Pool, Gym Classes Will Be Combined

Two classes under the direction of the Chelsea indoor pool program, "Swim and Trim" and "Ladies Night Out," will be combined to form a single class to include both gym and pool activities. The new class will meet for its first session on Feb. 3 at Beach Middle school and will continue every Thursday night for eight consecutive weeks.

Exercises and sports activities will be conducted for 45 minutes, in the gym by Terry Schriener, followed immediately by 45 minutes of games and water activities to be conducted in the pool by Nancy Pichlik.

The new class offers the advantages of both the gym and pool programs, and will accommodate more participants as two sessions can be offered back to back.

The class schedule will be: Group A—7:30 p.m. to 8:15 p.m., gym; and 8:15 p.m. to 9 p.m., pool; Group B—8:15 p.m. to 9 p.m., gym; and 9 p.m. to 9:45 p.m., pool.

Registration may be completed at the pool, Monday through Friday, from 8:30 a.m. to 5 p.m. until the Feb. 1 registration deadline. Since the gym must now be rented, the fee for the new class is \$12, payable at the time of registration.

JV Cagers Rout Dexter In 62-34 Win

Chelsea High's JV cagers left Dexter's Dreadnaughts licking their wounds as they routed their neighboring arch-rivals, 62-34, in court action last Friday, Jan. 7.

"Our 20-2 lead at the end of the first quarter was the key to winning the game," assessed Coach Paul Terpstra. Nine Bulldogs scored to dominate the boards, while Chelsea also out-rebounded Dexter, 50-33.

Leading scorers for the Bulldogs were Jesse Coburn with 18, and Gary Dils with 12. Also contributing points were Don Schrotenboer and Matt Feeney, 7 each; Scott Price, 6; Al Augustine, 5; Charlie Bridges, 4; Mike Machesky, 2; and Mike Elsele, 1.

Jackson NW Trims JV Cagers, 34-52

Still riding the wave of victory following their game with Dexter last Friday, Chelsea High's JV basketball squad proceeded to take on Jackson Northwest Tuesday, Jan. 11. However, instead of reaching another triumph crest, Chelsea's JV cagers plunged to defeat, 34-52.

"We fell behind, 5-17 at the end of the first quarter," said Coach Paul Terpstra, "and had trouble catching up all night." The Bulldogs shot poorly from the floor, (Continued on page three)

RUSTLING UP TEAM SPIRIT for Chelsea High's varsity basketball team are these seven members of the varsity basketball cheerleading squad, coached by Mrs. Helen Bareis. The girls attended cheerleading camp this summer to perfect several of their traditional routines and expand

VARSITY BASKETBALL TEAM: Although their season record is far from spectacular this year, these members of the Chelsea High varsity basketball team are creeping ahead with steady improvement, according to Coach Tom Balistrere. The team was handicapped with an unprecedented num-

ber of injuries in early December as five starters were temporarily benched simultaneously. All have since recovered and are making up for lost time. Kneeling in the front row, from left, are Randy Harris, Jeff Sweet, Pete Feeney, Don Morrison, Anthony Houle, and Marc Feeney. Standing in the

back row, from left, are manager Mike Robbins, Dean Thompson, Chris Smyth, Gerry Likavec, Randy Sweeny, Dave Schrotenboer, Jerald Benjamin, Rod Sweeny, Tony Robards, and Coach Tom Balistrere.

Sewer Line Easement Oversight Corrected By Village Council

A perfunctory error in an easement agreement between the area's Merkel family and the Village of Chelsea, signed in the latter part of June, was remedied by an amendment to the agreement passed by Chelsea Village Council Dec. 21. Undetected, the error potentially might have cost village taxpayers more than \$500,000.

The thrust of the agreement clears the way for the construction of a new village sewer through 160 acres of property owned by Martin Merkel. Located north of Chelsea, in Lima township, that land parcel was selected as the site of the proposed "Chelsea Farms" development by Thornton Realty.

According to the terms of the original agreement dated June 24, 1976, and signed by Chelsea village representatives Don Wood, Thomas Neumeyer, Frederick Weber, and Barbara Fredette following approval by the Village Council, the village contracted to buy two acres of Merkel property, where the sewer will be laid, for \$10,000, although the village had the option to condemn the property.

Village representatives further agreed to pay \$500 per acre rent for use of land adjacent to the sewer during the construction period.

In addition to the above terms, the village granted the Martin and

Henry Merkel families and their heirs the right to tap into the sewer from any part of the parcel's 160 acres.

If the "Chelsea Farms" residential development were to materialize on the site, village ordinances would permit four homes per acre, or a maximum of 640 homes to be erected on the Merkel property. As each home would require a sewer tap-in, at a cost of approximately \$1,000 per tap-in, net cost of the project would amount to an estimated \$640,000.

Although tap-in charges are usually assumed by the prospective home-owner or developer, the Village of Chelsea accepted responsibility for the tap-in fees under the terms of the original easement agreement. Ultimately, the cost would have been transferred to the Chelsea taxpayer.

"It was a typographical error," village administrator Weber explained, adding, "it has since been rectified." It was this error which prompted the Dec. 21 amendment, putting the expense of future tap-ins back in the lap of homeowners or developers.

A telephone conversation with Gerald D. Grohner, attorney for Martin Merkel and designer of the easement agreement, resulted in the following admission: "Mistakes like that happen all the time," Grohner stated. "I don't know

how it got in as it was not intended. Normally, those asking for the tap-ins pay for them, not the village."

Grohner's partner, attorney Daniel F. Glardina, agreed with Grohner's evaluation, although it was his opinion "mistakes like that happen all the time."

Yet, even with the tap-in error presumably solved, problems with the proposed sewer expansion plan still persist, according to Wallace Fusilier, Lima township trustee and newly-elected delegate to the executive committee of Southeast Michigan Council of Governments (SEMCOG), a regional planning unit which must approve any federal grants for sewer treatment plant expansion.

The village is planning to construct an 18-inch sewer through the Merkel property although a 27-inch sewer is the largest currently serving the entire Chelsea area. While this fact would appear to confirm speculation about residential development on the Merkel property, Weber states the large sewer size was precipitated by the results of a study conducted by village planners who anticipate a 75 percent increase in village population in the next 20 years.

Fusilier, who is also a doctoral student in water quality at the University of Michigan, calculates Letts Creek, the dumping site of the effluent from the Chelsea sewage treatment plant, may be up to 60 percent concentrated sewage by 1995 if residential expansion proceeds according to estimates of the village planners.

Aside from environmental consequences, the economic implications of sewer expansion are vast.

It is unclear who will pay for the Merkel sewer or the subsequent sewage treatment plant expansion. Fusilier speculates it would be Chelsea residents. And, while Lima township farmers with property surrounding the sewage treatment plant and sewer site would not be liable for the cost of the project, the price of expansion for them could possibly be higher property assessments and taxes.

Assessed farmland in the area is now \$775 per acre, Fusilier states, but already the Village of Chelsea has contracted to pay \$1,000 per acre for sewer land. Other farmland in close proximity to the Merkel property has been selling from \$1,000 to \$1,500 per acre to land speculators.

The entire sewer issue has yet to be fully explored by village officials, but their collective opinion accepts the proposition that the village must have a new sewer to accommodate an inevitable population increase and maintain required water purity levels.

The existing easement agreement and amendment between the village and the Merkel family seems to have settled the question of where. Still undecided are when, how, and who pays for it.

Season's First Big Snowfall Hits Monday

A 7-inch snowfall late Sunday evening, Jan. 10, temporarily immobilized the Chelsea community on Monday and forced the shut-down of area schools. Many group meetings and public events were postponed or cancelled.

Several rural roads throughout the Chelsea area were reported impassable although major roads and highways, though treacherous, remained open. By early evening, road maintenance crews had cleared most county and local roadways.

The Chelsea Police Department reported that traffic was moving

slowly, but no accidents had occurred locally as a result of the hazardous weather conditions. Many motorists, upon waking in the morning to find their cars buried and surrounded by snowdrifts from two to three feet deep, elected to remain home rather than venture forth to slip and slide their way to various destinations.

Although the first severe winter storm to hit the area brought along 30- to 35-mile-an-hour winds, no major power shortages or interruption of telephone service developed as a result.

March of Dimes Campaign Underway

Our Bicentennial is behind us. It was a year to review past accomplishments, and renew commitments to basic principles.

But many of our commitments come up for renewal every year. One of them is now upon us. It's the March of Dimes annual campaign for prevention of birth defects.

January is a time to rekindle our resolve to do something about our nation's number one child health problem.

Every year in America more than 200,000 children are born with physical or mental damage. Many disorders can be corrected to minimize their defects, many can not.

In an effort to protect the unborn and the newborn, the March of Dimes supports numerous medical service and research programs. Funds also go toward community service and public and professional health education projects aimed at bettering the quality of life.

Chelsea will begin its March of Dimes Mother's March on Jan. 15 through Jan. 22. Mrs. Gale Johnson and Mrs. Donna Lanktree are the chairpeople for the 1977 march. They have placed canisters throughout Chelsea and have organized the march. Other officers are Lynne Popovich, treasurer, and Phyllis Tillman, publicity chairman.

Anyone interested in joining the march should call Mrs. Johnson, 475-1284, or Mrs. Lanktree, 475-1741.

Chelsea wrestlers continued to improve their record with wins over Jackson Northwest and Brighton last week before they finally met their match in the Jackson Western Tournament last Saturday.

On Tuesday, Jan. 4, the Bulldog grapplers rolled over Northwest, 38-16. "It was a very flat performance for the most part, caused by the holiday lay-off," said Coach Richard Bareis.

At 98 lbs., Dan Wilson scored his first varsity win with a 10-5 decision. At 105 lbs., Dan DeSmyther lost a 0-1 heartbreaker on a penalty point, and at 112 lbs., John Bullick was defeated by a close 1-3 decision.

Chuck Young picked up a forfeit at 119 lbs., as Jim Stahl followed with a fall victory at 126 lbs. At 132 lbs., Mike Young won in a one-sided decision, 12-0. At 138 lbs., Rocky Brandel was overpowered, 1-10, while at 145 lbs., Ricky Beeman fell, 1-5.

Joe Branham, showing a lot of improvement, put Chelsea back in the win column with a 4-0 decision. Bruce Bennett followed with a 6-0 decision at 165 lbs., but at 178 lbs., Todd Headrick was upset by a 2-9 score.

Brian Van Reeseema at 191 lbs., and Leon Brown, heavyweight, closed out the evening with fall victories.

In JV action against Northwest, Tony Wisniewski at 98 lbs., Bart Bauer at 138 lbs., and Tim Bareis registered decision victories. Tom (Continued on page five)

Bulldog Cagers Push Dexter Into Overtime

Lose Another Close One At Jackson NW Tuesday

Last Friday night, Jan. 7, the Chelsea Bulldog varsity lost a heartbreaking, hotly contested basketball game to the Dexter Dreadnaughts in a thrilling overtime match. The final score was 57-66.

Coach Tom Balistrere started Pete Feeney and Dean Thompson as guards, Don Morrison and Tony Robards as forwards, and Randy Sweeny at the center position. According to Balistrere, the first quarter was "nip and tuck" with Dexter taking a slight three-point lead. The Bulldogs missed some easy underhand shots, and were plagued with some cold shooting before the quarter ended, 8-11.

In the second quarter, Coach Balistrere substituted Jerald Benjamin for Tony Robards, and Benjamin contributed six quick points from the post position. Chelsea out-scored Dexter in field goals for the quarter, but Dexter was 4 of 6 from the line, while Chelsea was but 0 of 2. Dexter led at the end of the first half, 25-18. At the foul line, Dexter was 8 of 10 the first half, while Chelsea trailed 0 of 2 from the line.

Following several half-time adjustments, Chelsea came out and took command of the third quarter. Starting the second half were Pete Feeney, Dean Thompson, Randy Sweeny, Don Morrison, and Jerald Benjamin.

"Thompson and Feeney came alive to score off some beautiful plays and fine passes by their teammates," Coach Balistrere reported. Feeney sank seven points this period, and Thompson had 10. Both teams were deadlocked in a tie at the end of the third. (Continued on page six)

Chelsea High's varsity cagers continued on their losing streak as they dropped another close game to Jackson Northwest, 67-76, Tuesday evening, Jan. 11.

"The team ran their plays well, cut down turnovers to 15, but failed to pull it together and take command of the game," said Coach Tom Balistrere following the contest.

A narrow gap separated the two teams at half-time as Chelsea trailed Northwest, 29-33. "But the third quarter was a disaster," Coach Balistrere continued, adding "we went cold and Northwest pulled ahead to a 10-point lead. Playing catch-up, the Bulldogs closed in to within 5 points of their opponents, then failed to progress any further."

Chelsea dominated the fourth quarter, scoring 30 points, as Northwest struggled hard to maintain their lead. A Bulldog switch to zone defense in the second half gave the Jackson Mounties some trouble but they managed to keep abreast of the struggle.

"Throughout the game, we had some really fine assist plays, and in the second half, Marc Feeney, Dave Schrotenboer, and Tony Robards came off the bench and did a good job," Coach Balistrere stated.

Leading scorer for the Bulldogs was Don Morrison with 20 points. According to Balistrere, Morrison "played a good, well-balanced game." Also playing well was Pete Feeney who scored 14 points. Other Chelsea cagers who contributed points were Randy Sweeny with (Continued on page six)

Recall Action Starts Against Lima Trustee

A petition drive to recall newly-elected Lima township trustee and former township supervisor, Wallace Fusilier, was launched Friday, Jan. 7 by Robert Torres, a resident of the township, whose earlier attempt to block certification of the Nov. 2 vote met with failure recently.

"I am not questioning his qualifications or ability to perform the duties of the office, I simply feel Fusilier was not properly elected," Torres explained in defense of his action.

Fusilier won the four-year trustee post with 22 write-in votes after a vacancy was created by the death of incumbent Walter D. Wolfgang.

Wolfgang, 72, had served as trustee for 20 years. He died Oct. 31, only two days before the election, and was running unopposed. Because of the lateness of his death, Wolfgang's name still appeared on the ballot.

Torres states many township residents were unaware of Wolfgang's death. Wolfgang, a Republican, received 536 votes according to Clerk Leila Bauer, though presumably many were the result of a straight partisan vote in the predominately Republican township.

Disclaiming any political aspirations, Torres states his role in the current recall effort is simply that of a concerned citizen. He maintains township voters were disenfranchised in the election.

According to Torres, Raymond Nusca is working with him on the recall drive, as are 10 other Lima township residents who are circulating petitions. Nusca was an unsuccessful candidate for the post of township treasurer in the August Primary.

Because the petition drive began less than a week ago, Torres stated he was unable to determine the direction of community response to the drive. "I have no idea how many have signed the petition," he acknowledged, "but in one day we collected 40 signatures on our ini-

tial petition to prevent certification of the election."

Among the criticisms leveled at Fusilier is one which claims he "obtained special knowledge concerning election laws and used this knowledge to his personal advantage." Specifically, Torres believes Fusilier knew the post of trustee would be filled by the person to receive the most write-in votes, and without notifying voters of the option, conducted a personal write-in campaign.

Fusilier denies the accusation. "I attempted to do the right thing, to follow the proper legal procedures in light of Mr. Wolfgang's death. I contacted the Michigan Townships Committee, the Elections Commission, and County Clerk Robert Harrison, and received conflicting opinions. I was never even sure if the write-in results would receive certification until three days after the election."

Another criticism facing Fusilier is that he had "the moral obligation and responsibility to inform the electors of the special circumstances surrounding the election." Torres and his supporters feel it was Fusilier's responsibility to post a sign at the polls, or otherwise inform the township electorate of Wolfgang's death.

Fusilier objects to the claim that the responsibility was solely his. Instead, he feels the ultimate decision rested with elections committee, of which he was a member as township supervisor, or more directly, the responsibility of the local Republican party. "Aside from inherent legal complications, I had misgivings about putting up such a sign because the reaction of most voters would be to ask an election official 'well, who is running then?'" He claims any response would be regarded as an attempt to influence the election in an illegal manner.

Mrs. Bauer, chairman of the elections committee by virtue of her position as township clerk, and a close friend of Wolfgang, con- (Continued on page three)

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

The feller got so worked up over Clem Webster's overnutrition report at the New Year's night meeting at the country store they had to push some items back on the agenda, and they didn't give the new year more than a lick and a promise. Saturday night they started off by catching up.

It was Ed Doolittle, that believe the Republicans will rise again but he won't guess when, that brought the Plum Book to the attention of the feller. He said he had saw the book in the county agent's office, and he had took time to glance through some of the new year fortune that ain't likely to come to folks of his political persuasion. What the Plum Book is, said Ed, is a listing of more than 5,000 jobs President Carter will fill in the next few weeks. He said it cost \$2.90 from the Government Printing Office, and it offers some plums that carry salaries of \$69,000 a year. Ed said he had saw where the book, official called "Policy and Supporting Positions," is selling as fast as it's printed in Washington.

Democrat Clem said the political plums come with the winning orchard in any election, and that Carter don't have any more of them to pass out than other Presidents. Clem said he was pleased with Carter's choices so far, and that he had give up anyhow on getting a call to be anybody's secretary of agriculture. Clem said they was a heap of things on his mind more important during the new year than getting on the Government payroll.

One sign of a happy new year, Clem declared, is that he has saw that women's skirts are going up again. It always holds, he said, that low hems mean tight times, and the higher the skirt the better off we are, not to mention improvement in the scenery. Clem said he reckons this will be a good year for them outfits that hunt Government grants for local governments. He had saw where these private bloodhounds on the trail of federal money fell on hard times and a heap of their customers was balking at paying em.

Zeke Grubb broke in to allow that fer at least two of the 50

states, 1976 was good and 1977 promises to be great. Zeke had saw where North Dakota had more money than it could spend, or wanted to spend, and Alaska was spending as fast as it could figger how, with more coming and more going this year. With the opening of the pipeline, Alaska will be floating in money, and reports are that the state Government is spending like them Midwest sheeks, even to building a new state capital city from scratch. North Dakota can go bust as fast as it went boom, cause it lives or dies on farm prices, Zeke said, but Alaska will be in gravy as long as the oil lasts.

Speaking of getting rich quick, Mister Editor, I saw the Arabs were a little slower about jumping the price of their oil this time. Maybe they see the writing in the snow.

Yours truly,
Uncle Lew.

MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

Hot Dog News

Michigan hot dog fans can expect to be told—for the time being at least—whether the franks they find at the store or restaurants live up to the state's stringent standards.

Federal District Judge Noel Fox has upheld the state law that requires grocery stores and res-

taurants to post signs telling their customers if they're serving or selling commingled (ground) meat products that do not meet Michigan's tough standards.

The Michigan Commingled Meat Law of 1952 says such products must have at least 12 percent protein and cannot contain animal by-products. Federal law, on the

other hand, permits use of hearts, tongues, stomachs, lips and snouts in such products.

The American Meat Institute, a national trade association of the meat packing industry, had challenged the constitutionality of the sign law.

Judge Fox ruled, however, that the law is a "legitimate exercise of the state to communicate information to its citizen-consumers in order to assist them in making informed purchasing decisions."

In addition, the judge said: "Michigan's consumers have a right, protected by the First Amendment, to receive this relevant product information which the state seeks to disseminate to them."

Tenant Laws

A dispute between tenant and landlord escalates.

One day, the tenant comes home from work to find his furniture and other belongings on the sidewalk. Or there's a lock on his door and no one but the landlord has the key. Or public utility service has been turned off.

Under terms of a new law taking effect March 1, 1977, such practices will be illegal.

The law, sponsored by Ann Arbor Democratic Rep. Perry Bullard, will assure that landlords "seek relief through the state's summary eviction procedure—an established procedure assuring due process," says Gov. William Milliken.

Any tenant who's unlawfully ejected after the law takes effect will be able to recover treble damages, or \$200, whichever is greater. In addition, the wronged tenant can collect costs and reasonable attorney fees.

Bullard says the law is a "fair compromise between landlord and tenant interests."

High on Minerals

Michigan's production of mineral raw materials hit a record \$1.28 billion-plus last year—the largest economic total since the state was admitted to the union in 1837.

Figures for 1976 won't be available until fall of 1977, but state geologists are predicting another economic record because of increased iron ore and natural fuel production.

"Increasing costs and production of iron ore, which traditionally leads Michigan's mineral output in dollar value, is the main basis for this speculation," explains Arthur E. Slaughter, the official state geologist.

Iron ore, for instance, zoomed up more than 34 percent, to \$34.6 million in 1975. Inflation played a key role in that increase, however, since Slaughter notes that iron ore shipments in that period were only about 25 percent over 1974 production totals.

Over 15 million tons of iron ore were mined in Michigan during 1975, compared to 11.5 million tons in 1974 and 12.3 million tons in 1973.

Other increases included: petroleum and natural gas, which increased in volume by 35 and 47

JUST REMINISCING

Items Taken from the Files of The Chelsea Standard

4 Years Ago...

Thursday, Jan. 18, 1973—

The recent election of Chelsea resident Dr. Gordon Riehlhammer to the presidency of the State Board of Education may herald a new season of co-operation, or at least, balance for that often dissent-ridden body.

A very "unprofessional" crank succeeded in duping two Chelsea businesses last Friday with altered dollar bills. Polly's supermarket and the Checker gas station each accepted a \$1 bill doctored to look like a \$20 bill.

The Binet Hall Fund, organized by Chelsea women to improve the living conditions in one dormitory at Plymouth State Home, has amassed \$1,076.80 since it began its drive in December.

Chelsea school teachers voted overwhelmingly Wednesday evening to go on strike at 8:15 Monday morning unless the school Board changes its position.

Officers Gerald Shaw and Jack Dettling came upon a hoist-in-progress Saturday morning at Heydlauff's store. The suspect was quickly apprehended.

14 Years Ago...

Thursday, Jan. 17, 1963—

The Chelsea Village Council, at its regular meeting Tuesday evening, adopted an ordinance "regulating the public peace as relates to disorderly persons." Known as Ordinance No. 64, it clearly defines the conduct which is considered disorderly and also provides for penalties against violators.

A steer which died Sunday on the Erwin Trinkle farm, 8872 Sibley Rd., was found to have had rabies, County Health Department veterinarian George Bowler said yesterday.

Chelsea State Bank, at its annual meeting Tuesday afternoon, elected all officers and directors for the coming year as follows: Paul G. Schable, chairman of the board; Paul E. Mann, president; Howard S. Holmes, vice-president; Paul G. Schable, Jr., cashier; and Richard J. Kern and Paul F. Niehaus, assistant cashiers.

Boy scouts of Troop 76 and Troop 25 will combine efforts Friday, Jan. 18, and Saturday, Jan. 19, for the annual March of Dimes peanut sale. Mrs. Wallace Wood is campaign chairman and Elmer Kiel, Troop 76 Committee chairman is the peanut sale chairman.

"What's cooking?" In Michigan

by Carl B. Sigmund
Michigan Dept. of Agriculture

I just couldn't help it, I really didn't mean to do it but I started the day with this combination: Ovalbumin, conalbumin, ovomucin, globulins, amino acids, lipovitellin, lecithin, cholesterol, lecithin, lipids (fats), fatty acids, butyric acid, acetic acid, sodium chloride, lutein, zeaxanthine, Vitamin A and some phosphates.

And I had that egg with some bacon.

People get awfully nervous when they read some of the contents which are listed by law on ingredient labels. Nitrates, nitrites, MSG—all sound like something from outer space.

But wait a minute.

I just finished a book called "Panlo in the Pantry" by Drs. Elizabeth Whelan and Frederick Stare. Published by Athenum in 1976, this book examines what the authors call "food facts, fads and fallacies."

I realize it may not be "What's Cooking in Michigan," but I'm sure it could lay to rest many of the concerns Michigan shoppers may have about the foods they buy. It also reinforces what food technologists for the Michigan Department of Agriculture have been saying for years. This is that the food you buy has been inspected for wholesomeness and you can buy with confidence.

As Whelan and Stare put it, the big problem is "the re-education of American eaters. Over the past five years panic books have been bombarding them with 'facts' about how they are slowly eating themselves to a painful death. They are being told they are consuming lethal, cancer-causing food additives. Instead, more attention should be given to the real, documented facts, specifically, the observations that additives perform necessary health-promoting functions, are under constant surveillance, and are safer than many 'natural' products. These statements are hardly as attention-getting as the 'poisons-in-your-pantry' headlines, but they might precipitate a gradual shift from emotionalism to rationality." Amen.

The book should be available from your local library.

percent, respectively, and were up 69 and 85 percent in value.

Aid for Seniors

More than 20 years ago, Michigan adopted the first senior citizen homestead tax exemption law.

Today, Michigan's tax credit laws for senior citizens are "the most progressive in the nation," says Sen. Joseph M. Snyder, D-St. Clair Shores, chairman of the legislature's Special Committee on Aging.

Snyder has prepared a booklet, "Tax Credits for Senior Citizens," which details what seniors need to know to find out if they qualify for property tax relief obtained through a tax credit.

Copies of the booklet are available from the Senator's office, Room 330, State Capitol, Lansing 48909.

"Dad, why do people take drugs?"

To most people who have used drugs all of their lives, it seems like it has a simple answer. But to a 4-year-old boy who has never seen the inside of a hospital or a medical doctor, or had as much as a half an aspirin or a teaspoon of cough syrup, the answer takes on a definite change of meaning.

"People take drugs, because they don't know about Chiropractic . . . no one tells them so they think they have to take poison. We have to tell them," I said.

" . . . and when I get big I'm going to tell people that they should get adjustments and then they won't need drugs," he said.

As strange as Chiropractic may seem to many people . . . medicine seems just as strange to our kids and our patients' kids. They see our patients and their friends getting well under Chiropractic and can't understand why everyone doesn't try it. We can't understand it either.

This morning, Jason, our 4-year-old, got dressed and asked me if he could talk to the patients about Chiropractic. So if you see him . . . he'll talk your ear off on why you and your family should be under Chiropractic care if you are not already.

Maybe some day, if enough Jasons tell enough people . . . your grandchildren or great-grandchildren may say to you, " . . . grandma, why did people used to take drugs?"

Legion Auxiliary Reports Given on Christmas Projects

The regular meeting of Herbert J. McKune Unit No. 31, American Legion Auxiliary, was held Tuesday, Jan. 4 at St. Mary school hall.

Unit members were urged to bring cancelled stamps and coupons to the Child Welfare chairman, Roxie Maroney.

Delphine Bolanowski reported all shut-in members were remembered with a Christmas gift.

Loretta Doll, Gold Star chairman, reported that our two Gold shut-in members were remembered with a Christmas gift.

The final report of the Gift Shop held in Veterans Administration Hospital in Ann Arbor was given by the Rehabilitation chairman, Ruth Christwell. She stated that a total of 1,148 gifts were purchased by 34 units of the American Legion Auxiliary at a cost of \$4,056.85. 219 packages were mailed to the veterans' families at a cost of \$208. Gifts were also provided for each patient on Christmas day. Volunteers from the units worked a total of 472 hours on the three days of Gift Shop. There were five patients from Chelsea in the hospital at this time and each of their families was mailed a Christmas gift. This is an annual project of the American Legion Auxiliary, made possible through the sale of poppies, and is carried out in all veterans hospitals throughout the United States.

It was announced that Second District meeting would be at Post No. 28, Jackson, Jan. 16.

Next regular meeting will be Feb. 1 at St. Mary school hall.

Modern Mothers Hear Program on March of Dimes

Tuesday evening Modern Mothers Child Study Club held their first meeting of the new year at the home of Janet Rossi with 20 members present. Donna Lanktree, co-chairman of March of Dimes, showed the film "From the Wisdom of Nature." It told how the National Foundation - March of Dimes uses our donations for a number of causes including research on birth defects, genetic counseling, direct aid to children with birth defects, nutrition education and teaching community hospitals the care of seriously ill infants.

Prior to the meeting refreshments were served by co-hostesses Jan Grenier and June Flanagan.

Next meeting will feature Julian Moody of a health food store as speaker. Lenore Matloff will be hostess for this Jan. 25 meeting.

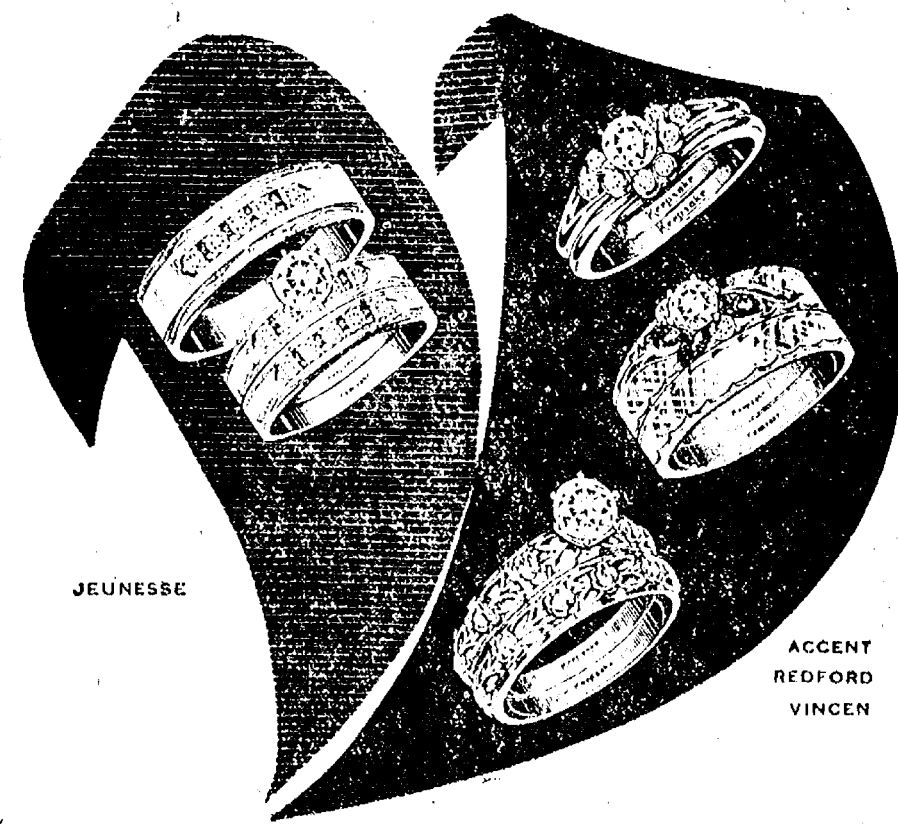

The Federal Energy Administration advises householders to save on electricity by getting the most out of the lamps they use. Remember, clear bulbs spread more light than frosted bulbs. And more light enters the room through light-colored transparent shades than darker shades.

VFW Auxiliary Members Invited To Venison Dinner

A regular business session of VFW Auxiliary Unit No. 4076 was held Jan. 10, with 11 members in attendance. Twenty dollars was allocated for the Michigan Cottages Fund at the National Home, also Post cereal box tops are being collected, and will be used in obtaining needed items at the Home.

The charter was draped in memory of Mildred Meuth, past department president who died Nov. 25. Lucy Platt, Bessie Sharp and Mary Kniss were named on the house rules committee to work with the post committee.

The local group will be assisting the Washtenaw County Council of Veterans, who are sponsoring a party on Jan. 25 at the Ann Arbor VA Hospital for the patients. It was announced the Sixth District meeting will be Feb. 13, at New-Port. Hostess Auxiliary No. 3943. The Mid-Winter Conference will be held in Washington, D. C., Feb. 11-13. The department president's Testimonial Dinner will be held April 16, at the Roma of Livonia Hall, in Livonia.

Auxiliary members and families are invited to attend the venison dinner the post is sponsoring Saturday, Jan. 15, at 7 p.m., in the Post Home. Contact Fremont Boyers, Lawrence Boyer, or Eulabee Packard if planning to attend.

The next meeting of the Auxiliary is scheduled for Feb. 14, at 8 p.m. in the VFW Hall.

CSA Receives State Grant for Youth Councils

Youth Councils are being organized throughout the county, thanks to an unique state grant just received by the Washtenaw County Community Services Agency (CSA) and the teenagers themselves are doing the organizing, according to Peter K. Yorloda, Director of CSA.

Totaling \$17,850 in state monies, this unique grant will do two things: 1) will provide start up funds for the youth councils and 2) will provide grants and assistance to presently existing groups.

Yorloda explained that the monies are for students from low income families to provide them with the kind of opportunities and activities which are easily available to middle income students as a daily part of their lives, but are non-existent or very difficult to obtain for low income students.

"Such experiences as recreational activities, travel, cultural events, educational counseling, are the major requests which come from the youth. In addition, they want job sessions, employment advice, rap ideas and support. All plans will emerge from the students themselves."

Youth organizers from the four Neighborhood Action Centers are spreading the word through schools, clubs, churches and community events. "The response looks magnetic," according to Tinnie Simpson, supervisor of CSA Neighborhood Action Centers. "The kids are dreaming big - such as plans for educational trips and sporting events, as well as small dreams like learning art skills after school at the centers."

Simpson pointed out that the CSA Neighborhood Action Centers in Ann Arbor, Ypsilanti, Willow Run and Chelsea are already available "immediately" as meeting places for the teens, and are staffed by organizers who are understanding and sympathetic to the needs of youth—especially low income youth. In addition, each CSA Center has an adult community advisory committee with tentacles to the people. Some committee members will be parents. The advisory committees working with the Centers' staffs will assist the youth councils in their work.

All students, regardless of their family's economic status are welcome. "The hope is to provide opportunities for mixing kids of all backgrounds," Simpson said. Youth interested in getting on the ground floor should contact one of the following CSA Neighborhood Action Centers:

Ypsilanti: Paul Moran, Community Organizer. Phone: 483-2042.

Willow Run: Brenda McKinney, Community Organizer. Phone: 483-2088.

Ann Arbor: Cathy Scott, Community Organizer. Phone: 769-3771.

Chelsea: Katy Harat, Community Organizer. Phone: 426-8196.

NW Downs JVs

(Continued from page one)

averaging only 23 percent, and had a high turnover count of 28.

Leading scorer for Chelsea was Gary Dills with 10, followed by Jesse Coburn, 8, and Don Schrottenboer, also 8. High rebounders were Al Augustine with 11, and Schrottenboer, with 10.

Tuesday's loss dropped the Bulldog's JV record to 3-6.

CHRISTMAS VISIT: A fun and festive Christmas Visit was sponsored by North Lake Co-Op Nursery on Sunday, Dec. 12. Six area homes opened their doors to the public for the occasion, welcoming guests in decorated splendor. Live music was provided in each home by area musicians, including members of the 7th grade band from Beach Middle

school, a guitar duet by Dawn and Karen McGowan, a flute and piano duet by Sherry Plank and Carolee Gallas, and a piano solo by Arlaine Kibbie. Above, some 7th grade band members pipe forth with some traditional carol favorites under the watchful eyes of band director, Steve Bergmann.

Chrysler Introl Division Sets Production Record in Past Year

Chrysler Corporation's Introl Division achieved record levels of production and employment in the past year, George W. Munger, Division Manager, said today in a review of 1976 operations.

Munger said the division shipped 8.6 million automotive emission components and 20.5 million gauges and instruments in 1976, exceeding the output of 1973, the previous record year.

"Our employment also reached a

new high of 1,560 during the year," he said, "and Introl Division employees received a record \$30 million in wages and benefits in 1976."

A leading manufacturer of automotive gauges, speedometers, instrument panel clusters, and other automotive precision components, Introl Division has the largest payroll of any manufacturer in the Ann Arbor area. The division has facilities in Ann Arbor and in Scio town-

"In September we announced a 30 percent expansion of our Scio township plant, which will increase our floor space there to 446,000 square feet," said Munger. "Completion of this project is scheduled for late 1977, and we expect this expansion will create about 250 new jobs over the next few years."

Other projects already under way or planned for future production are tooling and plant rearrangement to build components for the Chrysler LeBaron and Dodge Diplomat, two new models scheduled for introduction early in 1977.

Combined state and local taxes paid by Introl's Ann Arbor and Scio township plants amounted to \$327,000 in 1976. Contributions to the

To achieve its record production during the past year Introl used 18 million pounds of raw materials, including more than 8.3 million pounds of plastics and 4.5 million pounds of steel. Other raw materials the division uses in large quantities are activated carbon, aluminum, copper, zinc, brass and rubber.

Dollar volume of purchases for materials and services in 1976 was \$50 million, exceeding the previous record of \$30 million in 1973.

Alternate Fuels Should Offset Winter Gas Curtailments

By Frank G. Zarb
Federal Energy Administrator

Assuming normal winter weather conditions, anticipated natural gas curtailments this winter should be about 30 percent above curtailments actually experienced during the winter of 1975-76 which was a warmer than normal winter. However, our nationwide supplies of alternative fuels currently appear adequate to offset these anticipated curtailments.

FEA's survey indicates no projected curtailments of residential customers. But there could be some curtailment of commercial customers—and as was the case last year—industrial and electric utility users are expected to be affected the most.

I should emphasize that curtailments by themselves are not a meaningful measure of the natural gas shortage on end-users depends also upon the availability of alternate fuels, supplemental gas, or emergency gas needed to offset the projected curtailments.

At any rate—and as long as normal winter weather prevails—supplies of alternate fuels nationally should be adequate to cover the projected curtailments of natural gas.

A prolonged "cold snap" could, however, place a temporary local strain on delivery capabilities affecting the availability of one alternate fuel—propane—in Georgia, Maryland, North and South Carolina, Tennessee, and Virginia. Such a situation could also affect the availability of middle distillates in Arizona, Kentucky, Tennessee and West Virginia.

North Carolina is susceptible to propane availability problems even if the winter weather is normal. FEA's survey indicates that some industrial customers reported to have no alternative fuel capability in Ohio, Iowa, North Carolina and Indiana could have problems this winter. When such customers are identified, they are referred to the Natural Gas Action Group in the Department of Commerce, which contacts companies impacted by curtailments to see if assistance can be provided.

The major impact of incremental gas curtailments this winter over last will be higher costs for additional alternate fuels used to replace additional gas curtailment volumes.

The magnitude of these additional costs relative to last year could be from \$550 to \$650 million across the nation.

Three CHS Freshmen With Youth Symphony

Three Chelsea High school freshmen, Drew Sprague, Julia Smith, and Cindy Wolter, will be among 120 Michigan Youth Symphony members who will open the orchestra's 28th season with a free family concert at 3 p.m. Sunday, Jan. 16, in the University of Michigan Hill Auditorium.

Sprague will perform on trumpet, Miss Smith on string bass, and Miss Wolter on flute. Featured on the program will be Copeland's "Variations On A Shaker Melody," from "Appalachian Suite," conducted by Bruce W. Galbraith, managing secretary for the Michigan School Band and Orchestra Association.

The program will also include Wagner's "Rienzi Overture," "Scheherazade" by Rimsky-Korsakoff, Bernstein's "West Side Story Selections" and the Finale from "Symphony No. 1" by Kalinnikow.

Appearing along with the trio from Chelsea will be two Dexter youth, Kim Aseltine and Ken Cavanaugh.

The Michigan Youth Symphony, which is sponsored by the U-M Extension Service and School of Music, is conducted by Charles J. Gaborin of the U-M School of Music School. Youth Symphony members are young music students from throughout Michigan selected on the basis of musical experience and ability.

"In addition to providing our young members with quality orchestral experience," Gaborin stated, "it is our commitment that these students will become better leaders in their own school and community organizations as a result of their Michigan Youth Symphony experiences."

Gaborin, a U-M graduate, is now assistant professor in the U-M Music School, conductor of the U-M Campus Orchestra, and administrator of the U-M All State Program at Interlochen.

Sprague, Miss Smith, and Miss Wolter were participants in U-M All State Orchestra this past summer. Sprague is the son of Mr. and Mrs. James Sprague of Clear Lake Rd., Grass Lake; Miss Smith is the daughter of Mr. and Mrs. Donald E. Smith of North Territor-

Recall Started...

Bruce Galbraith To Conduct Michigan Youth Symphony

The Michigan Youth Symphony begins its 28th season with a free family concert at 3:00 p.m. Sunday, Jan. 16 in Hill Auditorium, Ann Arbor.

The symphony, which is sponsored by the University of Michigan's Extension Service and School of Music, selects 120 talented young music students from cities throughout Michigan for a musical experience commensurate with their advanced abilities.

Featured on the program will be Bruce W. Galbraith conducting Copland's "Variations On A Shaker Melody" from "Appalachian Suite." Galbraith graduated with honors from Cass Technical High School in Detroit where he also served as assistant to the band, orchestra and choir conductors. He received both his BM and MM degrees from the U-M School of Music.

He has taught in the Detroit Grand Rapids and Chelsea public schools.

Galbraith is currently the managing secretary for the more than 1,200-member Michigan School Band and Orchestra Association.

In addition to being an active music adjudicator throughout the U. S., Galbraith serves as chairman of the Educational Advisory Panel for the Michigan Council for the Arts, and the Music Committee for the Michigan Week Youth Arts Festival.

He is a member of the State Board of Education Arts in Education Advisory Council, and the General Services Advisory Council.

Since 1973 Galbraith has worked with the Musical Youth International Band and Choir, and is currently preparing them for a summer tour of the USSR.

Also included on the program will be Wagner's "Rienzi Overture," "Scheherazade" by Rimsky-Korsakoff, Bernstein's "West Side Story Selections," and the "Finale"

BRUCE W. GALBRAITH

from "Symphony No. 1" by Kalinikow.

Since 1949 the Michigan Youth Symphony has helped young students become professional musicians through the standard of excellence achieved in the performance of outstanding orchestral literature, through their association with the distinguished faculty of the University's School of Music, and through scholarships provided to the National Music Camp at Interlochen.

"In addition to providing our young members with a quality orchestral experience, it is our commitment that these students will become better leaders in their own school and community organizations as a result of their Michigan Youth Symphony experiences," says Charles J. Gabriel, the orchestra's conductor.

Gabriel, who received his degrees from the U-M, is an assistant professor in the University's School of Music. He is conductor

of the U-M's Campus Orchestra and administrator of the U-M All-State program at the Interlochen National Music Camp.

ABOUT ALCOHOLISM

By the time this is read, most of you will be recovering from your holiday seasons, and you've been bombarded by messages regarding alcohol abuse during the holidays. I can add nothing to those messages that will be any more convincing, except to say that nothing will sober you up, except the passing of time . . . coffee won't do it, walking around won't do it. There is nothing that can be done except wait. If you've had too much to drink, Here's the first question about alcoholism.

IS ALCOHOLISM INHERITED?

This question is asked more than most people might think. Every day we hear stories which begin, my uncle, or father (or any other family member), is an alcoholic, what are my chances of becoming one? Right now, nobody knows what the chances are of becoming alcoholic, but they must be fairly high, there are more than half a million alcoholics and alcohol abusers in Michigan alone.

Dr. John Ewing, director of the Center for Alcohol Studies at the University of North Carolina, says there is "good evidence" that the tendency to be alcoholic is inherited, and that nature is more important than environment in creating alcoholics. One of Dr. Ewing's most fascinating statistics concerned adopted children. Adopted boys whose natural fathers were alcoholics were four times more likely to become alcoholic than boys with non-alcoholic fathers, even though in this study the boys were adopted by the time they were six weeks old.

If these statistics are accurate, and do in fact mean alcoholism can be an inherited trait, this gets the researchers right into the genetics of people, and that is a field that only recently began to be explored by scientists.

WHAT CAN DOCTORS DO ABOUT ALCOHOLISM IF IT IS INHERITABLE?

According to the Journal of Addiction Research Foundation of Ontario, the most important thing doctors can do is get rid of their bias when it comes to the alcoholic patient. The journal says physicians "must recognize alcoholism as a serious disease and a major health problem and diagnose it before patients become physically impaired." Dr. W. W. Lukash of the Naval Medical Center says physicians often delay diagnosing alcoholism because drinking is a social way of life, and also because physicians have the highest rate of alcoholism of any of the professions.

Dr. Lukash also says failures in coping with alcoholism are shown in the progressive destruction of the life style of alcoholics, the 100,000 violent fatalities each year linked to alcoholism and the 25,000 patients treated each year for fatty liver conditions. Dr. Lukash also said that 50 percent of the homicides and auto fatalities, 50 percent of the felonies, 30 percent of the suicides, and 20 percent of the hospital admissions in this country are linked to alcoholism and alcohol abuse.

If you have any questions, write us—About Alcoholism, 1201 W. Oakland Ave., Lansing, 48915.

New Courses Added to Rec. Dept. Offerings

Chelsea's Winter Recreation Program will begin the week of Jan. 17 with several new course offerings joining the ranks of many traditional favorites.

According to recreation director Janet Rossi, a new policy has been adopted this term in response to the added costs of running the program. To enroll in a class, interested persons must call the instructor prior to the first meeting day. If less than eight people pre-enroll in a course, the course will be cancelled.

The following is a complete listing of classes offered.

CHILDREN'S CLASSES

Course: Magic for Young People Instructor: Bob Hodder. 6 weeks, Tuesday, beginning Jan. 18.

Time: 7-8:30 p.m. Fee: \$5. To be announced.

Course Description: A course for youngsters who have little or no knowledge of magic tricks. The course will teach easy sleight of hand, card tricks, and other tricks that require little, or inexpensive equipment. Ethics and showmanship will be taught. The minimum age is 8 yrs. To register, phone 475-7238, after 5 p.m.

Course: Basketball Cheerleading. Instructors: Varsity Cheerleaders. 6 weeks, Wednesday, beginning Jan. 19.

Time: 3:30-4:30 p.m. Place: North School. Fee: \$5. To register phone Beth Flanigan, 475-2855.

Course: Tumbling Instructors: Beth Collins and Beth Flanigan. 8 weeks, Saturday, beginning Jan. 22.

Time: 3-4 p.m. for 5-8 yr. olds. 4-5 p.m. for 9-12 yr. olds.

Place: South School Gym. Fee: \$5. To register phone Beth Collins, 475-7387.

ADULT COURSES

Course: Powder Puff Mechanics. Instructor: Bob Janich. 8 weeks, Tuesday, beginning Jan. 18.

Time: 7-9 p.m. Place: High School Home Ec Room. Fee: \$20. Course Description: Participants will be doing marzipan, hand molding, color-flow outlining, royal icing and candy clay. Previous experience or decorating class required. To register, phone 475-8089.

Course: Framing. Instructor: Ben Bower. 8 weeks, Thursday, beginning Jan. 20.

Time: 7-9 p.m. Place: Beach Middle School Shop Room. Fee: \$25, includes basic materials. Course Description: Participants in this course will be designing a frame. Lectures to include the choosing of frame stock, finished or unfinished, matting material, size, color, texture best suited for the subject, building and finishing a frame and mat; cutting glass and assembling all the component parts. To register, phone 475-8261.

Course: Patchwork I. Instructor: Mary Kumpf. 8 weeks, Monday, beginning Jan. 17.

Time: 7-9 p.m. Place: High School Home Ec Room. Fee: \$17. Course Description: Learn how to do patchwork on clothing, pillows, wall hangings, tablecloths, etc. Bring cloth scraps, thread and scissors to the first class. To register, phone 475-7714.

Course: Patchwork II. Instructor: Mary Kumpf. 8 weeks, Monday, beginning Jan. 17.

Time: 8-10 p.m. Place: High School Home Ec Room. Fee: \$17. Course Description: This course is designed to continue on from Patchwork I. Will finish with a

Course: Cake Decorating I. Instructor: Dorothy Hafner. 8 weeks, Tuesday, beginning Jan. 18.

Steve Walz pled guilty to charges of careless driving. Fines and costs, \$30.

Sister Francis Manor pled guilty to charges of failing to stop for a school bus. Fines and costs, \$50.

Improved Energy Efficiency Targets Slated for Industry

By Frank G. Zarb
Federal Energy Administrator
"Company X," a chemical products manufacturer, has been consuming more energy than is necessary to produce the products required by the consumers.

But that pattern could soon be changing—not only for hypothetical "Company X" but for several of the other largest industrial energy users.

The catalyst for change is a program that sets voluntary energy efficiency targets for the Nation's 10 most energy-consuming industries.

The proposed targets range from a 10 percent improvement in energy efficiency for the primary metals industry to a 27 percent improvement for the textile industry based on equipment and processes in place as of Jan. 1, 1980.

Final targets will be set after a series of hearings are held in Washington for each of the 10 affected industries to provide opportunities for written and oral comment by the public.

Proposed energy efficiency improvement targets for the indicated industries are:

Primary metals 10 percent; Petroleum and Coal products, 12 percent; Paper and Allied products, 12 percent; Food and Kindred products, 14 percent; Machinery, except electrical, 15 percent; Chemical and allied products, 16 percent;

Jaun Montaloo appeared in court on charges of drunk and disorderly. The case was dismissed on costs of \$25.

Mark Bedolla appeared in court on charges of drunk and disorderly. The case was dismissed on costs of \$25.

Rodney McCormick pled guilty to charges of drunk and disorderly. Fines and costs, \$50.

Mitchell J. Mitchell pled guilty to charges of transporting open intoxicants. Fines and costs, \$35.

Lucille Watson was sentenced to pay fines and costs of \$200, to the Alcohol Safety Action Program, and to one year probation on charges of driving under the influence of liquor.

John P. Malcolm was sentenced to pay fines and costs of \$300, to one year probation, and to the Alcohol Safety Action Program on charges of driving under the influence of liquor.

Matmen 11th in Tourney

(Continued from page one)

Bareils scored a fall victory at heavyweight.

Thursday evening, Jan. 8, Chelsea wrestlers defeated Brighton, 42-18, with the help of three forfeits in the heavier weight divisions.

The match started badly as Dan Wilson suffered a fall loss at 98 lbs. At 105 lbs., Dan Desmyther countered with his first varsity win, an 11-0 decision. At 112 lbs., John Bullock followed with a close 4-2 decision, Chuck Young rolled up a 7-0 decision at 119 lbs., and Captain Jim Stahl registered a 7-0 decision at 126 lbs.

In his 132 lbs. match, Mike Young scored at will, but was unable to pin his opponent, Coach Bareils stated. Young had to settle for a 22-0 decision. Rocky Brandel, at 138 lbs., was defeated, 4-1, and Rick Beeman lost, 0-2, to the defending league champ.

Chelsea then received three forfeits at 145 lbs., 165 lbs., and 178 lbs. At 181 lbs., Tim Bareils fell victim to a pin, but then watched as heavyweight Leon Brown closed out the match with a pin for Chelsea and the heavyweight victory.

In JV action against Brighton, Chris Umstead, at 126 lbs., Bart Bauer at 132 lbs., and Joe Marentette at 132 lbs., scored falls, while John Whittaker scored a hard fought 5-3 decision win at 144 lbs.

Chelsea grapplers traveled to the Jackson Western Tournament Saturday, Jan. 8, where they found some very tough competition.

Coach Bareils verified. The Bulldogs finished 11th in the 15-team tournament.

Gaining third-place medals for Chelsea were Chuck Young at 119 lbs., Mike Young at 132 lbs., and Rick Beeman at 145 lbs. According to Coach Bareils, other Chelsea matmen who did a good job wrestling although they did not place, were Dan Wilson, Joe Branham, and Terry Thompson. The coach explained, "It was obvious that the level of competition was very tough, and many of Chelsea's wrestlers were simply not ready for it."

Chelsea will wrestle South Lyon in an away contest Thursday (tonight), Jan. 13, and then will take part in the tough Mason Tournament on Saturday.

Currently, Bulldog wrestlers with outstanding records are Chuck Young, 13-4; Jim Stahl, 11-3; Mike Young, 15-1; Rick Beeman, 9-5; Bruce Bennett, 8-4; Brian Van Westma, 5-2; Todd Hendrick, 10-6; and Leon Brown, 9-0-1.

According to government statistics approximately five percent of school aged children suffer from hearing loss problems. In addition, one of every 2,000 infants is deaf or a victim of a severe hearing loss problem. For these reasons it is of vital importance for every parent to make certain his children have their hearing tested periodically, hearing specialists warn.

Sheep Shearing School Slated At MSU Site

A Sheep Shearing School will be held Friday and Saturday, Feb. 11 and 12, at the Livestock Judging Pavilion, Michigan State University Campus, East Lansing. The school is designed for those people who want to shear sheep professionally.

Conducting the course will be Bob Taylor, Mid-States Wool Growers, a professional shearer, George Good, shepherd of the MSU sheep flock, and Bill Ames, Washington County Agricultural Agent. Topics to be covered include proper care of equipment, setting up equipment, shearing techniques and other related items. The course will be limited to 20 students. This is to ensure that each student will receive individual instruction by the instructors as they shear the sheep.

If you are interested in enrolling contact your local Co-operative Extension Office for an enrollment blank.

Final Tax Payment Due From Some, Says IRS

Michigan citizens who do not have enough taxes withheld are required to pay their final installment of 1976 estimated Federal Income Tax no later than Monday, Jan. 17. Also due the same day are amended estimates from citizens whose 1976 income changed substantially during the last quarter.

Many taxpayers first met the requirements for filing a tax declaration during the last three months of 1976, according to the Internal Revenue Service. Taxpayers are generally required to file an estimate if they owe the IRS more than \$100 not covered by withholding. The estimates in this case are due Jan. 17.

There is one exception to this rule, the IRS said, and that's when taxpayers file their returns and pay all taxes due by Jan. 31. In that case the final 1976 installment is not required, the amended declaration is not required nor is an original Jan. 17 declaration required.

IRS Publication 505, "Tax Withholding and Declaration of Estimated Tax," available free from the Detroit IRS office, provides additional information.

Swim-A-Thon Pledges Sought for Pool Help

Chelsea Aquatic Club will conduct a Swim-A-Thon to raise funds for the purchase of pool equipment and to finance pool use. To initiate the project, swimmers from Chelsea High school, Beach Middle school, and the elementary schools will canvass the community door-to-door this week.

Students will be asking their friends and neighbors to pledge any amount of money, from one cent up, for each pool length the student can swim. The maximum number of lengths has been set at 100.

For example, if a swimmer receives a pledge of one cent from a neighbor, and he swims 100 lengths, the amount to be donated will be \$1. If the pledge is for 10 cents per length, and the swimmer swims 100 lengths, that pledge will amount to \$10.

During the forthcoming week, only pledges will be collected. Following the Swim-A-Thon, the amount to be donated will be determined by the number of lengths a sponsored swimmer has completed.

If you wish to back a swimmer and are not contacted during the door-to-door drive, call Larry Reed at the Beach Middle school pool.

JVs Over Dexter

(Continued from page one)

Chelsea sent the Dreadnaughts reeling as they collected 19 steals, "the best we've done this season," Coach Terpstra said. Coburn, who led the Bulldogs with 11 rebounds, also moved in for seven steals. Teammate Scott Price was in the air for eight rebounds.

Chelsea High's JV record is now 3-5 as they prepare to greet Saline this Friday, Jan. 14, in the Chelsea High gymnasium.

Telephone Your Club News To 475-1371.

DEATHS

Francis Wojciechowski

Dies Jan. 6 in Nevada Following Brief Illness

Francis T. ("Frank") Wojciechowski, of 210 Pierce St., died at Henderson, Nev., Thursday, Jan. 6, following a brief illness. He was 30 years old.

Mr. Wojciechowski had worked for Dana Corp. for 30 years, retiring last June 1st as supervisor of quality control.

Born on Jan. 23, 1916 in Ironwood, he was a son of Thomas and Anna Platt Wojciechowski. He was married to Catherine H. Collins on April 14, 1941. She survives.

Mr. Wojciechowski had served in the U. S. Army during World War II and was a member of Herbert J. McKune Post No. 31 of the American Legion. He also was a member of St. James Episcopal Church of Dexter.

Surviving besides his widow is a son, Thomas Wojciechowski, and a daughter, Mrs. Charles (Joanne) Waller, both of Chelsea; a sister, Mrs. Frank (Neva) Radowski of Stockbridge and a brother, Chester W. Wojciechowski of Green Bay, Wis., as well as two grandsons, Frank and Edward Waller of Chelsea, and several nieces and nephews.

Funeral services were held at 10:30 a.m. Tuesday, Jan. 11 at St. Barnabas Episcopal church with the Rev. Fr. C. Walton Fitch officiating. Burial followed in Oak Grove Cemetery. The family suggests that those who would care to do so may make contributions in Mr. Wojciechowski's memory to the Michigan Heart Association. Arrangements were made by Burghardt Funeral Home.

Mrs. Ezra Vreeland

Former Royal Oak Resident Dies at Methodist Home

Beatrice M. Vreeland, 83, of Royal Oak, died Monday, Jan. 10 at Chelsea United Methodist Retirement Home. She was born in the Village of Lucan, Ontario, Canada, on July 3, 1893 to Edward and Margaret Kinnee Gibson. She married Ezra Rust Vreeland in Ulby on July 15, 1914. He preceded her in death in 1957.

In 1970, Mrs. Vreeland moved to the Chelsea Methodist Retirement Home from Royal Oak, where she had lived for 27 years. Prior to her residence in Royal Oak, she had lived in Ulby for most of her youth.

Among her activities, Mrs. Vreeland was a member of the Eastern Star and of the First United Methodist church of Royal Oak.

Survivors include one son, Clark Vreeland of Adrian; two grand children; and two great-grandchildren. She was preceded in death by one brother and one sister.

Funeral services will be held Thursday (today), Jan. 13, 10 a.m. in the Chelsea United Methodist Retirement Home Chapel, with the Rev. Samuel Seizert of Royal Oak First United Methodist church officiating. Burial will follow in Acacia Park Cemetery, Birmingham. Memorial contributions may be made to the Chelsea United Methodist Home Building Fund. Arrangements are by Staffan Funeral Home.

SCHOOL LUNCH MENU

NOTICE

The Annual Meeting of Members of the

CHELSEA UNITED WAY

Will Be Held

Wednesday, January 19, 1977

at 7:30 p.m. in the Second Floor Council Room of the Municipal Building, Chelsea, Mich.

Business of this meeting will include:

- * Election of 7 Directors
- * Presentation of the annual reports and any other business that may come before the meeting.

Everyone who made a contribution during the 1976 campaign for funds is considered a member eligible to vote and is urged to attend.

DAVID McLAUGHLIN, President
EARL M. KLEMER, Secretary

Cager of the Week

ANTHONY HOULE (12) has migrated from the football field to the basketball court each winter for the past five years, pursuing his interests in "athletic competition and keeping in shape." According to the 5'9" senior guard, the competition in basketball this season is more evenly matched than Chelsea's sluggish 1-5 record would indicate. Of the Bulldogs' five losses, one came in overtime, another by two points, and two more by a narrow eight-point margins. "We've been playing really good ball," he explained, "we just can't seem to put our shots through the hoop." In Houle's opinion, Chelsea's best game thus far was their double overtime thriller against Columbia Central. "It was a good game," the cager stated, "although it was frustrating when we had several opportunities to surge ahead, but failed to capitalize on them." Houle predicts Chelsea's recent victory over South Lyon "will get us up and increase moral." Also, after Christmas vacation, "most injured players should be recovered, so we should do pretty well the rest of the year," he said. In addition to football and basketball, Houle plays baseball for Chelsea High. He has five brothers, and is the son of Mr. and Mrs. Robert P. Houle of Taylor Lane.

Dexter Wins in OT

(Continued from page one)

Dexter and Chelsea traded baskets in the fourth quarter until there were only six seconds remaining in the game. As the seconds ticked away, Randy Sweeney launched a shot that could have won the game, but the ball rolled off the rim and the two teams went into overtime.

In the overtime period, Dexter hit for six quick points while Chelsea went cold and only managed four. Dexter continued their drive, finishing with 13 points to close down the contest, 66-57.

"We had several opportunities to shoot ahead, but missed some easy buckets in a crucial overtime," said Coach Balistrere. He added, "We also had a defensive mental lapse in our overtime period, and we missed our defensive assignment. However, we showed the ability to come back from behind, and that's a good sign."

Leading scorers were Dean Thompson and Pete Feeney, with 16 and 15 points, respectively. Don Morrison, Randy Sweeney, and Jerry Benjamin each had 8 points, and Tony Robards rounded off at 2. High rebounder was Randy Sweeney.

The Bulldogs were only 3 of 7 from the line for a 42 percent average, and registered only a 36 percent average from the floor. Chelsea's varsity cagers will return for more action Friday, Jan. 14, as they host Saline in the Chelsea High gymnasium.

NW Squeaks By

(Continued from page one)

8; Dave Schrotenboer, Marc Feeney, and Dean Thompson, 6 each; Jerry Benjamin, 4; and Tony Robards, 3.

High rebounders were Randy Sweeney with 8, and Tony Robards with 6. Pete Feeney led the team with 4 assists.

One Fatality in 3 Separate Auto Accidents

Three separate accidents during the past week resulted in one fatality, according to the Washtenaw County Sheriff's Department, Dexter station.

Thomas McDonald, 85, of Whitmore Lake, died Monday, Jan. 10 after an accident on Jan. 5. According to sheriff's reports, McDonald turned into the path of an auto driven by Ruth Brady, 54, of Whitmore Lake at Barker and Jennings Rd. Both were taken to St. Joseph Mercy Hospital.

On Jan. 6 Mrs. Rita Grohmet, 33, of Chelsea, was taken to Chelsea Community Hospital with minor injuries after her auto left the road, hit a snow bank and struck a tree on Waterloo Rd. She was treated and released.

Two men were injured in a head-on collision on Baker Rd. near Marshall Rd. on Jan. 10. They were taken to St. Joseph Mercy Hospital.

According to sheriff's reports, Charles R. Fisher, 69, of Ann Arbor, was driving north on Baker Rd. when he was struck head-on by an auto driven by Daniel K. Grignon, 38, of Livingston county. Deputies report that Grignon was driving left of the center line.

Fisher was reported in fair condition and a passenger in his car, Oliver Fisher, 62, of Concord, in good condition. Grignon was treated and released.

Mrs. Mathilde Klink Receives 94th Birthday Greetings from Pres.

Mrs. Mathilde Klink, who was 94 years old on Tuesday, Jan. 11, received a surprise birthday card, compliments of President Gerald R. Ford and his wife, Betty.

Born in Wildbad, Germany, in 1883, she came to the United States shortly before her 21st birthday. She is the mother of five sons and two daughters. One son is deceased. She has 13 grandchildren and 22 great-grandchildren.

She married John George Klink in 1911. He died in 1944. She is a member of St. Paul United Church of Christ.

She now resides with her son, Fred, in Waterloo.

Hockey Team Loses To Hanover, 4-1

Chelsea's hockey team was completely outplayed by Hanover-Horton. This was a tough loss for the Bulldogs because Hanover is in first place in the division. The Bulldogs needed to win this game but just couldn't get anything going against the Hanover defense.

Only one goal was scored in the first period when Greg Adams put one in the net at 7:27 for Hanover. Then in the second period Hanover scored a powerplay goal at 13:40 by Steve Kershaw.

The third period started with the score 2-0 for Hanover and Chelsea still had a chance to win the game. But Hanover scored again at 8:43

when team captain Marc Gonzalz scored. Then at 10:23 Greg Adams scored his second goal of the game when he came in on Chelsea's goalie all alone and put the puck into the net for Hanover. It wasn't until 14:59 of the game that Chelsea put their act together as Greg Hastings slipped the puck to Harold Vandervort who shot the puck into the net. The game ended with the final score Hanover-Horton 4, Chelsea 1.

Next week Chelsea will take on the Tecumseh team at 7:30. Chelsea will have to be ready for this one. The season is coming to an end with only four games to go.

Tax Refund Help Offered By Kiwanis

Again this year, the Chelsea Kiwanis Club will offer assistance in completing 1976 property tax claim forms to area senior citizens, disabled veterans or their widows, and blind or other permanently handicapped persons. The project will be conducted as part of the organization's ongoing community service program.

Persons in the above categories who rent dwellings or apartments are especially encouraged to take advantage of the Kiwanis Club offer as many may be eligible for a partial refund of their rent payments.

Kiwanis staff will be available Monday, Jan. 17, 8 p.m., and again on Monday, Feb. 7, 8 p.m. at Chelsea Community Hospital. Participants are instructed to bring an itemized list of all income accumulated during 1976, including social security payments, pensions, rental income, net farm income, and state equalized value as shown on tax billings.

Other information which will be requested includes total taxes or rents paid, your social security number and that of your spouse, a statement of interest income from savings accounts, and dividend payments from stocks or bonds.

In 1975, Kiwanians assisted 35 persons in completing their tax

claim forms. The average refund claim was more than \$350 per person.

Abdons Observe 75th Anniversary

Mr. and Mrs. Frank E. Abdon of Chelsea celebrated their 75th wedding anniversary Saturday, Jan. 8, as guests of honor at a family gathering at Cedar Knoll Rest Home, Grass Lake. In addition to visiting, the occasion was marked with the presentation of an anniversary cake and several cards of congratulations.

Abdon, who will be 95 years old on Feb. 26, lives alone in the family home at 447 Railroad St. His wife, Mrs. Myrtle Abdon, 88, resides at Cedar Knoll Rest Home, where she has been a patient for the past two years.

The couple married Jan. 8, 1902 in Greenup, Ky., in the home of Mrs. Abdon's parents, Mr. and Mrs. Henry Craft. Shortly thereafter, they came to Michigan to begin their married life. Abdon worked as a farmer for many years.

Mr. and Mrs. Abdon have six children, 19 grandchildren, 29 great-grandchildren, and six great-grandchildren.

COAST GUARD
The United States Coast Guard was launched in 1790 for the purpose of catching smugglers. President Washington signed the authorization for ten cutters at a cost of \$1,000 each.

The Federal Energy Administration recommends that you clean the reflectors below the heating elements on your stove. They'll reflect the heat better, shorten cooking time, and save energy and cooking costs.

Dr. Dennis R. Burke Combines Karate With Medical Practice

For most of us, strenuous physical activity fades into basic inertia somewhere around the age of 35. A remarkable exception is Dr. Dennis R. Burke, 46, a family physician who moved his six-year practice in the Chelsea Medical Clinic to new offices in Georgetown Mall on Packard Rd., Ann Arbor, just two months ago.

Dr. Burke holds a second degree black belt in Tae Kwon Do karate. He began studying the discipline at the age of 37. Drawing on his knowledge and experience in martial arts, and coupling it with his medical expertise, Dr. Burke has devised a unique means of merging his devotion to karate with a demanding career as a physician.

Observing that "there is a great demand for general information regarding care for the acute injuries sustained by students and experts alike in martial arts training and contests," Dr. Burke authored an article entitled "Medical First Aid for Martial Arts Practitioners," now appearing in the January issue of Black Belt magazine. The article details basic first aid techniques of incalculable value to martial artists.

"The market for this knowledge is particularly strong among black belt instructors and their students," Dr. Burke stated. Specifically, he believes those who practice martial arts should possess the ability to perform cardio-respiratory resuscitation (CPR). CPR is a procedure administered to an unconscious person who is without respiration and pulse. Lacking immediate attention, the injured person may suffer permanent brain damage within four minutes, and death within six minutes.

Dr. Burke contends the need to perform CPR does not arise often. If anything, head and neck injuries, soft tissue injuries, and bleeding categorize the majority of physical mishaps which occur in the martial arts arena. And, those are not nearly as frequent as would be expected, according to the 8½-year karate veteran.

In response to the mere accident potential in martial arts training, which could lead to deadly consequences if ignored, Dr. Burke has embarked upon a project to comprehensively update existing sources on first aid techniques most useful to the martial artist.

"I plan to start at the head and go down the body," he maintains. His research will be condensed into a book which he hopes to complete by the end of 1977.

The date of publication will be dependent upon a hitherto undetermined publisher.

Writing seems likely to consume most of Dr. Burke's leisure time in upcoming months as he has recently been contacted by the editors of Black Belt magazine, who have expressed an interest in more first aid articles. The magazine is considering turning the doctor's January publishing debut into a lengthy series on medical first aid techniques for martial artists. To date, their proposal has not been finalized.

The events leading to Dr. Burke's involvement in karate were set in motion in 1967 when he was Director of Sports Medicine at Eastern Michigan University. "I had always been active in sports," he recalled, "including football, swimming, and boxing in the Army." He decided to try karate when a new Karate Club was formed at the university. He began "as a typical white belt."

For four years, he studied the Moo Duk Kwan form before switching to Kan Duk Kwan, an all-Korean form which utilizes hands and feet on an equal basis. Altogether, there are nine Tae Kwon Do karate forms.

Within nine years, Dr. Burke had earned his second degree black belt. Two years later, in 1974, he taught a 10-week summer karate course to local residents through the Chelsea Recreation Department. From his experience as an instructor, Dr. Burke was thoroughly indoctrinated with "the instructor's responsibility to take care of his students." Now, he says, "I doubt I'll have time for teaching karate. I will probably stay more in the writing end, where I'll be concerned with the medical aspects of the sport and first aid."

Even from an uninvolved point of view, it would seem improbable to combine karate and medicine when one considers the time each demands to maintain an active level of practice in both fields. Dr. Burke's response to the problem was "karate becomes a way of life." He admits to one concession, "I used to compete in tournaments, but stopped doing so because I can't afford injuries to my hands."

Otherwise, karate is just part of his daily routine. "I work a full day at my office and then usually workout anywhere between 30 minutes and one hour daily." The workouts consist of doing stretching exercises, practicing basic foot moves and kicks,

then finishing with ritualized patterns or katas.

Weekly, he travels to Detroit to study under his master, Hwa Chong, a seventh degree black belt. In karate, 3rd and 4th degree black belts transcend the purely physical aspects of the art as they undergo a philosophical change. The highest black belt degree, 9th Dan, is basically honorary. Only one karate expert in the United States is so designated.

"What begins as a self-defense technique, grows to become a deeper mental exercise," Dr. Burke summarized. "A person who holds a ninth degree black belt is able to stop an attack before it even occurs."

"The purpose of karate is to be non-combative," he continued. "The karate student is taught to express no fear, to have no fear. Most aggressive moves are made out of fear." Certainly, part of the inner confidence exhibited by karate experts stems from knowing they have the power to break a stack of four one-inch boards with a single strike or kick.

Dr. Burke recommends karate for both sexes, children and adults alike. However, he believes it is particularly "a great sport for women." Currently, male black belts outnumber female black belts 8 to 2. Dr. Burke's wife, Karen, has been infected by her husband's enthusiasm for karate although she is only a beginning white belt. "She still is at the stage where she doesn't think she could strike anyone," Dr. Burke said, smiling.

A 1961 graduate of the University of Michigan Medical School, Dr. Burke supplemented his education with post-graduate courses in Family Practice at Oakwood Hospital in Dearborn. He is a board-certified family physician, having successfully completed the Michigan State Board exam in 1972.

In addition to serving as Director of Sports Medicine at Eastern Michigan University for three years, Dr. Burke was a team physician for the University of Michigan for five years. In that capacity, he accompanied the U-M football team to the 1965 Rose Bowl. Dr. Burke lives on Waterloo Rd. with his wife and three children.

Snow Forces Postponement of Cribbage Tourney

A snowstorm late Sunday evening, Jan. 9, forced the cancellation of the Chelsea Jaycee Auxiliary Cribbage tournament which had been slated to begin Monday evening, Jan. 10.

Consequently, the starting date has been rescheduled for Monday, Jan. 17, with registration to begin at 6:30 p.m. in Chelsea Lanes. Tournament play will get underway promptly at 7 p.m. The event will continue for the next three consecutive Mondays, Jan. 24, 31, and Feb. 7.

Trophies will be awarded to the winners.

Beach 8th Grade Basketball Team Still Undefeated

Chelsea's 8th grade basketball squad defeated Novi Tuesday night, Jan. 4, to raise their record to 4-0. The undefeated Bulldogs trounced their opponents, 50-37.

Leading scorers for Chelsea were Jeff Dils with 22 points; Carl Simpson, 5; Vince Salyer, 4; and Jim Stock, 3. Jon Riemenschneider and Carl Simpson were leading rebounders for the Bulldogs, gathering in 10 and 6, respectively.

"Jeff Dils, Mike Wade, and Jim Stock played good defensive games," Coach Ken Larson remarked. Chelsea's 8th grade cagers were scheduled to host Milan Jan. 11, but the game was cancelled because of poor weather conditions which forced a shut-down of Chelsea schools.

Free Publications Available from IRS

Many free publications are available to answer nearly every tax question a taxpayer may have, the Internal Revenue Service said.

Some of the more popular IRS publications cover moving expense, sick pay, interest expenses, contributions, tax benefits for older Americans, medical deductions, and earned income credit.

Free IRS publications may be obtained by filling out the handy order blank in the tax package mailed by the IRS, or from a local IRS office.

CHELSEA, MICHIGAN, THURSDAY, JANUARY 13, 1977

POISED AND READY TO STRIKE is Dr. Dennis R. Burke of Chelsea, a family practitioner and second degree black belt in karate. Dr. Burke recently published an article entitled "Medical First Aid for Martial Artists" in the January issue of Black Belt magazine. In the past, Dr. Burke has taught karate and competed in tournaments. He is now intent upon applying his medical knowledge to the sport as he undertakes a project to compile a source book on first aid techniques of particular interest to karate instructors and students. He expects to complete the book by the end of 1977.

Biddy Basketball Swings into Action

Biddy basketball players opened their season with a series of games last Saturday, Jan. 8, and already several teams demonstrated the talent which will guarantee them a position in the front ranks of their league.

In the WBA, the Spurst outplayed the Supersonics, 18-10; the Rockets shot past the Knicks, 19-10; the Celtics crushed the Generals, 22-6; and the Trailblazers swept past the Hawks, 18-12.

WBA players will return for more action this Saturday, Jan. 15, with the Supersonics pitted against the Hawks, and the Spurs against the Trailblazers beginning at 9:05 a.m. The Celtics will meet the Rockets, and the Knicks will play the Generals, beginning at 9:47 a.m.

In the ABA, the Pistons drove past the Suns, 26-12; the Bulls nicked the Cavaliers, 18-16; the Bulls "charged" past the Nuggets, 24-4; the Lakers trounced the Jazz, 26-6; and the Capitols led the Warriors, 42-18.

More ABA action is scheduled for Saturday, Jan. 15, as the Bulls take on the Capitols, and Jazz meet the Warriors at 10:30 a.m. At 11:12, it will be the Pistons vs. the Nuggets, and the Cavaliers vs. the Lakers. The remaining ABA game will bring the Suns face-to-face with the Bulls at 11:45 a.m.

Are you keeping your car properly tuned? Regular tuneups, as recommended by the manufacturer, save gasoline. According to the Federal Energy Administration, a well-tuned car can use up to 30 percent less gasoline than a poorly-tuned car.

Final scores in the NBA from last week's games gave the Braves a three-point edge over the Pacers, 18-15; and the 76ers triumphed over the Nets, 27-22.

The Pacers will challenge the Nets this Saturday at 11:45 a.m., followed by the Braves against the 76ers at 12:20 p.m.

Joel Sprague Named To Dean's Honor List At Clemson University

Joel Sprague has been named to the Dean's list at Clemson University, Clemson, S.C. He posted a 3.82 grade average out of a possible 4.0 in civil engineering.

Joel is a freshman at Clemson and has been initiated into Alpha Phi Omega, a service fraternity on campus.

He also serves as a disc jockey on a campus radio program.

STATE OF MICHIGAN
The Probate Court for the County of Washtenaw.

File No. 66722

Estate of HAZEL E. SPAULDING, Deceased.

TAKE NOTICE: On January 25, 1977, at 9:00 a.m., in the Probate Courtroom, Ann Arbor, Michigan, before the Hon. Rodney E. Hutchinson, Judge of Probate, a hearing will be held on the petition of Warren Eisenbeiser for probate of a purported will of the deceased dated July 2, 1972, for granting of administration to Warren Eisenbeiser, the executor named in said will, or some other suitable person, and for a determination of heirs.

Creditors of the deceased are notified that all claims against the estate must be presented said Warren Eisenbeiser at 8026 Werner Road, Chelsea, Michigan 48118, and a copy filed with the court on or before March 15, 1977. Notice is further given that the estate will be assumed to persons appearing of record entitled thereto.

Dated: January 6, 1977.

Tax Form Due from Farmers, Fishermen

Farmers and fishermen who have not filed their 1976 declaration of estimated Federal income tax must file and pay that tax by Monday, Jan. 17. The sole exception to this rule is if they file their income tax return and pay the total tax due by March 1, the Internal Revenue Service said today.

Farmers and fishermen are defined as those persons who earned at least two-thirds of their 1976 gross income from farming or fishing.

IRS Publications 225, "Farmer's Tax Guide," 595, "Tax Guide for Commercial Fishermen," and 505 "Tax Withholding and Declaration of Estimated Tax," provide additional information and are available free at the Detroit IRS office.

George Washington and the Continental Army made their famous crossing of the Delaware River on Dec. 25, 1776. The crossing took place during the night and the next morning, greatly outnumbered but with the element of surprise on their side, Washington and his men defeated an army of 1,400 Hessian mercenaries at Trenton, N. J. A camp chest and folding bed used by General Washington in field campaigns of the Revolutionary period are among the items on display in Henry Ford Museum's Bicentennial exhibition, "The Struggle and the Glory."

New Farm Feed Grain Applications Due By Feb. 15

A feed grain allotment may be established under the 1977 Feed Grain Program for farms which did not have an allotment in prior years and meet eligibility requirements, Mrs. Carolyn Stump of the Washtenaw County ASCS Office has announced.

Interested producers should contact the County ASCS Office not later than Feb. 15 and file an application, Mrs. Stump said.

To be eligible for a new feed grain allotment, the operator must expect to receive 50 percent or more of his livelihood in the current year from the production of agricultural commodities; must have adequate equipment for the production of feed grain; the land must be suitable for the production of feed grain; and neither the owner nor the operator may have an interest in any other farm for which a feed grain allotment has been established.

A farm for which a new farm allotment is established may qualify for program payments in the event program payments are made in 1977.

BEEES

Homebees in the United States produce about 50 million dollars worth of honey and beeswax each year.

Dexter Township Ordinance No. 11

AN ORDINANCE REGULATING PRIVATE ROADS AND STREETS AND THE USE THEREOF, THE CONSTRUCTION AND MAINTENANCE OF PRIVATE ROADS AND STREETS, WITHIN DEXTER TOWNSHIP, TO PROVIDE FOR THE ADMINISTRATION, ENFORCEMENT, AND FEES TO DEFRAY ADMINISTRATIVE AND ENFORCEMENT COSTS INCIDENT THEREON.

THE TOWNSHIP OF DEXTER HEREBY ORDAINS:

An Ordinance under the provisions of Public Act 246 of 1945 as amended, to regulate the construction, maintenance and use of Private Roads and Streets within Dexter Township, the use thereof by traffic, the administration and enforcement thereof, fees to defray the administrative and enforcement costs incident thereto, and to insure that all residences and buildings within the Township of Dexter may be accessible to police and fire protection, and for other purposes, as follows:

SECTION I-INTENT

The Dexter Township Board hereby finds that unobstructed, safe, and continuous access to lots and parcels of real estate is necessary to promote and protect the health, safety, and welfare of the public through police and fire protection and ambulance service. The Dexter Township Board further finds that such access is necessary to insure that such services can safely and quickly enter and exit private property at all times. The Dexter Township Board further finds that access to the interior of various sections within Dexter Township should be promoted through the orderly development of the Township and such access should meet minimum standards and specifications to permit the subsequent upgrading and dedication of such access rights of way by the Washtenaw County Board of Road Commissioners or other municipal corporations when public dedication is desirable or required, without future undue and unnecessary costs to abutting property owners. The procedures, standards and specifications hereinafter set forth are determined to be the minimum procedures, standards and specifications necessary to meet the intent of this Ordinance.

SECTION II-SPECIFICATIONS

A. Public Roads—All roads and streets which are to be dedicated to the public shall conform to the then current construction standards of the Washtenaw County Road Commission. All reviewing inspection and approvals of such roads will be by the Washtenaw County Road Commission.

B. Private Roads and Streets

1. Minimum width of easement to be 66 feet.
2. The connection between the Private Road and a public street shall conform to the standards and specifications of the Washtenaw County Road Commission and the applicant shall obtain a street entrance permit issued by said Road Commission prior to approval of any Private Road by the Dexter Township Board.
3. Minimum 150 feet diameter turnaround at the end of the Private Road.
4. Minimum 230 feet centerline radius on all horizontal curves.
5. Either aligned with an adjoining street at an intersection, or have a minimum 125 feet offset. Must have 90 Degree angle of intersection with public roads.
6. Construction standards - All standards of Private Road construction shall conform to the then current adopted Washtenaw County Road Commission "Standards and Specifications for Plat Development and Street Construction" except for the following:
 - a. Sand subbase - minimum width 24 feet; minimum thickness 6".
 - b. 22A gravel surface - minimum width 22 feet; minimum thickness 6".
 - c. Paving will not be required.
 - d. Private Roads must have names, approved by the Dexter Township Board, and a standard Washtenaw County street name sign shall be erected and maintained by the owner(s) at the public road connection.
7. A person may elect to build a Private Road to the county road standards, and if such election is made, all construction shall conform to Washtenaw County Road Commission requirements and the procedure shall be handled in the same manner as in Sec II, A, above.
8. Permanent Access Easement

1. Since the Permanent Access

Easement shall serve only one single family residence, no specific width or thickness standards of the road are required. However, those providing this type of access must conform to the intent of the Ordinance with their proposed construction and they must provide assured safe and continuous access for both the resident and for emergency vehicles.

2. Minimum width of easement to be 66 feet.

3. Some means of turnaround must be provided, either in the easement or property served.

4. The connection between the Permanent Access Easement and a public street shall conform to the standards and specifications of the Washtenaw County Road Commission and the applicant shall obtain a driveway permit issued by said Road Commission prior to the approval of any Permanent Access Easement by the Dexter Township Zoning Inspector. Any connection between a Permanent Access Easement and an approved Private Road shall conform to the specifications contained in Section II above, and the applicant shall secure the approval of the Dexter Township Board for said connection, prior to the approval of any Permanent Access Easement by the Dexter Township Zoning Inspector.

SECTION III - ADMINISTRATION

A. Private Roads and Streets

1. Approving Authority: Using the specifications contained in Section II above, the Dexter Township Board shall have the authority to approve or deny applications for Private Roads and Streets. In special circumstances, owing to conditions peculiar to the property, and where literal enforcement of the specifications would result in unnecessary and undue hardship, the Board is authorized to relax the specifications, as dictated by the special circumstances. This action can be taken only after the Board reviews the comments of the Township Engineer relative to the impact of the reduced specifications. The Dexter Township Board will then approve the application; deny the application; or approve the application imposing such conditions as it deems necessary to meet the intent and to achieve the objectives of this Ordinance. The breach of any such conditions shall automatically invalidate the permit.
2. Permit Application Requirements: The application shall be made in writing, and accompanied by 4 copies of the following information:
 - a. A legal description of the lot or parcel to be served by the Private Road; a legal description of the easement; the names and addresses of all persons or parties owning an interest in the title to the lots or parcels to be served.
 - b. A survey drawing showing the outline of the proposed easement and private road; the dimensions and bearings thereof; the existing topographical contours at 2 foot intervals of the easement area and all adjacent land within 50 feet; soil characteristics, wet areas, trees, streams, and other bodies of water, and existing buildings within 50 feet of the proposed easement; the proposed easement in relation to the nearest property lines and the location of all proposed improvements to the easement area. The survey drawing shall be prepared by a Registered Land Surveyor or Civil Engineer and shall bear the seal of the same.
 - c. Plans and profile drawings and cross sections of the proposed improvements showing clearly all materials, grades, and dimensions. Such drawings and cross sections shall be prepared by a Registered Civil Engineer and shall bear the seal of the same.
 - d. A complete statement of all the terms and conditions of the proposed easement, including all agreements or intended agreements regarding the maintenance and improvement of the easement and roadway.
 - e. The application shall be signed by the property owner or his agent, in which case, it shall be accompanied by a duly executed and notarized Power of Attorney, and shall represent that the applicant is making the application on behalf of all persons having an interest in the easement area.
 - f. The required fee. Said fee for the review of the application, inspection by the Township Engineer of the plans and improvements, and other costs incurred by the Township in the consideration of a Private Road Permit shall be

determined, and may be modified from time to time, by Resolution of the Township Board.

3. The application, including the requirements of 2a through 2f above, is to be submitted to the Township Clerk for review as to completeness, and subsequent submission to the Dexter Township Board. The Dexter Township Board shall act upon said application within 60 days or the span of 2 regular Township meetings. The Township Clerk will notify the applicant in writing of the action by the Township Board, and if the Private Road Permit has been approved, a copy will be forwarded to the applicant.

4. Inspection procedure. The applicant is required to inform the Township as to progress on the roadway in order that the Township Engineer can make road improvement inspections - at a minimum, upon completion of basic grading and upon placement of gravel. The Township Engineer shall make a final inspection upon completion of the construction and certify the fact of completion in accordance with the terms and provisions of the permit and submit the same to the Township Clerk. The Township Clerk will then notify the Dexter Township Zoning Inspector of the completion of the roadway. No certificate of Zoning Compliance shall be issued by the Dexter Township Zoning Inspector for buildings upon lots or parcels of real estate which are to be provided access by means of a Private Road, until the final inspection and certification by the Township Engineer has been given; except as in par 6 below.

5. Expiration of approval. A Private Road Permit shall be valid for a period of two years from date of issuance. If the improvement has not been completed upon expiration of said two years, then the permit shall be void and of no force and effect. All fees not expended by the Township in the administration of the Permit, will be returned to the applicant.

6. In the event the applicant, after receiving a Private Road Permit from the Township Board, desires to begin construction of buildings, prior to construction and/or completion of the roadway, the Township will accept a Performance Bond which will secure the completion of said private roadway. The amount of the bond will be based upon recommendation of the Township Engineer as to his professional estimate of cost of said roadway. In the event the applicant defaults as to the conditions of the Private Road Permit, the bond will be forfeited to the Township and the Township will then apply the funds to the completion of said roadway.

7. Private Road certification. The Township Board, by resolution, upon receipt of the Township Engineer's final inspection report, will certify the private road in question as conforming to the standards of Dexter Township, and accepted as an approved private road.

B. Permanent Access Easement

1. Approving authority: The Dexter Township Zoning Inspector.

2. Permanent Access Easement application requirements: The application shall be made in writing, and accompanied by 2 copies of the following information:

a. A legal description of the lot or parcel to be served by the Permanent Access Easement; a legal description of the easement, and the names and addresses of all parties owning an interest in the title to the lot or parcel to be served.

b. A drawing of the lot or parcel with the dimensions and bearings showing the outline of the proposed easement and placing the location of any improvements.

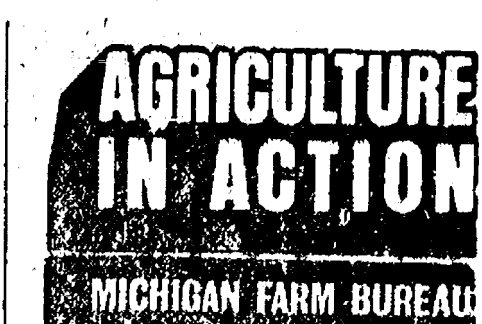

c. Driveway permit issued by the Washtenaw County Road Commission.

d. Proof of registration and recording of the Permanent Access Easement with the Washtenaw County Register of Deeds.

3. The Dexter Township Zoning Inspector shall issue a Permanent Access Easement only if all the specifications, as contained in par C, Section II, are met by the applicant.

SECTION IV EXEMPTIONS

All improved private roads or easements, serving more than one dwelling, in existence as of the date of adoption of this Ordinance,

* Remove the Chestnuts Shoot the Squirrels

Back in 1937, before the Environmental Protection Agency was born, Franklin D. Roosevelt sent a memo to Secretary of Agriculture Henry Wallace regarding a friend's report that Florida's Okefenokee Swamp was not being kept in its natural state. FDR wrote:

"He tells me that Japanese chestnuts have been planted to replace the native chestnuts, but that it is well-known that no native chestnuts ever grew in the swamp."

"Further, he tells me that aquatic plants, not native to the swamp, have been introduced as duck food. Further, he says that some kind of Japanese squirrels have been turned loose, apparently to go with the Japanese chestnuts. Please let me have a definite report on these rumors. If they are true, the chestnuts should be removed, the squirrels should be shot and the duck food eliminated."

The squirrels were probably very happy in the swamp with their chestnuts, but with a directive from the President, the Secretary of Agriculture no doubt made certain they were promptly removed. That's just the way it is. . . . As one Secretary of Agriculture once said, "I serve at the pleasure of the President—and don't you forget it."

Farmers are well aware of this fact of life and they will be watching with interest and concern the actions of Minnesota Congressman Bob Bergland when he takes over the most controversial of all cabinet seats—Secretary of Agriculture. They fear a return to the old, discredited program of controls, government-held reserves and dependency on government payments for a large share of their income. They hope the new secretary will consider the success of the market-oriented farm program of recent years before any drastic changes are made.

Bergland came to Michigan to speak at the Farm Bureau annual meeting just before he was selected by President-elect Carter to be the Secretary of Agriculture. At a press conference in Grand Rapids, he expressed opposition to government-held grain reserves. Yet, after he was named secretary, his answer to a question on the same topic was that he would have to consult with President-elect Carter.

Farmers aren't passing judgment yet on the new Secretary of Agriculture. In fact, they've pledged their co-operation to him. But they know that if the President tells the Secretary of Agriculture to "remove the chestnuts and shoot the squirrels," he will likely do just that.

Freezing is one of the most satisfactory ways to preserve the color, flavor and nutritive value of most fruits. To ensure a quality product, select fruit at the peak of maturity that is firm-ripe. Then, work quickly. Wash fruit in cold water, washing a small amount at a time. Also, decide whether you want to sweeten the fruit before packing. You can do this in a syrup pack or in a dry sugar pack.

are considered to meet the standards of this Ordinance as required by Section 5.02 of the Dexter Township Zoning Ordinance.

SECTION V EFFECTIVE DATE

This within Ordinance is hereby given immediate effect.

I, WILLIAM EISENBEISER, Clerk of Dexter Township, do hereby certify that the within Ordinance was adopted by the Dexter Township Board at a regular meeting on the 4th day of January, A.D., 1977, by the following roll call vote: AYES: 4, NAYES: 0.

Dated: 4 Jan. 77
WILLIAM EISENBEISER, Clerk

'Snow Line' Time Extended

Jack S. Wilson, Director, Travel Bureau, Michigan Department of Commerce, announced today that the Bureau's toll free telephone "snow lines" will be manned from 8 a.m. to 7 p.m. (EST) Monday through Friday and from 8 a.m. to 1 p.m. Saturday beginning Jan. 3 and continuing through March 28. "This extended service enables non-resident winter sports enthusiasts in different time zones to obtain the latest Michigan snow condition and winter activity information during normal working hours. It also gives Michigan residents greater access to their Travel Bureau after regular business hours," Wilson said.

"Snow line" callers may obtain the latest ski and snowmobile conditions, recreational activities taking place around the state, general weather and winter fishing information. According to Wilson, "Michigan is one of the nation's favorite warm weather vacation states, but when summer turns off, we don't. When you get to 'snow' Michigan, winter becomes another exciting vacation experience."

The Travel Bureau toll free number for Michigan residents, outside the Lansing area, is 800-292-2520. Residents of Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maryland, Minnesota, Missouri, New Jersey, New York, Ohio, Pennsylvania, Tennessee, Vermont, Virginia, West Virginia, Wisconsin and Washington, D.C., dial 800-248-5456.

Willow Metropark between New Boston and Flat Rock is one of Michigan's newest winter playgrounds. Facilities include hills for tobogganing and sledding and plenty of space for cross-country skiing. For information phone 697-9181 (Lower Huron Metropark) Belleville.

When you shop for frozen vegetables, buy only those packages that are frozen solid. Thawing and refreezing will lower the quality of frozen vegetables.

PUBLIC HEARING

Tuesday, January 18, 1977

Lima Township Hall, 8:00 p.m.

Conditional Use Permit Request

In compliance with the Lima Township Zoning Ordinance Article XII, Section 1204 a Public Hearing will be held at the request of Peter C. Stephens, 1525 Fletcher Rd., Chelsea, Michigan.

Mr. Stephens would like a Conditional Use Permit to permit use of a ceramic pottery studio as permitted under Article XII, Section 12.01 use permitted A, number 3. Public and private schools and educational institutions.

LIMA TOWNSHIP PLANNING COMMISSION

James R. Robards, Secretary. Phone 475-8267

ADVERTISEMENT FOR BIDS

1. SEALED BIDS for the furnishing of the necessary materials and construction of

SEWERAGE IMPROVEMENTS SECTION B - TRUNK SANITARY SEWERS FOR THE VILLAGE OF CHELSEA, MICHIGAN

will be received by the Village of Chelsea, Michigan at the office of the Village Clerk in the Village Hall, Chelsea, Michigan until

12:00 O'CLOCK, NOON,

EASTERN STANDARD TIME

THURSDAY, FEBRUARY 10, 1977

and at that time and place will be publicly opened and read aloud.

2. The proposed work consists of the construction of approximately 3,688 lineal feet of sewers ranging from 6-inches to 42-inches in diameter together with manholes and all appurtenances.

3. The contract documents, including plans and specifications, are on file at the office of the Village Clerk in the Village Hall, Chelsea, Michigan and at the office of Finkbeiner, Pettis & Strout, Limited, Consulting Engineers and Planners, 4405 Talmadge Road, Toledo, Ohio 43623. A set may be obtained by depositing \$15.00 with said Consulting Engineers. Checks shall be made payable to the Village of Chelsea, Michigan.

The full amount of the deposit for the first set of documents obtained will be refunded to each bona fide bidder or vendor who returns the complete documents in good condition within 10 days after the opening of bids. The full amount of the deposit will be returned to each non bidder who returns the documents in good condition prior to the bidding date.

Additional copies (in excess of one) of the contract documents may be purchased at \$15.00 per set. No refund will be allowed for the return of said additional copies.

4. All bids shall be signed and submitted on the blanks which are bound in the specifications and shall be secured from the Consulting Engineers. Bid blanks shall not be removed from the specifications. Bids shall state the lump sums or unit prices and item totals on the blanks provided therefore; shall be enclosed in a sealed envelope marked "Bid for Sewerage Improvements, Section B - Trunk Sanitary Sewers," and addressed to said Village Clerk, Chelsea, Michigan.

5. Each bid shall contain the name of every person, firm or corporation interested in the same, and must be accompanied by either a bid bond to the satisfaction of said Village or a certified check on a solvent bank, in the sum of 5% of the amount of the bid, made payable to the Village of Chelsea, Michigan, as a guaranty that if the bid is accepted, a contract will be entered into and its performance properly secured.

6. The Village of Chelsea, Michigan reserves the right to reject any or all bids and to waive any irregularities in bidding.

7. No bidder may withdraw his bid for a period of 60 days after the scheduled closing time for the receipt of bids.

By Order of the Council of the Village of Chelsea, Michigan
Tom Neumeyer, Clerk

Notice of Public Hearing on Petition for Zoning Change

TAKE NOTICE that the Sylvan Township Planning Commission will hold a public hearing on February 7, 1977 at 8:00 o'clock in the evening in the Sylvan Township Hall, 110 West Middle Street, Chelsea, Michigan, for the purpose of considering the following changes in the Sylvan Township Zoning Ordinance:

1. That the minimum lot width requirements of Section 10.04-B of the R-C Recreation Conservation District be changed from its present 600 feet to 300 feet.
2. That Section 10.03-A of the R-C Recreation Conservation District be deleted and that a single family dwelling be permitted in a R-C District as a permitted use and that a new Sub-Section 10.02-H be adopted to provide for such permitted use.

A copy of said proposed amendments are on file in the office of the Sylvan Township Clerk, Daniel Murphy, Chelsea Drug Store, Main and Middle Streets, Chelsea, Michigan. All interested members of the public shall be heard at said hearing.

Dated: January 7, 1977.

Respectfully submitted,

Sylvan Township Planning Commission

James Liebeck, Secretary

RECEIVING A PRESENT from Santa Claus (alias Thomas Brewer of Ypsilanti), is a child attending the Spaulding for Children Christmas party last Saturday. "We had a good turnout because of the weather," said Kathy Cavanaugh of Spaulding as she described a scene of "wall-to-wall children." The children feasted on cookies and punch, played, and took turns trying to break a pinata. Almost all had a chance to hit it before a 10-year-old boy

finally shattered the present-filled object. One of her most memorable visions of the party, Mrs. Cavanaugh related, was that of a little blind girl being lifted up to feel the pinata before she attempted to break it. Since it began operations in 1988, Spaulding has placed nearly 500 children in adoptive homes. The agency is funded entirely by private donations.

Volunteers Build Ramp For Wheelchairs at VA Free Guide to Winter Events Now Available

For the past month, three local men have been involved in working with the Ann Arbor Veterans' Administration Hospital's Work Shop on a project for building a ramp for the use of wheelchairs. The three local men are Kermit Sharp, American Legion Veteran's Administration Voluntary Service Representative for the Department of Michigan; Byron E. Smith, commander of Chelsea VFW Post 4076 and the post's hospital chairman Bill Pierce.

The ramp was constructed by patients of the Ann Arbor Veterans Administration Hospital and volunteers. Altogether some 20 persons were involved in the construction and assembly of the ramp. Barbara Parmian, occupational therapist at the VA Hospital was the person in charge of the project.

The ramp was constructed at the VA Hospital then transported to the home of Mr. and Mrs. David Moore of Jackson, where all sections were joined. The 28-foot ramp will be used for the Moore's son, Derek, age 10, who has cerebral palsy.

Labor on the ramp was performed free; however, there was a charge for the material. The material was paid for by the Cerebral Palsy Foundation of Jackson county.

Altogether the three Chelsea men put in 23 hours of labor on the ramp, including six hours installing it in 20-degree weather on Jan. 6.

Listed are more than 130 separate events taking place in the nine-county Southeast Michigan area.

SAUCEPAN AS CANNER

You can use your pressure saucepan as a mini-canner if: The pan has a gauge that will show and control pressure at 10 pounds; the pan is large enough so pint jars can be set on a rack to raise them a bit from the bottom of the pan; the manufacturer recommends the use of the pan for pressure canning; you add 20 minutes to the time recommended for processing pint jars in a regular pressure canner; and, if you don't water-cool the pan to reduce pressure more rapidly.

Archdeacon W. Logan To Visit St. Barnabas

Archdeacon William S. Logan is to visit St. Barnabas Episcopal church on Sunday, Jan. 16. He will meet with the members of the Bishop's Committee and the congregation at and after the 10 a.m. service. He will be the Celebrant and will deliver the sermon.

The Venerable William S. Logan is an Archdeacon of the Diocese of Michigan and was appointed by Bishop McGehee to be District Head of the Central District. This area includes the following cities and their surrounding area churches: Lansing, Jackson, Ann Arbor, Pontiac and Port Huron.

Archdeacon Logan had previously served the Diocese as Executive Director of Program, a post which he had occupied since May 1, 1983.

Prior to joining the Diocesan Staff, Archdeacon Logan had served as the Rector of St. Martin's Episcopal, Detroit.

In December, 1983 he was elected

an honorary Canon of the Cathedral Church of St. Paul, which is a lifetime appointment.

His service to the Diocese includes a three-year term as trustee of the Bishop Page Foundation; chairman of the Department of Christian Social Relations; and member of the Youth Division of the Department of Christian Education.

He has also served the wider community on the Michigan Council of Churches, the Michigan Commission for United Ministries in Higher Education, the Interfaith Emergency Council and the Interfaith Action Council.

His wife, the former Mary A. Siddall, is a graduate of the John Hopkins School of Medicine and Goucher College. She is a member of the Department of Pediatrics of Henry Ford Hospital.

They have three children: Molly 23, Margaret 21, and William, IV, who is now 19.

Dexter Township Passes Private Road Ordinance

At the Dexter Township Board meeting Tuesday, Jan. 4, an ordinance controlling the construction of private roads was passed. It is now required that a parcel of

land must be on a public road, private road, or permanent access easement to qualify for a zoning permit.

Private roads and access easements must be approved by the township. Those persons seeking information should contact the zoning enforcement officer, Earl Dolezky.

In other action the Township Board appointed Mildred Hackney to the Dexter Village Library Board.

At a meeting of the Dexter Township Zoning Board, the zoning board approved the site plan submitted by Bouillon Sales & Service. They also made the recommendation to the Township Board that some property on North Territorial Rd. be rezoned from rural residential to C2 commercial.

The next regular township board meeting will be Feb. 1.

DEN 15, PACK 435—
Cub Scout Den 15, Pack 435 met Thursday, Jan. 6. Did you know that this month's theme is "A World of Tomorrow?" Probably not. Our den is making Pinewood Derby cars. At our last meeting we made paper airplanes and a jet. Joey Gallus brought Fritos for treats. We had a real good time.

Andy Martin, scribe.

All 64 squares on the board are used in playing Turkish checkers; while in Spanish checkers all pieces move backward as well as forward.

GENERAL REVENUE SHARING ACTUAL USE REPORT

General Revenue Sharing provides federal funds directly to local and state governments. Your government must publish this report advising you how these funds have been used or obligated during the year from July 1, 1976, thru December 31, 1976. This is to inform you of your government's priorities and to encourage your participation in decisions on how future funds should be spent. Note: Any complaints of discrimination in the use of these funds may be sent to the Office of Revenue Sharing, Washington, D.C. 20228.

ACTUAL EXPENDITURES (Include Obligations)		OPERATING/ MAINTENANCE (C)
CATEGORIES (A)	CAPITAL (B)	
1 PUBLIC SAFETY	\$	\$ 3,320
