FOOD INSPECTOR MAX BRANDT reaches for one of many samples of food placed in Rick's Market for contamination testing. He and others representing the Michigan Department of Agriculture retrieved the samples last week after they were left in

the store for one week. They were labeled and transported to Lansing to be tested for any possible absorption of contaminating factors.

## Bleachers Moved at Fairgrounds

On Thursday, July 8, a Fair Board work bee trucked the new bleachers to the north side of the arena. They will be put together by Fair time, Aug. 31 to Sept. 4. Plans were made to rebuild the east gate which was wrecked by a truck in 1981. It was also observed by the Board members that the catch-basin was built by the village under the supervision of Red Petsch. It catches most of the water which formerly went across the fairgrounds to the ditch on the south side. Some of the men cleared trees and brush where the new fence will be built.

## Tickets Available For Performances Of 'My Fair Lady'

"A limited number of Thursday evening Afterglow tickets to the 'My Fair Lady' production are still available," Gloria Mitchell, chairman of the committee, reports.

The \$10 ticket includes a choice reserved seat on opening night and the party which follows. This will take place at the William G. Rosenberg home on Riker Rd.

"We are able to sell more tickets this year because the Rosenberg home is large enough to accommodate an increased number of theater-goers," Mrs. Mitchell continued.

Tickets are available at Chelsea Cleaners, 113 Park St. For further ticket information, call 475-1133.

GLOBAL TRAVELLER Auli Ella of Finland pinpoints her homeland for cousins Mr. and Mrs. John McCormick of Butternut Ct. with whom she is staying for part of this summer as a means of

fulfilling a language requirement for her English major at the University of Helsinki. At age 21, Auli has visited the United States once before as a part of a Lions Club exchange program.

## Finnish University Student Visiting Relatives in Chelsea

An open, frank, easy-going people, is her impression of Americans, explains two-time United States visitor, 21-year-old Auli Ella, a student studying English at the University of

Helsinki, Finland. She is currently staying with relatives Mr. and Mrs. John McCormick of Butternut Ct.

Auli arrived in Chelsea on May 30 and will stay with her second

cousins until later this month when she will return to Finland to resume her studies. Since her arrival, she has traveled to both New England and the Upper Peninsula with her family to become acquainted with other cousins and she perceives contrasts in personalities and lifestyle, geographically. In general, however, Auli speaks of the broad contrasts between her native people who appear much more formal and her American relatives, with their down-to-earth personalities.

Auli will study at the University of Helsinki, located in the Finnish capital of approximately 500,000 people, for about one more year before taking a job. She has studied the English language since elementary school and has substitute taught in English as well as working for two summers at the State Department in Finland. She hopes to eventually be employed in a Finnish embassy or some other governmental post.

## Kenneth Manes Dies in Auto Crash

Washtenaw Sheriff's Department reports that 54-year-old Kenneth Manes of Waterloo Rd., was killed Saturday evening when he lost control of the car he was driving and struck a tree in Sylvan township.

According to reports, Manes was heading east-bound on Bush Rd. when he lost control at a curve and crossed the roadway and struck a tree.

## Testing Continues at Rick's Market for Any Trace of Contamination

After more than one year of testing, testing and more testing, officials from the Michigan Department of Agriculture were back at Rick's Market last week, sorting and categorizing samples of food left in various areas of the empty store for one week. From there, the samples were taken to Lansing for further testing of possible contamination. Should no further contamination of the meats and cheeses, fruits and vegetables, be evident, the store could eventually re-open.

It was Sunday, Oct. 12, 1980 when a routine fumigation by Orkin, a nationally-known firm, turned into something else and the store closed its doors on Oct. 16 when customers complained of foul tasting and smelling merchandise.

Later, it was discovered that Rick's Market would sue, charging negligence and seeking upwards of \$1 million in damages for the loss of inventory and forced store closure. Litigation continues and a settlement is being sought.

Since that time more than one and one-half years has passed and the Department of Agriculture has made routine stops to test for any degree of

contamination. The most recent stop prior to last week's test session, was last fall and, at that time, according to Robert C. Murphy, regional supervisor, food and dairy division, Michigan Department of Agriculture, there was still evidence of contamination.

Results from the tests performed last week will take at least one week for completion.

## Pre-Schooler Fun Program Starts Today

North Elementary school is the location for a program geared to 3-, 4-, and 5-year-olds. "Summer-time Fun For Pre-Schoolers" is designed to provide diverse enrichment and recreational opportunities for local youngsters and qualified instructors will specialize in the four areas of art, outdoor games and activities, music and creative movement and story and dramatic play.

Children will be divided into four separate groups on the basis of age and will be exposed to each area during the morning. Classes will be altered to suit each group and flexibility will be offered through a supervised play area.

A limit of 40 participants has been set for the second session which begins Tuesday, July 13 and continues through Aug. 5. Class meetings are Tuesday and Thursday mornings between the hours of 9 and 11:30. There is a \$25 per person fee.

Persons interested in placing their children in this unique program may contact the Community Education Office or go to the first class meeting.

## Fireworks Attracts Huge Crowd

The day began early with hordes of Chelsea area residents flocking to the Chelsea Fairgrounds Sunday, July 4 for a four-wheel drive pull, chicken and all the trimmings, gallons of ice cream and socializing and an evening culminating in a festive display of multi-colored light and sound as Chelsea's traditional Fourth of July extravaganza went off without a hitch.

And, despite the large crowd of spectators spending the entire day at the fairgrounds, Chelsea Police Department reports that the extended holiday week-end was extremely quiet with no suspicious or criminal activity taking place.

## Carol Hoffman Selected As Volunteer of Month

Carol Hoffman of Chelsea has been selected as Volunteer of the Month by the Huron Valley Girl Scout Council.

Mrs. Hoffman has been actively involved as a Junior Leader for the past 12 years. The stimulating troop program she facilitates has long been admired and respected. Other leaders have often praised Carol for her expertise and willingness to share her knowledge with others.

This year, Mrs. Hoffman successfully guided her troop to become one of Huron Valley Girl Scout Council's Honor Troops. Some of the varied activities her troop accomplished included camping, father-daughter banquet, father-daughter bicycle workshop and service projects.

At Christmas, the troop prepared a food box for a needy family and in February, they gave a party for the residents of the Chelsea United Methodist Retirement Home.

Beyond her troop duties, Carol has also been responsible for organizing the Girls Scouts for the Memorial Day Parade, has served as a delegate to the annual Council meeting, and this year served as the cluster contact for Chelsea in the absence of a Troop Services Director.

As cluster contact, Carol did an outstanding job recruiting and orienting new leaders, organizing the troops and holding monthly cluster meetings.

## Delay Sought on State Employee Pay Rollback

State Personnel Director John Hueni has announced he will ask the state Civil Service Commission to hold off making a decision on a proposed rollback of a 5 percent pay hike for non-union state employees.

Hueni said public hearing should be held before a decision is made. "It's evident that there are additional views and information on the pay increase . . . and these should be heard before a decision is made," he said.

Peter Ellsworth, general counsel to Governor William G. Milliken, said he has no objections to holding a hearing on the issue, "but the key thing from our standpoint is to get a quick decision."

If the commission decides against rolling back non-union workers' pay increase and vision care plan, the state will have to begin procedures for laying off workers, Ellsworth said.

The rollback of increase and vision care plan for the 14,500 non-union workers is expected to save approximately \$16.8 million and is part of the \$60 million in concessions from state employees and governor has said is necessary to keep the 1982-83 fiscal year budget balanced.

Hueni said, however, that delaying the decision to allow for a hearing should not affect any budgetary decisions as the pay increase does not take effect until Oct. 1.

Ellsworth said if the commis-

sion decides against rolling back the pay increase, department heads must have an early decision to allow for an orderly lay-off process.

Top officials of several large departments had indicated they would need a decision by mid-July to assure a smooth lay-off process, Ellsworth noted.

Several employee groups which are not recognized bargaining units and several non-unionized employees have submitted objections to the commission, saying the requested action would violate the constitution.

Garry R. Magruder, a Department of Labor employee, headed a list of 23 employees who threatened a class action suit if their pay increase is cancelled while other employees received their raises.

That would primarily include union members whose bargaining representatives did not agree to concessions.

Edmund W. Phillips, president of the Professional Mediators and Associates Organization, argued the constitution permits civil service pay recommendations to be altered only by the Legislature, which must do so with a two-thirds majority within 60 days of submission of the pay proposals by the governor as part of his budget recommendations.

That view was backed by the Michigan Society of Scientific and Engineering Administrators and the Michigan Association of Governmental Employees.

Other employees urged alternatives to be used to provide the needed savings, including continued use of mandatory lay-off days.

Pilot Projects Urged on Environmental Compliance  
 Governor Milliken is urging federal officials to select Michigan to run a pilot program under which companies would be given the chance to monitor their compliance with federal and state environmental laws.

The initial environmental auditing program would involve facilities with good compliance records and who volunteer to participate.

If accepted, the Department of Natural Resources would work with a citizen advisory group to develop guidelines for an acceptable program, under which companies would be required to show they have sufficient internal procedures to detect and correct problems.

## Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Clem Webster wanted to talk about gestures Saturday night during the session at the country store, and he had done his homework. He told the fellers he has studied the situation on one side and down the other, and he was of a mind that life imitates television. Everthing from ball games to nuclear summits is put on fer show, Clem said, and if it wasn't fer the newspapers we wouldn't have no way of knowing what's real in this world, was Clem's words.

Fer instant, Clem went on, he had saw by the papers where President Reagan's people were griping that all the "drama" they staged on his recent tour of Europe was lost because folks back home got five minutes of the Mideast, five minutes of the Falklands and a minute of Reagan before five minutes of the trial of the boy that shot him. Clem said what showed this best was the RSVP that exiled Russian writer sent recent to an invite to a White House dinner. He told the President that "the lifespan available to me does not allow time fer symbolic gestures." This feller, Clem said, wanted to deal with the real stuff at a time when the President was on one of his image building trips that included morning and evening pictures of visits to a poor family in Maryland, a school in Chicago, and a Pennsylvania dairy farm.

Through all of it, Clem said, the show was the thing. Nobody talked about how the President meeting the Pope or the Queen or any of the rest changed anything, the purpose of the trip was to let folks see him making all the gestures. The Administration even made a gesture out of

deciding not to fire the feller that slipped out word that the five year plan to build up military strength would cost \$2.3 trillion, not the \$1.6 trillion the Pentagon said. The gesture of fergiveness, Clem declared, don't mean much beside the reality of giving lie detector tests to everybody that was at the meeting where the real cost was told.

General speaking, the fellers took Clem's sermon as food fer thought and chewed on it. Ed Doolittle added to instead of took away fer onct. Ed said he had saw where this doctor said it's time to take the gestures out of smoking. Ed said nicotine is what a smoker craves and what he's going to git, so the doctor says put the nicotine back in cigarets so the smoker can git what he wants in one instead of half a dozen. The gesture of helping smokers by making low nicotine cigarets is just that, Ed said, because a smoker has to keep a certain level of nicotine in his system all the time, and he's going to smoke as many cigarets as he needs to git it. The doctor says git the nicotine in his system quick and reduce his risks from all the other stuff in the smoke.

Personal, Mister Editor, I think Clem has a good, hopeless case. Folks don't want the real things. They want the light beer and the clean cigarets and the cars bigger inside than outside. They want to be just like all them real people they see on television. Yours truly, Uncle Lew.

## Lutovsky-Broderick Vows Spoken at St. Mary's Church

Joan Marie Lutovsky became the bride of Charles Lynford Broderick, Jr., Friday, June 25 at St. Mary's Catholic church in the presence of 200 guests. The Rev.

Fr. Phillip Dupuis officiated the 6 p.m. ceremony uniting the daughter of Mr. and Mrs. Raymond Lutovsky of 414 Dale, Chelsea, to the son of Mr. and Mrs. Charles Broderick, Sr., of 12005 Scio Church Rd., Chelsea.

Mrs. Lyle Waltz, organist, played the Wedding March while Theresa and Lisa Broderick, sisters of the bridegroom, played guitar and sang "If" and "The Wedding Song."

The bride chose a gown of white chiffonette featuring a high neckline and long tapered sleeves accented with silk Venice lace. Wedgewood lace formed a V-shaped, ruffled capelet and a double-flounced hemline with tiered, ruffled godets of wedgewood lace forming side skirt panels. The cathedral train featured vertical re-embroidered lace forming a panel from the waist to the hemline. The fingertip veil was accented by wedgewood lace around the edge to match the gown.

She carried a crescent-shaped bouquet of large and small white carnations and silk lilies of the valley.

Matron of honor was Mrs. Douglas Shiels of Temperance, sister of the bride. She wore a sleeveless gown of apricot silk knit featuring a lace yoke and second collar. It featured a Queen Anne neckline and empire waistline with peplum. She carried five long stemmed apricot-tipped carnations with baby's breath. In her hair, she wore a comb featuring a single small white carnation and baby's breath.

Bridesmaids included Mrs. Daniel Lancaster, a friend of the bride, from Grass Lake, Mrs. Michael Squires, sister of the bridegroom, from Milan and Miss Monica Goodspeed of Birmingham, a friend of the bride.

They were attired in gowns similar to that worn by the matron of honor and carried three apricot tipped carnations. They wore hairpieces identical to that worn by the matron of honor.

The bride's mother chose a floor length capelet gown featuring a crystal pleated blue chiffon skirt. She wore a corsage of three blue tipped white sweetheart roses accented by baby's breath. Mother of the bridegroom was attired in a seaspay polyester knit gown featuring gathers at the center and an empire waistline. Her corsage included five yellow sweetheart roses and baby's breath.

Best man was David Schrotenboer of Dexter, a friend of the bridegroom, while ushers included Richard Lutovsky of Chelsea, brother of the bride, Brandon Rinehart of Chelsea and Daniel Schultz of Grass Lake, friends of the bridegroom.

Immediately following the ceremony a reception, given by the couples' parents, was held at the Chrysler UAW hall, Local 1284, Chelsea. Mrs. Donald Doll, 17410 Heim Rd., aunt of the bride, and Miss Cathy Broderick, sister of the bridegroom, cut the cake which was baked by Mrs. Phillip Klink of Grass Lake. Mrs. Daniel Elliott of Gregory, friend of the bride, was in charge of the guest book.

Thereafter, the couple departed for a week-end trip to northern Michigan. They are at home at 12196 Roepke Rd., Gregory.

The bride is a June 1982 graduate of Michigan State University with a degree in medical technology. She will begin a medical technology internship in September.

Her husband is manager at Broderick's Tower Shell, Chelsea.

## Good Things Growing in Michigan

By Margaret G. McCall

There's a record crop of red tart cherries being harvested right now in Michigan, the Cherry Capital of the world, where more than three-fourths of the nation's crop is grown.

Our grandmothers called them "pie cherries," and no wonder! Many households had a tree in the backyard, and youngsters in the family were assigned to pick the cherries before the birds had them all. Sometimes the competition seemed stiff, at least to one 10-year-old subjected to screams and dive-bombing from the robins.

Our reward was fresh cherry pie, with flaky crust and a topping of either whipped or ice cream. But there are other good cherry recipes, and I think my mother knew them all—we had the fruit of two large trees of Montmorencies to consume. What wasn't eaten fresh was canned for winter use.

Cherry cobbler, with a rich biscuit crust, was always served warm, with thick unwhipped cream. Cherry crisp, made just like apple crisp, was crunchy and topped with ice cream.

Cherries jubilee was too elegant for family fare, but makes an impressive dessert for guests.

We even enjoyed cherry pancakes, and cherry muffins were a favorite treat. I like the tart flavor balancing the sweet. Another specialty was a quick baking powder bread which incorporated red tart cherries.

Rare today, but still delicious, was Cherry Shrub, a cool summer drink which was made at our house with tart cherries, giving it a beautiful color and a refreshing tangy taste. James Beard says shrubs were popular in the 19th century, but in southwestern Michigan they were still enjoyed in the twentieth.

Cherry Shrub is made by simmering red tart cherries in the top of a double boiler until the juice is extracted. It is then strained through cheesecloth or a jelly bag, sweetened to taste and refrigerated. When ready to serve, pour over ice cubes and add about half water. If you like, you may flavor with a pinch of cinnamon or cloves. For a fizzy drink, use soda water.

## Mrs. Irving Feller Named to Head Medical Society Auxiliary

Outgoing president Joan Blunt of the Washtenaw County Medical Society Auxiliary (WCMSA) announced that Mrs. Irving (Cynthia) Feller has been elected 1982-83 president of the organization.

Mrs. Feller, wife of University of Michigan Burn Center director Dr. Irving Feller, has served as recording secretary and president-elect before being elected to the organization's leadership position. Mrs. Feller is also a member of the Friends of the University of Michigan Hospitals, St. Joseph Mercy Hospital Auxiliary of Ann Arbor, Chelsea Community Hospital Auxiliary and recently served as an alternate delegate to the American Medical Association Auxiliary Convention.

Feller describes the unique role that county medical societies play nationally:

"There are over 80,000 members nationally involving not only the practicing physician's spouse, but also Resident Physician spouse and Medical Student spouse programs which offer a valuable social and professional link for these highly mobile families. Membership in the county organization offers MSMSA membership and eligibility for membership in the American Medical Association (AMA) Auxiliary. The AMA Auxiliary is involved in many grass-roots programs including the Shape Up For Life Program, a nation-wide effort to inform people of the value of proper nutrition, exercise and stress management. Legislative activities are supported by letter writing and personal contact campaigns. Since its inception in 1951, the AMA Auxiliary has funded more than \$32 million supporting the Education and Research Foundation which awards unrestricted

Cynthia Feller

grants to medical schools, loans to medical students and residents, and substantial funds for research grants, scholarships and programs to improve the quality and availability of medical care in underserved areas. Another example of Auxiliary work is the Washtenaw County Impaired Physician Program, offering valuable help to its members and families in times of crises. The Washtenaw County Medical Auxiliary includes and invites members from various hospital auxiliaries to become involved in these many worthwhile programs."

Other elected officers from 1982-83 include Wendy Butler, vice-president; Sheila Peterson, recording secretary; Joan Blunt, communications; and Barbara Martin, treasurer. Appointed officers include Betty Kohnak, Audrey Vander Yacht, Zena Brovins, Jackie Anderson and Joyce Mason, MD.

For information about the WCMSA contact Mrs. Feller at 761-3866 or 475-1265.

## St. Mary's Senior Citizens Share

On June 17, St. Mary's Senior Citizens had for their theme "Reflections." They took time to remember wedding days of the group, combined with anniversaries. Mr. and Mrs. Scott, Joe and Julie celebrated their 37th year of marriage. We all shared in their happiness. There was a display of wedding pictures making a very interesting reminiscing. Superb food in pot-luck buffet was topped off with a decorated cake with words "Love is Everlasting" printed on top. A very special guest was Sister Trenita Flood, of the Order of St. Dominic. Evelyn Hale, and Loretta Doll supervised the proceedings.

On June 19-20 Senior Citizens honored the "Dignity of Fatherhood and Sanctity of Life" by handing each father attending week-end Masses a small plant. The plants were a donation by Jerry Ashby of State Farm Insurance and Chelsea Greenhouse provided the gift plants.

Next meeting for Seniors will be July 29, and the theme is "Sharing" as they host 9 or 10 of the boys from St. Louis school who have not gone anywhere for the summer vacation. They have no families but the loving staff at St. Louis. Fr. Joseph, director, and Fr. Fortunato will accompany the young people. Fr. Balser, acting pastor, for vacationing Fr. Dupuis will celebrate Mass, which will be followed by a pot-luck lunch.

Senior Citizens are not remembered for their past years, but for the present, and future as well.

**To the Editor:**  
For three months I have been working closely with four young men to develop and present this year's Children's Theatre Workshop. They are Brian R. Myers, Patrick Powers, Mike Smith, and Phil Powers. We have had a good working relationship. I have developed great respect for each of them, and we've had fun together.

The last week, in preparing for our performance July 9, other young people volunteered their help to us: Connie Dault, Rob Benedict, Tom Mull, Tim Benjamin, and performance night Jim Weber, Cindy Stirling, Jeff Stacey, and Donna Guinan gave us help when we needed it. Also I enjoyed working with the 67 children, grades two through nine, who participated in the workshop.

These people are examples of the very fine young people we have in Chelsea. I am proud of them and glad for an opportunity to get to know them through the workshop.

Joy Stacey.

**To the Editor,**  
On behalf of the students, staff, administration and Board of Education, I want to sincerely thank the voters of the Chelsea School District for the confidence expressed by their affirmative vote on the recent millage proposals.

In light of the economic problems in Michigan, and the defeat of millages in many other school districts, it is obvious that Chelsea citizens place children and education at high priority. We appreciate your continued support, and pledge to continue to operate cost-effective programs. There is a special spirit among the people of Chelsea which makes it a great place to live.

Arthur E. Dils  
Secretary  
Board of Education.

JON GODERIS, of Chelsea (right), is congratulated by Dan Laviolette, of Dow Chemical Co., Midland, for being selected Michigan's 1982 state 4-H bicycle project award winner during 4-H Exploration Days at Michigan State University.

June 24, Goderis may be eligible to attend National 4-H Congress in Chicago this November and compete against other state bicycle project winners for national honors.

## Jon Goderis Named State 4-H Bike Safety Project Winner

Two Washtenaw county 4-H'ers were named state 4-H project winners June 24 during 4-H Exploration Days at Michigan State University.

Deede Starling 18, of Saline, was named the top 4-H public speaking project member, and

Jon Goderis, 16, of Chelsea, was selected Michigan's 1982 4-H bicycle safety project winner.

"It's quite an honor to be named a state 4-H winner," says Sara Paton, Washtenaw County Extension 4-H Youth agent. "Only a small proportion of 4-H'ers ever accomplish this achievement, so we're especially proud to have two winners from Washtenaw county."

Starling is a member of the Saline 4-H Farmers Club and has completed a variety of public speaking project activities including participating in regional and state-level public speaking contests. Starling has also been involved in several other 4-H project areas including sheep, crafts, foods and nutrition and personal appearance. She is the daughter of Robert and Katrene Starling.

A member of the Washtenaw Pedal Pushers 4-H Club, Goderis has completed such bicycle safety projects as judging bicycle safety rodeos, bicycle repairing and bicycle touring. Goderis has also participated in arts and crafts, cake decorating and rabbit raising 4-H projects. He is the son of Louis and Barbara Goderis.

As state award winners, both 4-H'ers may be eligible to attend

National 4-H Congress in Chicago this November and compete against other bicycle safety and public speaking project winners from across the country for national honors.

## Traffic Death Toll Hits 22 for July 4 Week-End

Although the state's second summer season holiday week-end traffic fatality count was identical to the 1981 experience, Col. Gerald L. Hough, director of the Michigan State Police, said he is, "Deeply concerned over the loss of 22 lives during the July 4th 78-hour period." Hough noted however, that during the 10 July 4th Holidays prior to Operation C.A.R.E. (1967-77) an average of 31 lives were lost. Considering this, he believes the special patrols of the C.A.R.E. program have had a positive impact.

Twenty-two persons were killed during the July 4th holiday period last year State Police Officials caution that this year's toll is provisional and may be revised if delayed deaths occur.

This is the first Operation C.A.R.E. holiday week-end during which the Michigan Army National Guard assisted the State

Police. In Operation C.A.R.E./Sky Guard, six National Guard helicopters monitored traffic conditions and conducted air speed timing. The State Police also had one of their helicopters on duty.

Hough reported that troopers in the helicopters, working with patrol cars on the highways, issued 343 traffic citations; spotted seven drunk drivers from the air; assisted at two accidents; and directed patrol units to assist 45 stranded motorists.

Totally, for the week-end, troopers assisted 2,493 motorists, arrested 195 drunk drivers, and issued 8,003 traffic citations.

Again this holiday, 42 volunteer organizations served free refreshments and distributed traffic safety literature in rest areas and roadside parks across the state.

## Chelsea Baseball Team Wins One, Loses Two

The second week of action in Major Division Ann Arbor Recreational baseball opened with Chelsea playing Wolverine 76 on Thursday, July 1. Chelsea fell behind in the first inning, 3-0, but in the second, the local team scored six runs on singles by Mike Neibauer, Steve Grau and Chris Gallas. Eric Stofflet walked, forcing a run. Then, David Bushway lined a single to center, scoring two runs. Chelsea took the lead, 6-3.

In the fourth inning, Chelsea had a bad defensive inning, falling behind, 13-6. Chelsea showed its pride though and rallied for eight runs to regain the lead, 14-13. Wolverine scored two more in the sixth to win the game, 15-14. It was a tough loss but the Bulldogs never gave up and did make a game of it. Chelsea collected 13 hits in the game. Steve Grau started the game on the mound and also collected three singles. Doug Pagliarini pitched in relief. Getting two hits for Chelsea were Chris Gallas, Eric Stofflet, David Bushway and Rich Slater. Also Mike Neibauer singled and Dave Gipsen tripled.

The following evening, Chelsea played Saline Sports Shack and fell victim to them, 11-6. Again, Chelsea fell behind early, 9-0, but scored six runs, unable to get closer and suffering their third loss of the season. Jeff Blanchard started the game for Chelsea and Jay Marshall relieved him in the

third and finished the game. Chelsea could manage only three hits for the game as they struck out 15 times in the contest. Mike Neibauer tripled and Rick Boham and Jay Marshall each singled.

On July 6 Chelsea played a very tough game and came out on top, defeating Packard Dairy Queen, 5-4. Both teams played well enough to win but Chelsea won it in the bottom of the seventh as Jay Marshall laid down a perfect suicide squeeze with the bases loaded to score Doug Pagliarini. Chelsea collected four hits featuring a homer by Mike Neibauer, his second of the season. This game was the most exciting of the season as the lead went back and forth until Chelsea finally won it in the seventh. Doug Pagliarini pitched an excellent game but needed relief from Steve Grau who got the win.

But, on Thursday, July 8, Chelsea took a beating from Rebmann Products, losing 11-0. Redmann scored nine runs in the first inning and never looked back. Steve Grau pitched four and a half innings of excellent relief, allowing only two runs but the damage had already been done. Getting the only hit for Chelsea was Eric Stofflet.

Chelsea's record is now 3-4. The team's next two games will be Thursday, July 15 at Huron High and Tuesday, July 20 at Vet's Park. Both games begin at 8 p.m.

### Preserving the Integrity of Social Security

Despite the suggestions by some in recent months that the 7.4 percent cost-of-living increase for Social Security recipients should be delayed or eliminated, those entitled to the benefits will receive the extra income this month as planned. The Administration has displayed its compassion by refusing to strip the elderly of this money, which many are counting on for some time.

Some 90 percent of all elderly Americans rely on Social Security benefits for all or part of their income. For millions of people the cost-of-living increase is the only means of remaining above poverty level. The poverty rate among the elderly is the highest for any adult age group and is escalating dramatically, and the elderly spend a larger portion of their income for food, fuel, medical expenses and utilities.

Other facts support the need for this cost-of-living increase as well. The average Social Security benefit is \$385 per month for a retired worker and \$643 per month for a retired couple. In 1980, more than 50 percent of persons age 65 and older had incomes of less than \$5,000.

We are obligated to provide some measure of economic security for elder Americans, which includes enabling them to keep pace with the cost of living. Senior citizens have contributed hard-earned dollars to the system over the years and deserve to receive this income now. But part of our responsibility to elderly Americans and the nation in general is to do our best to eliminate waste, fraud and abuse within the program.

Some benefits now go to people who should not be receiving them, including convicted felons who are known to be receiving disability checks. About 300,000 persons living outside of the United States receive Social Security benefits and some 70 percent of those people are not even U.S. citizens. Some retirement and other benefit checks still are sent to people who have died. Obviously, something needs to be done to correct these abuses to preserve the integrity of the program.

It is clear that there are other problems with the program, too. It is no secret that the Social Security program has financial problems which continue to plague the fair distribution of funds to those who deserve them. President Reagan has formed a National Commission on Social Security Reform to seek solutions to the financial problems of the system.

Let us hope that when the commission makes its findings known at the end of this year there will be worthwhile suggestions on how to preserve the solvency of the program. Our nation's elderly deserve a strong Social Security system. And other American do, too.

## Space Shuttle Program Slated On U-M Campus

"The Most Recent Space Shuttle Missions" is the subject of the University of Michigan AstroFest series' 113th free public program at 7:30 p.m. July 16 in Auditorium 3, Modern Languages Building.

Jim Loudon, AstroFest director and staff astronomer for the U-M Exhibit Museum, will discuss the third mission commanded by U-M graduate Jack Lousma last March and this month's mission involving the first classified military payload.

Films, slides and audiotapes will also be presented "with the latest results of humanity's first true spaceflight, the reusable shuttle Columbia," says Loudon.

"Two additional films will be shown. 'Where Dreams Come True,' narrated by Ricardo Montalban, tells what it is like to work for NASA. 'David's World' is about how space technology helped a very special five-year-old boy."

Say yes to Michigan

**PASSPORT TO VALUE!**  
SUPER FUN IN MICHIGAN

**TOURISM PROMOTION:** Governor William G. Milliken, (center), smiles approvingly at an oversized replica of a coupon booklet promoting tourism in Michigan. With the Governor are (from left), Al Fellhauer of Chelsea, president of the Michigan McDonald's Owner/Operator Association, and Jack Wilson, president of the Michigan Travel Bureau.

## McDonald's Offering Coupon Book Promoting Michigan

McDonald's Corporation and the Michigan Travel Bureau announce that they have joined forces to promote tourism in Michigan this summer. More than one million "Passport to Fun" coupon booklets offering discounts to a variety of Michigan attractions will be distributed state-wide by McDonald's Restaurants.

"This tourism promotion is the largest private sector contribution to the success of the 'Say Yes To Michigan' campaign. I am sure it will help introduce

many of Michigan's attractions to tourists," said Governor William G. Milliken.

The coupon booklet will be given at participating Michigan McDonald's Restaurants to customer ordering Chicken McNuggets, regular fries, and a medium soft drink during a six-week period, starting June 28 in the six-county Detroit area and in outstate Michigan July 5.

A different booklet will be offered during each of the six weeks of the campaign. Each of the booklets has a minimum of 29 different coupons, with a value totalling more than \$100.

In total, the six booklets invite people to visit more than 170 different attractions in our State. These family-oriented coupons include museums, campgrounds, tours, theatres, resorts, just to name a few.

## Children's Theatre Plays to 400-Plus

On Friday evening, more than 400 people attended "An Evening of Plays and Music," presented by the 87 children who attended the Children's Theater Workshop. The writers and directors of the plays were Brian R. Myers, Patrick Powers, Mike Smith and Phil Powers. The producer was Joy Stacey.

This performance culminated the three weeks of classes and play rehearsals for the children, grades two through nine. Besides having a lot of fun, the children learned about many aspects of theater work: scene painting (many ways to achieve different effects), mime, character development, relaxation exercises, blocking scenes, projecting voices, stage directions, stage lighting, make-up, publicity and more. Under the direction and accompaniment of Mike Smith,

they prepared a variety of songs for the performance. One of the benefits that most received is a boost in self-confidence.

On Thursday, the group celebrated with a pizza party, paid for by the deposits of more than 1,000 pop cans and bottles collected by the children and teachers during the Workshop.

Through the children enthusiastically selling performance tickets and the good publicity achieved by the Workshop, 440 tickets were sold and for the first time in 10 years of the Children's Theater Workshop, they ended the season breaking even financially.

The Children's Theater Workshop continues to develop talent for the Chelsea schools' theater productions and the Chelsea Area Players' productions.

## Susan L. Oesterle Receives Business Education Award

United States Achievement Academy announced today that Susan Lynn Oesterle has been named a 1982 United States National Award winner in business education.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than five percent of all American high school students.

Susan, who attends Chelsea High school, was nominated for this award by Thomas E. Morrison, business education teacher at the school and Susan will appear in the United States Achievement Academy Official Yearbook, published annually.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the standards for selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and co-operative spirit, dependability and recommendation from a teacher or director.

Susan Lynn Oesterle is the daughter of Mr. and Mrs. Sumner Oesterle. She is the granddaughter of Mr. and Mrs. Lester Hall of Grass Lake.

### More With Less

In 1880, 100 bushels of wheat took 373 man-hours to produce, compared to only 10 hours today. This is a 36-fold reduction, say farm specialists.

## Expensive Package

The cost of food packaging in American has risen at a higher rate during the past decade than the over-all marketing bill for processing, shipping, storing and selling food, say farm specialists. The biggest price jump was for plastics, which cost three times as much in 1980 as in 1970 largely due to rising petroleum costs.

A separate take-out line makes it possible to take dinners home to eat. Two other good places to feast on a take-out are Carr Park, on the west side of town, and Park Sharon, a small county park 6 miles north on M-52. Guests may of course eat right at the broil at any of the hundreds of tables all ready for them. After dinner, a walking tour of this fine old town helps the digestion, and a pleasing nightcap is provided by the Black Sheep Repertory Company's performance of "Ten Little Indians" by Agatha Christie, starting at 8:15 p.m.

Over the years, the Chicken Broil's profits have gone to equipping the Athletic Field, Carr Park, and the school track, supporting the township library, and to building Kirk Park. This year's contribution will go the Manchester Historical Society toward the purchase of the old blacksmith shop on N. Main St.

Free parking is available at Manchester High school and old-fashioned horse-drawn wagons will ferry people to the broil and back without charge. The Manchester Police Department will be on hand to handle traffic.

## Big Boy Bats Blast Away for 2 Wins

Chelsea Big Boy, which saw its hold on first place begin to narrow two weeks ago, came roaring back last week to stretch its league lead from one-half to two and one-half games on Tuesday.

They defeated second place Central Cafe, 10-2, in a battle for the league lead. Then, on Thursday, Big Boy dominated Portage Hardware, 13-4, while Central was losing again to Wolverine Supply. So, with five games remaining in the Ann Arbor Major Fastpitch League, Big Boy clings to a two and one-half game bulge.

In the Tuesday game, Big Boy put their bats to work against Jerry Petroska, the Central pitcher, by scoring 10 runs in this very big contest. Al Augustine got the big hit in the game when he doubled home Randy Brier and Craig Houle and scored himself on a throwing error later that inning. This three-run outburst in the fourth inning broke a 1-1 tie; Chelsea then added another run in the fifth and three more in the sixth with Todd Ortring delivering the key hit, a two-run single, after Central got one run back in the their half of the sixth, making the score, 8-2.

Mike Lauerma gave Chelsea two more additional runs with his two-run homer in the seventh. John Strong closed the game out,

in relief of Jim Strong, who got the win, his sixth against no losses. The final score was Big Boy 10, Central Cafe 2.

In the Thursday game, Big Boy broke open a 3-all tie in the fourth inning by scoring five runs. A run scoring double by Craig Houle, followed by another run scoring double by Roger Bourne did most of the damage for Big Boy in that particular inning. Big Boy scored another five runs in the seventh inning to turn the game into a rout. Ortring, Houle and Bourne collected the RBI hits in that inning.

Steve Bertso picked up his fifth win of the year against three losses. He went the full seven innings. Todd Ortring and Craig Houle led the Big Boy hitting assault, each going four for five and knocking in two runners. Roger Bourne also had a good night, collecting three hits with three RBIs. Wayne Welton had two RBIs with a hit and Al Augustine had a hit and scored two runs. The final was Big Boy 13, Portage 4.

Tonight, at 9:45 p.m. Big Boy will meet Omega Farms and will take on Brewer's Gulf at 6:15 p.m. Thursday. The team must face Central Cafe two more times and Wolverine Supply once more to close out the season.

## MEET CONGRESSMAN PURSELL

THE PURSELL FAMILY OF PLYMOUTH  
Mark, Peggy, Phil, Carl, and Kathy

"The new congressional district plan adds Chelsea to the 2nd District, which I represent. I will seek a 4th term and look forward to the opportunity to serve you.

"I'm one of the few Congressmen who maintains his family and home in his district, instead of Washington. I return home every week for direct meetings with the people I represent.

"My philosophy of government is best expressed by these words of President Abraham Lincoln:

"You cannot bring about prosperity by discouraging thrift. You cannot strengthen the weak by weakening the strong. You cannot help the wage earner by pulling down the wage payer. You cannot further the brotherhood of man by encouraging class hatred. You cannot help the poor by destroying the rich. You cannot keep out of trouble by spending more than you earn. You cannot build character and courage by taking away men's initiative and independence. You cannot help men permanently by doing for them what they could and should do for themselves."

These two teams came out of the second inning evenly scored, 6-all. The Bombers' defense then held the Stokers to two scoreless

innings. Dena Slusher made an excellent play at third base to first baseman Kim Easton. Vanessa May made a great fly ball catch in left center for the Bombers. Pitchers for the Bombers were Sallie Wilson, Pam Brown, Laura Walton, Karen Grau and Heather Niebauer, all doing a very good job.

The Stokers worked hard on defense with super pitching by Meredith Hall only giving up one walk. Beth Peterson on third base did a fine job. Karen Michaud played first base, holding the Bombers to one run in the third inning. The Bombers came out hitting in the fourth with singles by Kim Easton, Sarah Weiss and Kris Michaud and doubles by Stacey Murphy and Heather Niebauer. This pulled the Bombers ahead of the Stokers by eight runs.

### Blue Jays 19, Angels 10

The Blue Jays came out on top Monday with a final score, 19-10. The Angels played strong with singles by Meredith Johnson and Jennifer Borton and a double by Kelly Stump and a triple by Jennifer Borton. Infield players had a tough time holding the Jays. But, Kelly Stump, at first, Stacy Norris at second and Jill Penhallegan at third did a fine job for the Angels. The infield had good backup by Carmen Albertson. The hard-hitting Blue Jays added up the score and flew by the Angels, 19-10.

Americans work considerably less time to earn money for food purchases than citizens of most other nations, says the USDA. It takes the average U. TO WORK FOR YOU!

Amana.

will guard your home and valuables better.

MODEL DH22-2W

WHAT YOU SHOULD KNOW ABOUT DEHUMIDIFIERS:

**No. 1 ENEMY IS DAMPNES!** A dehumidifier should remove moisture from your home to insure the maximum amount of protection against mildew, mold, corrosion and rot.

**COPPER TUBING-A MUST!** Copper will not rust or corrode. Its use is the only practical way to avoid rusting out. Amana uses solid copper in both the condenser and evaporator section.

**AIR MOVEMENT OVER COILS-ONE MEASURE OF PERFORMANCE.** To be efficient the air in the area to be dehumidified must pass over the evaporator coil. Amana has 34 1/2 feet of evaporator coils. An air control shroud assures all air passing over the coils and avoids air leaks of moisture laden air back into the room.

**WATER DISPOSAL MUST BE QUICK, EASY AND SURE.** Amana gives you a choice of 3 ways to remove condensate. 1) a standard hose connection for direct to drain. 2) set unit directly over drain. 3) big condensate pan that holds more than 2 gallons of water.

**AUTOMATIC OPERATION IS BEST!** Amana Humidistat control automatically watches the humidity for you. Turns on and off as needed to maintain pre-selected humidity with a control ranging from 20% to 80% humidity.

**OVERFLOW CONTROL!** Amana overflow control switch automatically shuts off when condensate pan is full. Eliminates frequent checking on container.
