Chelsea Aquatic Club wrapped up its first short-course season last week-end with a 9th-place boys team finish and an 11th-place girls team finish in the state-wide Michigan Team Swim Championships, March 19-20.

Teams from as far north as Mt. Pleasant and Midland, as far west as Grand Rapids, and as far east and south as Milan were entered in the competition. Large communities such as Flint, Saginaw, Bay City, Lansing, Jackson and Ann Arbor were also represented.

Local swimmers placing in the 8-year-old and under division included Melanie Gunn, 2nd and 5th; Danny Degener, 3rd; Jennifer Cattell, 5th, 6th and 8th; Shelly Boham, 5th and 8th; Paula Colombo, 5th and 8th; Amy Oxner, 8th; and Kris Mattoff, 17th.

Top Chelsea finishers in the 9- and 10-year-old age group were Marty Steinhauer, 2nd, 6th and 8th; Margie Rawson, 5th and 9th; Richard Slater, 6th, 7th and 9th; John Hoffman, 6th and 7th; Ted Merkel, 8th; David Steinhauer, 7th; Eric Schaffner, 11th; and Phil Sweet, 12th.

In the 11- and 12-year-old division, Dave Nicola placed 3rd, 4th and 7th; Dave Mason, 5th, 6th and 7th; John Robbins, 6th, 7th and 8th; Sean Oxner, 6th, 7th and 9th; Kirk Hawks, 8th; Kristen Thomas, 14th; and Amy Hume, 16th.

Honors captured by Chelsea swimmers in the 13- and 14-year-old age group included Todd Oxner, 5th, 12th and 13th; Tom Rudd, 8th, 10th and 13th; Patti Hume, 8th and 10th; Sara Borders, 8th, 9th and 14th; Patti Schumann, 8th and 14th; Jan O'Berg, 8th; Phil

Hoffman, 9th, 10th and 13th; Peter Beaudoin, 10th; Tom Gaunt, 10th; Nancy Heller, 10th; and Shannon Springer, 10th.

In the 15- to 18-year-old girls division Shelly Springer led the way for Chelsea with 4th- and 5th-place finishes.

Winning the boys swim team title was Ann Arbor, while the girls division team title was taken by Saginaw.

"Chelsea's young swimmers have worked very hard and brought much recognition to themselves, their team and this community," Chelsea Aquatic Club Coach Larry Reed said.

He continued to state that the swim club is still striving for a larger number of participants. According to Reed, the objective of the club is not an accumulation of team titles, but personal improvement and mass participation. Every team member swims in every meet.

From last September through March, more than 200 Chelsea young people have participated in Aquatic Club activities. However, more swimmers from 5 to 18 years of age are the object of a current club recruitment campaign.

To qualify for membership in the Chelsea Aquatic Club, children need only be able to swim 10 yards, using any stroke, if they are 8-years-old or under; and able to swim 25 yards, using any stroke, if they are 9-years-old or older.

Next swim club registration will be held April 25 at the Beach House, school pool. Fees are \$5 to \$8 for the subsequent 6-week session. For further information, call Larry Reed at 475-1425.

## CHS Advisory Group Formed To Help Curb Disciplinary Problems

In an attempt to curb rising disciplinary and communications problems at Chelsea High School, the newly-formed CHS Advisory Council has been authorized to assist and advise school administration in the aforementioned problem areas by the Chelsea Board of Education.

Advisory Council members include one Board of Education representative; the assistant principal or principal of the high school; and four teachers who each serve a period of nine or 18 weeks.

Under a recently adopted plan, Council authority can require a student to appear before the Council; inform the student of the school's concern and disapproval; discuss a student's behavior patterns with the student and, if necessary, the parents; recommend action to alleviate persisting problems; suspend a student for failure to appear before the Council; record which students appear before the Council; present teacher concerns and questions to the administration; and present administration concerns and questions to teachers.

Other roles to be played by the Council include informing the School Board of actions taken and those cases reviewed; and keeping both teachers and administration aware of the School Board's educational philosophy.

The Council will conduct bi-weekly meetings at the high school on Tuesdays and Fridays from 7:45 to 8:30 a.m. All meetings will be closed.

## Home-Made Pie Day At Methodist Home

Chelsea United Methodist Retirement Home residents inaugurated their first annual Home-made Pie Day last Friday, and the result was termed "a howling success" by Patty Lawson, assistant director of the facility. More than 150 Methodist Home residents tasted portions of approximately 57 pies donated by community volunteers.

"There were pies for everyone, of every possible description," Mrs. Lawson continued. The idea for a Home-made Pie Day originated with Methodist Home activities director, Cathy Glenn, and was promptly put into action by volunteer workers at the Home.

Volunteer chairman of the event was Mrs. Phyllis Lytel, assisted by vice-chairman, Mrs. Katie Chapman.

"In any other home situation, when we want a piece of pie, we usually get it within a short period of time," Mrs. Glenn said as she described the source of her inspiration. "Here at the Methodist Home, the opportunity to enjoy home-made pie, or any home-made food for that matter, is sparse."

Consequently Methodist Home residents took full advantage of Home-made Pie Day. "The residents lined up long before 2 p.m. when the event was scheduled to begin," Mrs. Chapman reported. "Then, for the next two hours they continued to eat pie until they were almost bursting."

Mrs. Chapman recalled one particularly touching incident: "A gentleman took a piece of pie up to his wife, and a short time later returned for another piece. He said his wife couldn't believe how good it had tasted. The woman told her husband it was just like the pie her mother used to make."

One woman volunteer, witnessing the joy in the eyes of residents participating in the event, turned to Mrs. Chapman with tears in her eyes and said, "I just can't believe how happy this makes them. It makes my heartstrings tug."

The reception of Methodist Home residents to Home-made pie day leaves no room for doubt that the affair will continue on an annual basis. On Monday, that conclusion was unanimously confirmed by both staff and volunteers at the Methodist Home.

## Three Autos Are Torched Early Sunday

Chelsea police report three cars were torched early last Sunday morning in township areas surrounding Chelsea. The vehicles were all unattended, and there are no known motives for the fires. Owners of all three cars are also unknown.

The first fire was reported to police at approximately 3:30 a.m. Sunday, according to reports filed with the Washtenaw County Sheriff's Department. Located near the intersection of North Territorial and Mast Rds., that fire destroyed a 1965 Ford Mustang.

A second fire, near US-12 and Fletcher Rd., was reported to police at approximately 4:15 a.m. Destroyed in the blaze was a 1966 black and gold Oldsmobile. Reports on the third fire were unavailable.

Police theorize the fires began when someone ignited gasoline in each vehicle's gas tank.

No suspects have been named in any of the incidents.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR: The fellows that gather round the stove at the country store ever Saturday night get a kick out of following actions of the Congress and the state legislatures. They don't find out much of what's going on, but what they pick up they boil the juice out of at the weekly sessions. North Carolina's peeping person law was on the agenda last week. The honorables in that legislature had a peeping tom law, but they decided they were being unfair to the peeping janes, so they worked up a bill that didn't allow anybody to peep at anybody of the other sex. After giving that some study and after considering the way things are swinging these days, they decided they'd better leave sex out of the law altogether. So what they wound up with was a law agin anybody peeping at anybody. Ed Doolittle said the peeping persons law probable won't survive its first court test. He said all the defenders of civil liberties will make a case for the rights of peepers to walk the public streets and to look in all directions at all times of the day and night, and how it is the right of everybody to pull down his winder shade. Ed said they's a case going in Florida now where laws that outlawed legal difference in a person's sex are trying to get repealed because a lot of folks want to be different. Clem Webster said it looks like the country can't decide what to do with the Equal Rights Amendment. He allowed it's no wonder,

since the wimmen the amendment is supposed to help can't decide if it would help or hurt. Two or three states are studying the ERA in their legislatures now, Clem said, but three that had passed it now has decided they're agin it. So they're going round and round, declared Clem, jest like wimmen trying on hats. They git one setting jest so, then they change their minds. Legal action of a real serious nature is shaping up in Idaho and Montana, reported Bug Hookum. Bug had saw where Washington is thinking of draining the rain out of clouds that come in from the Pacific over Washington on their way east. Washington's neighbors say some of the water in them clouds is meant for them, and they'll sue if Washington puts chemicals in the clouds to make em rain before they're ready. Mister Editor, they ain't no doubt that rain rustling is bad business in the West where, more than anywhere else in the country, water is life. Ground water rights is these ranchers most precious treasure, and you can bet any move to mess with what they fighers is their God-given right to what falls from above ain't going to set well. Course, as Bug noted, Washington fighers them are Washington folks til they git to Idaho, and folks in Washington got a right to git as much out of em while they're over em as they can. That ain't the way water rights work on the ground, so this case could

Police Probe Pushed As more tales are told of illegal surveillance of everyday people by Michigan police agencies, state legislators are pushing for permission to take a long hard look at the practice.

The type of surveillance legislators and civil libertarians are most concerned about includes files kept on politicians, lawyers, professors, students, reporters, housewives and others never involved in crime; The Michigan State Police "Red Squad" alone kept files on some 38,000 persons and 400 individuals, according to the attorney representing the state in a Wayne County suit.

Attorneys for the state and plaintiffs in that suit now are trying to figure out how every person named in those State Police files and in thousands of similar dossiers kept by the Detroit Police Department can be notified of their existence.

#### CARD OF THANKS

I wish to thank all my relatives, friends and neighbors for the flowers, gifts, cards and visits while I was in the hospital and since my return home. A special thanks to Pastor Richard Moore for all the visits and prayers. Being remembered in such a nice way means more than this thank-you can say.

Sue Hoffman.

#### CARD OF THANKS

We wish to thank our relatives, friends and neighbors for their cards, prayers, gifts and food at the time of our bereavement. A special thanks to Dr. Krausse, Chelsea Hospital staff and Pastor Ratzlaff.

Mathilda Klink Family.

#### THANK YOU

We would like to express our deep appreciation to our many friends at North Lake. During our recent move to the north country, everyone was just terrific to us! When we look back on those cold, windy days, it was amazing how the week before and the day of our move everything jelled together. Friends from all over stepped in and offered themselves to help us out. One small deed by one combined with all the other deeds, certainly made our move very smooth and really fun! Our world needs more neighborhoods like the people in the North Lake area who are so generous in extending and giving of themselves to help one another. There are too many individuals to name here, but our many thanks to our North Lake friends for all they have done for us over the years, as well as a moving day. These people we shall always remember.

I wish to thank my family and friends; the Rebekah Lodge, Chapter 108 OES, the Past Matrons Club and the Congregational church for the lovely flowers, get-well cards and gifts I received while in the hospital. Your kindness meant more than I can say. Thank you all.

Leila Weir.

**FABER AWARD WINNER:** Laurie Heller, pictured above, was recipient of the second-place Faber Award for construction of the outfit she models before the camera. After having experienced one of the worst winters in history, spring is finally on its way to Michigan. Growing season, of course, isn't for some time yet but there is a fresh Michigan vegetable in produce sections:

It's Michigan hothouse rhubarb and most of it comes from Macomb county, just northeast of Detroit. Nation-wide, we're tied for first place with Washington in production of hothouse rhubarb.

"Larousse Gastronomique" says rhubarb originated in northern Asia and was introduced into Europe in the 14th century. At first it was cultivated by monks as a medicinal plant, then as an ornamental.

While rhubarb is classified as a vegetable, it is treated mainly as a fruit and the most common use is for rhubarb pie. For pie, you'll need about two pounds.

If you don't want to go to the trouble of making a pastry shell for pie, just serve stewed rhubarb. Combine one cup sugar with one-half cup water in a medium size saucepan. Cook over medium heat until the sugar is dissolved and the syrup comes to a boil. Reduce the heat and add four cups of sliced rhubarb, cut into one-inch pieces. If you want to add a little different flavor, add one teaspoon of grated lemon rind, too.

Simmer the mixture for 10 minutes or until tender but not mushy. This is important, as too many times rhubarb is overcooked. Remove from heat and let stand until cool. Some Michigan Grade A whipping cream is a great topper.

This is a marvelous way to get Michigan rhubarb out of the hothouse and into the kitchen.

## ASK THE GOVERNOR

by William G. Millikan

**Question:** Now that we have approved the "bottle bill," when do we start seeing results?

**Governor:** As I said numerous times in the campaign on this issue, it is vitally important that state government do all it can to assure a smooth and orderly transition to a returnable beverage system in our state. For that reason I urged that substantial phase-in time be built into the legislation. The law, approved by the voters last November, takes effect Dec. 3, 1973. I have urged the Michigan Liquor Control Commission to begin immediately to consider changes in its rules and regulations and the adoption of new rules and regulations. Modification of the rules should be completed no later than Dec. 3 of this year—giving the industry a minimum of one year to implement the changes. I am urging the commission, among other things, to review changes which would:

- Modify, to the extent necessary, rules which pertain to the packaging of returnable beer containers and required deposits on the beverage container and its carrier package—in order to assure both convenience to the consumer and the reuse of carrier packages;
- Achieve early designation of the kinds of containers which will be certified by the commission as reusable by more than one manufacturer;
- Prevent problems involving the dislocation of inventory when one retailer or wholesaler may be forced to redeem more containers than he or she sells;
- Prohibit the use of containers themselves for undue profit.

**Question:** What is being done to prevent tank truck fires on our state highways?

**Governor:** Emergency rules covering the transportation of hazardous cargoes are now being enforced by the State Police. The rules filed this month:

- Impose a speed limit of 50 m.p.h. or lower, depending on the road conditions, on drivers of tankers transporting flammable liquids or compressed gas;
- Set standards for tires;
- Require adequate fire extinguishers;
- Set minimum training standards for drivers of single-bottom and double-bottom vehicles;
- Require an employer to provide tanker truck drivers with emergency procedure training.

These rules should help protect life and property from fire and explosions of tanker trucks.

**Question:** As spring approaches, bicycles come out of the garages and basements. Does state law cover bicycle use?

**Governor:** Yes, it does. It gives a bicyclist the same rights and responsibilities as drivers of other vehicles. Many, or most of the laws, are aimed at protecting the bicyclist from physical harm. You would be well advised to keep in mind the following provisions of the law:

- Drive with the flow of traffic on the right side of the road;
- Never drive more than two abreast on any public street;
- Stop at all stop signs and red or yellow traffic lights;
- Slow down at flashing yellow lights and yield signs; be ready to stop for other traffic;
- Use bicycle paths if available;
- Never drive on limited access highways, such as interstate freeways;
- Never try to hitch a tow by holding on to a moving vehicle;
- If you walk your bike on a public road, you must walk facing traffic; you are considered a pedestrian and must obey pedestrian laws;
- Check with your local police to see if your community requires a license.

We can all enjoy safe bicycling if we obey the laws, keep our bikes in good condition and drive defensively.

## Ask Project COPE

**Question:** I am very upset with my 3-year-old son, because he is not yet toilet trained. He will be going to kindergarten in the fall, and I don't know how he will get along. I am beginning to feel resentful toward him and feel that perhaps he is wetting himself just to spite me. The situation is so bad that he and I never go anywhere except to the grocery store; I don't feel that I can ever leave him with a sitter. How would you change the diapers of a 3-year-old child? I am too embarrassed to have anyone know that the child is still wetting himself. I feel like a failure.

**Answer:** The age at which children gain bowel and bladder control varies greatly, but, in general, toilet training is usually not accomplished until a child is past 18 months of age and—more often—between the ages of two and three. Although a child may have occasional night-time accidents, we would expect most children to be dry and unsoiled—at least during the daytime—by no later than four.

You are, understandably, feeling a great deal of resentment and hostility toward your child. You feel embarrassed by his lack of success in this area and resent the limitations imposed upon your daily schedule by a child who needs frequent changing. However, your child is certainly not enjoying the situation either. He certainly feels your anger and disappointment. Also, by having to always remain at home, he is missing out on important experiences which would stimulate him and prepare him for school.

First, you need to consult his pediatrician or your family physician to see whether or not there is any physical condition which might be preventing bowel or bladder control. Some problems can be helped medically.

If the physician finds no physical basis for the problem, you must consider that emotional factors may be involved. If you will call COPE (475-9131, extension 50) or the Special Education office at Extension 48, the pre-school psychologist can talk with you and make some appropriate suggestions. If you are interested in making a referral for services, your son can then be tested and a diagnosis of his problems can be made. You will then be directed to services which can help

both you and your son work toward common goals.

In the meantime, you might remove your son's diapers and dress him in thick training pants instead. Diapers are a constant reminder of babyish, immature behavior and do nothing to improve his self-image. Also, even if your son wanted to try to independently take charge of his own toilet needs, he probably could not manipulate the diaper pins. Training pants are easy for most children to slide up and down.

(Project COPE is a federally funded program which is being operated during the current school year by Special Education Region V for Chelsea, Manchester, and Whitmore Lake School Districts. Its aim is to inform the community about the special problems and needs of pre-school children. Those who have questions, concerns, or who wish to refer a child for diagnostic services can contact Ellen Egan, Project COPE Director, at 475-9131, ext. 50 or Dr. DeYoung at ext. 48.

## New Arts, Craft Book Prepared By Modern Mothers Study Club

"Crafty Ideas" is the title of the new arts and crafts book compiled by Chelsea's Modern Mothers' Child Study Club. Mrs. Basil Greenleaf, book chairman, says, "after two and one-half years of hard work and 180 illustrated crafts we have one of the finest books of its kind I've read." Included in the bright orange book are needlework and macrame projects, flower and planter designs, nature crafts, things to do with children, and lots of Christmas craft ideas.

## Life Action Revival Team Slated at Sharon Church

The public is invited to hear the Life Action Ranch Singers and evangelists Mike Greene and Dave Holdren at the North Sharon Bible Church, Washburne and Sylvan Rds., near Grass Lake. The services are being conducted every night at 7 p.m. March 27 through 30 and on Sunday morning, March 27 at 10 a.m. and 11 a.m.

The co-operation of many people typing, proof-reading, illustrating and even babysitting, along with the use of McKune Library rooms and the Methodist church educational unit resulted in mutual understanding and fellowship among club members.

The craftbook sells for \$5 and is available from any club member, or by calling Mrs. Ed Brown, president of Modern Mothers, at 475-7074.

Proceeds from the sale of the book are earmarked for several community organizations, beginning with a check for \$500 to the Indian Artifacts Project, Waterloo Nature Center. Further profits will be used to set up a weather station for children at the Center.

It is hoped that many area young people as well as their parents will benefit from these new facilities.

## Nature Center Trail Closed To Students

Parents and students have been advised that the Nature Center, a trail between Chelsea High school and Beach Middle school will be closed to high school students beginning March 25.

Citing misuse by high school students as their reason behind the action, the Chelsea School Board warned that violators of the new policy will be subject to the school district's disciplinary code.

Other local school policy changes, effective March 25, include dismissal of elementary bus students at 3:05 p.m.; a requirement that all students ride buses to and from transfer points, morning and afternoon, eliminating the transport of high school bus riders to and from Beach school by high school students driving cars; and prompt busing of all students to their homes at 3:20 p.m.

Beach school students transported to and from Beach school by car should be dropped off and picked up in the pool, or visitor, parking lot; students from other schools are not to enter Beach school at any time, unless on official school business or in a bus emergency; and high school students who wish to visit Beach school must enter the building by the main entrance and obtain a visitors' pass from the school office.

By instituting these policy revisions, the School Board hopes to eliminate growing discipline problems.

## Letters to the Editor

To the Editor: After reading, "Suicide Death Probable in Traffic Fatality" I was struck with wonder at the Police Report. I had heard they were taking up hypnosis, didn't know they employed Mystics too! The most stupid shyster lawyer could make hay over the following: "Her vehicle failed to make contact with the tree, so she abandoned the car and walked into the southbound lane of Baker Rd. She then proceeded to lay down on the pavement and was struck moments later by a '71 Chev.'"

There was no mention of the ditch she had to jump to get to the tree. Who saw her walk down the road and lay down on the pavement?

It had been my understanding, she had gone to the doctor's that morning and had shots in both arms, therefore should not have been driving.

There was a wrecker service two doors down from where she jumped the ditch; could it not have been possible she was walking down to get a wrecker? Who saw her lay down? How sure that she didn't faint? If someone was that close, why didn't they warn the oncoming driver?

Had she been killed hitting the tree, there would be no doubts as to the suicide version, the way it happened leaves a lot of doubt, questions that can't be answered by anyone but God and Roseann.

What part of the truck hit her, the bumper or the wheels? Was it the wheels on the driver's side or the other, with her upper chest

crushed it makes one wonder. Had she bumped her head and was dazed, had she fallen and was trying to get up? To make a positive statement as fact goes beyond circumstantial evidence for the questions I have put forth could just as well be the truth.

It is always easier to close a case on someone who has been troublesome to authorities and write it off the quickest. In any court but Washtenaw county theories as published could be proven to be as full of holes as a sieve.

Unless one was there with her or is privy to her thoughts, who really knows?

Dorothy Hunawill.

Dear Editor,

I would just like to say a few words about the parking on Book St. and Flanders St. at the Chelsea High school. Some students find it a convenience to park on these streets. I know I do. Now the school gives tickets out for \$2 for people parked on these streets. Since when did the school become the police? Are we going to stand for the few people in this administration and especially on the School Board to play God with our lives? What gives Chandler the right to ticket people? Frankly I'm fed up with the crap they puff. Well I stood for my rights and refused to pay a \$2 fine for parking on a public street to the school. They want people to pay \$2 for a sticker to park in the parking lot, well maybe they ought to use some of that money they get to clean the debris from the lot especially glass.

I'm not parking there. Today I was called to the office to pay the \$2. I was suspended by Assistant Principal Shave whom I could care less about. She's on some kind of ego trip. I told the police about the ticketing. "Oh they're scared, they don't want to get involved. Well what are they getting paid for?" That really burned me. What is a student to do especially if you can't go to school for parking on a PUBLIC street. We're only human. We're just like everybody else. Thank you for reading this brief statement.

Brian Knickerbocker. P.S.—If the school needs money they don't they find another way to get it, because right now they're scraping the bottom of the barrel.

## Wayne Dari-Blen Rations...

"New Concept" Feeds of the 70's

When a Wayne Dari-Blen ration starts working in the rumen, it keeps right on working... hours and hours longer than ordinary dairy feeds with only a single source of protein. Dari-Blen offers multiple-source protein and other key milk-producing ingredients which work together to increase the level of Volatile Fatty Acids in the rumen. This is the "secret" of Dari-Blen... the secret of top milk production.

Many dairymen want to "cash in" on the economy of non-protein nitrogen. If this is you... if you feed a medium level of milking ration, ask us about Wayne 42 Dari-Blen. It's 22 percent natural protein and 20 percent non-protein nitrogen. It's one of Wayne's NEW CONCEPT feeds of the 70's.

**SHERWOOD SINGERS:** Framed by a wreath of foliage are members of the nationally-known Sherwood Singers, a choral group organized in 1967 to spread the Gospel through the ministry of music. The group will be appearing in Chelsea on April 1 at First Congregational church under the auspices of World Vision International. Members of the group, from left, are Grace Rozema, Howie Rozema, Cheryl Rozema, Carole Rozema, Steve Jeltema and Nancy Jeltema.

### Toney Bros. Quartet Appearing Friday at Immanuel Bible Church

The well-known Toney Brothers Quartet will be appearing Friday, March 25, 7:30 p.m. at Immanuel Bible church on E. Summit St. to present an evening of gospel music.

According to the Rev. LeRoy Johnson, pastor of the church, their music is hailed as an inspiration to all, and a large crowd is anticipated. Those planning to attend should come early for a good seat.

A free-will offering will be taken.

program of gospel music which will begin 7:30 p.m. in the sanctuary of the church.

Organized in February of 1967 to spread the Gospel through the ministry of music, the Sherwood Singers have traveled widely throughout the United States. They have recorded five record albums and have a weekly television program which is aired on station WZZM-TV in Grand Rapids.

Members of the group include Mr. and Mrs. Howie Rozema, Mr. and Mrs. Steve Jeltema, and Grace and Carole Rosema, a mother and daughter duo. All reside in Wyoming, Mich.

A free-will offering will be collected by church members to finance traveling expenses of the singers. The remainder of the amount collected will be sent to World Vision Childcare Ministry, which supplies funds to needy children overseas. Through the ministry's efforts, the social

needs of poverty stricken youngsters in foreign countries are met, and the children are exposed to the gospel.

## Class of '72 May Hold 5-Year Reunion

Although many 1972 graduates of Chelsea High have remained in the Chelsea area, others have chosen to pursue family and career interests elsewhere. Nevertheless, there is usually a strong desire on the part of most graduates to revisit high school friends and perhaps re-live moments in the past. Consequently the Class of 1972 has planned a five-year class reunion, but the success of the event will depend upon the participation of former class members. To measure interest in the prospective reunion, an organizational meeting has been scheduled for Friday, March 25, 6:30 p.m. in the CHS cafeteria.

Members of the Class of 1972 are urged to attend this meeting with ideas for a class reunion this summer if they are in support of the event. If interested, but unable to attend the meeting, 1972 Chelsea High graduates should call Dave Lukasiak, 475-9380, with suggestions for the reunion.

The reunion will only be held as planned if a sufficient number of former class members display an interest in the project.

## HESITATION CAN BE COSTLY

Once you put real estate on the market, you have to make up your mind to move when the right offer comes. Your asking price should come pretty close to your selling price if you have priced your property realistically. The right offer may be your first offer, and if you turn it down, you may never get another as good.

However, the offer should be a written one - the only kind that has any real significance and on which you can depend.

Just remember that a legitimate offer should be accompanied by a good-sized check depending on the selling price. Never accept a verbal promise

and take your property off the market. The next day, a good sale may be lost if you are tied up in this type of questionable transaction. You'll never have to worry about this situation arising if the sale of your property is in the hands of a Realtor.

.....

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8681; evenings 475-2621. We're here to help!

# Volunteer Dispatchers Keep CATS Bus Moving Smoothly

Motivated by a singular compassion for others, the Chelsea residents have been diligently manning the CATS busline phones over various periods of time during the past five months. CATS, or Chelsea Area Transportation Service, is the newly installed reserve call bus service for area senior citizens and handicapped adults.

The volunteers, Una Wenk, Jeanie Hafner, Louella McMannis, Christine Heydlauff, Leila Pawlowski, Mary Jane Leeman, Edith Hoffman, Doris Smith, and Katie Chapman, work two 2-hour shifts weekly to keep the busline in optimum running order.

Calls are accepted Monday through Friday, between 9 and 11 a.m. mornings, and 1 and 3 p.m. afternoons. The CATS dispatch office, headquartered in the Chelsea United Methodist Home, may be reached by dialing 475-9494.

The women schedule bus rides to and from medical and dental appointments, bill paying and shopping expeditions, beauty shop visits, or social engagements for the area's elderly or handicapped who lack their own means of transportation. A nutrition class for senior citizens which meets at St. Mary's school on a regular basis, routinely rides the CATS bus to Chelsea Community Hospital where members work in a work in a volunteer capacity.

Along with round-trip service from any point within a 54-square-mile area locally, CATS offers a link-up service to and from Ann Arbor one day per week. Reservations for the Ann Arbor run, scheduled on Fridays, must be made by Thursday morning. The only period of time during which the bus remains inoperative is in the evening and on week-ends. Cost of a one-way ride is 25 cents.

Currently, some 435 people ride the CATS bus monthly, some more often than others. Generally, CATS bus driver Mary Schiller averages approximately 50 round trips per week, a figure well below maximum usage. Many area senior citizens and handicapped adults have yet to become fully aware of the new transportation service, CATS dispatch office co-ordinator Katie Chapman speculates.

"I'd like to see the bus used more," Mrs. Chapman stated. "We need senior citizens in the community to become more frequent users, and strongly encourage handicapped adults to participate in the service to a far greater degree than they have in the past. Wheelchairs, donated by the Chelsea VFW, are available for use by bus riders at no cost." Without

the support of both the elderly and handicapped, future continuation of the bus service is threatened.

Those who need the company of an aide on trips outside their homes, are welcome to bring the aide with them on bus trips, according to Mrs. Chapman. And she had reassuring words for those worried about the potential hazards of limited mobility.

"Marv gives CATS riders a lot of confidence on bus trips," she reported. "He rides the boarding lift with each person confined to a wheelchair, and personally assists those encumbered by a cane or walker. Polite and helpful, he has worked with elderly people often in the past."

Though the work of the volunteer dispatchers is seldom hectic, one volunteer found herself in a rather unusual situation recently. As there is no back-up driver for Schiller, his occasional absence from work must be covered by another sufficiently trained person. Several weeks ago, Mrs. Chapman was solicited to drive the bus on its daily rounds.

Her substitute stint as driver was problem-free until she misunderstood a debarking passenger who requested pick-up at another location. After searching for the passenger at the drop-off point and failing to find her for the scheduled return trip, Mrs. Chapman returned to the dispatch office to re-check her information on the pick-up location. Later, by accident, she spotted the passenger on a nearby corner, and completed the pick-up for an instant resolution to her dilemma.

The incident was the first of its kind in nearly 21 weeks of CATS bus operation, which has a well-earned reputation for reliable service. Those who ride the bus regularly, such as former Chelsea Police Chief George Doe, confirm CATS's excellent service record.

"We have a concern for everyone who calls," was the unanimous consensus of all dispatch volunteers. If riders must arrive at their destinations at a specific time, the dispatchers make sure this occurs. They schedule in-village bus trips at 15-minute intervals, and allow a half-hour period of time for rural bus runs.

Prospective riders are requested to reserve a trip on the CATS bus 24 hours in advance, and must state whether or not they use a cane, crutch, walker, or wheelchair. Additional spare must be pre-arranged in the bus to accommodate these walking aids. A grant from the Michigan Department of State Highways and Transportation, in conjunction with financial support from seven Chelsea community organizations, now subsidizes the special shuttle bus service. Working its way to success from 8 a.m. to 4:30 p.m. daily, CATS merely needs greater support from those who benefit from its operation.

A trip on the CATS bus may even overturn some previously held convictions, or serve as a source of new-found enlightenment. One woman who claimed her mother would never ride in a vehicle driven by a man, has since found that her mother has become one of CATS's steadiest customers.

## Dr. Michael Smith Certified By Board Of Family Practice

Dr. Michael Smith of Chelsea was named diplomate of the American Board of Family Practice (ABFP) after passing a certification examination offered by the ABFP. Dr. Smith, whose practice is located in the new Territorial Medical Center at 9477 North Territorial Rd., Dexter, is now certified in the specialty of family practice.

The intensive two-day written ABFP examination is designed to prove a physician's ability in areas of internal medicine, surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine.

To qualify for the examination, diplomate candidates must have completed either a three-year family practice residency or have been in family practice a minimum of six years while jointly completing 300 hours of continuing medical education approved by the American Academy of Family Physicians, according to William R. DeLay of the American Academy of Family Physicians. Following certification, AFP diplomates must continue to show proof of competency in comprehensive family care by being re-certified every six years. No other medical specialty requires diplomates to prove competence on a continuing basis.

## Michigan Bell Lineman Cited for Valor Award

Dale L. Robinson, 32, of 14500 Harvey Rd., will probably not receive a national medal of honor, but to the family of Manchester's Wayne Trolz, he is nothing less than a hero.

Robinson, a Michigan Bell telephone lineman, probably saved Trolz's life last Thursday when a car the Manchester man was working on slipped and fell from a chain, nearly crushing him to death.

According to Washtenaw County Sheriff's police and the Manchester Police Department, Robinson was working on a telephone cable in the 18000 block of W. Austin Rd. when he heard a crash followed by a man's screams for help coming from a nearby barn.

Inside the barn, he found Trolz, of 18243 W. Austin Rd. pinned beneath a car. The vehicle had been suspended from the barn ceiling by a chain while Trolz worked on its rear axle.

Apparently the car had slipped from the chain and had fallen onto Trolz, causing severe head and chest injuries. Robinson re-hooked the vehicle to the chain and hoisted the car back into place to release Trolz. Then Robinson climbed back up the telephone pole where he had been working, plugged his hand telephone set into the

cable and asked an operator to summon police and an ambulance. Following the call, police state Robinson returned to the barn with a first-aid kit, which he used in an attempt to stop Trolz's bleeding before an ambulance arrived.

"Trolz would still have been under the vehicle if it had not been for Dale," Manchester Police Chief William Zsenyuk said following the accident. "At the time the car fell on him, there was no one else around."

Shen help appeared, Trolz was transported to Chelsea Community Hospital where he was listed in fair condition. Reports indicate he suffered several broken ribs and a fractured skull, but is expected to recover.

Robinson, a Michigan Bell employee for the past eight years, has been nominated for the company's Valor Award for public service, according to a spokesman for the utility firm.

The first tests in orchard spraying for controlling fruit disease in America were conducted at Michigan State University by Levi Rawson Taft in 1888.

BOARD OF COMMISSIONERS

Wednesday, March 2, 1977

Record of Proceedings

EVENING SESSION

An adjourned session of the Washtenaw County Board of Commissioners was held at the Court House in the City of Ann Arbor, Michigan, on Wednesday, March 2, 1977.

The meeting was called to order by Chair Kuebler at 7:04 p.m. The Board stood in a moment of silence.

Roll call found Commissioner LaFrier absent.

Comm. Taylor supported by Comm. McClary moved that the minutes of the February 16th and 23rd Board of Commissioners meetings be approved with the following corrections: February 16th meeting, page 40, 77-087 Moved by Fojtik and supported by Murray and McClary. Motion to approve the minutes as corrected carried.

Special Order of Business:

Robert Guenzel, Corporation Counsel, spoke to the Board: John Hurd has indicated at Budget and Ways & Means that our false arrest insurance was cancelled effective February 28th. Since that time we have been without false arrest insurance which means that we are becoming self-insured because the Dep'ty contract requires that we maintain this insurance. We have met with Bill Mundus three or four times since we found that out and Bill yesterday had three options of insurance that we might be able to purchase. All three options were very expensive, provided for at least a \$10,000 deductible on each claim and a limit that was not acceptable. He had talked to a broker who purchased our last insurance and we have put in a bid with another insurance company and we should know within two or three days. Because of this Hurd and I do not suggest that we attempt to purchase one of the three proposals that Mundus had, but that we wait for two or three days and see what we can come up with. This was for information only.

Mr. Guenzel stated that the Board had in front of them a resolution approving the Paying Agent and requesting the Chair of the Board to sign the agreement. Joseph Price, Director of the Department of Public Works was present to answer any questions.

77-0101 Comm. Walterhouse supported by Comm. McClary moved that the resolution approving Paying Agent Agreement - \$1,050,000 Washtenaw County Sanitary Sewer System No. 4 Bonds (Pittsfield Valley Relief Sanitary Sewer System), be adopted. Roll call vote: YEAS: 4. NAYS: none. ABSENT: 1. Motion carried.

A memo from Robert E. Guenzel, Corporation Counsel, dated February 28, 1977 re: The Open Meetings Act, was submitted. Discussion ensued.

Communications:

Comm. McClary supported by Comm. Ellis moved that the communications be dealt with as recommended with the following amendments: R-7106 should be just received and filed; R-7110 just referred to the Chair of the Board and R-7119 a copy be sent to Peter Yelorda, CSA. Comm. O'Connor supported by Comm. Minick moved to rescind the motion made at the December 15, 1976 Board of Commissioners which is as follows: "76-0612 Comm. Taylor supported by Comm. LaFrierer moved that the resolution interpreting the Equalization Guidelines of the State Tax Commission, be adopted." Discussion. Roll call vote: YEAS: 2. NAYS: 10. ABSENT: 3. Motion failed.

Comm. McClary spoke to the Board re: R-7125 which is a memo from the Health Department requesting an exception for the two clinics at the Eastern Sub-Center in that the temperature be set at 68° F for the protection and comfort of their patients.

77-0122 Comm. McClary supported by Comm. Minick moved that rather than sending this memo to the Physical Plant Committee, that the Board allow that temperature to be set at 68° F. Question was called. Motion to end debate carried. Roll call vote: YEAS: 12. NAYS: none. ABSENT: 3. Motion carried.

Comm. McClary asked the Controller about the study that Juvenile Court was going to do. It was discussed at the last Ways & Means Committee and it was stated that it was for information only. Comm. McClary then read in the Human Resources minutes that if something falls through and the Office of Juvenile Justice asks for money back, there might be a possibility that the County would be responsible for that. That was never brought out in Ways & Means. Do you have any new information? Mr. Hurd stated that the Board of Commissioners has no control over Judge O'Brien signing or not signing this grant. But, on the other hand Probate Court-Juvenile and Judge O'Brien have no taxing power in case something does go wrong. So there is that change that if an audit shows that the funds are mis-used or mis-allocated and return is asked, some liability could come back to the County. Comm. McClary asked Corporation Counsel, "can we refuse to have Judge O'Brien sign for this grant?" Looks like we're in a pretty poor condition.

Comm. McClary supported by Comm. Minick moved a resolution that we request Judge O'Brien not to sign this grant at this time and request his appearance before the Ways & Means Committee to explain to the Commissioners what the grant's going to do, how much it's going to cost and what controls are going to have over it so that there is no inappropriate spending of money.

Controller stated that the grant has already been signed. Comm. McClary stated that if he has already signed it the motion requesting him not to sign is a little strange so delete that part of the motion and still request that Judge O'Brien appear before the Ways & Means Committee next week. Comm. Minick agreed with the correction to the motion.

77-0123 Question was called. Motion to end debate carried. Roll call vote on the motion to have Judge O'Brien appear before Ways & Means: YEAS: 12. NAYS: none. ABSENT: 3. Motion carried. Citizen Participation: none.

Comm. McClary supported by Comm. Minick moved to adjourn until Wednesday, March 16, 1977 at 7:00 p.m. in Circuit Court Room No. 4. Carried.

Meeting adjourned at 8:45 p.m.

Robert M. Harrison, Clerk.

**Paul Wood Serving As  
Volunteer Aide at Capitol**

Paul Wood of Chelsea is one of a group of Michigan State University students who are gaining valuable job experience while volunteering as legislative research aides at the State Capitol.

More than 60 students currently work from six to 10 hours a week for state senators and state representatives in such areas as constituent relations, press and public relations and both short and long term research.

The program, sponsored by the MSU Office of Volunteer Programs, provides opportunities for students from many diverse areas of study to gain practical on-the-job experience in the State Legislature. In the past, such placements were limited to political science majors.

The experience often proves useful. Three of the 10-15 volunteers in last year's pilot program were hired as full-time employees following their graduation.

Initial screening of applicants is done by program director Mary Edens, herself a legislative aide when she attended Western Michigan University a few years ago. Ultimate selection of the volunteers is done at the capitol by the legislator. Edens stressed

that the only skills necessary were competent writing and telephone skills and plenty of energy and enthusiasm.

"The volunteer aspect is important," she said. "Students can do things that nobody else would do because the legislators wouldn't have the money to do it."

Wood, the son of Mr. and Mrs. Clarence A. Wood of 646 Flanders St., is a 1975 graduate of Chelsea High school. A sophomore majoring in political science, he is a member of MSU's Honors College.

The rampaging typhoon that smashed Guam on May 22, 1976 isn't on the front pages anymore. But it will be a long time before the people of Guam forget it. And it will be a long time before Red Cross forgets it. Because we were there, too.

Believe it or not, Guam was only one of 30,000 disasters in the last 12 months where we were called on for major help.

Which is the reason our disaster funds are disastrously low. And an important reason why we need your continued support. Help us. Because the things we do really help. In your own neighborhood. And across America. And the world.

**Medicare Payments  
Are for Entire Staff**

A report released by the Department of Health, Education and Welfare on March 14, which named doctors, clinics and laboratories that received more than \$100,000 in Medicare payments for 1975, erroneously implied Dr. Gerald E. Blanchard of the Chelsea Medical Clinic had personally received \$220,487 in reported 1975 Medicare payments.

Dr. Michael Papo, medical director at the clinic, stated Wednesday that although Dr. Blanchard's signature was affixed to Medicare statements totaling \$220,487 in return payments, that figure was the sum total of HEW payments made for 12 doctors working at the clinic in 1975.

"Dr. Blanchard was authorized to sign the statements on behalf of other doctors for all Medicare patients at the clinic as part of his duties as chief administrator in 1975," Dr. Papo said. "At that time, he was not even actively practicing medicine because he was recovering from a recent heart attack."

Had the figure been accurate, Dr. Blanchard would have been fourth-ranked in the state on the HEW Medicare payments list. Second-ranked in the state on the payments list was another local medical care provider, Arbor Physicians of Ann Arbor.

**STOP.  
DETOUR**

Unless you're crazy about the drive, there's no real reason to drive into Detroit looking for new car bargains. Rampy Chevrolet in Ann Arbor is a lot closer and you'll get the same low prices you find in Detroit — maybe even lower. At Rampy you'll also find the kind of careful, competent, come again service you expect from small town folks who know their neighbors.

You see, Rampy's not just the biggest Chevrolet dealer in Washtenaw County, he's got the biggest dealership of any kind in the country. That means that he's governed by the same kind of high volume economics you've been driving all the way into Detroit to find.

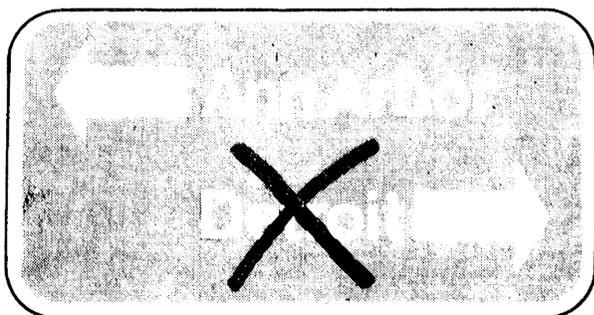

On the other hand, Ann Arbor is a town where people do know each other. Word gets around. And the word is that Rampy gives good service after the sale. As a matter of fact, Rampy's service department has been used as a model for training other Chevrolet dealers.

Isn't it time you took a detour?  
Before you drive all the way into Detroit looking for a new car . . . stop at Rampy.  
We don't think you'll go any further.
