ONE HUNDRED-TWENTY-SECOND YEAR—No. 5

CHELSEA, MICHIGAN, WEDNESDAY, JUNE 24, 1992

22 Pages This Week Plus Supplement

MAJOR ROAD WORK has started on Bush Rd. in Sylvan township between Ivey Rd. and Pierce Rd. The work, which first became noticeable last year when numerous trees were cut down, will eventually end with that portion of the road paved. The section is closed to through-traffic.

Village, Townships Reach Tentative Pact On Landfill Expenses

Village of Chelsea and Sylvan, Lyndon, Lima, and Dexter townships have apparently reached a tentative agreement on how to divide more than \$700,000 in accumulated landfill expenses as well as how to pay for future monitoring and clean-up costs.

Village and township representatives met last Thursday. The townships had not responded to the village's most recent offer, and

village council had voted to take the matter to arbitration. Council's action provided the impetus for the meeting. Village manager Myers said the townships, through their attorney, would put last Thursday's offer in writing. The written offer will have to be considered by each township board as well as village council.

Sylvan Township Supervisor Don Schoenberg said he didn't know what

would happen in the event there is a split vote among the township boards.

"I've certainly thought about it, but we haven't addressed that issue," Schoenberg said.

If village council rejects the offer, negotiations will have to continue.

The sticking point in the negotiations over the last several months has been how to divide the long-term costs. Michigan Department of Natural Resources requires that the old landfill be monitored for 30 years. In addition, there could be clean-up costs if groundwater is found to be contaminated. Coming up with a cost figure is a matter of guesswork.

The sides reached agreement months ago on the short-term costs, but details of the agreement have not been made public.

Accumulated costs are for closing out the old site, as well as engineering and monitoring work. So far the village has incurred all expenses.

"I think we'd all like to get this settled," said Lyndon supervisor John Francis.

"We've all put things off waiting for this to be resolved."

Teacher Contract Negotiations Continue, 'Language' Main Concern

Negotiations on a new contract for Chelsea teachers are progressing, although somewhat slowly, according to Chelsea Education Association President Joe Beard.

"We're as close as we've been, but we still have some negotiating to do," Beard said.

"We're not talking about money so much as we are about language in the contract. It's not something new. The issues have come up before," Beard did not elaborate.

Beard said if something doesn't break in the next few weeks it's likely negotiations could last all summer.

He said if a new contract is not reached by the start of school, "my recommendation is we'd go back to work. I don't want to speak for other teachers, but that would be my recommendation. That's the way I operate. A strike would not do anyone any good."

Beard said the millage election has had little bearing on the discussions. Chelsea voters recently approved a 1.9 mill hike.

"It's not as though we were waiting for the millage to pass so we could settle a big contract," Beard said.

"The district basically got what it needed to maintain."

District Won't Subscribe To Channel One, Board Approves Track Repairs

Chelsea School District has apparently decided not to subscribe to Whittle Communication's information and technology service commonly known as Channel One.

Chelsea Board of Education again discussed the service Monday night but no motion was made to reject or accept the service. The company said it had to know by Tuesday in order to have the system installed for the coming school year.

The company offered to install a satellite dish, a centralized control center in each school which would include videocassette recorders, and televisions in each room, all connected to the center and all free of charge.

However, the district would be required to play a 12-minute program of news and two minutes of advertisements each day.

Chelsea High school staff voted in favor of the service, while Beach Mid-

dle school staff voted narrowly against it.

"Every board member had something to say," said superintendent Joe Piasecki.

"One member didn't like the advertising, another didn't like the quality of the programming. We will try to find some other way to deal with the technology issues."

In other business, the board went through a first reading of a formal transportation policy. Piasecki said the policy basically puts in writing what the district has practiced for years. The policy is divided into four parts—responsibilities of drivers, parents, students, and administration. The policy may be formally adopted at the board's July 6 meeting. Bus transportation, which is not mandated by state law, costs the district nearly \$1 million each year in salaries, equipment, and supplies, Piasecki said.

The board approved a new kindergarten curriculum, which is designed to give teachers flexibility to adjust to the individual needs of students.

"At that age, children come to us with all different skill levels," Piasecki said.

"The focus is on individual development while still having certain standards. It is important to acknowledge the differences among students."

The district will spend \$46,386 from its maintenance millage to repair and resurface the rubberized high school track. Athletic Surfaces of Rockford, Ill., was the low bidder.

The track was installed in 1983.

Other projects which may be included in the maintenance millage include installation of a handicap access ramp at South Elementary school for the arrival of a wheelchair kindergarten student, work on

Chelsea State Bank Plans Major Building Project

Chelsea State Bank will begin another chapter in its long, local history when it builds a 17,353-square-foot addition at its branch bank office at the corner of M-52 and Old US-12 near Chelsea Shopping Center beginning later this year.

The two-story addition will be attached to the existing office and become a full-service banking center. It will house executive offices, loan offices, and other services. Operations, such as bookkeeping and computing, will remain in the downtown building. The downtown office will continue to handle routine banking services.

"In order to facilitate current business demands as well as expected future growth, the bank intends to begin the multi-million dollar project as soon as the site plans can be approved by governmental officials and the working drawings and specifications can be completed and bid," said President Paul G. Schaible.

"While loan and operations activities will occur at both locations, the new office will feature an expanded loan and customer service area while the downtown office will con-

tinue to be the operations center. We are certain this expansion will be beneficial to our customers and provide opportunity for local trades to bid on the various phases of construction."

The plans include several inside teller windows, a large lending area, and room for expansion. The additional floor space will make it the larger of the two offices.

"I think you can see by the scope of this ambitious project that the Chelsea State Bank has great confidence in the continued growth of the Chelsea area and its role as the locally-owned and operated community bank," Schaible said.

With parking requirements, the project will take up virtually the entire vacant corner northeast of the branch office.

Schaible said it was simply impractical to expand its downtown location. The current building can't hold a second floor. Any other expansion would eat into its parking.

"The downtown location is a good location and would be our first choice," Schaible said.

"There's no way we'll ever close this office."

Chelsea State Bank is the only independent bank in Washtenaw county. It was initially formed in 1934 after a merger of the Kempf Community & Savings Bank and the Farmers and Merchants Bank. It moved to its current downtown location in 1968 and added the branch bank in 1980. Since 1968, bank assets have increased from \$15 million to \$135 million. In 1980 assets were \$46 million. Until the mid 1970s it was the only bank in Chelsea.

Increased government regulation aimed at bigger banks, plus increased competition in the lending business, have made it tough on smaller banks to stay in business or stay independent. Yet Chelsea State Bank continues to thrive and expand, mostly due to growth in the community.

Schaible said the bank has been approached on several occasions about a takeover.

"We've always felt we could better serve the community by being independent," Schaible said.

"Decisions can be made right here rather than going to a home office."

Village To Begin Testing Tap Water Under New EPA Standards

Due to new federal legislation, Village of Chelsea and more than 60,000 public water supply systems across the country will begin testing for lead and copper in tap water.

The village says the water it supplies is free of lead contamination at the source and meets all drinking water standards set by the U.S. Environmental Protection Agency and the Michigan Department of Public Health.

However, tap water may have lead if a residence has a lead service line

connecting a home to a water main, the home has lead water service pipes, or the home has soldered copper joints installed between 1983-86.

Approximately 40 homes with one or more of those conditions will be selected for testing. Water department supervisor Dan Rosentreter said he is especially interested in testing some of the oldest homes in the village.

The village will begin the lead-testing program in July. Test results generated from the sample sites will

be used to determine the level of lead exposure in the village and what action, if any, will be required.

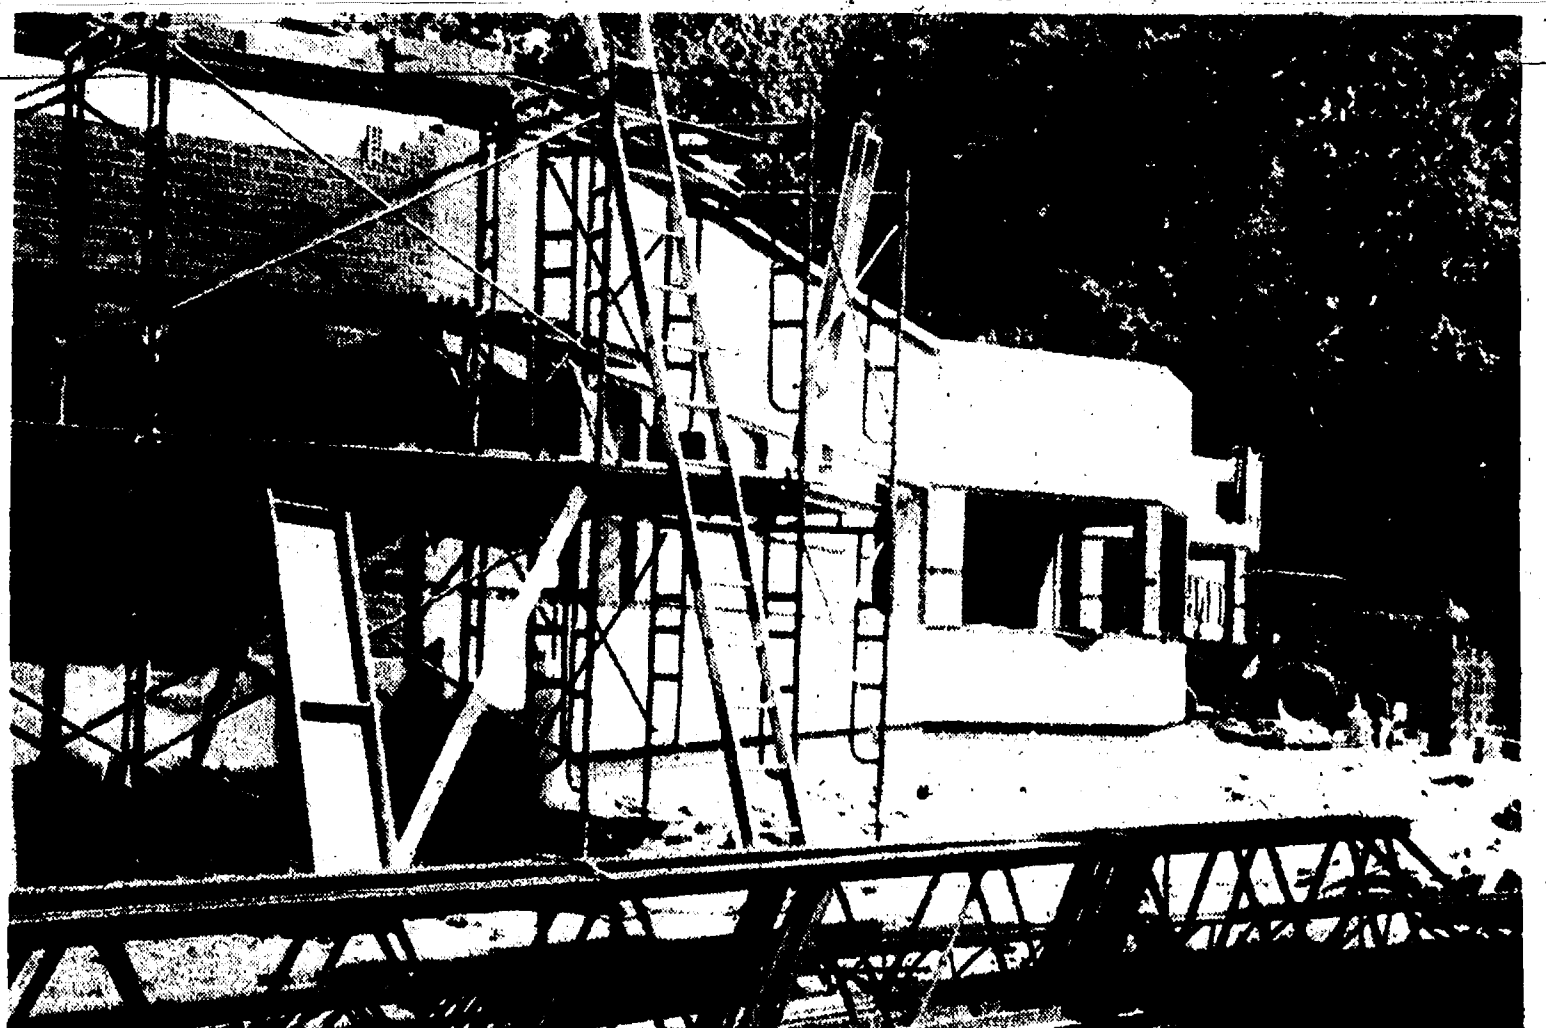

This year a new Environmental Protection Agency standard for lead becomes effective. The standard is intended to help communities reduce their exposure to lead from all sources, including air, lead-based paint, soil, and dust. Although lead paint is believed to be the main source of lead poisoning, contamination from

(Continued on page four)

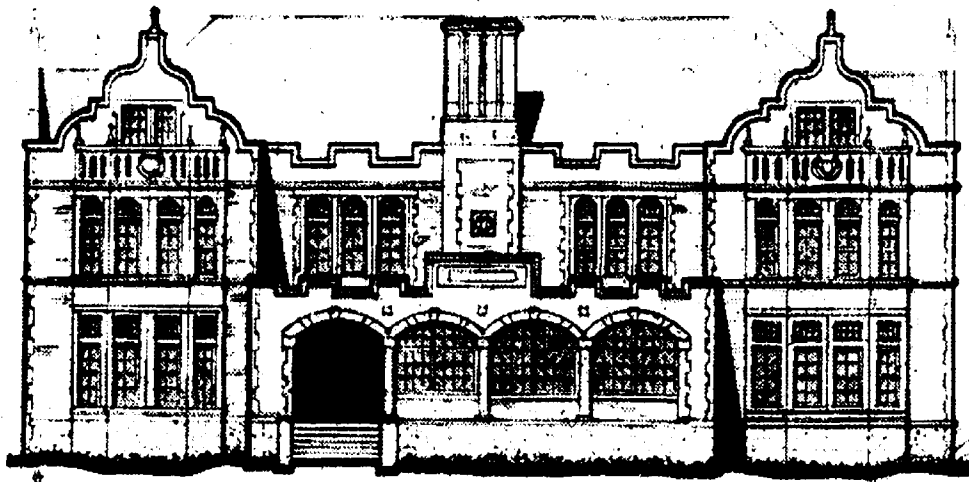

WATERLOO RECREATION AREA PROJECT (WRAP) recently received a donation from Chelsea Milling Co. Above, Emily Rose presents company vice-president Dudley Holmes, Jr. with one of the WRAP

t-shirts. The week-long program lets students study the various aspects of the Waterloo area. It will held July 13-17 at the Eddy Geology Center.

EXPANSION at Chelsea Community Hospital continues as planned as the new diagnostic, surgical, and laboratory space is added. The construction has caused

some parking inconvenience but generally the work has progressed smoothly and caused a minimum of disruption.

4 Years Ago . . .

Wednesday, June 29, 1988—
Chelsea Board of Education president Lloyd Grau was honored for his eight years of service to the district at the Monday night board meeting. Grau was presented a framed resolution and a plaque.

University of Michigan Family Practice Center at Chelsea, in conjunction with Faith-in-Action hosted its third annual social tea for the senior-youth program (previously called Adopt-A-Grandparent). The program is designed to offer older citizens and young people the opportunity to develop one-to-one mutually beneficial friendships.

Chelsea United Way gave \$1,000 to the Chelsea Recreation Department to help fund the Children's Drop-In Summer Recreation Program at North and South schools. The program is free to all kindergarten through sixth grade students and offers games, arts and crafts.

Children's Theater Workshop planned two plays for June 29 at the George Prinsing Auditorium at Chelsea High school. Thirty-six Chelsea children aged 8-13 will gather to perform "Brian and his Lunchbox" and "That Is Original."

Saturday, July 9, members of Salem Grove United Methodist church will celebrate the 125th anniversary of the church with a series of special events.

24 Years Ago . . .

Thursday, July 4, 1968—
Take the body shell from an old-style car, add 2,000 hours of labor plus \$5,000 in parts, and the result is Marlin Williams' "Pride and Joy," a 2,730-pound custom-built street and racing Anglia. The story about this unusual car is included in a recent issue of "Car Craft," a nationally-distributed magazine for automotive fans.

We may be getting deeper into the heat of the summer months but the American Red Cross has its eye on Christmas already. Gift bags for GI's in Vietnam are now being assembled throughout the county.

Chelsea School District Board of Education has directed the architect of the Beach Junior High school to proceed with plans for removing the malfunctioning boilers and installing new ones so the school will be ready for a Sept. 4 opening, according to Fred Mills, business manager.

14 Years Ago . . .

Thursday, July 6, 1978—
The Pub, as it was known more than five years ago, may soon be opening its doors to the public, contingent upon the expected approval of the State of Michigan Liquor Control Commission, according to its former owner, Donald McKinley.

Evening stars took a back seat for nearly 20 minutes Tuesday as thousands of Chelsea area residents gazed at a sky of exploding colors during the finale of the Independence Day holiday.

34 Years Ago . . .

Thursday, July 3, 1958—
George Doe, who retired June 7 after 15 years and eight months as a Chelsea police officer, was honored at a dinner given at Weber's Supper Club Tuesday evening of last week. Hosts for the affair were village president Don Alber and other village officials.

John E. Lee, lay vicar at St. Barnabas Episcopal church for two years prior to June 1, 1987 when he became full-time director of the Department of Boys' Work for the Episcopal Diocese of Michigan, was ordained to the diaconate of the church at ordination ceremonies held at Trinity Episcopal church at Alpena, Monday evening.

At Tuesday evening's village council meeting, action was taken to limit the use of village water for lawn sprinkling. The curtailment is a precaution for the protection of residents and industry in case of emergency and to assure sufficient water pressure throughout the day.

Budget Agreement Boosts K-12 Formula, Drops Plans To Close Prisons

The 1992-93 budget agreement developed by legislative leaders and the Engler administration calls for pumping more money into in-formula schools than under earlier versions of the bill and abandons the administration's proposal to close three inefficient prisons.

The agreement generally uses the lowest of the three spending recommendations by the House, Senate and executive, with exceptions made for additional appropriations for corrections and all levels of education.

The final targets would appropriate \$3,010.7 million and produce a barely-balanced budget with the \$3,000.5 million in revenues by building in \$10.3 million in anticipated lapses of unspent funds.

"Conferees have a lot of work ahead of them to bring House and Senate passed budgets in line with targets, which are close to the governor's recommended levels of spending, but I am optimistic that we will get a balanced budget by July 1," said Patricia Woodworth, director of the Department of Management and Budget, adding the targets are firm.

"This is a compromise that Senate Republicans can live with, though it does not reflect the spending priorities that we would like to have, which would put more emphasis on education," said Senate Majority

MICHIGAN MIRROR

By Warren M. Hoyt, Secretary, Michigan Press Association

Leader Richard Posthumus (R-Alto). "It does continue to move Michigan toward a downsizing of the role of state government to ensure we will be living more within the means of the taxpayers."

House Speaker Lewis Dodak (D-Montrose) said the targets should lead to productive conference committee meetings the next two weeks. House and Senate conferees are expected to report their budgets in time for their chambers to take them up on June 25.

The budget agreement is based on \$342.6 million in one-time revenues needed to supplement the \$7,677.8 million in revenue from ongoing sources.

That includes: \$220 million from a property tax credit accounting change; \$54 million from the property tax assessment freeze; \$19 million from a low-income energy tax credit; \$45.5 million from a revenue-sharing freeze (SBs 1029, 1030 and 1031); and \$4.1 million by lapsing restricted horse racing revenue into the general fund as was done this year.

Two subtractions—\$5 million from the inheritance tax reduction and \$15 million from the small business tax credit in HB 4412—left total general fund revenues at \$8,000.5 million.

The leaders also agreed that if Congress votes to allow sales taxes to be collected on mail orders, the first \$50

million collected in Michigan will be earmarked for K-12 education.

No new taxes or fees are included in the agreement and the governor did not win his proposal to privatize liquor wholesale operations which would have yielded additional one-time revenues.

But Woodworth warned the state will continue to have a cashflow problem under the balanced budget agreement, and will have to borrow more than the administration wanted because the Legislature would not agree to dip into the retired health benefits reserve for teachers.

In order to keep spending from going even higher, the Legislature must also approve two other aspects of the budget agreement: suspending pre-funding for health insurance for teacher retirees and to another year of using a five-year period to calculate payments into the teacher retirement system.

The Corrections budget (SB 749) was raised to \$851.7 million in general fund spending to cancel the governor's proposed closure of three state prisons (\$5 million), adjust for the state planning to lease out one instead of two of its prisons (\$4 million), and account for higher than anticipated prison population estimates (\$6 million), Woodworth said.

Although total additional funds for K-12 schools was boosted by just \$6 million, to \$2,929.2 million in both general and School Aid funds, the agreement calls for a shift of spending within the bill by requiring the basic aid formula to be increased by 2 percent.

That means adding \$46 million to

the formula and perhaps partial reversal of House action that restored \$66 million for school social security costs that the Appropriations Committee had cut in order to boost aid to less wealthy districts.

The targets also added \$3 million for universities (to \$1,306.5 million) and \$2 million to community colleges (to \$240 million).

Other aspects of the agreement include:

- Senate action on legislation (SB 1033) amending the Harbor Development Act to implement E.O. 1992-93, which would resolve an ongoing legal issue;

- an unclassified salaries transfer, with the number and funding of those positions according to the governor's recommendations, except the salaries of the lottery commissioner and state superintendent will not be increased as he had proposed;

- \$2.5 million for the senior citizen pharmaceutical program within the Office of Aging in the Department of Management and Budget (in the general government budget, HB 5520);

- appropriations from available oil overcharge revenues: \$2 million for weatherization in Labor (HB 5523), \$2 million for renovation of Michigan State University's animal and agricultural facilities in capital outlay (HB 5524), and \$1 million for energy conservation for agriculture and forestry in Agriculture (HB 5527);

- elimination of tie-bars of budget bills to each other in order to avoid holding up the entire budget because of a dispute on one measure;

(Continued on page six)

Uncle Lew from Lima Says:

DEAR MISTER EDITOR:

As if we don't have enough worries, Bug Hookum lamented at the country store Saturday night, now we got to find and stop a humongous killer rock in deep space. He reported to the fellows where NASA has put out a \$450,000 contract on a asteroid. The idea, Bug said, is to get it before it gets us.

The last time a killer rock got on our worry agenda, Bug went on, was three years ago when one was spotted bearing down on Earth. It kept coming and we kept worrying, Bug recalled. Instead of relaxing when it zipped by on 400,000 miles away we done what we allus do, we decided to put our money where our worry was. That close caller was like the weather, we said, everybody talked about it but nobody done anything about it. We learned our lesson. No telling how many 10 mile wide rocks are out there with our name on em, and it just takes one to send us the way scientists say one sent the dinosawers 65 million years ago.

The reasoning goes that if a rock that big smacked into Earth it would splatter up enough dirt to block the sun long enough for everthing to freeze. All the dinosawers died because they didn't have sense enough to change with the weather. We're smarter than any lizard, so no rock is going to catch us napping. We already got a plan.

The first step is to know the enemy, Bug explained. We send up a satellite to take a close look at a rock that looks pritty much like the killer rock, but it ain't because it's not coming our way. If we ask what good it'll do to see what a asteroid looks like close up we're just saying we don't know anything about killer rock hunting.

For instant, Bug went on, expert hunters already have made up a hit list of rocks they call Earth crossers that are making tracks in our direction. We got to keep a eye on them so we need \$50 million for six new telescopes to pick the killer out of the pack soon enough to take step two. We're working on that, Bug reported, but we're leaning to shooting it with a nuclear missile long before we see the whites of its eyes.

The fellows were agreed that was one of Bug's longest and most detailed reports. For his money, Zeke Grubb

said, it shows P.T. Barnum was wrong. One is not born ever minute, they sprout in bunches ever second at least. Even if we had some idee how much time we got before the killer rock attacks, Zeke declared, we're on a fast track to make sure there's nothing left worth saving when it does. If we had any serious thought of saving folks that might be around in a few million years, Zeke said, we'd get serious about doing what we can do to protect Earth from us.

If a poll had been took, a lot of undecided would have been found among the fellows around the drink box. Practical speaking, Clem Webster said, there's somepon to be said for spending that rock hunting money as a insurance policy, but not much. On the other hand, Clem said, when we stop looking for new ways and new dangers we're dead for sure.

For instant, Clem went on, he had read where we have learned a better way to get energy from waste. Instead of burning garbage and polluting, we bury it, draw off the gas as it rots and burn it to make electricity. Mining energy we make ourselves beats waiting to see if nature can do it before the killer rock hits.

Yours truly,
Uncle Lew.

Who said we only finance new cars?

It just isn't true. We finance good used cars and good used light trucks, too.

Not everyone can step out and purchase a 1992 model. So if you are contemplating a late model used car or light truck, stop in. You'll like our terms.

We're the local folks. The bankers that have been a part of this community for 95 years. The bankers that make things happen for local people like you.

AUGUST WEDDING PLANS: Mr. and Mrs. Neil Frank of Dexter township have announced the engagement of their daughter, Mary Louise, to Robert John Geierman of Hillman. Mary is a graduate of Washtenaw Community College where she received a certificate degree in office specialty and is pursuing an associate degree in secretarial technology. She is a graduate of Dexter High school. Robert is a graduate of Hillman High school and Michigan Technological University in Houghton, where he received a degree in mechanical engineering. He is enrolled in the masters program at the University of Tennessee Space Institute of Aerospace Engineering in Manchester, Tenn. His parents are Mr. and Mrs. Daniel Geierman of Hillman. An August wedding is planned.

Myles and Kristine Jachalke

Kristine Jachalke Marries Myles Sigal in Ann Arbor

Kristine Kim Jachalke, daughter of David and Marilyn Jachalke of Chelsea, and Myles Harrison Sigal, son of Paul Sigal of Detroit and C. Dolores Sigal of Ann Arbor, were married May 30 at the First United Methodist church of Ann Arbor.

The Rev. P. Thomas Wachterhauser performed the ceremony.

Honor attendants were Karen Dilworth and Michael Triemstra, both of Kalamazoo.

Bridesmaids were Bonnie Allen of Northville, Barbara Scriven of Chelsea, and Jill Sigal of Ann Arbor.

Ushers were Matthew Dymond of Chelsea, Matthew Jachalke of Chelsea, and Robert Schroeder of Ann Arbor.

Ringbearer was Michael Dymond of Chelsea.

A reception was held at Domino Farms in Ann Arbor. The newlyweds took a two-week

honeymoon trip to Colorado and Arizona. They are living in Delaware, O.

VFW Auxiliary Elects Delegates to National Convention

The regular monthly session of the local Ladies Auxiliary Veterans of Foreign Wars to Post No. 4078 was held Saturday, June 13. The charter was draped for the next 30 days in memory of Ethel Reed, who was a charter member and recently died.

Delegates and alternate delegates were elected to attend the National Convention in Indianapolis, Ind., Aug. 14-22. They are Mildred Fish and Terri Manor delegates and Lena Benke and Eulalie Packard as alternate delegates.

Members were reminded of Michigan Day at the National Home in Eaton Rapids on July 12 and of a parade to be held at Grass Lake on July 4. The VFW plans to take part by entering a float and urges our members to attend.

Fifty dollars was allowed towards the VA picnic being held June 17 at Metro Huron Park, which the Post and Auxiliary are sponsoring.

Americanism chairman Eulalie Packard reported on the presentation of an American Flag to North school.

Due to the resignation of Sandi Doolin as treasurer, Lena Benke was elected to fill the office. Terri Manor accepted the office of senior vice-president, vacated by Lena Benke to accept the office of treasurer.

The Sixth District has set Sunday, July 19 as a planning meeting in Hamburg at 1 p.m. The Department Convention is to be held in Troy at the Northfield Hilton June 25-28. Next Auxiliary meeting is set for July 11, at 9:30 a.m. in the VFW Hall.

Diane Bopp, Richard Barnes Marry in Stockbridge Hall

Christina Diane Bopp and Richard Kenneth Barnes were married May 23 at the American Legion Hall in Stockbridge.

Judge Harold Owens performed the ceremony uniting the daughter of Terry and Monica Bopp of Stockbridge and Deloris and Ed Carpenter of Laingsburg with the son of Bobby and Joan Craft of Grass Lake.

Honor attendants were Rebecca Bopp, sister of the bride, and Duane Penhallegon, friend of the bridegroom. Ringbearer was Larry Craft, brother of the bridegroom.

A reception was held at the hall after the newlyweds took a limousine ride through the area.

The couple enjoyed a brief honeymoon locally visiting with friends and family. They will have a delayed honeymoon in Fairbanks, Alaska, and will reside in Fairbanks, where Richard is stationed with the U.S. Army.

"Every Fourth of July we go to Mom's house. Trouble is, every Fifth of July, we leave."

Spending holidays with Mom can be tough. They can remind you of all the days you can't spend with her. That's why there's Lifeline. A very special service that calls for help when you can't be there. Activated by the press of a button, it puts your mother in touch with well-trained professionals who know everything about her: her age, her

address, her medical conditions. Plus the phone numbers of neighbors and relatives who can assist when an ambulance isn't necessary. Lifeline is someone you can trust to watch over your loved one every hour of every day. Someone you can call a friend. Because a visit to Mom's house should make you feel good, not guilty.

GOLDEN ANNIVERSARY: Dean and Mary Jane Allward celebrated their 50th wedding anniversary recently. The anniversary was April 12 but the couple waited to celebrate with family. They were married at the Willow Run Chapel in Ypsilanti. The anniversary featured a dinner dance at Inverness Country Club, with music provided by Al Townsend. The family had collected many old photographs from throughout their marriage. They were videotaped, along with the couple's favorite music. The couple exchanged vows in a humorous ceremony with their son, Gary, an ordained minister with the Riverview Methodist church. Dean retired 10 years ago from the Ford Motor Co. after 38 years. The couple now resides part-time at North Lake and part-time in Brooksville, Fla. They have four sons, Dennis of St. Louis, Gary of Riverview, Lance of Milford, and Kirk of Ypsilanti, and eight grandchildren.

1:00 p.m.—Bingo.

Tuesday, June 30—

Pinocle and euchre every Tuesday.

LUNCH—Tuna vegetable quiche, hash browns, tomato slices, creamy dressing, bread and butter, fresh fruit, milk.

Art class.

ABWA Installs New Officer Slate For Coming Year

Chelsea Charter Chapter of the American Business Women's Association met Tuesday, June 23, at the Chelsea Community Hospital, Woodlands Room for a dinner meeting. Linda Warren, a member of the group, spoke on "Wellness" and presented a video. Installation of new chapter officers was held.

New officers for the coming year are: president, Debbie Hutchinson; vice-president, Carolyn Forsythe; treasurer, Diane Winter; and recording secretary, Barbara Byrum.

American Business Women's Association offers financial assistance to women seeking education advancement as well as a chance to fellowship and network with other women in the community.

For further information on Chelsea Charter Chapter please contact Debbie Hutchinson at 426-3045 or Cindy Bear at 475-2041.

Chelsea School Board Meeting

(Continued from page one)

overhead lights at the Cameron Pool, sidewalk replacement at North school, general painting and roofing work, tile work at South school and the high school, and perhaps some athletic locker work at the high school "if there's enough money," Plasecki said.

The board approved the hiring of an elementary teacher for South school and a science teacher for the high school.

Village To Test Local Tap Water

(Continued from page one)

water can contribute 10 to 20 percent of a person's exposure.

Young children are especially vulnerable to lead poisoning.

Anyone concerned about lead in drinking water is advised to flush their faucet for 1-3 minutes before using it for cooking or drinking if no one has used the faucet in the last three hours. The flushing will remove built-up traces of lead.

For more information about lead in drinking water or the village's lead-testing program, call 485-8298 or 475-1771. Those who believe their homes may have a lead problem, based on the criteria above, may volunteer for the study.

Curtis Sentencing Re-Scheduled for Tuesday, June 30

Sentencing in the William Curtis murder trial, originally scheduled for yesterday, has been postponed until Tuesday, June 30 at 1:30 p.m.

Curtis, a Dexter township resident, was recently convicted in the murder of his wife, Sue Ellen Curtis.

Sentencing will take place before Judge Donald Shelton at the Washtenaw County Courthouse.

Randy Seitz on WCC Dean's List

Randy Seitz, a 1991 Chelsea High school graduate, made the Dean's List at Washtenaw Community College for the winter term.

Seitz, the son of Jill and Gary Seitz of Chelsea, plans to attend Washtenaw for one more year then transfer to Michigan State University to study criminal justice.

Today's Investor

By Ralph L. Seger, Jr.
CFA
President
NAIC Investor Advisory Service

Q. My problem is a little different than some investors. My shares of Stryker Corp. and Wal-Mart Stores have done so well that 135% profit now comprises 59% of my holdings. My portfolio is now too concentrated in two stocks. What should I do?

A. One of the basic concepts of portfolio management is diversification. A portfolio should have stocks from at least eight to 10 different industries. The reason is to reduce risk. If an unexpected event causes the price of a stock to decline abruptly, a well diversified portfolio will only be hurt slightly. An investor with a poorly diversified portfolio can be severely damaged by a downdraft in one stock or industry.

When an investor inadvertently ends up with a poorly diversified portfolio resulting from excellent gains from a few stocks, he or she faces a problem.

If the investor sells part of the big gain stocks, he faces confiscatory capital gains taxes.

In this instance, the investor has unrealized gains of \$11,277 in the two

big winners. She also has unrealized losses of \$2,824 in Browning-Ferris and Borden Chemicals. I suggest selling these latter two to realize the loss. Then sell enough Stryker and Wal-Mart Stores to generate a similar profit. In this case, the investor has an unrealized gain per share of \$15.70 in Stryker and \$21.50 in Wal-Mart Stores. A sale of 100 Stryker and 60 Wal-Mart Stores will produce a gain of \$2,880, thus almost balancing gains and losses. This eliminates the tax liability.

The approximately \$9,200 from the sale of the four stocks should be used to buy good quality growth stocks in different industries.

ROTARY CLUB INSTALLATION: Rotary District Chelsea 1992-93 with past presidents Bob Thornton, Fred 6380 Governor Tom Davies (back to camera) presents VanReesema, Susan Carter, and Nicholas Koffeman look-Dave Mathis with president's pin for Rotary Club of Chelsea on.

Rotary Club Installs Officers

Rotary Club of Chelsea recently held its annual President Inaugural dinner at Chelsea Community Hospital. Everyone enjoyed the luau-style dinner; entertainment was provided by Jack Bittle and Laurie Bittle-Minnik (Ballads by Bittle).

Rotary District 6380 Governor Tom Davies was the keynote speaker, welcoming Dave Mathis as the 1992-93 president of Rotary Club of Chelsea with the presentation of the president's pin and also presenting the past president's pin to Nicholas Koffeman.

Officers of the Rotary Club of Chelsea, 1992-93 are: Dave Mathis, president; Joy Leitz, vice-president; Jim Birchler, secretary; Chuck Raeder, treasurer; John Wagner, sergeant-at-arms; Nick Koffeman, past-president.

Kiwanis Club Will Hear Judge Wilder

On Monday evening, June 29, Circuit Judge Kurtis T. Wilder will be the guest speaker at the weekly Kiwanis Club meeting.

Meetings are held at the Community Hospital's Main Dining Room at 6:15 p.m.

Committee Narrows Community Education Candidates to One

An interview committee has identified a top candidate to become the Chelsea School District's next community education director.

Second interviews were held last week and superintendent Joe Piasecki hopes to make a visit to the school district where the candidate currently works as a community education director.

Piasecki said he hopes a final recommendation will be made at the school board's July 6 meeting.

Post Office Has Holiday Hours

Chelsea Post Office will offer retail services on Friday, July 3 from 9 a.m. until noon. Non-revenue transactions, such as parcel pick-up, will be handled at the box section until 4 p.m.

Collection-schedules, and delivery of city and rural routes will not change. Vending units will be open.

No business will be conducted on Saturday, July 4.

Regular hours will resume Monday, July 6.

QUOTES

"Shared joy is double joy and shared sorrow is half sorrow..."
Swedish proverb

To share one's joy with someone else provides both people with an uplift. We cannot help but be pleased with a friend's outpouring of their joy.

Of equal importance is the sharing of someone's sorrow, helping to lift the spirits of a friend or loved one. Just to be there... to listen, to comfort, to provide companionship... is often all that is needed to boost the other person's morale and provide strength. Be generous with your sharing... it will return to you many times over.

In your time of need, let us share your sorrow, and provide the counsel and guidance you would expect from your closest friends.

Beach Students Selected for Blue Lake Awards

Two Beach Middle school students have been awarded scholarships to attend the Blue Lake Fine Arts Camp this summer.

Heldi Kemnitz, daughter of Howard and Earlene Kemnitz, and Michelle Miller-Dymond, daughter of Roger and Nancy Dymond, were selected to receive the \$225 scholarships awarded by the Marshall Music Co. of Lansing. Students are chosen based on musicianship, citizenship, and musical achievement as determined by the school music staff and administration.

Engler Says More Flexible Regulations Will Help Trade

Michigan's attempt to increase foreign trade and attract more foreign investment will require a more flexible state approach, Governor John Engler said recently.

Engler spoke by satellite from Amsterdam, The Netherlands as he concluded nine days of talks in that country, Italy and Germany where no firm commitments were made but a "lot of good ideas" were produced.

The governor said more trade activity "has to be privatized, where the government can support private activities." He said that is frequently the approach taken in successful European ventures which are heavily dependent on international trade.

Engler said efforts by the private sector has to be stepped up because it, not the government, has products to sell.

"We will probably come up with a proposal that will serve as a model to move aggressively," the governor said. "There is no immediate answer but there will be very fresh ideas."

One thing that will be essential to a bigger international presence is for Michigan to become "a metric state," he said, so that measurements will be consistent with what is commonplace in most of the rest of the industrialized world.

The other focus of his trip, he said, was to increase the awareness of Michigan, which he said can compete on costs and quality with European countries. "We talked about Michigan as a skilled, knowledge-based state," the governor said.

The other focus of his trip, he said, was to increase the awareness of Michigan, which he said can compete on costs and quality with European countries. "We talked about Michigan as a skilled, knowledge-based state," the governor said.

★ Taking Auto Safety Investigating on the Road

In the past 28 years, Donald Huelke has seen the after-effects of more than 3,500 traffic accidents involving more than 5,000 people.

Huelke does not just happen upon these grizzly scenes. He seeks them out. A research scientist at the University of Michigan Transportation Research Institute and a U-M Medical School anatomy professor, Huelke is a nationally recognized expert in vehicle accident investigations and crash-related injuries.

The results of his and other researchers' findings have helped influence significant changes in how automobiles are designed—from the composition of windshields to the types of occupant restraints used.

Huelke admits that his work differs significantly from that of other researchers.

"We at the University run a very unusual research project because we do not, like other scientists, do the experiment—the people are doing the experiment for us and we're collecting the data. We don't get human volunteers to do this type of research," he said.

If it is a serious crash, Huelke's team will be on the scene within 48 hours. A police report of the accident just won't do, he said. If the vehicle has been removed from the crash scene, researchers will examine it separately to photograph and measure the car and look for clues to help determine what may have caused the injuries.

"We often ask the people involved in the accident to get back into the automobile and re-enact whatever happened," Huelke said. Surprisingly, he said, in the majority of crashes his team investigates, most people agree to relive the accident—even though it caused thousands of dollars worth of damage and possibly serious or fatal injuries.

Huelke and his team will then assess those injuries and identify contact points in the vehicle—a skill that has earned him national prominence. They carefully scan the car for clothing particles, hair strands and other telltale signs that indicate the location of each occupant at the time of the accident, which helps determine how the injuries were sustained.

"Contact points are like fingerprints. Sometimes you look for subtle things, and other times, it's very obvious where a knee smashed through the instrument panel," Huelke said.

Even safety-conscious drivers leave some clues behind in an accident. When a crash occurs, the seat belt tightens around the passenger, often causing friction that produces heat. This can cause a sweater to fuzz or a polyester blouse to "melt," leaving traces of fabric on the safety belt.

Huelke's research has caused improvements in automotive design. For example, in the early 1980s, he found that exposed interior door handles often caused doors to open during accidents. Auto designers eliminated that type of door handle after the mid-1980s.

In another study, also in the early 1980s, Huelke reported that many people were receiving severe lacerations when they hit the car windshield during an accident. Soon after this finding and similar studies by other researchers, car companies altered the composition of windshields.

"You used to poke a hole in the windshield with your head. Now you hardly ever see that occurring," Huelke said. "This is a great improvement."

One of his more significant findings occurred in the mid-1980s, when he hypothesized that lap-shoulder belts would be the wave of the future. Based on a four-year study of fatal accidents, Huelke's team concluded that one-third of the people would have survived had they worn a lap belt, and about 45 percent would have survived had they worn a lap-shoulder belt.

"The statistics are holding up after all of these years," he said.

Over the years, Huelke has seen tremendous strides in interior car design, including "headrests, padding, seat belts and energy-absorbing steering columns that compress upon impact, rather than being rigid."

The proof of these improvements is reflected in the types and severity of injuries that are common today. While still significant, many car accident-related injuries today are less severe than in the past.

The most common injuries for people who fail to buckle up are split lips, broken noses and knocked-out teeth, while the more severe implications include brain injury, multiple fractured ribs and tears in abdominal organs.

People who buckle up have the clear safety advantage, Huelke said. There is more than 60 percent reduction in serious head, neck and back injuries among those who wear safety belts.

For more information, contact Michael Harrison at the University of Medical Center at (313) 764-2220.

Can We Solve Health Care Crisis?

As most of us are painfully aware, the cost of health care is spinning out of control. And yet, more than 35 million worried Americans have no medical insurance at all. There's no shortage of proposed solutions to the crisis, including a plan that might even work.

By Philip C. Clarke

The extent of the crisis is staggering. The Commerce Department predicts health care spending will reach \$817 billion this year, or over \$2 billion a day, representing some 14% of GNP—the nation's total output of goods and services. For the average family of four, health care now costs about 12% of its income, or nearly \$4,500 a year, and at the present rate it could rise to \$10,000 a year by 1999.

Among reasons cited for the soaring costs are the aging of our population, even higher doctors' fees and the increased use of expensive high-tech medical equipment. The Public Citizen Health Research Group, a private Washington-based advocacy group, also blames what it calls "the megatons of paperwork generated by having 1,500 different health insurers in the country."

Whatever the case, Congress currently is considering more than 30 health-care reform proposals, ranging from extended private coverage to a Canadian-style system paid for and run largely by the government. Another approach receiving attention is a so-called pay-or-play plan in which employers themselves would either insure employees and their dependents or pay taxes into a government program that would do the job. According to some published estimates, the Canadian-style program could cost \$250 billion in the first year, while the pay-or-play plan might require up to \$80 billion in added taxes.

Economists John Goodman and Gerald Musgrave of the National Center for Policy Analysis, a private Dallas, Tex., think tank, have come up with a private plan they call "Medisave" in which individuals and families could establish tax-free savings accounts for medical expenses, much like today's IRA's, or individual retirement accounts. As explained by Goodman and Musgrave in Consumers Research magazine, today's problems stem from the way health care is financed. "When we enter the medical marketplace," they point out, "most of the time we are spending someone else's money rather than our own. . . . Under most employer-provided health insurance plans, employees effectively have a company credit card allowing them to spend freely in the hospital equivalent of a shopping mall. There are plenty of experts ready to help shoppers learn what is available. The shoppers enjoy the benefits of the spending spree, and employers get the bill." With somebody else picking up the tab, the natural incentive is to use as much health care as you can get, regardless of whether you really need it.

Obviously no other insurance works this way. Statistics bear out the anomaly:

- "A Rand Corp. study found that people who had access to free care spent about 50% more than those who had to pay 95% of the bills out-of-pocket (up to a maximum of \$1,000)."
- "People who had free care were about 25% more likely to see a physi-

cian and 33% more likely to enter a hospital."

• "Despite these differences in 'consumption,' there were no apparent differences between the two groups in health outcomes."

The answer, say Goodman and Musgrave, is clear. "Rather than relying on insurers to pay every medical bill, we could put money aside in personal savings for the small expenses and use insurance only for rare, high-dollar medical episodes. Such a practice would result in much lower premiums and curtail a great deal of wasteful spending."

"To help eliminate the perverse incentives in the current system," say Goodman and Musgrave, "we should allow individuals to make tax-free deposits each year to individual 'Medisave' accounts. Those accounts

would serve as self-insurance and as an alternative to the wasteful use of third-party insurers for small medical bills."

In addition to lowering costs for individual consumers, as opposed to having medical decisions made for them by insurance companies, or the government.

As we see it, Medisave could be a common-sense solution to many of our health-care problems. Unfortunately, common-sense often seems in short supply on Capitol Hill. (America's Future, Inc., Millford, Pa.)

Simply planting your crops at the right time of year will help them avoid stress and promote their strong growth from the beginning. You can consult a farmer's almanac to find out the best time for your plants.

Dial-A-Garden Topics Listed

The following is a weekly schedule of Dial-A-Garden, the system of pre-recorded daily gardening tips sponsored by the Washtenaw County Cooperative Extension Service. The system is in operation 24 hours a day, seven days a week. Interested persons are invited to call 971-1129 at their convenience to listen to timely, up-to-date gardening information.

Wednesday, June 24—"Growing Groundcovers."

Thursday, June 25—"Insect Problems in the Vegetable Garden."

Friday, June 26—"Animals in the Garden."

Monday, June 29—"Vegetable Diseases."

Tuesday, June 30—"Wasps, Hornets, Yellowjackets."

Wednesday, July 1—"Care and Renovation of Strawberries."

Concerts in Park To Have Sixth Season

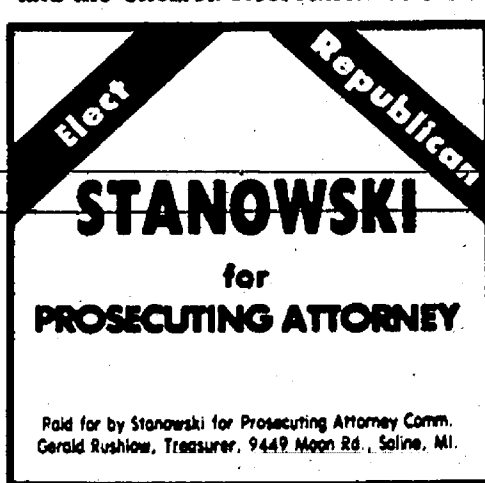

Details were still sketchy as of press time, but Chelsea's sixth annual Concert in the Park Series at Pierce Park will feature four different performing groups this summer.

This year, for the first time, the shows will be held on Saturday rather than Sunday.

The performances, from 6 p.m. to 8 p.m., will be held July 4, July 18, Aug. 1, and Aug. 15. The line-up includes a country music band, jazz band, and an Elvis impersonator.

Organizer H.K. Leonard said the primary reason for the change in days was to hold the shows in conjunction with other Chelsea events, including the Sidewalk Festival July 31-Aug. 1.

The series is being sponsored by the Chelsea Area Chamber of Commerce and the Chelsea Recreation Council.

Bradley Hochrein On Dean's Honor List At Michigan Tech

Bradley G. Hochrein, son of Erwin and Barbara Hochrein of Dexter, was named to Michigan Technological University's dean's list for earning a grade point average of 3.5 or higher. Hochrein graduated from Dexter High school in 1988. He is a senior studying mechanical engineering and is among the 1,183 students who achieved placement on the spring quarter list at the university. He expects to graduate Nov. 21.

Manchester Fair Parade Slated Tuesday, July 7

Manchester Fair Parade will be held on Tuesday, July 7 at 6:30 p.m. The parade starts at the fairgrounds and moves up Main St. Anyone who would like to enter the parade is asked to call Jim Mann at 428-8388 during the day.

'Walk in Wilds' Subject of Program At Geology Center

"Walk in the Wilds" will be the subject of a program this Sunday, June 28 at the Eddy Geology Center in the Waterloo Recreation Area.

The free program begins at 2 p.m. Rick and Patrick Murphy will give an introduction to hiking and backpacking for "kids" of all ages. Rick has backpacked throughout Michigan, the Grand Canyon, and Glacier National Park.

The program is sponsored by the Waterloo Natural History Association. A state motor vehicle permit is required to enter the park.

Blacks, Hispanics and Asians will continue to increase in number faster than the average growth of the labor force as a whole between 1990-2005, according to the Bureau of Labor Statistics. For Asians this is primarily due to immigration. The number of Hispanics will increase because of immigration and a higher historic birth rate.

YOU & YOUR PET

By Linda Reider

Humane Society of Huron Valley

★ Pet Euthanasia,

A Tough Choice To Make

It happens to many pet owners. One day old Daisy just can't seem to hoist her arthritic hind end up to walk anymore. Sweet old Shadow-cat, who mostly just sleeps these days, seems uninterested in eating and begins a rapid decline. Frisco's kidneys fail, Lisa has a heart attack and Amber suffers near-constant pain. In each of these cases, a devoted pet owner has the opportunity to end the animal's suffering through euthanasia.

Euthanasia means "good death" in Latin. Today it is almost always accomplished by an injection of a lethal drug which puts a suffering pet in a deep sleep during which his or her breathing and heartbeat stop. The entire process from initial injection through clinical death takes only a few seconds. Your veterinarian or state-certified technician at your local humane society is professionally trained and equipped to perform humane pet euthanasia.

While the actual procedure is quick and painless, the decision to have one's beloved pet euthanized is an emotionally difficult one for the owner. Whether a person has lived with their cat or dog for 15 years, or only shared their life for a few months, the special bond that develops between human and animal is painful to break. The decision is a personal one, but it need not be made alone. Your veterinarian, family, and friends can all help by providing sympathetic concern and an objective view of the animal's condition.

How will you know when your pet should be euthanized? If there is more pain than pleasure in his or her life, if the pet can no longer do many of the things he or she once enjoyed, if the animal is terminally ill or critically injured, euthanasia should be considered. In addition, healthy pets who are temperamentally unsound (ex. vicious, dangerous, etc.) should be considered for humane death.

Once the decision has been made, discuss it openly with your family. Family members should be able to express their feelings of sorrow, anger, and even guilt. Children especially need to have their feelings considered and validated by parents. Excluding or protecting children from a beloved pet's death, whether natural or induced, only complicates the grieving process they will experience. Talk openly with the whole family, so that each person can say his or her private goodbye prior to the final trip to the veterinarian or humane society.

If it is possible, an adult family member should be present when the animal is euthanized. It is extremely comforting to a pet to see and hear the person or people he or she loves best in the unfamiliar surroundings of the examination room. The owner can also feel relieved to see the pet kindly and expertly handled, suffering no final anxiety or pain.

Afterwards, the owner must decide whether to bury, cremate, or otherwise dispose of the pet's body. Your veterinarian or humane society can provide information about your options in advance.

IRS Says Check Your Withholding

Have you checked your tax withholding amount recently? Did you have to write a big check to the IRS to pay taxes due? Or did you get a large federal refund this year? If you were in either of those situations, you may want to complete a new W-4 and give it to your employer to change your withholding.

"Taxpayers should take this opportunity to review their tax situation," said IRS district director John Hummel. "This is especially important this year because of recent changes

the President made in the withholding tables. It's been a couple of months since the change, so taxpayers should be better able to analyze their situation for the year," Hummel added.

"Payroll withholding can be increased or decreased by filling out a new form W-4 withholding certificate with your employer. The purpose of the W-4 is to ensure that the proper amount of federal income tax is withheld," he said.

Hummel also said that individuals who owe money when they file can re-

quest an additional amount be withheld by their employer during the year to resolve that problem. "And those employees with large deductions or credits may be able to take home more money during the year by using the worksheet on the form to compute additional withholding allowances," he said.

Additional information on federal income tax withholding may be found in IRS Publication 505, Tax Withholding and Estimated Tax. Publication 505 may be ordered by calling the IRS toll free at 1-800-829-3676.

EDUCATION RESEARCH

Prepared by the National Association of
Secondary School Principals (NASPP), Reston, Va.

★ Fitness Not A

Summer Bummer . . .

Those lazy days of summer are just around the bend. Many students across the nation are looking forward to a warm weather hibernation complete with late morning wake up calls, afternoon basks in the sun, hours of television, and the Good Humor man.

Too much "R&R"—rest and relaxation—is not a healthy way to spend the summer, and many youngsters need encouragement to keep up activity levels that best serve their growth, development and health needs.

Statistics show the fitness revolution has failed to trickle down to our young people. The National Association for Sport and Physical Education (NASPE) reports that most children do not get enough quality physical education throughout their lifetime. In fact, most six- to 17-year-olds cannot run a quarter of a mile.

The U.S. Department of Health and Human Resources had determined that exercise-fitness relationships are complex. With proper duration, frequency and intensity, physical activity can:

- Promote sensory stimulation for optimal growth and development and early cognitive function,
- Assist in perceptual and cognitive development,

- Improve the functioning of the central nervous, skeletal, muscular, cardio-vascular and metabolic systems of the body,
- Enhance self-concept, self esteem and social competence,
- Improve psycho-social functions, and

- Prevent the onset of some diseases and delay the negative effects of aging.

In spite of the proven benefits of physical activity, however, many of this nation's school-aged youth will lose stamina and fitness to couch potato lifestyles this summer. Middle level youth, the 13-15-year-old age group, are especially susceptible to decreased activity levels, in part because they are outgrowing some of the more active younger children activities, yet probably aren't employed in active summer jobs such as lifeguarding, waitressing, or construction.

Parents can help both middle level and high school students by encouraging and participating in physical activities. Some families take advantage of extra quality time found in the longer summer daylight hours, and ride bikes, take hikes, swim, play tennis, baseball, soccer—whatever they enjoy and can do together.

Most communities offer organized summer recreational activities for children, teenagers and adults. Parents can contact local chapters of the National Recreation and Parks Association, YMCA/YWCA, and schools to find out more about opportunities close to home.

SPORTS

Let's Go
Bulldogs!

Rindle, Cross Selected First Team All-State

Chelsea Bulldogs Jacob Rindle and Kelly Cross were selected to the All-State first teams in baseball and softball this spring.

Rindle, probably the best baseball player ever to wear a Chelsea uniform, was named as an infielder. He hit .483 with 54 RBI and seven homers. He also played virtually a flawless first base.

Cross became a two-time all-stater at first base. She hit better than .550 with 49 RBI. She was also the team leader.

Other Chelsea players also received post-season honors.

Senior catcher Adam Taylor was named to the second team All-State. He hit .320 but was noted as a defensive specialist as he picked off 21 baserunners and countless others trying to steal.

Rindle and Taylor were also named to the All-Region first team.

Senior centerfielder Ben Hurst was named to the All-District first team.

Senior pitcher Jennifer Petty was named to the All-Region first team.

Junior softball third baseman Theresa Hurst, junior shortstop Gretchen Knutsen, and junior second baseman Heather McConeghy were named to the All-District first team and All-Region honorable mention team.

Junior catcher Liz Sager was named to the All-District honorable mention team.

CHELSEA'S ALL-STATE PLAYERS: Bulldogs Jacob Rindle and Kelly Cross were named to the class B all-state teams in their respective sports. Both were chosen as first basemen. Rindle hit .483 with 54 RBI and seven homers. He had an 8-2 record on the mound as the Bulldogs' top pitcher. This year he also became the first player ever chosen to the state Dream Team two years in a row. He will attend Michigan State University on a baseball scholarship. Cross hit over .550 and knocked in 49 runs, and had a 6-2 mound record as Chelsea's number two pitcher. She'll attend Boston College on a softball scholarship.

Petty Named MVP Of CHS Softball Team

Senior Jennifer Petty was named the Chelsea Bulldogs softball team's Most Valuable Player this season.

Petty was 22-2 as a pitcher with a 0.66 earned run average. She was also one of the team's top offensive performers with a .338 batting average, .939 on-base percentage, and 52 steals.

Senior first baseman Kelly Cross was given the first Coach's Award for leadership. It's an award coach Joe Beard said will not be given every year. Cross hit over .550 with five homers and 49 RBI. She also had a 6-2 mound record.

Junior second baseman Heather McConeghy was given the Most Improved award.

"From the start of the year she did what we asked her to do," Beard said. "She did a great job."

The team held its annual banquet June 10 at Chelsea Community Hospital.

Chelsea finished with Southeastern Conference and district titles. They made it to the regional tournament for the second year in a row.

Junior Miss Softball Results

(Week of June 15)

Tornadoes 15, Mint Juleps 10— Heather Greenleaf had three hits for the Tornadoes. Amy Bergman made a fine catch in the outfield and Tabatha Silverthorn pitched two good innings. For the Juleps, Genny Pierce reached base three times, Melissa Bycraft pitched three good innings, and Rachel Weirauch had a good day behind the plate.

Team Six 17, Team Three 8—

Kristen Brink had two hits for Six. Ann Terpstra scored three times. Jessica Ritter threw out a runner from right field. Brandi Berg turned a double play. For Three, Stacy Radka and Michelle Stough were the leading hitters.

Gladiators 14, Blue Bombers 12—

Danielle Long struck out six straight batters in the first two innings for the Gladiators. Cindy Richards was 2-2 and Amanda Kivi was 3-3. Stacy Melton caught a line drive and turned a double play. Hilarie Sczygiel knocked in two runs with a double in the first. For the Bombers, McKenna Houle hit a single and a double. Kasie Ruhlig cleared the bases with a triple.

Red Hot Chili Peppers 17,

Black Amoebas 16—

Jennifer Space had two doubles, Laura Hurst and Rachel Zinke each had two singles, and Kim Grossman, Melanie Moore, Erin Hack, and Heidi Wehrwein each hit a single for the Peppers. Zinke fouled off four pitches before knocking in the game-winning run with two outs and the bases loaded.

Pee Wee Reese Baseball Results

(Week of June 15)

Braves 11, Wolverines 2— Jeff Dixon, Joe Frost, Justin Schanz, and Drew Henson were the leading hitters for the Braves. Matt and Ben Hicks each scored a run for the Wolverines.

In back, from left, are Curt Street, coach Dino Milazzo, Scott Hurst, Ryan Slane, Kevin Cross, Ryan Lafferty, coach Rainey Bassemier, and coach Lloyd Lafferty.

Summer Baseball Team Splits Pair of Doubleheaders in Week

Chelsea Bulldogs summer baseball team split two double-headers last week and had a third rained out.

Chelsea stopped Dexter last Tuesday, June 16, 10-3, before losing the second game, 9-1.

In the first game, Chelsea scored two runs in the first inning and never trailed. Chris Dunham led off with a triple, followed by singles from Tim Wescott and Gary White.

Dexter scored one run in the third but the Bulldogs answered with two runs on singles by Nick McCalla and Gary White, and a triple by Steve Grau.

Up 4-3, Chelsea put the game away in the sixth with a six-run rally, sending 10 batters to the plate. Chelsea collected five runs in the inning, and the big blow was a bases-loaded triple by Grau.

Gary White hurled the four-hit, complete game as he walked five and struck out seven. He allowed just two baserunners the last three innings.

Grau and Gary White led the attack with three hits each, and Dunham and Wescott each had two hits.

Chelsea lost the nightcap 9-1, called after five innings due to darkness.

Dexter took a quick 4-0 lead by the third inning. Chelsea scored once in the third as Dunham walked, moved to third on a single by Casey Schiller, and crossed the plate on a sacrifice by Chris White.

Dexter scored five in the fourth. Ken Slane was the starting Chelsea pitcher. He was relieved in the fourth by Colby Skelton, who was relieved by Matt Powell in the fifth. The staff allowed four hits and 10 walks.

Jay Westcott's double was the only extra-base hit. Ed Waller added a single.

In a Saturday double-header against Walled Lake Adray, Chelsea won the opener 8-3.

Adray opened the scoring with one run on two singles in the second. Chelsea tied the game on a single and stolen base by Skelton, and a single by Wescott.

The score stayed 1-1 until the fifth when the Bulldogs scored five runs. The big hit was a bases-loaded triple by Slane.

Adray pushed two runs across in the sixth, while Chelsea scored single runs in sixth and seventh innings.

Grau went the distance on the mound, allowing seven hits while walking one and striking out four.

Chelsea banged out nine hits, including two singles and a double by Skelton, a triple and single by Slane, a double and single by Gary White, and singles by Wescott and Powell. The Bulldogs stranded 12 runners, in-

cluding seven in scoring position.

Chelsea fell a run short of a sweep, losing the second game 8-5.

Two singles and four Chelsea errors gave Adray a 3-0 lead in the top of the first. However, Chelsea rallied for two runs in the bottom of the inning as Dunham singled and scored on a double by Gary White. White eventually scored on a bases-loaded walk.

Chelsea tied the game in the second inning as Jason McVittie walked and scored on a single by Powell.

Adray took a 5-3 lead in third and a 6-3 lead in the fourth. The Bulldogs

scratched out single runs in the fourth and fifth innings, but went down in order in the final two innings.

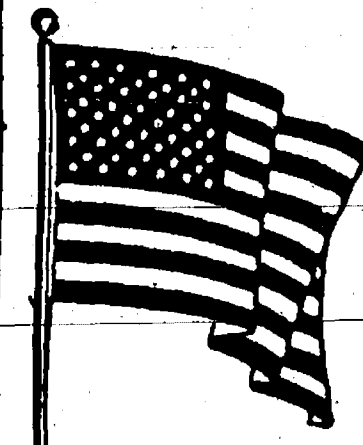

Chelsea had seven hits, all from the top three hitters in the order. Dunham had three singles, Gary White doubled and singled, and Powell had two singles. Eight runners were stranded.

Gary White pitched well enough to win. He gave up nine hits, walked one, and struck out five. However, a few errors hurt the effort.

Chelsea is 3-4 on the season. Chelsea plays at Walled Lake on Thursday and Dexter on Saturday.

The Job Corps is a national employment and training program administered by the U.S. Labor Department that is designed to serve severely disadvantaged youth through the ages of 16 and 21. Enrollees are provided food, housing, education, vocational training, medical care, counseling and other support services.

Rindle, Taylor Are Dog Baseball MVPs

Seniors Jacob Rindle and Adam Taylor were named the Most Valuable Players on the Chelsea Bulldogs varsity baseball team this spring.

Rindle was also named Slugger of the Year and Pitcher of the Year based on his statistics.

Most Improved award went to senior Rick Clouse.

Dugout Award for spirit went to senior Ben Hurst.

And the Coach's Award for leadership.

Midget League Softball Results

(Week of June 15)

Pink Panthers 22, Team Five 16— Betty Wescott and Jessica Inwood each had four hits and scored three runs for the Panthers. Sarah Castleberry and Miriam Robinovitz played good defense.

Teal Tornadoes 19, Lethal Lilacs 16— Molly Edman and Jessica Stickney were the leading hitters for the Tornadoes. Tina Batsakis and Liz McKee played good defense. For the Lilacs, Emily Rose and Leslie Chung paced the offense and Anna Arend played well in the field.

Teal Tornadoes 32, Great Grays 14— Ashley Augustine and Lindsay Baker led the Tornadoes' offense while Kim Lancaster and Rachael Koernke played well in the field. For the Grays, Jenell Vlcek and Elisabeth Fusco were the leading hitters and Meagan Hollo and Corinna Christman made good defensive plays.

ship, dedication, and commitment was given to Taylor.

Rindle finished the season with an 8-2 mound record and a 0.75 earned run average. He had a career pitching record of 25-5. As a hitter he finished with a .483 average with 56 hits, 54 RBI, and seven homers.

Taylor hit .320 but was most noted for his defensive and leadership abilities. He picked off 21 baserunners and threw out many others trying to steal. He also called a good game, said coach Wayne Welton.

The Bulldogs finished as district champions for the third year in a row. They were also Southeastern Conference champions.

Terpstra To Play In All-Star Football Game

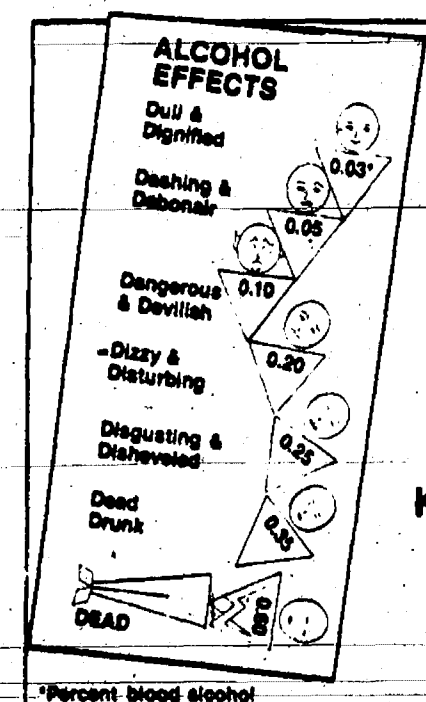

Mike Terpstra of Chelsea has been invited to play in the 12th annual Michigan High School All-Star Football Game Aug. 1 at Michigan State University's Spartan Stadium.

Terpstra, a 6' 3", 261-pound two-way lineman for Chelsea High school, was chosen as a defensive lineman for the West team.

The game starts at 1:30 p.m. and follows a week of all-star festivities.

AG Chemical Measure OK'd By House Panel

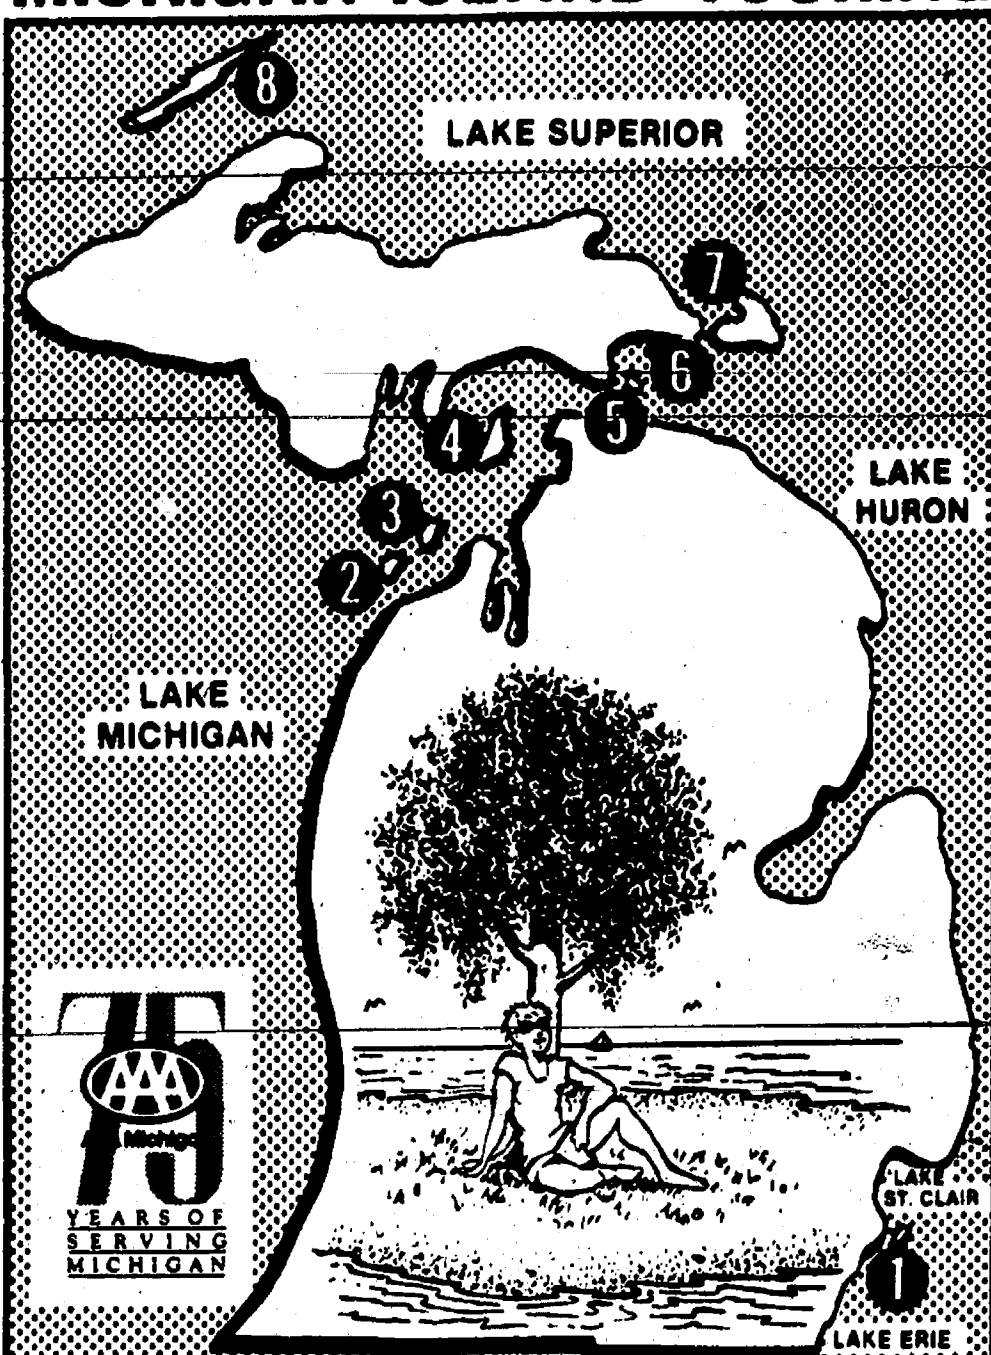

A U.S. House Agricultural subcommittee has passed a bill to reauthorize the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA). The measure contains several provisions that should benefit agriculture, according to Al Almy, director of public affairs for Michigan Farm Bureau.

"FIFRA reauthorization is an important issue for farmers because of its potential impact on agricultural chemical use," he said. "Farm Bureau supports the implementation of FIFRA legislation that ensures farmers access to safe agricultural chemicals and provides consumers with a safe food supply."

One amendment supported by Farm Bureau would pre-empt local political subdivisions from regulating pesticides. "Under this amendment primary authority would rest with state governments to meet specific needs of local communities," Almy said.

Another provision in the bill would restore the requirement that the Environmental Protection Agency provide farmers with written warnings for first-time FIFRA violations. Almy said without this requirement, farmers could be subject to heavy fines for inadvertent mistakes.

MIKE BRISTLE was the recipient of this gift lawn furniture on Friday, June 12. The gift was from his employer, Norm's Body Shop, in recognition of 20 years service to the business. Mike is a state certified auto mechanic fully trained in I-CAR auto body repair and painting.

Lyndon Township Board Proceedings

Regular Meeting —
June 9, 1992

Lyndon Township Board Meeting,
June 9, 1992, Lyndon Township Hall.

Meeting called to order and minutes approved.

Moved and carried to hold a public hearing on the proposed Roadside Dumping and Littering Ordinance, date to be determined at a later time.

Moved and carried not to enter into a Cable Communication Franchise Agreement with Multi-Cablevision or any other cable company unless it includes a bond or letter of credit for removal of cables.

Moved and carried to adopt resolution approving contract between County of Washtenaw and Township of Lyndon for the project known as the Washtenaw County Refuse System No. 1.

Moved and carried to deny request from Chelsea Rod and Gun Club of Chelsea to be recognized as a non-profit organization for the purpose of obtaining a gaming license.

Moved and carried to adopt resolution approving the 1989 update to the Washtenaw County Act 642 Solid Waste Management Plan with the June 3, 1992 amendment.

Moved and carried to pay bills totaling \$7,322.08.

Moved and carried to enter into an agreement with Washtenaw County Road Commission for dust control only for 1992.

Moved and carried to approve site plan for recycling center at the landfill.

Moved and carried to hire Janis Knieper for lawn maintenance at the Township Hall.

Treasurer's, Planning Commission's and Ordinance Officer's reports given.

Adjourned.

Linda L. Wade, Clerk.

Unlock Your Dream. Society® Will Contribute Up To \$1,000.*

Owning a home starts as a dream, but it takes hard work to turn that dream into reality. At Society, we'll provide the help you need through our HomeAssist™ Program.

We Help You Realize Your Dream.

*All you need is a 5% down payment. Society will contribute 2% of the purchase price for your down payment and pay the first-year private mortgage insurance premium up to a COMBINED TOTAL of \$1,000 with NO repayment necessary.

HomeAssist's Easy Terms.

Society's HomeAssist Program offers a fixed rate mortgage with a maximum term of 30 years. Financing is available for purchase or purchase-for-rehabilitation of 1-4 family, owner-occupied dwellings.

HomeAssist Qualifications

- Properties must be located within the boundaries of Lenawee, Livingston or Washtenaw counties.
- A household income of \$38,450 or less for a family of four in Washtenaw County (income levels vary by family size and county).

HomeAssist - All The Help You'll Need.

Even if you aren't ready to buy a home now, Society's HomeAssist planning sessions will give you suggestions to help you budget and save for your home ownership dream.

For more information about HomeAssist, stop by Society Bank today or call (313) 994-5555.

Example: Mortgages with Society's HomeAssist Program are available with various rates and terms to suit the borrower's individual circumstances. (Rates subject to change daily.) With HomeAssist, a \$40,000 home purchase would require a 5% down payment (\$2,000 total, of which \$1,200 would be paid by the borrower and \$800 paid by Society), leaving a mortgage amount of \$38,000. In this example, your initial year of private mortgage insurance premium would be \$342 (\$200 paid by Society and \$142 paid by the borrower). Also, using this example, amortized over 30 years at a rate of 5.75% with two loan origination fee points, the borrower would have a 9.6863 annual percentage rate of interest on the \$38,000 mortgage, resulting in 360 monthly principal and interest payments of \$298.95 each, plus renewal fees for private mortgage insurance coverage. (Borrower may choose from optional terms including a mortgage with no points.)

Prepared by the Michigan Association of Certified Public Accountants

* Financial Tips for Veterans

Many veterans are still not aware of the benefits they have earned. In honor of Veteran's Day, the Michigan Association of CPAs offers the following summary of the financial benefits available to veterans.

Employment rights
When you return from active service with an honorable discharge, your former employer must restore your old job to you or offer you a comparable position. If you can no longer perform your former job because you became disabled while in military service, your employer must offer you another position of comparable seniority, status and pay. To qualify for reinstatement, you must contact your previous employer within 90 days after your separation from active duty.

If, for whatever reason, you decide not to return to your old job, you can receive assistance in looking for a new job. The U.S. Department of Labor is responsible for ensuring that veterans receive employment assistance through State Employment Offices throughout the country.

If you are interested in starting a business of your own, contact the Small Business Administration (SBA). Available help includes surety, bonding government procurement and financial and management assistance.

GI Housing Loans
One of the most far-reaching and popular veteran's benefits is the GI Housing Loan program for the construction or purchase of homes. This is a loan guarantee program that helps veterans finance homes at favorable interest rates, with little or no money down and long repayment periods. The Veterans Administration (VA) does not supply the money for the loan—it guarantees the loan with a private lender. The maximum interest rate of a VA home loan may vary due to changes in market conditions, but the interest rate will remain the same for the life of the loan.

Eligible veterans must make their own loan arrangements through private lenders such as banks or mortgage loan companies. Prior to applying, a veteran should secure a Certificate of Eligibility from any VA office. There is no time limit for using your GI Home Loan benefit.

Educational Benefits
Almost every veteran is eligible for some sort of educational assistance or

vocational training. Veterans who served on active duty after Jan. 31, 1955, but before Jan. 1, 1977, may be eligible for assistance under the old GI Bill. Veterans who served between Jan. 1, 1977 and July 1, 1985, are covered under the Veterans Educational Assistance Program (VEAP). The time limit for using VEAP benefits is 10 years from the date of release from active duty. The Montgomery GI Bill provides educational benefits for veterans who entered military service after June 30, 1985. Those service persons who participate in the program have their basic pay reduced by \$100 a month for the first 12 months of service. Eligible veterans are generally entitled to a basic benefit of \$300 per month for 36 months.

Pensions
A monthly cash pension benefit is available to some financially needy veterans. To qualify, you must have served during wartime (but not necessarily in actual combat) and you must be age 65 or totally disabled. VA pensions are based on financial need and how many dependents you have.

Tax Benefits
The Michigan Association of CPAs reminds you that most veterans' benefits are not included in gross income. Included in this category are educational allowances, disability payments, grants to seriously disabled veterans for specially equipped homes and motor vehicles, certain veterans' pensions and veterans' insurance proceeds.

Letters to the Editor

To the Editor,
RE: Bert Kruse's letter to the editor carried in your 8-10-92 edition.
Mr. Kruse has written the most reasonable analysis of the education industry that has been published in many years. The letter clearly points out that there are many areas of reform required beyond simply "Educational Finance Reform." I recommend the letter as a required reading for all those people concerned with "learning" in the industry.
I thank Bert Kruse for giving Chelsea Schools 30 years of himself.
Bill Storey
(Former Board Member)

To the Editor,
I know that everyone probably is always bugging you to recycle, right? Well guess what, so am I!

In fifth grade this year we have done three big reports. One of them being an endangered species report. I studied the osprey. I learned that the two main reasons that it was endangered were DDT and litter.

The DDT problem was solved in the mid-70s with the banning of it. But our litter problem is still here. Though we get lots of pushing, some of us fail to recycle even though we know we are wrong.

Animals like the osprey suffer from our mistake. Why litter?

Will you do me a favor? Next time you ride in a car don't take a book or listen to the radio or talk. Just look on the roadside at the litter and dead animals and think about what I said. Thank you.

Rachel Mead.

Dear Editor:

In the June 17 issues of your papers, Mary Jane Booms wrote that State Representative Margaret O'Connor paid \$1,500 as part of a study to show how nice the proposed hazardous waste disposal landfill and incinerator in Augusta township will be. That is not correct. I am the consultant who did the work, and the purpose of the study was to use existing well logs to show that groundwater moved freely under the site, and because of the groundwater movement, it was not a good idea to allow construction of a hazardous waste landfill in that area, because if (or when) the landfill leaks, groundwater contamination will probably be extensive.

I did the study for Augusta township. Representative O'Connor just helped fund the study from her own pay.

Chelsea DDA Selects Advertising Agency

Chelsea Downtown Development Authority, the merchant marketing group of downtown Chelsea, has selected Blixt Associates to conduct its marketing and promotion efforts. The announcement was made jointly by Franz Mogdis, executive director for the Chelsea DDA and Albert Blixt, executive vice-president for the agency.

A prime objective of the Chelsea DDA is to make customers aware of the many positive changes that have taken place in the downtown area and to encourage both current and new customers to experience the convenience and ambience of shopping in Chelsea.

Blixt Associates has been engaged to assist in the development and implementation of a year-long campaign as well as to develop a targeted sales and promotion strategy.

The agency will also provide a training program for DDA merchants through its "MarketSmart" seminars with an emphasis on direct marketing and advertising.

Blixt Associates is an Ann Arbor-based marketing, public relations and advertising agency serving a variety of regional and national accounts.

Steffenson on Kenyon Merit List

Anne Steffenson, daughter of Daniel and Carol Steffenson of Chelsea, has been named to the Merit List at Kenyon College for the 1991-92 school year.

To be eligible for the merit list, a student must earn a grade point average of at least 3.25. Steffenson recently completed her first year at Kenyon, a private liberal-arts college in central Ohio.

Michigan Farm Bureau Head Attends World Farmers Congress

Environmental concerns are pressuring farmers world-wide, according to Jack Laurie, president of the Michigan Farm Bureau. Laurie is in Quebec this week as part of a Farm Bureau delegation attending the World Farmers Congress, a meeting of world farm organizations.

"Environmental issues, like the availability and quality of ground-water, destruction of trees, and the use of chemicals and pesticides, concern every farmer around the world," said Laurie. "I think those concerns are probably more prominent right now as we move toward the Earth Summit in Rio. There are players at the Summit who would like to stop world economic growth as a way of addressing environmental concerns. Farmers everywhere are especially worried about attitudes like that."

On the other hand, farmers seem to be retaining their natural optimism about the future, Laurie said. "Farmers are farmers. My observations at this Congress are that regardless of what part of the world you come from, next year is always perceived as going to be better. Farmers are willing to tackle environmental issues, and obviously one way to do that is join together with other farmers through activities like the World Farmers Congress."

Capt. Fred Aten Helps Save Italian Village from Lava

Capt. Fred C. Aten, a naval aviator in the U.S. Marines, recently helped rescue an Italian village after an eruption of Mt. Etna.

Aten, son of Jeannie and Wendell Aten of Chelsea, and a graduate of Chelsea High school, was a helicopter (CH-53) pilot aboard on the carrier Incheon. A recent eruption of Mt. Etna sent lava flowing unexpectedly toward a small village. Aten's team flew in 15,000-pound blocks to block the flow of lava toward the village.

Aten is stationed in Jacksonville, N.C. He holds a bachelor's degree in industrial management from Michigan Tech.

Aten was home last week-end on leave.

Four Mile Lake Access To Be Upgraded This Summer

Fishers, hunters, boaters, and other recreational users will soon have improved access to Four Mile Lake just outside Chelsea.

The access road in the Chelsea State Game Area will be upgraded and improved. A set of stairs to the water's edge near the marl pits will be designed to improve access and stop soil erosion.

The improvements are designed to help small-boat owners. While the primary focus is on wildlife restoration and hunting recreation, the area receives year-around use from many kinds of outdoor enthusiasts.

The \$18,887 project will be funded by a state recreation bond approved in 1988 in conjunction with a 60-percent

match from federal Pittman-Robertson Funds.

A contract was recently awarded to Brady Sand and Gravel, Inc. of Tecumseh and work should be completed by Oct. 1.

For more information call the District 13 Wildlife Office at (517) 780-5003.

The largest ears of all animals are those of the African elephant. They grow as large as four feet across.

Tri-Kids Triathlon Pledges Will Benefit Arthritis Foundation

Children ages 7-14 are invited to participate in a Tri-Kids Triathlon on Sunday, June 28 from 8-12 p.m. at Fuller Pool, 1519 Fuller Rd., Ann Arbor.

Sponsored by the City of Ann Arbor Parks and Recreation Department and Michigan Multisport, this event involves running, biking, and swimming.

For 7-10 year olds, distance will be a 1K run, a 2K bike ride, and a 100 meter swim. The 11-14 year olds will go twice as far.

Since community involvement is emphasized, kids are asked (but not required) to obtain pledges. All proceeds benefit the Arthritis Foundation. A special prize will be awarded to the top three fund-raisers.

Registration forms are available at all Parks and Recreation Facilities and at the Parks and Recreation Department, 5th floor of City Hall, Ann Arbor. For more information, please call 662-4226.

Area Students Earn Degrees at Michigan State

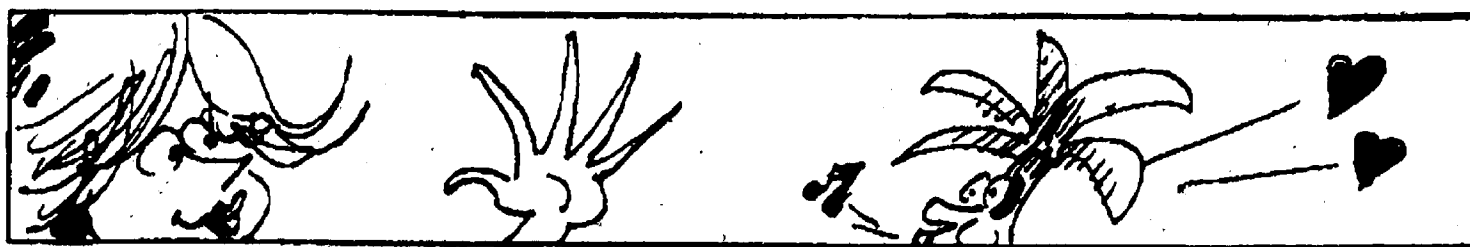

Area students were bachelor's degree candidates at Michigan State University this spring.

Chelsea students include Dale Cole, 214 E. Middle St., personnel administration; Marcie Kyte, 1305 N. Freer Rd., public administration; Colleen Lewis, 10137 Boyce Rd., animal science; Karen Paulsell, 11141 Boyce Rd., psychology; Curtis Satterthwaite, 10105 Scio Church Rd., criminal justice; Julie Thompson, 5 Maple Ct., dietetics; and Steven Whitesall, 224 Jefferson St., zoology.

Dexter students include Jeffrey Kibbie, 1481 Parker Rd., hotel and restaurant management; Nicole D. Stamm, American public affairs.

Manchester students include Matthew Royle, computer science (with honors); Elizabeth Szufnar, 9750 Grossman Rd., history of art; Matthew Wrubel, 11361 Pleasant Shore, social science.

Pinckney students include Michelle Kennedy, 10773 Frankfort, English; Renee Petit, 2375 Swarthout, physiology.

The palm tree gets its name from the type of palm that has blades that fan out, resembling the palm and fingers of a hand.

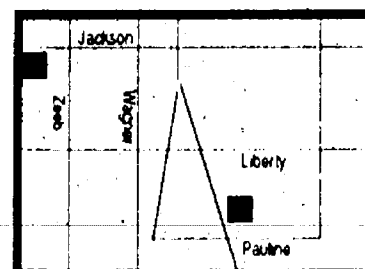

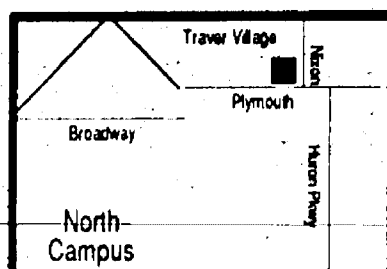

HOW TO CUT YOUR DRY CLEANING BILLS:

Read your garment labels

Manufacturers are required to state proper fabric care. If you have any questions about cleaning your garment, CALL US before you try to remove any soiling or spots.

Above all, DON'T EXPERIMENT with cleaning solutions at home. Your efforts may simply "set" any stains or possibly do permanent damage to the fabric. If at all possible, try to identify the ingredients in any food or chemical stains.

GARDEN CORNER

★ Why Bulbs Didn't Flower

You planted spring-flowering bulbs last fall, waited patiently all winter, then—nothing. No flowers.

The obvious question is why? The most common reason for bulb failure in Michigan is planting in poorly drained soil, says Tom Stebbins, Master Gardener specialist at Michigan State University.

"Bulbs planted in soggy soil tend to rot rather than root and grow," he explains.

Planting bulbs right next to the house or some other heated structure may also give poor results, he adds. Heat escaping from the building may prevent the bulbs from getting the cold treatment they need to flower.

If leaves appeared but no flowers, the flower buds might have been dead when you bought the bulbs. Stebbins recommends buying from a reputable source and avoiding late-season bargain bulbs, which might have been stored improperly.

Improper home storage may also cause flower buds to abort, he points out.

"Avoid storing bulbs anywhere near apples or any kind of overripe or rotting fruit or produce," he advises. "All of these give off ethylene gas, which will cause the flower buds to abort."

Animals munching on bulbs can also prevent flowering. Moles may dine on bulbs. Even if they don't eat the bulbs themselves, their tunnels provide travelways for mice, which may. The foliage on bulbs is often the first green plant material to appear in the landscape in the spring. And a variety of animals, from deer to woodchucks, may eat the top growth, including the emerging flower buds and stems, right to the ground.

Bulbs that have been in place for a while may fail to bloom for several reasons.

If leaves were cut back last year before they had time to make enough food to build up the bulbs, the bulbs may fail to flower.

Some bulbs simply don't bloom repeatedly year after year. With tulips and hyacinths, for instance, decline is expected after two or three years.

Bulbs that multiply themselves, such as daffodils, get overcrowded in time. The result is likely to be smaller flowers rather than no flowers, however.

"Problems with bulbs aren't all that common," Stebbins notes. "If they're planted properly in a well drained site, they tend to come up and flower fairly reliably. That's part of why they're so popular—it doesn't take a great deal of skill or special care to get those gorgeous spring flowers. And they're so welcome after a long winter."

Bill Will Force Disclosure of Teachers

Convicted of Drug-Related Crimes

Teachers and other school employees convicted of drug-related crimes could lose their certification, under a measure passed by the Legislature and awaiting the governor's signature.

House Bill 4589 requires prosecutors and school officials to notify the state Board of Education when a school employee is guilty of selling drugs. The board then will immediately send the convicted employee a hearing notice, to which the person must respond within 30 days or face suspension. After the hearing, the board will decide whether to revoke the employee's teaching certificate or state approval status.

Currently, more than 200 teachers in Michigan classrooms have a criminal conviction.

The legislation also requires a criminal records check on all teachers and state Board-approved school employees before hiring. Criminal history checks will begin with those hired for the 1993-94 school year.

Monitoring teachers is imperative if we are to protect children from individuals who may threaten their safety and well-being. School employees have a big impact on the development of young people and checking their backgrounds may prevent problems.

HB 4589 amends Public Act 61 of 1988, which addresses sex crimes such as criminal assault, criminal sexual abuse, felonious assault on children and child abuse. It does not deal directly with drug-related felonies.

HB 4589 also will:

- require superintendents, local school board presidents, chief administrators and governing boards of non-profit public schools to notify the State Department of Education if they are aware of certified or state-approved employees convicted of crimes listed in PA 61 of 1988

- extend current statutory provisions of notification and suspension to all State Board-approved employees
- include the "State Board-approved" section of the statute to all crimes which apply to teachers and administrators so that every school employee is treated equally.

We must take these kinds of steps to stem intolerable and inexcusable crimes against young people. Parents have the right to know whether their child's teacher, principal or janitor has been convicted of a crime dealing with children.

Package Will Streamline Adoptions

Michigan's adoption process will be more efficient and effective under a series of much-needed legislation passed in the House recently.

The bill package will reform the state's antiquated adoption laws and streamline adoptions by addressing such issues as parental rights, foreign

adoptions and speedier court proceedings.

The legislation will:

- shorten the supervisory period from one year to six months if there is no reason to delay or deny the adoption

- presume an adoption order issued outside the state has been prepared in accordance with laws of that specific jurisdiction

- allow an adult adoptee and his or her parent, whose rights were terminated with a step-parent adoption, to petition the court to rescind the adoption and restore parental rights

- deal with foreign adoptions and help with problems that arise when no birth certificates are available

- require all prospective adoptive parents be given information describing the availability and requirements of support and medical subsidies for adoptees

- ban child-placing agencies from soliciting or accepting contributions from prospective adoptive parents unless it is payment for service, and from offering preferential treatment in return for contributions

- allow the continuation of support subsidies to a child's guardians even after the child's natural parents died. This would decrease the chance the child might be returned to the welfare system.

Passage of these measures represents the first step toward upgrading and facilitating the adoption process in Michigan. I supported these much-needed changes which will help expedite adoptions by Michigan residents and prevent people from going outside the state to seek adoption, a current practice.

The bills have gone to the state Senate for consideration.

★ Proper Care of Teeth

Will Make You Smile

Those pained by sore, bleeding gums may not need to suffer any longer, thanks to a common medication that has proven to be an effective treatment for diseased gums.

Adults with periodontal disease will save more teeth and suffer through less gum surgery if they take an antimicrobial medication—used to treat trench mouth and other diseases. Called metronidazole, or Flagyl, the medication reduces the need for gum surgery and extractions when it is used in combination with standard periodontal treatment in which periodontists scale out pockets of infection under the gums and plane down infected roots.

Approximately 10 percent of the U.S. population suffers from the gum infection and bone deterioration that characterize periodontitis, and nearly 75 percent of all U.S. adults will have the sore, bleeding gums that signal gingivitis, an early stage of periodontitis.

The medication is effective because it fights spirochetes, a bacteria that inflames the gums. It doesn't eliminate the bacteria, but it appears to reduce it sufficiently so the body's immune system can prevent them from multiplying again, according to Walter J. Loesche, professor of dentistry and microbiology at the University of Michigan.

A U-M study involving 39 patients who were treated for gum disease for 2½ years showed that the drug metronidazole was highly effective in reducing the bacteria. They needed surgery less often or fewer extractions than those study patients who received traditional treatment for periodontal disease, Loesche said. When the patients were reassessed 12 and 24 months later, "we found that the improvement had been maintained over the months," he added.

Loesche said that the effectiveness of the medication also showed that periodontitis is not a degenerative disease of aging but rather a bacterial disease that can be controlled and cured.

Periodontal disease begins when dental plaque accumulates on the teeth and gums because of inadequate oral hygiene—either neglect or improper brushing and flossing. For most patients, the plaque accumulations may result in bleeding gums, or gingivitis, which can be treated. In some advanced forms of gingivitis, your dentist can prescribe an antimicrobial mouth rinse.

A VOLUNTEER COURTESY SHUTTLE is being prepared by Chelsea Community Hospital designed to transport patients and visitors to and from the hospital from the parking lots on the hospital's campus. A six-passenger golf cart has been purchased for the service, which will be sponsored by the hospital's volunteer auxiliary. Shown here preparing to get the service underway

is Merle Davis, treasurer of the Auxiliary and chairman of the Shuttle Service. Davis said the shuttle will be a valuable service to many. He added that "volunteer drivers—male or female—are needed and welcome." Training sessions will be provided. Interested persons should call Linda Pearsall at 475-3913.

Work Goes on At Fairgrounds

Work continues at the Chelsea Community Fairgrounds in preparation for the annual August event.

New roads in the parking area are complete and more lights will be added. Work on the Memorial Flagpole is continuing. However, work on the drain ditch is on hold until permits and specifications are ready from the county drain commissioner.

At the June 18 meeting of the fair board, new regulations for the Fair Queen Program were approved. Plans were discussed for the Saturday night Cruise Car Show with classic cars. Flyers are ready for the event.

Painting of the merchants building, horse barn, and service center will begin next week.

Anyone who would like to volunteer their time to work at the fairgrounds is welcome to show up for the weekly work bees on Thursday at 7 p.m.

Area Students On Dean's List At Northern Mich.

Three area students were on the Dean's List at Northern Michigan University for the winter semester.

The students were Karl Becker, 13765 Riker Rd., Chelsea; Stacy Coe, 10750 Orban Rd., Grass Lake; and Jody Sheffer, 3229 W. Schafer Rd., Pinckney.

Card of Thanks 19**THANK YOU**

A very special thank you to our children and grandchildren for the lovely dinner party and gift they gave us for our 45th wedding anniversary. Thank you also to friends and neighbors for sharing it with us.

Armin and Edna Kuhl.

CARD OF THANKS

The family of Ethel B. Reed wishes to express their deep gratitude for the many acts of kindness shown to us following the death of our mother, grandmother and great-grandmother.

We would like to thank the staff of the Stockbridge County Convalescent Home for the loving care they gave her during the last weeks of her life, the VFW Auxiliary, Chelsea School District, Chelsea Community Hospital, and to all our friends and neighbors for the cards, flowers, memorial donations, visits and food. Thanks to John, Gloria and John Mitchell, Jr. for their help and kindness, to Pastor Jerry Parker and Becky Foote for their prayers and comforting words, and a special thank you to Judy, Belinda, Diane and Ginny.

Fran and Ron Ferry and family
Margaret and James Schilz and family
Bob and Gladys Reed and family
Richard and Carol Reed.

THANK YOU

To the staff of the Rehab Unit of Chelsea Community Hospital, I greatly appreciate the wonderful care I received here. It has been a wonderful staff. The care was superb. I was made to work very hard but the staff showed deep concern and how much they cared for me in many ways.

Charles Johnson.

THANK YOU

I would like to thank my family, friends, Father Dupuis, Father Beaumont and the Rev. Kathy Batell for their prayers, cards, flowers and support they gave me while I was in the hospital and since my return home. A special thanks to Drs. Gleespen, O'Brien and Marcus and the nurses at Chelsea Community Hospital east wing. God bless you all.

Kathleen Chapman.

Chelsea Community Hospital wants to take this opportunity to express gratitude to our patients, physicians, and guests for their patience and understanding during the past several days when our south driveway was out of service, due to work being done on the installation of a new water line and hydrant system. We greatly appreciate your co-operation and understanding!

Chelsea Community Hospital
Robert W. Carr
Director, Public Relations

Card of Thanks 19**THANK YOU**

To everyone who voted for me in the Walco Hometown Kid Contest. I came in second, and won a bike.

Jesse York.

Legal Notice 21

MORTGAGE SALE—Default having been made in the terms and conditions of a certain mortgage made by AARON SCOTT EASTERDAY, KIMBERLY ANN EASTERDAY, husband and wife, of Ypsilanti Township, Michigan, Mortgagee, to DMR FINANCIAL SERVICES, INC., of Ypsilanti, Michigan, dated the 31st day of August, 1988 and recorded in the office of the Register of Deeds, for the County of Washtenaw and State of Michigan, on the 28th day of April, 1990, in Liber 2400 of Washtenaw County Records, on page 140, on which mortgage there is claimed to be the date of this notice, for principal and interest, the sum of Thirty Seven Thousand Fifty Eight and 29/100ths (\$37,568.28) Dollars.

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, Therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 30th day of July, 1992, at 10 o'clock a.m., Local Time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the main lobby of the Washtenaw County Courthouse, Huron Street entrance, Ann Arbor, Michigan (that being the building where the Circuit Court for the County of Washtenaw is held), of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at eleven per cent (11.00%) per annum and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises. Which said premises are described as follows:

All of a certain piece or parcel of land situate in the township of Ypsilanti in the County of Washtenaw, and State of Michigan, and described as follows, to-wit:

Lot 193, Turtle Creek Subdivision No. 2, a part of the 1/4 of Section 14, T3S, R1E, Ypsilanti Township, Washtenaw County, Michigan, recorded in Liber 19, Pages 41 and 42, 1st, Washtenaw County Records.

Tax Code: 11-335-072-00
The period of redemption expires six months from the sale date unless the property is considered abandoned pursuant to MCLA 600.321(a) in which case the redemption period expired thirty (30) days from the sale date.

Dated at Detroit, Michigan, June 24, 1992.

**\$ Money
Mangement \$****★ Deducting Miscellaneous
Itemized Deductions ...**

(Prepared by the Michigan Association of Certified Public Accountants)
Deducting miscellaneous expenses has become more difficult in the last few years. Most miscellaneous itemized deductions are deductible only to the extent that the total exceeds 2 percent of your adjusted gross income. Passing the 2-percent floor can be difficult says the Michigan Association of CPAs, but it is not impossible. Here are some tips on how to maximize your miscellaneous deductions.

Employee Business Expenses
Business expenses are deductible only if you pay them out of your own pocket—not if you are reimbursed. Following are some of the more common employee business expenses:

Travel and lodging. When your business takes you away from home, you may deduct 100 percent of your allowable expenses—including the cost of traveling to the location and your lodging expenses.

Meals and entertainment. The law allows an 80 percent deduction for business-related meals and entertainment expenses as long as you discuss business during or immediately before or after the meal or entertainment event.

Subscriptions. The cost of subscriptions to job-related publications and trade journals is generally deductible.

Job-hunting expenses. In order to deduct job-hunting expenses, you must be looking for a job in the same line of work in which you are now involved. If you qualify, you may deduct such expenses as the cost of career counseling, employment agency fees, travel to and from interviews, phone calls, postage and the cost of having your resume prepared.

Business gifts. If you purchase a gift for a client or your secretary, you can deduct the cost of your kindness. However, there is a \$25 limit on how much you can deduct for gifts to any one person in a year.

Employment-related education. To deduct educational expenses, you must meet one of two requirements. The courses you take must help you maintain or improve your present work skills, or your education must be required by either your employer or by law to keep your salary, position or job.

Work clothes and uniforms. To qualify for a deduction, the clothes you purchase must be required by your employer and not be suitable for ordinary or everyday wear. Clothing that protects workers from injury on the job—such as safety shoes, hard hats and work gloves—also qualifies.

Investment Expenses
You may also be able to deduct some of the costs that are associated with investments that produce taxable income.

Safe deposit box rentals. If you use your safe deposit box to hold stocks, bonds or other investments, you may deduct the annual rental cost.

Investment advisor and management fees.
Subscriptions. You may deduct the cost of magazines and other publications you purchase for investment advice.

Legal fees. You can deduct attorney expenses as long as the lawyer's advice relates to producing or protecting income.

Transportation and travel. The cost of travel to look after investments or to confer with your attorney, accountant or investment counsel qualifies for a deduction.

Tax-Related Deductions
Tax-related deductions may include expenses associated with federal, state, gift, estate, property or other tax categories.

Return preparation fees.
Representation fees. You may deduct fees paid to an attorney, accountant or other agent for representing you in an audit, examination or hearing involving any tax matter.

Tax planning books, publications and videotapes.
Phone calls and postage to the IRS. For more detailed information on the types of deductions you may be overlooking, you should contact your CPA.

+ AREA DEATHS +

Loren D. Bradley

Stanwood (Formerly of Ferndale)
Loren D. Bradley of Stanwood, formerly of Ferndale, age 80, died Tuesday, June 16, 1992 at Jackson. He was born April 20, 1912 in Remus, the son of Franklin and Zeulah (Sides) Bradley.

He married Frances Koerner in Owosso on June 27, 1936 and she survives.

Mr. Bradley was a member of the Free Methodist church in Ferndale, and he retired as custodian of that church in 1977.

He is also survived by two sons, the Rev. Mearl Bradley of Chelsea, and Franklin Bradley of Lapeer; one daughter, Mrs. David (Barbara) Millard of Royal Oak; and one sister, Zella Bullard of Owosso. He is also survived by eight grandchildren, 14 great-grandchildren, and several nieces and nephews. He was preceded in death by one brother and one sister.

Funeral services were held Saturday, June 20, 11 a.m. at the Ferndale Free Methodist church with the Revs. Wayne Bullock, Harry Bonney, and Mark Cryderman officiating. Burial followed at White Chapel Memorial Cemetery.

Memorial contributions may be made to Free Methodist church of Ferndale.

Arrangements were handled by the Cole Funeral Chapel, Chelsea.

Helen Louise Hassan

3050 Foster Rd.
Ann Arbor

Helen Louise Hassan, age 80, died Monday, June 15, 1992 at St. Joseph Mercy Hospital, Ann Arbor. She was born Oct. 29, 1931 in Dexter, the daughter of Edwin and Lavina M. (Brown) Milliken. She had been employed at K-Mart for 25 years.

She is survived by her husband, James F. Hassan; two daughters, Kathy J. (Robert) Bridges of Savannah, Ill., Janet S. Line of Brighton; brothers, Donald E. Milliken of Hamburg, Eugene V. Carl Jr., and Bruce L. Milliken of Chelsea; a sister, Marilyn P. Weber of Leslie; six grandchildren; several nieces and nephews. She was preceded in death by a son, James R. Hassan, April 19, 1984 and also four brothers.

Funeral services were Thursday, June 18 at 11 a.m. at Hosmer Funeral Home, Dexter, with the Rev. Gary R. Glanville, Calvary United Methodist church of Ann Arbor, officiating. Burial followed at Forest Lawn Cemetery, Dexter.

Memorial contributions may be made to the American Cancer Society.

Marie M. Koebbe

Sterling Heights (Formerly of Chelsea)
Marie M. Koebbe, Sterling Heights, formerly of Washington St., Chelsea, age 88, died Thursday, June 18, 1992 suddenly at her home in Sterling Heights.

She was born Dec. 18, 1905 in Emmett, the daughter of William and Minnie (Varblow) Schultz.

She married Lawrence Richard Koebbe, Sr., in Capac, on Jan. 6, 1927. He preceded her in death on Jan. 26, 1987.

Survivors include one son, Lawrence R. Koebbe, Jr., of Warren; six daughters, Lorraine Nykanen of Lapeer, Arlene Malloy of Romeo, Eleanor Lobdell of Troy, Donna Koebbe of Sterling Heights, Sandra Karash of Troy, Marilyn Abel of Albion; one brother, Leonard Schultz of Capac; four sisters, Lillian Minock of Port Huron, Erma Schultz of Highland Park, Wilma Behnke of Capac, Hilda Larson of New Jersey; 23 grandchildren; 33 great-grandchildren; and one great-great-grandson. She was preceded in death by one brother and one daughter.

Funeral services were Sunday, June 21, at 3 p.m. at Cole Funeral Chapel with the Rev. Peggy Paige officiating. Burial followed at Rows Corners Cemetery.

Memorial contributions may be made to Sharon United Methodist church.

Mildred L. Frey

Grass Lake

Mildred L. Frey, 237 Francisco Rd., Grass Lake, age 90, died Sunday, June 14, 1992 at Jackson. She was born April 5, 1902 in Kendallville, Ind., the daughter of George and Edna (Weaver) Jackson.

She married Sheldon H. Frey in Pontiac, on April 21, 1923. He preceded her in death in 1981.

Mrs. Frey was a member of the Congregational Church in Somerset, a member of the Order of the Eastern Star, and treasurer of the Grotto.

Survivors include one son, Sheldon Frey, Jr., of Grass Lake; one daughter, Ellen Murphy of Novi; two brothers; three sisters; five grandchildren; 10 great-grandchildren; one great-great-granddaughter; and many nieces and nephews. She was preceded in death by three brothers and one sister.

Funeral services were held Wednesday, June 17, 1992, at 2 p.m. at Cole Funeral Chapel with the Rev. Jack Lancaster officiating. Burial followed at Oak Grove Cemetery, Chelsea.

Memorial contributions may be made to the Kidney Foundation of Michigan.

Local Teenager Does Well at Prestigious Weimeraner Show

Tina Hassett recently returned from Minnesota where she was showing the Weimeraner Wyndward's Not A Pepsi owned by Jim and Jeanne Kneebone of Ypsilanti.

The 16-year-old handler made an excellent showing by winning her futurity class and going reserve in the specialty, beating many professional dog handlers in the process.

Beach School Parent Advisory Group Will Meet Monday

On Monday, June 29 at 9:30 a.m. there will be a meeting of the Beach Parent Advisory Organization, held at Beach in the L.G.I. room. ALL Beach parents are welcomed members.

Purpose of the group is to (1) involve parents, (2) to inform parents of the school's needs, (3) to communicate parent ideas, comments, and concerns to administration.

Chelsea teachers and administration are making a sincere commitment to listening, valuing and utilizing parent input. Take this opportunity to share your ideas and comments. "Parent participation makes for better schools, you are necessary to make our school the best we can be," says spokesperson Debbie Kennedy.

For further information please contact Debbie Kennedy 475-9466, or Marsha Cole, 475-7446.

Everybody's Science

★ Scent Lures Good Bugs Into Gardens To Fight Pests

Spined soldier bugs are known to hunt and devour garden pests. How to attract the bugs to a garden was another matter.

A U.S. Department of Agriculture scientist found the answer a few years ago—use the bug's sex scent as a lure. Now, after further studies, the scent is on the market.

"The scent attracts spined soldier bugs into an area so they will be there to prey on pests," said entomologist Jeffrey R. Aldrich of USDA's Agricultural Research Service. The bugs eat Mexican bean beetles, tomato fruitworms, corn earworms and more than 100 other pests. Among them: gypsy moth caterpillars that ravage shade trees.

He said the bugs, once in their new "home," will reproduce and increase in numbers as a natural pest control. Aldrich replicated the insect's chemical blend, or pheromone, in studies at the Beltsville, Md., Agricultural Research Center. ARC received a patent on the attractant in 1987. Then in 1988, the agency granted an exclusive license for the scent to Sterling International, Inc., of Liberty Lake, Wash.

Sterling formulated the sex scent into a cone. Aldrich evaluated the various formulations to find the best one.

Now the company is marketing the cone. "This is the first time a pheromone that attracts beneficial insects has hit the market," the scientist said.

Aldrich found that at the peak emergence of the spined soldier bug, just one cone can attract 50 or more male, female and young spined soldier bugs in one day.

"Our research showed that gardeners have to get the cones out a week before bud-burst on the Red Maple tree and that happens at different times of the spring in different areas," said Aldrich.

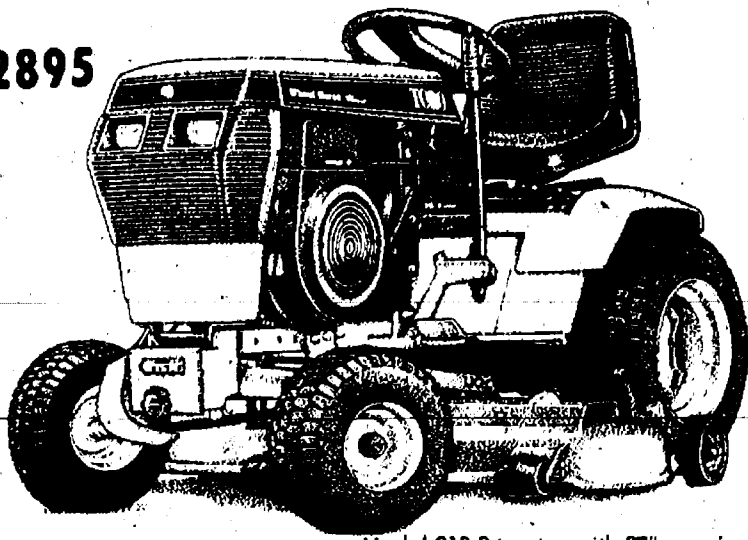

"That way, the soldier bugs and their offspring will already be there in large numbers when the pests emerge," he noted. In southern climates, the Red Maple's bud burst may occur by the first of March, while mid-March to early April is the time for the mid-Atlantic states. Residents of northern New England should put cones out around the second week of April.
