Assassination Victim's Body Found Saturday In Trunk of His Car

The body of a Detroit man in his mid-sixties was discovered in the trunk of a 1982 Chrysler Le Baron abandoned in Polly's parking lot last week. The businessman, owner of Fast Kill Pest Control of Detroit, was positively identified through dental records as David Joseph Dawood, 65.

At approximately 12:15 p.m. Saturday, July 17, Chelsea Police Department received a call from an employee at Polly's Super Market regarding a car parked in the parking lot since at least Monday, July 12. Parked in the motor pool area, the employee asked that Chelsea police look into the situation.

Sgt. Lenard McDougall appeared on the scene and checked the car, running its license plate number on a teletype. He received a response from the Detroit Police Department 18th Precinct and was requested to check for the possibility of the vehicle's being stolen. From there, McDougall contacted the Detroit Auto Squad and entered the information on LEIN. He received information that the owner of the vehicle was

also missing and McDougall headed back to Polly's to verify, through serial number, the identification of the car.

Upon entering the vehicle and removing information from the glove box, McDougall detected a pungent odor coming from the trunk of the vehicle. Upon his return to the station, McDougall contacted Detroit Police Department Homicide.

McDougall and Chief Robert Aello returned to the scene where Aello detected the odor from outside the vehicle. Determining probable cause to forcibly open the trunk, the body of an adult white male was discovered in an advanced state of decomposition. The trunk was closed and the Medical Examiner and State Police Crime Lab were contacted for help in the investigation.

Upon their arrival, photographs of the corpse were taken and Huron Valley Ambulance Co. transported the body to University of Michigan Hospital for autopsy. Sunday morning, Sgt. McDougall and two members of the Crime Lab

Forensics Team attended the autopsy where it was determined that the cause of death was a single gun shot wound to the back of the head and that death occurred within one hour of eating.

No identification, wallet or money was found on the body and physical evidence, obtained from the vehicle, indicates that the victim was neither bound nor killed inside the vehicle. Instead, his "assassination," as it was termed by the method of killing, was most probably performed elsewhere and he was stuffed into the trunk, driven from another location and dumped in Chelsea.

At this point, no motive has been determined while the investigation continues. Chief Aello is handling the Chelsea end of the murder while Sgt. McDougall and Det. Piziali of the Jackson State Police post are handling the western Detroit area probe including the investigation of his home, friends, acquaintances, place of business and the like.

Dawood had been in last seen Wednesday, July 7, in a Detroit area restaurant he visited frequently.

DEATH TRAP: The body of a 65-year-old Detroit businessman, David Joseph Dawood, was discovered in the trunk of his grey 1982 Chrysler Le Baron, abandoned by person or persons unknown in Polly's parking lot sometime last week. Dawood was last seen in a Detroit restaurant Wednesday, July 7, and according to

autopsy reports, was murdered within an hour after his meal. Chelsea and Michigan State Police are still investigating the case in hopes of discovering a motive for the assassination-style killing. The victim was shot one time in the back of the head.

Michigan Budget Problems Not Unique

A survey of budget officials across the country indicates 37 states are spending at rates higher than current revenues in 1981-82 and 25 states expect that pattern to continue in their 1982-83 fiscal years.

Aggregate spending outstripped revenues by \$4 billion in 1981-82 for the nation's 50 states.

All states but Vermont require balanced budgets and have been able to maintain those expenditure levels only by depleting budget surpluses to an historically low level.

A report by the National Governor's Association and the National Association of State Budget Officers said those balances translate into about 1.5 percent and 1.1 percent of general fund expenditures in the two years, or about enough to operate the various state governments for four days in 1982 and three days in 1983.

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

Preaching, like everything else, has seen a heap of changes in my trip this far through the vale of tears. What would you of thought, Mister Editor, of preacher malpractice insurance when you was a shirtilay boy? I wouldn't of thought of it at all either, but now I hear they got to protect themselves agin everthing from a wedding that don't take to pushing more building program than their flocks can pay fer. But preaching allus has been and still is the only work a feller can go in to and git instant respect.

Now I see some Methodists feel their respect threatened. They have come up with a plan where congregations will grade their preachers, and some preachers look on this idee, as one said, with fear and trembling. The plan has split clergy and lay people among themselves and with each other. One bishop went straight to the top fer help in beating down the plan. He said God sends a preacher to a church, and anybody in the congregation that gives the preacher a low mark is picking on "an angel unawares." That is demanding high powered respect.

Methodist clergy is assigned to churches by clergy, and clergy decides what kind of job clergy is doing, and how big a job clergy goes to next. This is a system that works for clergy all the time and fer the rest of the folks most of the time. When a congregation draws a dud folks general muddle along til next assignment time. Bug Hookum is a Methodist as much as he's anything, and he was saying during the session at the country store Saturday night that many preachers and lay people see the revaluation plan as a way to promote closer relationships between clergy and congregation, but some of the preachers are worried that if they start cowntowing to the congregation they'll lose their power as God's spokesman.

Ed Doolittle is a dyed in the wool Baptist. He said his preacher is hired and fired by the

Michigan, along with Ohio and Washington are cited as being hardest hit by the recession, is not among the states identified as spending more than is being taken in, but that is because it had already totally drained its budget balances.

Michigan and Arkansas are the only two states shown with zero year-end balances for four consecutive budget years ending with 1982-83 (although Michigan's budget for that year has not yet been approved), while most budget officers strive for a 5 percent cushion.

Ohio had the single largest spending gap at \$1.2 billion, but since the data was compiled, its Legislature has cut spending and raised taxes to nearly erase the deficit.

Only seven states had revenues exceeding expenditures.

The report noted the other states are reaching the point where most will face spending cuts, revenue increases or both to maintain their balanced budgets.

congregation, and sometimes that works to everybody's advantage and sometimes it don't. The trouble is, Ed explained, that what some folks want is no preacher at all, and what they git sometimes is as close to that as they can git. Ed said he can see benefits of the Methodist way and the Baptist way, but he can't see why a preacher wouldn't want to know what his church thinks of the job he's doing. I didn't make a comment, Mister Editor, but I figger it's the same with your job. You want to know what readers think of you and your paper, even if they don't know nothing about the newspaper business.

General speaking, Ed declared, we all want to be pleasing in the sight of God and man. He said the trick is not to take ourselves too serious. He had saw where this feller has wrote a book called "Living To Be 100," and he tells how by reporting talks with folks that did. One didn't believe in germs, another drunk two raw eggs in goat's milk ever morning, he said, but all of em learned to live without the stress of worrying about their own importance, and without the guilt of not reaching their own goals.

Yours truly,
Uncle Lew.

With major state revenues tied to recession-sensitive sales and income taxes, the report found that even though expenditures tended to outpace revenues, 22 states—including Michigan—still spent less money in inflation-adjusted terms in 1981-81 than they had the year before.

Michigan's drop was 7 percent, while Illinois dropped 8 percent, Indiana and Wisconsin, 7 percent and Ohio 3 percent.

The largest decline was 13 percent for Nevada. The largest real spending increase was 28 percent in Texas.

In 1982-83, assuming a 5 percent inflation rate, spending will continue to lag in 14 states, topped by Alaska's 33 percent drop tied to what the report said are unusual spending patterns associated with oil revenues.

Michigan's spending would reflect real growth of 9 percent.

The report said while most states avoided general fund tax increases in 1981-82, the pressure for tax increases in 1982 legislative sessions has been higher.

"Most of the state officials surveyed indicated that they are taking administrative measures to cut spending (for example, freezing vacancies, cutting back on travel and/or equipment purchases), and many legislatures have adopted tax increases or have tax increase proposals pending."

"The most significant factor affecting the financial health of state governments in the remainder of 1982 and 1983 will be the condition of the national economy. No amount of state government action will produce a strong fiscal condition in the face of recession," the report concluded.

WHAT SHOULD A CHILD BE TOLD ABOUT DEATH?

Do you explain Grandpa's death with a fairy tale? Do you say, that they have been "called away?" Or do you answer simply, so that the child may relate his grandfather's death to familiar things; flowers, for example, which live, grow, wither and finally die?

We believe the flower example can be understood by the child because it relates to things he's seen and can grasp. "Flowers," you may explain, "don't live a long time but we like them while we have them. Grandpa lived a long time and you and he had many good times together. But, like the flowers, he too, died. We will remember him with love, won't we?"

The child needs to understand that what has happened is a natural course of events—like the seasons and the rising and setting of the sun. He comes closer to his family through such honest involvement, maturing as he finds his own sadness is shared and understood.

Your questions and comments on this and other subjects are welcome—in private or publicly through this column.

Blood Donor Hours Expanded To Meet Needs

Faced with the one-two punch of increasing demand for blood from area hospitals and decreasing blood donations at industrial bloodmobiles, the Washtenaw County Chapter of the American Red Cross has expanded donor hours at the Ann Arbor Donor Center.

Effective immediately, blood may be donated on Monday and Thursday from 10 a.m. to 4 p.m. Tuesday hours are 12 p.m. to 6 p.m. Center hours on the third and fourth Friday of the month are also 12 p.m. to 6 p.m. All other Fridays in the month, blood may be donated from 1 p.m. to 7 p.m. Hospitals in Washtenaw county require approximately 180 units of blood per day, every day of the year. One donation of blood, a little less than a pint, can help save the lives of as many as three patients, reports Neil Fry, Red Cross regional representative. "And it takes less than an hour's time for the donor to save that many lives," she said.

Blood may be donated by anyone in good general health between the ages of 17 through 65 years old. As Fry indicated, a blood donation takes less than an hour from registration to post-donation snack. The actual process requires 10 minutes or less.

For an appointment to give blood at the Ann Arbor Donor Center, or for more information regarding community blood drives, call 971-5300. Walk-ins are always welcome.

VFW Auxiliary Hears Report On Convention

A regularly scheduled meeting of the VFW Auxiliary to Post No. 4076 was held Monday, July 12 at the Post Home. President Mary Erskine presided with 11 members present.

Fran Zatorski and Mary Erskine gave a report of the State Convention held in Grand Rapids, June 24-27. Of particular interest to the group were local winners in the Pageant of Drums. Three members of the Chelsea Charrms were winners.

Hospital chairman Lucy Platt reported that the picnic held for patients and staff from the Ann Arbor VA Hospital was a huge success. Twenty-one patients and 20 staff members were served by local Auxiliary and Post members.

Thirty Post and Auxiliary members and their families attended the annual National Home Carnival in Eaton Rapids on Sunday, July 11. All enjoyed a picnic lunch and the children, in particular, had a grand time on the carnival rides. This particular affair is open to the public and it is hoped that next year more members of the community will have the opportunity to attend.

Eulahlee Packard, Americanism chairman, reported that a flag will be presented to the St. Louis school.

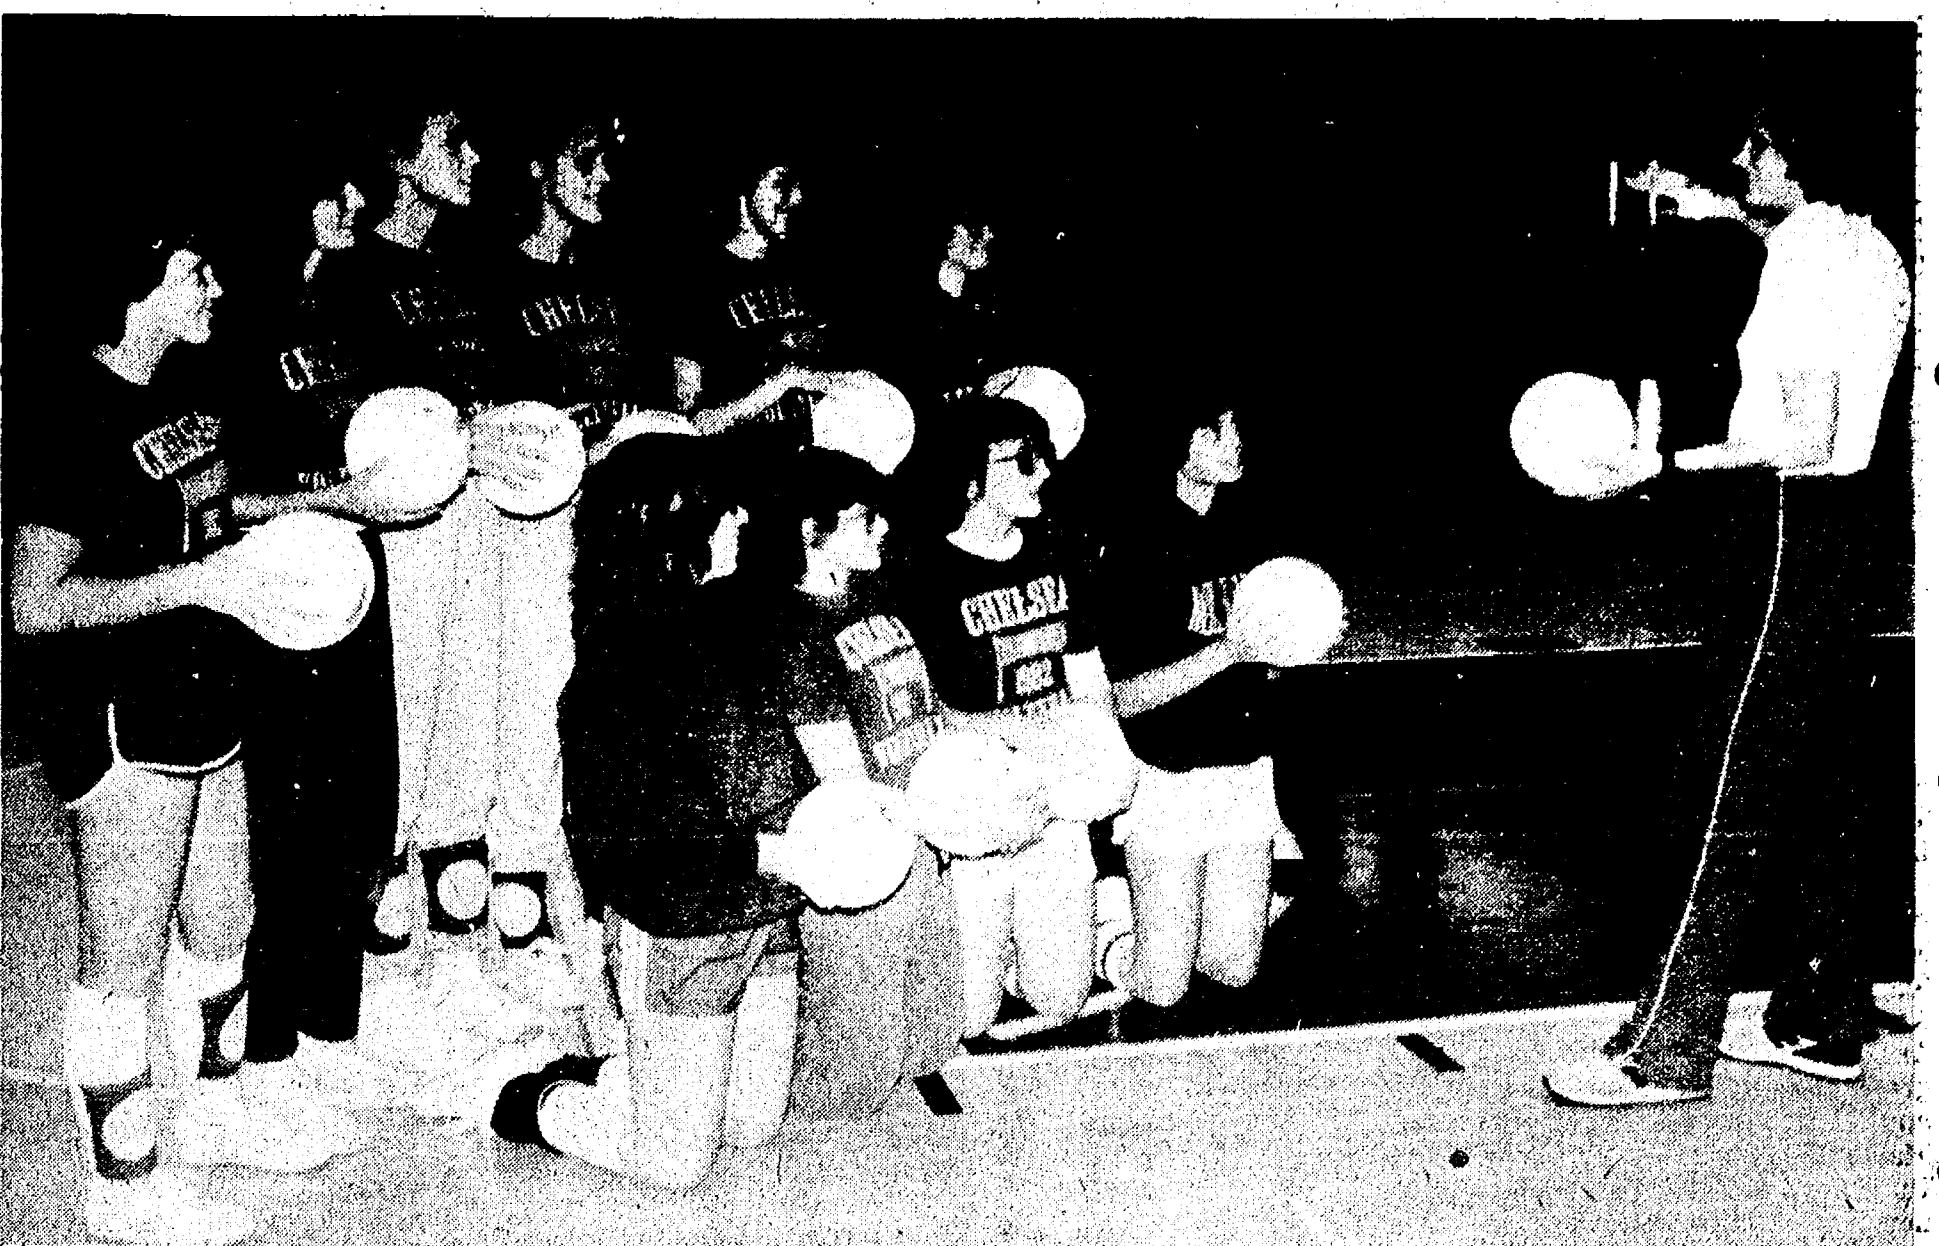

Gini Schirrmacher, Gertrude O'Dell and Eleanor Farley announced that the Post Home on Main St. would again be open for lunch Friday and Saturday, July 30 and 31 during Sidewalk Sale Days. The public is invited to stop by and take a break between shopping and browsing.

Members Marien Johnson, Mary Erskine, Lucy Platt, Gertrude O'Dell, Eulahlee Packard, Alexandra Ellenwood and Fran Zatorski were present on June 19 for a special demonstration of equipment purchased by the Chelsea Fire Department. Funds for the equipment were made possible through community participation in a special bingo held by the Auxiliary last fall.

The next regularly scheduled meeting of the Auxiliary will be held Monday, Aug. 9 at 7:30 p.m. at the Post Home.

Good Things Growing in Michigan

By Margaret G. McCall

A visit to a farm market this time of year will stimulate your enthusiasm for cooking more than anything else I know, unless you're lucky enough to have your own backyard garden.

We took Wisconsin relatives to our farmers' market Saturday morning. The array of fresh produce clearly demonstrated for them the aptness of our "good things growing in Michigan" phrase. It's going to be a great summer!

There were fresh peas by the bushel, early broccoli, cauliflower and cabbage, to provide varying shades of green. Bright red strawberries, smoky blueberries, and delicate red raspberries splashed color along the counters. Even some late asparagus was offered. There were radishes, red and white, and slim green onions. And black sweet cherries had arrived, to wash and nibble out of hand.

We took home a sampling of almost everything. The peas were shelled, simmered briefly, and served at once, with hot milk and butter.

Strawberries were hulled and sweetened slightly for shortcake, topped with rich Michigan cream. Crisp cauliflower, broccoli and fresh mushrooms were served as dippers with a dill sauce, accompanied by crunchy radishes and onions.

Extra broccoli was cooked, chopped, and combined into a favorite casserole. Let me share the recipe, a worthy answer to the need for a hot vegetable dish when you're going to a pot-luck. This can be prepared and assembled ahead, then refrigerated overnight before baking. It won't be quite as light in texture, but is still unusually good.

Combine 2 cups cooked, chopped broccoli with ½ cup mayonnaise and 1 tablespoon melted butter. Sprinkle 1 tablespoon flour this mixture, add 1 cup heavy cream and ½ teaspoon salt, and mix. Beat 3 eggs until fluffy and fold into mixture. Pour into buttered and floured mold. Set mold in pan of water and bake at 350 degrees about 30 minutes, until firm.

Ann Arbor Street Art Fair Opens July 21

What brings nearly 400,000 people to Ann Arbor, Michigan every July? The Ann Arbor Street Art Fair, the city's oldest juried fair, which transforms the streets and sidewalks of Ann Arbor into colorful and gracefully canopied outdoor art galleries for four event-packed days during the fourth week of July.

Held each year on South and East University Avenues bordering the University of Michigan campus, this nationally-known art fair, affectionately regarded as the "Queen of the Fairs" by those who are invited to participate, draws artists and craftspeople from all over the country. Although many artists display their work at dozens of art fairs along the summer circuit, most relish the four-day fair in Ann Arbor as an excellent opportunity for visibility—and financial rewards.

Traditionally, Ann Arbor Street Art Fair goers are satisfied and loyal customers seek out their favorite artists year after year. Art Fair goers also keep a lookout for fresh talent and examples of creativity, and the word is quickly circulated among the crowds. Then, too, the artists enjoy talking with their peers, examining each others' work, and perhaps trading a painting of theirs for a weaving they admire. All told, the Ann Arbor Street Art Fair is a community event, bringing together exhibitors and enterprising art buyers and wistful strollers, young and old, just about everyone who enjoys being caught up in the movement of a friendly crowd as it weaves in and out among a myriad of wonderful artistic wares.

The Ann Arbor Street Art Fair began in 1960 when local merchants approached the Ann Arbor Art Association to help organize an outdoor art show in conjunction with the merchants' Summer Bargain Days sales. One thousand artists were contacted, and 99 showed to hang up their work on ropes strung between parking meters. This first year also earned the fair its symbol—a colorful Japanese paper fish—when South University merchant, Artisans, donated some to the fledgling show.

The Street Art Fair met with steady bursts of growth and popularity, and within a few years a jurying system was developed for choosing the artists from among the more than 800 who applied each year. Now the Fair is limited to some 250 artists. A good majority of the artists are invited to return year after year, and new entrants must submit five slides of their work for evaluation in order to be considered for the Fair. And to insure that all the work exhibited at the Fair is of the high quality expected, the Street Art Fair Committee (a team of local merchants, educators, artists and craftspeople and community volunteers) is also busy with on-street jurying during the actual Fair. Finally, the artists themselves are asked to evaluate others in their medium. Although exhibitors in the Ann Arbor

Street Art Fair vary in age, training and approach, this tough screening process insures that they are all highly qualified.

What sort of wares will you find at the Fair? Under the white canopy roofs of the artists' booths, a visitor to the Ann Arbor Street Art Fair will find paintings, prints, drawings, musical instruments, jewelry, blown glass, photography, fibers, woodcarvings, pottery, metal sculpture, leather goods, stained glass, etchings, wooden toys, and Appalachian brooms. Both beginning artists and masters of their craft will be exhibiting their work, and Fair goers will be able to open their pocketbooks to take out a few dollars or a few thousand dollars—and anything in between!—to make an art purchase. An art purchase—not a mass produced item—of skillful design, quality materials, and handcrafted by someone right there whom you can talk to.

One of the highlights of the Ann Arbor Street Art Fair is the artists and craftspeople who demonstrate their work throughout the Fair. Each year about two dozen artists give Fair goers a peek at the creative process as they demonstrate glassblowing, woodcarving, engraving, spinning, and even blacksmithing in their booths. Why have artist-demonstrators? "Because people are always interested in how things are done," said one of the Fair's coordinators. "If we had none of it, we'd need it, because people will always ask, 'How did you do this?' And we have people on the street willing and able to show them."

Community education and involvement have always been a goal of the Ann Arbor Street Art Fair Committee. In addition to providing an opportunity for visitors to watch artistic works-in-progress in the demonstration booths, there is also a supervised Children's Booth at the Fair where youngsters are encouraged to dirty their hands making papier mache masks and paintings or to experiment with other materials such as wood and clay.

Fair goers who want to turn their day's searching into an even more pleasant summer outing—and who are seeking relief for tired feet—enjoy the entertainment featured under the Graceful Arch of the Ann Arbor Street Art Fair situated on E. University Ave. The Arch, a striking, freeform structure of aluminum and sailcloth which covers a performing arts stage, is a focal point of the Fair. Each year a variety of performing artists and groups entertain the relaxed and enthusiastic crowds with folk music, blue grass, jazz and chamber music; dramatic presentations, comedy routines, mime and children's theater; ethnic dancing, square dancing, and much more. Performances are scheduled on the hour throughout all four days of the Street Art Fair.

Needless to say, Fair goers will also find a delicious variety of American and international foods to satisfy their appetites while browsing. Local restaurants also provide quiet, relaxed settings and good food to satisfy Fair goers who have spent an intense day searching for that perfect work of art.

In addition to the Ann Arbor Street Art Fair, the oldest of the city's fairs, Art Fair Week in Ann Arbor also includes the State Street Art Fair, a small, juried fair of some 150 artists sponsored by the State Street Area Association, and the Summer Arts Festival, sponsored by the University of Michigan Artists and Craftsmen Guild at which some 600 exhibitors at all levels of experience (many of whom are students) display their work. These fairs, which originated in 1968 and 1971, respectively, have their own unique flavor and dedicated following.

The Ann Arbor Street Art Fair will be held July 21-24 on South and East University Avenues, 9 a.m. to 9 p.m. on Wednesday, Thursday and Friday and 9 a.m. to 5 p.m. on Saturday.

Ann Arbor Trust Reports Operating Earnings Increase

An increase in six months operating earnings of 20.2%, reflecting income before securities transactions, highlighted a message to shareholders from George H. Cress, president of the Ann Arbor Trust Co.

Operating earnings for the first half of 1982 were \$452,147 compared with \$376,033 for the same period in 1981. On a per share basis this represents \$2.15 versus \$1.79, respectively.

Cress reported that assets as of June 30, 1982, were \$100,389,913 as compared to \$95,384,593 on June 30, 1981. This represents an increase of 5.2%, while outstanding loans increased by 2.9%, from \$61,922,939 to \$63,713,959 on the corresponding dates.

"The expertise of our staff, the strength of our customers, and the soundness of our capital and operating ratios place us in a good position to serve our community," Cress stated in his message to stockholders.

"The depressed economy, the unrealistic usury restrictions in Michigan and the fiscal unrest in Washington makes these times difficult for all of us. We are proud to be showing progress during these difficult days," he added.

Organ Recital, Social Slated

(Continued from page one)

will be accompanied by the Hinners pipe organ, installed in Zion Lutheran church in 1917.

Zion Lutheran church was founded in 1865 when a number of members separated from St. Thomas Evangelical Lutheran church to form a western half of the congregation. During a meeting, it was decided to build a church which, after construction at a cost of \$3,213.35, was dedicated in November 1867. During 1867, the Rev. Gebauer jointly served St. Thomas.

By August 1873, a complete separation was made and the Rev. John Baumann began his ministry at Zion. Twelve years

later, he resigned and the Rev. P. Merz took over for three years.

In December 1888, the Rev. H. Lemster accepted the call and served the congregation for more than 21 years. A new parsonage was constructed on the Emminger property in 1889 and in 1893, a new school for religious instruction of children was constructed near the parsonage.

The Ladies' Aid Society was organized in 1895 with officers: Salome Grieb, president; Magdalena Schneider, secretary; and Maria Eiseman, treasurer. During this year, the young people furnished the church with a reed organ.

In 1906, a band was organized by the Rev. Lemster and three years later, additions were made

to the church building, making room for the altar, sacristy and the organ. The church was decorated and furnace and stained glass windows were installed at this time. The Rev. Ernst Theime took up his work at Zion in March 1910.

In 1917, the Golden Anniversary of Zion Lutheran church was celebrated on Sept. 16 after a tornado partially destroyed the church and parsonage and reconstruction took place. A new pipe organ was installed at a cost of \$1,325.

In 1926, the Rev. M. W. Brueckner began his work on June 1. Two years later, property for a new cemetery was purchased from George Loeffler and in Feb. 1930, the first English service was conducted.

The Luther League was organized for young people of the church in 1932.

Ten years later, a revised constitution in English was adopted. German services were to be held twice monthly; all other services were to be given in English.

In 1948, the congregation voted for the building committee to proceed with the building of the Parish Hall, dedicated in 1949. The 50th anniversary of the ordination of the Rev. M. W. Brueckner was celebrated, and the congregation presented him with a new car. Two years later, the Rev. Brueckner was honored for his 25 years of service to the Chelsea church.

Building of a new parsonage was voted in 1954. The Rev. Brueckner preached his retirement sermon on Aug. 1. He served the church until 1955.

The Rev. Robert C. Kaiser began his work in July 1955. Two years later, Zion Evangelical Lutheran church celebrated its 90th anniversary. Pastor Kaiser resigned his position in 1958 and the Rev. C. J. Renner of Castalia, O., took his place.

In 1959, the pipe organ was rebuilt by Jerry Adams under the supervision of Robert Nohren, and, in 1964, a scholarship fund for young men entering the ministry from Zion was set up by the Houck family.

Pastor C. J. Renner resigned in February 1967 because of ill health and the Rev. John R. Morris accepted the call, being installed on June 11.

The next few years were spent in deliberations about construction of a new church facility. In 1972, a vote was taken regarding the plan. Groundbreaking ceremonies were held July 22, 1973 and on Sunday, Oct. 20, 1974, the congregation worshiped with the 107-year-old church for the last time.

Since that time, a number of changes have taken place. At least one thing has remained the same. Since 1910, an annual ice cream social has been held. This traditional social gathering will be held at Zion Lutheran church, 3050 S. Fletcher Rd., beginning at 5 p.m. today.

Cub Scouts Attend Day Camp Session

**LEADERSHIP FOR LOWER TAXES AND
CONTROL OF GOVERNMENT SPENDING**

CONGRESSMAN CARL PURSELL DOESN'T JUST TALK ABOUT LOWERING YOUR TAXES AND REIGNING IN RUNAWAY GOVERNMENT SPENDING.

CONGRESSMAN PURSELL VOTED FOR THE TAX CUT BILL WHICH LOWERED YOUR FEDERAL INCOME TAX 5% LAST YEAR AND ANOTHER 10% IN JULY.

CONGRESSMAN PURSELL EARNED THE 2nd HIGHEST 1981 RATING AMONG MICHIGAN'S CONGRESSMEN AND SENATORS FOR VOTING TO CONTROL GOVERNMENT SPENDING.

In fact, **Carl Pursell was ranked 2nd** in the entire Michigan delegation.

Here are the results (with other Michigan Congressmen and Senators identified by party) as printed in an editorial in the Lansing State Journal:

CONGRESSMAN PURSELL'S TOP PRIORITY IS TO HELP CREATE MORE BUSINESS AND JOB OPPORTUNITIES FOR MICHIGAN.

Carl believes the greatest need is to bring down interest rates so the economy can recover and people can go back to work. He also believes that the best way to reduce interest rates is to reduce taxes and halt the uncontrolled growth of government spending.

And Congressman Pursell doesn't just talk a good game.

He has **voted to reduce your taxes.**

As a member of the powerful Appropriations Committee, he has **voted to control runaway government spending** and achieve a fair and balanced budget.

With that record of leadership CONGRESSMAN CARL PURSELL is seeking your support in the Republican Primary, August 10.

Basket-Making Workshop Offered at Farm Museum

Waterloo Farm Museum will present a craft workshop on basket-making Saturday, Aug. 14, between the hours of 10 a.m. and 3 p.m. at the Farm Museum.

Instructor Grace Kabel will teach each participant how to make a round splint basket with a 9-inch base and 4 1/2-inch sides. It is made with a smaller ried basket emerging from the center. This can be used for mixed nuts with the smaller basket holding nut cracker and nut picks.

Each participant is asked to bring a dish pan, towel, awl, package of spring type clothes

pins, four T-pins, sack lunch and drink.

Material fee for this program is \$5 and course fee is \$10. There is a class limit of 12 persons.

Waterloo Farm Museum is located three miles west of Waterloo. The Farm Museum is the only one of its kind in Michigan and is on the National Register of Historical Places. It was started and maintained by volunteers and has been an ongoing project for 17 years. The farm house, barn, log house and outbuildings, plus the Dewey Country School have been restored

and furnished to demonstrate how our ancestors lived from the period of 1855-1895.

In addition to the annual "Pioneer Day," the Farm Museum is co-sponsoring a variety of classes and workshops in Early American arts and crafts. All classes and workshops are held at the museum. The majority of the classes are workshops available to adults 16 and older. Children, age 11-15, may enroll in the adult classes if they are accompanied by an adult. Registration, refunds, cancellations of classes and so on are done through the Chelsea Community Education office. Only the material fee should be brought to the classes.

Jeff Steele played well on first base and Mark Skiff caught two long fly balls to stop the Cards. Bob Clouse and Jeff Harvey pitched well for the Cardinals. Todd Starkey, Jon Lane and Tyler Lewis also did well defensively. The Cards still remain in first place.

Pirates 20, Royals 6

It was a tough night for Don Thibodeau's Royals as they fell to the mercy of Dan Murphy's Pirates. Greg Boughton, Tim Anderson and Clay Clark pitched for the Royals. For the Pirates, Rob McDowell went most of the way and Ray Spencer hit a long triple to start a long Pirate scoring drive. Casey Murphy played well defensively along with Ron Hailey.

Pirates 15, Tigers 4

Two games and 35 runs scored, proved to be a big week for Dan Murphy's Pirates as they shut down Jim Patterson's Tigers, 15-4. Mark Skiff and Jim Williams hit singles for the Tigers while Greg Haist hit a double and Phil Patterson blasted a three-run homer in the first inning. For the Pirates, Casey Murphy (2), Tim Klink (2), Rob McDowell, Ray Spencer, Andy Box, Scott Lindsay, Kevan Flanagan (2), Pat Houle and Brady Murphy all hit singles. Andy Box and Ron Hailey hit doubles and Rob McDowell and Ray Spencer hit homers. Rob McDowell struck out 12 Tiger batters.

Seven hits and seven runs helped Dennis Petsch and his Orioles to defeat Don

Thibodeau's Royals, 7-5. Mike Mitchell (2), Mark Bareis, Rob Hubbell (2) and Eric Bauer each hit singles and Mike Popovich hit a double for the Birds. Good pitching by Bareis and Popovich held the Royals to three hits by Clay Clark, Jeff Stacy and Matt Doan. Tim Anderson and Greg Boughton combined to strike out six Oriole batters. The Royals still have a score to settle as they will be making up the 4-4 tie played on the 21st of June.

Astros 5, Pirates 3

Dan Murphy's Pirates could not keep their high scoring game going as they fell to Tom Kemp's Astros, 5-3.

Randy Perry, Matt Kemp, Matt Bohlender and Brian Coy each hit singles for the Astros. Good fielding by Scott Baker, Matt Monroe, Daren Girard and Matt Bohlender helped the Astros to their victory.

Little League Action

Yankees 7, Royals 7

Phil Weis' Yankees almost did it! They came close to defeating Stan Starkey's Royals, but the game was called due to curfew. The Yanks started early when Bill Huetteman smacked a good hard single to score several runs. Good base running helped the Yanks when Matt Hubal stole home twice and Mike Hodgson once. Craig Ferry did well defensively and Dave Adams struck out 10 Royals in four innings.

Chad Starkey, Jeff Marshall and John Collins came in in relief for Jeff Marshall and struck out 11 of 12 Yankee batters. This was the best Little League game this season according to umpire Dale Petsch.

Angels 10, Tigers 4

Larry Nix's Angels only gave up one walk while going on to defeat Ken Larson's Tigers, 10-4. Scott Marentay, Larry Nix, Dean Southerland and Jeff Prentice each hit a single. Scott Guyor, Jeff Prentice and Scott Marentay and Larry Nix hit long home runs for the Angels.

The Tigers had good fielding by Mark Larson, Rob Stoffer, Jr., and Adam Heeter kept the Angels from scoring more runs.

Angels 9, Blazers 1

Larry Nix's Angels kept Bruce Hansen's Blazers from scoring too many runs by exceptional pitching. Only C. Maynard and J. Cole were able to hit singles and R. Lyerla hit a triple for the Blazers. Blazer pitching by M. Forner and C. Maynard and J. Patterson tried hard but the Angel bats boomed.

T. Draper (2) and J. Prentice hit singles. S. Guyor hit a double, S. Salamin hit a triple and J. Boyer and T. Draper smacked good home runs. Good defense also attributed to the Angel victory.

Royals 19, A's 4

Nine solid hits helped to lift Stan Starkey's Royals to defeat Fred Zuehlke's A's 19-4.

Jeff Marshall was the big bat with two singles, a double and a home run. Also hitting singles were John Collins and Reno Nye.

Kyle Plank hit a double and Chad Starkey hit a triple and home run. Matt Herter, Jerry Crawford and Greg Clark did great defensively. Craig Zuehlke did an outstanding job for the A's as did Todd Thurkow and David Kvarnberg.

Tigers 12, Yankees 8

It wasn't until the sixth inning when Ken Larson's Tigers broke away to defeat Phil Weis' tough Yankees, 12-8.

Rob Stoffer, Rob Cabanaw, Mike Kushmaul and Jim Clark hit singles while Steve Williams hit a double and Mike Kushmaul and Tony Flintoft (2) belted long home runs for the Tigers.

Mark Larson did a dynamite job defensively and Rob Stoffer struck out seven Yankees.

However, for the Yankees, Dave Adams hit two singles and home run. Garth Girard added with a double. The Yanks played well defensively with Craig Ferry, Matt Weis, Mike Spade, Dave Adams and Tom Messnard leading the way.

Blazers 8, A's 3

Bruce Hansen's batting Blazers belted their way to defeat Fred Zuehlke's A's 8-3. Matt Morner, Mark Luick, Jim Cole, Brandon Murrell, Rob Lyerla and Mark Molsinger hit singles. Craig Maynard hit a home run for the Blazers.

But the A's were not shut out completely. Good defense by Todd Thurkow, Kevin Bell and Dave Kvarnberg stopped many Blazer attacks. Matt Schweiger and Kevin Bell hit singles and Todd Thurkow hit a triple.

Big Boy Closing In on League Title

Chelsea Big Boy took a giant step toward capturing the Ann Arbor Major Fastpitch title last week, with two big wins. They defeated Omega Farms, 8-1, Tuesday and took home an 8-6 win over Brewer's Gulf Thursday. These two victories allowed Big Boy to stay three full games ahead of the second-place team, Wolverine Supply. Just three games remain. All Big Boy has to do to gain its first league championship is win one more game of their contests against Wolverine and two games against Central Cafe. A victory in any of the three games will clinch the league championship.

In Tuesday night's game against Omega Farms, Big Boy spotted Omega a run in the top of the first inning but went ahead with two runs in the bottom of the first inning and maintained their lead, adding a run in the second, another run in the third and struck for four more in the sixth inning. Steve Bertson and John Strong combined to keep Omega's bats quiet, allowing them only four hits. Leading Chelsea hitters were Craig Houle who went three for three, scoring twice and driving in a run, Alan Augustine had two hits and an RBI. Bob Moffett was two for three with an RBI. Bruce Wagner had two hits and scored two runs. John Strong was given the victory as he pitched the final four innings for Big Boy.

Thursday night, Big Boy ended any hopes for Brewer's Gulf's chance at a title, defeating them 8-6. The Brewer's team took a 1-0 lead after one inning. Then, Big Boy tied the game in the second when Craig Houle led off with a single. He was advanced to second on a single by Al Augustine, Roger Bourne sacrificed them to second and third and Bob Moffett hit a sacrifice fly to left field to score Houle.

Chelsea went ahead 3-1 in the third inning, when Todd Ortring walked, Wayne Welton singled, Randy Brier laid down a perfect bunt and beat the throw for a hit and Craig Houle drove in two runs with a bouncer through the infield.

Wayne Welton made it 4-1 with a solo home run in the fifth inning but the Brewers got two runs back in the fifth on a two-run homer by Scott Anderson.

In the sixth, Big Boy tacked on three more runs when Roger Bourne doubled, Moffett walked, Laverman singled, Wagner walked, and Todd Ortring doubled. The Brewers didn't let down and again cut Big Boy's lead to one run, when they scored three runs of their own in the sixth. Big Boy added one more insurance run in the seventh when Al Augustine continued his fine hitting with a solo home run. The Brewer's went out in order in the bottom of the seventh. John Strong pitched all seven innings for Big Boy to pick up yet another victory. Strong's over-all record is now 15-5.

U.S. farm population represents less than three percent of America's total population or only about one person in 37, report farm specialists.

CHS Baseball Team Loses Game, 3-1

In last week's only action on Thursday, July 15, Chelsea's high school baseball team played first place J & W Painting and lost a tough game, 3-1, in Ann Arbor Recreational baseball. J & W is still undefeated at 7-0.

Steve Grau pitched an excellent ball game but Chelsea could not get any offense going. Chelsea took a 1-0 lead in the top of the first as Ron Dunn crossed the plate but that was the only run they could score as three scoring opportunities were wasted in later innings.

J & W scored one in the first, fourth and fifth innings to make the final three to one. Getting hits for Chelsea were Rick Boham, Steve Grau and Eric Stofflet. Doug Pagliarini drove in the only run with a sacrifice fly in the first inning.

Chelsea record is now 3-5. They play at Vet's No. 5 tonight and Huron High school on Thursday, July 22. Each game begins at 6 p.m.

Stealers Win 1 Lose 3 in Past Week

Chelsea Stealers got back on the winning track by dominating Howell with a score of 22-13 Thursday, July 8.

Leading the Stealers in their attack was Nora Morseau with two home runs, four RBIs and two intentional walks. The bats were also booming as Shannon Morseau and Kelly Knepper also homered.

After some great pitching by Kelly Knepper and good defense by Beth Eassa, Renee Schmeil, B. J. Behnke and some great defensive plays on everyone's part, the Stealers' bats started on their hot streak again.

Starting out hitting was Jo-Ellen Bell and Kristi Headrick with a triple each. Continuing the show of strength with key doubles were Kelly Murphy and Beth Eassa.

The Stealers' record now stands at 7-2 after a disappointing loss to Hamburg last week by a score of 16-0.

Coach Linda Morseau's Stealers had a rough double-header Saturday against Hartland No. 1.

Leading the Stealers with hits was Kelly Knepper who had a triple with bases loaded. Next came Jo-Ellen Bell with a double and two RBIs.

Renee Schmeil was up to her "stealing" again, making four runs from four walks.

The defense was led by super slick Knepper with her fast ball and change up as she allowed no hits in the second, third or fourth innings. And then, there was trigger-arm Nora Morseau, blasting them in from left field.

All in all, it was an exciting game which was called in the sixth inning because of time. Score, 17-15, Hartland.

In the second game of Saturday's double-header, the only hit allowed was a triple with two RBIs for Nora Morseau.

The other two runs crossing the plate were Kelly Murphy and Kelly Knepper.

Shannon Morseau and Kristi Headrick tried their hand at pitching.

B. J. Behnke, Jo-Ellen Bell, Renee Schmeil and Beth Eassa worked hard for the defense but to no avail. Mercy was called in the sixth inning with Hartland 14, Chelsea 4.

The girls were tired from heat and exhaustion but their spirits were lifted with a cake and beach party afterwards.

Chelsea's Stealers are now 2-3 on the season.

Senior Citizens Study Possible

Advisory Council

The Chelsea Senior Citizens Activity Center has recently begun to consider the possibilities of an advisory council, made up of one representative of each of the six senior citizen committees and four senior citizens at large, for a total of 10 members.

The purpose of the Chelsea Senior Citizens Advisory Council is to advise the director and coordinator of the needs and concerns of the seniors and to act as spokesman for the citizenry at large.

Objectives of the organization include determining the structural guidelines according to the stated purpose of the advisory committee and its general philosophy, remaining active and involved with senior citizen activities so as to accurately represent the voice of Chelsea senior citizens, providing input guidance and support for actions of the coordinator and director; recommending specific daily as well as future program direction of the program, and encouraging growth through participation by seniors, both currently identified as well as those unknown.

Farm Machines Are For Work Not for Your Child's Play

Farm machinery is for work, not for recreation or for hauling people around, say farm specialists. That's why there's only one seat and it's for the operator.

Unfortunately, many people, mostly youngsters, hop rides, aboard moving farm equipment, and fall off or get caught in the machinery, becoming seriously injured or even killed, the farm equipment specialists explain.

The National Safety Council adds that operators should forbid anyone from riding on a machine, making "no riders" a consistent policy. That means children, non-workers and workers alike should not be offered rides.

"Never give in to pleas for a ride. No matter how much fun it might be for a rider, it's not worth the risk of an accident."

"Instruct other equipment operators that they should never allow riders. They should never let someone else drive without your permission."

"Make sure no one has climbed aboard undetected. Be certain everyone is out of the way before you move."

"A self-propelled combine or a tractor is no place to babysit. A range for suitable child care if necessary."

"Transport workers in a car, van or truck rather than allow them to ride on farm equipment."

Question: You've asked state employees to make salary concessions because of the state's budget problems. What have you done yourself?

Governor: The leadership and many members of the Michigan Legislature and the justices of the Michigan Supreme Court have worked without pay for at least one week this year, as have the Lieutenant Governor and I. During the years that I have been Governor, I have turned back more than \$20,000 of my salary to the state. I fully anticipate a further salary cut this year to participate in kind with various reductions agreed to by state employees.

Ask the Governor

Assistant Superintendent Mills indicated that the building trades program for 1982-83 will be a consortium program. Chelsea students will enter the building trades program at Dexter, and students will be bused for a morning and afternoon program. The net result, however, will be reduced transportation because of a connection with the Dexter School District in transporting students to Saline for the food service program.

Assistant Superintendent Mills appraised the Board of the status of negotiations with the Chelsea Education Association. It appears that, as a result of expedited bargaining in April, the language changes in the contract are agreeable. Board representatives and the CEA will continue negotiations the latter part of July in an effort to reach agreement on a compensation package.

Superintendent Van Meer reviewed with the Board the second semester employee attendance results, and indicated that letters had been forwarded to those employees with "perfect" and "excellent" attendance records.

The next Board meeting will be Aug. 2.

Any Crop Loss Report Should Be Filed Promptly

District Director Barbara Cranson of the Federal Crop Insurance Corp. reminds farmers that crop losses must be reported within 30 days of harvest.

With wheat harvest in full swing and areas of the state having potentials of damaged wheat, Cranson urges farmers to contact their insurance agent promptly when a crop loss is evident. Reporting a wheat loss within a minimum of 30 days after harvest assures the farmer that he was complied with the provisions of his crop insurance policy.

Cranson states that compliance with the requirement permits the loss adjuster to more readily make his inspection and determine the appropriate indemnity that may be payable.

With the difficulties of farming and the tight money squeeze, we believe that every effort must be made to see that crop insurance losses are paid promptly, adds Cranson. A key to the loss adjustment process begins with a timely filed loss by the farmer.

More than 400,000 apprentices received training during the 1981 fiscal year, according to the U.S. Labor Department's annual report.

Question: All the papers are writing about the 25th anniversary of the Mackinac Bridge, which made me realize that I don't know much about it. Can you give me some statistics on the bridge and its construction?

Governor: Although talk of a roadway connecting Michigan's two peninsulas had been around since before the turn of the century, the Mackinac Bridge was first seriously discussed under Governor G. Mennen Williams in 1950. During that year, the Mackinac Bridge Authority was authorized by the Michigan Legislature to form actual plans for the construction of the bridge.

To finance the bridge, \$99,800,000 in Mackinac Bridge bonds were sold to the nation in late 1953.

The engineer chosen was Dr. David B. Steinman, and construction opened over the Mackinac Straits in May, 1954. The world's longest suspension bridge between cable anchorages was opened to automobile traffic on Nov. 1, 1957.

The original toll fare was \$3.25 for both cars and trucks, but in 1969, the auto toll was cut to \$1.50, while the toll for trucks was raised to \$6.50.

The bridge is 26,372 feet long, nearly five miles. It cut the crossing time between peninsulas from 53 minutes by ferry, to 10 minutes and eliminated the often long wait to ride the ferry. The main tower is 552 feet above the water, and the water is 295 feet deep at the bridge's midpoint.

Although "Big Mac" went up rapidly, it was not without mishap. Five men died during construction, at least four of whom fell off the towering structure.

The bridge's foundation was built by the Merritt-Chapman Scott Construction Co. for \$25,375,600, while U. S. Steel's Ambridge Division made the successful bid of \$44,858,000 for the superstructure.

"Big Mac" required 85,000 blueprints, 600 million tons of steel, main cables 24" in diameter, containing 12,580 wires each, and 466,300 cubic yards of concrete.

As of June, 1982, 80 percent of the bonds have been redeemed, and 44,090,113 vehicles have crossed the bridge carrying more than 100 million people. Each Labor Day, one side of the bridge is closed to traffic and opened to anyone who wants to walk across it. In 1958, 55 pedestrians took the challenge with Governor Williams. In 1981, some 33,000 people walked the five miles with Governor Milliken.

The bridge was built to withstand both strong winds off the Great Lakes and major ship traffic beneath it. Said "Big Mac's" designer and engineer, Steinman, "If a huge Great Lakes freighter hits any part of it (the bridge), too bad for the freighter. It will sink."

Heart Attack Victims Sought In Medical Study

Volunteers are urgently needed to help combat America's number one killer, atherosclerosis. This disease is primarily responsible for heart attacks, strokes, and related fatal diseases that account annually for almost one million deaths or 51% of all deaths in the United States.

The National Heart, Lung and Blood Institute is conducting a program at four participating medical institutions, including the University of Minnesota, to determine whether lowering blood cholesterol levels will reduce the risk of heart attacks.

The University is seeking persons 29 through 64 years of age, who have had only one heart attack in the past five years with no history of heart surgery, diabetes or stroke. All such persons are urged to call the University of Minnesota Hyperlipidemia Study collect at 612-376-4494 for more information.

CHELSEA LUMBER COMPANY's new location was officially begun last week as the foundation for the new building was laid at the Old Manchester Rd. and M-52 site. It is anticipated that construction will be completed later this year and that the expansion of Chelsea Milling and the move of Chelsea Lumber will progress without any hindrance.

Three Men Face Kidnap, Rape Charges

Three men were to be arraigned on charges of first degree sexual misconduct and kidnapping following the week-end abduction and rape of a 15-year-old girl.

According to a number of consistent, yet unconfirmed reports, the girl was forced into a pick-up truck at gunpoint on Roepke Rd., near Boyce Rd., in Lyndon township at approximately 6:30 p.m. Saturday evening.

The trio of suspects were arrested Sunday near Stockbridge and the truck has been seized. A .22 calibre rifle, believed to be the weapon used in the abduction was also recovered.

The girl was released on North Territorial Rd. in Jackson county, approximately one hour after her assault and phoned authorities and reported the incident herself.

Chicago Woman's Skull Fractured in Boating Accident

A freak accident occurred on Crooked Lake Saturday as 22-year-old Jennifer Straub of Chicago had her skull fractured by a flying water ski.

According to reports, Straub, who was reported in fair condition at University Hospital Monday, was swimming near a raft when a water skier let go of his tow and, heading toward the raft at too great a speed, fell backwards and his ski soared like a projectile, striking the swimmer in the head.

The skier, Lawrence Leopard of Ann Arbor, hit the raft and suffered lower back injuries. He was released from Chelsea Community Hospital Sunday.

More With Less

In 1980, 100 bushels of wheat took 373 man-hours to produce, compared to only 10 hours today. This is a 36-fold reduction, say farm specialists.

WHAT YOU SHOULD
KNOW ABOUT DEHUMIDIFIERS:

No. 1 ENEMY IS DAMPNES! A dehumidifier should remove moisture from your home to insure the maximum amount of protection against mildew, mold, corrosion and rot.

COPPER TUBING-A MUST! Copper will not rust or corrode. Its use is the only practical way to avoid rusting out. Amana uses solid copper in both the condenser and evaporator section.

AIR MOVEMENT OVER COILS-ONE MEASURE OF PERFORMANCE. To be efficient the air in the area to be dehumidified must pass over the evaporator coil. Amana has 34 1/2 feet of evaporator coils. An air control shroud assures all air passing over the coils and avoids air leaks of moisture laden air back into the room.

WATER DISPOSAL MUST BE QUICK, EASY AND SURE. Amana gives you a choice of 3 ways to remove condensate. 1) a standard hose connection for direct to drain. 2) set unit directly over drain. 3) big condensate pan that holds more than 2 gallons of water.

AUTOMATIC OPERATION IS BEST! Amana Humidistat control automatically watches the humidity for you. Turns on and off as needed to maintain pre-selected humidity with a control ranging from 20% to 80% humidity.

OVERFLOW CONTROL! Amana overflow control switch automatically shuts off when condensate pan is full. Eliminates frequent checking on container.
