Eleven File Petitions As Candidates for Eight Village Offices

Following the submission of petitions seeking candidacy in the upcoming March 8 general village election, a total of 11 persons gave notice of their intentions to vie for eight positions in Chelsea government. Each of the 11 candidates is non-partisan and the list of candidates includes six incumbents.

Seeking the office of village president is John W. Merkel, a political newcomer who will run unopposed for the two-year term.

Three trustees will also be elected from a field of six candidates, including incumbents Stephanie Kanten, Loren Keezer and Joseph Merkel.

Also vying for the two-year terms as village trustees are Ishmael Picklesimer, Herman C. Radloff and Riemenschneider.

New Record: 4 Days With No Blizzard

Well, it is finally over? or, has Mother Nature simply changed her pattern of nasty weather from week-ends to week-days?

Last Sunday, a blizzard hit the area, burying cars, trucks, dog houses, anything left outdoors. Strong winds and heavy snows blanketed with area with 10 or more inches of the white stuff, thereby handing local students a four day week-end. No school Monday or Tuesday and two full days of sledding, skiing or sleep-ing was a welcome change for Chelsea area youth.

Then, Wednesday, an additional six-plus inches fell and an afternoon blizzard ensued. School children were treated to just more than a half day of academics and local businesses shut down in mid-afternoon as the

Hilltop Plumbing Closing Its Doors

Hilltop Plumbing, located on Werkner Rd., will close its doors at the end of the month explains owner Steve Pangborn. Like other business closures in the area, reasons for the termination of the local firm are based on the poor economic situation.

Pangborn purchased the business from Bob Shears last spring and formally took over on April 1. Now, less than a year later, the phone has been disconnected and notification of creditors has begun.

WORKING TOGETHER TO MAKE IT BET-TER is the motto of the recently merged Chelsea Community Hospital Volunteers and Auxiliary. Carole van Reesema, 1982 president, left; Ruby Strieter, past volunteer president, far right; and

Alice Thornton, past auxiliary president, center, discuss the new organizational structure which is interpreted by the Auxiliary tree bearing the adage "A Kindly Act is a Kernel Sown" (that will grow to a goodly tree!).

Hospital Volunteers, Auxiliary Merge To Form Single Group

The "new" Chelsea Community Hospital Auxiliary held its first annual dinner meeting last week in the hospital dining room with more than 100 members present.

This recently formed organization is a merger of the former CCH Volunteers and the CCH Auxiliary. In January 1970, the volunteers were formed to assist in many aspects of patient services and, in the spring of 1977, an Auxiliary was chartered to assist in various community health services and hospital health and aesthetic services. Combining

the two organizations has created a larger, stronger and more effective Auxiliary to serve Chelsea Community Hospital, its staff and the people in the communities it serves.

This larger volunteer group of more than 150 men and women will be headed by Mrs. Frederick van Reesema, president; Mrs. Cliff Bury, president-elect; Mrs. Robert German, secretary; and Mrs. William Briston, treasurer. They will be assisted by Mrs. Maxwell Sweet, community services chairman; Mrs. Larry Flanigan, hospital services chairman; Mrs. Sheridan Springer, public relations chairman; Mrs. Will Johnson, ways and means chairman; Mrs. John McDonald, Arbor Nook chairman: Mrs. David Strieter, information desk chairman; and Ms. Jan Tupper, patient service chairman.

A record total of nearly 13,000 volunteer hours were given in 1981, a number which represents many people giving their time and talent in various areas of the hospital and community.

Revenue Worsens, Extreme Steps Taken To Balance State Budget Governor William G. Milliken

has proposed an unprecendented step to eliminate fourth quarter payments to local governments and higher education as a means of balancing the current year

The cuts were announced on the day the governor presented his proposed budget for fiscal 1982-83 which carried the first increase in three years.

Despite the expected controversy over eliminating the now-estimated \$377.9 million deficit in the current year, administration officials expect the \$10.86 billion (\$5.19 billion general fund) budget to be quickly approved by the Legislature—by the end of April.

Even with the increase in appropriated dollars, budget officials say real spending power is still nearly flat and another 2,000 jobs will be cut from the state payroll by September, 1983.

Asking local government, colleges and universities to shoulder the burden of carrying a \$225 million deficit through the July/August/September quarter was described as the "fairest and most equitable" way to handle the problem.

Budget aides of the governor said he wanted to avoid another "disruptive" general executive

order budget cut and he remained firmly opposed to any general tax increases.

Although the budget proposal would restore the cuts in the state's 1982-83 year, Management and Budget Director Gerald Miller acknowledged most local and college units would have to borrow money to meet their fourth quarter cash obligations.

Aldes said they expected most of the borrowing could be handled at local-level interest rates or probably around 11 percent.

For most units, the cuts will come in the first quarter of their fiscal year and the restorations would come in the same year.

Miller said K-12 and other units of government were spared the cuts because the governor thought it easier to "concentrate" in just a few major areas."

The reductions will require approval by the full Legislature with the passage of bills to change the revenue sharing formula and "negative appropriations" for four-year colleges, universities and for community colleges.

The other budget-balancing moves ordered by the governor include a 4 percent cut in departmental spending (saving \$51.6 million) and projected reductions in retirement funding of \$101.3 million by an actuarial change

The additional cuts were required by the continued, unexpected worsening of the economy that not only cut revenue, but also require an estimated supplemental welfare appropriation of \$194.3 million.

In announcing the budget, Milliken said a key consideration was a continuation to fund the economic development and job creation efforts currently underway to counter the economic problems which have been imposed by the national recession.

He concluded that the combination of the current year cuts and the new budget represented the toughest budget proposals he has ever worked on.

Quilted Vest Class Series Offered

Among classes taught through the adult enrichment programs of Chelsea Community Education, Country Craftique will present string quilting classes and a course entitled "Make Your Own Sunshine and Shadow Comforter."

Beginning on Saturday, Feb. 13 and Thursday, Feb. 11, between the hours of 1 p.m. and 3 p.m., the \$15, three-week quilted vest class will teach participants the basics of string quilting and designing of a vest. Fabric selection, design and basic techniques will be covered and a great deal of inclass demonstration will take place. Participants will need the use of a sewing machine for piecing the vest together at home.

For five consecutive weeks, a sunshine and shadow comforter workshop will be held at the Country Craftique, beginning Wednesday, Feb. 10, between the hours of 1 p.m. and 3 p.m. and also available on Friday evening, between the hours of 7 p.m., and 9 p.m., beginning Feb. 12. Everything from fabric selection to finishing will be taught and no previous quilting experience is necessary. Nevertheless, a home sewing machine will be necessary and pre-registration is required.

Further information may be obtained by calling Country Craftique at 475-2512.

Aerobic Dance Class Offered to Junior, Senior Students

Aerobic dance will be offered to Chelsea's junior and senior high school students in a special second session of the popular program, scheduled to begin Wednesday, Feb. 17.

Held from 7:45 a.m. to 8:45 a.m. each Wednesday and Friday for six weeks, this program is exclusively for the younger aerobic dancing enthusiasts. At a cost of \$24 per person, the program will continue for six weeks.

Deborah S. Steere, David Powers Speak Vows In Crystal Church

Deborah Sue Steere of Bellaire, Tex., and David Kennedy Powers of Houston exchanged wedding vows Monday, Dec. 28 at the Congregational church, Crystal, Mich. The Revs. Leland Booker of Crystal and David Harvey of Fenton officiated at the 4 p.m. ceremony uniting the daughter of Mr. and Mrs. Robert Steere of Crystal and the son of Mr. and Mrs. Robert H. Powers of Grass Lake.

Music at the wedding ceremony was provided by close relatives of the bride and bridegroom.

The bride chose an off-white satin floor-length gown draped with organdy and featuring lace trim. She carried a cascading bouquet of red and white roses, baby's breath and greens.

Maid of honor was Margaret Anne Steere of East Lansing. sister of the bride. She wore a burgundy velvet skirt and an offwhite blouse and carried burgundy roses, baby's breath and greens. Bridesmaids included Corby Slayton of Sheridan, Sheri MacLaren of Goderich, Ont. and Nancy Secon of Fort Collins, Colo., friends of the bride. LYNDON TOWNSHIP

Linda L. Wade, Clerk

TO THE TAXPAYERS OF LIMA TOWNSHIP:

As the assessor of Lima township, I found myself in complete disbellef upon receiving my tentative ratios on 1-6-82 from Washtenaw County Equalization to be applied to the assessment roll for 1982, which were 45.44 for agriculture, 46.03 residential, 47.17 industrial, 48.63 commercial and 47.85 developmental. After spending considerable time writing letters requesting sales information, contacting real estate personnel and new residents in preparation to help reduce the sales ratio study or justify no assessment increase, I was told Lima township did not have enough sales to enable County Equalization to use sales for developing my 1982 ratios, in addition, I was told that county land values remained unchanged. Thus, County Equalization using sales data from 1979, 1980 and the first 6 months of 1981. developed an economic condition factor of 2.35 which they applied to a sampling of appraisals made in Lima township using the 1972 State Tax Commission manual:

The economic condition factor of 2.35 is to adjust the 1972 manual to today's market value. Their appraisals compared to my 1981 assessed values is their justification for the assessment increases.

I do not fault County Equalization, it is the State Tax Commission and the Legislature that established the procedures and laws that govern taxation, and they refuse to change these laws. These laws are what give the county the power to factor local jurisdictions if the ratios are not applied by the local assessors. How in heaven's name the counby or state can justify any assessment increases, with today's economy, the low employment rate in Michigan, the low rate of return the farmers are receiving along with the ever increasing costs of just sur-

Our legislative body has completely ignored our pleas to cut taxes, or at best hold assessments at their present level. Yet while saying they cannot cut taxes due to the loss of state revenue, legislative pay raises from 14.8% to 20% along with increased expense allowances are in effect for the governor down through the judicial judges. Stating the increases were upon the recommendation of a committee appointed by the governor and made late in 1980, rejection of these increases should have been made by March 1, 1981 following the committee's report. This was something they failed to do. They passed legislation as late as 12-30-81 affecting local revenues, what would be wrong with passing legislation affecting their pay increases?

How many of us have received pay increases? Some of us have taken reductions just to keep our jobs. Union contracts are reopened to make concessions; what concessions are our governor, legislature and judicial judges making?

If you have been reading the newspapers, you are aware of the fact that the local units of government are not taking the requested increases lightly. A real attempt was made by assessors to prove that sales were inflated due to land contracts and creative financing and that discounting should be allowed on land contracts and creative financing before computing ratios. The assessors requested support of the Washtenaw County Board of Commissioners for the concept of discounting, of financing and we received their support at a meeting held at 12 o'clock Friday, Jan. 8, 1982. At the same time, County Equalization requested an extension until Jan. 18, 1982, to file their Equalization reports with the State Tax Commission. Thus, it would be the middie of January before I would know the changes if any to my tentative ratios. As your assessor, I would have, at best two weeks, until Feb. 1. 1982 to complete my assessment roll consisting of 1,400-plus assessments. To complete an assessment roll requires determining new land values, new economic condition factors, picking up new construction as of 12-31-81, adjusting all class changes, making new resessment cards for split properties late in 1982, then calculating all this on 1,400 assessment cards to determine the true cash value of each

Why does the tax roll have to be done by Feb. 1, 1982, when the Board of Review is not held until March 8th and 9th? The general property tax law states that "all persons listed on the assessment roll must be notified of any assessment increase, by first class mail, not less that 10 days before the Board of Review." In prior years, these notices were hand written and balanced back to the tax roll before mailing.

HB5144, P.A. 213, passed 12-31-81, states "all assessment notices must be mailed as before and include the following: Assessed value for 1981. Assessed value for 1982. Net change in value. State equalized valuation for previous year. Tentative equalized valuation for tax year. Net change between the tentative equalized valuation for the year and the State valuation for the previous year. Classification of property and the Time and Place of Board of Review." This additional information required, even if time permitted, could not be hand calculated, this requires a computer printed statement. To assure that the notices would be printed on time, utilizing the county's computer system, County Equalization has requested all assessment rolls in their office on Feb. 1,

That left me with the following choices:

1. If I equalized my assessments using the tentative ratios, and discounting was allowed. I would chance over assessing my taxpayers, with no assurance at present that I would receive a negative factor. 2. If I held off to see if the County Board of Commissioners sup-

a. Could I possibly complete my assessment roll by Feb. 1, 1982.

b. The township could be factored.

c. The township would suffer a revenue loss due to additional new legislation HB 5044 P.A. 213 passed 12-30-81, which states: "Any jurisdiction receiving a factor can only levy on the Township's equalized, value, not the County of State equalized value." Thus, the State legislature is saying to the local assessor, "If you do not increase the assessments, we will do it for you, however, we will also penalize you.

3. If the county accepts discounting and the State disallows it, the state will equalize the county, and the taxpayers will again be factored. This in essence is what happened to the taxpayers of Lima, Freedom, Bridgewater, Lyndon, Manchester and Saline in 1979 when your assessors increased their assessment rolls by the required amount and the State Tax Commission found that Washtenaw county was low in the Agriculture class, therefore, we all took part of the state factor. This year, in addition to being factored, the township will lose

January 14, 1982, 4 p.m., per phone I learned that with discounting my residential ratio would be 50.31, whereby, I will be making no assessment adjustments due to market values as previously required. Thus, I will only be adjusting my residential class for new and completed construction in 1981. At this point in time I still did not have my agricultural class re-determined. Jan. 22, 1982, 8:30 a.m., 1 learned that my agricultural class still had a ratio of 47.67. I firmly oppose this ratio, I still feel that the agricultural class did not increase in value nor did any class. However, as I stated before, if I do not increase my agricultural assessments, they will receive a county factor.

With all that we have had to determine and resolve, it is still not certain that even though all assessors have joined together and we have the backing of the County Board of Commissioners that the State Tax Commission will agree with our concept.

What is the answer? "TISCH III," regretting the effects on the innocent. It seems that is the only way to make our legislature hear us. Lima township has been going through the process of being com-

pletely reassessed. Due to all of the above, I refuse to have new assessments established with inflated market values as a guide. Therefore, I regret to inform my property owners that the reassessment will not be completed for the 1982 taxation year.

As an assessor I have worked through many problems in the past, however, tax year 1982, can only be looked upon as added pressure on local assessors whereby, we will say to the state"OK, You Win, you have finally backed us into a corner with no way out," their full intent to gain total local control.

Fellow assessors, "WE CAN, AND MUST" fight until we win the battle of ever increasing tax assessments. I believe we have taken a positive step, by uniting together in our effort to use discounting of financing, WE Will need the support of you the taxpayers, I hope I can count on your continued support and understanding.

Area residents will also remember his hilarious portrayal of the peddler, Al Hakim, in "Oklahoma!" Perhaps his most memorable role was of Horace Vander Gelder in "Hello Dolly." In his spare time, Bill makes

wooden toys and his "Ye Old Toy Shoppe" is a popular booth at the Ann Arbor Street Fair. Taking an active part in this

family business is his wife, Pat, and their two sons, Bill and Bob. They make their home on Waterloo Rd. The part of Jean, the secretary,

is played by Connie Dault, a Chelsea High school senior. "Plaza Suite" is Connie's second appearance with the Chelsea Players. She was seen in last summer's "South Pacific," and she has been involved in several Chelsea High school productions. Connie was a member of the chorus in "Carousel" and played the role of Marcia Loval in "Me and Juliet." During the stage and drama production of "Teahouse of the August Moon," Connie was a member of the technical crew. She will be seen in the upcoming "West Side Story" in the dancer's role of Velma.

A high school cheerleader, Connie has also found time to be a member of the forensics team and a state qualifier. She is president of the choir and is a member of the "Contemporaries."

The bellhop is played by Tim Whitesall, Chelsea High school senior class president. Although this marks Tim's first appearance in a Chelsea Players' production, he is a product of the Chelsea Players Theater Workshop, where he studied under Jeff Daniels. He appeared in two stage and drama productions. He was seen as Donald in "You Can't Take It with You" and Mr. Hokida in the recent "Teahouse of the August Moon." A member of both the debate and forensics teams, he was on the top novice team in the state Players' production of "South

Pacific." Harland is a member of Next year Tim's plans include attending Central Michigan University. He will major in social sciences and minor in music. He has been a piano student for eight years and studies with Lavonne Harris.

The role of the waiter is played by Harland Wood of Dexter who Chelsea theatergoers will recall in his memorable portrayal of Captain Brackett in the Chelsea

Manchester Historical Society Plans Box Social

Manchester Area Historical Society will have square dancing followed by a box social at the Feb. 15 meeting which will be held at the Emanuel United Church of Christ Hall above the dining room. There will be a brief business meeting from 8 sharp to 8:30 p.m.

Luke Schaible and his band will furnish the music while Luke calls the numbers for an hour of square dancing and old-time entertainment. All square dancing groups in the area are invited to attend. Bring your partner or better yet bring the entire club.

As "admission" and for your own refresments each couple should bring a snack box which will be auctioned off at 9:30 to raise money for the new building fund. The committee will furnish coffee, tea and trimmings.

For those unfamiliar with box socials: a snack box, which is less of a meal than the usual dinner box, contains an assortment of after-party foods appropriate to serve following an evening of dancing. Its contents should be sufficient for two people and is up to the inventiveness of the packer. The box, whether it be shoe, cake or hat box, should be packed for proper handling and have an attractive exterior of ribbon, flowers or paper lace. For a theme it is a Valentine Party, you know. Most important of all, the name of the lady who packs the box should be inside the box-this % item determines the buyer's partner for supper. Singles may solve the problem of having enough boxes for all by pairing off in advance, one to produce and one to buy, so everyone can participate. One gets an auction number when the couple enters the hall and turns in their box. To be real secretive, the snack box is enclosed in a paper sack until time for display and auctioning.

JUNIOR RANDY KRICHBAUM is this week's featured basketball player. In his second year on the varsity team, Krichbaum is a 6'2" guard/forward who, as guard, has the advantage of usually being taller than his opposing player. According to Coach Robin Raymond, Randy has the best jumping ability of anyone on the team and, if he becomes more aggressive, he will be a tremendous asset to next year's varsity Bulldogs.

Cager of the Week JV Cagers Lose

On Saturday, a repeat performance was in store for the JV Bulldogs who lost, 43-67. "We just didn't play well," explained Welton. At the end of the first quarter.

Wrestlers of the Week

TODD SPRAGUE AND BOB SCHLEEDE are this week's featured wrestlers. Sprague, left, is a first year wrestler who competes at the 188-lb. weight class. In his first year thus far, Sprague has finished second against Dexter, fourth at Jackson County Western, fourth at the Washtenaw County meet, and third against Willow Run.

Schleede is also a first fyear wrestler who placed third against Dexter. According to Coach Tom Fletke, "Both Sprague and Schleede have helped to give this year's team good balance," and will be important at the upcoming league meet to determine the 1981-82 Southeastern Conference cham-

defeated him earlier in the

season and Steve Grau who came back from a losing situation to

defeat his opponent.

Wrestlers Pin Tecumseh

Remaining undefeated in the Chelsea's varsity wrestlers are Southeastern Conference, now 8-0-1 on the season and are Chelsea's varsity wrestlers preparing for the league meet to managed to pull themselves past be held this week to determine a strong Tecumseh team Satur-day at Chelsea. Final score in the ship. meet, Chelsea 39, Tecumseh 27

At 101 lbs., Ernie Bristle against Tecumseh were turned in defeated Chris Wahlich, 15-4.
Then, Bill Hanna, at 108, binned Steve Penney at 2:46.

Jeff Morgan, at 115, pinned Ernie Vargas at 3:41 while Steve Snyder, at 122, defeated Rod Partridge, 12-2. At 129, Scott Dault lost to Stuart Williamson, being pinned at 4:30.

At 138, Travis Rudd defeated Jeff Thomson, 9-0. At 141, Eric Stofflet defeated Larry Sanford, 6-6, winning on criteria while Dave Gipson, at 148

lbs., was defeated by Greg Hall, 10-11. At 158, John Preston was pinned by Craig Kirk at :50, while Steve Grau pinned his opponent,

Tony Haines, at 4:39 in the 171-lb. weight category. At 188, Todd Sprague pinned Tim Conner at 2:17 while Rick

Poljan pinned Ron Bechtel at 1:26. At heavyweight, Bob Schleede was defeated by Rick Aranda, being pinned at :59.

Polish Farmers Refuse To Sell to Government Polish farmers are declining to

sell grain and livestock to the military government, despite government incentives. The U.S. agricultural attache in Warsaw reported Polish grain production last year totaled 19.7 million metric tons, 4.5 million above Poland has been able to pur-

chase only 1.7 million metric tons of grain since the end of the grain harvest, while the yearly requirement is 7 million metric tons for human consumption alone.

Letters to the Editor

Dear Editor.

I was embarrassed by the performance of the crowd at the Cheisea-Jackson Northwest basketball game on Saturday night. A Jackson player was fouled at the buzzer at the end of over-time, with Chelsea leading, 82-81. The crowd set up a terrible din as the player went to the line for his shots, complete with banging on the seats and kids running along the side of the court, waving their arms. The shaken player missed both his shots, and Chelsea won the game.

More disturbing than the poor sportsmanship shown by the crowd was the poor sportsmanship demonstrated by several members of the Chelsea team, who acted as cheerleaders and encouraged the crowd. They did try to quiet the crowd after the first foul shot, after the referee said something to them. I assume he threatened them with a technical foul, which certainly was justified under the circumstances.

I would be interested in the reaction of the coach to this performance by his players.

I suggest that Chelsea High school owes Jackson Northwest an apology. Sign me, A Concerned Fan.

Dear Editor,

I just have two questions to the judge who left Hardin out after the first criminal sexual charge Isn't one child as important as four? Finally after he attacked four children he's in jail. Reader's Digest Feb. 1982: "But police records demonstrate beyond any doubt that sexual molestation is seldom a one-time

Whether the last three children were hurt before the first child or not, why your honor did you leave this monster out to attack and hurt more innocent children?

Hospital Pharmacist

Receives Research Grant

director of pharmacy at Chelsea Community Hospital, has been named recipient of the 1981 Roche Hospital Pharmacy Research Grant for outstanding original basic research in hospital pharmacy.

A graduate of the University of Michigan College of Pharmacy, Dr. Mason received a BS degree in 1976 and a Pharm. D. degree in 1981. The assistant director of pharmacy at Chelsea Community Hospital, Dr. Mason is also clinical instructor of pharmacy at the University of Michigan College of Pharmacy.

A member of numerous professional associations including the American Pharmaceutical Association, the American Society of Hospital Pharmacists and the Michigan Pharmacists Association, Dr. Mason was honored with the Bristol Award in Pharmacy in 1981 and the Merck Award in Pharmacy in 1976.

Dr. Mason resides in Ann Ar-

To date, more than 110 pharmacists have received Roche grants in excess of \$175,000 through this highly competitive program and thousands of patients have benefitted from their research.

Selected for her proposed study of the "Evaluation of the Penicillin Aminoglycoside Inactivation Interaction...Analysis with Development of Dosing Guidelines," Dr. Mason is one of 10 pharmacists to be recognized nation-wide.

The grant program was created in 1970 by Roche Laboratories, a division of Hoffmann-La Roche Inc., Nutley, N. J., to foster continued excellence in the field of hospital pharmacy. The 10 projects selected annually are those which demonstrate the most promising a district resident pertaining to the protocol, for original research in areas such as practical operations, research developments, drug communication services

and continuing education. Projects are submitted for review and final selection to the Roche Hospital Advisory Board. The Board is made up of 10 hospital pharmacy professionals selected from teaching institutions and community, private and mental hospitals across the country who meet bi-annually to evaluate Roche policies, programs and services for phar-

Good Things Growing In Michigan

By Margaret G. McCall It's National Cherry month, and we Michigan residents have a special reason for celebrating. Our state grows more than threefourths of all the red tart cherries produced in the United States, and we rank fourth in production of sweet cherries.

Last year, an estimated 207 million pounds of these Good Things Growing in Michigan were harvested, including 149 million pounds of tart cherries valued at \$30.4 million. Sweet cherries accounted for 58 million pounds worth \$10.3 million.

Let me paraphrase a popular commercial-cherries aren't just for pies anymore! I find cherries an especially versatile fruit, and they certainly add attractive color to many dishes.

Besides cherry pie, think of Cherries Jubilee when you want to impress guests (there's a recipe in almost every cookbook), or a Black Forest torte, or a cherry-topped cheesecake. What a way to celebrate Washington's birthday and that childhood legend about his chopping down his mother's School Boards.

cherry tree. Cherries are a delicious complement to many meat dishes. One of my favorites is breast of turkey (Michigan, of course), simmered in cherry juice and seasonings. When the meat is tender, you simply thicken the sauce with a little cornstarch, add cherries and heat through before serving.

Similarly, a cherry sauce is traditional with baked Michigan ham, but it's equally good with baked pork chops. And it's tart and tasty with meatloaf.

Think of cherries when you prepare salads, too, either molded or fresh fruit salads.

School **Board** Briefs

Present at a regular meeting of the Chelsea Board of Education Monday, Feb. 1, were Feeney, Schumann, Dils, Comeau, Grau, Snyder, Superintendent Van Meer, Assistant Superintendent Mills, Principals Conklin, Wojcicki, Benedict, Community Education Director Rogers, Athletic Director Nemeth.

Meeting called to order at 8 p.m. by President Ann Feeney.

Board approved the minutes of the January 18, 1982 meeting.

Beach School Principal Conklin responded to a letter from a use or possession of drugs by students at Beach School. He commented on the recent Beach School Discipline Code which would impose a suspension of a student for the use or possession of drugs. He also indicated that the school district works closely with the Chief of Police in such cases. The district resident was present at the meeting and thanked the Board and Administration for prompt response to her inquiries.

Bill Chandler, teacher at the High School, indicated that the Chelsea High School faculty would be undergoing a self-study for North Central accreditation. This study is conducted every seven years. The self-study will be followed by an official North Central visitation next fall.

Assistant Superintendent Mills reviewed with the Board the possible use of compressed natural gas or propane for buses or maintenance vehicles. The administration is investigating the use of propane because of the high cost of distallate fuel.

The Board was apprised of continuing efforts to rent available classrooms, as enrollment declines, as a source of additional revenue and to provide a service to the community.

Professional Secretaries Joining In Discussion of 'Wellness and Working's

Huron Valley Chapter, Professional Secretaries International (PSI), will participate in the PSI Program of the Year, "Wellness and Working," by focusing on the topic of "Dealing With Stress" and "Fitness in the Office" at a dinner meeting set for Thursday, Feb. 11, at Hoyt Conference Center at Eastern Michigan University in Ypsilanti. Chapter President Joyce Scott.

secretary to R. A. Steger, CPA, of R. A. Steger & Co. of Chelsea, announced the program will feature L. L. MacKenzie M.A., Psychologist at Walter P. Reuther Psychiatric Hospital, and Suzanne Zeinic.

"Wellness and Working" encompasses the effects of lifestyle, diet, exercise, stress and work environment upon health and productivity, according to PSI International President Kay Palazey, CPS.

"The subject has far-reaching implications for individuals and their employer," she said. "It has been determined that lifestyles have more to do with health than all the things doctors can do. 'Wellness and Working' not only explores how individuals can improve their health by changing their lifestyle and by learning how to deal with stress, but also examines ways in whiches company-sponsored programs have resulted in reduced employee turnover and absenteeism, lower insurance premiums, and increased productivity."

Tom Vailliencourt has been awarded the American Boy Scout District of Merit Award during. recent ceremonies.

Vailliencourt began his boy scout career as a youngster in Detroit. He graduated from Eastern High school at the age of 16 and entered Wayne State University on a music scholarship while studying engineering. He played with the WSU band for two years before enlisting in the U. S. Navy. Upon returning to Michigan, he finished his engineering degree at Detroit Institute of Technology.

At the end of six years with the Oakland County Road Commission, he married and he and his wife moved to Manistee county where he worked as County Highway Engineer before becoming the Engineer Manager. Inheriting from both sides of the family 16 rooms of furniture, Vailliencourt and his wife found a spacious home that could accomodate most of their things and adopted two American Indian babies, Joe and Barbara. He founded the Manistee Survey and Engineering Co. and later found time to become the Junior Youth Fellowship leaders at the local Methodist church.

Tom accepted the position of Managing Director of the Washtenaw County Road Commission in 1971. Involved in a host of both scouting and non-scouting activities, Tom became involved in the organization when his son, Joe, decided to become a Scout and joined Troop 476 in Chelsea. Through the attendance of various committee meetings, Vailliencourt emerged as the troop advancement chairman. He officially registered as an adult scouter Oct. 11, 1972. Thereafter, he plunged into the troop advancement program.

He becme a merit badge counselor in the fields of his specialization. He scheduled the correct number of courts of honor and periodic progress reviews. He revamped and kept the advancement records and wall charts. He organized Saturday advancement sessions at his home utilizing the junior leadership of the troop. It was natural that he wrote his Woodbadge ticket on troop advancement and five Eagle Scouts emerged from this effort.

In the midst of this Scouting career, he underwent open heart surgery. Prior to and after, for exercise, he accompanied the troop on a bicycle hike from Chelsea to Big Portage Lake in the Waterloo Recreation Area. He has served as driver to various national scouting functions and, as an assistant district commissioner, his motor home sheltered a number of people from the numbing winds at the Lake Hudson Camporee.

The following year, he gained experience assisting the Scoutmaster at the Wright's Lake Summer Camp. The next summer he took the troop himself to Wright's Lake.

When his troop searched for a spot to store newspapers, he offered the 50 foot sheep shed in the rear of his house. When the troop received a 32 foot semi-trailer for paper storage, he offered a site near the sheep shed. The endless influx of paper has resulted in some humourous situations, particularly when the master of the house couldn't open his car door at night for bundles hurriedly left by the public. When the contents of the two structures are transferred to a huge trailer for transportation to a distant city, the facilities of his house are thrown open to the entire troop and his kitchen services all.

Between the two stints as Assistant District Commissioner, he served several years as District Boy Scout Commissioner. He became a Brotherhood member of the Order of the Arrow. He helped the district enroll sustaining members in the Chelsea area. When the council was hoping to purchase the Lake Hudson property and the potential new camp was created on paper and prices, the figures on the extensive road system were his. He ordered warning signs posted as dangerous road crossings of the Potowatomi Trail.

Two years ago a chairman was needed for the third annual Cub Scout Color Hike. He offered his services and did so again this year. The figures of 1,001 participants in 1980 and 943 in the cold rain in 1981 rank this event as one of the largest the district sponsors. He first led a trimming crew over the entire segment of the Potawatomi Trail to be hiked. The Saturday before he led the trail marking crew. He recruited volunteers to handle parking, refreshments, registration, trail monitoring, trail clean up, trail guiding and first aid. The huge success of these events are partially attributable to the successful efforts of the hike chairman.

For his extensive and continued contributions to his local troop long after his son's departure, for his assistance in District operation, and for his recognition of the value of scouting in the development of a boy. Tom Vailliencourt received this high honor of Boy Scouting.

Tax Return Help Offered By IRS In New Location

The Internal Revenue Service today reminded area taxpayers \ that help with federal tax questions is available by phone, and at the new location of the IRS office in Ann Arbor.

The IRS office in Ann Arbor is now in the Wolverine Tower, 3001 S. State St. It is open Monday through Friday from 8 a.m. until 4:30 p.m. The office staff provides free information and

10 IMPORTANT QUESTIONS AND ANSWERS ABOUT THE NEW ALL-SAVERS CERTIFICATES

1. What is an All-Savers Certificate?

A one-year certificate of deposit which pays interest that is exempt from Federal, State and Local Income Tax.

I love you and adore you. You are one wild and crazy, husband—the cat's pajamas. I'm glad the wind blew you

my way. You bring so much fun and happiness to my life.

2. What is the minimum deposit required?

All-Savers Certificates may be purchased at Ann Arbor Trust for as little as \$500.

3. Who may purchase the certificates?

Individuals and partnerships may purchase All-Savers Certificates.

4. What is the interest rate on these certificates?

70% of the average yield on one-year U.S. Treasury bills at the time the certificate is purchased. The rate for the All-Savers Certificates effective Jan. 25th is 10.76%

5. Wouldn't I get a better return on a Money Market Certificate?

That depends on your income tax rate. The chart below shows the equivalent taxable yield needed to equal the tax exempt All-Savers Certificate Yield indicated at the top of the column for selected income tax rates.

6. I have a Money Market Certificate, is there a way I can still take advantage of the All-Savers Certificate?

Yes! Federal Regulations allow you to convert six month Money Market Certificates to new tax exempt "All-Savers" Certificates without paying a penalty for early withdrawal, provided the rate on the Money Market Certificate is higher than the rate on the All-Savers.

7. Is there a limit on the amount of interest that is exempt?

Yes, the total tax exemption over the entire time the certificates are available is limited to \$1000 for individual returns and \$2000 for joint returns.

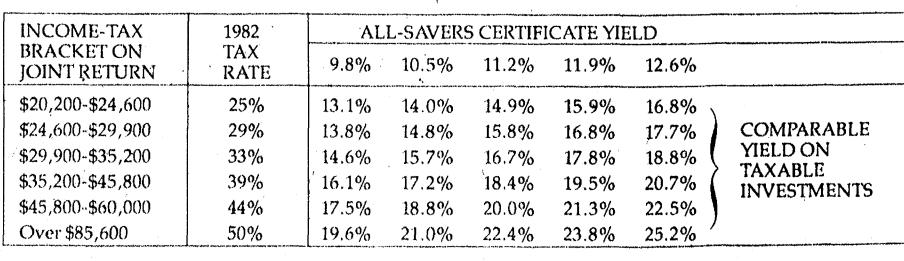

8. When will they be available?

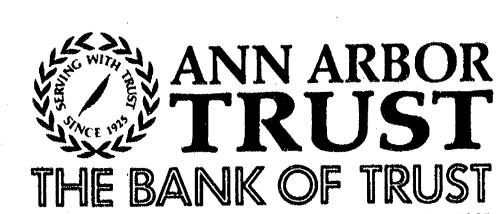

All-Savers Certificates may be purchased between October 1, 1981 and December 31, 1982.

9. Are these certificates insured?

All-Savers Certificates purchased at Ann Arbor Trust are insured to \$100,000 by the Federal Deposit Insurance Corporation.

10. How can I tell if the new All-Savers Certificate is the right investment for me? Talk to an Ann Arbor Trust banker to get professional advice related to your particular tax situation.

MS Readathon Set In Grade Schools

Students at North and South Elementary schools will be among 400 schools in 85 Michigan countles to participate in this year's fourth annual Muscular Sclerosis Readathon, a motivational program developed by the National Muscular Sclerosis Society: It aims at teaching children to read for their own enjoyment while raising money to help fight MS.

The entire community benefits from the MS Readathon program. By reading, children improve skills, broaden vocabulary and learn to enjoy reading. Parents participate by helping their children choose books that will expand their horizons. The schools gain a reading motivational program at no cost and teachers have a proven educational tool at their disposal. Finally, the more than 11,000 Michigan MS patients receive help through this fund-raiser, which provides money for research and patient services.

Because of the program's educational value, the MS Readathon has gained the supportive endorsement of the Interhational Reading Association and the Association of School Librarians, as well as thousands of school principals, teachers, librarians, parents and children themselves.

The Readathon operates like walkathon in that school children register for the program at school assemblies. They then receive kits that initiate them as "mystery sleuths," who, by participating in the Readathon, help raise money to solve the mysterious cause of MS. After the assembly, the children go out and secure pledges for each book they read throughout February and March.

The children are motivated to read in two ways. First, the idea of helping others through their efforts makes them feel good about contributing to an important cause. Secondly, the children are rewarded for their achievements awards ranging from puzzles to all contributed to the decline in

Multiple Sclerosis is a crippling disease that strikes young people. MS causes scar tissue to block the spinal cord, thereby disrupting nerve signals from the brain to the body. The symptoms of MS often go neglected or are attributed to something else. The cause of MS is unknown though it seems to effect those who live in cold, damp climates. Michigan has the largest number of reported MS victims per capita in the United States.

The MS Readathon will take place from mid-February through the end of March.

Traffic Volume Rises, Death Rate Falls in Past Year

Motorists drove an estimated 62 billion miles on Michigan's highways, roads and streets in 1981, up by 500 million miles from 1980, the Michigan Department of Transportation (MDOT) reports.

The increase of eight-tenths of one percent followed declines the previous two years. Mileage rose to a record 67.4 billion in 1978, then fell to 64.9 billion in 1979 and 61.5 billion in 1980.

The death rate of 2.54 per 100 million milles of vehicle travel is the lowest ever recorded. It is based on State Police reports of 1,552 killed during 1980 and an estimate that delayed deaths will raise the total to 1,575.

The previous low of 2.9 was recorded both in 1979 and 1980. The fatality rate was 16.8 in 1935.

The mileage estimate is based on continuous traffic counts at 75 locations monitored by the transportation depatment and on volumes of gasoline sold in Michigan. The 9,500-mile state highway system carried about half of the total traffic, and the county roads and municipal streets the remainder.

Special Olympic Swim Team Loses to High Point

On Friday, Jan. 29, 13 Special Olympic swimmers traveled to High Point Center to compete in their annual dual meet. Chelsea had won the trophy last year but, after losing 114-131, High Point Center will be in possession of the trophy for the next year.

The first 12 heats were all 25-yard freestyle events. Taking first place in their respective heats were Jay Curry, Ken Capazolli, Dennis Czechowski, Linda Alber and Albert Bedard. Placing second-were Dawn Stancato, Mike Goebel and Mike Foster. Placing third were Clarence Weiss, Lenny Warner and Marcus Miller.

In the 50-yard freestyle event, Jay Curry, Ken Capazolli, Dennis Czechowski and Clarence Weiss took firsts. Linda Alber was the only Chelsea athlete to place second and Mike Goebel and Albert Bedard took thirds in the event. Lenny Warner and Dawn Stancato took a fourth place in the 50-yard freestyle.

Chelsea did very well in the 25-yard backstroke with Dennis, Jay, Clarence, Lenny and Mike Foster all taking firsts. Again, Linda Alber was the only Cheisea swimmer finishing second. Ken Capazolli and Mike Goebel took thirds.

In the 25-yard breaststroke, Mike Foster and Jay Curry were first while Clarence Weiss and Dennis Czechowski were second

Q. Our broker advised us that one of our stocks is "going" private." What does he mean? A. Perhaps a more familiar term is "going public" which is when a company sells shares to investors to raise money. The op-. posite of that is when a company, 'goes private" by reducing the number of shareowners to a level where it is considered privately held instead of publicly owned.

Different methods are used by companies wishing to go private, The three most common ways in-

1. Bring about a merger or a sale of all the company's assets to an affiliated company.

2. The company and/or officers, major shareowners or an' affiliated company makes an offer to purchase the publicly held

3. A reverse stock split is declared, with cash paid instead of fractional shares, the result being a sharply reduced number of

publicly owned shares. Investors are faced with what to do when such an announcement is made. They can sell the shares at the terms offered, go to an attorney for possible litigation or continue to hold the securities. The last decision can be a problem since a market may no longer exist for those shares. making it difficult to sell the stock at its value. In addition, the 🖁 company may no longer be required to provide information to shareowners or file reports with the SEC if there is no trading in

the stock. Many complaints are lodged; with the SEC over such transactions. They recently adopted a rule concerning going private by public companies which prohibits fraudulent, deceptive and manipulative acts or practices in ? connection with those transactions. The rule requires more disclosure than in the past, too.

Before you make up your mind as to which course of action to follow, you should consider: 1. What rights you have under: your state law.

2. What is the potential tax liability?

3. Will a market exist for the shares after the company goes?

private? 4. Will you receive further financial reports or information?

5. For how long a period will the offer be in effect for the cash pay-

Q. We own several utility 3 stocks, but the shares are held in "Street Name" by our broker. In view of the recent enacted legislation regarding the tax-deferred dividends of dividend reinvestment, is there any way we can use this tax advantage without having the stocks listed in our name?

A. In order to take advantage of any dividend reinvestment program, the stock has to be: registered in your name and not " in street name. That would include utility stocks with the taxdeferred advantage.

The ease of handling transactions when the stock is in street! name is a definite plus. However, 🕻 that convènience would have to: be forfeited should you wish to: enroll in dividend reinvestments plans. The cost of safeguarding: the securities with the rental of a safe deposit box. for example. might be small compared to the tax saving over the long term.

Discussions have been held about the possibility of street? name accounts being able to take: advantage of such plans.; However, to date nothing con-; crete has been decided. If: something does change, it doesn't. appear it will take place soon.

Don't Let Hydrants Get Buried in Snow

Chelsea village residents are reminded by Fire Chief Bud Hankerd to remove snow from fire hydrants near their homes. Because of the deluge of snow falling in the area recently, street clearing has buried a number of village fire hydrants. By un-covering these hydrants, access in case of emergency will be made easier and response to fire will be made faster.
