross Operations Center at 662-5540 no later than Oct. 9. When the class limit is reached registration will close.

## Defeated GOP Sheriff Candidate Throws Support to Democrat

George Stauch, Republican candidate for Sheriff who was defeated in the Primary Election by incumbent George Petersen, last week announced that he is "throwing his support" in with Democrat Douglas J. Harvey who ran unopposed on that ticket in the Primary.

Stauch had been a member of the Washtenaw County Sheriff's Department for several years, and his decision to support the candidate on the opposing party is said to be almost unprecedented. He has asked that his Republican supporters cast their vote for Democrat, Harvey.

## G. Lee Curtis Named Park Naturalist

G. Lee Curtis, 3072 Central St., Dexter was one of two naturalists appointed this week to Kensington Metropolitan Park near Milford by the chief naturalist for the Huron-Clinton Metropolitan Authority, William F. Hopkins.

Both Curtis and the second appointee, W. Don Hollums of Brighton, have been employed previously as seasonal naturalists during the summer and will provide lectures to youngsters visiting the Nature Center, explain exhibits to visitors and conduct guided nature hikes, available by advance appointment to school groups.

During the past 1½ years Curtis has been employed at the office of Hudson Mills Park and in 1962-63 was a seasonal employee at Dexter-Huron and Delhi Metropolitan Parks which are also operated by the Authority in Washtenaw County.

Curtis received his Bachelor of Science Degree from Eastern Michigan University of Ypsilanti in 1957 and also attended Western Michigan College in Kalamazoo. Prior to becoming a seasonal naturalist in 1963 at Lower Huron Metropolitan Park, he taught in the public school systems of Roseville and Chelsea.

Curtis taught biology at Chelsea High school for the 1962 fall semester. He attended grammar school in Sheldon and was graduated in 1950 from Dexter High school where he earned varsity letters in football and baseball and later coached junior high school baseball.

He was with the United States Army in El Paso, Tex., where he won the golden gloves title in 1952 and later won the 1954 golden gloves title in Jackson, Mich.

Curtis is a resident of Dexter and has held membership in the Washtenaw County Audubon Society in Ann Arbor.

The Authority is a five-county regional park agency serving the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne and has a chain of eight parks from Lake St. Clair to Lake Erie in the valleys of the Huron and Clinton rivers which serve more than 4,000,000 persons within the Detroit Metropolitan Area.

Every year thousands of persons take self-guided nature hikes along the trails at the local Hudson Mills Metropolitan Park, at Metropolitan Beach near Mt. Clemens, Stony Creek Metropolitan Park near Utica, Kensington Metropolitan Park near Milford, and Lower Huron Metropolitan Park near Belleville.

## Unpaid Taxes for '62 Or Earlier Must Be Paid Before Oct. 1

Washtenaw County Treasurer Sylvester Leonard reminds county residents that all 1962 and prior years taxes unpaid by Oct. 1, 1962, will be included on the May, 1963, tax sales list to be published in February.

After Oct. 1, a charge of \$1.50 will be added to the amount due for taxes to cover the expense of publication costs, it was pointed out.
