CHS Baseball Team Finally Opens Season

At long last the weatherman cooperated and allowed the Chelsea High school varsity baseball team to take the field and begin this season.

Roger Moore, John Dunn and Jeff Dils each contributed one hit to the effort. Three Bulldogs tied in the RBI's department, with Augustine, Moore and Jeff Dils each driving in two.

WOMAN CONSERVATION OFFICER: A patrol car really isn't the typical setting for Conservation Officer Sue Koppelo, who spends most of her work-

Woman Conservation Officer Accepted in Usual Man's Field

Ask the average Michigan citizen what a Conservation Officer in the Department of Natural Resources does for a living, and the vague description might go something like this: "a man who looks out for the animals and patrols parks."

Koppelo understands, though, that whether people knew she was there or not before, once they do learn of her existence, most want to know how a woman entered a profession where females have not yet made significant inroads.

exam, only 1,000 earned a passing score. Of the 1,000, a number were given oral interviews and were subject to in-depth personal investigations designed to confirm the integrity of the individual.

Stroh-A-Party Benefits Spaulding Adoption Agency

The third annual J. P. McCarthy Stroh - A - Party, benefitting Spaulding for Children, will be held next Thursday, April 26 at the Stroh Brewery in Detroit.

Festivities at the brewery will begin with a German-style buffet served in the Stroh Haus. As two bands play in the adjacent warehouse, Detroit celebrities will circulate among the guests.

NANCY COOPER

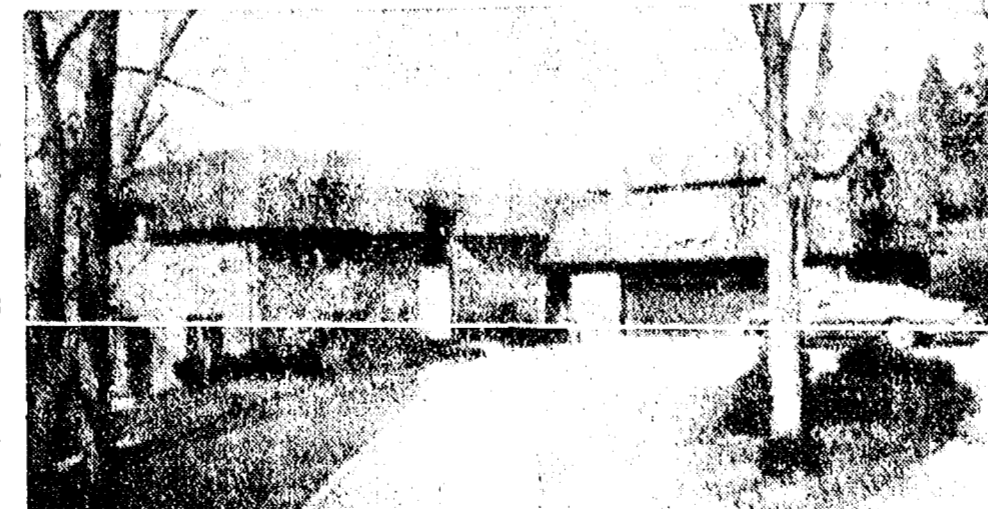

Senate Resolution Cites Nancy Cooper

This is shaping up to be quite a year for Nancy Cooper. First named one of Michigan's five outstanding Young Women of 1979 by the Michigan Jaycees and then a finalist for the Distinguished Service Award of the Chelsea Jaycees, the Chelsea High school special education teacher's reputation has now extended all the way to the Michigan senate.

lastic involvement in the field of special education." The episode was a great surprise to Nancy, who was mysteriously asked by her husband to come to a luncheon after school on Friday, April 6. When she arrived, she found Sen. Pierce, other teachers and her husband waiting. As she stood stunned at the reception her husband read the resolution aloud.

Spring House Tour Includes Noll, Bridges North Lake Homes

With the Spring Home Tour just a week away, this week features some number seven and eight. The Chelsea Chapter of the American Cancer Society is sponsoring the event, which will be held April 27, from 9 a.m. to 3 p.m.

NORTH LAKE provides the ideal location for the Lloyd Bridges' home with the lake, lagoon and trees.

The residence of Pat and Robert Noll of 14211 Hayrake Hollow is home number seven. Built in 1972 it is a blend of traditional motifs, such as the celery and beige formal living room, which provides a perfect backdrop for their Hummel plates. The traditional theme continues with antiques such as the mantel clock and pewter family heirlooms, oak table and ice chest, school desk and a copper boiler on the family room fireplace.

Three old stained glass panels illuminate the recently remodeled kitchen-family room. The dark pine paneling provides a striking contrast with the native brick fireplace. Crewel and needlepoint. (Continued on page seven)

State's Best Track Girls Competing Here In Chelsea Relays

South School Fun Fair Set For Saturday

Parent Teacher South of South school is sponsoring a Fun Fair on Saturday, April 21 from 10 a.m. to 3 p.m. Festivities will include a bake sale, make-up room, cakewalk and balloons, in addition to hot dogs, chips and drinks.

Cancer Society Fashion Show Set for May 5

Chelsea Cancer Society fundraising is moving into high gear, with two events scheduled for the near future. "A Spring Fashion Show" will be held Saturday, May 5 at the Chelsea High school Media Center from 2 to 4 p.m.

Twelve Strong Teams Entered in Saturday Meet

Some of the best track girls in the state will be in town this Saturday, April 21 to compete in the Chelsea Relays. Seven of the 12 competing teams scored in the state meet last year, making this the strongest field in the four-year history of the event.

jump team and Chelsea's pair of Lorrie Vandegrift and Tracy Bohlander could place if they have a good day. Dexter brings back the hurdlers who led the shuttle hurdle relay until disqualified last year, but will need to be at the top of their form to defeat Saline's team who will be defending the title that the disqualification gave them.

Art Show, Book Fair Slated at North School

North School Art Show will be held Thursday, April 26 from 6:30 to 8 p.m. A variety of art work created by all classes will be displayed in the cafeteria, gym and halls. The Art Room will also be open, with a display of the work shown at the Children's Art Show at Eastern Michigan University in March.

The Book Fair will be open April 23-27, Monday through Friday, during school hours, as well as Thursday evening. There will be books for children, dinosaur puzzles, flash cards, and other puzzles and games. Popular adult fiction and non-fiction paperbacks will also be available. Prices will range from 39 cents up. Some used books will also be for sale, so (Continued on page eight)

CHELSEA LIONS CLUB is participating in its third annual White Cane Drive and will have member stationed at various locations throughout Chelsea on Friday and Saturday, April 27 and 28, seeking donations for this very worthy cause.

Community Ed. Registration Opens

All Chelsea and Dexter area residents will be receiving the Community Education Spring-Summer Brochure this week. Registration for classes has begun. The Community Education Office will be open to accept registrations from noon to 5 p.m. and 6:30 to 9 p.m.

Two classes are available via the Washtenaw County Co-operative Extension, "You Can Grow Food Too!" and "Alternative Energy—What For & What Kind?" Not appearing in the brochure are four classes held at the Country Craftique, crocheting for six weeks and knitting for seven weeks. These classes begin the week of April 30 with crocheting Monday evenings, 7 to 9 p.m. and Thursday mornings, 10 to 12 noon. Knitting classes also begin the week of April 30 on Tuesday mornings, 10 to 12 noon and Wednesday nights, 7 to 9 p.m.

Firemen Answer Two Minor Calls

Chelsea firemen were called to the scene of a small fire at the home of Maynard Poertner, 426 Chandler St., Monday, April 16. According to Fire Chief James Gaken, Poertner's chimney was burned out, but no other damage done. Firemen also extinguished a small grass fire near Jackson and Steinbach Rds., late Tuesday evening.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR: Them pamphlets put out by the U. S. Department of Agriculture usual don't call for no deep meditation, but ever onct in a while we happen onto one that stirs us into a little thinking. Fer instants, it don't take long to thumb through one that tells you how to fix the grapevine, provided you set out the vine and you been taking care of it all its life. And you ain't upset to learn that plowing corn don't help the corn, it just holds down the weeds, cause you allus took the position that the corn and weeds could fight it out, and may the best plant win. But a pamphlet come in the mail last week, Mister Editor, that pulled me up short. It is one called "Living On A Few Acres." Actual what I got ain't the pamphlet, it's a folder telling how I can get the whole story by sending \$7 to the U. S. Government

Printing Office. I am much obliged to the USDA for alerting me to this bargain. After observing the way agriculture is moving this country, I am full convinced that it is ever bit as easy to live on a few acres as it is for Uncle Sam to spend himself out of this inflation that is eating us all alive. The folder explained that the pamphlet is special for city folks that think they can buy a little farm, raise a few pigs and chickens, keep a garden and live happily every after. I say these kind of dreamers need this kind of book to guide em along the rose covered path. Just last month I saw where the national praised value of farmland now is \$500 a acre, and in some states as much as \$2,000. I brung up this subject at the country store Saturday night, and Zeke Grubb was the first to look at it from a new angle. He said the USDA could be talking about living on a few acres, not off em. You can live on em, he said, provided you got a good outside income, but they ain't no way you can live off a few acres unless you're talking about the rent off office buildings on a few acres in downtown Denver. Zeke said the city feller might find clean air to breathe on his few country acres, but he'll be hard up fer someone to eat. If he expects to live better cheeper, Zeke declared, he better talk to farmers and ranchers that are selling out to them foreign conglomerates that are buying up whole counties. Fer sure, broke in Clem Webb, the world can take some quick turns. He was thinking where just a few years ago the USDA reported where power vehicles on the farm had replaced 30 million horses since 1930, and had "saved" 70 million acres of hay needed to feed them horses. Now this same agency is talking about how many acres of hay it would take to feed how many horses to save how many barrels of oil ever year. The day when we got to go back to real horse-power may be sooner than we think was Clem's words. Final Ed Donittle had this clipping where William G. Stern, a American in London, sin't mess'ing around with keening up with the Tomases, he's trying to keern up with Uncle Sam. Ed said Stern is bent on \$200 million in debt. There's a feller, Ed said, that could live on a few acres. Yours truly, Uncle Lew.

Howell Livestock Auction Starts 1 p.m. Every Monday Mason 676-5400

Tin's Tin Symphony Henry Ford's Model T made such an impact on America that musical scores were written for it. Converse prepared a symphony, "Flivver Ten Million," to honor the Tin Lizzie. The work was well-received at its premier performance by the Boston Symphony under Serge Koussevitsky on April 15, 1927. Henry Ford Museum, Dearborn, offers visitors a chance to see some of the famous Model Ts which provided the nation with affordable transportation for almost 20 years.

MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

Balance Needed In Environmental Matters The legislature is struggling to strike a delicate balance between protecting the environment and making sure future development of the state and its economy will not suffer. Although environmental-minded members of the legislature were successful in getting anti-environmentalist people removed from

key committees, they are finding there are genuine concerns about so-called environmental legislation that could lead to stifling the economy. One prime example now pending in both houses is the so-called wetlands preservation bill. Supporters, mostly from highly populated urban areas, say wetlands must be immediately preserved to protect them from the

ever encroaching pavements of highways, shopping centers and parking lots. They charge development with killing certain species of fish, waterfowl and aquatic plants. Further, filling in natural wetlands in their areas has caused a shifting of the floodplains causing massive flooding problems in areas where the high waters never before reached. The environmentalists also insist the wetlands provide a natural water filtering system and without them, local units of government must construct water purification plants to take care of the process that is normally done by the mere existence of these areas. On the other side of the coin are members representing less populated areas whose constituents rely on the land for survival. The most vocal opponent is Sen. Joseph Mack of the Upper Peninsula, who maintains his whole area relies on the mining and logging industries which must use and alter such wetlands to continue the Mack is urging the legislature to business pursuits. leave his people and business that support those people alone. He says there is a difference when comparing a few acres in populated areas to 4.5 million such designated areas in the U. P. There is not a simple answer to such a complicated problem. Arguments from both sides have merit. Conservation and preservation is necessary for future generations but that has to be tempered when protective legislation could affect the lives of people whose existence depends on the lands targeted for protection. What needs to be realized is that each area of the state has its particular problems and to solve one area's problems cannot bring about a more severe problem elsewhere.

Dexter-Ann Arbor Run To Draw 3,000

Registration forms for the 8th annual Dexter-Ann Arbor Run, scheduled for Saturday, May 26, are now available at all offices of Ann Arbor Bank & Trust, at local sporting goods shops, and from the Washtenaw County Parks and Recreation Commission. It was announced today by sponsors of the annual event, the Ann Arbor Track Club and Ann Arbor Bank & Trust. As in past years, the run is scheduled for Memorial Day weekend with starting time 8:30 a.m. Saturday, May 26. Runners may challenge themselves to one of two distances. The 15-mile run begins on Baker Rd., in front of Dexter High school. The 7-mile run starts on Huron River Dr. and N. Maple Rd. at Foster Bridge. Both courses finish at the same site, Huron High school. More than 3,000 runners are expected to put their conditioning to the test at this year's run. The expected number of participants is 15 times more than the 200 participants who ran the course in

1974 when the run began as an Ann Arbor sesquicentennial event. Deadline for registration is May 13. Post entries cannot be accepted. For the \$6 registration fee each person entering the run will receive a Dexter-Ann Arbor Run vest, a race number and an information sheet. For finishers there's the glory of achievement, and to remember that accomplishment, finishers will receive certificates with their names and running times listed, or the exceptionally triumphant.

there will be a special awarding of perpetual trophies both for men's and women's best over-all time runner's and for men's and women's best over-all time. Last year's run drew more than 1,750 participants, and the 15-mile run was won by Ann Arborite Pete Challop in one hour, 20 minutes and two seconds. Karen McKeachie of Dexter placed first among the women competitors when she dashed past the finish line after running for one hour, 40 minutes, 55 seconds.

JUST REMINISCING

Items taken from the files of The Chelsea Standard
4 Years Ago... Thursday, April 24, 1975-- Eighty-two new members of the Charles S. Cameron Chapter of the National Honor Society were initiated Wednesday, April 26 in the Chelsea High school auditorium. Twenty-three Chelsea tennis buffs were invited to play their best games at the Liberty Racket Club in Ann Arbor, to kick off this year's Cancer Crusade for Chelsea.

Members of the Ruth Circle, First United Methodist church, enjoyed a program on the Egyptian Feminist Union at their April 16 meeting. Martin H. Tobin has filed a nominating petition for re-election to the Chelsea School Board. Shelly Warren broke her week-old record in the 880-yard run in the second home meet of the season for the Chelsea girls track team against Pinckney. Chelsea bowled to meet by only one point, bowing to Pinckney, 53-52.

14 Years Ago... Thursday, April 29, 1965-- Eleven girls of Senior Girl Scout Troop 77 enjoyed a trip to Washington, D. C., last week. They were accompanied by Mrs. E. J. Sutter and Mrs. Leslie Eisenbeiser, who served as chaperones and drivers for the two cars in which the trip was made. If there is to be an alumni banquet at Chelsea High school this year, volunteers must come forward at once to help make arrangements for it. This statement was made yesterday by Robert Merkel, last year's Alumni Association president. Judy Ann Welch, a graduate of Chelsea High school, Class of '60, was among those entertained at a scholarship dinner at Eastern Michigan University, honoring students who had attained a 3.0 average or better. Thirteen-year-old Michael Schmidt of 650 Island Lake Rd., will represent 95 Chelsea-area safety patrolers at the AAA National Safety Patrol Rally in Washington, D. C., May 6-9. Airman Second Class Daniel Ellenwood will leave tomorrow for Francis E. Warren AFB, Cheyenne, Wyo., after spending a week here at the home of his parents, Mr. and Mrs. George Ellenwood.

24 Years Ago... Thursday, April 28, 1955-- At a special meeting of the Board of Education of the Chelsea Agricultural Schools school district, bids were opened for the purchase of school buses, and seven new buses were ordered for the school year 1955-56. Mrs. John Chaplin, Chelsea chairman for the Washtenaw county chapter of the American Cancer Society, reported yesterday that Saturday's Cancer Tag Day proceeds were \$175.79. This is approximately \$70 more than last year's total. Lima Center School District No. 4 has set Saturday, April 30 as the date to hold its election on the question of annexation to the Chelsea Agricultural Schools school district. Sylvan township, with 98.7 percent of 1954 county taxes paid, is

34 Years Ago... Thursday, April 26, 1945-- An election will be held at Federal Screw Works on Friday, May 4 under the supervision of the National Labor Relations Board, to determine the bargaining agency for employees. The Future Farmers of America have taken over a five-acre field of asparagus at Hugh Sorenson's. The FFA has complete charge of harvesting and marketing the asparagus. P. C. Maroney, local salvage chairman, announced Wednesday noon that a tin can collection will be held in Chelsea on Thursday afternoon, May 3. Have tin cans properly prepared and in containers at the curb by 1 o'clock. A special student council meeting was held April 18 in Mr. Richards' office for the purpose of discussing the Seventh War Loan Drive. It was decided that the freshmen should sponsor it in high school.

**FLETCHER-SCHANZ:** Mr. and Mrs. Ralph Fletcher of 14165 Old US-12 have announced the engagement of their daughter, Ruth Annette to Michael Karl Schanz, son of Mr. and Mrs. Richard L. Schanz, 15 Hickory Dr. The bride-elect will graduate from Chelsea High school this coming June. Karl is a 1977 graduate of Chelsea High and is currently employed at the Chrysler Proving Grounds. A June wedding is planned.

## Children Scoop Up 105 Dozen Eggs in Near Record Time

Put together a warm, windy day, a slew of eager kids with buckets and 105 dozen colored eggs and you get the setting for the Jaycees annual Easter Egg Hunt, last Saturday, April 14.

Everyone seemed to have a great time, even the father who was heard to say, "We found a lot of eggs, but we lost a daughter."

Three groups of children of various ages eagerly awaited the Easter Bunny's signal to swoop down onto the egg-dotted athletic field at Chelsea High school.

### Newcomers Group Being Organized

A Newcomer Group for Senior Citizens is being formed at the Turner Geriatric Clinic as part of the Turner Learning Program. According to the interests of the group, information will be provided about activities available in the city. Support and companionship for those who have just moved to Ann Arbor will be emphasized.

The group will meet for eight weeks starting Thursday, May 3 from 1 to 3 p.m. There is no charge. If you have any questions please call 764-8831.

## Good Things Growing In Michigan

For a special dinner, try a menu of roasted sugar-glazed ham garnished with peaches, candied sweet potatoes and carrots, and sweet and sour pickles. An excellent finale might be golden apple crisp, hot from the oven, topped with fresh whipped cream.

### La Vonne Harris Will Present Organ Recital

La Vonne Harris, local teacher of organ and piano, will perform an organ recital on April 29 at 4 p.m. at the First United Methodist church in Chelsea.

The program will be works of master composers: J. S. Bach, Dietrich Buxtehude, Nicolaus Bruhns and Cesar Franck.

Mrs. Harris studied pipe organ at Kansas State College, Pittsburg, Kans., Luther College, Decorah, Ia., Central Michigan University, Mount Pleasant, and Eastern Michigan University, Ypsilanti. She holds a Bachelor of Music Ed. degree from EMU and is a Certified Michigan Music Teacher of Michigan Music Teachers Association. She is director of music at the Reorganized Church of Jesus Christ of Latter Day Saints, 520 W. Jefferson, Ann Arbor.

The public is invited to attend the recital.

### St. Paul Confirmation Class on Study Tour

Eleven confirmation students from St. Paul church left for a study tour of St. Louis on Monday, April 16. Students and their counselors will visit several institutions of the United Church of Christ, as well as sight-see during the five-day trip. Students earned the money for this bi-annual trip by serving the annual Shrove Tuesday Smorgasbord at St. Paul church.

Students will visit the Fort Wayne Children's Home, Fort Wayne, Ind., on their way to St. Louis. In St. Louis they will tour the St. Charles Children's Home, Deaconess Hospital, Eden Seminary, and Fellowship Center, all institutions of the United Church of Christ. While in St. Louis they will also visit the St. Louis Arch, St. Louis Cathedral, St. Louis Zoo and Grant's Farm. On the return trip they will visit the Indianapolis Speedway and Museum.

Students on the trip are B. J. Behnke, Dawn Borders, Joyleen Guenther, Todd Guenther, Scott Haas, Randy Krichbaum, Susan Oesterle, Chris Seitz, Carol Stirling, Linda Wiedmayer, and Amy Ziegler, accompanied by Homer Kuhl, Joanne Sumner, and David Oesterle, the Rev. R. J. Ratzlaff and Allyn Seitz.

May, which will be observed as Better Hearing and Speech Month, is the ideal time to have a hearing test, advise hearing specialists. Such a test, the Crusade adds, should be part of everyone's annual physical check-up.

Sugar is a significant ingredient in this and many other menus. Sugar improved the palatability of such foods as rhubarb, cocoa and lemon juice; enhances meat and meat sauce flavors, serves as a preservative in jellies, jams, frozen fruits, and cured meats and adds color and crispness to pastry mixes.

The sugar beet, nature's most effective plant, manufactures about 4 teaspoons of sugar in each beet, in addition to sugar required for its own growth.

Nearly two million tons of sugar beets were harvested last fall in our state, according to the Michigan Department of Agriculture. Five processing factories, located in the Thumb and Saginaw Bay beet growing areas, manufacture more than three million pounds of sugar each day.

Sugar beets have two major parts, an enlarged root one to two feet long from which sugar is extracted and a leafy foliage used for livestock feed.

Sugar beets are an economical crop because there is so little waste involved. By-products of sugar manufacturing, molasses and beet pulp, are used for livestock feed. Molasses is also used to make citric acid, yeast, antibiotics and other products.

One percent of all sugar consumed in this country is used for non-food products such as medicines and silvering mirrors. Beet sugar molasses is used as a preservative in the preparation of blood plasma.

For a mapped tour through Michigan's "sugar bowl," write MDA for a free brochure, "A Cook's Tour of Good Things Growing," P. O. Box 30017, Lansing 48909.

### North Lake Co-Op Nursery Children Have Busy Month

April is shaping up as a very busy month for the children at North Lake Co-op Nursery school. Before spring vacation, all sessions dyed Easter eggs and made baskets in preparation for their Easter parties. On their party day, the children made special treats to be enjoyed and hunted eggs. School resumed on April 16.

Further plans for April include a trip to the Waterloo Interpretive Center and a visit at school from a Washtenaw County motorcycle policeman.

Special days are scheduled for lunch days and the school always has visitors at this time of the school year. Visitors are welcomed by North Lake Co-op and teacher, Mrs. Loree Stafford.

If interested in spending a day at the school with your child to get acquainted, please call membership chairman Mary Steele, 475-9396. The school still has some openings for next year.

**GILBREATH-SAARINEN:** Mr. and Mrs. Gerald Gondek have announced the engagement of their daughter, Teresa Lynn Gilbreath, to Jaye Alan Saarinen, son of Mr. and Mrs. Harold A. Saarinen. Teresa is a 1975 graduate of Chelsea High school and will graduate from Michigan State University in June with a BA in advertising. Jaye is a 1975 graduate of Ionia High school and will graduate from Eastern Michigan University in June with a BS in industrial technology. He is presently employed by the Raycon Corp. and D. J. Nadeau Associates. A Sept. 15 wedding is planned.

### Modern Mothers Sponsor Annual Easter Egg Hunt

The yard at Carol and Peter Flintoff's home was transformed into an egg garden Saturday, as the Modern Mothers held their annual Easter Egg Hunt there.

Approximately 30 children and 20 adults were present for the games and hunt, presided over by a candy and gift-laden Easter Bunny.

Event planners were Phyllis Tillman, Sharon Hodgson, Judy Jorjenson and Alice Stimson. The committee also provided refreshments for the hunters and their parents.

**LING-CLARK:** Mr. and Mrs. Robert Ling of Marquette have announced the engagement of their daughter, Amy to William E. Clark, Jr., son of Mr. and Mrs. William E. Clark, Sr., 26 a 1976 graduate of Marquette Senior High and is a senior majoring in dental hygiene at the University of Michigan. Mr. Clark is a 1975 graduate of Chelsea High school and is a senior majoring in supervision management at Central Michigan University. No wedding date has been set.

### Incandescent Electric Lamp Patented By Edison 100 Years Ago

Thomas Alva Edison entered the world on Feb. 11, 1847, in the little town of Milan, O. Between that date and his death 84 years later, the Wizard of Menlo Park issued more than 1,000 patents. One of his most important, for a practical incandescent electric lamp, is 100 years old this year, and the world-wide celebrations include special exhibits and re-creations at Greenfield Village and Henry Ford Museum, Dearborn, which, as the Edison Institute, is also celebrating its 50th anniversary.

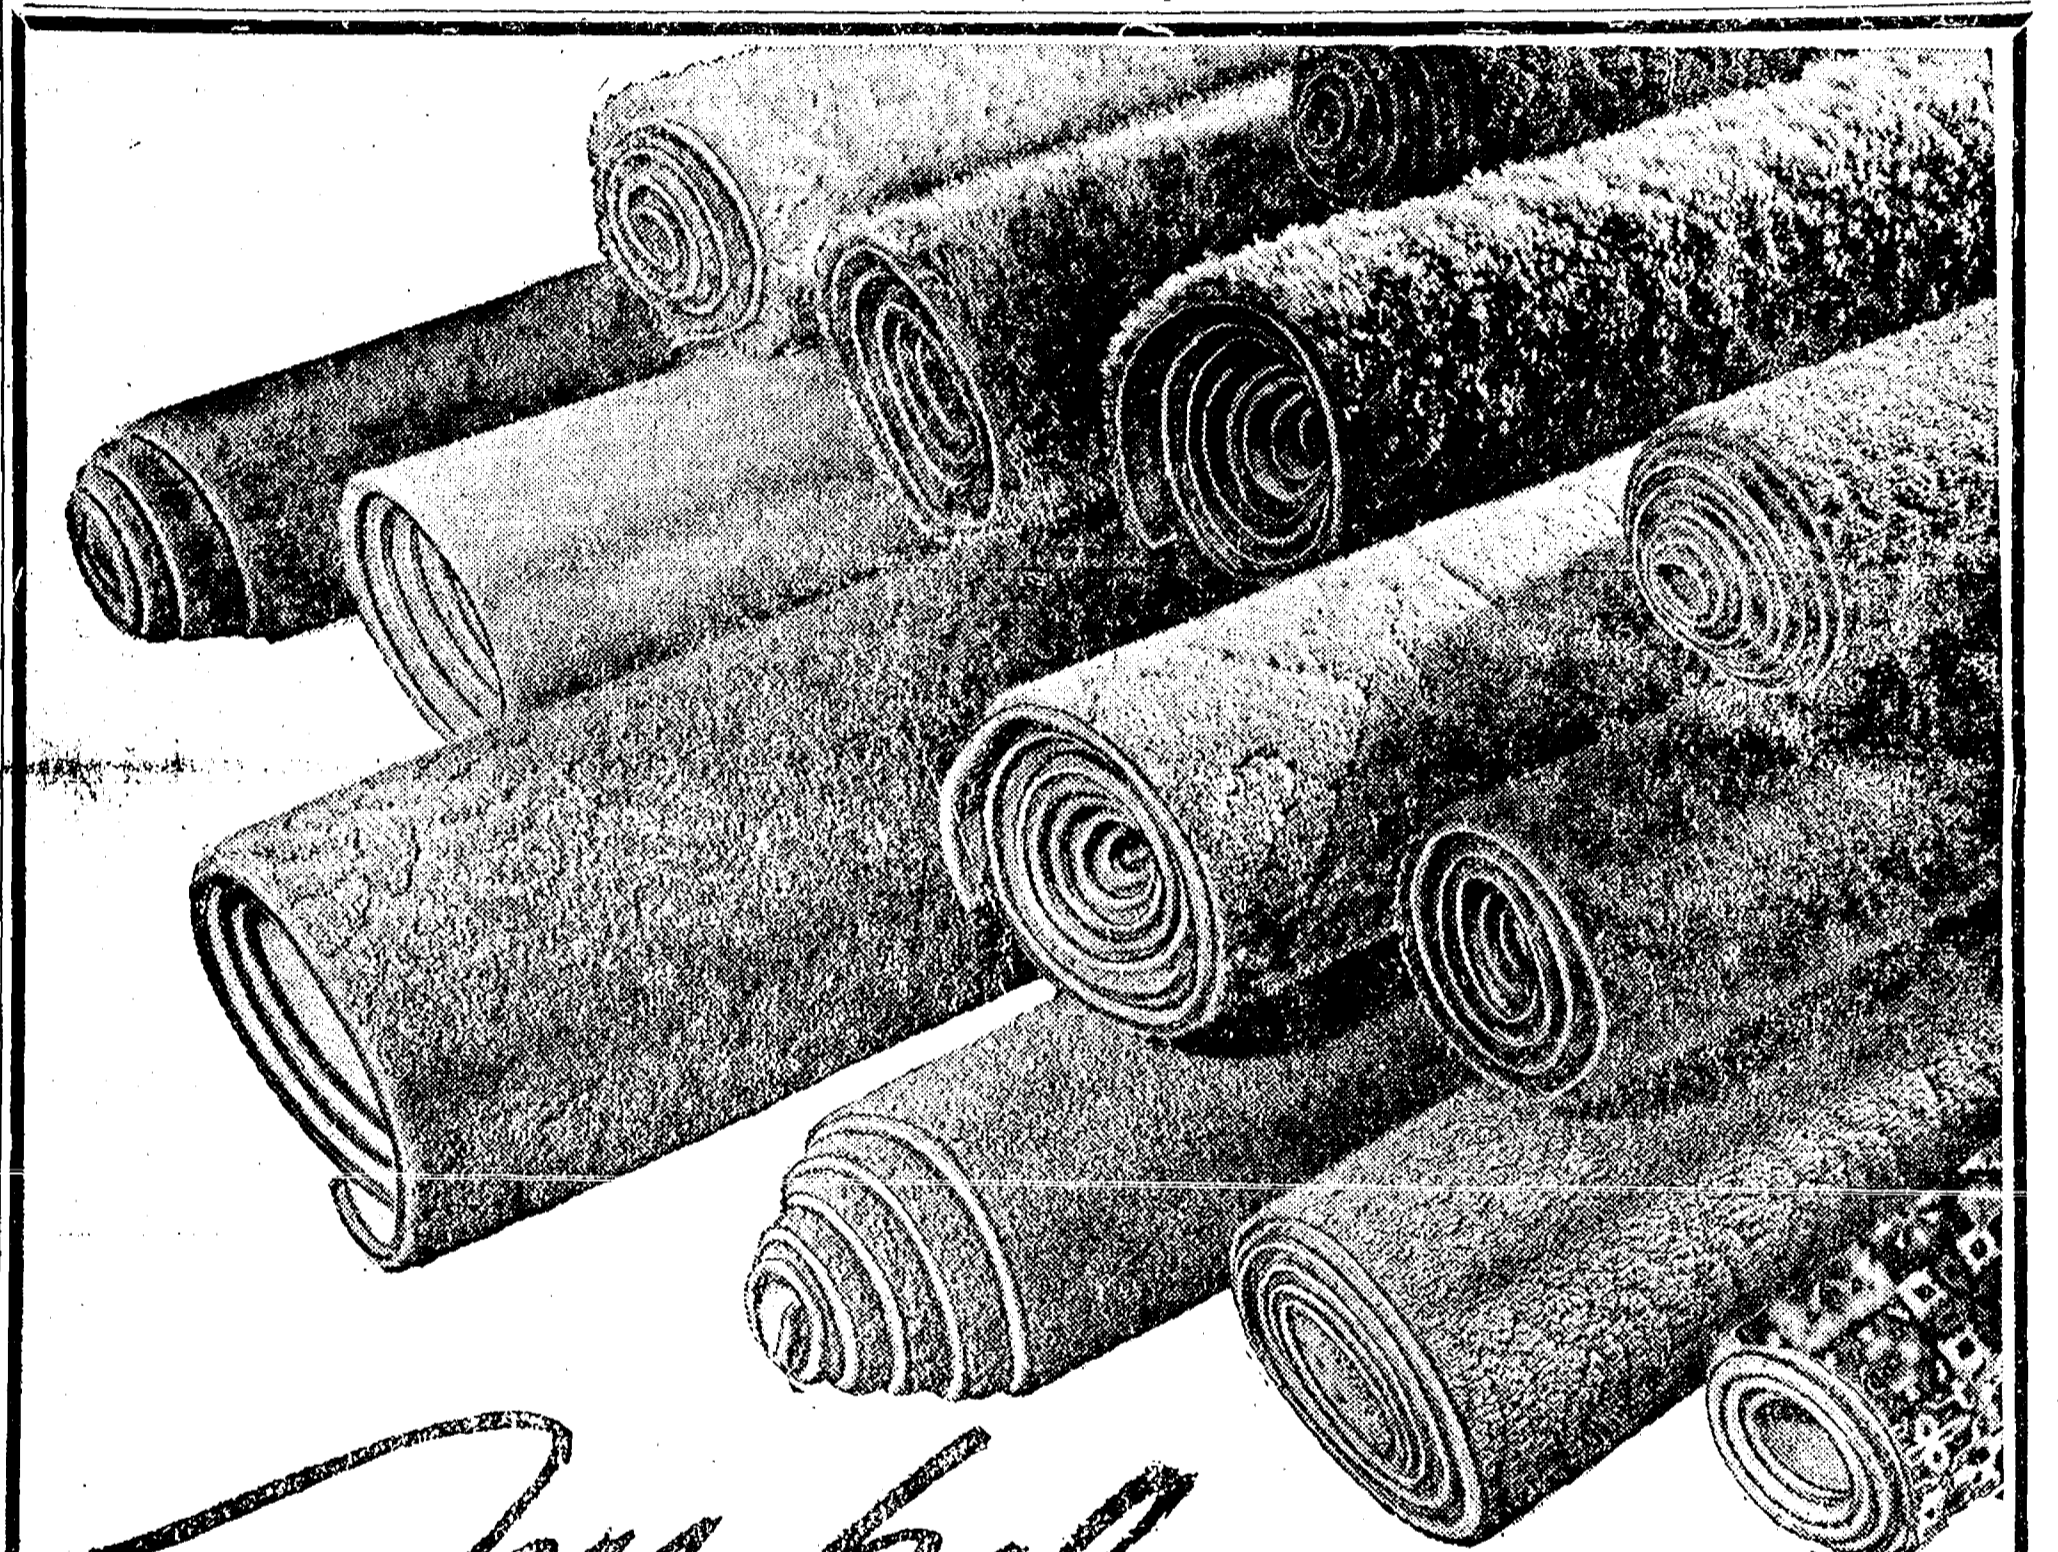

Anyone who develops a sudden hearing loss should consult a medical doctor—preferably an ear specialist—immediately, warn hearing specialists. Such a loss can be a symptom of a serious medical problem.

### Hospital Volunteers Plan Card Party

Chelsea Community Hospital Volunteers are in the planning stages of their annual card party, according to co-chairwoman Mrs. Patrick Turcott. Place and time for the event will be announced next week.

(Formerly Chelsea Card & Gift)

116 S. Main St. Ph. 475-7901

## Recreation Dept. Offering Two New Softball Programs

Chelsea Recreation Department is sponsoring two new summer softball programs for adults. Women's Slo-pitch and Co-Recreation Softball for men and women will be initiated this summer.

The department is hoping to have at least eight women's slo-pitch teams participating in this, its first year. The Co-Recreation League will be a very non-competitive and purely recreational league for men and women.

The men's slo-pitch league, along with the women's and co-rec leagues, will hold organizational meetings Tuesday, May 7 in the high school cafeteria.

Women's Slo-pitch will meet at 7 p.m., Co-Rec at 8 p.m. and Men's Slo-pitch at 9 p.m. All are urged to register their teams early and attend these meetings. Entry fees will be determined after all teams are registered.

Youth Baseball Leagues will pick their respective team rosters on April 30. All players will be notified shortly after. Youth baseball coaches are still needed for T-ball, Farm and Little League. Any questions regarding Youth Baseball or Adult Softball should be directed to Bob Draper at 475-8124.

Registrations are also being taken for Day Camp. There will be more information concerning specific activities and dates forthcoming.

## Varsity Track Loses Opener to Novi, 66-65

Despite some fine individual efforts, the Chelsea varsity boys track team lost to Novi, 66-65, last Thursday, April 12.

Junior Blaine Suliman displayed great versatility in winning four events to lead the Bulldogs. Blaine won the pole vault at 10', the 100-yard dash in a time of 11.1, the 400-yard dash at 55.5 seconds and the 200-yard dash in :24.4.

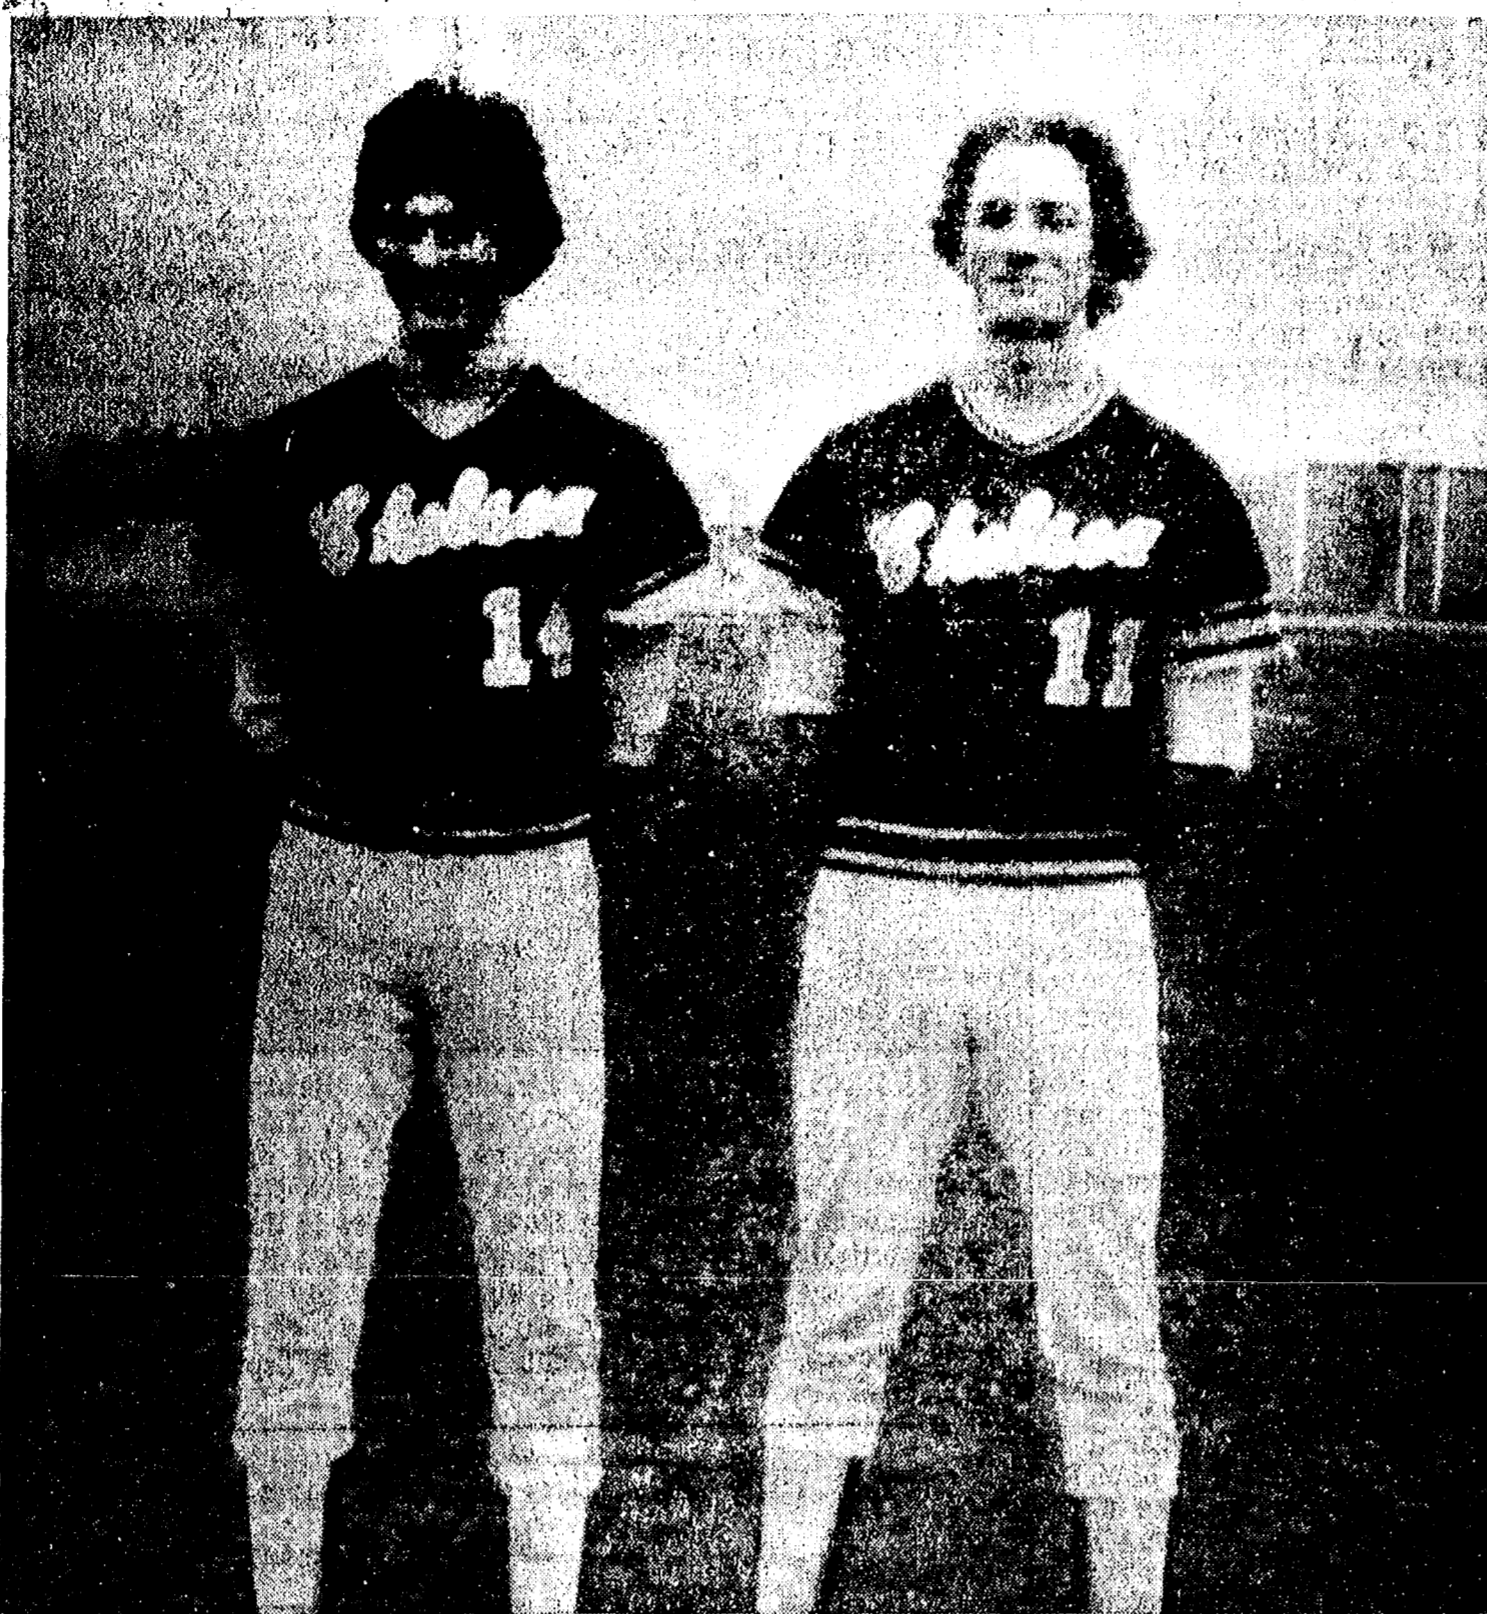

Freshman Bob Schleele had a fine debut, winning the 880-yard run in a lifetime best time of 2:12.2. Bob also cut 17 seconds off his best mile time, running the event in 5:03.

Other Chelsea winners were Mark Stevenson in the 330 low hurdles in a time of :44.7, Toby Boyd in the long jump with a leap of 16'5", and the mile relay team of Ken Bauer, Mark Stevenson, Duane Robbins and Bob Schleele.

Bulldog placers in the meet were: Discus—Mark Stevenson, 3rd, 81'1"; Long Jump—Dan Kleis, 3rd, 15'3"; High Jump—Don Schrottenboer, 2nd, 5'6" and Darin Pierson, 3rd, 5'2"; 120 high hurdles—Shawn Pierson, 3rd, 21.0; 100-yard dash—Toby Boyd, 3rd, 11.6; mile run—Mark Beyer, 2nd, 4:57.2; 440-yard dash—Jeff Boyer, 2nd, :1.0; 880-yard run—Mark Beyer, 2nd, 2:14.4 and Steve Kvarnberg, 3rd, 2:17.9; 220-yard dash—Ken Bauer, 2nd, :24.6; two-mile run—Jeff Bradley, 2nd, 10:49 and Bob Benedict, 3rd, 11:15.

Next meet for the Bulldogs will be Tuesday, April 24 at Jackson N.W. with Northwest and Lumen Christi.

## Bulldog Sluggers of the Week

**GARY DILS:** The wait for spring and some sun to come along and dry up the soggy baseball diamonds has been a particularly long one for Gary Dils, above right. Dils hasn't been in uniform since he was a sophomore, being idled last year by a leg injury sustained, playing forward for the Chelsea High school basketball team. The 6'3" senior hasn't been deterred from participating in other school activities, though. He appeared in the CHS production of "Brigadoon" and will be traveling to the regional finals with the Chelsea team, participating in a multiple reading. The left-handed infielder began playing baseball in fifth grade in Ohio, and moved to Chelsea when a freshman in high school. Gary feels that the Bulldogs will have a good season this year. "We're mostly juniors and one sophomore, but we'll be OK," Gary has family company on the team this year, with his brother, sophomore Jeff Dils, playing infield. Gary is the son of Mr. and Mrs. Arthur Dils of 650 N. Main St.

**MIKE MACHESKY,** Bulldog tri-captain, is confident that the team will have a winning record this season. The right-handed hurler had an excellent season last year, posting a season mark of 6.2 and being named to the second team All-Conference. Mike is also active in basketball, playing forward for the CHS cagers, but has no preference for one sport over the other. Like the rest of the Bulldogs, he is chafing over the inactivity the poor early season climate has brought. "I think if the weather ever breaks this year we'll do alright," he said. The 6'3" pitcher has plans to attend Central Michigan University after graduation, probably majoring in business. He's undecided, though, about whether to try out for the baseball team or not. Mike is the son of Ralph and Caroline Machesky of 17291 Grass Lake Rd.

## Girls Track Team Swamps Novi, 82-41

Chelsea High school girls track team got off to a successful start this season, defeating Novi in their opener, 82-41, last Thursday, April 12.

Coach Bill Bainton was impressed with the victory. "I thought it would be closer," he said. "Winning the relays gave us a big lift. Everyone contributed a lot to this victory."

One of the keys to the Bulldog success was victories in all three relays. Chris Johnson, Kathy Honbaum, Tracy Bohlender and Debbie Honbaum combined to win both the 80 and 440 relay, and Cheryl Hedding, Barb Davis, Debbie Honbaum and Teresa Hoffman won the mile relay.

Mary Boylan and Nancy Hastings were double winners for Chelsea. Nancy took both the one-mile and two-mile runs. Mary won the shot put with a school record throw of 32' 23/4" and took first in the discus throw.

Marlene Williams made a strong showing in the hurdles, winning the 110 and placing second, one-fourth behind the winner in the 220. She was also third in the long jump.

Novi's only double winner was Virenia Hensel, who won the high jump with a leap of 5'5" and took first in the 440.

Winners and placers for Chelsea in the various events were as follows:

- Discus—Mary Boylan, 1st, 89'0" and Kathy Honbaum, 2nd, 32'23/4".
- Shot Put—Mary Boylan, 1st, 32'23/4".
- Long Jump—Pris Drew, 2nd, and Marlene Williams, 3rd.
- High Jump—Tracy Bohlender, 2nd.
- 110 Hurdles—Marlene Williams, 1st, :18.9 and Maggie Sweet, 2nd, 20.5 and Dawn McDowell, 2nd.
- Mile Run—Nancy Hastings, 1st, 6:20.5 and Dawn McDowell, 2nd.
- 440-Yd. Dash—Teresa Hoffman, 2nd, and Cheryl Hedding, 3rd.
- 220 Hurdles—Marlene Williams, 2nd, and Maggie Sweet, 3rd.
- 880-Yd. Run—Teresa Hoffman, 1st, 2:47.9.
- 220-Yd. Dash—Kathy Honbaum, 1st, :28.6 and Chris Johnson, 3rd.
- 2-Mile Run—Nancy Hastings, 1st, 13:44, and Cheryl Hanked, 2nd.

Hearing loss is one of the nation's major handicapping disabilities, affecting as estimated 15 million persons, according to hearing specialists. However, most hearing losses can be alleviated either through surgery, medical treatment or the use of a hearing aid, the specialists advise.

## Letters to the Editor

Dear Editor:

I am totally opposed to the Equal Rights Amendment. I believe that behind the noble sounding name (who could be against equal rights for women?) that this legislation is an attack on the family and the foundation of our American society.

Are your readers aware that if this bill becomes law women would be subject to the draft and to serve on combat duty in the armed forces? Traditionally, men have gone to war to protect their families (including their women) from the ravages of war, if women are sent to war with men, what are we defending? God made women different than men and the Government can't legislate away those differences.

I would urge your readers to write their State Senator and State Representative and request that they vote to rescind Michigan's approval of the ERA. Already several states which previously approved the ERA have voted to rescind approval after finding out what passage of ERA really would mean to our American society.

The States which approved the ERA amendment (including Michigan) did so with a time limit of seven years included in the proposal they voted on. Thus, seven years were provided for three-fourths of the state to approve the amendment in order for it to become law. If the seven years expires, the approval of the states which voted for it were null and void and the bill (ERA) would die unless re-submitted to the states for approval again.

Well, the seven years required for ERA approval has expired, however, the Federal Government realizing that many states which previously approved the bill not oppose it, have unilaterally voted to extend the time limit for ERA approval for three years. This is like one party to a contract unilaterally changing the legal terms of the contract, the states which want to rescind approval have been told that they can't.

The unconstitutional action of the Federal Government in this matter is obvious. Evidentially the ERA is a sacred cow amendment which is going to be shoved down our throats by the Federal Government no matter what.

I urge your readers to write their two U. S. Senators and Representatives voicing their disapproval of the Federal Government in this matter.

Gerald N. Wiggins.

## Construction Started on Men's Prison Near Ypsilanti

Construction began near Ypsilanti Monday, April 16 on a new maximum security prison for men.

The prison, adjacent to the Huron Valley Women's Facility in Pittsfield township, will accommodate 400 men. Both prisons are immediately south of the Ypsilanti State Hospital.

Perry M. Johnson, director of the Michigan Department of Corrections, said the new prison will increase the number of "secure" beds in the state's prison system when it is opened in November, 1980.

Under construction are five housing units each containing 80 separate rooms, an administrative and medical building, a field house and perimeter security. Total cost of construction is \$20 million.

Johnson said bids are expected to be taken for an academic-vocational school in June, and it is hoped this unit also can be completed by November, 1980.

Already at the site is a power plant, which serves the women's prison; a storage building and a food service building.

Men and women prisoners will not congregate, but women will be able to use the medical facilities

of the men's prison, Johnson said. Special security will be provided in this case.

The perimeter security of the new prison will consist of two chain-link fences, concertina wire, an electronic detection system and guard towers manned by armed personnel.

Johnson said the institution will look similar to the Muskegon Correctional Facility and the women's prison. Both these prisons have been designed to look like college campuses. The architect for the maximum security prison is Davenport Associates, Grand Rapids. This firm also designed the Muskegon prison and the north-side facility at Jackson.

The department has two other maximum security prisons in its system. They are the Marquette Branch Prison, which currently contains 912 prisoners, built in 1899 and the Michigan Intensive Program Center in Marquette which houses 74 prisoners and which was opened in 1973. Sections of several other prisons are also considered maximum security.

**LIONS AID FORENSICS TEAM:** Three members of the Eastern Michigan University forensics team traveled to Chelsea on Tuesday, April 3, to present a mini-showcase program for the Chelsea Lions Club which is helping to sponsor the team's participation in the National Forensic Association national tournament later this month in White-

water, Wis. The EMU forensicators shown here receiving tokens of appreciation and encouragement from Chelsea Lions Club Vice-President Brent Michelson, right, are, from left to right: Todd Ambs of Fenton; Julie Prohaska of Chelsea; and Larry Katz of Ann Arbor.

## Legislative Update

A Weekly Report from  
State Rep. Mervyn Keith Ballentine  
State Capitol, Lansing 48909  
Phone (517) 373-1775

Week of April 16-23

**VETO VOTE?**—The legislature may vote next week on overriding the Governor's veto of SB 30; he says the Civil Service Commission should conduct a union-representation election for state police troopers; the bill specifies another agency.

**DEAD ISSUE**—The legislature has finally repealed the coyote bounty in the form of HB 4048. Following the Governor's signature, it will become law next April. This comes after several attempts to pass differing House and Senate versions.

**CUTTING EDGE**—The Michigan Supreme Court has ruled that a machete is not a "dangerous weapon" within the meaning of the state law on such things. It said while that may be a potentially dangerous weapon, "it is not a dangerous weapon per se."

**BOTTOM LINE**—A recent manufacturer's study which ranked Michigan poorest in terms of a good business climate in the 49 contiguous states has created much controversy; the study does not consider "quality of life" and seems weighted toward the "Sun-belt" states. However, it has focused attention on the need for reform of the unemployment and workers' comp programs.

**FEMALE REPRESENTATION**—An April report shows that although women have made significant gains in state government employment since affirmative-action programs began in 1971, only

45 percent of officials and administrators are women, while 93.5 percent of clerical workers are female. Also, over 80 percent of women in government make less than \$12,000; only .56 percent make over \$25,000.

**WORKER EMPLOYERS**—House has approved HB 4119, which would set up a state office to help workers buy out companies that plan to close or leave the state. Only technical assistance and advice would be given, with the aim being to help preserve jobs in Michigan.

**DEAR JOHN**—The House Judiciary Committee will soon be considering HB 4219, which would outlaw pay toilets in places of public accommodation, amusement or recreation. A violation would be a misdemeanor punishable by a fine of at least \$100 and/or 5 days in jail.

**WOOD WORDS**—If you're thinking of using wood as a primary or secondary or secondary home heating source, you might want to get a "Wood Heating Packet" from the Energy Extension Service with helpful hints on wood as fuel. Write P. O. Box 30228, Lansing 48909, or call 800-292-4704.

**TREE TIME**—Governor Milliken has designated this week as Arbor Week, in order to focus attention on the need for and the benefits of trees in today's modern society. It is traditional during Arbor Week for citizens and community groups to plant trees—will you?

### Spirits of Turpentine Powered First Internal Combustion Engine

Captain Samuel Morey of Orford, N. H., became the first American to gain a patent for an internal combustion engine on April 1, 1826. Morey's engine was a two-cylinder device which ran on gas or vapors. He demonstrated it using a vapor of spirits of turpentine to set the crank and flywheel into motion. The evolution of the internal combustion engine from that period to the 20th century, may be seen in the Power and Shop Machinery Collection of Henry Ford Museum, Dearborn.

## Why you should have a Marathon Credit Card . . .

Many people appreciate the advantages of purchasing petroleum products and other automotive needs with a credit card. If you are such a person, but do not have a Marathon credit card, we invite you to apply now.

On the other hand, if you have always paid cash at the service station and just haven't given much thought to using a Marathon credit card, we hope you will consider the following advantages which so many people feel are important.

- Makes buying more convenient. No need to have ready cash.
- The Marathon credit card is honored by approximately 2,000 Marathon outlets in the

Midwest and by over 30,000 stations in the U.S. and Canada.

- Provides an "interest free" time payment plan for large purchases such as tires, engine tune-up, etc. Take up to 6 months to pay.
- The receipts are quite helpful in maintaining a complete record of operating costs.
- Interesting and unusual merchandise offers are made available only to Marathon credit card holders.
- Toll free telephone numbers enable you to get immediate answers to questions concerning your account.

\*The cost of credit is included in the price quoted for goods and services.

### Retain This Information

If your account with us is a joint account which you share with your spouse or an account in the name of one spouse which the other spouse is authorized to use, you have the right to have credit information reported in both your name and your spouse's name. If you choose to have credit information concerning your account with us reported in both your name and the name of your spouse, please complete spouse's name under section of married applicants. Complete spouse's employment information in this section only if spouse is contractually liable for the account.

The Federal Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of sex or marital status. The federal agency which administers compliance with this law concerning this corporation is the Federal Trade Commission, Washington D.C. 20580

Some state laws require that creditors make credit equally available to all credit-worthy customers and that credit reporting agencies maintain separate credit histories on each individual upon request.

To apply for a Marathon credit card, complete the request form and take to the station address shown at the right or mail to Marathon Oil Company, P.O. Box 81, Findlay, Ohio.

# 4 Escapees Nabbed After Running Battle

Four teen-aged escapees from the Cassidy Lake Technical School, a prison work farm near Chelsea, were apprehended in Battle Creek by Michigan State Police Monday, following a two-county spree.

The tangled series of events included a chain of robberies, a running gun battle with police and the holding of two hostages in a farmhouse by one of the walkaways.

Two of the suspects, Robert M. Myers, Jr., 19, and Chester N. Stapleton, 18, were wounded by buckshot during a high-speed automobile chase by state police. They were treated at area hospitals. Neither was seriously injured.

The other two, Robert Sherrill, 18, and Daniel F. Gould, 18, were unharmed.

Sherrill was arrested after surrendering to police from a farmhouse near Battle Creek where he was holding two persons hostage. Neither hostage was hurt.

The other three were apprehended in a wooded area after being tracked down by trained police dogs.

The men had been traveling in a truck stolen from the caretaker of a trailer park just over the Jackson county line. The care-

## Use Form 1040X To Change Return

If you need to change something on your federal income tax return after you've filed, you can make the correction on Form 1040X, according to the Internal Revenue Service.

The IRS said that generally the Form 1040X may be used to amend your tax return any time during the three years following the due date (including extension) of the original return. The form is available from IRS offices.

# School Board Briefs

At a regular Board of Education meeting, April 16, present were: Tobin, Stirling, Schafer, Snyder, Feeney, Heller, Schumann, Superintendent Van Meer, Business Manager Mills, Principals Conklin, Williams, Wojcicki-Benedict, Assistant Principal Vogel, and guests.

Meeting called to order by President Martin H. Tobin at 8 p.m. Board approved the minutes of the April 2 meeting.

Board approved continuing tenure for 33 teachers at Beach school. Board approved William Beard Beach Middle school teacher, to be considered eligible for tenure in January, 1980.

Board granted tenure to following Middle school teachers: Kare Haas Johnson, Deborah Saravolatz, Marla Sebu, Peter Warburton.

Board approved continuing tenure for 33 Chelsea High school teachers.

The Board granted tenure status to the following high school teachers: Catherine Bennett, Sandra Kutschinski, Andrew Hurst, Carl Kalce, Pamela Holmes, Catherine Opoka, Bruce Boughner, Beverly Martin and Ben Watson.

The Board approved the following teachers on second year probation: Keith Galmer, Susan Jurma, Wayne Welton, Margaret Luckham.

Board approved continuing tenure for 21 teachers at South school.

Board approved the following teachers to be continued on two-year probation: Marcia Quilter, Michele Johnson, Gene Shoemaker.

The Board approved tenure status for the following teachers at South Elementary school: Anita Daniels, Helen Prohaska, Laurel McDonald.

Board approved continuing tenure for 21 teachers at North Elementary school.

The Board granted tenure to the following North Elementary school teachers: Janet Rossi, Barbara Locks, Pat Smith, Hannah Tolles, Jill Cummins, Kelly Thomas.

The Board approved Bernadine Hynes to be placed on second year probation.

The Board approved that Business Manager Mills' title be changed to Assistant Superintendent for Finance and Operations and his employment be continued for the 1979-80 school year.

The Board approved continued employment for the 1979-80 school year for the following administrators: Alan Conklin, Jaclyn Rogers, Phil Bareis, Sylvester Wojcicki, Robert Benedict, Larry Reed, Samuel Vogel.

The Board approved a two-year annual renewal contract for Dr. Henry DeYoung and High School Principal John L. Williams.

The Board appointed Trustees

## TODAY'S INVESTOR

By Thomas E. O'Hara

Q. Would you explain the theory of "Contrary Opinion?" I hear people talking about this, but I have never seen an explanation.

A. I don't have an explanation that has been written by an expert, but I'll tell it as I understand it. As applied to investing, the idea in back of "contrary opinion" theory is that when a large number of people begin to think the same way, you are probably in line for a change in direction. A security analyst who follows the predominant ideas that investors are agreed upon at any one point in time. He then concludes that those ideas aren't really going to prevail and changes his line of action accordingly.

To give you an illustration of the way it works, James L. Fraser of Burlington, Vt., is one of the nation's foremost contrarians. In the April issue of Better Investing he wrote an article in which he pointed out that at the moment there is a high degree of pessimism prevailing in the stockmarket and in the business community. The great majority of people seem to feel that the stock market is going to go down and that a business recession is at hand.

To Fraser, as a contrarian, this is a good sign. Things seldom go the way the majority has concluded they'll go. He comes to the conclusion that there is a good possibility, before the year is out that we will see the stock market at an all-time high.

He backs up this conclusion with other reasons. One is that in 46 of the last 50 years, the stock market has not sold lower than 34 percent of book value in the year. The book value of the Dow averages is 890. That means the Dow is unlikely to sell below 747. On the high side the Dow has sold at 25 percent above book value in 46 of the 50 years. That means the chances are 12 to 1 that the Dow will sell close to 1100 this year. The fact that most people feel this is unlikely to happen gives the contrarian good reason, from his experience, to believe it will happen.

Mr. O'Hara welcomes your questions, but will answer them only through this column. Readers who send in questions on a general investment subject or on a corporation with broad investor interest and whose questions are used, will receive a complimentary year's subscription to the investment magazine, Better Investing. We would be pleased to send a complimentary copy of Better Investing Magazine or information about investment clubs to any reader requesting it. Send 50 cents postage and write to: Today's Investor, P. O. Box 220, Royal Oak 48068.

Safety and health standards promulgated by the U. S. Department of Labor's Occupational Safety and Health Administration (OSHA) cover more than 65 million workers in more than 5 million workplaces.

# Woman Conservation Officer Accepted in Usual Man's Field

(Continued from page one)

her counterpart are on call 24 hours a day, every day. If one of the pair leaves the area on one of their two days a week off, the other must cover the entire county alone. It's easy to see how a reported poacher could be miles away by the time a CO drove cross-country.

The snag, says Sue, is money. (A lack of which may also explain the fact that female CO's are wearing ill-fitting men's uniforms.) The DNR is dependent on the state legislature's yearly budget allocations which are just not adequate to staff the state. Some counties, reports Koppelo, don't even have one regularly assigned officer.

As a result, half of the county's environmental and wildlife problems fall on one person. Undercover work, which could expose more illegal operations like the one uncovered in January, has to go begging.

Training completed, Sue served the requisite one year probation in Traverse City and then received permanent duty in Washtenaw county on May 15, 1978. That auspicious day, Koppelo was dispatched to assist the state police in digging up a body in Waterloo Recreation Area. She has been handling difficult and varied assignments ever since.

Fortunately, the public doesn't seem to have a problem with the fact that Koppelo is a woman in a traditionally male job. "The public has been very accepting of my position," she asserts. "They seem to see the uniform before the person."

Probably the toughest part of the job is not that she's a woman, but that the county is allocated only two CO's. Sue and

"It seems an impossibility to meet everyone's needs," Koppelo agrees. "We're not limited to working with sportsmen, but also deal with the public who have problems and questions."

That public is Sue Koppelo's strong overriding interest. Operating far from the image of "nursing wildlife back to health" that people may have, she actually deals with humans much more regularly than with animals. And she would like to give those humans a more accurate idea of what it is that she's on call for 24 hours a day.

"There's a great need for educating the public—letting them know what we do. The public also needs to educate me and inform me of what's going on. It's reciprocal."

She continues, "There's always room for discussion, for input. Unless we can keep the lines of communication open, we're losing sight of our most important function—to take care of the needs people have."

Those needs may range from reporting a trespasser to someone's discovery of a chemical spill on his land. Anything having to do with the environment is the jurisdiction of a Conservation Officer.

This particular Conservation Officer hopes to be able to stay in Washtenaw county for a while, although transfers are common. She hopes to return to school and work on a Master's degree in some area of natural resources.

But right now, patrolling the woods and streams in her car and boat is pure enjoyment for the 5'5" officer.

"Every day," smiles Koppelo, "I run into someone who says: 'I wish I had your job.'"

# Manchester Superwalk To Benefit Dimes Fund

Manchester is inviting you to join the fun of its third annual March of Dimes Walkathon. The Superwalk against birth defects will be Saturday, April 28, beginning at the Middle school. Check-in time will be 9 a.m. when walkers will receive a route card and an ID badge. Along the 20 kilometer route, which wanders through town and country, checkpoints will be marked, where walkers will stop to get their route cards stamped, use restrooms, and get a snack. These are shown on the route cards.

Safety being a most important item, every precaution is taken. The route will be clearly marked. The walkers will wear identification, as will the cars that are assigned to drive the route to pick up anyone who tires out before the route is completed. The cars and checkpoints will have CB communication with each other. Where the route crosses any main street, the Manchester Police Department will direct traffic. First aiders or a nurse will be available at each checkpoint. Walkers are cautioned not to get into any car that is not clearly marked with March of Dimes signs.

Registration forms are available in Chelsea, at the Middle school, the State Farm Insurance Office, and at McDonald's. The forms are filled out, and returned to State Farm Ins. office or McDonald's, at which time the walkers will receive a sponsor sheet.

What is a Walkathon and how does it work? A March of Dimes Walkathon is an event designed to involve many people in fun, and serious help for those coping with a birth defect, and research to prevent these birth defects. The fun part is walking with family and friends, enjoying exercise and companionship, and the lovely outdoors. The serious part, is the collection of funds to help in the most important work of improving people's lives. There are more

than 2,000 birth defects which the March of Dimes is working to conquer, as it did polio. With your help, it can be done.

The Superwalk works like this: The walker takes the sponsor sheet to relatives, friends, and neighbors, and asks each one to pledge an amount of money per kilometer walked. After the walk is over, and the number of kilometers walked to determine the walker returns to each sponsor, and collects the total amount of money pledged. (Example: If the number of kilometers completed is 10, and the sponsor pledged 20 cents per kilometer, the walker would collect \$2 from the sponsor.) How much money pledged per kilometer is up to the sponsor; it is usually 10 cents or more.

There will be a prize for each male and female with the most sponsors and the most money pledged. Those turning in what money they have collected by May 18, will be eligible for a prize drawing, and a merit patch. Those turning in 100 percent of their pledges will be eligible for a special prize. Pledges collected are sent in check or money order form, to March of Dimes, in care of National Bank and Trust Co., 125 S. Main St., Ann Arbor.

Sniffen's Point near Stratford, Conn., was the site of the first helicopter flight of more than an hour's duration. On April 15, 1941, inventor Igor Sikorsky got into the air for 65 minutes, 14 1/2 seconds. That historic VS-300 helicopter, the first practical craft of its type produced in the United States, is now on exhibit with other historical aircraft in the Transportation Collection of Henry Ford Museum, Dearborn.

## First Helicopter To Fly More Than One Hour Flown By Sikorsky

Sniffen's Point near Stratford, Conn., was the site of the first helicopter flight of more than an hour's duration. On April 15, 1941, inventor Igor Sikorsky got into the air for 65 minutes, 14 1/2 seconds. That historic VS-300 helicopter, the first practical craft of its type produced in the United States, is now on exhibit with other historical aircraft in the Transportation Collection of Henry Ford Museum, Dearborn.

## Jackson Library Friends Sponsor Annual Book Sale

Friends of the Main branch of the Jackson District library will hold the group's annual book sale April 27, 28 and 29. The sale will be held in the library annex building at 290 W. Michigan Ave. (This building formerly was the school offices building). Hours have been set as follows: Friday, 9 a.m. to 7 p.m.; Saturday, 9 a.m. to 8 p.m.; and Sunday, 12 noon to 5 p.m. Thousands of titles are included in this spring sale with prices kept at low levels.

Anyone wishing further sale information may call the Jackson District Library at (517) 788-4087.

## Board went into executive session at 9:55 to discuss a personnel item, budget and negotiation implications.

Board reconvened in public session at 11:33 p.m. Board adjourned at 11:35 p.m.

## SCHOOL LUNCH MENU

THE LIVING ROOM of the Bridges' with a Mexican onyx coffee table is a gathering spot for the family.

THE NOLLS' FAMILY ROOM, recently remodeled, includes this cozy dining area.

## House Tour... Panel Discussion Set on Adolescence Problems

(Continued from page one)

done by Pat and her daughter, hang in this room, together with four stained glass shades, one of which was done by Pat. The added dining area with its large bay window is filled with a profusion of plants.

Lloyd and Barbara Bridges' home on North Lake was designed by Guenther Building Co., to include trees, lagoon and lake—with the home. The beautiful view from the back and screened-in porch includes many trees planted by the Bridges.

Inside the home they have created an open feeling with a skylight, cathedral ceilings and a unique, upper-level walkway between the master bedroom and the bedrooms of their three children. The family has brought back many items for their home including the Mexican onyx coffee table in the living room.

The pool room and sauna are off the "hub" of the house. Patterns and trimmings throughout the house are done by the children.

You may buy tickets at the downtown locations through April 27 and also at the William Storey residence, 218 Jefferson, the day of the tour. The soup and salad buffet at the Methodist church will be from 11 a.m. to 1 p.m.

The home tour committee requests that visitors not bring children under 12 years of age.

Chelsea Community Hospital Auxiliary will sponsor a panel program for parents on adolescence at Beach Middle School cafeteria on Monday, April 30 at 8 p.m. Members of the "Ask About Adolescence" panel will be Auxiliaries Mrs. Dale Schumann, moderator; Dr. Frank Colligan, psychiatrist; the Rev. Robert Weikart; James Peggs, M.D.; and Auxiliaries Mrs. Paul Mann, Beach School counselor.

Parents of 5th through 12th graders are encouraged to attend and bring any questions they may have which will be written on cards and presented to the panel for discussion.

As May is National Blood Pressure Month, the Auxiliary will also hold a blood pressure clinic at Chelsea State Bank on Friday, May 4 from 9 a.m. to 4 p.m. This service is free and it only takes a minute to have your blood pressure checked.

Goals of the Chelsea Community Hospital Auxiliary are to promote the health and welfare of the community as well as serve the hospital and its patients. They have recently purchased a projector for hospital and community affairs use and an exerciser for patient use. Members are assisting the Chelsea public schools in tabulating information for their current immunization program.

## Fish Lure Patented With Attached Mirror

Building a better mousetrap is supposed to bring people to the door, but what can a better fish-lure accomplish? On April 25, 1978, an erstwhile inventor patented a special fish-lure with mirrors attached. The purpose? When the fish closed in on the bait and saw another fish, it would move quickly to beat the other fellow. In case the fish was a coward, the

mirror was convex to make the opponent smaller. The inventor claimed it would work with lady fish, the principle, with them being "too well-known to need discussion." The Henry Ford Museum, Dearborn, offers an eight-acre Hall of Technology with exhibits thousands of inventions which became more practical than their vanguardious fish lure.

America's first press to use a continuous roll-or-web of paper was patented by William Bullock on April 14, 1863. The press, first used by the New York Sun, printed on both sides of the paper and cut the sheets to a specified size. Henry Ford Museum's Communications Collection in Dearborn, offers visitors a chance to see the evolution of the printing press from early Franklin flatbed presses to one of the early web versions.

## Summer Symphony Has Openings for Musicians

Ann Arbor Summer Symphony, an all-volunteer orchestra of more than 90 musicians, will open its sixth season of free concerts with a Sunday afternoon appearance at the Briarwood shopping center on July 1. The orchestra will be conducted this season by Robert Culver. The second concert of the season will be the annual Art Fair concert in Hill Auditorium on July 28.

Principal funding of the Summer Symphony is from the Briarwood Merchants' Association, with major assistance from Ann Arbor Bank & Trust Co., the University of Michigan School of Music, Ann Arbor Public Schools, Concordia College, and the Ann Arbor Recreation Department. The orchestra was organized in the summer of 1974 by several members of the Ann Arbor Symphony Orchestra to provide a continuing orchestral experience for musicians and audiences of this area during the summer.

Robert Culver is a string instrument specialist and conductor in the University of Michigan School of Music, and assumes leadership of the orchestra from Gabriel Vilasurda who will be director of the Intermediate Division orchestra of the National Music Camp at Interlochen. Culver is a graduate of the Eastman School of Music in Rochester, N. Y., and has attained a wide reputation as a public school orchestra conductor as well as in developing string orchestras. He was appointed to the faculty of the Music School in 1977 and has continued major involvement as a conductor of regional and all-state orchestras.

The Briarwood concert, in addition to favorite orchestral music, will feature Bob Taylor, "Fat Bob, The Singing Plumber," as baritone soloist. Taylor appeared last season with the orchestra at Briarwood. The tentative program for the Art Fair concert includes music by Haydn, Rossini, Stravinsky, Walton, Edward Ferman and Richard Strauss.

## North Past Alaska

In the early years of the 20th century, the world watched in awe as bold explorers reached new heights of success. On April 9, 1909, Robert Peary, Matthew Henson and four Eskimoes became the first to reach the North Pole on foot. Twenty-seven years later, Commander Richard Byrd became the first to fly over the same pole in an airplane, again capturing the admiration of the world. Byrd's plane, a Fokker Tri-motor named "The Josephine Ford," is one of several historic aircraft on exhibit in the Transportation Collection of Henry Ford Museum, Dearborn.

## Republican Party Formed 125 Years Ago

On Feb. 22, 1854, 125 years ago, the anti-slavery factions of the Whig and Democratic parties met in a small town in Michigan to form a new political party. A few months later they took on the name "Republican" and made their party national for the 1856 presidential election. They didn't get a man into the White House until the 1860 election, but that man was Abraham Lincoln. The Logan, County, Ill., courthouse where Lincoln practiced law in his early days is now one of the historic buildings in Greenfield Village, Dearborn.

## Patent Issued on Sugar Decorated Stickpin

Patent No. 174,162, issued Feb. 29, 1876, was a confectioner's delight. It was a stickpin which used a sugary heart as decoration. When the wearer was finished with the clothes accessory, the stickpin could be eaten, although it might be a bit dirty. No examples are known to exist of the sticky stick-pin, but a stroll through the Decorative Arts Galleries of Henry Ford Museum, Dearborn, offers visitors a chance to peruse wealth of early decorative jewelry, made out of everything from garnets to human hair.

### Mrs. Carter Farley

Chelsea Resident's Mother Dies in Kentucky at 90

Mrs. Nancy Farley, a former Chelsea resident, died Saturday, April 7 in Kentucky. She was 90 years old.

Born in Bell county, Ky., to David and Sarah (Robbins) Doughton, she made her home in Chelsea with her daughters for several years.

Her husband, Carter, preceded her in death.

She is survived by eight children, Lawrence Farley of LaFollette, Tenn.; Hurien Farley of Ashland, Ky.; Curtis Farley, Mrs. Jenny (Ethel) Williams and Mrs. Mitchell (Wilma) Picklesimer all of Chelsea; Luther Farley of Newport, N. H.; Mrs. Loren (Disa) Jekely and Adah Farley of Nuank, Ky.; one brother; one sister; 21 grandchildren; 37 great grandchildren and one great-great grandchild.

Funeral services were held at the Fourmile Baptist church in Lovall, Ky., on Tuesday, April 10. Burial followed in Resthaven Cemetery.

### Mustard Factory Started in 1768

According to several sources, mustard was first manufactured in America by Benjamin Jackson of Germantown, Pa., Philadelphia, Pa. He advertised himself as the "original establisher of the mustard manufactory in America" in an ad in the Pennsylvania Chronicle of Feb. 15, 1768. The Domestic Arts Collection of Henry Ford Museum, Dearborn, provides fascinating insight into the domestic implements of bygone days, including butter churns, early washing machines and cream separators.

Let our advertisers know you read their ad in The Standard.

### Mary Katherine Corey

Former Chelsea Resident Dies at Area Nursing Home

Miss Mary Katherine Corey, formerly of 671 W. Middle St., died Sunday, April 15 at Parkview Convalescent Home in Ypsilanti.

Miss Corey was born in Chelsea Oct. 25, 1887 to Daniel and Sarah (McCaver) Corey. Much of her life was spent in the Detroit area where she worked at Provident Hospital as a dietitian until her retirement. She then returned to Chelsea and worked for five years at the Chelsea Methodist Retirement Home.

She was a member of St. Mary Catholic church and the Altar Society of that church.

Miss Corey was preceded in death by her parents and 10 brothers and sisters.

Surviving are three nieces, Mrs. Elliot (Betty) Bjork, Mrs. Patricia (Peg) Brazzil and Mrs. Joseph (Mary Jane) Bohrer; four nephews, Fred Chase, Jack Corey, Bill Corey and Jim Corey; and several great and great-great nieces and nephews.

The rosary was recited Tuesday evening at the Staffan Funeral Home. Funeral services were held Wednesday, April 18 at 11 a.m. at St. Mary Catholic church with the Rev. Fr. Philip Dupuis officiating. Burial followed in Mt. Olivet Cemetery.

### Harlan D. Shelly

Memorial Services Stated Sunday in Grass Lake

Memorial services for Harlan D. Shelly, who died in Grayling on Jan. 31 will be held Sunday, April 22 at the Federated Church of Grass Lake, with the Rev. Charles McNeilly officiating.

Mr. Shelly had been in the lumber business in Grass Lake and Munith before retiring in 1953.

He was married to the former Mae Hamp Platt who survives. Also surviving are two daughters, Mrs. Marjorie Hansen of Birmingham and Mrs. John (Carolyn) Rudd of Chelsea; and one sister, Mrs. Don (Margaret) Chapel of Grass Lake.

Arrangements were made by the Staffan Funeral Home.

### State Senate Resolution...

(Continued from page one)

tion that have been a part of Nancy Cooper's enthusiastic involvement in the field of special education. As a result of her dynamic perseverance and rock-solid belief in the children she teaches, coaches, and cherishes, she has been named one of Michigan's five Outstanding Young Women for 1979 by the Michigan Jaycees and Auxiliary organizations; and

WHEREAS, A 1966 graduate of Detroit-Cass Tech, Nancy received her BA degree from the University of Michigan in the record time of two and one-half years. Armed with an education in American and Russian history, she arrived at Chelsea High school as a new student teacher. Following an urge to work as a substitute teacher, she had the opportunity, one day to take over a special education classroom. For Nancy, it was the beginning of a new career and a successful but all-encompassing crusade to assist her special education students in achieving self-sufficiency; and

WHEREAS, Nancy's role as an integral force in the special education field has involved her in numerous community activities designed to offer her students the same advantages available to all children. She has found part-time jobs for students, arranged their transportation to the job which included getting a chauffeur's license and driving them herself, secured a certification in water safety so her students could use the school swimming pool, and became a Special Olympics Coach and the Area 20 Director of the program. Her commitment has been complete and made Room 224 of Chelsea High school the proving ground for many a student whom she has helped realize an impossible dream; now, therefore be it

RESOLVED BY THE SENATE, That we accord Nancy Cooper a unanimous accolade of tribute in recognition of her impressive efforts on behalf of special education students and her selection by the Michigan Jaycees as one of Michigan's Outstanding Young Women of 1979; and be it further

RESOLVED, That a copy of this tribute be transmitted to Nancy as evidence of our great pride and admiration for the spirit of love, humanism, and perseverance that she has represented and infused into many lives.

Adopted by the Senate, March 20, 1979.

Billie S. Farnum, Secretary of the Senate.

### Book Fair...

clean out your attic and donate the books to a good cause.

Previous Book Fair profits have purchased a typewriter, available for students' use; a bookcase; film for student-made animated films and filmstrips; books and other learning materials.

Refreshments will be served.

EASTER EGG HUNT: A purple egg in the basket was the mark of a winner at the Jaycees Easter Egg hunt last Saturday morning. Holding the stuffed animals they received for prizes, the winners pose with Mr. Easter Bunny. Back row, Brandt Kenney, Kyle Plank, Easter Bunny, Frankie White, and Ty Larson, one of the Jaycees supervising the event. Front row, Brian Bell, Jody Geist, Tanya Grammatico and Scott Reynolds.

## Top Swimmers' Names To Be Entered on Plaque

Chelsea High school swimming teams were the recent recipients of a walnut and gold plaque, donated by Will Connelly, 900 McKinley, for the purpose of honoring Chelsea's male and female swimmers of the year.

Connelly proposed the plaque to Larry Reed, the Charles S. Cameron Pool Director, who enthusiastically received the idea.

The intent is to bring recognition to Chelsea's competitive swimming program. There are approximately 200 students participating on the teams yearly and the two swimmers chosen from among them represent the highest of standards.

This year's female swimmer of the year, for the third year in succession, is Shelly Springer. Shelly broke school records this year in the 50-, 100- and 500-yard freestyle races as well as being a member of both the record-

holding medley and freestyle relay teams.

The first name to appear on the plaque is Phil Hoffmann. Phil now holds school records in the 50- and 100-yard freestyle races as well as being a member of the two relay teams that hold school records.

"We could not be successful without everyone's support," said Coach Reed in expressing his gratitude.

Progress in developing techniques for testing the hearing ability of very young children can represent a significant step in avoiding future speech problems, according to hearing specialists. This is because children learn to speak by imitating sounds they hear, and the youngster with an undetected hearing problem can have difficulty in learning to speak.

## Rep. Ballantine To Appear Here Next Thursday

State Representative Mary Keith Ballantine (R-Jackson) announced today that she will conduct a town hall meeting next week in Chelsea.

The meeting will begin at 8 p.m. Thursday, April 26 in the Chelsea High school cafeteria. Refreshments will be served.

"I encourage my constituents in Chelsea area to attend the meeting and let me know what's on their minds," Mrs. Ballantine said. "I am anxious to get more acquainted with some of my constituents and share some ideas with the people I represent."

Mrs. Ballantine said she will review several current legislative issues for the audience before participating in an open discussion period.

"Input from the people we represent is the basis of our system of government," Mrs. Ballantine said. "I'm sure this type of interaction will help me to vote intelligently on the issues in Lansing."

## First Woolworth Store Opened 100 Years Ago

America's first "five-cent store" was opened in Utica, N. Y., on Feb. 22, 1879, by Frank Winfield Woolworth. Woolworth planned to replace the old "general store," but the first few weeks saw business running as low as \$2.50 a day. A later move to Lancaster, Pa., proved more successful. Greenfield Village, Dearborn, contains an old-time general store as one of the many historic structures which make up the popular historical attraction, now celebrating its 50th anniversary.

## DPW Trash Pick-Up Set For Monday

Is there an old bathtub in your basement that hasn't seen water in years? Do piles of broken-down furniture dominate your cellar decor? In short, do you have anything you would love to rid yourself of that the regular rubbish collection won't touch?

The Village Public Works Department will once again aid Chelsea residents in spring cleaning as it conducts the annual rubbish pick-up on Monday, April 23.

The trucks will take anything and everything you wish to discard, asking only that all items are at curbside by 7 a.m.

One man's junk being another man's treasure, through, don't be surprised if your neighbors get there first.

# Real Estate

By PAUL FRISINGER

REALTOR

## A MATTER OF RECORD

Before you put property up for sale, be sure that you are the owner. Strange things do happen in the world of real estate.

Take the case of the man who decided to sell a woodlot he had been paying taxes on for years. His assumption was that his stewardship vested title of the land with him.

It doesn't work that way. Title to property is passed in very specific ways — ordinarily by a deed signed by all the owners. Also, ownership should be a matter of record in either the Registry of Deeds Registry or the Registry of Probate (if the land is acquired by will) or in the Land

Court in the case of registered land. The point is this. If you are paying taxes on land you do not own, or in which you have only a partial interest, you are merely preserving the status quo — not improving the title. If this is your case, don't wait until you decide to sell to perfect the title. Do it now!

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-3683, evenings 475-2621. We're here to help!

## OUTLOOK FOR SEASON

# SEC Girls Track Teams Look Strong

The outlook for girls track in the SEC this year seems to assure a virtual repeat of last season's finishes, according to Chelsea High school girls track coach Bill Bainton. The following is his assessment of the league prospects:

For the past four seasons, Brighton's girls have dominated the league in track. This year they will be seriously challenged by Saline and Dexter. Brighton has to be favored again because of their distance runners and depth. Sophomore Sue Brown, second in the mile and two-mile last year, leads a group of distance runners who gave Brighton one of the best cross-country teams in the state. Colleen Peters is a good sprinter and long jumper and Sue Newton was league hurdles champ, last year.

Saline has few weaknesses. Chris Rotunno, Vickie Wareing, and Laurie Rogers are proven performers in the field events. They have steady distance running, and Barb Mahnke, Tracy Waldo and Missy Leslie give them the best group of hurdlers in the league. If they can cover the sprints, the Hornets could be the team to beat.

Dexter returns the league's best sprinter, Julie Hynes, along with Kim Millar and hurdlers Sharon Young and Kammy Love. Nancy Edlet gives them strength from the 880 up. The Dreadnaughts seriously want to improve their third-place finish. With no glaring weaknesses, they might.

Milan and Chelsea will again battle for fourth, with Lincoln having an outside chance of moving up. The Bulldogs have the balance, but Milan has the depth and Lincoln the sprinters.

Milan's best returnees are sprinter Betsy Bird and high jumper and quarter-miler Kristy Maynard. The Big Reds will sorely miss Sally Benjamin, who was the league's outstanding shot putter and discus thrower last year. With 60 girls on the team, help could be coming.

Chelsea is strong in the middle distances again, with half-milers Nancy Heller and Teresa Hoffman and miler Pris Drew. The Bulldogs were weak in the sprints and hurdles last year and this could remain a problem. However, they were very young in those events and the year's experience should show them much improved.

Lincoln has Laura Syrette, Doris Long and Phyllis Jackson in the sprints and Marilyn Love in the hurdles. Unless they receive a lot of help in the distance runs and the shot and discus, the Railsplitters won't be above sixth.

South Lyon and Novi both have an individual star, but each team lacks over-all strength to be in the top half of the league. South Lyon has Cheryl Scheffer, the best distance runner in the league—possibly in the state in Class "B"—and will have help from some freshmen, but even with this can't hope for more than sixth.

Novi has Ginger Hensel, a high jumper and quarter-miler who may be the best individual performer in the league. Ann MacKay is a good long jumper in a season where that is a strong event in the league. Sophomore Cindy Iban could become a steady sprinter. Novi could be the dark horse to finish in the top half of the league. Sixth is more likely.

## Free Swim Clinic Offered Youngsters

The Chelsea pool and its coaching staff are offering a week's free swimming clinic for 10-and-under swimmers who can swim a width of the pool and 11-and-up swimmers who can swim a length. A width is 42 feet and a length is 75 feet.

High school students may swim from 7 to 8 a.m., junior high students from 3:30 to 4:30 p.m., 8-and-under from 4:30 to 5:30 p.m. and 9- and 10-year-olds from 5:30 to 6:30 p.m.

## Hospital Auxiliary Hears Neurologist Comment on Book

At their regular monthly meeting on Monday evening, April 16, the Chelsea Community Hospital Auxiliary heard noted neurologist-author Dr. Joel Saper speak about his recent book, "Freedom from Headaches." Dr. Saper is the director of the Michigan Headache and Neurological Institute in Ann Arbor. He spoke about his work in the diagnosis and treatment of head pain. He has been seen on television's "Kelly & Company," "Middy," and "The Lou Gordon Show."

Guests present at the meeting were: Debbie Marshall, Ruth Dils, Ann Lee, Joyce Van Meer, Darla Bohlander, LaVonne Harris, Janette Tobin, Judy Niswonger, Helen McDonald, Suzanne Hinman, Sherry Sundling.

## Historical Society Membership Drive Closing

Chelsea Area Historical Society is making a last call for members in its 1979 membership drive. Also a reminder that in February letters were sent reminding that dues were due. Any tardy dues may be sent to P. O. Box 334, Chelsea 48118.

Newcomers are welcome and meetings are always open to the public.

## Pitching Rates Key to Successful Girls Varsity Softball Season

Success of the Chelsea girl's varsity softball team this year will depend upon the pitching of Nanette Push, Anita Powell and Kim Wood. "Pitching is the most important element in putting together a sound defensive softball team," says coach Bill Westcott. "We hope that our pitchers continue to work hard and improve as the year progresses."

Nanette Push, the daughter of Mr. and Mrs. Melvin Push of 13415 Old US-12, will return to the mound for her third season of competition. Nanette, a junior this year at Chelsea High school, won all-league honors last season when she led the league in strike-outs. In addition to pitching, Nanette also plays first base and outfield. Last fall she was a member of the girl's varsity basketball team.

Kim Wood, daughter of Mr. and Mrs. Don Wood of 307 Taylor Lane, is also a returning varsity letter-winner. Kim, a junior this year, has pitched both on the varsity and junior varsity, and in addition, plays first base. This past fall Kim was a member of the varsity basketball team.

Anita Powell, daughter of Mr. and Mrs. Fred Powell of 1030 N. Fletcher Rd., is a new addition to this year's varsity softball team. Anita just started pitching last summer and has improved greatly. Anita will also play in the

outfield and infield this season. A varsity letter in swimming at Chelsea High school this fall. Besides playing softball she won

### Cards of Thanks

CARD OF THANKS  
The family of Mary J. Kalmbach would like to extend a sincere thank you to our friends, neighbors and relatives who extended a helping hand and expressions of sympathy during the illness and death of our loved one. Special thanks go to Dr. Boisford, Drs. Farhat and McGauley, and Drs. Van Ressema and Argueta. Also, thank you to the nurses of Chelsea Medical Center, St. Joseph Mercy Hospital, and special thanks to the nurses and staff of John Knox Village. We would also like to offer a note of sincere appreciation to the Burghardt-Cole Chapel, Father DuPuis, and St. Mary's Altar Society for their services. x31lf

**This Week's Thought**  
from Lou Burghardt Don Cole  
Your Chelsea Funeral Home with the "HOME" like atmosphere By Donald A. Cole  
We have had problems throughout our national history. We have had our ups and downs but in recent years we seem to have a deepening maze of problems. Perhaps we should begin to question ourselves about our individual relationships to our problems.  
For example, are we as a nation getting so politically motivated that we think certain men or groups of men are faultless? Are we fully aware that politics are controlled by man, and no man is perfect? In the field of science, are we egotistically taking credit for scientific advances without realizing or admitting science is controlled by God?  
Have we lost our perspective? In day to day living, do we give proper thanks to Divine Providence for our many blessings? For our many advantages, and luxuries, compared with other countries? Are we thankful for a way of life that provides conveniences and comforts beyond the means and hopes of less fortunate nations? In spite of temporary let downs, do we give thanks for a standard of living envied by most of the world? Is it not likely we could get answers to our problems IF we started asking these kinds of questions? ...

**Homeowners insurance is homeowners insurance, right? Wrong.**  
Auto-Owners homeowners insurance is different.  
Not only in the way we handle claims (Auto-Owners built its reputation on fast, fair claims service). Not only in the personal attention we give (another Auto-Owners trademark). Or in the way we could save you money (our low rates are famous). But, in our whole outlook on homeowners insurance, with innovative, imaginative policies that make sure you get just what you need, for just what you want to pay.  
So, if you're thinking you'd be wrong if you didn't call Auto-Owners... you're right.  
**YOUR Independent Insurance AGENT SERVES YOU FIRST**

**Auto-Owners Insurance**  
You can't find a better name for homeowners insurance

## Dial-A-Garden Topics Listed

Dial-A-Garden, the system of pre-recorded daily gardening tips, is sponsored by the Washtenaw County Co-operative Extension Service. The system is in operation 24 hours per day, seven days per week. Interested persons are invited to call 971-1122 at their convenience and receive timely, up-to-date gardening information.

Next week's Dial-A-Garden topics are:

Friday, April 20—"Garden Vegetable Transplants."  
Monday, April 23—"Book Review - Wildly Successful Plants."  
Tuesday, April 24—"Patios vs. Decks."  
Wednesday, April 25—"Buy Healthy Transplants."  
Thursday, April 26—"Shopping for Flowering Trees and Shrubs."

The Labor-Management Reporting and Disclosure Act requires labor organizations to meet certain democratic standards in conducting union elections, according to the U. S. Department of Labor.

Job banks, an important tool of the federal-state employment services system, or Job Service, offer computerized daily printouts of all available jobs listed by employers in a labor market area.

## The Bible-The Light from Heaven

Presents the unchanging in a world that is constantly changing. In the words of Alfred Lord Tennyson, "The great world forever spins down the ringing groove of change." Scientific discoveries are beneficial in so many ways, yet the unchangeable is obvious. There exists today the same greed that characterized Lot. (Genesis 13). The same love of power and preeminence that is portrayed in the person of Diotrophes. (3 John 9). The same love of money as the apostle Paul wrote about in 1 Timothy 6:9, 10. And the same lusts of the flesh written about in 1 John 2:15-17; Galatians 5:19-21. Man's needs are the same. He still needs guidance because he is not capable of directing his own steps. (Jeremiah 10:23). He needs salvation because of sin. (Romans 3:23). Sympathy because of sorrow. (Romans 12:15). And hope because of death. (11 Samuel 12:23). The Christ is unchangeable. He is from everlasting to everlasting. (Revelation 1:8). He has all authority. (Matthew 28:18). His words are unchangeable. (Matthew 24:35). His attitude toward sin is the same. (John 8:21). He has the words of eternal life. (John 6:68). His conditions of salvation are unchangeable. (John 3:3-5; Mark 16:16).

## Scout-O-Rama Slated May 19 at Briarwood

"Quest '79—A Search for Adventure" is this year's theme for the first time in Briarwood Mall.

This means that instead of making a special trip to the EMU Bowen Field House, where past Scout-O-Ramas have been held, people may browse through displays and special shows between visits to stores during Saturday shopping.

Boy Scouts will be on hand from 9 a.m. to 9 p.m. May 19 with indoor and outdoor displays on subjects ranging from campfire-building, knot tying and various crafts to games and skills.

Cub Scouts will once again have their Pinewood Derby track set up and will conduct mini-soapbox race on the 45-foot long ramp.

Bill Rogers of Ann Arbor is coordinating the day-long festivities for the Washtenaw District. The Washtenaw District includes all of metropolitan Ypsilanti and Ann Arbor.

So far, Rogers said they have 20 booths reserved, but he hopes for 35 or 40 displays at the event.

There will also be some special shows in the central arena, including the 1776 Band and Indian dancing.

Ticket sales already have begun, and this year there will be advance sales only, so that the mall shoppers won't be discouraged from wandering through the displays.

Included in the \$1 ticket price is complimentary admission to the

other district Scout-O-Ramas in the area, all of which are taking place the same day.

Several Briarwood merchants are donating prizes, which will be awarded to groups based on the quality, neatness and organization of their displays, and to individuals for high ticket sales.

The Grand Prize for the top ticket salesman will be donated by Herman's.

Many of the older units will move into Briarwood on Friday night and camp overnight before the event, then stay Saturday night also and return home on Sunday.

## Chelsea Hospital Awards Contract For Addition

Chelsea Community Hospital has announced the award of a contract totaling \$1,313,000 to North Construction Co. for construction of a 23,000-plus square foot addition.

The addition will provide new departments for physical therapy, occupational therapy, recreational therapy, speech therapy, cardiac and pulmonary services; a new main entrance to the hospital with adjacent admitting and registration; expanded kitchen and dining room facilities; and administrative offices.

Construction time is estimated to be 12-13 months with entry into the new facility slated for May-June 1980.

## S. E. Michigan Science Fair Set Saturday

The 21st annual Southeastern Michigan Science Fair for junior and senior high school students in five southeastern Michigan counties will be held Saturday, April 21, at the University of Michigan Sports Coliseum, Hill and Fifth Sts., Ann Arbor.

Students from Washtenaw, Hillsdale, Lenawee, Livingston and Monroe county schools will begin setting up science and technology exhibits late Friday that will be available for public viewing from 2 to 7 p.m. Saturday following judging.

The two top winners will receive expense-paid trips to the International Science Fair from May 7 to 12, in San Antonio, Tex., to compete with other students from across the nation and several foreign countries for additional prizes.

In addition, numerous other students will receive cash awards, medals, and other prizes in various divisions and categories of the fair which is supported by contributions from area business and industrial firms, organizations and individuals.

Gage Cooper, retired Detroit Edison Co. division manager and honorary 1979 fair director, will announce the awards at the opening of the fair to the public on Saturday.

Job banks, which are computerized daily printouts of all available jobs listed by employers in a labor market area, are now available through the federal-state employment service system to three-fourths of the U. S. labor force.

## J. Walz Granted Top MSU Scholarship

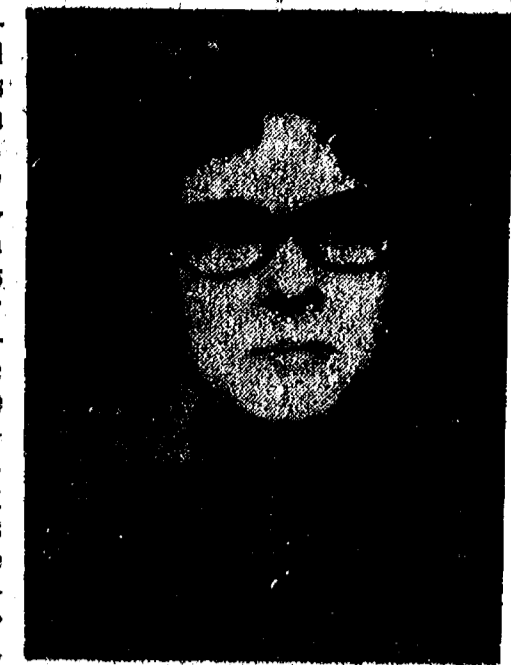

Janet A. Walz, a senior at Chelsea High school, has been named a winner of the most prestigious scholarship offered by Michigan State University.

One of the top awards given by any university, the Ajumal Distinguished Scholarship is worth as much as \$16,000 for four years study at MSU. It is based solely on intellectual ability and potential. Ten such awards are made each year and are funded by the alumni through the MSU Development Fund.

Walz was selected from among 1,000 talented high school students nationwide who competed for the scholarships in intensive examinations conducted earlier this year on the MSU campus. Examinations covered the natural and social sciences, mathematics, art, literature, humanities and general knowledge.

The scholarship covers the cost of tuition, room and board, books and other college expenses.

Walz has a 4.0 grade point average and ranks second in her class of 210.

JANET A. WALZ

The daughter of Mr. and Mrs. Robert Walz, 603 McKinley St., Janet plans to major in computer science.

## Farm Museum Offers Workshops, Classes

Waterloo Farm Museum has a new look for summer 1979!

The museum will hold workshops and classes in early American arts and crafts. The Chelsea Community Education Department, in co-sponsorship with the Waterloo Area Historical Society, has made these classes possible by extending the fall and winter program into the spring and summer months.

Summer schedule at the museum will include 28 classes and 14 workshops for adults and children. Coming from throughout south-central Michigan, the instructors are outstanding in their skills. To accommodate summer vacation schedules, most of the classes will be held in four-week sessions; the workshops, on the other hand, will be held every Saturday in June and July. Classes cost \$10 and workshops are \$5.

The program includes such unusual activities as forge-work, bobbin lace making, tapestry weaving, semicircle quilting, tin-can furniture, apple-head dolls and edible plants. The teachers are flexible and plan to work with students at the individual's own speed so that all participants will have a happy, successful experience.

In addition to the unique instruction, students have the opportunity to spend time at the museum soaking up the delightful atmosphere.

For further information, call the Chelsea Community Education Department, 475-9830, or write Susan Frost, 1305 Miller, Ann Arbor 48103.

Waterloo Farm Museum, located three miles west of Waterloo, is the only one of its kind in Michigan and is in the National Register of Historic Places. Started and maintained by volunteers, it has been an on-going project for 17 years. The farm house, barn, log house, and out-buildings, as well as the Dewey Country School, have been restored and furnished to demonstrate how our ancestors lived from the period 1855 to 1895. Every October the Waterloo Farm Museum hosts a "Pioneer Day." During this day, the Waterloo Historical Society gives demonstrations of the daily activities and life of a pioneer farmer.

The museum's change in emphasis from restoration to education is possible this summer because the renovation of the farm is nearly complete. The Society's working philosophy is that history should be brought from behind sterile glass cases and yellowed textbooks into people's lives. The work of restoring the farm buildings has allowed participants to

see, touch, experience, indeed to live, history.

The process of restoration is a learning tool, drawing on the knowledge and experiences of countless individuals. However, now that the work is approaching completion, the Waterloo Historical Society is challenged with the need to provide activities to sustain the enthusiasm for, and appreciation of, the life of the pioneer farmer. The activities offered this summer are an important step in this direction.

### Whitmore Lake Area

#### Youth on Cruise

#### In Western Pacific

Marine Private Bret J. Keehl, son of Ralph J. and Shirley M. Keehl of 9850 S. Hamburg Rd., Whitmore Lake, recently departed for a deployment in the Western Pacific.

He is a member of Battalion Landing Team 2-3 (Two Slant Three), 1st Marine Brigade, embarked aboard the amphibious assault ship USS Tarawa, and operating as a unit of the U. S. Seventh Fleet.

Missions of the Seventh Fleet are to protect U. S. citizens, shipping and interests in the Western Pacific; to deter aggression against our Western Pacific allies by maintaining mobile striking forces; to promote peace and stability in the Western Pacific and to create goodwill for the United States.

During the deployment, his unit is scheduled to participate in various training exercises with other seventh Fleet units and those of allied nations. Port visits are scheduled in several Far Eastern countries.

His unit is homeported in Kaneohe Bay, Hawaii.

Keehl joined the Marine Corps in September 1978.

## Tree, Shrub Distribution Set Saturday

According to William Nixon, vice-chairman of the Washtenaw County Soil Conservation District, the annual "Tree and Shrub Distribution Day" is scheduled for Saturday, April 21 from 8 a.m. to 1 p.m. at the County Road Commission office on Zeeb Rd.

While most of the seedlings will be distributed to people who have placed orders earlier this spring, there are still limited quantities of the Multi-flora Rose wildlife shrub. Also, the excellent ground cover, Emerald Crownvetch, is available. The Multi-flora Rose is frequently planted as a hedge and has berries which are eaten by songbirds and other wildlife. The Emerald Crownvetch is used to control soil erosion on steep areas or in places that are too difficult to mow and maintain.

Nixon states that this year approximately 190,000 trees and shrubs will be distributed during the annual event.

## Operation Red Ball May Save Child's Life

Chelsea Jaycee Auxiliary is still asking area residents to participate in Operation Red Ball. This is a project designed to help the firefighters of your community identify where children, the elderly or handicapped persons may be sleeping in your home in case of fire.

A Red Ball sticker is placed on your front door and the windows of each child's bedroom. If more than one child sleeps in a room, place as many Red Ball stickers on that room's windows as there are children sleeping in the room.

Your name, address and the number of children registered are on file with the Fire Department. In case of fire in your home the Fire Department checks the files and then the first place they search on reaching your home

is the room where windows have Red Ball stickers.

Chelsea Jaycee Auxiliary and the Fire Department work together on this project. If you are interested in being registered for Operation Red Ball (or are already registered and just need to replace damaged Red Ball stickers), on a 3x5 card, or equivalent, print (1) your name; (2) your address; (3) number of children or handicapped persons, and their ages. With this include a stamped, self-addressed envelope and mail these to Kathy Sprawka, 9735 Joslin Lake Rd., Gregory 48137. Upon receiving the above, your registration will be given to the Fire Department and your Red Ball stickers will be mailed to you.

## Great Lakes Federal Tells Expansion Plans

Great Lakes Federal Savings is building additional offices in order to bring better services to its rapidly growing number of customers in south central Michigan, it was recently disclosed by Roy E. Weber, president.

Current plans call for the association to open offices in both Okemos and Howell later this year. "With the opening of our new offices," Weber stated, "we feel that we are in a position to bring convenient full service savings and loan services to our customers in south central Michigan." Last fall Great Lakes Federal opened its first office in Jackson county in a temporary facility and will move into a permanent 5,300 square foot office by early summer.

Dedicated to the dual concepts of thrift and home ownership since its inception in 1890, Great Lakes Federal Savings financed 3,638 homes in the area during 1978.

With more than \$726 million in assets, Great Lakes Federal Savings currently serves more than 120,000 customers in Washtenaw,

Livingston, Ingham, Jackson, Eaton, Calhoun, Branch, Barry and Kalamazoo counties.

the museum's change in emphasis from restoration to education is possible this summer because the renovation of the farm is nearly complete. # PROCLAMATION

In observance of April 20-29 as  
LIONS WHITE CANE WEEK

WHEREAS, there are 16,000 blind people in Michigan dependent upon a White Cane or a Leader Dog; and WHEREAS, Governor William G. Milliken has proclaimed the week of April 20-29, 1979, as Lions White Cane Week; and

WHEREAS, Lions Clubs seek to acquaint the public with its obligations to the people who use the Leader Dogs or White Canes, and to assure public recognition and observance of the law protecting persons using these symbols; and

WHEREAS, the Chelsea Lions are interested in sight conservation work through the Leader Dog School, Welcome Home for the Blind, and aid to the sight handicapped through examination and eyeglasses for the less fortunate, and other worthwhile service projects; and

WHEREAS, the Lions of Chelsea give freely of their time and effort in the sale of miniature White Canes to raise funds for these worthwhile projects; therefore I, Don Wood, president of the Village of Chelsea proclaim the week of April 20-29, 1979, as Lions White Cane Week and urge all citizens to become familiar with the meaning and purpose of the White Cane and Leader Dogs, and to lend support to other worthwhile Lions projects.

Don D. Wood  
Chelsea Village President.

### Glass Blowing Machine Patented in 1895

Michael Joseph Owens of Toledo, O., gained the first patent for a glass blowing machine on Feb. 26, 1895. The machine operated five molds which circulated around the machine, each surrounding melted glass. The end result was a perfect article without seams or roughness. Greenfield Village and Henry Ford Museum, Dearborn, offer visitors a chance to see craftsmen involved in old-time glass blowing as part of their extensive crafts program.

NEEDLEPOINT WIZARD Sherry Lawton displays a pillow that even beginners to the craft can make. Her shop, Needle in a Haystack, 13320 Harper Dr., contains all the yarn, hoops and accessories seen in the background as well as housing the eight classes and workshops Sherry teaches.

## Sherry Lawton Leads Revival Movement in Needlepoint Art

Historically, needlecraft has had a humble reputation, to say the least. Images of it found in poetry are dismal, leaning strongly toward "sewing one's own shroud" and similar unhappy thoughts.

It has also been trivialized, as in the lines from poet Alfred Lord Tennyson: "Man for the sword and for the needle she: man with the head and woman with the heart . . ."

Tennyson didn't live long enough to meet Sherry Lawton, but if he had, his opinion of the worth of needlework would no doubt have been altered more than a little.

Lawton is the cheerful proprietor and mentor of Needle in a Haystack, a shop dedicated to the art of needlepoint. Situated in her home at 13320 Harper Dr., the tiny downstairs room has become a mecca for area devotees of needle art.

And she puts considerable stress on the word "art" when it comes to putting needle to canvas.

Sitting in the shop, warm with color from a pigeonholed wall stuffed with multi-hued yarns, she is an articulate spokesperson for the virtues of the craft.

To begin with, she says, there are hundreds of stitches, popular as far back as the Renaissance, but people still tend to think of needlepoint as one boring stitch.

"In the Renaissance samplers and other pieces were sometimes left as part of the family inheritance," she continues. "Since many people couldn't read, the stitches were passed down through the work."

Somehow, the complexity of those samplers was lost, and what was known as needlepoint was distilled down into one stitch.

"Everyone has an old aunt,"

Lawton chuckles, "who has an old needlepoint covered footstool upstairs in her bedroom. It's usually maroon and is all in one stitch."

In fact, she said, the craft deteriorated to such a point that pieces often came with the detailed work already sewn in, and women filled in the background with one color in an unvarying stitch. The reputation of the work justifiably suffered.

But then came the crafts revival of the mid-1960's, and that, coupled with nostalgia, brought back needlepoint in all its complexity.

Sherry Lawton's own history and that of Needle in a Haystack are almost as varied as that of the craft itself.

Born in Ann Arbor, she graduated from Chelsea High school and went on to Michigan State University, where she majored in theatre and drama and minored in teaching English. She taught speech and English in Saginaw and Pontiac and then married and moved back to Chelsea.

Teaching part-time and giving piano lessons became a large chore with two small children, so Lawton, already interested in needlepoint ("I think it runs in the family") began to teach the art at Country Craftique.

When needlepoint lessons and supplies were phased out at that store, Lawton realized that area practitioners had to drive to Ann Arbor to supply their habit. She had also wanted to stick close to home, but also keep an interest outside.

It was a logical step from there to the opening of Needle in a Haystack in June 1978. In no time at all, with minimal advertising, her classes were all filled.

"It's all word of mouth," she smiles.

In the world of needlework, Sherry Lawton is a professional. This means, she explained, that she executes and often sells original designs. Her work has been displayed at crafts and arts shows, the most recent in Birmingham.

Before her on the table as she spoke was a partially completed original piece, a Chelsea canvas featuring seven village buildings, including McKune Library, the clock tower and the Jiffy silos.

She encourages even her beginning students to create their own designs, such as the village scene, and not rely on pre-stamped, mass-produced kits.

Again the message comes through, "It really is an art."

With the coming of spring, classes at Needle in a Haystack are beginning again. For any not yet convinced that needlepoint is creative and rewarding, Sherry Lawton is more than happy to talk about her favorite subject.

The shop is officially open Monday, Wednesday and Friday from 10 a.m. to 3 p.m., but if you call Sherry at any other

# Keep It Simple

**\$1000 Average Minimum Balance = No Service Charge on Local Business Checking Accounts**

Most banks use a complex mathematical formula to compute service charges on business checking accounts. At "The Bank of Trust" we keep it simple. Our Commercial Checking Plan is designed for the local small business. All you have to do is maintain an average balance of \$1,000, and you'll never pay a service charge. It's that simple! There are no flat fees charged, no fees for deposits, items deposited or checks drawn. Should your monthly minimum average balance be less than \$1,000, a charge of \$5 will be assigned.

Compare our simple formula with the other banks and you'll see how less of your money can do more for you.

Stop by our Chelsea Banking Office today where you'll receive prompt, courteous service. We are open Monday through Thursday from 9 a.m. to 4 p.m., Friday 9 a.m. to 6 p.m. and Saturday from 9 a.m. to noon.
