Hospital Begins Campaign To Purchase Surgical Center

Preliminary steps have already een measured out in a \$1.2 million fund raising campaign by Chelsea Community Hospital to finance the purchase of the Surgical Center currently in use by the hospital under terms of a

The campaign, called "The Care Campaign . . . because we do!," has now turned toward the public, particularly the Chelsea community which harbors the hospital, for support which will ultimately benefit each individual who at any time, might require the services of Chelsea's medical

A special dinner meeting for more than 230 community leaders from 12 towns in the institution's service area will publicly launch the fund-raising drive. The event is slated for Wednesday, Feb. 16 in the basement room of the hospital's Surgicare building.

James K. Daniels, co-owner of Chelsea Lumber Co., and chairman of the campaign, explains the \$1.2 million goal will provide for \$180,000 in capital improvements, and \$1,020,000 as a down payment on the \$3,420,000 purchase price of the 38,869 sq. ft. surgical building now serving the 11-bed acute care hospital.

The remaining \$2,400,000 needed to purchase the building from six area residents, will come from a low-interest loan, currently under negotiation with the Farmer's Home Administration, a U.S. government agency.

The value of the building was established two years ago by Marshall and Stevens, Inc., a Chicago-based appraisal firm specializing in hospital properties. The owners, consolidated under the name of Chelsea Surgical Center, Inc., have agreed to 28,239 patient days in the hoshonor the two-year-old purchase

Chelsea Community Hospital's internal family, which includes some 270 employees, the medical staff, and the Board of Governors, have each been pledging contributions to break their arbitrary \$309,000 goal in the \$1.2 million campaign. By shouldering initial support of the drive, this dedicated group has succeeded in underscoring the value of the hospital campaign.

The remaining \$900,000 will be sought from various Michigan and U.S. foundations, and from corporations, and individuals in Chelsea, Manchester, Dexter, Grass Lake, Munith, Ann Arbor, Gregory, Pinckney, Stockbridge, Jackson, Whitmore Lake, and

More than 2,967 residents of those towns spent a total of

pital last year. An additional 7,374 people were treated at the Emergency Center. There is a prevailing attitude of deep respect and appreciation for the hospital and all of its people,

among those who have witnessed its care first-hand. Chelsea Community Hospital, an institution independent of its neighbor, the Chelsea Medical as in-patients. Clinic, is a yoluntary, non-profit,

citizen owned facility. It was constructed and staffed to provide a full range and scope of basic health care services to all living within its primary and secondary service areas. Several hundred friends and relatives of Chelsea residents are predominant among those already served by this innovative facility.

The hospital has a national reputation as a forerunner in the establishment of an ambu-

latory surgery program, which allows most patients to return to their homes the same day after

According to Daniels, more than \$250,000 were saved in hospital bills as a result of this program in 1976, when 1.833 of the 2,610 surgical procedures per-formed there were ambulatory. The remaining 777 were treated

To date, more than 50 people have agreed to serve in various positions of campaign leadership, Daniels continued, but added, "We are still recruiting people to help us make personal calls on behalf of this communityowned hospital's needs. The campaign can succeed if we have the chance to tell our story in person, but we need at least another 125 people to accomplish that in the next four months."

Daniels stresses that personal

presentations will be made to most of the area's leading corperations and that by May 1 virtually every company, store and individual throughout the hospital's service area will have been asked to participate in the

Headlining the program at the Wednesday dinner will be Howard S. Holmes, president of Chelsea Milling Co. and chairman of a similar campaign held recently by St Joseph Mercy Hospital, Ann Arbor. He will address the dinner guests, while Robert G. Forman, executive director of the University of Michigan Alummi Association will reign as master of ceremonies. Paul E. during the dinner service. Mrs. Wynefred L. Schumann of Chelsea is co-ordinating the dinner and program arrangements for the affair.

The main building of Chelsea Community Hospital was opened in 1968 as an extended care facility, but became a communityowned, acute care hospital in November of 1972. Beyond its role as one of the area's largest employers, the hospital has had a positive effect on the quality of life of local residents. A troublesome swampland became. a center of community medical care without any financial risk to area residents.

Purchase of the three--year-old Sugicare building will save almost \$3 million in operating costs in the next eight years, a share of which will subsequently be transfered to every individual requiring medical care from the hospital within that period of

Included in the building are four optimally equipped and modern operating rooms; a 12bed recovery unit; a modern and complete coronary intensive care unit; a 24-hour on-site Emergency Center: a-diagnostic radiology department which includes, a new mammography unit; 18 individual examination and treatment rooms; a medical library; eight offices and four waiting rooms.

Daniels states the campaign will be seeking five-year pledges and that contributions will be tax decuctible. Unsolicited contributions to "The Care Campaign . . . because we do," should be forwarded to Daniels or James Cooke, campaign director, Chelsea Community Hospital, 775 S. Main St., Chelsea. Reduced Interest Rates on Home Improvement Loans for Energy Conservation

The cost of heating a home has gone up an average of 76.3% in the last five years, and it is predicted to go up an additional 211.3% in the next ten years. This means the average monthly \$30.00 heating bill you were paying five years ago is now \$52.89. If these dire predictions are true, by 1987 you could be paying as much as \$164.65 per month for the same amount of heat. What can you do about it? For one thing, you can

insulate your house. It is a lot cheaper than gas, electricity or oil. To help conserve energy, Ann Arbor Federal Savings is now offering a special reduced rate on Home Improvement Loans. through March 31, 1977, for any approved home energy conserving

program. Maximum loan \$5,000, up to 60 months to repay. This low rate would put energy conserving within your budget. For example: a \$500 loan with term of 24 months would cost \$23,33 per month an annual percentage rate of 11.13%, and with term of 36 months

\$16.38 per month, an annual percentage Full details at all AAFS offices.

What's February famous for? Well, "Chases' Calendar of Annual Events" lists a number of days and things to commemorate. There's Robinson Crusoe Day, the birthday of William Henry Harrison, and even a "Bathe for Millard Fillmore Day," which recognizes the first bathtub in the White House.

However, the big news is National Cherry Month. According to Michigan Department of Agriculture statistics, our state produces over 75 percent of all the red tart cherries in the nation and we are fourth among the states in production of sweet cherries.

So, during February, let's use cherries—but in a different way. A combination my wife and like is what I call Chicken Michigan, featuring golden chicken and red tart cherries.

Making it is a snap.

There are two steps and neither is much work. In step one, strain one can of tart cherry pie filling, putting the thickened sauce into one container and the cherries into another. Now fry four boned chicken breasts until they are just about done. Add the cherry sauce to the chicken and cover, simmering gently for about five minutes. Heat the pitted cherries in another non and dish them up along other pan and dish them up alongside the chicken. Served with baked Michigan potatoes and a green vegetable, it's a feast for the eyes as well.

This would be a great meal for another February observance, St. Valentine's Day which arrives soon. On the other hand, if you want to wait until the 15th, instead, and observe Susan B. Anthony Day, I suppose that would be just fine,

Army jobs now:

If you're 17 and looking for a good job, now's a good time to look into the Army. From electronics to carpentry, from cooks to combat arms, the Army today has more good jobs to fill than

\$374.40 a month to start

Army pay is better than ever. And with free meals, free lodging, and free medical and dental care, you'll be surprised how far that pay will go.

Job-training courses

Ever wonder where to get that "experience necessary" the classified ads always ask for? A good place is the Army, With hundreds of job-training courses, the Army can teach you skills you'll be glad to have later on.

Educational Opportunities Whether it's finishing high school or earning college credits,

being in the Army can help you. And if you sign up for the Army's newest educational program, Project AHEAD (Army Help for Education And Development), you'll be able to start college at the same time you enlist—with the Army paying up to 75% of your tuition and fees for approved courses.

Travel opportunities

Joining the Army can mean a chance to work and live in Europe, Alaska, Hawaii, Korea, Panama or almost anywhere in the continental U.S.

Join now, go later

You can do just that-join now and report up to nine months later-with the Army's special Delayed Entry Program. A terrific option for high school seniors and others with unfinished business ahead of them.

Over a century ago, Lincoln stated, "If you once forfeit the confidence of your fellow citizens, you can never regain their respect and esteem".... Not only occupants of the White House in times since, but lesser politicians and increasing numbers of people in general have forfeited the confidence of their fellow man. Lincoln's warning has been frequently disregarded.

When you read and study his simple words so simply stated in all his writings and utterances, you get a clear picture of Lincoln — the man. He was not only a superb politician and and placed a boundless trust in Him. You see a picture of a man who was unashamed of his faith in God, his love of God; a man who never wavered in his faith and love. The above quote out of many that could be cited, — has a disturbing, haunting impact these days . . . BURGHARDT FUNERAL HOME, 214 East Middle St., Chelsea, Mich. Phone 475-1551.

REGISTRATION NOTICE

VILLAGE ELECTION Monday, March 14, 1977

TO THE QUALIFIED ELECTORS OF THE

COUNTY OF WASHTENAW, STATE OF MICHIGAN

Notice is hereby given that in conformity with the 'Michigan Election Law," I, the undersigned Clerk, will upon any day, except Sunday and a legal holiday, the day of any regular or special election or primary election, receive for registration the name of any legal voter in said Township, City or Village not already registered who may APPLY TO ME PERSONALLY for such registration. however, that I can receive no names for registration during the time intervening between the Thirtieth day before any regular, special or official primary election and the day of such election.

> NOTICE IS HEREBY GIVEN THAT I WILL BE AT MY OFFICE

From 8 o'clock a.m. until 8 o'clock p.m.

The 30th day preceding said election As provided by Section 498, Act No. 116, Public Acts of 1954

at Municipal Building, 104 E. Middle St. from 8 o'clock a.m. until 8 o'clock p.m.

For the purpose of REVIEWING the REGISTRATION and REGIS-TERING such of the qualified electors in said TOWNSHIP, CITY or VILLAGE as SHALL PROPERLY apply therefor.

The name of no person but an ACTUAL RESIDENT of the precinct at the time of registration, and entitled under the Constitution, if remaining such resident, to vote at the next election, shall be entered in the registration book.

Elector Unable To Make Personal Application, Procedure

SEC. 504. Any elector who is unable to make personal application for registration because of physical disability or absence from the Township, City or Village in which his legal residence is located, may be registered prior to the close of registratio before any election or primary election by securing from the Clerk of the Township, City or Village in which is located his legal residence, duplicate registration cards and executing in duplicate the registration affidavit before a notary public or other officer legally authorized to administer oaths and returning such registration cards to the Clerk of the Township, City or Village before the close of office hours on the last day of registration prior to any election or primary election. The notary public or other officer administering the oath shall sign his name on the line for the signature of the registration officer and designate his title.

Unregistered Persons Not Entitled To Vote

SEC. 491. The inspectors of election at any election or primary election in this State, or in any District, County. Township. City or Village thereof, shall not receive the vote of any person whose name is not registered in the registration book of the Township, Ward or Precinct in which he offers to vote. (As provided under Act 116, P. A. 1954.)

Transfer of Registration, Application, Time

SEC 506. Any registered elector may upon change of residence within the Township, City or Village cause his registration to be transferred to his new address by sending to the Clerk a signed request, stating his present address, the date he moved thereto, and the address from which he was last registered, or by applying in person for a transfer. The Clerk shall strike through the last address, ward and precinct number and record the new address, ward and precinct number on the original and duplicate registration cards, and shall place the original registration card in proper precinct file. Such transfers shall not be made after the Fifth Friday next preceding any regular or special election or primary election, (unless such Fifth Friday shall fall on a legal holiday in which event registration transfers shall be accepted during the following day.)

Transfer of Registration On Election Day

SEC. 507. Any registered elector who has removed from one election precinct of a Township, City or Village to another election precinct of the same Township, City or Village and has not recorded such removal with the local Clerk shall execute a transfer of registration request, listing the new residence address thereon over his signature, with the election board in the precinct in which he is registered at the next ensuing primary or election. The inspector of election in charge of the registration records shall compare the signature thereon with the signature upon the applicant's registration record and, if the signatures correspond, then the inspector shall certify such fact by affixing his initials upon said refuest. The applicant for transfer, after having signed an application to vote as provided in Section 523 of this act, shall then be permitted to vote in such precinct for that primary or election only. The application for transfer shall be filed with the Township, City or Village Clerk who shall transfer such voter's registration in accordance with the application. When the name of any street in a Township, City or Village has been changed, it shall be the duty of the Township, City or Village Clerk to make the change to show the proper name of street in the registration records, and it shall not be necessary for the elector to change his registration with respect thereto in order to be eligible to vote.

DAVE SCHROTENBOER (50) is a four-year veteran of basketball, having played the sport for Chelsea schools since 7th grade. The 6'3" center revealed that the two factors seeding his baskethall ambitions were "I was tall and I liked the game." According to Schrotenboer, "South Lyon has been our best game this season, not just because we won, but also because everything finally went together for a change." The most significant obstacle to a better Bulldog performance this year, he added, has been the team's inability to co-ordinate their plays. "Nobody on the team seems to be running anything right," Schrotenboar explained. The first-year varsity cager's best personal performance of the season was recorded recently in Chelsea's game with Jackson Northwest. "I scored six points in ten minutes," he stated. "Competition, rebounding, and defensive play" were listed by Schrotenboer as those aspects of basketball responsible for his continued interest in the sport. In addition to his participation on the courts, the CHS junior also plays football and baseball for Chelsea High. One of three brothers, Schrotenboer is the son of Mr. and Mrs. Reger Schrotenboer of 7949 Werkner Rd.

Local Firm **Participating** In Conference

Raycon Corp. of Ann Arbor has been invited to participate in the Department of Defense Industry Tri-Service Metal Chip Removal Cost Reduction Conference at Daytona Beach, Fla., Feb. 8-11, corporation president John Check of Chelsea announced recently. The conference is hosted by the American Defense Preparedness Associ-

ommittee discussing "Near Net hapes and Other Processes."

Some 300 people, including U.S. military representatives, will paricipate in the event. Purpose of he conference is to seek new ways to reduce Department of Defense cests of metal chip cutting by methodically organizing the seleclion of manufacturing technology projects directed toward cost reduction and improved productivity in the chip cutting process.

As a highly structured, intensive working meeting, the conference will provide industry with an oppertunity to assist the government in attaining chip removal cost reductions while informing all parties involved of current planning and programming in this highly technical and vital field.
