AFFECTED BY THE BROKEN HELL CREEK DAM, this trio reside, heading for dry land to await the recession of waters that seeped through the crumbled 125-year-old dam Friday morning.

Hell Creek Dam Collapses

HELL BROKE LOOSE last week when the 125-year-old Hell Creek dam crumbled against the weight of floodwaters, forcing the evacuation of 15 to 20 families from their flooded trailer court. The dam, planned to be replaced later this spring, gave way at approximately 10 a.m. Friday, taking with it the walkway that crossed it and part of the shoreline.

It was a cold day when confusion broke loose in Hell on Friday morning, March 26.

It was then that the 125-year-old Hell Creek dam crumbled, flooding the town of approximately 300 residents and leaving 15 or so families, residing in a nearby trailer park, homeless.

The community-owned dam, which held back water from six area lakes (Hi-Land, Half Moon, Patterson, Blind, Watson and Bruin), burst at approximately 10 a.m. sending winter floodwaters sloshing through the tiny town, flooding trailers and roads under three feet of water. Nevertheless, no serious injuries were reported as cold bodies in soggy shoes pulled important personal belongings from their water-logged homes and maneuvered themselves in row boats through the water-covered trailer park.

The Hell Creek dam was constructed in the late 1800's and was first declared to be dangerous in the 1940s. Plans were underway to replace the age-old concrete and steel re-inforced dam later this spring in an \$800,000 cooperative project between Washtenaw and Livingston counties. There is no determination of whether or not the dam break will speed up or hinder the construction plans.

By Saturday, the worst appeared to be over and some of the evacuated families, who had been assisted by the Red Cross, returned to their homes while road crews braced the remainder of the dam with large boulders.

Nevertheless, the disaster left Hi-Land Lake nearly drained, with large quicksand-like muck holes posing a serious hazard to persons venturing near the shoreline.

K-C Tootsie Roll Drive Scheduled

The annual Michigan Knights of Columbus Tootsie Roll Drive is again underway in hopes of raising funds for the education of mentally retarded children and adults. In Chelsea, local K. of C. members, for their seventh consecutive year, will solicit funds on April 2, 3 and 4.

According to Jaye Saarinen, council chairman of the local mental retardation Tootsie Roll Drive, nearly \$757,000 was collected state-wide in last year's three-day week-end drive. Locally, more than \$2,700 was collected and donated to the St. Louis School for Exceptional Boys and to the special education programs in Chelsea and Stockbridge.

Of the tax-deductible funds collected locally, 80 percent will be retained by the Chelsea group for distribution to area programs. The remaining 20 percent is used throughout the state to assist in the support of similar projects.

The Chelsea Knights of Columbus and their helpers will be located at various businesses and street corners in town.

Area Townships Cut Unnecessary Spending At Annual Meetings

On Saturday, March 27, area township boards held their annual meetings to determine their 1983 operating budgets.

Over-all, this year's meetings seemed to indicate a "tightening of the financial belt," providing necessities and cutting out any unnecessary excess in spending.

Sylvan Township

Sylvan township adopted an operating budget of \$218,672.17 for the coming year. Included in this budget were slight increases in fire protection and landfill use. Monies allotted for these necessities totaled, \$28,047.91 and \$11,600, respectively.

Other allotments include \$2,000 for the Chelsea Recreation Council, \$1,500 toward CATS bus, and \$1,258.87 for the McKune Memorial Library.

Road maintenance accounts for \$15,241.13 of the budget, including \$20,000 from Federal Revenue Sharing.

No salaries were raised.

Lima Township

Lima township adopted an operating budget of \$154,450 and just one officer received a wage hike. Treasurer Betty Messman received a \$400 increase; she declined any additional monies during the 1981-82 year.

The township recommended that the township levy be dropped from 1.15 to 1.10 in order to save taxpayers .05 percent over the \$40 million roll.

A total of \$30,250 was put aside to be used toward the replacement of the Steinbach Bridge that has been closed since 1978.

Road improvement allotments totalled \$23,900 while \$11,200 was earmarked for the Town Hall improvements including installation of a handicapped ramp, repair walls and purchase a new furnace.

Lyndon Township

Lyndon township set an operating budget of \$104,000, up

25 percent over preceding years as determined, in part, by population increases revealed by the 1980 census. Nevertheless, no increases in property taxes are planned.

Earmarked for road maintenance was \$6,500 from the general fund and \$10,000 from Federal Revenue Sharing while \$16,000 was placed in contingency providing for the possibility of reduced State Revenue Sharing.

Increases were seen in the areas of fire protection, up to \$24,100 while landfill rental costs were upped to \$10,000.

Receiving eight percent increases in pay were clerk, supervisor and treasurer, all of whom declined pay increases during the 1981-82 year.

Pedestrian Struck By Car on M-52

Washtenaw County Sheriff's Department reports that at 1:20 a.m. Sunday, March 28, a car-pedestrian accident occurred on south-bound M-52, 4/10s of a mile from Bethel Church Rd.

According to Deputy Joseph Yekulis, Shelley Tower, 23, of Manchester, was walking in the roadway when a 1978 Ford LTD, driven by Edwin Smith, 43, of Manchester, was unable to avoid her because of oncoming traffic and struck her. Tower received minor leg injuries and was checked by ambulance attendants at the scene. Smith's vehicle also received minor damage.

At 1:40 a.m., on M-52, 6/10s of a mile south of Bethel Church Rd., a car-deer collision occurred. According to reports, Carroll Martin, 49, of New Hudson, was traveling north-bound when a deer dashed in front of his 1977 GMC pick-up. Unable to avoid striking the animal, it was fatally wounded.

Webster Township

Webster township adopted an operating budget of \$136,108 plus an estimated Federal Revenue Sharing of \$11,296, earmarked for road improvements as was a total of \$20,000 placed in the contingency fund.

Other allotments included \$32,000 for fire protection and \$16,600 for police protection (the township is under contract with the Washtenaw County Sheriff's Department), \$1,800 was set aside for the Dexter Library, \$5,000 was added to the building fund (now at \$45,000) and \$250 was earmarked for use by the Historical Society.

Two Arrested For Break-in of Pop Machine

On Sunday, March 21, Washtenaw County Sheriff's Department received a call from a witness of a pop machine break-in at a gas station located at I-94 and Zeeb Rd.

The witness followed two suspects to a location in Dexter and notified the sheriff's department of their whereabouts. Deputies Cook and Strong apprehended the suspects in the Village of Dexter and, when questioned, the suspects, students at Ann Arbor Pioneer High school, provided additional information which led to the issuance of two warrants, one for the breaking and entering of a coin machine and one for the possession of stolen property. In addition, two juveniles have been petitioned regarding possession of stolen property and breaking and entering of coin machines.

Apparently, a number of pop machines from throughout Washtenaw county have been stolen and two were recovered in Manchester.

Jerry Ashby Moves State Farm Office Two Positions Opening on School Board

Chelsea's State Farm Insurance agent Jerry Ashby, in the village for one year, has changed his location from S. Main St. to the corner of S. Main St. and E. Middle (the former Al Nalli Music shop).

According to Ashby, the change of locations will provide three times the additional work space and will afford more privacy to policyholders. His decision to stay in the downtown area as opposed to moving to the village outskirts was based on his belief that "Chelsea's future is tied to a vital downtown area." His former location will not stand vacant for long either. According to Ashby, plans are in the works for

the creation of an arts and crafts type store.

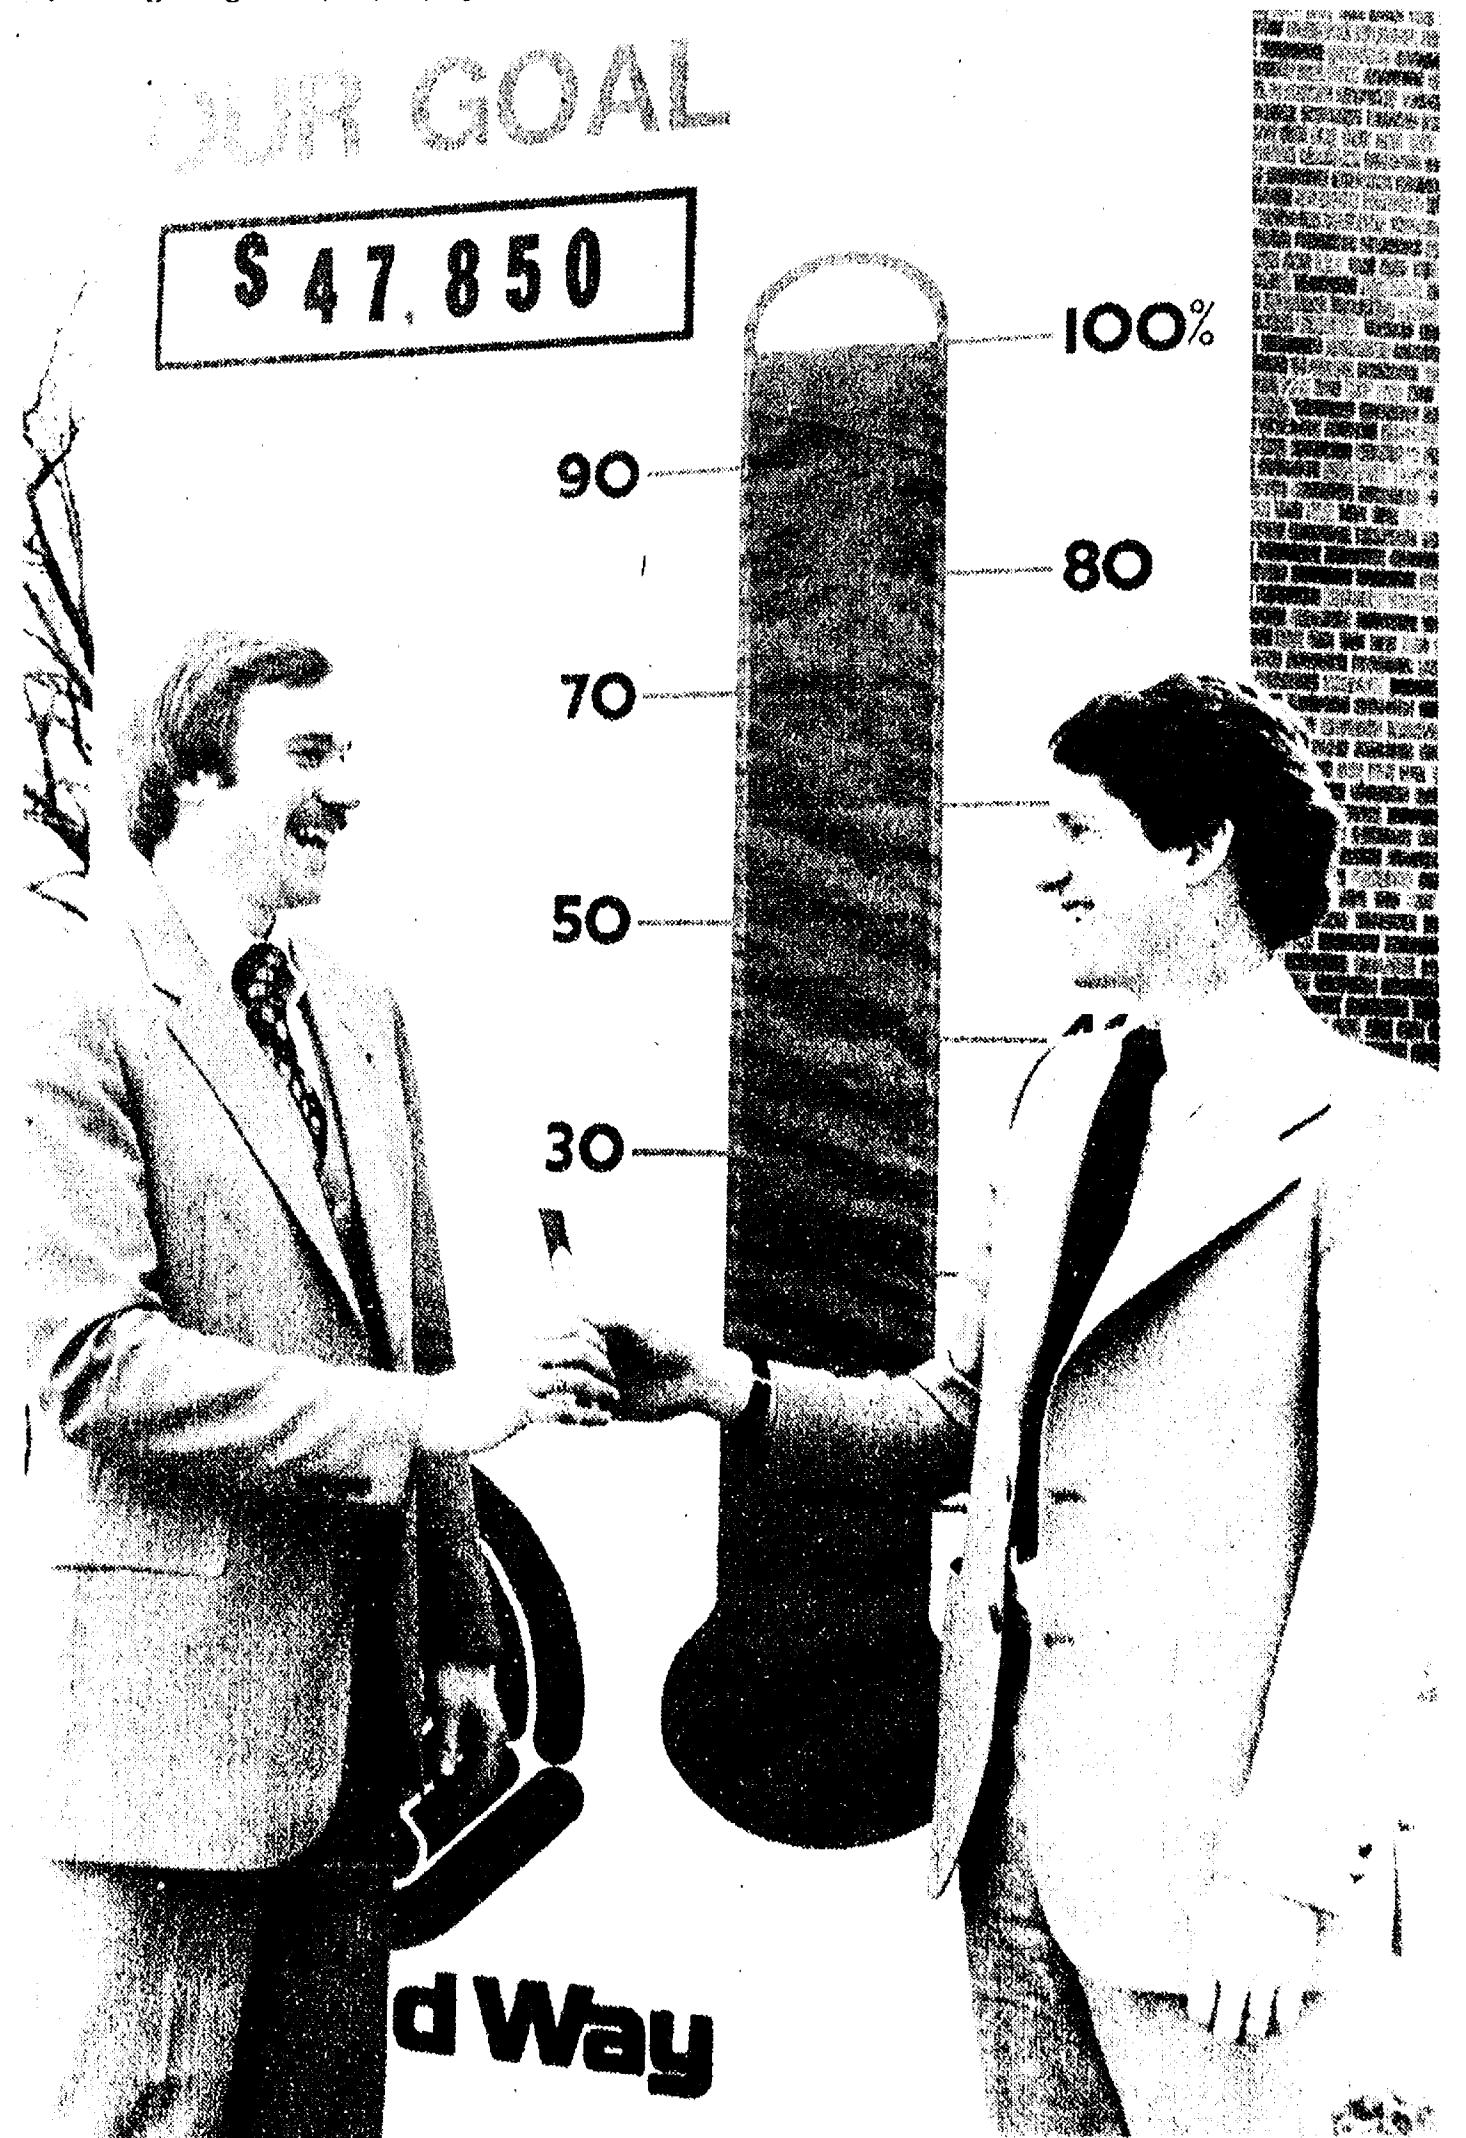

Ashby has been a State Farm agent for 20 years, serving as an Ann Arbor agent for nine years and then taking his business out west for an additional 10 years. Since returning to Michigan and Chelsea in particular, he explains that he has sought out larger, more modern facilities in which to house his business. Those facilities were discovered approximately eight weeks ago and, since that time, Andy Fletcher has done the remodeling. Merkel's has done the redecorating, and Chelsea Greenhouse has filled the office with green plants just in time for its opening this week.

Persons interested in seeking office on the Chelsea Board of Education are notified that nominating petitions must be filed at the Administration Building by 4 p.m. Monday, April 12.

Two terms will expire, those of incumbent board members Dan Snyder and Dale Schumann, both of whom have indicated an interest in seeking re-election, by obtaining nominating petitions. Schumann affirmed his intentions to seek re-election Friday while Snyder confirmed his candidacy Monday morning.

Others interested in running for the available positions on the Chelsea Board of Education may

Three Petition Drives Begin On Property Taxes

Only one day after Governor William G. Milliken called for massive budget cuts and an increase in the state's personal income tax rate, three separate property tax cut petition drives got underway.

The three different proposals will be headed by Shlawasee County Drain Commissioner Robert Tisch, who has been unsuccessful the past two elections, a group called Tax Relief in Michigan (T.R.I.M.), and Rep. Claude Trim (D-Davidsburg).

All three groups indicated the recent call for budget reductions and tax increases by Milliken will do nothing but aid in their efforts to gain the necessary signatures to get the questions on the November general election ballot.

Tisch's new proposal provides that the 1980 equalized value used on property will be the 1983 valuation with property taxes calculated on the assessed value of 50 percent of the property's true cash value.

The ratio of assessed value to true cash value would then be reduced by 15 percent each year until 1987.

Beginning in that year, an autonomous county tax commission would set ad valorem tax rates and all property tax matters would be the exclusive province of the counties.

The Tisch plan would also cut in half the property taxes of any household with incomes between \$8,000 and \$12,000 and exempt from property taxes households with incomes less than \$8,000.

Senior citizens earning less than \$15,000 annually would be exempt from school operating millages.

The proposal also prohibits any current tax credits from being eliminated except by three-fourths vote of the Legislature, limits assessment increases and requires 100 percent reimbursement to local governments by the state.

No cost estimate to the state was offered by Tisch.

The proposal backed by Trim and other legislators, estimated

to save property taxpayers \$520 million but recouped by income tax increases, would exempt 75 percent of residential and agricultural property taxes from school operating costs, permit agricultural and forest property to be assessed according to use rather than cash value, require state reimbursement to education, prevent any educational units from budget cuts because of the exemptions, protect business and industry from any additional taxes to cover the lost revenue and increase the sales tax to 5 percent.

Rep. Roy Smith (R-Saline), one of the sponsors of the proposal with Trim, said the plan would make education the ultimate priority in the state for the first time in Michigan history.

Trim added, with the Milliken income tax hike proposal, it is now even more imperative to enact property tax relief.

The T.R.I.M. proposal is basically a revision of a proposal developed and then withdrawn earlier this year.

It would eliminate the property tax from school millages, raise the sales tax to 5 percent and dedicate royalties from oil and natural gas to education.

Unless the proposals can get a 3/4th majority in both houses of the Legislature, sponsors must start the long trek in circulating petitions state-wide to get the questions on the ballot by referendum.

If they are successful, then the ultimate decision will again be made by the people of the State of Michigan through their voting franchise.

Over the next few years, the risk of death from lung cancer will be 8 to 12 times higher for women who are heavy smokers than for those who do not smoke.

them poor folks out of the library. He had saw where they have been sleeping in public libraries in big cities this winter, and their snoring has been disturbing the readers. Folks that come in out of the cold say libraries are as safe and quiet as the churches where they had been sleeping, and they are warmer and open longer hours. The piece Clem saw said some libraries tried to get rid of the sleepers, but Seattle, for one city, set up a special section for em out of hearing of readers.

Personal, Mister Editor, I'm foursquare fer spring. And I think dozing in the library, like nodding off in church, is a pleasure for all seasons that shows a feller is at peace with his world. I was concerned, though, about the report where this thief that made a career of stealing and selling rare books was able to walk out of the best libraries in this country with books as big as three feet square. I'd say visiting burns ain't the only ones sleeping.

Yours truly,
Uncle Lew.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Well, spring has sprung on the calendar if not in our heads. Zeke Grubb allowed at the opening of the session at the country store Saturday night. Depending on wether you're with the half full glass or the half empty glass crowd, Zeke said, you're ready to put the headaches of winter behind you and git on with living, or you're ready to take on a hole new set of problems. Folks floating around in all the flooding recent probable take the half empty side, he declared.

General speaking, the fellers are from the half full school. Bug Hookum, fer instant, said he enjoys cold weather, but he allus is happy to see spring if fer no other reason than to remind him there's more to this life than trying to stay warm and dry. Furthermore, Bug allowed, right now is the best of times, cause his old lady is to busy reading signs and researching planting days to be nagging him about helping her git the garden in shape. Fer sure, Bug went on, as certain as spring she starts coming up with projects fer him, and finding reasons not to do em takes up a good deal of time he could put to better use thinking.

Bug said he was thinking just the other day that farmers ought to take a tip from General Motors and decide if you can't lick em, join em. Bug had saw where GM is talking with Toyota of Japan about teaming up to make small cars in this country. The idea, Bug said, is fer Toyota to use GM plants that have been shut down because everbody is buying Toyotas. What the farmer has got to do, Bug declared, is work out a deal with food processors, hoisalers and retailers that will give him a bigger piece of the pie. Bug said the USDA reported where the farmer's share of the nation's food dollar was 36 cent last year, a penny less than the year before. The farmer was gitting less while food prices were going up eight percent. Bug went on, and they are going up another seven percent this year, with less than a cent of that trickling back to the farmer. That's somepun fer him to mull over as he goes into another growing season.

Another thing spring will do, Clem Webster declared, is git all

ABWA Hears Discussion on Affirmative Action Program

American Business Women's Association met for their March 23 meeting at the Wolverine Restaurant, for their Enrollment Event. Guests included Vi Bachman, Phyllis Bock, Vickie Favers, Miriam Klemmer, June Warren, Marge Erskine, Cheryl Nelson, Kay Arney, Barb Helfrich Caralee Hoffmeyer, Vicki Welch and the guest speaker, Charles Jennings.

Jennings spoke on "Is Affirmative Action Working for Women in Business Today?" Jennings is very well versed in this area because of his expertise in his role as vice president/personnel of Old Kent Bank & Trust Co. in Grand Rapids. He pointed out the difference in the business world today compared with 10-15 years ago. Women today have the EEOC (Equal Employment Opportunity Commission) working in their favor. Women are being put in the positions of authority today and more and more women are taking the traditional male roles.

Tips for women in business careers:

- 1) Get to know your yourself—your basic self. Find your likes and dislikes, strengths and weaknesses, what you really want out of life.

'Distant Thunder' Film Scheduled At Baptist Church

"Distant Thunder," an action-packed film dramatizing probable events following the casting away of the true church to heaven, will be shown Sunday, April 4, beginning at 6 p.m. at the Chelsea Baptist church, 337 Wilkinson St.

"Distant Thunder" is the second of a series of three films dramatizing the Great Tribulation (Rev. 4:1-19:21). It is a sequel to the film, "Thief in the Night." The third film is titled "Image of the Beast" which will be shown June 20.

The purpose of these films is to enable a person to choose and practice values of life that are biblical, and do not change, and to have a lifestyle consistent with those values.

There is no admission charge nor free will offering. This film is intended to be a service by the church to everyone interested in what can be done today to be ready for tomorrow.

The public is invited to attend. The food system fights inflation by increasing its productivity, and that means the largest, highest-quality food supply in the world is also a better buy.

- 2) Women have choices today. Use them.
- 3) Take classes, read.
- 4) Find a mentor, someone you can talk with, either male or female.
- 5) Dress according to environment. Dress down, don't be a sex object in the office. Affairs in the office are out.
- 6) Don't refuse to do certain tasks in the office because you are a woman.

Jennings recommended highly the following reading material: "Games Mother Never Taught You," by Betty Lehan Harragan; "The Managerial Woman," by Margaret Henning and Anne Jardin; "How to Take Charge of Your Life," by Newman and Berkowitz.

Throughout the program, Jennings held an open question and answer discussion.

Shirley Schneider outlined the final plans for the Fashion Show, Flower Show and Salad Luncheon to be held April 24, 1 p.m. at Chelsea High school. Tickets are on sale from members. The fashion portion of the show will feature bridal fashions from Luchell's of Jackson, flowers will be donated by Chelsea Greenhouse.

Letters to the Editor

Dear Mr. Editor:

In the Christian beliefs we are upon the Season of Lent. Forty days of preparation in time spent in prayer, fasting, and acts of self denial. All this relives Christ's forty days in the desert as He prepared Himself for His Easter. We too shall celebrate Easter—the most beautiful day that shouts out to us all "Hope."

Before Easter Sunday there is another day we commemorate with Christ—Good Friday—the day on which God's own Son died. There is always a "Good Friday" in the lives of each of us, before there can be an Eternal Easter. Recently the following was given to me and it was written for those who might have lost a child of their own. But taken in the light that, we are all God's children, it could have meaning for any loss of a loved one in our lives.

"I'll lend you for a little time a child of mine," He said,

For you to love the while he lives and mourn for when he's dead,

It may be six or seven years, or twenty-two or three.

But, will you, till I call him back, take care of him for ME?

He'll bring his charms to gladden you, and shall his stay be brief,

You'll have his lovely memories as solace for your grief.

I cannot promise he will stay, since all from earth return,

But there are lessons taught down there, I want this child to learn,

I've looked the wide world over in my search for teachers true, And from the throngs that crowd life's lanes, I have selected you.

Now will you give him all your love, nor think think the labor vain,

Nor hate ME when I come to call to take him back again?"

I fancied that I heard them say: "Dear Lord, Thy will be done!"

For all the joy Thy child shall bring, the risk of grief we'll run.

We'll shelter him with tenderness, we'll love him while we may,

And for the happiness we've known, forever grateful stay;

But shall the angels call for him much sooner than we've planned,

We'll brave the bitter grief that comes and try to understand."

Before Easter Joy, there is always a Good Friday... Christ showed us the way. Mr. Editor, maybe this will help someone else.

Mrs. Millie Warner.

ONE-VEHICLE ACCIDENT: The camper attached to this truck was totally demolished following an accident on I-94 early Wednesday evening. According to Deputy Joseph Yekulis of the Washtenaw County Sheriff's Department, the

truck went out of control following the vacuum from a passing semi. When attempting to right the situation, the truck rolled. All six persons in the vehicle were treated for minor injuries.

Camper Demolished on I-94

At approximately 8:30 p.m. Wednesday, March 24, a one vehicle accident occurred on I-94 near Pierce Rd., reports the Washtenaw County Sheriff's Department.

According to reports, a pick-up truck with camper, driven by Monica Hamkins, 46, of Jackson, was traveling east-bound in the right lane and lost control of her vehicle from the draft and vacuum caused by a passing semi traveling in the left lane.

Hamkins swerved left and drove 50 feet off the left edge of the road. Her vehicle rolled over when she attempted to bring the left wheels back onto the pavement. The camper, occupied by four persons, was thrown from the truck and it skidded 20 feet further on the pavement.

Three of the six persons in the vehicle were transported by Huron Valley Ambulance to Chelsea Community Hospital where they were treated for minor injuries and released.

Involved in the accident were Mrs. Hamkins, husband Clark J. Hamkins, 51, Jonathan Hamkins, 13, Joel Hamkins, 16, Stephan Halvax, 16, all of Jackson and Phil Roch, 22, of Plattville, Wis.

Extensive damage was reported done to the camper and it took approximately three hours to clear the wreckage off the roadway.

MSU Library Receives Gift of 5,300 News Tapes

A New York husband and wife whose hobby was recording news broadcasts with famous people have contributed 5,300 reels of tapes to the G. Robert Vincent Voice Library at Michigan State University.

The collection of interviews and news broadcasts from Anthony and Charlotte Janak chronicles the news for the past 15 years.

Maurice Crane, head of the MSU voice library, says the tapes, valued at \$200,000, are the best collection of attitudes toward events such as the Vietnam War, Watergate and the Iranian hostage crisis.

"The unique aspect of the Janak collection is that students can research any moment in recent history and find in one place a half dozen views of the event, and frequently the sounds of the event itself," Crane said.

School Employees Attend Workshop

"Your public schools—there's no better place to learn." This is the theme of a new communications program from the Macomb Intermediate School District, and it was the topic of discussion for a professional staff development program in the Chelsea School District Thursday afternoon, March 18.

Mike Bugenski, who has been with the Macomb public relations project since the beginning, presented the Macomb marketing plan.

In attendance at the workshop were all the teachers of the Chelsea School District, most of the secretarial staff, and many custodians, kitchen workers, bus drivers, and support staff.

Object of the workshop was to familiarize employees of the school district with ways in which they can more effectively communicate with the school community.

Topics covered during the session were daily and weekly communication ideas, public opinion surveys, and what the schools can do to improve themselves, and also impress upon the public the continuing need for quality education.

Since it is known that approx-

imately 70% of the people in the Chelsea School District no longer have children actually enrolled in the schools, it becomes increasingly important to learn about new ways to communicate and involve those people.

Bugenski told the Chelsea employees that most people get their information about the school district from students and current employees of the district. Also important in the communication process are school district newsletters and mass media coverage.

Thursday's workshop was part of a continuing professional development effort on the part of the school district. The programs are arranged by a professional development committee which is comprised of teachers and administrators in the school district. The objective of professional staff development is to keep the employees of the school district updated in the latest teaching techniques and to keep them informed of new ideas which will be helpful to the students.

LIVINGSTON COUNTY PERSONNEL from the drain and road commissions survey the damage caused by the breaking of the Hell Creek dam, a 125-year-old structure that had been declared unsafe for more than 35 years, and was scheduled to be replaced before this coming summer. The flood resulting from the dam breakage caused the evacuation of a number of residents in a nearby trailer park though no injuries were reported.

SALVAGING PRECIOUS BELONGINGS, this couple heads from their flooded trailer to dry land Friday following the breakage of Hell Creek dam. Though no injuries were reported, many families residing in the trailer court were flooded out until Saturday, causing a great deal of damage to their homes and belongings.

Girl Scouts Host Fathers At Banquet

On Sunday, March 7, Girl Scout Week began. Chelsea area Girl Scouts began their celebrations with the annual father-daughter banquet.

A total of 210 girls, fathers and leaders gathered at Chelsea High school for an evening of enjoyment. After dinner, each of the eight troops presented their flags in a very impressive ceremony under the direction of Mrs. Carol Hoffman, Troop Services Director.

Following the flag ceremony, the leaders and inter-troop chairmen were introduced to the group as were the entertainers who provided square dance music.

Other activities undertaken by the local Girl Scouts during their week of celebration included making interesting displays in local store windows.

CIVIL WAR BUFF William Koernke, fully uniformed shows off his collection of Civil War relics, including a musket, canteen, cannon balls and mini balls, to interested students at North Elementary school last week. Visiting classrooms

and presenting some history, Koernke handles a brick from a general's house while Dale Hadley, musket in hand, keeps his eyes glued to the Union soldier.

Human Medicines Toxic to Cats

Cat owners who use non-aspirin pain relievers should never give these medicines to their pets, according to Dr. Robert Schirmer, chairperson of the Department of Small Animal Surgery and Medicine at Michigan State University.

"These are excellent medications for people, but they contain a chemical compound called acetaminophen, which can quickly kill a cat," he says.

Acetaminophen is contained in products such as Tylenol, Excedrin, Vanquish and NyQuil. The drug attacks the cat's red blood cells, impairing its ability to carry oxygen from the lungs to the rest of the body. The symptoms are swelling around the cat's face, pale gums, and sudden collapse.

Cats with acetaminophen poisoning can be treated successfully.

Fire Dept. Reports 23 Runs for Month

During February, the Chelsea Fire Department made a total of 23 runs, placing the number of runs made this year at 47. Of these calls, 12 involved rescue attempts while the remaining 11 were fire-related.

By townships, five calls were made in the village (3 rescue, 2 automatic alarm) and five were made in Sylvan township (4 rescue, 1 chimney fire). Three runs were made in Lima township (1 rescue, 1 washdown, 1 fuel oil spill) while six runs were made in Lyndon township (4 chimney fires, 1 rescue, 1 house fire). One run each was made to Dexter, Waterloo and Sharon townships (rescue runs) and Chelsea Fire Department assisted Mutual Aid on a single house fire.

Of these calls, a total of 376 manhours was spent.

Other activities by the fire fighting personnel included a Mutual Aid meeting in Northfield township, attended by three members for a total of 12 hours. Two firemen attended a Scott Air Pac School for a total of 10 hours. Also, several firemen and one auxiliary fireman spent nearly 48 hours mounting a new pump on the Jeep. When completed, the Jeep will have nozzles mounted on both sides of the bumper and will be capable of operating together or singly. Fifty feet of hosing will complete the job.

During the month of February, a total of 480 hours were spent by local firemen including 108 donated hours for a total of 378 paid manhours.

World Peace Marchers Will Stop in Chelsea

According to a public opinion poll recently undertaken and published in the March 29 issue of Newsweek (p. 19), the following comments and question have been posed:

"The advocates of a nuclear freeze say that both the United States and the Soviet Union already have enough nuclear weapons to destroy each other and want both sides to ban all testing, production and development of nuclear weapons. What is your view?" Strongly favor: 20 percent; Favor: 36 percent; Strongly oppose: 9 percent; Oppose: 20 percent; and, Don't know: 11 percent.

The 60 percent opinion in favor of the ban of nuclear testing, production and development is in accord with the current trend toward anti-nuclear sentiment, involving persons from various social, economic and national strata, is indicated with the recent ground swell of public sentiment and the prevalence of

seminars, legal action and marches in opposition to the nuclear race.

On Thursday, April 1, a group of World Peace Marchers, who originated their trek in San Francisco on Oct. 24, will pass through Chelsea enroute to Ann Arbor and, by June 1, New York, where they will greet others having left from various locations across the United States and Canada. There, the groups, dedicated to world disarmament, will converge on the United Nations second special session on nuclear weapons.

Those persons passing through Chelsea will gather at St. Paul United Church of Christ upon their arrival. Thereafter, host families will arrive to pick up their overnight visitors, providing one night's lodging, dinner, breakfast and lunch for the following day.

At the request of several local church groups, Jim Hoffmeyer is acting as local co-ordinator for the one-night stay. He explains that no special programs are planned for the group. Nevertheless, persons interested in greeting the group as they enter the village are welcome as are additional host families. Persons able to provide one day's food and lodging to the World Peace Marchers are welcome to contact Hoffmeyer at 475-8014.

The median weekly earnings for women employed full time in 1981 ranged from a high of \$442 for operations and systems researchers and analysts to \$318 for librarians, the U.S. Department of Labor reported.

FFA Chapter Members Attend State Convention

Members of the Chelsea FFA Chapter headed to East Lansing on Wednesday, Thursday and Friday, March 24-26 as the Michigan Association of FFA celebrated its 54th annual state convention during Farmers' Week at Michigan State University. During the three-day convention, FFA members from across the state gathered to conduct business and to recognize fellow members for their outstanding achievements.

Several special activities were planned for this year's 54th convention. Theme for the celebration was "Vocational Agriculture—Growing for America." Featured speakers included Ken Cheatham, American Farm Bureau, Doug Loundesslager, Ohio Farmers Grain and Supply Association and National FFA Vice President, Scott Watson.

According to State FFA Advisor Richard Karels, incentive awards were presented to more than 600 outstanding FFA members and chapters by the state FFA association and the National FFA Foundation. State FFA Degrees were presented to 247 FFA members who, as a result of their occupational and leadership achievements, have

qualified for the top state FFA degree.

State President Paul Wegmeyer of Alpena and other state officers presided over convention sessions. Two official delegates from each of the 151 chapters in the state represented the membership in voting on all key issues of business. According to Wegmeyer, Matt Grau, Shane Brown and Jeff Messman represented the Chelsea FFA Chapter.

Other highlights included the naming of the Star State Farmer and Star Agribusinessman and election of state officers for 1982-83. Contestants who have previously won honors in local, district and regional competition were state finalists in seven leadership contests. Awards were presented for community development, agricultural proficiency, outstanding scholarship and chapter membership contests. Displays of agricultural and career exhibits were also featured.

Two South School Classes Visit Methodist Home

On Thursday, March 25, two classes from South school participated in a walking field trip to the Chelsea Methodist Home. Mrs. Klink's second grade and Mrs. Prohaska's third grade were accompanied by several mothers, including Mrs. Tuttle, Mrs. Pacheco, Mrs. Andress, Mrs. Correll, Mrs. Quilter and a grandmother, Mrs. Meggitt.

The children were taken on a guided tour of the sugar bush on the grounds and learned how maple trees are tapped to obtain the sap, what conditions are necessary for the sap to flow and how the sap is boiled down to make syrup. The children were surprised to find that it takes 40 gallons of sap to make one gallon of syrup.

Mr. Heiser and Mrs. White, residents of the home, assisted Bill Champion, director of recreation, in explaining the procedure and each child was treated to a taste of sap fresh from the tree.

The children also visited the quilting and ceramics workrooms where Mrs. Dolan and Mrs. Hubbard, home residents, explained how quilts are made and the process used in making ceramic ware. The children were able to ask questions of each guide and were interested in the many beautiful quilts and ceramic pieces made by the residents of the home.

The guides were helpful and informative and the children enjoyed their trip to a local landmark which has opened its doors to the children of the community.

For People Who Want To Quit Working Someday

We want to thoroughly enjoy our retirement, but we know that Social Security won't provide enough income. So we've opened Individual Retirement Accounts at Ann Arbor Trust.

Anyone who works can open an IRA and acquire a meaningful retirement fund. Based on current interest rates, I'll have over \$500,000 in my IRA when I retire.

You can set aside 100% of your annual wages, up to \$2,000 each year, and deduct the entire amount from your taxable income.

ANN ARBOR TRUST'S DESIRABLE RETIREMENT PLAN

My Fixed Rate Desirable Retirement Plan guarantees the rate in effect when I make my deposit for up to 5 full years. Deposits made by April 12th will earn 14.00%.

I opened a Floating Rate Desirable Retirement Plan at Ann Arbor Trust with a \$100 deposit, I'm making regular deposits of \$25 and earning higher interest than current 6-month Treasury Bills. The rate until April 6 is 12.923%.

I'll pay \$440 less in income taxes this year because of my Desirable Retirement Plan. You could save even more if you're in a higher tax bracket.

There was no fee or charge of any kind to open my Desirable Retirement Plan at Ann Arbor Trust, and my account is insured to \$100,000 by the FDIC.

For current interest rates and information, stop by any Ann Arbor Trust office or call 475-9154.

Not Only Is the World in Trouble
But Also the Church World

Many thousands of the pastors have lost their biblical absolutes. However, there are many pastors and millions of Christians who still believe in the Bible as God's flawless word.

Can we have peace without the Prince of Peace?
"Peace I leave you; My peace I give you. I do not give to you as the world gives..."—Jn. 14:27.

It is not by world opinion, nor by the United Nations, nor by peace marches, nor by media promotion that we can have peace. Peace begins to grow when it is put in the heart as a gift through the Lord Jesus Christ.

Safety Precautions Urged for Spring's Eager Kite Flyers

March winds have swept away winter's ice and cold and have made for perfect kite-flying weather as young and old alike send their colorful objects skyward in celebration of spring.

Nevertheless, a number of important pointers should be brought to the attention of kite flyers eager to send their kites aloft.

Kites should be flown in an open field, away from electric power wires and transmission lines and only dry kite string should be used—never wire. If a kite gets caught on an electrical power wire or a high pole, don't try to remove it and never use any metal in the construction of your kite.

Kites should not be flown on or near a public highway and they should never be sent soaring in wet or stormy weather.

Compliance with such simple suggestions could save the spring celebrant and kite-flyer from possible injury or even death.

Roman Banquet Staged By Beach 7th Graders

On Wednesday, March 24, Beach Middle school 7th graders were given a taste of ancient civilizations. During the English-history bloc, the students, encouraged to wear sandals and togas, participated in a Roman banquet, during which time they sampled numerous foods eaten by ancient Romans.

Included on the menu were flat bread, figs, olives, raisins, and Columella salad made with lettuce, olive oil, feta cheese and sesame seeds. The main course included "Lucellus Delight" with a special Etruscan sauce. For

dessert, the students enjoyed baklava and throughout the meal, grape juice was served. Between courses, entertainment similar to that of 1,900 years ago was performed.
