

Open House, Dedication Slated Sunday By District Court

The Honorable Patrick J. Conlin

The Fourteenth Judicial District Court No. 3, 122 S. Main St., Chelsea, will hold an Open House and Dedication Ceremony Sunday, May 3 between 1 and 4 p.m. Dexter American Legion Post No. 657 will present the American Flag to Judge Patrick J. Conlin at 2 p.m. as part of the ceremonies.

The District Court system, unique to Michigan, was established by the State Legislature in 1968 and took effect Jan. 1, 1969, replacing the old justice of the peace system in an effort to provide greater convenience and justice for the people of Michigan. According to Judge Conlin, it is "a court of limited jurisdiction handling civil complaints up to a \$3,000 limit and criminal cases where a sentence of not more than two years imprisonment can be imposed."

Following establishment of the district court system, the Honorable Patrick J. Conlin, 37, was elected one of the first three judges to preside in the district. Judge Conlin, a graduate of the University of Michigan received the title jurist doctor and was admitted to the Michigan Bar in 1960. He resides at 3595 Daleview Dr., Ann Arbor, with his wife, Anne and their two children, Kelli, 12, and Patrick Jr., 5. His family was among the first Michigan settlers to homestead in Webster township in the early 1840's.

For the first year of its existence, District Court No. 3 occupied quarters in the Council Chambers of the Chelsea Municipal Building, 104 E. Middle St. Then, on Jan. 5, 1970, it moved to its present permanent quarters in the old Chelsea State Bank building. Directors of the Chelsea State Bank presented this building to the District Court for its new facilities.

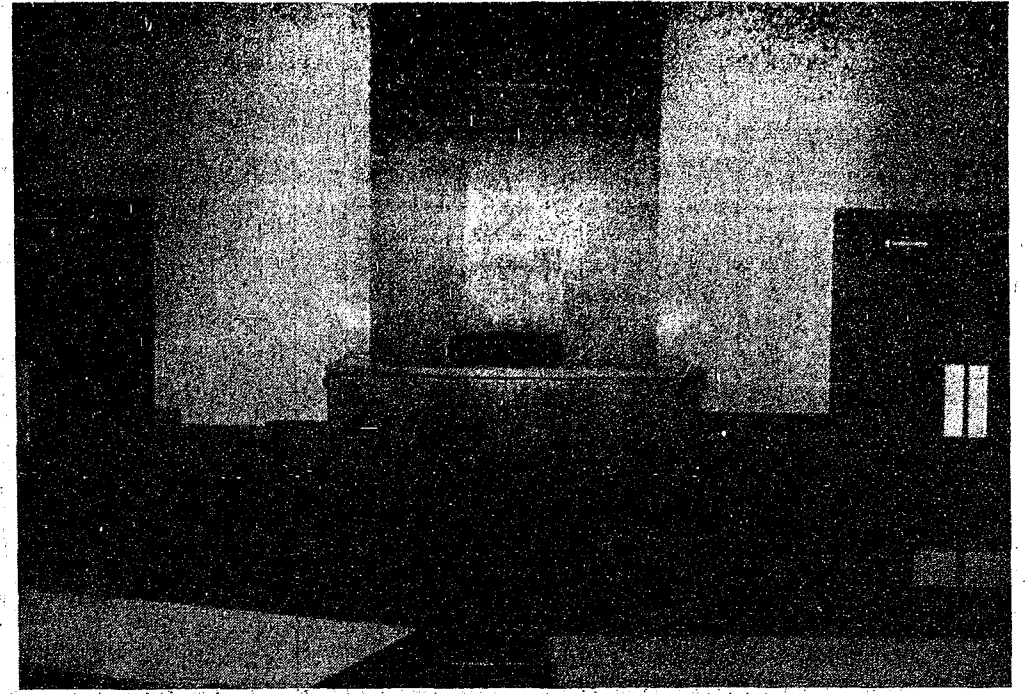

Erected in 1900 at a cost of \$66,000 by Frank P. Glazier, a local industrialist who is best remembered for his construction of a number of buildings north of the railroad tracks, notably those occupied by The Chelsea Standard, Central Fibre and Rockwell Standard plants, the present court building was in use as a bank since its erection with the exception of a few years when it housed the offices of the Portland Cement Co. under the supervision of Nathan S. Potter. In 1924 it was purchased by the former Farmers and Merchants Bank which merged in 1934 with the

Kempf Commercial and Savings Bank under the name of Chelsea State Bank. The Doric exterior still bears this name carved on the stone slab over the entrance.

Before its conversion to a district court, the old bank building was remodeled at a cost of between \$28-30,000. While the original stone facing and interior hardwood woodwork were retained because of their beauty and as examples of early Michigan architecture, many interior changes were made. Many of the interior marble pillars were covered to lend an atmosphere of warmth to the building and the old bank vault was converted into a security cell. Originally, both the floor and walls had been completely covered with marble.

The Fourteenth District Court No. 3 has jurisdiction in Ann Arbor, Bridgewater, Dexter, Freedom, Lima, Lodi, Lyndon, Manchester, Northfield, Saline, Scio, Sylvan, and Webster townships and Judge Conlin sits on alternate days in Chelsea, Dexter, Manchester, Saline, and Whitmore Lake to hear cases.

The public is invited to attend the Open House and Dedication ceremony.

INTERIOR RENOVATIONS have converted the interior of the Old Chelsea State Bank building into a courtroom, presided over by Judge Patrick J. Conlin.

Kindergarten Registration Set for May 12

Registration of pupils, both rural and town, who will enter school for the first time in September of 1970, will be held Tuesday, May 12 at South school between 6:30 and 9 p.m.

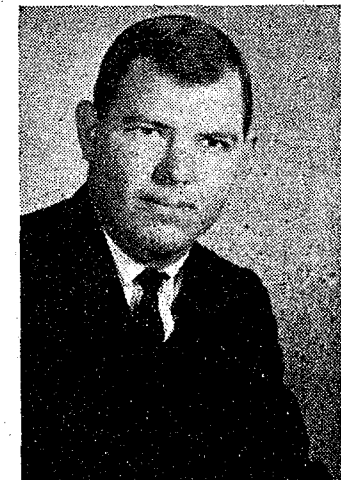

At 7:30, there will be a short presentation of comments from the administration, kindergarten teachers, speech correctionist, and school nurse.

It is important that all parents realize that before school opens, the school will need a statement from the family doctor of each entering kindergarten verifying that he or she has been immunized against diphtheria, tetanus, whooping cough, and smallpox, has had his or her polio injections; and received a TB test. Forms to be used by the doctors are available at the school and may be picked up at registration.

Since the future kindergartners have been allowed to visit the school already this spring, no activities have been planned for them that evening.

Parents who will find it difficult to attend this meeting, are asked to phone the school before May 12 or as soon after as is possible so that their children may be registered by phone (479-5691). All kindergartners must be registered prior to the opening of school in September if they are to be properly placed in a classroom by that time.

If your child will be five years old on or before Dec. 1, 1970, be sure to join the group on this (Continued on page six)

Band Rated 2nd Division in State Festival

Fail To Perform in Usual Manner Because of 'Emotional' Distractions

88 members of the Chelsea High school symphony band competed in the State Symphony Band Festival at Flint, Saturday afternoon, April 25.

Following their top showing in the District eliminations, the band took straight two's across the board in the state finals.

Chelsea High band director, Warren Meyer, commented that he felt the students were not playing quite as well Saturday as they had in the past. When asked what effect the recent school burglary of band instruments had had upon the band members, he replied, "I think it was more of an emotional effect than a performing one. We made do. It was disheartening to them, of course, but it alone was not the reason we didn't do better."

Chaperones for the trip included Mrs. Sweeney, Mrs. Jennings, and Ray Paison. Don Pierson drove the truck and Mrs. Fremont Boyer loaned the school a tenor saxophone to use as a replacement for the one stolen in the recent break in.

On Thursday, April 23, Chelsea High's Golf team won a triangular meet against Lincoln and Novi, with scores of Chelsea, 176; Novi, 201; and Lincoln, 235.

Dave Conklin was the medalist with his score of 39. Other players and their scores were: Art Farley, 45; Mike Powers, 46; Mark Policht, 46; and Jeff Daniels, 52.

On Tuesday, May 28, the team went against Lincoln and Dundee, defeating Lincoln and losing to Dundee. Scores for each of the teams were Dundee, 156; Chelsea, 171; and Lincoln, 202.

Bill Bush of Dundee was the medalist with his score of 35.

Chelsea's team members accumulated scores of: Dave Conklin, 41; Art Farley, 50; Mike Powers, 42; Mark Policht, 46; and Dave Powers, 12.

This gives the team an overall win-loss record of 5-5 and a league record of 4-5.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

So far, I ain't heard tell of any football summer reruns. The basketball was over for a spell, and baseball ain't got warmed up on TV yet. I don't know about you, Mister Editor, but I am glad to have a breather. To tell you the truth, tho, I miss them instant replays.

The session at the country store Saturday night got me to thinking about how a feller can set and

watch the biggest mistakes of his life flash before his eyes a few seconds after he makes 'em. The fellers was talking about the mails and roads and general how the hurrier Government goes the behinder it gets.

Bug Hookum got the floor right off to report on this game called "What if?" He said folks set around and list all their problems. Then they ask one another what if so and so happened, what would we do? Everybody comes up with an answer to the "What if?" and then the group works on the best answer. The only rule is that everybody has to agree on any decision.

Bug said this hole country is run on the "What if?" plan, and as far as he knows, they ain't never been one decision that everybody was agreed on. "What if?" ain't a bad system, allowed Bug, provided somebody hits "on the right one ever now and then. For instant, Bug said we never said "What if Korea?" but we shore said "What if Vietnam?" and went right on in over our head. Now everybody is saying "What if Laos?" and all the rest of them funny names over there, but every day we git in deeper and deeper.

All the fellers was full of what ifs, Mister Editor, even the feller that runs the store wanted to know what if we was to sudden go home a hour early one Saturday night. He said it like he wouldn't mind finding out, but Josh Clodhopper told him not to worry cause we had a tradition to uphold.

Ed Doolittle wondered what if this country's planners had ask themselves what if six lane roads all over this country ain't the full answer to our transportation problems. The roads is getting two deep in clogs, Ed allowed, and it takes you longer to drive to the airport than to fly across the country, but our railroad stations is standing empty and the railroads want to quit hauling people altogether. The Government final is asking what if you can't go anywhere on the train and that's a start, was Ed's words.

It went on like that, Mister Editor. Clem Webster had some what ifs about this postal corporation and how Congress still could overrule it on any action. Zeke Grubb said what if the worst we could say about President Nixon is that he don't like parties and likes to go to bed and git up early.

Personal, I would like fer ever Administration to have a TV instant replay so they wouldn't keep running so many bad plays over and over.

Yours truly,
 Uncle Lew.

MICHIGAN MIRROR

By Elmer E. White, Secretary, Michigan Press Association

Upswing Predicted

Persons worried about Michigan's economic outlook this year have received some encouraging words from Gov. William G. Milliken.

The governor told the legislature in a special report that statistics indicate the state will "see gradual economic improvement in the months ahead."

His prediction was based on a report given to him by a special task force he appointed earlier this year to take a look at how the economy is moving.

"The report says that unemployment peaked in February and gradually will level off except during the summer months when graduates and students enter the work force and the automotive industry has model 'change-over,'" he said.

The economic slowdown in the state during the first quarter of the year was not of the magnitude of the early stages of recessions Michigan experienced in 1957-58 and 1960-61.

"Looking ahead, the Task Force said it appears Michigan's economy should improve greatly in 1971 and return to those levels achieved in the 1960's when our state had unparalleled economic growth," the governor reported.

He said "several favorable factors" point to an upswing in the state's economy as well as the national economy in the coming months as more money is fed into the economy.

Among these factors he listed the following:

—Increases in social security benefits which went into effect in April and were worth \$4.5 billion annually across the country.

—Removal this coming July of the federal surtax, which is expected to add \$4 billion to take-home paychecks in the coming year as well as meaning \$2 billion more for corporations.

—Increase in July of the federal income tax personal exemption to \$650 per person, adding \$1.5 billion to after tax incomes in the country.

—Increased wages expected to be given postal workers and other federal employees as well as to many workers in private industry.

A somewhat pessimistic note to the report was added by the governor who said some factors could "dampen" the effect of the above named factors by dragging on the economy.

Among those he named were:

—A federal cutback of military expenditures and the subsequent

release of thousands of civilian employees into the job market.

—The possibility of work stoppages in major industries, such as the auto industry, which could trigger secondary layoffs in supplier industries.

—Reduced business profits which tend to cause managements to launch cost reduction programs that include reduction of employment.

As far as defense cutbacks go, however, Milliken said the state "is in a far better position today than it was following the Korean War."

"Prior to the 1957-58 recession, an estimated 200,000 manufacturing jobs—equivalent to 20 percent of the state's total manufacturing jobs—were eliminated as a result of cutbacks in defense spending at that time.

"Today, an estimated 50,000 Michigan workers are involved in defense work, and much of it is highly technical and research-oriented," he said.

"Most of these jobs will not be affected by a reduction in defense spending during the next year."

In order to keep a continued close watch on the economy in the coming months, Milliken has appointed a special advisory group to meet periodically and report to him.

In its report to me, the special economic task force emphasized that its findings were based on economic data available at this time and that the data continually change," he said.

"Economic indicators, the task force cautioned, could change direction quickly and it urged that a watchful eye should be kept on these indicators in the weeks and months ahead."

But, he said, his general conclusion from the findings was "Michigan's economy retains its basic strengths and the state is being set for a significant increase in economic activity in the months ahead."

For And About Teenagers

I HAVE WRITTEN HER LETTERS AND SIGN NAMES LIKE 'LONELY DRIFTER.'

THE WEEK'S LETTER:

"I am only 11 years old, but I have a very serious problem. I have liked a girl ever since I first saw her. It was in the first grade that I met her. Now, I am in the sixth. For almost three days, I almost started liking another girl. Then, I learned I couldn't. I think the one I really love loves another boy. I have written her letters, but I do not sign my name. I sign names like, 'The Lonely Drifter.' I really need your help. Please answer this letter."

OUR REPLY: Let us say, first, that it is not rare for a boy to begin liking a girl he sees in the first grade and to like her all through the school years. He has a problem if the girl never likes him—and he never finds anyone else that he likes at all. Your problem is neither serious, nor immediate. Take it easy. You have plenty of time and plenty of years ahead of you. Don't waste your

young years "mooning" over one single girl. Look for things to like in everyone you know. Develop your personality. Be a friendly person and you will gather friends as you go. If you have to write notes, don't write "silly" notes. And, sign your own name. The girl probably knows where the notes come from anyway.

If you have a teen-age problem you want to have discussed or an observation to make, address your letter to "For And About Teen-Agers," Community and Suburban Press Service, in care of this newspaper.

34 Years Ago...

A meeting was held Friday night to form an organization of the Chelsea Twilight Baseball League for the coming season. Those attending the meeting elected Dr. L. J. Paul, president and P. F. Niehaus, secretary-treasurer.

The teaching staff at the Chelsea public school will remain the same for next year except for two changes, it was announced by the Board of Education and Supt. H. L. Blecker. Owen Lyons, who is now in charge of the Smith-Hughes Ag. Dept., has accepted the superintendency of the public school at Blanchard, and Leon Waskiewicz, social science and English grade teacher, has resigned his position. Roy Wallis will have charge of the Smith-Hughes department next year, and Robert Hargreaves will teach social science, band and orchestra.

Painters Will Work On Water Tank

Word was received yesterday that the contractors are coming next Wednesday or Thursday morning to paint the inside of the water storage tanks.

Frederick Weber, village administrator, is warning the public not to be concerned if their water appears slightly riled or discolored. This is a natural aftermath of draining the storage tanks and is to be expected.

PINEWOOD DERBY WINNERS from Cub Scout Pack 455 at the April meeting Thursday evening at South Elementary school are, front row, from left, Bobby Burgess, who received a trophy for the best-designed racer; Mike Bowen, who placed second in the race; Scott Otto, first-place winner; and David Baldwin, third place. Each winner received a trophy. Adults shown with the boys are, from left, Tony Bowen, race chairman; the Rev. Daniel Kellin, pack committee chairman; and Duane Hall, Cubmaster.

Cub Scout Pack 455 Holds Pinewood Derby Thursday

The April Cub Scout pack meeting of Pack 455 was held Thursday evening, April 23, at South Elementary school, the feature of the get-together being the annual Pinewood Derby. Each of the Cub Scouts in the pack had been given a block of pine wood from which they, assisted by their dads, were to carve the miniature automobiles to be raced and also judged for construction at the April meeting.

First-place winner in the race was Scott Otto, son of Mr. and Mrs. Vernon Otto. Second and third place winners, respectively, were Mike Bowen, son of Mr. and Mrs. Tony Bowen, and David Baldwin, son of Mr. and Mrs. David Baldwin. Each received a trophy.

A trophy also was awarded for the best designed racer. This was awarded to Bobby Burgess, son of Mr. and Mrs. Charles Burgess.

Each Cub Scout who made a car for the event was awarded a ribbon.

Tony Bowen was derby race chairman and Finis Case was the official judge.

Den 2 Webelos, of which Otis Titus is the leader, presented the opening and closing flag ceremony.

Donald Baldwin presented each Cub Scout a "good guys" white cowboy hat as a memento of the meeting.

Awards presented for various achievements and activities were listed as follows:

In Den 1, Mrs. Charles Burgess, den mother, Steve Blaess received a "denner" badge and Don Aldrich, assistant denner badge and two silver arrows.

Awards for Den 2, Mrs. Sumner Oesterle, den mother, went to Jim Alexander, denner badge; Mike Wadyke, assistant denner badge; and Todd Otto, bobcat pin.

Dens 3 and 4, Mrs. Skeets Worden, den mother, received awards for Brian Lewis and Mike Huggins, bobcat pins; Tom Owens, assistant denner badge; Dean Schneider, denner badge; and Cor-

ky Kemner, bear badge, one gold and one silver arrow.

Webelos of Dens 1 and 3, led by Skeets Worden, who received activity awards are David Rooke, artist pin; Glen Rooke, artist pin and athletic pin; Robert Swanberg, citizenship pin; Mike Bowen, aquanaut pin; Dean Thompson, aquanaut and two-year pin; and Scott Otto, aquanaut pin.

Aquanaut pins also went to seven Webelos in the Den 2 group led by Otis Titus. They are Bobby Burgess, Robert Annabel, Bob Liebeck, Donald Hall, Jeff Elkins, Jeff Eder and Buck Kern.

David Elkins, former Webelos leader, was recognized for his faithful work with the group prior to his resignation and was awarded a plaque, appropriately inscribed.

At the close of the meeting, the Rev. Daniel Kellin, committee chairman, and Cubmaster Duane Hall announced that a committee meeting of Pack 455 will be held Monday evening, May 4, at the Joel Kruse home.

ON FARM PRICES

The Agriculture Department's farm prices index rose to its fifth straight rise for the month ending February 15, due to much higher prices for cattle and hogs. Prices farmers received for their products during this period rose one percent.

Americans eat more than one-fifth of their annual milk supply as butter, and the long downward trend of butter use in this country has leveled off.

Safety Rules For Tornadoes Given By CD

Elwyn Beach, Director of Civil Defense in Chelsea has issued the following safety rules for the public regarding tornadoes.

Seek inside shelter, preferably in a tornado shelter, underground excavation, or a steel-framed or reinforced concrete building of substantial construction. STAY AWAY FROM WINDOWS.

In cities or towns, seek shelter in office buildings by going to an interior hallway on a lower floor or basement.

In factories, upon receiving a tornado warning, post a lookout. Workers should move quickly to a section of the plant offering the greatest protection in accordance with advance plans.

In homes, the basement usually offers the greatest safety. Seek shelter under a sturdy workbench or heavy table if possible. In a home with no basement, take cover under heavy furniture in the lower part of the house. Keep some windows open, but stay away from them. Mobile homes are particularly vulnerable to over-turning during a strong wind. Trailer parks should have a community shelter. Appoint a community leader responsible for constant radio monitoring during threatening weather or during watch periods.

In schools, whenever possible go to an interior hallway on the lowest floor. Avoid auditoriums and gymnasiums or other structures with wide, free-span roofs.

In open country, move away from the tornado's path at right angles to it. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine.

REMEMBER

TORNADO WATCH—means tornadoes are expected to develop.

TORNADO WARNING—means a tornado has actually been sighted.

KEEP LISTENING

Your radio and television stations will broadcast the latest tornado advisory information.

SISTER MARIA ROSA, OSF, appeared before the Kiwanis Club Monday night to request their help in her special project, supporting a home for orphans in Honduras.

Catholic Sister from Honduras
Tells of Work with Orphans

The Kiwanis Club was presented with an interesting program by Sister Maria Rosa, OSF, of Tegucigalpa, Honduras, at their Monday, April 27 meeting. Sister has started a "village" within a village of 25,000 people. This "village" houses more than 300 orphans, homeless from birth to 18 years of age. Each child lives in a family unit (four-room home) with six or seven other children and a young woman who serves as their "mother."

The "village" is composed of 50 homes which have been built with private donations from all over the world as well as the individual efforts of Sister Maria Rosa. In the past three years, the program has grown from only caring for a handful of children to the care of more than 300 youngsters.

Sister Rosa has been in the Ann Arbor area speaking to various groups in an effort to find further aid for the children. As medical and dental facilities are so scarce, Sister is looking for aid in establishing a station to serve, not only the children of the village, but also the other children in the remaining surrounding village of 25,000 people.

Problems of Single Adoptive
Parent Studied on TV Feature

East Lansing—"And Baby Makes Two" takes a sensitive look at the sometimes frustrating, but ultimately joyous, process of becoming a single adoptive parent. Friday, May 8, at 1 p.m. on WMSB (Channel 10), Michigan State University television.

Callie Turner, a single, 43-year-old nursing supervisor at a Chicago hospital, had thought about adopting a child for a number of years, but only started seriously considering the possibility when she heard about single parents' adoptions in Los Angeles. She applied to the Chicago Child Care Society, which specializes in "hard-to-place" children—Negro, Indian, Oriental and those of mixed racial backgrounds—and found enthusiastic response.

This program follows her from her first call to the Society to inquire about adoption, through

interviews with the Society and the long wait that finally brought Callie together with two-and-a-half-year-old Lisa.

Mrs. Mariam Mitchell, Society supervisor, tells of the new attitude toward the single parent, as a responsible parent and describes the character of the Society, which has pioneered inter-racial adoptions in the Chicago area.

Other WMSB highlights include: NAVAJO INDIANS—

"NET Journal" tells the story of the Navajo Indians on "The Long Walk," Sunday, May 3, at 4:30 p.m.

Talking with some of the older Navajos, the program explores Indian legends, culture and relationships with the United States government. Though the older Indians fear their culture is vanishing, there is a new fight under way, created by Indians who have gotten together in cities and universities, who function in urban USA but who keep strong ties to their tribes and reservations. They are being heard from coast to coast and are determined to fight for Indian rights and ways to maintain their Indianness.

The film also reports on the Navajo Indian's average income, death age, dropout rate and suicide rate.

BLACK ENTERTAINMENT—

Dynamic civic leader and New York deejay Hal Jackson hosts "Soul!" Sunday, May 3, at 2:30 p.m.

Carla Thomas, Queen of the Memphis Sound, sings a medley of her hits, which include "Gee Whizz," "B-A-B-Y" and "The Time for Love."

Jackson talks with James Houghton, who heads the organization, "Fight Back." The organization is made up of black and Puerto Rican construction workers who are working to enforce new federal regulations regarding open employment on construction jobs. Headquartered in Harlem, "Fight Back" acts as an employment center for interested black and Puerto Rican workers.

"The Place To Go for Brands You Know"

TODAY'S THOUGHT

By LOUIS BURGHARDT

Victory vs. defeat. Victory is not always commendable. And surely, defeat need not be disgraceful.

In human experience, there are levels in both victory and defeat. For example, when we see a bewildered man defeated because he lacked the courage to win, we pity his pathetic picture. But, when we see a courageous man going down to defeat after trying his best to win, we glory him in defeat. At times it can even be a tragic defeat. This is especially true if a principle of justice, integrity, fair play or personal honor is involved.

None of us can win every time. How we lose is often more important than how we win. To succumb or be subdued because we lack the courage for the struggle to win is the only time disgrace can be linked to defeat. Actually, it is possible to win when one loses. . . . Baseball Team Dissension Denied

(Continued from page one)

In response to questions about a rumor that his baseball team is having unity problems and is threatening to quit, Coach Genke said, "The boys I have on the team are the ones who love baseball. They are closely knit and unified despite our hitting slump."

It's true I had to get rid of a couple of boys who had attitude problems and were causing dissension among the boys. Right now, we are just not hitting the ball but it is not a result of any disharmony of the team."

AGRICULTURE IN ACTION

by GARY A. KLEINHENN
Michigan Farm Bureau

★ Let the Sun Shine

There has been a lot of talk about pesticides, and unlike the talk about the weather where nothing is done, a lot of positive action for safety is being taken by the Michigan Department of Agriculture to keep the record straight.

The Michigan Department of Agriculture put tax dollars to work with the creation of the Inter-Agency Pesticide Review Agreement. It gives other governmental agencies the opportunity to evaluate poisons and pesticides before final approval is given these products to enter the public marketplace.

Members of the agreement are real "naturals" concerned with man, his air, land and water. Participants are the Department of Natural Resources, Department of Public Health, and the Water Resources Commission.

Business has been heavy too. During the course of the past year more than 5,000 registrations of poisons and pesticides were reviewed by the MDA, and of this number nearly 700 reviews were instituted by the three participating groups. Encouragingly, 668 of the 700 passed the scrutiny of inter-agency scientists. Thirty-two cases are still being studied.

This checking system maintains the farmers' and general consumers' confidence in the safe pesticides on the public market. The orderly process reinsures the facts. It takes the emotion out of pesticide issues and disrupts suspicions used to the advantage of mongers of scare campaigns. Looking at it another way, facts clear the air, they let the sun shine in.

The "nuts and bolts" of the inter-agency are fastened to the facts. The inter-agency agreement requires a scientist from each agency to act on its behalf with the MDA. Before evaluation, a plan of specific chemical formulation and types of uses must be submitted. Underlined is the requirement that scientific evidence must back up all objections. Objection to a product demands accompanying scientific evidence which is reviewed by the MDA. This department takes the concluding steps, based on all scientific and administrative review. Prior to final decisions, reviews are forwarded to the inter-agencies.

Any differences of evaluation by the agencies and the MDA are usually resolved through consultation with the agencies.

Changes Made in Storage Facility Loan Program

Several changes have been made in the Commodity Credit Corporation loan program under which farmers may borrow funds for constructing on-farm storage structures and purchase of drying equipment.

Earl Doletsky, chairman of the Washtenaw County Agricultural Stabilization and Conservation (ASC) Committee, said the changes should help expand on-farm storage and drying capability and should permit more orderly marketing and improved returns.

The period of farm production used in determining storage structure needs for loan purposes has been extended to two years compared with one year's production previously used, Mr. Doletsky said.

The changes include an increase in the maximum amount producers may borrow for dryer loans to 85 percent of the net cost up

to \$5,000. This compares with the previous rate of 65 percent up to \$2,500.

The interest rate on the loans has been increased to a 7 1/2 percent annual rate, compared to a previous annual rate of 6 percent. The chairman added also that essential in-storage operating equipment may be included in a loan made for storage and drying equipment.

Changes in the loan program have been made as the result of a review announced by the U. S. Department of Agriculture last December, Doletsky said.

Further information on the loan program and applications are available from the County ASCS Office.

SUNDAY'S SERMON

Good and Evil
Today, it is not easy always to be a proper Christian. Much that is popular, that is accepted and tolerated, is contrary to the teachings of Christianity. This does not mean, perhaps, that a Christian must be a crusader, must take up a sign and walk in the streets. But the proper Christian will reject actions and ideas which are wrong and which offend God.

The true Christian should stand up for "right" and not, by silence, give support to something which is "wrong." Evil may not be destroyed, yet growth will be severely hindered if men of good will offer unified resistance.

The problems which beset the world today are not new. They have been around for a long time. Christianity has had to contend with them for centuries. If Christianity is to deal with them effectively, there must be a strengthening of unity for good. It must begin within our individual hearts, in our community, between neighbors. It must reach out and establish a stronger brotherhood between men of all races and creeds.

Service Organizations Plan To Merge Soon
At a press conference Tuesday, April 28, Michigan's three oldest service organizations, Ann Arbor Family Service, Ypsilanti Family Service and the Washtenaw County Branch of Michigan's Children's Aid Society announced plans to merge into one organization.

It is hoped that the merger, which will take place in the near future, will result in improved services for the people of the Washtenaw County area.

Medicenter Volunteers Need Prizes

Medicenter Volunteers (MV's) report that March and April have been busy and rewarding months at the Medicenter.

Approximately 38 women have contributed 250 hours of time. Activities sponsored by the group are: daily games in the lounge, writing letters for patients, reading, providing articles for therapy, and visiting.

The MV's would like to thank the following for their contributions: The Chelsea Ministerial Association for the Easter and Sunday services; the Girl Scouts for Valentine and tray favors; Don Turner for his travelogue; the Chelsea Woman's Club for the 14th birthday flower fund (nine plants have been given to date); the High School Band and chorus groups; the Young Home-maker's Study Group for Easter baskets; and the Senior Citizen group for helping with bingo. The program has been successful because of the contributions and efforts of so many people in the community.

Bingo on Tuesday is one of the best attended games. The volunteers are always in need of prizes (25 cents or less.) Anyone who has any suitable, small articles they wish to contribute, is urged to leave them at the Medicenter or they can be picked up by calling GR 5-4981.

Study Clubs Hear Area History from Judge Campbell

Mothers from all the Chelsea area Child Study Clubs were the guests of the Medicenter, Tuesday night, April 28 at a special joint meeting.

Circuit Judge Ross W. Campbell from Ann Arbor was the guest speaker. He lectured and showed a slide presentation to the club members on "Mother Focuses on historical Washtenaw County."

He spoke of the Indian background and the first white settlements in Washtenaw county and then briefly traced the history of Chelsea, Saline, Dexter, Manchester, Ann Arbor, and Ypsilanti with pictures and slides.

His discussion of Chelsea was of particular interest. He showed slides of Main St. as it was 70-100 years ago. Landmarks like the old Bank building (then under construction), Winans Jewelry store, and the drug store were easily picked out by the study club members.

After the program, the joint club members were served refreshments by the hospital.

Letters to the Editor

Dear Sir,
Congratulations to the administration, teachers and students of Beach School for their observance of Earth Day, April 22.

We were visited by two young ladies from the school, briefly interviewed regarding certain procedures relevant to environmental controls and given a useful informative brochure with helpful suggestions to decrease pollution here in Chelsea.

All of us are confronted by many and varied problems today; peace and war, racial discord, environmental pollution, to name a few. In the face of the size and complexity of these concerns we often feel helpless and are puzzled about our actions and its direction.

The citizens of Beach School have shown the way for effective local involvement and action on this particular problem and for this they are to be commended. Chelsea is a good place to live, work and play and by taking intelligent action it's possible to make it even better, not only for ourselves, but for those who come after us.

Sincerely yours,
Joseph V. Fisher, M.D.

Attend Dairy Foods Conference

Mary Niehaus of 3590 Fletcher Rd., Chelsea, daughter of Mr. and Mrs. John H. Niehaus, and Valerie Vogel of 11487 Pleasant Lake Rd., Manchester, daughter of Mr. and Mrs. L. D. Vogel, were

among more than 75 young people from across the state who learned about dairy foods nutrition and the dairy industry at the 1970 Dairy Foods Conference April 26-28 at Michigan State University.

"The conference was designed to teach young people the nutritive value of dairy products and create appreciation for the Michigan Dairy Industry through knowledge of career opportunities in marketing of dairy products," said J. Ray Gillespie, state 4-H youth program leader and co-ordinator of the conference.

Specialists from several departments of the university were involved with the conference. Mrs. Laurie Sims of the foods-nutrition department discussed "Family Food Habits," Mrs. Barbara Polowski, assistant to the dean of students, spoke on "Life Style Patterns," and Mary Zehner, consumer marketing information specialist, commented on "Market Research."

The conference was sponsored by the American Dairy Association of Michigan through the 4-H Club of Michigan and was conducted by MSU's Co-operative Extension Service.

OLIVE CHAPTER

Olive Chapter No. 108 of the Order of the Eastern Star will be honoring their past matrons and patrons, life members, and 50-year members at a 6:30 p.m. pot-luck dinner, Saturday, May 2. A program will follow.

The group will also honor the Washtenaw County Association officers at their regular meeting, Wednesday, May 6, at 7:30 p.m.

WESLEYAN SERVICE GUILD

Wesleyan Service Guild of the Methodist church, met in the Social Center Tuesday, April 21, at 7:30 p.m.

They entertained 15 guests from the First United Methodist church in Ann Arbor; their special guests, Mrs. Olive Dickens, Mrs. George Palmer, and Mrs. Raymond Schairer; and 13 of their own members for a total of 31.

Refreshments were served and a short business meeting, conducted by the chairman, Mrs. Gary Packard, followed. It was decided that the Guild would donate money to the Youth Fellowship of the church. Mrs. Packard gave a short report of the District meeting of the Wesleyan Service Guild, held at Ypsilanti's United Methodist church. Mrs. Packard and Mrs. Irene Proctor had attended that meeting.

During the meeting, Mrs. George Palmer reported on a book, "And God Said No," written by Lael Catpaert, mother of a 17-year-old girl who has had polio since she was two.

The next regular meeting will be held May 19 at the home of Mrs. Andrew Bidwell. The program will be conducted by Joey Clark.

YOUNG HOMEMAKERS

Young Homemakers and their guests met at Merkel's for their monthly meeting Thursday, April 23.

The group enjoyed a demonstration and the opportunity of browsing in the store. Bob Haist, president, called the meeting to order. Members were reminded to bring gifts next month for revealing secret pals. Refreshments were served by Barb Haist and Arlene Grau.

The May meeting will be held at the home of Pat Flynn on May 21. Veronica Feldkamp will serve as co-hostess.

The group enjoyed eating at the Lord Fox on April 9.

AG. ENTREPRENEURS

The Agricultural Entrepreneurs Farm Bureau met Thursday, April 16 at the Charles Trinkle home with 10 families and two guests, Mr. and Mrs. Arthur Kuhl, present, as reported by Mrs. Keith Bradbury, secretary.

The meeting was called to order by Chairman Keith Bradbury, with the pledge to the flag and the Farm Bureau Creed.

After a short business meeting, Mr. and Mrs. Kuhl showed slides of their trip to the South Pacific; Fiji Islands; Sidney, Australia, and American Samoa. They were enjoyed by all attending the meeting.

Refreshments were served following the slide presentation.

Next meeting of the group will be held Thursday, May 21, at the Hugh Bradbury residence.

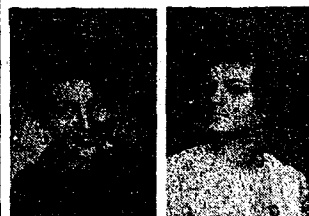

Output per man-hour on the farm in this country increased 82 percent between 1957-58 and 1968.

TIPS

for your

TOP

from

TODDY and FRAN

An ineffective hairdo is a thief. Just as a hemline too long, or too short, for the current style makes you feel like hiding in a corner—robbing you of your poise and self-confidence—a hairdo that is not for you will do the same thing. You depend on fashion magazines and department stores to keep you informed of the kind of clothes that will give you that flare that makes you feel sure of yourself, but it's pretty hard to do this with a hairdo since no matter what the current trend is, it may not be perfect for your particular self. That's why our professional experts who fashion your hair style to YOU will save you from getting robbed of possessions more precious than money.

Why not make a quick trick with our old standby, "JIFFY" Baking Mix? This is such a simple recipe that your children can make it. It's excellent for after school treats, drop-in guest, or even fancy enough to serve at your next bridge party if your friends are tired of "something sweet."

CHEESE TEMPTERS

(2 1/2 to 3 dozen)

- 1/2 cup (5 oz.) soft sharp cheese spread
- 1/4 cup soft margarine or butter
- 1/4 cup "JIFFY" Baking Mix
- 1/4 teaspoon salt
- 1 cup corn flakes
- paprika

1. Heat oven to 400°.
2. Combine cheese and margarine, add baking mix and salt; blend thoroughly. Stir in cornflakes.
3. Drop dough by teaspoon onto ungreased baking sheet. Sprinkle with paprika.
4. Bake 6 to 8 minutes.

HELP FOR PARKINSONS WITH L-DOPA

For a long time there was little that could be done to help people suffering with Parkinson's Disease. Stemming from a chronic disorder of the central nervous system, its symptoms are a shaking palsy, slowness of movement, weakness and stiffening of the muscles.

Now a drug with the funny sounding name of L-DOPA appears to be helping people with Parkinson's to improve greatly. Although still being tested, it has been recommended that the drug be released for use by physicians and it should be available around the middle of this year. Your doctor knows about this.

Troop 425 Wins Top Scout-O-Rama Award

On April 25 Boy Scout Troop 420 participated in Portage Trail's biggest event of the year at Yost Field House and Ferry Field in Ann Arbor, the "Scout-O-Rama." Scout-O-Rama is where Boy Scout troops and Cub packs from all over Washtenaw county meet to show off the various skills they have learned in scouting. Troop 420 selected pioneering as their project. They lashed together a 20-foot inverted tripod tower, a 15-foot trapeze, a jungle-jim picnic table, and a water slide with rope and logs for their project. Hundreds of children assisted by the boys of Troop 420 were given rides on the trapeze and water slide. The troop was awarded a first-place certificate and blue ribbon by the Honorable Samuel J. Elden, Fifteenth District Court Judge and his staff from Ann Arbor. They obtained a score of 95.5 out of a possible 100 for their project.

Warrant for Arrest Not Easy to Obtain

It was learned recently that for a society that is as supposedly concerned over marijuana and drug use as ours seems to be, obtaining warrants on individuals possessing or suspected of possessing is no easy matter.

A recent case of the Chelsea Police Department illustrates just how difficult this can be.

A week ago, two individuals were noticed sitting in their parked automobile at a closed gasoline station by Patrolman Leonard E. McDougall at 5:05 a.m. When he approached them on a routine check and asked their business, they replied that they were out of gas and were waiting for the station to open.

A routine check with the LEIN machine led to the discovery of outstanding misdemeanor and traffic warrants on both individuals. They were told they would have to accompany Officer McDougall to the Police Station and were searched routinely.

The search revealed a quantity of material on one of the individuals which Officer McDougall believed to be marijuana, several marijuana pipes, and an assortment of other types of "evidence." Could a warrant be issued for his arrest on a charge of possession? No.

The two individuals had to be released to the police departments holding the outstanding warrants though Officer McDougall also had to warn the one that he suspected him of being in possession of marijuana and if lab tests supported this suspicion, a warrant for his arrest would be obtained. They were then released to the other law enforcement agency where they paid their fine and were set free.

Officer McDougall had to send the confiscated substance to the State Police Crime Lab at Plymouth for analysis. There lab tests revealed that the substance was indeed marijuana. Could a warrant now be issued? No.

Contact with the prosecutor had to be established first. It was, and John C. Hass, Wayne county prosecutor, advised them to first contact the Michigan Board of Pharmacy in Lansing and request an affidavit that the suspect was not licensed to carry marijuana for experimental purposes. This was done and almost a full week elapsed before the document arrived.

Now, the warrant could be issued; however, since a full week had elapsed since the suspect had been released without charge, he was on his honor to appear in court for arraignment.

Why was so much trouble taken before the warrant was issued? In the words of Officer Louis Schneider, "Our primary concern is to safeguard the individual's rights. Our secondary concern is to obtain the warrant."

In the past, not all prosecutors have required the affidavit from the Department of Pharmacy before approving the issuance of a warrant, but in all cases, it must have been obtained before the suspect was arraigned. Now, however, it seems to be policy to obtain the document before issuing the original warrant. When asked to comment on this case, Chief Meranuk stated that "this was an example of excellent police work on the part of Officer Leonard McDougall, who was operating alone."
