Fair Queen Candidates Sought

Events leading up to the election of a 1979 Chelsea Community Fair Queen will begin next Saturday, Aug. 4 at 9:30 a.m. with a meeting of last year's fair queen and court at the home of Suzanne Morrison, 518 Chandler St.

Anyone interested in sponsoring a fair queen candidate for this year may contact Suzanne Morrison at 476-1713.

Requirements for the fair queen candidates are as follows:

She must be a high school student, currently enrolled at Chelsea High school. A talent presentation will be required, as well as a personal interview with the judges. For Tuesday's parade, each candidate must provide a convertible. (Suzanne Morrison will assist those who have difficulty in obtaining one). In Saturday's parade, each candidate must ride on a float, either alone or with another candidate.

Stolen Truck Recovered By Police

Chelsea police recovered a stolen Palmer Ford pick-up truck and apprehended a suspect in the theft early Saturday morning, July 28, according to police reports.

Reports indicate that Police Chief Robert Aiello was on patrol in an unmarked car early that morning when he spotted two pick-up trucks traveling south on M-52 near Buchanan St. Aiello followed the pair, thinking that the lead truck was possibly one he was seeking in connection with another incident.

The pair of trucks turned on Old Manchester Rd. and Aiello followed, by this time having alerted a patrol car to the area. According to police reports, the lead truck suddenly doused its headlights, made a sharp U-turn in the road and roared ahead toward Aiello's car.

The chief ditched his car as the truck sped by and turned onto M-52, headed south. The other truck continued on Old Manchester Rd. toward Old US-12 and was not seen again by police.

Meanwhile, the back-up patrol car had spotted the fleeing truck and pursued it with lights flashing. The truck careened into Schumm's parking lot and continued on into the open field behind the restaurant.

Reaching the truck, police discovered that the driver had bailed out, leaving the truck in gear to roll down the incline.

An identification of the vehicle traced the 1979 truck to Palmer Ford dealership.

A Washtenaw County Sheriff's Department tracking dog was called in to help search for the suspect and police combed the fields until 6 a.m.

Eventually, a suspect who had no plausible explanation for his whereabouts and who was wanted on a State Police warrant, was jailed by Chelsea Police in connection with the theft.

The suspect was released on bond pending the return of physical evidence from the crime lab.

Jazz Band To Perform

In conjunction with the Chelsea Sidewalk Sale Days and Art Fair planned for Aug. 3 and 4, the Chelsea High School Jazz Band, under the direction of Steve Bergmann, will perform on Middle St. east of Main, at 1 p.m. Friday afternoon.

While there is no charge for the concert, donations will be accepted. All proceeds will go to the "Chelsea Symphony Band Mexican Festival Project."

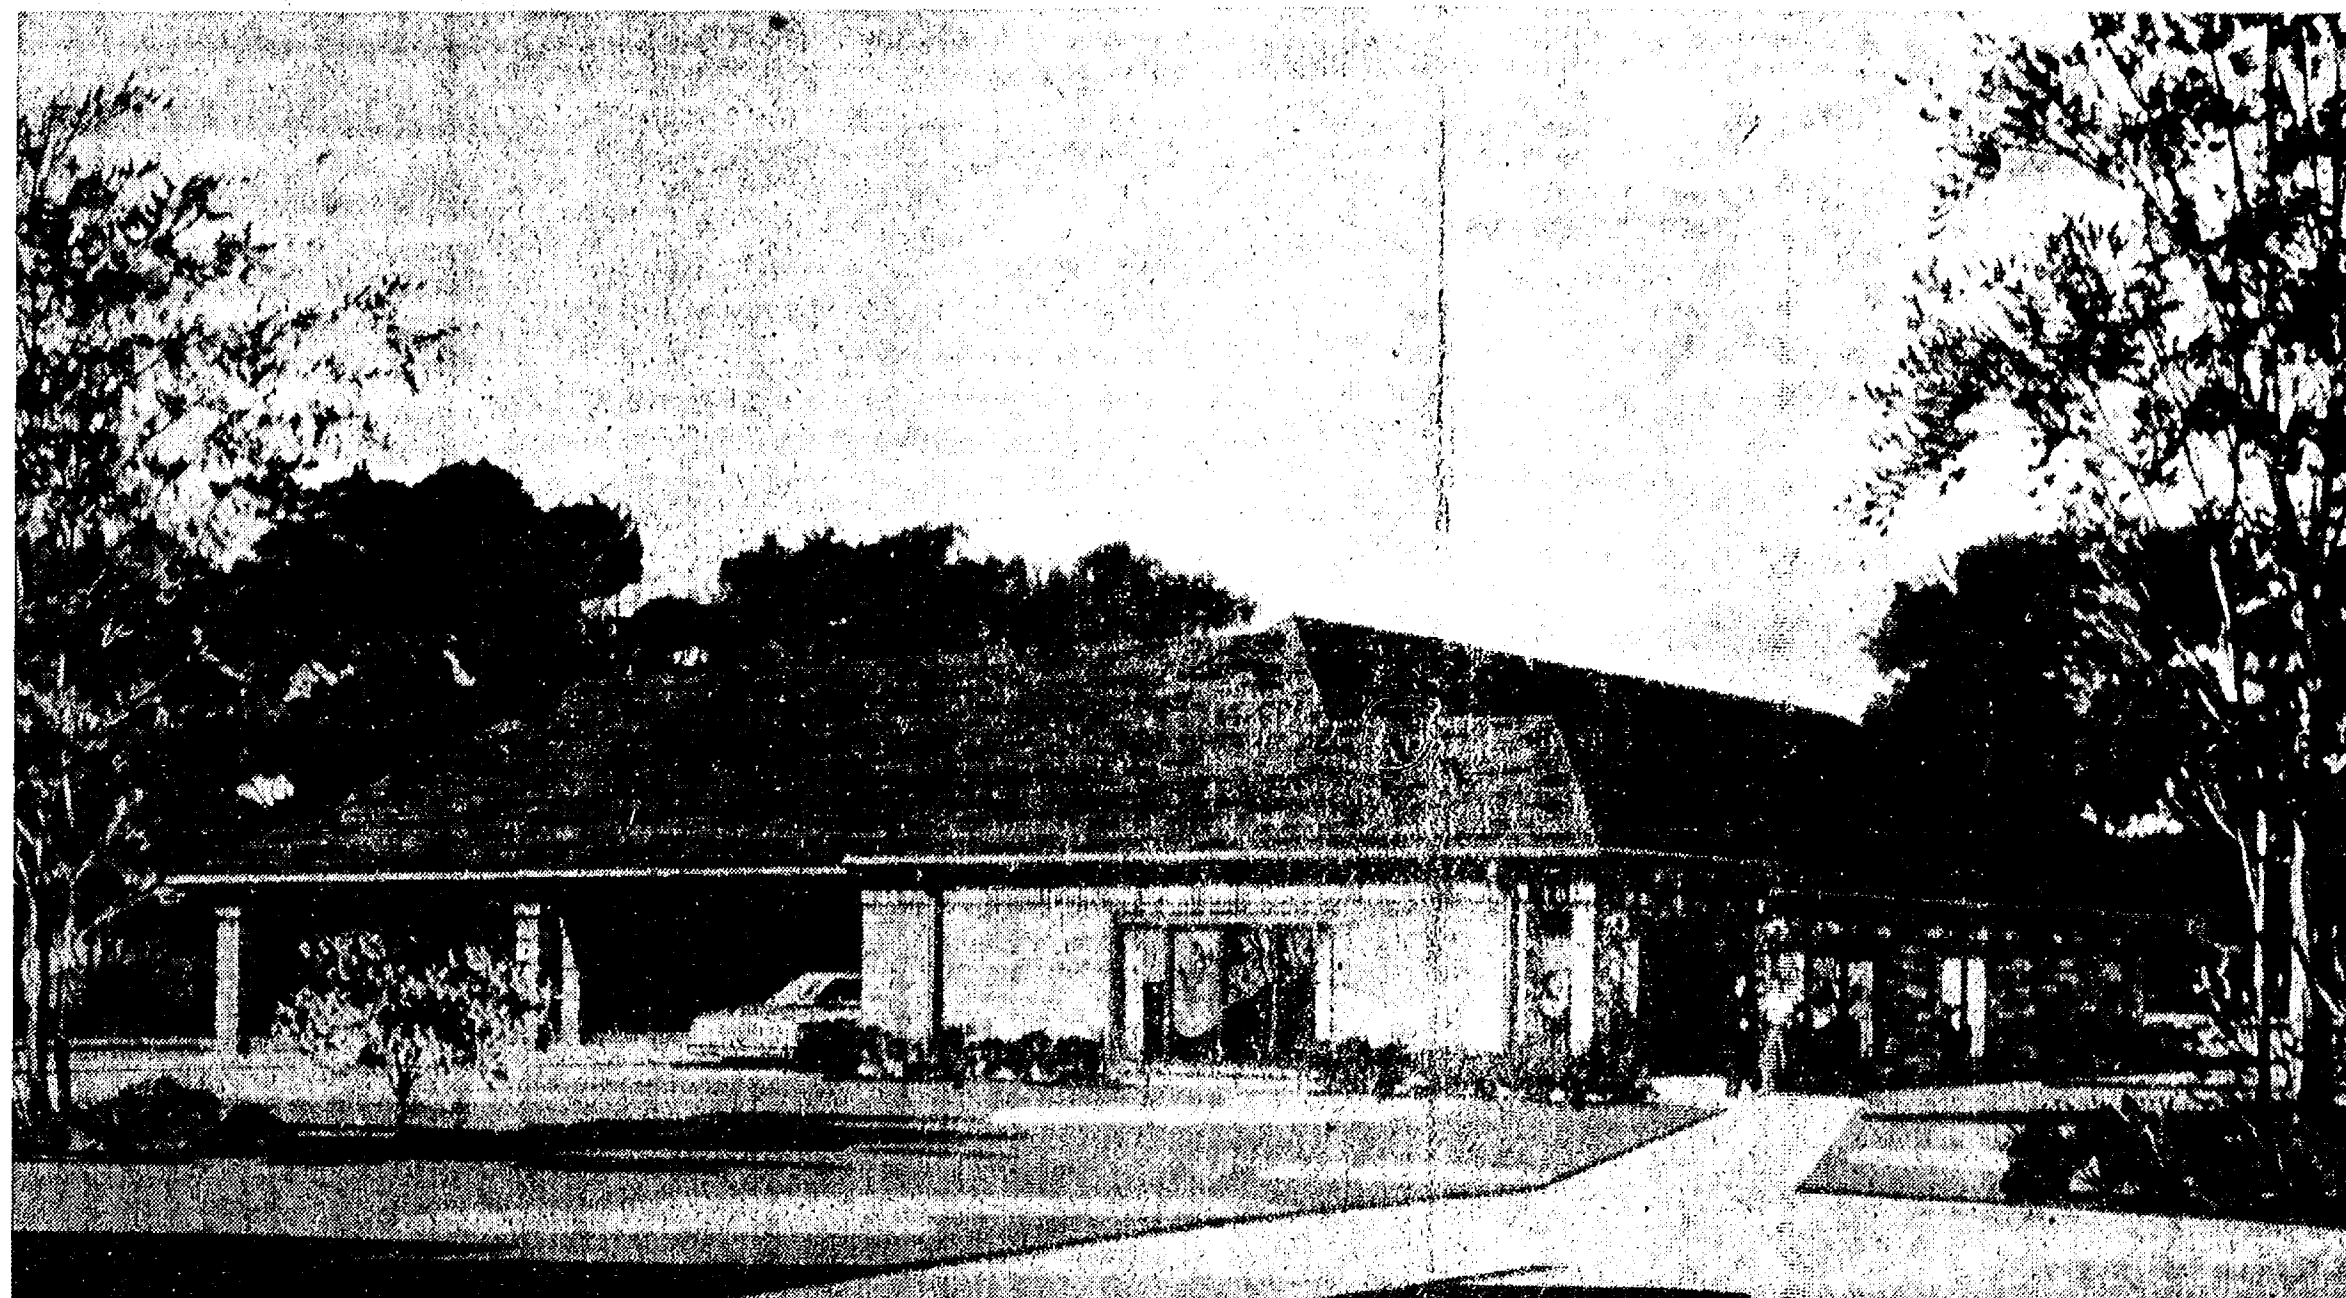

K. of C. Corporate Communion Mass Held Sunday

Chelsea Council 3092 of the Knights of Columbus had its Corporate Communion Mass Sunday, July 29 at St. Mary's 9 a.m. Mass.

Following Mass, breakfast was provided for the K. of C. members and their families at the K. of C. hall.

Dressed in proper attire (black ties and white shirts and aprons), the chefs served breakfast fit for knights and their royal families. Freshly-cut flowers added an elegant touch to the occasion.

Chefs for the memorable feast were Alex and Pat Zangara, Ken and Eili Unterbrink and Mike and Emma Neibauer.

BRANCH BANK: The above is an architect's rendering of the soon-to-be-built branch of Chelsea State Bank at the corner of M-52 and Old US-12. Designed by Barber-McCalpin Assoc. of Anchorville, the facility will feature four inside teller windows, four drive-up windows and employee and customer parking. Construction should be completed sometime in November.

Construction Will Start Soon on New Chelsea State Bank Branch

WALTER KALMBACH of Saginaw, son of Mr. and Mrs. Walter Kalmbach of 212 Francisco Rd., is a city planner by day, but becomes an award-winning wood carver in his spare time. Kalmbach displays a number of his pieces, including the relief carving of Molly Pitcher, lower center, that won him the Michigan State Fair Special Gold Ribbon for the best hand-made wood article in 1978.

City Planner Walter Kalmbach Whittles Away His Spare Time

Walter and Elsie Kalmbach, 212 Francisco Rd., probably always hoped their son, Walter, would grow up to be a chip off the old block.

Now a Saginaw resident, the younger Walter has more than exceeded their expectations. Not only is he a chip off the old block, but he regularly takes chips off many old blocks. In the course of his hobby of wood carving, that is.

It started more than 30 years ago, when, as a 16-year-old, Walt carved a set of wooden duck decoys. Today he is an accomplished woodcarver who has won several awards for his work.

Kalmbach has been whittling and chipping nearly all his life, but began in earnest to learn the craft in 1970, the year he started carving classes with master carver George Kielhofer at the Schnitzelback Shop in Frankenth.

Since then, he has won several first-place awards in local carving competition at the Saginaw Fair. In 1978, he took the Michigan State Fair Special Gold Ribbon for the best hand-made wood article, a relief carving of Molly Pitcher.

The 51-year-old city planner has even whittled his way into

Saginaw history by carving the original rough pattern for the city's Logmarking Hammer Award in 1963. The award is given to persons who have performed "extraordinary service" to the city or to official visitors. Former President Gerald Ford is a recipient.

Kalmbach calls his pastime "therapeutic." "It's like any hobby, a form of escape from regular workaday activities," he said. "It (wood) has a certain feel and texture about it I find satisfying."

Hunters Safety Course Slated By Rod & Gun Club

Chelsea Rod and Gun Club will be sponsoring a hunters' safety class beginning Monday, Aug. 6 at the Chelsea Rod and Gun Club House at 6 p.m.

Classes will run for three days, Aug. 6-8. Participants must be at least 12 years old to take this course.

For further information, call Marv Schiller, 475-2041, George Padgham, 475-8812 or Jack's Barber Shop.

Working mostly with basswood, Kalmbach has crafted everything from small figurines to large busts and relief carvings.

Over the years he has collected a set of nearly 60 tools, some imported from Germany and others of his own design. "If a person is really good, he can get by with fewer tools," Kalmbach joked.

Kalmbach said he hasn't much time for his hobby but works at it whenever he can snatch a few hours in the evenings or on weekends.

During the day, he works at Saginaw City Hall as a special projects officer in the Planning Division. He and his wife, Virginia, have two children.

Fair Season Tickets Being Sold By Athletic Boosters

Chelsea's Athletic Boosters are now selling season tickets for the upcoming Chelsea Community Fair. Adults may purchase a season pass for \$7 and high school students with ID cards may buy a pass for \$5. Children under 14 are admitted free of charge. Tickets are available at the Community Education Office at Chelsea High school.

In order to "serve the community more effectively and more efficiently and meet its growing needs," Chelsea State Bank will soon be opening a full-service branch of the bank at the corner of Old US-12 and M-52.

Most Chelseaites have no doubt become familiar with the sign announcing the branch, standing all alone in the middle of the dusty corner. According to bank President Paul Mann, the land will very soon be sporting more than a billboard. He said construction on the branch should begin "probably next week" and ought to be completed sometime in November.

The completed facility will provide bank customers with four teller windows inside the building and four outside drive-up lanes, featuring pneumatic tubes and carrier containers. Two access boulevards, one leading from M-52 and the other from Old US-12 will converge at a parking lot for lobby customers.

Architects for the facility are Barber-McCalpin Assoc. of Anchorville, who specialize in bank design. General contractor is Thompson-Phalen, Inc., who will be utilizing a number of local firms as subcontractors.

Meanwhile, construction continues on the expansion of the drive-up and parking facilities at the main branch of the Chelsea State Bank on Main St.

Aquatic Club Places Fourth In Conference

Last week, the final week of the season, the Chelsea Aquatic Club achieved its season goals: to capture at least fourth place in the Washtenaw Inter-Club Swim Conference and, in so doing, to defeat Ann Arbor Country Club.

Chelsea's fourth-place finish came on 946 points in a field of 13 teams. Huron Valley Swim Club took first with 2,180 points.

League champions from Chelsea are:

Sarah Weiss in the 8-and-under girls' league record in the 25-yard butterfly and first in 50-yard freestyle;

Dave Karns in 8-and-under boys; 25-yard breaststroke;

Margie Rawson in 11 and 12 girls' league record in the 50-yard butterfly;

Jonh Hoffman, Dave Nicola, Dave Mason and Sean Oxner; 13 and 14 boys medley relay;

Dave Mason in 13 and 14 boys; 200-yard individual medley and 50-yard butterfly;

Dave Nicola in 13 and 14 boys; 50-yard breaststroke;

Sara Borders in 15 and 16 girls; 50-yard butterfly;

Phil Hoffman in 15 and 16 boys; 200-yard breaststroke;

Phil Hoffman, Tom Gaunt, Mike Mason and Scott Prohaska; 15 and 16 boys freestyle relay.

Fourteen-year-old Chelseite Dave Mason was awarded the high point honors for the championship meet. In addition to his swimming accomplishments, Mason was second in diving and second in the 200-yard freestyle.

The Aquatic Club, in its third year this summer, drew 132 summer athletes. The coaches are appreciative of the support given the athletes by their parents.

The club now will discontinue training until the second full week of school. Those interested in participating on the team should call the Cameron Pool during the first week of September.

Chelsea Blues Have 9-Game Win Streak

Last week, Pat Clarke's Chelsea Blues girls softball team defeated the Pinckney Blues, 38-29, and downed Gregory, 22-5, to run its season winning streak to nine consecutive games.

The team was led by the hitting of Kim Boyd, with 10 hits, including two home runs. Lisa Beeman stroked seven hits, one of them a round tripper, and Donna Mahoney slammed eight hits.

So far this season, the Blues' record stands at 9-1. They opened the season with a close 30-23 loss to their sister team, the State ASA

Champion Chelsea Greys.

They rebounded to defeat the Pinckney Greens twice, 24-16 and 13-8. The girls then traveled to Munnith and returned victorious, 23-12. Next, the Pinckney Reds were the Blues' victims, falling 19-4 and 20-18. The Pinckney Blues also bowed to Chelsea, 15-14. Finally, going into last week's action, the locals trounced Gregory, 20-2.

Pitching leaders of the team are Anna Aiello, with a 7-1 record, and Kim Boyd at 2-0. Coach Pat Clarke said both are progressing and

Regional Play Set Friday for Girls Softball

Saginaw may provide the springboard to national recognition for Chelsea's State Champion girls softball squads this week-end, as the fired up teams begin play in the Great Lakes Regional Tournament Friday evening.

Both teams will kick off the proceedings with contests at 5 p.m. at Olson Park in Saginaw township.

Charles Waller's 13- to 15-year-old crew is scheduled to meet with Charlevoix, the runner-up to Chelsea in the state tournament two weeks ago. If the Chelseaites take that contest, they will face Trini and Carman's of Metro Detroit that evening at 7. In the event that Charlevoix defeats Chelsea, the girls move into the losers bracket and continue to play on Saturday.

Bill Wescott's 16- to 18-year-old team will take the field against Warehouse Tire, the Metro Detroit champions. A victory in that game would move the girls into a 7 p.m. contest against Kane's Klassies, the Metro Detroit runners up. A loss sends them to losers'-bracket play.

Wescott's team will be coming off a Thursday afternoon game against Dexter for the championship of the Ann Arbor League. In spite of having won the state title, the Chelsea girls still need a victory to emerge on top in their league. A loss to Dexter will give the locals a tie for the title.

The tired team played a game against last-place Lincoln Monday, and emerged with a very close 2-1 victory.

Sidewalk Sale, Art Fair Open Friday Morning

More than 45 exhibitors of the familiar to the unusual will bring their colorful wares to the streets of Chelsea this week-end, as the seventh annual Sidewalk Sale and Art Fair will entertain area residents.

Purveyors of pottery, knotters of macrame and painters and sketchers will mingle on Main and Middle Sts. with glassblowers, toy-makers and artists who will paint clown faces on children.

Local merchants will be slashing prices, offering bargains and displaying their wares on the streets.

This year's fair will run from 8:30 a.m. to 8:30 p.m. Friday, and 8:30 a.m. to 5:30 p.m. Saturday. Middle St. will be closed off to accommodate most of the food stands and some of the exhibitors.

Booths will be placed from the familiar to the unusual will bring their colorful wares to the streets of Chelsea this week-end, as the seventh annual Sidewalk Sale and Art Fair will entertain area residents.

As art and bargain-lovers wander through the clothing racks, wood carving booths and other attractions, they may also feast on a huge array of varied culinary delights.

There will be knockwurst, corn dogs, tacos and French waffles, side by side with ice cream, honey and popcorn.

Delights for the ear will come from Chelsea High schools' jazz band and from an Ann Arbor-based jazz band, who will waft their sweet sounds through the streets Friday afternoon.

Good Wheat Harvest Is Nearly Finished

Wednesday, July 18 saw the first of this year's huge wheat crop arrive at Honegger's Grain Elevator.

According to manager Jerry Heydlauff, this year's crop looks larger than last season's, with more acres planted and the crop high in quality.

Heydlauff said that this year's wheat is high in moisture content, with figures running in the 15 to 16 percent area. The yield per acre has varied widely, with figures of

approximately 20 bushels on the low end and 70 in the upper register.

Harvesting is almost two-thirds finished, with this week's off and on rain preventing completion of processing.

Honegger's reported a record day last Monday, July 23, as 110 loads of wheat were delivered at the elevator.

Five good, rainless days will enable farmers to complete harvesting, said Heydlauff.

13-15-Year-Olds Prep For Regional Play

Chelsea's 13- to 15-year-old fast pitch team returned to action in the Ann Arbor league for two games this week before traveling to Saginaw for the Great Lakes Regionals this week-end.

It was an effort for the Chelsea girls to get themselves up for league competition after capturing the state championship in Petoskey two weeks ago.

Wednesday, the squad met Ling's Marathon and came away with a 15-0 shutout, in which 16 Chelsea players saw action. Kim Boyd received her first start for the Ann Arbor League team after pitching several times for Pat Clarke's 13- to 15-year-old traveling team, which competes in the Stockbridge-Pinckney League.

Boyd picked up the entire team with her fine pitching performance. She shut out Ling's Marathon in just five innings, facing only 16 batters — just one over regulation. Kim yielded only three

hits and one walk while fanning 10. All but one of Ling's four base-runners were cut down by catcher Amy Hume as they attempted to advance. Hume cut down the first runner at home on a wild pitch and then gunned down runners at third and second.

Kim Boyd also led the Chelsea hitting attack as she banged out three run-producing hits, including a first inning home run, to drive in four RBIs. Amy Unterbrink and Ann Eisele each collected three RBIs as the Chelsea attack finally came alive in the fourth and fifth innings and put the game away.

Chelsea's second game of the week on Friday was forfeited by Stadium Rike, but the two teams combined for a scrimmage to give all the girls a chance to play.

The team will travel this week-end to the Great Lakes Regional, which will send a team to the NSA National Championships in Freeport, Tex., the following week-end.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Ed Doolittle got the floor first at the country store Saturday night, and lit it on the Carter Administration in general and the President in particular. He was quick to get backfire from the feller. When the fog cleared later in the session it was general felt that Ed had been out over his head, but Clem Webster failed to get a second on his motion to require a doctor's written word at all future sessions that Ed was able to turn on his brain before starting his mouth.

Republican Ed said he still was mulling over the President's speech the other week where he laid out all he is going to do, all he's going to get Congress to do, and all we got to do to save the country from gasoline starvation. Ed said he has followed the news extra close in recent days, and he has seen a heap of shuffling around and pot-stirring in Washington, but all he has seen come out is the same weak soup. All the talk about sweeping with a new broom is just that, allowed Ed, since people Carter brings in is bound to think like people he put out.

Actual, went on Ed, what he felt for the President when he watched his speech on television was pity, and Ed allowed that is the deadliest feeling a politician has to deal with. He said Carter come across as a man as out of place in a hand-to-hand combat of Washington now as he was when he first got there. The President practical said he just ain't been able to find the handle to turn to make things happen in the federal government, was Ed's words, and he leaves us with the feeling that here is a good man full of good intentions that is a reminder where the road paved with good intentions leads to.

Clem Webster tore into Ed about his claim that the President looked pitiful. Clem said it's true that pity is fatal to a politician, because we really are pitying ourselves for voting ourselves in such a fix. Clem declared that Nixon was a man you love to hate, so you automatic looked for a good side to make up for the bad. Down deep, Clem said, Nixon hates knew they would rather have that kind of man fer them than ain't them, so they'd wind up voting fer him in place of someone that could be worse.

What we were seeing now, and what we saw in the TV speech, said Clem, is a President that has decided to be President. He is making noises now like a man that's decided the carrot don't work so he's coming with the stick. And he's coming straight from the shoulder. Clem went on, not waving a magic wand, but telling us that the people are the Government, that the people can set the course of Government and not the other way around. We keep looking to all our Governments to make everything right, went on Clem, when we know that good effective Government, like charity and good kids, begins at home.

Mister Editor, when Ed and Clem pit off on one of their ram-pages there ain't much room on the arrender fer reports on the general state of the world. The fellers went home feeling like the preacher had run over into their dinnertime.

Yours truly,
Uncle Lew.

MICHIGAN MIRROR

Numerous Items Approved By Legislature

As usual, the summer session of the Michigan Legislature finished with a flurry of activity which went practically unnoticed as most legislative observers were concentrating on the budget process.

While the legislators were deciding how to divide some \$4.5 billion for state services, items such as essential insurance, presidential primaries, property tax credits were virtually undetected.

The following is a run-down of some final legislative activity beyond the budget process:

The House of Representatives spent days putting the finishing touches on a bill requiring insurance coverage be available at reasonable rates to every driver and homeowner in the state.

The Senate had earlier approved legislation guaranteeing no-fault auto coverage by making the entire state a single territory for rating purposes which, in effect, will make insurance more expensive for the majority of the citizens to

bring down the cost to residents in metropolitan areas.

The House included language covering residential properties in the bill but due to a dwindling number of members present, the Senate was unable to take action to place it in a joint conference committee where members from both chambers could hammer out the difference during the summer break.

The legislature completed action on legislation providing that residents who qualify for property tax credits will have that credit available to them when property tax payments are due.

Taxpayers will now get their property tax credit in the form of a certificate to present to their local treasurers when paying property taxes with that amount being deducted from the amount due. The state will in turn reimburse the local treasurers.

The bill further is designed to make the program more visible to show taxpayers they are getting property tax credits instead of

lumped under the heading of an income tax return.

The program will cost the state some \$500,000 per year to administer.

Both the Senate and House approved respective versions of bills restructuring presidential primaries. The Senate bill retains the presidential primary but excludes independents from having any influence on selection of Democratic candidates.

Meanwhile, the House approved legislation totally eliminating the presidential primary in the state.

National Democratic party rules require states to allow Democrats only to vote for candidates and convention delegates in presidential primaries, and gave states that allow anyone to vote in the party primaries — such as Michigan — until Oct. 1 to comply with the rules.

Differences between the two versions will be worked out during the summer recess with compliance expected by Oct. 1.

Implementation of the Headlee tax limitation amendment was still taking place during the 11th hour of the session. A bill implementing the mandated cost section of the Constitutional amendment was finally sent to the governor for signature.

Under the amendment the state cannot mandate any new or ex-

Expansion of a current program without providing state funds for the increased cost.

The final version was approved with a controversial section exempting state laws that do not apply principally to local governments. It protects the state from the necessity of having to pay local governments for such things as increases in minimum wage.

Businesses will be encouraged to engage in neighborhood assistance programs by the state offering rebates for contributions to local organizations under House approved legislation.

The legislation would classify eligible neighborhoods for assistance and eligible organizations to receive assistance from local businesses. Businesses that make grants for neighborhood revitalization projects will then be able to receive a 50 percent rebate, up to \$50,000 on their investment.

Thursday, Aug. 7, 1875—

The familiar face behind the counter filling prescriptions for Chelseaites won't be there too much longer. Charles M. Lancaster is retiring. Or should it be "retired" ... for it was official last May.

Despite protests by numerous residents to the construction of the curb, gutter and sidewalks on the west side of Freer Rd., the project is expected to begin sometime next week.

Wayne Stahl, son of Mr. and Mrs. Vincent P. Stahl, 9437 Lakeview Dr., Pinckney, is listed in fair condition at St. Joseph Mercy Hospital following a diving accident Sunday which broke his neck.

George Atkinson punched out for the last time last Friday afternoon at the Chelsea Post Office, where he was employed as custodian for 18 years, since August 1857.

A window valued at more than \$100 at Kim's Laundry, 114 W. Middle St., was shattered early the morning of Aug. 1. Mr. Kim told police he heard glass shattering, found a small rock on the floor, and saw someone fleeing from the building.

Duane Bollinger and his horse, Robin, and his son Chuck on pony Beauty, rode away with the High Point Trophies of the Day at a horse show held at White's Arena in Manchester last Sunday.

Mrs. Camilla Morris is the owner of a new business, the Sanjon Ceramic Gift Studio, which will open for business at 10 a.m. Friday. Location of the business is in the former Kantelehn Jewelry Store, corner of Main and Middle St. The interior has been completely remodeled.

Jaycee officers and their wives who attended the State Jaycees Summer Board meeting in Port Huron last week-end included President Art Stoll, Mr. and Mrs. Dan Maroney, Mr. and Mrs. Ed Akin and Mr. and Mrs. Silas Hopkins.

St. Paul United Church of Christ is making plans for a centennial celebration to be held the week of Oct. 31-Nov. 7 in observance of the 100th anniversary of the founding of the congregation.

The fan isn't the only new item to go into the kitchen at the Chelsea fairgrounds. That spanking coat of white paint will be perked up with red-checked curtains.

Mrs. LaRue Shaver entertained a few friends Saturday afternoon in honor of Mrs. Margaret Dietle, who left Tuesday for an extended tour abroad.

With their daughters Penny, Melody and Terri, Mr. and Mrs. Donley Boyer spent several days touring Gettysburg and points of interest in Washington, D. C.

Lt. Jerry Platt of Jacksonville, N. C., is visiting at the home of Howard Wahl and other relatives prior to reporting for overseas duty.

Dedication services will be held at the 10 a.m. service Sunday in the Unadilla Presbyterian church for a carillon which is a gift to the church from Mrs. Franklin Dekleine of East Lansing, a friend of the church's pastor and his wife.

K. C. Runciman, local landscape architect, is doing the landscape planting for Washtenaw County's new courthouse at Ann Arbor. A total of 14 varieties of evergreen and broadleaf evergreen are included.

Workmen began cutting through the stone wall of Chelsea State Bank Monday in preparation for installing a night depository for the convenience of business people and others who wish to make deposits after banking hours. The wall is approximately five feet thick at the point of the opening.

Barbara Marie Kuhl, daughter of Mr. and Mrs. Arthur Kuhl, and Jean Schweinfurth, daughter of Mr. and Mrs. Albert Schweinfurth, are listed among the students of Michigan State University whose names

Save Where You Get High Earnings Plus Liquidity.

The 5 1/2% Passbook Savings Account

This is the savings account everyone should start with and keep. Now it's better than ever because we have raised the interest return from 5 1/4% to 5 1/2% per annum. With quarterly compounding, it pays an effective annual rate of 5.614%. It pays you interest from day of deposit to day of withdrawal. Because you can add to or withdraw from it anytime, it provides the liquidity of funds you need for emergencies and opportunities.

Keep at Least Six Months' Wages in a 5 1/2% Passbook Savings Account

Every family needs liquidity to meet the emergencies that arise from time to time ... large medical bills, job changes, home repairs ... and the best way to achieve this liquidity is to maintain the equivalent of six months' wages in a 5 1/2% passbook savings account. Financial experts recommend it ... so start building your reserve now at Great Lakes Federal Savings.

Area Trappers Meet at Fairgrounds

An estimated 1,000 persons converged on Chelsea Fairgrounds last week-end with pick-ups and campers to attend the fourth annual convention of the Southern Michigan Trappers Association.

Trappers and hunting enthusiasts from this part of the state wandered among some 40 tables in the Fair Service Center, examining an endless variety of traps, scents, and other accessories of the trade.

Purpose of the convention was to present demonstrations of hunting and trapping techniques and to mingle with others of similar interests.

A business meeting was also held and officers were elected for the coming year.

According to John Wellnitz who

co-ordinates rental of the fair facilities to groups, there were no local residents involved in the association or convention.

Seniors Fair Float

Chelsea High school seniors, the Class of 1980, has begun work on the fair float and are looking for more seniors to participate in the construction.

All members of the class are asked to give some time to the float, which is located at 313 E. Middle St. Work hours are Monday through Friday from 6 p.m. on and Saturday from 1 p.m. on.

For more information, call Debbie Connell, 475-2319 or Tammy Sabo, 475-1227.

Mr. and Mrs. Martin Steinbach

Martin Steinbachs Mark 50th Anniversary

Mr. and Mrs. Martin Steinbach were honored guests at a dinner at the Bauerstube in Manchester, Saturday evening, July 29, in celebration of their 50th wedding anniversary.

The dinner was hosted by their children, Mr. and Mrs. Raymond Steinbach and Mr. and Mrs. Roger Hoffer. Also present were their

five grandsons: Victor and David Steinbach, Philip, Douglas and Steven Hoffer, Raymond V. Shoberg, brother of Mrs. Steinbach and one of the wedding attendants was also present. Illness prevented the other wedding attendant, Mrs. Harry (Jan) Ogden, Mrs. Steinbach's sister, from attending the party.

Martin Steinbach, son of John and Lillian (Wolff) Steinbach, and Alene Shoberg, daughter of Victor and Anna (Borjesson) Shoberg, were married in her parents' home at Cedarville, Aug. 12, 1929. They have resided in Chelsea since November 1929, and in their present home since August 1934.

For 21 years Mr. and Mrs. Steinbach owned and operated Finkbeiner Lumber Co., which was located at the south edge of Chelsea, west of S. Main St. on Old US-12. They retired in 1969.

Since retiring, the couple has enjoyed gardening and traveling. Their latest trip was a tour of Scandinavia, where they spent two days at the homes of cousins of Mrs. Steinbach.

Home Meals Service Offered Elderly, Disabled

Chelsea's Home Meals Service has been such a success that the only concern organizers have now is that persons in need of the service may not aware of their eligibility.

The meals are served seven days a week, every day of the year, to those who are elderly, temporarily or permanently disabled, or anyone with difficulty in preparing a warm meal.

People, such as those just out of the hospital and recuperating at home, may not be aware that they are eligible to make use of the service until they are back on their feet again.

Cost of the meals is minimal and can be supplemented partially or totally for those who cannot afford to pay the full price.

The project is completely volunteer and non-profit. Volunteers pick up meals at the Chelsea Methodist Home where they are prepared and deliver them between 11:15 and 12:15 for the noon meal. Sack lunches can also be prepared and delivered for the second meal of

the day if a person so requests. Special diets, such as salt- or sugar-restricted, can be accommodated by the program, also.

Anyone who would like to make use of the system or volunteer to deliver meals should call Barbara Branch at 475-7644 or Ann Feeney at 475-493.

Chelsea Blues...

(Continued from page two) should be great assets to next year's high school teams.

Team members of the Blues and their batting averages and positions for the 10 games this year are as follows:

Kim Boyd, pitcher, .722; Jane Verwey, second base, .658; Lynette Meymans, shortstop, .654; Carolyn Chandler, centerfield, .625; Anna Aello, pitcher, .528; Lise Beeman, left field, .522; Donna Mahoney, catcher, .447; Sandy Sundling, outfield, .429; Marty Kovick, catcher, .417; Missi Lazarz, third base, .406; Cathy Degener, third base, .400; Kim Williams, outfield, .364; Julie Patrick, shortstop, .350; Lisa Hurd, first base, .300; and Claudette Bucholz, outfield, .294.

The team will close out its summer season this week at home against Munith Tuesday and then will meet the Junior Miss League All-Stars from the Chelsea Recreation Council in a home contest Thursday.

VFW Hosts Children From National Home

Saturday, July 28, VFW Post No. 4076 and Auxiliary prepared lunch for 20 children from the VFW National Home and five chaperones as they stopped on their way to a circus in Ypsilanti.

Nine children from the Chelsea post went along with them; as well as Tom Collinsworth and Kermit and Bessie Sharp. All were given a bag of popcorn and a can of pop to take to the circus.

About 6 p.m. the group returned to join the post for a pot-luck supper. Lucy Platt's spaghetti was the main dish, accompanied by a variety of side dishes prepared by members.

At the supper, a happy birthday was sung to Carl Heldt and David Erskine. Five past members, eight

auxiliary members and six guests shared the meal with the Home children.

Post and auxiliary members who brought food and helped prepare the lunch were Mary Erskine, Ken and Lucy Platt, Marian Johnson, Eulabee Packard, Carl and Sally Heldt, Mary Kniss, Marie Abdon, Mrs. Ruby Sanders, Fremont Boyer and Tom Collinsworth.

Children thanked the Post and Auxiliary for the lunch and dinner.

The first U. S. women to participate in a strike were weavers in Pawtucket, R. I., who were resisting increased hours and reduced wages in 1824, according to the U. S. Labor Department's "Labor Firsts in America."

The Bible-The Light from Heaven

Teaches the four "alls" of the great commission. In Matthew 28:18-20 is recorded: 1. "All power or "All authority" is given to Jesus Christ. The Lord demonstrated his power over demons, sickness, the elements, death, etc. The apostle Paul wrote in Colossians 1:18, "And he is the head of the body, the church: who is the beginning, the firstborn from the dead; that in all things he might have the pre-eminence." 2. "Teach all the nations." In the first commission to the twelve they were to go only to the lost sheep of the house of Israel. (Matthew 10:5, 6). The middle wall of partition was broken down. (Ephesians 2:14). The gospel is to be preached to "every creature." (Mark 16:15). 3. "Teaching them to observe all things whatsoever I have commanded you." One thing Jesus commanded was to "teach all of the nations," thus the baptized are to do the same thing. 4. "I am with you always." To lead, guide, protect, etc. Be with you as the Shepherd of your soul. (John 10).

Southfield Has More Phones Than People

Detroit is one of a dozen metropolitan areas in the country with more phones than people.

With some 1.5 million telephones in service, Detroit ranks sixth in the country among metropolitan areas with more than a million telephones — trailing New York City, Los Angeles, Chicago, Philadelphia and Minneapolis-St. Paul.

New York City and Los Angeles are locked in a virtual tie for first-place with about 5.9 million phones each.

The remaining six American cities with more than a million phones are: Baltimore, Denver, Houston, Miami, San Diego and Washington, D. C.

Washington, D. C., and Southfield maintain their top rankings as the world's cities with the greatest number of telephones for every 100 residents. The nation's capital has nearly 150 telephones for every 100 residents, followed, for the eighth year in a row, by Southfield with 143.

The American Telephone and Telegraph Co. reported these and other related facts in its annual publication, "The World's Telephones." Based on statistics from more than 230 countries and areas, the figures, the most recent available, are dated as of Jan. 1, 1978, since it takes a year to gather and publish the information.

World-wide, more than 423 million telephones were in use as of Jan. 1, 1978, an increase of nearly 25 million over the previous year.

The United States led the world with more than 162 million telephones, up almost seven million over 1977. Trailing the U. S. were Japan with 50.6 million telephones, the United Kingdom with 23.2 million, West Germany with 22.9 million and the Soviet Union with 19.6 million.

Also, more than 220 billion local long distance and overseas calls were placed in the U. S. in 1977—the 101st anniversary of the invention of the telephone. In 1976, the total was 210 billion.

California leads the states with more than 18 million telephones, followed by New York with 13 million and Texas with 9.6 million. Michigan had 6.8 million phones in service in 1977.

The U. S. has the highest ratio

FCIC Offers Protection for Wheat Growers

The latest development in investment risk management is an all-risk policy that USDA's Federal Crop Insurance Corp. says wheat farmers can customize to their individual financial situation.

Under the new wheat insurance program which is being introduced for the 1980 crop year, a total of nine different protection possibilities are being offered according to Harlan G. Stull, district director for FCIC.

Even the premium rates are being computed to reflect more closely the individual policyholder's yield and loss experience, Stull points out.

Farmers can qualify for a 5 percent premium discount after the first year. With additional favorable years of insurance experience the discount can climb as high as 50 percent. Policyholders who have large or frequent claims will pay higher premiums.

Wheat farmers can elect to be paid \$2.50, \$3, or \$3.50 for each bushel their insured crop falls below the guarantee yield. Stull notes that the price elections indicated above are each 50 cents a bushel higher than a year ago in order to reflect wheat growers' increased cost of crop production. Stull suggests that the best way to make an intelligent decision about crop insurance is to weigh the cost against the benefits which are known. Some can have a dollar-and-cents value placed on them.

With others, such as borrowing power, financial security, and peace of mind, it is difficult to know the real value.

The deadline to apply for insurance on 1980 wheat is Sept. 30, 1979. Farmers may obtain information about the new customized all-risk protection available on their farms by contacting: Federal Crop Insurance Corp., 1123 W. Chicago Rd., Coldwater 49036, telephone (517) 279-8471.

Legislative Update

A Weekly Report from
State Rep. Mary Keith Ballantine
State Capitol, Lansing 48909
Phone (517) 373-1775

Week of July 30-Aug. 6

OUTSTANDING ELDER—The Office of Services to the Aging will name two Senior Citizens of the Year at the State Fair August 27. Deadline for nominations, which must be by an organization, is August 17. Write Box 30026, Lansing 48909 or (517) 373-9360.

FAMILY DAY—The coming Sunday, August 5, has been proclaimed American Family Day in Michigan by Governor Milliken, acting on a House Resolution asking him to do so. The family unit has long been our basic strength and deserves to be recognized.

CUTS CUT—Recent congressional action has halted a planned outback of \$52 million in welfare funds to Michigan. However, congressional directives to cut costs means there may still be a \$20-million-plus cut during the coming fiscal year.

AGING HEARINGS—The Joint Committee on Aging is holding public hearings to explore state laws, policies and procedures which may prevent elderly persons from living in their homes. Hearings are July 30 in Owosso; July 31, Comstock; August 1, Manistee; August 2, Gladwin; and August 3 at Lake Superior State College in Sault Ste. Marie.

PRIVACY RULING—The Attorney General has issued the longest opinion ever made by that office in response to questions on the Freedom of Information Act. He said conflict-of-interest information on civil service employees and medical and pension information on retired public employees can be disclosed; but personnel files and certain arrest records are off-limits.

DIVORCE PROPOSALS—The Legislative Commission on the Courts has recommended several steps to make divorce proceedings easier and less traumatic, including granting divorce judgments without going to court; allowing affidavits giving reasons for a divorce rather than presenting evidence in court; and ending the "adversary" aspects. Bills will follow in the fall.

ENERGY AWARENESS—The Governor has appointed a 40-member Energy Awareness Committee to help inform the public on energy conservation and cost savings. Also, the Michigan Press Association is urging its newspaper members to provide free ad space for car-pooling information.

SERVICE REPORT—A citizens' advisory task force has made 38 recommendations to improve Civil Service, including collective bargaining rights, a legislative oversight committee, evaluation based on affirmative-action goals, and creating a classified executive service.

ADOPTION CHANGES—A special House Committee on Young Children's Services is holding public hearings regarding the adoption of children; the next will be in Detroit September 6. These are prompted by the fact that it's easier to adopt foreign children than Michigan children.

Open House Slated To Honor 80th Birthday

Magdalen (Schanz) Slocum will be the guest of honor at an open house, hosted by her family, on the occasion of her 80th birthday. The open house will take place Saturday, Aug. 11 from 2 to 4 p.m. at the Knights of Columbus Hall, 20750 Old US-12.

It is estimated that there are about 10 telephones for every 100 people on a world-wide average.

Apprenticeship Programs May Offer Opportunity

The Michigan Department of Labor, Office of Women and Work, has published a booklet entitled The Apprenticeship Puzzle.

This eight-page booklet is designed to provide young people, especially young women, with apprenticeship information.

The booklet follows two fictional characters — Patricia and Denise — from junior high school into the world of apprenticeship.

It also contains a complete listing of apprenticeship information sources. Patricia Curran, director of the Office of Women and Work said many opportunities have opened up in the skilled trades for women. "This booklet will hopefully help many young women still in junior high and high school become aware of apprenticeship as a beginning to a rewarding lifetime career," Curran said.

Copies of the booklet are available from the Michigan Department of Labor, Office of Women and Work, Box 30015, Lansing 48909.

Announcing

Modernization & Expansion of

DRIVE-UP WINDOW SERVICES

Chelsea State Bank is pleased to announce the expansion of the Drive-Up Window facilities at the Main Office from the current two windows to four windows, each with a separate lane. This improvement, together with the new Branch Office of this bank, presently under construction at the corner of S. Main St. and Old US-12, will increase our ability to serve our customers with greater speed and efficiency.

During the construction period the Drive-Up Window service will be limited to one window. This inconvenience should not last more than a few weeks, and during this time more tellers will be on duty in the lobby.

We appreciate your patience and co-operation during this construction period.

New Traffic Violation Code Effective Aug. 1

Wednesday, Aug. 1 at midnight, Chelsea, together with the rest of the state of Michigan, brought its traffic violation ordinance into step with the new, decriminalized code enacted by the state legislature.

Basically, the purpose of the new legislation is to decriminalize certain traffic and motor vehicle violations and make them civil offenses rather than misdemeanors. Since a person cannot be arrested for a civil infraction, many traffic offenses which may have brought a jail sentence in the past no longer carry that option for the judge.

Chelsea brought its Motor Vehicle Ordinance No. 72 into compliance with the new state code through Amendment 72-C, which was published in The Standard last week.

Police Chief Aello pointed out that this new code will have a large impact on the procedures for juvenile traffic offenders. Under the old code, an offender aged 16 or under had to appear in Juvenile Court in Ann Arbor with one or both parents present.

Today, however, if such an offender is charged with an infraction that has been decriminalized, he or she need only sign the citation to plead guilty and return the citation with the proper fine.

If the juvenile wishes to deny the charge, he or she may appear at a hearing in 14th District Court as a juvenile rather than traveling to Ann Arbor.

It is not, of course, only juveniles who will be affected by the legis-

lation. Every Michigan motorist is likely to be affected in some way. Civil infractions do not require a mandatory court sentence, therefore a guilty plea may be entered by signing the appropriate line on the back of the citation and returning it with a fine, much like the present procedure for parking tickets.

Infractions that were formerly misdemeanors and have now become civil offenses include the following:

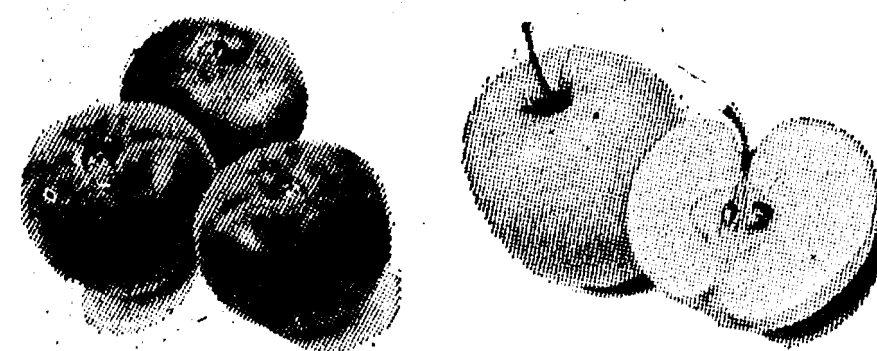

Certain speeding infractions and exceeding the 55 mph limit, following too closely, overtaking, failing to yield right of way, disregarding traffic control devices improper turns, driving on the wrong side of the highway, improper signaling, failure to dim headlights, defective or missing equipment, light (head, tail and signal) infractions, registration violations, parking violations, motorcycle, pedestrian and bicycle violations.

Infractions that remain misdemeanors include:

Hit and run, driving under the influence of liquor or controlled substance, drag racing or reckless driving, evading arrest, failing to stop for school bus or crossing guard and driver license violations.

More than 65 million workers in more than 5 million workplaces are covered by the Occupational Safety and Health Act.

Girls Softball Tournament Play Underway

Tournament play began in the Junior Miss League of Chelsea Recreation Council's softball program last week. The Midget League concluded regular season play and embarked in a single-elimination tournament schedule.

Monday, July 23 saw an excellent pitching duel develop in the Junior Miss League between hurlers Sue Messner of the Panthers and Maro Petsch of the Blue Eyes. After three innings of pitching, each had given up only four hits, but the Panthers had the edge, 5-1.

Panther bats exploded with 12 more hits, but the Blue Eyes answered with 16 of their own to bring the final score to Blue Eyes 15, Panthers 10.

Second game of the evening was a losers-bracket contest, with the winner continuing in the tournament and the losing team ending its season. It was an exciting back and forth game between the Orange Crush and the Candy Kisses.

The two teams shared the lead throughout the game, with the Crush ahead, 19-16, at the bottom of the sixth. The valiant Kisses pushed one more run across the plate but the Crush held to win, 19-17.

Wednesday, July 25, the Red Devils continued winning to maintain the only position left in the winners bracket. It was a high scoring game, with bats booming for the Red Devils and the Blue Eyes.

The Devils socked 25 hits, nearly matched by the Blue Eyes' 24. Devils Venus Roberts came in as relief pitcher in the fifth inning and safely secured the victory for her team. Final score: Red Devils, 29, Blue Eyes, 20.

Black Panthers were also tearing the cover off the ball, with homers by Cathy Doll, Kathy Morris and Kim Cooper. The Orange Crush put up a gallant struggle, but Panther reliever Cathy Basso came through in the final innings to give her team a 19-13 victory.

In the Midget League, it came down to the very last night of league play to determine the standings of a very exciting season. "All of our girls playing softball this year have improved tremendously," said Director Roberta Kemp. "It's been fun watching the girls learn the knowledge of the game and develop softball skills."

In the action Tuesday night, Basso's Bombers almost recorded the first shut-out of the season in the Midget League against the Red Hots. Bomber Teresa Reed hurled three shut-out innings while recording five strike-outs.

With the score 5-0 for the Bombers, the Red Hots pushed three runs over the plate in the bottom of the fifth. The Bombers, however, held to win, 6-4.

The Blue Angels-Giants contest was an exciting defensive battle, with Giant Allison Chastain's round tripper the only run scored in the first four innings of play. Blue Angel shortstop Sonya Steele scooped up five grounders and made excellent plays to first baseman Karen Grau for five easy outs.

Giant centerfielder Kelly Ghent made a spectacular catch of a long fly ball in the fourth. The Angels then scored three in the top of the fifth inning. In the bottom of the fifth, the Giants answered with two runs to tie the score.

Blue Angels failed to score in the top of the sixth. In the bottom of that inning, with one out and Giant runners on second and third, Tylene Greenleaf fielded a ground ball and pegged it to catcher Heidi Knickerbocker, who made the tag for out number two.

Giant Jean Petsch stepped up and, with two down, laced a single to score the winning run. Final score showed the Giants edging the Angels, 4-3.

Tournament play began for the Midgets Thursday night and proved to be an exciting evening with the Bombers slamming 18 hits. Laura Unterbrink took the pitching duties for the Chelseaettes with Teresa Reed on the mound for the Bombers.

Bomber Dawn Thorne homered and Lisa Taylor doubled, scoring seven runs for the team in the first inning. This first inning later proved to be the margin of victory for the Bombers, as they trounced the Chelseaettes, 20-5.

Michelle Easton homered for the Blue Streaks and Laura Scriven homered for the Giants in a tight tournament game that same evening. Giants held to win, 15-10.

MIDGET LEAGUE Final Standings

Assembly of God Poster Contest Winners Told

First Assembly of God recently held a poster contest for its upcoming Vacation Bible School. Judging was completed and awards were presented on Sunday, July 29. Prize winners in the junior division, those 12 to 13 years old, were Kimberley Coury, Connie Patrick and Marty Fletcher. In the primary division (ages 5 and 6) the winners were Stevie Riddle, Dickie Coury and Sarah Jedele.

Award ribbons, lapel pins and a record by the Gospellers were awarded to all. First-place winners received new Susan B. Anthony dollar coins.

Judges were Pastor Coury, publicity chairman Carol Ledford, Ray Riddle, Velma French and Albert Wisecup.

Bible school begins Aug. 6 and runs through Aug. 10 at Chelsea Assembly of God, 14900 Old US-12, Monday through Friday, 8:30 a.m. to 8 p.m.

For transportation, call 475-2616. The posters will be displayed in the area.

Real Estate

By PAUL FRISINGER

REALTOR

YOU AND YOUR AGENT

The quickest — and by far the easiest — method of selecting a home is simply knowing all that's available on the market. And you won't get that information by charging around from one "house for sale" sign to another. Your best course is to seek help from a REALTOR.

Preferably, one who knows — and is active in — the neighborhood you're interested in. Final advice: Be candid about your finances and what you can afford. This information will come sooner or later and you'll be wasting your time by looking at houses that are beyond your means.

Before you sit down with your REALTOR, determine your family's needs: number of bedrooms and baths, storage needs, "room for future expansion," reaction facilities, etc. If you're willing to compromise on any requirements, say so. Be flexible about architecture, and consider looking at a variety of home styles. And be particular about the location of the house. It's the one thing you'll never be able to remodel.

If there is anything we can do to help you in the field of real estate, please phone or drop in at FRISINGER REALTY CO., 935 S. Main St., Chelsea. Phone: 475-8681; evenings 475-2621. We're here to help!

MICHIGAN FARM BUREAU

★ Don't Waste Talent

(Guest editorial by Mike Rogers)

Could you manage without your
wife? Could you feed the kids, do
the laundry, mend the clothes,
buy the groceries...?

Well, too many farmers
are managing without their
wives. Not that they don't use
her skill and expertise in run-
ning the household. They appre-
ciate that if they had to pay
someone to perform housework,
it would be very high priced
help indeed.

But too many farmers are try-
ing to do everything else them-
selves. They're not letting their
wives contribute their talents to
running the farm enterprise. Are
two heads better than one? They
are if the wife has strengths and
skills that can make up for the
husband's weaknesses.

No one has to tell you how
difficult it is nowadays to run a
successful farm. You can't afford
not to draw upon all the talent
and expertise your wife might
have to offer... whether it's
in bookkeeping, supply ordering or
engine repair.

There's another, more sobering
reason for making sure your
wife is also your farming part-
ner. What if you die? Have
you taken the time to train your
wife and develop her skills so she
could take over?

There are all kinds of excuses
for not involving your wife in
the business. "She's not strong
enough." Maybe so, but if
strength was all that mattered in
running a farm, you'd have the
incredible Hulk keeping the cash
flow records. "She's not inter-
ested." Did you ask her?

If you haven't, quit wasting
time and talent. Not just yours.
Hers.

SYLVAN TOWNSHIP
PLANNING COMMISSION
JAMES P. LIEBECK, SECRETARY

Want a car that'll go
well over 300 miles
without stopping for gas?

"Let's make a deal."

	Chrysler New Yorker	336 MILES ESTIMATED CRUISING RANGE	483 MILES ESTIMATED HWY. CRUISING RANGE	16 ESTIMATED MPG	23 ESTIMATED HIGHWAY
	Chrysler Newport	357 MILES ESTIMATED CRUISING RANGE	483 MILES ESTIMATED HWY. CRUISING RANGE	17 ESTIMATED MPG	23 ESTIMATED HIGHWAY
	Chrysler Cordoba	336 MILES ESTIMATED CRUISING RANGE	483 MILES ESTIMATED HWY. CRUISING RANGE	16 ESTIMATED MPG	23 ESTIMATED HIGHWAY
	Chrysler LeBaron	351 MILES ESTIMATED CRUISING RANGE	546 MILES ESTIMATED HWY. CRUISING RANGE	18 ESTIMATED MPG	28 ESTIMATED HIGHWAY
	Plymouth Volare	324 MILES ESTIMATED CRUISING RANGE	432 MILES ESTIMATED HWY. CRUISING RANGE	18 ESTIMATED MPG	24 ESTIMATED HIGHWAY
	Plymouth Horizon	325 MILES ESTIMATED CRUISING RANGE	494 MILES ESTIMATED HWY. CRUISING RANGE	25 ESTIMATED MPG	38 ESTIMATED HIGHWAY

Remember, the circled EPA estimate is for comparison to other cars. Your mileage and range depend on your speed, weather and trip length. Your actual highway mileage and range will probably be less than the highway estimate. Cruising range estimates are determined by multiplying the EPA and highway estimates by standard fuel tank capacities. Chrysler New Yorker, Newport and Cordoba: 21 gallon capacity; Chrysler LeBaron: 19.5 gallon capacity; Plymouth Volare: 18 gallon capacity; Plymouth Horizon: 13 gallon capacity.

"Let's make a deal" now on one of our mileage cars.

When it comes to mileage, we're the
place to come to. Consider: our full-size
Chrysler Newport and mid-size LeBaron
get better EPA estimated gas mileage
than Chevrolet Caprice or Ford LTD.
Cordoba comes up with better mileage
than Thunderbird or Cougar XR-7. And

Volare with standard engine and auto-
matic transmission beats the compar-
ably equipped Granada or Monarch in
mileage. Overall, we can offer you five
Plymouth models that deliver 28 mpg or
better. Chevy has two, Ford one.
Like we said, if you're looking for

mileage, we're the guys to see. Espe-
cially now during our "Let's Make a Deal"
Closeout. Every one of our mileage cars
must go now. In fact, you may never have
a better chance to get into the Chrysler or
Plymouth of your choice. So, "let's make
a deal", shall we? Like, today.

To Assure A Good Attendance!

Senior Aide Jobs
Available in Area

Having a crowd sit down to dinner doesn't phase Mrs. Thelma Carter of Whitmore Lake. She has raised 11 children and has 30 grandchildren and two great-grandchildren. Now she's putting her culinary experience to work as a nutrition aide for the Washtenaw County Nutrition Center at St. Patrick's church, Whitmore Lake.

Mrs. Carter is a senior aide, one of 60 Washtenaw county seniors who have found part-time work through the federal Senior Aides Project. She and Ruth Withey serve as nutrition aides, working with Cleta Kirkpatrick, nutrition center cook. The program places low-income citizens, aged 65 and older, in service to non-profit agencies. Their wages and benefits are paid by federal funds. Administrative costs are provided through contributions to the local sponsor, in this case, Child and Family Service of Washtenaw County, a United Way agency.

"I like the work," says Mrs. Carter. "I'm used to working. My family tells me to slow down, but they know that I know how to take care of myself. I love to keep busy."

A resident of Whitmore Lake for four decades, Mrs. Carter had previously worked for Planned Parenthood, the Office of Economic Opportunity and a printing company. She also did volunteer work for the Whitmore Lake Community Health Clinic and Whitmore Lake Convalescent Center. One of Mrs. Carter's daughters says an article about the Senior Aides Project in a newspaper and suggested that she look into the job opportunity. She's been working at the center since last October.

In addition to cooking lunch and cleaning up, Mrs. Carter sometimes joins in the activities at the nutrition center. Seniors who frequent the lunch-time gatherings often play cards and games, do crafts such as origami (Japanese paper folding) and see films. Most diners are in their 70's and 80's.

"Living on Social Security is not easy," says Mrs. Carter. "I still have a house, and with taxes and other bills, it's hard to keep up. The senior aide project has been a big help to me. Working part-time gives me time to do things at home, too."

"I think it's good for senior citizens to get out with other people. When you talk to others and see what problems they have, you forget about your own problems. The senior aide project has helped me to do that, too. If not for this job, I would have to make an effort to get out of the house."

Currently, senior aides are working in some 20 non-profit agencies throughout Washtenaw county. They work as van drivers, home companions, office workers, teacher's aides, para-legals and in many other positions. Most aides work 20 hours a week.

Gloria Terhune, senior aide project director, explains the placement process:

"First, the candidate and I discuss what type of work he or she would prefer to do, then I try to place the person in that type of job in his or her own community. Jobs can be found for many senior citizens, regardless of age or skills."

As the first year of the county's senior aide program ends, Child and Family Service has placed six aides (10 percent) in unsubsidized employment. The agency was recently awarded a grant of \$246,845 from the U. S. Labor Department to conduct the second year of the project.

Administered nationally by the National Council of Senior Citizens, the Senior Aide Project is funded under the Older Americans Act, Title V, the Senior Community Service Employment Program for Older Americans.

To be eligible for placement as a senior aide, citizens must be age 65 or older, willing and able to work and must have incomes at or below the U. S. Department of Labor's low-income guidelines.

For more information, call Mrs. Terhune at 971-8200.

Granted Scholarship

By AMAX Foundation

Thomas Severn, son of Mr. and Mrs. E. Russell Severn, 52 Butternut Ct., was recently selected to receive an AMAX Foundation Earth Sciences Scholarship for the coming year. Severn is a graduate of Chelsea High school and will attend Case-Western University in Cleveland, O., this fall.

Tom's father is employed by the research laboratory of the Climax Molybdenum Co. of Michigan in Ann Arbor. The laboratory is a subsidiary of AMAX, Inc., which sponsors the AMAX Foundation and the Earth Sciences Scholarship Program.

Safety and health standards set by the Occupational Safety and Health Administration are designed to eliminate or reduce on-the-job hazards faced by workers.

More Help Needed To
Prepare Fairgrounds

A work bee assembled at the fairgrounds Thursday, July 26. Reuben Lesser, Jr., along with Otis Armstrong, Mary Armstrong, Leslie Buckner and Margie Jones worked in the horse barn.

More people are needed at the work bees than have been turning out to help.

Others who assisted at the bees were Larry Koch, Earl Heller, Art Machnik, Jim Dault, Marty Heller, Dale Koch, Lloyd Gran, Jerry Herrick, Richard Bolinger, Archie Bradbury, Bill Coltre, Pat Merkel, Dick Poljan, Mark Stapish, Ralph McCalla, Frank Renton, Harold Gross, Irv Young and William Stoffer. The group worked at installing a guard rail on the arena posts, setting posts and planning the tractor pulling slab.

Friday, Jim Dault and his men prepared the base for the cement slab. Others present were John Wellnitz, Debby Stapish, Kay Poljan, Mary Ann Guenther and Cindy Bradbury. The women stuffed envelopes with a premium book and a letter to the Fair Superintendents.

Fair Books and derby applications are available at the Wolverine Bar, Heller Electric and Sup-

ply and at the fair office. Office hours are Aug. 1 and 8, 10 a.m. to 4 p.m.; Aug. 15, 10 a.m. to 4 p.m. and 7 to 9 p.m.; Aug. 17, 10 a.m. to 4 p.m.; Aug. 18, 10 a.m. to 2 p.m.

Kay Poljan will help those who call 475-2921. The fair telephone number is 475-1270. John Wellnitz, at 475-1518, will also try to give assistance.

Windows Broken
At Firestone Plant

Twenty-four windows were reported smashed at the Firestone Plant on Old US-12 last week-end.

Plant Manager D. Maurer told police that the damage was discovered Monday morning as employees arrived for work. The 18"x12" windows were broken with huge nuts and bolts, identified as those used to construct the new grandstands at the Chelsea Fairgrounds.

Police Chief Ajello speculated that the damage may have been done by persons attending the week-end Trappers Association Convention at the fairgrounds.

Senior Citizens Plan Trip to Frankenmuth

Chelsea's rejuvenated senior citizens' activities program is offering one more chance for seniors to enjoy the fast-fading summer with a trip to Frankenmuth, featuring sightseeing, window shopping and dinner.

School buses will carry interested travelers to the Michigan village from the bus parking lot at 9 a.m. Tuesday, Aug. 14 and return to Chelsea at approximately 6:30 that evening.

Cost of the trip is \$7.50, and includes a dinner of shrimp and Bavarian combination (three German meats) plus everything from soup to nuts, transportation, and time for sightseeing.

A shopping expedition will be organized for a trip to Bronner's, Frankenmuth's famous, year-round Christmas shopping store.

Deadline for registration is Friday, Aug. 10. Those interested may send their name and address and a \$7.50 check to the Chelsea School District, Community Education Department, Chelsea.

For more information, contact the Community Education Dept. at 475-9830.

The last trip sponsored by Community Education, an evening at

Detroit Race Course, attracted an enthusiastic group of 35 seniors, who reportedly had a delightful time.

Fall activities will be offered in the newly refurbished house for senior citizens on W. Middle St. The upcoming Community Education brochure, to be mailed soon, will include this schedule.

USDA Proposes Limitation on Junk Food Sales

The U. S. Department of Agriculture has defined "junk food," at the urging of Congress, and proposed a regulation to ban sales of candy, chewing gum, frozen desserts and sodas in most schools before the last lunch period.

Junk foods, as defined by the USDA, are "foods of minimum nutritional value." Foods fall into this category if one serving, or a portion with 100 calories, contains less than five percent of the recommended daily allowance of any one of eight basic nutrients.

The regulation would take effect next Jan. 1 in nearly 98 percent of the schools serving federally subsidized lunches. Vending machine distributors, the food industry and the public, including students, will have 60 days to comment on the proposed ban.

USDA hopes that schools and vending machine distributors will offer more fruits, vegetables, fruit juices, and nuts as snacks to students.

Michigan has more than 11,000 inland lakes and more than 36,000 miles of streams.

ASK THE GOVERNOR

by William G. Milliken

Question: What are the two standby gasoline proposals which you are considering for emergency use in Michigan?

Governor: The "minimum purchase" and "odd-even" gasoline distribution plans are currently being considered for use in Michigan in the event of an energy shortage.

A series of five public hearings was held in Cadillac, Marquette, Kalamazoo, Saginaw, and Detroit last week to gather public input on the plans. The Michigan Department of Commerce's Energy Administration. Officials from the Travel Bureau and Commerce Department also participated in the hearings.

A report of the panel's findings is being prepared and recommendations regarding the two proposals will be forwarded to me.

The minimum purchase plan — as it is presently drafted — would require drivers of all motor vehicles with six or more cylinders to buy at least \$7 worth of gasoline at a time. Drivers of any other type of motor vehicle would have to purchase a minimum of \$5 worth.

Vehicles with a tank capacity of fewer than eight gallons — such as motorcycles — would not be covered by the minimum purchase requirement. Emergency and commercial vehicles also would be exempt.

The plan also allows for the filling of portable gasoline containers provided they do not have more than a six-gallon capacity.

Under the minimum purchase plan, motorists would be able to buy fuel any time they wanted. A person buying less than the minimum amount of gasoline would still have to pay the minimum price and the station owner would keep the extra money.

Service stations will be required to display colored flags indicating the kind of fuel available — a white flag for leaded fuel, orange for unleaded and blue for diesel.

The minimum purchase plan specifically prohibits selling by appointment and other discriminatory practices. In addition, service stations may not require the purchase of special services or products — car washes or tires, for example — as a condition of buying gasoline.

The odd-even distribution plan would include all of the minimum purchase plan, plus a restriction on the days that motorists could buy fuel: odd-numbered days for cars whose license plates end with odd numbers; even-numbered days for even-numbered plates. Personalized license plates and any other plates without numbers would be considered odd.

If a vehicle has license plates that contain both letters and numbers and end in a letter (Michigan truck and commercial license plates), the last number would be used.

Question: What part will Michigan play in the resettlement of Indochinese refugees now that the President has increased the quota of refugees allowed into the country?

Governor: President Carter recently increased the quota of Indochinese refugees admitted into this country. At the National Governors' Association annual meet-

ing, governors commended the President for his action and voiced support for refugee legislation.

Within the next few months, Michigan will be implementing a program to resettle refugees in the state. The program will be patterned after the highly successful program which Iowa is conducting and is drawing on the Iowa experience.

We are striving to develop a comprehensive program to help the refugees. Initially, we will be resettling 500 refugees through a contract with the U. S. State Department.

Michigan already has absorbed 3,500 refugees, resettled through the efforts of voluntary agencies. These agencies will continue their program in co-operation with the state-operated resettlement plan.

I believe this new program will help energize our over-all effort in the state and allow us to better fulfill our humanitarian obligations.

This country has been a haven for those fleeing oppression since its very beginning. The plight of the Indochinese refugees is a situation that cries out for help — and there is much that we can do.

Local Student Attends Case Summer Science Symposium

Elizabeth Merkel, 142 Van Buren St., recently attended the 1978 Summer Symposium on Science and Engineering at Case Western Reserve University (CWRU) in Cleveland, O., from July 15-20.

The symposium, sponsored by the University's Case Institute of Technology, gives entering high school seniors a preview of education and careers in science and engineering.

Merkel is a student at Chelsea High school.

Eighty-six students from around

the country heard faculty and professionals describe their work and outline interesting developments in technology. They also discussed job opportunities and problems of the future with experts in the various fields, learned the basics of computer programming and circuits, and did projects on University computer facilities.

Each student chose an area of special interest from among the 16 science and engineering fields offered at Case Institute of Technology.

Shalom Lutheran Has Busy Summer

The Rev. Glenn DeVantier, chaplain for Lutheran Social Services of Michigan, recently shared with the congregation of Shalom Lutheran church, Plinkney, the work which the church has been doing in the resettlement of refugees from Southeast Asia.

Funeral services were held for Mrs. Ruth Jackson of Parchment, mother of Barbara Larson, a Shalom member, June 18. The Rev. Ronald E. Rein officiated. Barbara worked along with Dennis Lange at the time, co-ordinating plans for Shalom's Balloontest Pancake Breakfast. Both sympathy and gratitude went out to Barbara, who faithfully went back and forth between family concern and commitment to Shalom's project. Members of her immediate family and relatives were of great assistance to Shalom workers in keeping the schedule that had been set for the Pancake Breakfast.

With weather co-operating in an especially good way, Shalom congregation was invited to the Portage Lake home of Esther and Don Gibb on June 8. The afternoon was spent in swimming, water volleyball, cards, boat rides, and a pot-luck supper.

Pastor Ronald Rein served as Camp Pastor at Pleasant Lake Bible Camp during the week of July 9-13. It is a common thing for pastors in the district to take a turn at this work of the church on a rotating basis. One of the major responsibilities was a daily Bible study. This is a family camp. Funds donated to LEAP go to this camp and are used to improve and maintain it. Members have been encouraged to use these camps for themselves and families.

Shalom Lutheran League held an art sale of quality framed lithographic prints and original works of art under the guidance of Bill Todd, adult friend of the church.

Other gift items included greeting cards and books of poetry, all priced below normal retail costs. Refreshments were served. Purpose of the sale was to raise funds for their Youth Program. Earlier in the month, a car wash had been held and at the present time, newspapers are being collected. Dwayne Wolff and John Burg of the League are in charge of this collection.

Luther Leaguers enjoyed a pool party at the home of Audrey Gill July 13. Volleyball, frisbee and swimming made the hours fly. A hot dog and hamburger roast followed.

During Pastor Rein's vacation, Gunnar Lindahl presented the sermons on July 22 and 29. William Todd will do this Aug. 5, worship service time. Please keep in mind the early schedule Shalom has adopted until September. Worship service now starts at 9:30 a.m., there being no Sunday School during the summer.

Fifty helium-filled balloons were released (with Shalom's address) at the close of Vacation School recently. One day later, one of the balloons was found by Mrs. John Douthitt of Apollo, Pa., approximately 30 miles north of Pittsburgh. Both Mr. and Mrs. Douthitt are members of the First Lutheran church of Apollo. Further contact with the couple will be made.

Pat Swarthout is busily engaged in transferring pertinent information concerning gift memorials to Shalom in its newly acquired memorial book.

Dates of the Bass Lake Festival are Aug. 23-26. Those going from Shalom are: Audrey Gill, Amy Larson, David and Paul Rein, and Cara and Eric Lange. It is hoped that John Burg, Mary and Jane Bock will be going also. This is a church-affiliated stay at camp, which besides religious aspects includes canoeing, swimming, crafts and rap sessions.

Congratulations from the congre-

Royals Claim Babe Ruth Title

The final week of Babe Ruth league play featured four teams with a shot at first place. When the dust settled the Royals were alone in first place, their 11-3 record having survived two close games with the Astros and ran their streak to 10 games.

In a double-header Sunday, the Royals came from behind with three runs in the seventh inning to tie the game. They went on to win, 9-8, as Steve Grau struck out 18, to run his strikeout total to 101 for the season.

In the second game the Astros tried valiantly to knock off the leaders. The game was a see-saw battle with the Royals inching out a win in the last inning, 10-9. Tim Pennington and Jeff Blanchard teamed up as the battery. For the day, Vaughn Mills rapped out four hits to help the Royals.

The Athletics did all that could be done by winning two games to boost their record to 8-4. Unfortunately for them, their four losses kept them behind the Royals in second place.

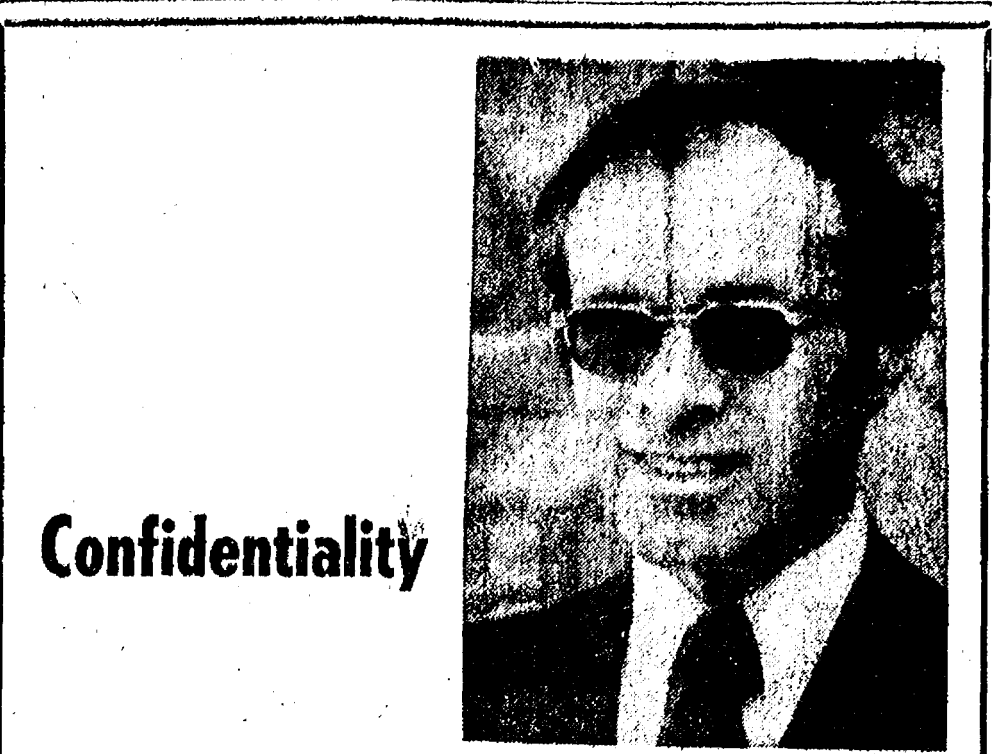

Pirates and Yankees both ran into tough luck as they both dropped two games to settle at 9-5 for the season.

Gation are extended to Sue Dlugosch, Shalom member, who won second place in this year's Miss Brighton Beauty Pageant, held at Brighton Mall recently. Runners-up all received trophies.

A highlight of Mark Gibb's young life was the tossing of a ring at Cedar Point, which completely encircled a huge, stuffed dog, making it his. He presented it to his younger sister, Kristen, upon his return home. This was on a Luther League outing last month. Parents drove the group to and from its destination.

Confidentiality

In Funeral Service professional competence is of critical importance. Errors cannot be corrected. There are no second chances. However, the relationship between Funeral Director and his clientele often entails confidential matters of such a nature that much more than his competence is involved. In these cases personal integrity is probably more of a factor than professional ability in continuing to earn the trust of families served. But a Funeral Director does not have to ask himself if he has that trust. The community will answer that question for him soon enough.

PALMER FORD

Biggest Clearance Sale In History.

Ford Thunderbird

Special incentives from Ford to its dealers make lower prices possible.

Now through August 20, Ford Dealers will be getting special Ford incentives on Thunderbirds, LTD's and Mustang Pace car replicas plus V-8 pickups, vans, Broncos, Rancheros and Club Wagons. This massive program is designed to help dealers lower selling prices and move out big stocks in preparation for the 1980 Ford car and truck introductions. It's truly a once-in-a-lifetime opportunity for smart buyers.

EPA mileage estimates show Fords go the distance.

Driving a long-range Ford can make a big difference today. Thunderbird, for example, can go from 294 to 420 miles per tankful, based on its 21-gallon tank and EPA estimated 14 MPG for city driving and 20 MPG for highway. A driver's mileage will vary depending on speed, dis-

tance and weather, and highway mileage and range will probably be lower than estimates. However, a 27.5-gallon tank is standard on Town Landau and Heritage models, optional on others. It greatly extends Thunderbird's range.

Buyers can save hundreds of dollars now.

The Ford incentive program makes possible bigger discounts

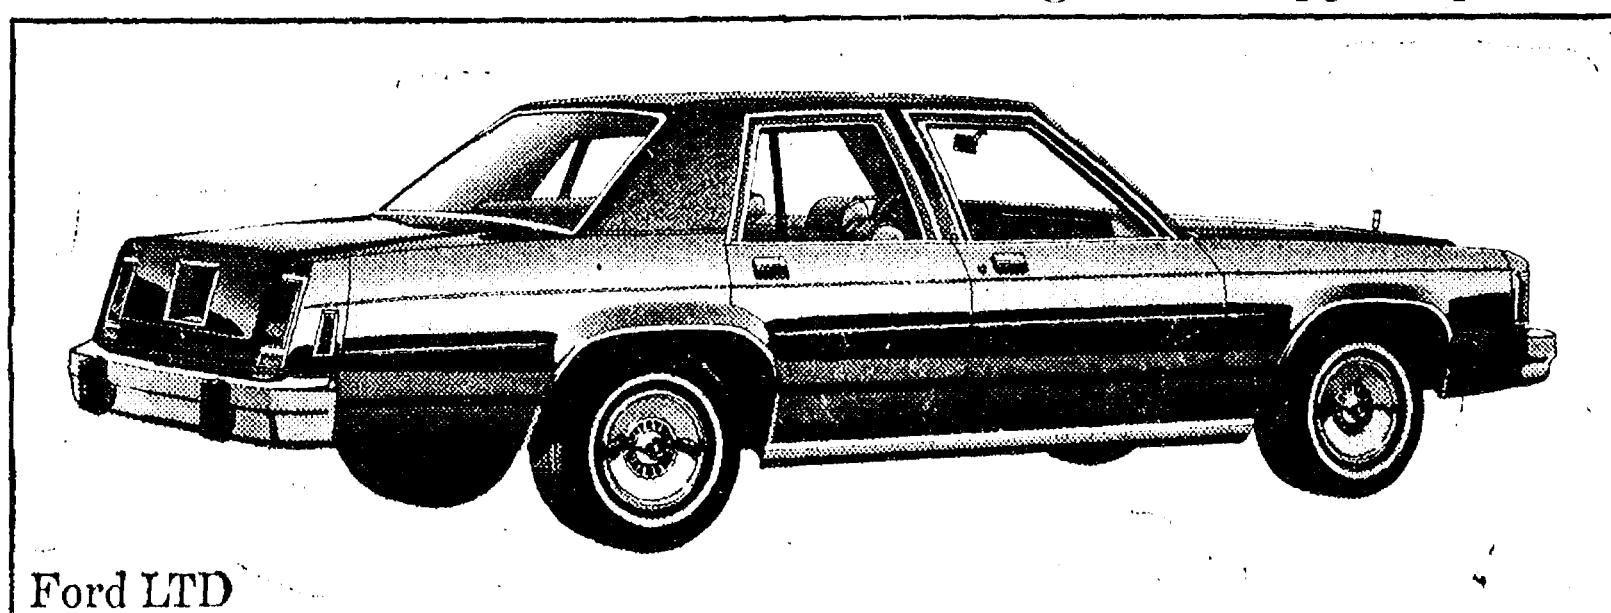

than at any other time this year. People who have hesitated to buy because of the economy, or have been holding out for greater savings should act now. It's doubtful if prices will ever be this low again.

Giant selection of new Ford cars and trucks.

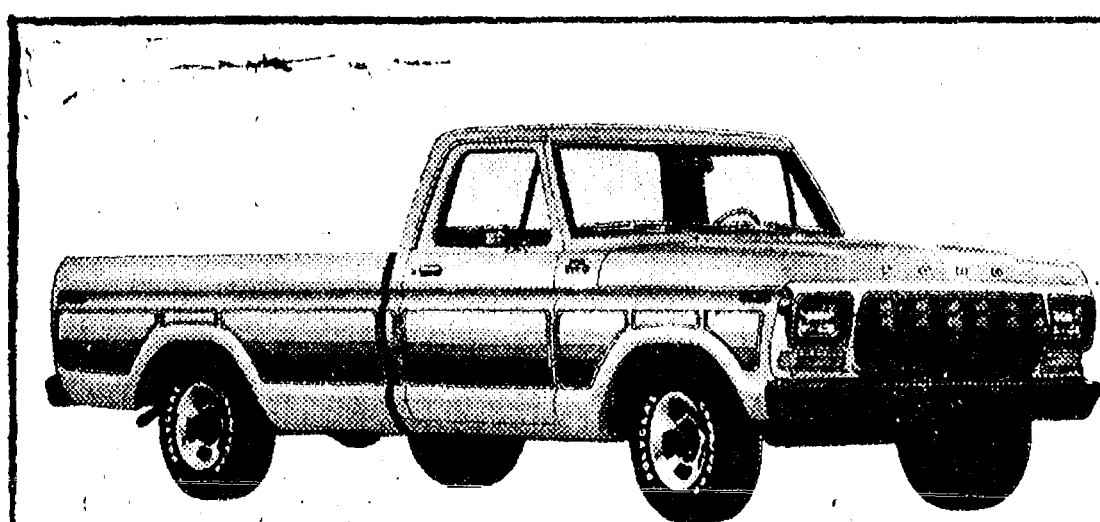

Ford District office reports that stocks in dealer hands are among the largest ever. Even though customers can no longer order vehicles built to their specifications, a truly fabulous choice is available. Dealers have a great variety of body styles, colors and option levels to offer.

Buyers can walk right in, drive right out.

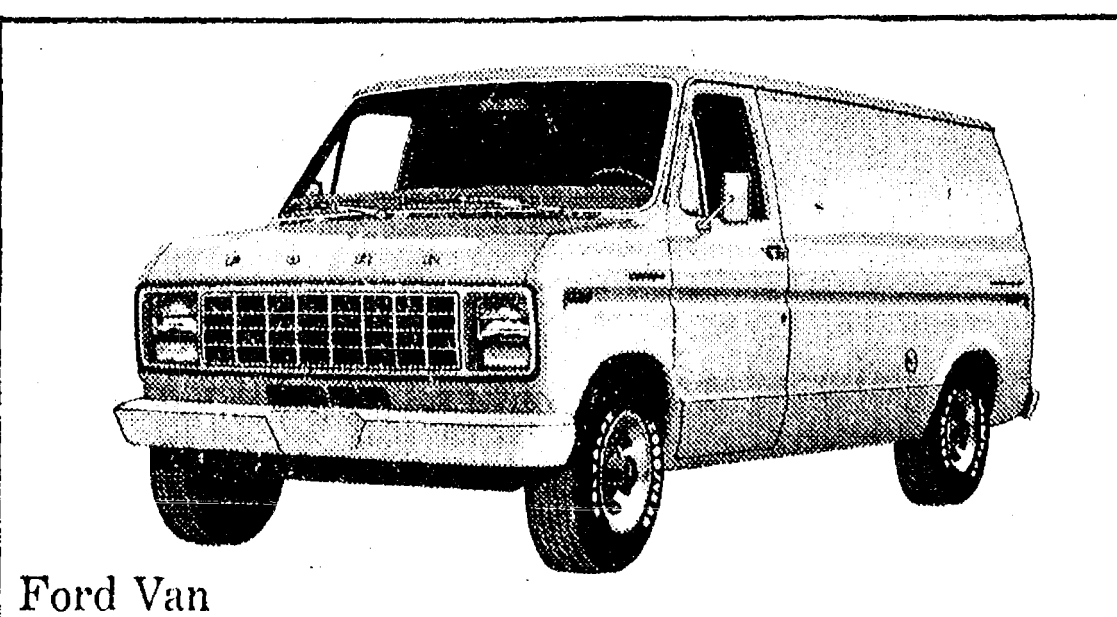

There's not a lot of haggling over price these days. A typical buyer can close the deal on the Ford car or truck he wants in a matter of minutes. Most dealers have made special arrangements for rapid financing approvals, too. They say "nobody walks out" and many Fords are already "prepped" for immediate delivery. This is the biggest clearance sale local Ford Dealers have ever held. It has the backing of Ford in the form of incentives to lower prices. And it's in full swing with savings just waiting to be snapped up.

COUNTRY CHARMER

Well Aranged Ranch Lives Like Twice Its Size.

Family room and kitchen stretch across twenty-four feet to provide a spacious area for informal gatherings. Sliding glass doors open to the backyard for easy summer entertaining. The master bedroom with its own bath could house king size bedding. At one end of the center hall, there's a handy broom closet for cleaning storage. The living room features a large focal point window and a long expanse of wall space for furniture arrangement. The big garage provides plenty of space for two cars and garden equipment.

WE'VE GOT PLANS FOR YOUR FUTURE HOME ... ON YOUR LAND OR OURS AND THE PRICE IS RIGHT ...

Farley Construction Company is in the business of building fine homes in all price ranges. Ask the man who owns a Farley Home and Judge for yourself. We know how to select the best materials for your building dollar, how to cut costs and keep quality. Bring in your plans ... and let us help you turn that dream into reality. Custom building the Farley way costs less than you might think.

FIND YOUR FUTURE HOME ONE MILE EAST OF CHELSEA ON OLD U.S. 12.

Here you'll find the best of both worlds ... country living on one-acre lots with town conveniences and natural gas. Closeness to the I-94 interchange make commuting and car pooling easy. Schools, churches, shopping, recreational and medical services are just a hop, skip and a jump away. Just three lucky families will be living in this prime location. Don't delay. Talk to Farley today.

THE ESSEX...

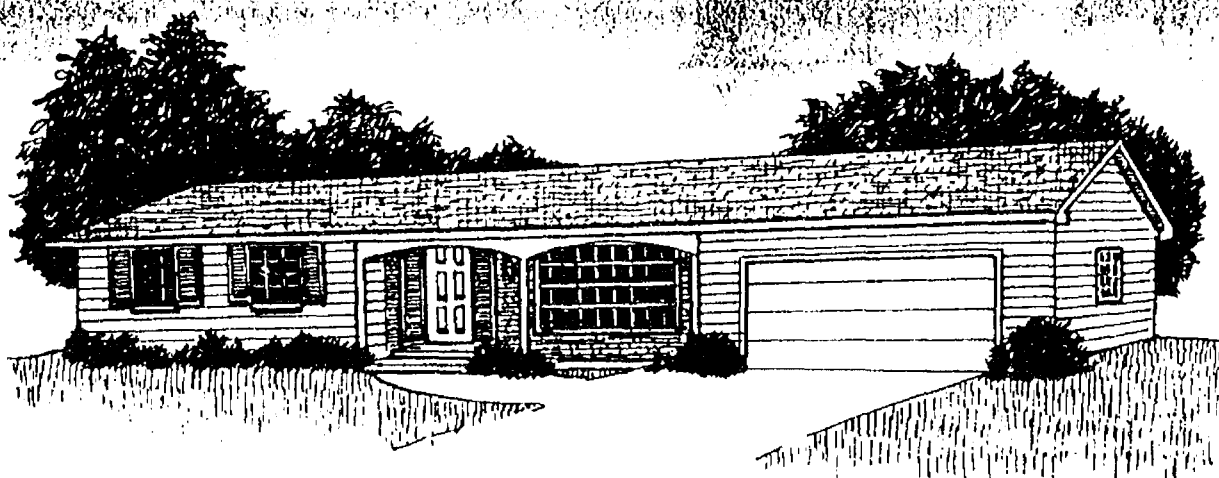

Affordable Now ... With Room To Grow In

Here's a home with all the space you need to move in and live comfortably today ... plus expansion space you can finish at your leisure, later. The basic ranch features living room, dining room, kitchen, three bedrooms and two baths. There's ample closet space, including an extra coat and guest space next to the front door. The future family room is located away from the main hub for television or children playing. There's a full basement with recreation or hobby room potential and a roomy two and a half car garage.

THE KENSINGTON ... Let The Sunshine In And Save Energy.

This Farley Homes L-shape ranch concentrates living areas and large windows on the south side of the house to let the low hanging winter sun warm the interior with free passive solar heat. The tile family floor retains the warmth well into the evening. An extra deep overhang keeps the sun from penetrating the interior during the summer. The well-arranged floor plan features a walk-in closet and bath in the master bedroom; a living room that's gracious and well arranged for entertaining, a U-shaped kitchen and ample closets. An optional fireplace can be added to the side wall of the living room.

THE TRENTON... An Out-Of-The-Ordinary Starter Home.

There's room for entertaining and room for all the day to day living you'll want to do. Note the large entry closet and the unique arrangement of storage handy to the basement stairs, garage and kitchen. The third bedroom could easily function as a den, TV room or home office. Patio doors open from the kitchen to the outside to make summer barbeques a pleasure. If desired, a family room could be added in that area when needed. The full basement provides plenty of room for a "rec" room.
